UNDERGRADUATE STUDIES

OFFICE OF THE DEAN

Location/Phone:  SVC 2003; (813) 974-4051
Web Address:  http://www.ugs.usf.edu/ugs.htm

The Office of Undergraduate Studies (UGS) works in partnership with the academic colleges in the development, review and enhancement of the undergraduate programs to assist faculty to provide outstanding undergraduate education for students. The members of the UGS team work with faculty to establish and administer academic policies, assist with undergraduate curriculum development and review, and support proposals for new and revised programs and courses through the various approval processes. In addition to assisting with the academic programs offered by the colleges, Undergraduate Studies offers a number of academic programs, including the Bachelor of Science in Applied Sciences, Leadership Studies minor, and the Army, Air Force and Naval Reserve Officer Training Corps programs.

Undergraduate Studies provides a strong set of student success programs designed to make it more likely that students will successfully navigate the complexities of the transition to college and the baccalaureate experience. (It integrates academic endeavors with meaningful experiences within a myriad of student development programs.) Together, they aim to provide coordinated opportunities for students to develop their identities and intellectual competencies for successful careers and lifelong learning. Those services include: Tutoring and Learning Services in the Learning Commons, the University Career Center, First-Year and Transfer Student Orientation, the Transitional Advising Center, the University Experience Course, First Generation Access and Pre-Collegiate Programs, and the Academic Enrichment Center for Student Athletes.

The Office for Undergraduate Research (OUR) became a unit of Undergraduate Studies in Fall 2011 and was relocated into a new office suite within the USF library in October 2011. The OUR promotes mentored research across all disciplines by partnering with faculty and staff in all academic programs, administrative units and within the community. The office assists students, faculty, staff, administrators and community leaders in establishing research experiences that are designed to enhance a student’s academic progression and foster deeper immersion in the field.

The Dean is committed to providing vision and leadership in undergraduate education and to serving the needs of all undergraduate students, including those with non-traditional and diverse backgrounds.

The Career Center

Location/Phone:  SVC 2088; (813) 974-2171
Web Address:  http://www.career.usf.edu  Facebook:  http://www.facebook.com/USFCareerCenter

The Career Center provides USF students with comprehensive career planning and job search services. A staff of experienced Career Center professionals is available to help students choose a career; gain career-related work experience and plan their job search. The Career Center also provides information on employment opportunities and creates venues where students can network and interview with local, state, national and international employers.

The Career Center’s numerous services are clustered into the areas of career planning, career-related work experience, job search preparation, and making contact with employers.

Career Planning

- Sessions with a career counselor are available to help students make an informed decision about a potential career and major.
- Career Assessment Surveys are available to help students identify their interests, skills, work values and personality profile.
- Career Decision-making Seminars, offered online, teach students about the career development process and how to choose a career and academic major.
- Career Reference Library contains information on career fields, including job descriptions, working conditions, educational requirements, salary information and projected employment outlook.

Career-Related Work Experience

- Part-time Jobs, off campus, are posted on the Career Center web site via Career Connections.
- Cooperative Education (“Co-op”) a structured, academic program of paid, practical work experience related to a student's major is administered by the Career Center. Eligibility and program details are located on the Career Center web site.
- Internships are advertised on the Career Center web site. Internships for academic credit are coordinated through the student’s sponsoring academic department.

Job Search Preparation

- Sessions with a career counselor are available for assistance with resume/cover letter preparation; interview techniques; and various other job search strategies.
- Job Search Seminars are available on topics such as resume writing, interview techniques and other job search strategies.
- Job Search Reference Library contains resources on resume writing, interviewing and job search strategies.
employer directories and salary information.

- Job Search Computer Lab, located in the Career Center reference library, is equipped with computers with Internet access for conducting an on-line job search, scheduling on-campus interviews and researching employers.

- Practice interviews are available to help students polish and perfect their interview skills

**Making Contact with Employers**

- On-Campus Interviews for Internships and full-time positions are conducted in the Career Center by recruiters from numerous types of organizations. All majors are eligible to participate.

- Resume Referral is available to students with a resume uploaded in the Career Center’s online resume database.

- Students can electronically refer their resume to apply for both on-campus interviews, and employment opportunities advertised in the Career Center’s job listing database.

- Employer Information Sessions allows students a chance to learn about employment opportunities, hiring criteria and the organization’s workplace directly from the employer.

- Career Networking Fairs and Part-time Job Fairs, held each semester, bring students and employers together to network and discuss employment opportunities.

- Job Listings are posted daily on Career Connections, the Career Center’s on-line recruitment system, and include part-time jobs, internships, Cooperative Education and full-time professional positions.

- A Credential Service is available through a partnership between the Career Center and Interfolio, Inc., an on-line service available to students applying to graduate or professional schools, or applying for jobs requiring a credential file, dossier or portfolio.

**Alumni Services**

The Career Center’s Alumni Career Services assists USF alumni in career planning, career management and job search strategies critical for navigating today's competitive job market. Alumni Career Services are exclusively for USF graduates who have completed a minimum of a bachelor's degree.

**Transitional Advising Center (TRAC)**

**Location/Phone:** SVC 2043; (813) 974-2645  
**Web Address:** [http://www.ugs.usf.edu/trac/trac.htm](http://www.ugs.usf.edu/trac/trac.htm)

The Transitional Advising Center is dedicated to promoting the successful achievement of transitional students’ academic goals through comprehensive advising services.

TRAC specializes in focusing on undergraduate students who have not yet declared a major, are preparing to enter the Hospitality Management major, or are pursuing the Bachelor of Science in Applied Science (BSAS) degree. The staff also certifies all students seeking Associate of Arts certificates.

TRAC is also available to students who need assistance with re-selecting a major. Sometimes a student’s original major of choice is no longer an option because of limited access programs, minimum GPA standards, or a realization that one is no longer on the right path. Whether this decision is voluntary or determined by academic requirements, TRAC advisors can assist with the selection of a new major.

Appointments can be scheduled online at: [http://usfweb3.usf.edu/appointments/StudentSignon.asp](http://usfweb3.usf.edu/appointments/StudentSignon.asp).

**University Experience**

**Location/Phone:** SVC 2043; (813) 974-2645  
**Web Address:** [http://www.ugs.usf.edu/ue/ue.htm](http://www.ugs.usf.edu/ue/ue.htm)

University Experience (SLS 1101) is an elective course designed specifically for first-year students to welcome them to USF. Each class consists of approximately 25-30 students and is built around four major themes: building community, learning about campus resources, developing effective academic skills, and exploring personal character and values. Research shows that students who complete the University Experience course earn higher GPAs, have higher graduation rates, and are more involved on campus.

