General Use Guidelines:
The announcements, information, policies, rules, regulations, and procedures set forth in this Catalog are for information only and are subject to continual review and change without notice. As the Catalog may change each year, the most current catalog shall apply with exceptions to be approved by the appropriate academic Dean. For further information, see USF System Policy #10-059.

To the extent the catalog references and incorporates Florida Board of Governor and USF Board of Trustee Regulations, USF Policies, and state or federal statutes, it is important to note that the Regulations, Policies and Statutes require separate promulgation outside of the catalog and that promulgation may not coincide with the publication of the Catalog. Accordingly, the most recent and current adopted Regulation, Policy or statute should be applied when following this Catalog.

The University of South Florida is committed to the principles of equal education, equal access, and equal employment opportunities without regard to race, color, marital status, sex, religion, national origin, disability, age, or Vietnam or disabled veteran status as provided by law and in accordance with the University’s respect for personal dignity. These principles are applied in the conduct of University programs and activities and the provision of facilities and services.

The University of South Florida is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award degrees at the baccalaureate, masters, and doctoral level. Inquiries to the Commission should relate only to the accreditation status of the institution and not to general admission information. The Commission is to be contacted only if there is evidence that appears to support an institution’s significant non-compliance with a requirement or standard. Contact the Commission on Colleges at: 1866 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679-4500 for questions about the accreditation of the University of South Florida.

### DEGREES OFFERED BY THE UNIVERSITY

#### Undergraduate Degrees
- Bachelor of Arts
- Bachelor of Fine Arts
- Bachelor of General Studies
- Bachelor of Music
- Bachelor of Science
- Bachelor of Science in Applied Science
- Bachelor of Science in Biomedical Engineering
- Bachelor of Science in Chemical Engineering
- Bachelor of Science in Civil Engineering
- Bachelor of Science in Computer Engineering
- Bachelor of Science in Computer Science
- Bachelor of Science in Electrical Engineering
- Bachelor of Science in Industrial Engineering
- Bachelor of Science in Information Technology
- Bachelor of Science in Mechanical Engineering
- Bachelor of Social Work

#### Graduate Degrees
- Master of Accountancy
- Master of Architecture
- Master of Arts
- Master of Arts in Teaching
- Master of Business Administration
- Master of Civil Engineering
- Master of Education
- Master of Environmental Engineering
- Master of Fine Arts
- Master of Health Administration
- Master of Mechanical Engineering
- Master of Music
- Master of Physician Assistant Studies
- Master of Public Administration
- Master of Public Health
- Master of Science
- Master of Science in Bioinformatics and Computational Biology
- Master of Science in Biomedical Engineering
- Master of Science in Biotechnology
- Master of Science in Chemical Engineering
- Master of Science in Civil Engineering
- Master of Science in Computer Engineering
- Master of Science in Computer Science
- Master of Science in Electrical Engineering
- Master of Science in Engineering Management
- Master of Science in Environmental Engineering
- Master of Science in Health Informatics
- Master of Science in Industrial Engineering
- Master of Science in Information Technology
- Master of Science in Marketing
- Master of Science in Materials Science and Engineering
- Master of Science in Mechanical Engineering
ACCREDITATION

Master of Science in Medical Sciences
Master of Science in Pharmaceutical Nanotechnology
Master of Science in Public Health
Master of Science in Real Estate
Master of Social Work
Master of Urban and Community Design
Master of Urban and Regional Planning

Advanced Graduate Degrees
Education Specialist
Doctor of Audiology
Doctor of Business Administration
Doctor of Education
Doctor of Nursing Practice
Doctor of Philosophy
Doctor of Public Health

Professional Degrees
Doctor of Medicine
Doctor of Pharmacy
Doctor of Physical Therapy

Additional Accreditation:

Muma College of Business
College of Education
College of Engineering
College of Nursing
College of Public Health
Lynn Pippenger School of Accountancy
School of Art & Art History
School of Music
School of Social Work
School of Theatre & Dance

National Association of Schools of Art and Design (NASAD)
National Association of Schools of Music (NASM)
Council on Social Work Education (CSWE)
National Association of Schools of Theatre (NAST)
National Association of Schools of Dance (NASD)

The University of South Florida and all colleges, departments and programs therein establish certain academic requirements that must be met before a degree is granted. These requirements concern such things as curricula and courses, majors and minors, and academic residence. Advisors, directors, department chairs, and deans are available to help the student understand and arrange to meet these requirements, but the student is responsible for fulfilling them. At the end of a student's course of study, if requirements for graduation have not been satisfied, the degree will not be granted. For this reason, it is important for all students to acquaint themselves with all regulations and to remain currently informed throughout their college careers and to be responsible for completing requirements. Courses, programs, and requirements described in the catalog may be suspended, deleted, restricted, supplemented, or changed in any other manner at any time at the sole discretion of the University and the USF Board of Trustees.
Vision, Mission, Goals, and Values

Vision
The University of South Florida is a global research university dedicated to student success and positioned for membership in the Association of American Universities (AAU).
As Florida's leading metropolitan research university, USF is dedicated to:
- Student access, learning, and success through a vibrant, interdisciplinary, and learner-centered research environment incorporating a global curriculum
- Research and scientific discovery to strengthen the economy, promote civic culture and the arts, and design and build sustainable communities through the generation, dissemination, and translation of new knowledge across all academic and health-related disciplines
- Partnerships to build significant locally- and globally-integrated university-community collaborations through sound scholarly and artistic activities and technological innovation
- A sustainable economic base to support USF’s continued academic advancement

Mission
The University of South Florida’s mission is to deliver competitive undergraduate, graduate, and professional programs, to generate knowledge, foster intellectual development, and ensure student success in a global environment.

Goals
The linked goals of the University of South Florida are to have/create:
- Well-educated and highly skilled global citizens through our continuing commitment to student success.
- High-impact research and innovation to change lives, improve health, and foster sustainable development and positive societal changes.
- A highly effective, major economic engine, creating new partnerships to build a strong and sustainable future for Florida in the global economy.
- Sound financial management to establish a strong and sustainable economic base in support of USF’s continued academic advancement.

Values
The University of South Florida values:
- High-quality education and excellence in teaching and learning
- High-impact scholarship, research, and creative activities
- Diversity of students, faculty, and staff
- Affordable and accessible education
- Global research, community engagement, and public service
- Social, economic, and environmental sustainability
- Focus and discipline in aligning the budget with institutional priorities
- A campus life with broad academic, cultural, and athletic opportunities
- Success and achievement of its students, faculty, staff, and alumni
- Shared governance within all components of the institution
- Collegiality, academic freedom, and professional responsibility
- Entrepreneurial spirit, partnerships, and innovation
- Efficiency and transparent accountability
- First-class physical infrastructure and a safe campus environment

Commitment to Honor & Living the Commitment
As an ethical community, the University of South Florida is dedicated to the ideals of excellence in student development, academic learning, scholarship and research. By joining this community, each member is expected to accept and live these commitments.

I resolve to maintain the honor and integrity of the university community in pursuit of student development, academic learning, scholarship and research.

Living the Commitment: A commitment to this resolution upholds our core values of honesty, diligence and trust within our academic and professional lives. This means that authentic and sincere efforts motivate our work while we strive for genuine, trustworthy interactions.
I resolve to respect the dignity and intrinsic value of all persons.

_Living the Commitment:_ A commitment to this resolution requires appreciation for another’s personal right to explore freely, to express oneself responsibly, and to participate actively in building an environment of mutual respect and inclusion for each individual. This means that we will support equal rights and opportunities for all people, while exhibiting behaviors which are compassionate and considerate to others.

I resolve to contribute to the progress and greater good of the community.

_Living the Commitment:_ A commitment to this resolution motivates us to serve the University with words and actions that generate a positive impact on the future of the whole community. This means that active and creative thought and contributions within a collegial environment will expand both the nature and scope of knowledge and the quality of community life.

I resolve to strive for excellence and discovery for myself, others, and the University.

_Living the Commitment:_ A commitment to this resolution confirms the shared values that make the University a strong community. We hold high expectations for our own academic and professional work. Concurrently, we endeavor to support the success of others as we all seek to contribute to the mission of the University.

About the USF System

The University of South Florida System is a young and emerging system that currently includes three institutions, each separately accredited by the Commission on Colleges of the Southern Association of Colleges and Schools: USF; USF St. Petersburg; and USF Sarasota-Manatee. The main doctoral research campus in Tampa is home to USF Health which includes the Colleges of Medicine, Nursing, Public Health, and Pharmacy; and to the College of Marine Science which is physically located in St. Petersburg. Serving nearly 48,000 students, the USF System has an annual budget of $1.5 billion and an annual economic impact of $4.4 billion and is ranked 43rd in the nation for research expenditures among all universities, public or private.

The USF System was formed to bring its three institutions together, so that collectively and collaboratively they could serve the region and beyond in optimal ways, resulting in a stronger presence and a distinctiveness that provides an unstoppable competitive differentiation. In addition to being a strong and unified voice for higher education, the USF System seeks to find and capitalize on synergies and economies of scale among its institutions that are of benefit to students, faculty, staff, alumni, and communities.

At the heart of the USF System is a vibrant, diverse, and engaged student body. With over 240 degree programs at the undergraduate, graduate, specialty and doctoral levels, including the doctor of medicine, the USF System offers a dynamic learning environment that inspires innovation and creativity and is focused on student success. More than 2,000 distinguished scholars, researchers and expert teachers, nearly all holding PhDs or the highest degrees in their fields, make up the faculty.

About USF

Founded in 1956, the University of South Florida is a high-impact, global research university located in beautiful Tampa Bay on Florida's spectacular west coast. It is one of the largest public universities in the nation, and among the top 50 universities, public or private, for research spending according to the National Science Foundation (NSF). The University is one of only five Florida public universities classified by the Carnegie Foundation for the Advancement of Teaching in the top tier of research universities, a distinction attained by only 2.5 percent of all universities.

USF is a member of the American Athletics Conference, with 17 men's and women's varsity teams competing at the NCAA-level. New facilities for practice and competition, along with a completely renovated USF Sun Dome, put the university's athletic facilities on par with virtually every top program in the country.

Ranked first among the nation's most veteran-friendly schools, USF offers a number of unique programs and resources for student veterans, including a Veterans Achievement Center and on-site Department of Veteran's Services representative.

The current president of the USF System is Judy Genshaft, who has served in the position since July 2000.

USF Facilities

Since its inception, USF has endeavored to provide facilities that assist students and scholars in achieving their educational and professional goals.

USF, which includes USF Health, is situated on more than 1,500 acres in northeast Tampa, one of the fastest growing areas in Tampa Bay. USF features more than 250 buildings valued at over $1.5 billion, including modern science and engineering labs; a communications building with a full range of broadcast facilities; foreign language listening labs; fine art studios and display spaces; education teaching labs; open-use computing labs with free Internet access in addition to being a Wi-Fi campus; a public television station; and a listener-supported radio station.
In addition, projects to enhance the campus pedestrian walkways, bikeways, and lighting have been implemented for use and enjoyment. Future planned projects include continued campus facilities enhancements.

The campus also offers a wide variety of recreational facilities, including a multi-million dollar recreation center featuring a 6,500-square-foot weight room, an indoor pool, racquetball courts and various fitness studios; two outdoor swimming pools; 22 lighted tennis courts; an 18-hole golf course and driving range; a running trail; three softball fields; four outdoor basketball and volleyball courts; 10 lighted multi-purpose fields; a riverfront park/recreation activities area; and a new recreation field facility adjacent to the residence hall, Juniper-Poplar Hall.

**Diversity and Equal Opportunity Policy**

The University is committed to creating and maintaining a system-wide work and study environment for faculty, staff, and students that is free from discrimination and harassment based on race, color, marital status, sex, gender, pregnancy, religion, national or ethnic origin, veteran's status, disability, age, or genetic information, as provided by law as prohibited by law and University policies. The USF system protects its faculty, staff, and students from sexual misconduct, including sexual harassment, discrimination and harassment based on sexual orientation, as well as gender identity and expression.

The USF System is also committed to the employment and advancement of qualified veterans with disabilities and veterans protected under the Vietnam Era Veterans’ Readjustment Assistance Act, as amended (VEVRAA).

Any person who believes they have been subjected to discrimination can file a complaint with the USF System Office of Diversity, Inclusion & Equal Opportunity, John & Grace Allen Building (ALN) 172 on the Tampa Campus. The telephone number is (813) 974-4373. It shall be prohibited for any employee of USF to discriminate or take retaliatory action against any individual who, in good faith, has opposed an alleged unlawful practice or has made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under the provisions of applicable law or the university equal opportunity policies. For more information on the Office of Diversity, Inclusion, and Equal Opportunity, please visit their website at: [http://www.usf.edu/diversity/](http://www.usf.edu/diversity/).

Admission into the State University System ....................................................................................................... 16
The Office of Admissions assists prospective students with learning about the opportunities available to them at the University of South Florida. The Office is responsible for processing applications for admission for undergraduate students--first time in college (FTIC), transfer, and former students returning (FSR). Further, admissions reviews transfer credit completed at other regionally accredited institutions for determination of transferability to the University. Admission to the University of South Florida requires evidence of ability to successfully complete academic work, the capacity to think creatively, and strong motivation. The minimum admission requirements are designed to help identify applicants whose academic background indicates the potential for success at USF; however, achieving minimum admission requirements does not guarantee acceptance. The admission of new students at all levels is on a selective basis within curricular, space, and fiscal limitations. The selection process may include such factors as grades, test scores, date of application completion, the pattern of courses completed, educational objectives, past conduct, school recommendations, personal recommendations, and portfolios. Preference for admission in any term will be given to those applicants whose credentials indicate the greatest promise of academic success. The University encourages applications for admission from all qualified applicants and does not discriminate based on race, color, marital status, sex, religion, national origin, disability, age, sexual orientation, veteran status, genetic information and gender identity and expression, or as otherwise prohibited by state or federal law, in the admission process. Students offered admissions to USF in accordance with the mission and goals of the University and within enrollment limitations established by the Department of Education, State University System of Florida and the Florida Legislature.

APPLYING FOR ADMISSION

Obtaining an Application

The University of South Florida strongly encourages all interested applicants to apply online and submit the $30 (in U.S. Currency), nonrefundable application fee. The online undergraduate admissions application may be found on the Office of Admissions web page at http://www.usf.edu/admissions/.

When to Apply

Applications for admission are accepted as early as nine months before the requested entry term. Applications for admission and the non-refundable application fee should be submitted by the preferred deadline date for the requested entry term or by the application deadline for the requested degree program (see specific programs in this catalog), whichever is earlier.

Who Should Apply

An application for admission must be submitted by all students who have not been admitted to and enrolled in a USF degree program within the last three terms. Former or continuing USF degree-seeking students must file another application for admission when applying for a second-degree program, another level of study or readmission (see Readmission). Any previously enrolled student will be required to pay the $30 application fee. Documents submitted requesting a waiver of the $30 application fee are considered by the Director for Admissions based upon the determination that the payment of this fee creates a documented severe financial hardship and serves as a deterrent submitting the application.

Changing Requested Term of Entry

Applicants may update their application for admission for up to one year from the originally requested term of admission. All requests for changes of entry term must specify any academic work attempted that was not reflected on the original application and must be received by the appropriate published application deadline for the new term of entry or degree program specified whichever is earlier. Additionally, any issues related to criminal or academic misconduct that was not reflected on the initial application must be reported in writing to the Office of Admissions. A new application and fee must be submitted when applicants wish to be considered for admission for a term that begins more than twelve months after the originally requested entry term.

An applicant who requests a new entry term must meet the admissions requirements in effect for the new term requested. Entry for some programs is limited to specified terms.
GENERAL ADMISSION POLICIES

Transcripts and Other Admission Documents
All official transcripts, test scores, and any other required credentials must be received directly from the issuing agencies. It is the applicant’s responsibility to initiate the request for credentials to the issuing agencies and to assure their receipt by the Office of Admissions. (See “Minimum Requirements for Admission” below for information concerning required documentation). Official transcripts from all previous institutions are required.

All credentials and documents submitted become the property of USF. The originals or copies of the originals will not be returned to the applicant or forwarded to another institution, agency, or person.

Provisional Admission
An applicant admitted on a provisional basis must submit the requested missing credentials, such as official final transcripts or test scores, which confirm eligibility for admission before a second registration will be permitted.

USF System Admission Criteria vs. Differential Admission Criteria
Undergraduate students are admitted to USF based on system admission criteria. Differential admission criteria, which are higher than the system admission criteria, are required for admission to USF. Students admitted to USF St. Petersburg or USF Sarasota-Manatee institutions who do not meet the differential criteria are restricted from changing their home institution or registering for courses offered by USF.

Students may apply to have the registration restriction removed, which will allow the students to take courses offered by any USF institution when they have a cumulative postsecondary GPA that meets the current transfer admission criteria for USF’s Tampa campus.

A freshman who does not meet the differential admission criteria must earn at least 30 of which must be earned at USF and not through dual enrollment, AP, AICE or IB exam credit and have a 3.0 cumulative GPA. A transfer student who does not meet the differential admission criteria must have earned at least 60 credit hours with a 2.3 cumulative GPA. Any exceptions must be requested on a course-by-course basis and will be approved only when the course is required for on-time progression toward degree for the student. Requests for exceptions must be initiated through the academic advisor at the home institution and must be approved by the Dean of the appropriate college at USF.

Admission Denials
Receipt of final official credentials that fail to substantiate eligibility will result in rescission of admission and denial of continued enrollment in subsequent terms.

An undergraduate applicant who is denied admission may be eligible to appeal and will be advised of applicable appeal procedures by the Office of Admissions.

An application for admission or a residency declaration submitted by or on behalf of a student that contains false, fraudulent, or incomplete statements may result in denial of admission, further registration and/or degrees awarded.

The University may refuse admission to a student whose record shows previous misconduct not in the best interest of citizens of the University community.

Required Proof of Immunity
See the Immunization Policy located in the Registration section of the catalog.

Required Orientation
Office of Orientation:
Location/Phone: John & Grace Allen Building (ALN) 102, (813) 974-3060;
Web Address: www.usf.edu/orientation

Prior to beginning classes, all new undergraduate students (first year and transfer) are required to participate in Orientation at the USF campus to which they are admitted. Orientation sessions are designed to assist new students with their transition into the University. During the University Orientation students are made aware of the following: college overviews and requirements for their degree program; general University policies and services; and student activities and campus life. In addition, academic advising and registration for classes are all part of the orientation process.

All new students will receive Orientation information after admission. It is in the best interest of the student to schedule their Orientation as early as possible. Also, it is important to remember that a student will not be permitted to attend USF without having attended an Orientation session prior to the first day of classes.

First Year students admitted for the summer or fall terms are required to stay overnight in a campus residence hall. Families and guests of all new undergraduate students (first year and transfer) will experience a separate orientation program, which runs concurrently with the student program. Sessions are scheduled prior to each term in an academic year.
Limited Access Programs

Undergraduates seeking entrance to limited access degree programs must meet special program requirements in addition to requirements for admission to the University. While many limited access programs admit students only at the junior level, some programs admit students for the freshman or sophomore years. The admission criteria and procedures for limited access programs at USF furnish equal access to A.A. degree holders from Florida public colleges, transfers from other SUS institutions and USF students of equivalent status. Transfer applicants with 60 or more transferable semester hours who are seeking admission to limited access programs must meet the grade point average requirement specified by the program to be eligible for admission to USF. Transfer applicants with 30 to 59 transferable semester hours who are seeking admission to certain limited access programs such as Nursing may be required to meet a higher transfer grade point average requirement that would allow eventual admission to those particular degree programs.

USF, with approval of the Board of Governors and the Articulation Coordinating Committee, has established the following undergraduate programs as limited access: Mass Communications in the College of Arts and Sciences; Social Work in the College of Behavioral and Community Sciences; all degree programs in the College of Business; Exercise Science and Physical Education in the College of Education; all degree programs in the College of Nursing; and the B.F.A. and B.A. in Dance in the College of the Arts. The admissions requirements for these degree programs may be found with other program information in appropriate sections of this catalog.

MINIMUM REQUIREMENTS FOR ADMISSION

Freshman Applicants - BOG Regulation 6.002

To be considered for admission, freshman (First Time in College) applicants must submit a USF Application for Admission, a non-refundable $30 application fee, an official high school transcript, official GED scores if applicable, SAT or ACT scores, , and a IELTS or TOEFL scores, if applicable.

Although USF has minimum freshman admission requirements, meeting these minimum standards does not guarantee admission. Applicants selected for admission usually exceed the eligibility requirements; however, USF also considers applicants who do not fully meet minimum requirements but who have important attributes, special talents or unique circumstances that may contribute to a representative and diverse student body. These freshman applicants are considered for admission by a faculty committee on the basis of other appropriate evidence of ability to do successful academic work at USF.

For purposes of admission, USF recalculates a high school grade point average (GPA) based on grades earned in all college preparatory academic courses. In recalculating a GPA, USF assigns additional weights to grades earned in honors, Dual Placement courses, International Baccalaureate courses, and Advanced International Certificate of Education courses (provided the grade earned is C or above).

The University requires a diploma from a Florida public or a regionally accredited high school or the state-approved General Education Development (GED) diploma. Students admitted under the Early Admission Program are exempted from this requirement. Students who are participating in an approved home schooling program are expected to provide acceptable copies of annual evaluations for the equivalent of grades 9 through 12. A portfolio or additional documentation may be requested if deemed necessary to complete an appropriate evaluation for admission, as well as appropriate alternative evidence of academic achievement, ability, motivation, and responsibility (example: dual enrollment, AP credit). Other minimum requirements are outlined below.

1. Freshman applicants must submit an official test score from the SAT or the ACT. Students with test scores from older versions of the admissions test(s) may be required to retest for admission purposes. Effective with Spring 2017 applications, the writing score is no longer required.

2. For freshman applicants earning a high school diploma, the following college preparatory academic units (year-long courses or equivalents) normally offered in grades nine through twelve are required:
   - four units of English (three of the four must incorporate substantial writing requirements);
   - four units of mathematics (Algebra I and above);
   - three units of natural sciences (two of the three must incorporate substantial laboratory requirements);
   - three units of social sciences (history, civics, political science, economics, sociology, psychology, and geography);
   - two units of the same foreign language; and
   - two additional units of academic electives.

3. The University sets admission requirements that may be found on the Undergraduate Admissions web homepage. Please refer to http://www.usf.edu/admissions/freshman/app-requirements for the current admission requirements. Admission to the University is selective; therefore, meeting requirements does not guarantee admission.
4. Applicants submitting a GED diploma must have a minimum of a passing score on each section of the test. Admission to the University is selective; therefore, meeting requirements does not guarantee admission. GED holders must also submit a SAT or ACT.

5. A first-time-in-college applicant whose native language is not English may be required to present a minimum score of 6.5 on the International English Language Testing service exam (IELTS), or a score of 550 (paper-based test) or 79 (Internet-based test) on the Test of English as a Foreign Language (TOEFL), or a score of 53 on the Pearson Test of English Academic. These scores are valid for two years.

6. First-time-in-college applicants seeking admission at the freshman level to a limited access degree program must meet additional requirements specified by the program.

7. If a student has not earned the minimum scores on the SAT or the ACT listed in Florida Board of Governors Regulation 6.008, remedial college preparatory work generally will be required prior to the first term of enrollment at USF. Admission to the University is selective; therefore, meeting these minimum scores does not guarantee admission.

8. Please refer to the International Applicants section for additional requirements for international applicants.

Conditional Offers of Admission

Some applicants may be offered admission to the University of South Florida with the condition that they enroll in an alternate term and/or program that differs from that requested on the application for admission, or that they meet the conditions outlined in the acceptance offer. For example, a freshman applicant may be offered admission to the summer or spring term due to enrollment limits and/or admission criteria. Continued enrollment is contingent on meeting all conditions of admission. Please refer to General Admission Policies section for information on differential admission criteria at the USF System.

USF Admissions Deposit - BOG Regulation 6.004

Freshmen admitted to the University of South Florida are required to submit a $200 non-refundable admission deposit by May 1 for either summer orfall, or by December 1 for spring admission.

The admission deposit will be credited to the student’s account and applied toward the first-semester tuition. The admission deposit will be waived for admitted freshmen who demonstrate significant financial need on a FAFSA (Free Application for Federal Student Aid) submitted by USF’s priority deadline.

Admitted freshmen are encouraged to pay the deposit online via OASIS (USF’s Online Access Student Information System). Online payment is the University’s preferred payment method. Checks and money orders submitted to the Cashier’s Office (SVC 1039) are also acceptable forms of payment.

Undergraduate Transfer Applicants - BOG Regulation 6.004

Applicants with fewer than 60 transferrable semester credits are considered lower-level transfers; upper-level transfers are those with 60 or more transferrable semester credits (see below). Regardless of category, grade point averages (GPA) for purpose of admission will be computed based only on grades earned in courses that are acceptable for transfer credit and as calculated by USF.

Beginning with the Fall term, 2010, transfer applicants may be required to meet a minimum successful course completion ratio as well as any additional requirements. The completion ratio is determined by the number of credit hours passed compared to the number of credit hours attempted. For the current percentage required for admission, please consult the transfer admissions web page at http://usfweb2.usf.edu/Admissions/

USF requires all transfers with 60+ transferable hours—including A.A. transfers from Florida colleges—to meet the GPA requirement for their intended major. Applicants for Business and Education must have a 2.50 transfer GPA; applicants for Mass Communications and Social Work must have a 2.75; applicants for Architecture must have a 3.00; and, applicants for Nursing must have a 2.5 with an A.S. in Nursing or a 3.2 with 60+ hours, including an AA degree. Beginning Fall 2013 the Muma College of Business and the Department of Computer Science and Engineering have established a new minimum overall GPA required to satisfy the admission requirement. The minimum overall GPA will range between a 2.5 with a maximum required GPA of a 2.75. Students will be notified through USF’s course management system each fall as to the minimum entrance GPA required for the following fall semester.

Meeting minimum requirements does not guarantee admission to USF. In addition, limited access programs may require a higher GPA or completion of specific prerequisites. Transfer admission criteria are subject to change without notice based on space availability. Please refer to General Admission Policies section for information on differential admission criteria at the USF System.

USF accepts transfer credit from institutions that are regionally accredited at the time the credits are earned. Students who transfer from one public institution to another in the State University and Florida College Systems within two (2) years of their matriculation and seek admittance to the upper division come under the common prerequisite requirements of their entering catalog. For example, a student who enters a Florida College System college in Fall 2014 and seeks admittance to an upper division major for Fall 2016 must meet the major common prerequisites listed in the 2014-2015 Common Prerequisite Manual. However, if the student does not seek admittance within two years of
his or her matriculation, he or she will come under the manual dated two years prior to transfer. For example, if the student enters in Fall 201, but does not transfer until Fall 2015, he or she must meet the requirements of the 2013-2014 Manual.

USF accepts transfer credits, without a course by course evaluation of the prior coursework, only from institutions that are accredited by one of the regional accrediting agencies/commissions recognized by USF at the time the credits are earned (See Evaluation of Transfer Credit). Courses approved for academic transfer by the Statewide Course Numbering System (SCNS) from non-regionally accredited institutions will be considered for transfer credit the same as credits from regionally accredited institutions if the course is offered by USF. All credits earned during the period of time a regionally accredited institution was in a “candidacy” status for accreditation are considered for transfer credit. Credits earned at an institution that is currently in “candidacy” status will not be considered for transfer credit until such time as the awarding institution receives full regional accreditation. For an applicant applying from a non-regionally accredited school, the admissions decision will be based on prior work at a regionally accredited institution or on the transferrable work completed at a non-regionally accredited institution as approved by SCNS. If all post-secondary work is from a non-regionally accredited school, not including SCNS approved coursework, the evaluation will be based on the high school record and test scores and the applicant will be regarded as a freshman for purposes of admission.

USF reserves the right to evaluate specific courses and deny transfer credit. USF does not award transfer credit that is determined to be occupational or vocational in nature except that transfer credit specifically approved as part of the Bachelor of Science in Applied Science program or approved by the academic department of the student’s major.

Lower-Level Transfer Applicants (12 to 59 transferable semester credits)
To be considered for admission, transfer applicants with fewer than 60 transferable semester credits must submit a USF Admissions Application. Also, the applicant must submit a $30 non-refundable application fee, an official transcript from each previous college attended, an official high school transcript, official GED scores if applicable, official SAT or ACT scores, and a IELTS or TOEFL score if applicable.

Lower-level transfer applicants who will enter USF with 12-59 transferable semester credits must minimally meet the following requirements to be considered for admission in good standing; however, satisfying these minimum requirements does not guarantee admission.

1. Have an overall 2.5 average GPA, as calculated by USF;
2. Be in good standing and eligible to return to the last regionally accredited institution attended;
3. Applicants with less than 30 transferable semester hours must satisfy fully all freshman admissions standards as described in the previous section entitled “Freshman Applicants.”
4. Applicants with 30 or more transferable semester hours must have successfully completed (C or higher) at least one English Composition course and one college level mathematics course that consists of three (3) semester credit hours. High school transcripts are required to demonstrate completion of the foreign language admission requirement. Students not meeting these requirements must meet the requirements for transfer students with less than 30 transferable semester hours and satisfy fully all freshman admissions standards.
5. Complete (with passing grades) a foreign language in high school at the second level or higher or a post-secondary foreign language course at the second level or higher.
6. If applicable, present a minimum score of 550 (paper-based test), or 79 (Internet-based test) on the Test of English as a Foreign Language (TOEFL) or 5 on the IELTS, or a score of 53 on the Pearson Test of English Academic. These scores are valid for two years if the applicant’s native language is not English.
7. Transfer applicants whose transcripts demonstrate an unsatisfactory course completion ratio will be denied admission to USF Tampa. For the current percentage required for admission, please consult the transfer admissions web page at http://www.usf.edu/admissions/transfer/index.aspx.
8. Please refer to the International Applicants section for additional requirements for international applicants.

USF also considers applicants who do not fully meet the minimum requirements as stated in #1 and #2 above but who have important attributes, special talents, or unique circumstances that may contribute to a representative and diverse student body. These undergraduate transfer applicants are considered for admission by a faculty committee on the basis of other appropriate evidence of promise for academic success. These applicants should also submit appropriate alternative evidence of academic achievement, ability, motivation, and responsibility that supports the potential for academic success at USF.

Upper-Level Transfer Applicants (60 or more transferable semester credits)
To be considered for admission, transfer applicants with 60 or more transferable semester credits must submit a USF application for admission, a non-refundable application fee, an official transcript from each previous college attended, and a TOEFL or IELTS score if applicable. Final transcripts with any degree awarded, or a minimum of 60 semester hours of transferable credit earned prior to initial enrollment at USF, must be submitted to determine final admissions eligibility.
ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Any transfer student with 60 or more semester hours who designates a desire for admission to a limited access undergraduate program must meet the overall admission GPA criteria of that program in order to be admitted to the University.

For further information regarding Upper-Level Transfer admissions requirements, visit http://usfweb2.usf.edu/Admissions/upper-level-transfer-requirements.html.

Undergraduate transfer applicants who have earned the A.A. degree from a Florida College System institution and SUS Universities will be considered for admission according to Florida Board of Governors regulation 6.004.

Undergraduate transfer students who have not earned the A.A. degree from a Florida public institution (State University System or Florida College System) or who have attended another college after receipt of the A.A. must minimally meet the following requirements to be considered for admission; however, satisfying these minimum requirements does not guarantee admission:

1. Be in good standing and eligible to return to the last regionally accredited institution attended as a degree-seeking student or a non-regionally accredited institution participating in the SCNS with SCNS approved transferable credits.

2. Have an overall “B-” average as calculated by USF (transfer GPA of 5 on a 4.0 scale) in all college-level courses acceptable for transfer credit to USF Tampa (in calculation of the GPA, incomplete grades are computed as failures and course “repeats” are not forgiven when the courses are repeated at different institutions.)

3. Complete (with passing grades) a foreign language in high school at the second level or higher or a post-secondary foreign language course at the second level or higher.

4. Meet the minimum grade point average required by the program if entering a limited access program and transferring 60 or more semester hours.

5. If applicable, present a minimum score of 550 (paper based) or 79 (Internet-based test) on the Test of English as a Foreign Language (TOEFL), or 6.5 on the IELTS, or a score of 53 on the Pearson Test of English Academic. These scores are valid for two years.

6. Transfer applicants whose transcripts demonstrate an unsatisfactory course completion ratio (including applicants with an Associate in Arts degree) will be denied admission to USF Tampa. For the current percentage required for admission, please consult the transfer admissions web page at http://www.usf.edu/admissions/transfer/index.aspx.

7. Please refer to the International Applicants section for additional requirements for international applicants.

USF also considers applicants who do not fully meet the minimum requirements as stated in #1 and #2 above but who have important attributes, special talents or unique circumstances that may contribute to a representative and diverse student body. These undergraduate transfer applicants are considered for admission by a faculty committee on the basis of other appropriate evidence of promise for academic success. These applicants should also submit appropriate alternative evidence of academic achievement, ability, motivation and responsibility that indicates a potential for academic success at USF.

Evaluation of Transfer Credit

1. The receipt and evaluation of transfer credit is the responsibility of the Office of Admissions. The Office of Admissions will evaluate the acceptability of total credits transferable to the University. The college of the student’s major will assign equivalent courses in determining which courses are applicable toward a specific degree at the University. In some instances, exact course equivalents will also be determined by other colleges that offer the same or similar courses as part of their programs of study. Transfer students should be prepared with personal copies of their transcripts of all past course work to discuss advisement and placement with the appropriate academic advisor and should contact the college of their major soon after registration so that an official evaluation may be completed. Transfer students from non-Florida institutions should also be prepared to submit course syllabi to assist USF faculty in the official evaluation.

2. USF will consider credits only from those institutions accredited by one of the regional accrediting agencies/commissions* at the time the credits are earned. (See * below for agencies recognized by USF.) Credits earned at an institution that is currently in “candidacy” status will not be considered for transfer credit until such time as the awarding institution receives full accreditation. Courses approved for transfer by the Statewide Course Numbering System (SCNS) from non-regionally accredited institutions will be considered for transfer credit the same as credits from regionally accredited institutions if the course is offered at USF.

3. Admitted students who wish to transfer courses from colleges or universities that are accredited by organizations and associations other than regional accrediting associations may request a review of those courses by contacting their academic advisors to initiate the process. Students will be asked to submit detailed information about the content and standards for each course to be reviewed, including, but not limited to a detailed syllabus that contains the course description, prerequisites and co-requisites, major learning outcomes, textbooks, and the academic qualifications of the instructor. These materials will be submitted to the appropriate department and the office of Undergraduate Studies for review by the faculty and the process.
ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

make take some time, during which no credit will be awarded until the department review is completed. Only those courses that appear to match courses currently offered by the university will be reviewed for transfer.

4. USF reserves the right to deny credit for specific courses. USF does not award transfer credit from institutions that it determines to be occupational, college preparatory/remedial, or vocational in nature, or for other reasons as determined by the Office of Articulation, except for work that is specifically approved as part of the Bachelor of Science in Applied Science program or approved by the academic department of the student's major.

5. Associate of Arts (A.A.) degree holders from Florida public accredited institutions will be considered as having met USF general distribution requirements and are automatically awarded 60 semester hours of credit. A course-by-course transfer credit evaluation will be done for all out-of-state and private in-state A.A. degree holders.

6. All courses from a Florida College System Institution/University bearing the same State Common Course prefix and last three numbers as a USF course are automatically transferred and transfer students may not be required to repeat these courses, unless a college age-of-record policy is involved. That same automatic transferability of credits applies to courses completed at non-regionally accredited institutions that have been specifically approved by the SCNS. Excluded are graduate courses, studio courses in art, internships, practicums, and performing arts courses such as dance, theater performance, voice, and instrumental music.

7. All undergraduate degree programs at USF require a minimum of 42 hours of upper-level work that would have been completed at a four-year college or university. This policy does not affect approved articulated programs based on the A.S. degree. For information regarding specific articulated A.S. degree programs, consult the Office of Undergraduate Studies, B.S.A.S. Program.

8. Credit will not be awarded for GED tests.

9. Military service-school courses will be evaluated with reference to the recommendation of the American Council of Education when official credentials have been presented. Such recommendation, however, is not binding upon the University.

10. For ROTC and military science courses taken after Fall Quarter 1975, the maximum credit will vary with each college. A student must confer with his/her college advisor to determine the acceptability for his/her major.

11. A maximum of 45 semester hours of College Level Examination Program (subject and general examinations) credits can be accepted for transfer credit.

12. A maximum of 30 semester hours of extension, correspondence, and military service education credits can be applied toward a degree.

13. Grades earned in transferred courses are not computed in the student's USF GPA except for the purposes of admission to limited access programs, the awarding of honors at graduation, and class ranking of baccalaureate students.

14. International postsecondary credentials must be evaluated by an independent evaluation service, with associated costs to be paid by the student. Certain foreign credentials can be evaluated internally and do not require an independent evaluation.

15. A continuously-enrolled USF degree-seeking student must obtain prior written approval from the college of the student’s major in order for courses taken at other regionally-accredited institutions to be applied to the USF degree program.

*Accrediting Agencies/Commissions: New England Association of Schools and Colleges, Commission on Institutions of Higher Learning; Middle States Association of Colleges and Secondary Schools, Commission on Higher Education; North Central Association of Colleges and Schools; Northwest Association of Schools and Colleges; Southern Association of Colleges and Schools, Commission on Colleges; Western Association of Schools and Colleges, Accrediting Commission for Senior Colleges and Accrediting Commission for Junior Colleges.

International Applicants (non-resident aliens)

An international applicant (non-resident alien) must meet all admission requirements for the appropriate applicant category (freshman, undergraduate transfer, graduate).

An applicant whose native language is not English may be required to document English proficiency. This requirement can be met via:

- Minimum score of 6.5 on the International English Language Testing service exam (IELTS)
- Minimum score of 550 (paper-based test) or 79 (Internet-based test) on the Test of English as a Foreign Language (TOEFL)
- Minimum score of 53 on the Pearson Test of English Academic (PTE-A)
- Completion of the articulated equivalent of ENC 1101 - English Composition I with a grade of C or better

Some post-secondary international credentials may be evaluated by the Office for International Admissions, while others may require an official course-by-course evaluation completed by an independent credential evaluation service, with associated costs to be paid by the student.
Transient Applicants

An undergraduate transient student is one who comes to the University from another regionally accredited institution and wishes to take courses at USF for one term only before returning to the parent institution. Transient students may enroll at USF as non-degree-seeking students. (See Non-Degree-Seeking Students.)

UNIVERSITY SCHOLARSHIPS & FINANCIAL AID SERVICES

Location/Phone: Student Services Building (SVC) 1102, (813) 974-4700
USF makes every effort to ensure that all qualified students have access to an education. All student financial aid programs are administered or coordinated through University Scholarships & Financial Aid Services (USFAS).
USFAS’s web site provides step-by-step guidance through the financial aid application process. USF’s Online Access Student Information System (OASIS Web) allows students to monitor the status of their financial aid from application to disbursement of funds.

All students wishing to receive financial aid are encouraged to start the financial aid process as early as possible. The first step is to complete and submit the Free Application for Federal Student Aid (FAFSA). For more detailed guidance and information, log onto the USFAS website http://www.usf.edu/financial-aid/ or stop by University Scholarships & Financial Aid Services.

HONORS COLLEGE

The USF Honors College on the Tampa campus is primarily designed for high achieving first-time-in-college students (FTICs); however, Honors also accepts continuing USF and transfer students. Honors College experiences are grounded in the liberal arts tradition and are intended for students regardless of major. The primary goals of the Honors College are to develop superior critical thinking skills through intensive research and interdisciplinary learning, foster a nuanced global perspective on contemporary issues through an internationalized curriculum and meaningful study abroad experiences, and encourage a rich understanding of social concerns through structured community engagement projects. (See complete description under “Honors College.”) Many scholarships are available exclusively to Honors College students.

Admission to the Honors College is determined by the Dean of the College.

- FTIC students are invited to join the College if they present at least a 4.0 USF recalculated weighted academic high school GPA, and a 1400 two-part SAT or a 30 composite ACT score.
- FTIC students presenting a 3.8 and either a 29 ACT or 1360 two-part SAT will be invited to apply for admission to the College.
- Students not admitted as FTIC, as well as transfer students, may apply for admission after completing 30 college credits with a 3.5 GPA.
- Students may also be admitted by petition to the Dean. Departmental Honors opportunities are available in select departments; requirements vary according to department. Students may enroll in both the Honors College and Departmental Honors programs.
- Students who satisfactorily complete the Honors College requirements and graduate with an overall GPA of 3.25 or above and a USF GPA of 3.25 or above (all course attempts are included in the Honors GPA) shall be identified as Honors College graduates on their diplomas and transcripts, and at the Honors College Graduation Ceremony.

OPPORTUNITIES FOR ACCELERATED PROGRESS TOWARD UNDERGRADUATE DEGREES

USF provides several options by which students may accelerate their progress toward completing the baccalaureate degree. These options recognize knowledge which has been acquired prior to or during attendance at USF and provide the opportunity to earn University credit. Options which may be utilized to accelerate progress include the following:

1. Recognition of satisfactory performance on standardized tests offered through recognized examination programs. See http://ugs.usf.edu/credit-by-exam/ for a complete listing of exams and course equivalencies.
2. Recognition of satisfactory performance on tests offered through Advanced Placement Programs of the College Entrance Examination Board (see Advanced Placement Credit Programs).
3. Recognition of the International Baccalaureate Diploma Program. Students who earn the IB Diploma will be awarded 30 semester hours of college credit and sophomore standing. Credit for standard level exams with a score of 4 or higher may be awarded to those students who do not earn the IB diploma.
4. Dual enrollment as a non-degree-seeking student at USF or a community college prior to graduation from high school (see Dual Enrollment [Public/Private High/Home School]). Florida College System students should follow eligibility criteria for non-degree seeking students (below).
5. Early admission for high school students (see Early Admission Freshmen).
ADMISSIONS AND RELATED MATTERS

7. Courses completed through the Florida Distance Learning Consortium. See https://www.floridashines.org/.

8. Courses completed through the State University System Correspondence Study program.

Credits may be earned through a combination of the above options. Students should contact their college advisors for further information concerning the application of this credit toward their degree requirements.

Internal processes (such as auditions, portfolio reviews, and placement tests) utilized in the various departments for the sole purpose of determining a student’s most appropriate area, level, or section placement in a program of study are not to be construed as examining mechanisms for the granting of credit.

NON-DEGREE SEEKING STUDENT

Non-degree seeking student enrollment is on a space-available basis and has been established for those individuals who, while not desirous of earning a degree, would like to enroll in all levels of university courses. Teachers needing to take courses for certification purposes, high school students (with the permission of their respective guidance counselor), individuals desirous of taking courses for self-enrichment, and senior citizens are examples of those eligible to utilize this enrollment method. Senior citizens only are absolved from paying the $30 non-refundable application processing fee.

Former USF undergraduate degree-seeking students may only enroll as non-degree seeking students if they have completed their previous degree program or earned an equivalent degree at another institution. Should the latter be the case, an official transcript (reflecting the degree) from that institution must be sent to the USF Office of the Registrar (Attention: Registration and Records Area) prior to registration.

Applicants denied undergraduate admission to USF as degree-seeking students will not be permitted to enroll as non-degree-seeking students, unless the degree-seeking admission denial was more than five years prior to the application to be a non-degree seeking student. In this case, the hold will be overridden to allow a potential non-degree seeking student. Any applicant denied undergraduate, degree-seeking admission who currently attends a Florida State University System institution, will have the hold overridden, providing an approved transient application from the current Florida State University System institution is received by USF.

Performance in courses taken in this category will not qualify an applicant for admission as a degree-seeking student. Similarly, courses taken as a non-degree-seeking student will not be utilized in determining an applicant’s grade point average for purposes of admission.

A non-degree-seeking student who has been dismissed from USF is not eligible for admission to USF as a degree-seeking student at the undergraduate level and may not petition using the ARC Reinstatement process. If extenuating circumstances contributed to the academic dismissal and the student meets other admissions requirements, a request for waiver of this rule may be submitted to the Faculty Committee on Student Admissions. This rule does not apply to a student who has earned a degree from a regionally accredited institution subsequent to academic dismissal.

Individuals enrolling as non-degree seeking students who plan to make formal degree-seeking application to the University may not apply more than 14 semester hours toward an undergraduate degree unless enrolled in a Pathways program offered through INTO USF or other approved program. Students earning a second baccalaureate degree or enrolling in an approved program may request an exception for transfer of additional USF non-degree credit hours through the Dean’s Office in the Office of Undergraduate Studies.

Non-degree seeking students who have not enrolled in USF within three terms of admission must file another non-degree application and pay another non-refundable application fee when applying for readmission.

Non-degree-seeking students are subject to the same academic policies as undergraduate degree-seeking students and must adhere to deadline dates published in the University Catalog. Non-degree seeking students are not eligible to receive University honors or participate in the USF/Florida College System cross-registration program. Non-degree-seeking students also are not eligible to live in University housing or receive financial aid. Non-degree seeking students are subject to the academic probation and dismissal policy listed in this catalog. Non-degree seeking students who are academically dismissed from the University may appeal to the Academic Regulations Committee (ARC) through the ARC representative in the Office of Academic Advocacy. Potential non-degree seeking students should also refer to the section of the catalog of the college(s) offering the course(s) of interest to them to determine whether any special college requirements exist which must be met prior to enrolling.

EARLY ADMISSION (PUBLIC/PRIVATE HIGH/HOME SCHOOL)

Through early admission, highly capable, mature high school students enrolled in a strong college-preparatory curriculum may enter the University as regularly enrolled, degree-seeking students prior to graduation from high school.

Students in the Early Admission program must take courses that are creditable toward the high school diploma and the associate or baccalaureate degree. Since Early Admission is a dual enrollment program, an agreement between USF and the student’s school or district must be in place prior to participation. More information may be found at http://www.usf.edu/honors/prospective-students/index.aspx.

Prospective applicants must:

a. have completed the equivalent of the junior year of high school, requiring one more year to complete requirements for the high school diploma;
ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

b. typically have a 1300 on the Mathematics and Critical Reading sections of the SAT, with no less than 580 on either section; or a 29 on the ACT with no less than a score of 29 on English, 21 on the Reading, and 21 on Mathematics; and a 3.8 weighted high school grade point average (computed by USF); and a TOEFL score, if applicable;

c. meet regular USF admission criteria for degree-seeking undergraduate students;

d. an interview may be requested by the Early Admissions Coordinator.

DUAL ENROLLMENT (PUBLIC/PRIVATE HIGH/HOME SCHOOL)

Dual enrollment in USF classes is open to academically qualified students currently enrolled in public/private high schools and home schools who are recommended by their guidance counselor or principal. Dual enrollment students are non-degree-seeking students at USF and may only take courses which are creditable toward their high school diploma.

Students wishing to be accepted as Dual Enrollment students at the University of South Florida must:

1. Be at least 16 years old at the start of term, unless enrolled in a special summer program initiated by USF or a special course section involving only dual enrollment students;

2. Have proof of a minimum of 500 on SAT V (Critical Reading) and 500 on SAT Q (Mathematics); or a score of 21 on EACT English, 18 on EACT Reading and a score of 21 on EACT Mathematics; or appropriate placement test scores; and a TOEFL score, if applicable;

3. Have (a) completed the equivalent of the sophomore year, (b) students typically present a 3.5 grade point average or higher on a 4.0 scale (as calculated by USF), and (c) satisfied any course prerequisites; and

4. Provide courses and the number of credits necessary to complete a high school diploma/program from the school counselor or principal on school stationery or district form;

5. Need college-level courses that are not offered at the local community or state college.

Early Admission (for High School Seniors who wish to have degree-seeking status at USF) applicants must meet Honors College eligibility criteria. We limit participation in the Early Admission program to students who have completed a minimum of six semesters of full-time secondary enrollment, including studies undertaken in the ninth grade. In addition, Early Admission applicants should be enrolled in a strong college preparatory curriculum. Students interested in these opportunities should contact the Honors College (813-974-3087) or visit the Early Admission or Dual Enrollment websites.

READMISSION (FORMER STUDENT RETURNING)

A former student returning (FSR) is any degree-seeking undergraduate student who has not earned his/her degree, who has not been enrolled at USF in any of the last three terms, and who wishes to re-enroll in the University. In order to be considered for readmission, a former student should file a new application for admission with the Office of Undergraduate Admissions at least 20 business days prior to the start of classes for the term of requested re-entry. A new $30 application fee is required. (Former College of Education majors must contact the College of Education Advising Office for additional readmission requirements.)

The residency declaration must be completed and residency status will be reassessed.

To be readmitted, a student must meet the following requirements:

1. Have a USF GPA of at least 2.00. Former students returning with a USF GPA below 2.00 may only return to USF under Academic Renewal I or II.

2. Be in good standing and eligible to return to the last institution attended as a degree-seeking student; and

3. Have achieved a GPA of at least 2.0 as calculated by USF on a 4.0 scale on all college-level academic courses attempted at institution(s) attended since last enrolled at USF, and meet the minimum GPA for the declared major.

4. If previously enrolled at USF and academically dismissed at the end of the last term of enrollment, a student must file an ARC (Academic Regulations Committee) petition for Academic Renewal I or II in conjunction with the application for readmission.

Students who have attended one or more institutions since their last enrollment must request that official transcripts of all work attempted at the other institution(s) be sent to the USF Office of Admissions. Acceptability of transfer credits toward completion of USF degree programs will be determined by the college of the student’s major.

Former students returning who have been readmitted are not required to participate in an orientation program. Students must meet with their academic advisor for course selection.

Transient students and non-degree-seeking students are not considered former students returning. Former or continuing USF degree-seeking students must file another application for admission and pay the non-refundable $30 application fee when applying for a second degree program, another level of study or readmission (see Readmission).

A student may not work on a second undergraduate degree if he/she has been accepted into a graduate program.
SENIOR CITIZEN TUITION FEE WAIVER

Florida residents who are 60 years of age or older as of registration day, and have lived in Florida for the last 12 consecutive months, may enroll on a space available basis in certain undergraduate and graduate courses without paying fees. A parking permit, purchased from Parking Services, is required. The Senior Citizen Tuition Waiver covers a maximum of twelve credit hours per term and is applicable only if the student registers for these courses on the designated registration day. Due to the non-degree seeking status, academic credit is not awarded, examinations are not required, and grades are not assigned.

Senior Citizen Registration requests are processed on the first day of the second week of the semester. Students need not be present in order to register; the application and registration worksheet may be submitted by mail or fax, as noted on the forms. Forms submitted after the registration deadline will not be processed.

Many courses require departmental approval, prerequisites, or have other restrictions which may limit registration. You must acquire the necessary permits in advance of registration; a Senior Citizen Audit Registration Worksheet is available to accomplish this. Additionally, the permits must be submitted electronically in OASIS by the issuing department.

Students may not pre-register for courses in which they plan to use the Senior Citizen Tuition Fee Waiver. The waiver will not be processed if a senior citizen pre-registers and then submits a Senior Citizen Tuition Waiver application for those courses.

It is the student’s responsibility to complete and submit the waiver application, allowing sufficient time for the application to reach the Office of the Registrar by the registration deadline.

More information about the program can be found at the Office of the Registrar’s website, http://www.usf.edu/registrar/resources/index.aspx.

FLORIDA COLLEGE SYSTEM

High school graduates planning to start their college education at a Florida College System institution should confer with the guidance counselor and ask that their academic program be planned with the assistance of the USF Undergraduate Catalog that is available at http://www.ugs.usf.edu/catalogs.php. This catalog, prepared by the USF Office of Undergraduate Studies, explicitly describes the undergraduate program requirements and Florida’s common prerequisites that should be followed to ensure maximum ease of transfer into the students’ upper-level programs on a par with their native USF counterparts.

AWARD OF CREDIT FOR MILITARY TRAINING

BOG Regulation 6.013 / USF Regulation 6.0025

Students who are or were eligible members of the United States Armed Forces may earn appropriate college credit for college-level training and education acquired in the military. College credit will be granted to students with military training or coursework that is recognized by the American Council on Education (ACE), subject to institution transfer practices and limitations on amount, level, etc. of transfer credit. Military training or coursework will be subject to the same treatment as any other transfer credit evaluated, with utilization of the ACE Guide to the Evaluation of Education Experiences in the Armed Services for determining equivalency and alignment of military coursework with appropriate university courses. If the coursework fulfills a general education or major course or degree requirement, the credit will be granted for meeting that requirement towards graduation. Appropriate course credit may include free elective course credit toward the degree.

Credit that was previously evaluated and awarded by another college-degree granting institution and that is appropriate to the transfer student’s major will be accepted, subject to institution transfer limitations. Credit awarded for military education and training will be noted on the transcript and documentation of the credit equivalency evaluation will be maintained. Credit awarded for military education and training will not count in the excess hours fee per BOG Regulation 7.003. Priority course registration will be provided for each veteran of the United States Armed Forces who is receiving (from the) GI Bill.

ARTICULATION AGREEMENT

6A-10.024 Articulation Between and Among Universities, Community Colleges, and School Districts

It is the intent of the Board of Governors and the State Board of Education to facilitate articulation and seamless integration of the education system by agreeing to the provisions of this rule. The authority to adopt and amend this rule aligns with the Constitutional power given the Board of Governors for the state university system and the statutory authority given the State Board of Education for the district school boards, the community college system, and the Department of Education.

State universities and community colleges shall publish with precision and clarity in their official catalogs the admission, course, and prerequisite requirements of the institution, each unit of the institution, each program, and each specialization.
ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

The agreement defines and establishes the Associate of Arts degree from a Florida public state or community college as the basis for all articulation rights. Among these guarantees, the following are central to the transfer process:

ADMISSION INTO THE STATE UNIVERSITY SYSTEM

- A.A. graduates will be granted admission to a university within the SUS, but not necessarily to the university or program of choice.
- A.A. graduates will have the same opportunity to enroll in a university limited access program as the native university student.
- Upon transferring to a state university, A.A. graduates will be awarded at least 60 credit hours towards the baccalaureate degree, exclusive of occupational courses and basic required physical education courses.
- Credits that are part of the A.A. degree earned through articulated acceleration mechanisms, such as dual enrollment, International Baccalaureate, early admission, Advanced Placement and credit by exam, will be transferable to the state university.
- As participants in the Statewide Course Numbering System, receiving institutions must accept all courses taken at the transfer institution if the courses at each institution have the same prefix and the same last three digits of the course number.
- The university catalog in effect the year the A.A. degree student first enrolled at a Florida College System institution will remain in effect for the student’s entire program, provided the student maintains continuous enrollment as defined in that catalog.
- Once a student has completed the general education core and this fact is noted on the transcript, regardless of whether or not an A.A. degree is awarded, no other state university or community college to which the student may transfer can require additional courses to the general education core.
- A separate agreement establishes the Associate of Science (A.S.) degree for articulation into specialized programs.
- Included in these transfer guarantees is the right of appeal. Students may appeal to the university and to the Statewide Articulation Coordinating Committee. Students who have questions or want more information about the articulation agreement should contact the Office of Undergraduate Studies.

*Fee Adjustment Request After Fifth Day of the Term* 21
INITIAL FLORIDA RESIDENCY CLASSIFICATION FOR TUITION PURPOSES

This notice summarizes the provisions of Florida K-20 Education Code, Florida Statutes, section 1009.21, and University Policy/Procedure concerning Florida Residency for tuition purposes. In determining residency classification, students fall into one of two categories. They are either independent students (students not claimed on parent’s or legal guardian’s federal income tax statement or whose parents do not provide 50 percent or more of their support) or dependent students (students, regardless of age, who are eligible to be claimed as dependents by parent or legal guardian on federal income tax statement or whose parents provide 50% or more of their support). The law basically requires that a U.S. citizen/permanent resident alien/independent student or a dependent student’s parent/legal guardian has established and maintained a LEGAL Florida residence for at least twelve (12) months before the first day of classes of the term for which Florida residency status is sought.

USF is required to obtain documentation of 12 months’ legal residence before a student is classified as a Florida resident for tuition purposes. A student is required to submit a Florida Residency Declaration, electronically or in other form, and the documentation required by USF to establish Florida residency for tuition purposes no later than the fifth day of classes in the term for which classification is sought.

The following is acceptable, non-conclusive evidence of the establishment of a legal residence in Florida. Two documents must be dated that they were issued at least 12 months before the first day of classes of the term for which Florida residency is sought.

Required Documentation

At least one of the two necessary documents must be from this list:

- Florida Driver’s License
- Florida Voter Registration card
- Florida Vehicle Registration
- State of Florida identification card
- Proof of a permanent Florida home which is occupied as your primary residence
- Proof of a Florida homestead exemption
- Proof of permanent full-time employment in Florida (one or more jobs for at least 30 hours per week for a 12-month period; i.e. official employer letterhead) is required

Additional Documentation may include:

- A declaration of domicile in Florida (the date that the Clerk of Circuit Court notes the declaration was established shall be 12 months prior to the start date for the term in which you are applying for consideration)
- A Florida professional occupational license
- Proof of Florida-based charitable or professional organization membership
- Documents of evidence of Florida incorporation
- Documents supporting the applicant’s claim of Florida residence status including, but not limited to, proof of 12 consecutive months of payment of utility bills, a lease agreement or official state, Federal or court documents depicting Florida legal ties.

Out-of-State Veterans Tuition Exemption: HB 7015-Florida GI Bill, created the “Congressman C.W. Bill Young Tuition Waiver Program.” This will waive out-of-state tuition fees for honorably discharged veterans of the U.S. Armed Forces, Reserves, or National Guard who physically reside in Florida while enrolled at a Florida state university. Persons who are entitled to and use educational assistance provided by the United States Department of Veterans Affairs also qualify for this waiver if they physically reside in Florida while enrolled at the university in any term beginning after July 1, 2015. Tuition and fees charged to a veteran or person who qualifies for the out-of-state fee waiver under this section may not exceed the tuition and fees charged to a resident student enrolled in the same program.

Out of State Waiver Eligibility Process: Bill HB 851-Postsecondary Education Tuition and Fees is a new law that allows students, including but not limited undocumented students who meet certain guidelines, to receive waivers to attend college at Florida resident (in-state) tuition rates. These non-resident students, who do not have sufficient ties to Florida as set forth under Florida School Code (SB-20E) section 1009.21, Florida Statutes, may qualify for an out-of-state tuition waiver.

Child Protection & Welfare Tuition Exemption: Section 402.403, Florida Statutes, established the Child Protection and Child Welfare Personnel Tuition Exemption Program for the purpose of recruiting and retaining high-performing individuals who are employed as child protection and child welfare personnel. For those personnel who meet the requirements of the program up to 6 credit hours of courses per term are exempt from the payment of tuition and fees at a Florida state university.
FINANCIAL INFORMATION

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

For more information regarding residency for tuition purposes please visit: http://www.usf.edu/registrar/resources/residency.aspx and for more information regarding the residency tuition waiver exemptions, please visit http://www.usf.edu/registrar/resources/forms.aspx.

PLEASE NOTE: Rental receipts, leases, employment records, tax returns, school/college records are NOT evidence of establishing a legal Florida residence. Students who are dependent on out-of-state parents or who come to Florida for educational purposes are generally ineligible for reclassification to Florida status. In rare cases, the law allows some students (e.g., military, public school teachers, etc.) who do not meet the basic requirements to be classified as Florida residents for tuition purposes. For more information about exceptional categories, contact the Admissions Office, the Office of the Registrar, or the Office of the General Counsel.

FEES

The levels of the Activity and Service Fee, the Health Fee, and the Athletic fee are determined on each campus by a student fee committee appointed by the President of the University and the Student Government President. The committee includes USF faculty and students with the majority of the committee being students. The fees may be reviewed on a yearly basis.

Registration fees are assessed in accordance with University Board of Trustees rules. All fees are subject to change without prior notice. The University will make every effort to advertise any such changes if they occur.

1. Admissions Application Fee – (Each application - not refundable) $30.00
2. Non-Degree Application Fee – (Each application - not refundable) $30.00
3. Tuition

Schedule/Fee Statements are not mailed. Tuition is due by the fifth day of each term. Students may view and/or pay their current term fees online by accessing the “Tuition, Fees & Payments” option in OASIS at http://usfonline.admin.usf.edu.

The student is responsible for paying fees in full by the appropriate due date as stated at http://www.usf.edu/business-finance/controller/student-services/deadline-dates.aspx Failure to do so may result in cancellation of the student’s registration. Checks are payable to USF.

To avoid a $100.00 late payment fee, all tuition fees must be paid or postmarked by the U.S. Post Office, not office metered, by the fifth day of the term. The University cannot be responsible for lost or misdirected U.S. Postal mail.

Students who have not paid their tuition and fees in full by the applicable bill due date will have their registration for that term cancelled. This means, specifically, that a student will receive no credit for any courses taken during that term.

Current fees are posted in the Schedule of Classes and on the OASIS website.

1. Students who only register for a co-op assignment must pay a minimum of one (1) hour at the level of the co-op assignment.
2. Tuition Fee Payment
   Access the “Tuition Fees and Payments” option in OASIS at http://usfonline.admin.usf.edu/
3. Late Registration Fee
   All degree seeking students who initiate (i.e., those students who have not enrolled for any courses during early or regular registration) their registration during the late registration period will be automatically assessed a $100.00 late registration fee.
   All non-degree seeking students who have not registered for any courses by the end of the first week of classes will be automatically assessed a $100.00 late registration fee.

Financial Aid Disbursement

Upon satisfaction of eligibility criteria, financial aid will be credited to student accounts after the drop/add period is over. Monies in excess of charges will be electronically deposited to each student’s checking account via eDeposit, or checks will be mailed to student’s local address. Students are encouraged to setup an eDeposit account in OASIS.

Cancellation for Non-Payment of Fees

Students not on an authorized deferred payment of fees and who have not paid their tuition and fees in full by the applicable bill due date will have their registration for that term cancelled. This means, specifically, that a student will receive no credit for any courses taken during that term.

Intern Certificate of Participation

Individuals who have supervised interns may register for courses during a term by presenting their intern Certificate of Participation. The Intern Participation Certificate effective July 1, 1997 states that certificate...
FINANCIAL INFORMATION

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

holders are entitled to a waiver of only matriculation fees for a maximum of six (6) credit hours instruction during a single term. Certificates are valid for three years from the date of issuance.

Fees must be paid or postmarked by the U.S. Post Office (not office meter marked) by the fifth day of the term. The University cannot be responsible for lost or misdirected U.S. Postal mail.

7. Employee Tuition Program

The USF Employee Tuition Program authorizes full-time USF employees who are appointed to established positions, to enroll in USF credit courses, up to six credit hours per semester. For summer, terms A, B, and C are all parts of one semester. The employee must be appointed prior to the first day of class and is expected to be employed full-time past the end of the semester for which enrolled.

8. Tuition Deferral for VA Students

Students receiving VA benefits, who have applied in writing no later than the date specified by the Office of Veteran Success, have until the VA deferment bill due date to pay tuition in full. If the application is late, students are not eligible for a deferment and could be dropped from classes and receive late fees.

9. Florida Prepaid College Program

Students who are eligible to receive benefits under this program are responsible for the local portion of fees. These fees must be paid or postmarked by the fifth day of the term to avoid being cancelled or charged the $100.00 late payment fee.

10. Mailed Payments

To avoid cancellation of registration or a $100.00 Late Payment Fee, all fee payments must be postmarked by the post office (not office metered) by the applicable fee payment deadline.

11. Returned Registration Checks

A student’s current registration is subject to cancellation if the check presented in payment of those fees is returned to the University unpaid. Dishonored fee payment checks must be redeemed within 10 calendar days to avoid cancellation of a student’s current registration. A $100.00 Late Payment Fee and a $25.00 administrative charge will be assessed on any registration check returned unpaid to the University.

FINANCIAL AID

In addition to finding a wealth of information on the web regarding your financial aid, you can monitor your aid application via OASIS: http://oasis.usf.edu/. The first step in obtaining financial aid is filing the Free Application for Federal Student Aid (FAFSA) at https://fafsa.ed.gov/. Be sure to list the University of South Florida, school code #001537, as a school to receive your information.

Since many programs are funded on a limited basis, it is to your advantage to apply early. Priority application dates and detailed information regarding financial aid are provided each year on the Scholarships and Financial Aid Services’ web site. Check out USF’s scholarship information at http://www.usf.edu/financial-aid/scholarships/. University Scholarships & Financial Aid Services communicates important information regarding aid exclusively via the student’s USF e-mail account. Tuition deferments are automatically posted for qualified financial aid applicants. The deadline for tuition payment can be found at http://www.usf.edu/business-finance/controller/student-services/.

If you withdraw from USF, either officially or unofficially, before the end of a semester, you may be required to repay all or a portion of the aid you received. For detailed information on the Federal Return of Title IV Funds requirement, go to www.usf.edu/financial-aid/know-this/withdraw.aspx.

Each USF institution has financial representatives:

Tampa: (813) 974-4700
Sarasota-Manatee: (941) 359-4459
St. Petersburg: (727) 553-4128

If you are outside the calling area, call University Scholarships & Financial Aid Services at 1-877-USF-BULLS.

ACADEMIC SCHOLARSHIPS

University Scholarships & Financial Aid Services (USFAS) provides prospective and currently enrolled students with a central location to access scholarship information. The office administers the Florida Bright Futures Scholarships, and a variety of privately-funded scholarships made possible through the generosity of friends and alumni of the University. USFAS also manages the scholarship renewal process for students who have been awarded scholarships through the Undergraduate Admissions Office. An online search for USF scholarships may be found at: http://usfweb2.usf.edu/finaid/scholarships/.

The Office of Undergraduate Admissions offers a number of scholarships based on academic merit to students planning to enter USF for the first time as a freshman or upper-level transfer student. These scholarships are highly competitive. The criteria noted for the various scholarships are used as minimum starting points for consideration; meeting or exceeding the minimum requirements will not guarantee selection. For non-Florida residents, a limited number of out-of-state tuition waivers are available based on academic performance.
The individual colleges of the University administer some scholarships directly through the Dean’s Office in each college.

**PAYMENT OF ACCOUNTS DUE TO THE UNIVERSITY**

Charges against students for loss or breakage of University equipment, books, fines and other charges are due immediately. Delinquent accounts may be considered sufficient cause for cancellation of registration. University regulations prohibit registration, or release of transcript, diploma, or grades for any student whose account with the University is delinquent. Delinquent accounts may be turned over to a collection agency and all collection fees including legal fees will be added to the student account balance. Financial aid from a succeeding academic year cannot be used to repay prior academic year debts. Payments can be brought into the Cashier’s Office in the Student Services Building (SVC 1039) or mailed to the University of South Florida, P.O. Box 864571, Orlando, FL 32886-4571, or can be made online by accessing OASIS at [http://usfonline.admin.usf.edu/](http://usfonline.admin.usf.edu/) and should be made by the appropriate deadline.

**REFUND OF TUITION/FEES PAYMENT RELEASE OF TUITION/FEES LIABILITY**

The following refunds, less deductions for unpaid debts to the University, are authorized. A Refund Request Form must be completed and presented to the Cashier’s Office, SVC 1039, to initiate the refund process. A two-week waiting period is observed for each refund to be sure checks have cleared.

a. **100 percent of registration fees and tuition will be refunded if notice of withdrawal from the University is approved prior to the end of drop/add period and written documentation is received from the student.**

b. **25 percent of registration fees and tuition paid less building and capital improvement fees, will be refunded if notice of withdrawal from all courses from the University is approved prior to the end of the fourth week of classes (summer term is prior to the end of the third week of classes) and written documentation is received from the student.**

**Fee Adjustment Request After Fifth Day of the Term**

One-hundred percent (100%) of tuition and fees will be refunded if, within six (6) months of the end of the semester to which the refund is applicable, a student who has withdrawn or dropped a course completes and files with the Registrar’s office a Fee Adjustment Request Form citing circumstances outside of the student’s control which are confirmed and approved by the Registrar. Circumstances to be considered within this six month period include:

1. Illness of a student of such severity or duration, as confirmed in writing by a physician, to preclude completion of the course(s),
2. Death of the student or death in the immediate family (parent, spouse, child or sibling),
3. Active military duty,
4. University error, or
5. Other documented exceptional circumstances beyond the control of the student which precluded completion of the course(s) accompanied by letter of explanation.

Special requests for an extension of the six (6) month deadline must include specific facts indicating special circumstances which (i) were beyond the control of the student (ii) clearly impaired the student’s physical or mental ability to correct their academic/financial record at the University and (iii) are supported by written explanation and verifiable documentation.

Pursuant to Public Law 102-325, the Higher Education Amendments of 1992, students attending the University for the first time who withdraw are entitled to a pro rata refund of tuition, fees, room and board.

A student who receives financial aid and subsequently changes the enrollment status which results in a refund in accordance with this section, will have the appropriate share of the refund returned to the University’s financial aid programs in accordance with the Financial Aid Policy on Refunds and Repayments.

The University of South Florida will approve a waiver of the Late Payment fee if the student is unable to make payment on time due to circumstances determined by the University to be exceptional and beyond the control of the student. A Late Payment Fee Waiver Request Form may be completed and submitted to the Cashier’s Office.

THE REGISTRAR

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

OFFICE OF THE REGISTRAR

Locations/Phone: Student Services Building (SVC) 1034; (813) 974-2000
Web Address: http://www.usf.edu/registrar/

The Registrar’s Office provides a wealth of student, academic, and administrative services, and is responsible for maintaining each student’s academic record from the time of admission to graduation. Staff publish the University Schedule of Classes (online only), coordinate registration and drop/add activities, process grade information, prepare transcripts, and process graduation applications. Staff also review and act on student requests for reclassification of residency and process name changes.

The Registrar's Office provides information and services to students via OASIS, the University’s Online Access Student Information System. Using their Net ID and self-declared password, students can register and drop/add courses, process address changes, access registration appointment time and hold information, request privacy, view their grades and order transcripts. Students can also browse the University Schedule of Classes.

Although technology is being used as an enabler to provide better service, staff provide in-person services in their lobby area as well as over the telephone.

The Office of the Registrar maintains the official academic records for all students and course registrations for currently enrolled students.

Note: Each student must be aware of the University’s academic policies and procedures insofar as they affect him/her.

IMMUNIZATION AND HEALTHCARE

Health Insurance Requirement for International Students

The State University System of Florida requires that all international students have medical insurance in order to register for classes at USF.

Immunization and vaccinations questions may be directed to Student Health Services, 813-974-2331.

Immunization Policy - USF Policy 33-002

I. INTRODUCTION (Purpose and Intent of the Policy)

In order to ensure the health and wellbeing of the entire community, The University of South Florida System (USF System) requires the following immunizations, prior to registration and specific immunization to reside in on-campus housing.

II. STATEMENT OF POLICY

A. ALL STUDENTS MUST HAVE PROOF OF IMMUNITY (defined in Sec. D. below) AS FOLLOWS:

   MEASLES: Proof of Immunity.
   RUBELLA: Proof of Immunity.
   HEPATITIS B: Proof of Immunity or signed waiver declining the vaccine.
   MENINGITIS: Proof of Immunity or signed waiver declining the vaccine except as listed in Sec. B. below.

B. IN ADDITION, STUDENTS RESIDING IN ON-CAMPUS HOUSING MUST HAVE PROOF OF IMMUNITY AS FOLLOWS:

   MENINGITIS: Proof of Immunity required, as declining by waiver of this vaccine is not acceptable for students in on-campus housing. No student will be assigned housing without proof of vaccine.

C. HEALTH HISTORY FORM

All students must complete and sign the USF Medical History Form.

D. PROOF OF IMMUNITY

Students must provide Proof of Immunity for each disease as follows:

1. MEASLES:
   a. Medical documentation of immunization with TWO (2) DOSES of live measles virus vaccine on or after the first birthday and administered at least 28 days apart. Persons vaccinated with killed, or an unknown vaccine, prior to 1968 must be revaccinated. Persons born before 1957 may be considered to have had a natural infection, and therefore meet the proof of immunity requirement. The documented date of immunization for measles should indicate the day, month, and year. However, month and year will suffice if the month and year indicate that the immunization was given at least 13 months after the month of birth, OR
   b. Copy of laboratory (serologic) evidence of measles immunity (IgG rubeola titer), OR
   c. A written, dated statement signed by a physician on his/her stationery that specifies the date seen and stating that the person has had an illness characterized by a generalized rash lasting three (3) or more days, a fever of 101˚ Fahrenheit or greater, a cough, and conjunctivitis, and, in the physician's opinion, is diagnosed to have had the 10 day measles (rubeola).
2. RUBELLA:
   a. Medical documentation of immunization with live rubella virus vaccine on, or after, the first birthday. Persons born before 1957 may be considered to have had a natural infection, and therefore meet the proof of immunity requirement. The documented date of immunization for rubella should indicate the day, month, and year. However, month and year will suffice if the month and year indicate that the immunization was given at least 13 months after the month of birth, OR
   b. Copy of laboratory (serologic) evidence of rubella immunity (IgG rubella titer).

3. HEPATITIS B:
   a. Medical documentation of immunization with 3 doses of Hepatitis B vaccine, OR
   b. Copy of laboratory (serologic) evidence of Hepatitis B immunity (anti-HBs titer).

4. MENINGITIS:
   Medical documentation of immunization with Meningitis vaccine at age 16 or later or signed waiver of the vaccine. Declining by waiver of this vaccine is not acceptable for students in on-campus housing. No student will be assigned housing without proof of vaccine.

E. EXEMPTIONS WILL BE CONSIDERED AS FOLLOWS:
1. RELIGIOUS: Religious exemptions - contact USF Student Health Services for an application.
2. MEDICAL: Requests for temporary or permanent medical exemptions must be submitted to USF Student Health Services by the attending physician and must include reason for exemption and duration of exemption.
3. ON-LINE COURSES: Students registered in 100% on-line courses may be exempt from the requirements of this Policy. However, if a student registers for any on-campus course at any time, the immunization requirements of this Policy will be in effect for all future courses.

In the event of a disease outbreak, students exempted from immunization requirements may be requested by the University, at the direction of public health officials, to show titer Proof of Immunity, become immunized, or remain off campus for the duration of the outbreak. All requests for exemptions will be reviewed to ensure consistency in application.

F. CONSEQUENCES:
Students who fail to comply with the requirements as stated above will be blocked from registration, restricted from on-campus housing assignment, and/or a registration hold will be placed on their record. In specific circumstances a temporary override may be granted, however, vaccination requirements must be completed before further registration in subsequent terms will be permitted and current registration may be suspended if any deficiency in immunization status is identified.

REGISTRATION INFORMATION
Registration for Admitted Degree-Seeking Students
Continuing degree-seeking students may register self-service via OASIS on or after their registration appointment date and time for their next semester’s courses. Registration occurs during the preceding term. A Registration Demo is available at http://www.usf.edu/registrar/resources/index.aspx.

Prior to initial registration, all newly admitted undergraduate students are required to participate in an orientation/academic advising program at the USF System institution to which they are admitted. Newly admitted students receive Orientation/Academic Advising/Registration instructions from the USF Office of Orientation.

Registered students may make course schedule adjustments from the time of their initial registration through the first week of classes. (Deadline information is available in the Academic Calendar of this Catalog.)

Degree-seeking students not registered prior to the first day of classes may late-register during the drop/add week (first week of classes) however, a $100.00 late registration fee is charged for not having initiated registration before then. (See the section on fees for additional information.) To avoid financial cancellation, fees are due for all registered courses of record on the fifth (5th) day of classes (end of drop/add week). (See Academic Calendar for dates.)

NOTE: A Mandatory Medical History Form is required for all students (regardless of age). According to Florida Administrative Code Rule 6C-6.001(5), “Each student accepted for admission shall, prior to registration, submit on a form, provided by the institution, a medical history signed by the student.”

Administrative Holds
A student may be placed on administrative hold by failure to meet obligations to the University. When a student is on administrative hold, he/she may not be allowed to register, receive a diploma, or receive a transcript. Settlement of financial accounts must be made at the University Cashier’s Office. Each student placed on administrative hold may determine via OASIS with which office to clear the obligation.
REGISTRATION

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Adds
After a student has completed his/her registration on the date assigned, he/she may continue to add more courses until the fifth (5th) day of classes, otherwise known as the add deadline (end of drop/add week) specified in the Academic Calendar in this catalog.

Drops
A student may drop a course(s) during the drop/add week (first five days of classes) in order for the course(s) not to appear on any permanent academic records. No tuition or fees will be assessed for course(s) dropped by the fifth (5th) day of classes.

Withdrawals
A student may withdraw from a course(s) between the second (2nd) and tenth (10th) week of the semester (except for summer sessions - see the Academic Calendar in this catalog for dates). However tuition and fees will not be refunded for any course(s) withdrawn by the student during this period and the student’s academic record will reflect a “W” grade for any course(s). Under specific conditions, consideration for refund of tuition and fees for a withdrawn course may be requested using a Fee Adjustment Request form accompanied by verifiable written documentation to support your claim. Submit a Fee Adjustment Request form to the Office of the Registrar within six (6) months from the end of the semester to which any refund would be applicable.
Students who withdraw may not continue to attend classes.
Effective Fall 2011, all undergraduate students will be limited to a total of five course withdrawals while enrolled as a degree-seeking or a non-degree seeking undergraduate student at USF. The five course withdrawals will be limited to three course withdrawals for students with less than 60 semester credit hours, and two course withdrawals for students with more than or equal to 60 semester credit hours. Only in extenuating circumstances will approval be granted for more than five course withdrawals. Appeals for additional course withdrawals due to extenuating circumstances must be submitted to the Academic Regulations Committee in the college of the student’s academic major.
The withdrawal attempts is based on attempted hours and not earned hours.
Effective Fall 2016, all undergraduate students enrolled in graduate-level courses will be limited to a total of two course withdrawals while enrolled as a degree-seeking or non-degree seeking student taking graduate courses at USF. Only in extenuating circumstances will approval be granted for more than two course withdrawals. To withdraw from a graduate course after the drop period, please submit an ARC late withdraw petition to the college of your major.

Total Withdrawal
Students may withdraw from the USF System without academic penalty for the first ten (10) weeks of any term, except for summer sessions. To withdraw, a student must submit a completed ARC petition for total withdrawal. No entry is made on the academic record for withdrawals submitted during the regular add/drop period (first 5 days of classes). All subsequent withdrawals (through the tenth week of classes in the fall and spring semesters) are posted to the academic record with “W” grades assigned to the courses.
Withdrawal deadlines for summer sessions are listed in the Academic Calendar and are published in the USF System Schedule of Classes for summer terms.
Undergraduate students who withdraw while on final academic probation will be academically dismissed from the USF System. When a student is academically dismissed, approval of the ARC is required for reentry.

FEE INFORMATION

Auditing Privileges and Fees
Only an admitted student who wishes to sit in on a class to review the course material may do so; however, the student is not allowed to take exams, earn grades, or receive credit.
The student’s status for that class is an audit. His/her presence in the classroom is as a listener. Audit status may only be obtained at the Office of the Registrar and only during the first five days of the term by filing an Audit Form. A date-stamped permit from the college/department at the USF System institution where the course is being offered must accompany an Audit Form to the Registrar’s Office. IN-STATE fees are assessed for all audit courses.

Cancellation before First Class Day
Students who do not drop a class via OASIS before the semester begins may only cancel their registration by notifying the Office of the Registrar in writing prior to the first day of classes. If fees have already been paid, the student may request a full refund of fees from the Cashier’s Office.
Excess Hours Surcharge - USF Regulation 4.0102

In 2009, the Florida Legislature implemented Section 1009.286, Florida Statutes to encourage students to complete their baccalaureate degree as quickly and efficiently as possible. It established what is commonly referred to as an "Excess Credit Hour Surcharge." The provisions of this section became effective for students who entered a Florida community college or a Florida state university for the first time in the 2009-2010 academic year and thereafter.

The bill requires universities to add a surcharge to each credit hour attempted in excess of the total hours required to earn a baccalaureate degree. The surcharge is calculated based on a percentage defined in the statute (see the following table).

<table>
<thead>
<tr>
<th>Students Entering as FTIC SUS (First Time in College State University System of Florida) or FTIC FCS (First Time in College Florida College System)</th>
<th>Fees to be Charged</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prior to Fall 2009</td>
<td>None</td>
</tr>
<tr>
<td>Fall 2009 – Summer 2011</td>
<td>50% for credits above 120% of total program hours</td>
</tr>
<tr>
<td>Fall 2011 – Summer 2012</td>
<td>100% for credits above 115% of total program hours</td>
</tr>
<tr>
<td>Fall 2012 and thereafter</td>
<td>100% for credits above 110% of total program hours</td>
</tr>
</tbody>
</table>

The surcharge is assessed only on the tuition portion of the semester hour cost, not on the fees. The number of total program hours required for the baccalaureate degree will be identified by the student’s declared major. This is typically 120 semester hours, although, some programs have been approved to require more than 120 semester hours.

For further information, visit the Registrar’s website at [http://www.usf.edu/registrar/](http://www.usf.edu/registrar/). Note: No institution may waive the excess hours surcharge as the language of the statute is mandatory.

Repeat Course Surcharges

Initiated by the Florida Legislature (H.B. 1545 of 1997) to reduce costs, all state universities must monitor undergraduate student progress and charge students the "full cost of instruction" for certain repeats of undergraduate courses. This policy became effective Fall 1997 and requires USF to charge students a substantial per credit hour surcharge when they attempt a course three or more times at USF, unless the course is specifically designed to be repeated or is required to be repeated by their major. Requirements to earn a passing or higher grade than previously earned in a course do not exempt the surcharge. Students will be required to pay the surcharge in addition to the appropriate in-state or out-of-state tuition rates. It is important to note that all attempts count, including withdrawals after the first week of classes and courses with incomplete grades.

The University may grant exceptions to this rule based on extenuating circumstances and financial hardship. However, the University may only approve one appeal per course. The exceptions included in the Statute are extenuating circumstances and financial hardship and are defined as follows:

Extenuating circumstances are those circumstances determined by the University to be exceptional and beyond the control of the student and may include but not be limited to serious illness, documented medical condition preventing completion; death of an immediate family member, involuntary call to active duty; university error, other emergency circumstances or extraordinary situations. Documentation, regardless of the situation, must be submitted with the request for a waiver of this surcharge.

The criteria used by the universities for determining financial hardship should include, but not be limited to, qualification for federal need-based financial aid. Students with other documented financial hardships may also be considered.

The student must fill out a Fee Adjustment Request Form and indicate the request is for a waiver of the repeat course surcharge. They must also submit a statement that explains their request and provide all documentation relating to it. The completed form with documentation should be submitted to the Office of the Registrar for consideration.

STUDENT RECORD INFORMATION

Transcript Information

Transcripts may be released only by authorization of the student. By law, requests must include the student’s identification number, the date and the student’s signature. If ordering via OASIS, login with your Net ID and self-assigned password, which will serve as your electronic signature. Transcripts are currently $10.00 per copy. In order for transcripts to be issued, the student must have no financial obligations to the University or any hold restricting receipt of the transcript. Transcripts are normally mailed/ready for pick-up within two working days after the request is received.
Written requests must include: (1) date of request and student’s current address; (2) student ID number and full name; (3) name and complete address of recipient; and (4) number of copies and special instructions, such as, “hold for degree statement” or “hold for current term grades,” and the student’s signature. Degree statements are posted approximately four to six weeks after the commencement ceremonies. Current term grades are posted approximately one week after the final exams end. If grades for the current term are needed, clearly indicate that the transcript request is to be held for grades.

To order transcripts by mail, send payment ($10.00 per copy, check or money order only) and letter to:
USF Office of the Registrar
Attn: Transcript Clerk
4202 East Fowler Avenue, SVC 1034
Tampa, FL 33620-6950

To order a transcript in person, hand-carry payment (check, money order or cash) and letter to USF Cashier’s Office in SVC 1039.

Student Records Policy - USF Regulation 2.0021

Pursuant to the provisions of the Family Educational Rights and Privacy Act ("FERPA": 20 USC Par. 1232g), 34 CFR Par. 99.1 et seq, Florida Statutes Sub. Par. 1002.22 and 1006.52 and USF Regulation 2.0021, Florida Administrative Code, students have the right to:
1. Inspect and review their education records
2. Privacy in their education records
3. Challenge the accuracy of their education records
4. Report violations of FERPA to the FERPA Office, Department of Education, 400 Madison Avenue, SW, Washington, D.C. 20202 and/or bring actions in Florida Circuit Court for violations of USF Regulation 2.0021, Florida Administrative Code.
5. Copies of the University’s student records policy, USF Rule 6C4-2.0021, may be obtained from:
   University Registrar
   Office of the Registrar
   4202 East Fowler Avenue, SVC 1034
   Tampa, Florida 33620
   USF Agency Clerk
   Office of the General Counsel
   4202 East Fowler Avenue, CGS 301
   Tampa, Florida 33620

Release of Student Information

Pursuant to requirements of the Family Educational Rights and Privacy Act (FERPA), the following types of information, designated by law as “directory information,” may be released via official media of USF (according to USF policy):

Student name, local and permanent addresses, telephone listing, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, full- and part-time status, and the most recent previous educational agency or institution attended, and other similar information.

The University Directory is published on-line, and, therefore, is accessible to the public, as well as to students, faculty, and staff.

Students must inform the USF Office of the Registrar if they wish directory information to be withheld by changing their privacy status via http://www.usf.edu/registrar/resources/privacy.aspx. Such requests must be received within the first two (2) weeks of the semester and will remain in effect until the student has not been enrolled at USF for three (3) consecutive terms.

Confidentiality Policy

In the interest of openness and building trust with our students, USF now affords students the right to limit data usage and sharing of their information, without having to request non-disclosure of directory information under the Family Education Rights and Privacy Act (FERPA). Pursuant to the requirements of FERPA, the following types of information designated by law as “directory information” can be released, if the student has not requested privacy or non-disclosure: Name, Date of Birth, Address, Telephone, Major, Dates of Attendance, Enrollment Status, Degrees, and Prior Institutions Attended.

All other student data is considered to be protected.

Under new University policy which is less restrictive than Privacy under FERPA, students may now request confidentiality as a way to “opt out” from having their personal contact information (i.e. name, address, telephone) disclosed to vendors, credit card companies, or outside agencies that are not providing a service that would otherwise be performed by the University. To request confidentiality, go to: http://www.usf.edu/registrar/resources/privacy.aspx.
Education Record
The student’s USF education record shall not be changed after the student has graduated.

Student Information Changes
 Notifications regarding changes to name, residency, and citizenship should be filed promptly using the appropriate form(s) accompanied by verifiable supporting legal documentation with the Office of the Registrar. Changes of address may be completed via OASIS at http://oasis.usf.edu.

ACADEMIC REGULATIONS, POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

COMPLETION POLICIES

Graduation Requirements - Baccalaureate Degree University Requirements

USF System Regulation 3.007 / BOG Regulation 6.017

University minimum requirements for graduation consist of the following: successful completion of a minimum of 120 unduplicated semester credit hours (including courses specifically approved as repeatable for credit within the System, e.g. practica, ensembles and field experiences) with an overall 2.0 GPA, including a 2.0 GPA in all coursework attempted at the USF System institution from which the degree is conferred; a transfer student must have a GPA of 2.0 or higher when combined with all work attempted at other institutions; and the writing (communication) (12 credit hours) and computation (six credit hours) course requirements of BOG Regulation 6.017: earn a minimum of 48 semester hours of upper-level work (courses numbered 3000 and above); successful completion of 25 percent of the total hours required for the degree must be in courses offered by the USF System institutions, complete Liberal Arts requirements (36 credit hours); complete residency requirement; complete program requirements as determined by the college; and be recommended for graduation by the dean of the appropriate college.

The requirements must be met by every student upon whom a degree is conferred. The total number of semester hours needed to complete the baccalaureate degree depends upon the academic major field of study. No grades may be changed following graduation.

In recognition that students seeking a second Bachelor's degree have completed a rigorous program of study at a regionally accredited or comparable international institution, some graduation requirements are considered met by virtue of their previous degree. These include: the State Communication Requirement (formerly known as Gordon Rule Writing), the State Computation Requirement (formerly known as Gordon Rule Math), Summer Enrollment, the Foreign Language Entrance Requirement, State General Education Core, Foundation of Knowledge and Learning Core Curriculum (General Education) and the Exit Requirements. Each degree program will determine degree applicability of transfer courses for the major.

To help ensure that students are on track to graduate and are less likely to have excess credit hours, students are required to apply to change USF institutions (USF, USFSM, USFSP) and follow the appropriate procedures. All FTIC students must have completed at least three consecutive semesters, not including summer (i.e., fall, spring, fall), at their current institution before change of institution requests will be processed. The request to change institutions must be signed off by the student and approved by the incoming USF institution.

All students entering USF with fewer than 60 semester hours of credit are required to earn at least nine (9) semester hours of credit prior to graduation by attendance during one or more summer semesters in courses offered by a USF System institution or any one of the Florida State University System institutions. The University may waive the application of this rule in cases of unusual hardship to the individual. (See Summer Enrollment Requirement below.)

Degree Progression - USF Policy 10-505

The University of South Florida is committed to facilitating students through their academic progress to degree. Undergraduates must complete the Online Graduation Application for Degree and the Online Graduating Senior Survey by the official University deadline for the term in which they expect to graduate. Degree application deadlines are available in the Academic Calendar found in the Undergraduate Catalog.

Students who have completed all the requirements for their degree will be required to graduate. Exceptions may be approved by college deans or their designees for up to two additional semesters but not to exceed 10 semesters total to complete a degree (eight semesters for the major and two additional semesters) to allow students to complete approved second majors or to complete clearly defined objectives to enhance qualifications for employment or graduate and professional programs. Exceptions may be made for part-time students. Unless undergraduate students receive approval from the Dean of Undergraduate Studies of an exception to the graduation request, USF may move the student through to graduation and confer the degree earned.

Students should be approved to pursue minors only if the minor can be completed without extending the time required for the students’ initially projected graduation date and without exceeding their ECHS threshold. Students in lockstep programs without available elective hours will not be approved for minors, unless an exception is approved by the College Dean or designee. Minors are awarded only in conjunction with the receipt of a baccalaureate degree. Students are expected to demonstrate academic success (appropriate GPA for program, completion ratio, and success in pre-requisites, core, or other related coursework for current major and requested minor) before they can be approved for a minor. Minors may be approved at the discretion of the college offering the minor, in consultation with the college of the student’s major. Students will apply for a minor in the last term of enrollment provided the student will have completed all of the remaining course requirements for the minor in that term.

Students may be approved to pursue co-degrees (concurrent degrees) and second majors only if they are able to complete both programs within no more than two additional semesters but not to exceed 10 semesters total to complete a degree from the initially projected graduation date or within the ECHS threshold for dual majors or co-degrees...
ACADEMIC REGULATIONS, POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

(concurrent). Second majors are awarded only in conjunction with the receipt of a baccalaureate degree. Students should follow the requirements as stated on the Double Major or Co-Degree (concurrent) application forms and they are expected to apply for a second major or degree only after demonstrating academic success (appropriate GPA for both major programs, completion ratio, and success in pre-requisites, core or other related coursework for current major and second major or degree). Students will typically be approved for a second major or co-degrees (concurrent) before exceeding 96 credit hours (not counting in the latter any credit from examination or dual enrollment). The students’ program of study is delineated on the application form and must be reviewed by both program advisors prior to submission for approval. Third majors will only be allowed in exceptional circumstances when the student can complete within the above criteria.

No degree will be conferred if a charge of academic dishonesty or student conduct violation is pending and the penalty could be dismissal, expulsion, failing grade or any combination of the above, until the charge is resolved and degree requirements are met.

Students are expected to graduate within the minimum number of semesters appropriate to their academic work completed at the time of their admission and the extent to which they are able to be enrolled full-time. Summer sessions are not counted as semesters for the provision of this Policy.

First time in college (FTIC) students are expected to complete a 120-credit hour degree program within 8 semesters. Degree programs with greater than 120 credit hours may require one additional semester.

High school graduates who also earned an AA degree in conjunction with their HS Diploma (HS/AA) and who enter USF as FTIC are expected to complete a 120-credit hour degree program within 4 semesters, but may be allowed up to 8 semesters based on an academic plan that is developed by the student and his/her USF advisor and approved by the student’s college within his/her first term on campus. An additional semester may be required for degree programs that have greater than 120 credit hours or lockstep course sequence(s) in the major. The expected number of semesters will be delineated on the academic plan.

Transfer students who have completed 60 credit hours or an AA degree are expected to complete a 120-credit hour degree program within 4 semesters if they have completed all prerequisites and critical tracking criteria for the program to which they are admitted at the time of their first enrollment at USF. An additional semester may be required for degree programs that have (a) greater than 120 credit hours or (b) lockstep course sequence(s) in the major and on a case-by-case basis for students who are admitted needing to complete prerequisites.

FTIC or transfer students who have completed 120 credits or more will not be allowed to enroll in courses that are not required for degree completion. Exceptions may be approved if needed to allow the students to be enrolled full-time when an appropriate required course is not available.

For the purposes of the requirements in this policy, a semester is defined as a fall or spring semester in which a student is enrolled full-time (attempting 12 or more credit hours). Summer sessions, overseas study, and full term withdrawals are not included in the semester count. Semesters in which a student is doing an internship or co-op experience are not included in the semester count unless a full-semester internship is part of the degree requirements.

USF offers several courses through an alternative calendar session called “intersession,” wherein the course(s) is condensed into a three-week period. Following are the requirements for students enrolling in multiple intersession courses:

- Students with a 3.33 to 4.0 USF GPA may enroll in two intersession courses without prior advisor approval.
- Students with a 2.75 to 3.32 USF GPA may enroll in two intersession courses with prior advisor approval.
- Students with a USF GPA below 2.75 may enroll in one intersession course without prior advisor approval.

For further information, please review the policy.

Summer Enrollment Requirement - USF System Regulation 3.007

All students entering USF with fewer than 60 semester hours of credit are required to earn at least nine (9) semester hours of credit prior to graduation by attendance during one or more summer semesters in courses offered by a USF System Institution or any one of the Florida State University System institutions. The University may waive the application of this rule in cases of unusual hardship. A student who wishes to have the rule waived must complete a "Request for Waiver of Mandatory Summer Enrollment Form" available in the Office of the Registrar. After submission of the form to the Office of the Registrar, the student will be notified by mail of the action taken.

FOREIGN LANGUAGE REQUIREMENTS

Foreign Language Entrance Requirement (FLENT)
USF Regulation 3.018 / FL BOG Regulation 6.002

Each FTIC student admitted to the Florida State University System (SUS) is expected to have earned two high school credits in one foreign language or American Sign Language. A limited number of students not meeting the high school foreign language requirement may be admitted; however, these students must fulfill the foreign language
Foreign Language Graduation Requirement for B.A. Students (FLEX)

In addition to the foreign language entrance requirement all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English. When meeting the requirement through coursework, USF languages may be selected from among the ones listed below:

**Classical Languages**
- Greek (Ancient)
- Hebrew (Classical)
- Greek (New Testament)
- Latin

**Modern Languages**
- Arabic
- Greek (Modern)
- Russian
- Chinese
- Hebrew (Modern)
- Portuguese
- French
- Italian
- Polish
- German
- Japanese
- Spanish

Students whose native/first language is taught at USF are welcome to enroll in USF foreign language courses at the level of mastery determined by the foreign language placement examination. (See Foreign Language Placement.)

American Sign Language

The following programs accept Sign Language Competency for the exit requirement: Africana Studies, Aging Sciences, Anthropology, Chemistry, Communication, Communication Sciences and Disorders, Criminology, Economics, History, Interdisciplinary Social Sciences, Mass Communications, Political Science, Psychology, Religious Studies, Sociology, Theatre, Women’s and Gender Studies, and all programs in the College of Education.

Approval needed by the student's program/department major.

Students electing to take the examination in French, German, Italian, Portuguese, Russian, Ancient or Modern Greek, or Latin should apply to the Director of the Department of World Languages. Students taking the examination in New Testament Greek or Hebrew should apply to the Chairperson of Religious Studies. Students utilizing American Sign Language should apply to the Chairperson of Communication Sciences and Disorders.

Foreign Language Placement

Students with two or more years of study in a foreign language in high school, or with postsecondary course(s) in foreign language, or with experiential learning of a foreign language may not enroll for credit in courses in that language without first taking a placement examination administered by the Department of World Languages. Should the placement examination indicate that remedial work is required (1120-1121), the student will be allowed to enroll with the understanding that the grade eventually earned will be either an “S” or “U”.

Under no circumstances will a student who places above the first year level or who passes a higher-level course be allowed to register for or receive credit for a lower-level course in that specific language. Students to whom this regulation applies should inquire of the Department of World Languages for the placement examination.

Academic Residence- USF System Regulation 3.007

Any credits transferred from a University of South Florida accredited institution must be processed as transfer credits from any regionally accredited institution.

Candidates for graduation must have completed at least 30 hours of the last 60 hours of their undergraduate credits in courses offered by the USF System Institution (home institution) from which the degree is to be conferred. Individual colleges and programs may have more stringent requirements, approved by the university, such as the number of specific courses in the major that must be completed at the institution from which a student may receive a degree. Exceptions to the above rules may be made for students who are enrolled at other universities in USF approved
ACADEMIC REGULATIONS, POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

exchanges, study abroad programs, co-op training programs or correspondence courses from the University of Florida. CLEP credit does not count toward academic residence.

Beginning Fall 2012, students must complete successfully at least 50 percent of the required courses in the major in courses offered by the USF System Institution conferring the degree. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective College Deans or designee to help ensure timely graduation.

Repeat Course Work

The hours for a course that has been repeated, including courses transferred from other institutions, may be counted only once toward the minimum 120 semester hours of credit (earned hours) required for graduation. All credit hours (except when grade forgiveness is applied) are calculated in the GPA. (See Repeat Course Surcharges.)

GENERAL EDUCATION AND LOWER-LEVEL COURSE POLICIES

General Education Core Course Requirements - BOG Regulation 8.005

Prior to the award of an Associate in the Arts or Baccalaureate degree, students entering a state university as a first-time-in-college student in the Fall Term 2015 and thereafter must complete at least one course from each of the general education subject areas (Communication, Humanities, Mathematics, Natural Sciences, and Social Sciences). These courses comprise the general education core as required per section 1007.25(3), Florida Statutes. The remaining courses and credits that will fulfill the total 36-hour general education requirement are at the discretion of the state university. Completion of both the general education core and remaining university-specified general education courses are required for completion of an undergraduate degree.

Foundations of Knowledge and Learning Core Curriculum General Education

An effective university education must engage students with a diversity of ideas, concepts, and ways of acquiring knowledge. The Foundations of Knowledge and Learning Core (FKL) Curriculum at the University of South Florida emphasizes inquiry as the means of developing complex intellectual skills that enable students to become critical thinkers, concerned citizens, successful professionals, and reflective people who throughout their lives are aware of, understand, and engage with the complexities and challenges that our global realities require.

The core curriculum at the University of South Florida is designed to develop baccalaureate graduates who:

- Understand symbolic, expressive, and interpretive communication systems in all of their complexities.
- Confront with an inquiring mind the natural, social, technical, and human world, and their interrelationships.
- Understand theories and methodologies for producing knowledge and evaluating information.
- Interpret and understand human diversity in a global context.
- Discover and pursue a meaningful life, as well as being a responsible steward of the human and physical environment.

The FKL General Education (36 credits) curriculum consists of six Core Areas of Knowledge and Inquiry. These Core Areas are:

1. English Composition

Students must satisfactorily complete six (6) credit hours of approved coursework (Composition I and II). A major emphasis of the University of South Florida’s General Education curriculum is to develop and refine students’ written communication skills. Composition I and II provide the foundation for academic and professional writing by emphasizing systematic organization, effective use of detail, compelling treatment of evidence, demonstration of reading skills, appropriate consideration of audience, language use (style) appropriate to discipline and audience, and construction and analysis of valid and sound arguments. In both courses, process writing is fostered through multiple drafts with careful revision and editing.

2. Fine Arts and Humanities

Students must satisfactorily complete three (3) credit hours of approved coursework in Fine Arts and six (6) credit hours of approved coursework in Humanities.

The Fine Arts core is constituted of courses from the visual arts, music, dance, theatre, and creative writing that address the creative experience; engage students in theoretical and/or experiential study of aesthetic dimensions; and address perspectives of both the artist and the public. Course content is focused upon the meaning, theories, history, products and processes of the fine arts by individuals and groups and provides students with an appreciation of how the fine arts contribute to the ways of knowing, the human experience, and contemporary life. Course options often interdisciplinary, considering the interrelationships among the disciplines of the fine arts as well as other core areas of knowledge.
ACADEMIC REGULATIONS, POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

The Humanities core is made up of courses that emphasize areas of inquiry in which we turn our attention to ourselves. Studies in Humanities foster students’ ability to analyze beliefs; to make sound judgments about the evidence that supports them; to communicate through language and other symbolic media; and to be creative in expressing themselves and in interpreting how others express themselves creatively. The courses explore methods and theories of criticism that apply to our creative, expressive, and communicative actions; enable students to appreciate different cultures and traditions within our own society; and increase students’ knowledge of human civilizations, past and present, and their languages, literature, art, religion, and philosophy. Courses that fulfill these goals will emphasize the use of primary texts and sources and require writing assignments in which students produce a sustained argument in continuous prose.

3. Human and Cultural Diversity in a Global Context

Students must satisfactorily complete three (3) credit hours of approved coursework in Human and Cultural Diversity in a Global Context. Courses in this core area apply principles and theories to the understanding of global processes and phenomena in an interdisciplinary manner; develop an understanding of prevailing world conditions and trends; create an awareness of the diversity of cultures and their roles in the global political economy; foster knowledge of the interrelations among global economic, political, environmental and social systems; and create an awareness of the problems confronting cultural groups, nations, and the human species as a whole. These courses afford students a basic understanding of human and cultural diversity as an integral part of the evolution of humanity; the interrelations among ecological, biological, cultural, and gender diversity; the distinction between diversity as product and cause of evolution, and the politicization of diversity; and that a balanced appreciation of human and cultural diversity can be achieved only if the topic is examined historically within the context of the global system.

4. Mathematics and Quantitative Reasoning

Students must satisfactorily complete a minimum of six (6) credit hours of approved mathematics coursework OR three (3) credit hours of approved mathematics coursework and three (3) credit hours of approved coursework in quantitative reasoning. Both the mathematics courses and the quantitative reasoning courses in this core area are taught at the level of college algebra or higher and at least one course must have either an MAC or an MGF prefix. Courses that meet the requirements for quantitative reasoning are designed to instill skills sufficient for responding critically to quantitative issues in the media and public life. Typical elements in such a course include analyzing evidence; verbalizing problems into mathematical form; reading graphs; understanding logical arguments; detecting logical fallacies; understanding evidence; evaluating risks; assessing uncertainty; detecting errors in data; designing experiments; understanding creation of models; understanding validations and inferences; interpreting quantitative data; developing number sense; and developing symbol sense.

5. Natural Sciences

Students must satisfactorily complete at least six (6) credit hours of approved coursework in the Natural sciences core area with at least one course taken from each category of Physical Sciences and Life Sciences.

Approved courses in the Physical Sciences are introductory in nature and present (or have as a prerequisite a college course that presents) the fundamentals of the physical science with relevant applications and should emphasize scientific methodology by involving the student in making observations, evaluating data, and solving problems. The course may be one that is required for majors in the Physical Sciences and technology or a course designed for non-specialists. The courses in this core area will engage students with the relationship of physical science to human and environmental issues with courses for non-science majors including a greater focus on evaluating and using scientific evidence for decision making.

Approved courses in the Life Sciences are introductory courses that present (or have as a prerequisite a college course that presents) the fundamentals of biological science, including genetics/speciation/evolution, growth/differentiation, metabolism/bio-energetics and ecology/ethology and should emphasize scientific methodology by involving the student in making observations, evaluating data, and solving problems. These courses will engage students with the relationship of life science to human and environmental issues, with courses for non-science majors including a greater focus on evaluating and using scientific evidence for decision making. Introductory courses for majors in the Life Sciences that do not cover all the topics specified above may be certified for General Education credit by special permission of the General Education Council.

