

COLLEGE OF ARTS AND SCIENCES

UNIVERSITY OF SOUTH FLORIDA - 2008/2009 UNDERGRADUATE CATALOG

The College of Arts and Sciences is a community of scholars dedicated to the idea that educated people are the basis of a just and free society. The essences of education are a capacity for and an appreciation of social change within a context of prior human achievement. The faculty of the Arts and Sciences strive to instill in their students a history of human ideas, a sense of love for learning, and an understanding of the means that scholars have used in their search for beauty and order in the natural world.

The education provided by the disciplines of the Arts and Sciences is the foundation upon which the lives and professions of our students are built, and the basis from which personal growth occurs. The College of Arts and Sciences takes as its goal a melding of the natural, humanistic and social philosophies into a comprehensive whole that encourages the development of new ideas and new approaches to the understanding of our universe.

Great universities provide direction for their communities and service for their needs. The faculty of the Arts and Sciences as well as the staff, who support and encourage their work, explore their scholarly interests within the home and community created by the academic society. It is the responsibility of scholars to share their discoveries for the betterment of society. Thus, the Arts and Sciences embrace disciplines that strive to make immediate use of knowledge in the service of social goals as well as disciplines whose discoveries contribute to the fund of basic information that is the stepping stone of applied knowledge.

General Information

The College of Arts and Sciences Dean's Office is located in Cooper Hall (CPR), Room 107. For additional information about the College, visit our web site at <http://www.cas.usf.edu>. Information regarding advising, admission to the College, graduation requirements, special programs, and departments follows.

Community Initiative

Universities have become major actors in today's knowledge-based society. As such they can no longer remain secluded ivory towers, removed from the social problems that surround them. Recognizing this, the College of Arts and Sciences launched the Community Initiative, a new focus that identifies the community outside the university as an integral part of its educational mission to acquire, disseminate, and apply knowledge. The Community Initiative develops concrete and integrated efforts to link the teaching, research, and service components of our College with the interests and needs of residential, community-based organizations and businesses in the local area. Two major components of the Community Initiative are the Urban Studies Certificate Program and the Community Experiential Learning (CEL) Program. The Urban Studies Certificate gives students the opportunity to supplement their education and training with a focus on the urban world around them. Through the Community Experiential Learning (CEL) Program, students can explore the relationship between their classroom learning and the broader community as they do community-based independent research or internships. Additional information may be obtained from Robin R. Jones, Director, by calling (813) 974-8452 or emailing jones@cas.usf.edu. The office is located in NES 305.

Undergraduate Advising Information

Advising in the College of Arts and Sciences is decentralized. Students are advised by academic advisors in the department of their major. For a list of advisors, consult "Academic/Students" on the College of Arts and Sciences web page <http://www.cas.usf.edu>. The Arts and Sciences Office of Graduate and Undergraduate Studies, located in the Behavioral Science Building (BEH), Room 201, (813) 974-6957, handles all student-related academic matters. Advising for Pre-Health Pro-

fessions is provided through the Office of Graduate and Undergraduate Studies on the Tampa Campus.

Advising Offices: Regional Campuses

Lakeland Campus: Student Services Office, (863) 667-7000, or (800) USF-5636 (in-state only).

Sarasota Campus: Palmer "C" Building (PMC), Room 101, (941) 359-4331/4330.

St. Petersburg Campus: Davis Hall, Room 134, (727) 553-1511/1507.

Office Hours

The Arts and Sciences Office of Graduate and Undergraduate Studies is open 8 a.m. to 5 p.m. Monday through Friday. Academic advisors and major departments should be contacted directly to obtain information about office hours and appointment availability. Students are also encouraged to utilize the College's on-line advising information located at <http://www.cas.usf.edu>.

Undergraduate Admission to the College of Arts and Sciences

Admission to the College of Arts and Sciences is open to students who have been accepted to the University of South Florida and who declare a major in a particular field. Liberal Studies, Mass Communications, and Social Work are *limited access degree programs* and have additional requirements listed under "Departments and Programs." Although Communications, Biology and Psychology are not limited access programs, they do have restrictive admission requirements.

Undergraduate students must submit a formal application for admission into the College. This usually occurs during orientation and advising for new students. This application is available online for current students at <http://www.cas.usf.edu/declare/>. Students preparing for a science or mathematics career must plan their courses carefully because of the sequential nature of the curricula. Students seeking entrance into a health professional school or the medical technology internship program require specialized counseling, therefore, immediate application for admission into the College is strongly recommended.

Information on admission criteria, departments, majors, programs, advising and other services of the College may be obtained from the Office of Graduate and Undergraduate Studies (BEH 201), College of Arts and Sciences, University of South Florida, Tampa, Florida 33620, or visit our web site at <http://www.cas.usf.edu>.

General Requirements for B.A./B.S./B.S.W. Degree Within the College of Arts and Sciences

The College of Arts and Sciences offers three undergraduate degrees: Bachelor of Arts, Bachelor of Science, and Bachelor of Social Work.

IT IS EACH STUDENT'S RESPONSIBILITY TO MEET GRADUATION REQUIREMENTS:

1. Complete at least 120 accepted semester hours, 124 for Mass Communications, with a minimum USF cumulative gpa and overall gpa of 2.00. (Important! All grades including "D"s and "F"s are used to calculate gpa's for students in the College of Arts and Sciences.)
2. Maintain major gpa of 2.00 in USF coursework. Note: In Anthropology, English and Mass Communications students must have a 2.50 major gpa in USF coursework; Social Work requires a 2.75 major gpa in all coursework (USF and transfer coursework counted toward the major), and the Biology major with a concentration in Marine Biology requires a 3.0 major gpa in USF coursework.
3. Complete the Foreign Language Entrance Requirement if entering USF fall semester, 1987 or later. Students pursuing a B.A. degree must complete the Foreign Language Exit Requirement.

4. Students enrolling in a college in January, 1983 or after, must satisfy State Rule 6A-10.30 (Gordon Rule) concerning computation and communication. Transfer students who enter the University of South Florida with 60 or more semester hours from a regionally accredited institution are considered to have met the communication portion of the Gordon Rule.
5. Complete Liberal Arts Requirements (for more information, see section titled "Liberal Arts Requirements.")
General Education Requirements of 36 hours credit:
Six (6) hours credit in English Composition
Six (6) hours credit in Quantitative Methods
Six (6) hours credit in Natural Sciences
Six (6) hours credit in Social Sciences
Six (6) hours credit in Historical Perspectives
Three (3) hours credit in Fine Arts
Three (3) hours credit in African, Latin American, Middle Eastern, or Asian Perspectives
Exit Requirements of 9 hours credit
Six (6) hours credit in Major Works and Major Issues
Three (3) hours credit in Literature and Writing
6. Physical Education coursework is limited to 2 semester hours.
7. ROTC courses are limited to 9 semester hours.
8. When double majoring, a maximum of 2 courses or 8 hours may be used to satisfy requirements between majors. Students should check with the college and respective departments when pursuing more than one degree.
9. Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the Gordon Rule requirement may not be taken S/U.
10. The Audit option is available only during the first 5 days of classes.
11. Complete at least 9 semester hours at a Florida public university in the Florida State University System during summer terms if entering USF with fewer than 60 semester hours.
12. "D" grades are not acceptable in the major and supporting sciences for all natural sciences majors (Biology, Biomedical Sciences, Interdisciplinary Natural Sciences, Medical Technology, Chemistry, Geology, Math, and Physics). "D" grades are not acceptable for the major area in Anthropology, Communication, Communication Sciences and Disorders, English, Geography, Gerontology, History, Humanities, Mass Communications, Psychology, Social Work, and Sociology. Only one "D" is allowed in the major for Criminology.
13. Complete all major course requirements.
14. Complete a minimum of 48 hours of upper-level courses (numbered 3000 or above).
15. Thirty (30) of the last 60 semester hours must be completed at USF to fulfill the residency requirement.
16. Biology, Biomedical Sciences, Chemistry, Criminology, Economics, English, Gerontology, Interdisciplinary Natural Sciences, Mass Communications, Mathematics, Physics, Political Science, Religious Studies, and Sociology have established minimum major course hours to be taken in residency at USF. See the department section of the catalog for these credit-hour requirements. In addition, all students who have majors outside the natural sciences must take a minimum of 80 hours outside of the major department.
17. Students must satisfy CLAST (College Level Academic Skills Test).

For late application information, please refer to the Application for Graduation section of the Academic Policy and Procedures division of the catalog.

Note: The College of Arts and Sciences will not accept graduation applications from potential baccalaureate students who have previously been denied graduation three times.

Upon the third denial, the students will be informed in writing that they may only reapply with documentation that they have met all outstanding baccalaureate graduation requirements.

DEPARTMENTAL MINOR

Minors generally require half as many hours as required for the major. In order to help students develop some concentration in elective work taken in conjunction with their chosen major, the College of Arts and Sciences offers minors in the following: Africana Studies, American Studies, Anthropology, Biomedical Physics, Chemistry, Classics, Communication, Communication Sciences and Disorders, Criminology, Economics, English, Environmental Policy, French, Geography, Geology, German, Gerontology, History, Humanities, International Studies, Italian, Mass Communications, Mathematics, Philosophy, Physics, Political Science, Psychology, Public Administration, Religious Studies, Russian, Sociology, Spanish, and Women's Studies.

Certain restrictions apply to students earning a minor: (a) students may not use courses in the major for the minor, unless approved by the department offering the minor; and (b) ISS majors may not earn a minor in any of the cognate areas incorporated in their contracts. In some departments, S/U grades within the minor curriculum are not countable. Specific requirements for the different minors appear under the departmental summaries listed under "Departments and Programs."

Baccalaureate-Level Degree Programs

The departments in the College of Arts and Sciences include Africana Studies, Aging Studies, American Studies, Anthropology, Biology, Chemistry, Communication, Communication Sciences and Disorders, Criminology, Economics, English, Environmental Science and Policy, Geography, Geology, Government and International Affairs, History, Humanities, Interdisciplinary Social Sciences, Liberal Studies, Mass Communications, Mathematics, Philosophy, Physics, Psychology, Religious Studies, Social Work, Sociology, Women's Studies and World Languages. The College of Arts and Sciences offers 62 major fields of study as described in the following pages. In addition to the departmental majors, interdisciplinary majors are offered. Economics offers two majors, one in the College of Arts and Sciences and the other in the College of Business Administration.

BACHELOR OF ARTS (B.A.)

Africana Studies (AFA)
Aging Studies
Gerontology (GEY)
Anthropology (ANT)
Chemistry (CHM)
Biochemistry Concentration (CBY)
Health Professions Concentration (CHH)
Communication
Interpersonal & Organizational Concentration (SIO)
Performance Concentration (SPM)
Public & Cultural Concentration (SPL)
Communication Sciences and Disorders
Deaf Studies Concentration (DST)
Interpreter Training Concentration (ITT)
Speech-Hearing-Language Concentration (LSH)
Criminology (CCJ)
Economics (ECO)
English
Creative Writing Concentration (CRW)
English and American Literature (LIT)
Professional and Technical Writing (CWT)
Geography
Environmental Concentration (EVG)
Urban Concentration (USG)
Geology (GLY)
Gerontology (GEY)

Government and International Affairs
 International Studies (INT)
 Political Science (POL)
 History (HTY)
 Humanities and American Studies
 American Studies (AMS)
 Humanities (HUM)
 Interdisciplinary Social Sciences (ISS)
 Liberal Studies (ALA)
 Mass Communications
 Advertising Concentration (ADV)
 Journalism/Magazine Production Concentration (MAG)
 News Concentration (NWS)
 News Editorial Concentration (JOU)
 Programming and Production Concentration (PGM)
 Public Relations Concentration (PUR)
 Mathematics (MTH)
 Philosophy (PHI)
 Physics (PHY)
 Psychology (PSY)
 Religious Studies (REL)
 Sociology (SOC)
 Women's Studies (WST)
 World Languages
 Classics (CLS)
 French (FRE)
 French International Studies & Business
 Concentration (ISB)
 German (GER)
 Interdisciplinary Classical Civilizations (ICC)
 Italian (ITA)
 Russian (RUS)
 Spanish (SPA)
 Spanish International Studies & Business
 Concentration (ISB)

BACHELOR OF SCIENCE (B.S.)

Aging Studies
 Gerontology (GES)
 Biology
 Biology (BIO)
 Microbiology (MIC)
 Marine Biology Concentration (MRN)
 Chemistry
 Chemistry (CHS)
 Biomedical Sciences (BMS)
 Medical Technology (MET)
 Interdisciplinary Natural Sciences (INS)
 Environmental Science and Policy (ESP)
 Geology (GLS)
 Physics (PHS)

BACHELOR OF SOCIAL WORK (B.S.W.)

Social Work (SOK)

Honors Programs

The College of Arts and Sciences offers undergraduate honors programs in Anthropology, Biology, Classics, Communication, Communication Sciences and Disorders, Criminology, English, Geology, Mathematics, Philosophy, Political Science, Psychology, Religious Studies, and Sociology. Students interested in one of these honors programs should consult the appropriate department for further information.

Special Programs**COMMUNITY EXPERIENTIAL LEARNING PROGRAM**

The Community Experiential Learning (CEL) Program offers students the opportunity to explore the relationship between their classroom learning and the broader community. With faculty guidance, students design their own community experiences and receive between one and four academic

credit(s) upon completion. Students may choose to work as an intern with a community organization/agency or to explore a community issue through independent research. The community can be as close as a neighborhood just beyond the campus or on the other side of the world.

Students may participate in CEL anytime during their academic career. Good standing at the university and a 2.0 gpa is required for acceptance into the Program. CEL courses are offered throughout the entire year. Ideally, students should plan their CEL projects during the term prior to their implementation, but they can be added at any time during the term. Information may be obtained from Robin Jones, BEH 201, (813) 974-8452.

CERTIFICATES OF CONCENTRATION**Certificate Programs**

The Certificate of Concentration is a short-term program for students who are interested in taking a series of courses in a selected area of Arts and Sciences, but are not necessarily interested in a degree. A minimum of 16 hours of approved course work is required. Students working for a Certificate of Concentration may register as non-degree or as degree-seeking students.

CERTIFICATE IN ASIAN STUDIES

The certificate in Asian Studies is designed for majors in any field who wish to gain a broad knowledge of a world area that is of unique importance.

Requirements for the Certificate in Asian Studies:

- 18 semester hours from the courses listed below.
- At least two courses must be from Group A and at least two courses must be from Group B. (Other relevant courses may be substituted with the approval of the program advisor.)
- Students must declare their intention to be awarded the certificate by notifying the program advisor at least one full semester prior to graduation.
- Students who fail to achieve a cumulative 2.5 GPA or higher in the program will be denied the certificate.

Courses credited toward the Asian Studies Certificate:

Group A**Art:**

ARH 4530 (4) ARH 4796 (4)

Humanities:

HUM 3271 (4) HUM 3273 (4) HUM 4402 (4)
 HUM 4404 (4) HUM 4405 (4)

Languages:

CHI 1120 (4) CHI 1121 (4) CHI 2200 (4)
 CHI 2201 (4) CHI 4905 (1-5) CHI 4930 (1-5)
 JPN 1120 (4) JPN 1121 (4) JPN 2000 (3)
 JPN 2201 (3) JPN 4905 (1-5) JPN 4930 (1-5)

Religion:

REL 3330 (3) REL 4343 (4) REL 3350 (3)
 REL 4333 (4) REL 4344 (4)

Group B**Geography:**

GEA 3194 (4)*

History:

ASH 3404 (4) ASH 3501 (4)

Int'l Studies:

ASN 3012 (3) ASN 3014 (3) ASN 3105 (3)
 INR 4900 (1-3)* INR 4910 (1-3)* INR 4931 (1-4)*

Political Science:

CPO 4930 (3)* CPO 5934 (3) INR 5086 (3)

* with approval by the Advisor for the Certificate in Asian Studies

The advisor for the Certificate in Asian Studies is Eric Wolters. He may be contacted at SOC 368, 813-974-0803.

CERTIFICATE IN FILM STUDIES

The Certificate in Film Studies is designed for undergraduate students majoring in another field, who also desire a concentration in film studies. The certificate program is a carefully structured, interdisciplinary sequence of four courses (12-15 credits) that provides students with a broad introduction to the field of film studies. Receipt of a Certificate in Film Studies is recorded on the student's transcript.

Spanning colleges, departments, and academic disciplines, the Film Studies Certificate provides students with a balanced and multi-faceted course of study that will focus on the functions and manifestations of film as a medium in contemporary western society.

The proposed course of study grants the student a multi-disciplinary comprehension of film as an aesthetic medium and an understanding of how it describes and has helped shape the socio-political situation of western civilizations.

The student and the Coordinator will plan the individual course of study, which requires between 12 and 15 semester hours. Students must declare their intention to be awarded the certificate by notifying the Coordinator at least one full semester prior to graduation. A cumulative GPA of 2.5 in the certificate course work is required. Courses must be taken on a letter-grade basis.

For more information contact Dr. Margit Grieb, Coordinator of the Certificate in Film Studies at grieber@cas.usf.edu. Applications are available by emailing grieber@cas.usf.edu.

The following courses meet the requirements for the certificate:

Core Course (3 credits, required):

HUM 1580 Introduction to Film

Group I (Area Studies):

Students will take 3-4 credits of elective courses chosen from the following list:

FOL 3100 General Foreign Language I*
 FRE 4392 African Images in Francophone Film
 GET 3522 Fantastic Films of Early German Cinema
 GET 3524 German Popular Film
 GET 4523 New German Cinema to Present
 HUM 4930 Selected Topics in Humanities*
 INR 4931 Selected Topics*
 LAS 3116 Latin America Through Film

Group II (Film Medium & History):

Students will take 3-4 credits of elective courses chosen from the following list:

FIL 2000 Film: The Language of Vision
 FIL 3427C Beginning Film
 FIL 3845 World Cinema
 THE 2252 Great Performances on Film

Group III (Socio-Political & Historical Perspectives):

Students will take 3-4 credits of elective courses chosen from the following list:

AMS 4152 Film in American Culture
 ARH 4744 Selected Topics In the History of Film
 LAH 2733 Latin American History in Film
 REL 3111 The Religious Quest in Contemporary Films
 REL 3170 Religion, Ethics and Society Through Film
 SYG 3011 Social Problems Through Film
 WST 4335 Women and Film

*Please see academic advisor for appropriate General Foreign Language and Special/Selected Topics courses.

NOTE: Course of study must be approved by the Coordinator. Ideally, students should take at least one course from each group. Courses not included in the above groups may be included in the program if approved by the Coordinator.

CERTIFICATE IN ITALIAN STUDIES

The College of Arts and Sciences and the College of Visual and Performing Arts offer a certificate in Italian Studies. The history of the geographic expression that today we call Italy is the sum of many particular histories and cultures. Yet, in their diversity and diaspora, the people of Italy have preserved, through time and place, a sense of common identity. For this reason, to understand the complexity of past and present experiences of Italians in the peninsula and of their descendants abroad, the Undergraduate Certificate in Italian Studies is designed with a broad interdisciplinary perspective.

The certificate will encompass courses in several departments in two colleges. The majority of courses will focus on the study of history and culture of the people who inhabit or originated from the Italian peninsula and the islands of Sardinia and Sicily from pre-historic times to the present. In addition, however, offerings will also focus on the Italian diaspora with specific reference to the experiences of people of Italian descent in the many nations in which they settled from the early 19th century to the present.

Students are required to take between 23 and 28 semester hours from a list of courses approved for the certificate. A Faculty Advisory Committee will coordinate the Certificate of Italian Studies. Students may receive credit for courses, not included in the below list, or (if circumstances require it) may substitute a required course with another, by petitioning and if approved by the Advisory Committee.

Study Abroad: Students in the Italian Studies Certificate program are strongly encouraged to study abroad for the summer, a semester or a year in the USF in Italy program or in any other accredited program. The Advisory Committee will determine which courses taken as part of the overseas experience will count toward fulfilling the requirements for the certificate.

For additional information, send a message to Dr. Giovanna Benadusi or Dr. Fraser Ottanelli, Coordinators of the Certificate in Italian Studies at itastudies@cas.usf.edu.

NOTE: Students may apply a maximum of sixteen credits in the same department toward fulfilling the requirements for the certificate.

I. Language Requirement:

Students must demonstrate proficiency in Italian or complete two semesters of language courses chosen from the following courses.

ITA 1120 Beginning Italian I
 ITA 1121 Beginning Italian II
 ITA 2200 Intermediate Italian I
 ITA 2240 Italian Conversation I
 ITA 2241 Italian Conversation II
 ITA 3420 Composition
 LAT 1120 Beginning Latin I

II. Core Courses:

Each student will take three courses from the following list. However, only one course will be allowed from each department.

ARH 4301 Renaissance Art
 ITW 4100 Survey of Italian Literature I
 ITW 4101 Survey of Italian Literature II
 HIS 3930 Special Topics*
 HUM 4437 Italian Renaissance Culture

III. Elective Courses:

Students will take 6-8 credits of elective courses chosen from the following list:

Anthropology:

ANT 4143 European Archaeology
 ANT 4930 Special Topics in Anthropology*

Art History:

ARH 4796 The Renaissance Book [instructor's consent]
ARH 4318 Venetian Art [instructor's consent]

English:

LIT 4930 Special Topics in English Studies*

Government and International Affairs:

POT 4936 Selected Topics in Political Theory*

History:

EUH 3412 Roman Republic
EUH 3413 Roman Empire
HIS 3930 Special Topics*

Humanities:

HUM 4437 Italian Renaissance Culture
HUM 4930 Selected Topics in Humanities*

World Languages:

CLA 3123 Roman Civilization
CLT 3102 Roman Literature in Translation
ITA 1120 Beginning Italian I
ITA 1121 Beginning Italian II
ITA 2200 Intermediate Italian I
ITA 2240 Italian Conversation I
ITA 2241 Italian Conversation II
ITA 3420 Composition
ITA 3470 Overseas Study
ITW 4100 Survey of Italian Literature I
ITW 4101 Survey of Italian Literature II
ITW 4905 Directed Study
LAT 1120 Beginning Latin I

Theatre:

THE 4480 The Theatre of Luigi Pirandello

*Please see academic advisor for appropriate Special/Selected Topics courses.

CERTIFICATE IN LATIN AMERICAN AND CARIBBEAN STUDIES

The College of Arts and Sciences offers a Certificate in Latin American and Caribbean Studies for students who wish to gain an intensive multi-disciplinary understanding of this important area, and have that knowledge formally recognized in their academic record. This program is open to all USF majors of all colleges.

The certificate requires a minimum of 15 semester hours of courses about Latin America and the Caribbean. One LAS seminar must be taken in addition to courses in: 1) Anthropology, 2) Geography/Government & International Studies, 3) History, and 4) Art/Humanities/Literature.

Students must also demonstrate proficiency in a Latin American or Caribbean language (Spanish, Portuguese, French, or Amerindian language) or have two semesters of course work in any of these languages. Students who already know a Latin American or Caribbean language are strongly encouraged to learn a second language.

Study abroad programs are encouraged and will be credited toward the Certificate.

The following courses are a sample of courses offered that fulfill the certificate requirements. However, these should be considered as a partial list only. Students are strongly encouraged to review the *Schedule of Classes* each semester for current course offerings at <http://web.usf.edu/iac/islac/courses.html>.

1) Anthropology

ANT 4162 South American Archaeology
ANT 4163 Mesoamerican Archaeology

- ANT 4340 The Caribbean
ANT 4324 Mexico and Central America
ANT 4930 Selected Topics in Anthropology*
- 2) Geography/Government & International Affairs
CPO 4930 Comparative Government and Politics of Selected Countries or Areas*
INR 4931 Selected Topics*
LAS 3002 Latin America
- 3) History
AMH 3421 Early Florida
LAH 2020 Latin American Civilization
LAH 2734 Latin American History in Film
LAH 3130 Colonial Latin America
LAH 3200 Modern Latin America
LAH 3430 History of Mexico
LAH 3470 History of the Caribbean
HIS 3930 Special Topics*
- 4) Art/Humanities/Literature
ARH 4930 Art History: Selected Topics*
HUM 4464 Latin American Culture Since 1492
SPN 3520 Spanish American Civilization
SPN 5135 Colonial Spanish American Literature
SPN 5525 Modern Spanish American Literature
SPT 2524 Women Writers of Latin America
SPW 3030 Introduction to Hispanic Literature
SPW 4131 Survey of Spanish American Literature
THE 4434 Caribbean Theatre
- 5) Others
ECO 4430 The Economics of Latin America
REL 3375 Issues in Caribbean Religions
See also: Sociology, Economics, Study Abroad.

*Please see academic advisor for appropriate Selected Topics courses.

For information and advice about the certificate program, contact the Institute for the Study of Latin America and The Caribbean (ISLAC), CPR 474, call 974-3547, or send an email to thompson@iac.usf.edu. The program is open to all majors in all colleges. Applications are available at: http://web.usf.edu/iac/islac/undergrad_cert.html. Course offerings can be checked at: <http://web.usf.edu/iac/islac/courses.html>.

CERTIFICATE IN MODERN WESTERN EUROPEAN STUDIES

The College of Arts and Sciences offers this certificate through the collaboration of the Departments of English, Geography, History, Humanities and American Studies, Government and International Affairs, World Languages, and Philosophy. It is designed for majors in any field who wish to gain a multi-disciplinary understanding of a part of the world that has shaped much of our civilization and holds great significance for Americans in the present and the future.

The student and the Coordinator will plan the individual course of study, which requires between 21 and 24 semester hours. Students must declare their intention to be awarded the certificate by notifying the Coordinator at least one full semester prior to graduation. A cumulative GPA of 2.5 in the certificate course work is required. Please contact Dr. Christine M. Probes at World Languages, CPR 107, (813) 974-2743, or by e-mail: probes@cas.usf.edu

1) Language Requirement (6)

Students will enroll in two additional semesters of the foreign language they have taken in fulfillment of the College of Arts and Sciences language requirement.

2) Core Courses (9-10)

Students will take a total of three courses from the following; one of them must be either EUS 3000 or GEA 3500.

EUS 3000 Europe
GEA 3500 Geography of Europe
EUH 3205 History of Nineteenth Century Europe
or
EUH 3206 History of Twentieth Century Europe

HUM 3251 Studies in Culture: The Twentieth Century
LIT 3144 Modern European Novel
PHM 4331 Modern Political Philosophy

3) Elective Courses (6-8)

A. Overseas Experience

Students should make Western European study and travel an important component of their academic work. They are required to enroll for at least 3 elective credit hours in courses that involve Western European study and travel. These may be taken in one of three ways:

1. as IDS 4955 (Off-Campus Term International Program),
2. *as one or two of the courses listed below as Elective Courses, or
3. *as part of overseas study courses offered by other USF colleges and other universities.

**Elective courses under options (2) and (3) will be chosen in consultation with the Coordinator and an Advisory Committee.*

Western European study and travel allows students to concentrate on one of the areas of electives. Students may want to use overseas experience credits to fulfill their summer enrollment requirement.

A structured alternative experience in the United States may be substituted for the Overseas Experience. The Certificate accepts IDS 4955 or 4956 (Off-Campus Term Special Project) or any of the courses listed below as Elective Courses for credit for this requirement. Coordinator, Advisory Committee and student will tailor the experience to fit the student's individual needs.

B. English

ENL 3230 British Literature 1616-1780
ENL 3251 British Literature 1780-1900
ENL 3273 British Literature 1900-1945
ENL 3331 Early Shakespeare
ENL 3332 Late Shakespeare
LIT 3102 Literature of the Western World II Since the Renaissance

C. History

EUH 3142 Renaissance and Reformation
EUH 3202 History of 17th and 18th Century Europe
EUH 3205 History of 19th Century Europe
EUH 3206 History of 20th Century Europe
EUH 3461 German History to 1870
EUH 3462 German History 1870 to Present
EUH 3501 British History to 1688
EUH 3502 British History 1688 to Present
HIS 3930 Special Topics
HIS 4900 Directed Reading

D. Humanities and American Studies

HUM 4437 Italian Renaissance Culture
HUM 4438 Northern Renaissance Culture
HUM 4440 Arts and Letters in the 17th and 18th Centuries
HUM 4442 Arts and Letters of the Romantic Period
HUM 4444 19th Century European Arts and Letters
HUM 4445 20th Century European Arts and Letters
HUM 4905 Directed Study
HUM 4941 Study on Location

E. Government and International Affairs

CPO 4930 Comparative Government and Politics
INR 3955 Overseas Study
INR 4900 Directed Readings
INR 4910 Directed Research
INR 4931 Selected Topics
POS 3931 Selected Topics
POS 4905 Independent Study
POT 4054 Modern Political Theory

F. World Languages

(Note: the student should take courses from the list below after completing the two additional semesters of the foreign language requirement (see I) or, if already

advanced in a language, with the instructor's approval. These courses are generally taught in the target language.)

FRENCH

PHM 4331 Modern Political Philosophy
PHP 3786 Existentialism
PHP 4410 Kant
PHP 4740 The Rationalists
PHP 4745 The Empiricists

Courses not included in the above list may be included in the program if approved by the Coordinator and an Advisory Committee.

NOTE: Courses which apply to the certificate may also count toward a student's major.

CERTIFICATE IN RUSSIAN STUDIES

The College of Arts and Sciences offers this certificate through the collaboration of the Departments of World Languages, Government and International Affairs, and History. Courses from other departments may count if their subject matter has significant Russian or Eurasian content. It is designed for majors in any field who wish to gain a deeper insight into the multi-faceted Russian world in contemporary and historical perspectives.

The student and the coordinator will plan the individual course of study, which requires from 23 to 25 semester hours. Students must declare their intention to be awarded the certificate by notifying the coordinator at least one full semester prior to graduation. A cumulative GPA of 3.0 in the certificate course work is required. Please contact Professor Victor Peppard at World Languages, CPR 418, phone (813) 974-2012, e-mail: peppard@cas.usf.edu or Professor Darrell Slider at SOC 381, phone (813) 974-9378, e-mail: dslider@cas.usf.edu.

Requirements

- I. Language: All students are encouraged to develop their language skills to the highest possible level. Non-heritage speakers should complete at least RUS 2200 (Russian III), and heritage speakers should complete one semester of RUS 4900 Analytical Reading.

II. Required Core Courses

A. Two of the following courses:

EUH 3575 Imperial Russia	(4)
EUH 3576 Soviet Union	(4)
EUS 3022 Russia	(3)

B. One of the following courses:

RUS 3500 Russian Civilization	(3)
RUT 3110 Russian Classics in English	(3)
RUT 3111 20th Century Russian Literature in English	(3)

III. Elective Courses

HIS 3930 Selected Topics*	(4)
HIS 4900 Directed Reading*	(1-3)
INR 3018 World Ideologies	(3)
INR 4900 Directed Readings*	(1-3)
INR 4910 Directed Research*	(1-3)
INR 3955 Overseas Study*	(1-6)
RUS 2221 Russian IV	(4)
RUS 3240 Conversation I	(4)
RUS 4241 Conversation II	(4)
RUS 2270 Overseas Study	(1-6)
RUS 3470 Overseas Study	(1-6)
RUS 4471 Advanced Overseas Study	(1-6)

*When topic is defined as Russian/Eurasian or related area.

Other courses may be substituted for those listed above with approval of a Russian Studies Coordinator. Students are strongly recommended to take advantage of overseas study opportunities.

CERTIFICATE IN URBAN STUDIES

The Urban Studies Certificate offers students the opportunity to supplement their education and training with a focus on the problems and potentials of the urban world around us. Eighty percent of Americans live in one of the country's nearly 400 major metropolitan areas. Understanding the economic, social, cultural, political and spatial phenomena of urban areas, and how they came to be, is essential if one is to thrive in today's world. The Urban Studies curriculum begins with an interdisciplinary Introduction to Urban Studies and then weaves the multidisciplinary urban offerings into a coherent understanding of urban life. The Urban Studies Coordinator helps each student fashion a curriculum that meets his/her unique intellectual and career needs. The curriculum, through its courses and internship possibilities, focuses on the "real world," thus providing students with a valuable foundation for their career planning and advancement. With the help of the Urban Studies Coordinator, students can design concentrations in urban planning, urban management, community development, community organizing, etc. The Certificate requires a minimum of 24 credits.

1) Core Courses (9-10 credits)

URS 3002 Introduction to Urban Studies	(3)
And 2 of the following:	
ANT 4442 Urban Life and Culture	(3)
ARC 4784 The City	(3)
ECP 3613 Economics of the Urban Environment	(3)
GEO 3602 Urban Geography	(4)
GEO 4604 Topics in Urban Geography	(4)
POS 3142 Introduction to Urban Politics and Government	(3)
SYA 4930 Selected Topics*	(1-3)
SYD 4410 Urban Sociology	(3)
SYD 4411 Urban Life	(3)

Courses may have prerequisites within the discipline.

*Please see academic advisor for the appropriate selected topics course.

2) Methods Courses (select 1 of the following: 3-4 credits)

AFA 4350 African American Community Research	(3)
ANT 4285 Oral History	(3)
ANT 4495 Methods in Cultural Research	(3)
CCJ 3701 Research Methods in Criminal Justice I	(3)
POS 3713 Empirical Political Analysis	(3)
STA 2122 Social Science Statistics	(3)
SYA 3300 Research Methods	(3)
SYA 3310 Qualitative Inquiry	(3)
GEO 3164C Quantitative Methods	(4)
GIS 3006 Computer Cartography	(4)

Courses may have prerequisites within the discipline.