Making the transition from high school to a major university is sometimes challenging, yet very exciting. The University Experience course brings first year students together in small groups to discuss such topics as:

- Campus Resources
- Study Strategies
- Academic Planning
- Major/Career Decision-Making
- Time Management
- Financial Literacy
- Library and Technology Resources
Personal Wellness
Globalization
Involvement Opportunities

Tutoring & Learning Services

Location/Phone: LIB 206; (813) 974-2713
Web Address: http://www.usf.edu/learning

Tutoring & Learning Services is part of the Library Learning Commons and is located on the second floor, LIB 206. Offering a variety of academic support services, the mission of the department is to support student learning. Tutoring is free and available in many different subject areas including math, science, and languages. Students can select from several drop-in centers or make an appointment. In addition, a number of academic enhancement courses and workshops on learning strategies, test-taking, study and research skills are offered each semester including several credited courses such as Strategic Learning (REA 2604) and Critical Reading and Writing (REA 2105).

Writing Center

Location/Phone: LIB 125; (813) 974-8293
Web Address: http://www.usf.edu/writing

The Writing Center is a place for writers of all skill levels to take chances, ask questions, and develop their abilities. The Writing Center is an academic support partner in the Library Learning Commons and is located at LIB 125, just beyond the Reference Desk. Writing support is free to all registered USF students. Writing consultants are graduate students from English and several related departments, who are qualified to assist all levels of students from first-year undergraduate to doctoral level, including staff and faculty. Appointments are encouraged and can be scheduled by phone, in person, or online through Blackboard.

Academic Enrichment Center for Student Athletes

The Academic Enrichment Program at the University of South Florida is a full service program designed with the goal of enhancing the total development of the USF student-athlete. The program is focused on the unique needs and demands of student-athletes at USF and fosters the cultivation of skills that allow for the development of potential in the classroom, on the field and for the future.

The Academic Enrichment Program provides a variety of support mechanisms for all student-athletes by way of specific events and activities designed to promote academic success, athletic success, community service, career development and personal development.

Because we are committed to academic success and to providing the appropriate level of support for all our students-athletes, the academic component of our Enrichment Program is considered most vital. Focus is placed on identifying and meeting the needs and challenges faced by our student-athletes through providing assistance programs, workshops, tutoring and mentoring made available throughout the academic year. Emphasis is placed on encouraging student-athletes to take responsibility for their academic careers and for being productive and successful members of the USF academic community.

First Generation Access and Pre-Collegiate Programs

The First Generation Access and Pre-collegiate Programs (FGAPP) consist of retention programs providing access to a university education for promising first year students who are first-generation college students and/or come from limited income households. The Freshman Summer Institute and the Student Support Services programs provide services and activities that focus on helping students transition from high school to college, improving student persistence and graduation, promoting academic achievement and providing academic, social, and cultural support during their matriculation at the University.

FGAPP also administers federal and state funded pre-collegiate programs charged with serving the needs of underserved students in Hillsborough County. These programs, Upward Bound and the College Reach-Out Program (CROP), work with first-generation and limited income secondary students (grades 8 through 12) who aspire to attain a post-secondary education. Both programs encourage, support, and prepare students to successfully complete high school on a timely basis and acquire the necessary skills to successfully enter and graduate from their college of choice.

The Freshman Summer Institute

Location/Phone: SVC 2011; (813) 974-4227
Web Address: http://www.ugs.usf.edu/fsi/fsi.htm

The Freshman Summer Institute (FSI) provides access to a university education for students from first generation
and/or limited income families and identifies qualified individuals through a review of admission applications, academic records, and family income as determined by the Free Application for Federal Student Aid. Each year a limited number of students enter USF through this program.

All students admitted to FSI must enroll in a six-week summer session. Throughout the six weeks, students are required to live in the residence halls where they experience an environment supportive of their academic work. Each student receives a rigorous academic class schedule consisting of nine credit hours in Foundations of Knowledge and Learning Core Curriculum and electives based on standardized test scores, high school transcript, and intended major. Students attend weekly workshops on a variety of topics relevant to academic success, acclimation to college life, and their growth and development as first-year students. Students must complete all hours attempted with a grade of C- or better and end the summer term in good academic standing in order to continue in the fall semester.

The Freshman Summer Institute tackles the challenges of the freshman year with an active concern for students’ personal and academic welfare, enhancing their academic enrichment and better orienting them to the university environment. Continuous counseling and advising is a crucial element of the program. Counselors personally advise, counsel and monitor students’ progress throughout the first year. Personalized attention, combined with a holistic approach for student growth, distinguishes the Freshman Summer Institute as a unique student resource.

Student Support Services
Location/Phone: SVC 2011; (813) 974-4301
Web Address: http://www.ugs.usf.edu/sss/sss.htm

Student Support Services (SSS) is a federally funded retention program designed to help students make a smooth transition from high school to the University of South Florida. The program provides academic and personal support for students during their first two years of enrollment. A student is eligible to participate in Student Support Services if the student meets all of the following requirements:

a. Is a citizen or national of the United States or meets the residency requirements for Federal student financial assistance;

b. Is enrolled at the grantee institution or accepted for enrollment in the next academic term at that institution;

c. Has a need for academic support (SAT below 1020 or ACT below 21 or high school grade point average below 3.20);

d. Is 1) a low income individual; 2) a first generation college student (the student’s parents did not earn a four year degree); or 3) an individual with disabilities.

Student Support Services provides a six-week summer program to ease the transition from high school to college, enhance self-confidence, establish a strong foundation during the summer semester, and expose students to university resources and facilities. Students receive a comprehensive summer orientation, individualized advising, college survival skills and course credit toward graduation. Students must complete the summer term in good academic standing in order to continue in the program during future terms. Other services provided include ongoing individual counseling, midterm assessment, pre-registration, informational seminars, financial assistance, tutorial assistance, computerized tutorial assistance program, computer lab, career programs, and counseling. Research reveals that USF’s Student Support Services Program has been recognized nationally for its positive impact on student retention and graduation rates. In fact, 80-90% of program participants are in good academic standing at the end of each semester.

ENLACE
Location/Phone: SVC 2011; (813) 974-2563
Web Address: http://www.ugs.usf.edu/enlace/enlace.htm

Encouraging Latino College Excellence (ENLACE) is a program designed to promote academic success, retention, and graduation of Latino students on the University of South Florida campus. Focusing on first generation in college students from limited income families, the program helps students make a smooth transition to campus life and provides services designed to help create a strong sense of community of students. ENLACE provides motivation, encouragement, and guidance in professional and personal development. Students are encouraged to participate in community outreach programs through activities that celebrate their culture, educate their community, and provide opportunities for growth and development.