6. Social and Behavioral Sciences

Students must satisfactorily complete at least six (6) credit hours of approved coursework in the core area of Social and Behavioral Sciences. The courses may be interdisciplinary and need not be sequential. Approved courses in the Social Sciences area will provide opportunities to study social groups, institutions, and organizations, and their context; have a theoretical and empirical focus on individuals in relation to others and their environment; formulate basic
questions and inquiry about the nature of social life through both interpretive and systematic analyses and address a broad area with concern for both methodological and substantive issues. The courses will have a theoretical and empirical approach to the study of human behavior; formulate basic questions and inquiry about the nature of human behavior through both interpretive and systematic analyses; and address a broad area with appropriate attention to both general issues and methods of the discipline.

Human Historical Context and Process Dimension (HHCP)

Two of the courses taken while fulfilling the other core area requirements must include the HHCP dimension and be approved as a Human Historical Context and Processes course. ENC1101 English Composition I is HHCP-approved and will count as one of the two required courses. In fulfilling the FKL required coursework, six (6) credit hours must be completed in courses with the HHCP dimension.

FKL Core Curriculum Requirements

General Education Core Area Requirements – 36 hours*
- 6 English Composition (CAEC)
- 3 Fine Arts (CAFA)
- 3 Human and Cultural Diversity in a Global Context (CAGC)
- 6 Humanities (CAHU)
- 6 Mathematics (CAMA) or 3 Mathematics and 3 Quantitative Reasoning (CAQR)
- 3 Natural Sciences (Life Science) (CANL)
- 3 Natural Sciences (Physical Science) (CANP)
- 6 Social and Behavioral Sciences (CASB)

*Includes six (6) Human Historical Context and Process Dimension (HHCP)

FKL Upper-Level Core Curriculum

The FKL upper-level core curriculum requirement consists of one Capstone Experience course (CPST) and one Writing Intensive Capstone course (WRIN). These courses represent an extension of the skills developed in the FKL curriculum and are upper-level (3000 or above) courses that must be taken at USF. It is expected that all FKL upper-level core curriculum requirements will be completed with USF-Tampa courses. Students must achieve a proficiency level of at least C- in the WRIN and CPST courses in order to full this requirement.

FKL Upper-level Core Curriculum Requirement – 6 credit hours
- 3 Capstone Experience (CPST)
- 3 Writing Intensive Capstone (WRIN)

In fulfilling the FKL required coursework, six (6) credits must be completed in Human Historical Context and Process courses.

Other FKL Requirements

Students must receive a minimum grade of C- in each course that is used to fulfill any requirement in the FKL core curriculum, including the Capstone Learning Experience. S/U grades are not acceptable for USF FKL courses. Those courses completed satisfactorily and applied to meet the FKL General Education requirements must have an overall GPA of 2.0.

Some courses are approved for more than one area of the FKL curriculum but a course may count for only one area of the FKL curriculum. For example, if a course is accepted in the Fine Arts core area (CAFA) and also in the Human and Cultural Diversity in a Global Context core area (CAGC), it will complete only one core area. Another course will need to be taken to complete the other core area. Courses may count for one core area and in meeting requirements for the HHCP dimension. Courses may be counted for both the major AND the FKL curriculum.

Please visit USF’s course inventory website to search for courses that meet FKL requirements.

State Communication Requirement (formerly known as Gordon Rule Communication) and State Computation Requirement (formerly known as Gordon Rule Computation)

Prior to receipt of an Associate in Arts degree from a Florida College System institution or university or prior to entry into the upper division of a public university or college, a student shall complete successfully the following:

a. Six (6) semester hours of English coursework and six (6) semester hours of additional coursework in which the student is required to demonstrate college-level writing skills through multiple assignments. Each institution shall designate the courses that fulfill the communication requirement of the section. These course designations shall be submitted to the Statewide Course Numbering System (SCNS). An institution to which
a student transfers shall accept courses so designated by sending institution as meeting the communication requirements outlined in this section.

b. Six (6) semester hours of mathematics coursework at the level of college algebra or higher. For the purposes of this rule, applied logic, statistics and other such computation coursework which may not be placed within a mathematics department may be used to fulfill three (3) hours of the six (6) hours required by this section.

c. Students awarded college credit in English based on their demonstration of writing skills through dual enrollment, advanced placement, or international baccalaureate instruction pursuant to 6A-10.024, and students awarded college credit based on their demonstration of mathematics skills at the level of college algebra or higher through one or more of the acceleration mechanisms in 6A-10.024, shall be considered to have the requirements in subsections 6.017(2), to the extent of the college credit awarded.

Students must achieve a proficiency level of at least a C- in the required writing and math courses in order to receive credit. Courses to satisfy the Communication and Computation requirements may not be taken on an S/U basis.

Please visit USF’s course inventory website to search for courses that meet that these requirements.

Note: The Communication and Computation Requirements are considered met for any student entering the University with an A.A. from a Florida College System institution or for any student entering the University with 60 or more hours. CLEP general/subject examinations in Mathematics, Calculus, College Algebra, College Algebra/Trigonometry, and Trigonometry may satisfy this requirement.

Freshman English Requirement

All first-time-in-college students are required to take Freshman English (a sequential two-semester course of study) in accordance with the following conditions:

1. First-time-enrolled students (a) who do not intend to take the CLEP Freshman English Test or (b) who have been notified of failing CLEP prior to registration and who do not intend to attempt the exam a second time must take ENC 1101 and ENC 1102 sequentially. If a student fails the first course, he/she must repeat it before proceeding to the next Freshman English course. Students should normally take these courses during their freshman year, but these courses are high demand and it is possible that registration space will not always be available.

2. First-time-enrolled students (a) who have not taken CLEP prior to their arrival on campus or (b) who have failed but wish to repeat the test should attempt CLEP during their first nine (9) weeks. During this semester, they should not enroll in ENC 1101. If a student either fails or doesn’t attempt the CLEP examination during his/her first nine (9) weeks, the student normally should take ENC 1101 in the following semester. In this case, the student will normally complete the sequence by the first semester of his/her sophomore year.

These policies do not apply to first-time-enrolled students who can meet the Freshman English requirement with credit transferred from another institution or those with appropriate AP or IB English credit.

Certification Requirements Associate in Arts - USF System Regulation 3.019

Upon the student’s successful completion of the minimum requirements for the Associate in Arts Certificate, the University will present the student who has properly made application with an appropriate certificate.

1. To receive the Associate in Arts certificate, a student must complete 60 semester hours of university credit; at least twenty (20) of the last thirty (30) credit hours or a total of thirty-six (36) credit hours must be completed in residence at the home institution of USF; the minimum grade point average must be 2.0 overall GPA and 2.0 GPA based on work attempted at USF and transfer work accepted and evaluated by the USF Office of Admissions. Physical Education and military science credits do not count within the 60 semester hours toward the Associate in Arts Certificate. All students must satisfy the General Education Requirements of USF and must satisfy the requirements listed in Florida Statutes Section 1007.25 and in State Board of Education Rule 6A-10.030, prior to receiving an Associate in Arts Certificate.

2. Beginning with students initially entering a Florida College System institution or State University System institution in 2014-2015 and thereafter, coursework for an Associate in Arts degree shall include demonstration in competency in a foreign language pursuant to Florida Statute 1007.262. (Also known as USF’s FLENT requirement.)

3. To apply online for an Associate in Arts Certificate, please visit the “Apply for Graduation” website. The deadline to apply for a certificate in each semester is stated in the Academic Calendar in the undergraduate catalog and on the “Apply for Graduation” website.

4. The Associate in Arts certificate must be awarded at least one term prior to the term that the student becomes eligible for the baccalaureate degree.

5. Final processing for the Associate in Arts will be done after grades are processed at the end of the semester for which the student applied. All work, including transfer work, taken in that semester will be evaluated with respect to the requirements for the Associate in Arts Certificate.

38
ACADEMIC REGULATIONS, POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

6. Any incomplete grades shown on the permanent record of an Associate in Arts applicant at the time grades are processed will be treated as an "F" in the calculation of grade point average. Transfer students who completed a substantial portion of the Associate in Arts degree requirements at another institution in the Florida College System will be encouraged to notify that institution of the additional USF credits that may be transferred to that institution towards conferment of that degree. If the former institution will not confer the Associate in Arts degree with the addition of USF transfer credits, but is eligible for the Associate in Arts certificate at USF, then the USF institution will confer the Associate in Arts certificate.

7. The General Education Requirements will be based on the approved University policy in effect in the catalog year the student chooses according to the University policy regarding the choice of catalog from the student's USF home institution. The consideration of whether or not General Education Requirements are met will be made without consideration of the student's choice of major at the time he/she applies.

8. Residence credit will be broadly defined to include USF sponsored student exchange programs and the University of Florida Correspondence Division. Where the grades from these institutions, except those earned through the University of Florida Correspondence Division, are recorded on the permanent record at the USF home institution, and included in the grade point average calculation, they will also be counted in the student’s grade point average as work attempted at the USF home institution for the Associate in Arts Certificate.

9. An applicant who has not been enrolled at a USF institution for three semesters may be contacted to ascertain whether or not that applicant meets the residency requirements.

10. In approving any application for the Associate in Arts Certificate, satisfactory/unsatisfactory grades will be accepted according to the approved University policy in effect during the terms of the student’s enrollment without regard for the student’s declared major. Students must be aware that if they have taken any courses on a satisfactory/unsatisfactory basis where such grades are not acceptable by the college of the major, the students may be required to repeat particular courses for a traditional letter grade or take additional courses for a traditional letter grade to meet the college requirements.

11. All USF colleges with undergraduate programs will accept the Associate in Arts from USF. That is, the student will be placed at least, at the junior level and will be considered to have met the University’s General Education Requirements. The applicability of the courses taken by the student toward his/her major program will be determined by the college of the student’s major. Similarly, any special requirements for a student’s professional certification (e.g., Education and Engineering) are not necessarily met by the Associate in Arts certificate, but could be included as part of the General Education Requirements. Thus, students should check with their colleges concerning meeting any special requirements in an efficient manner.

12. The awarding of the Associate in Arts is posted on the permanent record but does not alter the calculation of the grade point average nor does it interrupt the accumulation of the student’s record.

13. Students who follow a baccalaureate degree program as recommended by a college will not necessarily be eligible for the Associate in Arts certificate prior to the completion of 90 semester hours.

14. **GENERAL COURSE POLICIES**

**Academic Credit Hours**

**USF Policy 10-065 / Florida Administrative Rule 6A-10.033**

Academic credit provides the basis for quantifying the amount of engaged learning time expected of a typical student enrolled in traditional classroom settings, laboratories, studios, internships and other forms of experiential learning, and distance and correspondence education. Credit hours are a measure of learning, and support a wide range of activities, including the transfer of students from one institution to another, awarding financial aid, and credentialing for employment. Because of the significance of awarding credit hours, an institution is obligated to ensure that credit hours for courses and programs conform to the commonly accepted standards of higher education, as stated in the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) Federal Requirements 4.9 (Definition of Credit Hour) and the SACSCOC Credit Hours Policy Statement. This Policy is intended to ensure that all credit-bearing courses and programs offered by the University of South Florida System (USF System) meet the requirements of the Federal definition of a credit hour and the Credit Hours Policy Statement issued by the SACSCOC.

In determining the maximum number of credits that may be assigned to a course, the following guidelines apply.

- For courses taught in a “traditional” classroom format in a 15-week semester, the maximum number of credits to be assigned is limited to the weekly number of 50-minute contact periods (or their equivalent) with the instructor. Underlying this statement is an assumption that each 50-minute contact period requires a minimum additional two hours of student work outside of the class involving reading, exercises, etc. Where this assumption does not hold true (as may be the case with some laboratories, for example), then the maximum number of credits may be significantly less than the weekly number of 50-minute contact periods.
For a lecture class, one unit is considered to be one hour of lecture class time and two hours per week of homework. For the typical three-unit class, a student spends three hours per week in class and should do six hours per week of homework. The total number of class contact hours per semester equals the credit hours multiplied by 15 weeks.

For a laboratory class, the hours per week are considered to be all in class with no outside assignments. Thus, one unit is three hours per week of laboratory time.

Where a course includes "by arrangement lab hours," these generally take the place of the hours assigned to homework, since the student is required to use supervised college facilities to do assignments related to homework. An example might be a 3-unit lecture course which requires the student also to work two hours per week in the computer lab. There would be only four hours per week of additional homework required.

- In all cases, but particularly in cases such as online learning where seat time is non-verifiable, credit hours are awarded on the basis of documented student learning outcomes that reflect the amount of academically engaged time for a typical student in a traditional format, and on the basis of documentation of the amount and type of work a typical student is expected to complete within a specified period of academically engaged time. The number of credit hours awarded is based on the number and/or rigor of student learning outcomes, with the higher number of credit hours awarded yielding greater number and/or rigor of outcomes.

### Semester System

USF operates on a semester system. Semesters begin in August and January with Summer Sessions beginning in May and July. See Academic Calendar for appropriate dates.

### Academic Load

The maximum load of an undergraduate student is 18 hours (Fall & Spring semesters) and 14 hours (Summer Term), unless approval is received from the dean or an authorized representative of the student’s college. Students classified in the exploratory curriculum must receive approval from the Office of Academic Advocacy. In the Fall or Spring Semester 12 hours is the minimum load for a student to be considered as full-time.

#### Full-time Undergraduate Student Definition - Summer Term

- **Sessions “A” & “B” (6 weeks)**
  - For Academic purposes: 6 hours or more each session
  - For Financial Aid purposes: must enroll for 12 hours (undergraduate) in any combination of Sessions “A”, “B”, and “C”

- **Session “C” (10 weeks)**
  - For Academic purposes: 9 hours or more
  - For Financial Aid purposes: must enroll for 12 hours (undergraduate) in any combination of Sessions “A”, “B”, and “C”

Students receiving Veterans’ Affairs benefits should confirm their Summer Term enrollment with the Office of Veterans’ Services or Veterans’ Coordinator.

Undergraduates may not enroll in 6000-level courses or higher without approval of the college/department in which the course is offered.

### Availability of Courses

USF does not commit itself to offer all the courses, programs, and majors listed in this catalog unless there is sufficient demand to justify them. Some courses, for example, may be offered only in alternate semesters or years, or even less frequently if there is little demand.

### Transfer of Credit to USF

USF will accept credits only from those institutions accredited by one of the accrediting agencies/commissions recognized by USF. However, USF reserves the right to deny credit for specific courses. The receipt and evaluation of total transfer credit are the responsibility of the Office of Undergraduate Admissions. The college of the student’s major will determine which courses are applicable toward a specific degree and will assign equivalent courses (see Evaluation of Transfer of Credit under Admissions and Related Matters).

USF subscribes fully to all of the provisions of the statewide Articulation Agreement (Rule 6A-10.024) and strongly recommends that students complete the associate of arts degree or, in certain prior-approved areas, the associate of science degree, before transferring. Special details for students who do not plan to complete the associate degree requirements are available from the Office of Undergraduate Admissions. Also, all transfer students should refer to other entries about undergraduate transfers in the Admissions section of this catalog.
Award of Credit for Online Coursework  
**USF System Policy 10-071 / BOG Regulation 6.020**  
Undergraduate students who are admitted to the University of South Florida System (“USF System”) and who have completed online college-level courses prior to initial enrollment in undergraduate education may request that the university evaluate that work to determine if credit might be awarded. Award of credit for that work must meet the following conditions:

1. USF System faculty have determined the online course content and learning outcomes to be comparable to a course offered at the institution;
2. Online courses meet the quality and accreditation standards intended for a transfer course; and
3. The subject area faculty, have determined that the online course is relevant to the student’s intended program of study.

For information regarding the process to have coursework evaluated and/or further information on the policy, please visit the USF System Policy 10-071.

Award of Credit for Military Training  
**BOG Regulation 6.013 / USF Regulation 6.0025**  
Students who are or were eligible members of the United States Armed Forces may earn appropriate college credit for college-level training and education acquired in the military. College credit will be granted to students with military training or coursework that is recognized by the American Council on Education (ACE), subject to institution transfer practices and limitations on amount, level, etc. of transfer credit. Military training or coursework will be subject to the same treatment as any other transfer credit evaluated, with utilization of the ACE Guide to the Evaluation of Education Experiences in the Armed Services for determining equivalency and alignment of military coursework with appropriate university courses. If the coursework fulfills a general education or major course or degree requirement, the credit will be granted for meeting that requirement towards graduation. Appropriate course credit may include free elective course credit toward the degree.

Credit that was previously evaluated and awarded by another college-degree granting institution and that is appropriate to the transfer student’s major will be accepted, subject to institution transfer limitations. Credit awarded for military education and training will be noted on the transcript and documentation of the credit equivalency evaluation will be maintained. Credit awarded for military education and training will not count in the excess hours fee per BOG Regulation 7.003. Priority course registration will be provided for each veteran of the United States Armed Forces who is receiving (from the) GI Bill.

Former Student Returning  
The Office of Admissions will evaluate the acceptability of transfer of credits taken at regionally-accredited institutions since last enrolled at USF. The college of the student’s major will determine which courses are applicable for his/her major. In some instances, exact course equivalents will also be determined by other colleges that offer the same or similar course(s) as a part of their programs of study.

Class Standing  
A student’s class is determined by the number of credits he/she has earned without relation to his/her GPA.

ACADEMIC PROGRAMS AND PROGRESSION  
**Student’s Choice of Catalog**  
In order to graduate from USF, each degree-seeking student must meet all of the graduation requirements specified in the USF catalog of his/her choice. A degree-seeking student may choose any USF catalog published during his/her continuous enrollment. Students who have transferred from one Florida public institution to another are affected by the following Department of Education policies:
Graduation requirements in effect at the receiving SUS institution at the time a student enrolls at a Florida public institution of higher learning shall apply to that student in the same manner that graduation requirements apply to its native students provided the student has had continuous enrollment as defined in the SUS institution’s catalog.

Students who transfer from one public institution to another in the State University and Florida College Systems within two (2) years of their matriculation and seek admittance to the upper division come under the common prerequisite requirements of their entering catalog. For example, a student who enters a Florida community college in Fall 1999 and seeks admittance to an upper division major for Fall 2001 must meet the major common prerequisites listed in the 1999-2000 Common Prerequisite Manual. However, if the student does not seek admittance within two years of his or her matriculation, he or she will come under the manual dated two years prior to transfer. For example, if the student enters in Fall 1999, but does not transfer until Fall 2005, he or she must meet the requirements of the 2003-2004 Manual.

Continuous Enrollment

At USF, “continuous enrollment” is defined as enrolling as a degree seeking student at least one term each twelve month period. Therefore, students cannot choose a USF catalog published prior to or during an academic year in which they did not maintain continuous enrollment. (Each catalog is considered to be published during the academic year printed on the title page.)

If a student does not maintain continuous enrollment, he/she will become inactive and need to reapply to USF.

If the student cannot meet all of the graduation requirements specified in the catalog of his/her choice due to decisions and changes by the University in policy matter, course offering, etc., appropriate substitutions will be determined by the chairperson of the department or program of the student’s major.

USF’s policies are subject to change and apply to all students regardless of their choice of catalog. If the student’s graduation requirements are affected by changes in University policies, appropriate arrangements will be made to preclude penalization of the student.

Continuously Enrolled Degree Seeking Student

The Office of Admissions will determine the acceptability of transfer credits for continuing, degree-seeking students who take courses at regionally-accredited institutions. However, PRIOR WRITTEN APPROVAL MUST BE OBTAINED from the college of the student’s major if these credits are to be applicable to the USF degree program. A properly-executed Transient Student Form or Cross Enrollment Form should be used for this purpose.

Declaration of Major

It clearly is advantageous for students to make early decisions about their major, to be on track and to remain on-track toward their degrees and to graduate in a timely manner. With over 100 majors and concentrations to choose from, USF allow students considerable options in their early course choices. Students are encouraged to declare a major upon entry to the University. If they are unable to select or declare a major formally or a pre-major, they should follow the exploratory curriculum that best matches their interests.

FTIC students must be officially declared in a major or a pre-major before they register for more than 36 credits, including credit earned via Advanced Placement, International Baccalaureate, or Dual Enrollment coursework. Students will not be allowed to register for further credit coursework at the University until they have declared a major or pre-major.

Transfer students should declare their majors upon entry to the University. Transfer students with 60 or more semester hours must declare a major and will not be allowed to register for further credit coursework at the University until they have declared a major or a pre-major.

Many resources are made available by the University to assist students in making career decisions and choosing their majors. Student are encouraged to visit with their academic advisor and to visit Career Services.

College Policies for Academic Progress

Colleges may determine and implement standards of academic progress for undergraduate students (majors in the college) in addition to those established by USF. Students who do not meet the academic standards of progress set by their colleges will be placed on probation and may be disenrolled. The college dean is responsible for implementing standards of academic progress and for notifying students of their probationary or disenrollment status.
Colleges may restrict the course selections and the number of hours a student may take that do not apply toward completion of degree requirements. Students who exceed this limit may have part or all of their registration canceled.

Colleges are responsible for publicizing and students are responsible for knowing their college’s policies for academic progress.

Admission to a College
All newly-admitted students must be advised at Orientation by an academic advisor. USF has a decentralized advising system, which means that students are able to meet directly with an advisor in the college and department of their selected major. Students who have yet to finalize a major, declare the exploratory curriculum and receive advising through the Office of Academic Advocacy. New transfer students with 60 or more semester hours must choose a major before registering.

Change of Major
All undergraduate students desiring to change their major should consult the advising office in the old and new college(s) of their interest.

Degree Program
A degree program is an organized curriculum leading to a degree in an area of study recognized as an academic discipline by the higher education community as a demonstrated by assignment of a Classification of Instructional Programs (CIP) code by the National Center for Educational Statistics. Each degree program shall have a designated faculty effort and instructional resources, and shall include at least one program major, by may have multiple majors. Each degree program is approved at only one degree level.

Academic Major
An academic major is an organized curriculum offered within a degree program. A major shall be reasonably associated with the academic discipline within the degree program under which it is offered and shall share common core courses with any other majors within the same degree program. The major is the student's primary field of study. Although, in some cases, the major and the degree program names are synonymous, only the degree program shall be assigned a CIP code and shall be included in the State University System Academic Degree Program Inventory. The number of credit hours for a major for each degree level shall be established by the USF System member institution in accordance with State regulations and SACSCOC minimum requirements.

A track or specialization is an area of study within a major or concentration that is less formal and is not indicated on the student's transcript.

An accelerated program allows highly qualified undergraduate students to complete a bachelor's degree and a master's degree in a select few majors on an accelerated timeline. These programs commonly offer a shorter duration to completion of both degrees. Students complete a portion of the required graduate coursework while classified as an undergraduate student and have the coursework count towards both degrees. As soon as the student completes the undergraduate degree requirements, the student is converted to graduate student status, where the remaining graduate requirements are fulfilled. A list of approved accelerated programs may be found on the undergraduate catalog website.

USF offers curricula leading to the baccalaureate degree in the below fields. The degree is indicated in parentheses after each major code.

Concentration
An undergraduate concentration is an organized set of courses that is offered as part of a major and enhances or complements the degree program to be awarded in a manner which leads to specific educational or occupational goals, and/or from different disciplines that provide an interdisciplinary focus. Concentrations are defined by the University with the credit-hour length set in accordance with University policy, expect that the number of credit hours shall not equal or exceed the number of credit hours established for a major at the same degree level.

A track or specialization is an area of study within a major or concentration that is less formal and is not indicated on the student's transcript.

Each undergraduate concentration conforms to these University requirements:
1. At least 50 percent of the required coursework must be earned from the USF institution awarding the concentration.
2. USF coursework for a concentration must have a minimum GPA of 2.00; some majors/concentrations have higher minimum GPA requirements.
## Academic Regulations, Policies and Procedures

### University of South Florida 2017-2018 Undergraduate Catalog

3. Only an undergraduate, degree-seeking student at USF is eligible to pursue a concentration.

4. A concentration can be applied for and received only in conjunction with applying for and receiving a baccalaureate degree.

Educational Foundations (GEF)

Bachelor of Science in Applied Science (B.S.A.S.)
Applied Science (APS)  Environmental Policy (AEP)
Aging Sciences (AASC)  Information Studies: Information Architecture (AIA)
Behavioral Healthcare (ABH)  Public Administration (APU)
Computer Systems Technology (ACST)  Public Health (APL)
Criminal Justice (ACJ)  Urban Studies (AUR)
Deaf Studies (ADS)

Academic Minor
An academic minor is an optional complement to a bachelor's degree in a particular field, leading to specific educational goals. It requires approximately one-half of the upper-level credits required for a major in that field. A student may declare a minor at any point during the first term of enrollment and thereafter as a degree-seeking student, but is expected to declare it as early as possible but prior to applying for graduation. Students should obtain prior approval with the specific requirements and forms from the college and department in which the minor is offered. The department may require the same admission or retention standards as required for the major.

Each academic minor conforms to these University requirements:
1. A minor is a minimum of 12 semester hours; at least 8 semester hours of credit used to satisfy the requirements must be from USF courses; at least 50 percent of the required coursework must be earned from the institution awarding the minor.
2. A student may not have a major and a minor in the same program. Courses used to fulfill the major requirements may not apply to the minor.
3. USF coursework for a minor must have a minimum GPA of 2.00; some minors have higher minimum GPA requirements.
4. Only an undergraduate, degree-seeking student at USF is eligible for a minor.
5. A minor can be applied for and awarded only in conjunction with applying for and receiving a baccalaureate degree.

USF offers curricula leading to an academic minor in the following fields:

College of Arts and Sciences
Africana Studies (AFA)  Chemistry (CHM)
American Studies (AMS)  Chinese Language (CHN)
Anthropology (ANT)  Classics (CLS)
Astronomy (AST)  Communication (SPE)
Biomedical Anthropology (BAN)  Creative Writing (CRW)
Biomedical Physics (BPH)  Economics (ECO)

- Naval Science and Leadership (NSL)
Undergraduate Certificate

An undergraduate certificate is an organized set of courses offered as a distinct area of study that leads to specific educational or occupational goals. Certificates may consist of courses that are part of a major or courses that are created outside of a major. Certificates are optional and students are urged to declare a certificate as early as possible. Students should obtain prior approval with the specific requirements and forms from the college and department in which the certificate is offered. Certificates may be certified at any time during the student's undergraduate career.

Each undergraduate certificate conforms to these University requirements:

1. Students must be admitted as undergraduate, degree seeking or non-degree seeking to be eligible to receive an undergraduate certificate.
2. A minimum of 12 semester hours of credit used to satisfy the requirements of a certificate must be from USF courses; at least 50 percent of the required coursework must be earned from the institution awarding the certificate.
3. USF coursework for a certificate must have a minimum GPA of 2.00; some undergraduate certificates have higher minimum GPA requirements.

USF offers curricula leading to an undergraduate certificate in the following areas:

**College of Arts and Sciences**
- Africana Literatures
- Agricultural Sustainability and Food Biosecurity
- Arabic Language and Culture
- Asian Studies
- Film Studies
- Food Studies
- India Studies
- Italian Studies
- Japanese
- Latin American and Caribbean Studies
- Modern Western European Studies
- National Intelligence
- Russian Studies

**College of Behavioral and Community Sciences**
- Undergraduate Research in Behavioral & Community Sciences

**College of Business**
- Business Analytics and Information Systems
- Undergraduate Business
- Sales

**College of Engineering**
- Foundations of Cyber Security

**College of The Arts**
- Advanced Dance Studies
- Art History
- Business and Art
- Electrical Engineering, Digital Design, and The Arts
- Visualization and Design

**Double Undergraduate Major**

Students may elect to graduate with two majors. In that event, they must apply independently to each department and college and be assigned an advisor in each discipline. While this independent notification to each department may begin at entry into the University, the student will need to formally declare the double majors to Undergraduate Studies after earning at least 45 credit hours but no more than 95 credit hours (excluding accelerated credits). The student must meet all requirements of each major separately and must be certified for graduation by each college within 10 semesters of the degree starting date. In declaring a second major, the student will be charged the Excess Credit Hour Surcharge required by the state for excess credit hours beyond the official limit (after 110-120 percent of those allowed for the first major, up to thirty credit hours allowed for the second major). Both majors will be awarded in the same term at the completion of the degree.

**Second Undergraduate Major**

A student who wishes to work toward a second major, after receipt of a baccalaureate degree, must apply as a degree-seeking student prior to the end of the semester in which the student will be graduating and meet the major requirements as determined by the college. (Exceptions to this rule are students who have been previously accepted...
for a "Double Undergraduate Major" but graduated with only one major.) After acceptance by the appropriate college and proof of completion, the student’s “permanent academic record” will be posted accordingly.*

A student who wishes to apply for a second major, but applies after the end of the semester in which the student graduated, must apply as a degree-seeking student and will be classified as a post-baccalaureate student.

*Note that those students who complete the requirements for a second major must be aware that they will not receive a second degree.

Two Degrees (USF Students)

A student at USF may receive two baccalaureate degrees provided he/she meets University graduation requirements for both degrees. In addition to the minimum 120 semester credit hours that apply toward the first degree, the student must also earn at least a minimum of 30 semester credit hours in USF undergraduate courses that will apply toward the second degree. The student must also meet the requirements of the college awarding the degree and the residency requirement as degree-seeking students of the home institution within 10 semesters of the first degree’s starting date. While independent notification of intent to earn co-degrees (concurrent) may be made to each department or college at entry into the university, the student will need to formally declare the co-degrees (concurrent) to Undergraduate Studies after earning at least 45 credit hours but no more than 95 credit hours (excluding accelerated credits). In those cases when two different USF colleges are conferring degrees, the student should maintain status as a continuing student and both colleges should be informed of the student’s progress toward degree completion before the student applies for graduation from either college.

In declaring a second degree, the student will be charged the Excess Credit Hour Surcharge required by the state for excess credit hours beyond the official limit (after 110-120 percent of those allowed for the first degree, plus thirty credit hours for the second degree). Both degrees will be awarded in the same term at the completion of the degrees.

Second Baccalaureate Degree (Transfer Students)

A student already graduated from an accredited four-year institution must earn a minimum of an additional 30 semester hours of USF undergraduate courses to apply toward his/her second baccalaureate degree. Students must also meet the University’s regular graduation requirements, as well as the requirements of the college awarding the degree and the residency requirements.

Availability of a Baccalaureate Degree for Students Enrolled in or Graduated from a Five-Year Master’s Program

A student may enroll in a baccalaureate degree program while enrolled in or after graduation from a five-year master’s degree program. In consultation with an advisor in the five-year program and an advisor in the baccalaureate-level program and with the approval of the college dean(s) offering the program(s), the student is required to complete the following:

1. Satisfy degree requirements for the five-year master’s program.
2. Satisfy requirements for the baccalaureate-level program.

Academic Learning Compacts

In accordance with the Board of Governors Policy Guideline PG 05.02.15 each baccalaureate program develops and implements "Academic Learning Compacts." The Academic Learning Compacts include concise statements of what program graduates will know and be able to do (i.e., the expected core student learning outcomes). Each Academic Learning Compacts includes the following components:

- Identifies the expected core student learning outcomes for program graduates in the areas of:
  - Content/discipline knowledge and skills
  - Communication skills
  - Critical Thinking skills

COURSE ATTENDANCE AND GENERAL CLASSROOM POLICIES

Academic Regulations Committee

Certain academic regulations for the University are managed by the Academic Regulations Committee (ARC) within each college. Each college’s Academic Regulations Committee regularly reviews petitions submitted by undergraduate students. Undergraduate students must petition and secure approval from their college’s Academic Regulations Committee to return to the University after having been academically dismissed or to receive special consideration regarding an academic regulation, including late or retroactive drop of a course, late registration or late add of a course, deletion of a course, and withdrawal from a term. The ARC representatives or designees in each College meet with the
student, assist with the petition process, and serve on their college’s Academic Regulations Committee. Representatives from the college ARC’s also meet formally to review ARC policies and procedures for the University.

The college Academic Regulations Committee will reexamine petitions when the student provides new and substantive information directly related to the petition or evidence that an error was made. A final ARC decision may be appealed first through the College Dean or designee within ten business days of the initial decision. Then the Associate Dean of Undergraduate Studies can hear an appeal.

The University has implemented a statute of limitations on student petitions for retroactive adds, drops, withdrawals, and registration. A student will be limited to two calendar years (six academic semesters/terms) to submit a petition to their college.

If a student is requesting consideration for financial reimbursement, the student must submit a Fee Adjustment Request to the Office of the Registrar within 6 months of the applicable semester end date and following final petition decision.

To petition the committee, completed forms should be submitted to the respective College Advising Office for ARC review. In some cases, a consultation with an ARC representative is required. Students may contact their ARC representative for details regarding their submission. Detailed information and the appropriate forms may be obtained by visiting the Academic Regulations Committee’s website. Students will receive notification of the committee’s decision by mail/email.

Student Academic Grievance Procedures - USF System Policy 10-002

I. PURPOSE & INTENT

The purpose of this Policy is to provide all undergraduate and graduate students taking courses within the University of South Florida System (USF System) an opportunity for objective review of facts and events pertinent to the cause of the academic grievance.

II. STATEMENT OF POLICY

Review of the facts and events pertinent to the cause of the academic grievance will be accomplished in a collegial, non-judicial atmosphere rather than an adversarial one, and shall allow the parties involved to participate. All parties will be expected to act in a professional and civil manner. These guidelines are meant to govern all colleges (exclusive of the MD and DPT programs within the College of Medicine and the College of Pharmacy to the extent they maintain procedures and processes for issues regarding professionalism). However, USF System institutions may have unique titles and specific administrative levels. Accordingly, each institution shall determine the appropriate levels and titles for review at the time a student initiates an appeal ensuring that if it is determined the matter is an academic grievance there is at least one committee level review and recommendation to an administrator to accept or reject.

In the case of Academic Integrity violations, the appeal or grievance of a decision or academic action regarding Academic Integrity is contained in USF3.027 Academic Integrity of Students.

III. DEFINITION OF TERMS:

An “academic grievance” is a claim by an enrolled student receiving academic credit for a course that a specific academic decision or action (such as the assignment of a final grade or academic dismissal of a student or other grade assignment) has violated published policies and procedures, or has been applied to the grievant in a manner different from that used for other students.

- Academic grievances will not deal with general student complaints.
- An academic grievance must include a reference to a violation of a specific USF Policy, or an academic decision that was applied differently to the grievant than other students to be considered under this Policy.
- Only the final grades assigned in a course, final actions or dismissals by the academic unit are grievable.
- Disagreement or issues with individual test grades, responses to exam questions or general disagreement with the academic discretion or professional judgment of instructors, (defined below as including all levels of academic administrators for purposes of this Policy) will not be considered grounds for an academic grievance, except where they impact the final grade. If a student has a concern on an individual assignment, and would like some formal consideration, the student should contact the instructor to discuss the issue and may submit the concern as a general complaint in writing to the instructor. If the student and instructor cannot resolve the complaint, the student may forward the complaint to the instructor’s supervisor and that supervisor shall review the complaint and provide a response to both the student and instructor. If the supervisor identifies a need for a review by another office or process, the supervisor may make an additional referral.
- Dismissals based on University protocols such as failure to maintain GPA, probation for academic performance or other automatic administrative actions are not grievable.

“Instructor” shall mean any classroom instructor, thesis/dissertation/directed study supervisor, or the Dean or supervisor that imposes the final academic decision.

“Department Chair/Director” shall mean the academic head of a college department or the director of a program—or in all cases a “Department’s designee” appointed to handle academic grievances.
ACADEMIC REGULATIONS, POLICIES AND PROCEDURES

“Dean” shall mean a College Dean, or the Dean of Undergraduate Studies, or the Dean of the Office of Graduate School, or the equivalent as indicated—or in all cases a “Dean’s designee” appointed to handle academic grievances for the unit.

“Time” shall mean “academic time,” that is, periods when USF System classes are in session. The person vested with authority at the appropriate level may extend any of the time periods contained herein for good cause. Any extensions must be communicated in writing to all parties. For the purposes of this Policy, each step shall be afforded three (3) weeks as a standard time limit. When a department considers a grievance according to published departmental procedures approved by the College Dean and Provost or College Dean and Regional Vice Chancellor for Academic Affairs, as pertinent, the time line specified in this academic unit’s procedures will govern the process and no additional notice of time extension is needed.

“Written communication” shall mean communication by email to the recipient’s USF official email address of record or e-mail communication using assigned USF e-mail addresses.

The “burden of proof” shall be upon the student such that the student challenging the decision, action or final grade assigned has the burden of supplying evidence that proves that the instructor’s decision was incorrect. In cases where the academic decision is based on a deficiency in or a violation of a clinical or professional standard, the deficiency or violation may be considered sufficient proof to support an academic failure or dismissal notwithstanding a student’s success in other areas of academic performance.

“Jurisdiction” Where the course (not the student’s registration status) is housed (e.g., payment of faculty salary for the course) determines the appropriate forum (institution, college or department) where the grievance will be conducted. The outcomes of the grievance should be shared with the home institution, College and Department (Program Director or Chair of the students major). In the case where there is a joint program or it is unclear where jurisdiction shall fall, the Provost (or designee) may be consulted to identify the appropriate forum for the grievance. If a student is dismissed from a course, program, college or institution, that forum may make an additional recommendation for a more comprehensive sanction across the System directly to the Provost. In the event there is a System level dismissal by the Provost, and a student wishes to appeal that system level action, the President may designate an administrative officer to review that appeal and make a final determination.

“Institution” There are three member institutions in the USF System specifically referred to as USF, USF St. Petersburg (USFSP) and USF Sarasota-Manatee (USFSM).

“Legal Representation” Neither party shall be entitled to bring “legal representation” to any actual grievance proceeding as this is an internal review of an academic decision.

IV. PROCESS STEPS:

A. Resolution Process at the Course or Department Level

1. If the grievance concerns the Chairperson/Director or other officials of the department, the student has a right to bypass the departmental process and proceed directly to the College Level.
2. The student shall first make a reasonable effort to resolve his or her grievance with the instructor concerned, with the date of the incident triggering the start of the process (i.e. the issuance of a final grade) and if the instructor determines it is feasible and may be productive, the instructor shall accommodate a reasonable request to discuss and attempt to resolve this issue.
3. If the situation cannot be resolved or a meeting with the instructor is not feasible, the student shall file a notification letter within three (3) weeks of the triggering incident to the department Chairperson/Director or the appropriate supervisor. This shall be a concise written statement of particulars and must include specific reference to the (a) published USF Policy, procedure or official published catalog and the manner in which it was allegedly violated and the decision that affected the student’s academic record or status based on a violation of that specific written USF Policy, procedure or official published catalog (b) a description of the manner in which the student was treated in a substantially inequitable manner and a statement indicating the remedy sought (c) supporting documentations of all claims in the grievance and (d) the effort the student made to resolve the issue with the instructor.
4. The department Chairperson/Director must determine if the matter is an Academic Grievance (a specific Policy violated or a student treated differently than others) or if the matter is a complaint regarding the course or instructor.
   a. If the Chairperson/Director determines that the matter is not an Academic Grievance, the Chairperson/Director will discuss the complaint with the student and/or the faculty member and must advise the Dean of the complaint and the recommended resolution if any. The Dean will then review the classification of the complaint as not subject to the Academic Grievance Process and advise the student and faculty member in writing of the Dean’s decision which may be to do one or more of the following:
ACADEMIC REGULATIONS, POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

i. Implement the recommendation of the Chairperson/Director (which can include dismissal).
ii. Reject the classification and move the matter forward as an academic grievance.
iii. Make referrals to appropriate Human Resources or employee supervisor/office for intervention and/or to appropriate USF offices (such as Diversity and Equal Opportunity Office (DEO)).
b. If the Chairperson/Director determines the matter is an Academic Grievance, the Chairperson shall provide a copy of the student’s statement to the instructor. The instructor may file a written response to the grievance and the Process will continue.

5. The department Chairperson/Director shall discuss the student’s statement as reference above jointly or individually with the student and the instructor to see if the grievance can be resolved. If the department maintains its own grievance procedure,* it should be applied at this point. If the grievance can be resolved, the Chairperson/Director shall provide a statement to that effect to the student and the instructor with a copy to the College Dean.

6. If the grievance cannot be resolved, the department Chair/Director shall notify both the student and the instructor, informing the student of his/her right to file a written request directed back to the Chair/Director within three weeks to advance the grievance to the College Level. Upon receipt of the student's request to move the process to the College Level and the instructor's response to the grievance (if provided), the Chairperson/Director shall immediately notify the College Dean of the grievance, providing copies of the student's initiating grievance statement, any instructor's written response to the grievance, and the written request from the student to have the process advanced to the College Level (which shall include additional student responses and final statement). Should the student not file a written request to move the grievance to the College Level within the prescribed time, the grievance will end.

B. Resolution Process at the College Level

1. Upon receipt of the grievance, the College Dean will review that matter to confirm that it is an Academic Grievance. If the Dean determines the matter is not an Academic Grievance, the Dean may dismiss it (which is a final University Decision) and notify all parties in writing, or if the Dean determines that it is an Academic Grievance, within three weeks the Dean shall establish an Academic Grievance Committee. The membership of the Committee shall be constituted as follows:
   a. Three (3) faculty members and two (2) students (undergraduate or graduate as appropriate to the case) shall be selected from the college by the Dean.
   b. Wherever practical, the Committee shall not include members of the faculty or students of the department directly involved with the grievance, or faculty or students of the student’s major department. However, for cases involving Clinical or Professional Standard violations, the Committee shall include, when feasible, at least one member assigned to oversee or with expertise in, a clinical area.
   c. The student or instructor may request to attend a Committee meeting to present a final statement to the committee. The Chairperson will designate which meeting the student or instructor may attend to present any final statement to the Committee. Only the Committee may invite additional parties such as faculty or students from the department involved with the grievance or from the student’s major department or other outside party to provide expert or other relevant testimony in the proceedings. The student or instructor may be present during the other's final statement and may hear the additional information provided, however, neither may be present during the Committee’s deliberations. The meeting time and place is to be set by the Committee. Failure or an inability of the student or instructor to attend a meeting will not force the meeting to be rescheduled or cancelled.
   d. The student or instructor may be accompanied by one individual (not to act as legal counsel or to participate in the meetings) if the student or instructor attends the meeting. The individual may be required to sign a confidentiality agreement.
   e. Students may not initiate contact regarding or relating to the grievance process or outcome with any member of the Committee outside of this established process before, during or after the Committee review process and any such contact may be considered a violation of USF6.0021 Student Code of Conduct.

2. The Committee will operate in the following manner:
   a. The Committee Chairperson will be appointed by the College Dean from among the three (3) faculty members appointed to the Committee. The Committee Chairperson shall be responsible for scheduling meetings, overseeing the
ACADEMIC REGULATIONS, POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

deliberations of the committee and ensuring that full and fair consideration is provided to all parties. The Committee Chairperson shall vote on committee decisions only when required to break a tie.

b. All deliberations shall be in private and held confidential by all members of the Committee. The recommendation of the Committee shall be based on their interpretation of the evidence presented to it.

c. Within three (3) weeks of the Committee appointment, the Committee Chairperson shall deliver in writing to the College Dean a report of the findings and a recommended resolution.

d. Within three (3) weeks of receipt of the Committee recommendation, the College Dean shall provide a decision in writing to all parties (the student, the instructor and the department Chair/Program Director). The Dean’s decision shall indicate whether the decision was consistent with the committee recommendation.

e. The College Dean’s decision is a final decision and appealable by the instructor or student to the University level only in the event (1) the decision of the College Dean is contrary to the recommendation of the Committee (which will be indicated in the Dean’s decision) or (2) if there is a specific and identified substantive procedural violation of these Student Academic Grievance Procedures. Such an appeal must be made in writing to the Dean of Undergraduate Studies or Graduate Studies (as appropriate) or the appropriate Chief Academic Officer or their designee within three weeks of receipt of the decision from the College Dean.

C. Resolution Process at the Institution Level

For this level of appeal process, the Provost/Executive Vice President for Academic Affairs or the Sr. Vice President for USF Health has delegated authority for academic grievance appeals at the Institution level to the Dean of Undergraduate Studies for appeals involving undergraduate courses and to the Dean of the Office of Graduate Studies for appeals involving graduate courses. For academic grievance appeals for grades assigned in courses at USFSP or USFSM, the appropriate Regional Vice Chancellor for Academic Affairs at those Institutions may delegate authority to an Academic Administrator Officer to hear the appeal at the System Level (for the purposes of this section Administrative Officer, Graduate/Undergraduate Dean are referred to as “Administrator Officer”). In the event there is confusion as to the home for the course or in the registration status of the student within the USF System, the Provost may designate the jurisdiction for the appeal. The process steps are outlined below.

1. The student or the instructor may appeal at the Institution Level within three (3) weeks of the receipt of a decision made at the College Level, when (1) the decision at the College Dean Level is contrary to the recommendation of the Grievance Committee (2) a party identifies a specific substantive procedural violation in the application of the AGP. Within three weeks of receipt of the appeal of the decision, the Administrative Officer shall determine that the appeal is merited (there is a recommendation at the College Level contrary to the committee or the Administrative Officer concurs that there is cause to believe a substantive procedural violation in application of the AGP process may have occurred). If the Administrative Officer determines the appeal is not merited, the Administrative Officer shall advise the student, the instructor and the department Chair accordingly and that notice shall be a final University Decision. If the appeal is determined to be merited, the Administrative Officer (who may consult with the Faculty Senate and Student Senate) shall appoint an Appeals Committee consisting of three (3) faculty members drawn from the appropriate USF System Undergraduate Council or Graduate Council, and two (2) students, undergraduate or graduate (as appropriate and to be determined by the Administrative Officer).

2. The structure, functions and operating procedures of the Appeals Committee will be the same as those of the Committee (i.e. chaired by one of the appointed faculty members appointed by the Administrative Officer who will not vote except in the case of a tie, having no representation from either party’s respective departments, developing a recommendation to the Administrative Officer, etc.).

3. Within three (3) weeks of the appointment, the Committee Chairperson shall deliver in writing to the Administrative Officer a report of the findings of the Committee and a recommended resolution.

4. Within three (3) weeks of receipt of the Committee recommendation, the Administrative Officer shall provide a decision in writing to all parties.

5. If the Administrative Officer's decision is that a grade change is merited, the Administrative Officer shall initiate the grade change on the authority of the Provost and so inform all parties. In all academic grievance appeals, the Administrative Officer's decision is a final University decision and not subject to further appeal within the USF System.

In those cases where the final University decision constitutes a dismissal or permanent separation from the University, a student may seek judicial review pursuant to Florida Rule of Appellate Procedure 9.190(b)(3) by filing a petition for certiorari review with the appropriate circuit court within thirty (30) days of the final University decision. If a
person seeks review with the court, a copy of the petition must also be provided to the University of South Florida Office of the General Counsel at University of South Florida, CGS 301, 4202 E. Fowler Avenue, Tampa, Florida 33620-4301.

D. Outcomes

The final outcome will vary on an individual case basis. In the case of grade appeals, the USF System reserves the right to change a student’s grade if it is determined at the conclusion of the grievance process that the grade given was incorrect. The term “incorrect” means the assigned grade was based on something other than performance in the course, or that the assignment of the grade was not consistent with the criteria for awarding of grades as described in the course syllabus or other materials distributed to the student. In such circumstances, the Dean or Provost/Executive Vice President for Academic Affairs, the Regional Vice-Chancellor for Academic Affairs, or the Sr. Vice President, USF Health may file an administrative grade change. In the case of all other academic grievances, the USF System reserves the right to determine the final outcome based on the procedures detailed herein.

Disruption of Academic Process - USF System Regulation 3.025

1. Disruptive students in the academic setting hinder the educational process. Although disruptive student conduct is already prohibited by the Student Code of Conduct, the purpose of this policy is to clarify what constitutes disruptive behavior in the academic setting, what actions faculty and relevant academic officers may take in response to disruptive conduct, and the authority of the Office of Student Rights and Responsibilities or designated office handling conduct issues in Student Affairs to initiate separate disciplinary proceedings against students for disruptive conduct.

2. Disruption of the academic process is defined as the act, words, or general conduct of a student in a classroom or other academic environment which in the reasonable estimation of the instructor: (a) directs attention away from the academic matters at hand, such as noisy distractions, persistent, disrespectful or abusive interruption of lecture, exam, academic discussion, or general University operations, or (b) presents a danger to the health, safety or well-being of self or other persons. References to classroom or academic area include all academic settings (live or online, and including field experiences) and references to Instructor include the course instructor, USF faculty, administrators, and staff. Misconduct occurring in other campus areas on University premises or which adversely affects the University community and/or the pursuit of its mission is already prohibited by the Student Code of Conduct and will be handled by those procedures.

Academic discussion that includes disagreement with the course instructor during times when the instructor permits discussion is not in itself disruptive behavior and is not prohibited. Some disruptive students may have emotional or mental health disorders. Although such students may be considered disabled and are protected under the Rehabilitation Act/ADA, they are held to the same standards of conduct as any student.

The following applies to all of the University of South Florida’s three separately accredited institutions; however, non-substantive procedural modifications to reflect the particular circumstances of each USF Institution are permitted. Information concerning these procedures is available through the USF institution’s Student Affairs Office.

Procedures for Handling Disruption of Academic Process

(A) General Guidelines for Instructor:

1. If a student is disruptive, the Instructor may ask the student to stop the disruptive behavior and/or warn the student that such disruptive behavior can result in academic and/or disciplinary action. Alleged disruptions of the academic process will be handled initially by the Instructor, who will discuss the incident with the student whenever possible. It must be noted that the Faculty Senate considers the traditional relationship between student and instructor as the primary means of settling disputes that may arise.

2. The Instructor is authorized to ask a student to leave the classroom or academic area and desist from the disruptive behavior if the Instructor deems it necessary. If the Instructor does this, s/he will send an Academic Disruption Incident Report within 48 hours simultaneously to (a.) the department chair, (b.) the Assistant/Associate Dean of the College (as determined by the College), (c) the Office of Student Rights and Responsibilities (OSRR) or the institution’s designated office in Student Affairs, and (d.) the student. If the situation is deemed an emergency or circumstances require more immediate action, the instructor should notify the appropriate law enforcement agency, OSRR and other authorities as soon as possible. Any filed Incident Report can, and should, be updated if new information pertinent to the situation is obtained.

3. An Instructor may also further exclude the student from the classroom or other academic area pending resolution of the matter. If the Instructor recommends exclusion (temporary or permanent) from the classroom pending resolution, the student must be informed of the exclusion before the next scheduled class (either by phone, email or in person). That notice must: (a.) inform the student of the exclusion, (b.) inform the student of his/her right to request an expedited review of the exclusion within two days to the Chair of the Department.
If such academic exclusion occurs, and if the student requests a review, Chair of the Department shall review the exclusion within two days of the date the student requests the review and decide if the student can return to the specific class and/or any academic setting. This decision may be appealed in writing by the student within two days to the Dean of Undergraduate Studies or Graduate Studies or the institutional designee (as appropriate) for review and decision within two days. Any decision rendered at that point must be in writing and will serve as the final and binding academic decision of the university.

Each academic decision or sanction must be communicated to the Office of Students Rights and Responsibilities or the institution’s designated office as soon as possible.

(B) Possible Academic Sanctions and Grading Guidelines:

Authority of an Instructor and the appropriate Chair or Assistant/Associate Dean’s Office may result in any of the following sanctions:

- Warning to the student
- Voluntary withdrawal by the student from the class(es)
- Temporary exclusion and/or permanent dismissal from the instructor’s classroom or academic area, program, or college, pending an expedited appeal
- Academic sanction, including assignment of a final grade — if the final determination is a dismissal from class, the grade assigned for the class will depend on the student’s status at the time of dismissal. If the student had a passing grade in the class at the time of dismissal, a grade of “W” will be assigned for the course. If the student had a failing grade in the class at the time of dismissal, a grade of “F” will be assigned for the course. These grades will become a part of the student’s permanent record. In addition, if the academic disruption results in dismissal from more than the classroom or academic area of the incident, this grading policy may be applied in all classes affected.

(C) Documentation and Academic Disruption Incident Report:

Instructors should be aware that notes of the dates, times, witnesses and details of the incidents of disruption and the impact of the disruption on those present may be important in any future proceedings which may be necessary. Referrals to the Office of Student Rights and Responsibilities or designated office in Student Affairs require written documentation containing factual and descriptive information. The student is entitled to see this documentation.

The Academic Disruption Incident Report must be submitted either by hardcopy or scanned and sent by email to the student’s USF email address simultaneously within 48 hours to (a.) the department chair, (b.) the Assistant/Associate Dean of the College (as determined by the College), (c.) the Office of Student Rights and Responsibilities or the institution’s designated office in Student Affairs, and (d.) the student. The form can be downloaded from the designated website in the Academic or Student Affairs Offices and is specifically available at the following link: Academic Disruption Incident Report Form or completed by way of memorandum containing the following information:

- Date of report
- Student’s name
- USF Student ID number
- Instructor’s name
- Instructor’s phone number
- Instructor’s e-mail
- Title of course, course number and section
- Date/time/location of incident
- Detailed summary of the incident, including a description of the disruptive behavior
- Witnesses
- Action, if any, taken by the instructor (e.g., student warned, asked to leave the class, etc.)
- Recommended course of action and reasons for this recommendation
- Instructor’s signature

(D) Possible Disciplinary Sanctions for Conduct by the Office of Student Rights and Responsibilities:

Upon receipt of the Academic Disruption Incident Report or other academic referral for disruptive conduct, the Office of Student Rights and Responsibilities or designated office in Student Affairs may initiate the disciplinary process resulting in the imposition of any of the following sanctions in addition to any academic sanctions imposed (in section b):

- Educational sanctions to include but not limited to educational programs/classes and written assignments
- Disciplinary probation
- Provisional suspension
- Suspension
ACADEMIC REGULATIONS, POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

I. PURPOSE & INTENT

Academic integrity is the foundation of the University of South Florida System’s (USF System) commitment to the academic honesty and personal integrity of its university community. Academic integrity is grounded in certain fundamental values, which include honesty, respect and fairness. Broadly defined, academic honesty is the completion of all academic endeavors and claims of scholarly knowledge as representative of one’s own efforts. Knowledge and maintenance of the academic standards of honesty and integrity as set forth by the university are the responsibility of the entire academic community, including the instructional faculty, staff and students. The final decision on an academic integrity violation and related academic sanction at any USF System member institution shall affect and be applied to the academic status of the student throughout the USF System, unless otherwise determined by the independently accredited institution.

II. STATEMENT OF REGULATION

This Regulation asserts fairness in that it requires notice to any student accused of a violation of academic integrity and provides a directive for discussion between the instructor and student to seek a fair and equitable resolution. If a fair resolution is not accomplished in this discussion, this Regulation allows the student continued rights of due process.

As this Regulation contemplates several levels of administrative or academic review, students are advised to direct emails only to the single designated office identified as responsible for the current level of review. Student’s failure to adhere to this directive or ignoring specific directives provided by an administrator such as the emailing all levels of administration, multiple parties not directly involved, or tangentially involved offices may be interpreted as a waiver of the review/appeal process and a failure to follow university directives.

As the university has both Offices of Undergraduate and Graduate Studies with different standards for academic integrity, it is important to reference Section V(D).

III. APPLICABILITY & AUTHORITY

1. The following Regulation applies to all students, instructional faculty and staff who participate in administration of academic classes, programs and research at the USF System. The processes outlined in this Regulation are meant to govern all colleges exclusive of the MD and DPT programs within the College of Medicine and the College of Pharmacy to the extent that they maintain procedures and processes for issues regarding academic integrity and/or professionalism.

2. The Academic Integrity Review Process (AIRP) is independent of any other USF process or review. The determinations by the Academic Offices are final. However, this process includes mechanisms for referrals outside of the Academic process to both the Office of Student Rights and Responsibilities (OSRR) and the Division of Research, Integrity and Compliance (DRIC). Each of the offices has the authority to impose independent sanctions on the student that may be additional, less severe or more severe than the academic sanctions. The student will be subject to each sanction concurrently and/or consecutively and must comply with the full terms of each.

3. The student will be assigned the grade by the instructor in the course in which the student is registered. Jurisdiction of the appeal and review stays with the course; however, if the potential
SANCTION extends outside of the College or Academic unit where the course is housed, jurisdiction is transferred to the Academic Officer with the authority to impose the greater sanction.

IV. DEFINITION OF TERMS

1. Notice shall be considered final upon email to a student’s official USF email address. Additional notice may be sent at the discretion of the parties.

2. Academic Officer (“AO”) shall mean the individual (or their designee) vested with the authority to impose the recommended academic sanctions by the instructor. The appropriate AO may vary by institution, circumstance or factual basis of each case. In the event it is unclear, the Chief Academic Officer or their designee will identify the appropriate AO. The table below is provided as a general guideline.

<table>
<thead>
<tr>
<th>Academic Dishonesty occurred in:</th>
<th>Sanction:</th>
<th>Academic Officer (to be determined by individual cases and title may vary):</th>
<th>Academic Officer for Academic Integrity Appeal:</th>

3. Dean shall mean a College Dean, or where applicable the Dean of Undergraduate Studies, Dean of Graduate Studies, or the Chief Academic Officer (for those Institutions that do not have a Dean of Undergraduate or Graduate Studies) or the equivalent as indicated – or in all cases a “Dean’s designees” appointed to handle academic grievances for the unit.

4. Academic Integrity Review Board (“AIRB”): The committee that will be appointed by the Academic Officer to review the Academic Integrity finding and sanction as referenced in Section VII (2).

5. Academic Integrity Review Process (“AIRP”): The steps described in this Regulation that govern how an Academic Integrity violation will be charged, appealed and determined.

6. Student Academic Integrity Committee (“SAIC”): The group of individuals that may be identified by a University System member as trained academic integrity volunteers. These volunteers may develop academic integrity educational modules and policies and who may be available to serve on an AIRB.

7. Academic Dishonesty is the term used to define the violation of the Academic Integrity Regulation.

8. Violations of Academic Integrity: The behaviors described below are considered violations of the academic standards for both Undergraduate and Graduate students. The academic sanctions for Graduate students may be more severe.

- **Cheating** is using or attempting to use materials, information, notes, study aids, or other assistance in any type of examination or evaluation which have not been authorized by the instructor.
  a. Students completing any type of examination or evaluation are prohibited from looking at or transmitting materials to another student (including electronic reproductions and transmissions) and from using external aids of any sort (e.g. books, notes, calculators, photographic images or conversation with others) unless the instructor has indicated specifically in advance that this will be allowed.
  b. Students may not take examinations or evaluations in the place of other persons. Students may not allow other persons to take examinations or evaluations in their places.
c. Students may not acquire unauthorized information about an examination or evaluation and may not use any such information improperly acquired by others.

d. Instructors, programs, and departments may establish, with the approval of the colleges, additional rules for exam environments and behavior. Such rules must be announced in advance in a course syllabus or other advance written notice to students.

- **Plagiarism** is intentionally or carelessly presenting the work of another as one’s own. It includes submitting an assignment purporting to be the student’s original work which has wholly or in part been created by another person. It also includes the presentation of the work, ideas, representations, or words of another person without customary and proper acknowledgement of sources. Students must consult with their instructors for clarification in any situation in which the need for documentation is an issue, and will have plagiarized in any situation in which their work is not properly documented.
  
  a. Every direct quotation must be identified by quotation marks or appropriate indentation and must be properly acknowledged by parenthetical citation in the text or in a footnote or endnote.
  
  b. When material from another source is paraphrased or summarized in whole or in part in one’s own words, that source must be acknowledged in a footnote or endnote, or by parenthetical citation in the text.
  
  c. Information gained in reading or research that is not common professional knowledge must be acknowledged in a parenthetical citation in the text or in a footnote or endnote.
  
  d. This prohibition includes, but is not limited to, the use of papers, reports, projects, and other such materials prepared by someone else.

- **Fabrication, Forgery, and Obstruction:**
  
  **Fabrication** is the use of invented, counterfeited, altered or forged information in assignments of any type including those activities done in conjunction with academic courses that require students to be involved in out-of-classroom experiences.
  
  **Forgery** is the imitating or counterfeiting of images, documents, signatures, and the like.
  
  **Obstruction** is any behavior that limits the academic opportunities of other students by improperly impeding their work or their access to educational resources.
  
  a. Fabricated or forged information may not be used in any laboratory experiment, report of research, or academic exercise. Invention for artistic purposes is legitimate under circumstances explicitly authorized by an instructor.
  
  b. Students may not furnish to instructors fabricated or forged explanations of absences or of other aspects of their performance and behavior.
  
  c. Students may not furnish, or attempt to furnish, fabricated, forged or misleading information to university officials on university records, or on records of agencies in which students are fulfilling academic assignments.
  
  d. Students may not steal, change, or destroy another student's work. Students may not impede the work of others by the theft, defacement, mutilation or obstruction of resources so as to deprive others of their use.
  
  e. Obstruction does not include the content of statements or arguments that are germane to a class or other educational activity.

- **Multiple Submissions** is the presenting or turning in the same or substantially the same work for credit in two or more courses. Multiple submissions shall include the use of any prior academic effort previously submitted for academic credit at this or a different institution. Multiple submissions shall not include those situations where the prior written approval by the instructor in the current course is given to the student to use a prior academic work or endeavor.
  
  a. Students may not normally submit any academic assignment, work, or endeavor in more than one course for academic credit of any sort. This will apply to submissions of the same or substantially the same work in the same semester or in different semesters.
  
  b. Students may not normally submit the same or substantially the same work in two different classes for academic credit even if the work is being graded on different bases in the separate courses (e.g. graded for research effort and content versus grammar and spelling).
c. Students may resubmit a prior academic endeavor if there is substantial new work, research, or other appropriate additional effort. The student shall disclose the use of the prior work to the instructor and receive the instructor's permission to use it PRIOR to the submission of the current endeavor.

d. Students may submit the same or substantially the same work in two or more courses with the prior written permission of all faculty involved. Instructors will specify the expected academic effort applicable to their courses and the overall endeavor shall reflect the same or additional academic effort as if separate assignments were submitted in each course. Failure by the student to obtain the written permission of each instructor shall be considered a multiple submission.

- Complicity is assisting or attempting to assist another person in any act of academic dishonesty. A student will be considered to be complicit if the student is aware of an academic integrity violation, is able to report and fails to do so. In addition:
  a. Students may not allow other students to copy from their papers during any type of examination.
  b. Students may not assist other students in acts of academic dishonesty by providing material of any kind that one may have reason to believe will be misrepresented to an instructor or other university official.
  c. Students may not provide substantive information about test questions or the material to be tested before or during a scheduled examination unless they have been specifically authorized to do so by the course instructor. This does not apply to examinations that have been administered and returned to students in previous semesters. However, it may apply to students enrolled in a multiple-section course that uses similar or comparable exams. For example, a student in one section will be considered complicit if such student assists or provides answers or materials to a student in another section of the same course. In such cases, the instructor in both sections may sanction the students involved.
  d. Students may not have a substitute take an examination or take an examination for someone else.

- Improper use of teamwork credit is allowing your name to be included on a group project in which you did not participate. This act is considered a violation of academic integrity. For reference, general guidelines for appropriate teamwork participation include, but are not limited to the following:
  a. No team member shall intentionally restrict or inhibit another team member's access to team meetings, team work-in-progress, or other team activities without the express authorization of the instructor.
  b. All team members shall be held responsible for the content of all teamwork submitted for evaluation as if each team member had individually submitted the entire work product of their team as their own work.
  c. Only those persons who participated on the team shall be named in the submission of the assignment.

- Solicitation or Purchase is the offering, advertising or responding to solicitations or purchasing products or services designed to facilitate, support or actively contribute to the commission of an act of academic dishonesty.

- Misrepresentation. Submitting the work of another as your own, e.g., using a ghostwriter to write a paper, thesis, dissertation; having another person complete an on-line class in your name.

- Misconduct in Research and Creative Endeavors is a serious deviation from the accepted academic and professional practices within a discipline or from the policies of the university in carrying out, reporting, or exhibiting the results of research or in publishing, exhibiting, or performing creative endeavors. Research Misconduct means fabrication, falsification, or plagiarism in proposing, performing, or reviewing research, or in reporting research results. It does not include honest error or differences in opinion. In addition to the academic sanctions in this Regulation misconduct in research is also subject to Policy 0-301 Misconduct in Research, procedures and any sanctions contained therein.
  a. Students may not invent or counterfeit information.
b. Students may not report results dishonestly, whether by altering data, by improperly revising data, by selective reporting or analysis of data, or by being grossly negligent in the collecting or analysis of data.

c. Students may not represent another person’s ideas, writing or data as their own.

d. Students may not appropriate or release the ideas or data of others when such data have been shared in the expectation of confidentiality.

e. Students may not publish, exhibit, or perform work in circumstances that will mislead others. They may not misrepresent the nature of the material or its originality, and they may not add or delete the names of authors without permission.

f. Students must adhere to all federal, state, municipal, and university regulations or policies for the protection of human and other animal subjects.

g. Students may not conceal or otherwise fail to report any misconduct involving research, professional conduct, or artistic performance of which they have knowledge.

h. Students must abide by the university’s policies on Misconduct in Research where applicable, which can be found in the university’s policies and Procedures Manual at the Regulations and Policies website.

- Computer Misuse includes unethical or illegal use of the computers of any person, institution or agency in which students are performing part of their academic program.
  a. Students may not use the university computer system in support of any act of plagiarism.
  b. Students may not monitor or tamper with another person’s electronic communications.

- Misuse of Intellectual Property is the illegal use of copyright materials, trademarks, trade secrets or intellectual properties.

- Violation of State or Federal laws with regard to Intellectual Property is conduct that violates and does not adhere to state or federal laws concerning the fair use of copies or other intellectual property.

V. SEVERITY OF CONDUCT DETERMINATIONS & ACADEMIC SANCTIONS

1. General Guidelines:
   - Violations for USF System Undergraduate students are classified into four (4) levels according to the nature of the infraction. For each level of violation a corresponding set of academic sanctions is recommended, however, specific academic programs may include additional and different academic sanctions. These academic sanctions are intended as general guidelines for the academic community with examples cited below for each level of violation. These examples are not to be considered all-inclusive.
   - Violations for USF System Graduate Students are not classified into levels as the instructor determines the severity of the violation, the grade and recommends any more severe academic sanction.
   - Multiple Violations:
     a. Graduate Studies:
        i. Graduate Students who are assigned an “FF” grade will be academically dismissed from the university and will not be eligible to apply to any Graduate program at USF. Graduate Studies may have additional guidelines and protocols available online or in the Graduate Studies catalog.
     b. Undergraduate Studies:
        i. For the first “FF” recorded in an Undergraduate student’s academic record, the student will receive a letter from the Dean of Undergraduate Studies or the Chief Academic Officer informing him or her of being placed on “Academic Dishonesty Warning” for the remainder of enrollment at USF and of appeal rights for the “FF” grade. The student may also be suspended for one (1) full semester, depending upon the level of violation.
        ii. For the second “FF” recorded, the Undergraduate Student will be suspended for one (1) full semester and readmitted only after writing a clear statement indicating remorse, understanding of the seriousness of
the offense, and understanding of the importance of integrity in all areas, including academic work. A letter informing him or her of this action and appeal rights will be sent from the Dean of Undergraduate Studies.

iii. The Undergraduate Student may be permanently dismissed from the university for violations of academic integrity with notice of that dismissal as a part of the formal record and transcript.

iv. The maximum penalty for receipt of any "FF" grade may be permanent dismissal from the university for violations of academic integrity and with a notice of that dismissal as a part of the student’s formal record and transcript.

v. In the event of multiple violations, sanctions may be imposed consecutively or concurrently at the discretion of the AO.

2. **Severity of Academic Integrity for Undergraduate Students:** For Undergraduate Students the severity of conduct is divided into levels with specific academic related sanctions. For Graduate Studies, the instructor determines severity and academic sanctions as provided in Section V(D) below.

- **Level One**
  
  a. **CONDUCT:**

  Level One violations may occur because of inexperience or lack of knowledge of principles of academic integrity on the part of persons committing the violation. These violations address incidents when intent is questionable and are likely to involve a small fraction of the total course work, are not extensive, and/or occur on a minor assignment. The following are examples:

  i. Working with another student on a laboratory or other homework assignment when such work is prohibited (This level is appropriate if the instructor determines it is a minor infraction).

  ii. Failure to footnote or give proper acknowledgment in an extremely limited section of an assignment.

  b. **ACADEMIC SANCTIONS:**

  i. Reduction or no credit given for the original assignment.

  ii. An assigned paper or research project on a relevant topic.

  iii. A make-up assignment at a more difficult level than the original assignment.

  iv. Required attendance and tuition cost for a non-credit workshop or seminar on ethics or related subjects.

- **Level Two**

  a. **CONDUCT:**

  Level Two violations are characterized by dishonesty of a more serious character or that which affects a more significant aspect or portion of the course work or assignment. The following are examples:

  i. Working with another student on a laboratory or other homework assignment when such work is prohibited (This level is appropriate if the instructor determines it is a more serious infraction).

  ii. Quoting directly or paraphrasing, to a moderate extent, without acknowledging the source.

  iii. Submitting the same work or major portions thereof to satisfy the requirements of more than one course without permission from the instructor.

  iv. Using data or interpretative material for a laboratory report without acknowledging the sources or the collaborators. All contributors to preparation of data and/or to writing the report must be named.

  v. Receiving assistance from others, such as research, statistical, computer programming, or field data collection help that constitutes an essential element in the undertaking without acknowledging such assistance in a paper, examination or project.

  b. **ACADEMIC SANCTIONS:**

  i. Failing grade for the assignment involved with the grade in the course determined in the normal manner.
ii. Failing grade for the course, which may be an “F” or “FF” on the internal transcript.

- Level Three*:
  a. CONDUCT:
  Level Three is characterized by violations that affect a major or essential portion of work done to meet course requirements, involves premeditation or demonstrates repetition or both, of one or more violations of Level One or Level Two violations including repeating any one or more of the following actions:
  i. Copying on examinations.
  ii. Plagiarizing major or essential portions of a written assignment.
  iii. Acting to facilitate copying during an exam.
  iv. Using prohibited materials, e.g. books, notes, e-flashcards or calculators during an examination.
  v. Collaborating before an exam to develop methods of exchanging information and implementation thereof.
  vi. Altering examinations for the purposes of re-grading.
  vii. Acquiring or distributing an examination from unauthorized sources prior to the examination.
  viii. Presenting the work of another as one’s own.
  ix. Using purchased term paper or other materials (even if the source is cited).
  x. Removing posted or reserved material, or preventing other students from having access to it.
  xi. Fabricating data by inventing or deliberately altering material (this includes citing "sources" that are not, in fact, sources).
  xii. Using unethical or improper means of acquiring data.

  b. ACADEMIC SANCTIONS*:
  i. Failing grade for the course with a designation of “FF” on student’s internal transcript.
  ii. Possible suspension from the university for one (1) semester.

- Level Four*:
  a. CONDUCT:
  i. All academic infractions committed after return from suspension for a previous academic honesty violation.
  ii. Infractions of academic honesty in ways similar to criminal activity (such as forging a grade form, stealing an examination from a professor or from a university office; buying an examination; or falsifying a transcript to secure entry into the university or change the record of work done at the university).
  iii. Having a substitute take an examination or taking an examination for someone else.
  iv. Fabrication of evidence, falsification of data, quoting directly or paraphrasing without acknowledging the source, and/or presenting the ideas of another as one's own in a senior thesis.
  v. Sabotaging another student’s work through actions designed to prevent the student from successfully completing an assignment.
  vi. Willful violation of a canon of the ethical code of the profession for which a student is preparing.

  b. ACADEMIC SANCTIONS*:
  The typical sanction for all Level Four violations is permanent academic dismissal from the university with the designation of "Dismissed for Academic Dishonesty" to be placed permanently on a student's external transcript.

3. Centralized Reporting:
   - *In all Level 3 or Level 4 violations, the instructor must send a concise written statement including details of the date, time, and incident particulars (the "Report") to the AO to consider additional academic sanctions above the grade assignment.
   - In Level 2, 3 and 4 violations, the instructor should contact the Dean of Undergraduate Studies or the Chief Academic Officer at their institution to determine if there is an office
designated to track academic integrity violations/violators (Referred to as an “AIO”). If the institution has an AIO, the instructor must send a copy of the Report to the institution’s AIO. The AIO will have exclusive access to the Reports and will only share the Reports to instructors or academic advisors in the event of multiple Reports regarding a single student. This will enable appropriate handling of multiple violations.

• As member institutions may not have a Dean of Undergraduate Studies they may establish internal protocols for centralized reporting by an internal procedure or Policy.

4. **Severity of Academic Integrity for Graduate Students**
   • The Office of Graduate Studies has no levels of severity as any violation may result in immediate dismissal. Students will be held to the standards provided for Graduate Studies if those students are admitted to a Graduate degree program or Graduate certificate or any student taking Graduate level courses. The instructor will determine the severity of the offense and the appropriate grade. Any student in a Graduate Studies course who receives an “FF” grade is subject to immediate dismissal and or expulsion. The grade assignments and additional academic sanctions will depend on the seriousness of the offense and may range from the receipt of:
     a. An “F” or “Zero” grade on the subject paper, lab report, etc.
     b. An “F” in the course or activity in which credit may be earned.
     c. An “FF” in the course (leading to expulsion from the university).
     d. Academic Dismissal for any violations of academic dishonesty Regulations or Policies.
     e. Possible revocation of the degree or Graduate Certificate following a thorough investigation.

5. **“FF” Grade Guidelines:**
   • Instructors may assign an “FF” grade in specific circumstances. An “FF” grade is noted on the students USF record, indicates academic dishonesty and is only reflected on internal records. Any Undergraduate Student who receives an “FF” grade in a course is restricted from repeating the course using the Grade Forgiveness Policy. For Graduate Students, an “FF” grade will lead to permanent dismissal from the university (in cases of permanent dismissal from the university a notation may be added to the official USF transcript).
   • If a student who has been accused of academic dishonesty drops the course, the student’s registration in the course will be reinstated until the issue is resolved.
   • Any final course grade may be changed to an “FF”, “F”, or other grade depending on the instructor’s decision or the ultimate resolution of the Academic Integrity Review Process. This includes any determination of a violation of the Academic Integrity Regulation that is not detected until after the student has dropped or completed the course or during or after the Academic Integrity Review Process. The actual steps for imposing the “FF” grade (which is an internal USF System designation) shall be established by each institution’s Registrar or Chief Academic Officer.

VI. **PROCESS STEPS:**
1. The instructor identifies or learns of an academic integrity violation.
2. The instructor identifies the severity level of the violation (see Section V(B)) and discusses the violation with the Department level AO.
3. The instructor determines the appropriate grade assignment and use of the guidelines (included in Section V) and identifies any additional academic sanctions that may be recommended to the Department level AO in a brief written report of the incident, which may include any pertinent supporting documents related to this incident. The instructor may consult with the Department level AO on recommendations concerning the incident and/or sanctions as needed.
4. The instructor advises the student of the grade determination and recommended academic sanctions (if applicable) either in person or by email including a set date to discuss the determination (within ten (10) days of determination of the grade if possible).
5. **Final Notice of Academic Sanction by the Instructor:** Within ten (10) days of meeting with the student, if the instructor determines there is a grade sanction only and no recommended additional academic sanctions, the instructor may immediately assign the grade sanction and email the student notice of this final grade sanction. If the instructor does recommend additional academic sanctions, the instructor will assign the grade sanction and advise the student and Department level AO of those recommended additional academic sanctions considered to be appropriate to the violation (Level 3
ACADEMIC REGULATIONS, POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

or 4 violations will include additional academic sanctions) and the process continues as detailed below.

6. Final Notice of Academic Sanction by the Department level AO:
   - Undergraduate Students: Within ten (10) days of receipt of the recommendation from the instructor, the AO will determine any additional academic sanctions, if applicable, and notify the student by email. The student may grieve the final notice by the Department level AO and ask that it be reviewed by the College Dean, who will determine if the student’s grievance is appealable. The Dean will determine the final decision for reviews involving an assignment with alleged academic dishonesty. Appeals for final grades and sanctions will be considered by the Dean and may be appealable to an AIRB (as described in Section VII: Academic Integrity Appeal).
   - Graduate Students: Graduate Studies uses an internal document which processes the request for academic sanctions up to and including dismissal and the Dean of Graduate Studies provides notice to the student.

7. Reports to a designated centralized office:
   The instructor or the AO may make a referral to an internal university office responsible for tracking academic integrity violations/violators if one has been designated as detailed in Section V (C).

8. If a student files an appeal (Section VII below), the final notice will not be imposed or noted until after the appeal process is complete unless the Academic Officer feels immediate action is necessary.

9. Referral to OSRR & DRIC: The Academic Offices are responsible for the AIRP and assignment of academic sanctions. If the instructor or AO determines the conduct also rises to a violation of the Student Conduct Code or the expectations and standards of the Division of Research, Integrity and Compliance (DRIC), the instructor or AO may make a referral to those offices. The instructor or AO making the referral should notify those additional offices of any pending or final academic sanction. A determination by OSRR or DRIC is separate and distinct from the AIRP and any academic sanction. The student must comply with all sanctions imposed by each office (a lesser sanction or different determination by the conduct offices does not impact the Academic sanction).

10. Transcript/Record:
    - An Academic Integrity dismissal from the University will be reflected on a student’s official transcript.
    - A grade sanction (such as an “FF”) or other lower sanction is reflected on the student’s internal USF record.

VII. ACADEMIC INTEGRITY APPEAL:

If the student identifies that the determination of the academic integrity violation or related grade assignment or sanction either (1) had no factual basis or could not be reasonably inferred by the facts as presented or (2) violated a University Regulation or Policy, the student must allege the absence of factual support or basis or the specific Regulation or Policy violated and provide it as part of an academic integrity appeal. A student who has accepted responsibility for the academic integrity violation itself (either in writing or verbally) to the instructor or administrator, may not challenge the factual basis and may only appeal the severity of the sanction imposed (See Section V(B)).

The student may appeal after notice of the final academic sanction(s) which is either: (1) the instructor’s grade determination; or (2) if there are additional academic sanctions, after those additional academic sanctions are reviewed and determined by the Dean. The student may remain enrolled in their academic program until the conclusion of the appeal process unless the Dean determines that the student may not remain enrolled and advises the student in writing accordingly. Unless an Institution or College has established and referenced an alternative academic integrity or professional standards process, the appeal process steps for academic integrity issues are:

1. Student Written Appeal: After notice of the academic sanction, the student may send a written appeal to the Dean copying the instructor by email within ten (10) days of the grade determination or final academic sanction (additional time may be granted at the discretion of the Dean as necessary). If it is unclear who the designated Dean should be, the student may ask the instructor to identify the appropriate Dean. The student’s written appeal may be an email request and must contain a concise statement of the student’s position including the factual deficiency or the specific Regulation or Policy violated. This statement should include why the student feels the determination by the instructor and/or AO was not correct and must include all documentation available that supports the student’s position.

2. Initial Review of Appeal: As general complaints or disagreements with the instructor’s decision are not grounds for appeal and students who have accepted responsibility at any time in the process may only appeal imposed sanctions, the Dean may make an initial review of the appeal to identify the limits of the appeal and to verify that the student has clearly identified that there was no factual basis for the instructor’s determination and/or the specific Regulation or Policy violated. If the Dean elects to make this initial review, the Dean may clarify
ACADEMIC REGULATIONS, POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

the parameters of the appeal (sanctions only), or dismiss the appeal as insufficient. The Dean must send the student and instructor notice of this determination within ten (10) days of receiving the student’s written appeal, copying the instructor’s supervisor or department chair. This will be a final University decision.

3. Dean Appointment of Board: If the Dean does not dismiss the appeal, the Dean may move the appeal forward with or without the initial review or after the review set parameters for the appeal (if it is for sanctions only). The Dean will appoint an Academic Integrity Review Board (AIRB) composed of students and instructors or administrators at the Dean’s discretion, provided that there are at least three (3) individuals, one (1) of which is an instructor or administrator and one (1) student.

4. Selection of AIRB members: Although the Dean may select any students to serve on the AIRB, if the university system member establishes a Student Academic Integrity Committee (SAIC) at that institution, and there are SAIC members available to serve, the Dean shall select the student board members from the SAIC to serve on the AIRB at that institution. The students serving on the AIRB do not need to be from the College in which the appeal was filed. However, when possible undergraduate students should serve on AIRB for undergraduate student appeals, graduate students for graduate student appeals, clinical students for clinical student appeals, and medical students for medical student appeals.

5. Meeting of the AIRB: Unless extended by written notice of the Dean or other extenuating circumstance, the AIRB will meet within three (3) weeks from the time the Dean receives the student’s written appeal. The Dean will advise the student by email of the date, time and place of the AIRB review. If the student or instructor has a justifiable conflict, the student or instructor may make one (1) written request to reschedule the review emailed to the Dean with the reason for the request, noting any known foreseeable conflicts into the next three (3) weeks. The one-time extension may be granted at the discretion of the Dean. (The timelines provided in this Regulation may be extended at the Dean’s discretion with written notice to the student and instructor).

6. AIRB Review Steps and Further Appeals:
   a. At the Review, the student and instructor will each be afforded an opportunity to present their position with reasonable time limits not to exceed fifteen (15) minutes per person.
   b. The student may bring one (1) person to serve as an advisor; however that person may not act as a legal representative, argue, present, or participate in any active way in the review, including through communications by verbal, written or electronic promptings with the student.
   c. Each party may be present during the other’s position statement. Neither party may ask questions of the other, argue, or respond to the other’s statement. The AIRB may question both parties at any time during the proceedings.
   d. The AIRB will deliberate in private and render a decision within three (3) weeks of the AIRB review and offer its determination as a recommendation to the Dean (or equivalent depending on the organizational structure of the USF institution) with copy to the student by email. The student and instructor’s concise written statements will be included with the AIRB’s recommendation. The Dean will have three (3) weeks to accept or not accept the determination of the AIRB. (a) If the Dean accepts the determination of the AIRB, that is a final university decision and there is no further review available at the university. (b) If the Dean does not accept the determination of the AIRB, the Dean must refer the matter to the university level (Deans of UGS/OGS for Undergraduate and Graduate reviews, respectively or the Chief Academic Officer (See Section IV(C)). The University Level officer (a) will have three (3) weeks to make a final determination (b) may request to review any additional information necessary or may limit the review to the initial statements provided by the student and instructor upon initiation of the Academic Integrity Appeal Review and the Dean’s Statement (c) will issue a determination in writing by email to the student, instructor and the Dean. This will be a final university decision.

7. In the event the determination and final university decision is an “FF” grade with Academic Dishonesty noted and/or a related dismissal from the College or University, the student may appeal that final university decision within thirty (30) days to the Circuit Court by way of Writ of Certiorari.

Procedures for Excused Absences and Make-up Work

Students must notify their instructors of scheduled absences (for approved reasons as noted above) at the beginning of each academic term. Pointing out specific conflicts with scheduled examinations or other scheduled assignments/activities should be part of this notification. In the event of an emergency unscheduled absence (as described above), students must contact their instructors as soon as possible and provide documentation if required.

If an excused absence coincides with an examination, the student (1) will be given a reasonable opportunity to make up the exam or (2) will not have that work averaged into the student’s grade, as agreed to between the student and the instructor. Counting the missed examination as a lowest score to be dropped at the end of the term does not constitute a reasonable opportunity. If an excused absence coincides with other graded work (e.g., homework
collection, quizzes, presentations, activities, etc.), the student shall be given a reasonable opportunity to make up such work or shall not have that work averaged into the student’s grade, at the discretion of the instructor.

As noted above, however, an instructor may determine that excessive absences (whether excused or not) may threaten or preclude a student’s successful completion of a course. Similarly, making up work for unexcused absences may be allowed or declined entirely at the discretion of the instructor.

**Documented Jury Duty**

The University respects the need for all citizens to serve on a jury when called to duty. If a student serves as a juror, class absences will be considered excused when the student provides advance notice to the instructor, the instructor acknowledges the request, and the student provides written verification of jury selection and proof of service.

Any potential student juror may notify the court of conflicts or undue hardship and request an excuse from service. The individual student must make the decision as to whether jury service will present an undue hardship and then take the affirmative action to request to be excused from service and may need to provide a written explanation to the court. If a student does not request to be excused and is selected to serve, the student may miss a prolonged period of time resulting in the inability to complete the academic requirements of classes.

**Documented Medical Attention for Illness**

Students are excused for absences due to documented illnesses that require medical attention. While students should not attend class with infectious conditions, even if medical attention is not sought, the decision to excuse absences from undocumented illnesses is at the discretion of the individual instructor. Consideration should also be given to students whose dependent children experience serious illness. Extended illnesses may interfere with the successful completion of courses, and in such cases a student should contact his or her college by the deadline to drop a course. After the drop deadline, students may submit an Academic Regulations Committee (ARC) petition with proper documentation to drop a course or withdraw for medical reasons. Students may find additional information through their college ARC representative.

**Alternative Academic Process for Seriously Traumatized Students**

An alternative academic process is provided for those seriously traumatized students who have received assistance from the Center for Victim Advocacy and Violence Prevention or Student Health Services when the professionals of those centers have reviewed the personal and confidential information related to the student’s experience to determine appropriate actions for the student.

The USF Center for Victim Advocacy and Violence Prevention, the Counseling Center and Student Health Services will assist in determining appropriate actions, including waiving certain academic regulations to accommodate the student’s needs. The appropriate center will send the student petition—with the recommended action—to the Associate Dean of Undergraduate Studies who will assist with the process after reviewing the request.

**Medical Amnesty (Student Reporting) - USF System Policy 30-004**

The University of South Florida System (USF System) supports an inclusive learning environment that promotes the health and safety of all members of the University community.

This Amnesty Policy seeks to diminish fear of University-imposed disciplinary and/or conduct sanctions in emergency situations due to alcohol and/or other drug use or misuse.

Any student who qualifies for amnesty under this policy will not be charged with violations of any of the University System Student Codes of Conduct as those Codes relate to consumption and/or use of alcohol and/or drugs. Under this Policy, students who seek or receive emergency medical assistance for themselves or students who seek assistance for another student experiencing an emergency related to the consumption of alcohol and/or other drug use or misuse may qualify for amnesty. Although students who qualify for amnesty may be exempt from the Student Conduct process, they may be required to complete educational measures and pay for any incurred cost associated with those requirements.

**Early Notification of Instructor Requirement for University Sponsored Activities**

The University recognizes the importance of participation in University-sponsored activities such as musical and theatrical performances, athletic competition, and debate. It also recognizes that such participation may result in conflicts with scheduled class times. It is the responsibility of participating students to provide a full list of anticipated conflicting days to instructors by the end of the first week of the term, and directors and advisors of University activity programs have an obligation to assist students with this task. Students are responsible for identifying potential absences specific to a particular class and notifying individual instructors of these conflicts, especially for conflicts with scheduled examinations. Please note that a general schedule for a team or ensemble does not satisfy this notification requirement.
Students should provide instructors with addenda (e.g., end-of-season tournaments, newly scheduled events, or rescheduled events) that result in new conflicts as soon as they are available. Directors and advisors of University activity programs should consult with participating students prior to registration to help them choose courses that do not have excessive anticipated conflicts.

**Early Notification Requirement for Observed Religious Days - USF System Policy 10-045**

In accordance with USF Policy 10-045, USF faculty members will try to avoid scheduling examinations on customarily observed religious holidays. Students must provide written notice to their instructors at the beginning of each academic term if they expect to be absent for a class or announced examination for the observance of religious holy days. In any case, no student shall be compelled to attend class or sit for an examination at a day or time when such activity is prohibited by his or her religious belief, as long as the student has provided timely notice.

If a student believes that an instructor or program has not responded reasonably to a timely notice of expected observance of religious days, he or she may seek review of a complaint through established University Academic Grievance Procedures (found in the Graduate and Undergraduate Catalogs) and those provided by the University's Office of Diversity and Equal Opportunity.

**Course Attendance at First Class Meeting - USF System Policy 10-006**

This policy has been put into effect so that USF may effectively utilize classroom space. It ensures students have maximum opportunity to enroll in classes where demand exceeds availability, and helps University Scholarships & Financial Aid Services to avoid overpayment of awards for students who are not enrolled at the outset of the academic term. **To avoid fee liability and academic penalty, the student is responsible for dropping all undesired courses by the end of drop/add week [the fifth (5th) day of classes].**

Students are required to attend the first class meeting of both undergraduate and graduate level courses for which they registered prior to the first day of the term. Names of students who register prior to the first day of the term are shown on the first class roll in Canvas for each course section. The first day class roll may be used by instructors to drop students who do not attend the first day of class. Students having extenuating circumstances beyond their control and who are unable to attend the first class meeting must notify the instructor via email using the University’s course management system (i.e., Canvas) prior to the first class meeting to request waiver of the first class attendance requirement. For Saturday only courses or courses that begin on a Saturday, students are expected to contact the Registrar's office the following business day on their respective USF campus to be dropped from the course(s).

USF’s distance learning students must log-in to their course(s) during the first five (5) weekdays from the calendar start date of their online course(s) and complete requirements specified in the course syllabus to be counted as having attended and to avoid being dropped from the course. Students who are unable to log-in to their course(s) due to circumstances beyond their control must notify the instructor via email using the University’s course management system (i.e., Canvas) prior to the calendar start date of the course to request waiver of the first class attendance requirement.

Note: The Registrar’s Office does not add students to any courses. Students are required to add a course via OASIS.

**Course Syllabus**

A syllabus is an academic agreement that establishes the academic relationship between instructors and students in a course and is used as the basis for communication and accountability. A syllabus of instruction for each course is available at the beginning of each class. Among the items communicated are course requirements, materials, and objectives; expected learning outcomes; and a general grading scale. The syllabus is subject to revision due to various exigencies or to better facilitate instruction, and will not include unreasonable additions to the workload described in the original syllabus. Contents of the syllabus are subject to change with reasonable notice and any syllabus change will be declared to all members of the course.

**Course Notes and Recording - USF Policy 10-048**

As part of the education and learning experience, enrolled students routinely take course lecture notes. With the permission of the instructor, students may record lectures as well. Lecture notes and recordings involve the intellectual property rights of instructors and the University of South Florida’s (USF) regulation of the commercial use of such notes or recordings. This policy sets forth limitations on, and the University of South Florida’s regulation of the use of notes/recordings.

Students may take notes during lectures/class presentations and, with the permission of the instructor or as authorized by the Office of Academic Support and Accommodations for Students with Disabilities and with the
instructor’s knowledge, make a recording of the lecture/presentation. Such notes and recordings may be used for individual or group study, or for other noncommercial purposes reasonably arising from the student's enrollment.

Notes, recordings, handouts and other material provided by the instructor cannot be exchanged or distributed for commercial purposes or for any purpose not related to a student's study or enrollment absent the express written authorization of the instructor.

Selling or distributing notes, handouts, etc. without authorization or using them for any commercial purpose without the express written permission of the University of South Florida and the instructor is a violation of the USF Student Code of Conduct.

Commercial Activities on the USF Campus: USF Regulation 6.026, concerning distribution of material and solicitation on campus, prohibit commercial activity on campus with certain expressly enumerated exceptions. Unless authorized by the University of South Florida in advance and explicitly permitted by the instructor, the sale or taking of class notes and/or recordings constitutes unauthorized commercial activity in violation of the foregoing Regulation.

General Attendance

Students are expected to attend classes. An academic program or individual instructor may require a specified level of attendance as a condition for successfully completing a course. Likewise, instructors may assign a portion of final course grades based on attendance and participation. Faculty must inform students of attendance requirements on syllabi.

Instructors should accommodate excused absences by making arrangements with students ahead of time (when possible) or by providing a reasonable amount of time to make up missed work. Arranging to make up missed work is the responsibility of the student. For graded work that requires participation in situ (e.g., discussions, group activities, and some labs), instructors will attempt to provide reasonable alternatives that accomplish the same learning outcomes. Nevertheless, an instructor may determine that missing a certain amount of participation-dependent activities (whether excused or not) precludes successful accomplishment of learning outcomes. In cases like this, instructors, academic advisors, or academic deans may advise students to withdraw from such courses. In cases where excused absences are anticipated in advance, advice on successful accomplishment of learning outcomes can be given at (or before) the start of a term.

There are two categories of excused absences for which accommodations will be made: scheduled and unscheduled. Scheduled absences involve time conflicts that are known in advance, for which students have notified their instructors. Acceptable reasons for scheduled absences include observation of religious holy days, court-imposed legal obligations (e.g., jury duty and subpoenas), special requirements of other courses and university-sponsored events (e.g., performances, athletic events, judging trips), and requirements of military service. Employment schedules, athletic training and practice schedules, and personal appointments are not valid reasons for scheduled absences. Unscheduled absences involve unforeseen emergencies such as illness, injury, hospitalization, deaths in the immediate family, consequences of severe weather, and other crises. Students should contact instructors as soon as possible in these cases. Instructors may require documentation or verification to excuse unscheduled absences.

Care will be given to schedule required classes and examinations in view of customarily observed religious holy days. No student shall be compelled to attend class or sit for an examination at a day or time prohibited by his or her religious belief.

Any student who believes he or she has been treated unfairly with regard to the above may seek review of a complaint through established Student Academic Governance Procedures (found in the Graduate and Undergraduate catalogs and those provided by the University’s Office of Diversity and Equal Opportunity.

Cross Enrollment/Transient Student - USF/Florida College System

A transient student form is used when a student wishes to take courses at an institution outside of the University of South Florida System. Students wishing to take courses at public institutions in Florida must complete the Transient Form online. This form can be used to request approval for courses taken as cross enrollment (enrollment at USF and the other institution) or transient enrollment (courses taken only at another institution). Once the form is completed, it will be automatically sent within three business days to your advisor/college office and to the Office of the Registrar. The form is typically reviewed within 24-48 hours.

Students interested in taking courses at a private or out-of-state institution must complete the Transient Form located on the Registrar’s website at http://www.usf.edu/registrar/documents/forms/outgoing-transient-student-form.pdf following the instructions on the form.

Please keep in mind that transient or cross enrollment in courses that are available in the USF system during Fall and Spring semesters will only be approved in very extenuating circumstances. However, transient enrollment in the Summer will be approved if the student resides and the courses are offered at institutions outside of Pinellas, Pasco and Hillsborough counties. First term, first time in college freshmen are not eligible for USF awarded financial aid if granted transient student status.
Final Examinations - USF System Policy 10-005

Examinations in academic subjects are, for most courses, an integral part of the learning process and one part of a procedure for evaluating student performance and determining grades. USF requires certain standards for the examination process in order to protect the academic integrity of courses and the best interests of both the student and the instructor.

Testing in General

In each academic course, the student is expected to undergo a meaningful testing and evaluation that will reveal the student's intellectual growth in the subject matter covered or otherwise reflect the achievement of the course objectives.

The instructor has the responsibility of maintaining a fair and impartial testing and examination procedure, has the right to define and structure the testing process, and shall not be restricted as to form, style or content of the examination. It is the policy of USF that all students facing an examination (of any type) shall have equal advance notice of the form and content of that examination. Tests and other evaluations are considered part of the learning process, and students should be given the opportunity for clear feedback about what they have or have not learned as a result of such evaluations. The University regards the routine use of all or part of the same formal examination for successive academic terms as unsound policy except when used with adequate safeguards such as a random selection of questions from a large pool. Use of an electronic device not specifically authorized by the instructor is not permitted during any examination. Such use may result in academic dishonesty or disruption of the academic process and will be handled as student violations.

Comprehensive Final Examinations

The last 6 days of the Fall and Spring semesters shall be set aside for final examinations, and any comprehensive final examination must be given during this designated period. If a segment examination is given in lieu of a comprehensive examination, the segment examination must be given in the period designated during final examination week.

The period of two hours shall be allotted for each final examination. If a student has direct conflict of scheduled examinations or has three or more examinations scheduled on the same day, the student may petition the appropriate instructor to reschedule one of the student's examinations. The "appropriate instructor" in case of examination time conflicts shall be determined in the following manner:

1. Common finals have priority over non-common finals. When two common finals conflict, the higher numbered course takes priority. A common final is one in which all the students from one course, regardless of section or time offered, take the final at the same time.
2. Examinations for graduate level courses have priority over examinations for undergraduate-level courses.
3. Within the level of the courses, undergraduate or graduate, examinations for numerically higher numbered courses have priority over lower numbered courses. Example: A course numbered 7283 has priority over a course numbered 6924 and a course numbered 4334 has priority over a course numbered 4282.
4. If after applying items 1 through 3, there remains a conflict, priority shall be given to the course with the prefix closest to the beginning of the alphabet. Example: ART 4901 would have priority over BIO 4901.

The final examination schedule shall be published in the same manner and place as the Schedule of Classes. The instructor of the course not receiving priority shall provide for a make-up exam either in accordance with the designated make-up exam periods or at a mutually acceptable time for both the instructor and the student during the exam period.

Reading Days

Effective Spring 2016, the final two instructional days of the Fall and Spring terms are designated Reading Days for all courses including semester length distance learning courses. Alternate calendar courses may not include designated Reading Days and students electing to take those courses should refer to their syllabus or instructor direction.

GRADING POLICIES

Grades, Scholarship Requirements, and Review Procedures

The University is interested in each student making reasonable progress towards his/her educational goals and will aid each student through guidance and faculty advising. To make students aware of their academic progress, the University has enacted a system of grading and policies of Academic Probation and Academic Dismissal that indicates whether or not a student is showing sufficient progress toward meeting degree requirements. Notations of Grades, Academic Probation and Academic Dismissal are posted to the student’s academic record.
When a student is academically dismissed from the University and is ineligible to re-enroll, it may be in his/her best interest to re-evaluate his/her educational goals with an academic advisor in his/her college. If the student's poor academic performance has resulted from extenuating circumstances or if after a period of time the student feels he/she has gained adequate maturity and motivation, he/she may petition the Academic Regulations Committee for permission to re-enroll. See “Academic Regulations Committee,” for information on petitioning.

Grading System

Effective Fall Semester, 2000, USF faculty may use a plus/minus grading system to assign student grades. The use of the plus/minus grading system is at the discretion of the individual faculty member.

A student’s measure of academic achievement is recorded on the academic record based on the following grading system:

**Plus/Minus Grades**

<table>
<thead>
<tr>
<th>Grade</th>
<th>Value</th>

Other Grades

- **E** Course repeated, not included in GPA
- **FF** Failure/academic dishonesty
- **I** Incomplete
- **IF** Incomplete grade changed to Failure
- **IU** Incomplete grade changed to Unsatisfactory
- **M** No grade submitted by instructor
- **N** Audit
- **R** Repeated Course
- **S** Satisfactory
- **U** Unsatisfactory
- **W** Withdrawal from course without penalty
- **WC** Withdrawal for extenuating circumstances
- **Z** Indicates continuing registration.

Please note that the grade of C- will satisfy specified minimum requirements for the Writing (Communication) and Mathematics (Computation) Requirements, formerly known as Gordon Rule, courses and the common prerequisites unless otherwise specified in the Catalog.

Grade Point Average

The University uses the quality points listed above. The grade-point average (GPA) is computed by dividing the total number of quality points by the total hours attempted at USF. The total quality points are figured by multiplying the number of credits assigned to each course by the quality point value of the grade given. Credit hours for courses with grades of I, IU, M, N, S, U, W, Z, and grades that are preceded by an “E” are subtracted from the total hours attempted before the GPA is calculated.

Credit hours for repeated USF coursework will be awarded only once per course unless the course is a university-approved repeatable course. “D” and “F” grades, however, for repeated USF coursework will be counted in the computation of the student's GPA as many times as those grades for that course are recorded. If a student originally earns a “C” or higher in a course that may not be repeated for additional credit and earns a “C” or higher on a subsequent enrollment the new grade is not computed in the USF GPA unless the forgiveness policy is being applied.
"I" Grade Policy
An "I" grade indicates incomplete coursework and may be awarded to graduate and undergraduate students. (Undergraduate rules apply to non-degree-seeking students.) It may be awarded to an undergraduate student only when a small portion of the student’s work is incomplete and only when the student is otherwise earning a passing grade. The instructor will be required to complete the I-grade contract online when posting the semester grade at the end of the term, identifying the remaining coursework to be completed, the student’s last day of attendance, and the percent of work accomplished to this point. This online contract will be automatically copied to the student’s email and to the Registrar. Until removed, the “I” is not computed in the GPA for either undergraduate or graduate students. The time limit for removing the “I” is to be set by the instructor of the course. For undergraduate students, this time limit may not exceed two academic semesters, whether or not the student is in residence, and/or graduation, whichever comes first. "I" grades not removed by the end of the time limit will be changed to "IF" or "IU," whichever is appropriate. If an instructor is willing, he or she may accept work from a student after an I grade has changed to an IF or IU grade, and assign the student a final grade in the course, unless the student has graduated. Whether or not the student is in residence, any change to "IF" grades will be calculated in the cumulative GPA and, if applicable, the student will be placed on appropriate probation or academically dismissed. Students are not required to re-register for courses in which they are only completing previous course requirements to change an “I” grade. However, if a student wants to audit a course for review in order to complete course requirements, full fees must be paid.

“M” Grade Policy
An “M” is automatically assigned as a default grade when the instructor does not submit a grade for a student. (Undergraduate rules also apply to non-degree-seeking students.) Unless a change of grade is submitted, the “M” grade will remain on the transcript and will not be computed in the student’s GPA.

S/U Grade System
No-option Courses
Certain courses have been designated as S/U courses. The “S” and “U” grades are used to indicate the student’s final grade. No grading system option is available to students or faculty in these courses.

Option Courses
Any undergraduate course may be taken on an S/U basis by a student under the following conditions and restrictions:
1. Required courses in the major may not be taken on an S/U basis.
2. Specifically designated required courses in the distribution requirements of the student’s college may not be taken on an S/U basis.
3. Courses to satisfy the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken on an S/U basis.
4. Courses to satisfy Foundations of Knowledge (FKL) General Education may not be taken on an S/U basis.
5. Courses to satisfy USF’s B.A. foreign language requirement may not be taken on an S/U basis.
6. All elective courses for the major and all elective courses in the distribution requirements and all other free elective courses may be taken on an S/U basis except where:
   a. The certifying college restricts the number of courses that may be taken on an S/U basis in any one or all of the above areas or restricts the total number of S/U courses that can be accepted for all of the above areas.
   b. The certifying college specifies that certain courses may not be taken on an S/U basis.
   c. The instructor of a course refuses to allow the course to be taken on an S/U basis.

Mechanism for Assigning S/U Grades
The method by which a student receives an “S” or “U” grade in an option course will consist of the following:
1. A written agreement signed by both instructor and student shall be filed with such offices as may be designated by the college. The college shall set the deadline (no later than the last day of classes for the term) for the student to decide if he/she wishes to take the course on an S/U basis.
2. The instructor shall assign final letter grades A, B, C, D, F, or I, but will transmit to the Registrar “S” or “U” consistent with the following:
   a. Letter grade, A, B, C, or C- shall be equivalent to a letter grade of “S.”
   b. Letter grades D or F shall be equivalent to a letter grade of “U.” “S” and “U” grades are not computed in the student’s GPA.
Mid-Term Grades - USF System Policy 10-504

It is the student’s sole responsibility to be aware of their academic standing and grade status in all courses. In an attempt to assist the student in evaluating his/her academic status mid-term, the University requires instructors to submit midterm grades electronically for each student enrolled in 1000-, 2000- and 3000-level courses (*1000- and 2000-level courses only at USF Sarasota-Manatee). Instructors may choose to not report mid-term grades for alternate calendar courses, study abroad, directed studies, internships and other courses that do not follow the normal course schedule for the academic term, although they are encouraged to do so. Mid-term grade reports are submitted after week 7 or for summer courses, soon after the midpoint of the time period that course is conducted. Once posted, the mid-term grades are available to students in OASIS.