3) Electives (select 4 from the following list or from the CORE COURSES not counted above: minimum of 12 credits)

Africana Studies

AFA 4331 Social Institutions and the African-American Community	(3)
AMH 3572 African American History since 1865	(3)
AMS 3700 Racism in American Society	(3)
AFA 4335 Black Women in America	(3)
AFA 4931 Social and Cultural Issues in Black Urban Life	(3)

Anthropology

ANT 4316 Ethnic Diversity in the U.S.	(3)
ANT 4701 Applied Anthropology	(3)
ANT 4930 Special Topics in Anthropology (when applicable)	(3)

Communication

SPC 3710 Communication and Cultural Diversity	(3)
SPC 4714 Communication, Culture and Community	(3)

Criminology

CCJ 3003 Crime and Justice in America	(4)
CCJ 3024 Survey of the Criminal Justice System	(3)
CCJ 3610 Theories of Criminal Behavior	(3)
CCJ 3621 Patterns of Criminal Behavior	(3)
CCJ 4450 Criminal Justice Administration	(3)

Economics

ECO 4323 Radical Political Economy	(3)
ECO 4504 Public Finance	(3)
ECP 3201 Economics of Women and Work	(3)
ECP 3203 Labor Economics	(3)
ECP 3302 Environmental Economics	(3)
ECP 3530 Economics of Health	(3)

Geography

EVR 2861 Introduction to Environmental Policy	(3)
GEO 4471 Political Geography	(4)
GEO 4502 Economic Geography	(4)
GEO 4700 Transportation Geography	(4)
URP 4052 Urban and Regional Planning	(4)

History

AMH 3423 Modern Florida	(4)
AMH 3500 American Labor History	(4)
AMH 3530 Immigration History	(4)
AMH 3572 African American History since 1865	(3)

Political Science

POS 2112 State & Local Government and Politics	(3)
POS 3182 Florida Politics and Government	(3)
POS 5155 Issues of Urban Government and Politics	(3)

Public Administration

PAD 3003 Introduction to Public Administration	(3)
PAD 4144 Nonprofit Organizations and Public Policy	(3)
PAD 4204 Public Financial Administration	(3)
PAD 5333 Concepts & Issues in Public Planning	(3)
PAD 5807 Administration of Urban Affairs	(3)

Social Work

SOW 3210 The American Social Welfare System	(3)
---------------------------------------------	-----

Sociology

SYO 3120 Sociology of Families	(3)
SYO 3530 Social Inequalities in a Global Society	(3)
SYD 3700 Racial and Ethnic Relations	(3)
SYP 4111 Identity and Community	(3)

SYP 4420 Consumer Culture	(3)
SYP 4510 Sociological Aspects of Deviance	(3)
SYP 4530 Sociology of Juvenile Delinquency	(3)
4) Internships (1 of the following can be substituted as an ELECTIVE)	
CCJ 4940 Internship for Criminal Justice Majors	(3)
IDS 4942 Community Internship	(3)
IDS 4956 International Community Internship	(3)
POS 4941 Field Work	(3)
SYA 4949 Sociological Internship	(3)

CERTIFICATE IN WOMEN'S SPIRITUALITY

The Undergraduate Certificate in Women's Spirituality is designed through the collaboration of Women's Studies and Religious Studies for majors in any field who wish to understand women's experiences in relation to diverse spiritualities, past and present. This program is intended for all students who have an interest in spirituality and personal growth. The omen's Spirituality Certificate complements a wide range of undergraduate majors and professional careers. The Certificate is also valuable for non-degree seeking students interested in personal development and spiritual inquiry.

Students are required to take 15 credit hours from a list of courses approved for the certificate. Other courses would need the approval of the advisor.

Relevant Study Abroad Programs in India/Asia offered by Dr. Grewal (Associate Professor in Women's Studies) may be credited with at least 3 semester hours toward the certificate.

Please contact Dr. Gurleen Grewal at FAO 167, (813) 974-0984, or by e-mail: ggrewal@cas.usf.edu.

1) Courses (15 credits)	
REL 3132 Witchcraft and Paganism in America	(3)
REL 3145 Women and Religion	(3)
REL 3146 Womanist Vision in Religion	(3)
REL 4218 Women and the Bible	(3)
REL 4930 Selected Topics*	(3)
WST 4930 Selected Topics*	(3)

*Selected Topics courses approved by the advisor.

Other courses may be substituted for those listed above upon approval of the advisor in either Religious Studies or Women's Studies.

Health Professions

The University of South Florida is an excellent location to prepare for a career in the health professions. The Veterans Administration Hospital, University of South Florida Medical Center, Shriner's Hospital for Children, H. Lee Moffitt Cancer Center and Research Institute, University of South Florida Mental Health Institute, and University Community Hospital are within walking distance of the campus and offer students excellent opportunities for observation, research, and experience.

The College of Arts and Sciences offers programs designed to prepare students for admission to professional schools of medicine, osteopathic medicine, chiropractic medicine, dentistry, optometry, podiatry, veterinary medicine, pharmacy, physician assistant, and physical therapy. Most of these professions require four years of preprofessional preparation followed by four years of training in a professional school. A few well-prepared students with exceptional qualifications may be admitted to some professional schools as early as the completion of the junior year of preprofessional work. The preprofessional programs do not meet requirements for a degree; therefore, students must choose a major in addition to fulfilling their pre-professional requirements. Most preprofessional students major in biology, biomedical sciences, or chemistry because of their interests in the health

sciences, and the considerable overlap between the preprofessional curriculum and the degree requirements for those majors. Entrance into all professional schools or programs is competitive, and students should begin establishing a record of excellence with the first semester at USF. Furthermore, it is essential that students pursue courses developing a sense of understanding of cultural and humane values as well as basic social problems. Students should also have some clinical and/or volunteer experience related to the medical field.

Students considering one of the health professions should contact the College of Arts and Sciences during the first semester at USF to declare their interest in a health professions program.

For specific information about the following programs in Florida, please see our health professions website at:

http://www.cas.usf.edu/health_professions.

- Medical
For information regarding the USF Medical program, please visit <http://hsc.usf.edu/medicine>.
- Dental
- Optometry
- Physical Therapy
For information regarding the USF Physical Therapy program, please visit <http://dpt.hsc.usf.edu>.
- Veterinary Medicine
- Pharmacy
- Physician Assistant

Requirements for Health Professions Schools

These courses prepare students for admission to professional schools of chiropractic medicine, dentistry, medicine, osteopathic medicine, podiatric medicine, optometry, veterinary medicine, physical therapy, and pharmacy. All of these professional schools have in common the following course requirements, which should be completed by the end of the junior year, the usual time of application:

Biology		
BSC 2010, 2010L	Biology I: Cellular Processes	(3,1)
BSC 2011, 2011L	Biology II: Diversity	(3,1)
Chemistry		
CHM 2045, 2045L	General Chemistry I	(3,1)
CHM 2046, 2046L	General Chemistry II	(3,1)
CHM 2210, 2210L	Organic Chemistry I	(3,2)
CHM 2211, 2211L	Organic Chemistry II	(3,2)
Physics		
PHY 2053, 2053L	General Physics I	(3,1)
PHY 2054, 2054L	General Physics II	(3,1)

In addition to these requirements it is generally expected that preprofessional students will complete two semesters of English and mathematics appropriate for their degree. Some schools require calculus and some require one or two courses in biochemistry. CLEP credit usually is not accepted by professional schools, and some schools do not accept AP or IB and have specific restrictions for accepting DE credits. Students should check with the school of their choice regarding acceptable acceleration credit.

Requirements for B.S. Degree for Early Admission Students

Early admission to professional school is exceptional with today's competitive applicant pool; however, a few students may be admitted prior to completion of the bachelor's degree through special programs.

There are no State Mandated Common Prerequisites for this degree program.

Students planning on early admission should begin studies at a 4-year institution as professional schools require at least 1 year of studies at a university prior to application. Depending upon the professional school, additional science courses may be required or strongly recommended as indicated in the preceding sections. Exposure to a health profession is also strongly recommended.

Students who are admitted to an accredited U.S. medical or dental school after completing their junior year at the University of South Florida may be awarded the B.S. degree in Biomedical Sciences from the College of Arts and Sciences subject to the following conditions:

1. Transfer of a minimum of 30 semester hours of science courses from an accredited medical or dental school.
2. Completion of a minimum of 90 semester hours of credit with a minimum grade point average of 2.0 prior to transfer to the medical or dental school.
3. Completion of the following courses with at least a C- in each course:

Biology

BSC 2010, 2010L	Biology I: Cellular Processes	(3,1)
BSC 2011, 2011L	Biology II: Diversity	(3,1)
MCB 3020C	General Microbiology	(4)

Plus two of the following biology courses, including at least one with a laboratory (minimum 7 semester hours):

PCB 3023, 3023L	Cell Biology (lab optional)	(3,1)
PCB 3063, 3063L	General Genetics (lab optional)	(3,1)
MCB 4502	Virology	(3)
MCB 4115	Determinative Bacteriology	(5)
MCB 5815	Medical Mycology	(3)
PCB 4064	Experimental Genetics	(3)
PCB 4723	Animal Physiology	(3)
PCB 4723L	Animal Physiology Lab	(1)
PCB 5235	Principles of Immunology	(3)
ZOO 3323C	Anatomy of Chordates	(4)
ZOO 3713	Comparative Vertebrate Anatomy	(4)
ZOO 4603	Animal Embryology	(4)
ZOO 4753C	Histology	(4)

Chemistry

CHM 2045, 2045L	General Chemistry I	(3,1)
CHM 2046, 2046L	General Chemistry II	(3,1)
CHM 2210, 2210L	Organic Chemistry I	(3,2)
CHM 2211, 2211L	Organic Chemistry II	(3,2)
BCH 3023	Introductory Biochemistry	(3)

Physics

PHY 2053, 2053L	General Physics I	(3,1)
PHY 2054, 2054L	General Physics II	(3,1)

Mathematics

MAC 2241, MAC 2311, or MAC 2281	Calculus	(4,4,4)
---------------------------------	----------	---------

Plus either the second semester of a calculus sequence

OR		
STA 2023	Introductory Statistics I	(4)

4. Completion of the University's General Education and Exit Requirements.
5. Completion of the last 30 hours prior to transfer to a medical or dental school in residence at the University of South Florida.
6. Application for the degree must be received no later than two years from the date of entrance into the professional school.

Students admitted to professional schools of veterinary medicine, optometry, physical therapy, or podiatric medicine prior to completion of their degree may also be able to transfer

courses from the professional school and receive their bachelor's degree. However, approval of the courses to be transferred must be obtained on an individual basis from the College of Arts and Sciences, and in some cases it may be necessary for students to complete more than 90 hours prior to leaving the University of South Florida.

TEACHER EDUCATION PROGRAMS

The College of Arts and Sciences offers B.A. and M.A. degree programs for secondary school teachers and the M.A. degree for junior college teachers.

B.S. Degree Programs for Secondary School Teachers

The College of Arts and Sciences, in cooperation with the College of Education, offers degree programs in Mathematics, Biology, Chemistry, Physics, English, Foreign Language and Social Science Education. Prospective students should consult the College of Education portion of this catalog under the heading, Department of Secondary Education for degree requirements.

DEPARTMENTS AND PROGRAMS

• AFRICANA STUDIES (AFA)

Africana Studies is a liberal arts program offering both a major and a minor. This program provides all students with the opportunity to study the history, culture and lived experiences of people of African descent in the United States, Africa, the Caribbean, and elsewhere; study the influence of Africa and people of African descent on world and U.S. thought, culture, and politics; study the social construction and consequences of race and racism; develop needed critical thinking skills to address the often narrow and Eurocentric bias in the current knowledge base; and examine their personal experiences, prejudices, and possible contributions in a multi-racial, multi-cultural society.

Students who major or minor in Africana Studies have the option of emphasizing African American Studies (including the Caribbean), African Studies, or African and African Diaspora Studies. Admission to the Africana Studies major or minor is open to all students who have been duly admitted to the University of South Florida.

Recommended Prerequisites (State Mandated Common Prerequisites)

The department encourages students to complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university.

If you transfer with fewer than 60 semester hours of acceptable credit, you must meet the university's entering freshman requirements, including ACT or SAT test scores, GPA, and course requirements.

Students are encouraged to complete the following prerequisites, or major, support, or elective courses if available, during the program of study at the community college, and when feasible, in General Education/Gordon Rule courses.

AFA 2000	Introduction to the Black Experience In Africa & Its Diaspora	3
AFS 2250	Culture and Society in Africa	3
AMH 3571	African-American History I	3
AMH 3572	African-American History II	3

There are no State Mandated Common Prerequisites for this degree program.

Please be aware of the immunization, foreign language, and continuous enrollment policies of the university. This is a non-limited access program with the above courses recommended.

Requirements for the Major in Africana Studies

Beyond the recommended prerequisites, the major in Africana Studies consists of a minimum of 36 hours. Students may choose an area of emphasis in African American Studies, African Studies, or Africana Studies. The requirements for the majors are as follows:

Major requirements for the B.A. Degree (36 Credit Hours)

AFA 2000 Introduction to the Black Experience in Africa and its Diaspora	(3)
AFH 3100 African History to 1850	(3)
AFH 3200 African History Since 1850	(3)
AMH 3571 African-American History to 1865	(3)
AMH 3572 African-American History Since 1865	(3)

Select any seven courses. Students may choose to emphasize African American Studies, African Studies or African and African Diaspora Studies. (21 credit hours)

African American Studies (Suggested)

AFA 4313 Black English	(3)
AFA 4331 Social Institutions and the African American Community	(3)
AFA 4333 The African Diaspora: Blacks in the Construction of the Americas	(3)
AFA 4335 Black Women in America	(3)
AFA 4350 African American Community Research	(3)
AFA 4500 Slavery in the Americas and Caribbean	(3)
AFA 4502 Middle Passage	(3)
AFA 4931 Selected Topics in Africana Studies	(1-3)
AMS 3700 Racism in American Society	(3)
ANT 4340 The Caribbean	(3)
AML 3604 African American Literature	(3)
AML 4303 Major Works: Zora Neale Hurston	(3)
AML 4624 Black Women Writers	(3)
PHM 4120 Major Black Thinkers	(3)

African Studies (Suggested)

AFA 4150 Africa and the United States	(3)
AFA 4313 Black English	(3)
AFA 4350 African American Community Research	(3)
AFA 4500 Slavery in the Americas and Caribbean	(3)
AFA 4402 Middle Passage	(3)
AFA 4931 Selected Topic in Africana Studies	(1-3)
AFS 2250 Culture and Society of Africa	(3)
AFS 3153 African Literature Survey	(3)
CPO 4204 Government and Politics of Africa	(3)
CPO 4244 Government and Politics of East, Central, and Southern Africa	(3)
INR 4254 Africa in World Affairs	(3)
PHI 4073 African Philosophy	(3)

Africana Studies (Suggested)

AFA 4313 Black English	(3)
AFA 4331 Social Institutions and the African American Community	(3)
AFA 4333 The African Diaspora: Blacks in the Construction of the Americas	(3)
AFA 4335 Black Women in America	(3)
AFA 4502 Middle Passage	(3)
AFA 4931 Selected Topics in Africana Studies	(1-3)
AFS 2250 Culture and Society in Africa	(3)
AFS 3153 African Literature Survey	(3)
AML 3604 African American Literature	(3)
AML 4624 Black Women Writers	(3)
ANT 4340 The Caribbean	(3)
CPO 4204 Government and Politics of Africa	(3)
PHI 4073 African Philosophy	(3)
PHM 4120 Major Black Thinkers	(3)

Requirements for the Minor in Africana Studies

The minor in Africana Studies requires a minimum of 18 credit hours. As in the major, students may choose an area of emphasis in African American Studies, African Studies, or Africana Studies. The requirements for the minor are as follows:

Minor Requirements (18 Hours): Three Options

Africana Studies- Option I

Required Core Classes (9 Hours)

AFA 2000 Introduction to the Black Experience [In Africa and Its Diaspora]	(3)
AFH 3100 African History To 1850	(3)
or	
AFH 3200 African History Since 1850	
AMH 3571 African American History To 1865	(3)
or	
AMH 3572 African American History Since 1865	

Elective Classes (Select 9 Hours)

AFA 4150 Africa And The United States	(3)
AFA 4335 Black Women In America	(3)
AFA 4931 Selected Topics In Africana Studies	(1-3)
ANT 4340 The Caribbean	(3)
CPO 4204 Government And Politics Of Africa	(3)
INR 4254 Africa In World Affairs	(3)
PHM 4120 Major Black Thinkers	(3)

African American Studies-Option II

Required Core Classes (9 Hours)

AFA 2000 Introduction to the Black Experience [In Africa and Its Diaspora]	(3)
AMH 3571 African American History to 1865	(3)
AMH 3572 African American History Since 1865	(3)

Elective Classes (Select 9 Hours)

AFA 4150 Africa and the United States	(3)
AFA 4331 Social Institutions and the African-American Community	(3)
AFA 4333 The African Diaspora: Blacks in the Construction of the Americas	(3)
AFA 4335 Black Women in America	(3)
PHM 4120 Major Black Thinkers	(3)

African Studies-Option III

Required Classes (9 Hours)

AFH 3100 African History to 1850	(3)
AFH 3200 African History Since 1850	(3)
CPO 4204 Government and Politics of Africa	(3)
INR 4254 Africa in World Affairs	(3)

Electives (Select 9 Hours)

AFA 4150 Africa and the United States	(3)
AFA 4931 Selected Topics in Africana Studies	(1-3)
INR 4254 Africa in World Affairs	(3)

• AMERICAN STUDIES (AMS/HUM)

See "Humanities & American Studies."

• ANTHROPOLOGY (ANT)

Anthropology aims at comprehending people as biological and social beings. It is concerned with all forms of people through time and space. One consequence of this broad-ranging view is the presence within anthropology of four branches: archaeology, biological anthropology, cultural anthropology, and linguistics. Exposure to anthropological information and the cross-cultural perspective produces heightened sensitivity in the student to the world about him/her. This helps the student to adopt an intellectual posture of disciplined skepticism with respect to any scheme that purports to define and account for regularities in human life.

The Department of Anthropology is concerned with applying anthropological knowledge, theory, method, and perspectives to problems of contemporary society. Illustrative areas of

activity include human services needs assessment, program planning and evaluation, public archaeology, social and environmental impact assessment, public policy analysis, and applied linguistics.

In 1986 the department instituted an honors program to provide its best students with an opportunity to engage in a significant academic experience. Outstanding seniors may participate in a year-long course of study and original research in an area of their choosing under the guidance of a faculty mentor.

Students majoring in other fields may find anthropology coursework an exciting and valuable supplement to their primary academic interest. A minor in anthropology has been developed with this purpose in mind. The minor program is structured to allow the student maximum flexibility in course selection within a broadly defined progression of anthropological concerns. Thus, the student is able to tailor a minor in anthropology to best suit special wants and needs in the context of an overall curriculum.

For additional information about the department please visit our web site: <http://www.cas.usf.edu/anthropology/index.html>.

Prerequisites (State Mandated Common Prerequisites) for Students Transferring from a Community College:

Students wishing to transfer to USF should complete the A.A. degree at the community college. Students should complete two lower level, introductory courses in Anthropology prior to entering the university. If not taken at the community college, they must be completed before the degree is granted. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. A grade of "C" is the minimum acceptable grade. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Requirements for the Major in Anthropology

Beyond the recommended prerequisites listed above, the major in Anthropology consists of a minimum of 36 credit hours. In order to graduate, students must maintain an average best attempt 2.5 GPA in all courses counted toward the major. In addition, students must have a minimum C (2.0) grade in all classes that count towards the major, including specifically required classes and electives. A C- grade is not acceptable. ANT 2000, although suggested, is not a prerequisite to intermediate level courses. ANT 2000 may, however, be included in the 36 credit hour major requirement. Students who have not taken ANT 2000 must make up the missing hours with elective coursework. ANT 3101, ANT 2410, ANT 2511 and ANT 3610 are required as intermediate level training in the main subdivisions of the field, and ANT 4034 and ANT 4935 complete the specific requirements. Majors are required to complete a minimum of 15 hours of 4000-level elective coursework, including courses from at least three of the four subfields shown below. A minimum of three (3) of these 15 credits must be selected from a list of designated methods courses. Methods courses may also be counted toward the subdivision requirement.

Required Core Courses

ANT 2410 Cultural Anthropology	(3)
ANT 2511 Biological Anthropology	(3)
ANT 2511L Biological Anthropology Laboratory	(1)
ANT 3101 Archaeology	(3)
ANT 3610 Anthropological Linguistics	(3)

Special Topics

ANT 4930 Special Topics	(3)
Depending upon the specific topic, this may count toward any of the subdivisions and/or the methods requirement.	

Anthropology majors are urged to become competent readers and speakers of a relevant modern foreign language (which may include American Sign Language). They are also urged to enhance their English reading, writing, speaking and critical thinking capabilities and develop their skills in computational, statistical and other forms of quantitative analysis at every opportunity. Students are encouraged to fulfill General Education and Exit requirements with courses relevant to their interests in anthropology whenever possible. In pursuit of all these goals, they should meet with the department's Undergraduate Advisor at least once each semester to discuss such topics as academic progress, future course plans, Department Honors Program, summer field schools, job opportunities, graduate education and professional careers in anthropology.

Requirements for the Minor in Anthropology

The minor in Anthropology consists of a minimum of 18 credit hours with a "C" average (2.0), distributed among three

areas. Students will normally progress through these areas in the order listed below, selecting courses prerequisite or otherwise appropriate to courses desired in subsequent areas. Exceptions to this pattern must be approved by the department's undergraduate advisor. Students are urged to consult with advisor to create the most beneficial set of courses. ANT 2000, although suggested, is not a prerequisite to subsequent courses, although it may be included in the 18 credits required for the minor.

1. Intermediate-level core courses (3-6 credit hours)
 - ANT 2410 Cultural Anthropology
 - ANT 2511 Biological Anthropology
 - ANT 3101 Archaeology
 - ANT 3610 Anthropological Linguistics
2. 4000-level elective courses (9-12 credit hours)

As described above in the listing of elective courses in archaeology, physical anthropology, anthropological linguistics and cultural anthropology.

Requirements for the Anthropology Honors Program

The purpose of the Honors Program is to provide outstanding Anthropology undergraduates with advanced, individually tailored training in areas of anthropology of interest to them. The program, operating independently of the major itself, involves a year of coursework and research culminating in the writing of an Honors thesis. Students in the second semester of their junior year, prior to completion of 90 semester hours, may apply to the program, which begins in the Fall semester. Admission is competitive, based on the student's overall academic record (minimal 3.25 GPA overall, 3.5 GPA for USF anthropology course work), a 2-page personal statement indicating research interests, and a letter of recommendation from a member of the Department of Anthropology. Successful completion of the program requires maintenance of a 3.25 overall and a 3.5 in the major, completion of ANT 4932 (4) (Honors Seminar) with a grade of "B" or better, completion of ANT 4970 (3) (Honors Thesis) with a grade of "S," and completion of all other requirements for graduation. See the Anthropology Department Undergraduate Advisor for further information and application forms.

• BIOLOGY (BIO/MRN/MIC)

Two specific Bachelor of Science degrees, Biology and Microbiology, are available for students interested in the biological sciences. The B.S. in Biology allows students to concentrate in such areas as Ecology, Cell & Molecular Biology, Physiology, and Marine Biology. The degree is preparatory for careers in such areas as teaching, agriculture, medicine, dentistry, conservation, and biotechnology, or for post-baccalaureate study in the various life sciences. The B.S. in Microbiology provides students with the broad range of courses necessary to qualify for certification by the National Registry of Microbiologists, American Society of Microbiology, and employment in microbiology and related fields.

In addition to a set of courses in biology, students must have a thorough preparation in other areas of natural sciences to be competitive for jobs or for further study beyond the baccalaureate. A modern biology curriculum is built on a foundation of mathematics, chemistry and physics. Students should study the requirements listed below and then make maximum use of the vigorous advising program maintained by the Department in structuring their programs.

Requirements for Entrance into either the Biology or Microbiology Degrees

1. Completion of two semesters of college-level basic biology (BSC 2010 and BSC 2011, or equivalents); two semesters of college-level basic chemistry (CHM 2045 and CHM 2046, or equivalents).

2. A cumulative GPA of at least 2.75 in the four courses listed above.

These requirements will NOT BE WAIVED for students who pass major courses beyond college-level basic biology, but do not have the necessary cumulative GPA (2.75) in the four courses listed above.

Requirements for Entrance into the Biology Degree with a Concentration in Marine Biology

Student applies to Marine Biology Program after meeting all entrance requirements of BIO major. In addition, a student must have a major GPA of at least 3.0 at the time of application and maintain a major GPA of at least 3.0 throughout the program.

Requirements for the Biology B.S. Major (BIO)

Prerequisites (State Mandated Common Prerequisites) for Students Transferring from a Community College:

Students should complete the following prerequisite courses listed below at the lower level prior to entering the university. If these courses are not taken at the community college, they must be completed before the degree is granted. Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

BSC 1010/1010L

Introduction to Biology I-Cellular Processes (with lab)

Acceptable substitutes: PCB X010, PCB X011, PCB X021, PCB X131, BSC X040, BSC 2012

BSC 1011/1011L

Introduction to Biology II-Diversity (with lab)

Acceptable substitutes: ZOO X010, BOT X010, BSC X041, BOT X013

CHM 1045/1045L General Chemistry I (with lab)

CHM 1046/1046L General Chemistry II (with lab)

CHM 2210/2210L Organic Chemistry I (with lab)

Acceptable substitutes: PHY 3043/3043L, PHY 3048/3048L, PHY 3049/3049L, or equivalent

CHM 2211/2211L Organic Chemistry II (with lab)

Acceptable substitutes: PHY 3053/3053L, PHY 3048/3048L, PHY 3049/3049L, or equivalent

MAC X311 Calculus I

Acceptable substitutes: MAC 2233, MAC 2253, MAC X281

MAC X312 Calculus II

Acceptable substitutes: STA 2122, 2014, 2023, 2034, 2321 or equivalent; MAC 2234, 2254, 3282

This is a non-limited access program with the above courses recommended.

Required Courses for the Biology Major

1. Department of Biology Courses-minimum 40 credit hours
 - a. BSC 2010 Biology I Cellular Processes (3)
 - BSC 2010L Biology I Cellular Processes Laboratory (1)
 - BSC 2011 Biology II Diversity (3)
 - BSC 2011L Biology II Diversity Laboratory (1)
 - b. PCB 3023 Cell Biology (3)
 - PCB 3043 Principles of Ecology (3)
 - PCB 3063 General Genetics (3)
 - PCB 3712 General Physiology (3)
 - c. **TWO** of the following:
 - PCB 3023L Cell Biology Laboratory (1)
 - PCB 3043L Principles of Ecology Laboratory (1)
 - PCS 3063L General Genetics Laboratory (1)
 - PCB 3713L General Physiology Laboratory (1)
 - d. Advanced Courses

Must select from structured departmental courses that are applicable to the major and BCH 3023.

- i. At least eight (8) hours of the advanced course credits must be at the 4000-level or higher.
 - ii. A maximum of four (4) credit hours of undergraduate research (BSC 4910 or MCB 4910) may be applied.
 - iii. BCH 3023 Biochemistry, offered by the Department of Chemistry, is the only course outside of the department that may be used towards the advanced course hours.
 - e. A minimum of 20 hours of Biology courses must be taken in residency and be applicable to the major.
2. Supporting Courses in the Natural Sciences-minimum 32 credit hours
 - a. CHM 2045 General Chemistry I (3)
CHM 2045L General Chemistry I Laboratory (1)
CHM 2046 General Chemistry II (3)
CHM 2046L General Chemistry II Laboratory (1)
 - b. CHM 2210 Organic Chemistry I (3)
CHM 2210L Organic Chemistry I Laboratory (2)
CHM 2211 Organic Chemistry II (3)
CHM 2211L Organic Chemistry II Laboratory (2)
 - c. MAC 2241 Life Sciences Calculus I (4)
and
MAC 2242 Life Sciences Calculus II (4)
OR
MAC 2281 Engineering Calculus I (4)
and
MAC 2282 Engineering Calculus II (4)
OR
MAC 2311 Calculus I (4)
and
MAC 2312 Calculus II (4)
STA 2023 Introductory Statistics I (4)
may be substituted for any Calculus II
 - d. PHY 2048 General Physics I (3)
PHY 2048L General Physics I Laboratory (1)
PHY 2049 General Physics II (3)
PHY 2049L General Physics II Laboratory (1)
OR
PHY 2053 General Physics I (3)
PHY 2053L General Physics I Laboratory (1)
PHY 2054 General Physics II (3)
PHY 2054L General Physics II Laboratory (1)
 3. Meet all College and University requirements.

Requirements for the Biology B.S. Major with a Concentration in Marine Biology (MRN)

Prerequisites (State Mandated Common Prerequisites) for Students Transferring from a Community College:

Students should complete the following **prerequisite courses** listed below at the lower level prior to entering the university. If these courses are not taken at the community college, they must be completed before the degree is granted. Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

- BSC 1010/1010L
Introduction to Biology I-Cellular Processes (with lab)
Acceptable substitutes: PCB X010, PCB X011, PCB X021, PCB X131, BSC X040, BSC 2012
- BSC 1011/1011L
Introduction to Biology II-Diversity (with lab)
Acceptable substitutes: ZOO X010, BOT X010, BSC X041, BOT X013
- CHM 1045/1045L General Chemistry I (with lab)
CHM 1046/1046L General Chemistry II (with lab)
CHM 2210/2210L Organic Chemistry I (with lab)
Acceptable substitutes: PHY 3043/3043L, PHY 3048/3048L, PHY 3049/3049L, or equivalent
- CHM 2211/2211L Organic Chemistry II (with lab)
Acceptable substitutes: PHY 3053/3053L, PHY 3048/3048L, PHY 3049/3049L, or equivalent

MAC X311 Calculus I
Acceptable substitutes: MAC 2233, MAC 2253, MAC X281

MAC X312 Calculus II
Acceptable substitutes: STA 2122, 2014, 2023, 2034, 2321 or equivalent; MAC 2234, 2254, 3282

Please be aware of the immunization, foreign language, and continuous enrollment policies of the university. This is a non-limited access program with the above courses recommended.

Required Courses for the Biology Major with a Marine Biology Concentration

1. Department of Biology Courses-minimum 42 credit hours
 - a. BSC 2010 Biology I Cellular Processes (3)
BSC 2010L Biology I Cellular Processes Laboratory (1)
BSC 2011 Biology II Diversity (3)
BSC 2011L Biology II Diversity Laboratory (1)
 - b. PCB 3023 Cell Biology (3)
PCB 3043 Principles of Ecology (3)
PCB 3063 General Genetics (3)
PCB 3712 General Physiology (3)
 - c. **TWO** of the following:
PCB 3023L Cell Biology Laboratory (1)
PCB 3043L Principles of Ecology Laboratory (1)
PCS 3063L General Genetics Laboratory (1)
PCB 3713L General Physiology Laboratory (1)
 - d. BSC 3312 Marine Biology (3)
 - e. At least one of the following: Vascular Plants (BOT 3373C), Microbiology (MCB 3020C), Vertebrate Zoology (ZOO 2303C), Comparative Vertebrate Anatomy (ZOO 3713C), Advanced Invertebrate Zoology and Lab. (ZOO 3205C)
 - f. BSC 4937 Seminar in Marine Biology (2)
 - g. The remaining credit hours to meet the minimum requirements must come from courses listed in (e) above and/or from the following list.
 - i. A maximum of six (6) credits may be taken in courses from other departments/colleges.
 - ii. At least eight (8) or these credit hours must be at the 4000 level or higher:
OCB 6050 Biological Oceanography
OCC 6050 Chemical Oceanography
OCE 4930 Selected Topics in Marine Science*
OCE 6934 Selected Topics in Oceanography*
OCG 6051 Geological Oceanography
OCP 6050 Physical Oceanography
GLY 4734 Beaches and Coastal Environments
GIS 5049 GIS for Non-Majors
ZOO 5456/5456L Ichthyology
MCB 5655 Applied and Environmental Biology
MCB 4404/4404L Microbial Physiology and Genetics (with lab)
ZOO 5555C Marine Animal Ecology
ZOO 4513 Animal Behavior
PCB 4674 Organic Evolution
PCB 4723/4723L Animal Physiology (with lab)
BOT 5185C Marine Botany
BSC 4313C Advanced Marine Biology
- *Please see academic advisor for appropriate selected topics courses.
- iii. A maximum of four (4) credit hours of Undergraduate Research (BSC 4910 or MCB 4910) may be applied.
 - iv. A minimum of 20 hours of Biology courses must be taken in residency and be applicable to the major.
2. Supporting Courses in the Natural Sciences-minimum 32 credit hours
 - a. CHM 2045 General Chemistry I (3)
CHM 2045L General Chemistry I Laboratory (1)
CHM 2046 General Chemistry II (3)
CHM 2046L General Chemistry II Laboratory (1)

- b. CHM 2210 Organic Chemistry I (3)
 CHM 2210L Organic Chemistry I Laboratory (2)
 CHM 2211 Organic Chemistry II (3)
 CHM 2211L Organic Chemistry II Laboratory (2)
- c. MAC 2241 Life Sciences Calculus I (4)
 and
 MAC 2242 Life Sciences Calculus II (4)
OR
 MAC 2281 Engineering Calculus I (4)
 and
 MAC 2282 Engineering Calculus II (4)
OR
 MAC 2311 Calculus I (4)
 and
 MAC 2312 Calculus II (4)
 STA 2023 Introductory Statistics I (4)
 may be substituted for any Calculus II
- d. PHY 2048 General Physics I (3)
 PHY 2048L General Physics I Laboratory (1)
 PHY 2049 General Physics II (3)
 PHY 2049L General Physics II Laboratory (1)
OR
 PHY 2053 General Physics I (3)
 PHY 2053L General Physics I Laboratory (1)
 PHY 2054 General Physics II (3)
 PHY 2054L General Physics II Laboratory (1)
3. Meet all College and University requirements.
- c. MCB 3020C General Microbiology (4)
 MCB 4115C Determinative Bacteriology (5)
 MCB 4404 Microbial Physiology and Genetics (4)
 MCB 4404L Microbial Physiology and Genetics Laboratory (1)
- d. Ten (10) hours from the following list:
 BSC 4933 Selected Topics in Biology* (1-4)
 BSC 5931 Selected Topics in Biology* (1-4)
 BOT 4434C Mycology (3)
 MCB 4503 Virology (3)
 MCB 4910 Microbiology Undergraduate Research (1-4)
 MCB 4934 Seminar in Microbiology (1)
 MCB 5206 Public Health and Pathogenic Microbiology (3)
 MCB 5655 Applied and Environmental Biology (3)
 MCB 5815 Medical Mycology (3)
 PCB 4234 Principles of Immunology (3)
 ZOO 4233 Parasitology (3)
 BCH 3023L Basic Biochemistry Laboratory (2)
- *Please see an Academic Advisor for appropriate selected topics courses.
- e. A maximum of four (4) credit hours of Undergraduate Research (MCB 4910) may be applied.
- f. A minimum of 20 hours of Biology courses must be taken in residency and be applicable to the major.

Requirements for the Microbiology B.S. Major (MIC)

Prerequisites (State Mandated Common Prerequisites):

Students should complete the following prerequisite courses listed below at the lower level prior to entering the university. If these courses are not taken at the community college, they must be completed before the degree is granted. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

- BSC X010/X010L
 Introduction to Biology I-Cellular Processes (with lab)
 Acceptable substitutes: PCB X010, PCB X011, PCB X021, PCB X131, BSC X040, BSC 2012
- BSC X011/X011L
 Introduction to Biology II-Diversity (with lab)
 Acceptable substitutes: ZOO X010, BOT X010, BSC X041, BOT X013
- CHM X045/X045L General Chemistry I (with lab)
 CHM X046/X046L General Chemistry II (with lab)
 CHM X210/X210L Organic Chemistry I (with lab)
 Acceptable substitutes: PHY 3043/3043L, PHY 3048/3048L, PHY 3049/3049L, or equivalent
- CHM X211/X211L Organic Chemistry II (with lab)
 Acceptable substitutes: PHY 3053/3053L, PHY 3048/3048L, PHY 3049/3049L, or equivalent
- MAC X311 Calculus I
 Acceptable substitutes: MAC 2233, MAC 2253, MAC

This is a non-limited access program with the above courses recommended.