College Reach-Out Program
Location/Phone: SVC 1054; (813) 974-3713
Web Address: http://www.ugs.usf.edu/crop/crop.htm

The College Reach-Out Program (CROP) is a statewide program designed to increase the number of students who successfully complete a postsecondary institution. The program’s primary objective is to strengthen the educational motivation and preparation of low-income and educationally disadvantaged students in grades 8 through 11, representing various cultural backgrounds, who otherwise would be unlikely to seek admission to a community
The goals of CROP are to motivate students to pursue a postsecondary institution, develop students’ basic learning skills, strengthen students’ and parents’ understanding of the benefits of postsecondary education, and foster academic, personal, and career development through supplemental instruction.

Upward Bound Program
Location/Phone: SVC 1054; (813) 974-9138; Fax: (813) 974-2022
Web Address: http://www.ufs.usf.edu/upbound.htm

The Upward Bound Program (UBP) at the University of South Florida provides fundamental support to participants in their preparation for college placement. The program provides opportunities for participants to succeed in their pre-college performance and ultimately in their higher education pursuits. UBP serves high school students (grades 9 through 12) from low-income and first-generation college households.

The goal of UBP is to increase the rates at which high school students enroll in and graduate from institutions of post-secondary education. The purpose of UBP is to provide assistance in developing goals, improving academic skills, and providing the motivation necessary to achieve success in a college or post-secondary program. The program serves 130 students from 10 target schools in the Hillsborough County School District that have been determined to have a high need for academic support.

- Bachelor of Science in Applied Science (APS) (CIP = 24.0102)

Location/Phone: SVC 2003; (813) 974-4051
Web Address: http://www.ufs.usf.edu/academic/bsas.htm

Workforce projections for the 21st Century indicate that there will be an ongoing need for people with specific skills and abilities to fill Florida’s growing number of specialized, scientific, industrial and technological positions. Florida’s two-year colleges offer many exceptional programs that meet these demands through their Associate in Science (A.S.) degrees. Although these applied and technical degrees provide excellent preparation for students seeking jobs that require specific knowledge, skill and ability, they have not generally transferred very efficiently into four-year Bachelor’s degree programs. The Bachelor of Science in Applied Science (BSAS) has been developed by USF under certain provisions of Florida legislation to remove constraints from the transfer process, recognize past course work as transferable credit to the university, and afford exciting new opportunities for A.S. degree holders to pursue and acquire a distinctive USF Bachelor’s degree.

The BSAS program is a “capstone” degree offering A.S. degree holders an efficient pathway to a Bachelor’s degree. It provides Florida A.S. transfer students with a broad educational experience and a unique academic area of concentration. The various concentrations allow students to somewhat tailor their degree to match their academic interests and career ambitions. To achieve this end, BSAS students will plan their program in ongoing consultation with an academic advisor who will help students design their individualized program of study.

Requirements for the Major in Bachelor of Science in Applied Science
Recommended Prerequisites (State Mandated Common Prerequisites)

This degree program is available ONLY to Associate in Science (A.S.) graduates from a Florida public community/junior college.

There are no State Mandated Common Prerequisites for this degree program.

Students wishing to transfer to USF must complete the A.S. degree with an overall “C” average in all college-level courses accepted for transfer credit to USF. Students are encouraged to complete at least 18 credit hours of the General Education Requirements as part of their A.S. degree, and it is highly recommended that students select Gordon Rule communication and computation courses to fulfill these requirements while at the community college.

The A.S. degree will transfer as a complete “60 credit hour package” to USF (applicable only to the BSAS program). Technical coursework will transfer as a 42 credit hour technical block. The remaining 18 credit hours of General Education coursework from the A.S. will be matched against USF requirements to determine which courses remain outstanding for fulfillment of the university’s 36 credit hour General Education Requirement.

Please be aware of the immunization, foreign language, and continuous enrollment policies of the university.

Community College Block Credit
(Transferred from A.S.) 42

Community College General Education
(Transferred from A.S.) 18

USF General Education 18

USF Exit Courses 6

USF Area of Concentration* 18-21
USF Electives** 15-18
Total BSAS Credit Hours 120

*Note that all BSAS Areas of Concentration are at least 18 credit hours (some require 21 credit hours).

**Elective credit hours may vary slightly, but will not require students to exceed a total of 120 credit hours for completion of the BSAS degree.

Within the 60 credit hours of USF coursework beyond the A.S., BSAS students will complete:
- a minimum of 48 credit hours of upper-level (3000-4999) courses
- at least 30 hours of the last 60 credit hours at USF
- foreign language requirement (can be satisfied by two years of high school foreign language credit or 8 college credit hours in a single foreign language)

Online Programs: The only BSAS Areas of Concentration available completely online are Criminal Justice, Industrial Operations and Information Technology. All courses required for Public Health are available online with the exception of a mandatory first day attendance on-campus requirement for one course – HSC4531 Medical Terminology.

### Requirements for Areas of Concentration

#### BSAS - American Sign Language (ASG) Concentration consists of 19 credit hours:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ASL 2140C</td>
<td>Basic American Sign Language</td>
<td>4</td>

### BSAS – Environmental Studies (ECP) consists of 3 credit hours:
- ECP 3302 Environmental Economics (PR: ECO 2023 Microeconomics) 3
- POS 3697 Environmental Law 3

### PLUS ONE OF THE FOLLOWING:
- ANT 4147 Environmental Archaeology 3
- BSC 4057 Environmental Issues 3
- ECP 3613 Economics of the Urban Environment 3
- EDF 3228 Human Behavior & Environmental Selection 3
- EVR 4930 Selected Topics in Environmental Policy 1-4
- GEO 4340 Natural Hazards 4
- HIS 4936 Pro-Seminar in History 4
- IDS 3186 Scientific & Ethical Dimensions of Human Diseases 3
- WST 3324 Women, Environment and Gender 3

### BSAS – Environmental Law (POS) consists of 3 credit hours:
- POS 3697 Environmental Law 3

### PLUS ONE OF THE FOLLOWING:
- ECP 3613 Economics of the Urban Environment 3
- EDF 3228 Human Behavior & Environmental Selection 3
- EVR 4930 Selected Topics in Environmental Policy 1-4
- GEO 4340 Natural Hazards 4
- HIS 4936 Pro-Seminar in History 4
- IDS 3186 Scientific & Ethical Dimensions of Human Diseases 3
- WST 3324 Women, Environment and Gender 3