This is a courtesy to the student and failure of an instructor to post the mid-term grades will not be grounds for a student academic grievance nor will it be justification for a retroactive drop as the student is presumed to be aware of current academic status.

Grade Forgiveness Policy

USF’s forgiveness policy permits an undergraduate to repeat a course and have the repeated grade computed in his/her GPA in place of the original grade, providing the repeat grade is posted as “D-” or higher (exception - see Honors at Graduation) and is higher than the first grade. Normally, grade forgiveness may only be applied to a specific course that a student chooses to repeat. No course taken on the S/U grade basis may have the grade forgiveness applied.

Under unusual circumstances, a different but similar course may be used if the substitute course has been previously approved by the college dean and is on file in the Office of the Registrar.

The grade forgiveness policy cannot apply to any course in which the grade of “FF” has been recorded.

Any undergraduate or non-degree seeking student who wishes to implement grade forgiveness must:

1. Complete a “Grade Forgiveness Request Form” for each course to be repeated.
2. Adhere to the following conditions:
   a. A limitation of applying grade forgiveness to three USF courses with no more than one repeat per course.
   b. Once a student utilizes grade forgiveness, it cannot be rescinded.
   c. With prior approval of the college dean, a course different from a course on the approved list may be substituted in the following cases:
      1. The substitute course is a change in prefix, number, hours, or title, but not a substantive change in content from the original course.
      2. The substitute course replaces a course no longer offered by the institution.
      3. The substitute course was approved by the Director of Students with Disabilities Services and the Dean of Undergraduate Studies as an appropriate alternative for a student with disabilities.
   d. The repeated course must be taken under the standard grading system (A-F) and the latest grade must be posted as “D-” or higher (grades of S/U are not permitted) and be higher than the first grade.
   e. All grades remain on the transcript. The original course grade will be annotated with “E” to indicate that the course has subsequently been repeated and the original grade is not computed in the GPA.
   f. Individual colleges may have further restrictions; therefore, the student should consult with his/her college.

This policy is applicable to undergraduate and non-degree seeking students only, and applies to 1000-to-5000-level courses. Once students have been awarded a bachelor’s degree from USF, they may not repeat a course and be forgiven the original grade, taken prior to graduation.

The policy applies only to courses taken originally at USF and repeated at USF.

ACADEMIC STANDING POLICIES

Good Standing

USF students will be considered in Good Standing if they are currently enrolled or eligible to return to USF and have a 2.00 USF System GPA.

Dean’s List

Effective Fall 2017, full-time undergraduate students who demonstrate superior academic achievement during one semester will be honored on a “Dean’s List.” To be eligible for the Dean’s List, a student must meet the following criteria:

- Complete 12 hours of graded (A-F) USF coursework with no Incomplete, Unsatisfactory and/or W grades during the semester.
- Earn a semester GPA in USF coursework, as designated by the College of their major, as follows:
  - College of Arts and Sciences = 3.9 GPA
  - College of Behavioral and Community Sciences = 3.9 GPA
  - Muma College of Business = 3.9 GPA
ACADEMIC REGULATIONS, POLICIES AND PROCEDURES

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

- College of Education = 3.9 GPA
- College of Engineering = 3.9 GPA
- College of Nursing = 3.9 GPA
- College of Public Health = 3.9 GPA
- College of the Arts = 3.9 GPA
- Office of Undergraduate Studies = 3.9 GPA
- Academic Support and Achievement = 3.9 GPA

If a student is coded in two undergraduate majors from two different colleges, the student may be honored with Dean's List from each college, presuming the student meets the required GPA threshold for each individual college.

Dean's List is determined at the end of the semester, after grades are posted. If an Incomplete grade is changed after grades processing is finalized, the student will not retroactively receive Dean's List designation.

Students registered in the Office of Students with Disabilities Services whose approved accommodations include a reduced academic load are eligible by meeting the above parameters with at least nine (9) credit hours of graded USF coursework completed in the semester and the recommendation from that office, to be confirmed by the Dean of the college of the student's major.

The Dean of the college in which the student is majoring or the Dean of Undergraduate Studies, for students currently enrolled in an exploratory curriculum, will recognize this academic honor. Students who are eligible should contact their College Advising Office or Students with Disabilities Services for information.

Students are eligible to earn the Dean's List designation only once for the entire summer and intersession semesters.

Academic Record

The student's academic record shall not be changed after the student has graduated.

Academic Probation and Academic Dismissal for Undergraduate Students

The first time an undergraduate student's USF grade point average (GPA) falls below a cumulative 2.0, the student will be placed on Academic Probation (AP). From the beginning of academic probation, the student must maintain at least a 2.0 GPA each term, and may not totally withdraw from any semester without cause.

Any student who withdraws from all classes after the fifth day of classes while on Academic Probation will be academically dismissed. Once on academic probation, academic advising prior to registration is mandatory until the student is removed from probationary status. The student may remain on academic probation indefinitely as long as he/she maintains a GPA of 2.0 or greater each semester. If at any time while on academic probation, the student's semester GPA falls below a 2.0, the student will be academically dismissed from the University. Once academically dismissed, a student may only return to USF under the University’s Academic Renewal Policies. If academically dismissed from USF, a student may not return to USF as a non-degree seeking student.

First year, first time in college (FTIC) students may be granted a one-time only academic dismissal deferment, allowing an additional semester of enrollment. Students will work with the Office of Academic Advocacy to create a plan for academic success in the deferred semester. It should be noted that deferring academic dismissal will not extend financial aid canceled due to poor academic performance.

The determination and notification of probationary status or academic dismissal will be made by the Registrar's Office on the student's semester grade report and academic record. A student who attends another college or university following academic dismissal will be classified as a transfer student and readmission will be based on the total record accumulated from all colleges and universities attended.

Once a student’s semester and overall GPA is at or above 2.0, the academic probation status will be removed. If a student is academically dismissed or falls below a 2.0 GPA from USF and subsequently receives a baccalaureate degree from another four-year institution, that student, when accepted to the University with the post-baccalaureate status, will have his/her academic record cleared.

Academic Renewal

The University's Academic Renewal policy allows students previously dismissed from the university or former students returning with a USF GPA below 2.00 to renew their pursuit of baccalaureate degrees without the responsibility of having to overcome the entire burden of low grades and low grade-point-averages. To facilitate this opportunity, students who qualify for Academic Renewal may, with the approval of the Academic Regulations Committee and/or the Office of Undergraduate Studies, have portions of their academic record excluded from calculation of their grade point averages (GPAs). To be eligible for academic renewal, the student must select a major in which they will graduate according to the degree progression policy. The entire academic record, however, will continue to be reflected on their transcripts even though a selected portion will not be counted in their GPAs. Academic Renewal students are admitted with the same terms of academic probation and dismissal as other undergraduate students. Academic Renewal will
only be applied to a student's academic record one time at USF. Students returning to the University under Academic Renewal may incur excess hours and associated monetary penalty.

**Academic Renewal I (AR-I)**

Students who have been academically dismissed or former students returning with a USF GPA below 2.0 may petition the Academic Regulations Committee to return to the University under AR-I. A student will be considered for reinstatement to the University under Academic Renewal I after completing all requirements for the Associate of Arts degree or equivalent (including general education, State Communication and Computation Requirements, formerly known as Gordon Rule) at a two- or four-year college other than USF. Academic Renewal I students will enter USF as an upper-level student and their USF grade point average will be calculated from that point forward. While AR-I is required for students who have earned less than 60 credit hours, it is not restricted to those students. In order to graduate following re-admission under AR-I, all campus and major residency and degree requirements must be met. Students who are admitted under AR-I may be excluded from admission to limited access programs and will not be considered for University Honors at graduation unless they meet the criteria using all grades earned.

**Academic Renewal II (AR-II)**

Academic Renewal II is available to students who were academically dismissed or former students returning with a USF GPA below 2.00 and have 60 or more earned credits from USF or other institutions of higher education. These students will be considered for reinstatement to the University under Academic Renewal II, after a break in USF enrollment for a full academic year (fall, spring, summer). Students may choose to complete major prerequisites at a non-USF institution during this time, but are not required to do so. Students who choose to take courses at a non-USF institution should meet with the academic advisor of their intended USF major prior to enrolling in courses elsewhere.

The Dean of Undergraduate Studies or her/his designee will, in consultation with the college of the student's intended major, make a final decision regarding the readmission.

Following readmission under Academic Renewal II, students will have their USF GPA calculated from that point forward. In order to graduate, following readmission under ARII, all campus and major residency and degree requirements must be met. Students readmitted under AR-II may be excluded from admission to limited access programs. Further, students who exercise the Academic Renewal II policy will not be considered for University Honors at graduation unless they meet the criteria using all grades earned.

**GRADUATION AND COMMENCEMENT**

**Application for Graduation**

In order to graduate, a student must submit an online application for the bachelor’s degree. The application must be submitted in the term of expected graduation by the deadline noted in the academic calendar for the student to be assured of availability of academic regalia for participation in the graduation ceremony, certification of graduation by the end of the term, inclusion of name in the graduation bulletin, and timely order of the diploma. Students who submit the application for graduation after the posted deadline, but prior to the last day of classes for the academic term, and who are determined to have met all graduation requirements in that semester may have their graduation posted that term. Students must note that when applying late, their application may not be processed before the next term’s registration period if they have not met all degree requirements. Applications received after the last day of classes will result in the graduation being posted at the end of the following academic term.

If a student applies for graduation and is not approved, a new application for degree must be submitted for the new term. In order for the degree statement to appear on a student’s academic record, the student must file the aforementioned application whether or not participation in the commencement ceremony is desired.

It is the student's responsibility to clear all “I” grades (incompletes) in courses required for graduation and to provide official transcripts of all transferred coursework needed for graduation at least three (3) weeks prior to the end of the term in which he/she expects to graduate.

A student applying for a second undergraduate major must do so within the same deadline set for applying for a degree.

For purposes of honors recognition at the ceremony, students must have a 3.50 GPA before the term in which they plan to graduate to have honors recognized publicly at the commencement ceremony.

**Note:** Some colleges ask students to file applications as early as the semester before anticipated graduation to help ensure that they will meet all graduation requirements in the semester in which they intend to graduate. Although applications will be accepted until the last day of classes for the semester of graduation, students applying late will jeopardize their chances of having met all requirements and may delay their graduation as a result.
Posthumous Degrees or Degrees in Memoriam

The University of South Florida System institutions may award a posthumous baccalaureate, master's or doctoral and medical degree to a student who was in good standing at the University at the time of his or her death and who had completed all substantive requirements for the degree.

To award a non-thesis degree, the student would need to have completed all courses required for the degree. Courses required for the degree, in which the students are enrolled at the time of his or her death, must have been completed to the satisfaction of the faculty so that passing grades might be posted. All other requirements must have been satisfied as well.

To award a thesis or dissertation degree, all courses must be completed as described above and the thesis/dissertation must be sufficiently complete to the satisfaction of the faculty so that certification of completion may be posted to the student’s record.

USF System institutions may award baccalaureate, master's, doctoral, and medical degrees in memoriam to students who were in good academic standing at the time of his or her death.

Procedures for Award of Posthumous Degrees or Degrees in Memoriam

Departmental Chairs, or appropriate faculty members, on their own initiative or upon request of a student’s family, may recommend a posthumous, or an in memoriam degree, by forwarding the recommendation to the respective Dean of the appropriate college. If approved by the Dean, the request, accompanied by the supporting documentation, will be forwarded to the Dean of Undergraduate Studies or the Dean of Graduate Studies (respective to the degree type at USF or to the Chief Academic Officer at USF St. Petersburg or USF Sarasota-Manatee) for approval. If the Dean or Chief Academic Officer approves the recommendation, the institution’s Office of the Registrar will be notified. Posthumous degrees and in memoriam degrees may also be presented to the student’s family in an appropriate setting, which may include the ceremony held in fall and spring terms. A posthumous degree may be awarded at a commencement ceremony.

Diplomas for posthumous degrees will be identical to other degrees awarded in the same colleges and majors. Diplomas for Degrees in Memoriam will be prepared to read “Bachelor of Arts in Memoriam”, “Bachelor of Science in Memoriam,” “Master of Arts in Memoriam”, etc., depending upon the degree the student was pursuing at the time of his or her death. Undergraduate students who have not chosen a major at the time of death will be awarded the “Bachelor of Arts in Memoriam”.

Honors at Graduation (former 2016-2017 policy; revised 10-27-17)

To be considered for honors at graduation, a baccalaureate candidate must have completed at least 40 credits of graded upper level coursework attempted at USF, and earned a grade point average of 3.50 or higher for all graded coursework attempted at USF. For those students in programs requiring multiple clinical experiences (such as Nursing and Education), a baccalaureate candidate must have completed at least 30 hours of graded upper level coursework and have earned a grade point average of 3.5 or higher for all graded coursework attempted at USF. In addition, to be eligible for honors, transfer students and USF students who have postsecondary work elsewhere must have an overall GPA of 3.50 or higher counting all USF courses as well as all transferable work attempted at other institutions. The forgiveness policy at USF or other institutions and plus/minus grades awarded at other institutions will not be applicable in computing the GPA for honors. In addition, students with a record of academic dishonesty appearing on any transcripts may graduate from a degree program after meeting all degree requirements, but will not be eligible for honors at graduation, including the honor of graduating from the Honors College or a departmental honors program.

Candidates with a USF GPA of 3.50 or higher and an overall GPA of 3.50 but below 3.70 shall receive a diploma designation of cum laude (with honor). Candidates with a USF GPA of 3.50 or higher and an overall GPA of 3.70 but below 3.90 shall receive a diploma designation of magna cum laude (with high honor). Candidates with a USF GPA of 3.50 or higher and an overall GPA of 3.90 or above shall receive a diploma designation of summa cum laude (with highest honor). In addition, each dean has the option to select on the basis of exceptional achievement 1% of the college’s graduates or 1 student per semester for graduating with distinction. Undergraduate candidates with an overall GPA of 4.00 are recognized at the commencement ceremony as King O’Neal Scholars. They will be recognized during the ceremony and presented with a certificate and medallion from the Alumni Association. For purposes of honors recognition at the commencement ceremony, students must have a 3.50 GPA before the term in which they plan to graduate to have honors recognized publicly at the commencement ceremony. **NOTE:** The GPA is not rounded up when determining honors at graduation (e.g., 3.69 is not the same as 3.70). The forgiveness policy at USF and other institutions and plus/minus grades awarded at other institutions will not be applicable in computing the GPA for honors. In addition, students with a record of academic dishonesty appearing on any transcript(s) will not be eligible for honors at graduation.
Commencement ceremonies are held at the end of each academic semester. Ceremonies are held three times a year in Tampa (Spring, Summer and Fall) with multiple ceremonies hosted in a day.

Students register to participate in a Commencement ceremony through the Commencement website, http://usfweb2.usf.edu/commencement/. Registration for that term’s ceremony is open on the first day of classes for that term.

Deadline for ceremony registration varies by campus. Registration is open to all students; however, doctoral candidates cannot participate in Commencement exercises until all requirements for such degrees have been fulfilled.

To apply to graduate (submit your application to graduate to receive your diploma), contact the Office of the Registrar. Students do not receive their diploma at the ceremony. Information regarding the ceremony will be mailed to students who apply to graduate by the end of the fourth week of the term. The list of student names published in the Commencement program is also taken from the list of students who applied to graduate by the end of the fourth week of the term. Students who have elected total privacy on their records will not have their names published in the Commencement program.

Commencement is a most dignified ceremony fitting for the accomplishment you have achieved. Academic regalia is required. Other than the cost of regalia, there is no fee to participate in a Commencement ceremony for graduates and their families and guests.

Additional information about Commencement can be found at http://usfweb2.usf.edu/commencement/ or by calling (813) 974-1816.

STUDENT RESOURCES

OFFICE OF THE DEAN, UNDERGRADUATE STUDIES

Location/Phone: Student Services Building (SVC) 2002; (813) 974-4051
Web Address: http://www.usf.edu/undergrad/

The Office of Undergraduate Studies (UGS) works in partnership with the academic colleges in the development, review, and enhancement of the undergraduate programs to assist faculty to provide outstanding undergraduate education for students. The members of the UGS team work with faculty to establish and administer academic policies, assist with undergraduate curriculum development and review, and support proposals for new and revised programs and courses through the various approval processes. In addition to assisting with the academic programs offered by the colleges, Undergraduate Studies offers a number of academic programs, including the Bachelor of Science in Applied Sciences, the Bachelor of General Studies, the Leadership Studies minor, and the Army, Air Force and Naval Reserve Officer Training Corps programs.

Undergraduate Studies provides a strong set of student success programs designed to make it more likely that students will successfully navigate the complexities of the transition to college and the baccalaureate experience. (It integrates academic endeavors with meaningful experiences within a myriad of student development programs.) Together, they aim to provide coordinated opportunities for students to develop their identities and intellectual competencies for successful careers and lifelong learning. Those services include: the Academic Success Center, First-Year and Transfer Student Orientation, the Office of Academic Advocacy, the Academic Foundations course, First Generation Access and Pre-Collegiate Programs, the Office for Undergraduate Research, the Joint Military Leadership Center, and the Student-Athlete Enrichment Center.

The Dean is committed to providing vision and leadership in undergraduate education and to serving the needs of all undergraduate students, including those with non-traditional and diverse backgrounds.

DEAN OF STUDENTS

Location/Phone: Marshall Student Center (MSC) 4301; (813) 974-6677
Web Address: http://www.usf.edu/student-affairs/dean-of-students/index.aspx

Professionals and students in the Office of the Assistant Vice President & Dean of Students collaborate to facilitate learning opportunities and experiences that extend beyond the classroom. We provide students with activities that foster knowledge and success, and create a complete University experience where students achieve an understanding of themselves and the world around them. To ensure that every University of South Florida student graduates with a set of skills that carries into their future endeavors, we focus our work into the following areas: Advocacy, Leadership Development, Involvement, Civic Engagement, Multiculturalism, Diversity & Inclusion, and Responsible Community Behaviors. We encourage students to stretch their comfort zones and discover new friends, interests, passions, and talents. We invite you to join with us to ensure that every Bull has access to the tools and connections they need to make their USF experience unique and complete.

STUDENT RESOURCES AND INFORMATION

Student Handbook

The USF Student Handbook contains various resources for students such as the Student Code of Conduct, the USF Commitment to Honor, and policies set forth by the Department of Housing & Residential Education. The Student Handbook is published by the Department of Student Affairs and can be found at the following link: http://www.usf.edu/student-affairs/dean-of-students/resources/handbooks-and-guides.aspx.

USFCard

The USFCard is the official identification card of the University of South Florida. The USFCard is a multi-functional card with digitized photo and electronic identification and validation for departments needing to verify student and/or employee status. The USFCard was designed as a platform for a multitude of services and functions.

You must visit the Card Center to fill out proper documentation to obtain your USFCard.

Cardholder Responsibilities

A. Use of the USFCard by anyone other than the person to whom it was issued is strictly prohibited.
B. The cardholder is subject to disciplinary actions or other penalties for improper use of the card.
C. The cardholder is responsible for any and all losses associated with the card.
D. Punching holes, marking on the card, adding stickers or altering the card in any way is strictly prohibited.

Please visit the following website for more information: http://www.usf.edu/it/class-prep/usf-card.aspx.

Homeless Fee Exemption

According to Florida Statute 1009.25, a student who is homeless may be exempt from paying tuition and fees. For the purpose of the fee exemption, homelessness is defined as a student who lacks a fixed, regular, and adequate nighttime residence, primary nighttime residence is a public or private shelter designed to provide temporary residence for individuals, or a public or private place not designated for, or ordinarily used as, a regular sleeping accommodation.
for human beings. If an individual thinks he/she may be eligible for the homeless exemption, it is advised that she/he speak with their Case Manager or Homeless Liaison Officer.

This exemption covers tuition and fees only. Students utilizing the homeless fee exemption will be required to pay other costs such as the repeat course surcharges, excess credit hour fees, textbooks, housing, food, etc. Students are advised to talk with a financial aid counselor and an academic advisor about additional fees.

Student Ombuds - BOG Regulation 6.011
Location: Student Services Building (SVC) 2057
Schedule an Appointment: (813) 974-0835
Web Address: http://www.usf.edu/student-ombuds

The Student Ombuds Office at USF is a confidential, impartial, independent and informal resource for students who wish to convey concerns and/or resolve disputes related to the University. The mission of the Ombuds Office is to facilitate fair and equitable resolution processes that promote student success. The Ombuds Office is not an official office of notice for the University of South Florida. The Student Ombuds, as a neutral facilitator, will listen to concerns and help students develop a range of options in an informal attempt to achieve resolution. The Ombuds may also refer students to appropriate individuals and offices and clarify University policies and procedures. All information disclosed in the Ombuds Office will be held confidential unless otherwise authorized by the student or otherwise required by applicable law, including Chapter 119, Florida Statutes.

Center for Victim Advocacy & Violence Prevention
The Center for Victim Advocacy (part of the Student Affairs & Student Success unit) provides free and confidential services to students, faculty, and staff of all gender identities who have experienced crime, violence, or abuse for incidents occurring on or off campus, recently or in the past. Services are provided by professional Victims Services Practitioners and may include: crisis intervention, emotional support, personal and systems advocacy, court accompaniment, victim helpline, safety planning, and assistance filing for injunctions (protective orders) and crime victim’s compensation claims. We also provide prevention and education presentations, programs and events. Appointments are available in our office or other safe locations on campus. Walk-ins are welcomed, Monday – Friday, 8:00 a.m. to 5:00 p.m. After hours, weekends and holidays, an advocate is available for victims of violent crimes through the Victim Helpline.

Important Contact Information
Victim Helpline: (813) 974-5757; Office: (813) 974-5756; Student Services Building (SVC) 0067; www.sa.usf.edu/advocacy/.

Students with Disabilities Services
In accordance with Section 504 of the Rehabilitation Act, The Americans with Disabilities Act and The ADA Amendments Act, the University of South Florida provides reasonable academic accommodations for otherwise qualified students who have documented disabilities. Students seeking accommodations must register with the Services for Students with Disabilities Office. See http://www.usf.edu/student-affairs/student-disabilities-services/ for a list of common accommodations and more information on the accommodations process.

Admissions: Students with disabilities apply under the same guidelines as all students through the Offices of Undergraduate or Graduate Admissions.

Course Substitution: Students with disabilities requesting substitution of coursework for General Education, or Foreign language requirements should contact Students with Disabilities Services. Students with declared majors requesting substitution of departmental graduation requirements will need to contact the chair of their department. In either case, students will be requested to submit documentation to SDS to support their request for an exception.

Parking: Students with state parking privileges need only supply their state card as documentation for eligibility to Parking and Transportation Services. Students without state privileges need medical documentation to be considered for on-campus parking. Contact: http://www.usf.edu/administrative-services/parking/.

Housing: Accessible on-campus residence hall housing is available for students with special needs. Specific information is available through Housing and Residential Education. Contact: http://www.usf.edu/student-affairs/housing/.

Diversity Inclusion and Equal Opportunity: Students with disabilities are encouraged to participate fully in all University events, programs, and other campus activities. Information on whom to contact to request accommodation or assistance should be listed on program information and advertisements. If unable to secure the requested assistance or if additional help with accessibility is needed, contact the ADA Coordinator in Diversity Inclusion and Equal Opportunity (DIEO) at http://www.usf.edu/diversity/.

USF - Reasonable Academic Accommodations and Services for Students
Ms. Deborah McCarthy, Director, 4202 E. Fowler Avenue, Student Services Building (SVC) 1133, Tampa, FL 33620-6500
Office of Veteran Success  
Location/Phone: John and Grace Allen Building (ALN) 130; (813) 974-2291  
USF is approved for the education of veterans, eligible dependents/spouses, members of the selected reserve, and active-duty personnel who are eligible for benefits under public laws now in effect. All degree programs currently offered at USF are approved by the Department of Veterans Affairs. Students who may be eligible for benefits are urged to contact the Office of Veteran Success, (813) 974-2291 or vetserve@usf.edu, for information, procedures, and forms as early as possible. To initiate, change, or renew benefits at USF, a request must be submitted through that office.  
VA regulations require that students take only courses that are applicable to their degree program or other approved programs and make satisfactory progress toward their degree. Students should log on to the USF Veteran Success website: http://www.usf.edu/student-affairs/veterans/ for information on various programs/services, and VA rules and regulations. Under no circumstances will the VA pay benefits to a student taking a course by audit. It is the student's responsibility to inquire concerning all VA rules and regulations and to report any change in number of registered hours, change of majors, or adding a double major or co-degree (concurrent). Additionally, VA benefits will be terminated for students who are dismissed for academic reasons and can only be reinstated after academic counseling and approval from the Academic Regulations Committee.  
Veterans with a service-connected disability approved for benefits under Chapter 31 may contact the Office of Veteran Success no earlier than two weeks prior to the start of classes for a book and supplies voucher. The VA toll-free number is 1-888-442-4551.

Career Services  
Location/Phone: Student Services Building (SVC) 2088; (813) 974-2171  
Web Address: http://www.usf.edu/career-services/  
Career Services provides USF students with comprehensive career planning and job search services. A staff of experienced professionals is available to help students choose a career; gain career-related work experience and plan their job search. Career Services also provides information on employment opportunities and creates venues where students can network and interview with local, state, national and international employers.

Nutrition Counseling  
Student Health Services employs a registered dietitian available to provide nutrition counseling for medical conditions such as diabetes, hypertension, hyperlipidemia, obesity and eating disorders. There is a $10 fee per visit. Please call (813) 974-2331 to make an appointment. Visit the following URL for more information: http://www.usf.edu/student-affairs/student-health-services/services/.

Meal Plans  
Meal Plan Office  
Location: Marshall Student Center (MSC) 1502  
Phone: (813) 974-4499  
Web Address: http://usf.campusdish.com/  
USF requires all first-year, undergraduate students residing in on-campus housing to purchase a meal plan. The amount of the meal plan required is determined by the type of housing style (traditional, suite, or apartment) in which the student lives. Please see USF Dining at http://usf.campusdish.com/ for more information.

Tobacco and Smoke Free University  
USF is committed to providing a safe, healthy and enjoyable learning, living and working environment. The USF Tampa Campus is entirely tobacco and smoke free. Smoking and use of tobacco products are not allowed in any indoor or outdoor area, including parking garages, grounds, sidewalks or recreational areas. This policy also includes the use of e-cigarettes.

Academic Success Center  
Location/Phone: USF Library (LIB) 206; (813) 974-2713  
Web Address: http://www.lib.usf.edu/tutoring/  
The Academic Success Center is part of the Library Learning Commons and is located on the second floor, LIB 206. Offering a variety of academic support services, the mission of the department is to support student learning. Tutoring is free and available in many different subject areas including math, science, and languages. Students can select from several drop-in centers or make an appointment. The Center also offers individual Academic Coaching appointments designed to help students customize their approach to learning. Several credited academic enhancement...
courses are offered each semester as well including Strategic Learning (REA 2604), Improving College Writing (ENC 1130) and Advanced Reading (REA 1205).

The Writing Studio
Location/Phone: USF Library (LIB) 233; (813) 974-8293
Web Address: http://www.lib.usf.edu/writing/

The Writing Studio is a place for writers of all skill levels to take chances, ask questions, and develop their abilities. The Writing Studio is an academic support partner in the Library Learning Commons and is located on the second floor, at LIB 233. Writing support is free to all registered USF students. In order to support writing across the curriculum, writing consultants are graduate students from a wide range of departments including English, Communications, World Languages, and several STEM fields. Help is available for all levels of students from first-year undergraduate to doctoral level, including staff and faculty. Appointments are needed and can be scheduled by phone, in person, or online.

SMART Lab
Location/Phone: USF Library (LIB) 232; (813) 974-9944
Web Address: http://www.lib.usf.edu/smart-lab/

The SMART (Science, Math, and Research Technology) Lab is equipped with 324 computer workstations to provide learning support and testing services to students in introductory mathematics courses including College Algebra, Pre-Calculus, Finite Math and Business Calculus. In addition, students in Calculus, Statistics and Physics courses can receive tutoring assistance in various drop-in areas around the lab. No appointment is needed for tutoring in any SMART Lab areas.

The USF Library System
Phone: 813-974-2729
Web Address: www.lib.usf.edu
Contact Email: http://www.lib.usf.edu/help/

The USF Library offers access to over 1.3 million books and an extensive selection of print and electronic resources, including 52,000 e-journal subscriptions, 443,000 e-books, and over 800 databases containing articles, media and other materials. Students also have access to our collections of audio/visual materials including videos, CDs, DVDs, and even LPs.

The Louis de la Parte Florida Mental Health Institute (FMHI) Research Library provides services and resources directly supporting the Louis de la Parte Florida Mental Health Institute and related academic and research programs at the University of South Florida. The web address for the FHMI Research Library is: http://www.lib.usf.edu/fmhi/

The Shimberg Health Sciences Library, serves the needs of USF Health consisting of the College of Medicine, Nursing and Public Health. The web address for the Shimberg Health Sciences Library is http://library.hsc.usf.edu/

Office for Undergraduate Research
Location/Phone: USF Library (LIB) 210; (813) 974-6842
Web Address: http://www.lib.usf.edu/undergraduate-research/
Contact Email: ur@ur.usf.edu

USF is a “Global Research University Dedicated to Student Success”. The Office for Undergraduate Research (OUR) is uniquely positioned to support this mission and prepare students to have a competitive advantage for job and graduate/professional school admissions. The OUR promotes mentored research across all disciplines by partnering with faculty and staff in all academic programs, administrative units and within the community. The office assists students, faculty, staff, administrators and community leaders in establishing research experiences that are designed to enhance a student’s academic progression and foster deeper immersion in the field. Since 2012, the OUR has facilitated the training and engagement for thousands of undergraduates in research activities across all disciplines. Each year the OUR provides:

- Comprehensive Getting Started in Research Workshop Series to inspire action and engagement. The three workshops in the series are: (1) Getting Started in Research, (2) Creating a Personal Vision Statement and Credentialing Yourself, and (3) Researching a Mentor and Having the Conversation of Research.
- Personal introduction of students to potential mentors after they complete the OUR training.
- Innovative initiatives to increase capacity for all students to obtain an authentic research experience.
- Professional Development workshops to support presentation, publication and job preparation.
- Several mechanisms to obtain funding for strategic research priorities.
- The Undergraduate Research and Arts Colloquium every April as part of USF Week. This event provides an opportunity for undergraduate students across all disciplines to present their current research and interact with faculty, community leaders, and peers. The USF-hosted Colloquium is the largest undergraduate research conference in the State of Florida.
Students who participate in undergraduate research and utilize the services of the OUR will develop critical thinking skills, show better academic performance, gain invaluable experience, learn to bring research to their conversation, and develop mentoring relationships that last for a lifetime.

Global Citizens Project

The Global Citizen Awards program is a fun and flexible way to develop the qualities of a global citizen and be rewarded for your accomplishments. Students earn the Global Citizen Award by attending on-campus global events and participating in their choice of globally focused activities like community service, internships, study abroad, undergraduate research, and foreign language or global citizens coursework. In addition to becoming globally aware and developing marketable skills, students who complete the Global Citizen Award will be eligible for study abroad scholarships and have the achievement noted on their official transcript. For more information, please contact the Global Citizens Project at www.usf.edu/gcp/students.

Education Abroad

Education Abroad offers a variety of study abroad opportunities for students and faculty around the world, these include: semester exchanges, faculty-led summer and short term programs, international internships, and service learning. Programs range from one week to one year and award academic credit. Education Abroad facilitates the incoming and outgoing exchange process and works closely with our international partner universities to develop new academic programming and exchanges.

The Education Abroad Office provides extensive planning assistance for both students and faculty program leaders, including pre-departure orientation sessions. The staff members have extensive experience in study abroad and are able to offer seasoned, insightful advising and information to anyone considering or planning a study abroad experience.

USF Testing Services

Location/Phone: Northwest Education Complex (NEC) 116; (813) 974-2742  
Physical Address: 13301 Bruce B Downs Blvd. Tampa, FL 33612  
Office Hours: 7:30 am – 5 pm Monday, Wednesday, and Friday; 7:30 am – 8 pm, Tuesday and Thursday; 7:30 am – 1:30 pm Saturdays; 7:30 am – 5 pm the last Saturday of each month  
Web address: http://www.usf.edu/testing-services/  

USF Testing Services provides high quality proctoring services for the following exams:

1. Entrance and Placement: Tests required for admission to colleges, graduate and professional schools and/or for placement into a course(s). Examples are the ACT, SAT, CPT, GRE, LSAT, EDT, MAT, PRAXIS and TOEFL.
2. Credit-By-Examination: The College Level Examination Program (CLEP) and DANTES Subject Standardized Tests-DSST.
3. Professional certification/licensure such as CHES/MCHES, FTCE, IT, MPRE, PRAXIS, Six Sigma, Castle, Kryterion and Prov.
4. Distance Learning Course Proctoring (DLCP): As a member of the Consortium of College Testing Centers (CCTC), USF – Testing Services provides proctoring services for students taking distance learning courses from other colleges or institutions. We proctor both paper and computer based exams.
5. USF Online Course Exam Proctoring (OCEP): USF Testing Services proctors course exams for USF students enrolled in specified/eligible online courses.

Credit by Exam

USF allows students to receive up to 45 semester hours of credit towards the baccalaureate degree upon successful completion of Advanced Placement (AP), Advanced International Certificate of Education Program (AICE), International Baccalaureate (IB), General and Subject College Level Examination Program (CLEP), DSST (formerly DANTES), Caribbean Advanced Proficiency Exams (CAPE), Global Certificate of Education (GCE), Global Assessment Certificate (GAC), German Abitur (ABITUR) and Excelsior (EXCEL) College examinations. Performance levels necessary to achieve credit have been established at a common level for all universities and community colleges in the State system. For information on credit-by-exam equivalencies, please visit the following URL: http://ugs.usf.edu/credit-by-exam/. Credit earned through one examination program may not be duplicated by another examination or course.

The following limitations should be recognized: CLEP credit will not satisfy USF’s residency requirement and Credit for the General Natural Science examination will be granted for non-majors only.

Certain General and Subject CLEP Examinations noted in the table found at http://www.usf.edu/testing-services/ may apply to the General Education Liberal Arts Requirements. Some programs do not award credit toward the degree
for certain CLEP examinations, and certain graduate or professional schools such as law, medicine and engineering may not grant equal recognition to students with extensive examination credits.

An academic advisor should be consulted to ascertain the applicability of a specific CLEP examination toward a student’s degree requirements and the advisability of taking the examinations in a student’s specific situation.

All CLEP Subject Examinations are administered at USF Testing Services every day; schedules are available at the USF Testing Services website (http://www.usf.edu/testing-services/). Prior registration is required before scheduling an appointment for information regarding CLEP examinations, please go to the USF Testing Services website.

ADVISING RESOURCES

Academic Advising for Undergraduate Students

USF seeks to guide all students in selecting programs and courses best suited to their personal abilities, educational interests, and career objectives. Students who have been admitted to the University and have chosen their major area of study may visit their designated academic advising office housed in one of the ten colleges offering baccalaureate degrees. Others who have not yet declared a major should visit the Office of Academic Advocacy, located in Student Services Building (SVC) 2043.

All admitted students are strongly encouraged to establish an advising relationship with a college and visit their advisors to keep abreast of any policy, procedural or curriculum changes that may affect them. Newly admitted first year in college students are required to meet with an academic advisor each semester until they have earned 30 USF credit hours. It is important for students to keep in mind that although the University provides advising services to assist students with academic planning, it is each student’s responsibility to see that all graduation requirements are met.

Office of Academic Advocacy (OAA)

Location/Phone: Student Services Building (SVC) 2043; (813) 974-2645
Web Address: http://www.usf.edu/undergrad/academic-advocacy/

The Office of Academic Advocacy (OAA) promotes undergraduate student persistence, progression, and completion in support of key strategic University goals and measures by removing barriers to academic success and supporting a timely progression to graduation.

OAA provides services to undergraduate students who are selecting the Exploratory Curriculum Major (ECM) and those who need assistance with re-selecting a major. Sometimes a student’s original major of choice is no longer an option because of limited access programs, minimum GPA standards, or a realization that one is no longer on the right path. Whether this decision is voluntary or determined by academic requirements, OAA can assist with the selection of a new major.

Appointments may be scheduled online at: http://usfweb3.usf.edu/appointments/StudentSignon.asp.

The Exploratory Curriculum major offers five curriculum options aimed at FTIC students who have not identified a specific major. Each major offered at USF is represented in the Exploratory Curriculum major. The five curriculums are: Exploratory Arts & Humanities (EAH), Exploratory Business (ECB), Exploratory Global & Social Sciences (EGS), Exploratory Health & Natural Sciences (EHN), and Exploratory Math, Engineering, and Technology (EMT).

The Exploratory Curriculum major allows University of South Florida students to explore academic options. Students choose from one of the five academic tracks that allows them to explore academic disciplines and career field while satisfying the Foundations of Knowledge & Learning (FKL) Core Curriculum and the State's General Education Common Core requirements that are a graduation requirement of all USF students. This allows students to remain on track for timely graduation during the exploratory period. Students may remain exploratory until they earn 36 credit hours. In addition, Exploratory Curriculum students are required to complete SLS 2901 (Academic Foundations/ U-Decide), a first-year experience course with a significant major/career exploration component.

For additional information about the Exploratory Curriculum (ECM) option please visit: http://www.usf.edu/undergrad/academic-advocacy/ecm/index.aspx.

DegreeWorks Academic Advising System

Web Address: https://degneworks.usf.edu/

DegreeWorks is the University of South Florida’s computer-assisted advising tool that is used in conjunction with academic advisor appointments for degree planning. The reports produced by DegreeWorks are available to active degree seeking undergraduate students through its web interface available at: https://degneworks.usf.edu/.

DegreeWorks creates personalized reports by matching the student’s academic record (both USF and transfer courses) against the requirements of the student’s degree program. Students can use the “What If” worksheet to explore different degree programs by creating a tailored curriculum including majors, concentrations, and minors. The “Look Ahead” feature is available for students to see how a proposed schedule of classes will be used toward completing their degree.

ACADEMIC PROGRAMS

First Year Academic Programs
Location/Phone: Student Services Building (SVC) 2002; (813) 974-2645
Web Address: http://www.usf.edu/undergrad/programs/

To support incoming students in their pursuit of academic and personal success, First Year Academic Programs offers two courses: University Experience and Academic Foundations Seminar. The elective credit earned from these courses can be applied to any undergraduate degree program.

SLS 1101 University Experience and SLS 2901 Academic Foundations are designed specifically for first-year students to acclimate them to USF. The courses provide the necessary support and assistance needed during a student's transition to university life. Student success is of utmost importance and USF created this curriculum specifically to address the many unknowns related to new responsibilities, expectations and academic challenges. USF wants to make sure that you have the tools you need to succeed at a high impact, research institution. Data continues to show us that students at USF who take these courses earn higher grades and graduate faster.

The goals of SLS 1101 and SLS 2901 are to help students build community, learn about campus resources, develop effective academic skills, and explore personal character and values. Course topics include: goal setting, time management, career development, occupational exploration, learning and problem solving strategies, financial literacy, personal wellness, university resources, research opportunities and involvement in the campus community. Each class consists of approximately 25 students.

To support our transfer students SLS 3113 Academic Transitions was designed to facilitate transfer students' academic integration into a research university. Students will gain an understanding of the academic standards and expectations at a research university and discover how to be successful. This 3 credit course is open to all incoming transfer students.

U-First Program
Location/Phone: Student Services Building (SVC) 2002; (813) 974-4227

U-First is a mentoring and academic success program for students who are placed on academic probation. Students are supported through the SLS 2901 Academic Foundations Seminar and benefit from one-on-one personalized coaching and individual support as they adapt to the dynamics of the college environment at a high-impact research university. U-First instructors are committed to student development and dedicated to providing transitional services to guide and coach students to achieve academic success.

Experiential Learning Programs

Experiential learning is an essential part of higher education at all levels. Internships, practicums, field experiences, professional field placements, clinical residencies, and cooperative learning all provide opportunities to bridge theory and practice while preparing students for successful transition into the world of work.

USF offers a wide variety of experiential learning programs in many disciplines. Browse experiential learning programs by college and department at the following link: http://www.usf.edu/engagement/resources/experiential-learning-programs/.

Student-Athlete Enrichment Center (SAEC)
Web Address: http://www.gousfbulls.com/ViewArticle.dbml?DB_OEM_ID=7700&ATCLID=219886

The Student-Athlete Enrichment Center (SAEC) provides collaborative student support and development resources to USF student-athletes and houses the Academic Services, Athletic Compliance, Behavioral Health and Student-Athlete Enhancement units respectively.

- Academic Services promotes student accountability, responsibility and engagement in all academic and community related endeavors, providing programming, academic advising, facilities, technology resources and a dedicated professional staff. Academic Services aims to support the student-athlete experience by providing a structured academic support environment and promoting the development of our young men and women in preparation for their lives after sport.
- The Athletic Compliance Office strives to uphold the integrity of USF Athletics by establishing an atmosphere of education, consistency and responsibility in adherence to the explicit guidelines set forth in the governing legislation of the NCAA and American Athletic Conference.
- Behavioral Health Services provides education, intervention, consultation and support to our student-athletes, coaches and staff. This is accomplished through direct care, sport psychology services and wellness education.
- Student-Athlete Enhancement takes pride in developing USF student-athletes into well-balanced graduates who are equipped to positively impact their future and become productive leaders in the community. Programming focuses on personal enhancement, social engagement, career development and leadership.
Through a balanced and student-centered approach, the Student-Athlete Enrichment Center provides a comprehensive service platform in supporting the departmental mission of winning in the classroom, in the community and championships on the fields of competition.

**Student Support Services (SSS)**

**Location/Phone:** Student Services Building (SVC) 2011; (813) 974-4301  
**Web Address:** [http://www.usf.edu/undergrad/sss/](http://www.usf.edu/undergrad/sss/)

Student Support Services (SSS) is a federally funded retention program designed to help students make a smooth transition from high school to the University of South Florida. The program provides academic and personal support for students and addresses non-cognitive factors. A student is eligible to participate in Student Support Services if the student meets all of the following requirements:

A. Is a citizen or national of the United States or meets the residency requirements for Federal student financial assistance;  
B. Is enrolled at the grantee institution or accepted for enrollment in the next academic term at that institution;  
C. Has a need for academic support SAT1130 or below or ACT below 23 or high school grade point average below 3.40);  
D. Is 1) a low income individual; 2) a first generation college student (the student’s parents did not earn a four year degree); or 3) an individual with disabilities.

Student Support Services provides a six-week summer program to ease the transition from high school to college, enhance self-confidence, establish a strong foundation during the summer semester, and expose students to university resources and facilities. Students receive a comprehensive summer orientation, individualized advising, college survival skills and course credit toward graduation. Other services provided include ongoing individual counseling, midterm assessment, pre-registration, workshops, financial assistance, tutorial assistance, laptop loan program, computer lab, career programs, and counseling. Research reveals that USF’s Student Support Services Program has been recognized nationally for its positive impact on student retention and graduation rates. In fact, 85-95 percent of program participants are in good academic standing at the end of each semester.

**Upward Bound Program**

**Location/Phone:** Student Services Building (SVC) 2011; Phone: (813) 974-9138; Fax: (813) 974-2022  
**Web Address:** [http://www.usf.edu/undergrad/ub/](http://www.usf.edu/undergrad/ub/)

The Upward Bound Program (UBP) at the University of South Florida provides fundamental support to participants in their preparation for college placement. The program provides opportunities for participants to succeed in their pre-college performance and ultimately in their higher education pursuits. UBP serves high school students (grades 9 through 12) from low-income and first-generation college households.

The goal of UBP is to increase the rates at which high school students enroll in and graduate from institutions of post-secondary education. The purpose of UBP is to provide assistance in developing goals, improving academic skills, and providing the motivation necessary to achieve success in a college or post-secondary program. The program serves 165 students from 5 target schools in the Hillsborough County School District that have been determined to have a high need for academic support.

**College Reach-Out Program (CROP)**

**Location/Phone:** Student Services Building (SVC) 2011; (813) 974-3713  
**Web Address:** [http://www.usf.edu/undergrad/crop/](http://www.usf.edu/undergrad/crop/)

The College Reach-Out Program (CROP) is a statewide program designed to increase the number of students who successfully complete a postsecondary institution. The program's primary objective is to strengthen the educational motivation and preparation of low-income and educationally disadvantaged students in grades 8 through 11, representing various cultural backgrounds, who otherwise would be unlikely to seek admission to a community college, state university, or independent post-secondary institution without special support and recruitment efforts.

The goals of CROP are to motivate students to pursue a postsecondary institution, develop students’ basic learning skills, strengthen students’ and parents’ understanding of the benefits of postsecondary education, and foster academic, personal, and career development through supplemental instruction.

**ROTC PROGRAMS**

**Military Science - Army ROTC**

**Location/Phone:** C.W. Bill Young Hall (CWY) 405; (813) 974-4065  
**Web Address:** [http://armyrotc.com/edu/univsouthfl](http://armyrotc.com/edu/univsouthfl)  
**Contact Email:** usofl@usf.edu

The Department of Military Science for Army Reserve Officers Training Corps (AROTC) was established to select and prepare students to serve as officers in the Regular and Reserve components of the United States Army. The
curriculum is designed to develop students’ leadership potential and improve students’ planning, organizational, and managerial skills.

Army ROTC training is divided into two phases: the first two years constitute the Basic Course; the last two the Advanced Course. The Department offers both a four- and a two-year program, each leading to a commission as a Second Lieutenant in the United States Army. The four-year program requires completion of the Basic Course, a five-week field training course, and the Advanced Course. Students with prior active military service or previous training at military schools may be exempt from some or all of the Basic Course. Students with questions concerning the various options should contact the Professor of Military Science for more information. Enrollment is open to qualified students at all levels, including graduate students. Offerings are published each semester.

Army ROTC training provides scholarships, pay, free uniforms and textbooks for scholarship and/or contracted Cadets. Scholarships are awarded on a competitive basis in all academic majors. The scholarship pays full tuition or room and board, books, lab and mandatory fees, and certain other academic expenses.

Additional Skills Training
Airborne School, Air Assault School, and the Northern Warfare School are available to both Basic and Advanced Course students during semester breaks. Additional skills training is also available during the academic year to include first aid, rappelling, orienteering, etc.

Basic Course
The Basic Course consists of four semesters of classroom instruction of one and a half hour each week and a leadership lab. Students incur no military commitment by participating in the Basic Course. In lieu of attending the basic course classroom instruction, a student may attend the four-week Leadership Training Course at Fort Knox, Kentucky during the summer of the student’s sophomore year.

Advanced Course
The Advanced Course consists of four semesters of classroom instruction of three hours each week, leadership lab, physical fitness and field training exercises, and a five-week training phase at Leadership Development and Assessment Course. Students registering for the Advanced Course must have met all requirements for Basic Course completion. The Advanced Course is designed to prepare the student who desires to be a Professional Army Officer for duty in the Active Army, Reserve or National Guard. Additional training is available to selected Cadets at both US based and overseas active Army units.

Job Opportunities
The newly commissioned Officer can be guaranteed Reserve or National Guard duty, or compete for an Active Duty commission. Prior to commissioning, the student may request to serve in a number of career fields to include aviation, infantry, armor, engineering, medical, law enforcement, logistics, and personnel administration.

Requirements for an ROTC Commission
Students who desire to earn a commission as a Second Lieutenant in the United States Army must meet the following requirements: four semesters of the ROTC Advanced Course, successful completion of the Professional Military Education Courses (written communication skills, computer literacy, and military history), attendance at Leadership Development and Assessment Course, maintain and graduate with a minimum of a 2.0 GPA, successful completion of the Army Physical Fitness Test, compliance with the Army height and weight standards, and other requirements of the United States Army.

Aerospace Studies - Air Force ROTC
Location/Phone: C.W. Bill Young Hall (CWY) 407; (813) 974-3367
Web Address: http://www.usf.edu/undergrad/air-force-rotc/
Contact Email: afrotc@usf.edu

Here at USF, we are Detachment 158 of the Air Force Reserve Officer Training Corps (AFROTC) – Home of the “Flying Bulls.” The AFROTC curriculum we offer includes 16 credit hours of instruction by active duty Air Force officers. A cadet who successfully completes the AFROTC program and a Bachelor's degree will earn an Air Force commission and enter active duty in the United States Air Force as a Second Lieutenant. AFROTC is offered in a variety of three- to-five year programs and cadets must be enrolled full-time; i.e., carry at least 12 credit hours each fall and spring semester. In addition to their academic work, AFROTC cadets are also required to take a 2-hour non-credit leadership laboratory (LLAB) each semester. Cadets wear Air Force uniforms during LLAB, plan and execute leadership training, and learn Air Force customs and courtesies. Furthermore, AFROTC cadets must attend two physical training sessions on Tuesdays and Thursdays of each week to prepare them to successfully complete the Air Force Physical Fitness Assessment each semester. Physical training sessions are an hour long and begin at 5:45 am.
AFROTC scholarships may be available for eligible applicants who meet highly competitive nationwide criteria established by AFROTC Headquarters. The scholarships may pay all tuition, fees, books, and a $300 - $500 per month tax-free stipend. For more information about scholarship criteria, contact us or visit www.afrotc.com for the most current scholarship information. An AFROTC scholarship is not required to enter or even complete the AFROTC program.

Students may join AFROTC at the beginning of the fall or spring semester. To get more information about our program or to start the process of becoming an AFROTC cadet, please contact our Air Force ROTC Office at USF via afrotc@usf.edu, phone 813-974-3367, or visit us in person on the 4th floor of the CWY Building, just north of the USF Campus Recreation Center on Maple Drive.

Air Force ROTC Programs
To ensure maximum flexibility for our cadets, we offer a variety of tailored programs to match their academic progress toward a bachelor’s degree. The table below depicts the flow of AFROTC coursework based on the number of years of academic coursework remaining before receiving a bachelor’s degree. Note that there is no military commitment until after Field Training (if you do not have a scholarship) or until your second year in the program (if you do have a scholarship). Also, physical training twice weekly is required during the fall and spring semesters as long as you’re a cadet in the program.

General Military Course (GMC)
The GMC consists of four one-hour courses offered in the spring and fall only. Each semester you are in GMC must include a two-hour LLAB and physical fitness sessions twice weekly. As seen in the AFROTC Programs table, it is possible to take these 1-hour courses simultaneously to compress the GMC period from 2 years to 1 ½, or even 1 year; however, the 2-year program is the preferred approach. During GMC, cadets are introduced to the structure and core values of the U.S. Air Force as well as its storied history. Unless you are a scholarship cadet and in your second year of the program, you have no military obligation whatsoever and can leave at any time while in GMC. The program is designed like this so you can see if a career as an Air Force officer is right for you.

GMC Courses:
- AFR 1101 (Fall) – Foundations of the United States Air Force Part 1 (1 credit)
- AFR 1120 (Spring) – Foundations of the United States Air Force Part 2 (1 credit)
- AFR 2130 (Fall) – The Evolution of USAF Air and Space Power, Part I (1 credit)
- AFR 2140 (Spring) – The Evolution of USAF Air and Space Power, Part II (1 credit)

Field Training (FT)
Prior to entering the Professional Officer Corps, cadets must successfully complete a four-week Field Training course at Maxwell Air Force Base, Montgomery, Alabama which will test their leadership potential. Earning a FT slot is competitive and selection is based on several performance criteria such as GPA, standardized test scores, and Physical Fitness Assessment scores.

Professional Officer Course (POC)
The POC consists of four semesters of three-hour courses offered only in the fall and spring. Each semester you are in POC must include a two-hour LLAB and physical fitness sessions twice weekly. Unlike GMC, the POC cannot
be compressed and requires 2 years to complete. POC cadets learn and apply leadership and time management principles and are responsible for the design and execution of all cadet activities. Active duty officers are available full time to guide and mentor POC cadets to ensure they provide quality training for all the cadets in the program. POC cadets conduct the leadership seminars and manage the cadet corps. To develop POC cadets and prepare them to enter active duty, emphasis is placed on small group discussions and presentations on topics such as management, communication skills and national defense policy. As a POC cadet, you sign an Air Force Reserve contract, and this entitles you to a monthly stipend of $300 to $500 during the academic year whether or not you receive an AFROTC scholarship.

POC Courses:
- AFR 3220 (Fall) – Air Force Management and Leadership I (3 credits)
- AFR 3231 (Spring) – Air Force Management and Leadership II (3 credits)
- AFR 4201 (Fall) – National Security Affairs and Preparation for Active Duty Part I (3 credits)
- AFR 4211 (Spring) – National Security Affairs and Preparation for Active Duty Part II (3 credits)

AFR 2001 (Fall/Spring) – AFROTC Leadership Lab (0 credit – S/U grade only)

Just like physical training, all Air Force ROTC cadets must participate in LLAB every semester. LLAB is a cadet-run course that provides excellent opportunities to develop your leadership and followership skills. Our goal in AFROTC is to develop leaders for the Air Force, so LLAB is an essential piece of your development as a future Air Force officer.

Furnished Items
The Air Force ROTC detachment provides all materials free of charge that you’ll need in the program to include a variety of uniforms and all AFR course textbooks.

Air Force Careers
In addition to pilot careers, there are a multitude of USAF officer careers for our cadets to choose from. To assist cadets in selecting an Air Force career, we bring in active duty officers from various career fields each semester to talk with our cadets. We also visit nearby military bases and coordinate for orientation flights in actual USAF aircraft. With this background, cadets can make an informed decision on the careers that interest them most. Competition for flying careers occur in the first year of the POC. The selection for non-flying careers occurs at the beginning of the second year in POC.

Naval Science - Naval ROTC
Location/Phone: C.W. Bill Young Hall (Cwy) 406; (813) 974-4789
Web Address: http://www.usf.edu/undergrad/afrotc/
Contact Email: nrotc-naval@usf.edu

The Naval Science Program at the University of South Florida is administered by the Naval Reserve Officers Training Corps (NROTC) Unit. This program affords selected men and women the opportunity to receive instruction in Navy specified courses which, in conjunction with the baccalaureate degree, will qualify them for a commission in the United States Navy or Marine Corps. Students enrolled in the university who are physically and mentally qualified are eligible to apply for the NROTC program. As naval officers, USF NROTC graduates become eligible for varied careers, serving in aviation squadrons, on surface ships, on submarines in the nuclear power program, at naval installations all over the world, or in the numerous sub-specialties as an officer of the Marines Corps. With the consent of the Professor of Naval Science, any student, although not enrolled in the NROTC program, is eligible for enrollment in naval science courses. The USF NROTC Unit offers participation through three programs: (1) the Navy-Marine Corps Scholarship Program, (2) the Navy-Marine Corps College Program, and (3) the Three-Year/Two-Year NROTC Scholarship Program.

The Navy-Marine Corps Four-Year Scholarship Program
The NROTC National Scholarship Program is open to young men and women of all races, creeds, and national origin who are United States citizens. Students are selected on their own merit to become officers in the United States Navy and Marine Corps. Scholarship students are appointed Midshipmen, U.S. Navy Reserve. The Navy pays for tuition, fees, textbooks, uniforms, and a monthly subsistence allowance of up to $400.00 for four years. Scholarship students are normally selected through national competition during their senior year in high school. Although it is not a requirement, a student in the NROTC Scholarship Program is encouraged to pursue a major in engineering, mathematics, chemistry, or physics to meet the technological requirements of the Navy. Other fields of study for a major leading to a Baccalaureate degree are permitted, with the approval of the Professor of Naval Science. Regardless of the major, every scholarship student must complete one year of physics and one year of calculus.

Students must include certain Navy specified courses in their program and complete a program of courses as prescribed by the professor of naval science. Upon graduation, and successful completion of the naval science
The Navy-Marine Corps Four-Year College Program

The NROTC College Program is designed to train and educate well-qualified young men and women for commissioning. Students in the College Program compete for 3-year or 2-year scholarships which must be earned prior to commencement of junior year. The Navy pays for uniforms and naval science textbooks for the freshman and sophomore each year. Each student is eligible to apply for a two- or three-year Sideload Scholarship through the NROTC unit based on past academic performance, potential, physical fitness and advisor evaluations. This scholarship covers tuition, fees, books and a stipend akin to the 4-Year Scholarship Program. Other students may receive Advanced Standing which only provides a stipend. Those students who do not obtain a Sideload Scholarship or Advanced Standing by their junior year will be dropped from the program. A college program midshipman only acquires a military service obligation after entering the advanced courses at the beginning of the junior year.

Although there are no restrictions on the major college program students may pursue, it is highly recommended that they pursue a course of study similar to that of scholarship students. Students must also include in their program certain Navy specified courses and a program of courses in naval science. Students, upon graduation and successful completion of the naval science curriculum, receive a commission as an Ensign in the U.S. Navy or a Second Lieutenant in the U.S. Marine Corps and serve on active duty for a minimum of five years.

Three-Year/Two-Year NROTC Scholarship Program

The three-year/two-year scholarship program is offered on a limited basis specifically for students commencing their second or third year of college, who were not enrolled in the NROTC program during their freshman and sophomore years. Applications must be submitted during the sophomore year by May 31st Qualifications for acceptance to this program include demonstrated ability to excel in a math, physical science, or engineering major and who has demonstrated above average performance in integral calculus.

Regardless of the major, every scholarship student must complete one year of calculus-based physics and one year of calculus. Students must include certain Navy specified courses in their program and complete a program of courses as prescribed by the Professor of Naval Science. Upon graduation, and successful completion of the naval science curriculum, the midshipman will receive a commission as an Ensign in the U.S. Navy and serve on active duty for a minimum of five years for Navy option and Marine option.

Summer Training

The NROTC Scholarship Program student is required to complete training of approximately four weeks during each of the three summer recesses. During the first summer period, each scholarship student will receive instruction in aviation training, marine combat training, surface warfare indoctrination, and submarine indoctrination either in Norfolk, Virginia or San Diego, California. The second summer training period will be performed aboard operational ships of the U.S. Fleet. During the third summer, candidates for U.S. Navy commissions will perform training aboard operational ships or aviation squadrons as a junior officer. The student who qualifies for nuclear propulsion training may elect to cruise on nuclear powered ships or submarines. Some midshipmen cruise with allied navies through the Midshipman Foreign Exchange Program. Transportation costs to and from the training sites, subsistence, quarters, and pay of approximately $365 per month will be paid to every participating student. The candidates for U.S. Marine Corps commissions will perform training at the U.S. Marine Corps Base, Quantico, Virginia. The Marine Option NROTC Summer Training Program, “OCS,” is a six-week training program designed to prepare mid-shipmen for appointment to commissioned grade by providing basic military instruction and physical training. An evaluation of midshipmen is made to ensure that they possess the leadership, academic, and physical qualifications required for appointment to commissioned grade in the Marine Corps Reserve. Female midshipmen participate in all NROTC curriculum requirements and activities, including cruises aboard selected ships. A woman who has qualified for Marine Option NROTC Summer Training at Quantico attends the Woman Officer Candidate Course in Quantico, Virginia.

Specified University Courses

In addition to satisfying requirements for a Baccalaureate degree, the student must satisfactorily complete the following four-year curriculum guide, including required naval science courses and specified university courses.

**Freshman Year:**
- NSC 1110 Introduction to Naval Science (See Note 1)
- NSC 1101L Naval Science Laboratory
- NSC 1140 Sea Power and Maritime Affairs (See Note 1)

**Sophomore Year:**
- (MAC 2311 Calculus I and MAC 2312 Calculus II) or (MAC 2281 Engineering Calculus I and MAC 2282 Engineering Calculus II) (See Note 4)
- NSC 1101L Naval Science Laboratory
- NSC 2212C Navigation/Naval Operations I: Navigation (See Note 2)
NSC 2220 Evolution of Warfare (See Note 3)
NSC 2231 Principles of Naval Management I (See Note 1)

**Junior Year:**
- NSC 1101L Naval Science Laboratory
- NSC 2121 Naval Ships System I (See Note 2)
- NSC 3123 Naval Ships Systems II (See Note 2)
- PHY 2048 and PHY 2049 Physics I and II (See Note 4)

**Senior Year:**
- NSC 1101L Naval Science Laboratory
- NSC 3214C Navigation/Naval Operations II: Seamanship & Ship Operations (See Note 2)
- NSC 4224 Amphibious Warfare (See Note 3)
- NSC 4232 Principles of Naval Management II (Leadership and Ethics)

**NOTES:**
1. Undergraduate Naval Sciences required to be completed for all students before Fall semester junior year.
2. Upper-division Naval Science courses required of Navy Options and not required of Marine Options.
3. Required of Marine Option midshipmen only.
4. One year of each calculus and calculus-based physics is required for every Navy option scholarship student. It is recommended, but optional for College Program and Marine Options.

**Furnished Items**
All uniforms, textbooks, and equipment needed by the student for naval science courses are furnished by the Navy.

**Use of Navy Science Courses as University Electives**
Academic departments within the university may, according to their own policies, accept naval science courses as electives to fulfill requirements in their academic program.

Honors College

Tampa Campus Location/Phone: John and Grace Allen Building (ALN) 241; (813) 974-3087
Web Address: http://www.usf.edu/honors/

First-time-in-college (FTIC) students take four to five Honors courses that examine the nature of human knowledge, ethics, interdisciplinary approaches to the natural and social sciences, arts and humanities, and global citizenship. Then, an Honors Thesis or Capstone Project provides the culmination of the Honors experience. These courses typically meet degree requirements. Enrolling in the Honors College does not generally increase the number of credits needed to graduate. See the Honors College admissions guidelines in the Admissions section of this catalog.

Continuing USF students and transfer students accepted into the Honors College take 12 Honors credits that include two to three regular Honors courses and then an Honors Thesis or Capstone Project, which provides the culminating undergraduate research experience.

Accelerated and Pathway Programs

The Honors College offers a variety of accelerated and pathway programs:

- **7-Year BS/MD Program**
  - Potential First-time in College (FTIC) students must present a 1470 SAT (Critical Reading and Math) or a 32 composite ACT score, 4.0 weighted high school GPA, and must be a U.S. Citizen or Permanent Resident of the United States. Students in this program follow a set curriculum for the B.S. in Biomedical Sciences and must meet identified GPA and MCAT benchmarks, including a successful medical school interview, to be admitted to the Morsani College of Medicine in the 4th year of study. Admission is determined by the Morsani College of Medicine.

- **Guaranteed Admissions Pathway for Doctor of Physical Therapy Program**
  - Potential First-time in College (FTIC) students must present at least a 1360 SAT (Critical Reading and Math) or a 29 composite ACT score, 3.8 weighted high school GPA, and must be a U.S. Citizen or Permanent Resident of the United States. FTIC students who have been admitted to the Honors College and are interested in a career in physical therapy are offered a guaranteed admission pathway to USF Health’s School of Physical Therapy & Rehabilitation Sciences (SPTRS) and complete a Doctor of Physical Therapy (DPT), provided that the student continues to meet all the benchmarks of the program, including a successful interview with SPTRS. There is no GRE requirement for this program. Admission is determined by the SPTRS/Morsani College of Medicine.

- **Guaranteed Admissions Pathway for Master of Science in Medical Sciences Program (MSP3)**
  - Potential FTIC and transfer students in good standing with the Honors College must meet identified GPA and GRE, MCAT or DAT benchmarks to apply to the School of Biomedical Sciences (SBS)/Morsani College of Medicine in order to be considered. The Honors MSP3 GAP is a direct entry program designed to assist USF’s Honors College students seeking admission into a health professional school (e.g., MD, DO, DMD, DVM, PharmD). This program will allow qualified Honors College students guaranteed acceptance into the Master of Science in Medical Sciences Pre-professional Program. Admission is determined by the School of Biomedical Sciences/Morsani College of Medicine.

- **Provosts Scholars Program**
  - Students complete a bachelor degree in three years, while enjoying a rich college experience that includes leadership, research, and education abroad.

Details regarding each of these programs can be found on the Honors College website at usf.edu/honors.edu.

George Jenkins Scholars Program

The Jenkins Scholars Program is one of the highest funded academic scholarships at USF. The George Jenkins Scholarships are funded through the Publix Super Markets Charities, which was founded by the late George Jenkins, the initial founder and owner of Publix Supermarkets.

A select group of Jenkins Scholars are elected annually from a statewide competition of high school seniors who are admitted to USF as freshmen. The Jenkins recipients are academically talented students with financial need.

The Jenkins Scholars Program is designed to provide academic and personal support services for all scholars, freshman through senior year. The scholars participate in various scholarly and cultural activities, such as academic monitoring, mentoring activities, academic/personal development seminars, career advising and planned activities with the Jenkins family.

Holcombe Scholars Program

The Holcombe Scholars Program is one of the highest funded academic scholarships at USF. These scholarships are funded by Brad and Terry Holcombe, two USF graduates.
A select group of Scholars are elected annually from a statewide competition of high school seniors who are admitted to USF as freshmen. The Holcombe recipients are academically talented students with financial need. The program is designed to provide academic and personal support services for all scholars, freshman through senior year. The scholars participate in various scholarly and cultural activities, such as academic mentoring activities, academic/personal development seminars, career advising and planned activities with the Holcombe family.

Office of National Scholarships

Location/Phone: John and Grace Allen (ALN) 271; (813) 974-3087
Web Address: http://ons.usf.edu

The Office of National Scholarships identifies, recruits and mentors high achieving students, both undergraduate and graduate, to apply for prestigious nationally competitive scholarships, fellowships and awards such as the Rhodes, Marshall, Mitchell, Fulbright, Goldwater and Truman. Some awards support graduate or professional study in the U.S., while others involve education abroad or independent research. These opportunities are open to all qualified USF students who wish to apply.

University of South Florida students have won nationally prestigious awards including Fulbright, Goldwater and Udall.

Director: Sayan Basu

Honors Faculty

Dean: C. Adams; Assistant Dean: S. Bingham; Instructors: A. Bush, M. Cross, A. Sakai, U. Salim, H. Singh, C. Wilkins, B. Young.

About the College
Our Mission
The College of Arts and Sciences is the intellectual heart of the University of South Florida. We are a community of teachers and scholars united in the belief that broadly educated people are the basis of a just, free and prosperous society. By focusing on the big questions facing all of humanity, we prepare students for successful personal and professional lives. By conducting innovative, interdisciplinary research and scholarship, we advance knowledge in ways that prepare us to address vexing social problems and enhance quality of life for people and communities.

General Information
The College of Arts and Sciences Dean's Office of Academics is located in the Behavioral Sciences Building (BEH), Room 201. For additional information about the College, visit our web site at http://www.cas.usf.edu and select the Academics tab. Information regarding advising, admission to the College, graduation requirements, special programs, and departments follows.

Admission Requirements
Admission to the College of Arts and Sciences is open to students who have been accepted to the University of South Florida and who declare a major in a particular field. The Zimmerman School of Advertising and Mass Communications is a limited access degree program and has additional requirements.

Undergraduate students must submit a formal declaration of major for admission into the College. This usually occurs during orientation and advising for new students. This application is available online for current students at http://www.cas.usf.edu/declare. Students preparing for a science or mathematics career must plan their courses carefully because of the sequential nature of the curricula. Students seeking entrance into a health professional school or the medical technology internship program require specialized counseling, therefore, immediate application for admission into the College is strongly recommended.

Information on admission criteria, departments, majors, programs, advising and other services of the College may be obtained from the Office of Academics (BEH 201), College of Arts and Sciences, University of South Florida, Tampa, Florida 33620, or visit our web site at http://www.cas.usf.edu selecting the Academics tab.

College-Level Requirements
The College of Arts and Sciences offers two undergraduate degrees: Bachelor of Arts and Bachelor of Science.

IT IS EACH STUDENT'S RESPONSIBILITY TO MEET GRADUATION REQUIREMENTS:
Core Curriculum Requirements of 36 hours credit:
EXIT Course Requirements
1. Students must complete all State and University level graduation requirements.
2. Maintain a minimum GPA of 2.0 in USF coursework. Note: Some Departments/program/major require a higher GPA. Students should refer to Department/program/major specific catalog requirements.
3. Physical Education coursework is limited to two (2) semester hours.
4. ROTC courses that are primarily physical training and field experiences will not be applied to College of Arts and Sciences degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
5. When earning a double major/dual degree, a maximum of two (2) departmental courses or eight (8) credit hours may be used to satisfy requirements between majors. Students should check with the college and respective departments when pursuing more than one major/degree. The only exception whereby a student may apply more than eight (8) credit hours of overlapping coursework to their majors/degrees are those students who pursue double majors or two degrees between the College of Education and the College of Arts and Sciences.
   • The College of Arts and Sciences defines a "major" as those courses taught by the department where the major is housed.
   • In the case of interdisciplinary programs (Biomedical Sciences, Interdisciplinary Natural Sciences, Health Sciences, International Studies, Environmental Science and Policy, French International Studies & Business Concentration, Spanish International Studies & Business Concentration and Interdisciplinary Social Sciences) overlapping coursework between double majors/dual degrees requires prior approval.
6. Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the Foundations of Knowledge and Learning Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
7. The Audit option is available only during the first 5 days of classes.
8. “D” grades are not acceptable in the major and supporting sciences for all natural sciences majors (Biomedical Sciences; Cell Biology, Microbiology, and Molecular Biology; Health Science; Integrative Biology; Interdisciplinary Natural Sciences; Medical Technology; Chemistry; Geology; Math; and Physics). “D” grades are not acceptable for the major area in Anthropology, Communication, English, Geography, History, Humanities, Mass Communications, Philosophy, Psychology, and Sociology.

9. Complete all major course requirements.

10. Some College of Arts and Sciences Departments/programs/majors have established minimum major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

Health Professions

The University of South Florida is an excellent location to prepare for a career in the health professions. The Veterans Administration Hospital, University of South Florida Medical Center, Shriner's Hospital for Children, H. Lee Moffitt Cancer Center and Research Institute, University of South Florida Mental Health Institute, and Florida Hospital Tampa are within walking distance of the campus and offer students excellent opportunities for observation, research, and experience.

The College of Arts and Sciences offers programs designed to prepare students for admission to allopathic medicine (M.D.), osteopathic medicine (D.O), chiropractic medicine, dentistry, optometry, podiatry, veterinary medicine, pharmacy, physician assistant, and physical therapy. Most of these professions require four years of pre-professional preparation followed by four years of training in a professional school. A few well-prepared students with exceptional qualifications may be admitted to some professional schools as early as the completion of the junior year of pre-professional work. The pre-professional programs do not meet requirements for a degree; therefore, students must choose a major in addition to fulfilling their pre-professional requirements. Most pre-professional students major in biology, biomedical sciences, or chemistry because of their interests in the health sciences, and there is considerable overlap between the pre-professional curriculum and the degree requirements for those majors, however, there is no specific major required for admission into pre-professional programs. Entrance into all professional schools or programs is competitive, and students should begin establishing a record of excellence with the first semester at USF. Furthermore, it is essential that students pursue courses developing a sense of understanding of cultural and humane values as well as basic social problems. Students should also have some clinical and/or volunteer experience related to their intended field.

Students considering one of the health professions should contact the Health Professions Advisors during the first semester at USF to declare their interest in a health professions program. For specific information about the following programs, please see our health professions website at http://www.cas.usf.edu/healthprofessions/

- For information regarding the USF's Medical program, please visit http://health.usf.edu/medicine/.
- For information regarding USF's Physical Therapy program, visit http://health.usf.edu/medicine/dpt/.
- For information regarding the USF's Pharmacy program, visit http://health.usf.edu/pharmacy/.

Requirements for Health Professions Schools

These courses prepare students for admission to professional schools of chiropractic medicine, dentistry, allopathic medicine, osteopathic medicine, podiatric medicine, optometry, veterinary medicine, and pharmacy. All of these professional schools have in common the following course requirements, which should be completed by the end of the junior year, the usual time of application:

**Biology**
- BSC 2010/2010L Biology I: Cellular Processes and Laboratory
- BSC 2011/2011L Biology II: Biodiversity and Laboratory

**Chemistry**
- CHM 2045/2045L General Chemistry I and Laboratory
- CHM 2046/2046L General Chemistry II and Laboratory
- CHM 2210/2210L Organic Chemistry I and Laboratory
- CHM 2211/2211L Organic Chemistry II and Laboratory

**Physics**
- PHY 2053/2053L General Physics I and Laboratory
- PHY 2054/2054L General Physics II and Laboratory

In addition to these requirements, it is generally expected that pre-professional students will complete two semesters of English and mathematics appropriate for their degree. Some schools require calculus and some require one or two
Courses in biochemistry. CLEP credit usually is not accepted by professional schools, and some schools do not accept AP or IB and have specific restrictions for accepting DE credits. Students should check with the school of their choice regarding acceptable acceleration credit.

Requirements for B.S. in Biomedical Sciences for Early Admission Students

Early admission to professional school is exceptional with today’s competitive applicant pool; however, a few students may be admitted prior to completion of the bachelor’s degree through special programs.

There are no State Mandated Common Prerequisites for this degree program.

Students planning on early admission should begin studies at a 4-year institution, as professional schools require at least 1 year of studies at a university prior to application. Depending upon the professional school, additional science courses may be required or strongly recommended as indicated in the preceding sections. Exposure to a health profession is also strongly recommended.

Students who are admitted to an accredited U.S. medical or dental school after completing their junior year at the University of South Florida may be awarded the B.S. degree in Biomedical Sciences from the College of Arts and Sciences subject to the following conditions:

1. Transfer of a minimum of 30 semester hours of science courses from an accredited medical or dental school.
2. Completion of a minimum of 90 semester hours of credit with a minimum grade point average of 2.00 prior to transfer to the medical or dental school.
3. Completion of the following courses with at least a C in each course.
4. Completion of the University’s Foundations of Knowledge and Learning Requirements.
5. Completion of the last 30 hours prior to transfer to a medical or dental school in residence at the University of South Florida.
6. Application for the degree must be received no later than two years from the date of entrance into the professional school.

Students that are admitted to professional schools of veterinary medicine, optometry, physical therapy, or podiatric medicine prior to completion of their degree may also be able to transfer courses from the professional school and receive their bachelor’s degree. However, approval of the courses to be transferred must be obtained on an individual basis from the College of Arts and Sciences, and in some cases, it may be necessary for students to complete more than 90 hours prior to leaving the University of South Florida.

Teacher Education Program

The College of Arts and Sciences offers B.A. and M.A. degree programs for secondary school teachers and the M.A. degree for junior college teachers.

B.S. Degree Programs for Secondary School Teachers

The College of Arts and Sciences, in cooperation with the College of Education, offers degree programs in Mathematics, Biology, Chemistry, Physics, English, Foreign Language and Social Science Education. Prospective students should consult the College of Education portion of this catalog under the heading, Department of Secondary Education for degree requirements.

Biology

Plus two of the following biology courses, including at least one with a laboratory (minimum 7 semester hours):

- BSC 2010/BSC 2010L Cellular Processes and Laboratory
- BSC 2011/BSC 2011L Biodiversity and Laboratory
- MCB 3020/MCB 3020L General Microbiology and Laboratory
- PCB 3023/PCB 3023L Cell Biology (lab optional)
- PCB 3063/PCB 3063L General Genetics (lab optional)
- MCB 4115/MCB 4115L Determinative Bacteriology and Laboratory
- MCB 4502 Virology
- MCB 5815 Medical Mycology
- PCB 4064 Experimental Genetics
- PCB 4723 Animal Physiology
- PCB 4723L Animal Physiology Laboratory
- PCB 4234 Principles of Immunology
- ZOO 3713C Comparative Vertebrate Anatomy
- ZOO 4753 Human Histology & Molecular Pathology of Disease

Chemistry

- CHM 2045/CHM 2045L General Chemistry I and Laboratory
- CHM 2046/CHM 2046L General Chemistry II and Laboratory
- CHM 2210/CHM 2210L Organic Chemistry I and Laboratory
- CHM 2211/CHM 2211L Organic Chemistry II and Laboratory
- BCH 3023 Introductory Biochemistry or BCH 3053 or BCH 4033
Physics
PHY 2053/PHY 2053L General Physics I and Laboratory
PHY 2054/PHY 2054L General Physics II and Laboratory

Mathematics
MAC 2241, MAC 2311, or MAC 2281 Calculus I
Plus either the second semester of a calculus sequence OR
STA 2023 Introductory Statistics I

• B.A. - AFRICANA STUDIES (AFA) (CIP = 05.0201)
TOTAL DEGREE HOURS: 120

http://africanastudies.usf.edu/undergraduate/major/

Africana Studies is a liberal arts program offering a Bachelor of Arts in Africana Studies, a Minor in Africana Studies and a Certificate in Africana Literatures. This program provides all students with the opportunity to study the history, culture and lived experiences of people of African descent--on the African continent and throughout the world. Students also study the influence of Africa and people of African descent on the world at-large. The Africana Studies curriculum also explores the social construction of race and racism and encourages the development of critical thinking skills while also challenging students to explore new ideas, seek new connections and become actively engaged in the global community.

STATE MANDATED COMMON COURSE PREREQUISITES
Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for this program.

REQUIREMENTS FOR THE MAJOR IN AFRICANA STUDIES
TOTAL MAJOR HOURS: 36

Major requirements for the B.A. Degree:
Major Core (15 hours)
AFA 2000 Introduction to the Black Experience in Africa and its Diaspora
AFH 3100 African History to 1850
AFH 3200 African History since 1850
AMH 3571 African American History to 1865
AMH 3572 African American History since 1865

Major Electives (21 hours)
Students will take seven additional elective courses from the following list of courses:
AFA 4150 Africa and the United States
AFA 4335 Black Women in America
AFA 4350 African American Community Research
AFA 4430 Afro-Diasporic Literature and Political Movements
AFA 4500 Slavery in the Americas and the Caribbean
AFA 4900 Directed Readings
AFA 4931 Selected Topics in Africana Studies
AFS 2250 Culture and Society in Africa
AML 3604 African American Literature
AML 4624 Black Women Writers
AMS 3700 Racism in American Society
ANT 4340 The Caribbean
PhM 4120 Major Black Thinkers

Other electives may become available to students. Please see the undergraduate advisor or the Africana Studies Undergraduate Director for further information.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may
be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

rdayeriz@usf.edu

AFRICANA STUDIES FACULTY

• B.A. - ANTHROPOLOGY (ANT) (CIP = 45.0201)
TOTAL DEGREE HOURS: 120
http://anthropology.usf.edu/undergrad/major/

Anthropology aims at comprehending people as biological and social beings. It is concerned with all forms of people through time and space. This holistic and broad-ranging view is reflected by the presence within anthropology of four branches or sub-fields: archaeology, biological anthropology, cultural anthropology, and linguistics. Exposure to anthropological information and the cross-cultural perspective produces heightened sensitivity in the student to the world about him/her. This helps the student to adopt an intellectual posture of disciplined skepticism with respect to any scheme that purports to define and account for regularities in human life. Students majoring in other fields may find anthropology coursework an exciting and valuable supplement to their primary academic interest.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.
ANT XXXX Two Introductory Courses in Anthropology (ANT prefix)

REQUIREMENTS FOR THE MAJOR IN ANTHROPOLOGY
TOTAL MAJOR HOURS: 37

Major requirements for the B.A. Degree:

Major Core (19 hours)
- ANT 2410 Cultural Anthropology
- ANT 2511 Biological Anthropology
- ANT 2511L Biological Anthropology Laboratory
- ANT 3101 Archaeology
- ANT 3610 Linguistic Anthropology
- ANT 4034 Theories of Culture
- ANT 4701 Applied Anthropology

Major Electives (18 hours)
Students are required to complete a minimum of 18 hours of 4000-level elective coursework, including at least one course from each subfield, from the courses listed below. A minimum of three (3) of these 18 credits must be selected from a list of designated methods courses. Methods courses may also be counted toward the subdivision requirement.

Archaeology Subfield
- ANT 4012 Fantastic Archeology
- ANT 4142 Old World Archaeology
- ANT 4143 European Archaeology
ANT 4147 Environmental Archaeology
ANT 4153 North American Archaeology
ANT 4158 Florida Archaeology
ANT 4165 South American Archaeology
ANT 4163 Mesoamerican Archaeology
ANT 4172 Historical Archaeology
ANT 4180 Laboratory Methods in Archaeology
ANT 4181 Museum Methods
ANT 4183C Archaeological Science
ANT 4185 Ancient Diets
ANT 4260 Ancient Trade
ANT 4536 Bioarchaeology
ANT 4824 Archaeological Field Methods

**Biological Anthropology Subfield**
ANT 4467 Biocultural Bases of Health and Disease
ANT 4516 Human Variation
ANT 4520C Forensic Anthropology
ANT 4525 Human Osteology and Osteometry
ANT 4532 Anthropology of Infectious and Contagious Diseases
ANT 4536 Bioarchaeology
ANT 4586 Prehistoric Human Evolution
ANT 4593 Evolution and Health

**Cultural Anthropology Subfield**
ANT 4014 Anthropology of American Culture
ANT 4241 Anthropology of Religion
ANT 4243 Middle East and North Africa
ANT 4285 Oral History
ANT 4302 Gender in Cross-Cultural Perspectives
ANT 4312 North American Indians
ANT 4316 Ethnic Diversity in the United States
ANT 4323 Mexico and Central America
ANT 4340 The Caribbean
ANT 4390 Visual Anthropology
ANT 4401 Exploring Cross-Cultural Diversity
ANT 4403 Environmental Anthropology
ANT 4432 The Individual and Culture
ANT 4442 Urban Life and Culture
ANT 4462 Health, Illness, and Culture
ANT 4465 Anthropology of Food
ANT 4472 Work and Migration in the Americas
ANT 4475 Anthropology of Childhood
ANT 4495 Methods in Cultural Research
ANT 4532 Anthropology of Infectious and Contagious Diseases
ANT 4620 Language and Culture
ANT 4750 Language and Social Interaction
ANT 4935 Rethinking Anthropology

**URS 3002 Introduction to Urban Studies**

**Methods Courses (3 credit hours):**
ANT 4180 Laboratory Methods in Archaeology
ANT 4181 Museum Methods
ANT 4183C Archaeological Science
ANT 4185 Ancient Diets
ANT 4260 Ancient Trade
ANT 4285 Oral History
ANT 4390 Visual Anthropology
ANT 4403 Environmental Anthropology
ANT 4465 Anthropology of Food
ANT 4495 Methods in Cultural Research
ANT 4520C Forensic Anthropology
ANT 4525 Human Osteology and Osteometry
ANT 4824 Archaeological Field Methods
ANT 4932 Honors Seminar
ANT 4930 Special Topics in Anthropology may count toward the major and within a particular subdivision depending on the specific topic. Please consult the advisor for details.

GPA Requirements
In order to graduate, students must maintain an average best attempt 2.5 GPA in all courses counted toward the major.

Residency Requirement
Fifty percent of the major coursework must be completed at USF Tampa.

Research Opportunities
There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. Students may do a Directed Reading (ANT 4901) or Individual Research (ANT 4905) with credits applying to the major. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

OPTIONAL HONORS PROGRAM
The purpose of the Honors Program is to provide outstanding Anthropology undergraduates with advanced, individually tailored training in areas of anthropology of interest to them. The program, operating independently of the major itself, involves a year of coursework and research culminating in the writing of an Honors thesis. Students in the second semester of their junior year, prior to completion of 90 semester hours, may apply to the program.

Admission is competitive, based on the student's overall academic record:
- minimum overall 3.25 GPA,
- 3.5 GPA for USF Anthropology coursework,
- a two-page, personal statement indicating research interests, and
- a letter of recommendation and commitment from a faculty member of the Department of Anthropology.

Successful completion of the program requires:
- maintenance of an overall 3.25 GPA,
- maintenance of a 3.5 GPA in the major,
- completion of ANT 4932 Honors Seminar, with a grade of B or better,
- completion of ANT 4970 (3) (Honors Thesis) with a grade of "S,"
- presentation of the research at the Department's Honors Colloquium in the spring
- and completion of all other requirements for graduation.

Please see the Anthropology Department undergraduate advisor for further information and application forms.

Other Information
Anthropology majors are urged to become competent readers and speakers of a relevant foreign language (which may include American Sign Language, Latin, or Greek, depending on their interests). They are also urged to enhance their English reading, writing, speaking and critical thinking capabilities and develop their skills in computational, statistical and other forms of quantitative analysis at every opportunity. Students are encouraged to fulfill General Education and Exit requirements with courses relevant to their interests in anthropology whenever possible. In pursuit of all these goals, they should meet with the department's undergraduate advisor at least once each semester to discuss such topics as academic progress, future course plans, Anthropology's Honors Program, summer field schools, job opportunities, graduate education and professional careers in anthropology.

Advising Information
AnthroAdvise@usf.edu

ANTHROPOLOGY FACULTY
The Biomedical Sciences degree serves as a gateway into a variety of health-professional programs such as Medicine, Pharmacy, Dentistry, and Physician Assistant. Required courses include Biology, Chemistry, Math, and Physics. This degree provides the flexibility to choose advanced-level science coursework based on academic and professional interests. Students contemplating graduate study should pursue a major in the discipline of their interest, such as Biology, Chemistry, or Microbiology.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

### Required Physics Courses (8 credit hours):
- PHY 2053 General Physics I
- PHY 2053L General Physics I Laboratory
- PHY 2054 General Physics II
- PHY 2054L General Physics II Laboratory

For the major, PHY 2048, PHY 2048L General Physics I and Lab and PHY 2049, PHY 2049L General Physics II and Lab are also acceptable.

Students may substitute Human Anatomy or Physiology I and II (BSC 2093C & BSC 2094C or BSC 2085, BSC 2085L & BSC 2086, BSC 2086L) for Physics I & II.

### Major Electives (21-22 hours)

#### Tier 2

- **Required Biomedical Electives:** Total 7-8 credit hours of required courses:
  - BCH 3053 General Biochemistry
  - MCB 3020 and MCB 3020L General Microbiology and Laboratory
  - or choose one lecture: PCB 3063 or PCB 3023 and one lab: PCB 3063L, PCB 3023L or BCH 3023L

- **Minimum of 14 credits from the following to include:**
  - Upper-level Biology course (3 hour minimum lecture course)
  - Upper-level Chemistry course (3 hour minimum lecture course)
  - Upper-level Chemistry or Biology course (3 hour minimum lecture course)
  - Upper-level Chemistry or Biology Lab (1 hour minimum)
  - Upper-level Additional Biomedical electives (4 hours minimum)

#### Biology Courses:
- BOT 3850 Medical Botany
- MCB 4115 Determinative Bacteriology
- MCB 4115L Determinative Bacteriology Lab
- MCB 4404 Microbial Physiology and Genetics
- MCB 4404L Microbial Physiology and Genetics Laboratory
- MCB 4503 Virology
- MCB 3410 Cell Metabolism
- PCB 3023 Cell Biology
- PCB 3023L Cell Biology Laboratory
- PCB 3063 General Genetics
- PCB 3063L Genetics Laboratory
- PCB 3712 General Physiology
- PCB 3713L General Physiology Laboratory
- PCB 4234 Principles of Immunology**
- PCB 4522C Experimental Genetics and Cell Biology
- PCB 4723 Animal Physiology
- PCB 4723L Animal Physiology Laboratory
- PCB 4744 Biomedical Physiology
- PCB 4843 Principles of Neuroscience
- ZOO 3713C Comparative Vertebrate Anatomy
- ZOO 4753 Human Histology & Molecular Pathology of Disease
- ZOO 4753L Human Histology & Molecular Pathology of Disease Lab

#### Chemistry Courses:
- BCH 3023L Basic Biochemistry Laboratory*
- BCH 4033 Advanced Biochemistry I
- BCH 4034 Advanced Biochemistry II
- CHM 3120C Elementary Analytical Chemistry
- CHM 3610 Intermediate Inorganic Chemistry
- CHM 3610L Intermediate Inorganic Chemistry Laboratory
- CHM 3941 Peer Leading in Chemistry
- CHM 4410 Physical Chemistry I
- CHM 4410L Physical Chemistry Laboratory
- CHM 4411 Physical Chemistry II
- CHM 4413 Biophysical Chemistry
- CHM 4300 Biomolecules I
CHM 4230 Spectroscopic Analysis of Organic Compounds  
CHM 4274 Introduction to Drug Discovery  
CHM 4292 Introduction to Medicinal Chemistry  
CHM 4307 BioOrganic Chemistry  
CHM 4455 Chemistry of High Polymers  
CHM 4932 Selected Topics in Chemistry**  
CHS 4300 Fundamentals of Clinical Chemistry  
CHS 4301L Clinical Laboratory

*BCH 3023L Satisfies Lab or Additional Biomedical Elective Only  
**Contact Advisor for approval of CHM 4932 Courses

Other Courses:  
CHM 4060 Use of Chemical Literature  
HSC 4504 Foundations of Public Health Immunology**  
PHZ 4702 Applications of Physics to Biology & Medicine I  
PHZ 4703 Applications of Physics to Biology & Medicine II

**Students may not use both HSC 4504 and PCB 4234 to the meet Tier 2 required Biomedical Electives requirements.

General Electives. Courses over and above the required courses should be taken to complete a 120 hour program. Additional courses in computer programming, economics, management, engineering, statistics, writing, and other applied disciplines are strongly recommended to strengthen the degree for subsequent professional employment.

Transfer Credit: It is strongly recommended that students transferring from community/state colleges to the University of South Florida complete whole sequences of chemistry courses, such as general and organic chemistry, before they transfer. Even though courses may carry the same common course number, topics covered may vary significantly from school to school.

D/F Policy: The following three departments, the Department of Chemistry, the Department of Cell Biology, Microbiology and Molecular Biology and the Department of Integrative Biology have instituted a procedure to provide students with the best opportunity to progress toward their degree requirements.

Effective Fall 2009, the following D and/or F grade rules apply for students to continue in all of the following majors:

- Biomedical Sciences  
- Cell and Molecular Biology  
- Chemistry B.A. - including Biochemistry/Biotechnology and Health Professions concentrations  
- Chemistry B.S.  
- Environmental Biology  
- Environmental Microbiology  
- Integrative Animal Biology  
- Interdisciplinary Natural Sciences  
- Marine Biology  
- Medical Technology  
- Microbiology, and  
- Pre-Medical Sciences (PMS) students who have not yet declared a major

*Non-science majors are also subject to the D/F Policy

All students entering USF for the first time, in Fall 2009 or later, who subsequently earn three (3) D and/or F grades in applicable USF science and math coursework for their major (i.e. Math, Biology, Chemistry and Physics) will be required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have not earned any D or F grades in USF science and math coursework for their major (i.e. Math, Biology, Chemistry and Physics) before Fall 2009, will also be redirected after earning three (3) D and/or F grades in subsequent terms. Upon earning the 3rd D and/or F grade, students will be required to choose another major more appropriate to their goals and academic performance, and to one that is not conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have earned one (1) or more D or F grades in USF science and math coursework for the major (i.e. Math, Biology, Chemistry and Physics) prior to Fall 2009, will be allowed to count all previous D/F grades as one (1) D/F grade. After Fall 2009, students who earn two (2) additional D and/or F grades (resulting in three (3) total D/F grades) in subsequent terms will be required to choose another major more appropriate to their goals and academic performance, and to one that is not conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.
Lab only courses are not counted towards the total number of D/F grades earned for the policy. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

If a student is in violation of the D/F policy, regardless of major, they will no longer be able to take any courses offered by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

Grading Requirement
A grade of C or better is required for science and mathematics courses and each supporting course for the Major. All courses in any chemistry major must be taken with letter grade (A, B, C, D, F, I) except those courses which are graded S/U only.

Residency Requirement
Chemistry residency requirement: Seven (7) credits of Chemistry coursework, upper or lower level, must be completed at USF.
Upper-level residency requirement: 12 credit hours of major-applicable, upper-level natural science courses must be completed at USF.

Other Requirements
No duplicate credit allowed.

Research Opportunities
The Department of Chemistry offers the opportunity for students to participate in undergraduate research with Chemistry faculty. Students can apply for the Academic Research Experience for Undergraduates (REU) Program and find more information here: http://chemistry.usf.edu/undergraduate/reu/. Students who wish to enroll in an undergraduate research course with a Chemistry faculty member should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in a 0 credit research course. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Academic Advisors in the Department of Chemistry, as well as the Office for Undergraduate Research, can assist students in understanding the various course options.

Accelerated B.S. in Biomedical Sciences and M.A.T. in Science Education
This program intends for students to complete a B.S. in Biomedical Sciences (College of Arts and Sciences) and M.A.T. in Science Education (College of Education) over the span of five years. Students completing this program will be eligible for high school and/or middle school science teacher certification. Completion of this program requires students to complete 12 credit hours toward the M.A.T. in Science Education during their senior year in the Biomedical Sciences major.

Advising Information
Department of Chemistry Advising: chemadvise@usf.edu or http://chemistry.usf.edu/advising/.

BIOMEDICAL SCIENCES FACULTY

• B.S. - CELL AND MOLECULAR BIOLOGY (CAM)
(CIP = 26.0101 - TRACK 1 OF 2)
TOTAL DEGREE HOURS: 120
http://biology.usf.edu/cmmmb/

This degree provides a strong foundation in general biology, with an emphasis on biomedical related areas, but focuses on the cellular and molecular processes that occur within cells. Many of the breakthroughs in the field of biology over the past several decades have shed light on how cells function in the context of the whole organism. The fields of genomics and computational biology have begun to solve the mystery of how networks of genes are regulated and how cells interact with each other and how complex organisms react to their environment. Advances in cell and molecular biology continually lead to new treatments for age-related diseases such as cancer and Alzheimer’s. This degree
prepares students for application to medical school, dental school, graduate school and careers in biotechnology, science policy, biomedical research, teaching, science writing and illustration. Many of our students continue their studies by attending graduate school in biology and other related disciplines.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

BSC X010/X010L Biology I with Lab or BSC X010C or BSC X040/X040L
BSC X011/X011L Biology II with Lab or BSC X011C or BSC X041/X041L or ZOO X010/010L or BOT X010/X010L or BOT X013/X013L
CHM X045/X045L General Chemistry I with Lab or CHM X045C or CHM X040 and CHM X041
CHM X046/X046L General Chemistry II with Lab or CHM X046C
CHM X210/X210L Organic Chemistry I with Lab and CHM X211/X211L or (CHM X210C and CHM X211C) or (PHY X053/X053L and PHY X054/X054L) or (PHY X048/X048L and PHY X049/X049L)
MAC X311 Calculus I or MAC X233 or MAC X253 or MAC X281 or MAC X241
MAC X312 Calculus II or MAC X282 or MAC X234 or STA X023 or STA X024 or STA X321

Required Supporting Courses for the Major: 32-34 Hours

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

CHM 2045 General Chemistry I
CHM 2045L General Chemistry I Laboratory
CHM 2046 General Chemistry II
CHM 2046L General Chemistry II Laboratory
CHM 2210 Organic Chemistry I
CHM 2210L Organic Chemistry I Laboratory
CHM 2211 Organic Chemistry II
CHM 2211L Organic Chemistry II Laboratory
MAC 2241 Life Sciences Calculus I and MAC 2242 Life Sciences Calculus II
or MAC 2281 Engineering Calculus I and MAC 2282 Engineering Calculus II
or MAC 2311 Calculus I and MAC 2312 Calculus II
STA 2023 Introductory Statistics I may be substituted for any Calculus II
PHY 2048/2048L General Physics I and PHY 2049/2049L General Physics II
or PHY 2053/2053L General Physics I and PHY 2054/2054L General Physics II

REQUIREMENTS FOR THE MAJOR IN CELL AND MOLECULAR BIOLOGY

TOTAL MAJOR HOURS: 40

Major requirements for the B.S. Degree:

Major Core (25 hours)
Minimum 40 credit hours.
BSC 2010 Cellular Processes
BSC 2010L Cellular Processes Laboratory
BSC 2011 Biodiversity
BSC 2011L Biodiversity Laboratory
MCB 3410 Cell Metabolism
PCB 3063 General Genetics
PCB 3023 Cell Biology
PCB 3023L Cell Biology Laboratory and PCB 3063L General Genetics Laboratory or PCB 3186L Laboratory in
Molecular Biology
Choose two of the following courses:
- PCB 4024 Molecular Biology of Cell
- PCB 4026 Molecular Biology of Gene
- PCB 4109 Cancer Biology

Major Electives (15 hours)
Students choose a minimum of 15 credit hours from the following list of courses:
- BCH 3053 General Biochemistry
- BOT 4434C Mycology
- BSC 4434 Bioinformatics
- BSC 4905 Independent Study (1 credit maximum)
- BSC 4910 Undergraduate Research (1 or 2 credit hours/semester, no more than 4 credits total)
- BSC 4933 Selected Topics in Biology*
- BSC 5425 Genetic Engineering and Recombinant DNA Technology
- BSC 5931 Selected Topics in Biology (for the accelerated program only)
- MCB 3020 General Microbiology
- MCB 3020L General Microbiology Lab
- MCB 4503 Virology
- PCB 3043 Principles of Ecology
- PCB 3043L Principles of Ecology Laboratory
- PCB 3712 General Physiology
- PCB 3713L General Physiology Lab
- PCB 4024 Molecular Biology of Cell (if not used as a core course)
- PCB 4026 Molecular Biology of Gene (if not not used as a core course)
- PCB 4109 Cancer Biology (if not used as a core course)
- PCB 4234 Principles of Immunology
- PCB 4522C Experimental Genetics and Cell Biology
- PCB 4663 Human Genetics
- PCB 4671 Molecular Evolution
- PCB 4744 Biomedical Physiology
- PCB 4843 Principles of Neuroscience
- ZOO 4753 Human Histology and Molecular Pathology of Disease
- ZOO 4694 Developmental Biology

*Selected topics approved for the major by the Department of Cell Biology, Microbiology and Molecular Biology

All students majoring in one of the programs offered through the department of Cell Biology, Microbiology and Molecular Biology and entering USF for the first time, in Fall 2009 or later, who subsequently earn three (3) D and/or F grades in USF coursework for their major and/or supporting coursework will be required to change to majors more appropriate to their goals and academic performances. Those majors may not include any conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have not earned any D or F grades in USF major coursework or supporting coursework by the beginning of Fall 2009, will also be allowed three (3) D and/or F grades in subsequent terms before being required to choose another major more appropriate to their goals and academic performances, and not including any conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

Any continuing USF students who enter USF prior to Fall 2009 and who have earned greater than or equal to one (1) D or F grade in USF coursework for their major coursework or supporting coursework by the beginning of Fall 2009, will be allowed only two (2) more D and/or F grades in subsequent semesters before being required to choose other majors more appropriate to their goals and academic performances, and not including any majors conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

Grade Forgiveness will NOT apply to the mandated requirement of changing major.

Course Grade Requirement
Please note that some supporting science courses may require a grade of C or better in order to meet the prerequisite requirements for course sequences.

Grading Requirement
A student must receive a C- grade or better in all Department of Cell Biology, Microbiology, and Molecular Biology courses and supporting courses in the natural sciences, except if they are used as general elective courses. This specification applies to both USF and transfer courses.
Residency Requirement
A minimum of 20 credits of courses must be taken in residency and be applicable to the major.
Once a student has matriculated to USF Tampa, he/she is expected to take 100 percent of the required major coursework at USF Tampa.

Research Opportunities
A maximum of 2 credit hours of Undergraduate Research (BSC 4910) may be taken in a single semester, and a maximum of 4 credit hours of Undergraduate Research may be applied as electives.

Accelerated B.S. in Cell and Molecular Biology and M.S. in Biology with a concentration in Cell and Molecular Biology (Non-Thesis)
This program allows Cell and Molecular Biology majors to take graduate courses for the elective part of the major and apply them to a non-thesis M.S. degree in Biology with a concentration in Cell and Molecular Biology. Successful students will be able to earn the M.S. degree in two additional semesters beyond the completion of the B.S. degree.

Advising Information
Bioadvise: Science Center (SCA) 203; (813) 974-3250

Email: bioadvise@usf.edu

CELL AND MOLECULAR BIOLOGY FACULTY

• B.A. - CHEMISTRY (CHM) (CIP = 40.0501 - TRACK 1 OF 2)
TOTAL DEGREE HOURS: 120
http://chemistry.usf.edu/undergraduate/majors/ba/

The Chemistry B.A. gives students exposure to analytical, inorganic, organic and physical chemistry while providing the flexibility to take additional elective courses. Students interested in professional, law, or graduate school or those who anticipate working in careers related to secondary education or business will find this degree attractive. The B.A. student whose goals include graduate study should supplement this curriculum by addition and/or substitution of a selection of advanced courses from the B.S. program.

The Bachelor of Arts in Chemistry provides opportunities for curricula individually tailored to meet many career objectives.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

CHM X045/CHM X045L General Chemistry I (with lab) or CHM 1040 and CHM 1041, or CHM 1045C
CHM X046/CHM X046L General Chemistry II or CHM 1046C
MAC 2311 Calculus I or MAC 2281 Engineering Calculus I
MAC 2312 Calculus II or MAC 2282 Engineering Calculus II
CHM 2210/CHM 2210L Organic Chemistry I & Laboratory or CHM 2210C
CHM 2211/CHM 2211L Organic Chemistry II & Lab or CHM 2211C
PHY 2048/PHY 2048L Gen Physics I & Laboratory or PHY 2048C or PHY 2053C or PHY 2053 and PHY 2053L
PHY 2049/PHY 2049L Gen Physics II & Laboratory or PHY 2049C or PHY 2054C or PHY 2054 and PHY 2054L

113
Required Supporting Courses for the Major: 24 Hours

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

MAC 2311 Calculus I and MAC 2312 Calculus II
*MAC 2281 Engineering Calculus I and MAC 2282 Engineering Calculus II are also accepted for this major
PHY 2053 General Physics I and PHY 2053L General Physics I Laboratory and PHY 2054 General Physics II
and PHY 2054L General Physics II Laboratory or PHY 2048 General Physics I-Calculus Based and PHY 2048L General Physics I-Calculus Based Laboratory and PHY 2049 General Physics II-Calculus Based and PHY 2049L General Physics II-Calculus Based Laboratory

Students must choose eight (8) hours of required natural science or engineering electives from the following suggested list of courses:
BSC 2010 Cellular Processes and BSC 2010L Cellular Processes Laboratory
BSC 2011 Biodiversity and BSC 2011L Biodiversity Laboratory
GLY 2010 Dynamic Earth: Introduction to Physical Geology and GLY 2000L Essentials of Geology Laboratory
GLY 2100 History of Life and GLY 2100L History of Life Laboratory
EVR 2001 Introduction to Environmental Science and EVR 2001L Environmental Science Laboratory
CGS 2060 Introduction to Computers and Computer Programming
STA 2023 Introductory Statistics I

REQUIREMENTS FOR THE MAJOR IN CHEMISTRY
TOTAL MAJOR HOURS: 39

Major requirements for the B.A. Degree:
Major Core (33 hours)
Students are required to complete 39 credits of degree applicable Chemistry coursework.
CHM 2045 General Chemistry I
CHM 2045L General Chemistry I Laboratory
CHM 2046 General Chemistry II
CHM 2046L General Chemistry II Laboratory
CHM 2210 Organic Chemistry I
CHM 2210L Organic Chemistry I Laboratory
CHM 2211 Organic Chemistry II
CHM 2211L Organic Chemistry II Laboratory
CHM 3120C Elementary Analytical Chemistry
CHM 3610 Intermediate Inorganic Chemistry
CHM 3610L Intermediate Inorganic Chemistry Laboratory
CHM 4410 Physical Chemistry I
CHM 4413 Biophysical Chemistry

Major Electives (6 hours)
Students must choose six (6) credit hours of coursework at 3000-level or above; may not include more than 1 hour of CHM 4970.
BCH 3023L Basic Biochemistry Laboratory
BCH 4033 Advanced Biochemistry I
BCH 4034 Advanced Biochemistry II
CHM 4060 Use of Chemical Literature
CHM 4070 Historical Perspectives in Chemistry
CHM 4130C Methods of Instrument Analysis
CHM 4131C Methods of Chemical Investigation II
CHM 4300 Biomolecules
CHM 4410L Physical Chemistry Laboratory
CHM 4411 Physical Chemistry II
CHM 4611 Advanced Inorganic Chemistry
CHM 4970 Undergraduate Research
CHM 4932 Selected Topics in Chemistry*
CHS 4300 Fundamentals of Clinical Chemistry
CHS 4301L Clinical Laboratory

*Contact Advisor for approval of CHM 4932 Courses
General Electives. Courses over and above the required courses should be taken to complete a 120 hour program. Additional courses in computer programming, economics, management, engineering, statistics, writing, and other applied disciplines are strongly recommended to strengthen the degree for subsequent professional employment.