Required Courses for the Microbiology Major

1. Department of Biology Courses-minimum 42 credit hours
- a. BSC 2010 Biology I Cellular Processes (3)
 BSC 2010L Biology I Cellular Processes Laboratory (1)
 BSC 2011 Biology II Diversity (3)
 BSC 2011L Biology II Diversity Laboratory (1)
- b. PCB 3023 Cell Biology (3)
 PCB 3023L Cell Biology Laboratory (1)
 PCB 3043 Principles of Ecology (3)
 PCB 3063 General Genetics (3)

2. Supporting Courses in the Natural Sciences-minimum 35 credit hours

- a. CHM 2045 General Chemistry I (3)
 CHM 2045L General Chemistry I Laboratory (1)
 CHM 2046 General Chemistry II (3)
 CHM 2046L General Chemistry II Laboratory (1)
- b. CHM 2210 Organic Chemistry I (3)
 CHM 2210L Organic Chemistry I Laboratory (2)
 CHM 2211 Organic Chemistry II (3)
 CHM 2211L Organic Chemistry II Laboratory (2)
- c. MAC 2241 Life Sciences Calculus I (4)
 and
 MAC 2242 Life Sciences Calculus II (4)
OR
 MAC 2281 Engineering Calculus I (4)
 and
 MAC 2282 Engineering Calculus II (4)
OR
 MAC 2311 Calculus I (4)
 and
 MAC 2312 Calculus II (4)
 STA 2023 Introductory Statistics I (4)
 may be substituted any Calculus II
- d. PHY 2048 General Physics I (3)
 PHY 2048L General Physics I Laboratory (1)
 PHY 2049 General Physics II (3)
 PHY 2049L General Physics II Laboratory (1)
OR
 PHY 2053 General Physics I (3)
 PHY 2053L General Physics I Laboratory (1)
 PHY 2054 General Physics II (3)
 PHY 2054L General Physics II Laboratory (1)
- e. BCH 3023 Introductory Biochemistry (3)
3. Meet all College and University requirements.

Minimum Grade for Majors

A student must receive a "C-" grade or better in all Department of Biology courses and Supporting Courses in the Natural Sciences, except if they are used as Free Elective courses. This specification applies to both USF and transfer courses. D and F grades earned in attempting to satisfy major requirements will be used in calculating the GPA, except if they are removed by grade forgiveness.

• CHEMISTRY (CHS/CHM/BMS/INS/MET)

The Department of Chemistry awards five degrees at the baccalaureate level: the Bachelor of Arts in Chemistry and, four Bachelor of Science degrees, in Chemistry, Biomedical Sciences, Interdisciplinary Natural Sciences, and Medical Technology. The Bachelor of Arts in Chemistry is also offered with an emphasis in Biochemistry or an emphasis for Health Professions. The Chemistry Department also awards three degrees at the graduate level, a non-thesis Master of Arts, the Master of Science and the Doctor of Philosophy. Each of the graduate degrees offers specialization in the areas of analytical chemistry, biochemistry, inorganic chemistry, organic chemistry and physical chemistry. The chemistry faculty is comprised of 28 full time members all of whom hold the Ph.D. degree. The combination of a large and strong faculty with a wide variety of courses and electives provides students with programs of study which can be tailored to fit individual needs while maintaining a sound background in all general aspects of chemistry.

Majors in chemistry are well prepared to enter a wide range of chemical careers as well as many interdisciplinary activities that are the hallmark of modern science and technology. These include teaching and research in academic, government and private settings, bio medical research and clinical practice, environmental activities, materials science, law, business and other professions. The Bachelor of Science is particularly designed for students wishing to continue with graduate training in chemistry and closely allied disciplines and graduates are certified for membership in the American Chemical Society. The Bachelor of Arts provides opportunities for curricula individually tailored to meet many career objectives.

General Requirements for the Majors in Chemistry

The required sequence of Chemistry courses should be started immediately in the freshman year; the mathematics and physics requirements should be completed before the junior year as preparation for CHM 4410 Physical Chemistry I (B.S. degree), courses which is to be taken in the third year. CHM 4410 is a prerequisite to other advanced courses required for the B.S. degree in chemistry. CHM 4060 "Use of Chemical Literature" also is a prerequisite to several B.S. degree courses.

A grade of C or better is required in each chemistry course and each supporting course specified for a chemistry degree. All courses in a chemistry program must be taken with letter grade (A, B, C, D, F, I) except those courses which are graded S/U only. (D and F grades earned in attempting to satisfy chemistry major requirements will be used in calculating the major GPA.) Nine hours of upper level chemistry courses must be completed at USF.

Liberal Arts Requirement. The student is required to complete the university's Liberal Arts Requirement. Chemistry and Mathematics courses required for chemistry degrees satisfy the Liberal Arts requirements in the areas of Natural Science and Quantitative Methods.

Free Electives. Courses over and above the required courses should be taken to complete a 120 hour program. Recommended courses are listed in the degree requirements below. Additional courses in computer programming, economics, management, engineering, statistics, writing, and other applied disciplines are strongly recommended to strengthen the degree for subsequent professional employment.

Transfer Credit: It is strongly recommended that students transferring from community/junior colleges to the University of South Florida complete whole sequences of chemistry courses, such as general and organic chemistry, before the transfer. Even though courses may carry the same common course number, topics may vary sufficiently from school to school.

Prerequisites (State Mandated Common Prerequisites) for Students Transferring from a Community College:

Students should complete the following **prerequisite courses** listed below at the lower level prior to entering the university. These include two semesters each of General Chemistry lecture and lab, Organic Chemistry lecture and lab, Calculus, and General Physics lecture and lab. If these courses are not taken at the community college, they must be completed before the degree is granted. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

CHM X045/X045L General Chemistry I (with lab) or
CHM 1040&1041, or 1045C, or 1045E
CHM X046/X046L General Chemistry II or CHM 1046C, or
1046E
MAC 2311 Calculus I or MAC 2281 Eng Calculus I
MAC 2312 Calculus II or MAC 2282 Eng Calculus II

CHM 2210/2210L Organic Chem I & Lab or CHM 2210C
CHM 2211/2211L Organic Chem II & Lab or CHM 2211C
OR
PHY 2048/2048L Gen Physics I & Lab or PHY 2048C, or PHY
2053C
PHY 2049/2049L Gen Physics II & Lab or PHY 2049C, or
PHY 2054C

BA in Chemistry (CHM)

The B.A. degree in Chemistry provides a course of study for students whose careers will require a thorough understanding of chemistry required for a variety of professional activities such as in health related professions, science teaching, business, law and other areas. Inherent in this program is a high degree of flexibility which permits tailoring a course of study to the student's own educational objectives. The B.A. student whose goals change in the direction of graduate study should supplement this curriculum by addition and/or substitution of a selection of advanced courses from the B.S. program. Prerequisites are included in the list below.

Required Chemistry Courses	(33 credit hours)
CHM 2045 General Chemistry I	(3)
CHM 2045L General Chemistry I Lab	(1)
CHM 2046 General Chemistry II	(3)
CHM 2046L General Chemistry II Lab	(1)
CHM 2210 Organic Chemistry I	(3)
CHM 2210L Organic Chemistry I Lab	(2)
CHM 2211 Organic Chemistry II	(3)
CHM 2211L Organic Chemistry II Lab	(2)
CHM 3120C Elementary Analytical Chemistry I	(4)
CHM 3610 Intermediate Inorganic Chemistry I	(3)
CHM 3610L Intermediate Inorganic Chem. I Lab	(1)
CHM 4410 Physical Chemistry I	(4)
CHM 4413 Biophysical Chemistry	(3)

Required Chemistry Electives (6 credit hours)
3000 level or above; may include not more than 1 hour of CHM 4970.

Suggested courses: BCH 3023, BCH 3023L, CHS 4300, CHM 4060, CHM 4070, CHM 4130, CHM 4611, CHM 4970, CHM 4932*, CHS 4301L.

*Content varies each semester.

Required Supporting Courses (14-16 credit hours)

MAC 2311 (4)	or	MAC 2281 (3)
MAC 2312 (4)		MAC 2282 (3)
PHY 2053 (3)		PHY 2054 (3)
PHY 2053L (1)		PHY 2054L (1)

Required natural science or engineering electives (8 credit hours) Suggested courses: BSC 2010, BSC 2011, GLY 2010, GLY 2100, EVR 2001, CGS 2060, STA 2023.

BA in Chemistry, emphasis in Biochemistry (CHM)

The Chemistry B.A. offers a unique opportunity for students to pursue later studies and/or professional emphasis in Biochemistry and Biotechnology along with a strong foundation in the chemical knowledge and skills that are essential to these areas. The following schedule of courses meets the requirements for a B.A. in Chemistry and provides core courses in other disciplines basic to biochemistry and biotechnology. Prerequisites are included in the list below.

Required Chemistry Courses (30 credit hours)

CHM 2045 General Chemistry I	(3)
CHM 2045L General Chemistry I Lab	(1)
CHM 2046 General Chemistry II	(3)
CHM 2046L General Chemistry II Lab	(1)
CHM 2210 Organic Chemistry I	(3)
CHM 2210L Organic Chemistry I Lab	(2)
CHM 2211 Organic Chemistry II	(3)
CHM 2211L Organic Chemistry II Lab	(2)
CHM 3120C Elementary Analytical Chemistry I	(4)
BCH 3023 Introductory Biochemistry	(3)
BCH 3023L Basic Biochemistry Lab	(2)
BCH 4034 Advanced Biochemistry	(3)

Required Chemistry Electives (9 credit hours)

Minimum of 9 hrs. selected from the following:

CHM 3610 Intermediate Inorganic Chemistry I*	(3)
CHM 3610L Intermediate Inorganic Chem. I Lab*	(1)
CHM 4060 Use of the Chemical Literature	(1)
CHM 4300 Biomolecules I	(3)
CHM 4070 Historical Perspectives in Chemistry	(3)
CHM 4410 Physical Chemistry I	(4)
CHM 4413 Biophysical Chemistry	(3)
CHM 4932 Selected Topics in Chemistry**	(3)

*Students anticipating graduate study are advised to select these courses.

**Spectroscopy is the only Selected Topics course acceptable for the Biochemistry track of the Chemistry B.A. degree.

Required Supporting Courses (22 - 24 credit hours)

MAC 2311 (4))	or	(MAC 2281 (4)
MAC 2312 (4))		(MAC 2282 (4)
PHY 2053 (3)				PHY 2054 (3)
PHY 2053L (1)				PHY 2054L (1)
BSC 2010 (3)				PCB 3023 (3)*
BSC 2010L (1)				PCB 3023L (1)

*BSC 2011, 2011L are required as pre-requisites to this course.

Other suggested electives important for advanced studies in biochemistry: CHM 4932*, CHM 4070, PCB 3063, PCB 5235, PCB 5525, STA 2023, MCB 3020, MCB 4502, PCB 4253, PCB 5845, EVR 2001.

*Content varies each semester.

BA in Chemistry, emphasis for Health Professions (CHM)

A chemistry core is essential for preparation for medical, dental, veterinarian and other health related professions. The B.A. in Chemistry includes this core as well as the flexibility to incorporate the other science courses required for admission to programs in the health professions. The course of study outlined below incorporates the goals for health related careers. Prerequisites are included in the list below.

Required Chemistry Courses (30 credit hours)

CHM 2045 General Chemistry I	(3)
CHM 2045L General Chemistry I Lab	(1)
CHM 2046 General Chemistry II	(3)

CHM 2046L General Chemistry II Lab	(1)
CHM 2210 Organic Chemistry I	(3)
CHM 2210L Organic Chemistry I Lab	(2)
CHM 2211 Organic Chemistry II	(3)
CHM 2211L Organic Chemistry II Lab	(2)
CHM 3120C Elementary Analytical Chemistry I	(4)
BCH 3023 Introductory Biochemistry	(3)
CHS 4300 Fundamentals of Clinical Chem.	(3)
CHS 4301L Fundamentals of Clinical Chem. Lab	(2)

Required Chemistry Electives (9 credit hours)

Minimum of 9 hours selected from the following:

BCH 3023L Basic Biochemistry Lab	(2)
BCH 4034 Advanced Biochemistry	(3)
CHM 3610 Intermediate Inorganic Chemistry*	(3)
CHM 3610L Intermediate Inorganic Chem Lab*	(1)
CHM 4060 Use of the Chemical Literature	(1)
CHM 4070 Historical Perspectives in Chemistry	(3)
CHM 4410 Physical Chemistry I	(4)
CHM 4413 Biophysical Chemistry	(3)

Required Supporting Courses (22-24 credit hours)

MAC 2311 (4))	or	(MAC 2281 (4)
MAC 2312 (4))		(MAC 2282 (4)
PHY 2053 (3)				PHY 2054 (3)
PHY 2053L (1)				PHY 2054L (1)
BSC 2010 (3)				BSC 2010L (1)
PCB 4723 (3))	or	(PCB 3023 (3)
PCB 4723L (1))		(PCB 3023L (1)

Other suggested electives important for advanced studies in health professional vocations: BSC 2011, PCB 3063, PCB 5235, PCB 5525, STA 2023, MCB 3020, PCB 4723, ZOO 4753, ZOO 3713, MCB 4502, CHM 4932*, PCB 4253, PCB 5845.

*Content varies each semester.

BS in Chemistry (CHS)

The Bachelor of Science in Chemistry is a rigorous program that supplies the foundation in chemistry required for both the student who begins a chemical vocation immediately upon graduation as well as the one who pursues advanced study in chemistry or related areas. In accord with this goal, the curriculum for the B.S. degree in Chemistry meets the requirements for degree certification by the American Chemical Society. Because of the strong base developed in this curriculum, the B.S. in Chemistry also provides entry into other chemistry related advanced studies. Prerequisites are included in the list below.

Required Chemistry Courses (50 credit hours)

CHM 2045 General Chemistry I	(3)
CHM 2045L General Chemistry I Lab	(1)
CHM 2046 General Chemistry II	(3)
CHM 2046L General Chemistry II Lab	(1)
CHM 2210 Organic Chemistry I	(3)
CHM 2210L Organic Chemistry I Lab	(2)
CHM 2211 Organic Chemistry II	(3)
CHM 2211L Organic Chemistry II Lab	(2)
BCH 3023 Introductory Biochemistry	(3)
CHM 3120C Elementary Analytical Chemistry I	(4)
CHM 3610 Intermediate Inorganic Chemistry I	(3)
CHM 3610L Intermediate Inorganic Chem. I Lab	(1)
CHM 4060 Use of the Chemical Literature	(1)
CHM 4130C Methods of Instrumental Analysis	(4)
CHM 4131C Methods of Chemical Investigation	(4)
CHM 4410 Physical Chemistry I	(4)
CHM 4410L Physical Chemistry Laboratory	(1)
CHM 4411 Physical Chemistry II	(4)
CHM 4611 Advanced Inorganic Chemistry	(3)

Required Supporting Courses (20-23 credit hours)

MAC 2311 (4)) or (MAC 2281 (3)
MAC 2312 (4)		MAC 2282 (3)
MAC 2313 (4)		MAC 2283 (3)
PHY 2048 (3)		PHY 2049 (3)
PHY 2048L (1)		PHY 2049L (1)

Required natural science or engin. elective (3-6 hours)

1 - 3000 level course (PHY 3101, MAP 4302 suggested)
or
2 - 2000 level courses (BSC 2010, BSC 2011, GLY 2010, GLY 2100, EVR 2001, CGS 2060, CGS 2100, EGN 2210)
Other suggested chemistry electives: CHM 4970, BCH 3023L, CHM 4070, CHM 4932*.

*Content varies each semester.

Minor in Chemistry

Minimum of 24 total hours. Eight hours of approved Chemistry coursework must be completed at USF. Students apply for a minor when submitting a graduation application (i.e., there is no need to "declare" a minor).

Biomedical Sciences, Interdisciplinary Natural Sciences, and Medical Technology majors are not eligible for the minor in Chemistry.

Required Chemistry Courses (14 credit hours)

CHM 2045 General Chemistry I	(3)
CHM 2045L General Chemistry I Lab	(1)
CHM 2046 General Chemistry II	(3)
CHM 2046L General Chemistry II Lab	(1)
CHM 2210 Organic Chemistry I	(3)
CHM 2210L Organic Chemistry I Lab	(2)
CHM 4060 Use of Chemical Lit.	(1)

Chemistry Electives (Minimum 10 hours)

Choose 10 hours of structured classes, applicable to the major. Chemistry courses used to satisfy a major requirement cannot be used toward a minor in Chemistry.

NOTE: In all laboratory classes the lecture is PR/CR.

BCH 3023 Introductory Biochemistry	(3)
BCH 3023L Basic Biochemistry Lab	(2)
CHM 2211 Organic Chemistry II	(3)
CHM 2211L Organic Chemistry II Lab	(2)
CHM 3120C Elementary Analytical Chemistry	(4)
CHM 3610 Intermediate Inorganic Chemistry	(3)
CHM 3610L Intermediate Inorganic Chem. Lab	(1)
CHM 4300 Biomolecules	(3)
CHM 4410 Physical Chemistry I	(4)
CHM 4932 Selected Topics in Chemistry*	(1-3)
CHS 4300 Fund. Clinical Chemistry	(3)

*Note: CHM 4932 content varies each semester. Recent topics include: Chemical Archaeology, Applied Spectroscopy, NMR, Toxic Substances, Antibiotics, Analytical Environmental Methods, Chemistry of Materials, Polymer Chemistry, Spectroscopy, & Computer in Chemistry.

• BIOMEDICAL SCIENCES (BMS)

Biomedical Sciences is designed to fulfill the major requirements for professional schools in the Health Sciences (e.g. Medicine, Veterinary Medicine, Dentistry). Students contemplating graduate study should pursue a major in the discipline of their interest, such as Biology, Chemistry, or Microbiology. Students must attain a C- or higher in all required courses for the Major.

Prerequisites (State Mandated Common Prerequisites) for Students Transferring from a Community College:

Students should complete the following **prerequisite courses** listed below at the lower level prior to entering the university. If these courses are not taken at the community college, they must be completed before the degree is granted. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

BSC X010, X010L & BSC X011, X011L Biology I and II with Lab	8
and	
CHM X045 & CHM X045L General Chemistry & Lab	4
CHM X046 & CHM X046L General Chemistry II & Lab	4
CHM X210 & CHM X210L Organic Chemistry & Lab	4
CHM X211 & CHM X211L Organic Chemistry II & Lab	4
and	
PHY X053 & X053L General Physics I & Lab	4
or	
BSC X093 Human Anatomy & Physiology I	4
and	
PHY X054 & X054L General Physics II & Lab	4
or	
BSC X094 Human Anatomy & Physiology II	4
and	
MAC X241 Life Sciences Calculus	4
or	
MAC X311 Calculus I	4
and	
MAC X242 Life Sciences Calculus II	4
or	
MAC X312 Calculus II	4
or	
STA X023 Introductory Statistics I	3
or	
STA X122 Social Science Statistics	3
or	
STA X014	3
or	
STA X024 Introductory Statistics II	3
or	
STA X321 Essentials of Statistics	3
or	
Equivalent	

Please be aware of the immunization, foreign language, and continuous enrollment policies of the university. This is a non-limited access program with the above courses recommended.

Tier 1 - Required Biology and Chemistry Courses:

Biology:	
BSC 2010 Biology I - Cellular Processes	(3)
BSC 2010L Biology I Lab	(1)
BSC 2011 Biology II - Diversity	(3)
BSC 2011L Biology II Lab	(1)
MCB 3020C General Microbiology	(4)

Chemistry:

CHM 2045 General Chemistry I	(3)
CHM 2045L General Chemistry I Lab	(1)
CHM 2046 General Chemistry II	(3)
CHM 2046L General Chemistry II Lab	(1)
CHM 2210 Organic Chemistry I	(3)
CHM 2210L Organic Chemistry I Lab	(2)
CHM 2211 Organic Chemistry II	(3)
CHM 2211L Organic Chemistry II Lab	(2)
BCH 3023 Introductory Biochemistry	(3)

Required Supporting Courses:

Mathematics:*	
MAC 2241 Life Sciences Calculus I	(4)
MAC 2242 Life Sciences Calculus II	(4)
or	
STA 2023 Introductory Statistics	(4)

*MAC 2311 and MAC 2312 are also acceptable for the major.

Physics:*

PHY 2053 General Physics I	(3)
PHY 2053L General Physics I Lab	(1)
PHY 2054 General Physics II	(3)

PHY 2054L General Physics II Lab (1)

*Students may substitute Human Anatomy or Physiology I and II (BSC 2093C & 2094C or BSC 2085, 2085L & BSC 2086, 2086L) for Physics I & II

Tier 2 - Required Biomedical Electives:

Minimum of 14 credits from the following to include:

- 9 credits minimum of Biology and Chemistry Coursework from the lists below, with no fewer than 3 credits in both Biology and Chemistry.
- Lab Requirement: Students must choose at least one upper-division Lab (must take co-requisite lecture) or combined lecture/lab course.
- Chemistry Residency Requirement: 7 credits of Chemistry coursework, upper or lower division, must be completed at USF.

Biology:

BOT 3850	Medical Botany	(3)
MCB 4115C	Determinative Bacteriology	(5)
MCB 4404	Microbial Physiology and Genetics	(4)
MCB 4404L	Microbial Physiology and Genetics Lab	(1)
MCB 4503	Virology	(3)
MCB 5206	Public Health & Pathogenic Microbiology	(3)
MCB 5815	Medical Mycology	(3)
PCB 3023	Cell Biology	(3)
PCB 3023L	Cell Biology Lab	(1)
PCB 3063	General Genetics	(3)
PCB 3063L	Genetics Lab	(1)
PCB 3712	General Physiology	(3)
PCB 3713L	General Physiology Lab	(1)
PCB 4234	Principles of Immunology	(3)
PCB 4522C	Experimental Genetics	(3)
PCB 4843	Principles of Neuroscience	(3)
ZOO 3713C	Comparative Vertebrate Anatomy*	(4)
ZOO 4753C	Histology*	(4)

*Combined course - satisfies lab requirement

Chemistry:

BCH 3023L	Biochemistry Lab	(2)
BCH 4034	Advanced Biochemistry	(3)
CHM 3120C	Elem. Analytical Chemistry	(4)
CHM 3610	Intermediate Inorganic Chemistry	(3)
CHM 3610L	Intermediate Inorganic Chemistry Lab	(1)
CHM 4413	Biophysical Chemistry	(3)
CHM 4300	Biomolecules I	(3)
CHM 4932	Selected Topics in Chemistry	(1-3)
CHS 4300	Fundamentals of Clinical Chemistry	(3)
CHS 4301L	Clinical Laboratory	(2)

Other:

BMS 4402	Principles of Human Pharmacology	(3)
HSC 4504	Foundations of Public Health Immunology*	(3)
PHZ 4702	Applications of Physics to Biology & Medicine I	(4)
PHZ 4703	Applications of Physics to Biology & Medicine II	(4)

*cannot use both HSC 4504 & PCB 4243

• INTERDISCIPLINARY NATURAL SCIENCES (INS)

The Interdisciplinary Natural Science degree serves the academic and career goals of undergraduate students who seek a broad education in the Natural Sciences (Biology, Chemistry, Physics, Mathematics, Geology).

For information on teacher certification in science or mathematics, prospective teachers should consult the section

entitled Teacher Education Programs and also consult the College of Education section of the catalog.

Recommended Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

There are no State Mandated Common Prerequisites for this degree program.

Students are encouraged to complete as many of the following courses as possible, during the program of study at the community college, and when feasible in General Education/Gordon Rule courses. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

Biology I and Biology II (BSC 2010, 2010L, BSC 2011, 2011L)	8
Calculus (MAC 2241, MAC 2242 or MAC 2311, MAC 2312)	8
General Chemistry (CHM 2045, CHM 2045L, CHM 2046, CHM 2046L)	8
General Physics (PHY 2053, PHY 2053L, PHY 2054, PHY 2054L or PHY 2048, PHY 2048L, PHY 2049, PHY 2049L)	8
Introduction to Physical Geology and History of the Earth and Life (GLY 2010, GLY 2000L, GLY 2100, GLY 2100L)	8

Requirements for the Major in Interdisciplinary Natural Sciences

Coursework required for Interdisciplinary Natural Science majors:

TIER 1

Two introductory courses in each of 5 natural sciences areas (Math, Physics, Chemistry, Biology, Geology) totaling 40 hours:

Calculus I and II (MAC 2241, 2242 or MAC 2311, 2312 or MAC 2281, 2282) (STA 2023 could be substituted for Calculus II)
Biology I and II (BSC 2010, 2010L and BSC 2011, 2011L)
General Chemistry I and II (CHM 2045, 2045L and CHM 2046, 2046L)
Geology I and II (GLY 2010, 2000L and GLY 2100, 2100L)
Physics I and II (PHY 2053, 2053L, 2054, 2054L, or PHY 2048, 2048L, 2049, 2049L)

TIER 2

At least 8 hours of structured, upper division (3000 level or higher) courses in three of the five natural sciences areas, totaling 24 hours. All Tier 2 courses in the sciences will be selected by the individual student, but must be chosen from the list of courses approved for department Major credit.

Residency

At least 12 of the 24 hours at Tier 2 must be taken at USF.

• MEDICAL TECHNOLOGY (MET)

The University of South Florida offers a four year program leading to the Bachelor of Science degree in Medical Technology. The first three years are completed on campus; the fourth

year (12 months) is completed at one of five affiliated hospitals in Florida, located in Tampa, Orlando, and Jacksonville. Admission to the fourth year is limited by the number of openings in affiliated hospitals and, at the present time, is competitive. Selection for the clinical program is made by the hospitals and students not admitted to a clinical program may need to select an alternate degree. Generally, hospitals require a minimum GPA of 2.5, and our students admitted to clinical programs in recent years have had a mean GPA of about 3.0.

All courses required for admission to the clinical program must be completed prior to beginning the clinical year. These requirements include:

1. A minimum of 90 semester hours (excluding physical education.)
2. All university Liberal Arts requirements.
3. Writing and computation requirements for Gordon Rule 6A 10.30.
4. All sciences and mathematics requirements listed below, including Common Prerequisites and those specific to USF, with a "C" or higher in each course.

Prerequisites (State Mandated Common Prerequisites) for Students Transferring from a Community College:

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university.

A student who transfers with fewer than 60 semester hours of acceptable credit must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following **prerequisite courses** listed below at the lower level prior to entering the university. If these courses are not taken at the community college, they must be completed before the degree is granted. Unless stated otherwise, a grade of "C" is the minimum acceptable grade. They may be completed at a community college or other institution or at USF.

- 1) General Biology I with lab (4)
(e.g. BSC1010C, BSC1011C, BSC1010/1010L, BSC 1011/1011L, BSC 2010/2010L, PCB 2011C, PCB 2131/2131L, BSC 2011/2011L, ZOO 2010, ZOO 1010)
- 2) Human Anatomy and Physiology I with lab (4)
(e.g. BSC 1085/1085L, BSC 1085C, BSC 1093, BSC 2093C, BSC 2085/2085L, BSC 1011C, BSC 2011, PCB 4703, PCB 3703, PCB 3702, PCB 3702,3,4 (student's choice of one of these three labs), PCB 3703C, BSC 2085C, BSC 2023C)
- 3) Human Anatomy and Physiology II with lab (4)
(e.g. BSC 1086/1086L, BSC 1086C, BSC 2094C, ZOO 3733C, ZOO 3731, PCB 3134C, PCB 2131, BSC 1094, BSC 2096, BSC 2011, PCB 2510/2510L, BSC 2086C)
- 4) General Microbiology with lab (4)
(e.g. MCB 3020/3020L, MCB 2013/2013L, MCB 2013C/2013L, MCB 3023/3023L, MCB 3020C, MCB 2010/2010L)
- 5) General Chemistry I with lab (4)
(e.g. CHM 1045/1045L, CHM 1045C, CHM 2045/2045L)
- 6) General Chemistry II with lab (4)
(e.g. CHM 1046/1046L, CHM 1046C, CHM 1040/1040L, CHM 1041/1041L, CHM 1046E/1046L, CHM 2046/2046L)
- 7) Organic Chemistry I with lab (4 5)
(e.g. CHM 2210/2210L, CHM 2010/2010L, CHM 2210C, CHM 3210)
- 8) Organic Chemistry II with lab (4 5)
(e.g. CHM 2211/2211L, CHM 2011/2011L, CHM 2211C, CHM 3211/3211L, CHM 3120/3120L, CHM 2120/2120L, CHM 2120C, CHM 3120C)
- 9) Statistics (3-4)
(e.g. STA 2023, STA 2014, STA 2122, STA 2037, STA 2040, STA 2024, STA 2321, STA 3023)

Students should carefully follow all prerequisite requirements for individual courses. The USF courses recommended to meet the state mandated prerequisites as listed above are:

- | | |
|-----------------------------------------------------------------------------------------|-------|
| General Biology I with lab (BSC 2010,2010L) | (4) |
| Human Anatomy and Physiology I (with lab where available) (BSC 2093C or BSC 1085,1085L) | (3-4) |
| General Biology II with lab (BSC 2011,2011L) | (4) |
| General Microbiology with lab (MCB 3020C) | (4) |
| General Chemistry I with lab (CHM 2045,2045L) | (4) |
| General Chemistry II with lab (CHM 2046,2046L) | (4) |
| Organic Chemistry I with lab (CHM 2210,2210L) | (4-5) |
| Organic Chemistry II with lab (CHM 2211,2211L) | (4) |
| Statistics (STA 2023) | (4) |

In addition to the Common Prerequisites listed above, the following courses are required for the degree at USF:

- | | |
|-------------------------------------------------|-------|
| College Algebra (MAC 1105 or MAC 1147) | (3-4) |
| Cell Biology with lab (PCB 3023,L) | (4) |
| Immunology (PCB 5235 or equivalent) | (3) |
| Determinative Bacteriology with lab (MCB 4115C) | (5) |
| Biochemistry (BCH 3023) | (3) |

Ability to use computers is essential for work in a modern laboratory. Hospitals recommend elective courses in use of computers and in management.

Upon successful completion of this curriculum and acceptance by one of the affiliated hospitals, the student will complete 12 continuous months of training at that hospital. Hospital programs begin in July or early August each year, and some hospitals also have programs beginning in January or February. During this clinical training, the student will continue to be registered as a full time student of the university and will receive a total of 30 credit hours of work in:

- MLS 4031 Introduction to Medical Technology
- MLS 4861 Clinical Immunology
- MLS 4863 Clinical Microbiology
- MLS 4865 Clinical Immunohematology
- MLS 4860 Clinical Urinalysis and Body Fluid
- MLS 4862 Clinical Hematology
- MLS 4864 Clinical Chemistry
- MLS 4866 Clinical Laboratory Management and Education

These courses, listed under "Interdisciplinary Arts and Sciences," will be taught at the hospital. A "C" or higher must be earned in each course. Students successfully completing this program will be granted a Bachelor of Science degree in Medical Technology.

Teacher Education Programs

For information concerning the degree programs for secondary school teachers, see College of Education section this Catalog and junior college teachers, see USF Graduate Catalog.

• COMMUNICATION (SPE)

Communication focuses on the concepts, theories, and practice of human communication. Students apply their understanding of communication research and principles to personal, professional, and community relationships and concerns.

The department encourages students to tailor their programs of study to meet their own interests. Majors select from one of three areas of concentration: Performance Communication, Interpersonal and Organizational Communication, or Public and Cultural Communication.

The Honors Program in Communication allows qualified students to pursue advanced study. A minor in Communication is also available.

Requirements for the Major in Communication

A major in Communication requires a minimum of 36 credit hours from departmental offerings. A final grade of "D" within a departmental course will not be counted toward a Communication major. Courses may not be taken S/U where a grade option exists.

Prerequisites (State Mandated Common Prerequisites)

Students must complete SPC 2600, Public Speaking, before being admitted to the Communication major. A student can be admitted to the university without SPC 2600, but it must be completed as part of requirements for the major. A grade of "C" is the minimum acceptable grade.

Please be aware of the immunization, foreign language, and continuous enrollment policies of the university. This is a non-limited access program.

I. Prerequisites (3 hours)

This course is a prerequisite for declaring the communication major:

SPC 2600 Public Speaking

In addition, admittance to the major is limited to those students who have completed at least 30 hours of college level work and have achieved an overall grade point average in all college courses of 2.5 or above.

II. Core Distribution Requirements (12 hours)

Students must take each of these four courses as early as possible in the major. These courses are prerequisites for taking many of the more advanced courses in the respective areas.

COM 2000 Introduction to Communication

ORI 2000 Introduction to Communication as Performance

SPC 3301 Interpersonal Communication

SPC 2541 Persuasion

III. Area of Concentration (9 hours)

Students must take a minimum of 9 hours in one of the three areas of concentration.

Performance Communication

ORI 3950 ORI 4931 ORI 4120

ORI 4310 SPC 4201

Interpersonal and Organizational Communication

COM 3120 COM 3014 COM 4020

COM 4124 COM 4710 COM 4942

SPC 3212 SPC 3425 SPC 4305

SPC 4310 SPC 4431

Public and Cultural Communication

COM 4030 COM 4022 SPC 3230

SPC 3513 SPC 3631 SPC 3653

SPC 3680 SPC 3710 SPC 4683

SPC 4632 SPC 4680 SPC 4714

IV. Departmental Electives (12) hours

Students must take 12 additional hours of elective coursework in the Department of Communication at the 3000-level or higher, which must include at least 6 hours from outside the student's "area of concentration."

The following three classes count as electives outside the area of concentration for everyone (regardless of the concentration chosen):

COM 3122 Interview Communication

SPC 3601 Advanced Public Speaking

SPC 4930 Selected Topics Course (titles and topics vary each semester)

Communication Honors Program

The Honors Program in Communication provides an opportunity for exceptional undergraduate students in Communication to work closely with a faculty member in an intensive research experience. Each Honors student is required to complete and defend an undergraduate Honors Thesis. Application to the program ordinarily occurs during the second

semester of the junior year or prior to completion of 90 semester hours. Admission to the program is based on the student's overall academic record, performance in communication courses, and recommendations of faculty. To be admitted to the program, a student should have at least a 3.5 GPA in all communication courses and a 3.0 cumulative GPA. Students are required to complete 3 hours of Honors Reading and 3 hours of Honors Thesis. Students interested in the Honors Program should consult the department for further information about admission and program requirements.

Requirements for the Minor in Communication

The minor in Communication is available to students pursuing any other major at USF. The minor in Communication requires a minimum of 18 hours of departmental coursework, including:

SPC 2600 Public Speaking

COM 2000 Introduction to Communication

The other 12 hours may be selected from among departmental offerings and must include a minimum of 6 hours at the 3000-level or higher. A grade of "D" will not be counted toward a Communication minor. Courses may not be taken S/U where a grade option exists.

• COMMUNICATION SCIENCES AND DISORDERS (LSH, ITT, DST)

The undergraduate program in Communication Sciences and Disorders (CSD) offers three curriculum concentrations that lead to the B.A. degree. 1) The undergraduate concentration in Speech-Language-Hearing Science (LSH) provides pre-professional study that prepares the student for Master's level preparation in Speech-Language Pathology, or Deaf Education, or for entry into the clinical Doctor of Audiology degree (AuD). 2) The undergraduate curriculum in the Deaf Studies (DST) concentration focuses on the study of deaf culture through the development of communicative proficiency in ASL and prepares the individual to work with the deaf in a variety of social service settings. 3) The Interpreter Training (ITT) undergraduate curriculum prepares individuals to work in settings with clients who require American Sign Language Interpretation skills due to their hearing impairment or deafness. Students interested in these concentrations should contact the Department of Communications Sciences and Disorders regarding academic advising. The Department also offers the Master's of Science degree in Speech-Language Pathology and Deaf Education and a doctor of Audiology Degree is awarded.