### BSAS – Environmental Economics (ECP) consists of 3 credit hours:
- ECP 3302 Environmental Economics (PR: ECO 2023 Microeconomics) 3
- POS 3697 Environmental Law 3

### PLUS ONE OF THE FOLLOWING:
- ANT 4147 Environmental Archaeology 3
- BSC 4057 Environmental Issues 3
- ECP 3613 Economics of the Urban Environment 3
- EDF 3228 Human Behavior & Environmental Selection 3
- EVR 4930 Selected Topics in Environmental Policy 1-4
- GEO 4340 Natural Hazards 4
- HIS 4936 Pro-Seminar in History 4
- IDS 3186 Scientific & Ethical Dimensions of Human Diseases 3
- WST 3324 Women, Environment and Gender 3

### BSAS – Gerontology Concentration (AGR) consists of 21 credit hours:
- GEY 2000 Intro to Gerontology or GEY 3601 Physical Changes and Aging 3
- GEY 3625 Sociocultural Aspects of Aging 3
- GEY 4612 Psychology of Aging 3

### PLUS THREE OF THE FOLLOWING:
- GEY 4322 Gerontological Case Management 3
- GEY 4327 Understanding Policies & Practices of Long Term Care 3
- GEY 6340 Housing for the Elderly 3
- GEY 4360 Gerontological Counseling 3
- GEY 4608 Alzheimer's Disease Management 3
- GEY 4635 Business Management in an Aging Society 3
- GEY 4641 Death and Dying 3
- GEY 4647 Ethical and Legal Issues in Aging 3

### BSAS – Information Studies (IFS) consists of 24 credit hours:
- LIS 3261 Introduction to Information Science 3
- LIS 3783 Information Architecture 3
- LIS 3352 Interaction Design 3
- LIS 3361 World Wide Web Page Design and Management 3
- LIS 3353 IT Concepts for Information Professionals 3
- LIS 3361 World Wide Web Page Design and Management 3
- LIS/CXX IS/IT Elective 3

### BSAS – Leadership Studies (ALS) consists of 18 credit hours:
Students must complete 6 credit hours from each tier (total 18 cr. hrs.).

#### Tier I (6 hrs.): Personal Systems
- LDR 2010 Leadership Fundamentals or LDR 3311 Leading in the Workplace 3
- LDR 4104 Theories of Leadership 3

#### Tier II (6hrs): Organizational Systems — select any two
- LDR 4114 Survey of Leadership Readings 3
- LDR 4164 Organizational Theories and Processes 3
- LDR 4564 Images of Leadership in the Media 3
- LDR 3214 Leadership in the Fraternal Movement 3
- LDR 3930 Special Topics in Student Leadership: Organizational 3

#### Tier III (6hrs): Global Systems — select any two
- LDR 3263 Community Leadership Practicum 3
- LDR 4204 Ethics & Power in Leadership 3
- LDR 4230 Global Leadership 3
- LDR 3930 Special Topics in Student Leadership: Global 3

### BSAS - Public Administration Concentration (APU) consists of 18 credit hours:
- PAD 3003 Introduction to Public Administration 3
- PAD 4204 Public Financial Administration 3
- PAD 4415 Personnel and Supervision in Today’s Organizations 3
- PAD 4712 Managing Information Resources in the Public Sector (3

---

327
POS 3182 Florida Politics and Government (3)

Plus any one of the following:
- PUP 4002 Public Policy (3)
- PAD 5035 Issues in Public Administration and Public Policy (3)
- PAD 5044 Environment of Public Administration (3)
- POS 5159 Urban Policy Analysis (3)
- PAD 5333 Concepts and Issues in Public Planning (3)
- PAD 5605 Administrative Law and Regulation (3)
- PAD 5700 Research Methods in Public Administration (3)
- PAD 5807 Urban and Local Government Administration (3)
- PAD 5836 Comparative Public Administration (3)

BSAS – Public Health Concentration (APL) consists of 18 credit hours:
- PHC 4101 Introduction to Public Health (3)
- HSC 4551 Survey of Human Disease (3)
- HSC 4933 Special Topics in Public Health* (3)

*Please see academic advisor for required special topics courses.

Electives (9 credit hours):
- HSC 3541 Human Structure and Function (3)
- HSC 4504 Foundations of Public Health Immunology (3)
- PHC 4542 Stress, Health and College Life (3)
- HSC 4579 Foundations of Maternal & Child Health (3)
- HSC 4933 Special Topics in Public Health** (3)
- MHS 4002 Behavioral Health System Delivery (3)

**Areas from selected special topics courses should be selected in consultation with your academic advisor.

Selected special topics courses may include the following subjects:
- Behavioral Health System Delivery
- Foundations of Global Health
- Introduction to Environmental Health
- Introduction to Food Safety
- Men’s Health and Gender in Society
- Secret History of Death and Disease
- Understanding U.S. Health Care
- Women’s Health: A Public Health Perspective

BSAS – Urban Studies Concentration (AUR) consists of 18-21 credit hours:
- URS 3002 Introduction to Urban Studies (3)

Plus any of five of the following:
- ARC 4784 The City (3)
- AMS 3700 Racism in American Society (3)
- AMH 3423 Modern History (4)
- IDS 4942 Community Internship 1-4
- ECP 3613 Economics of Urban Environment (3)
- ISS 3930 Special Topics in the Social Sciences 1-4
- SYA 4930 Topics in Sociology (3)
- GEO 3602 Topics in Urban Geography (4)
- GEO 4604 Advanced Urban Geography (4)
- PAD 3003 Introduction to Public Administration (3)
- POS 3142 Introduction to Urban Politics and Government (3)
- SOW 3203 Introduction to Social Work (3)
- SPC 3710 Communication and Cultural Diversity (3)
- SYD 3700 Racial and Ethnic Relations (3)
- URP 4050 City Planning and Community Development (3)
- URP 4052 Urban and Regional Planning (4)

Contact the BSAS Program for additional BSAS Concentrations that may have developed since the publication of this catalog.
LEADERSHIP STUDIES MINOR

Location/Phone: SVC 2003; (813) 974-4051
Web Address: http://www.ugs.usf.edu/academic/lsminor.htm

VISION
The University of South Florida’s Leadership Studies Program will seek to develop students into knowledgeable, capable, and ethical leaders who are inspired and prepared to effectively engage the complex challenges of leadership and affect positive change in their personal lives, organizations, communities, the nation and the world.