Transfer Credit: It is strongly recommended that students transferring from community/state colleges to the University of South Florida complete whole sequences of chemistry courses, such as general and organic chemistry, before they transfer. Even though courses may carry the same common course number, topics covered may vary significantly from school to school.

D/F Policy: The following three departments, the Department of Chemistry, the Department of Cell Biology, Microbiology and Molecular Biology and the Department of Integrative Biology have instituted a procedure to provide students with the best opportunity to progress toward their degree requirements.

Effective Fall 2009, the following D and/or F grade rules apply for students to continue in all of the following majors:

- Biomedical Sciences
- Cell and Molecular Biology
- Chemistry B.A. - including Biochemistry/Biotechnology and Health Professions concentrations
- Chemistry B.S.
- Environmental Biology
- Environmental Microbiology
- Integrative Animal Biology
- Interdisciplinary Natural Sciences
- Marine Biology
- Medical Technology
- Microbiology, and
- Pre-Medical Sciences (PMS) students who have not yet declared a major

*Non-Science majors are also subject to the D/F policy

All students entering USF for the first time, in Fall 2009 or later, who subsequently earn three (3) D and/or F grades in applicable USF science and math coursework for their major (i.e. Math, Biology, Chemistry and Physics) will be required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have not earned any D or F grades in USF science and math coursework for their major (i.e. Math, Biology, Chemistry and Physics) before Fall 2009, will also be redirected after earning three (3) D and/or F grades in subsequent terms. Upon earning the 3rd D and/or F grade, students will be required to choose another major more appropriate to their goals and academic performance, and to one that is not conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have earned one (1) or more D or F grades in USF science and math coursework for the major (i.e. Math, Biology, Chemistry and Physics) prior to Fall 2009, will be allowed to count all previous D/F grades as one (1) D/F grade. After Fall 2009, students who earn two (2) additional D and/or F grades (resulting in three (3) total D/F grades) in subsequent terms will be required to choose another major more appropriate to their goals and academic performance, and to one that is not conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

Lab only courses are not counted towards the total number of D/F grades earned for the policy. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

If a student is in violation of the D/F policy, regardless of major, they will no longer be able to take any courses offered by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

Grading Requirement

A grade of C or better is required for science and mathematics courses and each supporting course for the Major. All courses in any chemistry major must be taken with letter grade (A, B, C, D, F, I) except those courses which are graded S/U only.

Residency Requirement

Nine hours of upper-level chemistry courses must be completed at USF for the Bachelor of Arts in Chemistry and the Bachelor of Science in Chemistry degrees.

Research Opportunities

The Department of Chemistry offers the opportunity for students to participate in undergraduate research with Chemistry faculty. Students can apply for the Academic Research Experience for Undergraduates (REU) Program and
find more information here: [http://chemistry.usf.edu/undergraduate/reu/](http://chemistry.usf.edu/undergraduate/reu/). Students who wish to enroll in an undergraduate research course with a Chemistry faculty member should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in a 0 credit research course. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Academic Advisors in the Department of Chemistry, as well as the Office for Undergraduate Research, can assist students in understanding the various course options.

**Accelerated B.A. in Chemistry and M.A.T. in Science Education**

This program intends for students to complete a B.A. in Chemistry (College of Arts and Sciences) and M.A.T. in Science Education (College of Education) over the span of five years. Students completing this program will be eligible for high school and/or middle school science teacher certification. Completion of this program requires students to complete 12 credit hours toward the M.A.T. in Science Education during their senior year in the Chemistry (B.A.) major.

**CHEMISTRY CONCENTRATIONS**

**BIOCHEMISTRY/BIOTECHNOLOGY (CBY)**

[http://chemistry.usf.edu/undergraduate/majors/ba/](http://chemistry.usf.edu/undergraduate/majors/ba/)

The Biochemistry/Biotechnology concentration offers a unique opportunity for students to pursue later studies and/or professional emphasis in Biochemistry and Biotechnology along with a strong foundation in the chemical knowledge and skills that are essential to these areas.

**Requirements for the Concentration in Biochemistry/Biotechnology**

**TOTAL CONCENTRATION HOURS: 39**

**Concentration Core (30 hours)**

Students are required to complete 39 credits of degree applicable Chemistry coursework.

CHM 2045 General Chemistry I
CHM 2045L General Chemistry I Lab
CHM 2046 General Chemistry II
CHM 2046L General Chemistry II Lab
CHM 2210 Organic Chemistry I
CHM 2210 Organic Chemistry I Lab
CHM 2211 Organic Chemistry II
CHM 2211 Organic Chemistry II Lab
CHM 2211L Organic Chemistry II Lab
CHM 3120C Elementary Analytical Chemistry I
BCH 4033 Advanced Biochemistry I
BCH 3023L Basic Biochemistry Laboratory
BCH 4034 Advanced Biochemistry II

**Concentration Electives (9 hours)**

Minimum of 9 hours selected from the following:

CHM 3610 Intermediate Inorganic Chemistry
CHM 3610L Intermediate Inorganic Chemistry Lab
CHM 4060 Use of Chemical Literature
CHM 4300 Biomolecules I
CHM 4070 Historical Perspectives in Chemistry
CHM 4230 Spectroscopic Analysis of Organic Compounds
CHM 4274 Introduction to Drug Discovery
CHM 4292 Introduction to Medicinal Chemistry
CHM 4307 BioOrganic Chemistry
CHM 4455 Chemistry of High Polymers
CHM 4410 Physical Chemistry
CHM 4410L Physical Chemistry Lab
CHM 4411 Physical Chemistry II
CHM 4413 Biophysical Chemistry
CHM 4932 Selected Topics in Chemistry*

*Contact Advisor for approval of CHM 4932 Courses

**Other Requirements**

Other suggested electives important for advanced studies in Biochemistry:

EVR 2001 Introduction to Environmental Science
MCB 3020 General Microbiology
**COLLEGE OF ARTS & SCIENCES**

**UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG**

**MCB 3020L General Microbiology Laboratory**
**PCB 3063 General Genetics**
**STA 2023 Introductory Statistics I**

**Advising Information**
Department of Chemistry Advising: chemadvise@usf.edu or http://chemistry.usf.edu/advising/.

**HEALTH PROFESSIONS (CHH)**

This concentration is accepting no new admits.
http://chemistry.usf.edu/undergraduate/majors/ha/

A chemistry core is essential for preparation for medical, dental, veterinarian and other health-related professions. The Health Professions option for the B.A. in Chemistry includes this core as well as the flexibility to incorporate the other science courses required for admission to programs in the health professions.

**• B.S. - CHEMISTRY (CHS) (CIP = 40.0501 - TRACK 1 OF 2)**

TOTAL DEGREE HOURS: 120
http://chemistry.usf.edu/undergraduate/majors/bs/

The Bachelor of Science in Chemistry is designed for students wishing to continue with graduate training in chemistry and closely allied disciplines and the degree is certified by the American Chemical Society.

The Bachelor of Science in Chemistry provides a firm foundation in all five disciplines of chemistry: organic, physical chemistry, inorganic, analytical and biochemistry. Students interested in research, the pursuit of an advanced degree, employment in the chemical industry, or who want to teach at the secondary education level may find this degree attractive. The curriculum for the B.S. degree in Chemistry meets the requirements for degree certification by the American Chemical Society.

**STATE MANDATED COMMON COURSE PREREQUISITES**

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

CHM X045/CHM X045L General Chemistry I (with laboratory) or CHM 1040 and CHM 1041, or CHM 1045C
CHM X046/ CHM X046L General Chemistry II or CHM 1046C
MAC 2311 Calculus I or MAC 2281 Engineering Calculus I
MAC 2312 Calculus II or MAC 2282 Engineering Calculus II
CHM 2210/CHM 2210L Organic Chemistry I & Laboratory or CHM 2210C
CHM 2211/CHM 2211L Organic Chemistry II & Laboratory or CHM 2211C
PHY 2048/PHY 2048L Gen Physics I & Laboratory or PHY 2048C, or PHY 2053C or PHY 2053 and PHY 2053L
PHY 2049/PHY 2049L Gen Physics II & Laboratory or PHY 2049C, or PHY 2054C or PHY 2054 and PHY 2054L

Required Supporting Courses for the Major: 22 Hours

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

MAC 2311 Calculus I and MAC 2312 Calculus II or MAC 2281 Engineering Calculus I and MAC 2282 Engineering Calculus II
PHY 2048 General Physics I-Calculus Based and PHY 2048L General Physics I-Calculus Based Laboratory and PHY 2049 General Physics II-Calculus Based and PHY 2049L General Physics II-Calculus Based Laboratory

BSC 2010 Cellular Processes
One 3000-level Natural Science or Engineering course (PHY 3101 suggested) or
One 2000-level Natural Science course (BSC 2111, GLY 2100, EVR 2001)
REQUIREMENTS FOR THE MAJOR IN CHEMISTRY
TOTAL MAJOR HOURS: 54

Major requirements for the B.S. Degree:

Major Core (54 hours)

The required sequence of Chemistry courses should be started immediately in the freshman year; the mathematics and physics requirements should be completed before the junior year as preparation for CHM 4410 Physical Chemistry I (B.S. degree), a course which is to be taken in the third year. CHM 4410 is a prerequisite to other advanced courses required for the B.S. degree in chemistry. Students are strongly encouraged to complete CHM 3415C prior to their registration in CHM 4410 and CHM 4411.

Students are required to complete 54 credits of degree applicable Chemistry coursework.

CHM 2045 General Chemistry I
CHM 2045L General Chemistry I Laboratory
CHM 2046 General Chemistry II
CHM 2046L General Chemistry II Laboratory
CHM 2210 Organic Chemistry I
CHM 2210L Organic Chemistry I Laboratory
CHM 2211 Organic Chemistry II
CHM 2211L Organic Chemistry II Laboratory
BCH 4033 Advanced Biochemistry I
CHM 3120C Elementary Analytical Chemistry
CHM 3415C Physical Chemistry Methods
CHM 3610 Intermediate Inorganic Chemistry
CHM 3610L Intermediate Inorganic Chemistry Laboratory
CHM 4060 Use of Chemical Literature
CHM 4130C Methods of Instrumental Analysis
CHM 4131C Methods of Chemical Investigation II
CHM 4410 Physical Chemistry I
CHM 4410L Physical Chemistry Laboratory
CHM 4411 Physical Chemistry II
CHM 4611 Advanced Inorganic Chemistry

General Electives. Courses over and above the required courses should be taken to complete a 120 hour program. Additional courses in computer programming, economics, management, engineering, statistics, writing, and other applied disciplines are strongly recommended to strengthen the degree for subsequent professional employment.

Transfer Credit: It is strongly recommended that students transferring from community/state colleges to the University of South Florida complete whole sequences of chemistry courses, such as general and organic chemistry, before they transfer. Even though courses may carry the same common course number, topics covered may vary significantly from school to school.

D/F Policy: The following three departments, the Department of Chemistry, the Department of Cell Biology, Microbiology and Molecular Biology and the Department of Integrative Biology have instituted a procedure to provide students with the best opportunity to progress toward their degree requirements.

Effective Fall 2009, the following D and/or F grade rules apply for students to continue in all of the following majors:

- Biomedical Sciences
- Cell and Molecular Biology
- Chemistry B.A. - including Biochemistry/Biotechnology and Health Professions concentrations
- Chemistry B.S.
- Environmental Biology
- Environmental Microbiology
- Integrative Animal Biology
- Interdisciplinary Natural Sciences
- Marine Biology
- Medical Technology
- Microbiology, and
- Pre-Medical Sciences (PMS) students who have not yet declared a major

*Non-Science majors are also subject to the D/F policy

All students entering USF for the first time, in Fall 2009 or later, who subsequently earn three (3) D and/or F grades in applicable USF science and math coursework for their major (i.e. Math, Biology, Chemistry and Physics) will be required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not
conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have not earned any D or F grades in USF science and math coursework for their major (i.e. Math, Biology, Chemistry and Physics) before Fall 2009, will also be redirected after earning three (3) D and/or F grades in subsequent terms. Upon earning the 3rd D and/or F grade, students will be required to choose another major more appropriate to their goals and academic performance, and to one that is not conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have earned one (1) or more D or F grades in USF science and math coursework for the major (i.e. Math, Biology, Chemistry and Physics) prior to Fall 2009, will be allowed to count all previous D/F grades as one (1) D/F grade. After Fall 2009, students who earn two (2) additional D and/or F grades (resulting in three (3) total D/F grades) in subsequent terms will be required to choose another major more appropriate to their goals and academic performance, and to one that is not conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

Lab only courses are not counted towards the total number of D/F grades earned for the policy. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

If a student is in violation of the D/F policy, regardless of major, they will no longer be able to take any courses offered by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

Grading Requirement
A grade of C or better is required for science and mathematics courses and each supporting course for the Major. All courses in any chemistry major must be taken with letter grade (A, B, C, D, F, I) except those courses which are graded S/U only.

Residency Requirement
Nine hours of upper-level chemistry courses must be completed at USF for the Bachelor of Arts in Chemistry and the Bachelor of Science in Chemistry degrees.

Research Opportunities
The Department of Chemistry offers the opportunity for students to participate in undergraduate research with Chemistry faculty. Students can apply for the Academic Research Experience for Undergraduates (REU) Program and find more information here: http://chemistry.usf.edu/undergraduate/reu/. Students who wish to enroll in an undergraduate research course with a Chemistry faculty member should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in a 0 credit research course. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Academic Advisors in the Department of Chemistry, as well as the Office for Undergraduate Research, can assist students in understanding the various course options.

Accelerated B.S. in Chemistry and M.S.B.E. in Biomedical Engineering
This program intends for students to complete a B.S. in Chemistry and M.S.B.E. in Biomedical Engineering over the span of five years. Completion of this program allows students to complete nine (9) credit hours toward the M.S.B.E. during their junior or senior year in the Chemistry (B.S.) major.

Advising Information
Department of Chemistry Advising: chemadvise@usf.edu or http://chemistry.usf.edu/advising/.

CHEMISTRY FACULTY
• B.A. - COMMUNICATION (SPE) (CIP = 09.0101)

TOTAL DEGREE HOURS: 120

http://communication.usf.edu/undergraduate/major/

The Bachelor of Arts in Communication is a liberal arts degree that prepares students to communicate effectively and ethically in personal, professional, and public relationships and in both face-to-face and mediated contexts. More specifically this degree prepares students to:

1. work and lead in culturally-diverse teams and organizations;
2. develop advanced skills and competencies in oral, written, visual, digital, and electronic communication;
3. analyze and create messages, presentations, and persuasive communication strategies;
4. understand, build, and strengthen personal and professional identities and relationships;
5. study and critique culture and media including: media organizations, communication technologies, and mediated content (e.g., television, film, music, print, computer, Internet, and social media);
6. apply communication knowledge and skills in one or more specialized contexts [e.g., professional (health care; advertising and marketing; law and politics, not-for-profits); civic (public advocacy and social movements); religion and faith organizations; world cafés and public dialogues; performance and improv; media literacy; intimate and family relationships);
7. engage in undergraduate communication research; and
8. become active and productive U.S. and global citizens.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

SPC 2608 Public Speaking

REQUIREMENTS FOR THE MAJOR IN COMMUNICATION

TOTAL MAJOR HOURS: 39

Major requirements for the B.A. Degree:

Major Core (27 hours)

Required Core Courses (18 credit hours)

There are six required core courses including one prerequisite and one department capstone. Once enrolled in the major, students should take the first five core courses listed below as early as possible and take the department capstone course [which also fulfills the University's FKL Capstone Experience (CPST) requirement] late in the students' junior year or early in the students' senior year.

SPC 2608 Public Speaking (prerequisite for the Communication major)
COM 2000 Introduction to Communication (students must take this course during their first semester in the major, if not taken previously)
ORI 3004 Communication as Performance
SPC 3301 Interpersonal Communication
SPC 3544 Persuasion and Media
COM 4958 Communication Senior Capstone [or other Communication course approved as a University Capstone (CPST)]

Required Distribution Area Courses (9 credit hours)

Students must take one course in each of the three distribution areas (Communication and Human Relationships, Public Communication and Media, and Applied Communication) for a total of three courses.

Communication and Human Relationships (select one course)

Communication and Human Relationships focuses on the role of communication in constructing, sustaining, and changing human relationships. This area includes the study of intimate relationships (family, friendships, and romantic);
professional relationships (patient-health care provider); personal identity (self-awareness and personal narrative); verbal and nonverbal communication (talk, conversations, and writing); performance (performing literary and real-life relationships); and communication and cultural diversity (communicating across differences based on gender, sexuality/sexual orientation, race/ethnicity/nationality, social class, abilities, age/age cohorts, spirituality, and religion).

COM 3014 Communication, Gender and Identity
COM 4030 Women and Communication
COM 4490 Communication and Love
COM 4702 Communication, Language, and Mental Illness
COM 4710 Writing Lives
ORI 4150 Performing Nonfiction
ORI 4460 Performing Relationships
SPC 3212 Communication Theory
SPC 3710 Communication and Cultural Diversity
SPC 4305 Communicating Emotions
SPC 4307 Talk in Relationships
SPC 4310 Relationships on Film
SPC 4321 Communication and Aging
SPC 4431 Family Communication
SPC 4701 Intercultural Communication

Public Communication and Media (select one course)

Public Communication and Media focuses on the critical study and analyses of communication, culture, and media in the public sphere. Specific areas include media and media texts (television, film, music, print, Internet and social media), media literacy skills; culture, social institutions, and power; public opinion and memory; political discourse, social protest and social movements; and public performances of literature and other texts. Approaches include critical and cultural studies, rhetorical studies, performance studies, diversity studies (e.g., gender, race, and class), and culture and identity studies.

COM 3051 Analyzing Culture and Media
COM 3052 Cultural Studies and Communication
COM 3413 Communication and Visual Culture
COM 4016 Public Memory
COM 4530 Influencing Public Opinion
COM 4414 Race and Gender in Popular Film and Television
COM 4931 Special Topics in Media Analysis
ORI 4019 Performing Identity and Culture
ORI 4220 Performing Young Adult Literature
ORI 4410 Performance Art
ORI 4931 Performance and Video
SPC 3230 Rhetorical Theory
SPC 3653 Popular Forms of Public Communication
SPC 3680 Rhetorical Analysis
SPC 4201 Oral Tradition
SPC 4632 Rhetoric and Social Change
SPC 4683 Rhetorical Analysis of Mass Media

Applied Communication (select one course)

Applied Communication focuses on advanced communication skills, communication practice, and how communication practice in specialized contexts informs and is informed by communication theory and research. Advanced communication skills include leadership (working in teams and organizations); oral communication (interviewing, performing, public speaking, creating presentations); written, digital and electronic communication, and undergraduate research. The specialized contexts of "applied" communication includes for profit corporations, not-for-profit organizations, health care institutions, tourism, religious institutions, families, civic organizations and communities in both domestic and global settings.

COM 3120 Organizational Communication
COM 3122 Interview Communication
COM 4104 Communication, Tourism, and Travel
COM 4124 Communication and Organizational Change
COM 4128 Integrated Organizational Communication
COM 4151 Communication and Working Life in Contemporary Organizations
COM 4020 Communicating Illness, Grief and Loss
COM 4021 Family Communication and the End of Life
COM 4022 Health Communication
COM 4225 Global and Cultural Issues in Health Communication
Major Electives (12 hours)

Additional Departmental Electives (12 credit hours)

Students must take additional 3000- or 4000-level Communication courses to fulfill the remaining 12 hour elective requirement.

Please consult Catalog for full listing of Communication course titles, and consult Oasis for current SPC 4930 Selected Topics courses. Faculty strongly recommend that students interested in a specialization within their major select and take at least 9 of these 12 elective hours within one of the three Department Distribution Areas: Communication and Human Relationships, Public Communication and Media, or Applied Communication.

Grading Requirement

A final grade of at least C- is required for all major coursework to count toward a Communication major. Courses may not be taken S/U where a grade option exists.

Foundations of Knowledge and Learning (FKL) Requirement

SPC 2608 Public Speaking (CAHU) (Required)
SPC 3301 Interpersonal Communication (CASB) (Required)
SPC 3710 Communication and Cultural Diversity (CACG HHCP) (Recommended)

Foundations of Knowledge and Learning (FKL) Exit Requirement

COM 4958 Communication Senior Capstone (CPST) (Required)
COM 4030 Women and Communication (WRIN) (Recommended)

Other Requirements

Service Learning

SPC 4714 Communication, Culture, and Community

State Communication (formerly known as Gordon Rule Writing) Courses (6AC)

COM 4020 Communicating Illness, Grief and Loss (Recommended)
COM 4030 Women and Communication (Recommended)
COM 4710 Writing Lives (Recommended)
SPC 3425 Group Communication (Recommended)
SPC 4305 Communicating Emotions (Recommended)
SPC 4632 Rhetoric and Social Change (Recommended)

Global Citizens Certified Courses (GCPC)

COM 2000 Introduction to Communication
ORI 4019 Performing Identity and Culture

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

OPTIONAL HONORS PROGRAM

The Honors Program in Communication provides an opportunity for exceptional undergraduate students in Communication to work closely with a faculty member in an intensive research experience. Each Honors student is required to complete and defend an undergraduate Honors Thesis.

Application to the program ordinarily occurs during the second semester of the junior year or prior to completion of 90 semester hours. Students interested in the Honors Program should consult the department for further information about admission and program requirements.
Admission to the program is based on the student’s overall academic record, performance in communication courses, and recommendations of faculty. To be admitted to the program, a student should have at least a 3.5 GPA in all Communication courses and a 3.0 cumulative GPA. Students are required to complete 3 hours of Honors Reading and 3 hours of Honors Thesis.

• B.A. - ECONOMICS (ECO) (CIP = 45.0601)

TOTAL DEGREE HOURS: 120

http://economics.usf.edu/undergraduate/ba_ecn/

Economics offers a clear and logical way of thinking about complicated issues such as unemployment, inflation, pollution, and crime. The Department of Economics offers broad course choices allowing students to tailor their programs to provide training for professional careers in business, teaching, government, and law. Students interested in majoring or minoring in economics should contact the undergraduate advisor in the Department of Economics for more information.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

ECO X013 Economic Principles: Macroeconomics or ECO XXXX
ECO X023 Economic Principles: Microeconomics or ECO XXXX

REQUIREMENTS FOR THE MAJOR IN ECONOMICS

TOTAL MAJOR HOURS: 33

Major requirements for the B.A. Degree:

Major Core (18 hours)

A student may earn a Bachelor of Arts degree with a major in Economics by satisfactorily completing 33 credits in Economics in addition to college requirements.

ECO 2013 Economic Principles: Macroeconomics
ECO 2023 Economic Principles: Microeconomics
ECO 3101 Intermediate Price Theory
ECO 3203 Intermediate Macroeconomics
ECO 2052 Analytical Tools for Economists
Major Electives (15 hours)
Fifteen credit hours of Economics electives numbered 3000 or higher.

NOTE: ECO 1000 (if taken before both ECO 2013 and ECO 2023) if student receives a C- or better may be substituted for a maximum of 3 hours of upper-level economics elective credit.

- MAC 2233 Business Calculus or MAC 2311 Calculus I (or the equivalent) is an acceptable substitute for ECO 2052.
- QMB 3200 Business and Economics Statistics II is an acceptable substitute for STA 2023.
- ECO 2052, MAC 2233 Business Calculus, or MAC 2311 Calculus I (or the equivalent) must be taken as a prerequisite for ECO 3101 and ECO 3203.
- ECP 3703 Managerial Economics may be substituted for ECO 3101. Students may not take both for credit.
- No more than 3 hours credit can be applied toward a major from ECO 4914.
- Economics majors taking coursework at the other USF institutions may not be able to fulfill all Economics course requirements at those institutions.
- All students entering USF for the first time, in Fall 2012 or later, who earn 3 (three) D and/or F grades in any of the following courses at USF: ECO 2013, ECO 2023, ECO 3101, ECO 3203, STA 2023 (or QMB 2100) and ECO 2052 (or MAC 2233 or MAC 2311 or equivalent) will be required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Economics through either the College of Arts and Sciences.
- All continuing USF students who entered USF prior to Fall 2012 and who have not earned any D or F grades in any of the following courses at USF: ECO 2013, ECO 2023, ECO 3101, ECO 3203, STA 2023 (or QMB 2100) and ECO 2052 (or MAC 2233 or MAC 2311 or equivalent) by the beginning of Fall 2012, will also be allowed 3 (three) D and/or F grades in those courses before being required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Economics through either the College of Arts and Sciences.
- All continuing USF students who entered USF prior to Fall 2012 and who have earned 1 (one) or more D or F grades in any of the following courses at USF: ECO 2013, ECO 2023, ECO 3101, ECO 3203, STA 2023 (or QMB 2100), and ECO 2052 (or MAC 2233 or MAC 2311 or equivalent) by the beginning of Fall 2012, will only be allowed 2 (two) more D and/or F grades in those courses before being required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Economics through the College of Arts and Sciences.
- Grade Forgiveness will NOT apply to the mandated requirement of changing majors.
- Appeals to the required change of major will be handled in the Economics Department and ONLY those students whose appeal is based on exceptional circumstances will be considered.

Course Grade Requirement
Students must obtain a grade of "C-" or higher in ECO 3101 or ECP 3703 (formerly ECO 3100) in order to enroll in any course for which ECO 3101 or ECP 3703 is a prerequisite.

Grading Requirement
Students must obtain a grade of "C-" or higher in all courses required for the major or minor in Economics.

Residency Requirement
At least 12 hours of upper level credit must be taken in residence at USF.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Accelerated B.A. in Economics and M.A. in Economics
This program allows superior students with strong analytical skills and the ability to handle a fast paced, challenging program the opportunity to complete both the Bachelor's and Master's degrees in Economics in five years.
Advising Information
Advisors in the College of Arts and Sciences or the Office of Academic Advocacy will be available to assist students in the selection of a new major in their respective colleges.
Department of Economics; econadvise@usf.edu

ECONOMICS FACULTY

• B.A. - ENGLISH (ENG) (CIP = 23.0101)
TOTAL DEGREE HOURS: 120
http://english.usf.edu/ug/

A bachelor’s degree in English prepares students for any field that values critical thinking, high reading comprehension, clear and effective writing, and the ability to interpret and analyze data. It provides three concentrations from which students must choose one concentration: Creative Writing, Literary Studies, and Professional Writing, Rhetoric and Technology.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.
Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.
Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.
ENC 1101 Composition I or ENC XXXX
ENC 1102 Composition II or ENC XXXX

REQUIREMENTS FOR THE MAJOR IN ENGLISH
TOTAL MAJOR HOURS: 36 (including concentration)

ENGLISH CONCENTRATIONS
CREATIVE WRITING (CRW)
http://english.usf.edu/ug/concentrations/creative/

This 36-hour concentration is designed for aspiring writers of fiction, poetry, and creative nonfiction. Students who graduate from this program will demonstrate the following: 1) knowledge of the forms and techniques of poetry, fiction, and creative nonfiction; 2) knowledge of literary genres and the techniques used by authors within each genre; 3) the ability to analyze literature in its cultural and philosophical context; and 4) the ability to critique student manuscripts and offer constructive feedback within a workshop setting.

REQUIREMENTS FOR THE CONCENTRATION IN CREATIVE WRITING
TOTAL CONCENTRATION HOURS: 36

Concentration Core (36 hours)
Writing Requirements: Six courses as follows:
CRW 3111 Form and Technique of Fiction
CRW 3311 Form and Technique of Poetry
(CRW 3111 must be taken before any other courses in the Fiction series, and CRW 3311 must be taken before any other courses in the Poetry series. Students are urged to take these two courses during the first year of study.)
Any four of the following courses:
CRW 3112 Fiction I
CRW 3121 Fiction II
CRW 3312 Poetry I
CRW 3321 Poetry II
CRW 4930 Selected Topics in Creative Writing
  CRW 4930 may be repeated twice, with different content, for a total of six (6) credits hours. Choices
  would include creative nonfiction, screenwriting, craft courses in fiction/poetry, young adult literature,
  lyric poetry, etc.).

Literature Requirements: Six courses as follows:
One of the following courses that concentrates on literature written pre-1900:
AML 3031 American Literature from the Beginning to 1860
AML 3032 American Literature from 1860 to 1912
AML 4111 Nineteenth-Century American Novel
ENG 4060 History of the English Language
ENL 4203 Introduction to Old English
ENL 3015 British Literature to 1616
ENL 3016 Studies in 17th and 18th Century British Literature
ENL 3017 Studies in 19th Century British Literature
ENL 3230 British Literature 1616-1780
ENL 3251 British Literature 1780-1900
ENL 3331 Early Shakespeare
ENL 3332 Late Shakespeare
ENL 4122 19th Century British Novel
ENL 3111 Chaucer
ENL 4338 Advanced Studies in Shakespeare
ENL 4341 Milton
ENL 4501 Studies in Medieval and Early Modern Literature
LIT 3031 Survey of Poetry
LIT 3101 Literature of the Western World Through the Renaissance
Five (5) additional major literature courses from those listed in the Literary Studies concentration

LITERARY STUDIES (LTS)
http://english.usf.edu/ug/concentrations/literature/

This concentration provides students with a knowledge of literary method, literary history, and a broad range of
literary accomplishment (including knowledge of emerging fields, world literatures, and ethnic literatures). While the
major places much emphasis on appreciating works of literature as artifacts produced in their own culture contexts, it
also enables students to make connections between contemporary life and the study of literature. It evaluates students'
grasp of formal and technical elements of literary practice and emphasizes the development of writing skills and the
production of disciplinary writing. Successful completion of the major will enhance students' capacity for aesthetic
enjoyment, critical reflection, and effective self-expression, and may provide preparation for further study (graduate and
professional schools) or communication and research skills to be used in a work environment.

STATE MANDATED COMMON COURSE PREREQUISITES
The State of Florida has identified common course prerequisites for the major in English. These courses must be
completed with a minimum grade of "C" before the degree is grated. If the courses are not transferred in, they may be
taken at USF:
ENC 1101 Composition I or ENC XXXX
ENC 1102 Composition II or ENC XXXX

REQUIREMENTS FOR THE CONCENTRATION IN LITERARY STUDIES
TOTAL CONCENTRATION HOURS: 36
Concentration Core (21 hours)
I. Required Course (3 credit hours):
   ENG 3014 Introduction to Literary Methodology (recommended during first 2 semesters of the major)
II. Additional Requirements (18 credit hours):
   Capstone (3 credit hours)
Students must choose one course from the following list (Note: These courses are approved only for the department's capstone requirement, not for the University's EXIT Capstone requirement.):

ENG 4013 Literary Criticism
ENG 4950 Senior Capstone

Literary Histories (9 credit hours)

Students must choose one course from three of the four pre-1900 categories:

Medieval/Renaissance
- ENL 3015 British Literature to 1616
- ENL 3331 Early Shakespeare
- ENL 3332 Late Shakespeare
- ENL 4203 Introduction to Old English
- ENL 4311 Chaucer
- ENL 4338 Advanced Studies in Shakespeare
- ENL 4501 Studies in Medieval & Early Modern Literature
- LIT 3101 Literature of the Western World through the Renaissance

17th/18th Century British
- ENL 3016 Studies in 17th and 18th Century British Literature
- ENL 3230 British Literature 1616-1780
- ENL 4112 Eighteenth-Century British Novel
- ENL 4341 Milton

19th Century British
- ENL 3017 Studies in 19th Century British Literature
- ENL 3251 British Literature 1780-1900
- ENL 4122 19th Century British Novel

American Before 1900
- AML 3031 American Literature from the Beginnings to 1860
- AML 3032 American Literature from 1860 to 1912
- AML 4111 Nineteenth-Century American Novel

Cultural-Critical Studies (3 credit hours)

Students must choose one course from the following list:

- AML 3604 African American Literature
- AML 3630 U.S. Latino/Latina Literature in English
- AML 3641 Native American Literature and Film
- AML 3674 Asian American Literature and Film
- AML 4933 Studies in American Literature and Culture
- LIT 3353 Literature, Race, and Ethnicity
- LIT 3410 Religious and Philosophical Themes in Literature
- LIT 3513 Literature, Gender, and Sexuality
- LIT 4233 Postcolonial Literature
- LIT 4386 British and American Literature by Women
- LIT 4931 Studies in World Literature and Culture

Language and Genre (3 credit hours)

Students must choose one course from the following list:

- AML 4111 Nineteenth-Century American Novel
- AML 4121 Twentieth-Century American Novel
- AML 4931 American Literary Movements and Genre
- ENG 3113 Film as Narrative Art
- ENG 4060 History of the English Language
- ENG 4674 Film and Culture
- ENL 4112 Eighteenth-Century British Novel
- ENL 4122 Nineteenth-Century British Novel
- ENL 4132 British Novel: Conrad to the Present
- ENL 4930 Selected Topics
- LIN 4671 Traditional English Grammar
- LIN 4680 Structure of American English
- LIT 3022 Modern Short Prose
- LIT 3031 Survey of Poetry
- LIT 3043 Modern Drama
- LIT 3144 Modern European Novel

Concentration Electives (15 hours)
Students may count one course from the following list:
- Any one LIT 2000-level course may count as an elective:
  - LIT 2000 Introduction to Literature
  - LIT 2010 Introduction to Fiction
  - LIT 2020 Introduction to the Short Story
  - LIT 2030 Introduction to Poetry
  - LIT 2040 Introduction to Drama

Students may select four additional courses (12 credit hours) from the following list:
- AML 3051 American Literature from 1912 to 1945
- AML 3243 American Literature from 1945 to the present
- AML 4261 Literature of the South
- AML 4300 Selected American Authors
- ENG 4013 Literary Criticism (recommended for those planning to attend graduate school)
- ENL 3026 Studies in the 20th Century Literature
- ENL 3273 British Literature 1900-1945
- ENL 4303 Selected British Authors
- LIT 3093 Contemporary Literature
- LIT 3102 Literature of the Western World since the Renaissance
- LIT 3374 The Bible as Literature
- LIT 3930 Selected Topics in Literature
- LIT 4930 Selected Topics in English Studies
- Any additional LTS major course listed above
- Any major CRW course listed under the Creative Writing concentration
- Any major ENC course listed under the Professional Writing, Rhetoric and Technology concentration

Students may not use more than one directed study course toward meeting the major and concentration requirements.

**Accelerated B.A. in English with a concentration in Literary Studies and M.A. in English with a concentration in Literature**

This program allows English majors who are concentrating in Literary Studies to take graduate courses toward the M.A. in English with a concentration in Literature during their senior year. These shared credits will be applicable to the M.A. degree, thus accelerating the time to completion, with successful students able to earn the M.A. degree in two additional semesters beyond the completion of the B.A. degree.

**Advising Information**
englishadvise@usf.edu; 813-974-8508

**PROFESSIONAL WRITING, RHETORIC AND TECHNOLOGY (PRT)**

http://english.usf.edu/ug/concentrations/technical/

This concentration provides students with both a practical and a theoretical orientation to communication in a variety of media and genres. The program prepares students to work as innovative professional communicators in a variety of fields – from government to business to medicine. It also prepares students for graduate programs in rhetoric, composition, and professional communication. The program produces graduates who can think critically about communication, contexts, and technology as well as compose technologically-mediated documents and products using a variety of tools.

**REQUIREMENTS FOR THE CONCENTRATION IN PROFESSIONAL WRITING, RHETORIC AND TECHNOLOGY**

**TOTAL CONCENTRATION HOURS: 36**

**Concentration Core (15 hours)**
- ENC 3242 Technical Communication for Majors
- ENC 3416 New Media for Technical Communication
- ENC 4218 Visual Rhetoric for Technical Communication
- ENC 4311 Advanced Composition
- ENC 4940 Professional/Technical Communications Internship

**Concentration Electives (21 hours)**
- ENC 3250 Professional Writing
ENC 3310 Expository Writing  
ENC 3371 Rhetorical Theory for Technical Communication  
ENC 3435 Rhetoric and Gaming  
ENC 4260 Advanced Technical Writing  
ENC 4931 Selected Topics in Technical and Professional Writing  
Any upper-level courses listed in the Literary Studies concentration.  
Any upper-level courses listed in the Creative Writing concentration.

**Major requirements for the B.A. Degree:**
Students may not use more than one directed study course toward meeting the major requirements.

**GPA Requirements**
A 2.5 GPA in the major is required for graduation.

**Grading Requirement**
A grade of below C- will not be counted toward fulfilling the major requirements.

**Residency Requirement**
Transfer students must earn at least 18 hours in the major at USF.

**Foreign Language Requirement**
The English Department does not accept Sign Language as a foreign language.

**Other Requirements**
Students declaring English as a second major need to complete 30 credit hours. To do so, they must make a written request to the Undergraduate Director at the time they declare English as a second major. Courses taken in the first major may not count toward the 30 hours in English as a second major.

**Research Opportunities**
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

**OPTIONAL HONORS PROGRAM**
The Department of English Honors Program provides a carefully selected group of seniors with opportunities for advanced scholarship:
- Closer contact with faculty tutors than students in the regular major program;
- An opportunity to work and exchange ideas in the stimulating environment of a small group of fellow students with similar aims and abilities;
- An opportunity to develop individual initiative and sophisticated critical skills.

The English Honors Program will benefit those interested in graduate work, advanced professional study, or greater intellectual challenges.

**Admissions Criteria**
Students may apply for the program after completing 60 hours of coursework. Applicants should have a GPA of 3.30 in the major and an overall GPA of 3.00 and should submit signatures of recommendation from two English faculty supporting their applications.

After screening all applications, the Department’s Honors Committee will select participants for each year’s program.

**Requirements for Completion of Departmental Honors**
1. The Honors student will complete the requirements of his/her chosen English major as described in the current catalog.
2. The Honors program requires 9 hours of Honors-level work.
   o All Honors students are required to complete at least one (three-hour) Honors seminar (ENG 4935 or ENG 4936).
   o Students may select from the following options to fulfill the remaining six hours of credit in Honors:
     - Up to two more (three-hour) Honors seminars (ENG 4935 or ENG 4936).
     - A three-hour independent study. The independent study should be connected to an eligible upper-level course in the major being taught in that semester.**
A list of courses available for this option will be made available prior to registration each semester. Students will attend some or all of the scheduled course meetings but will be enrolled in an independent study with the instructor. The independent study will be considered a special "Honors section" of the course and will require additional work that may include extra reading, class presentations, and advanced research-based writing. To enroll in an independent study, students will need written permission of the instructor, who will determine an Honors-appropriate workload for the course. The proposed plan for independent study must be approved by the Honors Committee and filed with the Undergraduate Director prior to registration. Students may count a maximum of one independent study in fulfillment of their degree requirements.

- A three-hour Honors thesis, supervised by a member of the English faculty. The Director of the English Honors Program will serve as instructor of record for the thesis hours. Under the direction of the instructors of the Honors seminars and/or the Director of the English Honors Program, the student will choose a member of the English Department faculty to serve as director of his/her thesis and one or two additional faculty members to serve as readers of the thesis. The completed thesis must be at least 25-pages in length, not including bibliography.

- A three-hour graduate-level course. Enrollment in a graduate course is limited to Honors students in their final semester and requires written permission of the Undergraduate Director, Graduate Director, and the instructor of the course. To be eligible, students must have completed at least one Honors seminar with a grade of A or A+.

3. To graduate with Departmental Honors, the student must satisfy the following requirements:
   - Complete 9 hours of English Honors courses as described above with a 3.30 GPA;
   - Complete all major requirements with a 3.30 GPA and academic coursework with an overall GPA of 3.0.

4. The student who completes all requirements above will graduate with Honors in English. The credit hours completed within the program by the student who does not complete all Honors requirements will count toward the baccalaureate degree.

**Faculty who are willing to accommodate the extra needs of Honors students will notify the Undergraduate Director before registration to have their course put on the list of eligible courses. The Honors student will enroll in an independent study but will attend the scheduled course and complete the bulk of the reading and written requirements for the course in addition to a special Honors project for the course (this could include a formal presentation of research, an independent research project, a longer research paper, a larger collection of creative work, etc. The independent study represents 3 hours of coursework.

ENGLISH FACULTY

** B.S. - ENVIRONMENTAL BIOLOGY (ENB)
(CIP = 26.0101 - TRACK 1 OF 2)
TOTAL DEGREE HOURS: 120
http://biology.usf.edu/ib/ug/bs/

Students majoring in Environmental Biology study the ways in which organisms interact with the environment, and how they adapt to changing environments. The program of study explores the interconnections among biology, ecology, evolution, and conservation. The objective of the program of study is to provide students with a firm foundation in basic biology and the tools necessary to function as professional biologists, with special emphasis on natural ecosystems. The program will prepare students for further education (ecology, environmental science, conservation biology, field botany) or for careers in fields such as environmental biology, environmental consulting, agricultural and forestry resource management, conservation biology and education, and wildlife biology.
STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- **BSC X010/X010L Biology I with Lab** or **BSC X010C** or **BSC X040/X040L**
- **BSC X011/X011L Biology II with Lab** or **BSC X011C** or **BSC X041/X041L** or **ZOO X010/X010L** or **BOT X010/X010L** or **BOT X013/X013L**
- **CHM X045/X045L General Chemistry I with Lab** or **CHM X045C** or **CHM X040** and **CHM X041**
- **CHM X046/X046L General Chemistry II with Lab** or **CHM X046C**
- **CHM X210/X210L Organic Chemistry I with Lab** and **CHM X211/X211L** or **(CHM X210C and CHM X211C)** or **(PHY X053/X053L and PHY X054/X054L)** or **(PHY X048/X048L and PHY X049/X049L)**
- **MAC X311 Calculus I** or **MAC X233** or **MAC X253** or **MAC X281** or **MAC X241**
- **MAC X312 Calculus II** or **MAC X282** or **MAC X234** or **STA X023** or **STA X024** or **STA X321**

Required Supporting Courses for the Major: 32-34 Hours

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

- **CHM 2045 and CHM 2045L General Chemistry I and Laboratory**
- **CHM 2046 and CHM 2046L General Chemistry II and Laboratory**
- **CHM 2210 and CHM 2210L Organic Chemistry I and Laboratory**
- **CHM 2211 and CHM 2211L Organic Chemistry II and Laboratory**
- **Calculus I: MAC 2241 or MAC 2311 or MAC 2281**
- **Statistics or Calculus II: STA 2023 or MAC 2242 or MAC 2312 or MAC 2282**

One of the Physics Sequences:

- **PHY 2053om 2053L General Physics I and PHY 2054/2054L General Physics II**
- **PHY 2048/2048L General Physics I - Calculus Based and PHY 2049/2049L General Physics II - Calculus Based**

Students must receive a C- or better to meet requirements for degree (for progression in Math and CHM, a C is required).

REQUIREMENTS FOR THE MAJOR IN ENVIRONMENTAL BIOLOGY

TOTAL MAJOR HOURS: 40-41

Major requirements for the B.S. Degree:

**Major Core (25-26 hours)**

**Biology Core Curriculum**

- **BSC 2010 and BSC 2010L Cellular Processes and Laboratory**
- **BSC 2011 and BSC 2011L Biodiversity and Laboratory**
- **PCB 3043 and PCB 3043L Principles of Ecology and Laboratory**
- **PCB 3063 and PCB 3063L General Genetics and Laboratory**
- **BSC 4052 Conservation Biology**
- **PCB 4674 Organic Evolution**

Choose one of the following courses:

- **BOT 4601 Plant Ecology**
- **BSC 4933 Selected Topics in Biology**

*Selected topics as approved for the major by the Department of Integrative Biology*

**Major Electives (15 hours)**

Select a minimum of 15 credit hours from the following list:

- **BCH 4033 Advanced Biochemistry I**
- **BSC 2093C Human Anatomy and Physiology I**
BSC 2094C Human Anatomy and Physiology II

Any upper-level course with a BOT, BSC, ENY, MCB, PCB, or ZOO prefix, with the exception of those intended for non-majors*

*Note: BSC 4933 cannot be taken as elective credit without prior approval.

All students majoring in one of the programs offered through the departments of Integrative or Cell Biology, Microbiology and Molecular Biology and entering USF for the first time, in Fall 2009 or later, who subsequently earn three (3) D and/or F grades in USF coursework for their major and/or supporting coursework will be required to change to majors more appropriate to their goals and academic performances. Those majors may not include any conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have not earned any D or F grades in USF major coursework or supporting coursework by the beginning of Fall 2009, will also be allowed three (3) D and/or F grades in subsequent terms before being required to choose another major more appropriate to their goals and academic performances, and not including any conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

Any continuing USF students who enter USF prior to Fall 2009 and who have earned greater than or equal to one (1) D or F grade in USF coursework for their major coursework or supporting coursework by the beginning of Fall 2009, will be allowed only two (2) more D and/or F grades in subsequent semesters before being required to choose other majors more appropriate to their goals and academic performances, and not including any majors conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

Grade Forgiveness will NOT apply to the mandated requirement of changing major.

Course Grade Requirement

Please note that some supporting science courses may require a grade of C or better in order to meet the prerequisite requirements for course sequences.

Grading Requirement

A student must receive a C- grade or better in all Department of Integrative Biology and Department of Cell Biology, Microbiology, and Molecular Biology courses and supporting courses in the natural sciences, except if they are used as general elective courses. This specification applies to both USF and transfer courses.

Residency Requirement

A minimum of 20 credits hours of elective courses must be taken in residency and be applicable to the major. Once a student has matriculated to USF Tampa, he/she is expected to take 100 percent of the required major coursework at USF Tampa.

Research Opportunities

Undergraduate research is a great way to get hands-on experience in what you are studying and learning in your courses, and even to advance biological knowledge. Many students have authored articles based on their participation in on-going research in the Department. Undergraduate research also is a great way to boost your resume and to enhance your application to graduate school or health professional school. Several ways are available to get involved; see http://biology.usf.edu/ib/ug/research/.

To be eligible to receive credit for undergraduate research (BSC 4910), students must have Junior standing, a 3.0 USF GPA, and a 3.0 major GPA. A maximum of 4 credit hours BSC 4910 may be applied to the major electives; see http://biology.usf.edu/bioadvise/ug-research/credit.aspx.

Accelerated B.S. in Environmental Biology and M.A.T. in Science Education

This program intends for students to complete a B.S. in Environmental Biology (College of Arts and Sciences) and M.A.T. in Science Education (College of Education) over the span of five years. Students completing this program will be eligible for high school and/or middle school science teacher certification. Completion of this program requires students to complete 12 credit hours toward the M.A.T. in Science Education during their senior year in the Environmental Biology major.

Advising Information

BioAdvise: Science Center (SCA) 203; (813) 974-3250
http://biology.usf.edu/bioadvise/
Email: bioadvise@usf.edu
ENVIRONMENTAL BIOLOGY FACULTY

• B.S. - ENVIRONMENTAL MICROBIOLOGY (EMB)
   (CIP = 26.0101 - TRACK 1 OF 2)
   TOTAL DEGREE HOURS: 120
   http://biology.usf.edu/ib/ug/bs/

   Students majoring in Environmental Microbiology study the roles that microorganisms play in the environment. The program of study explores the diversity, community structure, and ecological functioning of microorganisms. The objective of the program is to provide students with a firm foundation in basic biology and the tools necessary to function as professional biologists, with special emphasis on microorganisms in natural ecosystems and human-engineered systems. The program will prepare students for further education (microbiology, environmental science, conservation biology) or for careers in fields such as environmental monitoring and safety, characterization and control of pathogenic microorganisms, and bioremediation.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- BSC X010/X010L Biology I with Lab or BSC X010C or BSC X040/X040L
- BSC X011/X011L Biology II with Lab or BSC X011C or BSC X041/X041L or ZOO X010/X010L or BOT X010/X010L or BOT X013/X013L
- CHM X045/X045L General Chemistry I with Lab or CHM X045C or CHM X040 and CHM X041
- CHM X046/X046L General Chemistry II with Lab or CHM X046C
- CHM X210/X210L Organic Chemistry I with Lab and CHM X211/X211L or (CHM X210C and CHM X211C) or (PHY X053/X053L and PHY X054/X054L) or (PHY X048/X048L and PHY X049/X049L)
- MAC X311 Calculus I or MAC X233 or MAC X253 or MAC X281 or MAC X241
- MAC X312 Calculus II or MAC X282 or MAC X234 or STA X023 or STA X024 or STA X321

Required Supporting Courses for the Major: 32-34 Hours

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

- CHM 2045 and CHM 2045L General Chemistry I and Laboratory
- CHM 2046 and CHM 2046L General Chemistry II and Laboratory
- CHM 2210 and CHM 2210L Organic Chemistry I and Laboratory
- CHM 2211 and CHM 2211L Organic Chemistry II and Laboratory
- Calculus I: MAC 2241 or MAC 2311 or MAC or MAC 2281
- Statistics or Calculus II: STA 2023 or MAC 2242 or MAC 2312 or MAC 2282

One of the Physics Sequences:
- PHY 2053/2053L General Physics II and PHY 2054/2054L General Physics II
- PHY 2048/2048L General Physics I - Calculus Based and PHY 2049/2049L General Physics II - Calculus Based

Students must receive a C- or better to meet requirements for degree (for progression in Math and CHM, a C is required).

REQUIREMENTS FOR THE MAJOR IN ENVIRONMENTAL MICROBIOLOGY
Major requirements for the B.S. Degree:

Major Core (30 hours)

Biology Core: (16 hours)
- BSC 2010 and BSC 2010L Cellular Processes and Laboratory
- BSC 2011 and BSC 2011L Biodiversity and Laboratory
- PCB 3043 and PCB 3043L Principles of Ecology and Laboratory
- PCB 3063 and PCB 3063L General Genetics and Laboratory

Environmental Microbiology Core: (14 hours)
- MCB 3020 and MCB 3020L General Microbiology and Laboratory
- MCB 4404 and MCB 4404L Microbial Physiology and Genetics and Laboratory

Choose two of the following courses:
- BSC 4933 Selected Topics in Biology*
- BSC 4444 Genomics
- MCB 4202 Ecology of Infectious Diseases
- ZOO 4233 Parasitology

*Selected topics as approved for the major by the Department of Integrative Biology

Major Electives (10 hours)

Select a minimum of 10 credit hours from the following list:
- BCH 4033 Advanced Biochemistry I
- BSC 2093C Human Anatomy and Physiology I
- BSC 2094C Human Anatomy and Physiology II
- Any upper-level course with a BOT, BSC, ENY, MCB, PCB, or ZOO prefix, with the exception of those intended for non-majors*

*Note: BSC 4933 cannot be taken as elective credit without prior approval.

All students majoring in one of the programs offered through the departments of Integrative or Cell Biology, Microbiology and Molecular Biology and entering USF for the first time, in Fall 2009 or later, who subsequently earn three (3) D and/or F grades in USF coursework for their major and/or supporting coursework will be required to change to majors more appropriate to their goals and academic performances. Those majors may not include any conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have not earned any D or F grades in USF major coursework or supporting coursework by the beginning of Fall 2009, will also be allowed three (3) D and/or F grades in subsequent terms before being required to choose another major more appropriate to their goals and academic performances, and not including any conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

Any continuing USF students who enter USF prior to Fall 2009 and who have earned greater than or equal to one (1) D or F grade in USF coursework for their major coursework or supporting coursework by the beginning of Fall 2009, will be allowed only two (2) more D and/or F grades in subsequent semesters before being required to choose other majors more appropriate to their goals and academic performances, and not including any majors conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

Grade Forgiveness will NOT apply to the mandated requirement of changing major.

GPA Requirements

Must maintain a 2.0 GPA in all major coursework.

Grading Requirement

A student must receive a C- grade or better in all Department of Integrative Biology and Department of Cell Biology, Microbiology, and Molecular Biology courses and supporting courses in the natural sciences and mathematics, except if they are used as general elective courses. This specification applies to both USF and transfer courses.

Residency Requirement

A minimum of 20 credit hours of courses must be taken in residency and be applicable to the major.

Once a student has matriculated to USF Tampa, he/she is expected to take 100 percent of the required major coursework at USF Tampa.
Research Opportunities

Undergraduate research is a great way to get hands-on experience in what you are studying and learning in your courses, and even to advance biological knowledge. Many students have authored articles based on their participation in on-going research in the Department. Undergraduate research also is a great way to boost your resume and to enhance your application to graduate school or health professional school. ENVIRONMENTAL MICROBIOLOGY FACULTY

• B.S. - ENVIRONMENTAL SCIENCE AND POLICY (ESP)
(CIP = 03.0104 - TRACK 1 OF 2)
TOTAL DEGREE HOURS: 120
http://hennarot.forest.usf.edu/main/depts/geosci/ug/esp/

The environmental industry is a growing arena for employment for degree holders at all levels. Students completing the Bachelor of Science (B.S.) in Environmental Science and Policy have found employment with government agencies (city, county, state, and federal), private industry, and non-profit organizations. Examples of careers include field scientist, research scientist, policy analyst, lobbyist, conservationist, and educator. Some also go on to attend graduate or law school.

This interdisciplinary major spans multiple programs within the School of Geosciences in the College of Arts and Sciences. All majors in the program must complete the required courses including two introductory courses in environmental science and policy, one semester of calculus, two semesters each of general biology and general chemistry, environmental ethics, global conservation, statistics and physical science (either geology or geography). In addition, majors take 6-7 courses that allow them to sub-specialize in environmental science or in environmental policy. Students choosing to sub-specialize in environmental science take a second semester of calculus, one semester of organic chemistry and lab, and four electives within designated tracks. Students choosing to sub-specialize in policy take environmental regulation and economic geography and four electives within designated categories. Finally, all majors must complete an upper division seminar and an internship or project.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.
Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

BSC X010 and BSC 2010L Biology I and Lab
BSC X011 and BSC 2011L Biology II and Lab
CHM X045 & CHM 2045L General Chemistry I & Lab
CHM X046 & CHM 2046L General Chemistry II & Lab
STA X023 Statistics
MAC X311 Calculus I

REQUIREMENTS FOR THE MAJOR IN ENVIRONMENTAL SCIENCE AND POLICY
TOTAL MAJOR HOURS: 61-69

Major requirements for the B.S. Degree:
Major Core (43-44 hours)

Core Courses (39-40 credit hours):
- EVR 2001 Introduction to Environmental Science
- EVR 2001L Environmental Science Lab
- EVR 2861 Introduction to Environmental Policy
- BSC 2010 Cellular Processes
- BSC 2010L Cellular Processes Laboratory
- BSC 2011 Biodiversity
- BSC 2011L Biodiversity Laboratory
- CHM 2045 General Chemistry I
- CHM 2045L General Chemistry I Laboratory
- CHM 2046 General Chemistry II
- CHM 2046L General Chemistry II Laboratory
- GEO 4372 Global Conservation
- PHI 3640 Environmental Ethics
- EVR 4910 ESP Project or EVR 4940 ESP Internship
- EVR 4921 Environmental Science and Policy Seminar
- MAC 2311 Calculus I or MAC 2241
- STA 2023 Introductory Statistics I

Geology or Geography (4 credit hours):
- GLY 2010 Dynamic Earth: Intro to Physical Geography and GLY 2000L Essentials of Geology Lab or
- GLY 2100 History of Life and GLY 2000L Essentials of Geology Lab or
- GEO 2200 Introduction to Physical Geography and GEO 2200L Introduction to Physical Geography Lab

Major Electives (18-25 hours)
The ESP Undergraduate Program has two tracks (Science and Policy). Students should choose one of these tracks and follow the course requirements:

Science Track (21-25 credit hours)
- MAC 2242 Life Sciences Calculus II or MAC 2282 or MAC 2312
- CHM 2210 Organic Chemistry I
- CHM 2210L Organic Chemistry I Laboratory
- Plus four (4) approved science-related electives.
  Options include:
  - BSC 3312 Marine Biology
  - ENV 4417 Water Quality and Treatment
  - EVR 4027 Wetland Environments
  - EVR 4104 Karst Environments
  - EVR 4114 Climate Change
  - EVR 4218 Research Methods in Wildlife Ecology
  - EVR 4807 Sustainable Healthy Environments
  - EVR 4930 Selected Topics
  - GIS 4035C Remote Sensing of the Environment
  - GIS 4043C Geographical Information Systems
  - GEO 3280 Environmental Hydrology
  - GEO 4210 Process Geomorphology
  - GEO 4265 Soil Genesis and Classification
  - GEO 4300 Biogeography
  - GEO 4340 Natural Hazards
  - GLY 3552C Sedimentary Rocks and Processes
GLY 3104C Stratigraphy and Paleontology
GLY 4554C Sedimentary Environments
GLY 4720C Aqueous and Environmental Geochemistry
GLY 4734 Beaches and Coastal Environments
GLY 4822C Hydrogeology
GLY 4930 Selected Topics in Geology
MET 4012C Meteorology
MET 4002C Climatology
MET 4106C Climate Studies
PCB 3043/PCB 3043L Principles of Ecology/Lab

**Policy Track (18 credit hours)**
- GEO 4502 Economic Geography
- EVR 4033 Environmental Regulation
- Plus four (4) approved policy-related electives.
  - Options include:
    - EVR 4027 Wetland Environments
    - EVR 4104 Karst Environments
    - EVR 4114 Climate Change
    - EVR 4218 Research Methods in Wildlife Ecology
    - EVR 4807 Sustainable Healthy Environments
    - EVR 4930 Selected Topics
    - GEO 3602 Urban Geography
    - GEO 4340 Natural Hazards
    - GEO 4421 Cultural Geography
    - GEO 4471 Political Geography
    - GEO 4604 Topics in Urban Geography
    - GEO 4700 Transportation Geography
    - GIS 4043C Geographical Information Systems
    - PAD 3003 Introduction to Public Administration
    - PAD 4144 Non-Profit Organizations and Public Policy
    - PAD 4930 Selected Topics in Public Administration and Public Policy
    - POS 3142 Introduction to Urban Politics and Government
    - POS 3182 Florida Politics and Government
    - REL 4188 Religion and Ecology Seminar
    - URP 4052 Urban and Regional Planning

**Grading Requirement**
Unless stated otherwise, a grade of C- is the minimum acceptable grade.

**Foundations of Knowledge and Learning (FKL) Exit Requirement**
- Suggested course:
  - EVR 4027 Wetland Environments (CPST)

**Research Opportunities**
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

**Advising Information**
Please see [http://hennarot.forest.usf.edu/main/depts/geosci/ug/advising/](http://hennarot.forest.usf.edu/main/depts/geosci/ug/advising/) and/or contact Mr. Rene Alvarez, the Environmental Science and Policy Academic Advisor. He may be contacted via email at: GeoAdvise@usf.edu; by phone at (813) 974-3250; and his office location is Science Center (SCA) 230.

All students majoring in Environmental Science and Policy are required to see the advisor (Mr. Rene Alvarez - see above for contact information) each semester prior to registration for the following term. Students who are eligible for an internship must see the internship coordinator (Dr. Connie Mizak; (813) 974-3101; mizak@usf.edu) six weeks prior to the beginning of the semester in which they will complete the internship.
ENVIRONMENTAL SCIENCE AND POLICY FACULTY
Chairperson: M. Rains; Associate Chairperson: J. Firat; Professors: A. Njoh, G. Tobin; Associate Professors: F. Akiwumi, K. Alsharif, M. Bosman, J. Collins, J. Firat, R. Pu, S. Reader, P. van Beynen; Senior Instructor: C. Mizak; Instructors: L. Walker, E. Walton.

• B.A. - GEOGRAPHY (GPY) (CIP = 45.0701)
  TOTAL DEGREE HOURS: 120
  http://hennarot.forest.usf.edu/main/depts/geosci/

  The undergraduate geography program offers courses in physical geography, human geography, and geographical analysis. Human geography courses focus on the social and spatial effects of the growth of cities, including issues such as the historical evolution of urban form and function, land-use changes and conflicts, economic restructuring, the growth and decline of inner cities, and urban racial and ethnic relations. Physical geography courses focus on major environmental systems including the hydrosphere, atmosphere, and biosphere. Geographical analysis courses provide skills in geographic information systems science and technology, remote sensing and spatial analysis. Particular emphasis is placed on the human modification of the natural environment and the global interconnections of the major earth systems.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

Two introductory courses in Geography with GEO prefix (6 credit hours) must be completed.

REQUIREMENTS FOR THE MAJOR IN GEOGRAPHY
TOTAL MAJOR HOURS: 44

Major requirements for the B.A. Degree:
Major Core (14 hours)

The Geography bachelor’s degree of 44 total hours comprises six core courses (14 credit hours) that includes a specified concentration (30 credit hours). To complete their elective requirements for Geography, students are encouraged to consider courses offered in Geology and Environmental Science and Policy.

GEO 2200 Introduction to Physical Geography
GEO 2200L Introduction to Physical Geography Lab
GEO 2400 Human Geography
GEO 3164C Research Methods in Geography
GEO 4933 Geography Colloquium
GIS 4043C Geographic Information Systems

Three concentrations are offered: Physical Geography, Human Geography, and General Geography, comprising 30 credit hours (10 courses) each. Students must identify a concentration in consultation with their academic advisor in the School of Geosciences and select appropriate courses as shown below.

GPA Requirements
Students must maintain a minimum 2.0 major GPA in order to graduate.

Grading Requirement
Students must earn a C- or better in all major coursework.

Foundations of Knowledge and Learning (FKL) Exit Requirement
Suggested course:
EVR 4027 Wetland Environments (CPST)

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Advising Information
Students are encouraged to seek assistance with the choice of electives through the department undergraduate advisor.

**GEOGRAPHY CONCENTRATIONS**

**GENERAL GEOGRAPHY (GGG)**

**REQUIREMENTS FOR THE CONCENTRATION IN GENERAL GEOGRAPHY**

**TOTAL CONCENTRATION HOURS: 30**

**Concentration Core (30 hours)**
Students must take a minimum of:
- Two courses from the Physical Geography category (6 credit hours)
  - EVR 4027 Wetland Environments
  - EVR 4104 Karst Environments
  - EVR 4218 Research Methods in Wildlife Ecology
  - GEO 3280 Environmental Hydrology
  - GEO 4210 Process Geomorphology
  - GEO 4244 Tropical Meteorology
  - GEO 4265 Soil Genesis and Classification
  - GEO 4300 Biogeography
  - GLY 4734 Beaches and Coastal Environments
  - MET 4002C Climatology
  - MET 4012C Meteorology
  - MET 4106C Climate Studies
- Two courses from the Human Geography category (6 credit hours)
  - GEO 3602 Urban Geography
  - GEO 4421 Cultural Geography
  - GEO 4471 Political Geography
  - GEO 4502 Economic Geography
  - GEO 4700 Transportation Geography
  - URP 4052 Urban and Regional Planning
- Two courses from the Human Environment Interaction category (6 credit hours)
  - EVR 4033 Environmental Regulation
  - EVR 4114 Climate Change
  - EVR 4807 Sustainable Healthy Environments
  - EVR 4873 Environmental Policy and Sustainability
  - GEO 4284 Water Resources Management
  - GEO 4340 Natural Hazards
  - GEO 4372 Global Conservation
  - GEO 4450 Medical Geography
- One course from the Geographical Technique Analysis category (3 credit hours)
  - GEO 4114C Geographic Techniques and Methodology
  - GIS 4035C Remote Sensing of the Environment
  - GIS 4300 Environmental Modeling with GIS
  - GIS 5075 Global Positioning Systems
- One course from the Regional Perspectives category (3 credit hours)
  - GEA 2000 World Regional Geography
  - GEA 3194 Regional Geography*
  - GEA 3405 Geography of Latin America
  - GEA 3500 Geography of Europe
  - GEA 3703 Geography of Asia
- Two additional courses selected from any Geography category (6 credit hours)
  - Student will take six credit hours of unduplicated coursework from any of the Geography categories.
A maximum of three credit hours can be taken as Directed Reading (GEO 4900) and/or Individual Research (GEO 4910) and count as one of these additional courses.

*Course may be taken one additional time.

Courses taken as Special Topics in Geography (GEO 4930), Selected Topics in (GLY 4930), and Selected Topics in Environmental Science and Policy (EVR 4930) may substitute for elective courses in particular categories as designated by the undergraduate director.

**PHYSICAL GEOGRAPHY (PGG)**

REQUIREMENTS FOR THE CONCENTRATION IN PHYSICAL GEOGRAPHY

TOTAL CONCENTRATION HOURS: 30

**Concentration Core (30 hours)**

Students must take a minimum of:

- Five courses from the Physical Geography category (15 credit hours)
  - EVR 4027 Wetland Environments
  - EVR 4104 Karst Environments
  - EVR 4218 Research Methods in Wildlife Ecology
  - GEO 3280 Environmental Hydrology
  - GEO 4210 Process Geomorphology
  - GEO 4244 Tropical Meteorology
  - GEO 4265 Soil Genesis and Classification
  - GEO 4300 Biogeography
  - GLY 4734 Beaches and Coastal Environments
  - MET 4002C Climatology
  - MET 4012C Meteorology
  - MET 4106C Climate Studies

- One course from the Human Environment Interaction category (3 credit hours)
  - EVR 4033 Environmental Regulation
  - EVR 4114 Climate Change
  - EVR 4807 Sustainable Healthy Environments
  - EVR 4873 Environmental Policy and Sustainability
  - GEO 4284 Water Resources Management
  - GEO 4340 Natural Hazards
  - GEO 4372 Global Conservation
  - GEO 4450 Medical Geography

- One course from the Geographical Technique and Analysis category (3 credit hours)
  - GEO 4114C Geographic Techniques and Methodology
  - GIS 4035C Remote Sensing of the Environment
  - GIS 4300 Environmental Modeling with GIS
  - GIS 5075 Global Positioning Systems

- One course from the Regional Perspectives category (3 credit hours)
  - GEA 2000 World Regional Geography
  - GEA 3194 Regional Geography*
  - GEA 3405 Geography of Latin America
  - GEA 3500 Geography of Europe
  - GEA 3703 Geography of Asia

- Two additional courses selected from any Geography category (6 credit hours)
  - Student will take six credit hours of unduplicated coursework from any of the Geography categories.

  - A maximum of three credit hours may be taken from the following and will count as one of the additional courses: Directed Reading (GEO 4900) and/or Individual Research (GEO 4910).

  - *Course may be taken one additional time.

Courses taken as Special Topics in Geography (GEO 4930), Selected Topics in Geology (GLY 4930), and Selected Topics in Environmental Science and Policy (EVR 4930) may substitute for elective courses in particular categories as designated by the undergraduate director.

**HUMAN GEOGRAPHY (USG)**

REQUIREMENTS FOR THE CONCENTRATION IN HUMAN GEOGRAPHY

TOTAL CONCENTRATION HOURS: 30

**Concentration Core (30 hours)**
Students must take a minimum of:

Four courses from the Human Geography category (12 credit hours)
- GEO 3602 Urban Geography
- GEO 4421 Cultural Geography
- GEO 4471 Political Geography
- GEO 4502 Economic Geography
- GEO 4700 Transportation Geography
- URP 4052 Urban and Regional Planning

Two courses from the Human Environment Interaction category (6 credit hours)
- EVR 4033 Environmental Regulation
- EVR 4114 Climate Change
- EVR 4807 Sustainable Healthy Environments
- EVR 4873 Environmental Policy and Sustainability
- GEO 4284 Water Resources Management
- GEO 4340 Natural Hazards
- GEO 4372 Global Conservation
- GEO 4450 Medical Geography

One course from the Geographical Technique and Analysis category (3 credit hours)
- GEO 4114C Geographical Techniques and Methodology
- GIS 4035C Remote Sensing of the Environment
- GIS 4300 Environmental Modeling with GIS
- GIS 5075 Global Positioning Systems

One course from the Regional Perspectives category (3 credit hours)
- GEA 2000 World Regional Geography
- GEA 3194 Regional Geography
- GEA 3405 Geography of Latin America
- GEA 3500 Geography of Europe
- GEA 3703 Geography of Asia

Two additional courses selected from any Geography category (6 credit hours)
Student will take six credit hours of unduplicated coursework from any of the Geography categories.

A maximum of three credit hours can be taken as Directed Reading (GEO 4900) and/or Individual Research (GEO 4910) and count as one of these additional courses.

*Course may be taken one additional time.

Courses taken as Special Topics in Geography (GEO 4930) and Selected Topics in Environmental Science and Policy (EVR 4930) may substitute for elective courses in particular categories as designated by the undergraduate director.

GEOGRAPHY FACULTY

Chairperson: M. Rains; Associate Chairperson: J. Firat; Professors: A. Njoh, G. Tobin; Associate Professors: F. Akiwumi, K. Alsharif, M. Bosman, J. Collins, J. Firat, R. Pu, S. Reader, P. van Beynen; Senior Instructor: C. Mizak; Instructors: L. Walker, E. Walton.

• B.S. - GEOLOGY (GLS) (CIP = 40.0601 - TRACK 1 OF 2)

TOTAL DEGREE HOURS: 120

http://hennarot.forest.usf.edu/main/depts/geosci/

The Bachelor of Science degree program provides the student with a hands-on foundation in the fundamentals of the geosciences. As a result of faculty interests and geographic locations, several geologic sub-disciplines are emphasized, including applied geophysics, coastal geology, geochemistry, geomorphology, geoscience education, hydrogeology, paleobiology, petrology, and volcanology. However, the wide variety of courses and electives offered by the Geology, Environmental Sciences, and Geography programs within the School of Geosciences provides students with programs of study that can be tailored to fit individual needs while maintaining a sound background in all general aspects of geology.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.
If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- CHM X045/X045L General Chemistry I (with lab) or CHM X045C or CHM X040/X041
- CHM X046/X046L General Chemistry II (with lab) or CHM X046C
- GLY X010C Introduction to Physical Geology or GLY X010/X010L
- MAC X311 Calculus I or MTH X281
- PHY X048C* General Physics and Laboratory I or PHY X048/X048L or PHY X053C
- PHY X049C* General Physics and Laboratory II or PHY X049/X049L or PHY X054C
- XXX XXXX Historical Geology STRONGLY recommended

*The choice of physics sequence depends on the area of geology specialization.

Required Supporting Courses for the Major: 25-27 Hours

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

- CHM 2045 General Chemistry I and CHM 2046 General Chemistry I Laboratory
- CHM 2046 General Chemistry II and CHM 2046L General Chemistry II Laboratory
- STA 2023 Introductory Statistics I or STA 2122 Social Science Statistics
- MAC 2281 or MAC 2311 or MAC 2241 Calculus I
- GLY 3866 Computational Geology or MAC 2282 or MAC 2312
- PHY 2048/2048L General Physics I - Calculus Based with Lab and PHY 2049/2049L General Physics II - Calculus Based with Lab (recommended) or PHY 2053/2053L General Physics I and PHY 2054/2054L General Physics II

Requirements for the Major in Geology

Total Major Hours: 43

Major requirements for the B.S. Degree:

Major Core (29 hours)

The Geology B.S. degree requires 43 total credit hours of degree applicable Geology coursework comprising one introductory course (4 credit hours), six core courses (19 credit hours), the summer field capstone sequence (6 credit hours), and four upper-level electives (14 credit hours). To complete their elective requirements for Geology, students are encouraged to consider courses offered in Geography and Environmental Science and Policy.

Introductory Sequence* (4 credit hours):

One course, chosen from:
- ESC 2000 Introduction to Earth Science
- GLY 2010 Dynamic Earth: Introduction to Physical Geology
- GLY 2030 Hazards of the Earth’s Surface: Environmental Geology
- OCE 2001 Introduction to Oceanography
- Or other comparable acceptable course offerings, as approved by the undergraduate advisor

*Transfer students who have taken GLY 2010C or the equivalent will be deemed to have met the introductory sequence requirements. However, ALL students are strongly encouraged to take GLY 2000L, as this course will greatly facilitate success in the upper-level offerings.

Core Courses (19 hours):

- GEO 3280 Environmental Hydrology*
- GLY 3104C Stratigraphy and Paleontology
- GLY 3311C Mineralogy, Petrology, Geochemistry
- GLY 3402C Structural Geology and Tectonics
- GLY 3552C Sedimentary Record and Processes

*In the event that GEO 3280 is not offered in a calendar year, the Undergraduate Advisor may approve GLY 4822C Hydrogeology to count in its place.

Capstone Sequence (6 credit hours):

The Geology major’s culminating experience capstone is six (6) credit hours of summer field camp broken into
three courses of GLY 4948 and GLY 4949, each taught in two-week increments.
GLY 4948 Practical and Applied Geology: Field Experience (multiple sections and topics offered)
GLY 4949 Practical and Applied Geology: Field Mapping (multiple sections and topics offered)
• Field Mapping Requirement: Within the major capstone sequence, at least two (2) hours must be drawn from courses identified by the School of Geosciences as including a substantial field mapping content. Courses that meet this requirement include: Field Geologic Mapping and Field Volcanology. Other field courses may be approved for the filed mapping requirement by the Undergraduate Advisor.
• Note: The above Geology major capstone courses do not meet the University's FKL Capstone Experience requirement.

Major Electives (14 hours)
Students will take 14 credit hours from the following list of courses:
EVR 4027 Wetland Environments
EVR 4033 Environmental Regulation
EVR 4104 Karst Environments
GEO 4210 Process Geomorphology
GEO 4265 Soil Genesis and Classification
GEO 4284 Water Resources Management
GEO 4340 Natural Hazards
GIS 4043C Geographic Information Systems
GLY 4310 Petrology
GLY 4324C Physical Volcanology*
GLY 4480 Seismology*
GLY 4554C Sedimentary Environments
GLY 4720C Aqueous and Environmental Geochemistry
GLY 4822C Hydrogeology*
GLY 4780 Geological Field Studies
Other 3000- or 4000-level GLY courses, as approved by the undergraduate advisor
Quantitative Requirement: Of these upper-level electives, at least three (3) hours must be drawn from courses identified by the department as including high-quantitative content. Courses that meet this requirement are highlighted with *. Other comparable quantitative offerings in Geology may be approved by the undergraduate advisor.

Optional Geophysics Emphasis
Requirements for the Geology B.S. Major with the optional Geophysics emphasis:
The Geophysics Track in Geology indicates advanced mathematics training and requires the following courses:
MAC 2282 Engineering Calculus II (recommended) or MAC 2312 Calculus II (instead of GLY 3866)
MAC 2313 Calculus III
These courses may count towards no more than four (4) credit hours of the 14 elective credit hours required for the B.S. in Geology.

Foundations of Knowledge and Learning (FKL) Requirement
Geology B.S. students are encouraged to fulfill the University's Foundations of Knowledge and Learning (FKL) General Education requirements with courses in the School of Geoscience relevant to their interests, whenever possible.
FKL General Education courses recommended for the Geology B.S. degree:
Natural Sciences Life Science (CANL): GLY 2100 History of Life
Human and Cultural Diversity in a Global Context (CAGC): GEA 2000 World Regional Geography or GEO 2400 Human Geography

Foundations of Knowledge and Learning (FKL) Exit Requirement
Geology B.S. students are encouraged to fulfill the University's Capstone Learning Experience requirements with courses in the School of Geoscience relevant to their interests, whenever possible.
FKL Exit courses recommended for the Geology B.S. degree:
WRIN - Writing Intensive and State Communication Requirement (formerly known as Gordon Rule Writing): GLY 4921 Scientific Communication
CPST - Capstone: EVR 4114 Climate Change or EVR 4027 Wetland Environments

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the
official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

OPTIONAL HONORS PROGRAM
The purpose of the Honors Program is to provide a select group of undergraduate Geology majors an opportunity to undertake an intensive, individualized research experience. The culmination of the program is the completion and presentation of an honors thesis. To apply, interested students should contact the Geology undergraduate advisor during the second semester of the student’s junior year. Admission to the program requires a GPA of 3.50 in the major and an overall GPA of 3.2.

GEOLOGY FACULTY

• B.A. - GEOLOGY (GLY) (CIP = 40.0601 - TRACK 1 OF 2)
TOTAL DEGREE HOURS: 120
http://hennarot.forest.usf.edu/main/depts/geosci/

The Bachelor of Arts program is designed primarily for the liberal arts student who has an interest in careers in Geoscience education or environmental policy and law. A student who elects the B.A. program and decides to pursue the geology profession or attend graduate school will need at least field geology in his/her program.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

CHM X045/X045L General Chemistry I (with lab) or CHM X045C or CHM X040/X041
CHM X046/X046L General Chemistry II (with lab) or CHM X046C
GLY X010C Introduction to Physical Geology or GLY X010/X010L
MAC X311 Calculus I or MTH X281
PHY X048C* General Physics and Laboratory I or PHY X048/X048L or PHY X053C
PHY X049C* General Physics and Laboratory II or PHY X049/X049L or PHY X054C
XXX XXXX Historical Geology STRONGLY recommended

*The choice of physics sequence depends on the area of geology specialization.

Required Supporting Courses for the Major: 22-23 Hours
The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

CHM 2045 General Chemistry I and CHM 2045L General Chemistry I Laboratory
CHM 2046 General Chemistry II and CHM 2046L General Chemistry II Laboratory
MAC 2311 Calculus I or MAC 2241 Life Science Calculus I
STA 2023 Introductory Statistics I
PHY 2048/2048L General Physics I - Calculus Based with Lab and PHY 2049/2049L General Physics II - Calculus Based with Lab (recommended) or PHY 2053/2053L General Physics I with Lab and PHY 2054/2054L General Physics II with Lab
REQUIREMENTS FOR THE MAJOR IN GEOLOGY
TOTAL MAJOR HOURS: 34

Major requirements for the B.A. Degree:

Major Core (19 hours)
The B.A. in Geology degree requires 34 total credit hours of degree-applicable Geology coursework, comprising one introductory course (4 credit hours), four core courses (15 credit hours), and four upper-level electives (15 credit hours).

*Transfer students who have taken GLY 2010C or the equivalent will be deemed to have met the introductory sequence requirements. However, ALL students are strongly encouraged to take GLY 2000L, as this course will greatly facilitate success in the upper-level offerings.

Introductory Sequence* (4 credit hours):
One course, chosen from:
- ESC 2000 Introduction to Earth Science
- GLY 2010 Dynamic Earth: Introduction to Physical Geology
- GLY 2030 Hazards of the Earth’s Surface: Environmental Geology
- OCE 2001 Introduction to Oceanography
- Or other comparable acceptable course offerings, as approved by the undergraduate advisor

GLY 2000L Essentials of Geology Laboratory

Core Courses (15 credit hours):
- GEO 3280 Environmental Hydrology
- GLY 3311C Mineralogy, Petrology, Geochemistry
- GLY 3402C Structural Geology and Tectonics
- GLY 3552C Sedimentary Rocks and Processes

In the event that GEO 3280 is not offered in a calendar year, the undergraduate advisor may approve GLY 4822C Hydrogeology to count in its place.

Major Electives (15 hours)
Students choose 15 hours of upper-level electives from the following list of courses:
- EVR 4027 Wetland Environments
- EVR 4033 Environmental Regulation
- EVR 4104 Karst Environments
- GEO 4210 Process Geomorphology
- GEO 4265 Soil Genesis and Classification
- GEO 4284 Water Resources Management
- GEO 4340 Natural Hazards
- GIS 4043C Geographic Information Systems
- GLY 3866 Computational Geology
- GLY 4310 Petrology
- GLY 4324C Physical Volcanology*
- GLY 4480 Seismology*
- GLY 4554C Sedimentary Environments
- GLY 4720C Aqueous and Environmental Geochemistry*
- GLY 4780 Geological Field Studies
- GLY 4822C Hydrogeology*
- GLY 4921 Scientific Communication
- GLY 4948 Practical and Applied Geology: Field Experience
- Other 3000- or 4000-level GLY course, as approved by the undergraduate advisor

Quantitative Requirement: Of these upper-level electives, at least three (3) hours must be drawn from courses identified by the department as including high-quantitative content. Courses that meet this requirement are highlighted with a *. Other comparable quantitative offerings in geology may be approved by the undergraduate advisor.

Foundations of Knowledge and Learning (FKL) Requirement
Geology B.A. students are encouraged to fulfill the University's Foundations of Knowledge and Learning (FKL) General Education requirements with courses in the School of Geoscience relevant to their interests, whenever possible.

FKL General Education courses recommended for the Geology B.A. degree:
- Natural Sciences Life Science (CANL): GLY 2100 History of Life
- Human and Cultural Diversity in a Global Context (CAGC): GEA 2000 World Regional Geography or GEO 2400 Human Geography
Foundations of Knowledge and Learning (FKL) Exit Requirement

Geology B.A. students are encouraged to fulfill the University's Capstone Learning Experience requirements with courses in the School of Geoscience relevant to their interests, whenever possible.

FKL Exit courses recommended for the Geology B.A. degree:
- WRIN - Writing Intensive and State Communication Requirement (formerly known as Gordon Rule Writing): GLY 4921 Scientific Communication
- CPST - Capstone: EVR 4114 Climate Change or EVR 4027 Wetland Environments

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDE 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

GEOLOGY FACULTY

• B.S. - HEALTH SCIENCES (HLS) (CIP = 51.0000)

TOTAL DEGREE HOURS: 120
http://spa.usf.edu/undergraduate/health/

This degree program is designed for those interested in health science, the health care industry and the allied health professions. The degree has a flexible curriculum so students can choose an area of specialization to suit their career interests. Career choices after graduation include working in health related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities and businesses. Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, Communication Disorders and Social Work to name a few. (This degree has greater flexibility and students may have more exposure to social science, business and humanities courses than the more natural science and mathematics intensive degrees sometimes required for the professional schools in medicine, dentistry, pharmacy or veterinary medicine; for these see the health professions section in this catalog).

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

- BSC XXXXC or BSC X007/X007L or BSC X005/X005L or BSC X010/X010L
- MAC X105
- PSY X012
- STA XXXX or STA X023 or STA X014
- DEP X053 or DEP X004 or DEP X000 or CLP X140
- APK X0105C or BSC X085/X085L or (BSC X093 and BSC X094)
- ENC X210 or ENC X254
REQUIREMENTS FOR THE MAJOR IN HEALTH SCIENCES
TOTAL MAJOR HOURS: 64

Major requirements for the B.S. Degree:

Major Core (34 hours)
- BSC 1020 The Biology of Humans or BSC 1005 Biological Principles for Non-Majors or BSC 2010 and BSC 2010L Biology I: Cellular Processes and Laboratory
- BSC 2085 and BSC 2085L Anatomy and Physiology I for Health Professionals and Lab or BSC 2093C Human Anatomy and Physiology I and BSC 2094C Human Anatomy and Physiology II
- CLT 3040 Scientific and Medical Terminology
- DEP 2004 The Life Cycle
- ENC 2210 Technical Writing
- HSC 2000 Introduction to Health Professions
- MAC 1105 College Algebra
- PHI 3633 Biomedical Ethics or PHI 3636 Professional Ethics
- PSY 2012 Introduction to Psychological Science
- STA 2023 Introductory Statistics I

Choose one of the following courses:
- ACG 2021 Principles of Financial Accounting
- ANT 2511 Biological Anthropology
- COM 2000 Introduction to Communication
- GEY 2000 Introduction to Aging Sciences
- SYG 2000 Introduction to Sociology

Residency Requirement
A minimum of 20 credit hours of courses must be taken in residency at USF Tampa and be applicable to the major.

Research Opportunities
A maximum of 4 credits of Undergraduate Research (IDS 4910) may be applied to the major with a maximum of 1 credit taken per semester.

Internship Opportunities
The Health Sciences program has competitive internships available for students in various health fields such as health informatics, administration, marketing, sales, health care centers and government to name a few. Students must take Career Development for Health Professionals (IDS 4937) or participate in the Health Sciences Career Development Workshop Series prior to applying for the internships. Placement applications and information are available upon completion of the course or workshops. Students can find more information about the course and workshops on the Health Science Majors Canvas site. Internships are restricted to health sciences majors only and a permit is required for registration. Please email hhsadvise@usf.edu for a permit. Internship course credit (3-6 hours) may be applied to any concentration in the major.

Other Information
Additional Concentration Options/Combinations:
- Aging Health Studies
- Aging Health Studies and Health Information Technology
- Aging Health Studies and Health Management
- Biological Health Sciences
- Biological Health Sciences and Aging Health Studies
- Biological Health Sciences and Health Information Technology
- Concentration in Biological Health Sciences and Health Management
- Biological Health Sciences and Social and Behavioral Health Sciences

Advising Information
hhsadvise@usf.edu
HEALTH SCIENCES CONCENTRATIONS

REQUIREMENTS FOR THE CONCENTRATION IN AGING HEALTH STUDIES (HAH)
TOTAL CONCENTRATION HOURS: 30

Concentration Core (30 hours)
Students must choose 30 credit hours total, depending on the student's career goals these can be 30 credits from one concentration or a combination of two different concentrations with 15 credits from each.

- BSC 3022 Biology of Aging
- GEY 3601 Physical Changes and Aging
- GEY 4322 Care Management for Older Adults
- GEY 4360 Counseling for Older Adults
- GEY 4507 Understanding Policies and Practices of Long Term Care
- GEY 4608 Alzheimer's Disease Management
- GEY 4628 Health, Ethnicity, and Aging
- GEY 4641 Death and Dying
- GEY 4935 Special Topics in Gerontology*
- HSC 4211 Health, Behavior & Society
- HSC 4630 Understanding U.S. Healthcare
- LIS 4930 Selected Topics in Information Studies*
- MHS 4931 Selected Topics*
- PAD 4930 Special Topics in Public Administration and Public Policy*
- PHC 4931 Health Care Ethics
- SOW 3210 The American Social Welfare System
- SPA 3002 Introduction to Communication Sciences and Disorders
- SPA 4257 Adult Communication Disorders
*see health sciences advisor for approval

REQUIREMENTS FOR THE CONCENTRATION IN AGING HEALTH STUDIES AND HEALTH MANAGEMENT (HAM)
TOTAL CONCENTRATION HOURS: 30

Concentration Core (30 hours)
Aging Health Studies courses (students must take 15 hours from this list):
- BSC 3022 Biology of Aging
- GEY 3601 Physical Changes and Aging
- GEY 4322 Care Management for Older Adults
- GEY 4360 Counseling for Older Adults
- GEY 4507 Understanding Policies and Practices in Long Term Care
- GEY 4608 Alzheimer's Disease Management
- GEY 4628 Health, Ethnicity, and Aging
- GEY 4641 Death and Dying
- GEY 4935 Special Topics in Gerontology*
- HSC 4211 Health, Behavior & Society
- HSC 4630 Understanding U.S. Healthcare
- LIS 4930 Selected Topics in Information Studies*
- MHS 4931 Selected Topics*
- PAD 4930 Selected Topics in Public Administration and Public Policy*
- PHC 4931 Health Care Ethics
- SOW 3210 The American Social Welfare System
- SPA 3002 Introduction to Communication Sciences and Disorders
- SPA 4257 Adult Communication Disorders
*see health sciences advisor for approval

Health Management courses (students must take 15 hours from this list):
- ACG 2071 Principles of Managerial Accounting
- GEY 4635 Business Management in an Aging Society
- HSC 4211 Health, Behavior & Society
- HSC 4624 Foundations of Global Health
- HSC 4630 Understanding U.S. Health Care
- HSC 4631 Critical Issues in Public Health
- HSC 4933 Special Topics in Public Health*
- LIS 4930 Selected Topics in Information Studies*
MAN 3025 Principles of Management
MMC 4936 Selected Topics in Health Communications and Media*
PAD 3003 Introduction to Public Administration
PAD 4204 Public Financial Administration
PAD 4415 Personnel and Supervision in Today’s Diverse Organizations
PAD 4712 Managing Information Resources in the Public Sector
PAD 4930 Selected Topics in Public Administration and Public Policy*
PHC 4101 Overview of Public Health Programs and Policies
PHC 4931 Health Care Ethics
PHI 3636 Professional Ethics (course can be applied to tier one or concentration not both)
PUP 4002 Public Policy
SYO 4400 Medical Sociology

Two SPC, MMC and/or COM courses may apply to this concentration:

SPC 3710 Communication and Cultural Diversity
SPC 4930 Selected Topics

Patient Provider Communication
Intercultural Health Communication

*see health sciences advisor for approval

**REQUIREMENTS FOR THE CONCENTRATION IN SOCIAL AND BEHAVIORAL HEALTH SCIENCES AND AGING HEALTH STUDIES (HAS)**

**TOTAL CONCENTRATION HOURS: 30**

**Concentration Core (30 hours)**

Social and Behavioral Health Sciences courses (students must take 15 hours from this list):

CLP 4143 Abnormal Psychology
COM 4020 Communicating Illness, Grief and Loss
COM 4021 Family Communication and the End of Life
COM 4022 Health Communication
COM 4225 Global and Cultural Issues in Health Communication
COM 4702 Communication, Language, and Mental Illness
HSC 4172 Women's Health: A Public Health Perspective
HSC 4211 Health, Behavior and Society
HSC 4579 Foundations of Maternal and Child Health

The discipline of history embraces a diverse world of ideas, peoples, and events. Our faculty seeks to inform and to question, to provoke and to challenge our students to a higher level of understanding of the past. History at the University of South Florida offers the student an opportunity to explore civilizations from around the globe and from the ancient through contemporary eras. We encourage our students to move beyond traditional memorization of material to a critical level of thinking, analysis, and synthesis. Accomplished history majors are attractive to all kinds of employers in any number of fields, as well as to graduate and professional schools. USF history alumni can be found in such diverse professions as law, medicine, business, government, foreign service, politics, and education.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

6 credit hours of AFH, AMH, EUH, WOH, LAH, ASH, HIS prefix courses

REQUIREMENTS FOR THE MAJOR IN HISTORY

TOTAL MAJOR HOURS: 33

Major requirements for the B.A. Degree:

Major Core (33 hours)

A minimum of 33 semester hours of History Department courses are required to earn a B.A. degree in History.

Lower-Level Course Requirements for the Major (9 credit hours):

Students must complete a minimum total of 9 hours of 2000-level courses, or their equivalent, to meet the lower level requirements of the major. Completing the lower-level requirement of the major also satisfies the common prerequisite requirements.

AMH 2010 American History I
AMH 2020 American History II
ASH 2270 Southeast Asian History
EUH 2011 Ancient History I
EUH 2012 Ancient History II
EUH 2021 Byzantine Empire
EUH 2022 The Medieval West
EUH 2030 Modern European History I
EUH 2031 Modern European History II
HIS 2931 Special Topics
LAH 2020 Latin American Civilization

Upper-Level Course Requirements for the Major (15 credit hours)

In addition to the three required lower-level courses above, students must complete a minimum of --15 hours of 3000-4000 numbered courses to fulfill the upper-level major requirement.

AFH 3100 African History to 1850
AFH 3200 African History since 1850
AMH 3098 Race in America
AMH 3110 American Colonial History to 1750
AMH 3130 The American Revolutionary Era
AMH 3140 The Age of Jefferson
AMH 3160 The Age of Jackson

**Additional Required Courses for the History Major – Permits required (9 credit hours):**

Three additional courses are required for graduation with a B.A. degree in History: Theory and Methods of History (HIS 4104) and two separate sections of Pro-Seminar in History (HIS 4936).
Students should plan to take Theory and Methods of History (HIS 4104) as early in the major as possible—preferably as they begin to take courses at the 3000-level, and no later than in the junior year. Majors are expected to complete this course before enrolling in either of their Pro-Seminars.

It is recommended that majors take the two Pro-Seminar (HIS 4936) courses in the fall and spring of their senior year. A GPA of 2.00 in the History major is required before a student can be permitted into these courses. Additionally, the two Pro-Seminar courses may not be taken during the same semester.

**Major Electives**
For elective hours outside of the major, it is recommended that History majors take:
- ENC 3310 Expository Writing
- SPC 2608 Public Speaking
- LIS 2005 Library and Internet Research Skills

Additional hours can be profitably drawn from the following disciplines: Africana Studies, Anthropology, Classics, Economics, Geography, Government and International Affairs, Philosophy, Religious Studies, Sociology, Women’s Studies, Literature, Humanities and Cultural Studies, and Art History.

**GPA Requirements**
A Major GPA of at least 2.00 is necessary for graduation.

**Grading Requirement**
A minimum grade of C- or better must be attained in each course counted toward the 33-hour requirement.

**Residency Requirement**
The B.A. degree in History from USF requires that 50 percent of the major coursework be completed at the USF campus. This rule will be strictly enforced.

**Research Opportunities**
History majors will complete research papers in the HIS 4936 Seminar courses. Students are also encouraged to work with the Office for Undergraduate Research to participate in their annual Undergraduate Research Symposium. Also, students are encouraged to attend or present research papers at conferences, such as the annual Phi Alpha Theta regional conference.

**Internship Opportunities**
The USF history department encourages students to take part in internships, and offers several for-credit opportunities within the major. Currently, the history department has a variety of internship partners available, including museums and historical societies. Potential internship activities can include working with collections, processing archival materials, research, leading guided tours, and building exhibits. Students will work closely with the undergraduate advisor and faculty coordinator to determine the level of involvement based on each student’s needs.

**Other Information**
Students are encouraged to join the History Honor Society - Phi Alpha Theta. Membership applications are available at the History Department office, SOC 260.

**Advising Information**
Undergraduate Advisor, History Department; Location: Social Science Building (SOC) 265.
HistoryAdvise@usf.edu

**HISTORY FACULTY**

**• B.A. - HUMANITIES AND CULTURAL STUDIES (HCS) (CIP = 24.0103)**
TOTAL DEGREE HOURS: 120

http://humanities.usf.edu/undergraduate/ba/

The Humanities program offers an interdisciplinary curriculum that investigates the visual arts, music, and literature, and the cultures from which they emerge.
Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for this program.

REQUIREMENTS FOR THE MAJOR IN HUMANITIES AND CULTURAL STUDIES

TOTAL MAJOR HOURS: 36

Major requirements for the B.A. Degree:

Major Core (9 hours)
Students must complete the following required courses for the major (9 credit hours):
HUM 3804 Introduction to Cultural Studies
HUM 4331 Humanities Pro-Seminar
HUM 4931 Seminar in Humanities

Students choose one 27 credit-hour concentration from the following list of concentrations:
- American Studies
- Film and New Media Studies
- Humanities

GPA Requirements
Minimum 2.0 GPA.

Course Grade Requirement
Students must pass HUM 3804 with a B- in order to enroll in HUM 4331. Students must pass HUM 4331 with at least a C- to register for HUM 4931.

Research Opportunities
The Humanities major offers six credit hours of undergraduate research through the senior-year sequence (HUM 4331 and HUM 4931).

Internship Opportunities
The Department of Humanities & Cultural Studies (HCS) offers an internship for Tampa-based, degree-seeking students declared as HUM or AMS majors and who have earned at least 12 credit hours of approved courses in the major prior to starting the internship. This internship consists of supervised work-and-learning experience in humanities and cultural issues under the direction of a University faculty member/administrator and an employee of a participating sponsor organization. The internship counts as a major elective. Specifically, it counts as a "concentration" course for HUM majors, an upper-level elective for AMS majors, and an "Interdisciplinary cultural studies" course for HUM majors who are pursuing a track in film & new media studies.

Students participating in the internship must enroll in the HUM 4940 Internship in Humanities & Cultural Studies class (and, in some instances, AMS 4940 to make sure the credits equal 3). This class earns up to 3 semester hours of academic credit. Students report to the HCS Internship Coordinator weekly through formal status reports via webform. A final professional portfolio and final reflection paper are significant parts of this experience.

For more information please visit the Department's internship page: http://humanities.usf.edu/internships/.

HUMANITIES AND CULTURAL STUDIES CONCENTRATIONS

AMERICAN STUDIES (AMSC)

The American Studies concentration is an interdisciplinary concentration dealing with the study of the United States.

REQUIREMENTS FOR THE CONCENTRATION IN AMERICAN STUDIES

TOTAL CONCENTRATION HOURS: 27

Concentration Core (9 hours)
Required courses for the concentration:
AMS 2030 Introduction to American Studies
AMS 2270 Twentieth-Century American Culture

Students select one course from the following list:
Concentration Electives (18 hours)
Students take an additional 18 credit hours of upper-level coursework from Humanities and Cultural Studies courses.

FILM AND NEW MEDIA STUDIES (FMSC)
The Film and New Media Studies concentration is designed to teach students how to think actively, critically, and creatively, about the art of the moving image. To this end, it surveys significant examples of moving-image culture, including films from Hollywood and other global industries; experiments in documentary, avant-garde, and art cinema; and works from television, digital video, and the Internet.

REQUIREMENTS FOR THE CONCENTRATION IN FILM AND NEW MEDIA STUDIES
TOTAL CONCENTRATION HOURS: 27

Concentration Core (12 hours)
Required courses for the concentration:
FIL 1002 Introduction to Film Studies
FIL 3052 Foundations of Film & New Media
FIL 3077 Contemporary Film & New Media
Students select one course from the following list:
AMS 2270 Twentieth-Century American Culture
HUM 2250 Studies in Culture: The Twentieth Century

Concentration Electives (15 hours)
Students take an additional 15 credit hours of upper-level coursework from Humanities and Cultural Studies with an AMS, FIL, or HUM prefix.

Accelerated B.A. in Humanities and Cultural Studies with a concentration in Film and New Media Studies and M.A. in Liberal Arts with a concentration in Film Studies
This program intends for students to complete a B.A. in Humanities and Cultural Studies with a concentration in Film and New Media Studies and M.A. Liberal Arts with a concentration in Film Studies over the span of five years. Completion of this program allows students to complete 12 credit hours toward the M.A. in during their junior or senior year in the Humanities and Cultural Studies major. Students who decide not to pursue the M.A. but who complete the B.A. requirements will receive the B.A. degree.

HUMANITIES (HUMC)
The Humanities concentration is the study of humanity itself and uses specifically the seven arts to investigate and analyze the fundamental human activities. The seven arts which include painting, sculpture, architecture, music, dance, literature, theatre, and cinema are the branches of learning responsible for human sentiments, aspirations and opinions.

REQUIREMENTS FOR THE CONCENTRATION IN HUMANITIES
TOTAL CONCENTRATION HOURS: 27

Concentration Core (9 hours)
Students select two courses from the following list:
AMS 2270 Twentieth-Century American Culture
HUM 2210 Studies in Culture: The Classical Through Medieval Periods
HUM 2230 European Humanities: Renaissance - 20th Century
HUM 2250 Studies in Culture: The Twentieth Century
HUM 2273 Eastern and Western Culture Since 1400
Students select one course from the following list:
FIL 1002 Introduction to Film Studies
HUM 2522 Introduction to the Cultural Study of Popular Music

Concentration Electives (18 hours)
Students take an additional 18 credit hours of upper-level coursework from Humanities and Cultural Studies courses.
HUMANITIES AND CULTURAL STUDIES FACULTY

Chairperson: W. Cummings; Professor: R.E. Snyder, W. Cummings; Associate Professors: D. Belgrad, A. Berish, M. Cizmic, A. Cozzi, J. D’Emilio, R. May, B. Sadler; Assistant Professors: S. Ferguson, A. Rust; Professors Emeriti: C.B. Cooper, S.L. Gaggi, G.S. Kashdin, D. Rutenberg; Instructors: S. Dykins Callahan, B. Cook, B. Goldberg, C. Rinck.

• B.S. - INFORMATION STUDIES (IFS) (CIP = 11.0103 - TRACK 2 OF 4)
  TOTAL DEGREE HOURS: 120

http://si.usf.edu/undergraduate/bs/

The Bachelor of Science in Information Studies program is meant to prepare students for leadership careers in a wide array of environments and contexts related to the emerging knowledge economy. Concentrations are available in four high-demand job areas: Information Security, Health Informatics, Data Science and Analytics, and Information Science and Technology. The program integrates critical skills in information technology with the solid theoretical and disciplinary foundations of Information Science. Emphasis is given to understanding how people interact with information and technology; the complexities of the information society; information creation, storage, and organization applications and theories; information architecture; and related knowledge and skills needed to design, implement, and evaluate new tools and approaches to solve emerging information problems.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

PSY XXXX Any Psychology course
STA X023 Introductory Statistics I or STA X122
ECO X013 Principles of Economics (Macroeconomics)
CGS XXXX Any Database Course
COP XXXX Any Computer Programming course
COP XXXX Any Object-Oriented Computer Programming course
MAC XXXX Any Pre-Calculus or Discrete Math course
PHI XXXX Any general ethics course

REQUIREMENTS FOR THE MAJOR IN INFORMATION STUDIES

TOTAL MAJOR HOURS: 39

Major requirements for the B.S. Degree:

Major Core (18 hours)
Students admitted to the program prior to the Fall 2011 semester follow previous catalog guidelines.
LIS 3261 Introduction to Information Science
LIS 3353 IT Concepts for Information Professionals
LIS 4204 Information Behaviors
LIS 4414 Information Policy and Ethics

Exit Courses (6 credits):
ENC 3249 Communication for IT Professionals (WRIN)
IDS 4934 Senior Capstone (CPST)

Major Electives (21 hours)
Students must choose one of the following 21 credit hour concentrations:
• Data Science and Analytics
• Health Informatics
• Information Science and Technology
• Information Security
Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

INFORMATION STUDIES CONCENTRATIONS

DATA SCIENCE AND ANALYTICS (IDSC)

REQUIREMENTS FOR THE CONCENTRATION IN DATA SCIENCE AND ANALYTICS

TOTAL CONCENTRATION HOURS: 21

Concentration Core (18 hours)

Area of emphasis in deep knowledge discovery through data exploration, analysis, and inference.
- LIS 4273 Advanced Statistics and Analytics
- LIS 4317 Introduction to Visual Analytics
- LIS 4370 R Programming for Data Science
- LIS 4761 Introduction to Data & Text Mining
- LIS 4800 Introduction to Data Science
- LIS 4805 Predictive Analytics

Concentration Electives (3 hours)

Students choose three (3) credit hours of electives from the following list:
- LIS 2005 Library and Internet Research Skills (CASB)
- LIS 3352 Interaction Design
- LIS 3361 World Wide Web Page Design and Management
- LIS 3783 Information Architecture
- LIS 4029 Professional & Technical Communication for Analysts
- LIS 4365 Web Design Technologies
- LIS 4482 Networks and Communication
- LIS 4477 Clinical Decision Support
- LIS 4776 Health Information Technology
- LIS 4779 Health Information Security
- LIS 4779 Management of Health Information Systems
- LIS 4785 Introduction to Health Informatics
- LIS 4930 Selected Topics in Information Studies (topic must be approved by the advisor or program director)

HEALTH INFORMATICS (IHIC)

REQUIREMENTS FOR THE CONCENTRATION IN HEALTH INFORMATICS

TOTAL CONCENTRATION HOURS: 21

Concentration Core (18 hours)

Areas of emphasis: design, development, adoption, and application of IT-based innovations in healthcare services delivery, management, and planning.
- LIS 4477 Clinical Decision Support
- LIS 4482 Networks and Communication
- LIS 4776 Health Information Technology
- LIS 4779 Health Information Security
- LIS 4779 Management of Health Information Systems
- LIS 4785 Introduction to Health Informatics

Concentration Electives (3 hours)

Students choose three (3) credit hours of electives from the following list:
- LIS 2005 Library and Internet Research Skills (CASB)
- LIS 3352 Interaction Design
- LIS 3361 World Wide Web Page Design and Management
- LIS 3783 Information Architecture
LIS 4029 Professional & Technical Communication for Analysts
LIS 4273 Advanced Statistics and Analytics
LIS 4317 Introduction to Visual Analytics
LIS 4365 Web Design Technologies
LIS 4370 R Programming for Data Science
LIS 4761 Introduction to Data & Text Mining
LIS 4800 Introduction to Data Science
LIS 4805 Predictive Analytics
LIS 4930 Selected Topics in Information Studies (topic must be approved by the advisor or program director)

INFORMATION SECURITY (IISC)

REQUIREMENTS FOR THE CONCENTRATION IN INFORMATION SECURITY
TOTAL CONCENTRATION HOURS: 21

Concentration Core (18 hours)
Area of emphasis: cybersecurity and protecting information or data from unauthorized access, use, misuse, disclosure, destruction, modification, or disruption.
   CIS 3360 Principles of Information Security
   CIS 3367 Architecting Operations Systems Security
   CIS 4204 Ethical Hacking
   CIS 4361 Information Assurance and Security Management for IT
   CIS 4365 Computer Security Policies and Disaster Preparedness
   LIS 4482 Networks and Communication

Concentration Electives (3 hours)
Students choose any three (3) credit hours of electives from the following list:
   LIS 2005 Library and Internet Research Skills (CASB)
   LIS 3352 Interaction Design
   LIS 3361 World Wide Web Page Design and Management
   LIS 3783 Information Architecture
   LIS 4029 Professional & Technical Communication for Analysts
   LIS 4273 Advanced Statistics and Analytics
   LIS 4317 Introduction to Visual Analytics
   LIS 4365 Web Design Technologies
   LIS 4370 R Programming for Data Science
   LIS 4477 Clinical Decision Support
   LIS 4761 Introduction to Data & Text Mining
   LIS 4776 Health Information Technology
   LIS 4779 Health Information Security
   LIS 4779 Management of Health Information Systems
   LIS 4785 Introduction to Health Informatics
   LIS 4800 Introduction to Data Science
   LIS 4805 Predictive Analytics
   LIS 4930 Selected Topics in Information Studies (topic must be approved by the advisor or program director)

INFORMATION SCIENCE AND TECHNOLOGY (ISTC)

REQUIREMENTS FOR THE CONCENTRATION IN INFORMATION SCIENCE AND TECHNOLOGY
TOTAL CONCENTRATION HOURS: 21

Concentration Core
This is a flexible concentration for students who prefer to survey a wide range of courses within the discipline or who choose to concentrate their coursework in particular areas like Information Architecture or Web Development and Design.
Students who choose the Information Science and Technology concentration must take the required credit hours for the major core, EXIT, and concentration core and electives.