Concentrations in Communication Sciences and Disorders (CSD)

Recommended Prerequisites (State Mandated Common Prerequisites)

Students are encouraged to complete the A.A. degree at the community college. Some courses required for the Speech-Language-Hearing (LSH) or Deaf Studies (DST) major may also meet General Education Requirements thereby transferring maximum hours to the university.

Students entering the university with fewer than 60 semester hours of acceptable credit, must meet the university's entering freshman requirements including ACT and SAT test scores, GPA, and course requirements.

Students who plan to major in LSH and DST are encouraged to complete the following prerequisites during the program of study at the community college:

- | | |
|----------------------------------------------------|---|
| I. PSY 2012 Psychological Science I | 3 |
| STA 2122 Social Science Statistics (or equivalent) | 3 |
| BSC 1085 Human Anatomy & Physiology I | 3 |
| BSC 1085L Human Anatomy & Physiology I Lab | 1 |
| or equivalent work such as: | |

- BSC 2093 Human Anatomy & Physiology I **3**
and
 PHY 2020 Conceptual Physics **3**
- II. Complete the foreign language requirement
 NOTE: Students who select ASL as their foreign language and are seeking a bachelor of arts degree in DST are required by the Department of Communication Sciences and Disorders to complete satisfactorily at least one upper level course in ASL at the University of South Florida or to demonstrate proficiency in ASL.
- III. Admission to the program of study for Interpreters Training (ITT) requirement: ability to use ASL at the intermediate level of a standardized ASL competency test such as the Sign Communication Proficiency Index (SCPI) or other equivalent evaluation. Completing a community college interpreter training program curriculum is highly recommended.

There are no State Mandated Common Prerequisites for this degree program.

Please be aware of the immunization, foreign language, and continuous enrollment policies of the university. This is a non-limited access program with the above courses recommended.

Students are encouraged to join the USF chapter of the National Student Speech-Language-Hearing Association. This group is affiliated with the American Speech-Language-Hearing Association (ASHA) and has many membership benefits.

A. General Information and Upper-level Requirements for the Degree

All undergraduates seeking enrollment in this department must be in good academic standing as undergraduate students at the University of South Florida. Prior to beginning coursework in the junior year in the department, students should complete general education requirements, and have achieved 60 semester hours of coursework. Students with advising concerns relative to their first 60 semester hours are encouraged to meet with undergraduate departmental advisors since required and recommended courses for admission into the LSH or DST concentration will also meet other university requirements.

B. Recommended prerequisites

Required Courses:

- BSC 2085 Human Anatomy and Physiology I
 BSC 2085L Human Anatomy and Physiology I Lab
or
 BSC 2093 Human Anatomy & Physiology I
 PHY 2020 Conceptual Physics
 PSY 2012 Introduction to Psychological Science
 or equivalent

C. Speech--Language--Hearing Concentration (LSH) (min. 48 credit hours)

Coursework is sequenced for the LSH concentration in Speech--Language--Hearing Science. All students must complete study in basic knowledge of the communication sciences and in basic knowledge of communication disorders. Upon admission to the concentration, each student will be assigned an advisor to provide guidance in academic planning.

The course of study includes:

- | | | |
|--------------|--------------|--------------|
| SPA 3002 (3) | SPA 3112 (3) | SPA 4222 (3) |
| SPA 3004 (3) | SPA 3310 (3) | SPA 4555 (3) |
| SPA 3011 (3) | SPA 4050 (3) | SPA 4632 (3) |
| SPA 3030 (3) | SPA 4201 (3) | SPA 4930 (6) |
| SPA 3101 (3) | SPA 4210 (3) | STA 2122 (3) |

Students interested in teacher certification in deaf education must complete required education courses in addition to all CSD requirements listed under Sections B, C and D. Effective July, 1989, the academic requirement for employment in the public school system for Speech-Language Pathologists is the Master's degree.

E. Deaf Studies Concentration (DST)(min. 30 credit hours)

New students are not being admitted to the DST Major for the 2008/2009 year while the curriculum is being restructured.

The DST concentration seeks to educate students to communicate with the deaf and to apply this knowledge in work settings where knowledge of the deaf culture is essential for the provision of social services. This DST concentration is not intended to prepare interpreters for the deaf although exceptionally proficient students may qualify as interpreters. This concentration also does not qualify students for admission into the M.S. programs in Speech-Language Pathology or Deaf Education, nor the Doctor of Audiology Program. Those students choosing to become teachers of the deaf must pursue the LSH concentration in Speech-Language-Hearing Science and obtain the M.S. degree in Aural Rehabilitation/Deaf Education.

General admission requirements and recommendations for DST are identical to the LSH concentration in Speech-Language-Hearing Science. The specific course of study for the DST concentration also assumes that the student has completed an A.A. degree or its equivalency. Upon admission to the concentration, each student will be assigned an advisor for the purpose of academic planning. The following courses are included in the major:

- | | | |
|----------------------|---------------|--------------|
| SPA 3002 (3) | SPA 2612C (4) | SPA 3633 (3) |
| SPA 3004 (3) | SPA 2613C (4) | or |
| SPA 3030 (3) | SPA 4614C (4) | SPA 4632 (3) |
| SPA 3310 (3) | SPA 4617C (4) | |
| Other electives (6). | | |

F. Interpreter Training Concentration (ITT)

The ITT concentration seeks to educate students to become interpreters for deaf individuals. A program of 56-59 credit hours is planned for the student majoring in the Interpreter Training concentration. Course content is distributed across six categories of information and skills necessary for a career in Interpreting:

1. Role of the Interpreter in various settings
2. Working with deaf consumers of various backgrounds and/or having multiple disabilities
3. Cognitive Skills, Language Development and Translation Skills in ASL and English
4. Techniques and Applications of Interpreting
5. Professional Practices of the Interpreter
6. Internship

Students wishing to enter the ITT major must successfully complete SPA 2612C, SPA 2613C, SPA 4614C and SPA 4615C (or the lower level equivalent courses at the community colleges) with a grade point average for these four courses of 3.0 or higher. The specific course of study for the ITT concentration assumes that the student has completed the language proficiency prerequisites in American Sign Language. Upon admission to the concentration, each student will be assigned an advisor for the purpose of academic planning. Interested students should contact the coordinator of the Interpreter Training Program in the Department.

Prerequisites for Admission

- | | |
|-----------|-------------------------------------|
| SPA 2612C | Basic American Sign Language |
| SPA 2613C | Intermediate American Sign Language |
| SPA 4614C | Advanced American Sign Language |
| SPA 4615C | American Sign Language IV |
| SPA 4617C | Structure of Sign Language |
| SPA 3633 | American Deaf Culture |

The course of study includes:

- | | | |
|--------------|--------------|--------------|
| EDF 3604 (3) | SPA 3004 (3) | SPA 4655 (2) |
| EEX 4070 (3) | SPA 3650 (3) | SPA 4656 (4) |
| ISS 3010 (3) | SPA 3664 (4) | SPA 4657 (4) |
| LIN 3010 (3) | SPA 3665 (4) | SPA 4658 (4) |
| SPA 3673 (3) | SPA 3666 (3) | SPA 4685 (4) |
| OR | SPA 4654 (2) | SPA 4691 (3) |
| SPA 3310 (3) | | SPA 4962 (1) |

• ECONOMICS (ECO)

Economics offers a clear and logical way of thinking about complicated issues such as unemployment, inflation, pollution, and crime. The department offers broad course choices allowing students to tailor their programs to provide training for professional careers in business, teaching, government, and law. Students interested in majoring or minoring in economics should contact the undergraduate advisor in the Economics Department for more information.

Requirements for the Major in Economics

Prerequisites (State Mandated Common Prerequisites) for Students Transferring from a Community College:

The State of Florida has identified common course prerequisites for the major in Economics. These courses must be completed with a minimum grade of "C" before the degree is granted. If the courses are not transferred in, they may be taken at USF.
ECO X013 Economic Principles: Macroeconomics
and
ECO X023 Economic Principles: Microeconomics
or
ECOXXXX and ECOXXXX

Coursework in the Economics Major:

A student may earn a Bachelor of Arts degree with a major in Economics by satisfactorily completing 33 credits in Economics in addition to college requirements. The 33 credits must include:

ECO 2013 Economic Principles: Macroeconomics	(3)
ECO 2023 Economic Principles: Microeconomics	(3)
ECO 3101 Intermediate Price Theory	(3)
ECO 3203 Intermediate Macroeconomics	(3)
QMB 2100 Business and Economic Statistics I	(3)
QMB 3200 Business and Economics Statistics II	(3)
Economics electives numbered 3000 or higher	(15)

ECP 3703, Managerial Economics (formerly ECO 3100), may be substituted for ECO 3101. Students may not take both for credit.

ECO 1000 (if taken before both ECO 2013 and ECO 2023) may be substituted for a maximum of 3 hours of upper level elective credit.

Students must obtain a grade of "C-" or higher in ECO 3101 or ECP 3703 (formerly ECO 3100) in order to enroll in any course for which ECO 3101 or ECP 3703 is a prerequisite.

No more than 3 hours credit can be applied toward a major from ECO 4905 and/or ECO 4914.

At least 12 hours of upper level credit must be taken in residence at USF.

Economics majors working at the regional campuses may not be able to fulfill all economics course requirements at those campuses.

Requirements for the Minor in Economics

All students, regardless of college, can earn a minor in Economics by satisfactorily completing 18 hours in Economics including:

ECO 2013 Economic Principles: Macroeconomics	(3)
ECO 2023 Economic Principles: Microeconomics	(3)
Economics electives numbered 3000 or higher (may include QMB 3200)	(12)

ECO 1000, if taken before both ECO 2013 and ECO 2023, may be substituted for 3 hours of upper level electives. Before being recognized as a minor in economics a student must obtain program approval by the Economics Department Undergraduate Advisor. A grade point average of 2.0 or higher must be achieved in the minor course work at USF and in all minor courses completed at any institution. At least 9 hours must be taken in residence at USF.

The Economics Pre-Law Curriculum

Economic principles provide the foundation for much of our legal system. Economics offers a series of courses to provide the abstract and applied skills required by those seeking legal careers.

Beyond ECO 2013 Economic Principles: Macroeconomics and ECO 2023 Economic Principles: Microeconomics, students should elect ECP 4451 Law and Economics, ECP 3413 Economics of Regulation and Antitrust, and ECO 4505 Economics of Crime. Additional courses of interest are ECO 4504 Public Finance, ECP 3530 Economics of Health, ECP 3302 Environmental Economics, ECP 3203 Labor Economics, and ECP 3201 Economics of Women and Work.

The Economics Pre Law Curriculum fits easily within the Economics major or minor but is open to other students.

Five-year Bachelor/Master Degree Program

This program allows superior students with strong analytical skills and the ability to handle a fast paced, challenging program the opportunity to complete both the Bachelor and Master degrees in economics in five years.

The program requires the students to take two graduate level courses required for the MA degree during the last year in the Bachelor program. These 6 hours are counted as general electives (not major electives) in the undergraduate program and are also used to satisfy the requirements for the MA in economics. After completing the 120-hour Bachelor's program, five-year students take 24 hours at the graduate level.

To be eligible for the program, a student must have completed at least 6 hours of 3000 level or above economics courses at USF (not including statistics), have an overall grade point average of 3.0 or above, and have a minimum of 3.25 cumulative grade point average in all economics courses (including statistics).

To apply for admission, send a letter to the Undergraduate Program Director in the Department of Economics stating your qualifications and desire to enter the program. To plan your program, or for additional information, see the Undergraduate Advisor in Economics.

• ENGLISH (ENG)

Requirements for the Major in English

Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements, thereby transferring maximum hours to the university. If students transfer without an A.A. degree and have fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements, including ACT or SAT test scores, GPA, and course requirements.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university. The English Department does not accept Sign Language as a foreign language.

Students should complete the following **prerequisite courses** listed below at the lower level prior to entering the university. If these courses are not taken at the community college, they must be completed before the degree is granted. Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

ENC 1101 Composition I

ENC 1102 Composition II

or

Six semester hours earned in courses taught in the English Department, **EACH** with 6,000 words of evaluated writing for a **TOTAL** of 12,000 words.

Suggested electives:

AMH 2010 American History I	3
AMH 2020 American History II	3

EUH 2021 Medieval History I	3
EUH 2022 Medieval History II	3

Upper-level coursework in the English Major:

The program in English provides three areas of specialization (divided into three degree-options below):

English and American literature - The primary mission of the literature option is to provide a solid foundation in the study of British and American literature. The program also offers courses in other world literatures in translation, cultural studies, feminist and ethnic studies, and both traditional and more recent critical approaches.

Creative writing - The creative writing option includes training in writing fiction and poetry and study of English and American literature.

Professional and technical writing - The professional and technical writing option combines the study of English and American literature with an introduction to writing found in the professional workplace.

The English Education major is described under the section for the College of Education. Major requirements for English majors are listed below. A grade of "D" will not be counted toward fulfilling the major requirements. Grades of "D" or "F" in English courses will, however, be used in calculating the major GPA unless the course is retaken under the grade forgiveness policy. Students may not use more than one Directed Study toward meeting the major requirements. Transfer students must earn at least 15 hours in the major at USF. A 2.5 GPA in the major is required for graduation.

OPTION I: English and American Literature

Twelve courses (36 hours) as follows:

- Two of the following:
 - AML 3031 American Literature to 1860
 - AML 3032 American Literature 1860-1912
 - AML 3051 American Literature 1912-1945
- Four of the following:
 - ENL 3015 British Literature to 1616
 - ENL 3230 British Literature 1616-1780
 - ENL 3251 British Literature 1780-1900
 - ENL 3273 British Literature 1900-1945
 - ENL 3331 Early Shakespeare or
 - ENL 3332 Late Shakespeare
- Five of the following, at least two of which must be from Group A:

Group A

- AML 4111 19th Century American Novel
- AML 4121 20th Century American Novel
- ENL 4122 19th Century British Novel
- ENL 4132 British Novel: Conrad to the present
- ENL 4311 Chaucer
- ENL 4338 Advanced Studies in Shakespeare
- ENL 4341 Milton
- LIT 3101 Literature of the Western World Through the Renaissance
- LIT 3102 Literature of the Western World Since the Renaissance
- LIT 4930 Selected Topics in English Studies

Group B

- AML 3031 American Literature to 1860
- AML 3032 American Literature 1860-1912
- AML 3051 American Literature 1912-1945
- AML 3604 African-American Literature
- AML 3630 U.S. Latino/Latina Literature in English
- AML 4261 Literature of the South
- AML 4300 Selected American Authors
- ENG 4060 History of the English Language
- ENL 3015 British Literature to 1616
- ENL 3230 British Literature 1616-1780
- ENL 3251 British Literature 1780-1900
- ENL 3273 British Literature 1900-1945
- ENL 3331 Early Shakespeare
- ENL 3332 Late Shakespeare

- ENL 4303 Selected British Authors
 - LIN 4671 Traditional English Grammar
 - LIN 4680 Structure of American English
 - LIT 3022 Modern Short Novel
 - LIT 3031 Survey of Poetry
 - LIT 3043 Modern Drama
 - LIT 3093 Contemporary Literature
 - LIT 3144 Modern European Novel
 - LIT 3374 Bible as Literature
 - LIT 3410 Religious and Existential Themes
 - LIT 3930 Special Topics in English Studies
4. ENG 4013 Literary Criticism (Required for Literature majors)

OPTION II: Creative Writing

This 36-hour program is designed for aspiring writers of fiction or poetry. In addition to giving credit for writing through a variety of course offerings, it provides information about procedures for publishing.

- Writing Requirements: Five courses (15 hours) as follows:*

- CRW 3111 Form & Technique of Fiction
- CRW 3311 Form & Technique of Poetry

Any three of the following:

- CRW 3112 Fiction I
- CRW 3121 Fiction II
- CRW 3312 Poetry I
- CRW 3321 Poetry II
- CRW 4120 Fiction III
- CRW 4320 Poetry III
- CRW 4930 Selected Topics in Creative Writing

Note: CRW 3111 must be taken before any other courses in the Fiction series, and CRW 3311 must be taken before any other courses in the Poetry series.

- Literature Requirements: Seven courses (21 hours) as follows:*

The student must select seven literature courses from those listed in OPTION I. Two courses must be from Group 1, two courses from Group 2, and three courses from Group 3 and/or Group 4.

OPTION III: Professional and Technical Writing

This 36-hour program allows undergraduates to concentrate their studies in professional writing, wherein they will master special writing skills demanded by industry, business, government, and the professions. The English Department may arrange semester-long internships with local businesses, industries, and professional organizations. Interns will earn three credit hours and, in some cases, receive compensation from their employers for their duties.

Students choosing this concentration will also assure themselves of a core of liberal arts studies since they must take 21 credit hours of literature courses in addition to 15 hours of composition courses.

- Composition requirements: Five courses (15 hours) as follows:*

- Five of the following:
 - ENC 2210 Technical Writing
 - ENC 3250 Professional Writing
 - ENC 3310 Expository Writing
 - ENC 4260 Advanced Technical Writing
 - ENC 4311 Advanced Composition
 - ENC 4931 Selected Topics in Professional and Technical Writing

- Literature requirements: Seven courses (21 hours) as follows:*

The student must select seven literature courses from those listed in OPTION I. Two courses must be from Group 1, two courses from Group 2, and three courses from Group 3 and/or Group 4.

Requirements for the Minor in English *English and American Literature Minor (15 hours)*

1. *One of the following:*
AML 3031 American Literature to 1860
AML 3032 American Literature 1860-1912
AML 3051 American Literature 1912-1945
2. *Two of the following:*
ENL 3015 British Literature to 1616
ENL 3230 British Literature 1616-1780
ENL 3251 British Literature 1780-1900
ENL 3273 British Literature 1900-1945
ENL 3331 Early Shakespeare
ENL 3332 Late Shakespeare
3. *One course at the 4000 level listed in major OPTION I*
4. *One additional 3000- or 4000-level course accepted for the major with AML, CRW, ENC, ENG, ENL, LIN, or LIT prefix.*

Creative Writing Minor (15 hours)

1. CRW 3111 Form & Technique of Fiction
CRW 3311 Form & Technique of Poetry
Any two of the following:
CRW 3112 Fiction I
CRW 3121 Fiction II
CRW 3312 Poetry I
CRW 3321 Poetry II
CRW 4120 Fiction III
CRW 4320 Poetry III
CRW 4930 Selected Topics in Creative Writing
2. One AML or ENL course listed in OPTION I.

Professional and Technical Writing Minor (15 hours)

1. ENC 2210 Technical Writing
ENC 4260 Advanced Technical Writing
Any two of the following courses:
ENC 3250 Professional Writing
ENC 3310 Expository Writing
ENC 4311 Advanced Composition
ENC 4931 Selected Topics in Professional and Technical Writing
2. One AML or ENL course listed in OPTION I

English Honors program

The Department of English Honors Program will provide a carefully selected group of seniors with opportunities for advanced scholarship:

- A. Closer contact with faculty tutors than students in the regular major program;
- B. An opportunity to work and exchange ideas in the stimulating environment of a small group of fellow students with similar aims and abilities;
- C. An opportunity to develop individual initiative and sophisticated critical skills.

The English Honors Program will benefit those interested in graduate work, advanced professional study, or greater intellectual challenges.

Admissions Criteria

Students may apply for the program after completing 80 hours of course work (90 before actual admission). Applicants should have a GPA of 3.3 in the major and an overall GPA of 3.0 and should submit signatures of recommendation from two English faculty supporting their applications.

After screening all applications, the department's Honors Committee will select participants for each year's program.

Requirements for Completion of Departmental Honors

1. The Honors student will complete the requirements of his/her chosen English major as described in the current catalog.
2. In addition to the requirements of the major, the student will take two (three-hour) Honors seminars during the first fall semester following admission to the program. Both courses should help the student in selecting a topic for his/her Honors thesis.

3. During the spring semester of the program, the Honors student will enroll for three thesis hours. The Director of the English Honors Program will serve as instructor of record for the thesis hours. Under the direction of the instructors of the Honors seminars and/or the Director of the English Honors Program, the student will choose a member of the English Department faculty to serve as director of his/her thesis and one or two additional faculty members to serve as readers of the thesis. The student must satisfy the following requirements:
 - a. Complete 9 hours of English Honors courses (ENG 4935, ENG 4936, ENG 4970) with a 3.0 GPA;
 - b. Complete all major requirements with a 3.3 GPA and academic course work with an overall GPA of 3.0;
 - c. Submit an acceptable thesis to the Departmental Honors committee before his/her graduation from the university.
4. The student who completes all requirements above will graduate with Honors in English. The credit hours completed within the program by the student who does not complete all Honors requirements will, of course, count toward the baccalaureate degree.

The Honors Committee will disqualify from the program any student who does not complete the Honors seminars with at least a 3.3 GPA.

Honors students failing to complete a thesis within two years after acceptance into the program will be notified by the Honors Committee of their dismissal from the program.

• ENVIRONMENTAL SCIENCE AND POLICY (EVR)

The status of the earth's environment has been a major concern since the 1960s. As we enter the 21st century, it represents one of the most critical issues facing nearly all nations individually as well as the earth community as a whole. Increased population, technology, globalization and diminishing natural resources all play an important role in the changing environment. As a consequence, governments at all levels are devoting resources to help understand the problems that we are facing and to aid in their mitigation. This includes everything from public education to cleaning up toxic waste sites.

The environmental industry is a growing arena for employment for degree holders at all levels. Students completing the Bachelor of Science (B.S.) in Environmental Science and Policy have found employment with government agencies (city, county, state, and federal), private industry, and non-profit organizations. Examples of careers include field scientist, research scientist, policy analyst, lobbyist, conservationist, and educator. Some also go on to attend graduate or law school.

The B.S. in Environmental Science and Policy was approved in 1995. This interdisciplinary program spans multiple colleges within the university but is housed in the Department of Geography in the College of Arts and Sciences. All students must complete the University's General Education Requirements. All majors in the program must complete the required courses including two introductory courses in environmental science and policy, one semester of calculus, 2 semesters each of general biology and general chemistry, environmental ethics, environmental politics and policy, statistics and physical science (either geology or physics). In addition, majors take 6-7 courses that allow them to sub-specialize in science or in policy. Students choosing to sub-specialize in science take a second semester of calculus, 1 semester of organic chemistry and lab, and 4 electives within designated tracks. Students choosing to sub-specialize in policy take environmental law and environmental economics and 4 electives within designated categories. Finally, all majors must complete an upper division seminar and an internship or project. The Department Advisor advises ESP majors. Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

Requirements for the Major in Environmental Science and Policy

Recommended Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. *There are no State Mandated Common Prerequisites for this degree program.*

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Students are encouraged to complete the following required supporting major courses prior to entering the university. Unless stated otherwise, a grade of "C-" is the minimum acceptable grade.

BSC 2010, 2010L & BSC 2011, 2011L
Biology I and II with Lab 8

and
CHM 2045 & CHM 2045L General Chemistry & Lab 4
CHM 2046 & CHM 2046L General Chemistry II & Lab 4

plus
STA 2023 Statistics 3
One approved Geology or Physics Course with Lab 4

and either

MAC 2241 Life Sciences Calculus II 4

or

MAC 2281 Engineering Calculus II 4

or

MAC 2311 Calculus II 3

A second semester of calculus is only required of students pursuing the ESP-Science concentration. Students may choose among:

MAC 2242 Life Sciences Calculus 4

or

MAC 2282 Engineering Calculus 4

or

MAC 2312 Calculus 3

All students majoring in Environmental Science and Policy are required to see the advisor each semester prior to registration for the following term. Students who are eligible for an internship must see the internship coordinator six weeks prior to the beginning of the semester in which they will complete the internship.

REQUIREMENTS FOR ALL ENVIRONMENTAL SCIENCE MAJORS

EVR 2001 Intro to Environmental Science

EVR 2001L Intro to Environmental Science Lab

EVR 2861 Intro to Environmental Policy

EVR 4921 ESP Seminar

BSC 2010 Biology I

BSC 2010L Biology Lab I

BSC 2011 Biology II

BSC 2011L Biology Lab II

CHM 2045 General Chemistry I

CHM 2045L Chemistry Lab I

CHM 2046 General Chemistry II

PHY 2053L General Physics Lab

Science Track

MAC 2242 OR MAC 2282 OR MAC 2312 and CHM 2210 and CHM 2210L plus 4 approved science-related electives. Please contact the Program office for a current list of electives under these categories.

Policy Track

ECP 3302 and POS 3697

plus four approved policy-related electives.

Please contact the Program office for a current list of electives under this category. The Program is located in NES 200 or you may call (813) 974-0443.

Requirements for the Minor in Environmental Policy

A total of 19-20 credits are required for the minor in Environmental Policy, 12 of which must be completed at USF. The Minor in Environmental Policy consists of the following program outline:

Required core courses:

EVR 2001 Introduction to Environmental Science

EVR 2001L Introduction to Environmental Science Lab

EVR 2861 Introduction to Environmental Policy

Three of the following four courses:

PUP 4203 Environmental Politics and Policy

PHI 3640 Environmental Ethics

ECP 3302 Environmental Economics

(prerequisite: ECO 2023 Microeconomics)

POS 3697 Environmental Law

Plus one approved policy-related elective. Please contact the department office for a current list of electives under this category.

• **GEOGRAPHY (GPY)**

The degree program in Geography consists of 11 courses (41 hours total), 7 of which are core courses required of all majors, and four of which are electives chosen by the student. Upper level electives offer applied and techniques orientations for students, depending on their interests, to complement the core course structure for the major.

Electives in physical geography focus on major environmental systems including the hydrosphere, atmosphere, geosphere, and biosphere. Particular emphasis is placed on the human modification of the natural environment and the global interconnections of the major earth systems.

Electives in human and urban geography focus on the social and spatial effects of the growth of cities, including issues such as the historical evolution of urban form and function, land-use

changes and conflicts, economic restructuring, the growth and decline of inner-cities, and urban racial and ethnic relations.

Students are encouraged to seek assistance with the choice of electives through the department undergraduate advisor.

Requirements for the Major in Geography Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer without an A.A. degree and have fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Two introductory courses in Geography with GEO prefix must be completed:

GEO XXXX	3
GEO XXXX	3

Major Course Requirements

A major in Geography consists of 11 courses as follows:

Required core courses (7 courses + lab):

GEO 2200	Intro to Physical Geography	(3)
GEO 2200L	Intro to Physical Geography Lab	(1)
GEO 2400	Intro to Human Geography	(4)
GEO 3164C	Research Methods in Geography	(4)
GEO 4933	Geography Colloquium	(1)
GIS 3006	Computer Cartography	(4)
GIS 4043C	Geographic Information Systems	(4)
GEA XXXX	One course with GEA prefix	(4)

Choose from:

GEA 2000	World Regional Geography
GEA 3194	Regional Geography
GEA 3405	Geography of Latin America
GEA 3500	Geography of Europe
GEA 3703	Geography of Asia

Supporting Courses (4 courses):

With the help of their advisor, majors must select 4 courses (or 16 credits) from among the following list for their additional course work:

GEO 3602	Urban Geography	(4)
GEO 4114C	Geographic Techniques & Methodology	(4)
GEO 4204C	Topics in Physical Geography	(4)
GEO 4210	Process Geomorphology	(4)
GEO 4244	Tropical Meteorology	(4)
GEO 4265	Soil Genesis and Classification	(4)
GEO 4280C	Hydrology	(4)
GEO 4284	Water Resources Management	(4)
GEO 4300	Biogeography	(4)
GEO 4340	Natural Hazards	(4)
GEO 4372	Global Conservation	(4)
GEO 4421	Cultural Geography	(4)
GEO 4471	Political Geography	(4)
GEO 4502	Economic Geography	(4)
GEO 4604	Topics in Urban Geography	(4)
GEO 4700	Transportation Geography	(4)
GEO 4930	Selected Topics	(4)
GIS 4035C	Remote Sensing of the Environment	(4)
MET 4002	Climatology	(4)
MET 4010C	Meteorology	(4)

Courses Excluded as Electives for the major:

GEO 1930	Geography of Current Events	(4)
GEO 2371	Earth System Science	(3)

Only 4 combined hours of the following courses may be applied toward the degree:

GEO 4900	Directed Reading	(1-4)
GEO 4910	Individual Research	(1-4)

Minimum Requirements for Major

Students must earn a C- or better in all major course work. D and F grades earned in major course work will be used in calculating the major GPA, except where removed by grade forgiveness. Students must maintain a minimum 2.0 major GPA in order to graduate.

Requirements for the Minor in Geography

A minor in Geography consists of 20 credit hours, with a minimum grade-point average of 2.0. The required courses are:

GEO 2200 (3)	GEO 2200L (1)	GEO 2400 (4)
--------------	---------------	--------------

One GEA elective (4) and two upper level (3000-5000 level) GEO, GIS, MET or URP electives (8).

Students may not apply upper level Geography electives to the Geography minor if these electives are being used to satisfy their requirements in another major.

• GEOLOGY (GLY)

The Department of Geology offers programs leading to Bachelor of Arts, Bachelor of Science, Master of Science, and Doctor of Philosophy degrees. Geology is one of the broadest of all sciences because of its dependence on fundamentals of biology, chemistry, mathematics, and physics as applied to the study of the earth. As a result, undergraduate students are expected to obtain a broad background in the other sciences as well as a concentration in geology.

The Bachelor of Science degree program provides the student with a hands-on foundation in the fundamentals of the geosciences. The Bachelor of Arts program is designed primarily for the liberal arts student who has an interest in the subject but who is not preparing for a career in the field, or for the pre-professional school student. A student who elects the B.A. program and decides to pursue the geology profession or attend graduate school will need at least physics and field geology in his/her program.

The graduate program in geology allows the student to pursue advanced studies in nearly all areas of geology. As a result of faculty interests and geographic location, several geologic subdisciplines are emphasized, including applied geophysics, coastal geology, geomorphology, geochemistry, hydrogeology, paleontology, petrology, volcanology and geoscience education.

Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer without an A.A. degree and have fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses listed below at the lower level prior to entering the University. If these courses are not taken at the community college, they (or their equivalents) must be completed before the degree is granted. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

CHM 1045/1045L	General Chemistry I (with lab)
	or CHM 1045C or CHM 1045E

CHM 1046/1046L General Chemistry II (with lab)
or CHM 1046C or CHM 1046E
GLY 2010C Introduction to Physical Geology
MAC 2311 Calculus I
PHY 2048C General Physics and Laboratory I
or PHY 2048/2048L or PHY 2053C
PHY 2049C General Physics and Laboratory II
or PHY 2049/2049L or PHY 2054C

The choice physics sequence depends on the area of geology specialization.

Requirements for the Major in Geology (BA)

1. Geology courses (38 hours):
 - a. Introductory Sequence* (4 hours):
 - 1) One course chosen from GLY 2000, GLY 2010, GLY 2030, GLY 2100, and OCE 2001 (3)
 - 2) GLY 2000L (1)

*Transfer students who have taken GLY 2010C and GLY 2100C or the equivalent will be deemed to have met the introductory sequence requirements. However, ALL students are strongly encouraged to take GLY 2000L, as this course will greatly facilitate success in the upper-level offerings.
 - b. Junior-level sequence (28 hours):
 - GLY 3311C The Solid Earth: Petrology and Geochemistry (4)
 - GLY 3402C The Solid Earth: Plate Tectonics and Earth Structure (4)
 - GLY 3552C Sedimentary Record 1: Sedimentary Processes and Petrology (4)
 - GLY 3720C Fluid Earth 1: Basic Principles (4)
 - GLY 4104C Sedimentary Record 3: Paleontology and Earth Evolution (4)
 - GLY 4554C Sedimentary Record 2: The Earth's Surface (4)
 - GLY 4822C Fluid Earth 2: Hydrogeology (4)
 - c. Senior-Level Sequence (6 hours):
 - GLY 4866 Computational Geology (3)
 - GLY 4921 Geocommunications (3)
2. Supporting Courses for the B.A. Degree (24 hours):
 - CHM 2045, 2045L, CHM 2046, 2046L
 - MAC 2241, 2242 or MAC 2311, 2312 or MAC 2281, 2282

Two courses in biology or physics with labs selected from the following: BSC 2010 and 2010L, BSC 2011 and 2011L, PHY 2053 and 2053L, PHY 2054 and 2054L, PHY 2048 and 2048L, PHY 2049 and 2049L

Requirements for the Major in Geology (BS)

1. Geology courses (44 hours):
 - a. Introductory Sequence* (4 hours):
 - 1) One course chosen from GLY 2000, GLY 2100, GLY 2010, GLY 2030, and OCE 2001 (3)
 - 2) GLY 2000L (1)

*Transfer students who have taken GLY 2010C and GLY 2100C or the equivalent will be deemed to have met the introductory sequence requirements. However, ALL students are strongly encouraged to take GLY 2000L, as this course will greatly facilitate success in the upper-level offerings.
 - b. Junior-level sequence (28 hours):
 - GLY 3311C The Solid Earth: Petrology and Geochemistry (4)
 - GLY 3402C The Solid Earth: Plate Tectonics and Earth Structure (4)
 - GLY 3552C Sedimentary Record 1: Sedimentary Processes and Petrology (4)
 - GLY 3720C Fluid Earth 1: Basic Principles (4)

- GLY 4104C Sedimentary Record 3: Paleontology and Earth Evolution (4)
- GLY 4554C Sedimentary Record 2: The Earth's Surface (4)
- GLY 4822C Fluid Earth 2: Hydrogeology (4)
- c. Senior-Level Sequence (12 hours):
 - GLY 4866 Computational Geology (3)
 - GLY 4921 Geocommunications (3)

and either:

 - GLY 494XL Practical and Applied Geology (6)

Must take at least one each of computational, field, and laboratory experience

or,

- A Geologic Field Course and/or Summer Research Experience, as defined and approved by the Department Undergraduate Committee. Non-traditional research experiences (i.e., NSF-supported Research Experiences for Undergraduates summer programs) are acceptable provided the student concurrently registers for six hours of Geologic Field Studies (GLY 4780) to meet credit hour requirements, and their research supervisor provides the Undergraduate committee with an assessment of student activities during the program.

2. Supporting Courses for the BS Degree (28 hours):
 - MAC 2281, MAC 2282 (recommended) or MAC 2311, MAC 2312
 - BSC 2010, 2010L
 - CHM 2045, 2045L, CHM 2046, 2046L
 - PHY 2048, 2048L, PHY 2049, 2049L (recommended) or PHY 2053, 2053L, 2054, 2054L

Liberal Arts Requirements

All students are required to complete the University's Liberal Arts Requirements.