MISSION
The University of South Florida’s Leadership Studies Program provides intentional and rigorous academic courses that educate students in a cross-disciplinary understanding of leadership. This is achieved through a diverse, relevant, and comprehensive curriculum emphasizing active-collaborative learning, self-reflection and critical thinking.

PROGRAM DESCRIPTION
The leadership Studies Program is interdisciplinary in nature and is a significant benefit to students in all areas of study. Courses are designed to give students a theoretical and practical grasp of leadership relying upon the basic assumption that leadership can be learned and, therefore, taught. The program takes a unique approach to leadership education that combines practical application of leadership theories and opportunities for students to study the characteristics of authority, leadership, social dynamics, political processes and the values that orient human behavior.

The minor in Leadership Studies consists of a minimum of 18 credit hours with a “C” grade or better in each course.

CORE COURSES (all are required to receive the Minor)
LDR 2010 Fundamentals of Leadership or LDR 3331 Leading in the Workplace
LDR 4104 Theories of Leadership*
LDR 4951 Leadership Capstone Seminar (preferred taken as last course)*

One course must be taken from each of the following Dimensions of Leadership:

PERSONAL DIMENSIONS OF LEADERSHIP (at least one course for 3 credits)
LDR 4114 Survey of Leadership
LDR 4564 Images of Leadership in the Media
LDR 4204 Ethics and Power in Leadership

ORGANIZATIONAL/GROUP DIMENSIONS OF LEADERSHIP (at least one course for 3 credits)
LDR 4164 Organizational Theories and Processes*
LDR 3263 Community Leadership Practicum*
COM 3120 Organizational Communication
LDR 3214 Leadership in the Fraternal Movement (permit only)
LDR 3930 Selected Topics in Student Leadership: Organizational

GLOBAL DIMENSIONS OF LEADERSHIP (at least one course for 3 credits)
LDR 4230 Global Leadership
LDR 3115 Contemporary Issues in Leadership
LDR 3216 Leadership and Social Change*
LDR 3930 Selected Topics in Student Leadership: Global

*These courses require LDR 2010 Fundamentals of Leadership with a minimum grade of C- as a pre-requisite.

For more information and advising, please contact the Center for Leadership and Civic Engagement at 813-974 7595. The Center is located in the Marshall Center (MSC 1300) and their website may be found at: http://leadandserve.usf.edu/leadcourses.php.

Joint Military Leadership Center at USF

Location/Phone: CWY 407; (813) 974-2025
Web Address: http://www.ugs.usf.edu/imslc/imslc.htm

The Mission of the Joint Military Leadership Center’s is to provide Reserve Officers Training Corps (ROTC) cadets/midshipmen/officer candidates with unique core competencies and skills in leadership development, global understanding, and National security/military/defense strategies. They will oversee and provide an academically-structured, research-based, and values-driven program that educates, trains, and prepares Military Officers and Service Leaders for their leadership roles in the continuing transformation of America’s Armed Forces in the dynamic
and challenging global environment.

The University of South Florida is one of only 38 campuses in the Nation that have ROTC programs from all of the Nation’s Armed Services (Army, Marine Corps, Navy, and Air Force). A total of 338 college and university campuses in America host an ROTC program from at least one Armed Service. More than 500 undergraduate men and women currently participate in the USF ROTC programs. Most of them attend undergraduate classes exclusively at USF, but many are undergraduate students at nearby colleges and universities that do not have their own ROTC program, faculty, and facilities. Consistent with the mission of USF, a premier, metropolitan-based, research university, The Joint Military Leadership Center focuses on the nature and meaning of effective leadership in a changing environment through high quality classroom delivery, structured research, and community-based experiences.

The Joint Military Leadership Center at the University of South Florida represents a unique, national leadership development model that supplements and strengthens the intellectual and pedagogical expertise of a major, public research university and a strong ROTC tradition. ROTC has witnessed significant expansion at the University of South Florida since the establishment of Air Force (1981), Army (1975) and Naval (2002) units. The ROTC Program is academically housed in Undergraduate Studies along with the University’s well-regarded interdisciplinary program in Leadership Studies.

The Joint Military Leadership Center develops and implements educational programs to enhance the quality of the ROTC curriculum which includes sponsorship of relevant speakers from the military services, major Combatant Commands, the Department of Defense, the Interagency and the Senior National Representatives of the U.S. Central Command Coalition; joint activities for all ROTC units; and the ROTC Living Learning Community (LLC) established in the university’s Housing and Residential Education Department. In this way USF, through its ROTC programs, plays a significant role in the education and development of student leaders who, in turn, experience and understand the unique challenges associated with leadership in a joint strategic military environment as they train to become skilled Officers in the Nation’s Armed Services.

**Aerospace Studies**

**Air Force ROTC**

Location/Phone: CWY 407; (813) 974-3367

Web Address: [http://web.usf.edu/airforce/](http://web.usf.edu/airforce/)

The Air Force Reserve Officer Training Corps (AFROTC) curriculum includes 14-16 credit hours of instruction by active duty Air Force officers over a three to four-year period. A student who successfully completes the AFROTC program and a Bachelor’s degree will receive an Air Force commission as a Second Lieutenant and enter active duty in the United States Air Force.

AFROTC is offered as a three- or four-year program. Both programs require a student to successfully complete all degree requirements toward a Bachelor’s degree, 14 or 16 credit hours of AFROTC classes, and a four-week field training encampment during the summer between his/her sophomore and junior years.

AFROTC students are also required to take a 2 hour non-credit leadership laboratory each semester. Students wear the Air Force uniform during these periods, complete syllabus directed leadership training, and learn the military customs and courtesies of the Air Force. Leadership Laboratory is only offered to students who are members of the Reserve Officer Training Corps or are eligible to pursue a commission as determined by the Professor of Aerospace Studies.

Furthermore, AFROTC students are required to attend two physical training sessions each week in order to successfully complete the Air Force Physical Fitness Assessment. Physical training sessions are scheduled Tuesday and Thursday at 6:00am at USF and Wed at 7:00am at the University of Tampa.

AFROTC scholarships may be available for eligible applicants who meet highly competitive nationwide criteria established by AFROTC Headquarters. The scholarships may pay all tuition, fees, books, and a $300 - $500 per month tax-free stipend. Those interested in more information about scholarship criteria should contact the AFROTC Department or visit [www.afrotc.com](http://www.afrotc.com) for the most current scholarship information. A student may enroll in the AFROTC program without an AFROTC scholarship.