Concentration Electives (21 hours)
Students choose twenty-one (21) credit hours of electives from the following list:
   LIS 2005 Library and Internet Research Skills (CASB)
   LIS 3352 Interaction Design
   LIS 3361 World Wide Web Page Design and Management
LIS 3783 Information Architecture
LIS 4029 Professional & Technical Communication for Analysts
LIS 4273 Advanced Statistics and Analytics
LIS 4317 Introduction to Visual Analytics
LIS 4345 Web Design Technologies
LIS 4365 Web Programming
LIS 4370 R Programming for Data Science
LIS 4477 Clinical Decision Support
LIS 4482 Networks and Communication
LIS 4761 Introduction to Data & Text Mining
LIS 4776 Health Information Technology
LIS 4779 Health Information Security
LIS 4779 Management of Health Information Systems
LIS 4785 Introduction to Health Informatics
LIS 4800 Introduction to Data Science
LIS 4805 Predictive Analytics
LIS 4930 Selected Topics in Information Studies (topic must be approved by the advisor or program director)

Additional course options may be approved by the advisor or program director.

INFORMATION STUDIES FACULTY

• B.S. - INTEGRATIVE ANIMAL BIOLOGY (IAB)
  (CIP = 26.0101 - TRACK 1 OF 2)
  TOTAL DEGREE HOURS: 120
  http://biology.usf.edu/ib/ug/bs/

  Students majoring in Integrative Animal Biology study the biology of animals. The program of study explores the structure and function of invertebrates, humans, and other vertebrates. The objective of the program is to provide students with a firm foundation in basic biology and the tools necessary to function as professional biologists, with special emphasis on animals. The program will prepare students for further education (e.g., medicine, veterinary medicine, animal biology, evolutionary biology) or for careers in fields such as medical assistance, veterinary assistance, animal care, and aquarium and zoo biology and education.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.
BSC X010/X010L Biology I with Lab or BSC X010C or BSC X040/X040L
BSC X011/X011L Biology II with Lab or BSC X011C or BSC X041/X041L or ZOO X010/X010L or BOT X010/X010L or BOT X013/X013L
CHM X045/X045L General Chemistry I with Lab or CHM X045C or CHM X040 and CHM X041
CHM X046/X046L General Chemistry II with Lab or CHM X046C
CHM X210/X210L Organic Chemistry I with Lab and CHM X211/X211L or (CHM X210C and CHM X211C) or (PHY X053/X053L and PHY X054/X054L) or (PHY X048/X048L and PHY X049/X049L)
MAC X311 Calculus I or MAC X233 or MAC X253 or MAC X281 or MAC X241
MAC X312 Calculus II or MAC X282 or MAC X234 or STA X023 or STA X024 or STA X321
### Required Supporting Courses for the Major: 32-34 Hours

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

- CHM 2045 and CHM 2045L General Chemistry I and Laboratory
- CHM 2046 and CHM 2046L General Chemistry II and Laboratory
- CHM 2210 and CHM 2210L Organic Chemistry I and Laboratory
- CHM 2211 and CHM 2211L Organic Chemistry II and Laboratory
- Calculus I: MAC 2241 or MAC 2311 or MAC 2281
- Calculus II: STA 2023 or MAC 2242 or MAC 2312 or MAC 2282
- One of the Physics Sequences:
  - PHY 2053/2053L General Physics II and PHY 2054/2054L General Physics II
  - PHY 2048/2048L General Physics I - Calculus Based and PHY 2049/2049L General Physics II - Calculus Based

Students must receive a C - or better to meet requirements for degree (for progression in Math and CHM, a C is required).

### REQUIREMENTS FOR THE MAJOR IN INTEGRATIVE ANIMAL BIOLOGY

**TOTAL MAJOR HOURS: 40**

**Major requirements for the B.S. Degree:**

**Major Core (24 hours)**

- **Biology Core Curriculum: 16 credit hours**
  - BSC 2010 Cellular Processes
  - BSC 2010L Cellular Processes Laboratory
  - BSC 2011 Biodiversity
  - BSC 2011L Biodiversity Laboratory
  - PCB 3043 Principles of Ecology
  - PCB 3043L Principles of Ecology Laboratory
  - PCB 3063 General Genetics
  - PCB 3063L General Genetics Laboratory

- **Structure and Function Courses: 8 credit hours**

  Choose one Structure & Function Pairing from the following list:
  - **Invertebrate Biology**
    - ZOO 3205C Advanced Invertebrate Zoology AND PCB 3712/PCB 3713L General Physiology and Lab
  - **Vertebrate Biology**
    - BSC 4933 Selected Topics in Biology: Vertebrate Natural History and Lab OR ZOO 3713C Comparative Vertebrate Anatomy OR BSC 4933 Selected Topics in Biology: Mammalogy and Lab AND PCB 3712/PCB 3713L General Physiology and Lab
  - **Human Biology**
    - BSC 2093C Human Anatomy & Physiology I AND BSC 2094C Human Anatomy & Physiology II

**Major Electives (16 hours)**

Choose 16 additional hours of Integrative Animal Biology Major courses (8 of the 16 hours must be 4000+ level Biology Major Courses), from Tampa Campus IB Department or CMMB Department course offerings (prefix of BOT, BSC, MCB, PCB, or ZOO), with the exception of BSC 4905 and courses labeled as "not for major credit".

- Students must complete a minimum of 40 credit hours of major coursework.
- Most advanced biology courses are not offered every semester; there are no set offerings for summer semesters.
- Maximum of four (4) semester hours BSC 4910 Undergraduate Research can apply
- OCE 4930 Selected Topics in Marine Science: Advanced Oceanography I and II OR BCH 4033 Advanced Biochemistry I are the only approved non-Biology elective course options not offered by IB or CMMB departments.
- BCH 4033 Advanced Biochemistry I will NOT count towards the 8 credit hours of 4000+level major elective

All students majoring in one of the programs offered through the departments of Integrative or Cell Biology, Microbiology and Molecular Biology and entering USF for the first time, in Fall 2009 or later, who subsequently earn three (3) D and/or F grades in USF coursework for their major and/or supporting coursework will be required to change to majors more appropriate to their goals and academic performances. Those majors may not include any conferred...
by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have not earned any D or F grades in USF major coursework or supporting coursework by the beginning of Fall 2009, will also be allowed three (3) D and/or F grades in subsequent terms before being required to choose another major more appropriate to their goals and academic performances, and not including any conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

Any continuing USF students who enter USF prior to Fall 2009 and who have earned greater than or equal to one (1) D or F grade in USF coursework for their major coursework or supporting coursework by the beginning of Fall 2009, will be allowed only two (2) more D and/or F grades in subsequent semesters before being required to choose other majors more appropriate to their goals and academic performances, and not including any majors conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

Grade Forgiveness will NOT apply to the mandated requirement of changing major.

Grading Requirement
A student must receive a C- grade or better in all Department of Integrative Biology and Department of Cell Biology, Microbiology, and Molecular Biology courses and supporting courses in the natural sciences, except if they are used as general elective courses. This specification applies to both USF and transfer courses.

Please note that some supporting science courses may require a grade of C or better in order to meet the prerequisite requirements for course sequences.

Residency Requirement
A minimum of 20 credits hours of courses must be taken in residency and be applicable to the major.

Once a student has matriculated to USF Tampa, he/she is expected to take 100 percent of the required major coursework at USF Tampa.

Research Opportunities
Undergraduate research is a great way to get hands-on experience in what you are studying and learning in your courses, and even to advance biological knowledge. Many students have authored articles based on their participation in on-going research in the Department. Undergraduate research also is a great way to boost your resume and to enhance your application to graduate school or health professional school. Several ways are available to get involved; see http://biology.usf.edu/ib/ug/research/.

To be eligible to receive credit for undergraduate research (BSC 4910), students must have Junior standing, a 3.0 USF GPA, and a 3.0 major GPA. A maximum of 4 credit hours BSC 4910 may be applied to the major electives; see http://biology.usf.edu/bioadvise/ug-research/credit.aspx.

Accelerated B.S. in Integrative Animal Biology and M.A.T. in Science Education
This program intends for students to complete a B.S. in Integrative Animal Biology (College of Arts and Sciences) and M.A.T. in Science Education (College of Education) over the span of five years. Students completing this program will be eligible for high school and/or middle school science teacher certification. Completion of this program requires students to complete 12 credit hours toward the M.A.T. in Science Education during their senior year in the Integrative Animal Biology major.

Advising Information
BioAdvise: Science Center (SCA) 203; (813) 974-3250; http://biology.usf.edu/bioadvise/; Email: bioadvise@usf.edu

INTEGRATIVE ANIMAL BIOLOGY FACULTY

• B.S. - INTERDISCIPLINARY NATURAL SCIENCES (INS)
  (CIP = 30.0101 - TRACK 16 OF 16)
  TOTAL DEGREE HOURS: 120
  http://chemistry.usf.edu/undergraduate/majors/inter/

The Interdisciplinary Natural Sciences degree serves the academic and career goals of undergraduate students who seek a broad education in the Natural Sciences (Biology, Chemistry, Physics, Mathematics, Geology). Students
select a sequence of upper-level courses based on career goals, choosing three of the five natural science areas. Students interested in secondary education, public health, and other fields may choose this degree.

STATE MANDATED COMMON COURSE PREREQUISITES

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for this program. Students are encouraged to complete as many of the following courses as possible, during the program of study at the community college, and when feasible in General Education and State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) courses. Unless otherwise stated, a grade of “C” is the minimum acceptable grade.

- Biology I and II (BSC 2010, BSC 2010L, BSC 2011, BSC 2011L)
- Calculus I and II (MAC 2241 and MAC 2242 or MAC 2311 and MAC 2312 or MAC 2281 and MAC 2282)
- General Chemistry I and II (CHM 2045, CHM 2045L, CHM 2046, CHM 2046L)
- General Physics (PHY 2053, PHY 2053L, PHY 2054, PHY 2054L) or (PHY 2048, PHY 2048L, PHY 2049, PHY 2049L)
- Introduction to Physical Geology and History of the Earth and Life (GLY 2010, GLY 2000L, GLY 2100, GLY 2100L)

REQUIREMENTS FOR THE MAJOR IN INTERDISCIPLINARY NATURAL SCIENCES

TOTAL MAJOR HOURS: 62-64

Major requirements for the B.S. Degree:

Major Core (38-40 hours)

Tier 1

Two introductory courses in each of the five (5) natural sciences areas: Mathematics, Physics, Chemistry, Biology, Geology. Choose from the following courses:

**Mathematics Courses:**
- MAC 2241 Life Sciences Calculus I
- *MAC 2311 and MAC 2312 are also acceptable for the major.
- MAC 2242 Life Sciences Calculus II or STA 2023 Introductory Statistics I
- *MAC 2281 and MAC 2282 are also acceptable for the major.

**Biology Courses:**
- BSC 2010 Cellular Processes
- BSC 2010L Cellular Processes Laboratory
- BSC 2011 Biodiversity
- BSC 2011L Biodiversity Laboratory

**Chemistry Courses:**
- CHM 2045 General Chemistry I
- CHM 2045L General Chemistry I Laboratory
- CHM 2046 General Chemistry II
- CHM 2046L General Chemistry II Laboratory

**Geology Courses:**
- GLY 2010 Dynamic Earth: Introduction to Physical Geology
- GLY 2000L Essentials of Geology Laboratory
- GLY 2100 History of Life
- GLY 2100L History of Life Laboratory

**Physics Courses:**
- PHY 2053 General Physics I and PHY 2053L General Physics I Laboratory
- PHY 2054 General Physics II and PHY 2054L General Physics II Laboratory
- PHY 2048 General Physics I - Calculus Based and PHY 2048L General Physics I - Calculus Based Laboratory and PHY 2049 General Physics II - Calculus Based and PHY 2049L General Physics II - Calculus Based Laboratory are also accepted for this major
Major Electives (24 hours)

Tier 2

Students are required to complete a minimum total of 24 credit hours. A minimum of 6 credit hours of structured, upper-level (3000-level or higher) courses in three of the five natural sciences areas is required. The remaining six credits of upper-level courses can be taken in any of the three Tier 2 Natural Science areas that the student has selected. All Tier 2 courses in the sciences will be selected by the individual student, but must be chosen from the list of courses approved for department major credit.

General Electives. Courses over and above the required courses should be taken to complete a 120 hour program. Additional courses in computer programming, economics, management, engineering, statistics, writing, and other applied disciplines are strongly recommended to strengthen the degree for subsequent professional employment.

Transfer Credit: It is strongly recommended that students transferring from community/state colleges to the University of South Florida complete whole sequences of chemistry courses, such as general and organic chemistry, before they transfer. Even though courses may carry the same common course number, topics covered may vary significantly from school to school.

D/F Policy: The following three departments, the Department of Chemistry, the Department of Cell Biology, Microbiology and Molecular Biology and the Department of Integrative Biology have instituted a procedure to provide students with the best opportunity to progress toward their degree requirements.

Effective Fall 2009, the following D and/or F grade rules apply for students to continue in all of the following majors:

- Biomedical Sciences
- Cell and Molecular Biology
- Chemistry B.A. - including Biochemistry/Biotechnology and Health Professions concentrations
- Chemistry B.S.
- Environmental Biology
- Environmental Microbiology
- Integrative Animal Biology
- Interdisciplinary Natural Sciences
- Marine Biology
- Medical Technology
- Microbiology, and
- Pre-Medical Sciences (PMS) students who have not yet declared a major

*Non-Science majors are also subject to the D/F policy

All students entering USF for the first time, in Fall 2009 or later, who subsequently earn three (3) D and/or F grades in applicable USF science and math coursework for their major (i.e. Math, Biology, Chemistry and Physics) will be required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have not earned any D or F grades in USF science and math coursework for their major (i.e. Math, Biology, Chemistry and Physics) before Fall 2009, will also be redirected after earning three (3) D and/or F grades in subsequent terms. Upon earning the 3rd D and/or F grade, students will be required to choose another major more appropriate to their goals and academic performance, and one that is not conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have earned one (1) or more D or F grades in USF science and math coursework for their major (i.e. Math, Biology, Chemistry and Physics) prior to Fall 2009, will be allowed to count all previous D/F grades as one (1) D/F grade. After Fall 2009, students who earn two (2) additional D and/or F grades (resulting in three (3) total D/F grades) in subsequent terms will be required to choose another major more appropriate to their goals and academic performance, and to one that is not conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

Lab only courses are not counted towards the total number of D/F grades earned for the policy. Grade Forgiveness will NOT apply to the mandated requirement of changing majors.

If a student is in violation of the D/F policy, regardless of major, they will no longer be able to take any courses offered by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

Grading Requirement

A grade of C or better is required for science and mathematics courses and each supporting course for the Major. All courses in any chemistry major must be taken with letter grade (A, B, C, D, F, I) except those courses which are graded S/U only.
Residency Requirement
Twelve hours of upper-level major applicable courses must be completed at USF for the Interdisciplinary Natural Sciences degree.

Research Opportunities
The Department of Chemistry offers the opportunity for students to participate in undergraduate research with Chemistry faculty. Students can apply for the Academic Research Experience for Undergraduates (REU) Program and find more information here: http://chemistry.usf.edu/undergraduate/reu/. Students who wish to enroll in an undergraduate research course with a Chemistry faculty member should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in a 0 credit research course. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Academic Advisors in the Department of Chemistry, as well as the Office for Undergraduate Research, can assist students in understanding the various course options.

Accelerated B.S. in Interdisciplinary Natural Sciences and M.A.T. in Science Education
This program intends for students to complete a B.S. in Interdisciplinary Natural Sciences (College of Arts and Sciences) and M.A.T. in Science Education (College of Education) over the span of five years. Students completing this program will be eligible for high school and/or middle school science teacher certification. Completion of this program requires students to complete 12 credit hours toward the M.A.T. in Science Education during their senior year in the Interdisciplinary Natural Sciences major.

Advising Information
Department of Chemistry Advising: chemadvise@usf.edu or http://chemistry.usf.edu/advising/.

INTERDISCIPLINARY NATURAL SCIENCES FACULTY

• B.A. - INTERDISCIPLINARY SOCIAL SCIENCES (ISS) (CIP = 45.0101)
TOTAL DEGREE HOURS: 120
http://iss.usf.edu/major_requirements/

The ISS program is designed to provide an interdisciplinary integration of the social sciences for students who are interested in a broad educational experience. ISS offers a wide choice of courses, and an opportunity to design a quality program geared toward individual needs and interests.

This major has been certified as a Global Pathway. Global Pathway majors have significant global content and align with the goals of USF’s Quality Enhancement Plan, the Global Citizens Project. Students in Global Pathway majors are well positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida college System institution, they must be completed before the degree is granted.

XXX XXXX (6 credit hours) Two introductory courses in a Social Sciences discipline.
REQUIREMENTS FOR THE MAJOR IN INTERDISCIPLINARY SOCIAL SCIENCES

TOTAL MAJOR HOURS: 42

Major requirements for the B.A. Degree:
Students in the ISS major complete a total of 42 credit hours of coursework in three categories:
- Major Core Requirements (9 credit hours)
- Diversity and Global Context Courses (4-9 credit hours)
- Two Concentrations Areas (24-29 credit hours)

Note: A minimum of 30 of the 42 hours must be at the 3000-level or above.

Major Core (13-18 hours)
Required Core Courses (9 credit hours)
- ISS 3010 Introduction to the Social Sciences
- ISS 4935 Seminar in the Social Sciences
- STA 2122 Social Sciences Statistics

Note: A minimum grade of C- or higher is required for each of the major core courses.

Two of these courses, ISS 3010 Introduction to the Social Sciences and ISS 4935 Seminar in the Social Sciences, introduce and employ the interdisciplinary social science perspective. These courses involve students in the study of human life and experience; the various concepts, theories, and methods used in the social sciences; and the application of these concepts and methods to issues and questions of contemporary local and global significance. STA 2122 Social Science Statistics is the third core course required for majors in Interdisciplinary Social Sciences and teaches students to use quantitative reasoning to address social science issues of local and global concern.

Diversity and Global Context Courses (4-9 credit hours)
The remainder of the 42 hours of major coursework will be selected from courses in the following categories:
- Africana Studies
- Disability Studies
  - SYO 4430 Disability and Society, ASL 3514 Deaf Culture, or Special Topics courses in other departments such as Women's and Gender Studies or Communication, approved by an advisor.
- International Studies
- Women's and Gender Studies
- Upper-Level Courses (3000- or 4000-level) with an ISS prefix

Note: If one or more of the student's areas of concentration require(s) more than 12 hours of coursework, fewer than 9 hours of coursework will be required in the Diversity and Global Context category.

Major Electives (24-29 hours)
Concentrations (12-15 hours in each of two areas of concentration)
ISS students choose two concentration areas and complete at least twelve (12) credit hours in each concentration:
- Africana Studies; Aging Sciences; American Studies; Anthropology; Communication; Communication Sciences and Disorders; Criminology; Deaf Studies; Economics; Environmental Science and Policy; Geography; History; Humanities; Information Studies; International Studies; Latin American, Caribbean, and Latino Studies; Mass Communications; Multidisciplinary Behavioral Sciences; Political Science; Psychology; Public Administration; Public Health; Religious Studies; Sociology; Women's and Gender Studies.

GPA Requirements
Students must maintain a minimum grade point average of 2.0 in ISS to graduate.

Grading Requirement
No more than two grades of "D" are acceptable in the ISS major.
No transfer courses with grades of "D" are acceptable for credit in the ISS major.
A minimum grade of C- or higher is required for each of the major core courses.

Other Requirements
ISS majors must satisfy two semesters of a foreign language in order to graduate. American Sign Language (ASL) satisfies the Foreign Language Exit Requirement (FLEX).

Research Opportunities
All ISS majors participate in a Senior Research Project as part of the requirements for ISS 4935 Seminar in the Social Sciences. Other research opportunities may be provided in courses related to the student's area of concentration or courses selected in the Diversity and Global Context category. ISS advisors can assist students in selecting courses that provide these research opportunities.
Advising Information
Upon declaration of the major, students should meet with an advisor to declare concentrations, particularly before too many courses are completed in the College of Arts and Sciences. No student should assume that courses already completed will automatically count toward the ISS degree.

INTERDISCIPLINARY SOCIAL SCIENCES CONCENTRATIONS

AFRICANA STUDIES (IAFA)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN AFRICANA STUDIES
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
Student should choose either Option 1 or Option 2.
Option 1:
  AFA 2000 Introduction to Black Experience
  Nine (9) credit hours of Upper-Level Major Electives (3000-4000)
Option 2:
  Twelve (12) credit hours of Upper-Level Major Electives (3000-4000)

AGING SCIENCES (IAGE)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN AGING SCIENCES
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
GEY 2000 Introduction to Aging Sciences
Nine (9) credit hours of GEY Upper-Level Electives (3000-4000)

AMERICAN STUDIES (IAMS)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN AMERICAN STUDIES
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
AMS 2030 Introduction to American Studies or AMS 2270 Twentieth-Century American Culture
Nine (9) credit hours of AMS Upper-Level Major Electives (3000-4000)

ANTHROPOLOGY (IANT)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN ANTHROPOLOGY
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
One of the following courses:
  ANT 2000 Introduction to Anthropology
  ANT 2410 Cultural Anthropology
  ANT 2511 Biological Anthropology
  ANT 3101 Archaeology
  ANT 3610 Linguistic Anthropology
Nine (9) credit hours of ANT Upper-Level Electives (3000-4000)

COMMUNICATION (ISPE)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN COMMUNICATION
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
COM 2000 Introduction to Communication
Choose one of the following courses:
ORI 3004 Communication as Performance
SPC 3301 Interpersonal Communication
SPC 3544 Persuasion and Media
SPC 3710 Communication and Cultural Diversity
Six (6) credit hours of COM, SPC, or ORI Upper-Level Electives (3000-4000)

COMMUNICATION SCIENCES AND DISORDERS (ICSD)
http://iss.usf.edu/concentrations/
REQUIREMENTS FOR THE CONCENTRATION IN COMMUNICATION SCIENCES AND DISORDERS
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
Students should choose four (4) courses from the following list:
SPA 3002 Introduction to Communication Sciences and Disorders
SPA 3004 Introduction to Language Development and Disorders
SPA 3011 Introduction to Speech Science
SPA 3030 Introduction to Hearing Science
SPA 3101 Anatomy and Physiology of the Speech and Hearing Mechanism
SPA 3112 Applied Phonetics in Communication Disorders
SPA 3310 Introduction to Disorders of Hearing
SPA 3470 Culture and Diversity in CSD
SPA 4901 Research Methods in Communication Sciences and Disorders

CRIMINOLOGY (ICCJ)
http://iss.usf.edu/concentrations/
REQUIREMENTS FOR THE CONCENTRATION IN CRIMINOLOGY
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
CCJ 3024 Survey of the Criminal Justice System
CCJ 3117 Theories of Criminal Behavior
Six (6) credit hours of Upper-Level Major Electives (3000-4000)

DEAF STUDIES (IDFT)
http://iss.usf.edu/concentrations/
REQUIREMENTS FOR THE CONCENTRATION IN DEAF STUDIES
TOTAL CONCENTRATION HOURS: 14

Concentration Core (14 hours)
ASL 2140C Basic American Sign Language
ASL 2150C Intermediate American Sign Language
ASL 3514 Deaf Culture
SYO 4430 Disability and Society or Upper-Level ASL or INT course (3000-4000)

ECONOMICS (IECO)
http://iss.usf.edu/concentrations/
REQUIREMENTS FOR THE CONCENTRATION IN ECONOMICS
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
ECO 2013 Economic Principles (Macroeconomics)
ECO 2023 Economic Principles (Microeconomics)
Six (6) credit hours of Upper-Level Major Electives (3000-4000)

ENVIRONMENTAL SCIENCE AND POLICY (IESP)
http://iss.usf.edu/concentrations/
REQUIREMENTS FOR THE CONCENTRATION IN ENVIRONMENTAL SCIENCE AND POLICY
TOTAL CONCENTRATION HOURS: 13
Concentration Core (13 hours)
- EVR 2001 Introduction to Environmental Science
- EVR 2001L Environmental Science Lab
- EVR 2861 Introduction to Environmental Policy
- EVR 4033 Environmental Regulation
- GEO 4372 Global Conservation

GEOGRAPHY (IGPY)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN GEOGRAPHY
TOTAL CONCENTRATION HOURS: 12

Concentration Core (10 hours)
- GEO 2200 Introduction to Physical Geography
- GEO 2200L Introduction to Physical Geography Lab
- GEO 2400 Human Geography
- GIS 3006 Computer Cartography

Concentration Electives (2 hours)
Two (2) credit hours of Upper-Level Major Electives (3000-4000)

HISTORY (IHTY)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN HISTORY
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
Twelve (12) credit hours of Upper-Level Major Electives (3000-4000)

HUMANITIES (IHSC)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN HUMANITIES
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
Three (3) credit hours of HUM Lower-Level Electives (2000) or Approved Equivalents
Nine (9) credit hours of HUM Upper-Level Electives (3000-4000)

INFORMATION STUDIES (IIFS)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN INFORMATION STUDIES
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
LIS 2937 Selected Topics in Library/Information Science or Approved Lower-Level LIS Elective (2000)
LIS 3361 World Wide Web Page Design and Management
Six (6) credit hours of LIS Upper-Level Electives (3000-4000)

INTERNATIONAL STUDIES (IINT)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN INTERNATIONAL STUDIES
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
12 credit hours of Upper-Level Major Electives (3000-4000)
LATIN AMERICAN, CARIBBEAN, AND LATINO STUDIES (ILAS)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN LATIN AMERICAN, CARIBBEAN, AND LATINO STUDIES

TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
Twelve (12) credit hours of Upper-Level coursework relating to Latin America, the Caribbean, or the Latino/Latina diaspora selected from at least four of the following areas:
- Anthropology/Sociology/Philosophy
- Political Science/International Studies
- Geography/History
- Education/Social Work
- Global Studies/Public Health

Note: Coursework must be approved by an advisor and at least 50% of the graded assignments in the selected course must be related to Latin America, the Caribbean, or the Latino/Latina diaspora.

MASS COMMUNICATIONS (ICOM)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN MASS COMMUNICATIONS

TOTAL CONCENTRATION HOURS: 12

Concentration Core (3 hours)
MMC 3602 Mass Communications and Society

Concentration Electives (9 hours)
Choose three (3) courses from the following list:
- ADV 3008 Introduction to Advertising
- MMC 4200 History and Principles of Communications Law
- MMC 4203 Communication Ethics
- MMC 4420 Research Methods in Mass Communications
- MMC 4936 Selected Topics in Mass Communications Studies
- PUR 3000 Principles of Public Relations
- RTV 3001 Introduction to Telecommunications
- RTV 4542 TV Production and Direction
- VIC 3001 Introduction to Visual Communications

MULTIDISCIPLINARY BEHAVIORAL SCIENCES (IMDS)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN MULTIDISCIPLINARY BEHAVIORAL SCIENCES

TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
MHS 3411 Multidisciplinary Behavioral Healthcare Services
MHS 4002 Behavioral Health Systems Delivery
MHS 4408 Exemplary Practices in Behavioral Healthcare Treatment
One of the following courses:
- MHS 4425 Field Experience in Behavioral Healthcare
- MHS 4906 Directed Study
- MHS 4931 Selected Topics

POLITICAL SCIENCE (IPOL)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN POLITICAL SCIENCE

TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
POS 2041 American National Government
Nine (9) credit hours of Upper-Level Major Electives (3000-4000)
PSYCHOLOGY (IPSY)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN PSYCHOLOGY
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
PSY 3213 Research Methods in Psychology
Nine (9) credit hours of Upper-Level Major Electives (3000-4000)

PUBLIC ADMINISTRATION (IPAD)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN PUBLIC ADMINISTRATION
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
Twelve (12) credit hours of Upper-Level Major Electives (3000-4000)

PUBLIC HEALTH (IPUB)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN PUBLIC HEALTH
TOTAL CONCENTRATION HOURS: 15

Concentration Core (12 hours)
HSC 4537 Medical Terminology
HSC 4551 Survey of Human Diseases
PHC 4030 Introduction to Epidemiology
PHC 4101 Overview of Public Health Programs and Policies

Concentration Electives (3 hours)
Choose one (1) course from the following list:
HSC 2017 Careers in Public Health
HSC 2100 Contemporary Health Science
HSC 2130 Sex, Health and Decision Making
HSC 2933 Selected Topics in Public Health
HSC 3541 Human Structure and Function
HSC 4172 Women’s Health: A Public Health Perspective
HSC 4213 Environmental and Occupational Risk Analysis
HSC 4430 Occupational Health and Safety
HSC 4504 Foundations of Public Health Immunology
HSC 4573 Foundations of Food Safety
HSC 4579 Foundations of Maternal and Child Health
HSC 4933 Special Topics in Public Health
HUN 3272 Sports Nutrition
HUN 3296 Nutrition and Disease
PHC 3320 Environmental Health Science
PHC 3721 Research Methods in Environmental and Occupational Health
PHC 4031 Emerging Infectious Diseases
PHC 4188 Public Health Emergencies in Large Populations
PHC 4234 Public and Private Continuity Planning for Emergencies
PHC 4241 Psychology of Fear & Mental Health Issues Related to Disasters
PHC 4375 Community Participation in Homeland Security
PHC 4376 Disaster by Design: Exercise Development for Homeland Security Professionals
PHC 4406 Pop Culture, Vices and Epidemiology
PHC 4542 Stress, Health and College Life
PHC 4931 Health Care Ethics
RELIGIOUS STUDIES (IREL)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN RELIGIOUS STUDIES
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
REL 3040 Introduction to Religious Studies
Nine (9) credit hours of REL Electives, of which six (6) credit hours must be upper-level (3000-4000)

SOCIOLOGY (ISOC)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN SOCIOLOGY
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
SYG 2000 Introduction to Sociology or Upper-Level Elective in Sociology (3000-4000)
SYA 3110 Classical Theory
SYA 3300 Research Methods or SYA 3310 Qualitative Inquiry
Three (3) credit hours of Sociology Upper-Level Electives (3000-4000)
Students choosing this concentration may take SYA 4935 Senior Seminar in place of ISS 4935 Seminar in the Social Sciences.

WOMEN'S AND GENDER STUDIES (IWGS)
http://iss.usf.edu/concentrations/

REQUIREMENTS FOR THE CONCENTRATION IN WOMEN'S AND GENDER STUDIES
TOTAL CONCENTRATION HOURS: 12

Concentration Core (12 hours)
WST 3015 Introduction to Women's Studies or WST 3311 Issues in Feminism
Nine (9) credit hours of Upper-Level Electives (3000-4000) offered by the Department of Women's and Gender Studies

INTERDISCIPLINARY SOCIAL SCIENCES FACULTY
Director: Sara Green.

• B.A. - INTERNATIONAL STUDIES (INT) (CIP = 45.0901)
TOTAL DEGREE HOURS: 120
http://usf.edu/sigs/undergraduate/

The major in International Studies enables students to undertake programs of study which emphasize: (a) preparation for careers in international activities, or (b) the study of particular international themes or topics, or (c) the study of particular regions or cultures. Each student develops a course of study designed to fulfill his or her career and educational goals in consultation with the International Studies advisor.

STATE MANDATED COMMON COURSE PREREQUISITES

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for this program.
REQUIREMENTS FOR THE MAJOR IN INTERNATIONAL STUDIES

TOTAL MAJOR HOURS: 36

Major requirements for the B.A. Degree:

Major Core (18 hours)

The major consists of a minimum of 36 credit hours. At least 27 of these credit hours (nine courses) must be from the International Studies Program offerings.

INR 3011 Globalization
INR 4083 Conflict in the World
INR 3038 International Wealth and Power or CPO 4034 Politics of the Developing Areas
INR 3202 International Human Rights or INR 4502 International Organizations
Two (2) area studies courses from the INT upper-division electives (3 credit hours each)

Major Electives (18 hours)

The additional 18 credit hours must include at least three elective courses (9 credit hours) from within the International Studies discipline offered in the School of Interdisciplinary Global Studies; the remaining 9 credit hours can be selected from courses offered from other departments which are approved by the major advisor as having adequate international or cross-cultural content. Please see the International Studies advisor for a full list of courses to meet the INT elective requirements.

With the approval of the major advisor, credits earned in INR 4900 and INR 4910 may be used to augment or substitute for the foregoing requirements.

Students must pass a 2000-level foreign language course (that is, at least one semester of foreign language study beyond the first year introductory courses), or complete one year of study of a non-Western language. Students who are bilingual or who are already conversationally fluent or who can translate with facility from a foreign language text are exempt from the above course requirement, but the INT faculty may require demonstration of proficiency.

Students are encouraged, but not required, to engage in study abroad programs, a large number of which have been approved by the USF Education Abroad Department. Credits earned in such programs apply toward graduation and many also apply to the International Studies major. A limited number of internships in the Tampa Bay area are available to provide students with real-world experience while earning credits in the major. Also, USF is affiliated with The Washington Center, an internship program in the nation's Capital.

Residency Requirement

Students transferring credit hours toward a major in International Studies must complete a minimum of 21 credit hours within the School of Interdisciplinary Global Studies, regardless of the number of credits transferred.

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Internship Opportunities

The School of Interdisciplinary Global Studies encourages students majoring in International Studies to complete an internship as part of their undergraduate degree program. While an internship is not required for the degree, it does provide the student with valuable, real world experience that can assist the student in preparation for a career after finishing the International Studies degree. The School of Interdisciplinary Global Studies allows up to 6 credits of paid or unpaid internship with an appropriate international focus to count as an INT elective. In order to qualify for credit, the internship does need to be approved by the International Studies Internship faculty advisor. Additionally, in order to earn credit for the internship, students will be required to register for INR 4943 Internship in International Studies and complete all requirements for this course in order to earn credit. For more information, please visit http://usf.edu/sigs/undergraduate/.

Advising Information

Students will be provided with academic advice and counsel about other courses offered throughout the university which may support and complement their major program. INT majors should plan their programs in conjunction with the advisor who is empowered to make appropriate substitutions when educationally justified.

For information on INT Advising, please visit http://usf.edu/sigs/undergraduate/.
• B.S. - MARINE BIOLOGY (MRN) (CIP = 26.0101 - TRACK 1 OF 2)
TOTAL DEGREE HOURS: 120
http://biology.usf.edu/ib/ug/bs/

Students majoring in Marine Biology study life in the oceans. The program of study explores the unique marine environment and the nature of the organisms that inhabit the oceans. The objective of the program is to provide students with a firm foundation in basic biology and the tools necessary to function as professional biologists, with special emphasis on marine ecosystems. The program will prepare students for further education (e.g., ecology, environmental science, biological oceanography, evolutionary biology) or for careers in fields such as aquaculture, aquarium biology and education, conservation biology and education, environmental consulting, and wildlife biology.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

BSC X010/X010L Biology I with Lab or BSC X010C or BSC X040/X040L
BSC X011/X011L Biology II with Lab or BSC X011C or BSC X041/X041L or ZOO X010/X010L or BOT X010/X010L or BOT X013/X013L
CHM X045/X045L General Chemistry I with Lab or CHM X045C or CHM X040 and CHM X041
CHM X046/X046L General Chemistry II with Lab or CHM X046C
CHM X210/X210L Organic Chemistry I with Lab and CHM X211/X211L or (CHM X210C and CHM X211C) or (PHY X053/X053L and PHY X054/X054L) or (PHY X048/X048L and PHY X049/X049L)
MAC X311 Calculus I or MAC X233 or MAC X253 or MAC X281 or MAC X241
MAC X312 Calculus II or MAC X282 or MAC X234 or STA X023 or STA X024 or STA X321

Required Supporting Courses for the Major: 32-34 Hours

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

CHM 2045 and CHM 2045L General Chemistry I and Laboratory
CHM 2046 and CHM 2046L General Chemistry II and Laboratory
CHM 2210 and CHM 2210L Organic Chemistry I and Laboratory
CHM 2211 and CHM 2211L Organic Chemistry II and Laboratory
Calculus I: MAC 2241 or MAC 2311 or MAC 2281
Statistics or Calculus II: STA 2023 or MAC 2242 or MAC 2312 or MAC 2282
One of the Physics Sequences:
PHY 2053/2053L General Physics I and PHY 2054/2054L General Physics II
PHY 2048/2048L General Physics I - Calculus Based and PHY 2049/2049L General Physics II - Calculus Based

Students must receive a C- or better to meet requirements for degree (for progression in Math and CHM, a C is required).
REQUIREMENTS FOR THE MAJOR IN MARINE BIOLOGY
TOTAL MAJOR HOURS: 37-41

Major requirements for the B.S. Degree:

Major Core (24-26 hours)
- BSC 2010 Cellular Processes
- BSC 2010L Cellular Processes Laboratory
- BSC 2011 Biodiversity
- BSC 2011L Biodiversity Laboratory
- BSC 3312 Marine Biology
- BSC 4937 Seminar in Marine Biology
- PCB 3043 Principles of Ecology
- PCB 3043L Principles of Ecology Laboratory
- PCB 3063 General Genetics
- PCB 3063L General Genetics Laboratory

Choose one of the following:
- BOT 3373C Vascular Plants: Form and Function
- BSC 4933 Selected Topics in Biology*
- MCB 3020 and MCB 3020L General Microbiology and Laboratory
- ZOO 3205C Advanced Invertebrate Zoology
- ZOO 3713C Comparative Vertebrate Anatomy
*Special topics as approved for the major by the Department of Integrative Biology

Major Electives (13-15 hours)
Students choose 13-15 credit hours of coursework from the following list:
- BCH 4033 Advanced Biochemistry I
- BOT 3373C Vascular Plants: Form and Function
- BOT 4184C Biology of Coastal Plants
- BSC 4313C Advanced Marine Biology
- BSC 4933 Special Topics in Biology*
- GIS 4043C Geographic Information Systems or GIS 5049 GIS for Non-Majors
- GLY 4734 Beaches and Coastal Environments
- MCB 3020 General Microbiology
- MCB 3020L General Microbiology Laboratory
- MCB 4404 Microbial Physiology and Genetics and MCB 4404L Microbial Physiology and Genetics Laboratory
- PCB 3712 General Physiology and PCB 3713L General Physiology Laboratory
- PCB 4674 Organic Evolution
- PCB 4723 Animal Physiology and PCB 4723L Animal Physiology Laboratory
- ZOO 3205C Advanced Invertebrate Zoology
- ZOO 3407 Biology of Sharks and Rays and ZOO 3407L Biology of Sharks and Rays Laboratory
- ZOO 4454 Fish Biology and ZOO 4454 Fish Biology Laboratory
- ZOO 4513 Animal Behavior
*Special topics as approved for the major by the Department of Integrative Biology

Note: Course taken to fulfill structure requirement cannot also apply toward electives

All students majoring in one of the programs offered through the departments of Integrative or Cell Biology, Microbiology and Molecular Biology and entering USF for the first time, in Fall 2009 or later, who subsequently earn three (3) D and/or F grades in USF coursework for their major and/or supporting coursework will be required to change to majors more appropriate to their goals and academic performances. Those majors may not include any conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have not earned any D or F grades in USF major coursework or supporting coursework by the beginning of Fall 2009, will also be allowed three (3) D and/or F grades in subsequent terms before being required to choose another major more appropriate to their goals and academic performances, and not including any conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

Any continuing USF students who enter USF prior to Fall 2009 and who have earned greater than or equal to one (1) D or F grade in USF coursework for their major coursework or supporting coursework by the beginning of Fall 2009, will be allowed only two (2) more D and/or F grades in subsequent semesters before being required to choose other majors more appropriate to their goals and academic performances, and not including any majors conferred by the
Grade Forgiveness will NOT apply to the mandated requirement of changing major. A minimum of 8 credit hours at the 4000-level should be taken. A maximum of 6 credit hours may be taken outside of the department with prior approval.

Course Grade Requirement

Please note that some supporting science courses may require a grade of C or better in order to meet the prerequisite requirements for course sequences.

Grading Requirement

A student must receive a C- grade or better in all Department of Integrative Biology and Department of Cell Biology, Microbiology, and Molecular Biology courses and supporting courses in the natural sciences, except if they are used as general elective courses. This specification applies to both USF and transfer courses.

Residency Requirement

A minimum of 20 credits hours of courses must be taken in residency and be applicable to the major. Once a student has matriculated to USF Tampa, he/she is expected to take 100 percent of the required major coursework at USF Tampa.

Research Opportunities

Undergraduate research is a great way to get hands-on experience in what you are studying and learning in your courses, and even to advance biological knowledge. Many students have authored articles based on their participation in on-going research in the Department. Undergraduate research also is a great way to boost your resume and to enhance your application to graduate school or health professional school. Several ways are available to get involved; see http://biology.usf.edu/ib/ug/research/.

To be eligible to receive credit for undergraduate research (BSC 4910), students must have Junior standing, a 3.0 USF GPA, and a 3.0 major GPA. A maximum of 4 credit hours BSC 4910 may be applied to the major electives; see http://biology.usf.edu/bioadvise/ug-research/credit.aspx.

Accelerated B.S. in Marine Biology and M.A.T. in Science Education

This program intends for students to complete a B.S. in Marine Biology (College of Arts and Sciences) and M.A.T. in Science Education (College of Education) over the span of five years. Students completing this program will be eligible for high school and/or middle school science teacher certification. Completion of this program requires students to complete 12 credit hours toward the M.A.T. in Science Education during their senior year in the Marine Biology major.

Advising Information

BioAdvise: Science Center (SCA) 203; (813) 974-3250

Email: bioadvise@usf.edu

• B.A. - MASS COMMUNICATIONS (COM) (CIP = 09.0102)

TOTAL DEGREE HOURS: 124

http://masscom.usf.edu/ug/ba/

The Bachelor of Arts in Mass Communications is a pre-professional, hands-on program that allows students to be prepared for careers in Advertising, Public Relations, and Multimedia Journalism.

LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

This is a limited access program.

Students must meet the following requirements to gain entrance into MMC 2100 – Writing for the Mass Media:

1. 2.75 Overall GPA
2. Completion of ENC 1101 and ENC 1102 with a minimum grade of C not C- in each
3. Minimum of 30 hours (including at least 15 semester hours for which grades and a grade point average have been awarded)
4. Minimum score of 60 percent (120 out of a possible 200 points) on the Mass Communications English Diagnostic Test OR 70 percent (140 out of a possible 200 points) for students who transfer MMC 2100 or its equivalent

All majors must complete MMC 2100 Writing for the Media, and MMC 3602 Mass Communications and Society, with a minimum grade of C not C- before any other Mass Communications course may be taken. Students failing to achieve a minimum grade of C not C- in both MMC 2100 and MMC 3602 will be disallowed as majors in the School.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet Foundations of Knowledge and Learning General Education Requirements thereby transferring maximum hours to the university. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Students must complete 18 semester hours (may not include ENC or LIT prefix courses) outside the Mass Communications curriculum and beyond the 36 hours of general education requirements prior to entering the university. If these courses are not taken at the community college, they must be completed before the degree is granted. A grade of C (not C-) is the minimum acceptable grade.

Students are encouraged to complete the following prerequisites, or major, support, or elective courses if available, during the program of study at the community college, and when feasible in General Education and State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) courses.

- English Composition (minimum grade of C not C-)
- MMC 3602 Mass Communications and Society

Prior to being admitted to the School of Mass Communications, a student must:
1. Complete a minimum of 30 semester hours including all General Education requirements and six hours of English composition (with a minimum grade of C not C-),
2. Earn a 2.75 overall GPA,
3. Pass a School-administered English Diagnostic Test.

A maximum of nine (9) semester hours in Mass Communications courses will be accepted from a community college or other lower-level program toward a degree in Mass Communications. It is suggested that the nine hours include the equivalent of the School core curriculum and one sequence introductory course. Approval by an appropriate advisor is required.

REQUIREMENTS FOR THE MAJOR IN MASS COMMUNICATIONS

TOTAL MAJOR HOURS: 43-55

Major requirements for the B.A. Degree:

Major Core (6 hours)

The Mass Communications major requires six (6) hours of core curriculum courses (MMC 2100 and MMC 3602) and 31 hours of required and elective sequence courses for a total of 37 hours in Mass Communications within the 124-hour degree requirement. Six hours in Mass Communications writing courses (three hours in addition to MMC 2100) are a part of the graduation requirement.

- 80 hours in courses outside the School of Mass Communications, including 65 hours in liberal arts courses (as approved by the School).
- No more than 44 hours of Mass Communications courses may be applied toward the bachelor's degree within the 124-hour graduation requirement.
- MMC 2100 Writing for the Mass Media
- MMC 3602 Mass Communication and Society

GPA Requirements

A 2.5 GPA in Mass Communications courses is required for graduation.

Grading Requirement

No student may graduate with a grade lower than C not C- in any Mass Communications course.

Residency Requirement

At least 22 hours of resident School courses are required.
Other Requirements

Sign Language may be used as an option by Mass Communications majors to fulfill the language requirement.

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Other Information

Most Mass Communications courses have prerequisites as specified in the course descriptions (these prerequisites are separate from the State Mandated Common Prerequisites for program admission listed below). Refer to each prerequisite listed to determine progressive prerequisites for each course. Students should also note that the Mass Communications major is a four-semester program at a minimum and the majority of courses are offered only during the day.

All material submitted by students as assignments in writing, reporting, editing, photography and electronic news gathering and production classes is subject to publication or broadcast. The School uses a variety of online, print and electronic media outlets.

MASS COMMUNICATIONS CONCENTRATIONS

ADVERTISING (ADV)

REQUIREMENTS FOR THE CONCENTRATION IN ADVERTISING
TOTAL CONCENTRATION HOURS: 37

Concentration Core (34 hours)
Required Courses (22 credit hours):
- ADV 3008 Introduction to Advertising
- ADV 3101 Advertising Creativity
- ADV 3300 Advertising Media Strategy
- ADV 3500 Advertising Research
- ADV 4600 Advertising Management
- ADV 4800 Advertising Campaigns
- ADV 4940 Advertising Internship
- MMC 4200 History and Principles of Communications Law or MMC 4203 Communication Ethics

Specialization Courses (6 credit hours):
Students choose one specialization from below:
- Creative Specialization (students are required to take two courses in this specialization area)
  - ADV 4204 Advanced Advertising Creativity (required)
  - ADV 4710 Portfolio Building
- Media Specialization (students are required to take two courses in this specialization area)
  - ADV 4301 Advanced Media Strategy (required)
  - ADV 4310 Digital Media

Other Requirements (6 credit hours):
The following courses are required outside the School to complete sequence requirements:
- ECO 1000 Basic Economics
- MAR 3023 Basic Marketing

Concentration Electives (3 hours)
Electives Requirements: (choose one course)
- JOU 2100 Beginning Reporting
- PUR 3000 Principles of Public Relations
- RTC 3001 Introduction to Telecommunications
- MMC 4936 Selected Topics in Mass Communications Studies*

Any other Mass Comm course in which prerequisites are met

*Please see the academic advisor for appropriate selected topics courses.

Advising Information
Daniel Shelnutt, Academic Advisor
BROADCAST NEWS (NWS)
REQUIREMENTS FOR THE CONCENTRATION IN BROADCAST NEWS
TOTAL CONCENTRATION HOURS: 43

Concentration Core (33 hours)
Required Courses (21 credit hours):
- JOU 4181 Public Affairs Reporting
- MMC 4200 History and Principles of Communications Law
- MMC 4420 Research Methods in Mass Communications
- RTV 3001 Introduction to Telecommunications
- RTV 3301 Broadcast News
- RTV 4304 TV News
- RTV 4321 Electronic Field Production

Other Requirements (12 credit hours):
The following courses are required outside the School to complete sequence requirements:
- PHI 1103 Critical Thinking
- POS 2041 American National Government
- SPC 2608 Public Speaking
- POS 2112 State and Local Government and Politics or POS 3142 Intro to Urban Politics and Government

Concentration Electives (10 hours)
Ten (10) credit hours of elective courses, selected with advisor’s approval.

Advising Information
Daniel Shelnutt, Academic Advisor

BROADCAST-PROGRAM AND PRODUCTION (PGM)
REQUIREMENTS FOR THE CONCENTRATION IN BROADCAST-PROGRAM AND PRODUCTION
TOTAL CONCENTRATION HOURS: 37

Concentration Core (27 hours)
Required Courses (21 credit hours):
- MMC 4200 History and Principles of Communications Law
- RTV 2100 Writing for Radio and TV
- RTV 3001 Introduction to Telecommunications
- RTV 3301 Broadcast News
- RTV 4542 TV Production and Direction
- RTV 4321 Electronic Field Production
- RTV 4500 Telecommunications Programming and Management

Other Requirements (6 credit hours):
The following courses are required outside the School to complete sequence requirements:
- PHI 1103 Critical Thinking
- CRW 2100 Narration and Description or ENC 3310 Expository Writing or ENC 3250 Professional Writing

Concentration Electives (10 hours)
Ten (10) credit hours, selected with advisor’s approval

Advising Information
Daniel Shelnutt, Academic Advisor

JOURNALISM-MAGAZINE (MAG)
REQUIREMENTS FOR THE CONCENTRATION IN JOURNALISM-MAGAZINE
TOTAL CONCENTRATION HOURS: 49

Concentration Core (42 hours)
Required Courses (24 credit hours):
- JOU 2100 Beginning Reporting
- JOU 3101 Advanced Reporting
- JOU 3308 Magazine Article and Feature Writing
- JOU 4201 News Editing I
### JOURNALISM-NEWS-EDITORIAL (JOU)

**REQUIREMENTS FOR THE CONCENTRATION IN JOURNALISM-NEWS-EDITORIAL**

**TOTAL CONCENTRATION HOURS: 46**

#### Concentration Core (36 hours)

**Required Courses (21 credit hours):**
- JOU 2100 Beginning Reporting
- JOU 3101 Advanced Reporting
- JOU 4181 Public Affairs Reporting
- JOU 4201 News Editing I
  - MMC 4200 History and Principles of Communications Law
  - MMC 4203 Communication Ethics
- JOU 4213 Newspaper and News Publication Design or PGY 3610C Photojournalism I

#### Other Requirements (15 credit hours):

The following courses are required outside the School to complete sequence requirements:
- ECO 1000 Basic Economics
- PHI 1103 Critical Thinking
- POS 2041 American National Government
- SYG 2010 Contemporary Social Problems
- POS 2112 State and Local Government and Politics or POS 3142 Intro to Urban Politics and Government

#### Concentration Electives (10 hours)

Ten (10) credit hours, selected with advisor’s approval

### PUBLIC RELATIONS (PUR)

**REQUIREMENTS FOR THE CONCENTRATION IN PUBLIC RELATIONS**

**TOTAL CONCENTRATION HOURS: 49**

#### Concentration Core (45 hours)

**Required Courses (27 credit hours):**
- ADV 3008 Introduction to Advertising
- JOU 2100 Beginning Reporting
- MMC 4200 History and Principles of Communications Law or MMC 4203 Communication Ethics
- PUR 3000 Principles of Public Relations
- PUR 3500 Public Relations Research
- PUR 4100 Writing for Public Relations
- PUR 4101 Public Relations Design and Production
- PUR 4401 Public Relations: Issues, Practices, and Problems
Other Requirements (18 credit hours):
The following courses are required outside the School to complete sequence requirements:
- ECO 1000 Basic Economics
- LIS 2005 Library and Internet Research Skills
- MAN 3025 Principles of Management
- MAR 3023 Basic Marketing
- POS 2041 American National Government
- POS 2112 State and Local Government and Politics or POS 3142 Intro to Urban Politics and Government

Concentration Electives (4 hours)
Four (4) credit hours, selected with advisor's approval

Advising Information
Daniel Shelnutt, Academic Advisor

MASS COMMUNICATIONS FACULTY

- B.A. - MATHEMATICS (MTH) (CIP = 27.0101 - TRACK 1 OF 4)

TOTAL DEGREE HOURS: 120
http://math.usf.edu/ug/math/

The mathematics program offers a diversity of courses designed not only to enable the student to pursue a profession in mathematics itself, but also to enhance the student's competence in the fields of engineering, the physical sciences, the life sciences, and the social sciences. The program emphasizes the broad nature of modern mathematics and its close associations with the real world and prepares students for careers in industry or secondary education as well as entry into graduate school.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.
- COP XXXX A Scientific Programming Course designed for Computer Science Majors
- MAC X311 Calculus I
- MAC X312 Calculus II - Calculus with Analytic Geometry II
- MAC X313 Calculus III - Calculus with Analytic Geometry III
- MAP X302 Differential Equations
- BSC XXXX / XXXXL
- CHM XXXX / XXXXL
- PHY XXXX / XXXXL
- GLY XXXX / XXXXL

REQUIREMENTS FOR THE MAJOR IN MATHEMATICS

TOTAL MAJOR HOURS: 45

Major requirements for the B.A. Degree:
Major Core (30 hours)
Minimum 45 credit hours; 30 credit hours in major coursework and 15 credit hours in concentration coursework. Upon completing the three requirements below (30 credit hours), students are required to complete one of the following three concentrations: Applied/Computational Mathematics, Pure Mathematics, or General Mathematics.

Core Requirement: Majors must complete the following seven courses (24 credit hours):
- MAC 2311 Calculus I or MAC 2281 Engineering Calculus I
- MAC 2312 Calculus II or MAC 2282 Engineering Calculus II
- MAC 2313 Calculus III or MAC 2283 Engineering Calculus III
- MAS 3156 Vector Calculus
- MAP 2302 Differential Equations
- MGF 3301 Bridge to Abstract Mathematics
- MAS 3105 Linear Algebra

Algebra Requirement: Majors must complete the following course (3 credit hours):
- MAS 4301 Elementary Abstract Algebra

Symbolic Computations Requirement: Majors must complete the following course (3 credit hours):
- COP 4313 Symbolic Computations in Mathematics

Mathematics-Related Courses (Minimum 6 credit hours):
- Students must take two courses in Science or Engineering which are required courses for the majors within those departments. The two courses need not be in the same department. Science courses must include laboratories and be offered by the departments of Cell Biology, Microbiology and Molecular Biology; Chemistry; Geology; Integrative Biology or Physics.

**MATHEMATICS CONCENTRATIONS**

**APPLIED/COMPUTATIONAL MATHEMATICS (ACM)**
This concentration is designed for majors whose interests lie in applications and/or computations. Majors who complete this concentration will be well prepared to explore problems from science, industry, and government.

**REQUIREMENTS FOR THE CONCENTRATION IN APPLIED/COMPUTATIONAL MATHEMATICS**

**TOTAL CONCENTRATION HOURS: 15**

**Concentration Core (12 hours)**
- Majors in this concentration must complete at least one (1) course (three credit hours) in each of the following areas: Numerical/Algorithms, Partial Differential Equations and Applications, Discrete Mathematics, and Statistics/Probability. Additionally students must choose one elective course.
  - Numerical/Algorithms Requirement – Choose one course.
    - MAD 4401 Numerical Analysis I
    - MAD 4402 Numerical Analysis II
    - MAP 4202 Optimization
  - Partial Differential Equations and Applications Requirement - Choose one course.
    - MAP 4341 Introduction to Partial Differential Equations
  - Discrete Mathematics Requirement - Choose one course.
    - MAD 4203 Introduction to Combinatorics
    - MAD 4301 Introduction to Graph Theory
    - MAD 4504 Theory of Computation
    - MAD 4471 Introduction to Cryptography and Coding Theory
  - Statistics/Probability Requirement - Choose one course.
    - STA 4321 Essentials of Statistics
    - STA 4442 Introduction to Probability

**Concentration Electives (3 hours)**
- Majors must complete at least one (1) course (three credit hours) from the following electives. This course may NOT be used to fulfill any of the above requirements.
  - MAD 4203 Introduction to Combinatorics
  - MAD 4301 Introduction to Graph Theory
  - MAD 4401 Numerical Analysis I
  - MAD 4402 Numerical Analysis II
  - MAD 4504 Theory of Computation
  - MAD 4471 Introduction to Cryptography and Coding Theory
  - MAP 4202 Optimization
  - MAP 4341 Introduction to Partial Differential Equations
  - MAT 4930 Selected Topics in Mathematics (may be taken as an elective with the prior approval of the department chair)
GENERAL MATHEMATICS (GMM)

This concentration is designed for students whose interests lie in both applications and theory. Students who complete this concentration will be exposed to a variety of topics to help prepare the student for future endeavors in either aspect.

REQUIREMENTS FOR THE CONCENTRATION IN GENERAL MATHEMATICS

TOTAL CONCENTRATION HOURS: 15

Concentration Core (6 hours)
Majors in this concentration must complete at least one (1) course (three credit hours) in each of the following areas: Applied Mathematics, Pure Mathematics. Additionally students must choose three elective courses.

Applied Mathematics Requirement (3 credit hours) - Majors in this concentration must complete one (1) course from the list below.
- MAD 4401 Numerical Analysis I
- MAD 4402 Numerical Analysis II
- MAD 4504 Theory of Computation
- MAD 4471 Introduction to Cryptography and Coding Theory
- MAP 4202 Optimization
- MAP 4341 Introduction to Partial Differential Equations
- STA 4321 Essentials of Statistics
- STA 4442 Introduction to Probability

Pure Mathematics Requirement (3 credit hours) - Majors in this concentration must complete one (1) course from the list below.
- MAA 4211 Intermediate Analysis I
- MAA 4212 Intermediate Analysis II
- MAA 4402 Complex Variables
- MAD 4203 Introduction to Combinatorics
- MAD 4301 Introduction to Graph Theory
- MAS 4302 Elementary Abstract Algebra II
- MTG 4214 Modern Geometry
- MTG 4254 Differential Geometry
- MTG 4302 Introduction to Topology

Concentration Electives (9 hours)
Majors in this concentration must complete three (3) courses (9 credit hours) from the list below. These courses may NOT be used to fulfill any of the above requirements.
- MAA 4211 Intermediate Analysis I
- MAA 4212 Intermediate Analysis II
- MAA 4402 Complex Variables
- MAD 4203 Introduction to Combinatorics
- MAD 4301 Introduction to Graph Theory
- MAD 4401 Numerical Analysis I
- MAD 4402 Numerical Analysis II
- MAD 4504 Theory of Computation
- MAD 4471 Introduction to Cryptography and Coding Theory
- MAP 4202 Optimization
- MAP 4341 Introduction to Partial Differential Equations
- MAS 4302 Elementary Abstract Algebra II
- MTG 4214 Modern Geometry
- MTG 4254 Differential Geometry
- MTG 4302 Introduction to Topology
- MAT 4930 Selected Topics in Mathematics (may be taken as an elective with the prior approval of the department chair)

One course from another department which are of high mathematical content may also be taken as an elective, with the prior approval of the department chair.

PURE MATHEMATICS (PMM)
This concentration is designed for majors whose interests lie in mathematical theory. Majors who complete this concentration will be well prepared to continue mathematical studies in graduate school and/or to explore mathematical theory in government and industry.

REQUIREMENTS FOR THE CONCENTRATION IN PURE MATHEMATICS

TOTAL CONCENTRATION HOURS: 15

Concentration Core (12 hours)
Students in this concentration will need to complete Analysis requirement and complete one course in the following areas: Algebra and Discrete Mathematics, Advanced Analysis, Geometry and Topology. Additionally students must choose one elective course.

Analysis Requirement - Majors in this concentration must complete the following course:
MAA 4211 Intermediate Analysis I

Majors in this concentration must also complete one (1) course (three credit hours) in each of the following areas:

Algebra and Discrete Mathematics Requirement - Choose one course.
- MAD 4203 Introduction to Combinatorics
- MAD 4301 Introduction to Graph Theory
- MAD 4504 Theory of Computation
- MAD 4471 Introduction to Cryptography and Coding Theory
- MAS 4302 Elementary Abstract Algebra II

Advanced Analysis Requirement - Choose one course.
- MAA 4212 Intermediate Analysis II
- MAA 4402 Complex Variables
- MAP 4341 Introduction to Partial Differential Equations

Geometry and Topology Requirement - Choose one course.
- MTG 4214 Modern Geometry
- MTG 4254 Differential Geometry
- MTG 4302 Introduction to Topology

Concentration Electives (3 hours)
majors must complete at least one (1) course (three credit hours) from the following electives. This course may NOT be used to fulfill any of the above requirements.
- MAA 4212 Intermediate Analysis II
- MAA 4402 Complex Variables
- MAD 4203 Introduction to Combinatorics
- MAD 4301 Introduction to Graph Theory
- MAD 4504 Theory of Computation
- MAD 4471 Introduction to Cryptography and Coding Theory
- MAP 4341 Introduction to Partial Differential Equations
- MAS 4302 Elementary Abstract Algebra II
- MTG 4214 Modern Geometry
- MTG 4254 Differential Geometry
- MTG 4302 Introduction to Topology
- MAT 4930 Selected Topics in Mathematics (may be taken as an elective with the prior approval of the department chair)

One course from another department which are of high mathematical content may also be taken as an elective, with the prior approval of the department chair.

Grading Requirement
In general, grades of C- or better are required for courses in the mathematics major and minor and in the statistics major. However, C- is not an acceptable grade for any course that is being used as a prerequisite for a follow-on course. For these courses a grade of C (2.0 grade points) or better is required. Students whose prerequisites are more than three years old will be expected to take a placement test prior to taking a follow-on course.

Residency Requirement
Majors are required to take a minimum of 12 credit hours of required courses in the department of Mathematics and Statistics at USF.

Other Requirements
Those interested in pursuing advanced degrees in Mathematics may also be interested in the Honors Program and/or the Accelerated BA/MA Program, both detailed below.
Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

OPTIONAL HONORS PROGRAM

HONORS PROGRAM IN MATHEMATICS

The program is designed for students who wish to obtain a B.A. degree that will indicate unusual strength in the field of mathematics. Successful completion of the program will be prominently displayed on the student's diploma and will be recorded on the official USF transcript of the student's work.

Students are eligible for admission to the program when they:
1. have completed MAS 4301 Elementary Abstract Algebra;
2. have at least a 3.0 GPA for all college courses; and
3. have at least a 3.5 GPA for all Mathematics courses.

Applications are submitted to the Undergraduate Committee in the Department of Mathematics. The requirements for a B.A. degree in mathematics with Honors are as follows:
1. completion of the requirements of the major in Mathematics;
2. completion of MAA 4211 Intermediate Analysis I;
3. completion of MAT 4970 Mathematics Senior Thesis;
4. completion of eight Mathematics courses at or above the 4000-level;
5. at least a 3.0 average for all college courses; and
6. at least a 3.5 average for all Mathematics courses.

At least 3 (and usually 6) credit hours of Mathematics Senior Thesis are required. There will be a thesis committee and the thesis will need to be successfully defended.

Accelerated B.A. in Mathematics and M.A. in Mathematics

This program is designed for superior students having a solid background in high school mathematics and the ability to handle a fast paced, challenging program leading to a B.A. in Mathematics and M.A. in Mathematics in four to five years.

Advising Information

Please visit the following website: http://math.usf.edu/resources/advising/ for additional information and all your advising needs.

MATHEMATICS FACULTY

• B.S. - MEDICAL TECHNOLOGY (MET) (CIP = 51.1005)

TOTAL DEGREE HOURS: 120

The University of South Florida offers a four year program leading to the Bachelor of Science degree in Medical Technology. The first three years are completed on campus; the fourth year (12 months) is completed at one of three affiliated hospitals in Florida, located in Tampa, St. Petersburg, and Jacksonville. Admission to the fourth year is limited by the number of openings in affiliated hospitals and, at the present time, is competitive. Selection for the clinical program is made by the hospitals and students not admitted to a clinical program will need to select an alternate degree. Generally, hospitals require a minimum GPA of 2.50 to 2.75, and our students admitted to clinical programs in recent years have had a mean GPA of 3.4 or higher.

Students successfully completing this program will be granted a Bachelor of Science degree in Medical Technology.
STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- **General Biology I with Laboratory** - USF’s course recommendation: BSC 2010/BSC 2010L
- **Human Anatomy and Physiology I with Laboratory** - USF’s course recommendation: BSC 2093C or BSC 2085/BSC 2085L
- **Human Anatomy and Physiology II with Laboratory** - USF’s course recommendation: BSC 2094C or BSC 2086/BSC 2086L.
- **General Microbiology with Laboratory** - USF’s course recommendation: MCB 3020/MCB 3020L.
- **General Chemistry I with Laboratory** - USF’s course recommendation: CHM 2045/CHM 2045L.
- **General Chemistry II with Laboratory** - USF’s course recommendation: CHM 2046/CHM 2046L.
- **Organic Chemistry I with Laboratory** - USF’s course recommendation: CHM 2210/CHM 2210L.
- **Organic Chemistry II with Laboratory** - USF’s course recommendation: CHM 2211/CHM 2211L.

REQUIREMENTS FOR THE MAJOR IN MEDICAL TECHNOLOGY

**TOTAL MAJOR HOURS: 89**

Major requirements for the B.S. Degree:

**Major Core (89 hours)**

- BSC 2010 Cellular Processes
- BSC 2010L Cellular Processes Laboratory
- BSC 2011 Biodiversity
- BSC 2011L Biodiversity Laboratory
- BSC 2093C Human Anatomy and Physiology I or BSC 2085 Anatomy and Physiology I for Health Professionals and BSC 2085L Anatomy and Physiology Laboratory I for Health Professionals
- BSC 2094C Human Anatomy and Physiology II or BSC 2086 Anatomy and Physiology II for Health Professionals and BSC 2086L Anatomy and Physiology Laboratory II for Health Professionals
- MCB 3020 General Microbiology
- MCB 3020L General Microbiology Lab
- CHM 2045 General Chemistry I
- CHM 2045L General Chemistry I Laboratory
- CHM 2046 General Chemistry II

- BCH 3053 General Biochemistry

Upon successful completion of this curriculum and acceptance by one of the affiliated hospitals, the student will complete twelve (12) continuous months of training at that hospital. Hospital programs begin in July or early August each year and some hospitals also have programs beginning in January. During this clinical training, the student will
continue to be registered as a full-time student of the University and will receive a total of 30 credit hours of coursework in the following courses, which will be taught at the hospital:

- MLS 4038 Introduction to Medical Technology
- MLS 4860 Clinical Urinalysis and Body Fluid
- MLS 4861 Clinical Immunology
- MLS 4862 Clinical Hematology
- MLS 4863 Clinical Microbiology
- MLS 4864 Clinical Chemistry
- MLS 4865 Clinical Immunohematology
- MLS 4866 Clinical Laboratory Management and Education

All courses required for admission to the clinical program must be completed prior to beginning the clinical year. These requirements include:

1. A minimum of 90 semester hours (excluding physical education).
2. All university FKL Liberal Arts requirements.
3. State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math).
4. All sciences and mathematics requirements listed below, including common prerequisites and those specific to USF, with a "C" or higher in each course.

General Electives. Courses over and above the required courses should be taken to complete a 120 hour program. Additional courses in computer programming, economics, management, engineering, statistics, writing, and other applied disciplines are strongly recommended to strengthen the degree for subsequent professional employment.

Transfer Credit: It is strongly recommended that students transferring from community/state colleges to the University of South Florida complete whole sequences of chemistry courses, such as general and organic chemistry, before they transfer. Even though courses may carry the same common course number, topics covered may vary significantly from school to school.

D/F Policy: The following three departments, the Department of Chemistry, the Department of Cell Biology, Microbiology and Molecular Biology and the Department of Integrative Biology have instituted a procedure to provide students with the best opportunity to progress toward their degree requirements.

Effective Fall 2009, the following D and/or F grade rules apply for students to continue in all of the following majors:

- Biomedical Sciences
- Cell and Molecular Biology
- Chemistry B.A. - including Biochemistry/Biotechnology and Health Professions concentrations
- Chemistry B.S.
- Environmental Biology
- Environmental Microbiology
- Integrative Animal Biology
- Interdisciplinary Natural Sciences
- Marine Biology
- Medical Technology
- Microbiology, and
- Pre-Medical Sciences (PMS) students who have not yet declared a major

*Non-Science majors are also subject to the D/F policy*

All students entering USF for the first time, in Fall 2009 or later, who subsequently earn three (3) D and/or F grades in applicable USF science and math coursework for their major (i.e. Math, Biology, Chemistry and Physics) will be required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have not earned any D or F grades in USF science and math coursework for their major (i.e. Math, Biology, Chemistry and Physics) before Fall 2009, will also be redirected after earning three (3) D and/or F grades in subsequent terms. Upon earning the 3rd D and/or F grade, students will be required to choose another major more appropriate to their goals and academic performance, and to one that is not conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology, and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have earned one (1) or more D or F grades in USF science and math coursework for the major (i.e. Math, Biology, Chemistry and Physics) prior to Fall 2009, will be allowed to count all previous D/F grades as one (1) D/F grade. After Fall 2009, students who earn two (2) additional D and/or F grades (resulting in three (3) total D/F grades) in subsequent terms will be required to choose another major more appropriate to their goals and academic performance, and to one that is not conferred by the
Grading Requirement
A grade of C or better is required for science and mathematics courses and each supporting course for the Major. All courses in any chemistry major must be taken with letter grade (A, B, C, D, F, I) except those courses which are graded S/U only.

Research Opportunities
The Department of Chemistry offers the opportunity for students to participate in undergraduate research with Chemistry faculty. Students can apply for the Academic Research Experience for Undergraduates (REU) Program and find more information here: [http://chemistry.usf.edu/undergraduate/reu/](http://chemistry.usf.edu/undergraduate/reu/). Students who wish to enroll in an undergraduate research course with a Chemistry faculty member should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in a 0 credit research course. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Academic Advisors in the Department of Chemistry, as well as the Office for Undergraduate Research, can assist students in understanding the various course options.

Advising Information
Department of Chemistry Advising: chemadvise@usf.edu or [http://chemistry.usf.edu/advising/](http://chemistry.usf.edu/advising/).

MEDICAL TECHNOLOGY FACULTY

• B.S. - MICROBIOLOGY (MIC) (CIP = 26.0503)
TOTAL DEGREE HOURS: 120
This degree specializes in the study of bacteria and other microbes, primarily at the cell and molecular level, and focuses on disease causing microbes. The Microbiology core and elective requirements include specialized microbiology courses necessary to qualify for certification by the National Registry of Microbiologists, American Society of Microbiology, and employment in microbiology and related fields. Many microbiology majors plan to apply to medical or dental school, while others plan careers as professional microbiologists in industry and government. Others become teachers or aspire to graduate training in microbiology.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.
**COLLEGE OF ARTS & SCIENCES**

MCB 4115L Determinative Bacteriology Laboratory  
MCB 4320 Molecular Microbiology

**Major Electives (12 hours)**  
Students must choose 12 credit hours from the following list:  
BCH 3053 General Biochemistry  
BOT 4434C Mycology  
BSC 4905 Independent Study (1 credit maximum)  
BSC 5931 Selected Topics in Biology*  
MCB 4313 Industrial Microbiology and Biotechnology  
MCB 4223 Food Microbiology  
MCB 4404 Microbial Physiology and Genetics  
MCB 4404L Microbial Physiology and Genetics Laboratory
MCB 4503 Virology
MCB 4905 Microbiology Undergraduate Research (1 or 2 credit hours/semester, no more than 4 credits total)
MCB 4933 Selected Topics in Microbiology*
MCB 4934 Seminar in Microbiology
MCB 5206 Public Health and Pathogenic Microbiology
MCB 5655 Applied and Environmental Biology
MCB 5815 Medical Mycology
PCB 4234 Principles of Immunology
PCB 4671 Molecular Evolution
ZOO 4753 Human Histology and Molecular Pathology of Disease

*Selected topics approved for the major by the Department of Cell Biology, Microbiology and Molecular Biology

All students majoring in one of the programs offered through the department of Cell Biology, Microbiology and Molecular Biology and entering USF for the first time, in Fall 2009 or later, who subsequently earn three (3) D and/or F grades in USF coursework for their major and/or supporting coursework will be required to change to majors more appropriate to their goals and academic performances. Those majors may not include any conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

All continuing USF students who entered USF prior to Fall 2009 and who have not earned any D or F grades in USF coursework for their major coursework or supporting coursework by the beginning of Fall 2009, will also be allowed three (3) D and/or F grades in subsequent terms before being required to choose another major more appropriate to their goals and academic performances, and not including any conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

Any continuing USF students who enter USF prior to Fall 2009 and who have earned greater than or equal to one (1) D or F grade in USF coursework for their major coursework or supporting coursework by the beginning of Fall 2009, will be allowed only two (2) more D and/or F grades in subsequent semesters before being required to choose other majors more appropriate to their goals and academic performances, and not including any majors conferred by the Department of Chemistry, Department of Integrative Biology or Department of Cell Biology, Microbiology and Molecular Biology.

Grade Forgiveness will NOT apply to the mandated requirement of changing major.

Grading Requirement
A student must receive a C- grade or better in all Department of Cell Biology, Microbiology, and Molecular Biology courses and supporting courses in the natural sciences, except if they are used as general elective courses. This specification applies to both USF and transfer courses.

Please note that some supporting science courses may require a grade of C or better in order to meet the prerequisite requirements for course sequences.

Residency Requirement
A minimum of 20 credits hours of courses must be taken in residency and be applicable to the major.

Once a student has matriculated to USF Tampa, he/she is expected to take 100 percent of the required major coursework at USF Tampa.

Research Opportunities
A maximum of 2 credit hours of Undergraduate Research (MCB 4905) may be taken in a single semester, and a maximum of 4 credit hours of Undergraduate Research may be applied as electives.

Accelerated B.S. in Microbiology and M.S. in Microbiology
This program allows undergraduate Microbiology to take graduate courses for the elective part of the Microbiology major and apply them to a non-thesis M.S. in Microbiology. Successful students will be able to earn the M.S. degree in two additional semesters beyond the completion of the B.S. degree.

MICROBIOLOGY FACULTY
COLLEGE OF ARTS & SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

• B.A. - PHILOSOPHY (PHI) (CIP = 38.0101)

TOTAL DEGREE HOURS: 120

http://philosophy.usf.edu/

This degree prepares our majors to go on to graduate school, medical school, law school, or choose to enter the workforce in a wide variety of public, private, governmental, and non-profit agencies. Faculty in the department collaborate with an extensive group of disciplines, providing students across campus with a site for interdisciplinary learning and teaching. Given the intensity and rigor of study, including analytical reading and critical writing, our majors make themselves extremely attractive to potential employers.

STATE MANDATED COMMON COURSE PREREQUISITES

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for this program.

REQUIREMENTS FOR THE MAJOR IN PHILOSOPHY

TOTAL MAJOR HOURS: 36

Major requirements for the B.A. Degree:

Major Core (15 hours)

Courses for the major are divided into four groups: history, logic, capstone, and electives. Within the history and elective groups, students have considerable latitude in selecting their courses; however, it is expected that they do so in consultation with their major advisor and Philosophy faculty with a view toward achieving a balanced program of study.

Students pursuing Philosophy as a second major are required to complete 30 hours in Philosophy coursework

I. History of Philosophy – 9 credit hours:

Choose three of the following courses:

PHH 3062 History of Western Philosophy: Ancient Philosophy
PHH 3280 Medieval and Renaissance Philosophy
PHH 3420 Early Modern Philosophy
PHH 3442 Late Modern Philosophy
PHH 4440 Continental Philosophy
PHH 4600 Contemporary Philosophy
PHH 4700 American Philosophy
PHH 4820 Chinese Philosophy
PHM 4331 Modern Political Philosophy
PHP 3786 Existentialism
PHP 4000 Plato
PHP 4010 Aristotle
PHP 4410 Kant
PHP 4784 Analytical Philosophy

II. Logic – 3 credit hours:

Choose one of the following courses:

PHI 3130 Formal Logic (Strongly encouraged)
PHI 2101 Introduction to Formal Logic

III. Capstone Seminar – 3 credit hours:

PHI 4938 Philosophy Capstone Seminar

Major Electives (21 hours)

Choose seven courses (21 credit hours) from the following prefixes: PHH, PHI, PHM and PHP. (Fifteen credit hours for students taking Philosophy as a second major) No more than six elective hours taken at the 1000 and 2000 level may count toward the Philosophy major. Courses taken to fulfill the nine hours of History of Philosophy requirement (I.) will not count toward elective hours in the major.

Grading Requirement

No grade below C- in any required philosophy course or philosophy elective may count toward the major.
Residency Requirement
No more than six hours of Philosophy electives and three hours of required Philosophy coursework taken at institutions other than USF may count toward the major.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

OPTIONAL HONORS PROGRAM
The Honors Program in Philosophy allows superior students to pursue philosophical studies at a more advanced level than is customary in undergraduate Philosophy programs. Students in the Honors Program will be required to do independent research and to write and defend an undergraduate thesis.

Admission Criteria:
1. Students must already have declared a major in Philosophy.
2. Students must complete nine (9) hours in Philosophy at the 3000-level or higher (PHI 2101 may count toward the nine hours).
3. Students must have an overall grade point average of 3.5 or better, and their grade point average in Philosophy coursework must be at least a 3.50 or better.
4. Students who wish to be considered for the Honors Program must request to be nominated by a member of the faculty. Once nominated by a faculty member, a majority of the faculty who have taught the student must approve the student's admission to the Honors Program.

Program Requirements:
In addition to completing the requirements for the Major in Philosophy, students must meet the following requirements:
1. Students cannot receive a grade lower than a "B" in any Philosophy course, and their GPA in Philosophy coursework must be at least 3.50 to remain in, or be graduated from, the Honors Program.
2. Students must write a senior thesis and undergo an oral examination on the thesis before a committee of two Philosophy faculty members. Students will register for three hours in directed study in Philosophy (PHI 4905 or IDH equivalent), with supervision of Philosophy faculty, for work on their thesis. Students who are in the Honors College may use the same project to count for both Philosophy Honors and an Honors College thesis. In such cases, the student shall not register for directed study in Philosophy (PHI 4905) as part of completing the thesis.
3. Students must complete 36 credit hours in Philosophy.

Other Information
Students pursuing Philosophy as a second major are required to complete 30 hours in Philosophy coursework. To do so they must make a written request to the Undergraduate Director at the time they declare their Philosophy major.

Advising Information
Academic Advisor: Andrew Bird, 813-974-6957, abird@usf.edu
Undergraduate Program Director: Alex Levine, 813-974-5508, levineat@usf.edu

PHILOSOPHY FACULTY

B.A. - PHYSICAL SCIENCES (PSBA) (CIP = 40.0801 - TRACK 1 OF 3)
TOTAL DEGREE HOURS: 120

The degree in Physical Sciences will prepare students for employment in technical fields requiring a background in one or more of the physical sciences.
STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- CHM X045/X045L General Chemistry I (with lab) or CHM X040 & CHM X041 or CHM X045C
- CHM X046/X046L General Chemistry II (with lab) or CHM X046C

MAC 2313 Calculus III or MAC 2283 Engineering Calculus III
PHY 2048 General Physics I – Calculus Based and PHY 2048L General Physics I Laboratory
or PHY 2060 Enriched General Physics I with Calculus and PHY 2048L is strongly recommended
PHY 2049 General Physics II – Calculus Based and PHY 2049L General Physics II Laboratory
or PHY 2061 Enriched General Physics II with Calculus and PHY 2049L is strongly recommended

REQUIREMENTS FOR THE MAJOR IN PHYSICAL SCIENCES
TOTAL MAJOR HOURS: 39

Major requirements for the B.S. Degree:
Major Core (6 hours)
Computational Science Requirement (6 credit hours)
Choose any two of the following courses:
COP 4313 Symbolic Computations in Mathematics (PR: MAS 3105 and MAP 2302)
GLY 3866 Computational Geology
PHZ 4151C Computational Physics
MAD 4401 Numerical Analysis I (PR: MAP 2302 and MAS 3105)
MAD 4471 Introduction to Cryptography and Coding Theory (PR: MAS 3105 and MGF 3301)
MAD 4504 Theory of Computation (PR: MGF 3301 and MAD 3107)

Major Electives (33 hours)
Choose 33 credit hours from the following list of courses:
CHM 2210 Organic Chemistry I
CHM 2210L Organic Chemistry I Laboratory
CHM 3120C Elementary Analytical Chemistry
CHM 3610 Intermediate Inorganic Chemistry
CHM 3610L Intermediate Inorganic Chemistry Laboratory
CHM 4410 Physical Chemistry I
CHM 4410L Physical Chemistry I Lab
CHM 4413 Biophysical Chemistry
ESC 2000 Introduction to Earth Science
GEO 3280 Environmental Hydrology
GLY 3010 Dynamic Earth: Introduction to Physical Geology
GLY 3311C Mineral, Petrology, Geochemistry
MAP 2302 Differential Equations
MAS 3105 Linear Algebra
MAS 3156 Vector Calculus
MGF 3301 Bridge to Abstract Math
OCE 2001 Introduction to Oceanography
PHY 3101 Modern Physics
PHY 3220 Classical Mechanics (PR: PHY 3101 and PHZ 3113)
PHY 3323 Electricity and Magnetism I (PR: PHY 3101 and PHZ 3113)
PHY 3822L Intermediate Laboratory (CR: PHY 3101)
PHY 4424 Optics (PR: PHY 3101)
PHY 4604 Introduction to Quantum Mechanics (PR: PHY 3101 and PHZ 3113)
PHY 4744C Introduction to Electronics and Test Instrumentation (PR: PHY 3822L)
PHY 4823L Advanced Laboratory (PR: PHY 3822L)
PHY 4930 Undergraduate Seminar
PHZ 3113 Mathematical Methods in Physics
PHZ 4151C Computational Physics (may not count for both the computational science and major electives requirements)

Other courses may count, subject to approval by the Physics Undergraduate Coordinator. A maximum of 12 credit hours may be included from courses in Chemical, Biomedical, Electrical, Mechanical, and Civil Engineering that have either PHY 2049, PHY 2061 or CHM 2046 as prerequisites.

Note: Students may need to satisfy additional prerequisites prior to taking some of the listed courses.

GPA Requirements
Students must maintain a minimum GPA of 2.0 in courses required for the major.

Course Grade Requirement
The minimum satisfactory letter grade for any course used to satisfy requirements for the major is C-.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

• B.S. - PHYSICS (PHS) (CIP = 40.0801 - TRACK 1 OF 3)
TOTAL DEGREE HOURS: 120
http://physics.usf.edu/ug/degree/

The B.S. program is intended for students planning to pursue graduate studies in physics or a closely related field.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

CHM X045/X045L General Chemistry I (with lab) or CHM X040 & CHM X041 or CHM X045C
CHM X046/X046L General Chemistry II (with lab) or CHM X046C
MAC X311 Calculus I or MAC X281
MAC X312 Calculus II or MAC X282
MAC X313 Calculus III or MAC X283
PHY X048/X048L General Physics I or PHY X048C
PHY X049/X049L General Physics II or PHY X049C
**Required Supporting Courses for the Major: 20 Hours**

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

- CHM 2045 General Chemistry I
- CHM 2045L General Chemistry I Laboratory
- CHM 2046 General Chemistry II
- CHM 2046L General Chemistry II Laboratory
- MAC 2311 Calculus I or MAC 2281 Engineering Calculus I
- MAC 2312 Calculus II or MAC 2282 Engineering Calculus II
- MAC 2313 Calculus III or MAC 2283 Engineering Calculus III

**REQUIREMENTS FOR THE MAJOR IN PHYSICS**

**TOTAL MAJOR HOURS: 47**

**Major requirements for the B.S. Degree:**

**Major Core (42 hours)**

- Physics Courses (42 hours):
  - PHY 2048 General Physics I
  - PHY 2048L General Physics I Laboratory
  - PHY 2049 General Physics II
  - PHY 2049L General Physics II Laboratory
  - PHY 3101 Modern Physics
  - PHZ 3113 Mathematical Methods in Physics
  - PHY 3822L Intermediate Laboratory
  - PHY 3220 Classical Mechanics
  - PHY 3323 Electricity and Magnetism I
  - PHY 4823L Advanced Laboratory
  - PHY 4910 Undergraduate Research (2 hours recommended)
  - PHY 4604 Introduction to Quantum Mechanics
  - PHY 4930 Undergraduate Seminar
  - PHY 4324 Electricity and Magnetism II
  - PHY 4523 Statistical Physics
  - PHY 4605 Quantum Mechanics II

**Major Electives (5 hours)**

Plus 5 credit hours of Physics electives subject to approval of undergraduate advisor.

**Grading Requirement**

A minimum grade of "C" is required for all physics classes in the curriculum.

**Residency Requirement**

A minimum of 20 credit hours of physics courses in residency.

**Research Opportunities**

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

**Advising Information**

Physics Advising: physics.usf.edu/ug/advising/; physicsadvise@usf.edu

**PHYSICS FACULTY**

The B.A. program is designed for students who are not currently planning to attend physics graduate school and/or who want to pursue parallel studies in other fields such as mathematics, biology, chemistry, computer science, engineering, business, pre-med, pre-law, and teacher education.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

CHM X045/X045L General Chemistry I (with lab) or CHM X040 & CHM X041 or CHM X045C
CHM X046/X046L General Chemistry II (with lab) or CHM X046C
MAC X311 Calculus I or MAC X281
MAC X312 Calculus II or MAC X282
MAC X313 Calculus III or MAC X283
PHY X048/X048L General Physics I or PHY X048C
PHY X049/X049L General Physics II or PHY X049C

Required Supporting Courses for the Major: 20 Hours

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

CHM 2045 General Chemistry I
CHM 2045L General Chemistry I Laboratory
CHM 2046 General Chemistry II
CHM 2046L General Chemistry II Laboratory
MAC 2311 Calculus I or MAC 2281 Engineering Calculus I
MAC 2312 Calculus II or MAC 2282 Engineering Calculus II
MAC 2313 Calculus III or MAC 2283 Engineering Calculus III

REQUIREMENTS FOR THE MAJOR IN PHYSICS

TOTAL MAJOR HOURS: 33

Major requirements for the B.A. Degree:

Major Core (31 hours)

Physics Courses (33 hours):

PHY 2048 General Physics I
PHY 2048L General Physics I Laboratory
PHY 2049 General Physics II
PHY 2049L General Physics II Laboratory
PHY 3101 Modern Physics
PHZ 3113 Mathematical Methods in Physics
PHY 3822L Intermediate Laboratory
PHY 3220 Classical Mechanics
PHY 3323 Electricity and Magnetism I
PHY 4823L Advanced Laboratory
PHY 4930 Undergraduate Seminar
PHY 4604 Introduction to Quantum Mechanics
Major Electives (2 hours)
   Plus two (2) credit hours of Physics electives subject to approval of undergraduate advisor.

Grading Requirement
   A minimum grade of "C" is required for all physics classes in the curriculum.

Residency Requirement
   A minimum of 20 credit hours of physics courses in residency.

Research Opportunities
   All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Accelerated B.A. in Physics and M.A.T. in Science Education
   This program intends for students to complete a B.A. in Physics (College of Arts and Sciences) and M.A.T. in Science Education (College of Education) over the span of five years. Students completing this program will be eligible for high school and/or middle school science teacher certification. Completion of this program requires students to complete 12 credit hours toward the M.A.T. in Science Education during their senior year in the Physics (B.A.) major.

Teacher Education Programs
   For information concerning the degree programs for secondary school teachers, see College of Education, Department of Secondary Education.

Advising Information
   physicsadvise@usf.edu

PHYSICS FACULTY

• B.A. - POLITICAL SCIENCE (POL) (CIP = 45.1001)
   TOTAL DEGREE HOURS: 120
   http://gia.usf.edu/ps/ughome/

   The undergraduate program leading to the B.A. degree in political science offers a general purpose degree, and a number of more specialized alternatives. The program is designed for students interested in and seeking to understand political problems, issues, and the nature of the political process, as well as the philosophical and legal basis of political structures and processes at local, state, national, and international levels. Satisfying the degree requirements prepares students for positions in the public and private sectors, for law school, for graduate work in political science, international relations, public administration, and related disciplines, for positions in education, and for applied political activity.

STATE MANDATED COMMON COURSE PREREQUISITES
   Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

   If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

   Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

   Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.
Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

6 credit hours POS, INR or CPO prefix lower-level course
(ideally POS 1041 or POS 2041, and POS 1112 or POS 2112)

REQUIREMENTS FOR THE MAJOR IN POLITICAL SCIENCE
TOTAL MAJOR HOURS: 36

Major requirements for the B.A. Degree:

Major Core (12 hours)
A minimum of 36 credit hours is required to satisfy the requirements of the major. Students must take the 12 credit hours of required core courses in Political Science coursework. No more than six (6) credit hours can be taken from POS 4905, POS 4910 and POS 4941. Students enrolled in the Washington, D.C. semester program may have this rule altered by their advisor. (A GPA of 3.0 is required to enroll in these courses; the Chair may grant special exception for students with a GPA between 2.70 and 2.99).

CPO 2002 Introduction Comparative Politics or INR 2002 Introduction to International Relations
Note that either CPO 2002 or INR 2002 must be taken as a core course. However, the other course not taken as a core course may be taken as an elective.

POS 2041 American National Government
POT 3003 Introduction to Political Theory
POS 3713 Empirical Political Analysis

Students should complete POT 3003 and POS 3713 by the end of their junior year; students transferring with 45 credit hours or more are encouraged to complete these courses within their first two semesters in residence at USF. Students are further advised to not take POS 3713 and POT 3003 in the same semester. Please consult with the Political Science advisor with any questions regarding these recommendations.

Major Electives (24 hours)
Students must choose electives from the seven fields listed below with at least one course from Field I, one course from Field II or III, and one course from any of Fields IV, V, VI, or VII. Core required courses must be completed before a course from a given field or field grouping may be taken.

Field I: Political Theory
- POT 3013 Classical Political Theory
- POT 4064 Contemporary Political Thought
- POT 4054 Modern Political Theory
- POT 4204 American Political Thought
- POT 4936 Selected Topics in Political Theory

Field II: Comparative Government and Politics
- CPO 4034 Politics of the Development Areas
- CPO 4930 Comparative Government and Politics of Select Areas
- CPO 5934 Selected Topics in Comparative Politics
- ASN 3012 Japan Today
- ASN 3014 China Today
- ASN 3030 The Middle East
- EUS 3000 Europe
- EUS 3022 Russia
- LAS 3002 Latin America

Field III: International Relations
- INR 3102 American Foreign Policy
- INR 4403 International Law
- INR 4035 International Political Economy
- INR 4502 International Organizations
- INR 3336 Intelligence and U.S. Foreign Policy
- INR 4254 Africa in World Affairs
- INR 3011 Globalization
- INR 3018 World Ideologies
- INR 3033 International Political Cultures
- INR 3038 International Wealth and Power
- INR 3084 International Terrorism
- INR 3141 Global Security Policy
- INR 3202 International Human Rights
- INR 4083 Conflict in the World
- INR 5086 Issues in International Relations
## Field IV: American National and State Governments
- POS 2080 The American Political Tradition
- POS 3182 Florida Politics and Government
- POS 3273 Practical Politics
- POS 4413 The American Presidency
- POS 2112 State and Local Government and Politics
- POS 3453 Political Parties and Interest Groups
- POS 4424 The American Congress
- POS 3173 Southern Politics
- POS 4204 Political Behavior, Public Opinion and Elections
- PUP 4323 Women and Politics

## Field V: Urban Government and Politics
- POS 3142 Introduction to Urban Politics and Government
- URP 4050 City Planning and Community Development

## Field VI: Public Policy
- INR 3102 American Foreign Policy
- PUP 4203 Environmental Politics and Policy
- PUP 4002 Public Policy
- PUP 4323 Women and Politics
- PUP 5607 Public Policy and Health Care
- URP 4050 City Planning and Community Development

## Field VII: Law and Politics
- INR 4403 International Law
- POS 3691 Introduction to Law and Politics
- POS 4614 Constitutional Law I
- POS 4624 Constitutional Law II
- POS 3283 Judicial Process and Politics
- POS 3697 Environmental Law
- POS 4693 Women and Law I
- POS 4694 Women and Law II

The following courses are not included within any of the seven fields, but may still be used as elective hours:
- PAD 3003 Introduction to Public Administration
- POS 4936 Senior Seminar
- PAD 4204 Public Financial Administration
- POS 4941 Field Work
- POS 4905 Independent Study
- POS 4970 Honor Thesis
- POS 4910 Individual Research
- POS 3931 Selected Topics
- POT 4109 Politics and Literature
- POT 4936 Selected Topics in Political Theory

### Grading Requirement
A grade of C- or better is required in all core courses.

### Residency Requirement
Students transferring credit hours toward a major in Political Science must complete a minimum of 21 credit hours within the Department, regardless of the number of credits transferred.

### Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The [Office for Undergraduate Research](#) will assist students in understanding the various course options.
Internship Opportunities

Political Science has a fieldwork program that allows students to obtain part-time internships with state and local government and with political parties at the state and local level. Academic credit is available for such internships. For further information, please refer to http://gia.usf.edu/el/.

Other Information

The Political Science major offers a pre-law plan designed for undergraduate students who are considering a career related to law (courses on Law and Politics are listed under Field VII of the Political Science undergraduate curriculum). The pre-law plan is available to students of all majors. The courses making up the field are of particular interest to law-oriented students but may be taken by others as well. Those following the pre-law plan are recommended to complete courses that can help them develop necessary skills to study law. Students receive the skills and information needed for entry into a number of law-related positions in business and government. Please see the departmental undergraduate advisor to obtain more information about the pre-law plan and refer to http://gia.usf.edu/prelaw/.

Prior to admission to law school, a student must take the Law School Admission Test (LSAT), as given by the Educational Testing Service of Princeton, New Jersey.

Students should plan to take the test at least one year prior to planned enrollment in law school.

Advising Information

To contact an advisor and schedule an appointment, please go to: http://gia.usf.edu/advisor/.

POLITICAL SCIENCE FACULTY

• B.A. - PSYCHOLOGY (PSY) (CIP = 42.0101)

TOTAL DEGREE HOURS: 120

http://psychology.usf.edu/ug/major/

The undergraduate program in Psychology offers the student a well-rounded liberal arts education. In addition, the program provides excellent training for qualified students who wish to pursue graduate work in such disciplines as Clinical, Cognitive and Neural Sciences or Industrial Psychology, Education, Gerontology, Counseling, Management, Medicine, Law, and other human service programs. The undergraduate major emphasizes the breadth of psychology while allowing the student some electives to pursue in depth a particular aspect of the field. Interested undergraduate majors may apply for admission to the Honors Program.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- BSC X0XX General Biology course (or BSC X20X or ZOO X010)
- PSY X012 Introduction to Psychological Science
- PSY XXXX Any other lower-level Psychology course within the Psychology inventory (i.e., CLP, DEP, EAB, EXP, INP, PCO, PPE, and PSB prefixes).
- STA XXXX Any level Statistics course
REQUIREMENTS FOR THE MAJOR IN PSYCHOLOGY
TOTAL MAJOR HOURS: 34

Major requirements for the B.A. Degree:

Major Core (25 hours):
- Majors must complete at least 34 credit hours of specified Psychology major coursework.

Introductory Psychology Requirements (10 credit hours):
- PSY 2012 Introduction to Psychological Science
- PSY 3204 Psychological Statistics or any approved statistics course
- PSY 3213 Research Methods in Psychology

After the introductory psychology requirements, students may choose among courses within the following categories to satisfy the remaining requirements.

One Methods Course: (3 credit hours):
- CLP 4433 Psychological Tests and Measurements
- PSY 4205 Experimental Design and Analysis

Two Courses in Cognitive and Neural Sciences (6 credit hours):
- EXP 4204C Perception
- EXP 4404 Psychology of Learning
- PSB 4004C Physiological Psychology
- EXP 4304 Motivation
- EXP 4680C Cognitive Psychology

Two Courses in Social/Applied Psychology (6 credit hours):
- CLP 4143 Abnormal Psychology
- INP 4004 Industrial Psychology
- SOP 4004 Social Psychology
- DEP 4053 Developmental Psychology
- PPE 4003 Personality

Major Electives (9 hours)

Psychology Elective Courses (9 credit hours):
- If a student takes PSY 3204 to meet the statistics requirement, the student must take three Psychology elective courses (9 credit hours). However, if a student took a different statistics course, the student must take four Psychology elective courses (12 credit hours).
- The Psychology elective courses may be chosen from the courses listed in the above categories beyond the required number for each group and/or any of the following:
  - CBH 4004 Comparative Psychology
  - CLP 4134 Abnormal Child Psychology
  - CLP 4314 Health Psychology**
  - CLP 4414 Behavior Modification
  - CLP 4941 Community Practicum
  - EXP 4640 Psychology of Language
  - GEY 4612 Psychology of Aging**
  - IDS 4942 Community Internship
  - SOP 4702 Psychology of Gender**
  - PSB 3444 Drugs and Behavior**
  - PSY 4215 Discovering Research in Psychology
  - PSY 4913 Directed Study (instructor's permission is required to take this course)
  - PSY 4931 Select Topics: Seminar (generally this course requires the instructor's permission)
- **No prerequisite required.

PSY 3204 or other approved statistics course is the prerequisite to PSY 3213. PSY 3213 is the prerequisite to all of the upper-level Psychology coursework, with the exception of CLP 4314 Health Psychology, PSB 3444 Drugs and Behavior, SOP 4702 Psychology of Gender, and GEY 4612 Psychology of Aging.

No more than a total of three (3) hours of PSY 4913 Directed Study or PSY 4970 Honors Thesis or CLP 4941 Community Practicum may count toward the major.

PSY 4931 Select Topics, may be repeated three (3) times for credit under three different topics.

DEP 3103 Child Psychology, SOP 3742 Psychology of Women, SYP 3000 Social Psychology, PSY 4932 Honors Seminar and PSY 4974 Honors Psych Seminar Second do not count toward the major requirements.

Department of Psychology students are expected to complete their major coursework in a timely fashion. Students who receive a total of three (3) D and/or F grades in Psychology major coursework will no longer be eligible to continue
in the Psychology major and will be required to change their major to a field outside of the Department of Psychology. Grade forgiveness will not exclude a D or F grade from counting for this rule.

Students who began as Psychology majors prior to Fall 2012 will be provided a phase-in period. Specifically, students who accumulated D and/or F grades in Psychology coursework at USF prior to Fall 2012 will be allowed to count any and all prior non-pass grades as one (1) D/F grade. Beginning Fall 2012, these students can still receive two (2) more D and/or F grades at USF before being required to choose a new major.

Once Psychology major students have received three (3) D and/or F grades in Psychology major coursework, they will be removed from all Department of Psychology courses for which they are currently registered, removed from the Psychology major and placed into a non-major code, and emailed the notice of changes to their @mail.usf.edu account. Students will then need to select a new major, declare the new major with the appropriate college, and register for courses which apply to their new major.

The D/F Rule application is final and effective from the beginning of Fall 2012. To be considered for an appeal, a student must meet at least one of the following criteria:

1. Can (and must) complete all degree or minor requirements within one semester, with no more than 10 hours of Psychology area requirements.
2. No longer have 3 D/F grades because the Academic Regulations Committee approved a late withdrawal/drop for one or more of the Psychology courses.
3. No longer have 3 D/F grades because of an instructor change of grade in one or more of the Psychology area courses.

To appeal, the student must send an email to psychad@usf.edu; in the Subject line indicate D/F Appeal and in the body include name, student's U# and a complete explanation of the reason for the appeal. Appeals will be adjudicated by the Undergraduate Coordinator and students notified of results by email.

Undergraduate Coordinator decisions may be appealed in writing to the Psychology department's Undergraduate Program Committee.

GPA Requirements
A major GPA of 2.0 minimum is required for graduation.

Course Grade Requirement
A C- is allowable for individual courses.

Grading Requirement
A minimum grade of "C-" or better must be attained in each course in the major, except for PSY 2012, PSY 3204 (or other qualifying statistics course) and PSY 3213, where a C or better is required.

Residency Requirement
Students transferring credit hours toward a major in Psychology must complete a minimum of 15 credit hours within the Department at USF, regardless of the number of credit hours transferred.

Research Opportunities
The Department of Psychology offers the opportunity for students to participate in undergraduate research with Psychology faculty. Students who wish to enroll in an undergraduate research course (PSY 4913 Directed Study) with a Psychology faculty member should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in a 0-credit research course. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Academic Advisors in the Department of Psychology, as well as The Office for Undergraduate Research can assist students in understanding the various course options.

OPTIONAL HONORS PROGRAM
Psychology Honors Program
The purpose of the Honors Program is to provide a select group of qualified undergraduate Psychology majors an opportunity to undertake an intensive individualized research experience. The culmination of the Honors Program is the completion and defense of an honors thesis. Application for the program will take place during the first semester of the student's junior year or, typically, prior to completion of 90 semester credits. Admission to the program is competitive and based on the student's overall academic record, performance in psychology courses, a letter of recommendation from a member of the Department of Psychology's faculty, agreement of a faculty member to serve as the thesis advisor, and strong performance in the Discovering Research in Psychology course, if offered.