Free Electives (19-25 hours)

The student will choose, in consultation with his/her geology advisor, such courses in the natural sciences that support his/her major interest in the field of geology. Courses in computer programming and additional mathematics are of particular value. Those students who anticipate continuing for a doctorate in graduate school are encouraged to take a foreign language, preferably French, German, or Russian.

D and F grades earned in attempting to satisfy major requirements will be used in calculating the major GPA.

Geology Honors Program

The purpose of the Honors Program is to provide a select group of undergraduate geology majors an opportunity to undertake an intensive, individualized research experience. The culmination of the program is the completion and presentation of an honor's thesis. To apply, interested students should contact the geology undergraduate advisor during the second semester of the student's junior year. Admission to the program requires a GPA of 3.5 in the major and an overall GPA of 3.2.

Requirements for the Minor in Geology

16 credit hours are required, which must include the completion of the introductory sequence courses (4 hours) and any three of the Junior-level sequence courses (12 hours).

Teacher Education Programs

Prospective elementary and secondary school teachers desiring to teach science should include basic courses in geology and related sciences as part of their curriculum.

• GERONTOLOGY (GEY)

Gerontology is the study of the process of human aging in all its many aspects: physical, psychological, and social. In the School of Aging Studies, the academic home of the gerontology programs, particular emphasis is placed upon applied gerontology, with the goal of educating students who in their professional careers will work to sustain or improve the quality of life of older persons. Since Gerontology is an interdisciplinary field, dual majors with other departments are encouraged. The School of Aging Studies offers the degrees of Bachelor of Arts in Gerontology, Bachelor of Science in Gerontology, a minor in Gerontology, and Master of Arts in Gerontology. The School of Aging Studies also hosts the university-wide Ph.D. in Aging Studies, and offers 4 graduate certificates in Gerontology.

Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

For those seeking the Bachelor of **Science** degree, students complete the prerequisite courses listed below. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

- ACG X021 Financial Accounting **or** ACG X001
- ACG X071 Managerial Accounting **or** ACG X011 **or** ACG X630
- CSG X000 Computers in Business **or** EME X402, COC X317, CSG X101, X361, X001, X060, **or** CGS 1061
- GEY X000 Introduction to Gerontology
- STA X122 Social Science Statistics **or** QMB 2150, STA 2022, STA X013, STA X014, STA X040, STA X023, STA X024, **or** QMB X100

For those seeking the Bachelor of Arts degree, students should complete STA X122 (Social Science Statistics) at the lower level prior to entering the university. If this course is not taken at the community college, it must be completed before the degree is granted. A grade of "C" is the minimum acceptable grade. Acceptable substitutes for STA X122 are: QMB 2150 or QMB X100, STA 2022, X013, X014, X040, X023, or X024. There are no other common prerequisites for the Gerontology program leading to the Bachelor of Arts degree.

Requirements for the Major in Gerontology (B.A.)

The Bachelor of Arts Degree in Gerontology entails 36 semester hours of required course work. In this program the course of study is intended to provide students with a liberal education in gerontology and some exposure to the various career opportunities in the field of aging. This degree is especially appropriate for students who plan to pursue graduate or professional work in gerontology, or some other field, or who plan to work with older adults in careers in areas such as case management, social services, or activity therapy. A grade of lower than "C-" in Gerontology courses will not be counted toward fulfilling the requirements for the major.

- Required Courses:*
- GEY 2000 Introduction to Gerontology (3)
 - GEY 3601 Physical Changes and Aging (3)
 - GEY 3625 Sociocultural Aspects of Aging (3)
 - GEY 4401 Research Methods in Gerontology (3)
 - GEY 4612 Psychology of Aging (3)

A required prerequisite is STA 2122.

B.A. students complete 21 additional elective hours, which may include field placement. Students should meet frequently with the departmental advisor to plan courses and field work that will prepare the student for career goals.

Requirements for the Major in Gerontology (B.S.)

The Bachelor of Science Degree in Gerontology is a 39 semester hour specialist degree which, in addition to providing students with a basic education in gerontology, is intended to prepare them for entry level positions in Nursing Home Administration. It is especially appropriate for students who intend to begin working immediately following completion of the degree program. A grade of lower than "C-" in Gerontology courses will not be counted toward fulfilling the requirements for the major.

Required courses:

- GEY 3601 Physical Changes and Aging (3)
- GEY 4327 Understanding Policies and Practices of Long Term Care (3)
- GEY 4328 Health Care Operations (3)
- GEY 4329 Regulatory and Clinical Operations (3)
- GEY 4608 Alzheimer's Disease Management (3)
- GEY 4641 Death and Dying (3)
- GEY 4945 Field Placement (9)
- GEY 4340 Retirement and LTC Housing for the Elderly (3)
- MAN 3025 Principles of Management (3)
- MAN 3301 Human Resource Management (3)
- ISM 3011 Information Systems in Organizations (3)

Recommended Electives:

- GEY 3625 Sociocultural Aspects (3)
- GEY 4360 Gerontological Counseling (3)
- GEY 4628 Race, Ethnicity and Aging (3)
- MAR 3023 Basic Marketing (3)
- BUL 3320 Law and Business (3)
- MAN 3240 Organizational Behavior Analysis (3)

Students also complete the following twelve (12) hours of prerequisites: ACG 2021, ACG 2071, CGS 2100, and GEY 2000.

These courses are intended to reflect educational requirements mandated by the State of Florida and specified in Chapter 21z.11 of the Florida Administrative Code.

Students in the B.S. program should understand that they will only be allowed to register for the full-time internship (GEY 4945) after successful completion of all (or all but one) of the required courses in the B.S. major. Because the B.S. internship requires full-time effort, students will be allowed to take no more than four (4) credits concurrent with the B.S. internship.

GEY 2000 at this university or its equivalent at another institution is required as a gerontology prerequisite. ACG 2021 and ACG 2071 taken at this university or elsewhere will satisfy accounting prerequisites.

Students interested in either the B.A. or the B.S. option should contact the School of Aging Studies as early as possible in their careers at the University of South Florida.

Requirements for the Minor in Gerontology

An undergraduate minor in Gerontology is available for students interested in pursuing careers in conjunction with any undergraduate major, but it should be particularly beneficial to persons majoring in such disciplines as anthropology, business, communication sciences and disorders, government and international affairs, nursing, psychology, health care, social work, and sociology. Requirements for the minor in Gerontology are a total of 15 hours of the following courses:

Required:

- GEY 2000 Introduction to Gerontology (3)

Required: Choose 2 of the following 3 courses

- GEY 3601 Physical Changes and Aging (3)

- GEY 3625 Sociocultural Aspects of Aging (3)
 GEY 4612 Psychology of Aging (3)

Electives:

Six additional GEY credit hours.

• GOVERNMENT & INTERNATIONAL AFFAIRS (INT/POL/PAD)

The Department of Government and International Affairs includes programs in International Studies, Political Science, and Public Administration. Its goal is to provide students the opportunity to study the nature of government, politics and administration at the local, national and international levels, as well as the interdisciplinary nature of the international system. Towards that end it offers students a choice of two undergraduate degrees, one in International Studies and another in Political Science. The Department of Government and International Affairs provides students with a range of courses of study and areas of concentration, including electives offered through the Public Administration program. For more specific details students are advised to consult the description of each specific program below.

INTERNATIONAL STUDIES (INT)

The major in International Studies enables students to undertake programs of study which emphasize (a) preparation for careers in international activities, or (b) the study of particular international themes or topics, or (c) the study of particular regions or cultures. Each student develops a course of study designed to fulfill his or her career and educational goals in consultation with the International Studies Advisor.

Requirements for the Major in International Studies

Recommended Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

While the INT program does not have mandatory prerequisites, a student may apply up to 10 credit hours of lower level courses from the following list: AFS 2250, Culture and Society in Africa, ANT 2410, Cultural Anthropology; GEA 2000, World Regional Geography; CPO 2002, Comparative Politics; INR 2002, Introduction to International Relations; REL 2300, Introduction to World Religions; or GEB 2350, Doing Business Around the World.

Upper-level Course Requirements

The major consists of a minimum of 37 semester hours. At least 18 of these hours (six courses) must be from the International Studies Program offerings. The six required courses are

- INR 3011 Globalization (3)
 INR 3081 International Issues and Actors (3)
 INR 3038 International Wealth and Power -SS (3)
 INR 4936 Senior Seminar -MW (3)

Plus one topical and one area studies course chosen from the INT upper division electives.

It is recommended that the student complete INR 3011 before taking INR 3081.

The additional 19 hours may be selected from elective courses from within the International Studies Program or from course offerings of other departments, which are approved by

the major advisor as having adequate international or cross-cultural content.

With the approval of the major advisor, credits earned in INR 4900 (1-3) and INR 4910 (1-3) may be used to augment or substitute for the foregoing requirements. Students are encouraged, but not required, to engage in study abroad programs, a large number of which have been approved by the USF International Affairs Center. Credits earned in such programs apply toward graduation and many also apply to the INT major. A limited number of internships in the Tampa Bay area are available to provide students with real-world experience while earning credits in the major. Also, USF is affiliated with The Washington Center, an internship program in the nation's capital.

Required Supporting Courses

Students must pass a 2000 level foreign language course (that is, at least one semester of foreign language study beyond the first year introductory courses), or complete one year of study of a non-Western language. Students who are bilingual or who are already conversationally fluent or who can translate with facility from a foreign language text are exempt from the above course requirement, but the INT faculty may require demonstration of proficiency.

Students will be provided with academic advice and counsel about other courses offered throughout the university which may support and complement their major program. INT majors should plan their programs in conjunction with the advisor who is empowered to make appropriate substitutions when educationally justified.

Requirements for the Minor in International Studies

The minor in International Studies is a set of International Studies courses taken by a student that approximates one half of the upper level credits required for a major. The minor consists of 18 credit hours made up of six courses as follows:

- INR 3011 Globalization (3)
 INR 3081 International Issues and Actors (3)
 INR 3038 International Wealth and Power-SS (3)

Plus 3 upper level courses chosen from the International Studies Program's offerings.

Each student's program must be planned with the International Studies Program major advisor, who is empowered to approve appropriate substitutions when educationally justified.

POLITICAL SCIENCE (POL)

The undergraduate program leading to the B.A. degree in political science offers a general purpose degree, and a number of more specialized alternatives. The program is designed for students interested in and seeking to understand political problems, issues, and the nature of the political process, as well as the philosophical and legal basis of political structures and processes at local, state, national, and international levels. Satisfying the degree requirements prepares students for positions in the public and private sectors, for law school, for graduate work in political science, international relations, public administration, and related disciplines, for positions in education, and for applied political activity.

Requirements for the Major in Political Science

Prerequisites (State Mandated Common Prerequisites)

Students should complete any two introductory courses with a POS, INR or CPO prefix (ideally POS 1041 or POS 2041, and POS 1112 or POS 2112) at the lower level prior to entering the university. If these introductory courses are not taken at the community college, they must be completed before the degree is granted. A grade of "C" is the minimum acceptable grade.

Upper-level Course Requirements

A minimum of 36 credit hours is required to satisfy the requirements of the major. Students must take the 12 credit hours of required core courses in political science. No more than six credit hours can be taken from POS 4905, POS 4910, and POS 4941. Students enrolled in the Washington, D.C. semester program may have this rule altered by their advisor. (A GPA of 3.0 is required to enroll in these courses; the Chair may grant special exception for students with a GPA between 2.70 and 2.99).

In addition, all Political Science majors are required to take at least 3 credit hours of Economics (See your advisor for recommendations).

Students transferring credit hours toward a major in political science must complete a minimum of 21 credit hours within the Department, regardless of the number of credits transferred.

The undergraduate curriculum in political science is composed of the following:

Required Core Courses (12 credit hours)

- | | |
|--------------------------------------------------|-----|
| CPO 2002 Introduction to Comparative Politics | (3) |
| or | |
| INR 2002 Introduction to International Relations | (3) |
| and | |
| POS 2041 American National Government | (3) |
| POT 3003 Introduction to Political Theory | (3) |
| POS 3713 Empirical Political Analysis | (3) |

Note that either CPO 2002 or INR 2002 must be taken as a core course. However, the other course not taken as a core course may be taken as an elective.

Students should complete POT 3003 and POS 3713 by the end of their junior year; students transferring with 45 credit hours or more must complete these courses within their first two semesters in residence at USF. A grade of "C" or better is required in all core courses.

Students must choose electives from the seven fields (24 credit hours) with at least one course from Field I, one course from Field II or III, and one course from any of Fields IV, V, VI, or VII. Core courses must be completed before a course from a given field or field grouping can be taken.

Field I Political Theory

- | | |
|--------------|--------------|
| POT 3013 (3) | POT 4064 (3) |
| POT 4054 (3) | POT 4204 (3) |

Field II Comparative Government and Politics

- | | | |
|--------------|--------------|--------------|
| CPO 4034 (3) | CPO 4930 (3) | CPO 5934 (3) |
|--------------|--------------|--------------|

Field III International Relations

- | | | |
|--------------|--------------|--------------|
| INR 3102 (3) | INR 3370 (3) | INR 4403 (3) |
| INR 3038 (3) | INR 4035 (3) | INR 4502 (3) |
| INR 3336 (3) | INR 4254 (3) | INR 5086 (3) |

Field IV American National and State Governments

- | | | |
|--------------|--------------|--------------|

Requirements for the Minor in Political Science

A minor in political science requires the completion of a minimum of 18 credit hours, made up of two courses (6 credit hours) from among CPO 2002 (or INR 2002), POS 2041, and POT 3003. An additional 12 credit hours of courses included in the Political Science major are also required.

Students transferring credit hours toward a minor in political science must complete 12 credit hours within the Department, regardless of the number of credit hours transferred.

Field Work

Political Science has a field work program that provides students with part-time internships with state and local government and with political parties at the state and local level. Academic credit is available for such internships. For further information, contact the Department of Government and International Affairs.

Honors in Political Science

The Honors Program in Political Science is designed for the outstanding undergraduate who seeks an intensive learning experience plus academic recognition during the senior year.

Eligibility:

Political Science majors with a 3.5 grade point average in political science courses and a 3.0 overall average will be invited to participate in the honors program.

Requirements:

Students who participate must complete the Honors seminar with a grade of "B" or better and must write an Honors Thesis, POS 4970 (3). The Honors Thesis must meet the following criteria:

- a thesis proposal must be approved by the student's major professor before s/he begins writing;
- students need two thesis advisors who must approve the final version of the thesis;
- students will publicly present their thesis and provide a copy of it to the department after the final draft has been approved;
- the thesis must be at least 50 pages long, contain an abstract, table of contents, bibliography and footnotes/endnotes;
- all theses are due during the last week of classes for the semester in which the student is currently enrolled.

Pre-Law Plan in Political Science

The Political Science Program offers a pre-law plan designed for the undergraduate students who are considering a career related to law (Courses on Law and Politics are listed under Field VII of the Political Science undergraduate curriculum). The Pre-Law Plan is available to students of all majors. The courses making up the field are of particular interest to law-oriented students, but may be taken by others as well. Those following the pre-law plan are recommended to complete courses that can help them develop necessary skills to study law. Students receive the skills and information needed for entry into a number of law-related positions in business and government. Please see the departmental undergraduate advisor to obtain more information about the pre-law plan.

Prior to admission to law school, a student must take the Law School Admission Test (LSAT), as given by the Educational Testing Service of Princeton, New Jersey.

The Law School Admission Test is given simultaneously several times each year at the University of South Florida and numerous other testing centers throughout the state. Students should plan to take the test at least one year prior to planned enrollment in law school. Additional information is available from the Department of Government and International Affairs, University of South Florida.

Recommended Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

There are no State Mandated Common Prerequisites for this program.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Students are encouraged to complete the following prerequisites, or major, support, or elective courses if available, during the program of study at the community college, and when feasible in General Education/Gordon Rule courses. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

AMH 2010 American History I	(3)
AMH 2020 American History II	(3)
ENC 3310 Expository Writing	(3)
EUH 1000 World Civilization I	(3)
EUH 1101 World Civilization II	(3)
POS 2112 State and Local Government	(3)
SPC 2600 Public Speaking	(3)

International Affairs Focus in Political Science

The area of Political Science offers a number of courses that prepare students for graduate study in International Relations and career opportunities in private or public transnational organizations.

Basic courses in the area include:

INR 2002 Introduction to International Relations
CPO 2002 Introduction to Comparative Politics
INR 3102 American Foreign Policy

In addition, Political Science offers the following upper-level courses:

CPO 4034 Politics of Developing Areas
CPO 4930 Comparative Politics of Selected Areas
INR 4334 Defense Policy
INR 4035 International Political Economy
INR 4403 International Law
INR 4502 International Organizations
CPO 5934 Selected Topics in Comparative Politics
INR 5086 Issues in International Relations

Students desiring careers in international affairs or international administration are encouraged to supplement these courses with courses offered in International Studies, Management, Economics, Business Administration, Foreign Languages, and Public Administration.

Public Administration (PAD)

The Public Administration Program offers courses that serve as electives for undergraduate students. Completion of these courses will benefit those students preparing for a career in local, state, or federal agencies of government, non-profit organizations, and special service districts and/or graduate work in public administration and related fields. The courses listed below may be taken for undergraduate credit. Please note that the 5000-level courses listed are available to seniors and graduate students only.

PAD 3003 Introduction to Public Administration
PAD 4144 Nonprofit Organizations and Public Policy
PAD 4204 Public Financial Administration
PAD 4419 Personnel and Supervision in Today's Organizations

PAD 4712 Managing Information Resources in the Public Sector
PAD 4930 Selected Topics in Public Administration and Public Policy
PAD 5035 Issues in Public Administration and Public Policy
PAD 5044 Environment of Public Administration
PAD 5333 Concepts and Issues in Public Planning
PAD 5605 Administrative Law and Regulation
PAD 5700 Research Methods in Public Administration
PAD 5807 Urban and Local Government Administration
PAD 5836 Comparative Public Administration
POS 5159 Urban Policy Analysis

An undergraduate minor in Public Administration has recently been approved.
For further information, please contact the Public Administration Program.

Requirements for the Minor in Public Administration

The minor in Public Administration consists of 15 credit hours.

Required Public Administration Courses (12 cr. hrs.)

PUP 4002 Public Policy

• HISTORY (HTY)

The discipline of history embraces a diverse world of ideas, peoples, and events. Our faculty seeks to inform and question, to provoke and to challenge our students to a higher level of understanding of the past. History at South Florida offers the student an opportunity to explore civilizations from around the globe and from the ancient through contemporary eras. We encourage our students to move beyond traditional memorization of material to a critical level of thinking, analysis, and synthesis. Accomplished history majors are attractive to all kinds of employers in any number of fields, as well as to graduate and professional schools. USF history alumni can be found in such diverse professions as law, medicine, business, government, foreign service, politics, and education.

Requirements for the Major in History

A minimum of 36 semester hours is required for a major in history. A minimum grade of "C" or better must be attained in each course counted toward the 36-hour requirement. However, grades of "D" or "F" in history coursework will be used in calculating the major GPA unless the course is retaken under the grade forgiveness policy.

Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. If students transfer with fewer than 60 semester hours of acceptable credit, they must

meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The transfer student should be aware of the immunization, foreign language, and continuous enrollment policies of the university. Specific state mandated common prerequisites for admission to the major include six (6) hours of introductory history courses with AMH, EUH, LAH, ASH, HIS or WOH prefixes.

Lower-level Course Requirements for the Major

In addition to the six credits of courses to meet the common prerequisites students must complete a minimum of 12 hours of 2000 level courses, or their equivalent, to meet the lower level requirements of the major. Two of these courses must be sequential. Students may choose from introductory courses in the fields of Ancient, Medieval, Modern European, or American history to fulfill this two-course sequence. The remaining hourly requirements may be filled by taking any of the other 2000 level history courses.

Students at a community college planning to transfer to USF and major in history are encouraged to complete as many of the lower level requirements as possible at the community college level. Courses that fulfill the General Education/Gordon Rule requirement would be especially valuable. The minimum acceptable grade for courses being transferred for history department credit is a "C." If these courses have not been completed satisfactorily upon enrolling at USF, they must be taken before the degree is granted.

Upper-level Course Requirements for the Major

A minimum of 24 hours of course work from the 3000-4000 level is required to fulfill the 36-hour minimum requirement. Two of these courses, the Pro-Seminar and the Theory of History courses are required for all majors. A GPA of 2.25 in the history major is required before a student can be permitted into either of these courses. Additionally, these courses may only be taken in the last two semesters prior to graduation and may not be taken during the same semester. The remaining 16 hours of credit may be chosen from the department offerings each semester. It is recommended that history majors take ENC 3310, "Expository Writing," SPC 2600, "Public Speaking," and LIS 2937, "Library/Internet Research Skills." Additional hours can be profitably drawn from the following disciplines: Africana Studies, American Studies, Anthropology, Classics, Economics, Geography, Government and International Affairs, Psychology, Philosophy, Religious Studies, Sociology, Women's Studies, Literature, the Humanities, and the Fine Arts. Majors intending to pursue graduate work should take a minimum of two years of classical or modern foreign language.

Open University courses and exit courses titled "Issues in History" (HIS 3938) and "War and Society" (HIS 3308) are not eligible for major field credit.

Requirements for the Minor

The minor in History entails a 18-hour program organized and contracted by the student and the department around the specific needs of the student's major program. A minimum of 8 hours must be completed at the University of South Florida and the student must maintain a 2.0 GPA in the minor. A minimum grade of "C" or better must be attained in each course. One lower-level sequence is required, earning 6 credit hours. The department will supervise certification of the minor. Students interested in a minor in history are encouraged to see the History department advisor as early in their undergraduate program as possible.

Open University courses and exit courses titled "Issues in History" (HIS 3938) and "War and Society" (HIS 3308) are not eligible for minor field credit.

HUMANITIES & AMERICAN STUDIES (HUM/AMS)

The Department of Humanities and American Studies offers students a choice of two undergraduate degrees, one in Humanities and one in American Studies. Students may also minor in each area. For more specific details, students are advised to consult the description of each specific program below.

HUMANITIES (HUM)

The Humanities Program offers an interdisciplinary curriculum that investigates the visual arts, music, literature, and the cultures from which they emerge.

Requirements for the Major in Humanities Recommended Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

There are no State Mandated Common Prerequisites for this degree program.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Students are encouraged to complete the following major, support, or elective courses, if available, during the program of study at the community college, and when feasible in General Education/Gordon Rule courses. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

- ENC 1101 Composition I (3)
- ENC 1102 Composition II (3)
- Humanities (HUM 2000-level courses) (6)
- Creative Writing courses (CRW courses) (3-6)
- Introductory courses in applied and non-applied Fine Arts (ART, MUS) (6)
- Literature in Translation (RUT, CLT courses) (3-6)
- Social Science (AMH, EUH courses) (6)

Course Requirements for the Humanities Major

1. Two semester European sequence: HUM 2210 (Studies in Culture: the Ancient through the Medieval Periods) and HUM 2230 (Studies in Culture: the Renaissance through the Twentieth Century), 6 credit hours.
2. Non-Western requirement: One 3000- or 4000-level HUM course, treating Latin American Culture, Native American Culture, Asian Humanities, or the American Southwest, 3 credit hours. (A course taken in fulfillment of this requirement cannot also be used in fulfillment of the "Core Curriculum" requirement.)
3. 3000-level Core Curriculum: 3 courses focusing on major cultural periods of Europe, the United States, or Latin America, 9 credit hours.
4. HUM 3331 (Themes in Humanities) (3 credit hours), and Hum 4931 (Seminar in Humanities) (4 credit hours), 7 credit hours. HUM 3331 is offered only in fall semester; HUM 4931 is offered only in spring semester.
5. Other 3000- or 4000-level HUM courses, sufficient to bring total HUM credits to 33. (Creative/Performing Arts hours are NOT included in that total.)
6. Creative or performing arts, one class, either lower or upper level, 3 credit hours.
7. "C" or better in each Humanities course applied to the degree.

Requirements for the Minor in Humanities

The curriculum for the Humanities minor is comparable to that of the program for the B.A. degree, but it is less comprehensive. Course requirements are as follows:

1. Eighteen semester hours of Humanities courses.
2. Not over eight of these eighteen hours may be taken below the 3000 level.

AMERICAN STUDIES (AMS)

The American Studies major is designed for students who seek to understand the cultural patterns, beliefs and values that have unified and sometimes divided Americans. American Studies is an interdisciplinary program that emphasizes the diversity of American people and institutions; the importance of gender, race, ethnicity and social class; the material and technological foundations of American society; the development of distinctive regions within the United States; and creative expression in art, architecture, film, literature, music and photography.

Requirements for the Major in American Studies

Recommended Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

There are no State Mandated Common Prerequisites for this degree program.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Students are encouraged to complete the following major, support, or elective courses if available, during the program of study at the community college, and when feasible in General Education/Gordon Rule courses. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

AMH 2010 American History I	(3)
AMH 2020 American History II	(3)
ENC 1101 Composition I	(3)
ENC 1102 Composition II	(3)
POS 2041 American National Government	(3)

Course Requirements for the American Studies Major

36 credit hours, distributed as follows:

1. AMS 2030 (Introduction to American Studies). 3 credits
2. One 2000-level survey course, **either** AMS 2201 (Colonial American Culture), AMS 2212 (Nineteenth-Century American Culture) or AMS 2270 (Twentieth-Century American Culture). 3 credits.
3. One additional 3000-level **period** course (e.g. AMS 3230, AMS 3001, AMS 3260). 3-4 credits.
4. One 3000- or 4000-level **regions** or **genre** course (e.g. AMS 3210, AMS 3601, AMS 4152, PGY 3001). 3 or 4 credits.
5. AMS 4804 (Major Ideas in America). 3 credits.
6. One 4000-level Research Seminar (AMS 4935). 4 credits.
7. 6-8 additional AMS credit hours.
8. 9-10 additional credit hours of supporting courses (e.g., American Literature, American History) to be chosen in consultation with the undergraduate advisor.

Requirements for the Minor in American Studies

18 credit hours distributed as follows:

1. AMS 2030 (Introduction to American Studies). 3 credits.
2. One 2000-level survey course (AMS 2201, AMS 2212, AMS 2270). 3 credits.
3. 6 additional AMS credit hours.
4. 6 additional credit hours of supporting courses to be chosen in consultation with the undergraduate advisor.

• INTERDISCIPLINARY SOCIAL SCIENCES (ISS)

The ISS program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a broad educational experience. ISS offers a wide choice of courses, and an opportunity to design a quality program geared toward individual needs and interests. Students plan their program in ongoing consultation with the advisor who approves each individual curriculum contract.

Specific requirements for a B.A. degree in Interdisciplinary Social Sciences (ISS) are outlined below:

Recommended Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Please be aware of the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for the ISS degree program.

Community college courses may be counted toward the ISS degree. These could include General Education credits, Gordon Rule classes, and courses such as the examples listed below. A grade of "C" is the minimum acceptable grade.

AFA 2000 Introduction to the Black Experience [In Africa and Its Diaspora]	(3)
AMH 2010 American History I	(3)
AMH 2020 American History II	(3)
ANT 2000 Introduction to Anthropology	(3)
ECO 2013 Economic Principles (Macroeconomics)	(3)
ECO 2023 Economic Principles (Microeconomics)	(3)
GEA 2000 World Regional Geography	(4)
POS 2041 American National Government	(3)
POS 2112 State and Local Government	(3)
SYG 2000 Introduction to Sociology	(3)
WST X015 Introduction to Women's Studies	(3)

Interdisciplinary Core Courses

Two of these courses, an introductory course (3010) and the senior seminar (4935), introduce and employ the interdisciplinary social science perspective. These courses involve students in the study of human life and experience; the various concepts, theories and methods used in the social sciences; and apply them to contemporary issues and questions. Social Science Statistics (STA 2122) is the third core course required for majors in Interdisciplinary Social Sciences.

Coursework required for Interdisciplinary Social Sciences Majors

1. Required core courses for the major are:

ISS 3010 Introduction to Social Sciences	(3)
ISS 4935 Seminar in the Social Sciences -MW	(3)
STA 2122 Social Sciences Statistics -6A QM	(3)

- The ISS student chooses between two cognate areas and completes twelve hours in each. In addition, three special electives emphasize cultural diversity.
- Students should work out a program of study at the onset of their junior year, particularly before too many courses are completed in the College of Arts and Sciences. **No student should assume that courses already completed will automatically count toward the ISS degree.**
- The completion of 42 approved hours of course work from the College of Arts and Sciences (CAS), with a minimum of 30 hours at the 3000 or above level.
- Students must maintain a minimum grade point average of 2.0 in ISS to graduate.
- ISS majors must satisfy two semesters of a foreign language in order to graduate.
- Other personal curricula may be tailored for those highly motivated students, with a minimum grade point average of 3.2, developed with the approval of the advisor. This course of study will be directed toward the special educational interests of these students. An in-depth Honors Research Paper will be required of students taking this option.

No transfer courses with grades of "D" are acceptable for credit in the ISS major.

COGNATE AREAS - Students select two areas and take 12 hours in each. Cognates must be selected from the areas of study listed below:

Africana Studies, American Studies, Anthropology, Communication Sciences and Disorders, Criminology, Economics, Environmental Science and Policy, Gerontology, Geography, History, Humanities, International Studies, Interpreter Training, Latin American Studies, Library and Information Science, Multidisciplinary Behavioral Healthcare, Political Science, Psychology, Public Administration, Religious Studies, Social Work, Sociology, Woman's Studies.

• LIBERAL STUDIES (ALA)

The Liberal Studies degree fulfills the intent of the traditional Liberal Arts Degree and is for students who want a broad academic background to realize their academic or career goals.

Recommended Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

There are no State Mandated Common Prerequisites for this degree program.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Program Admission Procedure and Upper-level Course Requirements: Students must apply for admission to the program separately from applying to the university. To apply for the Liberal Studies Program, students must (1) have completed a minimum of 20 and no more than 80 semester hours, (2) have a minimum overall grade point average of 3.00 at the time of admission, and (3) submit a written proposal and program of study, explaining the student's special academic circumstances and goals for which this major is appropriate. This proposal must be approved by a faculty committee of three professors (Chair to be selected by the student) to be assembled by the student and the director of the major.

The student must complete the General Education Requirements (and all other university requirements), and a minimum of 4 semesters of one foreign language. The remaining hours will be devoted to interdisciplinary study in the College of Arts and Sciences. Ideally, the hours will include courses in the social sciences, humanities, and natural sciences. In the student's last semester, the faculty committee must approve a senior paper.

For information, contact the Associate Dean for Graduate and Undergraduate Studies in BEH 201.

• Library and Information Science (LIS)

The School of Library and Information Science offers undergraduate courses to meet a wide range of information literacy needs in support of the university's academic programs. The courses provide the understanding and skills needed to access essential information resources in an increasingly information driven, technological world, whether in support of scholarship in academic disciplines or the occupational demands of society.

Students are able to take a variety of courses that will prepare them to access and evaluate these information resources. Topics taught in these courses include using the modern, electronic library and the Internet to meet academic, professional, and personal information needs, and designing websites that meet professional standards.

The School's faculty will advise those undergraduates interested in graduate study in librarianship. The American Library Association accredits the Library and Information Science Master's program, and graduates are prepared for professional positions in all types of libraries, media centers, and information agencies. The Library and Information Science program at the University of South Florida meets the Florida State Board of Education requirements for certification as an Educational Media Specialist (grades K 12).

For more information, visit our web site at <http://www.cas.usf.edu/lis>.

• MASS COMMUNICATIONS (COM)

The School of Mass Communications, accredited by the Accrediting Council on Education in Journalism and Mass Communications, offers approximately 70 courses varying in content from the highly technical and field-specialized in some cases to an essential liberal arts orientation in others. The program introduces students to the theories, principles, and problems of communications, emphasizing the concept of freedom of information as the cornerstone of constitutional democracy and preparing students for future leadership roles in communications media. Graduates should understand the structure and functions of mass media systems as well as the basic processes of communication. In addition, students specialize in an area of mass communications (advertising, journalism, public relations, or telecommunications) to blend a strong introduction to professional skills with the theoretical orientation.

Majors seeking careers in the mass media will be directed to the various media in close contact with the School for summer internships, practica and part-time work. A limited number of students will have the opportunity to serve as interns with a mass communications organization and take MMC 4945 for three hours credit. Students may not receive credit for both an internship (MMC 4945) and a practicum (ADV 4940, JOU 3940, JOU 4941, JOU 4944, PUR 4700, RTV 3941, RTV 4942, VIC 3943).

Requirements for the Major in Mass Communications

To be admitted to the core curriculum in Mass Communications, students must have completed a minimum of 30 hours (including at least 15 semester hours for which grades and a grade point average have been awarded) with a 2.75 minimum

Overall Grade Point Average, including ENC 1101 and 1102 with a minimum grade of "C" in each. Applicants must establish a minimum score of 60 percent on the Mass Communications English Diagnostic Test prior to entering MMC 2100 (Writing for Mass Media). (Students who transfer MMC 2100 or its equivalent must pass the Mass Communications English Diagnostic Test with a score of at least 70 percent, which is the same score required for the successful completion of MMC 2100 at USF.) Both courses in the Mass Communications core curriculum (MMC 2100 and MMC 3602) must be completed with a minimum grade of "C" before any other Mass Communications course may be taken. Students failing to achieve a minimum grade of "C" in both MMC 2100 and MMC 3602 will be disallowed as majors in the School. A 2.5 GPA in Mass Communications courses is required for graduation, and no student may graduate with a grade lower than "C" in any Mass Communications course.

The Mass Communications major requires six hours of core curriculum courses (MMC 2100 and MMC 3602) and 31 hours of a combination of required and selective sequence courses for a total of 37 hours in Mass Communications within the 124-hour degree requirement. Six hours in Mass Communications writing courses (three hours in addition to MMC 2100) are a part of the graduation requirement.

Mass Communications majors are required to take a minimum of 80 hours in courses outside the journalism and mass communications areas, with no fewer than 65 hours in the basic liberal arts and sciences. (Liberal Arts courses are listed in materials available from the School program advisor.) To facilitate this, no more than 44 hours of Mass Communications courses may be applied toward the bachelor's degree within the 124-hour graduation requirement. Mass Communications majors taking more than 44 hours of Mass Communications courses, regardless of the departments in which those courses are listed, must add those hours to the 124 hours required for graduation. In particular, film and photography courses offered in other departments may be considered to be Mass Communications courses and added to the 124-hour degree requirement.

At least twenty-two (22) hours of resident School courses are required.

All material submitted by students as assignments in writing, reporting, editing, photography and electronic news gathering and production classes is subject to publication or broadcast. The School uses a variety of print and electronic media outlets.

Sign Language may be used as an option by Mass Communications majors to fulfill the language requirement.

Most Mass Communications courses have prerequisites as specified in the course description (these prerequisites are separate from the State Mandated Common Prerequisites for program admission listed below). Refer to each prerequisite listed to determine progressive prerequisites for each course. Students also should note that the Mass Communications major is a four-semester program at a minimum and the majority of courses are offered only during the day.