Students interested in joining AFROTC must contact the Air Force ROTC Office at 813-974-3367 to schedule a “paperwork session” one semester prior to entering the program.

**Minor in Aerospace Studies**

The Minor in Aerospace Studies Program will provide the student with an understanding of management and leadership concepts as they relate to military officers. Additionally, students will analyze the evolution of American defense policy and strategy with emphasis placed on the development of individual communication skills. In order for a student to minor in Aerospace Studies a minimum GPA of 2.0 is required in all courses used to satisfy the minor. A minimum of 12 of the 16 semester hours required must be earned at USF. Grades less than “C” (GPA of 2.0) or “S” grades will not be accepted. Students will not be able to use credit through exam or independent study for application.
Specific Course Requirements for the Minor:

a. Total credit hours required: 16

b. Required courses:
   - AFR 3220 Air Force Leadership and Management I: 3
   - AFR 3231 Air Force Leadership and Management II: 3
   - AFR 4201 National Security Affairs and Preparation for Activity Duty I: 3
   - AFR 4211 National Security Affairs and Preparation for Active Duty II: 3

c. Other specifications: Combination of 4 credit hours from any of the military elective courses below:
   - AFR 1101 Foundation of the United States Air Force Part I: 1
   - AFR 1120 Foundation of the United States Air Force Part II: 1
   - AFR 2130 The Evolution of USAF Aerospace Power Part 1: 1
   - AFR 2140 The Evolution of USAF Aerospace Power Part 2: 1

Optional Courses:
   - MSL 1001C Leadership in the Army Profession: 2
   - MSL 1002C Leadership Models and Methods: 2
   - MSL 2101C Individual Leadership Studies: 2
   - MSL 2102C Leadership in Changing Environments: 2
   - MSL 3201C Leading Teams: 3
   - MSL 3202C Leading Small Units: 3
   - MSL 4302C Preparing for Army Leadership: 3

Aerospace Studies Faculty
Professor: Col Kyle E. Garland; Assistant Professors: Lt Col Mark Llewellyn and Major Michelle Moreno.

Military Science
Army Reserve Officers Training Corps (ROTC)

Location/Phone: CWY 405; (813) 974-4065
Web Address: http://armyrotc.com/edu/univsouthfl
Contact Email: arotcgr@usf.edu

The Department of Military Science for Army Reserve Officers Training Corps (AROTC) was established to select and prepare students to serve as officers in the Regular and Reserve components of the United States Army. The curriculum is designed to develop students’ leadership potential and improve students’ planning, organizational, and managerial skills.

Army ROTC training is divided into two phases: the first two years constitute the Basic Course; the last two the Advanced Course. The Department offers both a four- and a two-year program, each leading to a commission as a Second Lieutenant in the United States Army. The four-year program requires completion of the Basic Course, a five-week field training course, and the Advanced Course. Students with prior active military service or previous training at military schools may be exempt from some or all of the Basic Course. Students with questions concerning the various options should contact the Professor of Military Science for more information. Enrollment is open to qualified students at all levels, including graduate students. Offerings are published each semester.

Army ROTC training provides scholarships, pay, free uniforms and textbooks for scholarship and/or contracted Cadets. Scholarships are awarded on a competitive basis in all academic majors. The scholarship pays full tuition or room and board, books, lab and mandatory fees, and certain other academic expenses.

Additional Skills Training
Airborne School, Air Assault School, and the Northern Warfare School are available to both Basic and Advanced Course students during semester breaks. Additional skills training is also available during the academic year to include first aid, rappelling, orienteering, etc.

Basic Course
The Basic Course consists of four semesters of classroom instruction of one and a half hour each week and a leadership lab. Students incur no military commitment by participating in the Basic Course. In lieu of attending the basic course classroom instruction, a student may attend the four-week Leadership Training Course at Fort Knox, Kentucky during the summer of the student’s sophomore year.
Advanced Course
The Advanced Course consists of four semesters of classroom instruction of three hours each week, leadership lab, physical fitness and field training exercises, and a five-week training phase at Leadership Development and Assessment Course. Students registering for the Advanced Course must have met all requirements for Basic Course completion. The Advanced Course is designed to prepare the student who desires to be a Professional Army Officer for duty in the Active Army, Reserve or National Guard. Additional training is available to selected Cadets at both US based and overseas active Army units.

Job Opportunities
The newly commissioned Officer can be guaranteed Reserve or National Guard duty, or compete for an Active Duty commission. Prior to commissioning, the student may request to serve in a number of career fields to include aviation, infantry, armor, engineering, medical, law enforcement, logistics, and personnel administration.

Requirements for an ROTC Commission
Students who desire to earn a commission as a Second Lieutenant in the United States Army must meet the following requirements: four semesters of the ROTC Advanced Course, successful completion of the Professional Military Education Courses (written communication skills, computer literacy, and military history), attendance at Leadership Development and Assessment Course, maintain and graduate with a minimum of a 2.0 GPA, successful completion of the Army Physical Fitness Test, compliance with the Army height and weight standards, and other requirements of the United States Army.

Minor in Military Science
The minor in Military Science entails an 18-hour program organized and coordinated through the Department of Military Science. A minimum of 14 of the 18 hours must be earned at USF and the student must maintain a 2.0 GPA in the minor. A minimum grade of “C” or better must be maintained in each course. “S” grades will not be accepted. This program is designed to provide the student with an in-depth understanding of Army leadership doctrine and the fundamental principles by which Army leaders act to accomplish their mission. This minor lays out a leadership framework that allows students to apply leadership concepts learned in the classroom. Additional emphasis is placed on character development, oral and written communication, physical and mental fitness, and military small unit operations.