Successful completion of the program requires:

- A GPA of 3.50 in all major coursework,
- An overall GPA of 3.25 at USF, and,
- Completion of 43 hours in Psychology including PSY 4932 Honors Seminar, PSY 4974 Honors Seminar Second
The B.S. in Quantitative Economics and Econometrics is a baccalaureate degree focusing on the more analytical and applied aspects of economics, including forecasting, program and business evaluation, benefit/cost analysis and economic impact analysis.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

ECO X013 Economic Principles: Macroeconomics or ECO XXXX
ECO X023 Economic Principles: Microeconomics or ECO XXXX

REQUIREMENTS FOR THE MAJOR IN QUANTITATIVE ECONOMICS AND ECONOMETRICS

Major requirements for the B.S. Degree:

Total Major Hours: 33

Major Core (30 hours)
- ECO 2013 Economic Principles: Macroeconomics
- ECO 2023 Economic Principles: Microeconomics
- ECO 2052 Analytical Tools for Economists
- ECO 3101 Intermediate Price Theory
- ECO 3203 Intermediate Macroeconomics
- ECO 4401 Introduction to Mathematical Economics
- ECO 4421 Introduction to Econometrics
- STA 2023 Introductory Statistics I

Choose two of the following courses:
- ECO 4105 Advanced Price Theory
ECO 4201 Advanced Macroeconomics Theory
ECO 4935 Selected Topics in Economics: Forecasting and Time Series Analysis

Major Electives (3 hours)
ECO 3703 International Economics
ECO 4303 History of Economic Thought
ECO 4504 Public Finance
ECO 4704 International Trade and Policy
ECP 3203 Labor Economics
ECP 3302 Environmental Economics
ECP 3403 Industrial Organization
ECP 3413 Economics of Regulation and Antitrust
ECP 3530 Economics of Health
ECP 3613 Urban Economics
ECP 3623 Regional Economics
ECP 4006 Economics of Sport
ECP 4451 Law and Economics
ECP 4505 Economics of Crime
ECP 4510 Economics of Education
ECS 3013 Economic Development
ECS 4003 Comparative Economic Systems

NOTE: ECO 1000 (if taken before both ECO 2013 and ECO 2023) if student receives a C- or better may be substituted for a maximum of 3 hours of upper level elective credit.

• MAC 2233 Business Calculus or MAC 2311 Calculus I (or the equivalent) is an acceptable substitute for ECO 2052.
• QMB 3200 Business and Economics Statistics II is an acceptable substitute for STA 2023.
• ECO 2052, MAC 2233 Business Calculus, or MAC 2311 Calculus I (or the equivalent) must be taken as a prerequisite for ECO 3101 and ECO 3203.
• ECP 3703 Managerial Economics may be substituted for ECO 3101. Students may not take both for credit.
• No more than 3 hours credit can be applied toward a major from ECO 4905 and/or ECO 4914.
• Economics majors taking coursework at the other USF institutions may not be able to fulfill all Economics course requirements at those institutions.
• All students entering USF for the first time, in Fall 2012 or later, who earn 3 (three) D and/or F grades in any of the following courses at USF: ECO 2013, ECO 2023, ECO 3101, ECO 3203, STA 2023 (or QMB 2100) and ECO 2052 (or MAC 2233 or MAC 2311 or equivalent) will be required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Economics through the College of Arts and Sciences.
• All continuing USF students who entered USF prior to Fall 2012 and who have not earned any D or F grades in any of the following courses at USF: ECO 2013, ECO 2023, ECO 3101, ECO 3203, STA 2023 (or QMB 2100) and ECO 2052 (or MAC 2233 or MAC 2311 or equivalent) by the beginning of Fall 2012, will also be allowed 3 (three) D and/or F grades in those courses before being required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Economics through the College of Arts and Sciences.
• All continuing USF students who entered USF prior to Fall 2012 and who have earned 1 (one) or more D or F grades in any of the following courses at USF: ECO 2013, ECO 2023, ECO 3101, ECO 3203, STA 2023 (or QMB 2100) and ECO 2052 (or MAC 2233 or MAC 2311 or equivalent) by the beginning of Fall 2012, will only be allowed 2 (two) more D and/or F grades in those courses before being required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Economics through the College of Arts and Sciences.
• Grade Forgiveness will NOT apply to the mandated requirement of changing majors.
• Appeals to the required change of major will be handled in the Economics Department and ONLY those students whose appeal is based on exceptional circumstances will be considered.

Course Grade Requirement
Students must obtain a grade of “C-” or higher in ECO 3101 or ECP 3703 (formerly ECO 3100) in order to enroll in any course for which ECO 3101 or ECP 3703 is a prerequisite.

Grading Requirement
Students must obtain a grade of “C-” or higher in all courses required for the major or minor in Economics.
Residency Requirement
At least 18 credit hours of Economics upper-level coursework must be taken in residence at USF.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Advising Information
Advisors in the College of Arts and Sciences or the Office of Academic Advocacy will be available to assist students in the selection of a new major in their respective colleges.
Department of Economics; econadvise@usf.edu.

QUANTITATIVE ECONOMICS AND ECONOMETRICS FACULTY

• B.A. - RELIGIOUS STUDIES (REL) (CIP = 38.0201)
TOTAL DEGREE HOURS: 120
http://religious-studies.usf.edu/ugrad/requirements/

In Religious Studies, students are exposed to a cross-cultural and multi-disciplinary study of the way in which both individuals and civilizations are deeply influenced by human religious experience. The goal is to enable the educated person to understand better the various ways in which religious values and institutions shape human behavior through a comparative study of religions and cultures. Such an education is invaluable for careers as diverse as journalism, law, medicine, business, as well as careers more directly related to the practice of religion. Majors in Religious Studies will also find courses designed to give them the methodological, theoretical and linguistic skills needed to go on to advanced graduate study in the field.

STATE MANDATED COMMON COURSE PREREQUISITES
Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.
There are no State Mandated Common Prerequisites for this program.

REQUIREMENTS FOR THE MAJOR IN RELIGIOUS STUDIES
TOTAL MAJOR HOURS: 36

Major requirements for the B.A. Degree:

Major Core (36 hours)
Students must choose a total of 36 credit hours from Religious Studies courses. Transfer students may not apply more than 12 hours taken elsewhere toward the major at the University of South Florida.
Students declaring Religious Studies as a second major need to complete 30 credit hours. To do so they must make a written request to the Undergraduate Director at the time they declare the second major.

All majors must take the following (12 credit hours):
One of the following courses (only one will count toward Religious Studies requirements):
REL 2300 Introduction to World Religions
REL 2306 Contemporary World Religions
REL 3308 World Religions
REL 3040 Introduction to Religious Studies
REL 3043 Introduction to Major Religious Texts
Completion 24 additional credit hours that satisfy the following requirements:

Complete 24 additional credit hours of Religious Studies courses, of which at least 18 credit hours must be at the 3000- and/or 4000-level (see listing below) and of which no more than 6 credit hours can be the following variable credit individualized courses: REL 3900 Directed Readings or REL 4910 Undergraduate Research.

REL 2166 Introduction to Religion and Ecology
REL 2210 Hebrew Bible/Old Testament
REL 2240 Introduction to the New Testament
REL 3101 Religion and Popular Culture
REL 3111 The Religious Quest in Contemporary Films
REL 3114 Comedy, Tragedy, and Religion
REL 3116 Religion and Contemporary American Holidays
REL 3117 Religion and Contemporary American Sports
REL 3120 Religion in America
REL 3131 New Religions in America
REL 3132 Witchcraft and Paganism in America
REL 3140 Religion, Culture, and Society
REL 3145 In Search of the Goddess
REL 3146 Women and Religion
REL 3170 Religion, Ethics and Society Through Film
REL 3191 Life After Death
REL 3280 Biblical Archaeology
REL 3303 Comparative Religion: Judaism and Islam
REL 3308 World Religions (This course may not be taken as an elective if it was taken to fill the major core requirement.)

REL 3318 Introduction to Chinese Religion
REL 3330 Religions of South Asia
REL 3335 Gods and Goddesses of India
REL 3340 Buddhism Truths and Paths
REL 3363 Introduction to Islam
REL 3367 Islam in the Modern World
REL 3375 Issues in Caribbean Religions
REL 3380 Native American Religions
REL 3420 Contemporary Religious Thought
REL 3444 Womanist Vision in Religion
REL 3465 Religion and the Meaning of Life
REL 3500 History of Christianity
REL 3505 Introduction to Christianity
REL 3561 Roman Catholicism
REL 3602 Classics of Judaism
REL 3607 Introduction to Judaism
REL 3611 History of Judaism
REL 3613 Modern Judaism
REL 3936 Selected Topics
REL 4108 Religion and Food
REL 4113 The Hero and Religion
REL 4133 Mormonism in America
REL 4171 Contemporary Christian Ethics
REL 4177 Comparative Religious Ethics
REL 4188 Religion and Ecology Seminar
REL 4193 Comparative Mysticism
REL 4213 Early Jewish Literature
REL 4215 Ancient Israel and the Development of the Hebrew Bible
REL 4216 Who Wrote the Bible (Genesis-Kings)
REL 4250 Jesus’ Life and Teachings
REL 4252 New Testament II: Pauline Letters
REL 4291 Women and the Bible
REL 4333 Hindu Texts and Contexts
REL 4499 Classics of Christian Thought
REL 4566 Old Order Anabaptists
REL 4936 Selected Topics

Grading Requirement
Only letter grades of at least C- or better will be counted toward the minimum of 24 credit hours taken at the University of South Florida for transfer students or 36 (for non-transfer students) credit hours necessary to complete the 36 credit hours required for the major.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

OPTIONAL HONORS PROGRAM
The purpose of the Honors Program in Religious Studies is to provide outstanding undergraduates with advanced and individualized learning opportunities in Religious Studies and their areas of special interest in this field. In addition it will serve to facilitate more direct contact between students in the program and their faculty mentors. In this program, students who have demonstrated significant academic achievement will inquire into issues and questions in the study of religion at an advanced level under the guidance of faculty members with demonstrated expertise in their fields of study and a strong commitment to teaching. Upon completion of the program, the student's transcript will state that the student graduated with Honors in Religious Studies. Application to the program should be submitted during a student's junior year. The Honors Committee will review all applicants before selecting no more than 10 individuals for the Honors Programs. Inductees will be notified of their admission to the Honors Program in the Spring term. Honors Program students are exempt from Sr. Seminar (REL 4931) contingent on their completion of the Honors Program. If students do not complete the Honors Program, they are required to complete Sr. Seminar in order to satisfy degree requirements.

Admissions Criteria:
1. Religious Studies majors who have completed at least 70 (and preferably less than 90) hours of course work with an overall GPA of at least 3.25.
2. Completion of REL 3040 Introduction to Religious Studies and at least 12 additional hours of course work in the department of Religious Studies with a GPA of at least 3.5 in the major.
3. A letter of recommendation from a Religious Studies faculty member who is familiar with the applicant's work.
4. A statement from a Religious Studies faculty member expressing her/his willingness to serve as chair of the applicant's thesis committee.
5. A short essay (2-3) pages by the applicant that includes the following:
   • a statement of the applicant's qualifications for the program,
   • the applicant's area(s) of special interest,
   • an explanation of how the program will benefit from the applicant's inclusion in the program, and
   • the applicant's post-graduate plans.

Requirements for Completion of the Departmental Honors:
1. Completion of the requirements for a Religious Studies major with a GPA of 3.5 or higher in the major.
2. Completion of a USF degree with an overall GPA of 3.25 or higher.
3. Completion of five (5) credit hours of "Honors Seminar." Honors students will take the seminar for three credit hours in the fall and two credit hours in the spring.
4. Completion of five (5) credit hours of Thesis/Directed Research for two credit hours in the fall and three credit hours in the spring. Honors students must also complete and present their Honors Thesis in the second semester of their senior year. Students who do not complete this requirement may, upon the recommendation of their major instructor and the Department Honors Program Coordinator, be allowed to continue in special circumstances.
   • REL 4911 Undergraduate Research (Honors Thesis) (five credit hours)
   • REL 4937 Selected Topics (Honors Seminar)
   • REL 4938 Selected Topics (Honors Seminar)

RELIGIOUS STUDIES FACULTY
Chair: D. deChant; Distinguished University Professor: J.F. Strange; Professor: D. Jorgensen; Associate Professors: M. DeJonge, C. Fisher; Emeritus Professors: S. Garcia, S. Mandell, M.G. Mitchell; Assistant Professors: G. Ben-Herut;
The Sociology major is designed to provide students with a broad liberal arts education and a greater understanding and insight into the social systems and processes that bear upon everyday lives. Opportunities for students with Bachelor's degrees in Sociology are quite varied. Some go on to work for human service agencies; others work in personnel, criminal justice, and urban planning; others enter graduate programs in sociology, education, law, medicine, or social work. Toward these ends, all students are encouraged to become skilled in the use of computers and libraries.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

SYA XXXX or SYD XXXX or SYG XXXX or SYO XXXX or SYP XXXX (6 credit hours)

Required Supporting Courses for the Major: 3 Hours

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

STA 2122 Social Science Statistics or its equivalent

REQUIREMENTS FOR THE MAJOR IN SOCIOLOGY

TOTAL MAJOR HOURS: 36

Major requirements for the B.A. Degree:

Major Core (12 hours)

The major consists of a minimum of 36 credit hours of Sociology coursework plus STA 2122 Social Science Statistics or its equivalent.

The minimum of 36 credit hours in Sociology must include the following four core courses (12 credit hours):

SYG 2000 Introduction to Sociology
(If replaced with an upper level sociology elective if a total of 12 or more hours of sociology coursework is completed before declaring a Sociology major)

SYA 3110 Classical Theory
SYA 3300 Research Methods (PR: STA 2122 Social Science Statistics or its equivalent)
SYA 4935 Senior Seminar

Major Electives (24 hours)

The remaining 24 hours of Sociology coursework may be comprised of any upper-level courses offered by the Sociology department. In addition, SYG 2010 Contemporary Social Problems may count toward these 24 hours of electives. No more than three hours each of SYA 4910 Individual Research and SYA 4949, Sociological Internship, may count toward the 24 hours of electives.

Areas of Concentration

Sociology majors may choose to complete an optional area of concentration in either "Inequality and Social Justice" or "Identity and Community" by completing one required course and three elective courses (all with a grade of C- or better) listed within the area selected. In some cases, it may be possible to complete both areas of concentration, however, students may count a particular course as an elective for only one area of concentration.
SOCIOLOGY CONCENTRATIONS

IDENTITY AND COMMUNITY (IDC)
http://sociology.usf.edu/ug/concentration/

The Department of Sociology offers an optional area of concentration in "Identity and Community" for Sociology majors. Courses included in this area of concentration focus on the changing relationships among individuals and their communities in light of technological advances, globalization, environmental crises, political developments, and social problems. This area of concentration will be listed on your official transcript and can be useful as you market your skills to potential employers after graduation.

REQUIREMENTS FOR THE CONCENTRATION IN IDENTITY AND COMMUNITY

TOTAL CONCENTRATION HOURS: 24

Concentration Core (3 hours)
SYP 4111 Identity and Community

Concentration Electives (21 hours)
Select nine (9) credit hours of coursework from the following list:
SYA 3310 Qualitative Inquiry
SYA 4121 Queer Theory
SYD 3700 Racial and Ethnic Relations
SYD 4238 Immigrants to America
SYD 4410 Urban Sociology
SYD 4411 Urban Life
SYG 3235 Latina/Latino Lives
SYO 3120 Sociology of Families
SYO 3200 Sociology of Religion
SYO 3460 Sociology of the Media
SYO 4204 Religion and Immigration
SYO 4573 Social Networks
SYP 3562 Family Violence
SYP 4012 Emotions in Society
SYP 4420 Consumer Culture
SYP 4510 Sociological Aspects of Deviance
SYP 4650 Sport in Society
SYP 4675 Animals & Society
SYP 4763 Sociology of Childhood and Youth
SYA 4304 Sociological Research Experience - with approval
SYA 4910 Individual Research - with approval
SYA 4949 Sociological Internship - with approval
SYA 4930 Topics in Sociology - approved topics
Contemporary Bodies
Transitions to Adulthood
Self and Society
Muslims in America
Social Media and Globalization
Sociology of Culture
Afro-Brazilian Culture and Society - summer study abroad course

INEQUALITY AND SOCIAL JUSTICE (ISJ)
http://sociology.usf.edu/ug/concentration/

The Department of Sociology offers an optional area of concentration in "Inequality and Social Justice" for sociology majors. Course included in this area of concentration focus on the political, social, and academic intersections among inequalities and the strategies we can implement to address them in a just manner. This area of concentration will be listed on your official transcript and can be useful as you market your skills to potential employers after graduation.

REQUIREMENTS FOR THE CONCENTRATION IN INEQUALITY AND SOCIAL JUSTICE

TOTAL CONCENTRATION HOURS: 24

Concentration Core (3 hours)
STA 2122 Social Science Statistics or its equivalent
Concentration Electives (21 hours)
Select nine (9) credit hours of coursework from the following list:
- SYA 4121 Queer Theory
- SYD 3700 Racial and Ethnic Relations
- SYD 4512 Sustainable Consumption
- SYD 4800 Gender and Society
- SYG 3011 Social Problems Through Film
- SYG 3235 Latina/Latino Lives
- SYO 3120 Sociology of Families
- SYO 3530 Social Inequalities in a Global Society
- SYO 4204 Religion and Immigration
- SYO 4250 Sociology of Education
- SYO 4400 Medical Sociology
- SYO 4430 Disability and Society
- SYO 4572 Hidden Structures of Social Life
- SYP 3004 Constructing Social Problems
- SYP 3060 Sociology of Sexualities
- SYP 3562 Family Violence
- SYP 4420 Consumer Culture
- SYP 4510 Sociological Aspects of Deviance
- SYP 4513 Elite Deviance
- SYP 4651 Gender, Sport and the Body
- SYA 4304 Sociological Research Experience - with approval
- SYA 4910 Individual Research - with approval
- SYA 4949 Sociological Internship - with approval
- SYA 4930 Topics in Sociology - approved topics
  - Religion and Immigration
  - LGBT Youth in Education
  - Sociology of the Body
  - Children of Immigration
  - Environment and Society
  - Political Sociology
  - Gender and Social Movements
  - Afro-Brazilian Culture and Society - summer study abroad course
  - Stratification and Mobility
  - Social Media and Globalization
  - Social Movements

Grading Requirement
Only courses in which a grade of "C-" or better is attained will count toward the minimum hours.

Residency Requirement
At least 27 of the 36 hours of coursework in Sociology must be USF Tampa credits.

Research Opportunities
To register for Individual Research (SYA 4910) students must make arrangements with the individual faculty member with whom they wish to take the course well in advance of the semester in which the course will be taken. Departmental approval of the contract agreed upon by the student and faculty is required before the student can register for the course.

The department also offers a course, on a limited basis, Sociological Research Experience (SYA 4304). If the course is scheduled to be offered, please contact the instructor listed for approval to be admitted to the course.

Internship Opportunities
The Sociology Internship (SYA 4949) is offered if the student is concurrently enrolled in "Disability and Society" (SYO 4430), "Sustainable Consumption" (SYD 4512), and a few other specific courses, and only with permission of the instructor of that course. If you are interested in an internship connected to a specific course, please contact the undergraduate program director (mayberry@usf.edu) for further guidance and information. This course is taught as an
S/U (Satisfactory/Unsatisfactory) grade and only for 1-3 credit hours. Further information about Service Internship opportunities can be found on the sociology department's webpage: http://sociology.usf.edu/ug/internships/.

OPTIONAL HONORS PROGRAM

Through the Undergraduate Honors Program, the Department of Sociology provides its outstanding students with opportunities to work closely with faculty and graduate students with shared interests in specific areas of social experience. Students accepted into the program select a faculty mentor with expertise in the area of study of interest to the student. Under the supervision of this mentor, honors students conduct sociological research in their area of interest culminating in the preparation of an honors thesis. Students apply to the Honors Program in the Spring Semester during their junior year for admission for the following Fall. If you are interested in the Undergraduate Honors Program, please contact the Undergraduate Program Director, Maralee Mayberry at mayberry@usf.edu for more information and application materials.

Minimum Eligibility Requirements:

1. Junior standing.
2. 12 semester hours of Sociology course work with a major GPA of 3.0 by the end of the semester in which application is made.
3. Overall USF GPA of 3.0 or higher.
4. Selection and approval of faculty mentor.

Completion Requirements:

1. Completion of all requirements for the major.
2. Completion of at least one upper-level elective relevant to the thesis (course must be approved by faculty mentor).
3. USF overall and major GPA of at least 3.0.
4. Successful completion of the Honors Seminar.
6. Applications for the Undergraduate Honors Program in Sociology are available in the Sociology department (CPR 209). Please make an appointment with the Undergraduate Program Director, Maralee Mayberry at mayberry@usf.edu before completing the application.

Advising Information

Students are strongly encouraged to make an appointment to talk with the Sociology Department undergraduate advisor when they have questions about major requirements or about which electives offered each semester would best meet their educational and career goals.

Shani Garza, Cooper Hall (CPR) 364, (813) 974-9249 or Brandon Kroll, Cooper Hall (CPR) 235, (813) 974-6893.

SOCIOMETRY FACULTY

• B.A. - STATISTICS (STC) (CIP = 27.0501)

TOTAL DEGREE HOURS: 120

http://math.usf.edu/ug/stats/

Statistics is a science of information gathering, data analysis, and decision making. It is a discipline that blends the applied with the theoretical and our courses reflect this mix. These courses provide an excellent preparation for careers in industrial statistics, actuarial science, biostatistics, and statistical research.

STATE MANDATORY COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.
Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- COP XXXX A Scientific Programming Course designed for Computer Science Majors
- MAC X311 Calculus I
- MAC X312 Calculus II - Calculus with Analytic Geometry II
- MAC X313 Calculus III
- STA 2XXX Statistics
- BSC XXXX / XXXXL or CHM XXXX / XXXXL or PHY XXXX / XXXXL or GLY XXXX / XXXXL

**REQUIREMENTS FOR THE MAJOR IN STATISTICS**

**TOTAL MAJOR HOURS: 46**

Major requirements for the B.A. Degree:

**Major Core (31 hours):**

Students must complete the following five courses plus completion of one of the four lab-based Science courses (19 credit hours):

- MAC 2311 Calculus I or MAC 2281 Engineering Calculus I
- MAC 2312 Calculus II or MAC 2282 Engineering Calculus II
- MAC 2313 Calculus III or MAC 2283 Engineering Calculus III
- STA 4102 Computational Methods for Applied Statistics

Plus completion of one of the four lab-based Science courses below:

- BSC XXXX / XXXXL
- CHM XXXX / XXXXL
- PHY XXXX / XXXXL
- GLY XXXX / XXXXL

**Required Courses (12 credit hours):**

- STA 2023 Introductory Statistics I
- STA 3024 Introductory Statistics II
- STA 4321 Essentials of Statistics
- STA 4442 Introduction to Probability

**Major Electives (15 hours):**

Students must complete five courses from the following list of electives (Minimum 15 credit hours):

- MAP 2302 Differential Equations
- MAS 3105 Linear Algebra
- STA 4222 Sample Survey Design
- STA 4502 Nonparametric Statistical Methods
- STA 4504 Categorical Data Analysis
- STA 4702 Multivariate Statistical Methods
- STA 4852 Applied Time Series

One or two courses from another department which are of high statistical content may be taken as electives, with the prior approval of the Chair of the department.

STA 4930 Selected Topics in Statistics may be taken as electives, with the prior approval of the Chair of the department.

**Grading Requirement**

In general, grades of C- or better are required for courses in the mathematics major and minor and in the statistics major. However, C- is not an acceptable grade for any course that is being used as a prerequisite for a follow-on course. For these courses a grade of C (2.00 grade points) or better is required. Students whose prerequisites are more than three years old will be expected to take a placement test prior to taking a follow-on course.

**Research Opportunities**

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.
Advising Information

Please make sure to visit the following website http://www.math.usf.edu/ug/advising/ for additional information and all your advising needs.

STATISTICS FACULTY

• B.A. - WOMEN'S AND GENDER STUDIES (WGS) (CIP = 05.0207)

TOTAL DEGREE HOURS: 120

http://wgs.usf.edu/undergrad/requirements/

The Women's and Gender Studies major focuses on feminist research and practice. WGS promotes social justice through the discovery and production of knowledge that emerges from feminist perspectives on culture and society. Students learn the analytic skills to engage the intersections of gender, race, ethnicity, class, sexuality, ability, and nationality in order to become responsible citizens in a diverse transnational environment. We expose limits in traditional higher education caused by excluding women and other marginalized groups and create knowledge that is transformative and inclusive. We connect academic work to the social, political, and economic world outside the university; in linking knowledge, research, and activism, students learn to think critically about social inequalities.

STATE MANDATED COMMON COURSE PREREQUISITES

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for this program.

REQUIREMENTS FOR THE MAJOR IN WOMEN'S AND GENDER STUDIES

TOTAL MAJOR HOURS: 36

Major requirements for the B.A. Degree:

Major Core (15 hours)

Students must choose a total of 36 credit hours from Women's and Gender Studies courses. Transfer students may not apply more than 12 hours taken elsewhere toward the major at the University of South Florida.

Students taking Women's and Gender Studies as a second major need to complete 30 credit hours. To do so, they must make a written request to the Undergraduate Director at the time they declare Women's and Gender Studies as a second major. Courses taken in the first major may not count toward the 30 hours in Women's and Gender Studies as a second major.

- WST 3015 Introduction to Women's Studies
- WST 3311 Issues in Feminism
- WST 4002 Feminist Research Methods
- WST 4522 Classics in Feminist Theory or WST 4561 Contemporary Feminist Theory
- WST 4935 Capstone/Senior Project

Major Electives (21 hours)

The remaining 21 hours of Women's & Gender Studies coursework may be comprised of any courses offered by the Women's & Gender Studies department, including approved cross-listed courses. No more than twelve hours of WST 4930 may count toward the 36 hour minimum.

Grading Requirement

Only letter grades of at least C- will be counted credit hours required for the major.
Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Internship Opportunities

Women’s and Gender Studies offers a number of internship opportunities to both majors and minors. Students work on-site and directly with a local organization and can earn from 1-3 credits. Majors may repeat the internship for a maximum of 6 credit hours; minors may repeat once for a maximum of 3 credit hours. Students interested in the internship should contact the Internship Director, Dr. Wendland.

Advising Information

Students electing to major, double major, or minor in Women’s and Gender Studies should consult the undergraduate advisor for timely scheduling of classes.

The WGS advisor, Tangela Serls, is located in SCA 232, and can be reached at WGSadvise@usf.edu.

WOMEN’S AND GENDER STUDIES FACULTY

• B.A. - WORLD LANGUAGES AND CULTURES (WLC) (CIP = 16.0101)

TOTAL DEGREE HOURS: 120

The B.A. in World Languages and Cultures offers students a solid foundation in language and linguistic skills as well as knowledge of diverse cultures. Students may choose one concentration: Applied Linguistics, Chinese Language and Culture, Classics, East Asian Languages and Cultures, French, French International Studies and Business, German, Italian, Russian, Spanish, Spanish International Studies and Business, or may combine two concentrations (36 credit hours: 6 credit hours major core and 15 credit hours per concentration; the French International Studies and Business and the Spanish International Studies and Business concentrations are excluded). Upon completion of the program, students will be able to interact and participate in a global environment.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

Students should demonstrate proficiency at the intermediate level within the concentration’s language. This may be accomplished by completing 6-12 hours within the language or by demonstrated competency at the intermediate level.

REQUIREMENTS FOR THE MAJOR IN WORLD LANGUAGES AND CULTURES

TOTAL MAJOR HOURS: 30-69

Major requirements for the B.A. Degree:

Major Core (6 hours)

LIN 3003 Language Matters
LIT 4804 Literature as Cultural Study
Major Electives (24-63 hours)
Students must select one of the following concentrations:
- Applied Linguistics
- Chinese Language and Culture
- Classics
- East Asian Languages and Cultures
- French
- French International Studies and Business
- German
- Interdisciplinary Classical Civilizations
- Italian
- Russian
- Spanish
- Spanish International Studies and Business

WORLD LANGUAGES AND CULTURES CONCENTRATIONS

APPLIED LINGUISTICS (WLAL)

The Applied Linguistics concentration will help students comprehend a broad range of language-related issues to better understand how language functions both in the lives of individuals and in society. The coursework in this concentration will prepare students for a wide-range of career options, including pedagogical formation for language teaching domestically or internationally, cross-culture competency for careers in industry, and foundation knowledge in applied linguistics to be successful in graduate work in the field.

REQUIREMENTS FOR THE CONCENTRATION IN APPLIED LINGUISTICS
TOTAL CONCENTRATION HOURS: 24

Concentration Core (6 hours)
Recommended Language Preparation:
- Four semesters in any language or equivalent language competency prior to taking courses in the concentration.
- LIN 3010 Introduction to Linguistics
- LIN 4721 Second Language Acquisition (GCPC)

Concentration Electives (18 hours)
Students choose a total of six courses (18 credit hours) of Applied Linguistics coursework from the following list:
- FLE 4390 Teaching Foreign/Second Languages
- LIN 2002 Language, Culture and Film
- LIN 3801 Language and Meaning
- LIN 4350 Sound Systems in American English
- LIN 4701 Psycholinguistics
- LIN 4903 Directed Readings
- LIN 4930 Special Topics (may be repeated; title must be different)
- TSL 4362 Teaching English Overseas

Of these six elective courses, one literature or culture course can be substituted (e.g. Russian Literature in Translation, Introduction to Chinese Culture, etc.)

Note: Advanced undergraduates may be able to register for the graduate-level seminars upon the recommendation of the faculty.

CHINESE LANGUAGE AND CULTURE (WLCC)

The Chinese Language and Culture concentration is designed for students who wish to achieve advanced level proficiency in modern Mandarin Chinese language at the same time they develop the sociocultural skills necessary for interaction with Chinese counterparts in professional contexts. Chinese is spoken by more than one billion people across the globe and has been designated a national Critical Language in the US government. High level Chinese language skills equip students to be highly competitive for China-related jobs in government, international business, international law, education and the non-profit sector.

Required Supporting Courses for the Concentration (16 credit hours)
The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration, but are not counted in the total hours for this major.
- CHI 1120 Modern Chinese I
- CHI 1121 Modern Chinese II
CHI 2220 Modern Chinese III  
CHI 2221 Modern Chinese IV

REQUIREMENTS FOR THE CONCENTRATION IN CHINESE LANGUAGE AND CULTURE  
TOTAL CONCENTRATION HOURS: 24

Concentration Core (21 hours)
Required Courses (9 credit hours):
- CHI 3241 Advanced Chinese Conversation I  
- CHI 3242 Advanced Chinese Conversation II  
- CHI 4443 Networking in China and America

Culture, Literature and Film Courses (12 credit hours):
Student chooses 12 credit hours of coursework from the following list of courses:
- CHI 4930 Selected Topics  
- CHT 3110 Traditional Chinese Literature in Translation  
- CHT 3124 Introduction to Modern Chinese Literature  
- CHT 3500 Introduction to Modern Chinese Culture  
- CHT 3512 Contemporary Chinese Language and Society  
- CHT 3520 Chinese Film

Concentration Electives (3 hours)
Student chooses three credit hours of coursework in advanced language courses (3000-4000 level), study abroad coursework in a USF program in China, or coursework in culture, literature, and film. These three credit hours of electives should be planned with a World Languages advisor.

CLASSICS (WLCL)
http://languages.usf.edu/undergraduate/classics/

The Classics concentration is an interdisciplinary humanities field. We provide instruction in the Greek and Latin languages and in the Greek and Roman civilization, literature, mythology and religion. Faculty offer courses in diverse aspects of the Greek and Roman world and mentor students in the acquisition of specific applied skills through their studies. The Classics section combines the intimacy of a small liberal arts college with the wide-ranging educational and professional possibilities of a large state university. This concentration is of special interest to students who wish to teach Latin and Greek at the pre-college level, and to those who plan graduate study in a humanistic discipline including law and medicine.

REQUIREMENTS FOR THE CONCENTRATION IN CLASSICS
TOTAL MAJOR HOURS: 24-25

Concentration Core (18-19 hours)
CLT 3370 Gods, Heroes and Monsters in the Ancient World
Student chooses one of two language tracks in either Latin or Greek:

Required courses for the Latin Track (16 credit hours):
- LAT 1120 Beginning Latin I  
- LAT 1121 Beginning Latin II  
- AT 2220 Intermediate Latin  
- AT 2221 Intermediate Latin II

Required courses for the Greek Track (15 credit hours):
- GRE 1120 Beginning Classical Greek I  
- GRE 1121 Beginning Classical Greek II  
- GRW 3502 Survey of Greek Literature: Plato’s Republic

Concentration Electives (6 hours)
Student chooses any two courses (six credit hours) with a CLA or CLT prefix that has not been used for another requirement with the major and/or concentration.

EAST ASIAN LANGUAGES AND CULTURES (WLEA)
The East Asian Languages and Cultures concentration is designed to provide students with opportunities to develop broad understandings of East Asia as a region through interdisciplinary explorations into the languages, literatures, cultures, film, humanities, history, geography, arts, and political institutions of China, Japan, and Korea. USF has strong programs in Chinese and Japanese, two critical languages that serve as the core of the East Asian Languages and
Cultures concentration. The concentration prepares students to be highly attractive in the global marketplace and to be immediate contributors to globally-oriented organizations, companies, and institutions with strong language skills as well as broad sociocultural knowledge that situates the use of those languages in two or more countries in the region. High-level critical language skills equip students to be highly competitive for Japan- and China-related jobs in government, international business, international law, law enforcement, defense, intelligence, and the non-profit sector.

**Required Supporting Courses for the Concentration (8 credit hours)**
The following courses are prerequisite/supporting courses for this concentration. They are required for the concentration, but are not counted in the total hours for this major. A student chooses either Chinese or Japanese coursework from the following list:

- CHI 1120 Modern Chinese I
- CHI 1121 Modern Chinese II
- OR
- JPN 1120 Modern Japanese I
- JPN 1121 Modern Japanese II

**REQUIREMENTS FOR THE CONCENTRATION IN EAST ASIAN LANGUAGES AND CULTURES**

**TOTAL CONCENTRATION HOURS: 24**

**Concentration Core (20 hours)**

- **Concentration Language Requirement (11 credit hours)**
  Students completing the East Asian Studies concentration must complete a minimum of two semesters of coursework in two East Asian languages and complete at least two courses beyond CHI 1121 or JPN 1121 in one of those languages.

  - **Japanese Focus Required Language Courses:**
    - JPN 2220 Modern Japanese III
    - JPN 2221 Modern Japanese IV
    - JPN 3400 Modern Japanese V
    - OR
  
  - **Chinese Focus Required Language Courses:**
    - CHI 2220 Modern Chinese III
    - CHI 2221 Modern Chinese IV
    - CHI 3241 Advanced Chinese Conversation I

- **Concentration Regional Focus Requirement (3 credit hours)**
  Student chooses three (3) credit hours of coursework from the following list of courses:

  - ASN 3201 East Asian Cinema
  - ASN 4414 Introduction to East Asian Cultures

- **Concentration Literature Culture and Film Requirement (6 credit hours)**
  Student chooses six (6) credit hours of coursework from the following list of courses:

  - ARH 4530 Asian Art
  - ASN 3012 Japan Today
  - CHI 4905 Directed Study
  - CHI 4930 Selected Topics
  - CHT 3110 Traditional Chinese Literature in Translation
  - CHT 3124 Introduction to Modern Chinese Literature in Translation
  - CHT 3500 Introduction to Modern Chinese Culture
  - CHT 3512 Contemporary Chinese Language and Society
  - CHT 3520 Chinese Film
  - JPN 4930 Selected Topics

- **Concentration Electives (4 hours)**
  Student chooses four credit hours of coursework in Chinese or Japanese language courses, study abroad coursework in a USF program in China or Japan, or coursework in culture, literature, and film with a significant focus on China, Japan, or East Asia as a region. These three credit hours of electives should be planned with a World Languages advisor.

**FRENCH (WLFR)**

The undergraduate concentration in French offers solid academic and practical training in the language, literature, and culture of France and the French-speaking world in an engaged, full-immersion environment. Students have the opportunity to attain an advanced level of French with regard to comprehension, reading, writing, and speaking. Successful students become conversant in many of the major issues, past and present, relating to French and
Francophone cultures, literatures, and civilizations. French graduates are attractive to employers in numerous fields, in addition to graduate and professional schools. USF alumni in French may be found in such professions as education, business, foreign service, politics, law and health.

REQUIREMENTS FOR THE CONCENTRATION IN FRENCH
TOTAL CONCENTRATION HOURS: 27

Concentration Core (27 hours)

Recommended Language Preparation
Four semesters or equivalent language competency prior to taking courses in the concentration.

Student chooses nine courses from the following list of courses:
- FRE 2201 French IV
- FRE 2240 Intermediate Spoken French in Cultural Context
- FRE 2241 Spoken French in Cultural Context
- FRE 3234 Reading in French Literature and Culture
- FRE 3420 Written French in Cultural Context
- FRE 3440 French for Business
- FRE 3500 French Civilization (CPST)
- FRE 3502 The Francophone World: A Global Culture
- FRE 4421 Advanced Written French in Cultural Context
- FRE 4471 Advanced Overseas Study
- FRE 4700 French Linguistics
- FRE 4930 Selected Topics (with prior approval of the advisor)
- FRT 3001 Great French Love Stories in Translation (taught in English)
- FRT 3140 French Literary Masterpieces in English Translation (taught in English)
- FRW 4100 The French Novel
- FRW 4101 Introduction to French Drama and Poetry

Please note the following restrictions:
• Students may choose only one FRT prefixed course (taught in English) to count toward the concentration requirements.

FRENCH INTERNATIONAL STUDIES AND BUSINESS (WLFB)
http://languages.usf.edu/undergraduate/french/degree/

The undergraduate concentration in French International Studies and Business prepares students academically and practically for professions in international business, government and politics where proficiency in French is an asset.

REQUIREMENTS FOR THE CONCENTRATION IN FRENCH INTERNATIONAL STUDIES AND BUSINESS
TOTAL CONCENTRATION HOURS: 63

Concentration Core (63 hours)

Concentration Core (12 credit hours)
- FRE 2201 French IV
- FRE 2240 Intermediate Spoken French in Cultural Context
- FRE 3234 Reading in French Literature and Culture
- FRE 3420 Written French in Cultural Context

Concentration Supporting French Courses (12 credit hours)
Student chooses 12 credit hours of 3000- and 4000-level FRE, FRT, or FRW coursework
Note: It is strongly recommended student take FRE 3440 French for Business and courses utilized for other requirement within this concentration may not be utilized for this requirement.

Concentration Business Courses (18 credit hours)
- ACG 3074 Managerial Accounting for Non-Business Majors
- ECO 1000 Basic Economics
- FIN 3403 Principles of Finance
- MAN 3025 Principles of Management
- MAR 3023 Basic Marketing
- XXX XXXX Capstone Course (to be determined by the Muma College of Business)

Concentration Supporting Business Courses (6 credit hours)
Choose any two (2) upper-level International Business courses (FIN 3604 or MAN 4600 or MAR 4156)

Required courses in International Studies (9 credit hours)
- CPO 2002 Introduction to Comparative Politics
- CPO 4930 Comparative Government & Politics of Select Areas
GERMAN (WLGR) (CIP = 16.0101)
http://languages.usf.edu/undergraduate/german/

The concentration in German prepares students to understand and critically evaluate the language and cultures of German-speaking countries. The program prepares students in communicative proficiency and cultural literacy so that they are able to competently engage in global and transcultural interactions in the 21st century. Students will be prepared for positions in education, international business, foreign affairs, the arts, politics, and international law.

REQUIREMENTS FOR THE CONCENTRATION IN GERMAN
TOTAL CONCENTRATION HOURS: 24

Concentration Core (9 hours)
Student chooses nine credit hours of 3000- or 4000-level coursework in German (taught in German).
- GER 3333 German Language & Culture through Film
- GER 3420 Composition I
- GER 3440 German for Business & International Trade
- GER 3500 The Germans – Past and Present
- GER 3501 Urban Life & Culture in Germany
- GER 3573 Cultural Observations in Germany
- GER 4410 Conversation II
- GER 4421 Composition II

Concentration Electives (15 hours)
Student chooses 15 credit hours of 2000-, 3000- or 4000-level coursework in German (taught in German or English), including approved courses in related disciplines, planned with an advisor.

INTERDISCIPLINARY CLASSICAL CIVILIZATIONS (WLIC)
http://languages.usf.edu/undergraduate/classics/degreq/

This concentration is of special interest to students who wish to study broadly the literature, history art, and archaeology, philosophy, and religion of Greece, Rome and the Near East, equally emphasizing language and translation courses.

REQUIREMENTS FOR THE CONCENTRATION IN INTERDISCIPLINARY CLASSICAL CIVILIZATIONS
TOTAL CONCENTRATION HOURS: 25

Concentration Core (7 hours)
Recommended Language Preparation
Two semesters or equivalent language competency prior to taking the language core course.
- CLT 3370 Gods, Heroes and Monsters in the Ancient World
- LAT 2220 Intermediate Latin or GRE 2220 Intermediate Classical Greek

Concentration Electives (18 hours)
Concentration Classics Field Electives (3 credit hours)
Student choose one course from the following list of courses:
CLA 3103 Daily Life in Ancient Greece
CLA 3124 Daily Life in Ancient Rome
CLT 3103 Epic Battles and Dramatic Reversals in Greek Thought
CLT 3123 Voyages and Metamorphoses in Roman Imagination

**Concentration Interdisciplinary Field Electives (15 credit hours)**

Student chooses five 3000- and 4000-level courses from the following prefixes: ANT, ARH, CLA, CLT, EUH, GRW, HIS, HUM, LIT, LNW, PHH, PHP, and REL, with prior approval from the Interdisciplinary Classical Civilizations concentration advisor.

**ITALIAN (WLIT)**

http://languages.usf.edu/undergraduate/italian/

The Italian Program is an interdisciplinary program with courses in Italian language, film, literature, history, cultural studies, Italian-American studies and the culture of food offered both in Italian and English. The objective of the program is to prepare students to become receptive to the global concerns of our society increasing their capabilities in writing, speaking, intercultural literacy and effective citizenship, all skills that are useful in a variety of professions.

**REQUIREMENTS FOR THE CONCENTRATION IN ITALIAN**

**TOTAL CONCENTRATION HOURS: 24**

**Concentration Core (9 hours)**
Recommended Language Preparation
Two semesters or equivalent language competency prior to taking the language core course.
Student choose nine credit hours from the following list of courses:
ITA 2240 Italian Conversation
ITA 3234 Reading and Writing in Italian
ITA 4930 Special Topics (topics approved in advance by an advisor)
ITT 4505 Italy & the Italian-American Experience
ITT 4531 Italian Food in Film

**Concentration Electives (15 hours)**
Student chooses 15 credit hours from the following list of courses:
ITA 2200 Italian III
ITA 2201 Italian IV
ITA 3420 Composition
ITA 4930 Special Topics (topics approved in advance by an advisor)
ITT 3504 Italian Culture through Cinema Film
ITW 4100 Survey of Italian Literature I
ITW 4101 Survey of Italian Literature I
ITA 4930 Special Topics (topics approved in advance by an advisor)
ITW 4905 Directed Study

**RUSSIAN (WLRS)**

http://languages.usf.edu/undergraduate/russian/

The concentration in Russian seeks to prepare its students to understand the language, literature, and culture of Russia. One of the program's primary goals is to prepare students to be able to interact productively with Russian speakers. The program seeks to develop the highest possible level of proficiency in the Russian language in each of its students as a foundation for both academic understanding and everyday communication. In order to achieve this goal, the Russian Program treats language and culture as an inextricably bound up nexus that has to be inculcated at every step of the learning process.

**REQUIREMENTS FOR THE CONCENTRATION IN RUSSIAN**

**TOTAL CONCENTRATION HOURS: 26**

**Concentration Core (8 hours)**
RUS 2220 Intermediate Russian I
RUS 2221 Intermediate Russian II
Students who demonstrate sufficient proficiency may be excused from RUS 2220 and RUS 2221 (e.g., heritage learners).

**Concentration Electives (18 hours)**
Student chooses 18 credit hours from the following list of courses:
RUS 3240 Russian Language & Culture through Film
RUS 3470 Overseas Study
RUS 4241 Russian Language & Culture through Film II
RUS 3500 Russian Civilization
RUT 3110 19th Century Russian Literature in English
RUT 3111 20th Century Russian Literature in English
RUS 4900 Selected Topics
RUS 4905 Directed Study
One course from an EUH, INR or PHI prefixed course, dealing with Russia (prior approval from an advisor is required)

SPANISH (WLSP)
http://languages.usf.edu/undergraduate/spanish/

The concentration in Spanish is an interdisciplinary program, which focuses on the language and culture of the Spanish-speaking world. Spanish is a global language, the second most spoken native language in the world. The historical ties with Spain, the proximity of Spanish America, and the presence of many Spanish speakers in the United States make knowledge of Spanish and the culture of the Spanish-speaking world highly relevant to students in all disciplines.

REQUIREMENTS FOR THE CONCENTRATION IN SPANISH
TOTAL CONCENTRATION HOURS: 27

Concentration Core (6 hours)
Recommended Language Preparation
Four semesters Spanish or equivalent language competency and SPN 2240 Conversation I prior to taking the core and elective courses toward the concentration. (SPN 2240 will count as a concentration elective.)
Choose one of the following courses:
SPN 2340 Advanced Spanish for Native Speakers I
SPN 2341 Advanced Spanish for Native Speakers II (PR: SPN 2340)
SPN 3300 Advanced Spanish Grammar and Composition
SPW 3030 Introduction to Hispanic Literary Studies

Concentration Electives (21 hours)
Student chooses 21 credit hours of 3000- and 4000-level coursework from the following prefixes: SPN, SPT, or SPW.
Please note the following restrictions:
• A student may take no more than two courses with an SPT prefix.
• SPN 2240 Conversation I and SPN 2341 may also be counted as concentration electives, unless the course has been used to fulfill another concentration and/or major requirement.
• The requirements of SPN 3300 or SPN 2340 can be waived for qualified students. These students will take an additional coursework to satisfy the concentration requirements.

SPANISH INTERNATIONAL STUDIES AND BUSINESS (WLSB)
http://languages.usf.edu/undergraduate/spanish/

The concentration in Spanish International Studies and Business is an interdisciplinary program which prepares students for careers with a focus on the Spanish-speaking world. Spanish is a global language, the second most spoken native language in the world. The historical ties with Spain, the proximity of Spanish America, and the presence of many Spanish speakers in the United States make knowledge of Spanish and the culture of the Spanish-speaking world highly relevant to careers in business, international relations, and diplomacy.

REQUIREMENTS FOR THE CONCENTRATION IN SPANISH INTERNATIONAL STUDIES AND BUSINESS
TOTAL CONCENTRATION HOURS: 48-54

Concentration Core (48-54 hours)
Concentration Core (12 credit hours)
SPN 2201 Spanish IV
SPN 2240 Conversation I
SPN 3300 Advanced Spanish Grammar & Composition or SPN 2340 Advanced Spanish for Native Speakers I or SPN 2341 Advanced Spanish for Native Speakers II (PR: SPN 2340)
SPW 3030 Introduction to Hispanic Literary Studies

Note: SPN 2201 and SPN 2240 are required courses for the concentration. Students who place out of these two courses will take 6 credit hours of coursework approved in advance by an advisor.

Concentration Supporting Spanish Courses (3-9 credit hours)

Student chooses 3-9 credit hours of coursework from the following list of courses:
- SPN 3440 Spanish for Business and International Trade I
- SPN 3441 Spanish for Business and International Trade II
- SPN 3391 Latin American Cinema
- SPN 3520 Spanish-American Civilization
- SPN 3564 Spain Today: Culture and Politics in the Media
- SPN 4410 Advanced Conversation
- SPW 3393 Spanish Culture through Literature and Film

Concentration Business Courses (18 credit hours)

- ACG 3074 Managerial Accounting for Non-Business Majors
- ECO 1000 Basic Economics
- FIN 3403 Principles of Finance
- MAN 3025 Principles of Management
- MAR 3023 Basic Marketing
- XXX XXXX Capstone Course (to be determined by the Muma College of Business)

Required courses in International Studies (9 credit hours)

- CPO 2002 Introduction to Comparative Politics
- CPO 4930 Comparative Government & Politics of Select Areas
- INR 1015 World Perspective

Required overseas study courses and/or area studies courses (6 credit hours):

Select six (6) overseas study credit hours or three (3) credit hours of overseas study plus three (3) credit hours of area studies courses planned with an advisor.

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Advising Information

Yuri Riascos and Andrew Bird, World Languages Academic Advisor: languagesadvise@usf.edu

WORLD LANGUAGES AND CULTURES FACULTY

World Languages Chairperson: S.K. Schindler; Associate Chair: A. Thompson (Linguistics); Professors: P. Brescia (Spanish), M. Camara (Spanish), V.E. Peppard (Russian), C.M. Probes (French), S.K. Schindler (German); Associate Professors: C.J. Cano (Spanish), M. Grieb (German), I. Kantzios (Classics), A. Latowsky (French), P. La Trecchia (Italian), E. Manolaraki (Classics), H. Scharm (Spanish), E. Shepherd (Chinese), K. Simeon-Jones (French), A. Thompson (Linguistics), C. Vasquez (Linguistics), W. Zhu (Linguistics); Assistant Professors: D. Arbesu (Spanish), J. Cazenave (French), M.H. Chiang (Chinese), A. Huenisch (Linguistics), J. Nethercut (Classics), X. Qin (Chinese), N. Tracy-Ventura (Linguistics); Instructors: S. Amer (Arabic), M. Chinea-Thornberry (Spanish), C. Davies (Portuguese), A. De La Pava (Spanish), S. Huber (German), M. Nozu (Japanese), A. Oh (Classics), O. Olevnik (Russian), A. Perez Franco (Spanish), S. Savona (French), S. Wohlmut (Spanish), Q. Wu (Chinese).

MINOR IN AFRICANA STUDIES (AFA)

TOTAL MINOR HOURS: 18

http://africanastudies.usf.edu/undergraduate/minor/

REQUIREMENTS FOR THE MINOR IN AFRICANA STUDIES

The minor in Africana Studies consists of a minimum of 18 hours, which include three core courses (9 hours) and three electives (9 hours).

Minor Core (9 hours)

AFA 2000 Introduction to the Black Experience in Africa and its Diaspora
AFH 3100 African History to 1850 or AFH 3200 African History since 1850
AMH 3571 African American History to 1865 or AMH 3572 African American History since 1865

Minor Electives (9 hours)
Students will complete the minor requirements with three additional Africana Studies elective courses.
AFA 2380 History and Theory of Genocide
AFA 4335 Black Women in America
AFA 4350 African American Community Research
AFA 4931 Selected Topics in Africana Studies
AFS 2250 Culture and Society in Africa
AML 3604 African American Literature
AML 4624 Black Women Writers
AMS 3700 Racism in American Society
ANT 4340 The Caribbean
INR 4254 Africa in World Affairs
PHI 4073 African Philosophy
PHM 4120 Major Black Thinkers

Advising Information
Rahi Dayerizadeh, Social Science Building (SOC) 383, rdayeriz@usf.edu

MINOR IN AMERICAN STUDIES (AMS)
TOTAL MINOR HOURS: 18
http://humanities.usf.edu/undergraduate/as/

American Studies is an interdisciplinary field dealing with the study of the United States. By means of a combination of foundational lecture courses, core seminars, American Studies courses, and courses from relevant disciplines (literature, history, the arts, and the social or behavioral sciences), students in the American Studies program explore diverse aspects of the American experience locally, nationally, and globally.

REQUIREMENTS FOR THE MINOR IN AMERICAN STUDIES
A total of 18 credit hours is required for the minor in American Studies. At least 8 credit hours for the minor must be USF coursework.

Minor Core (6 hours)
AMS 2030 Introduction to American Studies
AMS 2270 Twentieth-Century American Culture

Minor Electives (12 hours)
Twelve (12) hours of upper-level AMS courses or other courses approved by the undergraduate advisor.
AMS 2201 Colonial American Culture
AMS 2363 Issues in American Civilization
AMS 3001 American Culture, 1880-1915
AMS 3230 America During the 1920s and 1930s
AMS 3260 American Culture, 1830-1860
AMS 3302 Architecture and the American Environment
AMS 3370 Southern Women: Myth and Reality
AMS 3601 Material Culture and American Society
AMS 3700 Racism in American Society
AMS 3930 Selected Topics in American Studies
AMS 4804 Major Ideas in America
AMS 4910 Individual Research
AMS 4930 Selected Topics in American Studies
AMS 4935 Senior Seminar in American Studies
AMS 4940 Internship in American Studies

Residency Requirement
At least 8 credit hours for the minor must be USF coursework.
MINOR IN ANTHROPOLOGY (ANT)
TOTAL MINOR HOURS: 19
http://anthropology.usf.edu/undergrad/minor/

Students in many other programs will find an anthropological perspective of benefit. The minor program is structured to allow the student maximum flexibility in course selection within a broadly defined progression of anthropological concerns. Thus, the student is able to tailor a minor in anthropology to best suit specific wants and needs in the context of an overall curriculum.

Students will normally progress through these areas in the general order listed below, as the core courses often serve as prerequisites for the electives.

REQUIREMENTS FOR THE MINOR IN ANTHROPOLOGY
The minor in Anthropology consists of a minimum of 19 credit hours.

Minor Core (13 hours)
ANT 2410 Cultural Anthropology
ANT 2511 Biological Anthropology
ANT 2511L Biological Anthropology Laboratory
ANT 3101 Archaeology
ANT 3610 Anthropological Linguistics

Minor Electives (6 hours)
Six (6) credit hours of 4000-level elective courses are required as described in the listing of elective courses in archaeology, biological anthropology and cultural anthropology.

ANT 4012 Fantastic Archaeology
ANT 4014 Anthropology of American Culture
ANT 4034 Theories of Culture
ANT 4114 Seminar in Archaeological Method and Theory
ANT 4142 Old World Archaeology
ANT 4143 European Archaeology
ANT 4147 Environmental Archaeology
ANT 4153 North American Archaeology
ANT 4158 Florida Archaeology
ANT 4163 Mesoamerican Archaeology
ANT 4165 South American Archaeology
ANT 4172 Historical Archaeology
ANT 4176 Archaeology of Africa
ANT 4178 The History & Archaeology of the African Diaspora
ANT 4180 Laboratory Methods in Archaeology
ANT 4181 Museum Methods
ANT 4183C Archaeological Science
ANT 4185 Ancient Diets
ANT 4241 Anthropology of Religion
ANT 4243 The Middle East and North Africa
ANT 4260 Ancient Trade
ANT 4285 Oral History
ANT 4302 Gender in Cross-Cultural Perspective
ANT 4312 North American Indians
ANT 4316 Ethnic Diversity in the United States
ANT 4323 Mexico and Central America
ANT 4340 The Caribbean
ANT 4352 Peoples of Africa
ANT 4390 Visual Anthropology
ANT 4401 Exploring Cross-Cultural Diversity
ANT 4403 Environmental Anthropology
ANT 4432 The Individual and Culture
ANT 4442 Urban Life and Culture
ANT 4462 Health, Illness, and Culture
ANT 4465 The Anthropology of Food
ANT 4467 Food, Health, and Culture
ANT 4472 Work and Migration in the Americas
ANT 4475 Anthropology of Childhood
ANT 4495 Methods in Cultural Research
ANT 4516 Human Variation
ANT 4520C Forensic Anthropology
ANT 4525 Human Osteology and Osteometry
ANT 4532 Anthropology of Infectious and Contagious Diseases
ANT 4536 Bioarchaeology
ANT 4586 Prehistoric Human Evolution
ANT 4593 Evolution and Health
ANT 4620 Language and Culture
ANT 4701 Applied Anthropology
ANT 4750 Language and Social Interaction
ANT 4930 Special Topics in Anthropology
ANT 4935 Rethinking Anthropology

Note: ANT 4932 Honors Seminar and ANT 4970 Honors Thesis will not count toward the Anthropology minor.

GPA Requirements
A 2.0 GPA is required for the minor.

Grading Requirement
A C average is required for the minor.

Residency Requirement
Fifty percent of the minor must be completed through USF Tampa coursework.

Advising Information
Students are urged to consult with an advisor to create the most beneficial set of courses. Anthroadvise@usf.edu

MINOR IN ASTRONOMY (AST)
TOTAL MINOR HOURS: 12

The Astronomy Minor provides an in-depth overview of Astronomy from a mainly conceptual perspective. Any student wanting to learn more about the universe can earn the Minor in Astronomy regardless of their degree, including physics majors.

REQUIREMENTS FOR THE MINOR IN ASTRONOMY
A minor in Astronomy consists of 12 credit hours.

Minor Core (12 hours)
AST 2002 Descriptive Astronomy
AST 2004 Stellar and Galactic Astronomy
AST 3033 Contemporary Thinking in Astronomy
AST 3044 Archaeoastronomy

GPA Requirements
A minimum 2.0 GPA average in the 12 credit hours is required for obtaining this minor.

Grading Requirement
A "C-" is the minimum acceptable grade for any course in the minor.

Other Information
None of the courses for the Astronomy minor count towards a Physics B.A. or B.S., and consequently Physics majors may earn a minor in Astronomy along with their Physics B.A. or B.S. degree.

Advising Information
Physics Advising: physics.usf.edu/ug/advising/

MINOR IN BIOMEDICAL ANTHROPOLOGY (BAN)
TOTAL MINOR HOURS: 19

This minor prepares undergraduates for futures in medical-related disciplines such as medicine, nursing, and dentistry. The required courses give students a strong foundation on evolutionary and cross-cultural factors affecting
human biological variation. The elective course list provides students with ample choices among more specialized topics in biomedical anthropology.

REQUIREMENTS FOR THE MINOR IN BIOMEDICAL ANTHROPOLOGY

The minor in Biomedical Anthropology consists of a minimum of 19 credit hours.

Minor Core (7 hours)
- ANT 2511 Biological Anthropology
- ANT 2511L Biological Anthropology Laboratory
- ANT 4516 Human Variation

Minor Electives (12 hours)
Students must choose among any of the following courses for a total of twelve (12) credit hours:
- ANT 2410 Cultural Anthropology
- ANT 4520C Forensic Anthropology
- ANT 4462 Health, Illness and Culture
- ANT 4465 The Anthropology of Food
- ANT 4525 Human Osteology and Osteometry
- ANT 4532 Anthropology of Infectious and Contagious Diseases
- ANT 4593 Evolution and Health
- ANT 4930 Special Topics in Anthropology, when taught as:
  - Nutritional Anthropology
  - Paleopathology
  - Neuroanthropology
  - Global Health
  - Human Reproductive Ecology
  - Anthropology of Human Growth and Development
  - Human Sexuality
  - Physician-Patient Interaction

Grading Requirement
A C average is required for all courses that count toward the minor.

Residency Requirement
Fifty percent of the minor must be completed through USF Tampa coursework.

Advising Information
Students are urged to consult with an advisor to create the most beneficial set of courses, AnthroAdvise@usf.edu

MINOR IN BIOMEDICAL PHYSICS (BPH)
TOTAL MINOR HOURS: 16
http://physics.usf.edu/ug/degree/

This minor combines fundamental knowledge of physics acquired through the General Physics lectures and laboratories to applications that cover a wide spectrum of topics of interest to students pursuing a future clinical or research career in biology, medicine, and other related areas.

REQUIREMENTS FOR THE MINOR IN BIOMEDICAL PHYSICS

A minor in Biomedical Physics consists of 16 credit hours.

Minor Core (16 hours)
- PHY 2048 or 2053 General Physics I
- PHY 2048L or 2053L General Physics I Lab
- PHY 2049 or 2054 General Physics II
- PHY 2049L or 2054L General Physics II Lab
- PHZ 4702 Applications of Physics to Biology and Medicine I
- PHZ 4703 Applications of Physics to Biology and Medicine II

GPA Requirements
A minimum 2.0 GPA average in the 16 credit hours is required for obtaining this minor.

Grading Requirement
A "C-" is the minimum acceptable grade for any course in the minor.
Other Requirements
The Biomedical Physics minor is not available to Physics majors. Physics majors with an interest in Biophysics should consider taking the Biophysics course which is available as an upper-level elective.

MINOR IN CHEMISTRY (CHM)
TOTAL MINOR HOURS: 24
http://chemistry.usf.edu/undergraduate/minor/
The Chemistry minor provides a broad and general exposure to the traditional areas of the chemical sciences.

REQUIREMENTS FOR THE MINOR IN CHEMISTRY

Minor Core (14 hours)
- CHM 2045 General Chemistry I
- CHM 2045L General Chemistry I Laboratory
- CHM 2046 General Chemistry II
- CHM 2046L General Chemistry II Laboratory
- CHM 2210 Organic Chemistry I
- CHM 2210L Organic Chemistry I Laboratory
- CHM 4060 Use of Chemical Literature

Minor Electives (10 hours)
Choose 10 hours of structured classes applicable to the major. Chemistry courses used to satisfy a major requirement cannot be used toward a minor in Chemistry.

NOTE: In all laboratory classes the lecture is PR/CR.
- BCH 3053 General Biochemistry
- BCH 4033 Advanced Biochemistry I
- BCH 4034 Advanced Biochemistry II
- BCH 3023L Basic Biochemistry Laboratory
- CHM 2211 Organic Chemistry II
- CHM 2211L Organic Chemistry II Laboratory
- CHM 3120C Elementary Analytical Chemistry
- CHM 3610 Intermediate Inorganic Chemistry
- CHM 3610L Intermediate Inorganic Chemistry Laboratory
- CHM 4230 Spectroscopic Analysis of Organic Compounds
- CHM 4274 Introduction to Drug Discovery
- CHM 4292 Introduction to Medicinal Chemistry
- CHM 4300 Biomolecules I
- CHM 4307 BioOrganic Chemistry
- CHM 4410 Physical Chemistry I
- CHM 4410L Physical Chemistry Laboratory
- CHM 4411 Physical Chemistry II
- CHM 4413 Biophysical Chemistry
- CHM 4455 Chemistry of High Polymers
- CHM 4932 Selected Topics in Chemistry
- CHS 4300 Fundamentals of Clinical Chemistry

Grading Requirement
A grade of C or better is required for each course in the Chemistry minor. Courses in the chemistry minor must be taken with letter grade (A, B, C, D, F, I) except those courses which are graded S/U only.

Residency Requirement
Eight hours of approved Chemistry coursework must be completed at USF.

Other Requirements
Chemistry, Biomedical Sciences, Interdisciplinary Natural Sciences, and Medical Technology majors are not eligible for the minor in Chemistry.

Advising Information
Department of Chemistry Advising: chemadvise@usf.edu or http://chemistry.usf.edu/advising/.
MINOR IN CHINESE LANGUAGE (CHN)
TOTAL MINOR HOURS: 18

The minor in Chinese Language is designed for majors in any field who wish to demonstrate in-depth knowledge of Chinese language, culture and society. The minor in Chinese Language is designed to equip students with a foundation in Chinese language and culture necessary to successfully interact with Chinese people.

REQUIREMENTS FOR THE MINOR IN CHINESE LANGUAGE

A total of 18 semester hours is required for the minor in Chinese Language. Of those 18 hours, 12 hours are to be fulfilled with required core courses in language, culture, and literature. An additional 6 hours are to be fulfilled with electives selected in consultation with a Chinese faculty advisor.

Minor Core (12 hours)
- CHI 3241 Advanced Chinese Conversation I
- CHI 3242 Advanced Chinese Conversation II
- CHT 3500 Introduction to Chinese Culture
- CHT 3110 Traditional Chinese Literature in Translation or CHT 3124 Modern Chinese Literature in Translation

Minor Electives (6 hours)
- CHI 4905 Directed Study
- CHI 4930 Selected Topics

Residency Requirement
A minimum of 10 of the 18 hours required for the minor must be completed in residence at USF.

Advising Information
Dr. Eric Shepherd
Director of the Chinese Language Program
erics@usf.edu

Yury Riascos, World Languages Academic Advisor: languagesadvise@usf.edu

MINOR IN CLASSICS (CLS)
TOTAL MINOR HOURS: 17
http://languages.usf.edu/undergraduate/classics/

The interdisciplinary minor is designed to make the study of the ancient world available to students, in a programmatic way, without the requirement of learning Latin or Greek. Students learn about the history, literature, art and culture of antiquity in courses that emphasize the study of primary texts in English translation.

REQUIREMENTS FOR THE MINOR IN CLASSICS

The Classics minor requires 17 credit hours, which are divided between language and civilization requirements.

Minor Core (17 hours)
Language Requirements (8 credit hours)
Students are required to take at least two (2) successive courses in a single language, Latin or Ancient Greek (LAT, LNW, GRE, GRW).

Civilization Requirements (9 credit hours)
Students are required to take three (3) of the core courses offered by Classics:
- CLA 3103 Daily Life in Ancient Greece
- CLA 3124 Daily Life in Ancient Rome
- CLT 3103 Epic Battles and Dramatic Reversals in Greek Thought
- CLT 3123 Voyages and Metamorphoses in Roman Imagination
- CLT 3370 Gods, Heroes, and Monsters in the Ancient World

Advising Information
World Languages Academic Advisor: languagesadvise@usf.edu
Yury Riascos (languagesadvise@usf.edu) or Dr. Eleni Manolaraki (emanolar@usf.edu)
MINOR IN COMMUNICATION (SPE)
TOTAL MINOR HOURS: 18
http://communication.usf.edu/undergraduate/minor/

The minor in Communication prepares students to communicate effectively and ethically in a variety of relationships and contexts (see description of the major). Students may choose to emphasize a particular area of study including human relationships, health communication, public communication, media and culture, public advocacy, performance, organizational communication, leadership, diversity, or applied communication.

REQUIREMENTS FOR THE MINOR IN COMMUNICATION
The minor in Communication requires a minimum of 18 hours of departmental coursework.

Minor Core (6 hours)
- SPC 2608 Public Speaking
- COM 2000 Introduction to Communication

Minor Electives (12 hours)
Twelve credit hours may be selected from among departmental offerings and must include a minimum of 6 hours at the 3000-level or higher.

Grading Requirement
A grade of "C-minus" is required for a departmental course to count toward a Communication minor.
Courses may not be taken S/U where a grade option exists.

MINOR IN CREATIVE WRITING (CRW)
TOTAL MINOR HOURS: 15
http://english.usf.edu/ug/concentrations/creative/

REQUIREMENTS FOR THE MINOR IN CREATIVE WRITING

Minor Core (15 hours)
- CRW 3111 Form and Technique of Fiction
- CRW 3311 Form and Technique of Poetry
- Any two of the following:
  - CRW 3112 Fiction I
  - CRW 3121 Fiction II
  - CRW 3312 Poetry I
  - CRW 3321 Poetry II
  - CRW 4930 Selected Topics in Creative Writing
- Any major course listed in the Literary Studies concentration including a 2000-level LIT course

Grading Requirement
A grade of below C- will not be counted toward fulfilling the minor requirements.

MINOR IN ECONOMICS (ECO)
TOTAL MINOR HOURS: 18
http://economics.usf.edu/undergraduate/minor/

Economics focuses on critical thinking and problem solving skills, which means the Minor in Economics can pair well with any Major.

REQUIREMENTS FOR THE MINOR IN ECONOMICS
All students, regardless of college, can earn a minor in Economics by satisfactorily completing 18 hours in Economics.

Minor Core (6 hours)
- ECO 2013 Economic Principles: Macroeconomics
- ECO 2023 Economic Principles: Microeconomics
- ECO 1000, if taken before both ECO 2013 and ECO 2023 and student receives a C- or better, may be substituted for 3 hours of upper-level economics elective credit. Before being recognized as a minor in economics a student must obtain program approval by the Economics Department Undergraduate Advisor. A grade point average of 2.0 or higher must be achieved in the minor course work at USF and in all minor courses completed at any institution. Unless stated otherwise, a grade of “C-” is the minimum acceptable grade for all minor and supporting minor courses.
Minor Electives (12 hours)
Students must choose twelve (12) credit hours of Economics electives numbered 3000 or higher (may include QMB 3200).

Residency Requirement
At least 9 hours of Economics credit must be taken in residence at USF Tampa.

Advising Information
econadvise@usf.edu

MINOR IN ENVIRONMENTAL POLICY (ESP)
TOTAL MINOR HOURS: 19

REQUIREMENTS FOR THE MINOR IN ENVIRONMENTAL POLICY
A total of 19 credits are required for the minor in Environmental Policy.

Minor Core (16 hours)
Required Core Courses (7 credit hours):
- EVR 2001 Introduction to Environmental Science
- EVR 2001L Introduction to Environmental Science Lab
- EVR 2861 Introduction to Environmental Policy

Three of the following four courses (9 credit hours):
- EVR 4033 Environmental Regulation
- GEO 4372 Global Conservation
- GEO 4502 Economic Geography
- PHI 3640 Environmental Ethics

Minor Electives (3 hours)
Plus one approved policy-related elective.

Residency Requirement
12 credits must be completed at USF.

Advising Information
Please see http://hennarot.forest.usf.edu/main/depts/geosci/ug/advising/ and or contact Rene Alvarez, the Environmental Science and Policy Academic Advisor, for a current list of electives.
Rene Alvarez can be contacted via email at: GeoAdvise@usf.edu; by phone at (813) 974-3250; and his office location is Science Center (SCA) 230.

MINOR IN FILM AND NEW MEDIA STUDIES (FNM)
TOTAL MINOR HOURS: 18

http://humanities.usf.edu/undergraduate/film/

The Minor in Film and New Media Studies is designed to train students in the historical contexts and analytical skills necessary to understand how film and new media (including television, video games, and Internet culture) communicate cultural values and shape our apprehensions of the world.

REQUIREMENTS FOR THE MINOR IN FILM AND NEW MEDIA STUDIES
The minor consists of 18 credit hours.

Minor Core (9 hours)
- FIL 1002 Introduction to Film Studies
- FIL 3052 Foundations of Film & New Media (prerequisite is FIL 1002)
- FIL 3077 Contemporary Film & New Media (prerequisite is FIL1002)

Minor Electives (9 hours)
Students take an additional nine (9) credit hours of upper-level coursework from Humanities and Cultural Studies with an AMS, FIL, or HUM prefix.
MINOR IN FRENCH (FRE)
TOTAL MINOR HOURS: 15

http://languages.usf.edu/undergraduate/french/

French is a truly global language, the official or second language in over 40 countries worldwide and an important tool in business and diplomacy. Our faculty offer a large variety of courses including literature and culture across genres, centuries, and geographical regions. Our faculty, a good mix of French and American scholars, is attentive and our students are close-knit. The placement record for our students is impressive, including graduates who continue to obtain advanced degrees, teachers in public and private schools including in IB programs, or even abroad in institutions such as the École Normale Supérieure in France; others apply their French to international law, business, politics, federal government jobs and to writing novels recognized by *The New York Times*.

REQUIREMENTS FOR THE MINOR IN FRENCH

Minor Core (6 hours)
- FRE 2240 Intermediate Spoken French in Cultural Context
- FRE 3420 Written French in Cultural Context

Minor Electives (9 hours)
Select nine (9) hours in 3000-, 4000-, or 5000-level courses, except courses in translation.

Other Requirements
The French minor strongly encourages study abroad and provides advice on the same. USF World offers several programs in France and Francophone countries, sometimes led by our faculty.

Advising Information
Yury Riascos, World Languages Academic Advisor, languagesadvise@usf.edu

MINOR IN GEOGRAPHIC INFORMATION SYSTEMS AND TECHNOLOGY (GIST)
TOTAL MINOR HOURS: 15

A minor in Geography consists of 15 credit hours.

Minor Core (9 hours)
- GEO 3164C Research Methods in Geography
- GIS 4035C Remote Sensing of the Environment
- GIS 4043C Geographic Information Systems

Minor Electives (6 hours)
Students choose two of the following courses:
- EVR 4051 Environmental Field Methods
- EVR 4218 Research Methods in Wildlife Ecology
- GEO 4114C Geographic Techniques and Methodology
- GEO 4700 Transportation Geography
- GIS 3006 Computer Cartography

GPA Requirements
A minimum grade point average of 2.00 is required.

Residency Requirement
At least 12 credit hours must be USF Tampa coursework.

Other Requirements
Students may not apply electives to the Geographic Information Systems minor if these electives are being used to satisfy their requirements in another major.

MINOR IN GEOLOGY (GLY)
TOTAL MINOR HOURS: 16

REQUIREMENTS FOR THE MINOR IN GEOLOGY

Sixteen (16) credit hours are required. The completion of the introductory sequence courses (4 credit hours) listed and any three Geology Core courses (12 hours).

Minor Core (4 hours)
- Introductory Sequence (4 credit hours):
One course, chosen from:
- GLY 2010 Dynamic Earth: Introduction to Physical Geology
- GLY 2030 Hazards of the Earth’s Surface: Environmental Geology
- GLY 2100 History of Life
- OCE 2001 Introduction to Oceanography
- Or other comparable acceptable course offerings, as approved by the undergraduate advisor
- GLY 2000L Essentials of Geology Laboratory

Minor Electives (12 hours)
Choose three of the following Geology courses:
- GEO 3280 Environmental Hydrology
- GLY 3104C Stratigraphy and Paleontology
- GLY 3311C Mineralogy, Petrology, Geochemistry
- GLY 3402C Structural Geology and Tectonics
- GLY 3552C Sedimentary Rocks and Processes

Teacher Education Programs
Prospective elementary and secondary school teachers desiring to teach science should include basic courses in geology and related sciences as part of their curriculum.

**MINOR IN GERMAN STUDIES (GMS)**
**TOTAL MINOR HOURS: 15**
[http://languages.usf.edu/undergraduate/german/](http://languages.usf.edu/undergraduate/german/)

The 15-credit hour minor in German Studies provides students with advanced oral and written proficiency in German, as well as an in-depth familiarity of the culture(s) of the German-speaking countries.

**REQUIREMENTS FOR THE MINOR IN GERMAN STUDIES**
The minor in German Studies comprises mid-to-advanced language and culture classes.

**Minor Core (6 hours)**
Students should select 6 hours of 3000- or 4000-level GEW or GER coursework in German (taught in German).

**Minor Electives (9 hours)**
Students should select 9 hours of 2000-, 3000-, or 4000-level GER, GET or GEW coursework in German.

**Advising Information**
Dr. Stefan Huber (huber@usf.edu)

**MINOR IN HISTORY (HTY)**
**TOTAL MINOR HOURS: 18**
[http://history.usf.edu/ug/minor/](http://history.usf.edu/ug/minor/)

The discipline of history embraces a diverse world of ideas, people and events and seeks to inform and to question, to provoke and to challenge students to a higher level of understanding of the past.

**REQUIREMENTS FOR THE MINOR IN HISTORY**
A minor in History is an excellent complement to any undergraduate degree that benefits from a humanities discipline.

**Minor Core (6 hours)**
Lower-Level Elective Courses (6 hours)
Students must select 6 credit hours from 2000-level History Department course offerings.

**Minor Electives (12 hours)**
Upper-Level Elective Courses (12 hours)
Students must select 12 credit hours from 3000- and 4000 upper-level History department course offerings.

**Grading Requirement**
A minimum grade of C- or better must be attained in each course.

**Residency Requirement**
A minimum of eight (8) hours must be completed at the University of South Florida.
Other Information
Students who wish to minor in History may declare the minor via the www.history.usf.edu undergraduate web page; or may contact the undergraduate advisor at HistoryAdvise@usf.edu.

Advising Information
Undergraduate Advisor, History Department; Location: Social Science Building (SOC) 265; HistoryAdvise@usf.edu

MINOR IN HUMANITIES (HUM)
TOTAL MINOR HOURS: 18

The Humanities minor program offers an interdisciplinary curriculum that investigates the visual arts, music, and literature, and the cultures from which they emerge.

REQUIREMENTS FOR THE MINOR IN HUMANITIES
The curriculum for the Humanities minor is comparable to that of the program for the B.A. degree, but it is less comprehensive.

Minor Core (18 hours)
Eighteen semester hours of Humanities courses (HUM prefix).
No more than six of these eighteen hours may be taken below the 3000 level.

MINOR IN INTELLIGENCE STUDIES (IQS)
TOTAL MINOR HOURS: 12

The Minor in Intelligence Studies provides an introductory foundation to the profession and practice of intelligence. Students are acquainted with the structure and function of the US Intelligence Community; ethical and professional issues in the intelligence field; intelligence analytic methods; tools and techniques for collecting/analyzing data and information from publicly available sources; and professional writing and briefing skills that are essential for effective analytic communication. This minor can complement undergraduate majors such as Political Science, International Studies, Foreign Language studies, Criminology, Business, or Social/Behavioral Sciences.

REQUIREMENTS FOR THE MINOR IN INTELLIGENCE STUDIES

Minor Core (12 hours)
LIS 4029 Professional and Technical Communication for Analysts
LIS 4671 Introduction to Intelligence Studies
LIS 4672 Critical Thinking and Methods for Intelligence Analysis
LIS 4673 Open Source Intelligence (OSINT)

GPA Requirements
A GPA of 3.0, or better is required to meet the requirements of the minor.

Residency Requirement
Six credit hours must be taken at USF.

Advising Information
For questions regarding the minor, please email Dr. Randy Borum: borum@usf.edu.

MINOR IN INTERDISCIPLINARY CLASSICAL CIVILIZATIONS (ICC)
TOTAL MINOR HOURS: 15-18

The ICC Minor (15 hours minimum) can be fulfilled in one of two ways:

Minor Core (15-18 hours)
Courses are divided by level, with the "field" of study unrestricted (15-18 credit hours):
Two courses (6 hours) from the ICC Minor "Core":

245
MINOR IN INTERNATIONAL STUDIES (INT)
TOTAL MINOR HOURS: 18
http://usf.edu/sigs/undergraduate/

REQUIREMENTS FOR THE MINOR IN INTERNATIONAL STUDIES
The minor in International Studies is a set of International Studies courses taken by a student that approximates one half of the upper level credits required for a major. The minor consists of 18 credit hours made up of six courses as follows:

Minor Core (12 hours)
- INR 3011 Globalization
- INR 4083 Conflict in the World
- INR 3038 International Wealth and Power or CPO 4034 Politics of the Developing Areas
- INR 3202 International Human Rights or INR 4502 International Organizations

Minor Electives (6 hours)
Two (2) upper-level courses (6 credit hours) chosen from the International Studies Program’s offerings.

Advising Information
Each student’s program must be planned with the International Studies program major advisor, who is empowered to approve appropriate substitutions when educationally justified.
For information on INT advising, please visit http://usf.edu/sigs/undergraduate/.

MINOR IN ITALIAN (ITA)
TOTAL MINOR HOURS: 15
http://languages.usf.edu/undergraduate/italian/

REQUIREMENTS FOR THE MINOR IN ITALIAN

Minor Core (6 hours)
- ITA 2240 Italian Conversation I or ITA 2241 Italian Conversation II
- ITA 3420 Composition

Minor Electives (9 hours)
Students must select 9 hours in 3000- or 4000-level courses except courses in translation.
Advising Information
Yury Riascos, World Languages Academic Advisor: languagesadvise@usf.edu

MINOR IN LINGUISTICS (LIN)
TOTAL MINOR HOURS: 15
http://languages.usf.edu/undergraduate/linguistics/

The linguistics minor can complement any language major, as well as many other majors. In the linguistics minor, you will have the opportunity to take upper-level classes focusing on language, culture, pedagogy and theoretical linguistics. The minor can prepare you for teaching a foreign language in the United States, teaching English overseas, working for a company in which there are multinational employees, and other similar careers. It will also give you a foundation to pursue graduate work in applied linguistics or languages. Knowledge of the structure of language will help you hone your analytic thinking skills, which can be transferred to other areas such as succeeding on the LSAT or entering a career in the field of computer science. Linguistics courses can also help you improve your writing-related skills, oral communication skills, and intercultural communication.

REQUIREMENTS FOR THE MINOR IN LINGUISTICS

Minor Core (3 hours)
LIN 3010 Introduction to Linguistics

Minor Electives (12 hours)
ANT 3610 Anthropological Linguistics
CLT 3040 Scientific and Medical Terminology
FLE 4390 Teaching Foreign/Second Languages
FRE 4700 French Linguistics
LIN 2002 Language, Culture & Film
LIN 4671 Traditional English Grammar
LIN 4701 Psycholinguistics
LIN 4721 Second Language Acquisition
LIN 4930 Special Topics (may be repeated; title must be different)
SPA 3004 Introduction to Language Development and Disorders
SPN 4700 Spanish Linguistics
TSL 4362 Methodology of Teaching English Overseas

GPA Requirements
A minimum 2.0 GPA is required.

Grading Requirement
A minimum grade of C- or better must be attained in each course.

Residency Requirement
A minimum of nine (9) hours must be completed at the University of South Florida.

Advising Information
For more information, please contact the World Languages Undergraduate Advisor, Yury Riascos (LanguagesAdvise@usf.edu), or the Linguistics Minor Coordinator, Amanda Huensch.

MINOR IN LITERARY STUDIES (LTS)
TOTAL MINOR HOURS: 15
http://english.usf.edu/data/UG_LTSminor.pdf

REQUIREMENTS FOR THE MINOR IN LITERARY STUDIES

Minor Core (15 hours)
One AML major course
Two ENL major courses
One 4000-level course from the Literary Studies concentration
One additional course from any English Department concentration: LTS, CRW, PRT

Course Grade Requirement
A grade of below C- will not be counted toward fulfilling the major requirements.
MINOR IN MASS COMMUNICATIONS (COM)
TOTAL MINOR HOURS: 18
http://masscom.usf.edu/ug/minor/

The minor in Mass Communications is available to students pursuing any other major at USF.

REQUIREMENTS FOR THE MINOR IN MASS COMMUNICATIONS

The minor in Mass Communications requires a minimum of 18 hours of School coursework.

Minor Core (6 hours)
MMC 2100 Writing for the Media
MMC 3602 Mass Communications and Society

Minor Electives (12 hours)
Twelve (12) hours may be selected from among School offerings and must include a minimum of nine (9) hours at the 3000-level or higher.
Any MMC, ADV, JOU, PUR, RTV, VIC course
All major course prerequisites must be met.

GPA Requirements
A 2.5 GPA in all minor coursework must be maintained.

Course Grade Requirement
A grade of "D" or "F" will not be counted toward a Mass Communications minor.

Residency Requirement
All minor hours must be completed at USF.

Other Information
Students who wish to minor must apply for admission to the School of Mass Communications and must meet all admission standards required of majors. Please see “Requirements for the Major in Mass Communications” for more admission information.

MINOR IN MATHEMATICS (MTH)
TOTAL MINOR HOURS: 27
http://math.usf.edu/ug/mminor/

The Mathematics minor offers a diversity of courses designed to emphasize the broad nature of modern mathematics and its close associations with the real world.

REQUIREMENTS FOR THE MINOR IN MATHEMATICS

Minor Core (21 hours)
MAC 2311 Calculus I or MAC 2281 Engineering Calculus I
MAC 2312 Calculus II or MAC 2282 Engineering Calculus II
MAC 2313 Calculus III or MAC 2283 Engineering Calculus III
MGF 3301 Bridge to Abstract Mathematics
MAS 3105 Linear Algebra
MAS 3156 Vector Calculus

Minor Electives (6 hours)
Complete any two (2) Mathematics courses from the following list
COP 4313 Symbolic Computations in Mathematics
MAA 4211 Intermediate Analysis I
MAA 4212 Intermediate Analysis II
MAA 4402 Complex Variables
MAD 4203 Introduction to Combinatorics
MAD 4301 Introduction to Graph Theory
MAD 4401 Numerical Analysis I
MAD 4402 Numerical Analysis II
MAD 4504 Theory of Computation
MAD 4471 Introduction to Cryptography and Coding Theory
MAP 2302 Differential Equations
MAP 4202 Optimization
### MINOR IN MICROBIOLOGY (MIC)

**Total Minor Hours: 26**

The Microbiology minor exists to recognize those students who wish to add a limited but sound understanding of microbiology to their major.

#### REQUIREMENTS FOR THE MINOR IN MICROBIOLOGY

**Minor Core (26 hours)**
- BSC 2010 Cellular Processes
- BSC 2010L Cellular Processes Laboratory
- PCB 3023 Cell Biology
- PCB 3023L Cell Biology Laboratory
- PCB 3063 General Genetics
- MCB 3410 Cell Metabolism or BCH 3053 General Biochemistry
- MCB 3020 General Microbiology
- MCB 3020L General Microbiology Laboratory
- MCB 4115 Determinative Bacteriology
- MCB 4115L Determinative Bacteriology Laboratory
- MCB 4320 Molecular Microbiology

**GPA Requirements**
- A minimum 2.0 average in the 26 credits is required for obtaining this minor.

**Grading Requirement**
- A grade of C- is the minimum acceptable grade for courses in the minor. Students must have less than 3 D and/or F grades in Microbiology minor lecture courses.

**Residency Requirement**
- Students must complete a minimum of 8 hours in Microbiology minor coursework at USF Tampa.

**Other Information**
- Students who are declared in any Biology or Microbiology major offered by the Department of Cell Biology, Microbiology, and Molecular Biology or the Department of Integrative Biology are ineligible for this minor.
COLLEGE OF ARTS & SCIENCES

MINOR IN MODERN GREEK (MGR)
TOTAL MINOR HOURS: 16
http://languages.usf.edu/undergraduate/

REQUIREMENTS FOR THE MINOR IN MODERN GREEK

Minor Core (16 hours)
- GRK 2220 Modern Greek III
- GRK 2221 Modern Greek IV
- Two, four-credit hour GRK 4905 Directed Studies Courses

Advising Information
Yury Riascos (languagesadvise@usf.edu), Dr. Ippokratis Kantzios (kantzios@usf.edu)

MINOR IN PHILOSOPHY (PHI)
TOTAL MINOR HOURS: 18
http://philosophy.usf.edu

REQUIREMENTS FOR THE MINOR IN PHILOSOPHY

A minor in Philosophy consists of the completion of at least 18 credit hours, which includes the following courses:

Minor Core (6 hours)
- History of Philosophy – 6 credit hours:
  - Choose two of the following courses:
    - PHH 3062 History of Western Philosophy: Ancient Philosophy
    - PHH 3280 Medieval and Renaissance Philosophy
    - PHH 3420 Early Modern Philosophy
    - PHH 3442 Late Modern Philosophy
    - PHH 4440 Continental Philosophy
    - PHH 4600 Contemporary Philosophy
    - PHH 4700 American Philosophy
    - PHH 4820 Chinese Philosophy
    - PHM 4331 Modern Political Philosophy
    - PHP 3786 Existentialism
    - PHP 4000 Plato
    - PHP 4010 Aristotle
    - PHP 4410 Kant
    - PHP 4784 Analytical Philosophy
    - PHP 4788 Philosophy of Marxism

Minor Electives (12 hours)
- Choose four courses (12 credit hours) from the following prefixes: PHH, PHI, PHM and PHP. No more than three elective hours taken at the 1000- and 2000-level may count toward the Philosophy minor. Courses taken to fulfill the six hours of History of Philosophy requirement will not count toward elective hours in the minor.

Grading Requirement
- No course taken on an "S/U" basis may be applied toward the minor.

Advising Information
Andrew Bird, 813-974-6957, ajbird@usf.edu
MINOR IN PHYSICS (PHY)
TOTAL MINOR HOURS: 17
http://physics.usf.edu/ug/degree/

REQUIREMENTS FOR THE MINOR IN PHYSICS

Minor Core (11 hours)
- PHY 2048 General Physics I
- PHY 2048L General Physics I Lab
- PHY 2049 General Physics II
- PHY 2049L General Physics II Lab
- PHY 3101 Modern Physics

Minor Electives (6 hours)
Students must choose six (6) credit hours of upper-level physics electives from the following list, subject to approval by the undergraduate advisor:
- AST 3930 Astrophysics
- PHY 3220 Classical Mechanics
- PHY 3323 Electricity and Magnetism
- PHY 3822L Intermediate Lab
- PHY 4151 Computational Physics
- PHY 4324 Electricity and Magnetism II
- PHY 4424 Optics
- PHY 4523 Statistical Physics
- PHY 4604 Introduction to Quantum Mechanics
- PHY 4605 Quantum Mechanics II
- PHY 4744C Introduction to Quantum Mechanics and Test Instrumentation
- PHY 4823L Advanced Lab
- PHY 4936 Biophysics
- PHZ 3113 Mathematical Methods in Physics
- PHZ 4434 Material Physics

GPA Requirements
A minimum 2.0 GPA average in the 17 credit hours is required for obtaining this minor.

Grading Requirement
A "C-" is the minimum acceptable grade for any course in the minor.

Other Requirements
Students who require PHY 2048/L and PHY 2049/L for their core major requirements must meet with the Physics advisor prior to declaring the minor.

Advising Information
http://physics.usf.edu/ug/advising/; PhysicsAdvise@usf.edu

MINOR IN POLITICAL SCIENCE (POL)
TOTAL MINOR HOURS: 18
http://gia.usf.edu/ps/ughome/

REQUIREMENTS FOR THE MINOR IN POLITICAL SCIENCE

A minor in political science requires the completion of a minimum of 18 credit hours.

Minor Core (6 hours)
Students must choose 6 credit hours from the following:
- CPO 2002 Introduction to Comparative Politics or INR 2002 Introduction to International Relations
- POS 2041 American National Government
- POT 3003 Introduction to Political Theory

Minor Electives (12 hours)
An additional 12 credit hours of courses included in the Political Science major are required.
Students transferring credit hours toward a minor in Political Science must complete 12 credit hours within the department, regardless of the number of credit hours transferred.

Advising Information
To contact your advisor and schedule an appointment, please go to: http://gia.usf.edu/advisor/

MINOR IN PROFESSIONAL WRITING, RHETORIC AND TECHNOLOGY (PRT)
TOTAL MINOR HOURS: 15
http://english.usf.edu/ug/concentrations/technical/

Minor Core (15 hours)
ENC 3242 Technical Communication for Majors
One of the following:
  ENC 4260 Advanced Technical Writing or
  ENC 4311 Advanced Composition
Any three of the following:
  ENC 3250 Professional Writing
  ENC 3310 Expository Writing
  ENC 3371 Rhetorical Theory for Technical Communication
  ENC 3416 New Media for Technical Communication
  ENC 3435 Rhetoric and Gaming
  ENC 4218 Visual Rhetoric for Technical Communication
  ENC 4931 Selected Topics in Professional and Technical Writing
  ENC 4931 Selected Topics in Professional and Technical Writing: Editing
  ENC 4931 Selected Topics in Professional and Technical Writing: Workplace Writing and Culture
One upper-level course from the Literary Studies concentration

Course Grade Requirement
A grade of below C- will not be counted toward fulfilling the major requirements.

MINOR IN PSYCHOLOGY (PSY)
TOTAL MINOR HOURS: 18
http://psychology.usf.edu/ug/minor/

The purpose of the minor is to help students majoring in other disciplines to obtain an appropriate psychology background that will complement their work in their major.

REQUIREMENTS FOR THE MINOR IN PSYCHOLOGY
A minor in Psychology consists of a minimum of 18 credit hours.

Minor Core (6 hours)
PSY 2012 Introduction to Psychological Science
PSY 3213 Research Methods or any Statistics course

Minor Electives (12 hours)
12 credit hours of four upper-level psychology courses, except PSY 4913 and DEP 3103.

GPA Requirements
A GPA of 2.0 or better in the minor is required for certification.

Course Grade Requirement
Students minoring in Psychology must obtain a "C" or better in any college level statistics course or PSY 3213.

Residency Requirement
Students must complete at least eight credit hours toward the minor in residency at USF.

Other Requirements
Permits are required for students to register for upper-level Psychology minor electives. Permits are available online at http://psychology.usf.edu/forms/CoursePermit/.

Advising Information
Department of Psychology Undergraduate Advising: psychad@usf.edu or http://psychology.usf.edu/ug/advising/.
MINOR IN PUBLIC ADMINISTRATION (PAN)
TOTAL MINOR HOURS: 15
http://spa.usf.edu/undergraduate/minor/

The Public Administration minor provides an introduction to public administration, public policy, state and local government. It is a smart choice for any student considering future employment in the public sector.

REQUIREMENTS FOR THE MINOR IN PUBLIC ADMINISTRATION
The minor in Public Administration consists of 15 credit hours.

Minor Core (9 hours)
- PAD 3003 Introduction to Public Administration
- PAD 4204 Public Financial Administration
- PAD 4415 Personnel & Supervision for Today’s Diverse Organizations

Minor Electives (6 hours)
Select six (6) credit hours from the following list:
- PAD 4930 Selected Topics in Public Administration and Public Policy
- PUP 4002 Public Policy
- PAD 4144 Non-Profit Organizations and Public Policy
- PAD 4712 Managing Information Resources in the Public Sector
- URS 3002 Introduction to Urban Studies
- URP 4050 City Planning and Community Development
- URP 4052 Urban and Regional Planning

Course Grade Requirement
Only courses in which a grade of "C-" or better is attained will count toward the minimum hours.

Residency Requirement
A minor in Public Administration consists of a minimum of 15 credit hours, at least 12 of which must be USF credits.

Advising Information
Please contact our advisers in the School of Public Affairs at: issadvise@usf.edu.

MINOR IN RELIGIOUS STUDIES (REL)
TOTAL MINOR HOURS: 18
http://religious-studies.usf.edu/ugrad/requirements/

REQUIREMENTS FOR THE MINOR IN RELIGIOUS STUDIES
Students choose a total of 18 credit hours from Religious Studies courses.

Minor Core (6 hours)
All minors must take:
- REL 3040 Introduction to Religious Studies
- REL 3043 Introduction to Major Religious Texts

Minor Electives (12 hours)
An additional 12 credit hours chosen from Religious Studies courses are required.

Grading Requirement
Only letter grades will be counted for coursework taken for the minor.

Other Information
It is the prerogative of the Department of Religious Studies to determine whether courses taken at other universities may be applied toward the minor at USF. This will be decided as soon as the student declares a minor in the Department of Religious Studies at USF.

Transfer students may not apply more than 6 credit hours taken elsewhere toward the minor at USF. Requests for transfer of credit must be made to the Undergraduate Director in writing when declaring a minor.
MINOR IN RUSSIAN STUDIES (RSS)
TOTAL MINOR HOURS: 15
http://languages.usf.edu/undergraduate/russian/

REQUIREMENTS FOR THE MINOR IN RUSSIAN STUDIES

Minor Core (8 hours)
- RUS 2220 Intermediate Russian I
- RUS 2221 Intermediate Russian II

Minor Electives (7 hours)
Select seven (7) hours in 3000- or 4000-level courses:
- RUS 3240 Russian Language & Culture through Film
- RUS 3470 Overseas Study
- RUS 4241 Russian Language & Culture through Film II
- RUS 4900 Selected Topics
- RUS 4905 Directed Study
- RUT 3110 Nineteenth Century Russian Literature in English
- RUT 3111 Twentieth Century Russian Literature in English

Please contact a World Languages advisor to plan the appropriate coursework.

Other Requirements
Prerequisites: RUS 1120 Beginning Russian I (4 credit hours) and RUS 1121 Beginning Russian II (4 credit hours). Students may be able to place out of prerequisites if they pass as proficiency test. Heritage students will be placed in languages courses according to their proficiency.

Advising Information
Yury Riascos, World Languages Academic Advisor, languagesadvise@usf.edu

MINOR IN SOCIOLOGY (SOC)
TOTAL MINOR HOURS: 18
http://sociology.usf.edu/ug/major/

Sociology is the study of human social relationships and institutions. Sociology's subject matter is diverse, ranging from crime to religion, from the family to the state, from the divisions of race and social class to the shared beliefs of a common culture, and from social stability to radical change in whole societies.

REQUIREMENTS FOR THE MINOR IN SOCIOLOGY

Minor Core (6 hours)
Minors must take:
- SYG 2000 Introduction to Sociology
- SYA 3110 Classical Theory

Minor Electives (12 hours)
Choose 12 credit hours from the following list:
- SYA 3310 Qualitative Inquiry
- SYA 4121 Queer Theory
- SYA 4930 Topics in Sociology
- SYD 3700 Racial and Ethnic Relations
- SYD 4238 Immigrants to America
- SYD 4410 Urban Sociology
- SYD 4411 Urban Life
- SYG 3235 Latina/Latino Lives
- SYO 3120 Sociology of Families
- SYO 3200 Sociology of Religion
- SYO 3460 Sociology of the Media
- SYO 4204 Religion and Immigration
- SYO 4536 Inequalities and Social Justice
- SYO 4573 Social Networks
- SYP 3562 Family Violence
- SYP 4012 Emotions in Society
- SYP 4111 Identify and Community
SYP 4420 Consumer Culture
SYP 4510 Sociological Aspects of Deviance
SYP 4650 Sport in Society
SYP 4675 Animals & Society
SYP 4763 Sociology of Childhood and Youth

**Grading Requirement**
Only courses in which a grade of "C-" or better is attained will count toward the minimum hours.

**Residency Requirement**
At least 12 credits must be USF Tampa credits.

**Other Information**
No more than three hours of SYA 4910 "Individual Research" and no more than three hours of SYA 4949 Sociological Internship may count toward the 18 hour minimum.

While students do not declare a Sociology minor until application for graduation, they are encouraged to make an appointment with the Sociology department undergraduate advisor if they wish to discuss which Sociology electives offered each semester would best meet their educational and career goals.

**Advising Information**
While students minoring in Sociology are not required to see an advisor, it is strongly encouraged for students to make an appointment with the advisor, if he/she has questions about which Sociology courses might best contribute to their future career plans.

Shani Garza, Cooper Hall (CPR) 369, (813) 974-9249 or Brandon Kroll, Cooper Hall (CPR) 235, (813) 974-6983.

**MINOR IN SPANISH (SPA)**
TOTAL MINOR HOURS: 18

http://languages.usf.edu/undergraduate/spanish/degree/

**REQUIREMENTS FOR THE MINOR IN SPANISH**

**Minor Core (6 hours)**
- SPN 3300 Advanced Spanish Grammar and Composition*
- SPN 4301 Expository Writing

*SPN 3300 Advanced Spanish Grammar and Composition may be substituted for native speakers with SPN 2340 Advanced Spanish for Native Speakers I or SPN 2341 Advanced Spanish for Native Speakers II.

**Minor Electives (12 hours)**
Select 12 hours in 3000-, 4000- or 5000-level SPN or SPW courses, may include one course (three credit hours) of Spanish/Spanish American Literature in translation. Two of these courses must be at the 4000-level. All electives must be approved by a department advisor prior to enrollment.

**Advising Information**
Yury Riascos, World Languages Academic Advisor, languagesadvise@usf.edu

**MINOR IN URBAN STUDIES (UST)**
TOTAL MINOR HOURS: 15

Understanding the economic, social, cultural, political and spatial phenomena of urban areas, and how they came to be, is essential if one is to thrive in today's world. The Urban Studies minor offers students the opportunity to supplement their education and training with a focus on the problems and potentials of the urban world around us. Eighty percent of Americans live in one of the country's nearly 400 major metropolitan areas. The Urban Studies curriculum begins with an interdisciplinary Introduction to Urban Studies and then weaves the multidisciplinary urban offerings into a coherent understanding of urban life.

This highly interdisciplinary minor is a great complement to any degree program. Students who are interested in pursuing a Masters of Urban and Regional Planning are strongly encouraged to consider this field of study.

**REQUIREMENTS FOR THE MINOR IN URBAN STUDIES**

**Minor Core (9 hours)**
- PAD 3003 Introduction to Public Administration
- URP 4052 Urban and Regional Planning
URS 3002 Introduction to Urban Studies

Minor Electives (6 hours)
- AMH 3530 Immigration History
- ANT 4442 Urban Life and Culture
- ARC 4784 The City
- CCJ 3014 Crime and Justice in America
- PAD 4930 Selected Topics in Public Administration and Public Policy
- PUP 4002 Public Policy
- SOW 3210 The American Social Welfare System
- SYD 4410 Urban Sociology
- SYD 4411 Urban Life
- URP 4050 City Planning and Community Development
- URS 4930 Special Topics in Urban Studies

Course Grade Requirement
Only courses in which a grade of "C-" or better is attained will count toward the minimum hours.

Residency Requirement
A minor in Urban Studies consists of a minimum of 15 credit hours, at least 12 of which must be USF credits.

Other Information
Please visit our webpage at http://spa.usf.edu.

Advising Information
For more information, please contact our advisers in the School of Public Affairs at ISSadvise@usf.edu.

MINOR IN WOMEN'S AND GENDER STUDIES (WGS)
TOTAL MINOR HOURS: 18
http://wgs.usf.edu/undergrad/requirements/

The minor in Women's and Gender Studies is available to students pursuing any other major at USF.

REQUIREMENTS FOR THE MINOR IN WOMEN'S AND GENDER STUDIES
The minor in Women's and Gender Studies requires a minimum of 18 hours of departmental coursework.

Minor Core (6 hours)
- WST 3015 Introduction to Women's Studies
- One other WST core course

Minor Electives (12 hours)
- 12 credit hours selected from among departmental offerings and must include a minimum of six (6) hours at the 4000-level or higher.

Course Grade Requirement
A grade of "C-" is required for a departmental course to count toward a Women's and Gender Studies minor.

Grading Requirement
Courses may not be taken S/U, where a grade option exists.

Other Information
Students may petition the undergraduate advisor to focus their minor on a specific area within Women's and Gender Studies, such as sexualities, women's health or social justice.

Advising Information
The WGS advisor, Tangela Serls, is located in SCA 232, and can be reached at WGSadvise@usf.edu.

CERTIFICATE IN AFRICANA LITERATURES
TOTAL CERTIFICATE HOURS: 18

The College of Arts and Sciences offers this Certificate through the collaboration of the departments of Africana Studies, English, and World Languages. It is designed for majors in all colleges as well as non-degree seeking students who wish to engage in a focused study of Africana literatures, acquire appreciation and knowledge of these literatures,
and have that knowledge formally recognized in their academic record. The Certificate is designed to enhance the student's academic and professional growth.

**REQUIREMENTS FOR THE CERTIFICATE IN AFRICANA LITERATURES**

Students are required to take 18 credit hours. There are twelve hours of core courses and 6 hours of required elective courses. Other courses may be substituted for elective hours with the approval of the Undergraduate Director. Students must declare their intention to acquire the Certificate prior to completing nine hours of program coursework.

**Certificate Core (12 hours)**
- AFA 4430 Afro-Diasporic Literature and Political Movements
- AML 3604 African American Literature
- AML 4624 Black Women Writers
- ENG 4013 Literary Criticism

**Certificate Electives (6 hours)**
Select any two of the following:
- AFA 4931 Selected Topics in Africana Studies
- Haiti: Legacy of Resilience and Freedom
- AML 4624 Black Women Writers
- WST 4410 Postcolonial Women Writers

Students are encouraged to make practical experience in the literary discipline an important component of their academic work. Students can enroll for 3 credit hours in the Africana Studies Internship course to fulfill this objective.

**GPA Requirements**
A cumulative overall GPA of 3.0 must be maintained in all work for the Certificate.

**Grading Requirement**
A grade of B or better is required in core courses.

**Advising Information**
Andrew Bird, Undergraduate Advisor, Behavioral Science Building (BEH) 201

---

**CERTIFICATE IN AGRICULTURAL SUSTAINABILITY AND FOOD BIOSECURITY**

**TOTAL CERTIFICATE HOURS: 24**

http://biology.usf.edu/ib/ug/certificates/

The certificate is designed to enhance majors within the Integrative Biology Department, particularly majors in Environmental Biology. It addresses a national need for increased agricultural training opportunities outside Land Grant institutions. The certificate will enhance the student’s academic growth, facilitate the student’s use of academic training to address important societal problems, and improve the student’s prospects of finding gainful employment.

**Certificate Core (24 hours)**
- AMS 4804 Major Ideas in America: Ethics of Food Production or SWS 4207 Sustainable Agriculture and Urban Land Management (online course at University of Florida)
- ECO 1000 Basic Economics or ECO 2013 Economic Principles (Macroeconomics)
- BSC 4933 Selected Topics in Biology: Seminar in Environmental Risk Assessment
- BSC 4940 Biology Internship

Two of the following courses:
- BSC 4933 Selected Topics in Biology
- GEO 3280 Environmental Hydrology
- GEO 4265 Soil Genesis and Classification
- GEO 4284 Water Resources Management
- GIS 5049 GIS for Non-Majors

Two of the following courses:
- BOT 3015C General Botany
- BOT 3152C Field Botany
- BOT 3373C Vascular Plants: Form and Function
- BSC 4933 Selected Topics in Biology
- ENY 3004C Introduction to Entomology
- ENY 5236 Insect/Pest/Vector Management (online course at University of Florida)
- PCB 3712 General Physiology
- ZOO 4233 Parasitology

Courses required for the certificate cannot be used to satisfy major's requirements.
Course Grade Requirement
Only the internship may be taken S/U. Nine credits of the certificate program must be completed before registering for BSC 4940 Biology Internship.

