

General Course Information

UNIVERSITY OF SOUTH FLORIDA 2011-2012 UNDERGRADUATE CATALOG

Courses offered for credit by the University of South Florida are listed on the following pages in alphabetical order by college and subject area. The first line of each description includes the State Common Course prefix and number (see below), title of the course, and number of credits.

Credits separated by commas indicate unified courses offered in different semesters:

AMH 2010, 2020 AMERICAN HISTORY I, II (4,4)

Credits separated by a hyphen indicate variable credit.

HUM 4905 DIRECTED RESEARCH (1-5)

The abbreviation "var." also indicates variable credit.

MAT 7912 DIRECTED RESEARCH (var.)

The following abbreviations are utilized in various course descriptions:

PR	Prerequisite
CI	With the consent of the instructor
CC	With the consent of the chairperson of the department or program
CP	Co-prerequisite
CR	Co-requisite
DPR	Departmental Permit Required
GS	Graduate Standing
GR	Graduate Standing
ML	Master's Level
S/U	S/U Grade System
Lec	Lecture
Lab	Laboratory
Dem	Demonstration
Pro	Problem
Dis	Discussion

SPECIAL INFORMATION COURSE CODES

6A Courses to satisfy Rule 6A (Gordon Rule)

Foundations of Knowledge and Learning Core Curriculum Requirements – for students graduating under the 2009-2010 and subsequent USF Undergraduate Catalogs:

CAEC	English Composition
CAFA	Fine Arts
CAGC	Human & Cultural Diversity in a Global Context
CAHU	Humanities
CAMA	Mathematics
CANL	Natural Sciences (Life Science)
CANP	Natural Sciences (Physical Science)
CAQR	Quantitative Reasoning
CASB	Social & Behavioral Sciences
HHCP	Human Historical Context & Process

Exit Requirements – for students graduating under the 2009-2010 and subsequent USF Undergraduate Catalogs:

CPST	Capstone
WRIN	Writing Intensive

Liberal Arts Requirements - for students graduating under a USF undergraduate catalog prior to 2009-2010:

EC	Course fulfills part of the Liberal Arts General Education Requirement for English Composition
FA	Course fulfills part of the Liberal Arts General Education Requirement for Fine Arts

General Course Information

UNIVERSITY OF SOUTH FLORIDA 2011-2012 UNDERGRADUATE CATALOG

HP	Course fulfills part of the Liberal Arts General Education Requirement for Historical Perspectives
NS	Course fulfills part of the Liberal Arts General Education Requirement for Natural Sciences
AF	Course fulfills part of the Liberal Arts General Education Requirement for African, Latin American, Middle Eastern, or Asian Perspectives
QM	Course fulfills part of the Liberal Arts General Education Requirement for Qualitative Methods
SS	Course fulfills part of the Liberal Arts General Education Requirement for Social Sciences
LW	Course fulfills part of the Liberal Arts Exit Requirement for Literature & Writing
MW	Course fulfills part of the Liberal Arts Exit Requirement for Major Works & Major Issues

Five-Year Course Deletion Rule

In compliance with State of Florida Department of Education rule 6A-10.0331, USF undergraduate courses not taught for five years, or fewer if desired, are deleted from the Undergraduate Catalog.

The University reserves the right to substitute, not offer, or add courses that are listed in this catalog.

Alphabetical Listing of Departments and Programs

Course descriptions are listed by college under the following department and program headings:

<u>Department/Program</u>	<u>College</u>
Accounting	Business
Adult, Career & Higher Education	Education
Africana Studies	Arts & Sciences
Aging Studies	Behavioral & Community Sciences
Air Force ROTC	Undergraduate Studies

COURSE LEVEL DEFINITION

Lower Level:

- 0000-1999 Freshman Level
- 2000-2999 Sophomore Level

Upper Level:

- 3000-3999 Junior Level
- 4000-4999 Senior Level

Graduate Level:

- 5000-5999 Senior/Graduate Level
- 6000-Up Graduate Level

General Course Information

UNIVERSITY OF SOUTH FLORIDA 2011-2012 UNDERGRADUATE CATALOG

Florida's Statewide Course Numbering System

Courses in this catalog are identified by prefixes and numbers that were assigned by Florida's Statewide Course Numbering System (SCNS). This numbering system is used by all public postsecondary institutions in Florida and 33 participating non-public institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions.