Prerequisites (State Mandated Common Prerequisites)

This is a limited access program. Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Students must complete 18 semester hours outside the Mass Communications curriculum and beyond the 36 hours of general education requirements prior to entering the university. If these courses are not taken at the community college, they

must be completed before the degree is granted. A grade of "C" is the minimum acceptable grade. Students are encouraged to complete the following prerequisites, or major, support, or elective courses if available, during the program of study at the community college, and when feasible in General Education/Gordon Rule courses.

English Composition (minimum grade of "C") (6)

MMC 3602 Mass Communications and Society (3)

Prior to being admitted to the School of Mass Communications, a student must:

Complete a minimum of 45 semester hours including all General Education requirements and six hours of English composition (with a minimum grade of "C"), earn a 2.75 overall GPA, and pass a School-administered English Diagnostic Test.

A maximum of nine semester hours in Mass Communications courses will be accepted from a community college or other lower-level program toward a degree in Mass Communications. It is suggested that the nine hours include the equivalent of the School core curriculum and one sequence introduction course. Approval by an appropriate advisor is required.

Required Upper-level Coursework for the Mass Communications Major

School Core Curriculum

MMC 2100 Writing for the Mass Media

MMC 3602 Mass Comm and Society

Sequence Requirements

1. ADVERTISING Requirements

ADV 3008 Introduction to Advertising

ADV 3101 Advertising Creativity

ADV 3300 Advertising Media Strategy

ADV 3500 Advertising Research

ADV 4600 Advertising Management

ADV 4800 Advertising Campaigns

or

ADV 4940 Advertising Practicum

MMC 4200 Communications Law

MMC 4936 Selected Topics in Mass Communication Studies*

or

MMC 4203 Media Ethics

Sequence Specialization Courses (two courses within specialization)

Creative Specialization (two courses)

ADV 4204 Advance Advertising Creativity (required)

ADV 4710 Portfolio Building

or

MMC 4936 Selected Topics in Mass Communications Studies*

Media Specialization (two courses)

ADV 4301 Advanced Media Strategy (required)

ADV 4310 Digital Media

or

MMC 4936 Selected Topics in Mass Communications Studies*

Selective Requirements (one course)

JOU 2100 Beginning Reporting

PUR 3000 Principles of Public Relations

RTV 3001 Introduction to Telecommunications

MMC 4936 Selected Topics in Mass Communications Studies*

*Please see the academic advisor for appropriate selected topics courses.

Other Requirements: The following courses are required outside the School to complete sequence requirements:
ECO 1000 Basic Economics
MAR 3023 Basic Marketing

grade of "D" or "F" will not be counted toward a mass communications minor and a 2.5 grade point average in all minor coursework must be maintained. All minor hours must be completed at USF.

• MATHEMATICS and STATISTICS (MTH/STC)

The Department of Mathematics and Statistics offers a diversity of courses designed not only to enable the student to pursue professions in mathematics and statistics, but also to enhance the student's competence in the fields of engineering, the physical sciences, the life sciences, and the social sciences. The department offers programs leading to the B.A., M.A., and Ph.D. degrees. The undergraduate programs emphasize the broad nature of modern mathematics and statistics and its close associations with the real world. The programs are designed to prepare students for entry into graduate school or careers in industry or secondary education.

The Department of Mathematics and Statistics consists of approximately 31 full-time faculty members, whose areas of interest include: algebra, applied mathematics, approximation theory, celestial mechanics, complex analysis, dynamical systems, functional analysis, graph theory, logic, number theory, ordinary differential equations, partial differential equations, potential theory, probability theory, real analysis, statistics, theoretical computer science, and topology.

Minimum Grade Requirements

In general, grades of C- or better are required for courses in the mathematics major and minor and in the statistics major. However, C- is not an acceptable grade for any course that is being used as a prerequisite for a follow-on course. For these courses a grade of C (2.00 grade points) or better is required.

Teacher Education Programs

For information concerning the degree programs for secondary school teachers, see the description given in the College of Education, Department of Secondary Education.

Requirements for the Major in Mathematics Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF from a Florida Community College should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university.

A student who transfers without an A.A. degree and has fewer than 60 semester hours of acceptable credit must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following **prerequisite courses** listed below at the lower level prior to entering the university. If these courses are not taken at the community college, they must be completed before the degree is granted. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

- COPXXXX Computer Language Course
(Pascal, FORTRAN, C, C+, or C++)
- MACX311 Calculus I
- MACX312 Calculus II
- MACX313 Calculus III

Students must also complete two laboratory based science courses, 4-8 semester hours total, from the respective science majors: Biology, Chemistry, Geology, or Physics.

MAJOR IN MATHEMATICS

The courses taken to satisfy the requirements below will constitute the major program referred to in the general graduation requirements of the College of Arts and Sciences.

Majors are encouraged to consult the department's Undergraduate Advisor before every semester. The Undergraduate Advisor will recommend electives that are appropriate for the student's interests and goals.

Majors are encouraged to consider the Honors Program and the Accelerated BA/MA Program, which are outlined below.

1. Mathematics Requirements (Minimum 45 credit hours)

Core Requirement. Majors must complete the following five courses (20 credit hours):

- MAC 2311 Calculus I (4)
- MAC 2312 Calculus II (4)
- MAC 2313 Calculus III (4)
- MGF 3301 Bridge to Abstract Mathematics (4)
- MAS 3105 Linear Algebra (4)

Analysis Requirement. Majors must complete one of the following two courses (4 credit hours):

- MAA 4211 Intermediate Analysis I (4)
- MAS 4156 Vector Calculus (4)

Majors who complete both MAA 4211 and MAS 4156 may count one of these towards the Elective Requirement below.

Elective Requirement. Majors must complete seven courses from the following electives (Minimum 21 credit hours):

- COP 4313 Symbolic Computations in Mathematics (3)
- MAA 4211 Intermediate Analysis I (4)
- MAA 4212 Intermediate Analysis II (3)
- MAA 4402 Complex Variables (3)
- MAD 4401 Numerical Analysis (3)
- MAD 4504 Theory of Computation (3)
- MAP 2302 Differential Equations (3)
- MAS 4156 Vector Calculus (4)
- MAS 4301 Elementary Abstract Algebra (3)
- MAT 4970 Mathematics Senior Thesis (3)
- MHF 4403 Early History of Mathematics (3)
- MHF 4406 History of Modern Mathematics (3)
- MTG 4214 Modern Geometry (3)
- MTG 4302 Introduction to Topology (3)
- STA 4321 Essentials of Statistics (3)
- STA 4442 Introduction to Probability (3)

Special Notes.

Majors who complete both MHF 4403 and MHF 4406 may count only one of these towards the Elective Requirement above.

MAT 4930, Selected Topics in Mathematics, or 5000-level mathematics courses may be taken as electives, with the approval of the Undergraduate Advisor.

One or two courses from another department which are of high mathematical content may also be taken as electives, with the approval of the Undergraduate Advisor and the Chairman.

Majors wishing to take a course in statistics should first take STA 4442 and then STA 4321.

Majors wishing to continue towards a graduate degree in mathematics should take MAS 4301 and MAA 4211. (See also the sections on the Honors Program and the Accelerated BA/MA Program below.)

2. Mathematics-related Courses (Min. 6 credit hours)

Majors must take two courses in science or engineering which are required courses for the majors within those departments. The two courses need not be in the same department. Science courses must include laboratories and be offered by the Departments of Biology, Chemistry, Geology, or Physics.

HONORS PROGRAM IN MATHEMATICS

The program is designed for students who wish to obtain a B.A. degree that will indicate unusual strength in the field of mathematics. Successful completion of the program will be prominently displayed on the student's diploma and will be recorded on the official USF transcript of the student's work.

Students are eligible for admission to the program when they

1. have completed MAS 4301, Elementary Abstract Algebra,
2. have at least a 3.0 grade point average for all college courses, and
3. have at least a 3.5 grade point average for mathematics courses.

Applications are submitted to the Undergraduate Committee of the Department of Mathematics.

The requirements for a B.A. degree in mathematics with honors are as follows:

1. completion of the requirements of the major in mathematics,
2. completion of MAA 4211, Intermediate Analysis I,
3. completion of MAT 4970, Mathematics Senior Thesis,
4. completion of eight mathematics courses at or above the 4000-level,
5. at least a 3.0 average for all college courses, and
6. at least a 3.5 average for mathematics courses.

ACCELERATED BA/MA PROGRAM

This program is designed for superior students having a solid background in high school mathematics and the ability to handle a fast paced, challenging program leading to a BA and MA degree in mathematics in four to five years.

The program meets all the requirements for the BA degree, but requires the student to take those graduate level courses required for the MA degree during the last two years in the program. Up to 20 hours of graduate courses may be counted towards the MA degree as well as the BA degree, but not towards the undergraduate major (that is, as free electives).

For admission to the program, a student must

1. have completed at least 30 hours of college credit including 8 hours of 3000-level or above mathematics courses,
2. have at least a 3.0 grade point average for all college courses, and
3. have at least a 3.5 grade point average for all mathematics courses taken at the 3000-level or above.

To apply for admission, send a letter to the Chair of the Department of Mathematics stating your qualifications and desire to enter the program. An important benefit of this program is that a student is eligible to apply for a graduate teaching assistantship once he or she has completed the undergraduate mathematics major courses. To plan your program, see the Undergraduate Advisor in Mathematics.

Requirements for the Minor in Mathematics

The minor in mathematics is open to all students. Students with majors in the sciences, engineering, business, and the social sciences are particularly encouraged to pursue the minor. A student wishing to receive a minor in mathematics must meet the following course requirements (minimum of 26 credit hours):

1. Required Courses (20 credit hours)

Either

- | | |
|-----------------------|-----|
| MAC 2311 Calculus I | (4) |
| MAC 2312 Calculus II | (4) |
| MAC 2313 Calculus III | (4) |

Or

- | | |
|-----------------------------------|-----|
| MAC 2281 Engineering Calculus I | (4) |
| MAC 2282 Engineering Calculus II | (4) |
| MAC 2283 Engineering Calculus III | (4) |

Also, both of the following:

- | | |
|-----------------------------------------|-----|
| MGF 3301 Bridge to Abstract Mathematics | (4) |
| MAS 3105 Linear Algebra | (4) |

2. Elective Courses (Min. 6 credit hours)

Any 2 mathematics courses that are required or elective for the major in mathematics.

Requirements for the Major in Statistics**Prerequisites (State Mandated Common Prerequisites)**

Students wishing to transfer to USF from a Florida Community College should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university.

A student who transfers without an A.A. degree and has fewer than 60 semester hours of acceptable credit must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following **prerequisite courses** listed below at the lower level prior to entering the university. If these courses are not taken at the community college, they must be completed before the degree is granted. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

COPXXXX Computer Language Course
(Pascal, FORTRAN, C, C+, or C++)

MAC X311 Calculus I

MAC X312 Calculus II

Students must also complete one laboratory based science course from the following:

- | | |
|----------------|-----|
| BSC XXXX/XXXXL | (4) |
| CHM XXXX/XXXXL | (4) |
| PHY XXXX/XXXXL | (4) |

MAJOR IN STATISTICS

The courses taken to satisfy the requirements below will constitute the major program referred to in the general graduation requirements of the College of Arts and Sciences.

Majors are encouraged to consult the department's Undergraduate Advisor before every semester. The Undergraduate Advisor will recommend electives that are appropriate for the student's interests and goals.

Statistics Requirements (Minimum 45 credit hours)

Core Requirement. Majors must complete the following five courses (Min. 19 credit hours):

Either

- | | | |
|----------|--------------|-----|
| MAC 2311 | Calculus I | (4) |
| MAC 2312 | Calculus II | (4) |
| MAC 2313 | Calculus III | (4) |

OR

- | | | |
|----------|--------------------------|-----|
| MAC 2281 | Engineering Calculus I | (4) |
| MAC 2282 | Engineering Calculus II | (4) |
| MAC 2283 | Engineering Calculus III | (4) |

Also

- | | | |
|----------|--------------------------------------|--|
| COP 4313 | Symbolic Computations in Mathematics | |
|----------|--------------------------------------|--|

(3)

OR

- | | | |
|----------|--------------------------|-----|
| STA XXXX | Computational Statistics | (4) |
|----------|--------------------------|-----|

Plus completion of one of the three lab-based science courses below

- | | |
|----------------|-----|
| BSC XXXX/XXXXL | (4) |
| CHM XXXX/XXXXL | (4) |
| PHY XXXX/XXXXL | (4) |

Required Courses (13 cr. hrs.):

- | | | |
|----------|-----------------------------|-----|
| STA 2023 | Introductory Statistics I | (4) |
| STA 3024 | Introductory Statistics II | (3) |
| STA 4321 | Essentials of Statistics | (3) |
| STA 4442 | Introduction to Probability | (3) |

Elective Requirement: Majors must complete four courses from the following electives (Min. 12 cr. hrs.):

STA 4222	Sample Survey Design	(3)
STA 4502	Nonparametric Statistical Methods	(3)
STA 4504	Categorical Data Analysis	(3)
STA 4702	Multivariate Statistical Methods	(3)
STA 4821	Stochastic Processes	(3)
MAP 2302	Differential Equations	(3)
MAS 3105	Linear Algebra	(4)
MAT 4930	History of Statistics	(3)

Special Notes.

One or two courses from another department which are of high statistical content may be taken as electives, with the approval of the Undergraduate Advisor and the Chairman.

MAT 4930, Selected Topics in Mathematics, or 5000-level statistics courses may be taken as electives, with the approval of the Undergraduate Advisor.

• **PHILOSOPHY (PHI)**

Recommended Prerequisites (State Mandated Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

There are no State Mandated Common Prerequisites for this degree program.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Students are encouraged to complete the following courses if available during the program of study at the community college and when feasible in General Education/Gordon Rule courses. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

Mathematics (any courses).

Foreign Languages (Beginning and Intermediate German, French, or Latin) (1120-1121 level and 2200-2201 level)

Classics (CLT, CLA for example)

Requirements for the Major in Philosophy

Majors in philosophy must complete at least 33 credit hours comprised of the following:

- PHH 3062 History of Western Philosophy: Ancient Philosophy
- Two of the following three courses
PHH 3280 Medieval and Renaissance Philosophy
PHH 3420 Early Modern Philosophy
PHH 3442 Late Modern Philosophy
- PHI 2101 Introduction to Formal Logic
- PHI 4670 Contemporary Ethical Theory
- Two of the following three courses
PHI 4300 Theory of Knowledge
PHI 3404 Philosophy of Science
PHI 4320 Philosophy of Mind
- 9 credit hours of Philosophy electives, of which 6 must be at the 4000 or 5000 level
- PHI 4938 Philosophy Capstone Seminar

Two additional stipulations apply:

- Minimum passing grade requirement.** No grade below C- in any required philosophy course or philosophy elective may count toward the major;
- Beginning Fall 2010: Residency Requirement.** No more than six hours of philosophy electives and three hours of

required philosophy coursework taken at institutions other than USF may count toward the major.

Requirements for the Minor in Philosophy

A minor in philosophy consists of the completion of at least 18 credit hours, which includes the following courses or an approved substitute for one only:

- PHH 3062 History of Western Philosophy: Ancient Philosophy
 - One of the following three courses:
PHH 3280 Medieval and Renaissance Philosophy
PHH 3420 Early Modern Philosophy
PHH 3442 Late Modern Philosophy
 - PHI 4670 Contemporary Ethical Theory
or
PHP 3786 Existentialism
or
PHI 4320 Philosophy of Mind
 - PHI 2101 Introduction to Formal Logic
or
PHI 3404 Philosophy of Science
 - 6 credit hours of Philosophy electives
- No credit taken on an "S/U" basis may be applied toward the minor.

Honors Program

The Honors Program in Philosophy allows superior students to pursue philosophical studies at a more advanced level than is customary in undergraduate philosophy programs. Students in the Honors Program will be required to do independent research and to write and defend an undergraduate thesis.

Admission Criteria:

- Students must already have declared a major in Philosophy.
- Students must complete 9 hours in Philosophy at the 3000 level or higher (PHI 2101 may count toward the 9 hours).
- Students must have an overall grade point average of 3.0, and their grade point average in Philosophy must be at least 3.5.
- Students who wish to be considered for the Honors Program must request to be nominated by a member of the faculty. Once nominated by a faculty member, a majority of the faculty who have taught the student must approve the student's admission to the Honors Program.

Program Requirements:

In addition to completing the requirements for the Major in Philosophy, students must meet the following requirements.

- Students cannot receive a grade lower than a "B" in any Philosophy course, and their grade point average in Philosophy must be at least 3.5 to remain in, or be graduated from, the Honors Program.
- PHH 4440 Continental Philosophy
or
PHP 4784 Analytical Philosophy
or
PHP 3786 Existentialism
or
PHH 4700 American Philosophy
- Students must write a senior thesis and undergo an oral examination on the thesis before a committee of two Philosophy faculty members. Students will register for 3 hours in directed study in Philosophy (PHI 4905) for work on their thesis. Students who are in the Honors College may use the same project to count for both Philosophy Honors and an Honors College thesis. In such cases, the student shall not register for directed study in Philosophy (PHI 4905) as part of completing the thesis.
- Students must complete 36 credit hours in Philosophy.

• PHYSICS (PHY/PHS)

The Department of Physics offers undergraduate programs leading to a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The B.A. program is designed for students interested in a more general education in physics. The curriculum allows enough flexibility in electives to enable students to combine a physics major with another major in such areas as mathematics, biology, chemistry, computer science, engineering, business, and teacher education. The B.S. program is for students planning to pursue graduate studies in physics, applied science or engineering. For those students who desire additional capabilities in physics beyond the General Physics sequence, they may pursue a Minor in Physics or Biomedical Physics.

At the graduate level, the Department of Physics offers three Master's degree programs (Master of Science in Physics, Master of Science in Applied Physics and Dual-Master Degrees in Physics and Engineering Science) and a Ph.D. degree program in Applied Physics.

Requirements for the Majors in Physics

Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following **prerequisite courses** listed below at the lower level prior to entering the university. If these courses are not taken at the community college, they must be completed before the degree is granted. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

CHM 1045/1045L General Chemistry I (with lab) or CHM 1040 & CHM 1041 or CHM 1045C or CHM 1045E

CHM 1046/1046L General Chemistry II (with lab) or CHM 1046C or CHM 1046E

It is recommended that students complete the following **common prerequisite courses** listed below prior to enrolling in upper division courses as a major. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

MAC 2311 Calculus I or MAC X281

MAC 2312 Calculus II or MAC X282

MAC 2313 Calculus III or MAC X283

PHY 2048/2048L General Physics I or PHY 2048C

PHY 2049/2049L General Physics II or PHY 2049C

Coursework for Majors in Physics

1. Physics Courses

B.A. PHYSICS (PHY) (34 credit hours)

PHY 2048 General Physics I	(3)
PHY 2048L General Physics I Lab	(1)
PHY 2049 General Physics II	(3)
PHY 2049L General Physics II Lab	(1)
PHY 3101 Modern Physics	(3)
PHY 3221 Mechanics I	(3)
PHY 3822L Intermediate Lab	(3)
PHY 3323 Electricity and Magnetism I	(3)
PHY 4222 Mechanics II	(3)
PHY 4930 Undergraduate Seminar	(1)
PHY 4324 Electricity and Magnetism II	(3)

PHY 4910 Undergraduate Research	(1-4)
PHY 4823L Advanced Laboratory	(3)
PHY 4604 Intro. to Quantum Mechanics	(3)

B.S. PHYSICS (44 credit hours)

PHY 2048 General Physics I	(3)
PHY 2048L General Physics I Lab	(1)
PHY 2049 General Physics II	(3)
PHY 2049L General Physics II Lab	(1)
PHY 3101 Modern Physics	(3)
PHY 3221 Mechanics I	(3)
PHY 3822L Intermediate Lab	(3)
PHY 3323 Electricity and Magnetism I	(3)
PHY 4222 Mechanics II	(3)
PHY 4930 Undergraduate Seminar	(1)
PHY 4324C Electricity and Magnetism II	(3)
PHY 4523 Statistical Physics	(3)
PHY 4604 Intro. Quantum Mechanics	(3)
PHY 4910 Undergraduate Research	(1-4)
PHY 4823L Advanced Laboratory	(3)

Plus 6 credit hours of Physics electives subject to approval of undergraduate advisor.

2. Required Supporting Courses in Natural Sciences

CHM 2045 General Chemistry I	(3)
CHM 2045L General Chemistry I Lab	(1)
CHM 2046 General Chemistry II	(3)
CHM 2046L General Chemistry II Lab	(1)
MAC 2311 or 2281 Calculus I	(4)
MAC 2312 or 2282 Calculus II	(4)
MAC 2313 or 2283 Calculus III	(4)

3. Liberal Arts Requirements

[General Education Requirements (36 credit hours); Exit Requirements (9 credit hours)]

The student is required to complete the university's Liberal Arts Requirements.

4. Free Electives

Courses over and above required courses should be taken to complete a 120-hour program.

5. Residency Requirement

A minimum of 20 credit hours of physics courses (see 1 above) in residency.

6. D and F grades earned in attempting to satisfy major requirements will be used in calculating the major GPA.

Requirements for the Minor in Physics

A minor in Physics consists of 19 credit hours which includes:

Required Courses

PHY 2048 or 2053 General Physics I	(3)
PHY 2048L or 2053L General Physics I Lab	(1)
PHY 2049 or 2054 General Physics II	(3)
PHY 2049L or 2054L General Physics II Lab	(1)
PHY 3101 Modern Physics	(3)

Elective Courses (Pick from list below) (8 credit hours)

PHY 3221 Mechanics I	(3)
PHY 3323 Electricity and Magnetism I	(3)
or Physics electives subject to approval of undergraduate advisor.	

Required Supporting Courses

Correct prerequisites for any course required.

A "C-" is the minimum acceptable grade for any course in the minor.

A minimum "C" (2.0) average in the 19 credit hours is required for obtaining this minor.

Requirements for the Minor in Biomedical Physics

A minor in Biomedical Physics consists of 16 credit hours which includes:

PHY 2048 or 2053	General Physics I	(3)
PHY 2048L or 2053L	General Physics I Lab	(1)
PHY 2049 or 2054	General Physics II	(3)
PHY 2049L or 2054L	General Physics II Lab	(1)
PHZ 4702 Appl of Phy to Bio. & Medicine I		(4)
PHZ 4703 Appl of Phy to Bio. & Medicine II		(4)

This minor combines fundamental knowledge of physics acquired through the General Physics lectures and laboratories to applications that cover a wide spectrum of topics of interest to students pursuing a future clinical or research career in the areas of biology, medicine, biophysics, and other related areas.

A "C-" is the minimum acceptable grade for any course in the minor. A minimum "C" (2.0) average in the 16 credit hours is required for obtaining this minor.

Teacher Education Programs

For information concerning the degree programs for secondary school teachers, see College of Education, Department of Secondary Education; for junior college teachers, see USF Graduate Catalog.

• PSYCHOLOGY (PSY)

Psychology involves the scientific study of behavior and mental processes. Because of this focus, psychology is relevant to many other areas of study both inside and outside of the social and behavioral sciences. The undergraduate program in Psychology offers the student a well-rounded liberal arts education. In addition, the program provides excellent training for qualified students who wish to pursue graduate work in such disciplines as Clinical, Cognitive and Neural Sciences or Industrial Psychology, Education, Gerontology, Counseling, Management, Medicine, Law, and other human service programs. The undergraduate major emphasizes the breadth of psychology while allowing the student some electives to pursue in depth a particular aspect of the field. Interested undergraduate majors may apply for admission to the Honors Program. The graduate faculty of the Psychology Department are divided into three broad program areas: Clinical, Cognitive and Neural Sciences, and Industrial/Organizational. Each of these program areas offers Ph.D.-level training as well as instruction at the undergraduate level.

Requirements for the Major in Psychology Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer without an A.A. degree and have fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following state-approved **prerequisite courses** at the lower level prior to entering the university. If these courses are not taken at the community college, they must be completed before the degree is granted. Unless stated otherwise, a grade of "C" is the minimum acceptable grade. To be admitted to the major in Psychology, a student must complete all of the course prerequisites.

PSY X012 Introduction to Psychology **and** any other lower level Psychology course within the Psychology inventory
STAXXXX Any level Statistics course (X000 - X099)
BSCXXXX Any level General Biology course (**or** BSC X200- X209, **or** ZOO X010)

Once admitted to the major, continuation in the major requires successful completion of PSY X012 Introduction to Psychology, PSY 3204 Psychological Statistics (or another approved Statistics course), and PSY 3213 Research Methods in Psychology, with at least a grade of C (not C-) and have a grade point average for those three courses of 2.5 or higher.

Majors must complete at least 34 semester hours in the field. A minimum grade of "C-" or better must be attained in each course in the major, except for PSY 3204 (or other qualifying statistics course) and PSY 3213, where a C or better is required. Although a C- is allowable for individual courses, a major GPA of 2.0 minimum is required for graduation. All majors must complete:

Requirements for Psychology Majors

- 2000/3000 Level Requirement (6 semester hours)
 - PSY 2012 Introduction to Psychological Science (if not already taken at a community college)
 - PSY 3204 Psychological Statistics
- Methods Course Requirement (7 semester hours)
 - PSY 3213 Research Methods in Psychology and one of the following:
 - CLP 4433 Tests and Measures
 - PSY 4205 Experimental Design and Analysis or another methods course approved by the undergraduate advisor in Psychology.
- 4000 Level Requirement (21 semester hours)
 - Courses in categories 1 and 2 must be completed before any 4000 level courses are attempted. Successful completion of 7 additional Psychology courses numbered at the 4000 level selected as follows: At least two courses from each of the two groups below:

Group I

EXP 4204C Perception
EXP 4404 Psychology of Learning
PSB 4004C Physiological Psychology
EXP 4304 Motivation
EXP 4680C Cognitive Psychology

Group II

CLP 4143 Abnormal Psychology
INP 4004 Industrial Psychology
SOP 4004 Social Psychology
DEP 4053 Developmental Psychology
PPE 4003 Personality

and any 3 additional courses numbered at the upper-level.

Note: No more than a total of 3 hours of the following courses may count toward the major:

PSY 4913 Directed Study
PSY 4970 Honors Thesis.

PSY 4932 may not count toward the major.

Statistics and Biological Science are required. Otherwise, students majoring in psychology are encouraged to complete a varied undergraduate program.

A prerequisite for all 4000-level courses is a grade of "C" or better in both PSY 3204 (or other qualifying statistics course) and PSY 3213, not "C-". For students minoring in Psychology, a grade of "C" or better in any college-level statistics course will substitute for PSY 3213.

For students majoring in Interdisciplinary Social Sciences, any college-level statistics course with a grade of "C" or better may serve as prerequisite for 4000 level courses in Psychology but does not substitute for the PSY 3213 requirement.

Requirements for the Minor in Psychology

A minor in Psychology consists of a minimum of 15 credit hours, comprising PSY 2012, and any four upper-level psychology courses except PSY 4913. Students minoring in Psychology must also obtain a "C" or better in any college level statistics course in lieu of PSY 3213, or must complete PSY 3213 with a "C" or better. A GPA of 2.0 or better in the minor is required for

certification. The purpose of the minor is to help students majoring in other disciplines to obtain an appropriate psychology background that will complement their work in their major. See the Psychology Department Undergraduate Advisor for suggested minor programs for students majoring in various fields.

Psychology Honors Program

The purpose of the Honors Program is to provide a select group of qualified undergraduate Psychology majors an opportunity to undertake an intensive individualized research experience. The culmination of the Honors Program is the completion and defense of an honors thesis. Application for the program will take place during the second semester of the student's junior year or, typically, prior to completion of 90 semester credits. Admission to the program is competitive and based on the student's overall academic record, performance in psychology courses, and a letter of recommendation from a member of the Psychology Department faculty. Successful completion of the program requires a GPA of 3.5 in major coursework, an overall GPA of 3.25 at USF, and, typically, completion of 43 hours in Psychology including PSY 4932, Honors Seminar (6) and PSY 4970, Honors Thesis (6). See the Psychology Department Undergraduate Advisor for details of the program and an application form.

• REHABILITATION AND MENTAL HEALTH COUNSELING (REF) Five Year Masters Program

A five-year master's program is available to undergraduates where an M.A. degree in Rehabilitation and Mental Health Counseling and a bachelor's degree in another major (if desired) can be earned in a total program of 150 semester hours. An undergraduate major is not required. Students admitted through the five-year program (REF) must have completed 90 semester hours of work and have satisfied General Education, CLAST, and Rule 6A-10.30 (Gordon Rule) requirements. Minimum admission requirements include a "B" average or above over the last 60 semester hours. All applicants must take the GRE whether or not they have a 3.0 grade-point average. A detailed description of the M.A. program in Rehabilitation and Mental Health Counseling may be found in the Graduate Catalog and on the Internet at http://www.cas.usf.edu/rehab_counseling/index.html.

Undergraduates interested in the five-year program (REF) should contact the department at the start of their sophomore year. Applications for the five-year program are available from the Department. GRE scores and three letters of recommendation must be received before any application is processed.

Mission Statement

The mission of the Department of Rehabilitation and Mental Health Counseling is to promote quality services for individuals with differences in abilities and to help the state meet its human service needs in the areas of rehabilitation and mental health through teaching, research and service.

Objectives

1. To provide students with a sound knowledge of the basic philosophical tenets and relevant historical foundations of rehabilitation and mental health counseling, and to prepare master's level rehabilitation and mental health counselors who adhere to ethical principals, including the belief in human dignity and the right of all individuals to fully participate in society.
2. To prepare master's level rehabilitation and mental health counselors to be critical consumers of information and to encourage participation in and contributions to the expansion of knowledge in the fields of rehabilitation and mental health counseling.

3. To encourage the professional growth and development of master's level rehabilitation and mental health counselors through the promotion of on-going involvement in the rehabilitation community at the local, state, and national levels, and to promote advocacy on behalf of people with differences in abilities.

Rehabilitation Counselors work in a wide variety of settings, including public and private rehabilitation programs and facilities, mental health treatment settings, and substance abuse treatment settings. Some establish their own private rehabilitation or mental health counseling practices.

Rehabilitation and Mental Health Counseling have roots in both the national rehabilitation movement and professional counseling movement. Training, which includes experiential learning, emphasizes psychological, social, medical, and vocational aspects of disability; and also the development and refinement of personal adjustment and mental health counseling skills. Graduates with an M.A. degree from the USF Department of Rehabilitation and Mental Health Counseling are prepared for careers as both rehabilitation and mental health counselors.

The graduate program in Rehabilitation and Mental Health Counseling is fully accredited by the Council on Rehabilitation Education (CORE), the national accrediting body for rehabilitation counselor training programs. Upon completion of the program, graduates are eligible to sit for the national certification examination of the Commission on Rehabilitation Counselor Certification. After passing this examination, the graduate is registered with the Commission as a Certified Rehabilitation Counselor (CRC). Within the 60 hour M.A. program, graduates also meet Florida's educational standards for licensure as a Clinical Mental Health Counselor. The Department offers four graduate certificate programs: (1) Addictions and Substance Abuse Counseling; (2) Marriage and Family Therapy; and (3) Rehabilitation Technology; (4) Certificate in Rehabilitation Counseling (CIRT). Each student may elect to pursue a program of specialization in either area. The Addictions and Substance Abuse Counseling program is approved by the Certification Board for Addictions Professionals of Florida (CBAPF Approved Provider #179A). Several courses within the program do have prerequisites. Please contact the department at (813) 974-2855 for specific details about these requirements.

• RELIGIOUS STUDIES (REL)

In Religious Studies, students are exposed to a cross-cultural and multi-disciplinary study of the way in which both individuals and civilizations are deeply influenced by human religious experience. The goal is to enable the educated person to understand better the various ways in which religious values and institutions shape human behavior through a comparative study of religions and cultures. Such an education is invaluable for careers as diverse as journalism, law, medicine, business, as well as careers more directly related to the practice of religion. Majors in Religious Studies will also find courses designed to give them the methodological, theoretical and linguistic skills needed to go on to advanced graduate study in the field.

Requirements for the Major in Religious Studies

Recommended Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

There are no State Mandated Common Prerequisites for this degree program.

Upper-level Requirements and Coursework for the Religious Studies Major

Students must choose a total of 36 credit hours from Religious Studies courses. Transfer students may not apply more than 12 hours taken elsewhere toward the major at the University of South Florida. Only letter grades will be counted toward the minimum of 24 credit hours taken at the University of South Florida for transfer students or 36 (for non-transfer students) credit hours necessary to complete the 36 credit hours required for the major. Students taking Religious Studies as a second major need to complete only 30 credit hours. To do so they must make a written request to the Undergraduate Director at the time they declare their major.

All majors must take

1. One of the following (only one will count toward Religious Studies requirements)
 - a. REL 2300 Introduction to World Religions (4)
 - b. REL 2306 Contemporary World Religions (4)
 - c. REL 3308 World Religions (3)
2. REL 3003 Introduction to Religious Studies (4)
3. REL 3014 Introduction to Major Religious Texts (3)
4. REL 4931 Seminar in Religion (3)
5. Major must complete 22 or 23 additional credit hours that satisfy the following requirements:
 - a. Take at least one course from each of the areas (Western Religions, Non-Western Religions, and Issues and Approaches)
 - b. Take at least 18 credit hours at the 3000/4000 level, of which a minimum of 9 must be at the 4000 level
 - c. Earn at least a "C-" for courses to count toward the major.

It is the prerogative of the Department of Religious Studies to determine whether courses taken at other universities may be applied toward the major at USF. This will be decided as soon as the student becomes a major in the Department of Religious Studies at USF.

The department's course offerings are sufficiently varied that a student should expect to enroll in its scheduled classes. No more than three directed studies courses may be applied toward the major. Any student who wishes to take any type of directed study, including REL 3900, must have the (written) approval of his/her instructor.

For purposes of the major requirement, religion courses are divided into the following three (3) areas:

Western traditions (primarily Judaism, Christianity, and Islam)
REL 2210, 2240, 3120, 3131, 3132, 3280, 3303, 3363, 3367, 3500 3561, 3602, 3607, 3611, 3613, 3936, 4133, 4171, 4215, 4217, 4245, 4250, 4252, 4626, 4670, 4930

Non-Western traditions (Religious traditions other than those other Western Tradition)
REL 3000, 3318, 3330, 3380, 3936, 4333, 4343, 4344, 4930

Issues and Approaches

REL 3101, 3111, 3114, 3116, 3117, 3140, 3145, 3146, 3170, 3191, 3335, 3375, 3391, 3420, 3465, 3801, 4113, 4161, 4218, 4193, 4177, 4930, 4939

Variable Credit Courses (Students are limited to six (credit) hrs of the following courses)
REL 3900, 4910, 4911, 4936, 4937, 4938

Requirements for the Minor in Religious Studies

Students choose a total of 18 credit hours from Religious Studies courses. Transfer students may not apply more than 6 credit hours taken elsewhere toward the minor at USF. Only

letter grades will be counted for transfer. Requests for transfer of credit must be made to the Undergraduate Director in writing when declaring a minor.

All minors must take

- a. REL 3003 Introduction to Religion (4)
- b. REL 3014 Introduction to Major Religious Texts (3)
- c. An additional 11 credit hours chosen from Religious Studies courses. Students are expected to study at least two different religious traditions.