Other Requirements
Students must declare their intention to be awarded the certificate by notifying a Biology undergraduate advisor at least one full semester prior to graduation.
If a student chooses to take one of the approved University of Florida courses listed above, it is the student’s responsibility to provide USF with an official transcript showing the approved course with a final grade.
For those students using financial aid, please be aware of USF’s cross enrollment/transient student policy, as stated in the undergraduate catalog.

CERTIFICATE IN ARABIC LANGUAGE AND CULTURE
TOTAL CERTIFICATE HOURS: 17
This certificate is constructed for individuals who are pursuing a bachelor’s degree in any field and are interested in developing their knowledge and understanding of the Arabic language and Middle Eastern culture. This certificate will prepare students for working in global business companies, the U.S. Department of State and other governmental or diplomatic positions, research centers, etc. in the future. It is offered through the Department of World Language Education.

REQUIREMENTS FOR THE CERTIFICATE IN ARABIC LANGUAGE AND CULTURE
Students must complete the following two courses before applying for the certificate program:
ARA 1120 Modern Arabic I
ARA 1121 Modern Arabic II
Certificate Core (11 hours)
ARA 2220 Modern Arabic III
ARA 2221 Modern Arabic IV
FOL 4102 General Foreign Language II
Certificate Electives (6 hours)
Student choose two courses from the following list of electives:
ASN 3030 The Middle East
CPO 4034 Politics of the Developing Areas
INR 3011 Globalization
INR 3038 International Wealth and Power
INR 4083 Conflict in the World

GPA Requirements
A minimum 3.0 GPA is required.

Course Grade Requirement
A minimum grade of a C or higher must be attained in each course.

Residency Requirement
A minimum of nine (9) hours must be completed at USF. In the case of study abroad programs, exceptions can be made.

CERTIFICATE IN ASIAN STUDIES
TOTAL CERTIFICATE HOURS: 18
http://usf.edu/sigs/undergraduate/
The certificate in Asian Studies is designed for majors in any field who wish to gain a broad knowledge of a world area that is of unique importance.

REQUIREMENTS FOR THE CERTIFICATE IN ASIAN STUDIES
Certificate Core (18 hours)
Group A (at least two courses)
Art:
ARH 4530 Asian Art
ARH 4557 Chinese Art
Humanities:
HUM 2271 Eastern and Western Culture from Antiquity to 1400
HUM 2273 Eastern and Western Culture Since 1400

Languages:
CHI 1120 Modern Chinese I
CHI 1121 Modern Chinese II
CHI 2220 Modern Chinese III
CHI 4905 Directed Study
CHI 4930 Special Topics
JPN 1120 Modern Japanese I
JPN 1121 Modern Japanese II
JPN 2220 Modern Japanese III
JPN 2221 Modern Japanese IV
JPN 4905 Directed Study
JPN 4930 Selected Topics

Religion:
REL 3318 Introduction to Chinese Religion
REL 3330 Religions of South Asia
REL 3335 Gods and Goddesses of India
REL 3340 Buddhism Truths and Paths
REL 3333 Hindu Texts and Contexts

Group B (at least two courses)
Geography:
GEA 3703 Geography of Asia

History:
ASH 2270 Southeast Asian History
ASH 3404 Modern China
HIS 2931* Special Topics

International Studies:
ASN 3012 Japan Today
ASN 3014 China Today
INR 4900* Directed Readings
INR 4910* Directed Research
INR 4931* Selected Topics

Political Science:
CPO 4930* Comparative Government and Politics of Select Areas
CPO 5934 Selected Topics in Comparative Politics
INR 5086 Issues in International Relations

* with approval by the Advisor for the Certificate in Asian Studies

1. 18 semester hours from the courses listed.
2. At least two courses must be from Group A (no more than one course from the Languages will be counted for Group A) and at least two courses must be from Group B. (Other relevant courses may be substituted with the approval of the program advisor.)
3. Students must declare their intention to be awarded the certificate by notifying the program advisor at least one full semester prior to graduation.

GPA Requirements
Students who fail to achieve a cumulative 2.50 GPA or higher in the program will be denied the certificate.

Residency Requirement
A minimum of 12 credits must be taken at USF.

Advising Information
The advisor for the Certificate in Asian Studies is Pamela Anderson; she may be contacted at pkander2@usf.edu.

CERTIFICATE IN FILM STUDIES
TOTAL CERTIFICATE HOURS: 12
http://languages.usf.edu/undergraduate/cert/film-studies/

The Certificate in Film Studies is designed for undergraduate students majoring in another field who also desire a concentration in film studies. The certificate program is a carefully structured, interdisciplinary sequence of four courses...
requirements for the certificate in film studies

Certificate Core (3 hours)
FIL 1002 Introduction to Film Studies

Certificate Electives (9 hours)

Group I (Area Studies):
Students will take 3 credit hours of elective courses chosen from the following list:
- FRE 4392 African Images in Francophone Film
- GET 3522 Fantastic Films of Early German Cinema
- GET 3524 German Popular Film
- GET 4523 New German Cinema to Present
- HUM 4930 Selected Topics in Humanities*
- ITT 3504 Italian Culture through Film
- INR 4931 Selected Topics*
- LAS 3116 Latin America through Film
*Please see academic advisor for appropriate General Foreign Language and Special/Selected Topics courses.

Group II (Film Medium & History):
Students will take 3 credit hours of elective courses chosen from the following list:
- ENG 3113 Film as Narrative Art
- FIL 2000 Film and Culture
- FIL 3427C Beginning Film
- HUM 4581 Film and Media Theory
- THE 2252 Great Performances on Film

Group III (Socio-Political & Historical Perspectives):
Students will take 3 credit hours of elective courses chosen from the following list:
- AMS 3615 Film and American Society
- ARH 4744 Selected Topics in the History of Film
- HUM 4582 Film Auteurs
- LAH 2733 Latin American History in Film
- REL 3111 The Religious Quest in Contemporary Films
- REL 3170 Religion, Ethics and Society through Film
- SYG 3011 Social Problems through Film
- WST 4335 Women and Film

The student and the Coordinator will plan the individual course of study, which requires 12 credit hours. Students must declare their intention to be awarded the certificate by notifying the Coordinator at least one full semester prior to graduation.

GPA Requirements
A cumulative GPA of 2.50 in the certificate course work is required.

Grading Requirement
Courses must be taken on a letter-grade basis.

Other Information
Course of study must be approved by the Coordinator. Ideally, students should take at least one course from each group. Courses not included in the above groups may be included in the program if approved by the Coordinator.

Advising Information
To receive an application and for more information contact Dr. Margit Grieb, Coordinator of the Certificate in Film Studies, at grieber@usf.edu.
CERTIFICATE IN FOOD STUDIES

TOTAL CERTIFICATE HOURS: 15
http://humanities.usf.edu/undergraduate/food/

Offered through the Department of Humanities and Cultural Studies, the Certificate in Food Studies is designed for majors in any field who wish to gain an interdisciplinary knowledge of the relationships between humans and their food, especially focusing on the sociocultural relevance of food and food systems. Food Studies is a growing field that offers students the opportunity to be interdisciplinary in their methodological approach, while studying a subject that is of tremendous social, personal, ethical, environmental and global significance.

REQUIREMENTS FOR THE CERTIFICATE IN FOOD STUDIES

Certificate Core (3 hours)
- HUM 3309 Introduction to Food Studies

Certificate Electives (12 hours)
An additional 12 credit hours of coursework must be selected from the categories of Culture & History and System & Environments.

Group I – Culture & History (6 hours):
Courses in this category examine the cultural, historical, psychological, ethical, and ideological factors involved in domestic and/or international patterns and practices of food production and consumption. Courses may address historical shifts (industrialization, for instance), cultural rituals, race and ethnicity, gender, socioeconomic class, labor and social justice movements, food security, media analysis, aesthetics, and art.

Students must successfully complete two courses from the following list (or another suitable course chosen with the direction and approval of the certificate director and/or certificate advisor):
- AMS 4804 Major Ideas in America*
- AMH 3341 American Food and Drink History
- ANT 4185 Ancient Diets (PR: ANT 3101)
- ANT 4467 Food, Health, and Culture (PR: ANT 3101)
- ANT 4465 The Anthropology of Food (PR: ANT 2000 or ANT 2410)
- HUM 4930 Selected Topics in Humanities*
- HUM 4940 Internship in Humanities
- ITT 4531 Italian Food in Film
- REL 4108 Religion and Food
- SYD 4512 Sustainable Consumption (PR: SYG 2000)
- SYP 4420 Consumer Culture (PR: SYG 2000)

*Variable topics courses must be approved by the certificate director and the certificate advisor.

Group II – Systems & Environments (6 hours):
Courses in this category examine the biological, ecological, geographic, economic, and political factors involved in domestic and/or international patterns and practices of food production and consumption. Courses may address commodity chains, regulatory systems and policy, food safety, principles and practices of sustainable agriculture, applied urban farming, resource consumption, biodiversity, and migration patterns.

Students must successfully complete two courses from the following list (or another suitable course chosen with the direction and approval of the certificate director and/or certificate advisor):
- ANT 4403 Environmental Anthropology (PR: ANT 2410)
- BSC 1005 Biological Principles for Non Majors (FKL Life Science course)
- DIE 3310 Community Nutrition (PR: HUN 2201)
- EVR 4033 Environmental Regulation (PR: EVR 2861)
- FOS 4041 Food Quality and Composition (PR: HUN 2201)
- GEO 4265 Soil Genesis and Classification (PR: GEO 2200 or GLY 2010 or CI)
- HSC 4573 Foundations of Food Safety
- HUN 3126 Food and Culture
- HUN 3296 Nutrition and Disease (PR: HUN 2201)
- MCB 4223 Food Microbiology (PR: MCB 3020/L)
- PHC 3320 Environmental Health Science

Students must declare their intention to be awarded the Certificate by notifying the Humanities and Cultural Studies Undergraduate Advisor at least one full semester prior to graduation.

GPA Requirements
A cumulative GPA of 2.5 in the certificate coursework is required.
Grading Requirement
Courses must be taken on a letter-grade basis.

Other Requirements
HUM 3309 is an approved Global Citizens Project (GCP) course and can be used toward the 6 credit hours needed to qualify for the Global Citizens Award.

CERTIFICATE IN INDIA STUDIES
TOTAL CERTIFICATE HOURS: 15

The certificate in India Studies is designed for majors in any field who wish to gain a broad knowledge of Indian culture and society.

REQUIREMENTS FOR THE CERTIFICATE IN INDIA STUDIES

Certificate Core (3 hours)
GEA 3194 Regional Geography – India

Certificate Electives (12 hours)
Four electives (12 credit hours) must be taken—two each from Group A and two each from Group B.

Group A: History, Geography, Society, Politics (6 credit hours):
Courses that may be applied as electives to the India Studies Certificate are as follows:
- GEO 4930 Selected Topics
- INR 4931 Selected Topics

Group B: Language, Culture, Philosophy, and Religion (6 credit hours):
Courses that may be applied as electives to the India Studies Certificate are as follows:
- REL 2300 Introduction to World Religions
- REL 3043 Introduction to Major Religious Texts
- REL 3308 World Religions
- REL 3330 Religions of South Asia
- REL 3335 Gods and Goddesses of India
- REL 4333 Hindu Texts and Contexts
- HUM 3930 Special Topics in Humanities

Group C: Study Abroad (6 credit hours) (Optional):
Students with Study Abroad experience in India may substitute one course each from Group A and Group B for six credit hours. The Advisory Committee will determine which courses taken as part of the overseas experience will count toward fulfilling the requirement for the certificate. Please contact Advisory Committee members: Dr. Gurleen Grewal at grewal@usf.edu or Dr. Pratyusha Basu at pbsau@usf.edu to determine the study abroad courses that will count.

Students in the India Studies Certificate program are strongly encouraged to study abroad on at least one USF in India Program. Courses taken as part of the overseas experience will count toward fulfilling the requirements for the certificate.

GPA Requirements
Students must maintain a minimum cumulative 3.00 GPA

Grading Requirement
Students must maintain a minimum 3.00 GPA in courses applied to the India Studies certificate.

Advising Information
Dr. Gil Ben-Herut
Asst. Professor of South Asian Religions

CERTIFICATE IN ITALIAN STUDIES
TOTAL CERTIFICATE HOURS: 23-28
http://italianstudies.cas.usf.edu/Italian_Studies_Program.pdf

The College of Arts and Sciences and the College of Visual and Performing Arts offer a certificate in Italian Studies. The history of the geographic expression that today we call Italy is the sum of many particular histories and cultures. Yet, in their diversity and diaspora, the people of Italy have preserved, through time and place, a sense of common identity. For this reason, to understand the complexity of past and present experiences of Italians in the peninsula and
of their descendants abroad, the Undergraduate Certificate in Italian Studies is designed with a broad interdisciplinary perspective. The certificate will encompass courses in several departments in two colleges. The majority of courses will focus on the study of history and culture of the people who inhabit or originated from the Italian peninsula and the islands of Sardinia and Sicily from pre-historic times to the present. In addition, however, offerings will also focus on the Italian diaspora with specific reference to the experiences of people of Italian descent in the many nations in which they settled from the early 19th century to the present.

REQUIREMENTS FOR THE CERTIFICATE IN ITALIAN STUDIES

Students are required to take between 23 and 28 semester hours from a list of courses approved for the certificate. A Faculty Advisory Committee will coordinate the Certificate of Italian Studies. Students may receive credit for courses, not included in the below list, or (if circumstances require it) may substitute a required course with another, by petitioning and if approved by the Advisory Committee.

Certificate Core (9 hours)

Each student will take three courses at the 3000 or 4000 level on topics related to Italy in either Art History (ARH), Italian literature and culture (ITW), or History (HIS). However, only one course will be allowed from each department.

Certificate Electives (6-8 hours)

Students will take 6-8 credits of elective courses related to Italy. Course topics may vary. The following lists some of the possible courses:

Anthropology:
- ANT 4143 European Archaeology
- ANT 4930 Special Topics in Anthropology*

Art History:
- ARH 4318 Venetian Art [instructor’s consent]

English:
- LIT 4930 Special Topics in English Studies*

Government and International Affairs:
- POT 4936 Selected Topics in Political Theory*

History:
- EUH 3412 Roman Republic
- EUH 3413 Roman Empire
- HIS 3930 Special Topics*

World Languages:
- CLA 3124 Daily Life in Ancient Rome
- CLT 3123 Voyages and Metamorphoses in Roman Imagination
- ITA 1120 Beginning Italian I
- ITA 1121 Beginning Italian II
- ITA 2200 Italian III
- ITA 2240 Italian Conversation I
- ITA 2241 Italian Conversation II
- ITA 3420 Composition
- ITA 3470 Overseas Study
- ITW 4100 Survey of Italian Literature I
- ITW 4101 Survey of Italian Literature II
- ITW 4905 Directed Study
- LAT 1120 Beginning Latin I

Theatre:
- THE 4480 Drama - Special Topics

*Please see an academic advisor for appropriate Special/Selected Topics courses.

Study Abroad: Students in the Italian Studies Certificate program are strongly encouraged to study abroad for the summer, a semester or a year in the USF in Italy program or in any other accredited program. The Advisory Committee will determine which courses taken as part of the overseas experience will count toward fulfilling the requirements for the certificate.

Students may apply a maximum of sixteen credits in the same department toward fulfilling the requirements for the certificate.

Language Requirement: Students must demonstrate proficiency in Italian or complete two semesters of language courses chosen from the following courses.
ITA 1120 Beginning Italian I
ITA 1121 Beginning Italian II
ITA 2200 Intermediate Italian I
ITA 2240 Italian Conversation I
ITA 2241 Italian Conversation II
ITA 3420 Composition
LAT 1120 Beginning Latin I

Advising Information
For additional information, send a message to Dr. Giovanna Benadusi or Dr. Fraser Ottanelli, Coordinators of the Certificate in Italian Studies at itastudies@cas.usf.edu.

CERTIFICATE IN JAPANESE
TOTAL CERTIFICATE HOURS: 15-17
The certificate is constructed for individuals who are pursuing a bachelor's degree in any field and desire to advance their Japanese learning. By developing individuals' knowledge and understanding for the Japanese language and culture, this certificate will prepare them for working in Japan or for Japanese companies, working as a foreign service officer in the U.S. Department of State, or applying for the Japanese Exchange and Teaching (JET) program, etc. in the future. The certificate is offered through the Department of World Languages.

REQUIREMENTS FOR THE CERTIFICATE IN JAPANESE
Students must complete the following two courses or their equivalents before applying to the certificate program.
JPN 1120 Modern Japanese I
JPN 1121 Modern Japanese II
Certificate Core (11 hours)
JPN 2220 Modern Japanese III
JPN 2221 Modern Japanese IV
FOL 4102 General Foreign Language II: Japanese V
Certificate Electives (4-6 hours)
Students choose two (2) courses from the following list of electives:
FOL 2100 General Foreign Language I: Japanese Calligraphy
FOL 4102 General Foreign Language II: USF Japanese Study Program (Summer)
FOL 4102 General Foreign Language II: Japanese VI

GPA Requirements
A minimum 2.0 GPA is required.

Course Grade Requirement
A minimum grade of C or higher must be attained in each course.

Residency Requirement
A minimum of 9 credit hours must be completed at the University of South Florida. In case of study abroad programs, exceptions can be made.

CERTIFICATE IN LATIN AMERICAN AND CARIBBEAN STUDIES
TOTAL CERTIFICATE HOURS: 15
http://islac.usf.edu/
The College of Arts and Sciences offers a Certificate in Latin American and Caribbean Studies for students who wish to gain an intensive multi-disciplinary understanding of this important area, and have that knowledge formally recognized in their academic record. This program is open to all USF majors of all colleges.
The certificate requires a minimum of 15 semester hours of courses about Latin America and the Caribbean.
Certificate Core (3 hours)
Core Seminar LAS 3002 Latin America (3 credit hours)
Certificate Electives (12 hours)
Students should choose four courses (12 credit hours) from the following list of courses:
Anthropology
ANT 4165 South American Archaeology
ANT 4316 Ethnic Diversity in the United States
ANT 4323 Mexico and Central America
ANT 4340 The Caribbean
ANT 4472 Work and Migration in the Americas
Geography/Government & International Affairs
CPO 4034 Politics of the Developing Areas
CPO 4930 Comparative Government and Politics of Select Areas (when selected area is Latin America)*
GEA 3405 Geography of Latin America

History
LAH 2733 Latin American History in Film
LAH 3430 History of Mexico
LAH 3470 History of the Caribbean
LAH 3480 History of Cuba
LAH 3743 Spanish America in the Age of Revolution
LAS 4023 African Diaspora in Latin America and the Caribbean
LAS 4934 Selected Topics: Latin American Studies
LAS 4940 Internship in Latin America and the Caribbean

Art/Humanities/Literature
AML 3630 U.S. Latino/Latina Literature in English
HUM 2466 Modern Latin American Cultures
HUM 3463 Latin American Civilization I: Pre-Columbian and Colonial
HUM 4462 Pre-Columbian and Colonial Latin American Culture
HUM 4464 Modern Latin American Culture
SPN 3520 Spanish-American Civilization
SPT 3100 Masterpieces of Hispanic Literature
SPW 3030 Introduction to Hispanic Literary Studies
SPW 4130 Survey of Spanish-American Literature I
SPW 4131 Survey of Spanish-American Literature II

Others
AFA 4500 Slavery in the Americas and the Caribbean
REL 3375 Issues in Caribbean Religions
SOW 4522 Multicultural America in a Global Society
SSE 4380 Global and Multicultural Perspectives in Education
SYD 4238 Immigrants to America
SYG 3235 Latina/Latino Lives
SYO 4204 Religion and Immigration
WST 4262 Literature by Women of Color in the Diaspora

Study abroad programs are encouraged and will be credited toward the Certificate. Up to 6 study abroad credits earned in residence in Latin America and/or the Caribbean will count for the certificate.

Foreign Language Requirement
Two semesters of course work in a relevant language such as: Spanish, Portuguese, French, or an Amerindian language such Quechua, Haitian Creole, etc.

Other Information
The program is open to all majors in all colleges.
Course offerings can be checked at: http://islac.usf.edu/course/.

Advising Information
For information and advice about the certificate program, contact the Institute for the Study of Latin America and The Caribbean (ISLAC), CPR 478, call 974-3772, or send an email to plezama@usf.edu.

CERTIFICATE IN MODERN WESTERN EUROPEAN STUDIES
TOTAL CERTIFICATE HOURS: 21-24
http://mwestudies.cas.usf.edu/certificate_requirements.html

The College of Arts and Sciences offers this certificate through the collaboration of the Departments of English, Geography, History, Humanities and Cultural Studies, Government and International Affairs, World Languages, and Philosophy. It is designed for majors in any field who wish to gain a multi-disciplinary understanding of a part of the world that has shaped much of our civilization and holds great significance for Americans in the present and the future.

Certificate Core (15-16 hours)
Students will take a total of three courses from the following; one of them must be either EUS 3000 or GEA 3500.
Students will take two additional semesters of the foreign language they have taken in fulfillment of the College of Arts and Sciences language requirement.

**Core Courses (9-10 credit hours)**
- EUS 3000 Europe
- GEA 3500 Geography of Europe
- EUH 3205 History of Nineteenth Century Europe or EUH 3206 History of Twentieth Century Europe
- HUM 2250 Studies in Culture: The Twentieth Century
- LIT 3144 Modern European Novel
- PHM 4331 Modern Political Philosophy

**Language Requirement (6 credit hours)**

**Certificate Electives (6-8 hours)**

Students should make Western European study and travel an important component of their academic work. They are required to enroll for at least 3 elective credit hours in courses that involve Western European study and travel. These may be taken in one of three ways:

- Elective courses under options (2) and (3) will be chosen in consultation with the Coordinator and an Advisory Committee.

Western European study and travel allows students to concentrate on one of the areas of electives. Students may want to use overseas experience credits to fulfill their summer enrollment requirement.

A structured alternative experience in the United States may be substituted for the Overseas Experience. The Certificate accepts IDS 4955 or 4956 (Off-Campus Term Special Project) or any of the courses listed below as Elective Courses for credit for this requirement. Coordinator, Advisory Committee and student will tailor the experience to fit the student's individual needs.

(Note: the student should take courses from the list below after completing the two additional semesters of the foreign language requirement (see I) or, if already advanced in a language, with the instructor's approval. These courses are generally taught in the target language.)

**Overseas Experience**
- as IDS 4955 (Off-Campus Term International Program),
- as one or two of the courses listed below as Elective Courses, or
- as part of overseas study courses offered by other USF colleges and other universities.

**English**
- ENL 3230 British Literature 1616-1780
- ENL 3251 British Literature 1780-1900
- ENL 3273 British Literature 1900-1945
- ENL 3331 Early Shakespeare
- ENL 3332 Late Shakespeare
- LIT 3102 Literature of the Western World Since the Renaissance

**History**
- EUH 3142 Renaissance and Reformation
- EUH 3202 History of 17th and 18th Century Europe
- EUH 3205 History of 19th Century Europe
- EUH 3206 History of 20th Century Europe
- EUH 3462 German History 1870 to Present
- EUH 3501 British History to 1688
- EUH 3502 British History 1688 to Present
- HIS 3930 Special Topics
- HIS 4900 Directed Reading

**Humanities and Cultural Studies**
- HUM 4905 Directed Study
- HUM 4941 Study on Location

**Government and International Affairs**
- CPO 4930 Comparative Government and Politics of Select Areas
- INR 3955 Overseas Study
- INR 4900 Directed Readings
- INR 4910 Directed Research
- INR 4931 Selected Topics
- POS 3931 Selected Topics
- POS 4905 Independent Study
- POT 4054 Modern Political Theory

**World Languages**
- **FRENCH**
  - FRE 3234 Reading in French Literature and Culture

Dr. Christine M. Probes, Department of World Languages, LanguagesAdvise@usf.edu

---

**CERTIFICATE IN NATIONAL INTELLIGENCE**

**TOTAL CERTIFICATE HOURS: 26**

http://si.usf.edu/ms/certificates/

The Certificate Program in National Intelligence is designed to promote students' analytical capabilities, not only improving their competitiveness in the employment process, but also giving them solid intellectual foundations for demanding professional careers. The program specifically helps prepare students for careers in government, especially intelligence positions, as well as analytical executive positions in the banking, insurance, and the pharmaceutical industries. The flexible program includes workshops and seminars which each student can fit with his or her major course of study. Those who complete the certificate program should be able to effectively gather, analyze, and evaluate information and present conclusions both orally and in writing.
REQUIREMENTS FOR THE CERTIFICATE IN NATIONAL INTELLIGENCE

Certificate Core (26 hours)

Foreign Language Proficiency: (minimum 4 semesters of language study, or proficiency):
Students must pass an exam administered by the World Languages Department to determine if the student has the equivalent of two years of language instruction in any foreign language. The placement exam will be administered after a student has taken language instruction at USF or for students who claim foreign language proficiency upon enrolling at USF. Those students who want to pursue additional training in a "hard" language (Chinese, Arabic, for example) are eligible for some funding support under this program. Interested students should submit a language-study proposal to the Director of the Program.

Professional Writing: (3 credit hour minimum):
The certificate program places a heavy emphasis on developing writing skills. Certificate holders must have satisfactorily completed one of the following professional writing courses:
ENC 3242 Technical Communication for Majors
ENC 3250 Professional Writing
ENC 3310 Expository Writing
PHC 4720 Foundation to Professional Writing in Public Health
LIS 4029 Professional and Technical Communication for Analysis

International Relations: (3 credit hour minimum):
Certificate holders must have satisfactorily completed one of the following international relations courses:
CPO 2002 Introduction to Comparative Politics
INR 3102 American Foreign Policy
CPO 4930 Comparative Government and Politics of Select Areas

Analytical Skills and Critical Thinking Courses: (6 credit hour minimum):
Certificate holders must satisfactorily complete courses in their majors/minors that promote analytical skills and critical thinking. The Program Director, in consultation with the Dean of the College or Department of a requesting student, can include proposed courses (such as independent study) to fulfill this requirement; course approval will be made on a case-by-case basis. The Analytical Skills and Critical Thinking requirement should be met by taking the appropriate courses for your major.
AMS 4935 Senior Seminar in American Studies
CEG 4850 Capstone Geotechnical/Transportation Design
CES 4704 Capstone Structural/Materials Design
CIS 4250 Ethical Issues and Professional Conduct
CWR 4812 Capstone Water Resources/Environmental Design
ECH 4615 Product and Process Design
EEL 4914 EE Design 2
EIN 4891 Capstone Design
EM 451 Capstone Design
GEB 4890 Strategic Management and Decision Making
HIS 4936 Pro-Seminar in History
HSC 4631 Critical Issues in Public Health
MHS 4731 Writing for Research and Publication in Behavioral and Community Sciences
MAN 4631 Global Perspectives and Management Choices

Workshops and Seminars: (2 credit hour minimum):
The Program Director will conduct workshops (one-day) and seminars (four consecutive days during the summer break). Students pursuing a certificate must participate in one workshop prior to registering for a seminar. The workshops will be conducted frequently during the academic year and the four-day seminar will be offered during the summer months (ideally, one in June, one in July and one in August). Satisfactory completion of the seminar constitutes a 2-credit course. The seminars may be repeated for credit.

The requirements for the undergraduate certificate are:
- Minimum of four (4) semesters of instruction in one foreign language, and passing a foreign language proficiency test in the subject matter. Students who are proficient in a foreign language may take a foreign language proficiency examination as administered by the University.
- Satisfactory completion of at least one professional writing course
- Satisfactory completion of at least one international relations course
- Satisfactory completion of at least two courses in college/major departments that promote analytic skills and critical thinking
- Satisfactory completion of a 4-day summer seminar organized by the Program Director
- Only degree-seeking undergraduate students may apply for this certificate.
Grading Requirement
Satisfactory completion of all coursework for the certificate with a grade of C or better, C- is not sufficient.

Residency Requirement
18 hours of coursework for the minor must be completed at USF Tampa.

CERTIFICATE IN RUSSIAN STUDIES
TOTAL CERTIFICATE HOURS: 23-26
http://history.usf.edu/ug/russian/

This certificate is designed for majors in any field who wish to enhance their understanding of the peoples and cultures of Russia, Eastern Europe, and Central Asia. The College of Arts and Sciences offers this certificate through the collaboration of the Department of World Languages, Government and International Affairs, and History. Courses from other departments may count if their subject matter has significant Russian or Eurasian content.

REQUIREMENTS FOR THE CERTIFICATE IN RUSSIAN STUDIES
Students must complete 23-26 semester hours in related coursework.

Certificate Core (10-11 hours)
Two of the following courses:
EUH 3575 History of Imperial Russia, 1689-1917
EUS 3022 Russia
One of the following courses:
RUS 3500 Russian Civilization
RUT 3110 Nineteenth Century Russian Literature English
RUT 3111 Twentieth Century Russian Literature in English

Certificate Electives (13-15 hours)
HIS 3930 Special Topics*
HIS 4900 Directed Reading*
INR 3018 World Ideologies
INR 4900 Directed Readings*
INR 4910 Directed Research*
INR 3955 Overseas Study*
RUS 2221 Intermediate Russian II
RUS 3240 Russian Language & Culture through Film
RUS 4241 Russian Language & Culture through Film II
RUS 2270 Overseas Study
RUS 3470 Overseas Study
*When topic is defined as Russia, Eastern Europe or Eurasia

Students must declare their intention to be awarded the certificate by notifying the coordinator at least one full semester prior to graduation. Please contact Dr. Kees Boterbloem in the Department of History by e-mail: cboterbl@usf.edu.

Language
All students are encouraged to develop their language skills to the highest possible level. Non-heritage All students are encouraged to develop their language skills to the highest possible level, whether they are working in a Slavic, Turkic, or other language of the region. Russian language students who are non-native speakers should complete at least RUS 2220 (Intermediate Russian I), and native speakers should complete one semester of RUS 4900 Selected Topics: Analytical Reading. It is very important that students begin developing their language skills as early as possible. Although students only have to declare their intention one semester before graduation, it takes significantly longer to learn a language such as Russian. It is recommended that students take as many years of language study as possible.

GPA Requirements
Maintain a GPA of 3.0.

About the College

The College of Behavioral & Community Sciences (CBCS) prepares students, scholars, human service providers, policy makers, and other professionals to improve the quality of life, health, and safety of diverse populations. Through multidisciplinary teaching, research, and engagement with community partners, the College focuses on the development and implementation of innovative solutions to the complex challenges that affect the behavior and well-being of individuals, families, populations, and the communities in which we live.

Admission Requirements

Entrance Requirement to Declare a Major in the College of Behavioral and Community Sciences

Students must have a minimum 2.00 cumulative grade point average in any previously attempted USF/overall college-level coursework prior to declaring a major in the College of Behavioral and Community Sciences. Exceptions will be considered on an individual basis, with departmental approval required, by the CBCS Academic Regulations Committee.

College-Level Requirements

The College of Behavioral and Community Sciences offers three undergraduate degree options: Bachelor of Arts, Bachelor of Science, and Bachelor of Social Work.

EACH STUDENT IS RESPONSIBLE FOR MEETING GRADUATION REQUIREMENTS AS FOLLOWS:

1. Complete at least 120 accepted semester hours with a minimum USF cumulative Grade Point Average (GPA) and overall GPA of 2.00. All grades including "D"s and "F"s are used to calculate USF, overall, and major GPAs for students in the College of Behavioral and Community Sciences.
2. Maintain major GPA of 2.00 in USF coursework.
3. Complete the Foreign Language Entrance Requirement. Students pursuing a B.A. degree must also complete the Foreign Language Exit Requirement.
4. Satisfy the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math). Transfer students who enter USF with 60 or more semester hours from a regionally accredited institution are considered to have met the communication portion of this Regulation.
5. Complete 36 hours of General Education Core courses and Foundations of Knowledge and Learning Core Curriculum (for more information, see section titled "Foundations of Knowledge and Learning" (FKL) in Academic Policies and Procedures section).

Prior to graduation, each student must also complete 6 hours of Exit Requirements:

- Three (3) hours credit in Capstone Learning Experience category (must be on current approved capstone exit course list)
- Three (3) hours credit in Writing Intensive Capstone category (must be on current approved writing intensive exit course list)
6. Complete at least 9 semester hours at a Florida public university in the Florida State University System during summer terms if entering USF with fewer than 60 semester hours.
7. Complete all major course requirements.
8. Thirty (30) of the last 60 semester hours must be completed at USF Tampa to fulfill the residency requirement.
9. When double majoring, a maximum of 2 courses or 8 hours may be used to satisfy requirements between majors. Students should check with the advisors in both departments when pursuing more than one degree.
10. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. No credits may be taken S/U in the student’s major unless S/U is the only grading option. Coursework fulfilling the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
11. The Audit option is available only during the first 5 (five) days of classes.
12. Complete a minimum of 42 hours of upper-level courses (numbered 3000 or above).
13. Students must apply for graduation by the end of the fourth week of their final semester (See Registrar’s calendar for exact dates.) For late application information, please refer to the Application for Graduation section of the Academic Policy and Procedures division of the catalog.
Following are the undergraduate academic programs offered by the College of Behavioral and Community Sciences:

**Bachelor of Arts (B.A.)**
- Communication Sciences and Disorders (CSD)
  - Deaf Studies (DST)
  - Interpreter Training (ITT)
- Language-Speech-Hearing (LSH)
- Criminology (CCJ)

**Bachelor of Science (B.S.)**
- Aging Sciences (AGE)
- Behavioral Healthcare (BHC)
  - Addictions and Behavioral Healthcare (BAH)
  - Adult Community Services (ACS)
  - Aging and Behavioral Health (AGBH)
- Behavioral Healthcare (BHC) (cont.)
- Applied Behavior Analysis (ABA)
- Behavioral Health Research (BHR)
- Children’s Mental Health (CML)
- Long Term Care Administration (LTC)

**Bachelor of Social Work (B.S.W.)**
- Social Work (SOK)

**Honors Programs**
- Communication Sciences and Disorders

**Minors**
- Aging Sciences (AGE)
- Deaf Studies (DFT) (formerly American Sign Language)
- Applied Behavior Analysis (ABA)
- Behavioral Healthcare (BHC)
- Forensic Behavioral Health (FBH)
- Criminology (CCJ)

**Certificates**
- Undergraduate Research in Behavioral & Community Sciences

**Undergraduate Advising Information**

The College of Behavioral and Community Sciences Dean’s Office is located in MHC 1110 and the Office of Student Services (which handles student-related academic matters) is located in MHC 1143/1149. Academic Advising is housed within the major departments. Advisor contact information is available at [http://www.cbscs.usf.edu/CurrentStudents/ContactAdvising.cfm](http://www.cbscs.usf.edu/CurrentStudents/ContactAdvising.cfm).

Other Information
Departmental Minor
In order to help students develop concentrations in elective work taken in conjunction with their chosen major, the College of Behavioral and Community Sciences offers minors in the following areas: Aging Studies, Applied Behavior Analysis, Behavioral Healthcare, Criminology, Deaf Studies, and Forensic Behavioral Health.
Students may not use courses in the major for the minor, unless approved by the department offering the minor. Specific requirements for the different minors appear with the departmental summaries listed in "Departments and Programs" Section of this catalog.

• B.S. - AGING SCIENCES (AGE) (CIP = 30.1101)
TOTAL DEGREE HOURS: 120
The Bachelor of Science degree in Aging Sciences entails 36 credit hours of required coursework. In this program, the course of study provides students with an education in aging sciences and some exposure to the various career opportunities in the field of aging. This degree is especially appropriate for students who plan to pursue graduate or professional work in aging, allied health or a related field, or who plan to work with older adults in careers such as care management, social services, or program development.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.
If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.
Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.
Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.
Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.
STA X122 (Social Science Statistics) (Acceptable substitutes for STA X122 are: QMB X150 or QMB X100, STA X022, X014, X040, X023, or X024.)

REQUIREMENTS FOR THE MAJOR IN AGING SCIENCES
TOTAL MAJOR HOURS: 36
Major requirements for the B.S. Degree:
Major Core (21 hours)
GEY 2000 Introduction to Aging Sciences
GEY 3601 Physical Changes and Aging
GEY 4401 Research Methods in Aging
GEY 4612 Psychology of Aging
GEY 4628 Health, Ethnicity, and Aging
GEY 4641 Death and Dying
Required Capstone Course* - Students will choose one:
GEY 4945 Internship or
GEY 4690 Senior Seminar in Aging or
GEY 4917 Directed Research in Aging
*These courses are School capstone experience courses and do not qualify to meet the FKL capstone exit requirement.

Major Electives (15 hours)
B.S. students complete 15 additional elective hours. Students should meet frequently with the departmental advisor to plan courses and field work that will prepare them for their career goals.
DEP 2004 The Life Cycle
GEY 3625 Sociological Aspects of Aging
GEY 4101 Aging in Special Populations
**Eight Semester Plan**

The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

Grading Requirement

A grade of lower than "C-" in Aging Sciences courses will not be counted toward fulfilling the requirements for the major.

Other Requirements

Concentration in Aging Sciences/Gerontology are available in the following majors:
- Bachelor of Science in Applied Science: Aging Sciences, offered through Undergraduate Studies
- Bachelor of General Studies: Aging Sciences, offered through Undergraduate Studies
- Bachelor of Arts in Interdisciplinary Social Sciences: Aging Sciences, offered through the College of Arts and Sciences
- Bachelor of Science in Behavioral Healthcare: Aging and Behavioral Health, offered through the College of Behavioral and Community Sciences

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Internship Opportunities

Students who have completed a major portion (usually in the final 2 semesters of the program) of the Aging Sciences program of study may opt to apply for an internship to fulfill a capstone requirement leading to graduation. Internships are selective and awarded to students who demonstrate considerable professional readiness and have developed well-defined professional goals that will be enriched and advanced through an internship. Internships are typically worth 3 credit hours.

Advising Information

Contact the undergraduate advisor as early as possible in your career at the University of South Florida. Students should plan to meet frequently with the advisor to plan courses and field work that will prepare the student for career goals.

Undergraduate Advisor: Gail Smith at smithg@usf.edu.
• B.S. - BEHAVIORAL HEALTHCARE (BHC) (CIP = 44.0000)
TOTAL DEGREE HOURS: 120
http://www.usf.edu/cbcs/mhlp/students/behavioral-healthcare-major.aspx

Behavioral health problems, such as mental illness and substance abuse, are among the greatest public health challenges facing our communities. New, scientifically-based approaches are available to treat and prevent many behavioral health problems. Students will be exposed to treatment approaches as well as to issues in the organization, financing, delivery, and outcomes of behavioral health services. The emphasis of the curricula is on practices that have been scientifically validated and the delivery of services within the context of current funding, policies and trends.

Students must also demonstrate behaviors that are congruent with the professional standards and values of the profession. Students desiring a career in this field should be aware that fingerprinting, a background check, and drug screen may be required to work in this field. Failure to pass one of these checks would be cause to terminate a student from the major. Students may be responsible for any associated costs.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.
- PSY X012 Introduction to Psychological Science
- STA XXXX Any level Statistics course or PSY X204 Psychological Statistics
- SYG X000 Introduction to Sociology or SYG X010 Contemporary Social Problems

REQUIREMENTS FOR THE MAJOR IN BEHAVIORAL HEALTHCARE
TOTAL MAJOR HOURS: 37

Major requirements for the B.S. Degree:
Major Core (19 hours)

The B.S. in Behavioral Healthcare prepares students for entry-level positions in agencies that provide a variety of treatment services for individuals with diagnosed mental health, substance use and/or behavioral issues. Other students may be preparing for graduate programs in human services and/or research. The program provides students with six options for specialization in (1) Adult Community Services, (2) Children’s Mental Health, (3) Applied Behavior Analysis, (4) Addictions and Behavioral Healthcare, (5) Aging and Behavioral Health, and (6) Behavioral Health Research. The curriculum emphasizes evidence-based practices utilizing a recovery-focused, holistic and strength-based approach to behavioral healthcare.

- MHS 3411 Multidisciplinary Behavioral Healthcare Services*
- MHS 4002 Behavioral Health Systems Delivery
- MHS 4408 Exemplary Practices in Behavioral Healthcare Treatment
- MHS 4452 Co-Occurring Disorders
- MHS 4703 Legal, Ethical and Professional Issues in BHC
- PSY 3213 Research Methods in Psychology

* MHS 3411 should be taken during the student’s first semester of major coursework; a minimum grade of "B-" is required.
GPA Requirements
Students must maintain a minimum cumulative GPA of 2.50 in major coursework while enrolled in the program. Students falling below the 2.50 GPA requirement will be allowed no more than one semester to improve their GPA to the threshold.

Course Grade Requirement
MHS 3411 requires a minimum grade of "B-" prior to proceeding with other courses in the Behavioral Healthcare program.

Grading Requirement
A grade of lower than "C-" in Behavioral Health major courses will not be counted toward fulfilling the requirements for the major.

"D" Rule
Behavioral Healthcare majors are limited to two (2) grades of "D+" or lower in their major coursework. Any student who receives a grade of D+ or lower in more than two (2) major courses will be required to seek major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count toward the maximum allowed total "D+" grades, regardless of whether grade forgivenesses have been applied.

Residency Requirement
At least 18 hours of major coursework must be taken in residence at USF Tampa.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Other Information
A concentration in Behavioral Healthcare is offered through the Bachelor of Science in Applied Science (BSAS) degree program for Florida A.S. transfers as well as the Bachelor of General Studies (BGS) for returning students. Both majors are offered through Undergraduate Studies.

A concentration in Multidisciplinary Behavioral Sciences is available through the Interdisciplinary Social Sciences (ISS) major, which is offered by the College of Arts & Sciences.

Advising Information
For questions related to advising please contact BHC Advising at bhc_advise@usf.edu.

BEHAVIORAL HEALTHCARE CONCENTRATIONS
APPLIED BEHAVIOR ANALYSIS (ABA)
http://www.usf.edu/cbcs/mhlp/students/behavioral-healthcare-major.aspx

Service delivery to individuals with developmental disabilities, Autism spectrum disorders, and other behaviors that may limit functioning is addressed with very specific behavioral techniques. This concentration is appropriate for individuals desiring certification in the field or as a complement to other service delivery strategies.

REQUIREMENTS FOR THE CONCENTRATION IN APPLIED BEHAVIOR ANALYSIS
TOTAL CONCENTRATION HOURS: 18

Concentration Core (18 hours)
MHS 3204 Fundamentals of Applied Behavior Analysis or CLP 4414 Behavior Modification
MHS 4202 Behavior Assessment and Intervention Planning
MHS 4206 Applied Behavior Analysis in Autism and Developmental Disabilities
MHS 4412 Research Methods and Ethical Issues in Behavior Analysis
MHS 4490 Behavioral Healthcare Issues for Children
MHS 4943 Practicum Seminar in Applied Behavior Analysis
Eight Semester Plan

The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

ADULT COMMUNITY SERVICES (ACS)

Students interested in direct employment or preparation for graduate training will find this concentration geared to the provision of evidence-based services with adults who are receiving services in the behavioral healthcare system. This concentration will assist students who desire to become certified as 1) Certified Addictions Professional, 2) Certified Behavioral Health Technician, 3) Certified Mental Health Professional, 4) Certified Prevention Specialist, 5) Recovery Peer Specialist, or 6) Recovery Support Specialist.

REQUIREMENTS FOR THE CONCENTRATION IN ADULT COMMUNITY SERVICES

TOTAL CONCENTRATION HOURS: 18

Concentration Core (15 hours)
- MHS 3204 Fundamentals of Applied Behavior Analysis or CLP 4414 Behavior Modification
- MHS 4022 Adult Psychopathology in the Community
- MHS 4023 Recovery-Oriented Mental Health Services
- MHS 4425 Field Experience in Behavioral Healthcare
- MHS 4723 Professional Seminar in Behavioral Healthcare

Students must apply to take MHS 4425 Field Experience in Behavioral Healthcare two semesters before taking the course. This course has three prerequisites: MHS 3411 with a B- or higher, MHS 4002, and MHS 4408. The application, application deadlines, and additional information about the course can be found on the Field Experience webpage: [http://www.usf.edu/cbcs/mhlp/students/field-experience.aspx](http://www.usf.edu/cbcs/mhlp/students/field-experience.aspx).

Concentration Electives (3 hours)
- MHS 3XXX or 4XXX Behavioral Healthcare Elective (consult with an academic advisor) options include:
  - MHS 3062 Behavioral Healthcare Services for Older Adults
  - MHS 4434 Behavioral Health and the Family
  - MHS 4453 Applied Psychopharmacology in Drug Abuse and Dependency
  - MHS 4454 Alcohol Drugs and Crime
  - MHS 4455 Drug Abuse Prevention and Treatment
  - MHS 4463 Suicide Issues in Behavioral Health
  - MHS 4731 Writing for Research and Publication in Behavioral and Community Sciences
  - MHS 4931 Selected Topics

Eight Semester Plan

AGING AND BEHAVIORAL HEALTH (AGBH)
http://www.usf.edu/cbcs/mhlp/students/behavioral-healthcare-major.aspx

The concentration is designed to provide students with the skills and background to work in the growing older adult behavioral/long-term healthcare system.

REQUIREMENTS FOR THE CONCENTRATION IN AGING AND BEHAVIORAL HEALTH
TOTAL CONCENTRATION HOURS: 18

Concentration Core (18 hours)
- GEY 4322 Care Management for Older Adults or GEY 4608 Alzheimer's Disease Management
- GEY 4360 Counseling for Older Adults
- GEY 4612 Psychology of Aging
- MHS 3062 Behavioral Healthcare Services for Older Adults
- MHS 4425 Field Experience in Behavioral Healthcare
- MHS 4723 Professional Seminar in Behavioral Healthcare

Students must apply to take MHS 4425 Field Experience in Behavioral Healthcare two semesters before taking the course. This course has three prerequisites: MHS 3411 with a B- or higher, MHS 4002, and MHS 4408. The application, application deadlines, and additional information about the course can be found on the Field Experience webpage: http://www.usf.edu/cbcs/mhlp/students/field-experience.aspx.

Eight Semester Plan
The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

BEHAVIORAL HEALTH RESEARCH (BHR)

This concentration will prepare students for graduate school and research careers in the field of behavioral healthcare. Building on lower level courses in statistics and research methods, the research concentration will enhance student's knowledge and skills for conducting scientific research in the field of behavioral healthcare.

REQUIREMENTS FOR THE CONCENTRATION IN BEHAVIORAL HEALTH RESEARCH

TOTAL CONCENTRATION HOURS: 18

Concentration Core (18 hours)
- IDS 1505 Introduction to Research in BCS
- IDS 2600 Applications of Research in Community Settings
- MHS 4413 Applied Data Analysis for Behavioral Health Research
- MHS 4731 Writing for Research and Publication in Behavioral & Community Sciences
- MHS 4741 Applied Research Methods
- MHS 4912 Independent Research in Behavioral Health
- One course from the following list of courses:
  - GEY 4360 Counseling for Older Adults
  - MHS 4022 Adult Psychopathology in the Community
  - MHS 4490 Behavioral Healthcare Issues for Children

Eight Semester Plan

### CHILDREN'S MENTAL HEALTH (CML)

**REQUIREMENTS FOR THE CONCENTRATION IN CHILDREN'S MENTAL HEALTH**

**TOTAL CONCENTRATION HOURS: 18**

**Concentration Core (18 hours)**

Not-for-profit agencies in the community provide services that address a wide spectrum of children's issues ranging from prevention to inpatient or residential care. This concentration is designed for students considering a career in children's mental health.

- MHS 3204 Fundamentals of Applied Behavior Analysis or CLP 4414 Behavior Modification
- MHS 4074 Child Development and Trauma
- MHS 4203 Practical Skills: Children's Behavioral Healthcare
- MHS 4425 Field Experience in Behavioral Healthcare
- MHS 4434 Behavioral Health and the Family
- MHS 4490 Behavioral Healthcare Issues for Children

Students must apply to take MHS 4425 Field Experience in Behavioral Healthcare two semesters before taking the course. This course has three prerequisites: MHS 3411 with a B- or higher, MHS 4002, and MHS 4408. The application, application deadlines, and additional information about the course can be found on the Field Experience webpage: [http://www.usf.edu/cbcs/mhlp/students/field-experience.aspx](http://www.usf.edu/cbcs/mhlp/students/field-experience.aspx).

### BEHAVIORAL HEALTHCARE FACULTY

### B.A. - COMMUNICATION SCIENCES AND DISORDERS (CSD)

(CIP = 51.0204)

TOTAL DEGREE HOURS: 120

http://www.usf.edu/cbcs/csd/undergrad/index.aspx

The undergraduate program in Communication Sciences and Disorders (CSD) offers three curriculum concentrations that lead to the B.A. degree:

1. Language-Speech-Hearing (LSH): The LSH concentration provides pre-professional study that prepares the student for Master's level preparation in Speech-Language Pathology or for entry into the clinical Doctor of Audiology degree.
2. Interpreter Training (ITT): The ITT concentration prepares individuals to work in settings that require an interpreter to facilitate communication between Deaf and hearing individuals.
3. Deaf Studies (DST): The DST concentration is intended to prepare students to work in a variety of settings (e.g., social services, vocational rehabilitation, education, etc.) with a variety of d/Deaf and hard of hearing individuals utilizing various communication methods, both manual and oral.
The DST concentration seeks to educate students to communicate and interact with people who are d/Deaf and to apply this knowledge within work settings where knowledge of deafness and Deaf culture is essential. The DST concentration is intended to prepare students to work in a number of settings (e.g., social services, vocational rehabilitation, education, etc.) with a variety of d/Deaf and hard of hearing individuals utilizing diverse communication methods, both manual and oral. Coursework is designed to provide students with an opportunity to learn the language, education, history, and culture of Deaf individuals in the United States as well as issues that impact the provision of services to this population.

STATE MANDATED COMMON COURSE PREREQUISITES

Students entering the university with fewer than 60 semester hours of acceptable credit must meet the University's entering freshman requirements including ACT and SAT test scores, GPA, and course requirements. Students intending to transfer to USF should complete an A.A. degree at the community college. Some courses required for the major may also meet the USF General Education Requirements. Transfer students must comply with the immunization, foreign language, and continuous enrollment policies of the University.

There are no State Mandated Common Prerequisites for the Deaf Studies concentration.

REQUIREMENTS FOR THE CONCENTRATION IN DEAF STUDIES

TOTAL CONCENTRATION HOURS: 41

Concentration Core (23 hours)

12 credits in foundational coursework and 11 credits in American Sign Language proficiency coursework.

ASL 2140C Basic American Sign Language
ASL 2150C Intermediate Sign Language
ASL 3514 Deaf Culture
ASL 4161C Advanced American Sign Language
INT 3004 Fundamentals of Interpreting
SPA 3002 Introduction to Communication Sciences and Disorders
SPA 3470 Culture and Diversity in CSD

Concentration Electives (18 hours)

A minimum of 18 hours are required [consult with advisor for options], with at least 9 credits from the same area:

Choose from one of the following Elective Areas:

**Area 1: Social Services Perspective - 9 credit hours**
CCJ 3014, CCJ 3024, GEY 3625, GEY 4612, MHS 3411, MHS 4434, SOW 3203

**Area 2: Oral/Aural Communication - 9 credit hours**
SPA 3004, SPA 3261, SPA 3030, SPA 3310, SPA 3112, SPA 4321

**Area 3: Manual/Visual Communication - 9 credit hours**
INT 4490, ASL 4201C, ASL 4301C, INT 3270, ASL 3324

In addition to nine credit hours from one of the above Elective Areas, a student must choose nine credit hours from the following list of course:

ASL 3324 Advanced ASL Discourse
ASL 4201C American Sign Language 4
ASL 4301C Structure of Sign Language
CCJ 3024 Survey of the Criminal Justice System
GEY 3625 Sociological Aspects of Aging
INT 3270 Interpreting Process and Skill Development
INT 4490 Introduction to Cued Speech and its Applications
MHS 3411 Multidisciplinary Behavioral Healthcare Services
RSC 4033 Overview of Rehab & MH Counseling Professions
SOW 3210 The American Social Welfare System  
SPA 3004 Introduction to Language Development and Disorders  
SPA 3310 Introduction to Disorders of Hearing  
SPA 3030 Introduction to Hearing Science  
SPA 3112 Applied Phonetics in Communication Disorders  
SPA 3261 Language Science for Comm. Sciences & Disorders  
SPA 4201 Phonological Development and Disorders

Note: A course used to fulfill one of the Elective Areas requirement may not be used to fulfill the additional nine elective credit hours.

Advising Information
For questions related to advising please contact our advisor at csdittdst@usf.edu.

INTERPRETER TRAINING (ITT) (CIP = 51.0204 - TRACK 2 OF 3)
http://www.usf.edu/cbcs/csd/undergrad/itt.aspx

The ITT concentration seeks to educate students to become American Sign Language interpreters. The ITT program includes instruction in both the theory and practice of sign language interpretation. A program of 49 credit hours is planned for the student majoring in the Interpreter Training concentration.

Students entering the ITT concentration must demonstrate proficiency in ASL at an advanced level prior to beginning the first semester of core courses in the major. Proficiency is demonstrated through successful completion of the ASL prerequisites courses listed below (or equivalent transfer courses) with a minimum grade of B- or higher in each course.

All incoming students will be classified as pre-CSD until they have completed the state mandated prerequisites for their desired concentration with a B- or better. All students must register to become a CSD major the semester prior to being qualified (i.e., the semester in which they are finishing their last state mandated prerequisite courses). Note: DST does not have any mandated prerequisites, so those students will be converted to CSD majors upon entry.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of B- is the minimum acceptable grade in prerequisite courses.

- ASL X140 Basic American Sign Language
- ASL X150 Intermediate American Sign Language
- ASL X160 American Sign Language III or ASL X161 Advanced American Sign Language
- ASL X200 American Sign Language IV or ASL X201 American Sign Language IV
- ASL X300 Structure of American Sign Language or ASL X301 Structure of Sign Language
REQUIREMENTS FOR THE CONCENTRATION IN INTERPRETER TRAINING

TOTAL CONCENTRATION HOURS: 49

Concentration Core (49 hours)

ITT Prerequisites (minimum grade B- in each course) (17 credit hours):
- ASL 2140C Basic American Sign Language
- ASL 2150C Intermediate American Sign Language (P.R. ASL 2140C)
- ASL 4161C Advanced American Sign Language (P.R. ASL 2150C)
- ASL 4201C American Sign Language IV (P.R. ASL 4161C)
- ASL 4301C Structure of Sign Language (P.R. ASL 4161C)

Core Courses (49 credit hours) (minimum grade C- and overall 2.0 GPA in Core):
- ASL 3324 Advanced ASL Discourse
- ASL 3514 Deaf Culture
- INT 3004 Fundamentals of Interpreting
- INT 3111 Language and Cognitive Skills in ASL
- INT 3112 Translation from English and from ASL
- INT 3205 Interpreting I
- INT 3270 Interpreting Process and Skill Development
- INT 3481 Specialized Terminology
- INT 4190 Senior Seminar in Interpreter Training
- INT 4206 Interpreting II
- INT 4208 Interpreting III
- INT 4211 Transliterating
- INT 4235 Advanced Receptive Voicing
- INT 4947 Interpreting Practicum II
- SPA 3002 Introduction to Communication Sciences and Disorders
- SPA 3470 Culture and Diversity in CSD
- SPA 4962 Undergraduate Comprehensive Exam

Concentration Electives

Graduation within the ITT major also requires successful completion of a comprehensive practical exit examination (SPA 4962) and successful completion of the Registry of Interpreters for the Deaf (RID) written NIC examination.

Other Requirements

Students entering the ITT concentration must demonstrate proficiency in ASL at the intermediate level prior to beginning the first semester of core courses in the major. Proficiency is demonstrated through successful completion of the ASL prerequisite courses listed below (or equivalent transfer courses) with a minimum grade of B- or higher in each course.

Other Information

All incoming students will be classified as pre-CSD until they have completed the state mandated pre-requisites for their desired concentration with a B- or better. All students must register to become a CSD major the semester prior to being qualified (i.e., the semester in which they are finishing their last state mandated pre-requisite courses). Note: DST does not have any mandated pre-requisites, so those students will be converted to CSD majors upon entry.

Advising Information

For questions related to advising please contact our advisor at csdittdst@usf.edu.

Eight Semester Plan

The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

Semester Hours: 15

Semester Hours: 12

LANGUAGE-SPEECH-HEARING (LSH) (CIP = 51.0204 - TRACK 1 OF 3)

http://www.usf.edu/cbcs/csd/undergrad/lsh.aspx

All incoming students in LSH will be classified as pre-LSH until they have completed the state mandated prerequisites with a C- or better. All students must register to become a CSD-LSH major the semester prior to being qualified (i.e., the semester in which they are finishing their last state mandated prerequisite courses).

STATE MANDATED COMMON COURSE PREREQUISITES

Students entering the university with fewer than 60 semester hours of acceptable credit must meet the University's entering freshman requirements including ACT and SAT test scores, GPA, and course requirements. Students intending to transfer to USF should complete an A.A. degree at the community college. Some courses required for the major may also meet the USF General Education Requirements. Transfer students must comply with the immunization, foreign language, and continuous enrollment policies of the University.

The State of Florida has identified common course prerequisites for the concentration in Language-Speech-Hearing. All state mandated prerequisite courses must be completed with a grade of C- or better prior to the first semester in which courses are taken in the major. (Note that national certification in Speech-Language Pathology or Audiology through the Council of Academic Accreditation of the American-Speech-Language-Hearing Association requires that sufficient competency be demonstrated in coursework in the Social/Behavioral, Biological and Physical Sciences, and Mathematics.) If the courses are not transferred in, the course(s) may be taken at USF but may delay taking major coursework in prescribed sequence.

Students must complete one course (3 credit hours) from each of the following areas:

- STA XXXX Statistics
- BSC XXXX or APK XXXX or ANT X511 Biological Science
- PHY XXXX or CHM XXXX or PSC XXXX Physical Science
- PSY XXXX or EXP XXXX or CLP XXXX or DEP XXXX or SYG XXXX or SYD XXXX or SYO XXXX or SYP XXXX or FYC XXXX or FAD XXXX Social/Behavioral Sciences

REQUIREMENTS FOR THE CONCENTRATION IN LANGUAGE-SPEECH-HEARING

TOTAL CONCENTRATION HOURS: 49

Concentration Core (49 hours)

Coursework is sequenced for the Language-Speech-Hearing (LSH) concentration in Communication Sciences & Disorders. All students must complete study in basic knowledge of the communication sciences and in basic knowledge of communication disorders. Upon admission to the concentration, each student will be assigned an advisor to provide guidance in academic planning.

- ASL 3514 Deaf Culture
- SPA 3002 Introduction to Communication Sciences and Disorders
- SPA 3004 Introduction to Language Development and Disorders
- SPA 3011 Introduction to Speech Science (PR: SPA 3030, SPA 3112/L)
- SPA 3030 Introduction to Hearing Science
- SPA 3101 Anatomy and Physiology of the Speech and Hearing Mechanism
- SPA 3112 Applied Phonetics in Communication Disorders (CR: SPA 3112L)
- SPA 3112L Applied Phonetics Laboratory (CR: SPA 3112)
- SPA 3261 Language Science for Communication Sciences & Disorders
- SPA 3310 Introduction to Disorders of Hearing (PR: SPA 3030)
- SPA 3470 Culture and Diversity in CSD
- SPA 4050 Introduction to the Clinical Process [also meets Capstone exit requirement] (PR: SPA 3004, SPA 3310)
- SPA 4104 Neuroanatomy for Speech, Language and Hearing (PR: SPA 3101)
- SPA 4250 Introduction to Speech Disorders (PR: SPA 3101)
Other Information
The academic requirements for employment in the public school system for Speech-Language Pathologists is a Master's degree.
Students in the LSH concentration are encouraged to join the USF chapter of the National Student Speech-Language-Hearing Association. This group is affiliated with the American Speech-Language-Hearing Association (ASHA) and has many membership benefits.

Advising Information
For questions related to advising please contact our advisor at csdadvising@usf.edu.

Semester Hours: 12

Grading Requirement

A student must receive a "C-" grade or better in all courses within the major (some prerequisites may require higher minimum grades). Any student who receives a grade of "D+" or lower in two or more USF Communication Sciences and Disorders courses will be required to either change concentrations within CSD or pursue major reselection. If a student changes concentrations within the CSD major, pursuant to receiving two or more "D+" or lower grades, and earns and additional "D+" or lower grade in any major course, the student will be required to pursue major reselection. **In other words, any student with three "D+" or lower grades in USF Communication Sciences and Disorders courses will be required to pursue major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count towards the maximum allowed total "D+" or lower grades in the major whether grade forgiven or not.**

Foreign Language Requirement

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English. Two semesters of American Sign Language are accepted to meet this requirement, but a student may take any foreign language to meet the requirement.

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may
be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

OPTIONAL HONORS PROGRAM
The department is not currently accepting applications for the Honors Program.

COMMUNICATION SCIENCES AND DISORDERS FACULTY

• B.A. - CRIMINOLOGY (CCJ) (CIP = 45.0401)
TOTAL DEGREE HOURS: 120

http://www.usf.edu/cbcs/criminology/undergraduate/majors.aspx

The major in Criminology provides students with in-depth exposure to all facets of the criminal justice system including law enforcement, detention, the judiciary, corrections, juvenile justice and probation and parole. The program concentrates on achieving balance in the above aspects of the system from the perspective of the criminal justice professional, the offender, the victim, and society. The program provides a solid background in the theory, issues and methodology comprising Criminology.

The objective of the undergraduate program in Criminology is to develop a sound educational basis either for graduate work or for professional training in one or more of the specialized areas comprising the modern urban criminal justice system.

STATE MANDATED COMMON COURSE PREREQUISITES
Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for this program.

REQUIREMENTS FOR THE MAJOR IN CRIMINOLOGY
TOTAL MAJOR HOURS: 36

Major requirements for the B.A. Degree:

Major Core (12 hours)
CCJ 3024 Survey of the Criminal Justice System
CCJ 3117 Theories of Criminal Behavior (P.R. CCJ 3024)
Note: A grade of C (not C-) or higher is required in CCJ 3117 to enroll in CCJ 3701.
CCJ 3701 Research Methods in Criminal Justice I (P.R. CCJ 3117)
Note: A grade of C (not C-) or higher is required in CCJ 3701 to enroll in CCJ 4934.
CCJ 4934 Seminar in Criminology (P.R. CCJ 3701)

Students must complete CCJ 3117 with a grade of C or better (not C-) prior to enrollment in CCJ 3701. Students must complete CCJ 3701 with a grade of C or better (not C-) prior to enrollment in CCJ 4934.

NOTE: No more than six (6) hours of CCJ 4900, CCJ 4910 or any combination of the two will be accepted toward the minimum number of hours in the major. A student may take an unlimited number of CCJ 4933 or 4934 courses as long as the courses vary in title.

Major Electives (24 hours)
Students should select 24 credit hours from the following list of courses:
CCJ 3014 Crime and Justice in America
CCJ 3621 Patterns of Criminal Behavior
CCJ 3666 Victimology
CCJ 4224 Miscarriages of Justice
CCJ 4361 Death Penalty
CCJ 4613 Forensic Psychology
CCJ 4662 Race and Crime
CCJ 4681 Domestic Violence
CCJ 4690 Sex Offenders
CCJ 4933 Selected Topics in Criminology
CCJ 4940 Internship (See advisor)
CJC 4010 American Correctional System
CJE 4010 Juvenile Justice System
CJE 4114 American Law Enforcement Systems
CJE 4610 Criminal Investigation
CJL 3110 Substantive Criminal Law
CJL 4115 Environmental Law & Crime
CJL 4410 Criminal Rights and Procedures

GPA Requirements

2.00 or higher Major GPA

Grading Requirement

"D" Rule

Criminology majors are limited to one grade of "D+" or lower in their major coursework. Any student who receives a grade of "D+" or lower in more than one USF Criminology major course will either need to utilize grade forgiveness in order to comply with the rule or seek major reselection. Future registration in Criminology major courses will be restricted for students who are not in compliance with the "D" rule. If a student has exhausted all available grade forgiveness opportunities and remains in non-compliance with the "D" rule, the student will be required to seek major reselection.

Residency Requirement

Residency Requirement: A minimum of 30 credit hours of major course work must be taken in residence at the University of South Florida. Therefore, no more than 6 credit hours of transfer work (two courses) will be accepted to meet major requirements.

Foreign Language Requirement

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English.

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.
Internship Opportunities

The department provides all students with the opportunity to engage in an internship with a federal, state or local criminal justice related agency within one of the surrounding counties. Internships available with more than 100 agencies afford students the opportunity to network and gain practical experience in conjunction with their degree. Internships may be taken for up to nine (9) credit hours of Criminology electives, and grades are awarded on a S/U (satisfactory/unsatisfactory) basis. To meet eligibility requirements for the internship, students must successfully complete CCJ 3024, CCJ 3117, six (6) hours of Criminology electives, and have a USF and a major GPA of 2.0 or higher.

Advising Information

Criminology Academic Advising: ccjadvise@usf.edu.

CRIMINOLOGY FACULTY

• B.S. - LONG TERM CARE ADMINISTRATION (LTC) (CIP = 51.0701)

TOTAL DEGREE HOURS: 120

http://www.usf.edu/cbcs/aging-studies/academics/bs/bs.aspx

The Bachelor of Science Degree in Long Term Care Administration provides students with a basic education in gerontology and allows graduates of the program to sit for the licensure examination to become Nursing Home Administrators. It is especially appropriate for students who intend to begin working immediately following completion of the degree program.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- ACG X021 Principles of Financial Accounting or ACG X024 or ACG X001 and ACG X011
- ACG X071 Principles of Managerial Accounting or ACG X301
- ECO 2023 Economic Principles (Microeconomics)
- CGS X100 Computers in Business or CGS X061 or ISM X000
- STA 2023 Introductory Statistics

REQUIREMENTS FOR THE MAJOR IN LONG TERM CARE ADMINISTRATION

TOTAL MAJOR HOURS: 39

Major requirements for the B.S. Degree:

Major Core (39 hours)

It is strongly recommended that students complete GEY 2000 and MAN 3025 prior to registering for core major courses.

GEY 3601 Physical Changes and Aging
GEY 4475 Program Evaluation in an Aging Society
GEY 4507 Understanding Policies and Practices of Long Term Care (PR: GEY 2000)
GEY 4508 Health Care Operations (PR: GEY 4507 and ACG 2021)
GEY 4509 Regulatory and Clinical Operations (PR: GEY 4508 and ACG 2021)
COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

- GEY 4520 Legal Aspects of Health Care Administration
- GEY 4608 Alzheimer's Disease Management (PR: GEY 2000)
- GEY 4641 Death and Dying
- GEY 4945 Internship
- ISM 3011 Information Systems in Organizations (PR: CGS 2100)
- MAN 3301 Human Resource Management

**Major Electives**
The following electives are not required for the major but are strongly recommended:
- BUL 3320 Law and Business I
- GEY 3625 Sociological Aspects of Aging
- GEY 4360 Counseling for Older Adults
- GEY 4628 Health, Ethnicity and Aging
- MAN 3240 Organizational Behavior Analysis
- MAR 3023 Basic Marketing

**Eight Semester Plan**
The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

300
Students in the B.S. program will only be allowed to register for the full-time internship (GEY 4945) after successful completion of all (or all but one) of the required courses in the B.S. major. Because the B.S. internship requires full-time effort, students will be allowed to take no more than three (3) credits concurrent with the B.S. internship. NOTE: a Level 2 background check is required for most Internships, possibly at the student's expense.

Students interested in either Aging Sciences or Long Term Care Administration majors should contact the School of Aging Studies http://www.usf.edu/cbcs/aging-studies/advising/index.aspx as early as possible in their careers at the University of South Florida.

Grading Requirement
A grade of lower than "C-" in Aging Sciences and Business courses will not be counted toward fulfilling the requirements for the major.

Other Requirements
Strongly Recommended Courses:
- GEY 2000 Introduction to Aging Sciences
- MAN 3025 Principles of Management

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Internship Opportunities
A full-time (650 hours) internship is required for students completing the Bachelor of Science Degree in Long Term Care Administration. The internship, scheduled during the last semester of the program after successful completion of all major prerequisites and all but one of the required courses, is intended to prepare students for entry-level positions in nursing home administration. Students should expect to meet with the advisor the semester prior to the internship in preparation of their field experience.
Advising Information
Students are strongly encouraged to meet each semester with the departmental advisor to plan courses and field work that will prepare the student for career goals.
Undergraduate Advisor: Gail Smith: smithg@usf.edu.

LONG TERM CARE ADMINISTRATION FACULTY

Director: B.J. Small; 
Associate Professors: D.J. Dobbs, H. Meng; 
Instructor: B. Stanback; 

• B.S.W. - SOCIAL WORK (SOK) (CIP = 44.0701)

The University of South Florida offers a program of study leading to a Bachelor of Social Work (B.S.W.) degree in the School of Social Work, College of Behavioral & Community Sciences. The B.S.W. has been developed in accordance with the guidelines of the Council on Social Work Education, the national accrediting body for social work education programs, and in accordance with the recommendations of the National Association of Social Workers. The B.S.W. program is fully accredited by the Council on Social Work Education and is a limited access program.

The primary objective of the B.S.W. program is the preparation of the graduate for beginning level professional practice as a social work generalist.

The secondary objectives of the B.S.W. program are to:
1. Provide for the social work human resources needs of the university service district (the central Florida west coast area), the State of Florida, and the Southeast Region;
2. Prepare graduates for additional professional training at the graduate level in social work or in related human service professions;
3. Provide an exposure to social work as a profession and to contemporary issues in the social welfare field.

In preparing the B.S.W. graduate for beginning professional practice, the curriculum provides students with an opportunity to develop a knowledge base and skill base as a "generalist" practitioner. Students will develop an understanding of various methods of intervention and skills in their application to a variety of client systems. For example, intervention methods may take the form of individual and group counseling, resource development, consultation, teaching, advocacy, etc. Client systems may be individuals, families, groups, organizations, or communities. The student will develop an understanding of the dynamics of human behavior in individual, group and organizational contexts and the influences of the socio-cultural environment upon those behaviors. The student will learn about the development of social welfare systems and institutions and the social, economic, and political processes affecting policy development and program implementation. The student will develop an understanding of the utilization of basic social research skills particularly related to the processes of problem-solving, planning, and evaluation.

The student will also become aware of the value base of the profession and engage in a self-examination process as it relates to the development and reflection of ethical and effective professional practice. The B.S.W. program places great emphasis on the development of a professionally responsible graduate in terms of one's obligations to the client system served, the profession itself, the organization in which one works, and to the general public which ultimately provides any profession with legitimacy.

LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.
The Social Work Program is a limited access program that requires a separate application to the School of Social Work. Students are admitted to the undergraduate program only in the Fall and Spring terms.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.
Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

One course in each of the following cognate areas:

- POS X041 or POS X042 or PUP X099 American Government
- BSC X005 or BSC X085 or BSC X010 or PCB X099 Human Biology
- ECO X000 or ECO X023 Economics
- PSY X012 or PSY X020 Psychology
- SYG X000 or SYG X010 Sociology

(Incoming transfer students may refer to “State Mandated Common Prerequisites for Students Transferring from a Florida College System Institution” section for clarification of acceptable transfer courses.)

**Required Supporting Courses for the Major: 3 Hours**

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

SOW 3203 Introduction to Social Work

**REQUIREMENTS FOR THE MAJOR IN SOCIAL WORK**

**TOTAL MAJOR HOURS: 41**

**Major requirements for the B.S.W. Degree:**

**Major Core (41 hours)**

A major in Social Work requires 41 credits in a lock-step (pre-set) schedule.

Students must take the following courses during their first semester admitted in the program (15 credit hours):

- SOW 3101 Human Behavior and the Social Environment I
- SOW 4341 Multi-Methods of Social Work Practice I: Micro-System Intervention
- SOW 3401 Research and Statistics for Social Work
- SOW 4522 Multicultural America in a Global Society
- SOW 3210 The American Social Welfare System

Once the above courses have been successfully completed, students must take the following courses during their 2nd semester in the program (14 credit hours):

- SOW 3102 Human Behavior and the Social Environment II
- SOW 4343 Multi-Methods of Social Work Practice II: Macro-System Intervention
- SOW 4414 Social Work Data Management
- SOW 4315 Social Work Case Management with Special Populations
- SOW 4233 Social Welfare: Policy and Program

Once all above courses have successfully been completed, students must take the following courses (12 credit hours):

- SOW 4602 Social Work Practice in Mental Health and Health Care
- SOW 4510 Integrative Seminar

One course in each of the following cognate areas:

- American Government: POS 2041 American National Government
- Human Biology: BSC 1005 Biology for Life or BSC 1020 Human Biology or BSC 2085 Anatomy & Physiology
- Economics: ECO 1000 Basic Economics or ECO 2023 Microeconomics or ECO 2013 Macroeconomics
- Psychology: PSY 2012 Introduction to Psychological Science
- Sociology: SYG 2000 Introductory Sociology or SYG 2010 Contemporary Social Problems

Complete a formal application to the BSW program during the semester of finishing all requirements for eligibility into the major, including the foundation class, SOW 3203 Introduction to Social Work. The School of Social Work admits all eligible, qualified applicants.

There is a maximum of 2 semester application reviews for admission to the BSW program.

SOW 3203 Introduction to Social Work is the only social work foundation course required for eligibility into the major. It is open to all students.
## Eight Semester Plan

The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

Apply for Graduation

Semester Hours: 12

GPA Requirements

Admission to the University and a minimum USF/Overall GPA of 2.75.

Students must also maintain a minimum GPA of 2.75 in core courses in the major while enrolled in the program and demonstrate behaviors that are congruent with professional standards and values as described previously in order to remain in the major.

Course Grade Requirement

SOW 3203 Introduction to Social Work requires a minimum grade of "B" for eligibility into the major (a grade of "B-" is not acceptable). This course may be attempted a maximum of two times for eligibility into the major.

Grading Requirement

Completion of 15 semester hours of common course prerequisites with a minimum grade of "C" or better (2.0) in each course.

Students must successfully complete their BSW core courses by earning a "C" or better. A grade of "C-" is not acceptable as a passing grade.

If Introduction to Social Work is completed at another institution, the student must have earned a grade of "B" or better in that course. If the student does not meet this minimum grade, the course may be repeated one time at USF for eligibility. A syllabi must be provided by the student and reviewed in the School of Social Work prior to approval of any transfer of social work courses.

Foreign Language Requirement

Students must meet the University's FLENT (Foreign Language Entrance Requirement), which requires successful completion of two years of the same foreign language in high school. If foreign language is not completed in high school, successful completion of two semesters of the same college-level foreign language is required.

Research Opportunities

The diverse research interests of the faculty in the School of Social Work provide a wide array of opportunities for students to interface with evidence based research studies. Current research interests include treatment of childhood trauma; quality of care outcomes for vulnerable populations with particular emphasis on older adults with co-occurring mental and physical health disorders; health effects of intimate partner violence; implications of health care practices and interventions involving Latinos; reduction of health and mental health disparities for Haitians, and the development of psycho-social resources in community and long-term care settings.

Internship Opportunities

Hands-on, practical experience is integrated in the core curriculum through the 460 hours of field placement that students complete during their final semester in the program. The School of Social Work has partnerships for the field experiences with an abundance of agencies in the surrounding communities. Students have many choices for the
populations and environments in which they would like to develop their skills and prepare for professional employment. Internship (field placement) areas include child welfare, substance abuse, medical social work, mental health, children and adolescent services, forensic mental health, domestic violence, veteran's services, court/justice system, crisis center, elder care, hospice and homelessness.

OPTIONAL HONORS PROGRAM

Students who obtain a minimum 3.0 GPA overall and a 3.25 GPA in the Social Work courses required for the major are eligible for membership in the National Social Work Honor Society, Phi-Alpha/Delta Sigma chapter at the University of South Florida. Phi Alpha is a national honor society for social work students who have attained excellence in scholarship. Its mission is to provide a network among students of social work and to promote humanitarian goals and ideals.

Accreditation Information

The School of Social Work programs are accredited by the Council on Social Work Education (CSWE).

Other Information

USF Bachelor of Science Social Work graduates may be eligible for admission into USF’s Master of Social Work Advanced Standing programs.

Advising Information

Advising is available in office, by phone and email. We welcome students to contact our advisor to learn more about the social work profession and the BSW degree.

Amy Weisz, MSW, LCSW; 813-974-7292; aweisz@usf.edu; MHC 1405.

SOCIAL WORK FACULTY

Interim Director: A. Salloum; Director of Field Program: T. Simpson; Interim Associate Director and MSW Program Chair: A. Stinson-Mendoza; BSW Program Chair and Field Coordinator: L. Rogovin; MSW Program Chair for USF Sarasota-Manatee cohort: I. Carrion; Ph.D. Chair: N. Sook Park; Professor: M. Becker; Associate Professors: I. Carrion, S. Fogel, G. Rahill, A. Salloum, N. Sook Park; Assistant Professors: M. Joshi, M. Lawental; Instructors: L. Conforti-Brown, K. Littlewood, L. Rogovin, C. Simmons, T. Simpson, A. Stinson-Mendoza; Visiting Faculty: D. Brown, M. Mitchell, P. Williams; Professor Emeritus: W. Rowe, A. Strozier.

MINOR IN AGING SCIENCES (AGE)

TOTAL MINOR HOURS: 15

http://www.usf.edu/cbcs/aging-studies/academics/bs/minor.aspx

An undergraduate minor is available for students interested in pursuing careers in aging in conjunction with any undergraduate major, but it should be particularly beneficial to students majoring in such disciplines as anthropology, business, communication sciences and disorders, government and international affairs, nursing, psychology, public health, health care, social work, and sociology.

REQUIREMENTS FOR THE MINOR IN AGING SCIENCES

Minor Core (9 hours)

GEY 2000 Introduction to Aging Sciences
Choose 2 of the following 3 courses:

GEY 3601 Physical Changes and Aging
GEY 4612 Psychology of Aging
GEY 4628 Health, Ethnicity, and Aging

Minor Electives (6 hours)

Six (6) additional credit hours of GEY coursework, including DEP 2004. Courses may not be taken on a S/U basis.

GPA Requirements

A minimum overall 2.0 GPA in minor coursework.
Grading Requirement
A grade of lower than "C-" in Aging Sciences courses will not be counted toward fulfilling the requirements for the minor.

Advising Information
Application for the minor is required. Contact the Undergraduate Advisor.

MINOR IN APPLIED BEHAVIOR ANALYSIS (ABA)
TOTAL MINOR HOURS: 15
The Applied Behavior Analysis (ABA) minor is for students seeking knowledge and skills in the field and is especially valuable for those seeking to become a Board Certified Assistant Behavior Analyst (BCaBA) or those seeking to prepare for a graduate program in ABA. The ABA minor is open to all students.

REQUIREMENTS FOR THE MINOR IN APPLIED BEHAVIOR ANALYSIS

Minor Core (12 hours)
- MHS 4202 Behavioral Assessment and Intervention Planning
- MHS 4206 Applied Behavior Analysis in Autism and Developmental Disabilities
- MHS 4412 Research Methods and Ethical Issues in Behavior Analysis
- MHS 4943 Practicum Seminar in Applied Behavior

Minor Electives (3 hours)
Choose one of the following courses:
- CLP 4414 Behavior Modification
- MHS 3204 Fundamentals of Applied Behavior Analysis

GPA Requirements
A GPA of 2.00 or better in this minor is required for completion.

Residency Requirement
At least nine (9) credit hours must be taken in residence at USF.

Advising Information
Students may contact department for general questions at 813-974-3096 or aneel@usf.edu.

MINOR IN BEHAVIORAL HEALTHCARE (BHC)
TOTAL MINOR HOURS: 15
http://www.usf.edu/cbcs/mhlp/students/behavioral-healthcare-minor.aspx
The minor in Behavioral Healthcare is available to students interested in pursuing a career in the field of behavioral health in conjunction with any undergraduate major. It should be particularly beneficial to persons majoring in disciplines such as psychology, social work, sociology, anthropology, gerontology, long term care administration, pre-med, criminology, and nursing.

REQUIREMENTS FOR THE MINOR IN BEHAVIORAL HEALTHCARE

Minor Core (15 hours)
- MHS 3411 Multidisciplinary Behavioral Healthcare Services
- MHS 4002 Behavioral Health Systems Delivery (PR: MHS 3411)
- MHS 4408 Exemplary Practices in Behavioral Healthcare Treatment (PR: MHS 3411)
- MHS 4723 Professional Seminar in Behavioral Healthcare or MHS 4203 Practical Skills: Children's Behavioral Healthcare (PR: MHS 3411)
- MHS 4425 Field Experience in Behavioral Healthcare* (PR: MHS 3411, MHS 4002, MHS 4408)

A student completing a field placement in Psychology, Social Work, or other human services discipline may request an exemption (from the advisor) from MHS 4425 and may substitute an approved elective. Students must apply to take MHS 4425 Field Experience in Behavioral Healthcare two semesters before taking the course. This course has three prerequisites: MHS 3411 with a B- or higher, MHS 4002, and MHS 4408. The application, application deadlines, and additional information about the course can be found on the Field Experience webpage: http://www.usf.edu/cbcs/mhlp/students/field-experience.aspx
MINOR IN CRIMINOLOGY (CCJ)
TOTAL MINOR HOURS: 18
http://www.usf.edu/cbcs/criminology/undergraduate/minor.aspx

The objective of the undergraduate minor in Criminology is to develop an educational basis either for graduate work or for professional training in the modern urban criminal justice system.

REQUIREMENTS FOR THE MINOR IN CRIMINOLOGY

Minor Core (6 hours)
- CCJ 3024 Survey of the Criminal Justice System
- CCJ 3117 Theories of Criminal Behavior

Minor Electives (12 hours)
- 12 semester hours of electives within Criminology.

GPA Requirements
- A minimum GPA of 2.0 or higher in minor coursework.

Grading Requirement
- Students minoring in Criminology are also subject to the Department's "D" Rule.

Residency Requirement
- A minimum of 9 semester credit hours of minor coursework must be completed at the University of South Florida.

Other Requirements
- Students who are minoring in Criminology will not be permitted to register for CCJ 4934 Senior Seminar capstone requirement as it is designated for Criminology majors only.

Other Information
- Note: With the exception of CCJ 3024 and CCJ 3014, some courses may require academic advisor approval prior to registration. For permission, students should email their USF student ID number and course reference number(s) to the advising office at ccjadvise@usf.edu.

Advising Information
- Some courses may require advisor approval prior to registering for courses each semester. This can be accomplished e-mailing your name, USF ID #, Course reference number(s), telephone number and your registration date and time via email to one of the advisors at ccjadvise@usf.edu.
  - Criminology Academic Advising: at ccjadvise@usf.edu.

MINOR IN DEAF STUDIES (DFT)
TOTAL MINOR HOURS: 17
http://www.usf.edu/cbcs/csd/undergrad/asl-minor.aspx

The 17-credit hour minor is open to all students who are currently not majoring in Communication Sciences and Disorders.

REQUIREMENTS FOR THE MINOR IN DEAF STUDIES

Minor Core (17 hours)
- ASL 2140C Basic American Sign Language
- ASL 2150C Intermediate American Sign Language
ASL 3514 American Deaf Culture  
SPA 3002 Introduction to Communication Sciences and Disorders  
SPA 3470 Culture and Diversity in CSD

GPA Requirements
A cumulative GPA of 2.00 or better must be achieved in minor coursework in order for a student to be certified for graduation with a minor in Deaf Studies.

Grading Requirement
A minimum grade of C- is required for each course.

Residency Requirement
Students seeking a minor in Deaf Studies must complete a minimum of three (3) courses within the minor with the Department of Communication Sciences and Disorders at USF.

Other Requirements
Seat availability in ASL courses is limited and is first-come/first-serve, with priority consideration given to ITT and DST majors needing ASL coursework to meet a major requirement to graduate. Declaring the minor does not guarantee seat availability; therefore, students should attempt to register as soon as possible each semester.

Advising Information
For questions about the minor, email bcs-csdittdst@usf.edu.

MINOR IN FORENSIC BEHAVIORAL HEALTH (FBH)
TOTAL MINOR HOURS: 15

The minor in Forensic Behavioral Health is available to students interested in pursuing the interaction of mental health and substance use disorders with the criminal justice system. It should be particularly beneficial for students in disciplines such as criminology, psychology, social work, sociology, anthropology, public health, and pre-law.

REQUIREMENTS FOR THE MINOR IN FORENSIC BEHAVIORAL HEALTH

Prior to enrolling in courses for the minor, students should complete at least one introductory course (3 credit hours) in Behavioral or Social Sciences. Students should consult with the Behavioral Healthcare academic advisor to determine applicable courses.

Minor Core (12 hours)
CCJ 4613 Forensic Psychology  
MHS 4022 Adult Psychopathology in the Community  
MHS 4452 Co-Occurring Disorders  
MHS 4455 Drug Abuse Prevention and Treatment

Minor Electives (3 hours)
Students must choose one of the following courses:
MHS 4023 Recovery Oriented Mental Health Services  
MHS 4453 Applied Psychopharmacology in Drug Abuse and Dependence  
MHS 4454 Alcohol, Drugs, and Crime  
MHS 4703 Legal, Ethical, & Professional Issues in Behavioral Healthcare

GPA Requirements
A minimum overall 2.0 GPA in minor coursework is required for completion of the minor.

Residency Requirement
At least nine (9) credit hours must be taken in residence at USF.

Advising Information
For questions about the minor, please contact: bhc_advise@usf.edu.
The Undergraduate Research certificate is designed for students interested in attending graduate school or pursuing research careers. Students complete a systematic undergraduate research preparation program consisting of 16 hours of coursework, many of which will count toward their general education requirements or requirements for their major.

REQUIREMENTS FOR THE CERTIFICATE IN UNDERGRADUATE RESEARCH IN BEHAVIORAL & COMMUNITY SCIENCES

Certificate Core (16 hours)
- IDS 1505 Introduction to Research in Behavioral and Community Sciences
- IDS 2600 Application of Research in Community Settings
- STA 2122 Social Science Statistics (or approved Statistics course)
- Research Methods Course (PSY 3213; CCJ 3701; GEY 4401; SOW 3401 or equivalent)
- MHS 4741 Applied Research Methods
- MHS 4731 Writing for Research and Publication in BCS (also fulfills the FKL WRIN EXIT requirement)
- Directed Research or Thesis

GPA Requirements
An overall USF GPA of at least 2.50 must be maintained.

Grading Requirement
A grade of “B” (not B-) must be obtained in all courses applying toward the certificate.

Research Opportunities
Students who are pursuing a major or minor in the College of Behavioral and Community Sciences will have the opportunity to apply for Undergraduate Research Assistantships to work with a faculty member conducting research in an area of interest to the student. Students may also participate in the CBCS Undergraduate Research Interest Group. Contact: Lisa Landis (lilandis@usf.edu) for additional information.

Advising Information
Email Lisa Landis (lilandis@usf.edu) with questions.

About the College
The Muma College of Business offers courses of study leading to both undergraduate and graduate degrees. All degree programs in the Muma College of Business are fully accredited by AACSB International — The Association to Advance Collegiate Schools of Business.

The Muma College of Business offers undergraduate majors in the following areas of study: Accounting, Advertising, Business Analytics and Information Systems, Finance, Global Business, Management, Marketing, and Personal Finance. It also offers a General Business Studies major, which is a completer major used for students who are not able to progress in their declared Business major. The Muma College of Business also offers a dual degree with the College of Arts and Sciences in Business Analytics and Information Systems and Biomedical Sciences.

The Muma College of Business is located near the corner of Maple Street and Alumni Drive on the south-central side of campus. To access information about the College online, use the following web address: http://www.usf.edu/business/.

Accreditation
The Muma College of Business offers courses of study leading to both undergraduate and graduate degrees. All degree programs in the Muma College of Business are fully accredited by AACSB International — The Association to Advance Collegiate Schools of Business.

Admission Requirements
Admission requirements for First Time in College Students
First time in college students who meet the criteria below are granted direct entry to the Muma College of Business.

- Admitted to USF as a degree seeking student
- Test scores: SAT minimum 1210, Math 570 or ACT 25, Math 25
- Weighted high school GPA: 3.5

Please visit the Bulls Business Network's website http://www.usf.edu/business/undergraduate/bbc/bbn.aspx for further information.

First time in college students who do not meet the criteria above will be classified as pre-business and admitted after meeting the admission requirements below.

Requirements for Admission to the Muma College of Business:
Admission to the Muma College of Business is based upon availability of faculty and space within each discipline. The College is an upper-level, limited access college, which means that it has admission requirements in addition to those of the University in general. Students interested in pursuing a degree in the areas offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

- Minimum of 60 semester hours of college credit earned
- Minimum of a cumulative grade point average of 2.5 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal. NOTE: Beginning Fall 2013 the Muma College of Business will establish each fall a new minimum overall GPA required to satisfy the limited access GPA admission requirement. The minimum overall GPA will range between a 2.5 with a maximum required GPA of a 2.75. Students will be notified each fall as to the minimum entrance GPA required for the following fall semester. Notification will occur through Canvas and updated at the following link: http://www.usf.edu/business/undergraduate/requirements-general.aspx.
- Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:
  * ACG X021/ACG X022 Financial Accounting (or ACG X001 & ACG X011)
  * ACG X071 Managerial Accounting (or X301)
  * CGS X100 Computers in Business (or acceptable Substitute, i.e., CGS X100C, CGS X530, CGS X570, CGS X531, CGS X0000, MAN X812)
  * ECO X013 Principles of Macroeconomics
  * ECO X023 Principles of Microeconomics
  * MAC X233 Elementary Calculus or MAC 2230
  * STA X023 Introductory Statistics or QMB X100 or STAX122 (STA X023 and QMB X100 are preferred)

*Accounting majors must earn a C not C- in ACG 2021 & ACG 2071

In computing entry grade point average all business and economics courses taken for S or U grades will be converted to C or F, respectively.

A minimum score of 550 on paper and pencil or 213 on computerized TOEFL is required, when applicable.

Students must be admitted to the Muma College of Business at least one term before their anticipated graduation date.
College-Level Requirements

General Requirements for B.A./B.S. Degrees in Business

Students must satisfactorily complete a minimum of 120 semester hours. Of the minimum 120, at least 60 hours must be business courses, and a minimum of 54 hours must be non-business courses (i.e., all courses not normally offered by the Muma College of Business). Additional electives may be required to reach a minimum of 120 hours and can be either business or non-business. NOTE: Beginning Fall 2013 the Muma College of Business will establish each fall a new minimum overall GPA required to satisfy the limited access GPA admission requirement. The minimum overall GPA will range between a 2.5 with a maximum required GPA of a 2.75. Students will be notified each fall as to the minimum entrance GPA required for the following fall semester. Notification will occur through CANVAS and updated at the following link: http://www.usf.edu/business/undergraduate/requirements-general.aspx.

As a part of the 120-hour requirements for the B.A. or B.S. degree, the following criteria also apply:

- **GPA:** A minimum grade-point average of 2.0 must be achieved in the following areas:
  - The major and minor fields
  - College foundation courses
  - All USF coursework
  - Overall GPA (USF and all transfer work)

- **State Communication and Computation Requirements:** Students must have satisfactorily completed the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math).

- **Foreign Language:** For a Bachelor of Arts degree, students must demonstrate competency in a foreign language (refer to the Academic Policies and Procedures section of this catalog). The Muma College of Business does not approve American Sign Language for the Foreign Language Exit Requirement.

- **Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF Tampa a minimum of 50 percent (30-33 semester hours depending on major) of required business courses, including 12-18 semester hours in the major field. In addition, USF Muma College of Business students must meet residency requirements from the degree granting campus. Normally, independent study and independent research courses do not fulfill this requirement.

- **International Course Requirement:** All business students are required to select at least one course that deals with contemporary international topics. Consult with a business advisor for approved courses.

- **Academic Dismissal:** Students dismissed more than once from the USF System for academic reasons will not be readmitted to the Muma College of Business - Tampa.

Degree Requirements (120 credit hours)

**NON-BUSINESS (54 hrs. minimum)**

1. Foundations of Knowledge and Learning Requirements
   a. English Composition (6 credit hours)
   b. General Education Core Mathematics and FKL Mathematics and Quantitative Reasoning (Calculus is required) (6 credit hours)
   c. General Education Core and FKL Natural Sciences (6 credit hours)
   d. General Education Core Social Sciences and FKL Social and Behavioral Sciences (Macroeconomics is required) (6 credit hours)
   e. FKL Human Cultural Diversity Global Context (3 credit hours)
   f. FKL Fine Arts (3 credit hours)
   g. General Education Core and FKL Humanities (6 credit hours)

2. Exit Course Requirements
   a. The Capstone Learning Experience Course (satisfied by GEB 4890) (3 credit hours)
   b. The Writing Intensive Capstone Course (satisfied by ENC 3250 or ENC 3310) (3 credit hours)

3. Non-Business Requirements for Business Majors
   a. ECO 2023 Economic Principles (Microeconomics)
   b. SPC 2608 Public Speaking or COM 3110 Communication for Business and the Professions
   c. ENC 3250 Professional Writing or ENC 3310 Expository Writing or equivalent
   It is recommended that transfer students take ENC 3250 or ENC 3310 their first semester at USF.

4. Additional elective credits
   Students may or may not need to take additional hours to meet the minimum of 54 non-business credits (See “Electives” heading below for a suggested course)

**BUSINESS (63-66 hrs. minimum):**

1. Foundation Courses in Business - Required - a minimum grade of C- in each foundation course with an overall 2.0 GPA (36 credit hours):
ACG 2021 Principles of Financial Accounting*
ACG 2071 Principles of Managerial Accounting*
QMB 2100 Business & Economic Statistics I
BUL 3320 Law and Business I
FIN 3403 Principles of Finance**
GEB 3033 Business Skills and Professional Communications
ISM 3011 Information Systems in Organizations***
QMB 3200 Business & Economic Statistics II
MAN 3025 Principles of Management
MAN 4504 Operations and Supply Chain Management
MAR 3023 Basic Marketing****
GEB 4890 Strategic Management/Decision Making

2. Major Requirements (21-24 credit hours)
3. Required Business Electives (3 credit hours):
   CGS 2100 Computers in Business

*Accounting majors must earn C, not C-, in ACG 2021 & ACG 2071
**Finance majors must earn a C, not C-, in FIN 3403 with no more than two attempts
***Business Analytics and Information Systems (BAIS) majors must earn C, not C-, in ISM 3011
****Advertising and Marketing majors must earn C, not C-, in MKT 3023

ELECTIVES IN BUSINESS OR NON-BUSINESS
Sufficient elective courses to reach a minimum of 120 hours (ranges from 0-3 credit hours if above requirements are met) Minimum total hours 120*

Grading Requirements
Courses are not available for audit. All courses in the major or minor field and all foundation coursework in business must be taken on a graded basis. S/U grading is available for Finance and Accounting internship courses only.

D/F Policy
All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

Computer Requirement
All students entering the Muma College of Business are required to have a laptop computer that they can use in their classes and labs. The laptop computer must be capable of connecting to the internet wirelessly and accessing software applications through a central server.

Transfer Students
Students who transfer to the USF Muma College of Business must meet one of the following admission guidelines below:
1. Students transferring to USF with 60 transferrable credits, and all state mandated prerequisites successfully completed, must have a minimum 2.5 overall GPA.
2. Students transferring to USF with 60 transferrable credits, but have not successfully completed all state mandated prerequisites, must have an overall 2.75 GPA.
3. To be fully admitted to the Muma College of Business, transfer students must complete all state mandated prerequisite courses with a grade of C- or better in each course and an overall 2.0 GPA in all seven (7) courses. The courses are:
   Financial Accounting: ACG X021/ACG X022 (or ACG X001 & ACG X011)
   Managerial Accounting: ACG X071 (or ACG X301)
   Computers in Business: CGS X100 (or acceptable substitute)
   Principles of Macroeconomics: ECO X013
   Principles of Microeconomics: ECO X023
   Elementary Calculus: MAC X233 or MAC 2230
   Statistics: QMB 2100 or STA 2023

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.
Associate of Arts Transfers

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration and economics courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration or economics. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Associate of Science Transfers

Florida College System students pursuing an Associate of Science (AS) program in Management are fully admissible to USF. Please see a business advisor to determine the articulation of courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Management may earn a major in Management only. Florida College System students pursuing an Associate of Science (AS) program in any other discipline should contact the BSAS program in the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Early Admissions Program – The Bulls Business Network

Membership in the Bulls Business Network (BBN) is open to first time in college students who have completed a USF application and declared an intent to major in business, and meet the FTIC admission requirements (listed above). These freshmen are admitted directly to the Muma College of Business upon admission to USF (while most students are fully admitted to the business college after two years of general course requirements). BBN members are eligible to live in the Bulls Business Community or the Zimmerman Advertising Program Community, residential programs described in the following section. BBN students have the opportunity to avoid mass lecture classes as smaller sections of core business classes are reserved exclusively for BBN members (availability is limited and determined by academic performance each semester). Students in the BBN may apply for special business scholarships as well as join business student organizations normally restricted only to juniors and seniors. For admission criteria visit http://www.usf.edu/business/undergraduate/bbc/bbn.aspx.

Living-Learning Communities - The Bulls Business Community or Zimmerman Advertising Program (ZAP) Community

Most freshmen are required to live on campus for the first year. As part of the Bulls Business Network, students are eligible to apply to the business-themed living learning community, the Bulls Business Community (BBC). Here, students are offered very different programming opportunities. An exclusive academic advisor and graduate assistant aid students as they navigate the university and the college. Dinners with the dean, meetings with CEO’s of various Tampa Bay businesses, improv sessions, study abroad opportunities, company tours and etiquette dinners are just a few of the beyond the books experiences provided to the 105 business students living on one floor in Juniper-Poplar Hall. In addition, all BBC students have the opportunity to apply to the Honors Program in Business. For further information about the BBC, please visit http://www.usf.edu/business/undergraduate/bbc/.

The Honors Program in Business

Exclusively for our best and most motivated students, this highly selective program is designed to assist, accelerate and ensure the growth and development of our future leaders in academia and business. Business honors students will learn from USF’s best business research faculty, blending smaller classes, rigorous coursework and research efforts with unique applied learning opportunities. To graduate from the Honors Program in Business, students must fulfill all program requirements listed below:

- Sign and abide by the program’s Honor Pledge
- Live in the Bulls Business Community for two years
- Facilitate a service-learning project within a Business Honor’s cohort
- Participate in a study abroad experience with a Business Honor’s cohort
- Participate in at least one meaningful internship
- Complete all requirements for an honor’s thesis
- Maintain a 3.40 overall GPA

Upon completion of the requirements above, students will be identified at graduation and the statement “Business Honors Program” will be placed on the diploma and transcript.
Students should apply as seniors in high school. Alternatively, students may also apply after completion of their freshmen year in college from USF or outside USF. Students who complete an associate’s degree are also eligible for consideration into this program.

For further information, please contact the program director, Professor Walsh at kwalsh@usf.edu or visit the Business Honors Program website: http://www.usf.edu/business/undergraduate/honors/.

Following are the undergraduate academic programs offered by the Muma College of Business:

**Bachelor of Arts (B.A.) or Bachelor of Science (B.S.) Option**

- Advertising (BAV)

**Bachelor of Arts (B.A.)**

- Global Business (GBP)
  - Business Analytics and Information Systems (GBIS)
  - Finance (GBFI)
  - Management (GBMN)
  - Marketing (GBMK)

**Bachelor of Science (B.S.)**

- Accounting (ACC)
- Business Analytics and Information Systems (BAIS)
  - Cybersecurity (CYBC)
  - Healthcare Business (HCBC)
- Finance (FIN)
  - Asset Management (FIAM)
  - Corporate Finance (FICF)
- Management (MAN)
- Human Resource Management (HRM)
- Marketing (MKT)
- Entrepreneurship (ENTC)
- Sales (SALE)
- Sport and Entertainment Management (SEMC)
- Supply Chain Management (SCMG)
- Personal Finance (PSF)

**General Business Studies (GBAS) (completer program)**

**Concurrent Degrees**

Business Analytics and Information Systems with a concentration in Healthcare Business and Biomedical Sciences

**Honors Programs**

All programs

**Accelerated Degree Programs**

- B.S. Advertising/M.A. Mass Communications with a concentration in Strategic Communication Management
- B.S. Business Analytics and Information Systems/M.S. Business Analytics and Information Systems

**Minors**

- Accounting (for Business majors only) (ACC)
- Business Analytics and Information Systems (for Business majors only) (BAIS)
- Entrepreneurship (for Business and Industrial Engineering majors only) (ETB)
- Entrepreneurship (non-Business and non-Industrial Engineering majors only) (ETN)
- Engineering majors only) (ETN)
- Finance (for Business majors only) (FIN)
- Management (for Business majors only) (MAN)
- Marketing (for Business majors only) (MKT)

**Certificates**

- Business Analytics and Information Systems (for Undergraduate Business Studies)
- Sales

The following major and concentrations are accepting no new admission because they were discontinued effective Fall 2017:

- B.S. General Business Administration (GBA) and all associated concentrations

**Undergraduate Advising Information**

- Advising Services:
  - Orientation for freshmen and transfer students.
  - Academic advising and program information for pre-business students who have applied to the Muma College of Business and declared business as their intended major.
  - Students who meet all Muma College of Business admission requirements.
• Evaluation of undergraduate transcripts for all declared and admitted business transfer students.
• Maintenance of academic advising records.
• Certification of graduation.

Location: BSN 2102, (813) 974-4290 or schedule an advising appointment on-line: http://www.usf.edu/business/undergraduate/advising/appointments.aspx
Office Hours: 8am-6pm Monday-Thursday and 8am-4pm on Friday. Please refer to website for most current office hours information.

• B.S. - ACCOUNTING (ACC) (CIP = 52.0301)
TOTAL DEGREE HOURS: 120
http://www.usf.edu/business/undergraduate/accounting/

The objective of the baccalaureate degree program in Accountancy is to provide students with accounting and business knowledge that will serve as a basis for careers in industry, government, non-profit organizations and public accountancy. The baccalaureate program also prepares students for entry into the Master of Accountancy (M.Acc.) professional degree program.

The State of Florida requires completion of 120 semester hours to sit for the CPA examination and 150 semester hours are required for licensure.

For additional information regarding becoming a Florida CPA, please visit the following links: http://www.myfloridalicense.com/dbpr/cpa/licensure.html and http://www.ficpa.org/Content/FutureCPAs/BecomeCPA.aspx.
LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

Admission to the Muma College of Business is based upon availability of faculty and space within each discipline. The Muma College of Business is an upper-level, limited access college, which means that it has admission requirements in addition to those of the University in general. Students interested in pursuing a degree in the areas offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

Students must satisfy the following criteria:

- Minimum of 60 semester hours of college credit earned.
- Minimum of a cumulative grade point average of 2.5 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal. NOTE: Beginning Fall 2013 the Muma College of Business will establish each fall a new minimum overall GPA required to satisfy the limited access GPA admission requirement. The minimum overall GPA will range between a 2.5 with a maximum required GPA of a 2.75. Students will be notified each fall as to the minimum entrance GPA required for the following fall semester. Notification will occur through Canvas and updated at the following link: http://www.usf.edu/business/undergraduate/requirements-general.aspx.
- In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.
- A minimum score of 550 on paper and pencil or 213 on computerized TOEFL is required, when applicable.