Required courses: (Total of 14 Credit Hours)
- MSL 3201C Adaptive Team Leadership 3
- MSL 3202C Leadership in Changing Environments 3
- MSL 4301C Developing Adaptive Leaders 3
- MSL 4302C Leadership in a Complex World 3
- MSL 2900* Army Physical Readiness 1
*repeated for two semesters; may be repeated up to four semesters, however only two credits will count toward minor

Other specifications: combination of 4 credit hours from any of the military elective courses below:
- MSL 1001C Leadership and Personal Development 2
- MSL 1002C Introduction to Tactical Leadership 2
- MSL 2101C Innovative Team Leadership 2
- MSL 2102C Foundations of Tactical Leadership 2
- MSL 2901 Basic Leader Training 4
- MSL 4930 Advanced Directed Study and Research 1-3
- AFR 1101 The Foundation of the United States Air Force Part 1 1
- AFR 1120 The Foundations of the United States Air Force Part 2 1
- AFR 2130 Evolution of USAF Air and Space Power, Part 1 1
- AFR 2140 Evolution of USAF Air and Space Power, Part 2 1
- AFR 3220 Air Force Leadership and Management I 3
- AFR 3231 Air Force Leadership and Management II 3
- AFR 4201 National Security Affairs & Preparation for Active Duty I 3
- AFR 4211 National Security Affairs & Preparation for Active Duty II 3

Military Science Faculty
Professor of Military Science: Padraig Clark; Assistant Professors: Bryan Dunker, Scott Dunkle, William Patterson, Jonathan Stapel, Miguel Ramirez, Scott Macksam, Andy Miller, John Lopez, Steven Beck, John Biggs.
Naval Science
Naval ROTC

Location/Phone: CWY 406; (813) 974-4789
Web Address: http://web.usf.edu/nrotc
Contact Email: naval@nrotc.usf.edu

The Naval Science Program at the University of South Florida is administered by the Naval Reserve Officers Training Corps (NROTC) Unit. This program affords selected men and women the opportunity to receive instruction in Navy specified courses which, in conjunction with the baccalaureate degree, will qualify them for a commission in the United States Navy or Marine Corps. Students enrolled in the university who are physically and mentally qualified are eligible to apply for the NROTC program. As naval officers, USF NROTC graduates become eligible for varied careers, serving in aviation squadrons, on surface ships, on submarines in the nuclear power program, at naval installations all over the world, or in the numerous sub-specialties as an officer of the Marines Corps. With the consent of the Professor of Naval Science, any student, although not enrolled in the NROTC program, is eligible for enrollment in naval science courses. The USF NROTC Unit offers participation through four programs: (1) the Navy-Marine Corps Scholarship Program, (2) the Navy-Marine Corps Four-Year College Program, (3) the Two-Year NROTC College Program, and (4) the Two-Year NROTC Scholarship Program.

The Navy-Marine Corps Four-Year Scholarship Program

The NROTC National Scholarship Program is open to young men and women of all races, creeds, and national origin who are United States citizens. Students are selected on their own merit to become officers in the United States Navy and Marine Corps. Scholarship students are appointed Midshipmen, U.S. Navy Reserve. The Navy pays for tuition, fees, textbooks, uniforms, and a monthly subsistence allowance of up to $400.00 for four years. Scholarship students are normally selected through national competition during their senior year in high school. Each year, ten Professor of Naval Science scholarships are available through a competitive selection process to Black and Hispanic students with academic potential who have yet to demonstrate their performance in a college environment or who have completed at least one, but not more than two semesters of course work at the university with a cumulative GPA of 3.0 or better and with no grade below "C". Although it is not a requirement, a student in the NROTC Scholarship Program is encouraged to pursue a major in engineering, mathematics, chemistry, or physics to meet the technological requirements of the Navy. Other fields of study for a major leading to a Baccalaureate degree are permitted, with the approval of the Professor of Naval Science. Regardless of the major, every scholarship student must complete one year of physics and one year of calculus.

Students must include certain Navy specified courses in their program and complete a program of courses as prescribed by the professor of naval science. Upon graduation, and successful completion of the naval science curriculum, the midshipman will receive a commission as Ensign in the U.S. Navy or Second Lieutenant in the U.S. Marine Corps and serve on active duty for a minimum of five years for Navy option and four years for Navy Nurse and Marine option.

The Navy-Marine Corps Four-Year College Program

The NROTC College Program is designed to train and educate well-qualified young men and women for commissioning. Selected students are appointed as midshipmen in the Naval Reserve prior to commencement of the advanced course in the junior year. The Navy pays for uniforms and naval science textbooks during the four-year period, and during the junior and senior years, pays the midshipman up to $400.00 per month subsistence allowance. Each student is selected for enrollment in the program on the basis of past academic performance, potential, personal interviews, and a physical examination. A college program midshipman only acquires a military service obligation after entering the advanced courses at the beginning of the junior year.

Although there are no restrictions on the major college program students may pursue, it is highly recommended that they pursue a course of study similar to that of scholarship students. Students must also include in their program certain Navy specified courses and a program of courses in naval science. Students, upon graduation and successful completion of the naval science curriculum, receive a commission as an Ensign in the U.S. Navy or a Second Lieutenant in the U.S. Marine Corps and serve on active duty for a minimum of three years.

Two-Year NROTC College Program (Non-Scholarship)

The USF NROTC offers on a limited basis a two-year non-scholarship program which is designed specifically for students commencing their third year of college, who were not enrolled in the NROTC program during their freshman and sophomore years. Applications must be submitted during the sophomore year by the first of March to permit processing, personal interviews, and a physical examination. Qualifications for acceptance to this program include demonstrated ability to complete college level science and math courses. Upon acceptance into this program, the student attends a six-week intensive course at the Naval Science Institute in Newport, Rhode Island, in the summer
prior to commencing the junior year of study. Students in a five-year engineering curriculum may attend the institution between their third and fourth years. The six-week summer course qualifies the student for enrollment in the NROTC program at the junior level. During the student's attendance at the Naval Science Institute, the Navy provides room and board, books, uniforms, and transportation from home and return, as well as pays the student approximately $365.00 per month. Upon successful completion of the course, the Navy pays for uniforms, naval science textbooks, and up to $400.00 per month subsistence allowance.

Students must also include in their program certain Navy specified courses and a program of courses in naval science. Upon graduation and successful completion of the naval science curriculum, receive a commission as an Ensign in the U.S. Navy or a Second Lieutenant in the U.S. Marine Corps and serve on active duty for a minimum of three years.

Two-Year NROTC Scholarship Program

The two-year scholarship program is administered in the same manner as the two-year non-scholarship program, except that a student who has excelled in a math, physical science, or engineering major and who has demonstrated above average performance in integral calculus may be selected for a two-year full tuition scholarship, to be awarded upon successful completion of the six-week period of training at the Naval Science Institute. In addition to the full-tuition scholarship, the student will receive up to $400.00 subsistence per month, books, and lab fees.

Regardless of the major, every scholarship student must complete one year of calculus-based physics and one year of calculus. Students must include certain Navy specified courses in their program and complete a program of courses as prescribed by the Professor of Naval Science. Upon graduation, and successful completion of the naval science curriculum, the midshipman will receive a commission as an Ensign in the U.S. Navy or Second Lieutenant in the U.S. Marine Corps and serve on active duty for a minimum of five years for Navy option and four years for Navy Nurse and Marine option.