It is the prerogative of the Department of Religious Studies to determine whether courses taken at other universities may be applied toward the minor at USF. This will be decided as soon as the student declares a minor in the Department of Religious Studies at USF.

Requirements for the Honors Program in Religious Studies

The purpose of the Honors Program in Religious Studies is to provide outstanding undergraduates with advanced and individualized learning opportunities in Religious Studies and their areas of special interest in this field. In addition it will serve to facilitate more direct contact between students in the program and their faculty mentors. In this program, students who have demonstrated significant academic achievement will inquire into issues and questions in the study of religion at an advanced level under the guidance of faculty members with demonstrated expertise in their fields of study and a strong commitment to teaching. Upon completion of the program, the student's transcript will state that the student graduated with Honors in Religious Studies. Application to the program should be submitted during a student's Junior year. The Honors Committee will review all applicants before selecting no more than 10 individuals for the Honors Programs. Inductees will be notified of their admission to the Honors Program in the Spring term. Honors Program students are exempt from Sr. Seminar (REL 4931) contingent on their completion of the Honors Program. If students do not complete the Honors Program, they are required to complete Sr. Seminar in order to satisfy degree requirements.

Admissions Criteria:

1. Religious Studies majors who have completed at least 70 (and preferably less than 90) hours of course work with an overall GPA of at least 3.25.
2. Completion of REL 3003 Introduction to Religion and at least 12 additional hours of course work in the department of Religious Studies with a GPA of at least 3.5 in the major.
3. A letter of recommendation from a Religious Studies faculty member who is familiar with the applicant's work.
4. A statement from a Religious Studies faculty member expressing her/his willingness to serve as chair of the applicant's thesis committee.
5. A short essay (2-3) pages by the applicant that includes the following: (a) a statement of the applicant's qualifications for the program, (b) the applicant's area(s) of special interest, (c) an explanation of how the program will benefit from the applicant's inclusion in the program, and (d) the applicant's post-graduate plans.

Requirements for Completion of the Departmental Honors

1. Completion of the requirements for a Religious Studies major with a GPA of 3.5 or higher in the major.
2. Completion of a USF degree with an overall GPA of 3.25 or higher.
3. Completion of 5 credit hours of "Honors Seminar." Honors students will take the seminar for 3 credit hours in the Fall and 2 credit hours in the Spring.
4. Completion of 5 credit hours of Thesis/Directed Research for 2 credit hours in the Fall and 3 credit hours in the Spring. Honors students must also complete and present their Honors thesis in the second semester of their Senior year. Students who do not complete this requirement may, upon

the recommendation of their major instructor and the Department Honors Program Coordinator, be allowed to continue in special circumstances.

Required Courses for the Minor:

- REL 4911 Undergraduate Research (Honors Thesis) (2)
- REL 4911 Undergraduate Research (Honors Thesis) (3)
- REL 4937 Selected Topics: Fall Honors Seminar (3)
- REL 4938 Selected Topics: Spring Honors Seminar (2)

• SOCIAL WORK (SOK)

The University of South Florida offers a program leading to a Bachelor of Social Work (B.S.W.) degree in the School of Social Work, College of Arts and Sciences. This program has been developed in accordance with the guidelines set forth by the Council on Social Work Education, the national accrediting body for social work education programs, and in accordance with the recommendations of the National Association of Social Workers. The B.S.W. program is fully accredited by the Council on Social Work Education. The primary objective of the B.S.W. program is the preparation of the graduate for beginning level professional practice as a social work generalist.

The secondary objectives of the B.S.W. program are to

1. Provide for the social work human resources needs of the university service district (the central Florida west coast area), the State of Florida, and the Southeast Region;
2. Prepare graduates for additional professional training at the graduate level in social work or in related human service professions;
3. Provide an exposure to social work as a profession and to contemporary issues in the social welfare field.

In preparing the B.S.W. graduate for beginning professional practice, the curriculum provides the student with an opportunity to develop a knowledge base and skill base as a "generalist" practitioner. The student will develop an understanding of various methods of intervention and skills in their application to a variety of client systems. For example, interventive methods may take the form of individual and group counseling, resource development, consultation, teaching, advocacy, etc. Client systems may be individuals, families, groups, organizations, or communities. The student will develop an understanding of the dynamics of human behavior in individual, group and organizational contexts and the influences of the sociocultural environment upon those behaviors. The student will learn about the development of social welfare systems and institutions and the social, economic, and political processes affecting policy development and program implementation. The student will develop an understanding of the utilization of basic social research skills particularly related to the processes of problem-solving, planning, and evaluation.

The student will also become aware of the value base of the profession and engage in a self-examination process as it relates to the development and reflection of ethical and effective professional practice. The B.S.W. program, as any professional program, places great emphasis on the development of a professionally responsible graduate in terms of one's obligations to the client system served, the profession itself, the organization in which one works, and to the general public which ultimately provides any profession with legitimacy.

Enrollment in the B.S.W. program is limited. Students may apply for admission to the School for the B.S.W. program during enrollment in either SOW 3203 or SOW 3210.

However, the completion of the prerequisites does not guarantee the student's admission to the program. Limited state funding places constraints on the size of the social work faculty and in order to maintain a high quality of instruction, it is necessary to achieve an appropriate faculty-student ratio. This means that it may be necessary to deny full admission to the B.S.W. program solely on the basis of no available space. Any student applying for full admission to the program should be aware of this possibility.

A student must maintain a GPA of 2.75 minimum in social work courses while enrolled in the program and demonstrate behaviors that are congruent with professional standards and values as described above in order to proceed in the major. Any student who fails to maintain at least a 2.75 GPA in the social work major and/or demonstrates behaviors that are incongruent with the standards and values of the profession may not proceed in the major.

A social work major receiving a grade of less than "C" in a core course will be required to repeat the course. A grade of "C-" is not considered acceptable and a student receiving a "C-" in a core course must repeat the course. Furthermore, no student will be allowed to enter field placement with a "C-" grade or below in any SOW core courses, even if the student's GPA is 2.75 or above with the inclusion of the a "C-" grade of below.

Admission to the B.S.W. program is a three stage process, i.e., common prerequisites, provisional courses, and core curriculum. Any student who holds a minimum of sophomore standing and is completing common prerequisite work in political science, biology, economics, psychology and sociology (see specific requirements below) may declare a social work major. At this stage, students may file a declaration of major form with the College of Arts and Sciences, Office of Graduate and Undergraduate Studies. All majors will be assigned to an advisor within the School who will assist the student in selecting courses. Many students will have already taken most of the common prerequisite courses as part of general education at USF or in their course of study at a community college. After completion, a student will be ready for courses in the provisional social work major, a final step in applying for full admission to the B.S.W. program as a full major. It is necessary to be admitted as a full major before taking core social work courses.

Admission requirements for the social work full major are as follows:

1. A student must have completed a minimum of one semester as a provisional social work major.
2. A student must have completed required common prerequisites and provisional courses (see listing).
3. A student must complete an application for full admission and file it with the School of Social Work before the beginning of the semester in which admission is sought; dates will be announced in provisional courses.
4. A student may be asked to complete an admission interview with a favorable action from the Undergraduate Committee.
5. A student must achieve a grade of "B" or better in SOW 3203, "Introduction to Social Work" and SOW 3210, "The American Social Welfare System," to be considered for full admission. A grade of "B-" is not acceptable in either "Introduction to Social Work" or "American Social Welfare."
6. A student must have successfully completed CLAST.

A student must achieve a GPA of 2.75 in all Social Work courses to enroll in field placement and subsequently graduate with the B.S.W. degree.

Requirements for the Major in Social Work Prerequisites (State Mandated Common Prerequisites)

Social Work is a limited access program. Students wishing to transfer to USF may complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

State Mandated Common Prerequisite Courses (P)

A student must successfully complete the following courses, by earning a "C" or better. A grade of "C-" is not acceptable as a passing grade.

One course in each of the following cognate areas

- XXXXXXX American Government (American National Government or American Government) (3)
- or
- XXXXXXX Introduction to Public Policy (3)
- XXXXXXX Biology (Human Biology or Anatomy & Physiology) (3)
- ECOXXXX Economics (Microeconomics or Macroeconomics or Introduction to Economics) (3)
- XXXXXXX Introductory Psychology (3)
- XXXXXXX Introductory Sociology/Social Problems (3)

If possible, students enrolled in community colleges should take their college equivalents of common prerequisite courses (P) and cross-cultural provisional course (P*) before entering USF. All courses must be passed with a "C" or better. A grade of "C-" is not acceptable as a passing grade in any of the common prerequisite courses or the cross-cultural course.

SOW 3203 Introduction to Social Work and SOW 3210 American Social Welfare must be taken at USF or another accredited institution and must be completed, earning a grade of "B" or better. A grade of "B-" is not acceptable as a passing grade for either course.

At USF, the following courses are recommended to meet this requirement (one course in each area):

- American Government*
- POS 2041 American National Government (3)
 - POS 2112 State and Local Government and Politics (3)
 - POS 3182 Florida Politics and Government (3)
- Biology*
- BSC 1005 Principles of Biology for Non-majors (3)
 - BSC 2022 Biology of Aging (3)
 - BSC 2025 Food: Personal & Global Perspectives (3)
 - BSC 2035 Sex and Today's World (3)
 - WST 2600 Human Sexual Behavior (3)
- Economics:*
- ECO 1000 Basic Economics (3)
- Psychology:*
- PSY 2012 Psychological Science I (3)
- Sociology:*
- SYG 2000 Introduction to Sociology (3)
 - SYG 2010 Contemporary Social Problems (3)
 - SYD 4800 Gender and Society (3)
 - SYO 3530 Social Inequalities in a Global Society (3)
 - SYP 3000 Social Psychology (3)
 - SYP 4510 Sociological Aspects of Deviance (3)

Foundation Courses (F*) for Social Work Majors (May be completed after transferring to USF).

1. A student must successfully complete by earning a "C" or better **one** of the following cross cultural courses or equivalency. A grade of "C-" is not acceptable as a passing grade for any of the following courses.

- African American Studies:
- AFA 2000 Introduction to the Black Experience [In Africa and Its Diaspora] (3)
 - AFA 4333 African Diaspora: Blacks in the Construction of the Americas (3)
 - AFA 4335 Black Women in America (3)
 - AFS 2250 Culture and Society in Africa (3)
 - AMS 3700 Racism in American Society (3)
- Anthropology:
- ANT 2000 Introduction to Anthropology (3)
 - ANT 2410 Cultural Anthropology (3)

- ANT 3005 The Anthropological Perspective (3)
 - ANT 4316 Ethnic Diversity in the USA (3)
 - ANT 4432 The Individual and Culture (3)
- Sociology:
- SYD 3700 Racial and Ethnic Relations (3)
- Women's Studies:
- AMH 3561 American Women I (4)
 - AMH 3562 American Women II (4)
 - LIT 3383 The Image of Women in Literature (3)
 - PUP 4323 Women and Politics (3)
 - SOP 3742 Psychology of Women (3)
 - WST 3015 Introduction to Women's Studies (3)
 - WST 3311 Issues in Feminism (3)
 - WST 4262 Literature by American Women of Color (3)
 - WST 4410 Third World Women Writers (3)

2. Both of the following Social Work courses, earning a "B" or better:

- SOW 3210 American Social Welfare System (3)
- SOW 3203 Introduction to Social Work (3)

Social Work Core Courses

1. Human Behavior and Social Environment Courses
SOW 3101 (4) SOW 3102 (3) SOW 4522 (3)
2. Social Welfare: Policy & Program Course
SOW 4233 (3)
3. Social Research Course
SOW 3401 (3)
4. Social Work Practice Courses
SOW 4341 (5) SOW 4343 (5) SOW 4930 (3)
5. Field Experience
SOW 4510 (3) SOW 4510L (6)

Summary:

Core Courses	29 hours
Field Experience	9 hours
TOTAL	38 hours

• SOCIOLOGY (SOC)

Sociology is the study of social life and the social causes and consequences of human behavior. Sociologists investigate the structure of groups, organizations, and societies. Because all human behavior is social, the subject matter of sociology ranges from intimate families to hostile mobs; from crime to religion; from the divisions of race, gender, and social class to the shared beliefs of a common culture; from the sociology of work to the sociology of emotions.

The Sociology major is designed to provide students with a broad liberal arts education and a greater understanding and insight into the social systems and processes that bear upon everyday lives. Opportunities for students with Bachelor's degrees in Sociology are quite varied. Some go on to work for human service agencies; others work in personnel, criminal justice, and urban planning; others enter graduate programs in sociology, education, law, medicine, or social work. Toward these ends, all students are encouraged to become skilled in the use of computers and libraries.

Requirements for the Major in Sociology Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer without an A.A. degree and have fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete two lower level courses with the prefixes of SYA, SYD, SYG, SYO or SYP prior to entering the university. If these courses are not taken at the community college, they must be completed before the degree is granted. A grade of "C-" is the minimum acceptable grade. Students are encouraged to take the following specific courses, if available, during the program of study at the community college, and when feasible in General Education/Gordon Rule courses.

STA 2122 Social Science Statistics	(3)
SYG 2000 Introduction to Sociology	(3)

Specific Coursework in the Sociology Major

The major consists of a minimum of 36 credit hours of Sociology coursework plus ISS STA 2122: "Social Science Statistics" or its equivalent. All university wide regulations regarding transfer credits and credits needed for graduation apply, at least 27 of the 36 hours of coursework in Sociology must be USF credits. Only courses in which a grade of "C-" or better is attained will count toward the minimum hours although lower grades are included in calculating the major GPA.

The minimum of 36 credit hours in Sociology must include the following four core courses (12 hours):

SYG 2000 Introduction to Sociology (May be replaced with an upper level sociology elective if a total of 12 or more hours of sociology coursework is completed before declaring a Sociology major)

SYA 3110 Classical Theory

SYA 3300 Research Methods (Prerequisite: STA 2122 Social Science Statistics or its equivalent)

SYA 4935 Senior Seminar (Students earning a grade less than "C-" in this course must take an additional course in Sociology. In that event, the minimum number of Sociology credits is 39)

The remaining 24 hours of sociology coursework may be comprised of any courses offered by the Sociology department. No more than three hours of SYA4910, Individual Research, and SYA 4949, Sociological Internship, may count toward the 36 hour minimum

Students are encouraged to make an appointment to talk with the Sociology Department Undergraduate Advisor when they have questions about major requirements or about which electives offered each semester would best meet their educational and career goals.

Requirements for the Minor in Sociology

A minor in Sociology consists of a minimum of 18 credit hours in Sociology, at least 12 of which must be USF credits. Minors must take SYG 2000 Introduction to Sociology and SYA 3110 Classical Theory. No more than three hours of SYA 4910 "Individual Research" may count toward the 18 hour minimum. Only courses in which a grade of "C-" or better is attained will count toward the minimum hours.

While students do not declare a Sociology minor until application for graduation, they are encouraged to make an appointment with the Sociology Department Undergraduate Advisor if they wish to discuss which Sociology electives offered each semester would best meet their educational and career goals.

Honors Program in Sociology

Through the Undergraduate Honors Program, the Department of Sociology provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct sociological research in their area of interest culminating in the preparation of an honors thesis. Students apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall. Admission to the program is

competitive. Meeting minimum requirements does not guarantee admission.

Minimum Eligibility Requirements:

1. Junior standing.
2. 12 semester hours of sociology course work with a major GPA of 3.0 by the end of the semester in which application is made.
3. Overall USF GPA of 3.00 or higher.
4. Selection and approval of faculty mentor.

Completion Requirements:

1. Completion of all requirements for the major.
2. Completion of at least one upper level elective relevant to the thesis (course must be approved by faculty mentor).
3. USF overall and major GPA of at least 3.00.
4. Successful completion of the Honors Seminar.
5. Successful completion of the Honors Thesis (SYA 4910 and the thesis itself).

Applications for the Undergraduate Honors Program in Sociology are available in the Sociology Department (CPR 209).

• WOMEN'S STUDIES (WST)

Women's Studies at the University of South Florida offers an interdisciplinary field of study that features and critically examines women's experiences, taking into consideration historical, cultural, racial, class, and other differences. The department offers a B.A., a minor in Women's Studies, a concentration in Women of Color Studies, and a certificate in Women's Spirituality. Enhancing knowledge about feminisms and gender studies through teaching, emphasis on multiculturalism and diversity, the department focuses on critical thinking, collaborative learning, and personal empowerment.

Women's Studies offers excellent undergraduate preparation as well for

Those who wish to apply to law school or to graduate study in a variety of fields, e.g., Urban or Medical Anthropology, Counselor Education, Criminal Justice, Gerontology, History, Rehabilitation Counseling, Social Work, Women's Studies

Those who want to focus on women in specific disciplines or professions; and

Those whose training would benefit from a close scrutiny of the major issues facing women today.

Requirements for the Major in Women's Studies

Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

No State Mandated Common Prerequisites are required for this degree program. However, during the program of study at the community college students should begin to satisfy General Education/Gordon Rule requirements, take WST 3015, "Introduction to Women's Studies," or other introductory courses in the Social Sciences and Liberal Arts. Courses to help students with reading and writing skills are helpful as well. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

Upper-level Coursework for Women's Studies Majors

Each major must complete 36 hours distributed as follows:

- I. Required Core Courses (15 hours)
- WST 3311 Issues in Feminism (3)
 WST 4310 History of Feminism in the U.S. (3)
 WST 4522 Classics in Feminist Theory (3)
 WST 4935 Capstone/Senior Project (3)
 AFA 4335 Black Women in America **OR**
 WST 4262 Literature by Women of Color in the Diaspora (3)
- II. Select 21 credit hours from the following list, noting prerequisites where applicable:
- ANT 4302 Gender in Crosscultural Perspective (3)
 WST 2250 The Female Experience in America (3)
 WST 3210 European Feminist History: Pre-18th Century (3)
 WST 3220 European Feminist History: 18th Century to Present (3)
 WST 3225 Women, Environment and Gender (3)
 WST 3412 Women in the Developing World (3)
 WST 3440 Women and Social Action (3)
 WST 3620 Men and Sexism (3)
 WST 4260 Research Issues on Women of Color (3)
 WST 4410 Third World Women Writers (3)
 WST 4335 Women and Film (3)
 WST 4320 The Politics of Women's Health (3)
 WST 4350 Women and Science (3)
 WST 4561 Contemporary Feminist Theory (3)
 PHI 4632 Feminist Ethics (3)
 POS 4693 Women and Law I (3)
 POS 4694 Women and Law II (3)
 SYD 4800 Gender and Society (3)
 WST 4900 Directed Readings (3)
 WST 4910 Directed Research (3)
 WST 4930 Selected Topics (3)
- (Limited to 6 credits from the following courses)*
- AMH 3561 American Women I (4)
 AMH 3562 American Women II (4)
 AMS 3370 Southern Women: Myth and Reality (3)
 COM 4030 Women and Communication (3)
 LIT 3383 The Image of Women in Literature (3)
 PUP 4323 Women and Politics (3)
 REL 3145 Women and Religion (3)
 SOP 3742 Psychology of Women (3)
 WST 2600 Human Sexual Behavior (3)
 WST 3015 Introduction to Women's Studies (3)

Students electing to major in Women's Studies should consult the Undergraduate Advisor for timely scheduling of classes.

Requirements for the Minor in Women's Studies

Minor in Women's Studies

A student wishing to minor in Women's Studies will be required to take six courses:

Required:

WST 3015

or

WST 3311

Electives:

Plus 15 credit hours with at least 2 courses at the 4000 level and above.

Minor in "Women of Color"

Women's Studies offers a specific concentration in the area of Women of Color whose focus will be to examine the relationship between women of color and institutions of power.

The concentration prepares students for graduate work and/or professional careers in traditional and non-traditional areas such as health and education, international relations,

the creative arts, law, medicine, social work, government and public policy, the social sciences, and community organization.

The requirements for the minor are 15 hours, which are to be selected from the following upper-level courses:

- AFA 4335 Black Women in America (3)
 WST 4260 Research Issues on Women of Color (3)
 WST 4930 Selected Topics (1-4)
 ANT 4302 Gender in Cross-Cultural Perspective (3)
 WST 4262 Literature by Women of Color in the Diaspora (3)
 WST 3412 Women in the Developing World (3)
 WST 4410 Third World Women Writers (3)

• WORLD LANGUAGES

The Department of World Languages offers students several undergraduate degrees. Although a baccalaureate degree is not offered in Linguistics, a minor is available to students. Comprehensive information about these programs is listed below.

CLASSICS (CLS)

Classics at the University of South Florida is a language-based, interdisciplinary humanities field. We provide instruction in the Greek and Latin languages, and translation courses that focus on the study of Greek and Roman civilization, literature, mythology, philosophy, and religion.

Comprised of 5 faculty members who specialize in widely diverse aspects of the Greek and Roman world (such as Greek tragedy and philosophy, Roman epic and historiography) our department combines the intimacy of a small liberal arts college with the wide-ranging educational interests of a large state university.

Our majors are of particular interest to students who wish to teach the languages, to those who plan graduate study in a humanistic discipline, and to those who want an undergraduate major that focuses on the ancient civilizations that are the cornerstone of the Western Tradition.

Requirements for the Major in Classics

Prerequisites (State Mandated Common Prerequisites)

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer without an A.A. degree and have fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

To complete a major in Classics, students should demonstrate proficiency at the intermediate level within the target language. This may be accomplished by completing 6-12 hours within the language or by demonstrated competency at the intermediate level. If this coursework (or associated competency) is not completed at the community college, it must be completed before the degree is granted. A grade of "C" is the minimum acceptable grade.

Upper-Level Coursework for the Classics Major

• Requirements for the Major in Classics
 All students who wish to enroll in the Classics Major must schedule an appointment with the Advisor.

• General Requirements for the Major

The Classics Major requires 10 courses and 30 hours, which are divided between language and civilization requirements.

- **Language requirements**
Majors are required to take at least four successive courses in a single language, Latin or Ancient Greek (LAT, LNW, GRE, GRW).
- **Civilization Requirements**
Majors are required to take six upper-level civilization courses, including the core courses offered by Classics: Greek Civilization, Roman Civilization, Classical Mythology, Greek Literature in Translation, and Roman Civilization in Translation. Major credits can also be fulfilled through appropriate courses offered by the Departments of History, Humanities, Religion, and Philosophy, etc., but only with the approval of the Advisor.

Requirements for the Minor in Classics

- **General Requirements**
The Classics Minor requires 5 courses and 15 hours, which are divided between language and civilization requirements.
- **Language requirements**
Minors are required to take at least two successive courses in a single language, Latin or Ancient Greek (LAT, LNW, GRE, GRW).
- **Civilization Requirements**
Majors are required to take three of the upper level civilization courses offered by Classics: Greek Civilization, Roman Civilization, Classical Mythology, Greek Literature in Translation, and Roman Civilization in Translation.

Honors Program

To graduate with Honors in Classics, the successful candidate must apply in the junior year, and complete special requirements during the senior year.

To apply, the candidate must schedule an appointment with the Advisor and a Thesis Director chosen by the candidate.

Admissions Criteria

1. Senior status, with a departmental and overall GPA of 3.5.
2. Completion of the core courses in Classics.
3. An appropriate project accepted by a faculty member of Classics who agrees to serve as Thesis Director.

Requirements for Completion of Departmental Honors:

1. The candidate must maintain a departmental and overall GPA of 3.5.
2. The candidate must pass two (2) sight translations in either Greek or Latin (passages to be determined by the Thesis Director and the candidate.)
3. The candidate must turn in the completed thesis (thirty to fifty pages, at the discretion of the Thesis Director) before April of the senior year, and defend the thesis before a committee of at least three faculty members by May of the senior year. (Committee members to be chosen by the candidate and Thesis Director.)

Dismissal Procedures

The student must maintain a Departmental GPA of 3.5, must submit the Honors Thesis on time, and must pass the scheduled Departmental Honors Examination. Otherwise, the candidate receives no Honors.

Requirements for the Major in Interdisciplinary Classical Civilizations (ICC)

Interdisciplinary Classical Civilizations is a broad-based area study encompassing the literature, history, linguistics, art and archaeology, philosophy, and religion of Greece, Rome and the Near East from pre-history to late antiquity. For centuries, the study of these vibrant societies has been recognized as essential to a proper understanding of our own culture and, recently, there has been a renewed recognition of the skills such study develops.

All students wishing to enroll in the ICC major must schedule an appointment with the Coordinator of Interdisciplinary Classical Civilizations in order to develop a program of study. Students will be urged to fulfill their General Education and University Exit Requirements, whenever possible, from courses taught within the Classical Civilizations Program. Courses that are applied toward the Gen. Ed. or "Core" Requirements cannot be utilized more than once.

Language Requirement: The BA language requirement should be fulfilled by the two-semester sequence in either Greek or Latin (GRE 1120 & 1121 or LAT 1120 & 1121). One semester of intermediate level Greek or Latin (GRE 2200 or LAT 2200) is required by State mandate.

The ICC Major can be fulfilled in one of two ways:

- A. The ICC Major (33 hours minimum) is intended for students who wish to become familiar with aspects of the Classical heritage of Western Civilization.
- B. The ICC Major with Honors (39 hours minimum) is intended for students who wish to continue their studies beyond the undergraduate level and includes a thesis (3 hrs.). The student must also maintain a 3.5 GPA within the major and a 3.3 overall GPA.

A. Requirements of the ICC Major (33 hours minimum)

1. 12 hours from the ICC "Core."
 - CLA 3103 Greek Civilization (3)
 - or
 - CLT 3101 Greek Literature in Translation (3)
 - CLA 3123 Roman Civilization (3)
 - or
 - CLT 3102 Roman Literature in Translation (3)
 - HIS 3930 Classical Archaeology (3)
 - or
 - ANT 3101 Archaeology (3)
 - or
 - REL 3280 Biblical Archaeology (3)
 - and
 - CLT 3370 Classical Mythology (3)
2. 18 hours (minimum) from the ICC "Fields."

Two (2) courses from an approved list of 2000 to 3000 level courses in Anthropology, Classics, History, Philosophy, or Religious Studies.

Four (4) courses from an approved list of 3000 to 4000 level courses in Anthropology, Classics, History, Philosophy, or Religious Studies.
3. 3-4 hours from an approved list of 4000 level Exit Requirement courses in Anthropology, Classics, History, Philosophy, or Religious Studies.

B. Requirements of the ICC Major with Honors (39 hours minimum):

1. 12 hours from the ICC "Core."
 - CLA 3103 Greek Civilization (3)
 - or
 - CLT 3101 Greek Literature in Translation (3)
 - CLA 3123 Roman Civilization (3)
 - or
 - CLT 3102 Roman Literature in Translation (3)
 - HIS 3930 Classical Archaeology (3)
 - or
 - ANT 3101 Archaeology (3)
 - or
 - REL 3280 Biblical Archaeology (3)
 - and
 - CLT 3370 Classical Mythology (3)

2. 12 hours beyond the BA Language Requirement in either Greek or Latin.
Competence in one or two ancient languages for 5 semesters of coursework is required. Courses must be taken with the approval of the Coordinator.
3. 12-16 hours from the Major Field Requirements.
Major Fields are currently defined in Ancient History, Philosophy and Religious Studies. The student will select four courses in the Major Field area with the approval of the Coordinator. The student must take at least one exit level course in the Major Field he/she chooses.
4. 3 hours of Faculty Mentored Research.
The student will complete a research project under the direction of a faculty committee composed of a faculty mentor and at least two additional faculty members. The project is intended to produce a substantial research paper that can serve as a writing sample when the student applies for advanced graduate study.
5. Maintenance of a 3.5 GPA within the major and a 3.3 overall GPA.

Requirements for the Minor in Interdisciplinary Classical Civilizations (ICC)

The ICC Minor (15 hours minimum) can be fulfilled in one of two ways:

A. Courses are divided by level, with the "field" of study unrestricted.

1. Two courses (6 hours) from the ICC Minor "Core."
 - Either
 - CLA 3103 Greek Civilization (3)
 - or
 - CLT 3101 Greek Literature in Translation (3)
 - Either
 - CLA 3123 Roman Civilization (3)
 - or
 - CLT 3102 Roman Literature in Translation (3)
 - CLT 3370 Classical Mythology (3)
2. 3-4 hours from 2000-3000 level courses in Anthropology, History, Philosophy and Religious Studies selected with the guidance and approval of the Coordinator.
3. 6-8 hours from 3000-4000 level courses in Anthropology, History, Philosophy and Religious Studies selected with the guidance and approval of the Coordinator.

B. Courses are organized along an interdisciplinary principle.

1. Two courses (6 hours) from the ICC Minor "Core."
 - Either
 - CLA 3103 Greek Civilization (3)
 - or
 - CLT 3101 Greek Literature in Translation (3)
 - Either
 - CLA 3123 Roman Civilization (3)
 - or
 - CLT 3102 Roman Literature in Translation (3)
 - CLT 3370 Classical Mythology (3)
2. 9-12 hours from the Interdisciplinary Requirements. The student will complete three 3-4 credit courses, one each from three of the following four fields: (1) Anthropology, (2) History, (3) Philosophy, (4) Religious Studies. Courses are chosen with the guidance and approval of the Coordinator from the list certified for the major.

LINGUISTICS (LIN)

Linguistics is primarily an upper-level and graduate discipline with strong interdisciplinary concerns. Although no

baccalaureate degree is offered, the minor in linguistics may provide a broader educational experience for students majoring in adjacent arts and sciences such as Anthropology, Communication, Communication Sciences and Disorders, English, Foreign Languages, Philosophy, Psychology, Sociology and others.

Requirements for the Minor in Linguistics

The minor in Linguistics requires a minimum of 18 semester hours as follows:

LIN 3010 (3)

Plus 15 semester hours from the following:

ANT 3610 (3)	CLT 3040 (3)	DEP 4135 (3)
EXP 4640 (3)	LIN 3801 (3)	LIN 4040 (3)
LIN 4600 (3)	LIN 4671 (3)	LIN 4710 (3)
SPA 3004 (3)	SPA 3112 (3)	SPC 3210 (3)
SPC 3212 (3)	SPC 3712 (3)	

MODERN LANGUAGES (FRE/GER/GRK/ITA/RUS/SPA)

Foreign Language major programs are designed to meet the needs of students who desire competency in a language and an expanded understanding of its culture and literature. They are of particular interest to students who wish to teach languages, those who plan to further their studies in graduate school, and those who seek careers in various types of foreign or foreign-related employment, either in government or business.

Major programs leading to the bachelor of arts degree are offered in French, German, Italian, Russian, and Spanish. All major programs in foreign language require a total of 32 hours of coursework above the intermediate level. French and Spanish majors with an International Studies and Business Concentration require a total of 63 hours of coursework distributed in the three areas.

The following languages may also be taken as a minor: French, German, Italian, Latin, Modern Greek, Russian, and Spanish. The minor consists of 15 hours of course work in French and Spanish above the second-year level, and 16 hours in the other languages except for the less commonly taught languages. In order to begin taking courses for the minor, the student will have satisfactorily completed the intermediate level or have equivalent proficiency in the foreign language. Instruction in less commonly taught languages may be available upon sufficient demand.

Prerequisites (State Mandated Common Prerequisites) for Students Transferring from a Community College:

Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also meet General Education Requirements thereby transferring maximum hours to the university. If students transfer without an A.A. degree and have fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Students should demonstrate proficiency at the intermediate level within the target language. This may be accomplished by completing 6-12 hours within the language or by demonstrated competency at the intermediate level. If this coursework (or associated competency) is not completed at the community college, it must be completed before the degree is granted. Students are encouraged to complete the following prerequisites, or major, support, or elective courses if available, during the program of study at the community college, and when feasible in General Education/Gordon Rule courses. Unless stated otherwise, a grade of "C" is the minimum acceptable grade.

ENC 1101 English I	(3)
ENC 1102 English II	(3)
Social Science (any HIS, SOC, ANT, etc.)	(6)
Humanities (any HUM)	(6)
Beginning and Intermediate "Target Language" (1120, 1121, and 2200)	(14-19)

Upper-level Coursework Required for Each of the Following Modern Language Majors

• French (FRE)

Required courses for the major (15 credit hours)

FRE 3234 (3)	FRW 4100 (3)
FRE 2240 (3)	FRW 4101 (3)
FRE 3420 (3)	

Supporting courses required for the major

17 hours in 3000, 4000, or 5000 level courses planned with the advisor.

Required courses for the minor (6 credit hours)

FRE 2240 (3)	FRE 3420 (3)
--------------	--------------

Supporting courses required for the minor

9 hours in 3000, 4000, or 5000 level courses except courses in translation.

• French (FRE) with an International Studies and Business Concentration

Required courses in French for the major (15 credit hours)

FRE 2240 (3)	FRE 3234 (3)
FRE 3420 (3)	FRE 3440 (3)
FRE 3500 (3)	

Supporting courses in French required for the major (9 credit hours)

Choose from the list below:

FRE 4421 (3)	FRE 4700 (3)
FRE 4930 French for Business II (3)	
FRE 4930 French Phonetics (3)	
FRE 5425 (3)	FRE 5566 (3)
FRW 4100 (3)	FRW 4101 (3)

Required courses in International Studies (9 credit hours)

CPO 2002 (3)	EUS 3000 (3)
CPO 4930 Comparative Government & Politics (3)	

Required courses in Business (18 credit hours)

ACG 3074 (3)	ECO 1000 (3)
MAN 3025 (3)	MAR 3023 (3)
FIN 3403 (3)	Capstone Course (3)

Supporting courses in Business for the major (6 credit hours)

Choose any 2 upper-level international business courses.

Required overseas study courses &/or area studies courses (6 credit hours)

Select 6 overseas study credit hours or 3 credit hours overseas study plus 3 credit hours area studies courses planned with the advisor.

• German (GER)

Requirements for the major (17 credit hours)

GEW 4100 (3)
GEW 4101 (3)
GEW 4900 or FLE 4316 (2)

9 hours of 3000, 4000, or 5000 level coursework in German

Supporting courses required for the major

15 hours in 2000-5000 level courses with coursework in German (taught in either German or English), including approved courses in related disciplines, planned with a advisor (max of 9 hours German taught in English).

Required courses for the minor (9 credit hours)

9 hours of 3000, 4000, or 5000 level coursework in German.

Supporting courses required for the minor (6 credit hours)

6 hours of 2000, 3000, 4000, or 5000 level with coursework in German (taught in either German or English, max. 3 hours taught in English, max 3 hours in 2000 level).

• Modern Greek (GRK)

Required courses for the minor (16 credit hours)

GRK 2220 (4)	GRK 4905 (4)
GRK 2221 (4)	GRK 4930 (4)

• Italian (ITA)

Required courses for the major (15 credit hours)

ITA 2240 (3)	ITT 3504 (3)	ITW 4100 (3)
ITA 3420 (3)	ITW 4101 (3)	

Supporting courses required for the major

17 hours in 3000 or 4000 level courses, including approved courses in related disciplines, planned with the advisor.