Each participating institution controls the title, credit, and content of its own courses and recommends the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of faculty discipline committees appointed for that purpose by the Florida Department of Education in Tallahassee. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have a meaning in the Statewide Course Numbering System. The list of course prefixes and numbers, along with their generic titles, is referred to as the "SCNS taxonomy." Descriptions of the content of courses are referred to as "course equivalency profiles."

General Rule for Course Equivalencies

Equivalent courses at different institutions are identified by the same prefixes and same last three digits of the course number and are guaranteed to be transferable between participating institutions that offer the course, with a few exceptions. (Exceptions are listed below.)

For example, a survey course in social problems is offered by 35 different postsecondary institutions. Each institution uses "SYG_010" to identify its social problems course. The level code is the first digit and represents the year in which students normally take the course at a specific institution. In the SCNS taxonomy, "SYG" means "Sociology, General," the century digit "0" represents "Entry-level General Sociology," the decade digit "1" represents "Survey Course," and the unit digit "0" represents "Social Problems."

In science and other areas, a "C" or "L" after the course number is known as a lab indicator. The "C" represents a combined lecture and laboratory course that meets in the same place at the same time. The "L" represents a laboratory course or the laboratory part of a course, having the same prefix and course number without a lab indicator, which meets at a different time or place.

Transfer of any successfully completed course from one institution to another is guaranteed in cases where the course to be transferred is equivalent to the one offered by the receiving institution. Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, SYG 1010 is offered at a community college. The same course is offered at a state university as SYG 2010. A student who has successfully complete SYG 1010 at the community college is guaranteed to receive transfer credit for SYG 2010 at the state university if the student transfers. The student cannot be required to take SYG 2010 again since SYG 1010 is equivalent to SYG 2010. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed that have not been designated as equivalent.

The Course Prefix

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or sub-category of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the prefix designation.

Authority for Acceptance of Equivalent Courses

Section 1007.24(7), Florida Statutes, states:

Any student who transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the statewide course numbering system shall be awarded credit by the receiving institution for courses satisfactorily completed by the student at the previous institutions. Credit shall

General Course Information

UNIVERSITY OF SOUTH FLORIDA 2011-2012 UNDERGRADUATE CATALOG

be awarded if the courses are judged by the appropriate statewide course numbering system faculty committees representing school districts, public postsecondary educational institutions, and participating nonpublic postsecondary educational institutions to be academically equivalent to courses offered at the receiving institution, including equivalency of faculty credentials, regardless of the public or nonpublic control of the previous institution. The Department of Education shall ensure that credits to be accepted by a receiving institution are generated in courses for which the faculty possess credentials that are comparable to those required by the accrediting association of the receiving institution. The award of credit may be limited to courses that are entered in the statewide course numbering system. Credits awarded pursuant to this subsection shall satisfy institutional requirements on the same basis as credits awarded to native students.

Exceptions to the General Rule for Equivalency

The following courses are exceptions to the general rule for course equivalencies and may not transfer. Transferability is at the discretion of the receiving institution:

- A. Courses in the 900-999 series (e.g., ART 2905)
- B. Internships, practica, clinical experiences, and study abroad courses
- C. Performance or studio courses in Art, Dance, Theater, and Music
- D. Skills courses in Criminal Justice
- E. Graduate courses
- F. Courses not offered by the receiving institution

College preparatory and vocational preparatory course may not be used to meet degree requirements and are not transferable.

Questions about the Statewide Course Numbering System and appeals regarding course credit transfer decisions should be directed to the Office of the Dean, Undergraduate Studies in SVC 2003 at the University of South Florida or the Florida Department of Education, Office of Articulation, 1401 Turlington Building, 325 West Gaines Street, Tallahassee, Florida 32399-0400. Special reports and technical information may be requested by calling telephone number (850) 245-0427.