Summer Training

The NROTC Scholarship Program student is required to complete training of approximately four weeks during each of the three summer recesses. During the first summer period, each scholarship student will receive instruction in aviation training, marine combat training, surface warfare indoctrination, and submarine indoctrination either in Norfolk, Virginia or San Diego, California. The second summer training period will be performed aboard operational ships of the U.S. Fleet. During the third summer, candidates for U.S. Navy commissions will perform training aboard operational ships or aviation squadrons as a junior officer. The student who qualifies for nuclear propulsion training may elect to cruise on nuclear powered ships or submarines. Some midshipmen cruise with allied navies through the Midshipman Foreign Exchange Program. Transportation costs to and from the training sites, subsistence, quarters, and pay of approximately $365 per month will be paid to every participating student. The candidates for U.S. Marine Corps commissions will perform training at the U.S. Marine Corps Base, Quantico, Virginia. The Marine Option NROTC Summer Training Program, "Bulldog," is a six-week training program designed to prepare midshipmen for appointment to commissioned grade by providing basic military instruction and physical training. An evaluation of midshipmen is made to ensure that they possess the leadership, academic, and physical qualifications required for appointment to commissioned grade in the Marine Corps Reserve. Female midshipmen participate in all NROTC curriculum requirements and activities, including cruises aboard selected ships. A woman who has qualified for Marine Option NROTC Summer Training at Quantico attends the Woman Officer Candidate Course in Quantico, Virginia.

Specified University Courses

In addition to satisfying requirements for a Baccalaureate degree, the student must satisfactorily complete the following four-year curriculum guide, including required naval science courses and specified university courses.

### Freshman Year:
- NSC 1110 Introduction to Naval Science (See Note 1) 3
- NSC 1101L Naval Science Laboratory 0
- NSC 1140 Sea Power and Maritime Affairs (See Note 1) 3

### Sophomore Year:
- MAC 2311 and MAC 2312 Calculus I and II 8
- or
- MAC 2281 and MAC 2282 Engineering Calculus I and II (See Note 4) 8
- NSC 1101L Naval Science Laboratory 0
- NSC 2212C Navigation/Naval Operations I: Navigation (See Note 2) 3
- NSC 2220 Evolution of Warfare (See Note 3) 3
- NSC 2231 Principles of Naval Management I (See Note 1) 3

### Junior Year:
UNDERGRADUATE STUDIES

UNIVERSITY OF SOUTH FLORIDA 2012-2013 UNDERGRADUATE CATALOG

NSC 1101L Naval Science Laboratory 0
NSC 2121 Naval Ships System I (Note 2) 3
NSC 3123 Naval Ships Systems II (Note 2) 3
PHY 2048 and PHY 2049 Physics I and II (Note 4) 10

Senior Year:
NSC 1101L Naval Science Laboratory 0
NSC 3214C Navigation/Naval Operations II: Seamanship & Ship Operations 3
(See Note 2)
NSC 4224 Amphibious Warfare (Note 3) 3
NSC 4232 Principles of Naval Management II 3

NOTES:
1. Undergraduate Naval Sciences required to be completed for all students before Fall Semester junior year
2. Upper division Naval Science courses required of Navy Options and not required of Marine Options
3. Required of Marine Option midshipmen only
4. One year of each calculus and calculus-based physics is required for every Navy option scholarship student.
   It is recommended, but optional for College Program and Marine Options.

Furnished Items
All uniforms, textbooks, and equipment needed by the student for naval science courses are furnished by the Navy.

Use of Navy Science Courses as University Electives
Academic departments within the university may, according to their own policies, accept naval science courses as electives to fulfill requirements in their academic program.

Naval Science Minor
Upon successful completion of the four-year Naval Science Program, a student may be awarded a minor in Naval Science. Specific requirements should be arranged with the student’s academic department.

Naval Science Laboratory
The naval science curriculum includes a weekly three-hour laboratory covering professional and military subject matter. Attendance is mandatory for all midshipmen.

Minor in Naval Science and Leadership
The minor in Naval Science and Leadership entails an 18-hour program organized and coordinated through the Department of Naval Science. A minimum of 14 of the 18 credit hours must be earned at USF and the student must maintain a 2.0 GPA in the minor. A minimum grade of “C” or better must be maintained in each course. “S” grades will not be accepted. This program is designed to provide the student with an in-depth understanding of Naval leadership doctrine and the fundamental principles by which Navy and Marine Corps leaders act to accomplish their mission. The minor lays out a framework by which the Navy and Marine Corps conduct routine operations and planning and it also provides a foundation in design theory with a practical application to naval platforms and weapon systems. Special emphasis is placed on character development and effective communication skills.

Required courses: (Total of 12 Credit Hours)
NSC 1110 Introduction to Naval Science 3
NSC 1140 Sea Power and Maritime Affairs 3
NSC 2231 Principles of Naval Management I 3
NSC 4232 Principles of Naval Management II 3

Other specifications: combination of 6 credit hours from any of the naval science courses below:
NSC 2121 Naval Ship Systems I 3
NSC 2212C Navigation/Naval Operations I: Navigation 3
NSC 2221 Evolution of Warfare 3
NSC 3123 Naval Ship Systems II 3
NSC 3214C Navigation/Naval Operations II: Seamanship and Ship Operations 3
NSC 4224 Amphibious Warfare 3

Professor: Kevin Kenney; Assistant Professors: Doug Harvey, Ian Hayes, Jennifer Simpson, and Steven Durst.
Office for Undergraduate Research

Location/Phone: LIB 210; (813) 974-6842
Web Address: http://www.ur.usf.edu
Contact Email: ur@ur.usf.edu

The Office for Undergraduate Research (OUR) promotes mentored research across all disciplines by partnering with faculty, staff and administrative units across campus to establish research experiences designed to enhance a student researcher’s academic progression and foster deeper immersion in the field. One of the primary aims of the OUR is to provide extensive training and support to undergraduate researchers through professional development and skill acquisition. Located on the second floor of the Tampa campus library, the office offers a variety of resources and services to assist student researchers. OUR services include:

- UR self-assessment tools
- a comprehensive workshop series
- research consultation with OUR staff
- for-credit research courses
- research funding support

In addition, the Office for Undergraduate Research hosts the annual Undergraduate Research and Art Colloquium, which provides an opportunity for undergraduate students to present their current research and interact with faculty and peers. Students who participate in undergraduate research and utilize the services of the OUR will develop critical thinking skills, gain invaluable experience, and inspire other students to engage in undergraduate research and fulfill their potential.