Required courses for the minor (6 credit hours)

ITA 2240 (3)	ITA 3420 (3)
--------------	--------------

Supporting courses required for the minor

10 hours in 3000 or 4000 level courses except courses in translation.

• Russian (RUS)

Required courses for the major (14 credit hours)

RUS 3240 (4)	RUT 3110 (3)
RUS 4241 (4)	RUT 3111 (3)

Supporting courses required for the major

18 hours in 3000 or 4000 level courses planned with the advisor.

Required courses for the minor (8 credit hours)

RUS 3240 (4)	RUS 4241 (4)
--------------	--------------

Supporting courses required for the minor

8 hours in 3000 or 4000 level courses.

• Spanish (SPA)

Required courses for the major (18 credit hours)

SPN 4301 (3)	SPW 4101 (3)
SPW 3030 (3)	SPW 4130 (3)
SPW 4100 (3)	SPW 4131 (3)

Supporting courses required for the major:

15 hours in 3000, 4000 or 5000 level courses. Students may take up to six (6) credit hours related to Spanish language and culture in another department approved by the Spanish advisor. May take SPN 2340 and SPN 2341.

Required courses for the minor (3 credit hours)

SPN 4301 (3)

Supporting courses required for the minor

12 hours in 3000, 4000 or 5000 level courses. Students may take up to three (3) credit hours related to Spanish language and culture in another department approved by the Spanish advisor.

• Spanish (SPA) with an international studies and business concentration

Required courses in Spanish for the major (18 credit hours)

SPN 3330 (3)	SPN 3520 (3)
SPN 3440 (3)	SPN 4301 (3)*
SPN 3441 (3)	SPN 4410 (3)
SPN 3500 (3)	

*SPN 3300 is the prerequisite to SPN 4301

Supporting courses in Spanish required for the major (6 credit hours)

Choose from the list below:

SPN 2340 (3)	SPW 4100 (3)
SPN 2341 (3)	SPW 4101 (3)
SPN 4700 (3)	SPW 4130 (3)
SPW XXXX (3)	SPW 4131 (3)
SPW 3030 (3)	

Required courses in International Studies (9 credit hours)

CPO 2002 (3)	INR 1015 (3)
CPO 4930 Comparative Government & Politics (3)	

Required courses in Business (18 credit hours)

ACG 3074 (3)	ECO 1000 (3)
MAN 3025 (3)	MAR 3023 (3)
FIN 3403 (3)	Capstone Course (3)

Supporting courses in Business for the major (6 credit hours)

Choose any 2 upper-level international business courses.

Required overseas study courses and/or area studies courses (6 credit hours)

Select 6 overseas study credit hours or 3 credit hours overseas study plus 3 credit hours area studies courses planned with the advisor.

• **TRACK IN INTERNATIONAL STUDIES (LATIN AMERICA) WITH A LANGUAGE (SPANISH) AND BUSINESS CONCENTRATION**

Required International Studies courses (15 credit hours)

CPO 2002 (3) INR 1015 (3)
CPO 4930 (3) INR 3038 (3)
INR 2002 (3)

International Studies electives (3 credit hours)

Choose from the list below:

INR 3018 (3) POT 4109 (3)
INR 3202 (3)

Required courses in Spanish (12 credit hours)

SPN 3440 (3) SPN 3500 (3) SPN 3520 (3)
or
SPN 3431 (3)

Required courses in Business for the major (18 credit hours)

ACG 3074 (3) FIN 3403 (3)
ECO 1000 (3) MAR 3023 (3)
MAN 3025 (3) Capstone Course (3)

Supporting courses in Business for the major (6 credit hours)

Choose any two upper-level international business courses

Required overseas study courses & area studies courses (9 credit hours)

Select 3 overseas study credit hours or 3 credit hours overseas plus 6 credits area studies planned with an advisor (2 courses from International Studies or other departments).

STUDENT ORGANIZATIONS IN THE COLLEGE OF ARTS AND SCIENCES

Africana Studies Club (AFA Club) - Provides a forum for the open discussion of topics related and relevant to people of African-descent both on the African continent and in the Diaspora. The organization provides a vital link between the students and the faculty of the Department of Africana Studies, and acts as a base for student activism on campus and in the community.

Alpha Epsilon Delta (AED) - National Premedical Honor Society - Open to all USF students with an interest in health professions. To be inducted into the national honorary, students must have 3.0 overall GPA and science GPA with a minimum of 3 semesters of college work completed, including one semester at USF. Students do not need to be in the national honorary in order to participate in the chapter at USF. For further information please go to www.ctr.usf.edu/aed.

Alpha Phi Sigma - To recognize and promote high scholastic achievement among students in the Criminal Justice major by supporting service projects, tutoring services, and other goal directed activities. For further information please call (813) 974-6217.

American Chemical Society Student Affiliate - To enhance the students' knowledge of chemistry and chemistry related fields. For further information please call (813) 974-2144, CHE 205.

American Criminal Justice Association - To offer students an organization that exposes them to career opportunities in fields related to criminology. We also provide interaction between students and professionals in the field of criminal justice. For further information please call (813) 974-6217.

American Library Association (ALA) - To promote the highest quality library and information services and public access to information. Students enrolled in programs of study or certificate in librarianship or information sciences are welcome to join ALA. For more information please go to: <http://www.ala.org>.

Pre-Med American Medical Student Association (PreAMSA)

- Open to all Pre-Medical students. AMSA sponsors student-run projects carried out at the local level that allows future physicians to work in their communities as teachers and advocates of health promotion and disease prevention. For further information please go to <http://ctr.usf.edu/pamsa/>

American Society for Information Science and Technology (ASIS&T)

- To advance the information sciences and related applications of information technology by providing focus, opportunity, and support to information professionals and organizations. Open to full and part-time students. Student membership prerequisite: faculty advisor's signature. For more information please go to: <http://www.asis.org/index.html>.

Anthropology Club

- To promote and encourage an interest in Anthropology among individuals within the USF community, to provide a forum for the exchange of anthropological ideas between faculty and students, and foster an informal and creative atmosphere for interaction. For further information please call the Department Office at (813) 974-2138.

Arts and Sciences College Council

- To represent the students of the College of Arts & Sciences in expressing their opinions, to help them participate in determining college policy, to provide services that may help in furthering their interests and education in the Arts and Sciences. For further information please go to BEH 201 or call (813) 974-6957.

Arts and Sciences Honor Society

- To recognize high academic achievement by students in the College of Arts and Sciences. Membership is by invitation. One induction is held each year during the fall semester. For further information, check the ASHS web site at <http://nosferatu.cas.usf.edu/~poonkase> or call (813) 974-6957.

Association of Minority Communicators

- To inform minority students interested in Communication about the profession and to help them gain practical experience.

Collegiate Economics Organization

- To promote and develop the application of economic concepts within the student body and provide a social basis for interaction. For further information go to the club website at www.coba.usf.edu/departments/economics.

Colloquia in Literature and Linguistics

- Provides a stimulating environment in which graduate students in French, Spanish, and Linguistics can share and expand their scholarly endeavors. Sponsors guest lectures. For further information please go to CPR 419.

Communication Council

- To encourage and promote extra-curricular learning as well as social interaction among communication majors and minors. For further information please go to CIS 3058.

Environmental Science and Policy Club

- Open to all students with an interest in environmental science and policy; provides a stimulating environment for students to engage in related activities and discourse. For further information, please go to NES 301.

Feminist Student Alliance

- A multicultural organization that works to promote social change on campus and in the surrounding community through activism and consciousness raising. We are strongly committed to feminist activism within the Tampa Bay area, addressing various issues such as reproductive rights, education, health care, socioeconomics, domestic violence, and sexual crimes against women.

French Club - To promote the interest of the French language, Francophone culture and civilization through programs scheduled at club meetings and through social events of the club. For further information please go to CPR 419.

Gamma Theta Upsilon (GTU) - An international honor society in geography. The purposes of GTU are: to further professional interest in geography by affording a common organization for those interested in the field; to strengthen student and professional training through academic experiences in addition to those of the classroom and laboratory; to encourage student research of high quality. For further information, please go to NES 201.

Geography Club - To foster understanding of and stimulate interest in the discipline of Geography and its subfields. For further information please go to NES 201.

Geology Club - The Geology Club at USF involves its members along with the department in many activities such as trips, annual T-shirt sales and extracurricular academic participation. These events include hosting weekly lecture series by professional geologists and providing opportunities for members to teach geology to local elementary schools. For further information please contact Dr. Mark Rains, SCA 531; or Geology Web Page @ www.cas.usf.edu/geology/

German Club - To promote the interest of German language, culture, and civilization through programs scheduled at club meetings and through social events of the club. For further information please go to CPR 419.

HOSA - Health Occupations Students of America (HOSA) is a national organization that supplements the health education curriculum. HOSA develops the whole person, not just job-specific skills. HOSA's purpose is to foster leadership skills, communication skills and other occupational competencies and social skills that will lead to a successful career in the health field. For further information please go to <http://ctr.usf.edu/hosa/>.

Humanities and American Studies Society - This organization's stated purpose, according to its Constitution, is "to inspire a greater appreciation of our past and present through the study and enjoyment of various art forms." Activities range from gallery strolls to lectures, film series, and campus theatre performances.

International Studies Organization - To promote interaction between students and faculty. To enlighten the student populace of USF of the values of International studies and to foster gender relations among international studies majors. For further information please go to SOC 373.

Italian Club - The purpose of the *Circolo Culturale Italiano* is to provide educational opportunities and experiences in the American Life to its members and help them to improve their knowledge of the Italian language and culture. It also sponsors lectures, social events and grants scholarships to deserving students of Italian. For further information please go to CPR 419.

Lambda Pi Eta - The local chapter of the official honor society of the National Communication Association recognizes outstanding academic achievement in the discipline of Communication.

Minority Preprofessional Science Society/Minority Association of Premedical Students (MPSS/MAPS) - The objectives of the Society are to promote minority student interest in careers in the natural sciences and the health professions and to

provide a support network to enable students to be academically successful. The Society meets weekly on Thursday afternoons. Membership is open to all students in the College of Arts and Sciences. For further information go to <http://ctr.usf.edu/mpss/>.

National Student Speech Language Association - Association was created because of students' desire for a closer affiliation with professionals in the discipline of human communication sciences and disorders.

Omicron Delta Epsilon - The international economics honor society promoting outstanding achievements in economics and the establishment of closer ties between students and faculty.

Phi Alpha Theta - National Honor Society for outstanding History students to promote the study of History. For more information, go to www.cas.usf.edu/history.

PHIORG (Undergraduate Philosophy Organization) - Open to all USF students with an interest in philosophy. The purpose of the organization is to enhance the study of philosophy and to increase awareness of philosophical issues in the campus community.

Phi Sigma Iota - International Honor Society for outstanding majors and minors in Classics, all Foreign Languages and Literatures, Bilingual Education, Foreign Language Education and Comparative Literature.

Pi Gamma Mu - International Honor Society for the Social Sciences.

Pi Mu Epsilon - The mathematics honor society to which the best scholars among our students are invited. Particular emphasis is given to performance in mathematics courses. For further information please go to PHY 342.

Pi Sigma Alpha - To function as an integral part of the political science department in the promotion of worthwhile extracurricular activities related to public affairs. For further information please go to SOC 352.

Pre-Dental Society - The Pre-Dental Society is open to all students with an interest in Dentistry. Through the Society students have an opportunity to not only get to know other Pre-Dental students, but to meet and hear presentations from dental school admissions' officers and practicing dentists. The Society also has organized an extensive mentor program through which students can arrange to observe dentists from each of the specialties as they work in their offices. For further information please go to <http://ctr.usf.edu/pre dental/>.

Pre-Optometry Society - This new society will provide students an opportunity to learn more about the profession of optometry and to meet other students interested in the profession. Any interested student is invited to join. For further information please go to <http://www.ctr.usf.edu/pops/>

Pre-Veterinary Society - USF Pre-veterinary Society provides fellowship and exchange among students interested in veterinary medicine, animal science and/or research. Membership is open to students from USF and other local colleges who wish to participate in a variety of activities that will enhance their knowledge in animal science. Activities have included tours at EPCOT - the Land of the Seas, Sea World, Lowry Park Zoo, an ostrich farm, and University of Florida College of Veterinary Medicine. Students meet a variety of specialists in the area.

Psi Chi - Psi Chi is the National Honor Society in Psychology, founded in 1929 for the purposes of encouraging, stimulating, and maintaining excellence in scholarship, and advancing the science of psychology. Membership is open to graduate and undergraduate men and women who meet the minimum qualifications. Psi Chi is a member of the Association of College Honor Societies and is an affiliate of the American Psychological Association and the Association for Psychological Science.

Sigma Gamma Epsilon - To recognize and promote academic and professional excellence in the Earth Sciences.

Sigma Pi Sigma - Physics National Honor Society. Contact Dr. Robert Criss at (813) 974-0165 for more information.

Society of Physics Students (SPS) - An affiliate of the American Institute of Physics and includes the honor society of Sigma Pi Sigma. Contact Dr. Robert Criss at (813) 974-0165 for more information.

Special Libraries Association (SLA) - The global organization for innovative information professionals and their strategic partners. SLA promotes and strengthens its members through learning, advocacy, and networking initiatives. Student memberships are granted to applicants enrolled in at least two library or information science courses. For more information please go to: <http://www.sla.org>.

Student Broadcasting Association - To give students with an interest in television/radio journalism hands-on experience and the opportunity to produce a news program for public access television. For further information please go to CIS 3005.

Student Chapter of the Mathematical Association of America - A club for students who enjoy doing, discussing and learning mathematics. For further information please go to PHY 342.

Student Society for Technical Communication-SSTC - offers students scholarships, publication competitions, internship opportunities, resume and computer workshops and networking socials with local professionals who are established in the field. For further information please go to CTR 2419.

University Psychology Association - The purpose of this organization shall be to foster understanding and stimulate interest in the discipline of Psychology and its sub fields. University Psychology Association is open to all USF students interested in the field of Psychology.

ARTS AND SCIENCES FACULTY

Africana Studies

Chairperson: Trevor W. Purcell; *Associate Professors:* K. R. Glover, D. G. Plant, T. W. Purcell, Cheryl R. Rodriguez; *Assistant Professors:* E. D. Duke, E. Kissi, K. Simeon-Jones, D. Sulton; *Visiting Associate Professor:* H.R. Kaplan; *Other Faculty:* K. Davis-John, L. Gordon, J. Holmes, N. James, R. Jones, P. McEwen, J. A. Maxwell-Simmons, S. Moore, L.W. Morehouse, F.U. Ohaegbulam, C. Probes, W. Rand, B.T. Shuler, S. Toland-Dix, K. Vaz, D. Washington, K. Wiredu, S. Wright.

Aging Studies

Director: C.L. McEvoy; *Associate Director:* L. J. Polivka; *Assistant Director:* S. L. Reynolds; *Professors:* W. E. Haley, C. L. McEvoy; *Associate Professors:* K. Hyer, L. J. Polivka, S.L. Reynolds, B.J. Small; *Assistant Professors:* R. Andel, T. Baker, D. Dobbs, J. Edwards, J. McIlvane; *Instructors:* M. Kaplan, R. Lamm. *Faculty Administrator:* G. E. Mitchell; *Courtesy and Adjunct Professors:*

E. Bass, L. Brown, H. Caywood, Jr., D. Chiriboga, L. Dupree, M. J. Etten, A. Gum, P. Holley, Y. Jang, M. Knox, V. Molinari, H. Osman, G. Paveza, J. Rowe, J. Salmon, L. Schonfeld, R. Simons, G. Starke, P. Stiles, L. Volicer; *Professors Emeriti:* J. Garcia, W.P. Mangum, T. Rich, S. V. Saxon.

Anthropology

Chairperson: E. Bird; *Professors:* R. Baer, E. Bird, K. Borman, S. Greenbaum, L. Madrigal, R. Tykot, B. Weisman, N. White, L. Whiteford; *Associate Professors:* D. Himmelgreen, N. Romero-Daza, K. Yelvington; *Assistant Professors:* H. Castaneda, K. Davis-Salazar, A. Jackson, J. Messing, T. Pluckhahn, R. Zarger, C. Wells, K. Williamson; *Instructor:* L. Collins, J. Napora; *Courtesy Faculty:* C. Bryant, J. Coreil, E. Kimmerle; *Emeritus Faculty:* M. Angrosino, C. Wienker, A. Wolfe.

Biology

Chairpersons: S. S. Bell, J. R. Garey; *Professors:* G. W. Arendash, T. Crisman, D. V. Lim, E. D. McCoy, P. J. Motta, H. R. Mushinsky, S. K. Pierce, R. Pollenz, P.D. Stiling, D. T. TeStake, R. P. Wunderlin; *Associate Professors:* M. L. Dao, F. B. Essig, G. A. Fox, V. Harwood, B. Livingston; *Assistant Professors:* P. Bradshaw, S. Deban, A. Erickson, L. Martin, J. Moore, M. Nanjundar, J. Rohr, K. Schmidt, K. Scott, L. Shaw, D. Wang; *Instructors:* V. Carson, A. Cleveland, J. El-Rady, E. Sikorski, A. Upadhyaya, P. Vandenbergh.

Chemistry

Chairperson: M. Zaworotko; *Assistant Chair and Instructor:* P. Muisener (Research); *Emeritus Professors:* J. Binford, J. C. Davis, Jr., J.E. Fernandez, L. Mandell, T. C. Owen, B. Stevens; *Distinguished University Professor Emeritus:* D. F. Martin; *Professors:* B. J. Baker, S. H. Grossman, W. C. Guida, J. P. Harmon, M. D. Johnston, R. W. Larsen, M.L. McLaughlin, G. G. Meisels, D. J. Merkler, R. M. O'Malley, R. Potter, B. Space, E. Turos; *Associate Professors:* K. S. Bisht, J. Lewis, A. Malik, L. Ming, J. Weinzierl, P. Zhang; *Assistant Professors:* M. Acevedo-Duncan, J. Antilla, A. Cardenas, M. Eddaoudi, X. Li, R. Manetsch; *Research Assistant Professors:* T. Gauthier, E. Rivera; *Instructors:* K. Caswell, S. T. Weldegirma; *Faculty:* L.P. Mercer; *Visiting Faculty:* J. Jones, V. Tibbs-Lykourinou.

Communication

Chairperson: K. N. Cissna; *Professors:* E. E. Bell, A. P. Bochner, K. N. Cissna, E. M. Eisenberg, C. S. Ellis, L.S. Pettegrew; *Associate Professors:* S. Holman Jones, N.C. James, J. Jorgenson, A. D. Payne, F. Steier; *Assistant Professors:* M. Bartesaghi, G. Botchart, M. Chvasta, R. Dubrofsky, J. Jones, L. Roscoe; *Instructor:* M. Levan.

Communication Sciences and Disorders

Chairperson: T. Chisolm; *Professors:* A. M. Guilford, T. Chisolm, E. R. Silliman; *Associate Professors:* J. Hinckley, R. Huntley Bahr, R. Hurley, J. Lister, C. Rogers; *Assistant Professors:* K. Crain, G. Donaldson, S. Frisch, J. Krause, N. Maxfield, G. Pashek; *Instructors:* L. Bess, P. Blake-Rahter, P. Carr, W. Clements, J. Constantine, S. Diehl, C. Fernandez, C. Ford, D. Freeman-LeVay, S. Graham, D. Howland, R. Laughlin, C. Paul, N. Patterson, K. Richardson, S. Surrency, R. Zelski; *Emeritus Professor:* J. Scheurle; *Emeritus Instructor:* E. A. Lee Kasan.

Community Experiential Learning

Coordinator: R.R. Jones.

Criminology

Chairperson: T. Mieczkowski; *Professors:* J. K. Cochran, R. Dembo, K. M. Heide, K. Lersch (Lakeland), M. Lynch, T. Mieczkowski, M. D. Smith, J. Unnever (Sarasota); *Associate*

Professors: M. Bromley, L. Fridell, W. Palacios, C. Sellers; *Assistant Professors:* D. Cecil (St. Petersburg), S. Jones, K. Padgett, W. Ruefle (St. Petersburg), C. Sullivan; *Professor Emeritus:* W. R. Blount, J.T. Reilly, M. Silverman, L. Territo, M. Vega; *Courtesy Appointment:* W. Borum.

Economics

Chairperson: K. Gyimah-Brempong; *Professors:* D. M. Bellante, J. S. DeSalvo, K. Gyimah-Brempong, M. G. Herander, J. S. Hodgson, G. A. Picone, P. K. Porter, J. W. Rowe, Jr.; *Professors Emeriti:* E. J. Ford, C. A. Green, W. J. Herman; *Associate Professors:* B. P. Kamp, M. B. Loewy, M. Munkin, C. R. Thomas; *Assistant Professor:* Y. Deng; *Visiting Assistant Professor:* M. Henry; *Lecturer:* S. Bartlett.

English

Chairperson: H. Hawkins; *Professors:* J. P. W. Rogers (DeBartolo Chair in the Liberal Arts), R.L. Ciresi, S. M. Deats, R. L. Hewitt, D. L. Kaufmann, W. E. Morris, J. M. Moxley, L.L. Runge, D. Schenck, P. J. Sipiora; *Associate Professors:* R. M. Baum, A.G. Bryant, N. Discenza, J. Fleming, E. A. Hirsh, D. L. Jacobs, E. A. Metzger, N. J. Tyson; *Assistant Professors:* T. Cooper, M. Clune, M. Gould, J. Hopler, H. Meakin, S. Mooney, S. Toland-Dix, M. Zoetewey; *Instructors:* S. M. Diecidue, L. Head, J.Y. Karpay, B. Moss, E. E. Waldron; *Professors Emeriti:* L. Broer, H. A. Deer, R. F. Dietrich, F. J. Fabry, S.R. Fiore, W. Garrett, M. Harmon, J. Hatcher, W. T. Ross, W. Scheuerle, E. E. Smith.

Environmental Science and Policy

Chairperson: R. Brinkman; *Director:* P. Reeder.

Geography

Chairperson: R. Brinkmann; *Professors:* R. Brinkmann, G. Tobin; *Associate Professors:* K. Archer, M. Bosman, J. Chakraborty, S. Reader, P. Reeder, E. Strom; *Assistant Professors:* F. Akiwumi, P. Basu, J. Collins, R. Pu; *Visiting Assistant Professor:* C. Emrich; *Instructors:* M. Hafen, R. Jones, J. Ma; *Adjuncts:* G. Anderson.

Geology

Chairperson: C. Connor; *Assistant Chairperson:* Jeff Ryan; *Professors:* C. Connor, J. G. Ryan, M. T. Stewart, H. L. Vacher; *Associate Professors:* P. J. Harries, S. E. Kruse, E. A. Oches, T. Pichler, P. Wang; *Assistant Professors:* G. Herbert, B. Onac, M. Rains, D. Roman, P. Wetmore, J. Wynn; *Instructors:* J. Fountain, J. Gould, J. Harden, T. C. Juster, E. Snow; *Courtesy Faculty:* W. Bradley, L. Connor, A. Gangoly, R. Green, R. Morton, J. Pracht, S. Sandberg, T. M. Scott, J. Sorauf, S. Upchurch, K. Watson, S. Worthington; *Assistant Curators:* R. Denicourt; *Emeritus Distinguished Professor:* R. A. Davis.

History

Chairperson: F. Attanelli; *Professors:* R. O. Arsenault, J. M. Belohlavek, P. Dosal, R. P. Ingalls, G. R. Mormino, W.M. Murray; *Associate Professors:* G. Alexopoulos, G. Benadusi, C. Boterbloem, D. R. Carr, W. Cummings, S.J. Fernandez, L.A. Jones, P. Levy, F. Ottanelli, K. Paul; *Assistant Professors:* B. Berglund, M. Decker, J. Dyl, S. Ickes, D. Johnson, J. Kessenides, J. Langford-Johnson, G. Milton, F. Ramos, T. Zwick; *Instructor:* J. Hall, P. Morgan, S. Murray, J. Tunstall.

Humanities and American Studies

Chairperson: S. L. Gaggi; *Professors:* P.J. Brewer, S. L. Gaggi, R. E. Snyder; *Professors Emeriti:* C.B. Cooper, G. S. Kashdin, D. Rutenberg; *Associate Professors:* D. Belgrad, J. D'Emilio, N. Yavneh; *Assistant Professors:* A. Berish, M. Cizmic, E. Cozzi, A. Novoa, E. Smith; *Instructor:* N. Kantzios.

Interdisciplinary Social Sciences

Coordinator: K. Ferguson.

International Studies

Professors: E. Conteh-Morgan, A. Hechiche, D. Slider; *Associate Professors:* M. M. Amen, R. Barylski, D. Peng; *Assistant Professor:* S. Roach, S. Solomon; *Joint Appointments:* Professors: R. Khator, M. Milani, H. Vanden; *Associate Professors:* K. R. Glover; *Distinguished Professor Emeritus:* C. Arnade; *Professor Emeritus:* F. U. Ohaegbulam.

Library and Information Science

Director: J. Gathegi; *Professors:* V. Gregory, K. McCook, A. Perrault; *Associate Professors:* J. Carey, J. Gathegi; *Assistant Professors:* J. Andrews, C. Dee, C. Dunkley, N. Kwon, S. Maatta-Smith, S. Simon, D. Slone, J. Won Yoon; *Professors Emeriti:* H. M. Smith; *Instructors:* L. Alexander, D. Austin, K. Cox, S. Wohlmuth.

Mass Communications

Director: E. J. Friedlander; *Professor:* E. J. Friedlander; *Associate Professors:* D. S. Bagley III, K. Golombisky, D. R. Holtzhausen, K. Killebrew, L. Z. Leslie, S. Liu, R. Miller; *Assistant Professors:* T. Bajkiewicz, K. Burns, D. Sohn, R. Watson, K. Page Werder, R. Wilber; *Instructors:* R. Batchelor, M. Curkan-Flanagan, R. Hagen, C. O'Brien, K. Arnold Ruyle; *Zimmerman Endowed Professor:* S. Liu; *Emerita:* B. K. Petersen.

Mathematics

Chairperson: M. M. McWaters; *Associate Chairperson:* S. E. Rimbey; *Distinguished University Professor:* C. P. Tsokos; *Professors:* N. Jonoska, A. G. Kartsatos, D. Khavinson, G. Ladde, M. N. Manougian, E. Rakhmanov, K. M. Ramachandran, J. S. Ratti, M. Saito, B. Shekhtman, W. R. Stark, V. Totik, C. A. Williams, Y. You; *Associate Professors:* B. Curtin, X. Hou, W. Ma, G. L. McColm, M. M. McWaters, S. Suen; *Assistant Professors:* C. Beneteau, T. Bieske, M. Elhamdadi, W. Kim, S. Kouchakian, B. T. Nagle, L. Skrzypek, G. Yanev; *Instructors:* F. Burgos, A. Danielyan, M. Krajcevski, S. E. Rimbey; *Director of Industrial Mathematics:* A. Grinshpan; *Professors Emeriti:* W. E. Clark, S. Isaak, J. J. Liang, A. Mukherjee, K. L. Pothoven, F. J. Zerla.

Medical Technology

Administrator: K. Cole; *Courtesy Professors:* I. L. Browarsky (Tampa General Hospital), L. Davis (Bayfront Medical Center), R. Bertholf (Shands Jacksonville), R. Ramos (St. Vincent's Medical Center); *Courtesy Lecturers:* L. Chakkaphak (St. Vincent's Medical Center), K. Berger (Tampa General Hospital), D. Tripolino (Bayfront Medical Center), J. Sigler (Shands Jacksonville).

Philosophy

Chairperson: R. Ariew; *Professors:* J. P. Anton (Distinguished Professor of Greek Philosophy & Culture), R. Ariew, C. Guignon, R. Kukla, M. R. Schönfeld, O. Schutte; *Distinguished Research Professor:* S. P. Turner; *Associate Professors:* A. Levine, R. Manning, J.B. Waugh, T. Williams, E. Winsberg; *Assistant Professors:* C. Heydt, B. Sadler, D. Weiskopf; *Courtesy Associate Professors:* M. Gibbons; *Courtesy Assistant Professor:* A. Chitwood; *Courtesy Professor:* S. Axinn; *Emeritus Faculty:* J.A. Bell, B. Silver, R.N. Taylor, R.C. Weatherford, K. Wiredu.

Physics

Chairperson: P. Mukherjee; *Professors:* R. S. F. Chang, W. Chen, N. Djeu, D. Johnson, D. K. Killinger, M. K. Kim, P. Mukherjee; *Associate Professors:* S. Hariharan, G. Nolas, I. Oleynik, D. Rabson, S. Witanachchi; *Assistant Professor:* M. Batzill, X. Jiang, C. Lo, G. Matthews, C. Miller, M. Munoz, M. Muschol, S. Pandit, L. Woods; *Instructor:* R. Criss, M. Chabot,

G. Woods; *Research Assistant Professor*: J. Zhang; *Visiting Professor*: S. Sakmar; *Eminent Scholar*: I. Giaever.

Political Science

Professors: J. E. Benton, S. MacManus, M. M. Milani, H. E. Vanden; *Associate Professors*: K. Caruson, M. T. Gibbons, C. A. Hall, S. Johnston, L. W. Morehouse, D. Peng, S. Tauber; *Assistant Professors*: E. Choi; *Joint Appointments*: *Professors*: E. Conteh-Morgan, J. E. Jreisat, D. Slider; *Associate Professors*: R. Barylski, K. R. Glover.

Psychology

Chairperson: E. Donchin; *Associate Chair*: T. Allen; *Distinguished Research Professors*: M. S. Goldman, D. L. Nelson; *Distinguished University Professor*: P. E. Spector; *Professors*: T. Allen, W. C. Borman, T. Brandon, M. T. Brannick, J. B. Bryant, M. D. Covert, D. Diamond, E. Donchin, M. A. Finkelstein, E. L. Gesten, P. Jacobsen, B. N. Kinder, C. L. Kirstein, E. L. Levine, V. Phares, W. P. Sacco, T. Sanocki, S. Schneider, T. Shimizu, J. K. Thompson; *Research Professors*: J. Willott; *Professors Emeritus*: C. E. Nelson, L. Penner, C. D. Spielberger; *Associate Professors*: C. R. Cimino, J. B. Epps, D. Rohrer; *Assistant Professors*: J. Bosson, J. Goldenberg, R. Johnson, M. Karver, K. Malmberg, G. Potts, J. Rottenberg, K. Salomon, S. Stark, J. Vandello; *Assistant Research Professor*: M. de Perczel-Goodwin; *Instructor*: J. Noll; *Courtesy, Adjunct, & Joint Appointments*: G. Arendash, R. Bahr, H. P. Bahrack, H. G. Belanger, P. C. Bickford, J. Brannick, B. Butler, T. Chisolm, H. B. Clark, M. E. Clark, D. Cohen, D. De Marie, D. Drobos, A. Friedman, T. R. Gordon, W. Haley, T. Herzog, K. Jenkins-Hall, M. D. Knox, M. Lynch, J. P. McHale, C. L. McEvoy, R. Murphy, R. Otto, C. R. Park, M. Pezzo, R. Reich, E. Renner, J. Robyak, A. I. Rosenblatt, C. Ruva, P. Sanberg, L. Schonfeld, D. P. Schultz, D. V. Sheehan, D. Shytle, E. Silliman, B. Slotnick, B. Small, T. F. Stokes, G. Teague, R. Vanderploeg, I. B. Weiner.

Public Administration

Director: J. L. Daly; *Professors*: J. E. Jreisat, J. E. Pynes; *Associate Professors*: J. L. Daly; *Assistant Professors*: S. Aikins, M. Chary; *Joint Appointments*: *Professor*: J. E. Benton.

Rehabilitation and Mental Health Counseling

Chairperson: T. J. Wright; *Distinguished Research Professor*: W. G. Emener; *Professors*: J. D. Rasch; *Associate Professors*: C. Dixon, S. Kelley, M. Richard, T. J. Wright; *Assistant Professor*: G. Dudell; *Clinical Instructor*: TBA.

Religious Studies

Chairperson: M. G. Mitchell; *Associate Chair*: D. deChant; *Distinguished University Professor*: J. F. Strange; *Professors*: D. J. Fasching, D. Jorgensen, M. G. Mitchell; *Associate Professors*: T. Williams, W. Zhang; *Emeritus Professors*: S. Garcia, S. Mandell; *Assistant Professors*: C. Fisher, C. Lopez, K. O'Connor; *Instructors*: D. deChant, P. Schneider; *Other Faculty*: M. Angrosino, J. Cavendish, M. Decker, G. Harley, T. Krizek, D. Schenck, G. Zucker.

Social Work

Director: W. Rowe; *Associate Director*: M. Marley; *Director of Field Program*: K. Williams; *Professors*: G. J. Paveza; *Associate Professors*: S. Fogel, L. Rapp-Paglicci, C. Stewart, A. L. Strozier; *Assistant Professors*: S. Allen, F. Barrow, K. Black, J. Cabness, R. Ersing, M. Rank, L. Rapp-Paglicci, J. Roberts, A. Salloum; *Instructors*: S. Blanco, I. Carrion, S. Speer, R. Tilden, P. Williams.

Sociology

Chairperson: M. Mayberry; *Professors*: D. Loseke, M. Mayberry, D. Stamps; *Associate Professors*: E. Aranda, J. Cavendish, S. Green, J. Friedman, L. Graham, M. Kleiman, C. Ponticelli; *Assistant Professor*: M. Kusenbach, W. Tyson, E. Vaquera; *Instructor*: C. Partin; *Courtesy Faculty*: J. Cochran, S. Crawley, L. Detman, C. Ellis, M. Flaherty, D. Jorgensen, K. Lersch, C. Partin, J. Prince, T. Rodriguez, C. Sellers, M. D. Smith, N. Tunitya, S. Turner, S. M. Yampolskaya; *Emeriti*: R. Francis, E. Nesman, R. Wheeler.

Women's Studies

Chairperson: K. Vaz; *Professor Emeriti*: C. DiPalma, L. L. McAlister, J. Snook; *Associate Professors*: C. J. Eichner, G. Grewal, M. Myerson, K. Vaz; *Assistant Professor*: S. Crawley; *Visiting Professor*: L. Lucas.

World Languages

Chairperson: V. E. Peppard; *Professors*: G. A. Brulotte, V. E. Peppard; *Associate Professors*: P. Breschia, M. Camara, J. S. Campbell, C. J. Cano, A. Chitwood, M. Esformes, J. Flaitz, I. Kantzios, J. D. Noonan, C. M. Probes, W. Zhu; *Assistant Professors*: M. Grieb, P. LaTrecchia, E. Manolaraki, K. Simeon-Jones, M. Sosa-Ramirez, C. Vasquez; *Visiting Assistant Professors*: S. Huber, A. Latowsky; *Instructors*: M. China-Thornberry, R. Donchin, R. Tucker, S. Wohlmuth; *Visiting Instructors*: J. Lyon, I. Sarieva; *Emeritus*: J. Caflich, R. Cole, D. Ierardo, E. J. Neugaard, R. A. Preto-Rodas, C. E. Scruggs, R. Stetzman; *Lecturer*: O. Oleynik; *Other Faculty*: S. Mooney, W. Murray.