The Lynn Pippenger School of Accountancy has additional admission requirements beyond the entry requirements to the Muma College of Business. The two additional requirements are:

1. Successful completion of ACG 2021 Principles of Financial Accounting and ACG 2071 Principles of Managerial Accounting prior to taking any ACG or TAX course at the 3000-level or higher; and
2. Successful completion of ACG 3103 Intermediate Financial Accounting I and ACG 3341 Cost Accounting and Control I, with a minimum grade of C, not C- and no more than two attempts cumulatively between ACG 3103 and ACG 3341. "W" grades count as an attempt.

A student will be able to take the competency exam a maximum of two times. If a student does not make the minimum 75 percent passing grade within the second attempt, the student will not be allowed to take any 3000-level or higher ACG or TAX course unless he/she retakes ACG 2021 and then passes the competency exam at the minimum specified level of 75 percent. The prerequisites for ACG 3103 and ACG 3341 require students to earn a grade of C, not C- in both ACG 2021 and ACG 2071. ACG 3103 and ACG 3341 are co-requisites, meaning that students admitted to the Accounting major must take these two courses concurrently. Students who fail to obtain a minimum grade of C (not C-) in ACG 3103 and ACG 3341 within two cumulative attempts will be counseled into other majors either within the Muma College of Business or other colleges, as appropriate. “W” grades count as an attempt.

Within the 120-semester-hour program, students must complete a minimum of 24 hours of upper-level accounting with a grade of C not C- in all courses. Accounting major courses must be no older than five (5) years to count for degree credit. This applies both to continuing USF accounting majors, as well as accounting major courses transferred in from other institutions. A student may petition the Director for an exception to the policy and the Director may grant or deny such a petition, at his/her discretion. Students must complete 18 hours of upper-level Accounting requirements in residency at USF Tampa. Finally, students must earn a 2.0 GPA on all major coursework at USF Tampa and have an overall 2.0 major GPA including any applicable transfer work.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the
Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only. Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:
*ACG X021 or ACG X022 Financial Accounting or (ACG X001 & ACG X011)
*ACG X071 Managerial Accounting or ACG X301
CGS X100 Computers in Business (or acceptable Substitute, i.e., CGS X100C, CGS X530, CGS X570, CGS X060, CGS X531, CGS X000, ISM X000, CGS X518)
ECO X013 Principles of Macroeconomics
ECO X023 Principles of Microeconomics
MAC X233 Elementary Calculus or MAC X230
STA X023 Introductory Statistics or QMB X100 or STA X122 (although STA X023 and QMB X100 are preferred).
*Accounting majors must earn a C not C- in ACG 2021 & ACG 2071

REQUIREMENTS FOR THE MAJOR IN ACCOUNTING
TOTAL MAJOR HOURS: 24

Major requirements for the B.S. Degree:
Major Core (18 hours)
Students must complete a minimum of 24 hours of upper-level accounting coursework with a grade of C not C- in all courses. Students must earn a 2.0 GPA on all major coursework at USF Tampa and have an overall 2.0 major GPA including any applicable transfer work. Accounting majors can use the forgiveness policy only once in upper-level accounting courses. Accounting courses taken by accounting majors on an S/U basis will not be counted toward the 120-hour graduation requirement, with the exception of ACG 4940 Accounting Internship. Independent Research, ACG 4911, will not be accepted as credit toward the minimum degree requirements in the accounting concentration.
Students must complete 18 hours of upper-level Accounting requirements in residency at USF Tampa.

Accounting major courses must be no older than five (5) years to count for degree credit. This applies both to continuing USF accounting majors, as well as accounting major courses transferred in from other institutions. A student could petition the Director for an exception to the policy and the Director may grant or deny such petition, at his/her discretion.

ACG 3103 Intermediate Financial Accounting I*
ACG 3341 Cost Accounting and Control I*
ACG 3113 Intermediate Financial Accounting II
ACG 3401 Accounting Information Systems*
ACG 4632 Auditing I
TAX 4001 Concepts of Federal Income Taxation*
*Students must enroll in two courses their first semester within the Accounting major. During the first semester, all students must enroll in ACG 3103. The second course must be chosen from ACG 3341, ACG 3401 or TAX 4001.

Major Electives (6 hours)
Choose six (6) credit hours from the following list of courses:
ACG 4123 Intermediate Financial Accounting III
ACG 4351 Cost Accounting and Control II
ACG 4642 Auditing II
ACG 4931 Selected Topics in Accounting
ACG 4940 Accounting Internship
ACG 5205 Advanced Financial Accounting
ACG 5505 Governmental/Not-for-Profit Accounting
ACG 5675 Internal and Operational Auditing
TAX 5015 Federal Taxation of Business Entities

GPA Requirements
Students must earn a 2.0 GPA on all major coursework at USF Tampa and have an overall 2.0 major GPA including any applicable transfer work.

Residency Requirement
Students must complete 18 hours of upper-level Accounting requirements in residency at USF Tampa.
Other Requirements
The student's program must also include coursework taken in behavioral sciences and humanities, such as psychology, anthropology, and sociology, and the political environment of business and society, such as political science, public administration, and ethics. Muma College of Business advisors will recommend courses that will satisfy the program requirements.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Internship Opportunities
It is recommended that Accounting students participate in an internship course (ACG 4940) as part of their plan of study. This course is offered on an S/U basis only.

Accreditation Information
In addition to the Muma College of Business having AACSB accreditation, the Lynn Pippenger School of Accountancy is separately accredited by the Association to Advance Collegiate Schools of Business.

Advising Information
Advising Services:
• Orientation for freshmen and transfer students.
• Academic advising and program information for pre-business students who have applied to the Muma College of Business and declared business as their intended major.
• Students who meet all Muma College of Business admission requirements.
• Evaluation of undergraduate transcripts for all declared and admitted business transfer students.
• Maintenance of academic advising records.
• Certification of graduation.

Location: C.H. Ferguson Hall (Business Administration Building) (BSN) 2102, (813) 974-4290 or schedule an advising appointment on-line: http://www.usf.edu/business/undergraduate/advising/.
Office Hours: 8am-6pm Monday-Thursday and 8am-4pm on Friday. Always refer to website for most current office hours information.

ACCOUNTING FACULTY

• B.A. OR B.S. - ADVERTISING (BAV) (CIP = 52.1499)
TOTAL DEGREE HOURS: 120
http://www.usf.edu/business/undergraduate/advertising/

The Advertising major in the Muma College of Business is unique in that it is a collaborative effort between the Zimmerman School of Advertising and Mass Communications in the College of Arts and Sciences and the Marketing Department in the Muma College of Business. The major complements an existing Advertising track in the Mass Communications major and provides students the opportunity to combine the creative, media, and account planning aspects of advertising with knowledge, skills, and abilities in accounting, economics, finance, information systems, management, marketing and strategy.

LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.
Admission to the Muma College of Business is based upon availability of faculty and space within each discipline. The Muma College of Business is an upper-level, limited access college, which means that it has admission
requirements in addition to those of the University in general. Students interested in pursuing a degree in the areas offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

- ECO X023 Principles of Microeconomics
- MAC X233 Elementary Calculus or MAC X230
- STA X023 Introductory Statistics or QMB X100 or STA X122 (although STA X023 and QMB X100 are preferred).

*Accounting majors must earn a C not C- in ACG 2021 & ACG 2071

REQUIREMENTS FOR THE MAJOR IN ADVERTISING

Required Supporting Courses for the Major: 6 Hours

The following courses are prerequisite and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

- MMC 2100 Writing for the Mass Media
- MMC 3602 Mass Communications and Society

**TOTAL MAJOR HOURS: 43**

Major requirements for the B.A. or B.S. Degree:

**Major Core (26 hours)**
Within the 120-semester hour program listed in the Business General Requirement section (including the state mandated common prerequisites), students must pass the EDT (English Diagnostic Test), complete all courses listed below with a minimum grade of C, not C-, participate in a study abroad experience, and live in the Zimmerman Advertising Program (ZAP) Living Learning Community during their freshmen and sophomore years.

**Required Courses for Advertising major:**
- ADV 3008 Introduction to Advertising
- ADV 3101 Advertising Creativity
- ADV 3300 Advertising Media Strategy
- ADV 4600 Advertising Management
- ADV 4800 Advertising Campaigns
- ADV 4940 Advertising Internship
- MAR 3613 Marketing Research
- MAR 4503 Buyer Behavior
- MMC 4936 Selected Topics in Mass Communications Studies

**Major Electives (17 hours)**

**Required Business Electives:**
- CGS 2100 Computers in Business
- MAR 3823 Marketing Management
- MAR 4933 Selected Topics in Marketing: Social Media Applications
- MAR XXXX Upper-Level Marketing Elective
- MAR 3400 Professional Selling
- MAR 3711 Sports Marketing
- MAR 4156 International Marketing
- MAR 4213 Logistics and Physical Distribution Management
- MAR 4231 Retailing Management
- MAR 4333 Promotion Management
- MAR 4403 Sales Management
- MAR 4453 Business to Business Marketing
- MAR 4712 Healthcare Marketing
- MAR 4824 Marketing Management Problems

**Required Non-Business Electives:**
- GEB 2935 Selected Topics in Business: Speaker Series
- SLS 2901 Academic Foundations Seminar

**GPA Requirements**
At least a minimum of a C (not C-) grade must be earned in each course. An overall GPA of 2.0 is required in the major for graduation.

**Residency Requirement**
In the major, 15 of the 21 Advertising hours and 12 of the 17 Marketing hours must be taken in residency at USF Tampa.

**Research Opportunities**
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

**Internship Opportunities**
Advertising students will be required to complete internships as part of their degree program.

**Accelerated B.S. in Advertising and M.A. in Mass Communications with a concentration in Strategic Communication Management**
This program allows B.S. majors in Advertising (Muma College of Business) to take graduate courses in the M.A. degree in Mass Communications with a concentration in Strategic Communication Management (College of Arts and Sciences), during their senior year. These shared credits will be applicable to the M.A. degree, thus accelerating the...
time to completion, with successful students able to earn the M.A. degree in two additional semesters beyond the completion of the B.S. degree.

Advising Information

Advising Services:
- Orientation for freshmen and transfer students.
- Academic advising and program information for pre-business students who have applied to the Muma College of Business and declared business as their intended major.
- Students who meet all Muma College of Business admission requirements.
- Evaluation of undergraduate transcripts for all declared and admitted business transfer students.
- Maintenance of academic advising records.
- Certification of graduation.

ADVERTISING FACULTY

• B.S. - BUSINESS ANALYTICS AND INFORMATION SYSTEMS (BAIS) (CIP = 52.1201)

TOTAL DEGREE HOURS: 120

http://www.usf.edu/business/undergraduate/major-mis.aspx

The Business Analytics and Information Systems (BAIS) major provides the skills and knowledge necessary to enter the rapidly changing world of business analytics and information systems. Potential career paths include data analyst, business intelligence analyst, business analyst, consulting, systems analyst, database administrator, project manager or a myriad of technology management roles in business.

LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

Admission to the Muma College of Business is based upon availability of faculty and space within each discipline. The Muma College of Business is an upper-level, limited access college, which means that it has admission requirements in addition to those of the University in general. Students interested in pursuing a degree in the areas offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

Students must satisfy the following criteria:
- Minimum of 60 semester hours of college credit earned.
- Minimum of a cumulative grade point average of 2.5 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal. NOTE: Beginning Fall 2013 the Muma College of Business will establish each fall a new minimum overall GPA required to satisfy the limited access GPA admission requirement. The minimum overall GPA will range between a 2.5 with a maximum required GPA of a 2.75. Students will be notified each fall as to the minimum entrance GPA required for the following fall semester. Notification will occur through Canvas and updated at the following link: http://www.usf.edu/business/undergraduate/requirements-general.aspx.
- In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.
- A minimum score of 550 on paper and pencil or 213 on computerized TOEFL is required, when applicable.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College
System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:
- *ACG X021/ACG X022 Financial Accounting (or ACG X001 & ACG X011)
- *ACG X071 Managerial Accounting (or X301)
- CGS X100 Computers in Business (or acceptable substitute, i.e., CGS X100C, CGS X530, CGS X570, CGS X531, CGS X500, MAN X812)
- ECO X013 Principles of Macroeconomics
- ECO X023 Principles of Microeconomics
- MAC X233 Elementary Calculus or MAC 2230
- STA X023 Introductory Statistics or QMB X100 or STA X122 (although STA X023 and QMB X100 are preferred).

*Accounting majors must earn a C or higher in ACG 2021 & ACG 2071

**REQUIREMENTS FOR THE MAJOR IN BUSINESS ANALYTICS AND INFORMATION SYSTEMS**

**TOTAL MAJOR HOURS: 24**

**Major requirements for the B.S. Degree:**
**Major Core (15 hours)**
- Within the 120-semester-hour program, students must complete a set of 6 required courses and 3 approved electives.
- Students choose to enroll as either:
  - a Business Analytics and Information Systems major or
  - a Business Analytics and Information Systems major with a concentration in Cybersecurity or
  - a Business Analytics and Information Systems major with a concentration in Healthcare Business

  Students must have a 2.0 or higher GPA in the major; they can use grade forgiveness for only one upper-level course. A grade point average of 2.0 or higher must be achieved in all major course work at USF and an overall 2.0 GPA including transfer work. BAIS majors must earn a "C" or higher (not C-) in ISM 3011 and the six required courses. At least 18 hours must be taken in residence at USF Tampa.

- ISM 3113 Systems Analysis and Design*
- ISM 3232 Business Application Development*
- ISM 4212 Database Design and Administration
- ISM 4402 Business Intelligence or ISM 4220 Business Data Communications**
- ISM 4300 Managing Information Resources

*ISM 3232 (Business Application Development) is recommended to be taken before, or concurrently with, ISM 3113 (Systems Analysis and Design).

**ISM 4402 is recommended for students interested in mainstream business analytics careers, while ISM 4220 is recommended for students interested in mainstream careers in Management Information Systems. Students can always take both these courses and have the second one count as an elective (see below).**

**Major Electives (9 hours)**
- ISM 4041 Global Cyber Ethics
- ISM 4141 Web Application Development/Java
- ISM 4153 Enterprise Resource Planning Systems
- ISM 4220 Business Data Communications**
- ISM 4234 Object-Oriented Design and Development
- ISM 4252 Mainframe Technologies
ISM 4314 Project Management
ISM 4323 Information Security and IT Risk Management
ISM 4381 Information Systems for Healthcare Analytics
ISM 4382 Global Information Systems
ISM 4402 Business Intelligence**
ISM 4432 Software Testing
ISM 4480 Electronic Commerce Systems
ISM 4542 Statistical Programming for Business Analytics
ISM 4571 Cybersecurity Cases
ISM 4930 Selected Topics in MIS
ISM 4940 Business Analytics and Information Systems Internship
MAN 4505 Healthcare Operations Management

**No more than three hours of ISM 4950 (Independent Research) can be counted as MIS electives. (ISM 4905 (Independent Study) will not count as an elective.)

Students should see an advisor for a list of other approved upper-level area elective courses.

GPA Requirements
Students must have a 2.0 or higher GPA in the major; they can use grade forgiveness for only one upper-level course. A grade point average of 2.0 or higher must be achieved in all major coursework at USF and an overall 2.0 GPA including transfer work.

Grading Requirement
BAIS majors must earn a *C* or higher (not C-) in ISM 3011 and the five required Business Analytics and Information Systems (BA&IS) courses.

Residency Requirement
At least 18 hours must be taken in residence at USF Tampa.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Internship Opportunities
It is strongly recommended that Business Analytics and Information Systems students take an internship course (ISM 4940) as part of their plan of study.

Accelerated B.S. in Business Analytics and Information Systems and M.S. in Business Analytics and Information Systems
The goal of the USF Muma College of Business integrated undergraduate-graduate program in BAIS/MIS is to provide outstanding undergraduate students an option to complete the B.S. undergraduate degree in BAIS and the M.S. graduate degree in MIS in five years (141 total hours). The integrated B.S./M.S. program is a 141-hour undergraduate-graduate option that allows eligible students to work towards the M.S. in MIS degree requirements while completing their undergraduate B.S. degree. Students interested in this option will work closely with an advisor and a faculty member to develop an integrated plan of study.

Advising Information
Advising Services:
- Orientation for freshmen and transfer students.
- Academic advising and program information for pre-business students who have applied to the Muma College of Business and declared business as their intended major.
- Students who meet all Muma College of Business admission requirements.
- Evaluation of undergraduate transcripts for all declared and admitted business transfer students.
- Maintenance of academic advising records.
- Certification of graduation.
BUSINESS ANALYTICS AND INFORMATION SYSTEMS CONCENTRATIONS

CYBERSECURITY (CYBC)

The Cybersecurity concentration in Business Analytics and Information Systems focuses on the growing need to prepare students for successful careers in the information security field.

REQUIREMENTS FOR THE CONCENTRATION IN CYBERSECURITY

TOTAL CONCENTRATION HOURS: 24

Major Core - 15 Hours

Required Business Analytics and Information Systems Courses (15 credit hours):
- ISM 3113 Systems Analysis and Design*
- ISM 3232 Business Application Development*
- ISM 4212 Database Design and Administration
- ISM 4300 Managing Information Resources
- ISM 4402 Business Intelligence or ISM 4220 Business Data Communications**

*ISM 3232 (Business Application Development) is recommended to be taken before, or concurrently with, ISM 3113 (Systems Analysis and Design).

**ISM 4402 is recommended for students interested in mainstream business analytics careers, while ISM 4220 is recommended for students interested in mainstream careers in Management Information Systems. Students can always take both these courses and have the second one count as an elective (see below).

Concentration Core (3 hours)

A student may choose to major in Business Analytics and Information Systems only or may choose to major in Business Analytics and Information Systems with a concentration in Cybersecurity.

Required Cybersecurity Concentration Course (3 credit hours):
- ISM 4323 Information Security and IT Risk Management

Concentration Electives (6 hours)

Choose six (6) credit hours from the following Business Analytics and Information Systems elective courses:
- ISM 4220 Business Data Communications***
- ISM 4402 Business Intelligence***
- ISM 4041 Global Cyber Ethics
- ISM 4432 Software Testing
- ISM 4571 Cybersecurity Cases
- ISM 4940 Business Analytics and Information Systems Internship

***If these courses are used to satisfy the major requirements, they cannot be used to fulfill the elective requirements. Students should see an advisor for a list of other approved upper-level area elective courses.

GPA Requirements

Students must have a 2.0 or higher GPA in the major; they can use grade forgiveness for only one upper-level course. A grade point average of 2.0 or higher must be achieved in all major coursework at USF and an overall 2.0 GPA including transfer work.

Grading Requirement

Students in the major must earn a "C" or higher (not C-) in ISM 3011 and the six required courses.

Residency Requirement

At least 18 hours must be taken in residence at USF Tampa.

HEALTHCARE BUSINESS (HCBC)

The Healthcare Business concentration in Business Analytics and Information Systems focuses on the growing need to prepare students for successful careers in healthcare business field.

With suitable selection of courses, the healthcare business concentration can serve as a pre-medical program.
REQUIREMENTS FOR THE CONCENTRATION IN HEALTHCARE BUSINESS
TOTAL CONCENTRATION HOURS: 24

Major Core - 15 Hours

Required Business Analytics and Information Systems Courses (15 credit hours):

- ISM 3113 Systems Analysis and Design*
- ISM 3232 Business Application Development*
- ISM 4212 Database Design and Administration
- ISM 4300 Managing Information Resources
- ISM 4402 Business Intelligence or ISM 4220 Business Data Communications**

**ISM 3232 (Business Application Development) is recommended to be taken before, or concurrently with, ISM 3113 (Systems Analysis and Design).
**ISM 4402 is recommended for students interested in mainstream business analytics careers, while ISM 4220 is recommended for students interested in mainstream careers in Management Information Systems. Students can always take both these courses and have the second one count as an elective (see below).

Concentration Core (3 hours)

A student may choose to major in Business Analytics and Information Systems only or may choose to major in Business Analytics and Information Systems with a concentration in Healthcare Business.

Required Healthcare Business Concentration Course (3 credit hours):

- ISM 4381 Information Systems for Healthcare Analytics

Concentration Electives (6 hours)

Choose six (6) credit hours from the following elective courses:

- BCH 3053 General Biochemistry
- ISM 4402 Business Intelligence***
- ISM 4542 Statistical Programming for Business Analytics
- ISM 4940 Business Analytics and Information Systems Internship
- LIS 4477 Clinical Decision Support
- MAN 4505 Healthcare Operations Management

***If this course is used to satisfy the major requirements, it cannot be used to fulfill the elective requirements.

GPA Requirements

Students must have a 2.0 or higher GPA in the major; they can use grade forgiveness for only one upper-level course. A grade point average of 2.0 or higher must be achieved in all major coursework at USF and an overall 2.0 GPA including transfer work.

Grading Requirement

Students in the major must earn a "C" or higher (not C-) in ISM 3011 and the six required courses.

Residency Requirement

At least 18 hours must be taken in residence at USF Tampa.

BUSINESS ANALYTICS AND INFORMATION SYSTEMS FACULTY

Chairperson: M. Agrawal; Professor Emeritus: J.E. Blanton; Professors: M. Agrawal; A. Bhattacherjee, K. Chari, G. de Veerde; T.G. Gill, A.R. Hevner (Citigroup/Hidden River Endowed Chair), W. Jank (Anderson Professor of Global Management); B. Padmanabhan; Associate Professors: D.J. Berndt, J. Jones, B. Padmanabhan (Anderson Professor of Global Management), T.L. Sincich, R.P. Will; Assistant Professor: K. Dutta; S. Shivendu; H. Zhang; Instructors: A. Athienitis; D. Conway; C. Daniel; M. Dummeldinger, M. Mullarkey; R. Satterfield, B. Warner, W.W. Whitlock.

• B.S. - FINANCE (FIN) (CIP = 52.0801)

TOTAL DEGREE HOURS: 120

http://www.usf.edu/business/undergraduate/finance/

The Finance major provides a broad-based, analytical program for students anticipating a career in the management of both large and small organizations. Finance provides a good background for students seeking general careers in business. Finance majors can elect to take courses in the following areas that prepare them for entry and advanced careers in: financial management of corporations, management of financial institutions, investments, financial services, insurance, and real estate.
In addition, the program in Finance is designed to provide the skills required by students earning degrees in other business disciplines and by students who seek professional degrees in areas such as law and public administration.

The Finance program offers courses that enable the graduate to identify and solve problems in the acquisition and allocation of funds by organizations in the public and private sectors in domestic and international settings. It provides the background necessary for managing wealth in a risky environment. Finance relies on an interdisciplinary approach that draws on economic theory, accounting, information systems, and the quantitative decision frameworks of statistics and mathematics.

The major is designed to ensure that graduates are familiar with the tools of financial decision making and that they possess the skills to stay abreast of the developments in the field. Finance graduates will understand the functions and operations of financial markets, become familiar with computer applications in finance, and know how to access and utilize financial information. Course content is designed to provide majors with an appreciation of cooperative work skills and to enhance their verbal and written communication skills.

LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

Admission to the Muma College of Business is based upon availability of faculty and space within each discipline. The Muma College of Business is an upper-level, limited access college, which means that it has admission requirements in addition to those of the University in general. Students interested in pursuing a degree in the areas offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

Students must satisfy the following criteria:

- Minimum of 60 semester hours of college credit earned.
- Minimum of a cumulative grade point average of 2.5 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal. NOTE: Beginning Fall 2013 the Muma College of Business will establish each fall a new minimum overall GPA required to satisfy the limited access GPA admission requirement. The minimum overall GPA will range between a 2.5 with a maximum required GPA of a 2.75. Students will be notified each fall as to the minimum entrance GPA required for the following fall semester. Notification will occur through Canvas and updated at the following link:
- In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.
- A minimum score of 550 on paper and pencil or 213 on computerized TOEFL is required, when applicable.
- The Finance department has an additional admission requirement beyond the entry requirements for the Muma College of Business. Students are required to:
  - Pass FIN 3403 with a minimum grade of C, not C-, with no more than two (2) attempts. "W" grades count as an attempt.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state and community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state and community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:
*ACG X021 or ACG X022 Financial Accounting or (ACG X001 & ACG X011)
*ACG X071 Managerial Accounting (or ACG X301)
CGS X100 Computers in Business (or acceptable substitute, i.e., CGS X100C, CGS X530, CGS X570, CGS X060, CGS X531, CGS X000, ISM X000, CGS X518)
ECO X013 Principles of Macroeconomics
ECO X023 Principles of Microeconomics
MAC X233 Elementary Calculus or MAC X230
STA X023 Introductory Statistics or QMB X100 or STA X122 (although STA X023 and QMB X100 are preferred).
*Accounting majors must earn a C not C- in ACG 2021 & ACG 2071

REQUIREMENTS FOR THE MAJOR IN FINANCE

TOTAL MAJOR HOURS: 21

Major requirements for the B.S. Degree:
Within the 120-semester-hour program listed in the Business General Requirement section (including the state mandated common prerequisites), students must complete a minimum of 21 hours of upper-level finance courses beyond FIN 3403.

Students choose to enroll as either:
• a Finance major or
• a Finance major with a concentration in Asset Management or
• a Finance major with a concentration in Corporate Finance

Major Core (9 hours)
FIN 4454 Financial Modeling and Analytics
FIN 4504 Principles of Investments
FIN 4443 Financial Policies and Strategies*
*FIN 4443 is a capstone course that should be taken in the final semester of the major (or as close as possible).

Major Electives (12 hours)
Four upper-level Finance electives
Finance electives can be selected from among those 3000- and 4000-level classes that have FIN, REE, and RMI prefixes. At least two electives must have an FIN prefix. Independent Study (FIN 4905) and Independent Research (FIN 4915) will not be accepted as credit toward the minimum degree requirements for a major in Finance.
FIN 3233 Money and Banking
FIN 3604 International Finance
FIN 4303 Financial Institutions and Markets
FIN 4412 Working Capital Management
FIN 4414 Advanced Corporate Finance
FIN 4461 Financial Statement Analysis
FIN 4514 Advanced Investment Analysis and Management
FIN 4533 Financial Options & Futures
FIN 4560 Applied Securities Analysis
FIN 4940 Finance Internship
REE 3043 Real Estate Decision Making

GPA Requirements
A grade point average of 2.0 or higher must be achieved in all major course work at USF and an overall 2.0 GPA including transfer work.

Grading Requirement
Students are required to earn a C- or higher in all finance courses that are counted toward the major requirements.

Residency Requirement
At least 15 hours must be taken in residence at USF Tampa.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree
Internship Opportunities

It is recommended that Finance students participate in an internship course (FIN 4940) as part of their plan of study. This course is offered on an S/U basis only.

Advising Information

Advising Services:

- Orientation for freshmen and transfer students.
- Academic advising and program information for pre-business students who have applied to the Muma College of Business and declared business as their intended major.
- Students who meet all Muma College of Business admission requirements.
- Evaluation of undergraduate transcripts for all declared and admitted business transfer students.
- Maintenance of academic advising records.
- Certification of graduation.

Location: C.H. Ferguson Hall (Business Administration Building) (BSN) 2102, (813) 974-4290 or schedule an advising appointment on-line: http://www.usf.edu/business/undergraduate/advising/.

Office Hours: 8am-6pm Monday-Thursday and 8am-4pm on Friday. Please refer to website for most current office hours information.

FINANCE CONCENTRATIONS

ASSET MANAGEMENT (FIAM)

Students wishing to pursue a career in asset management are encouraged to pursue this concentration.

LIMITED ACCESS - THIS CONCENTRATION HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

Admission to the Muma College of Business is based upon availability of faculty and space within each discipline. The Muma College of Business is an upper-level, limited access college, which means that it has admission requirements in addition to those of the University in general. Students interested in pursuing a degree in the areas offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

Students must satisfy the following criteria:

- Minimum of 60 semester hours of college credit earned.
- Minimum of a cumulative grade point average of 2.5 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal. NOTE: Beginning Fall 2013 the Muma College of Business will establish each fall a new minimum overall GPA required to satisfy the limited access GPA admission requirement. The minimum overall GPA will range between a 2.5 with a maximum required GPA of a 2.75. Students will be notified each fall as to the minimum entrance GPA required for the following fall semester. Notification will occur through Canvas and updated at the following link: http://www.usf.edu/business/undergraduate/requirements-general.aspx.
- In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.
- A minimum score of 550 on paper and pencil or 213 on computerized TOEFL is required, when applicable.

REQUIREMENTS FOR THE CONCENTRATION IN ASSET MANAGEMENT

TOTAL CONCENTRATION HOURS: 21

Major Core - 9 Hours
- FIN 4453 Finance Information Technology
- FIN 4504 Principles of Investments
- FIN 4443 Financial Policies and Strategies*

*FIN 4443 is a capstone course that should be taken in the final semester of the major (or as close as possible).

Concentration Core (12 hours)
A student may choose to major in Finance only or may choose to major in Finance with a concentration in Asset Management.

Choose any four (4) courses below:
- FIN 4303 Financial Institutions and Markets
- FIN 4461 Financial Statement Analysis
FIN 4514 Advanced Investment Analysis and Management
FIN 4560 Applied Securities Analysis
FIN 4940 Finance Internship

GPA Requirements
A grade point average of 2.0 or higher must be achieved in all major course work at USF and an overall 2.0 GPA including transfer work.

Grading Requirement
Students are required to earn a C- or higher in all finance courses that are counted toward the major requirements.

Residency Requirement
At least 15 hours must be taken in residence at USF Tampa.

CORPORATE FINANCE (FICF)
Students wishing to pursue a career in corporate finance are encouraged to pursue this concentration.

LIMITED ACCESS - THIS CONCENTRATION HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.
Admission to the Muma College of Business is based upon availability of faculty and space within each discipline. The Muma College of Business is an upper-level, limited access college, which means that it has admission requirements in addition to those of the University in general. • In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.
• A minimum score of 550 on paper and pencil or 213 on computerized TOEFL is required, when applicable.

STATE MANDATED COMMON COURSE PREREQUISITES
Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in Finance, Marketing, Management, and Accounting, as well as other Business Administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.
Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

*ACG X021 or ACG X022 Financial Accounting or (ACG X001 & ACG X011)
*ACG X071 Managerial Accounting (or ACG X301)
CGS X100 Computers in Business (or acceptable Substitute, i.e., CGS X100C, CGS X530, CGS X570, CGS X060, CGS X531, CGS X000, ISM X000, CGS X518)
ECO X013 Principles of Macroeconomics
ECO X023 Principles of Microeconomics
MAC X233 Elementary Calculus or MAC X230
STA X023 Introductory Statistics or QMB X100 or STA X122 (although STA X023 and QMB X100 are preferred).

*Accounting majors must earn a C not C- in ACG 2021 & ACG 2071

REQUIREMENTS FOR THE MAJOR IN GENERAL BUSINESS STUDIES
TOTAL MAJOR HOURS: 18

Major requirements for the B.S. Degree:

Major Core (9 hours)

Within the 120-semester-hours program, a minimum of 18 hours of upper-level coursework must be earned. Students must complete three (3) upper-level courses from at least one of the following Business areas: Accounting, Business Analytics and Information Systems, Entrepreneurship, Finance, Management, or Marketing.

- Accounting Area: Nine (9) credit hours of earned ACG 3000-4999 coursework.
- Business Analytics and Information Systems Area: Nine (9) credit hours of earned ISM 3000-4999 coursework.
- Entrepreneurship Area: Nine (9) credit hours of earned ENT 3000-4999 coursework.
- Finance Area: Nine (9) credit hours of earned FIN 3000-4999 coursework.
- Management Area: Nine (9) credit hours of earned MAN 3000-4999 coursework.
- Marketing Area: Nine (9) credit hours of earned MKT 3000-4999 coursework.

Major Electives (9 hours)

Non-Business Course Electives:

As part of the General Business Studies major, students may choose to apply three (3) upper-level courses outside the Business area. The upper-level courses do not have to be from a specific discipline, however only two (2) of the three (3) courses may fulfill other degree requirements.

GPA Requirements

A GPA of 2.0 or higher must be achieved in non-Business coursework applied to the major. Best attempts will be used when calculating the GPA.

Grading Requirement

A grade of C- or higher is required for all Business and non-Business courses applied for the major core and electives.

Residency Requirement

Of the total nine (9) credit hours of major Business coursework, six (6) must be taken in residency at USF Tampa. Of the total nine (9) credit hours of elective coursework, six (6) must be taken in residency at USF Tampa.

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Internship Opportunities

An academic internship would be beneficial, either in the major or interdisciplinary studies (IDS 3947).
Advising Information

Advising Services:
- Orientation for freshmen and transfer students.
- Academic advising and program information for pre-business students who have applied to the Muma College of Business and declared business as their intended major.
- Students who meet all Muma College of Business admission requirements.
- Evaluation of undergraduate transcripts for all declared and admitted business transfer students.
- Maintenance of academic advising records.
- Certification of graduation.

Location: C.H. Ferguson Hall (Business Administration Building) (BSN) 2102, (813) 974-4290 or schedule an advising appointment on-line: http://www.usf.edu/business/undergraduate/advising/.

Office Hours: 8am-6pm Monday-Thursday and 8am-4pm on Friday. Please refer to website for most current office hours information.

- B.A. - GLOBAL BUSINESS (GBP) (CIP = 52.1101)
  TOTAL DEGREE HOURS: 120
  http://www.usf.edu/business/undergraduate/global/

The Bachelor of Arts in Global Business provides students with the knowledge, skills and experience necessary for successful careers in the global business environment.

Graduates will have not only a Global Business major, but also a concentration in one of the functional areas of business (Finance, Management, Marketing, and Business Analytics and Information Systems). With this preparation, graduates will find employment in many manufacturing, service or knowledge-based industries with global markets, global suppliers, global sources of finance and/or a globally diverse workforce.

The Global Business program is unique in that it combines preparation in business administration with language studies and a meaningful overseas work or study experience.

LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

Admission to the Muma College of Business is based upon availability of faculty and space within each discipline. The Muma College of Business is an upper-level, limited access college, which means that it has admission requirements in addition to those of the University in general. Students interested in pursuing a degree in the areas offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

Students must satisfy the following criteria:
- Minimum of 60 semester hours of college credit earned.
- Minimum of a cumulative grade point average of 2.5 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal. NOTE: Beginning Fall 2013 the Muma College of Business will establish each fall a new minimum overall GPA required to satisfy the limited access GPA admission requirement. The minimum overall GPA will range between a 2.5 with a maximum required GPA of a 2.75. Students will be notified each fall as to the minimum entrance GPA required for the following fall semester. * MAC X233 Elementary Calculus or MAC 2230
* STA X023 Introductory Statistics or QMB X100 or STA X122 (although STA X023 and QMB X100 are preferred).
* Accounting majors must earn a C not C- in ACG 2021 & ACG 2071

**REQUIREMENTS FOR THE MAJOR IN GLOBAL BUSINESS**

**TOTAL MAJOR HOURS: 27**

**Major requirements for the B.A. Degree:**

**Major Core (15 hours)**
A minimum of 120 hours is required to complete a B.A. in Global Business.

**Business Courses (12 credit hours)**
- MAN 4631 Global Perspectives and Management Choices

Choose three of the following four courses:
- FIN 3604 International Finance
- ISM 4382 Global Information Systems
- MAN 4600 International Management
- MAR 4156 International Marketing

**Foreign Language Exit Requirement (3 credit hours)**
- One foreign language course above the beginning language sequence, in the same language as the beginning foreign language sequence

Note: A beginning foreign language sequence (I and II) is required to meet the University's Foreign Language Exit (FLEX) Requirement.

**Global Business Concentration is required (12 credit hours)**
- A student must declare a 12-hour concentration from the following list:
  - Business Analytics and Information Systems
  - Finance
  - Management
  - Marketing

**Overseas Business Internship or Study Abroad Experience:**
- The Global Business major is designed to be completed within 120 credit hours. Certain courses satisfy requirements in more than one area. To maximize academic options, students should seek guidance from an advisor once a decision has been made to pursue this major.

Please note: Courses used to satisfy a major in Accounting, Business Analytics and Information Systems, Finance, Management, or Marketing may not be used to satisfy the concentration requirement for the Global Business major. Courses used for a Global Business concentration cannot be used for a major.

**Course Grade Requirement**
- A 2.0 GPA is required for the Business courses, no grade below a C- will be accepted.

**Grading Requirement**
- No grade below a C- will be accepted for the major and concentration coursework.

**Residency Requirement**
Nine of the 12 required major core credit hours must be taken on the USF Tampa campus.

Foreign Language Requirement
The Bachelor of Arts in Global Business requires students to successfully complete the University's Foreign Language Exit Requirement (FLEX).

Other Requirements
Required Business courses cannot be used to satisfy the Business concentrations.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Internship Opportunities
Overseas Business Internship or Study Abroad Experience
The Global Business major is designed to be completed within 120 credit hours. Certain courses satisfy requirements in more than one area. To maximize academic options, students should seek guidance from an advisor once a decision has been made to pursue this major.

Advising Information
Advising Services:
- Orientation for freshmen and transfer students.
- Academic advising and program information for pre-business students who have applied to the Muma College of Business and declared business as their intended major.
- Students who meet all Muma College of Business admission requirements.
- Evaluation of undergraduate transcripts for all declared and admitted business transfer students.
- Maintenance of academic advising records.
- Certification of graduation.

Location: C.H. Ferguson Hall (Business Administration Building) (BSN) 2102, (813) 974-4290 or schedule an advising appointment on-line: http://www.usf.edu/business/undergraduate/advising/.
Office Hours: 8am-6pm Monday-Thursday and 8am-4pm on Friday. Please refer to website for most current office hours information.

No grade below a C- will be accepted for the major and concentration coursework

Residency Requirement
At least 9 credit hours of concentration coursework must be taken in residence at USF Tampa.

• B.S. - MANAGEMENT (MAN) (CIP = 52.0201)
TOTAL DEGREE HOURS: 120
http://www.usf.edu/business/undergraduate/management/

The undergraduate major in Management prepares students to manage and lead all aspects of organizations. It also prepares students for graduate study in business and other fields.
Mastery of course content enables students to inspire themselves, others, teams, and organizations to coordinate efforts to provide effective outcomes. Content covered includes ethics and virtue, organizational behavior, human resources, domestic and international cultural differences, and negotiating skills. A capstone course integrates the learning objectives of the major in a study of a real company where students demonstrate that they can now apply effectively what they have learned.

LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

Admission to the Muma College of Business is based upon availability of faculty and space within each discipline. The Muma College of Business is an upper-level, limited access college, which means that it has admission requirements in addition to those of the University in general. Students interested in pursuing a degree in the areas offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

Students must satisfy the following criteria:
• Minimum of 60 semester hours of college credit earned.
• Minimum of a cumulative grade point average of 2.5 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal. NOTE: Beginning Fall 2013 the Muma College of Business will establish each fall a new minimum overall GPA required to satisfy the limited access GPA admission requirement. The minimum overall GPA will range between a 2.5 with a maximum required GPA of a 2.75. Students will be notified each fall as to the minimum entrance GPA required for the following fall semester. Notification will occur through Canvas and updated at the following link:
http://www.usf.edu/business/undergraduate/requirements-general.aspx;
• In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.
• A minimum score of 550 on paper and pencil or 213 on computerized TOEFL is required, when applicable.
STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

* ACG X021/ACG X022 Financial Accounting (or ACG X001 & ACG X011)
* ACG X071 Managerial Accounting (or X301)
* CGS X100 Computers in Business (or acceptable substitute, i.e., CGS X100C, CGS X530, CGS X570, CGS X531, CGS X000, MAN X812)
* ECO X013 Principles of Macroeconomics
* ECO X023 Principles of Microeconomics
* MAC X233 Elementary Calculus or MAC 2230
* STA X023 Introductory Statistics or QMB X100 or STA X122 (although STA X023 and QMB X100 are preferred).

*Accounting majors must earn a C not C- in ACG 2021 & ACG 2071

REQUIREMENTS FOR THE MAJOR IN MANAGEMENT

TOTAL MAJOR HOURS: 21

Major requirements for the B.S. Degree:

Major Core (12 hours)

Within the 120-semester-hour program, students must complete 21 hours of management coursework beyond MAN 3025. A grade point average of 2.0 or higher must be achieved in all major coursework at USF and an overall 2.0 GPA including transfer work. At least 15 hours must be taken in residence at USF Tampa.

MAN 3240 Organizational Behavior Analysis
MAN 3301 Human Resource Management
MAN 4282 Organizational Assessment
MAN 4737 Integrated Management Applications

Major Electives (9 hours)

MAN 4441 Negotiation and Conflict Resolution
MAN 4600 International Management
MAN 4631 Global Perspectives and Management Choices
MAN 4930 Selected Topics in Management
MANAGEMENT FACULTY

• B.S. - MARKETING (MKT) (CIP = 52.1401)
  TOTAL DEGREE HOURS: 120
  http://www.usf.edu/business/undergraduate/marketing/

Marketing is a dynamic field with many dimensions, including product selection and planning, product distribution, branding, pricing and promotion. Marketing poses many challenges and yields generous rewards for those who meet these challenges. Marketing operations are carried out domestically and internationally in virtually all business organizations that offer a product or service. Many marketing concepts are applicable to the operations of non-profit organizations such as governmental, educational, and health care institutions, as well as charitable and political campaigns.

Marketing operations provide the most visible links between the firm or institution and its many publics. Marketing deals with people who are constantly changing in their needs, wants, and desires; and coupled with these changing tastes is a fiercely competitive environment sustained by all the resources of a rapidly evolving technology. These forces lead to much of the challenge and dynamic nature of marketing.

The Marketing program at USF prepares students for initial entry and management positions in many areas of marketing with a curriculum that is concerned with:
1. Understanding how to attract and retain customers
2. Having the ability to find and analyze information
3. Being able to design, collect, and analyze marketing information to be used in managerial decision making
4. Using electronic and traditional media to create satisfied loyal customers
5. Having personal communication skills that businesses demand
6. Being capable of writing a winning marketing plan
7. Understanding and being able to apply the latest marketing concepts

LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

Admission to the Muma College of Business is based upon availability of faculty and space within each discipline. The Muma College of Business is an upper-level, limited access college, which means that it has admission requirements in addition to those of the University in general. ECO X023 Principles of Microeconomics
MAC X233 Elementary Calculus or MAC 2230
STA X023 Introductory Statistics or QMB X100 or STA X122 (although STA X023 and QMB X100 are preferred).

*Accounting majors must earn a C not C- in ACG 2021 & ACG 2071

### REQUIREMENTS FOR THE MAJOR IN MARKETING

**TOTAL MAJOR HOURS: 21**

**Major requirements for the B.S. Degree:**

Within the 120-semester-hour program, students must complete a minimum of 21 hours in marketing beyond MAR 3023.

Students choose to enroll as either:

- a Marketing major or
- a Marketing major with a concentration in Entrepreneurship or
- a Marketing major with a concentration in Sales or
- a Marketing major with a concentration in Sport and Entertainment Management or
- a Marketing major with a concentration in Supply Chain Management

A 2.0 GPA in all major course work at USF and an overall 2.0 GPA including transfer work. A grade of C or higher (not C-) is required in MAR 3023 Basic Marketing. At least 15 hours of upper-level marketing core courses must be taken in residence at USF Tampa. Students must earn at least a C- for the courses to count in the Marketing major.

If a student chooses a concentration, please see concentration-specific courses.

**Major Core (9 hours)**

- MAR 3613 Marketing Research
- MAR 3823 Marketing Management
- MAR 4824 Marketing Management Problems

**Major Electives (12 hours)**

Major Required Electives (6 credit hours)

- MAR 3400 Professional Selling
- MAR 4333 Promotion Management

Additional upper-level marketing courses (6 credit hours)

- MAR 3711 Sports Marketing
- MAR 4156 International Marketing
- MAR 4213 Logistics and Physical Distribution Management
- MAR 4231 Retailing Management
- MAR 4403 Sales Management
- MAR 4453 Business to Business Marketing
- MAR 4503 Buyer Behavior
- MAR 4712 Healthcare Marketing

**GPA Requirements**
A 2.0 GPA in all major course work at USF and an overall 2.0 GPA including transfer work.

Grading Requirement
A grade of C- is required in all Marketing classes, except MAR 3023 Basic Marketing. A grade of C (not C-) is required in MAR 3023 Basic Marketing.

Residency Requirement
At least 15 hours of upper level marketing core courses must be taken in residence at USF Tampa.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Internship Opportunities
It is strongly recommended that Marketing Majors take an internship course (MAR 4940 Practicum) as part of their plan of study. The marketing practicum course provides students an internship opportunity to gain real world business experiences while they continue to take other courses and make progress towards their degree. Intern sponsors are provided as part of the course and academic work is delivered online. It is also recommended that courses in information technology, finance, management, and international business be included in the business electives.

Advising Information
Advising Services:
- Orientation for freshmen and transfer students.
- Academic advising and program information for pre-business students who have applied to the Muma College of Business and declared business as their intended major.
- Students who meet all Muma College of Business admission requirements.
- Evaluation of undergraduate transcripts for all declared and admitted business transfer students.
- Maintenance of academic advising records.
- Certification of graduation.

Location: C.H. Ferguson Hall (Business Administration Building) (BSN) 2102, (813) 974-4290 or schedule an advising appointment on-line: http://www.usf.edu/business/undergraduate/advising/.
Office Hours: 8am-6pm Monday-Thursday and 8am-4pm on Friday. Please refer to website for most current office hours information.

MARKETING CONCENTRATIONS
ENTREPRENEURSHIP (ENTC)

The Entrepreneurship Concentration in Marketing focuses on integration of the principles for successful opportunity recognition, application of creativity and innovation, and new venture creation and operations. The Entrepreneurship Concentration, with its emphasis on creativity and innovation, also prepares students for entrepreneurial leadership roles within organizations.

LIMITED ACCESS - THIS CONCENTRATION HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

Admission to the Muma College of Business is based upon availability of faculty and space within each discipline. The Muma College of Business is an upper-level, limited access college, which means that it has admission requirements in addition to those of the University in general. Students interested in pursuing a degree in the areas offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

Students must satisfy the following criteria:
- Minimum of 60 semester hours of college credit earned.
- Minimum of a cumulative grade point average of 2.5 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal. NOTE: Beginning Fall 2013 the Muma College of Business will establish each fall a new minimum overall GPA required to satisfy the limited access GPA admission requirement. The minimum overall GPA will range between a 2.5 with a maximum required GPA of a 2.75.
Students will be notified each fall as to the minimum entrance GPA required for the following fall semester. Notification will occur through Canvas and updated at the following link: http://www.usf.edu/business/undergraduate/requirements-general.aspx.

A grade of “C” or higher (not C-) is required in MAR 3023 Basic Marketing. A minimum grade of C- is required for all Marketing coursework.

Residency Requirement
At least 15 credit hours of upper-level Marketing core courses must be taken in residence at USF Tampa.

SUPPLY CHAIN MANAGEMENT (SCMG)

The Supply Chain Management Concentration in Marketing focuses on managing the international flow of goods, services, finances, and information among organizations in global supply chains. Supply chain management includes business-to-business relationship management, global sourcing, inventory management, logistics, transportation, warehousing, facility management, and materials handling.

LIMITED ACCESS - THIS CONCENTRATION HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

Admission to the Muma College of Business is based upon availability of faculty and space within each discipline. The Muma College of Business is an upper-level, limited access college, which means that it has admission requirements in addition to those of the University in general. Students interested in pursuing a degree in the areas offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

Students must satisfy the following criteria:
- Minimum of 60 semester hours of college credit earned.
- Minimum of a cumulative grade point average of 2.5 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal. NOTE: Beginning Fall 2013 the Muma College of Business will establish each fall a new minimum overall GPA required to satisfy the limited access GPA admission requirement. The minimum overall GPA will range between a 2.5 with a maximum required GPA of a 2.75. Students will be notified each fall as to the minimum entrance GPA required for the following fall semester. Notification will occur through Canvas and updated at the following link:
In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

A minimum score of 550 on paper and pencil or 213 on computerized TOEFL is required, when applicable.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in Business Administration may earn a major in Management only.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

* ACG X021/ACG X022 Financial Accounting (or ACG X001 & ACG X011)
* ACG X071 Managerial Accounting (or X301)
* CGS X100 Computers in Business (or acceptable substitute, i.e., CGS X100C, CGS X530, CGS X570, CGS X531, CGS X000, MAN X812)
* ECO X013 Principles of Macroeconomics
* ECO X023 Principles of Microeconomics
* MAC X233 Elementary Calculus or MAC 2230
* STA X023 Introductory Statistics or QMB X100 or STA X122 (although STA X023 and QMB X100 are preferred).

*Accounting majors must earn a C not C- in ACG 2021 & ACG 2071

REQUIREMENTS FOR THE CONCENTRATION IN SUPPLY CHAIN MANAGEMENT TOTAL CONCENTRATION HOURS: 21

Major Core - 9 Hours

Required Marketing Courses (9 credit hours):
- MAR 3613 Marketing Research
- MAR 3823 Marketing Management
- MAR 4824 Marketing Management Problems

Concentration Core (12 hours)

Required Supply Chain Management Concentration Courses (12 credit hours):
- MAR 3202 Supply Chain Management
- MAR 4156 International Marketing
- MAR 4213 Logistics and Physical Distribution Management
- MAR 4940 Marketing Internship/Practicum

GPA Requirements

A 2.0 GPA in all major course work at USF and an overall 2.0 GPA including transfer work.

Grading Requirement

A grade of "C" or higher (not C-) is required in MAR 3023 Basic Marketing. A minimum grade of C- is required for all Marketing coursework.
Residency Requirement
At least 15 hours of upper-level Marketing core courses must be taken in residence at USF Tampa.

Advising Information
Location: C.H. Ferguson Hall (Business Administration Building) (BSN) 2102. (813) 974-4290 or schedule an advising appointment on-line: http://www.usf.edu/business/undergraduate/advising/.
Office Hours: 8am-6pm Monday-Thursday and 8am-4pm on Friday. Please refer to website for most current office hours information.

SPORT AND ENTERTAINMENT MANAGEMENT (SEMC)
The Sport and Entertainment Management concentration in Marketing emphasizes business fundamentals of sports with specialized coursework tailored to sport marketing.

**B.S. - PERSONAL FINANCE (PSF) (CIP = 52.0801)**
TOTAL DEGREE HOURS: 120
http://www.usf.edu/business/undergraduate/financial-planning/
The B.S. in Personal Financial Planning offers a curriculum that concentrates on the analysis of personal financial data and the economic climate to prepare recommendations in the client’s best interest. The program examines professional issues in financial planning, including ethical considerations; regulation and certification requirements; written and oral communication skills; and professional responsibility. An emphasis is placed on analysis of data and critical thinking with regard to the client’s circumstances.

The emphasis in this program is on applying and synthesizing financial planning concepts and techniques to a client's circumstances and developing a course of action based on accepted financial planning methods:
1. To acquire the knowledge, empathy and understanding of a financial planning client,
2. To sharpen your ability to spot and evaluate financial planning issues in a client’s circumstances,
3. To think creatively and to solve problems in highly unstructured situations,
4. To effectively develop and integrate issues in a holistic financial plan, rather than focusing on individual planning aspects,
5. To enjoy the advantages of peer group review and feedback during the planning phases.

REQUIREMENTS FOR THE MAJOR IN PERSONAL FINANCE

TOTAL MAJOR HOURS: 21

Major requirements for the B.S. Degree:

Major Core (21 hours)

FIN 3144 Financial Planning Fundamentals
FIN 4128 Personal Financial Planning Process and Development
FIN 4132 Estate Planning  
FIN 4504 Principles of Investments  
RMI 3011 Principles of Insurance  
RMI 4135 Retirement Planning  
TAX 4001 Concepts of Federal Income Taxation (PR: ACG 3103, ACG 3341)

GPA Requirements  
A grade point average of 2.0 or higher must be achieved in all major coursework at USF and an overall 2.0 GPA including transfer work.

Course Grade Requirement  
Students are required to earn a C- or higher in all finance courses that are counted toward the major requirements.

Residency Requirement  
At least 15 hours must be taken in residence at USF Tampa.

Research Opportunities  
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Internship Opportunities  
It is recommended that Finance students participate in an internship course (FIN 4940) as part of their plan of study. This course is offered on an S/U basis only.

Advising Information  
Advising Services:
- Orientation for freshmen and transfer students.
- Academic advising and program information for pre-business students who have applied to the Muma College of Business and declared business as their intended major.
- Students who meet all Muma College of Business admission requirements.
- Evaluation of undergraduate transcripts for all declared and admitted business transfer students.
- Maintenance of academic advising records.
- Certification of graduation.

Location: C.H. Ferguson Hall (Business Administration Building) (BSN) 2102. (813) 974-4290 or schedule an advising appointment on-line: [http://www.usf.edu/business/undergraduate/advising/](http://www.usf.edu/business/undergraduate/advising/).

Office Hours: 8am-6pm Monday-Thursday and 8am-4pm on Friday. Please refer to website for most current office hours information.

PERSONAL FINANCE FACULTY  

MINOR IN ACCOUNTING (FOR BUSINESS MAJORS ONLY) (ACC)  
TOTAL MINOR HOURS: 12  

The Accounting minor is available to all Undergraduate Muma College of Business students, except those majoring in Accounting. All required 12 credit hours must be taken in residence at USF Tampa. A grade of C (not C-) or better must be earned in each of the four upper-level Accounting courses taken. A GPA of 2.0 or higher must be achieved in all minor coursework. All attempts will be included in the GPA unless grade forgiveness has been used. Only one grade forgiveness may be used in the minor.
**REQUIREMENTS FOR THE MINOR IN ACCOUNTING (FOR BUSINESS MAJORS ONLY)**

**Minor Core (12 hours)**
- ACG 3103 Intermediate Financial Accounting I*
- ACG 3341 Cost Accounting and Control I*
- ACG 3401 Accounting Information Systems*
- TAX 4001 Concepts of Federal Income Taxation*
*Students must take ACG 3103 during the first semester and at least one of the other three courses listed above during the same semester.

**GPA Requirements**
A GPA of 2.0 or higher must be achieved in all minor coursework. All attempts will be included in the GPA unless grade forgiveness has been used. Only one grade forgiveness may be used in the minor.

**Grading Requirement**
A grade of C (not C-) or better must be earned in each of the four upper-level Accounting courses taken.

**Residency Requirement**
All 12 credit hours must be taken in residence at USF Tampa.

**Other Requirements**
The Lynn Pippenger School of Accountancy has additional admission requirements beyond the entry requirements to the Muma College of Business.

1. Successful completion of ACG 3103 Intermediate Financial Accounting I and ACG 3341 Cost Accounting and Control I or ACG 3401 Accounting Information Systems or TAX 4001 with a minimum grade of C, not C- and no more than two attempts cumulatively between ACG 3103 and the selected corequisite course. “W” grades count as an attempt.

The prerequisites for ACG 3103 and all accounting minor coursework require students to earn a grade of C, not C- in both ACG 2021 and ACG 2071. Students who fail to obtain a minimum grade of C (not C-) in ACG 3103 and ACG corequisite within two cumulative attempts will be withdrawn from the minor, as appropriate. “W” grades count as an attempt.

Accounting courses must be no older than five (5) years to count for degree credit.
A student may petition the Director for an exception to the policy and the Director may grant or deny such a petition, at his/her discretion.

**MINOR IN BUSINESS ANALYTICS AND INFORMATION SYSTEMS (FOR BUSINESS MAJORS ONLY) (BAIS)**

**TOTAL MINOR HOURS: 12**

http://www.usf.edu/business/undergraduate/bais/minor.aspx

Residency Requirement
At least nine (9) hours of the required 12 credit hours must be taken in residence at USF Tampa.

CERTIFICATE IN BUSINESS ANALYTICS AND INFORMATION SYSTEMS
TOTAL CERTIFICATE HOURS: 15

http://www.usf.edu/business/undergraduate/bais/certificate.aspx

This certificate is designed exclusively for non-business majors. This program provides the information systems and business analytics knowledge - without having to pursue a business minor - that will help students in these and other disciplines land a job where they can apply their skills in a corporate systems or analytics setting.

There are no pre-requisites to begin the certificate and the sections set aside for this program are created with the non-business major in mind. While there is no specific point of entry for the program, there is a preferred sequence of coursework, starting with the Information Systems in Organizations class and ending with a specialized Business Intelligence course. All courses are available online.

REQUIREMENTS FOR THE CERTIFICATE IN BUSINESS ANALYTICS AND INFORMATION SYSTEMS

Certificate Core (15 hours)
- ISM 3011 Information Systems in Organizations
- ISM 3113 Systems Analysis and Design (PR: ISM 3011; Co-PR: ISM 3232)
- ISM 3232 Business Application Development (PR: ISM 3011)
- ISM 4212 Database Design and Administration (PR: ISM 3113)
- ISM 4930 Selected Topics in MIS: Excel and SQL for Business Analytics (PR: ISM 3011)

GPA Requirement
A grade point average of 2.00 or better must be achieved in the certificate coursework at USF and in all certificate courses completed at other institutions.

Residency Requirement
At least 12 hours of the required 15 credit hours must be taken in residence at USF Tampa.

CERTIFICATE IN SALES
TOTAL CERTIFICATE HOURS: 12
http://www.usf.edu/business/undergraduate/certificates.aspx

The Sales certificate provides sales skills to students in departments across USF (e.g., Engineering, Health, Arts) that recognize the need for their students to learn the fundamentals of sales. The Sales certificate equips students with basic skills necessary for a career that involves professional selling.

REQUIREMENTS FOR THE CERTIFICATE IN SALES

Certificate Core (12 hours)
- MAR 3023 Basic Marketing
- MAR 3400 Professional Selling
- MAR 4333 Promotion Management
- MAR 4403 Sales Management

GPA Requirement
A minimum grade of C (not C-) is required in each course applied to the certificate.

Residency Requirement
At least 12 hours of the required 12 credit hours must be taken in residence at USF Tampa.

Other Requirements
The Sales certificate is open to non-Business majors and non-degree seeking students.

CERTIFICATE IN UNDERGRADUATE BUSINESS
TOTAL CERTIFICATE HOURS: 15
http://www.usf.edu/business/undergraduate/general/certificate.aspx

This certificate is designed to provide non-business undergraduate students with a basic understanding of the business environment, providing them with a competitive advantage when seeking employment upon graduation.

REQUIREMENTS FOR THE CERTIFICATE IN UNDERGRADUATE BUSINESS

Certificate Core (15 hours)
- ACG 3074 Managerial Accounting for Non-Business Majors
- CGS 2100 Computers in Business
- FIN 3005 Fundamentals of Business Finance
- MAN 3025 Principles of Management
- MAR 3023 Basic Marketing

GPA Requirement
A grade point average of 2.0 or better must be achieved in the certificate coursework at USF and in all certificate courses completed at other institutions.

Course Grade Requirement
A minimum grade of C, not C-, must be achieved in the certificate coursework at USF and in all certificate courses completed at other institutions.

Residency Requirement
At least 12 hours of the required 15 credit hours must be taken in residence at USF Tampa.

About the College
The College of Education envisions itself as a leader in regional, national, and international education. Leadership in education encompasses:

- Collaboration that serves communities, institutions, and individuals
- Academic excellence
- Research, scholarship, and inquiry that renews the educational process
- Ethical practice

The mission of the College of Education is to offer challenging learning opportunities in a supportive and diverse environment, create and support research, scholarship, and inquiry in education, prepare the next generation of educators, scholars, and leaders for PK-12 and the professoriate through exemplary undergraduate and graduate degree programs, serve the community to offer programs that prepare professionals who work competently, collaboratively, and ethically to improve educational outcomes for all.

Accreditation
The College of Education is accredited by the National Council for Accreditation of Teacher Education (NCATE).

All educator preparation programs must meet the requirements of Chapter 6A-5.066 Rules of the State Board of Education of Florida, and have "Approved Program" status. The College of Education is committed to a continuous and systematic examination of the professional program of educator preparation. Each subdivision of the college maintains professional standards by participating in nationally-certified program reviews and also through ongoing departmental appraisals of learning outcomes.

Educator preparation programs are aligned with the Florida Educator Accomplished Practices and each program has an assessment system in place to monitor student progress toward these standards. Programs that do not lead to teacher certification are aligned with their respective professional standards and have assessment systems in place to monitor student progress toward those standards. Students in educator preparation programs leading to teacher certification are required to complete critical tasks/assignments in several of their professional preparation courses. Educator preparation programs require students to submit these critical tasks/assignments in an electronic portfolio. Therefore, a yearly access code to the electronic portfolio must be purchased by the student. In courses that have critical tasks, students must achieve a satisfactory score in order to pass the course.

Admission Requirements
Educator Preparation Program Admission

Students who wish to teach in a particular subject area or field should begin preliminary coursework during their first year in college. Students are eligible for admission to the College of Education when they have satisfied all admission requirements and have applied for admission through Student Academic Services (EDU 106). Admission requirements include the University’s Foundations of Knowledge and Learning Core Curriculum, state-mandated common prerequisites, the appropriate GPA, and passing all portions of the General Knowledge Test.

Admission to an educator preparation program is contingent upon meeting the following Department of Education's Teacher Educator Certification requirements:

1. Completion of a College of Education application form
2. Completion of 36 credit hours of General Education Core and Foundations of Knowledge and Learning Core Curriculum requirements. (See the "Academic Policies and Procedures - Foundations of Knowledge and Learning Core Curriculum Requirements" section of the catalog.) General education courses will be determined by the community college or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog.
3. Completion of the General Knowledge Test with passing scores (No exemptions or waivers are acceptable). In some cases, students may be admitted for one term while working toward the successful completion of all sections of the General Knowledge Test (GKT) during the first semester of admission. Failure to complete successfully all sections of the GKT during the first semester of admission may result in revocation of admission into the College of Education.
4. Although no longer required for admission to the College of Education, students are still encouraged to take the ACT or SAT. Many existing scholarships still require these scores.
5. Completion of State Mandated Common Prerequisites. All undergraduate teacher preparation programs require the following prerequisite course:
   - EDF X005 Introduction to the Teaching Profession
     - NOTE: There may be other required state mandated common prerequisites depending upon the particular program.
   - It is recommended students speak with their advisor about taking the following courses:
     - EDF X085 Teaching Diversity for Educators
     - EME X040 Introduction to Technology for Educators
6. A minimum of six (6) semester hours with an international or diversity focus is required. Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. In addition to the courses listed below under USF International/Diversity Courses, FKLS that satisfy the area of Human and Cultural Diversity in a Global Context are applicable. Foreign language courses may be used to meet this requirement.

7. Completion of Foundations of Knowledge and Learning Core Curriculum requirements: Foundations of Knowledge and Learning Core Curriculum courses will be determined by the Florida College System institution or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution’s existing catalog or in the Counseling Manual.

**Exercise Science Admission**

The Exercise Science major is a full-time, limited access program. Therefore, enrollment is limited to top ranking students each fall semester. Selection of students is based on the following criteria:

1. Must apply to the program by the published deadline. See [http://www.coedu.usf.edu/main/sas/AdmissionRequirements.html](http://www.coedu.usf.edu/main/sas/AdmissionRequirements.html)
2. A minimum overall GPA of 2.50
3. Completion of all statewide common course prerequisites with a C- or higher by the deadline for applying to the program
4. Students with the top 30 composite GPAs will be selected for admission into the program. A composite GPA score will be calculated for each student by adding 30 percent of the overall GPA and 70 percent of the common statewide prerequisite GPA.

**Important:** Some programs accept a limited number of students. Additionally, certain programs admit students only in a specified semester. Information regarding admission requirements for programs may be obtained from Student Academic Services (EDU 106).

**College-Level Requirements**

**Professional Disposition Standards**

All educator preparation programs leading to teacher certification require professional dispositions set forth by the professions Code of Ethics for educators. Students are expected to be familiar with and uphold the standards outlined in the Professional Disposition Statement of the college. This statement of expectations can be found at the following site: [http://www.usf.edu/education/admissions/ethics-conduct.aspx](http://www.usf.edu/education/admissions/ethics-conduct.aspx)

**Field Experience, Practicums, Final internship:**

Students in an educator preparation program will need to complete field experience beginning in EDF X005 and EDF X085. These are prerequisite courses required for admission to the College of Education for all educator preparation programs. Once admitted, the number of filed experiences will differ depending upon the program. These field-based courses may be called practicums, methods, or internships. All educator preparation programs culminate with a full-time final internship.

Students in Exercise Science will also be required to complete an internship experience, which will allow them to apply their skills and knowledge in the field. For more information on the internship in Exercise Science, review the section of the catalog related to the Exercise Science program or speak with the program coordinator.
Social Security Number

Students will need a social security number before enrolling in the first day of classes for field experience courses. For International students, please speak with International Student Services regarding options for obtaining a social security number. Obtaining a social security number is ultimately the student’s responsibility.

Background Checks and Fingerprinting

All students seeking admission to teacher preparation programs will be required to undergo a background check and fingerprinting. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

Insurance

Students are strongly encouraged to purchase liability insurance before entering any course with field experience. Student Academic Services can provide resources to students regarding coverage options.

Grading Requirements

Grade Minimums Each Term

Students admitted to undergraduate programs in the College of Education are required to earn a C- or higher in all upper-level major coursework. In addition, they must maintain an overall GPA of 2.5 to continue to the next term. Students in educator preparation programs must also earn a minimum 2.5 in their Professional Core and Specialization coursework to continue to the next term.

Grades in Final Internship

Grades in final internship are determined by the university supervisor in collaboration with the collaborating teacher. Grades in final internship are linked to passing all necessary portions of the Florida Teacher Certification Exam. Students who do not submit official passing scores for all necessary portions of the Florida Teacher Certification Exam (including Professional Educator and Subject Area portions of the test) to Student Academic Services by the published deadline will risk earning an incomplete in their final internship. Students with an incomplete or failing grade in final internship will not be permitted to graduate.

Following are the undergraduate academic programs offered by the College of Education:

Bachelor of Arts (B.A.) or Bachelor of Science (B.S.) Option

- Exceptional Child Education with ESOL & Reading Endorsement (BEX)
- Mathematics Education (BMA)
  - Middle School Mathematics (BMM)
- Physical Education (PET)
  - Exercise Science (BPW)
- Bachelor of Science (B.S.)
  - Early Childhood Education: Pre-K/Primary (BEC)
  - Elementary Education (BEE)

Science Education (SCE)
- Biology Education (BSB)
- Chemistry Education (BSC)
- Middle School Science Education (BDS)
  - (suspended Fall 2017)
- Physics Education (BSY)

English Education with ESOL Endorsement (BEN)
- Social Science Education (BSS)

Minors

- Educational Foundations and Research (EFR)
- Foreign Language Education (FLE)
- Science of Physical Activity (SPED)

Undergraduate Advising Information

Student Academic Services (SAS) offers developmentally appropriate academic and student services to undergraduates and Master of Arts in Teaching students related to recruitment, retention, progression, graduation, and application for teacher certification. SAS is committed to serving the mission of the College of Education and identifies student success as its guiding value.

Students interested in education are encouraged to make an appointment with an academic advisor in Student Academic Services to learn more about how their skills, abilities, and interests connect with programs in the College of Education.
While students are ultimately responsible for knowing and fulfilling all university, college, and degree program requirements for graduation, the advisors in SAS are able to facilitate a student's understanding of academic policy and procedure. Appointments can be made using our online appointment scheduler at http://www.usf.edu/education/admissions/index.aspx. For additional contact information, please call the SAS office at (813) 974-2979 or visit the web site at http://www.coedu.usf.edu/sas/.

Advising Office
Student Academic Services is located on the Tampa campus of USF in EDU 106. The office serves undergraduate and Master of Arts in Teaching students in the College of Education. The office is open from 8:00 AM to 5:00 PM weekdays and closed on University holidays. During peak registration times, we may offer walk-in advising. Check the website at http://www.coedu.usf.edu/sas/ for up to date information on our hours of operation and walk in availability.

Phone: (813) 974-2979
Fax: (813) 974-3391

Other Information
Joint Programs with the College of Arts and Sciences
The College of Education offers several programs in Secondary Education that are joint programs. This means we employ a collaborative approach to teacher preparation by The College of Education offering the core professional courses for secondary programs while the College of Arts and Sciences offers the content courses needed for the area of specialization.

The College of Education collaborates with the College of The Arts to offer an undergraduate degree in Music Education. See College of The Arts for more information.

Time Limits for Coursework applied toward Graduation
The College of Education may accept professional education and specialization coursework completed at this university or at other accredited institutions as follows:

1. Courses completed within the last five years may be accepted toward graduation.
2. Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
3. Courses completed ten years ago or longer will count as elective credit only toward graduation.
Students seeking admission into the College of Education who have already taken courses in education should speak with an academic advisor in Student Academic Services to learn more about how they might apply to their degree.

ESOL Endorsed Programs
The College of Education offers a full ESOL Endorsement for all Foreign Language Education major graduates. The special requirements for ESOL endorsement through infusion are as follows:

1. Successful completion of FLE 4317 and FLE 4316 with a minimum grade of 70 percent or better on part one and part two of the ESOL Comprehensive Exam administered in the two ESOL courses;
2. Successful completion of a 20-hour early ESOL field experience in FLE 4317;
3. Successful completion of a late ESOL field experience where students plan, implement, and evaluate lessons for one or more ESOL students over 10 days; and
4. Successful completion of an ESOL binder, containing all ESOL-related assignments taken in the College of Education and an ESOL performance Standards Checklist that documents the completion of the necessary number of standards. FLE students must also take TSL 4081 ESOL 2, Literacy Development in English Language Learners which is not part of the ESOL requirement for the FLE program, but does meet the reading requirement.

Out-of-state certification
Students who complete a state approved teacher preparation/leader program in the College of Education will be considered eligible for Florida certification in the area corresponding to their degree program. Each state maintains its own requirements toward teacher/leader certification. Students with questions concerning out-of-state certification are advised to contact the certifying entity within the state where they will be employed.

Department of Psychological and Social Foundations of Education
The Department of Psychological and Social Foundations of Education does not offer a specific undergraduate major or degree program, but provides courses for all students majoring in the wide array of undergraduate programs available in the College of Education. These courses contribute to the students’ understanding of the general education enterprises and are considered foundational to later professional specialization. Consequently, these courses should be taken early in the professional program, typically in the junior year. In addition, the department offers an undergraduate minor in Educational Foundations and Research.

Prerequisite Pre-Education courses (3 credit hours):
EDF 2005 Introduction to the Teaching Profession

Professional Education Core (34-39 credit hours):
EDF 3122 Learning and the Developing Child
EDF 3214 Human Development and Learning
EDF 3514 History of Education in the United States
EDF 3604 Schools and Society
EDF 4111 Child Growth and Learning
EDF 4131 Learning and the Developing Adolescent

In addition, the department offers:
EDF 2040 Introduction to Technology for Educators
EDF 2085 Education, Diversity, and Global Society
EDF 3228 Human Behavior and Environmental Selection
EDF 4905 Independent Study: Educational Foundations
EDF 4909 Directed Study: Educational Foundations
EDF 5607 Trends in Education Politics

The Counselor Education program offers undergraduate courses focusing on human services skill development, decision-making and personal growth. Course content contributes to student success in academic and personal endeavors and may serve to orient students to post-graduate work in human services fields.

MHS 4052 Human Relations Skills in Counseling
MHS 4905 Independent Study: Guidance and Counseling Education
SDS 4040 Introduction to Student Personnel Work in Higher Education

Department of Educational Measurement and Research
The Department of Educational Measurement and Research offers EDF 4430, Measurement for Teachers, that provides students with the measurement and evaluation skills and dispositions they need to be effective classroom teachers. Students use curriculum-based, learner-based, context-based, and professionally-based standards to develop and use objective, product, and live performance tests; attitude observation and self-report assessments; they analyze and evaluate learner progress, their tests, and their instruction; and they communicate learner progress using
portfolios, grades, and standardized test profiles. The course is delivered using web-based distance and web-enhanced laboratory formats.

- **B.S. - EARLY CHILDHOOD EDUCATION: PRE KINDERGARTEN/PRIMARY (BEC) (CIP = 13.1210 - TRACK 1 OF 3)**

  **TOTAL DEGREE HOURS: 120**

  Early Childhood Education is a field of study that includes the teaching and learning of young children. This includes the preparation of prospective teachers through both coursework and extensive field experiences in various early childhood settings to enable them to integrate theory with teaching practices. Successful completion of this state-approved program will make the prospective teachers eligible for the Florida Early Childhood Teaching Certification Pre-Kindergarten/Primary (age 3 – grade 3). The objective of the program is to provide prospective teachers with the necessary knowledge, skills, and dispositions required to teach Pre-K through 3rd grade students, with a particular focus on understanding developmentally appropriate practice; providing inclusive, differentiated, and culturally responsive instruction; utilizing technology to enhance student learning; and demonstrating on-going professional development.

**STATE MANDATED COMMON COURSE PREREQUISITES**

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to the Teaching Profession
- A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the Florida College System institution or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

**REQUIREMENTS FOR THE MAJOR IN EARLY CHILDHOOD EDUCATION: PRE KINDERGARTEN/PRIMARY**

**TOTAL MAJOR HOURS: 72**

**Major requirements for the B.S. Degree:**

**Major Core (72 hours)**

**Professional Education Core (30 credit hours):**

- EDF 4124 Child Growth and Learning
- EEC 4941 Field Experience I
- EEC 4942 Field Experience II
- EEC 4943 Field Experience III
- EEC 4940 Internship: Early Childhood
- EEC 4936 Senior Seminar in Early Childhood Education (Capstone)
- TSL 4080 ESOL I - Curriculum and Pedagogy of ESOL
- TSL 4251 ESOL 3 - Applying Linguistics to ESOL Teaching and Testing

**Specialization (42 credit hours):**

- EEC 4008 Teaching Literature and Writing in Early Childhood
- EEC 4203 Programs for Young Children
- EEC 4613 Assessment and Evaluation of Young Children
- EEC 4211 Science for Young Children
- EEC 4212 Integrated Curriculum: Social Sciences/Humanities & Art
- EEC 4303 Creative and Affective Experiences for Young Children
- EEC 4307 Cognitive Experiences for Young Children
- EEC 4321 Mathematics for Young Children
- EEC 4408 Child, Family & Teacher Relations
- EEC 4604 Classroom Management and Guidance of Young Children
## Eight Semester Plan

The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

**Semester Hours:** 12

### Admission Requirements

Students seeking admission to this program must meet the following Department of Education's Teacher Educator Certification requirements:

1. Earn a 2.5 overall GPA;
2. Complete all general education and state mandated common prerequisite courses with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at [http://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.asp](http://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.asp);
4. Submit an application to Student Academic Services, EDU 106, 813-974-2979.

Applications can be found at [http://www.usf.edu/education/advising/undergraduate/coedu-applications.aspx](http://www.usf.edu/education/advising/undergraduate/coedu-applications.aspx).

### Requirements after Admission into the Elementary and Early Childhood Programs:

1. Maintain at least a 2.50 GPA in professional education and specialization coursework. If a student falls below 2.50 GPA he/she may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.
2. Receive a grade of C- or higher in all required courses to progress to the following semester or he/she may be dismissed and/or required to meet with departmental Professional Standards Committee.
3. Pay for costs in addition to tuition, fees, and books such as:
   - Chalk and Wire access codes that are purchased at the bookstore
   - Transportation to and from school sites required in courses and internships
   - Criminal background checks and fingerprinting for internships
   - Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

### Early Childhood with ESOL Endorsement

Students may complete a state-approved program to be eligible for licensure in Early Childhood Education Pre-Kindergarten/Primary (age 3 - Grade 3). The current program of studies includes both coursework and extensive field experiences in early childhood settings to enable students to integrate theory with teaching practice. Graduation is dependent upon successful completion of the required courses, associated internships, and critical tasks demonstrating
the Florida Educator Accomplished Practices. Early Childhood majors will be eligible for certification in Pre-
Kindergarten/Primary (age 3 - Grade 3). Students must pass all Chalk and Wire assignments and upload every
assignment to their Chalk and Wire account in order to graduate from the program.

The College of Education offers a full ESOL Endorsement for all Early Childhood Education major graduates. The
special requirements for ESOL endorsement through infusion are as follows:
1. Successful completion of TSL 4080 and TSL 4251, with a minimum grade of 70 percent or better on all sections
of the ESOL Comprehensive Exam administered in the two ESOL courses;
2. Successful completion of a 20-hour early ESOL field experience in TSL 4080;
3. Successful completion of a late ESOL field experience where students plan, implement, and evaluate lessons
for one or more ESOL students over 10 days; and
4. Successful completion of all Chalk and Wire assignments as required, including from the two ESOL courses
and the ESOL-infused classes.

GPA Requirements
Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major
including Core and Specialization courses.

Course Grade Requirement
Students must earn a C- or higher in all upper-level courses in the major.

Foundations of Knowledge and Learning (FKL) Requirement
Foundations of Knowledge and Learning Core Curriculum (General Education) courses will be determined by the
Florida College System institution or university where the student currently is earning the Associate in Arts or
baccalaureate degree and will be published in the institution’s existing catalog or in the Florida College System
institution Counseling Manual. (See the "Academic Policies and Procedures - Foundations of Knowledge and Learning
Core Curriculum Requirements" section of the catalog.)

Foundations of Knowledge and Learning (FKL) Exit Requirement
- EEC 4936 Senior Seminar in Early Childhood Education (Capstone)
- EEC 4008 Teaching Literature and Writing in Early Childhood (Writing Intensive)

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number
of options to receive academic credit for a mentored research experience and to have the experience show on the
official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic
advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may
be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree
credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate
Research will assist students in understanding the various course options.

Internship Opportunities
All students will enroll in multiple clinical experiences throughout the program which will provide them with the
opportunity to engage in the practice of teaching.

Advising Information
Students are encouraged to seek advising in Student Academic Services, EDU 106, 813-974-2979. To schedule an
appointment visit us at http://www.usf.edu/education/advising/undergraduate/.

EARLY CHILDHOOD EDUCATION: PRE KINDERGARTEN/PRIMARY FACULTY
Interim Chairperson: D. Thompson; Professors: I. Berson, Associate Professors: J. Blank, S. Han; Affiliate Faculty:
V. Damjanovic.

- B.S. - ELEMENTARY EDUCATION (BEE) (CIP = 13.1202)
  TOTAL DEGREE HOURS: 120
  http://www.coedu.usf.edu/main/departments/ce/elementary_education/bachelors.php
  This program is designed for students who wish to pursue a career as an elementary classroom teacher. The
  program of study includes both coursework and extensive field experience in elementary school settings to enable
  the students to integrate theory with teaching practice.
STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

EDF 2005 Introduction to the Teaching Profession (3)

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the Florida College System institution or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

REQUIREMENTS FOR THE MAJOR IN ELEMENTARY EDUCATION

TOTAL MAJOR HOURS: 75

Major requirements for the B.S. Degree:
Major Core (75 hours)
Professional Education (45 credit hours):
EDP 3273 Learning and Development within a School Context
EDF 4430 Measurement for Teachers
EEX 4070 Integrating Exceptional Students in the Regular Classroom
TSL 4080 ESOL 1 - Curriculum and Pedagogy of ESOL
TSL 4081 ESOL 2 - Literacy Development in English Language Learners
TSL 4251 ESOL 3 - Applying Linguistics to ESOL Teaching and Testing
EDF 4941 Childhood Education Internship Level I
EDF 4942 Childhood Education Internship Level II
EDF 4943 Alternative Setting Field Experience
EDF 4944 Childhood Education Internship Level III
EDF 4940 Internship: Elementary Education
EDF 4802 The Teacher as Researcher

Specialization (30 credit hours):
EDF 4301 Instructional Planning for Diverse Learners
EDF 4504 Creating and Differentiating Learning Environments
LAE 4311 Teaching Print and Multimodal Texts in Elementary Education
LAE 4424 Teaching Children’s Literature
MAE 4310 Teaching Elementary School (K-6) Mathematics I
MAE 4326 Teaching Elementary School (K-6) Mathematics II
RED 4312 Emergent Literacy Strategies and Assessment
RED 4724 Intermediate Literacy Strategies and Assessment I
SCE 4310 Teaching Elementary School Science
SSE 4313 Teaching Elementary (K-6) Social Studies

Zero-Credit Hour Undergraduate Research Experience:
IDS 2912 Undergraduate Research Experience
IDS 4914 Advanced Undergraduate Research Experience

Eight Semester Plan

The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!*" and are included in the plan for a student to stay on track.

Semester Hours: 15

Admission Requirements

Students seeking admission to this program must meet the following Department of Education's Teacher Educator Certification requirements:

1. Earn a 2.5 overall GPA;
2. Complete all general education and state mandated common prerequisite courses with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at http://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx;
4. Submit an application to Student Academic Services, EDU 106, 813-974-2979.

Applications can be found at http://www.usf.edu/education/advising/undergraduate/coedu-applications.aspx.

Requirements after Admission into the Elementary and Early Childhood Programs:

1. Maintain at least a 2.50 GPA in professional education and specialization coursework. If a student falls below 2.50 GPA he/she may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.
2. Receive a grade of C- or higher in all required courses to progress to the following semester or he/she may be dismissed and/or required to meet with departmental Professional Standards Committee.
3. Pay for costs in addition to tuition, fees, and books such as:
   - Chalk and Wire access codes that are purchased at the bookstore
   - Transportation to and from school sites required in courses and internships
   - Criminal background checks and fingerprinting for internships
   - Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

Elementary Education with ESOL Endorsement

Students may complete a state-approved program to be eligible for certification in Elementary Education (Grades K-6). Degree and certification requirements are subject to change in accordance with state mandates. The current program of studies includes both coursework and extensive field experience in elementary school settings to enable students to integrate theory with teaching practice. All elementary education students are required to demonstrate the Accomplished Practices (APs) through core assignments in courses and internships that are submitted to the Chalk and Wire electronic portfolio system. Students must pass all Chalk and Wire assignments and upload every assignment to their Chalk and Wire account in order to graduate from the program.

The College of Education offers a full ESOL Endorsement for all Elementary Education major graduates. The special requirements for ESOL endorsement through infusion are as follows:

1. Successful completion of TSL 4080, TSL 4081 and TSL 4251, with a minimum grade of 70 percent or better on all three sections of the ESOL Comprehensive Exam administered in the three ESOL courses;
2. Successful completion of a 20-hour early ESOL field experience in TSL 4080;

368
3. Successful completion of a late ESOL field experience where students plan, implement, and evaluate lessons for one or more ESOL students over 10 days; and
4. Successful completion of all Chalk and Wire assignments as required, including from the three ESOL courses and the ESOL-infused classes.

GPA Requirements
Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major including Core and Specialization courses.

Course Grade Requirement
Students must earn a C- or higher in all upper-level courses in the major.

Foundations of Knowledge and Learning (FKL) Requirement
Foundations of Knowledge and Learning Core Curriculum (General Education) courses will be determined by the Florida College System institution or university where the student currently is earning the Associate in Arts or baccalaureate degree and will be published in the institution’s existing catalog or in the Florida College System institution Counseling Manual. (See the “Academic Policies and Procedures - Foundations of Knowledge and Learning Core Curriculum Requirements” section of the catalog.)
Students are advised that the Elementary Education specialization will require an enrollment of more than the traditional four semesters of the junior and senior years in order to complete the program specialization courses and the required sequence of internship.
The order in which these courses are to be taken is designated in the program of study.

Foundations of Knowledge and Learning (FKL) Exit Requirement
• EDE 4940 Internship: Elementary Education (Capstone)
• EDE 4802 Teacher Research for Student Learning (Writing Intensive)

Research Opportunities
Preservice teachers engage in practitioner research or systematic study of their practice, each semester in the elementary education program. In spring of the junior year they are enrolled in IDS 2912 Undergraduate Research Experience and in spring of their senior year they are enrolled in IDS 4914 Advanced Undergraduate Research Experience.

Internship Opportunities
All students will enroll in multiple clinical experiences throughout the program which will provide them with the opportunity to engage in the practice of teaching.

Advising Information
Students are encouraged to seek advising in Student Academic Services, EDU 106, 813-974-2979. To schedule an appointment visit us at http://www.usf.edu/education/advising/undergraduate/.

ELEMENTARY EDUCATION FACULTY
Interim Chairperson: D. Thompson; Assistant Professors: R. Burns, J. Jacobs, S. van Ingen; Instructors: A. Hooser, M. Krause, R. Latzke, K. Tricarico.

• B.S. - ENGLISH EDUCATION WITH ESOL ENDORSEMENT (BEN)
  (CIP = 13.1305)
  TOTAL DEGREE HOURS: 120

http://www.coedu.usf.edu/main/departments/seced/English/Englishhome.html
The English Education Program is designed to prepare students to develop content knowledge related to structures and functions of language, diverse literatures (including print and non-print texts and multimedia), adolescent literacy and writing theories and processes. This program is a joint program between the College of Education and the College of Arts and Sciences. Students will learn pedagogical content knowledge, including how to select English Language Arts curriculum, how to implement instructional practices like discussion and peer review, how to assess student compositions and how to reflect on their pedagogical practices.
STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

EDF X005 Introduction to the Teaching Profession (3)
**SPC X608/SPC X017 Public Speaking (3)
*ENG X101*** (3)
**ENG X102*** (3)
**Any Literature Course that has a prefix of AML or ENL or LIT (3)

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the Florida College System institution or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

**Course may apply to Foundations of Knowledge and Learning (FKL) Core Curriculum coursework.
***ENC X101 and ENC X102 or equivalent composition.

**Admission Requirements**

Students seeking admission to this program must meet the following Department of Education's Teacher Educator Certification requirements:

1. Earn a 2.5 overall GPA;
2. Complete all general education and state mandated common prerequisite courses with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at [http://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx](http://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx);
4. Submit an application to Student Academic Services, EDU 106, 813-974-2979.

Applications can be found at [http://www.usf.edu/education/advising/undergraduate/coedu-applications.aspx](http://www.usf.edu/education/advising/undergraduate/coedu-applications.aspx).

**Recommended Courses:**

- Literature Course (3 hours) - select from LIT, AML, ENL (LIT 2000 or ENL 3334 recommended)
- English Electives (9 hours) - to include advanced composition and mediacy (CRW 2100 or CRW X111 and MMC 2100 or ENC X310 and LIT X301 recommended)

In addition to the courses listed, students must complete "Preliminary Requirements for Students entering Teacher Education Programs."

The College of Education offers a full ESOL Endorsement for all English Education major graduates. The special requirements for ESOL endorsement through infusion are as follows:

Successful completion of:

- FLE 4317 and FLE 4316 with a minimum grade of 70 percent or better on part one and part two of the ESOL Comprehensive Exam administered in the two ESOL courses;
- A 20-hour early ESOL field experience in FLE 4317;
- A late ESOL field experience where students plan, implement, and evaluate lessons for one or more ESOL students over 10 days;
- An ESOL binder, containing all ESOL-related assignments taken in the College of Education and an ESOL-performance Standards Checklist that documents the completion of the necessary number of standards.

372
GPA Requirements
Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major including Core and Specialization courses.

Course Grade Requirement
Students must earn a C- or higher in all upper-level courses in the major.

Foundations of Knowledge and Learning (FKL) Requirement
FKL Core Curriculum (General Education) courses will be determined by the Florida College System institution or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog or in the Florida College System institution Counseling Manual. (For USF, see “Academic Policies and Procedures – Foundations of Knowledge and Learning Core Curriculum” section of the catalog.)

Foundations of Knowledge and Learning (FKL) Exit Requirement
- LAE 4936 Senior Seminar in English Education (CPST)
- EDF 3604 Schools and Society (WRIN)

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Internship Opportunities
All students will enroll in multiple clinical experiences throughout the program which will provide them with the opportunity to engage in the practice of teaching.

Advising Information
Students are encouraged to seek advising in Student Academic Services, EDU 106, 813-974-2979. To schedule an appointment visit us at http://www.usf.edu/education/advising/undergraduate/.

ENGLISH EDUCATION WITH ESOL ENDORSEMENT FACULTY
Interim Chairperson: D. Thompson; Professor: J.F. Kaywell; Emeritus Professor: J.H. Applegate; Associate Professor: P. Daniel; Assistant Professor: M. Sherry.

• B.A. OR B.S. - EXCEPTIONAL CHILD EDUCATION WITH ESOL & READING ENDORSEMENT (BEX) (CIP = 13.1001)
  TOTAL DEGREE HOURS: 120
  http://www.coedu.usf.edu/main/departments/sped/Bachelor/BADegree.html

The undergraduate program is a state-approved program that leads to certification in Exceptional Student Education (ESE).

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.
EDF X005 Introduction to the Teaching Profession (3)

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

REQUIREMENTS FOR THE MAJOR IN EXCEPTIONAL CHILD EDUCATION WITH ESOL & READING ENDORSEMENT

TOTAL MAJOR HOURS: 66

Major requirements for the B.A. or B.S. Degree:

Major Core (66 hours)

Professional Education Core (27 credit hours):
- EEX 4942 Practicum in Exceptional Student Education
- EDP 3271 Child Development within a School Context
- EDP 3272 Learning with the School Context
- EDP 4275 Enhancing Children’s Learning and Development within a School Context
- EDF 3604 Schools and Society (WRIN)
- EDF 4430 Measurement for Teachers
- FLE 4316 Language Principles and Acquisition
- FLE 4317 Teaching Students with Limited English Proficiency
- EEX 4944 Final Internship

Exceptional Student Education Core (39 credit hours):
- Students seeking the B.S. degree with certification in Exceptional Student Education are required to take the following courses:
  - EEX 4202 Context and Foundations
  - EEX 4240 Beginning to Teach
  - EEX 4241 Creating Effective Learning Environments
  - EEX 4242 Enhancing Expertise in Teaching and Instructional Decision Making
  - EEX 4244 Becoming a Special Education Teacher
  - EEX 4742 Narrative Perspectives on Exceptionality: Cultural and Ethical Issues (CPST, 6ACT, GCPC)
  - LAE 4311 Teaching Print and Multimodal Texts in Elementary Education
  - MAE 4310 Teaching Elementary School (K-6) Mathematics I
  - RED 4312 Emergent Literacy Strategies and Assessments
  - RED 4724 Intermediate Literacy Strategies and Assessments I

Eight Semester Plan

The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

Admission Requirements

Students seeking admission to this program must meet the following Department of Education’s Teacher Educator Certification requirements:

1. Earn a 2.5 overall GPA;
2. Complete all general education and state mandated common prerequisite courses with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at http://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx;
4. Submit an application to Student Academic Services, EDU 106, 813-974-2979.

Applications can be found at http://www.usf.edu/education/advising/undergraduate/coedu-applications.aspx.

The College of Education offers a full ESOL Endorsement for all Special Education major graduates. The special requirements for ESOL endorsement through infusion are as follows:

Successful completion of:
- FLE 4317 and FLE 4316 with a minimum grade of 70% or better on part one and part two of the ESOL Comprehensive Exam administered in the two ESOL courses;
- a 20-hour early ESOL field experience in FLE 4317;
- a late ESOL field experience where students plan, implement, and evaluate lessons for one or more ESOL students over a 10 days; and
- an ESOL binder, containing all ESOL-related assignments taken in the College of Education and an ESOL-performance Standards Checklist that documents the completion of the necessary number of standards.

The special education requirements for the Reading Endorsement through infusion are as follows:

- completion of specialized courses with a grade of C or S;
- completion of RED 4312, RED 4724, and LAE 4311 with a grade of C;
- a 60 hour field experience with a grade of S where students demonstrate application of all reading competencies, and
- a Reading Endorsement binder containing the Demonstration of Accomplishment Documentation Form and supporting artifacts.

Students are required to meet University and College of Education entrance requirements prior to enrollment in the Department. Upon admission, students affiliate with the campus on which they wish to take their program of studies. Students may not register for courses on other campuses without permission. For USF Tampa, students are assigned to cohorts. All courses are taken with the assigned cohort. The program sequence includes four semesters of part-time field experience and one semester of full-time internship. All part-time field experiences must be successfully completed as a member of a cohort concurrently enrolled in linked specified courses in designated local schools. Final internships are assigned only to designated school districts where partnerships exist. Field experiences begin during the first semester of a student’s enrollment with increasing involvement throughout the program. Students are responsible for providing transportation to their field-experience sites. Cohorts are seated in the fall semester of each year.

GPA Requirements

Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major including Core and Specialization courses.

Course Grade Requirement

Students must earn a C- or higher in all upper-level courses in the major.

Grading Requirement

Students must complete all required courses with a grade of C or better and successfully complete program key assessments in order to progress to the next semester.

Foundations of Knowledge and Learning (FKL) Requirement

Foundations of Knowledge and Learning Core Curriculum courses (General Education) will be determined by the Florida College System institution or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution’s existing catalog or in the Counseling Manual. (For USF, see "Academic Policies and Procedures - Foundations of Knowledge and Learning Core Curriculum Requirements" section of the catalog.)

Foundations of Knowledge and Learning (FKL) Exit Requirement

- EDF 3604 Schools and Society (Writing Intensive)
- EEX 4944 Final Internship (Capstone)
Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Internship Opportunities
All students will enroll in multiple clinical experiences throughout the program which will provide them with the opportunity to engage in the practice of teaching.

Other Information
Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Advising Information
Students are encouraged to seek advising in Student Academic Services, EDU 106, 813-974-2979. To schedule an appointment visit us at http://www.usf.edu/education/advising/undergraduate/.

EXCEPTIONAL CHILD EDUCATION WITH ESOL & READING ENDORSEMENT FACULTY

• B.A. OR B.S. - MATHEMATICS EDUCATION (BMA)
(CIP = 13.1311 - TRACK 1 OF 2)
TOTAL DEGREE HOURS: 120
http://www.coedu.usf.edu/main/departments/seced/Math/Math.htm
The Bachelors in Mathematics Education program explores educational foundations, methods, and theory and practice of teaching mathematics at grades 6-12. This program is designed to prepare effective teachers of middle and high school mathematics who are knowledgeable, reflective, caring, and are able to meet the needs of a diverse student population.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.
If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.
Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.
Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.
Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.
EDF X005 Introduction to the Teaching Profession
MAC X311 Calculus I
MAC X312 Calculus II
MAC XXXX or MTG XXXX or MAS XXXX Mathematics Electives
A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.
**Courses specified in this category may apply to the USF Foundations of Knowledge and Learning (FKL) Core Curriculum coursework.
REQUIREMENTS FOR THE MAJOR IN MATHEMATICS EDUCATION
TOTAL MAJOR HOURS: 70

Major requirements for the B.A. or B.S. Degree:
Major Core (70 hours)

Professional Education (18 credit hours):
- EDF 3214 Human Development and Learning
- EDF 3604 Schools and Society (WRIN)
- EDF 4430 Measurement for Teachers
- EEX 4070 Integrating Exceptional Students in the Regular Classroom
- TSL 4324 ESOL Competencies and Strategies
- ESE 4322 Classroom Management for Diverse School and Society

Specialization (25 credit hours):
- MAC 2313 Calculus III
- MAD 3107 Discrete Mathematics
- MAS 3105 Linear Algebra or MAS 4301 Elementary Abstract Algebra
- MAS 4214 Elementary Number Theory
- MGF 3315 Bridge to Abstract Mathematics
- MHF 4403 The History of Mathematics Education (Writing Intensive Exit)
- STA 2023 Introductory Statistics I

Additional Specialization (27 credit hours):
- MAE 4320 Teaching Mathematics in the Middle Grades
- MAE 4330 Teaching Senior High School Mathematics
- MAE 4551 Reading the Language of Mathematics
- MAE 4652 Technology for Teaching Secondary School Mathematics
- MAE 4945 Practicum in Mathematics Education
- MAE 4940 Internship: Mathematics Education
- MAE 4936 Senior Seminar in Mathematics Education (Capstone)

### Admission Requirements

Students seeking admission to this program must meet the following Department of Education’s Teacher Educator Certification requirements:

1. Earn a 2.5 overall GPA;
2. Complete all general education and state mandated common prerequisite courses with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at
GPA Requirements
Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major, including Core and Specialization courses.

Course Grade Requirement
Students must earn a C- or higher in all upper-level courses in the major.

Residency Requirement
A student must complete 32 hours of major coursework at USF Tampa to meet residency requirements.

Foundations of Knowledge and Learning (FKL) Requirement
FKL Core Curriculum courses (General Education) will be determined by the Florida College System institution or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution’s existing catalog or in the Counseling Manual. (For USF, see “Academic Policies and Procedures - Liberal Arts Requirements” section of the catalog.)

Foundations of Knowledge and Learning (FKL) Exit Requirement
- EDF 3604 Schools and Society (Writing Intensive)
- MAE 4936 Senior Seminar in Mathematics Education (Capstone)

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Internship Opportunities
Students enrolled in courses requiring field experience (MAE 4945 Practicum in Mathematics Education and MAE 4940 Internship: Mathematics Education) are required to undergo a background check and fingerprinting.

Advising Information
Students are encouraged to seek advising in Student Academic Services, EDU 106, 813-974-2979. To schedule an appointment visit us at http://www.usf.edu/education/advising/undergraduate/.

MATHEMATICS EDUCATION CONCENTRATIONS
MIDDLE SCHOOL MATHEMATICS (BMM)
TOTAL DEGREE HOURS: 120

This program is part of the Helios STEM Middle School Teacher Residency Program in the Department of Secondary Education. Collaboratively developed with Hillsborough County Public Schools (HCPS), this program is designed to prepare effective teachers of middle grades mathematics who are able to meet the needs of a diverse student population. This program includes extensive field experiences, including a yearlong residency using a co-teach model with a HCPS teacher. Program graduates will be eligible for certification in Middle Grades Mathematics 5-9.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.
Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to the Teaching Profession
- MAC X311 Calculus I
- MAC XXXX (four credit hours)

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

**Courses specified in this category may apply to the USF Foundations of Knowledge and Learning (FKL) Core Curriculum coursework.**

### REQUIREMENTS FOR THE CONCENTRATION IN MIDDLE SCHOOL MATHEMATICS

**TOTAL MAJOR HOURS: 64**

Major requirements for the B.A. or B.S. Degree:

**Major Core - 18 Hours**

**Professional Education Courses (18 hours):**
- EDF 3214 Human Development and Learning
- EDF 3604 Schools and Society (WRIN)
- EDF 4430 Measurement for Teachers
- EEX 4070 Integrating Exceptional Students in the Regular Classroom
- TSL 4324 ESOL Competencies and Strategies
- ESE 4322 Classroom Management for Diverse School and Society

**Concentration Core (46 hours)**

The STEM Middle School Mathematics program is a cohort, residency program.

**Concentration Courses (46 hours):**
- EDM 3403 Middle Level Education
- EDM 3620 Teaching the Young Adolescent Learner
- EDM 4406 Contemporary Issues in STEM Education (CPST)
- MAE 3224 Middle School Mathematics Methods Course 1
- MAE 3225 Middle School Mathematics Methods Course 2
- MAE 3941 Practicum I: Middle School Mathematics Education
- MAE 3942 Practicum II: Middle School Mathematics Education
- MAE 4551 Reading the Language of Mathematics
- MAE 4941 Internship I: Middle School Mathematics Education
- MAE 4942 Internship II: Middle School Mathematics Education
- MAS 3108 Algebra Connections
- MAS 3205 Number Concepts Connections
- MTG 3207 Geometry Connections
- STA 3027 Statistics and Probability Connections

In addition to the courses listed, students must complete "Preliminary Requirements for Students entering Teacher Education Programs (see statement under main college heading)."

### Eight Semester Plan

The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

382
GPA Requirements
Students must maintain an overall GPA of 2.5 to continue to the next term. In addition, students in educator preparation programs must also earn a minimum 2.5 GPA in their professional core and specialization coursework to continue to the next term.

Grading Requirement
Students are required to earn a C- or higher in all upper-level major coursework.

Residency Requirement
A student must complete 32 hours of major coursework at USF Tampa to meet residency requirements.

Foundations of Knowledge and Learning (FKL) Requirement
FKL Core Curriculum courses (General Education) will be determined by the Florida College System institution or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution's existing catalog or in the Counseling Manual. (For USF, see "Academic Policies and Procedures - Liberal Arts Requirements" section of the catalog.)

Foundations of Knowledge and Learning (FKL) Exit Requirement
- EDF 3604 Schools and Society (Writing Intensive)
- EDM 4406 Contemporary Issues in STEM Education (Capstone)

Internship Opportunities
Students enrolled in courses requiring field experience (Practicum & internship courses) are required to undergo a background check and fingerprinting.

MATHEMATICS EDUCATION FACULTY
Interim Chairperson: D. Thompson; Assistant Professors: R. Sears, E. Vomvoridi-Ivanovic.

• B.A. OR B.S. - PHYSICAL EDUCATION (PET)
(CIP = 13.1314 - TRACK 1 OF 2)
TOTAL DEGREE HOURS: 120
http://www.coedu.usf.edu/main/departments/physed/programs/progPe.html

Physical Education includes the study of kinesiology, physical skill development, pedagogy, coaching, curriculum development and assessment, and administration of physical activity programs. The Physical Education major offers students extensive preparation in theory and methodology courses leading to K-12 teaching certification. The Physical Education Program also offers a minor in the Science of Physical Activity.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.
EDF X005 Introduction to the Teaching Profession
BSC X085 and BSC X086 or BSC X085 and PET X622
Conditioning, Fitness and Wellness Course in Physical Education Activities
Skill Development Courses in Physical Activities

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

REQUIREMENTS FOR THE MAJOR IN PHYSICAL EDUCATION

Admission Requirements
Students seeking admission to this program must meet the following Department of Education’s Teacher Educator Certification requirements:
1. Earn a 2.5 overall GPA;
2. Complete all general education and state mandated common prerequisite courses with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at http://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx;
4. Submit an application to Student Academic Services, EDU 106, 813-974-2979.
Applications can be found at http://www.usf.edu/education/advising/undergraduate/coedu-applications.aspx.

Requirements for the B.S. Degree in Physical Education
Physical Education is a two-year program that includes mandatory attendance during the summer session between the first and second years. The Physical Education program only admits students in the Fall Semester of each year. Students proceed through the program in cohorts and are required to complete all required courses each semester with a grade of "C-" or better in order to progress to the next semester. Students who do not complete the requirements will be dismissed from the program and may reapply for the next cohort.

The Physical Education program is a full-time program. Students must be available for classes from 8:00 am - 5:00 pm, Monday through Friday each semester. Additional time commitments may be necessary for course work in the evenings.

Requirements after Admission:
Students accepted into the physical education program must meet the following additional requirements:
1. Sign an agreement to abide by the standards set forth in the College of Education Professional Disposition and Ethical Standards Policy and Procedures document.
2. Pay for costs in addition to tuition, fees, and books such as:
   - Attendance at the state professional organization conference (minimally 1 year)
   - Student membership in the state physical education professional organization
   - Transportation to and from school sites required in courses and internships
   - Physical Education Teacher Education uniform for internships
   - Criminal background checks and finger printing for internships
   - Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, professional file, etc.)
   - Electronic assignment portfolio throughout program
3. Complete professional development plans throughout the program.
4. Complete and pass individual development plans in identified skill areas during the program.

GPA Requirements
Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major including Core and Specialization courses.

Grading Requirement
Receive a grade of C- or higher in all required courses and maintain a 2.5 overall GPA and a 2.5 Core and Specialization GPA to be eligible to intern and graduate.

Foundations of Knowledge and Learning (FKL) Requirement
Foundations of Knowledge and Learning Core Curriculum courses (General Education) will be determined by the Florida College System institution or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution’s existing catalog or in the Counseling Manual. (For USF, see “Academic Policies and Procedures - Foundations of Knowledge and Learning Core Curriculum Requirements” section of the catalog.)

Foundations of Knowledge and Learning (FKL) Exit Requirement
- PET 4929 Senior Seminar in Physical Education (EXIT Capstone)
- EDF 3604 Schools and Society (EXIT Writing Intensive)

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the
official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Internship Opportunities
- PET 4942 Physical Education Pre-Internship: Elementary
- PET 4944 Physical Education Pre-Internship: Secondary
- PET 4946 Internship in Physical Education: Elementary
- PET 4947 Internship in Physical Education: Secondary

Physical Education students will complete four clinical experiences. The final internship consists of two courses, each of 7 weeks. One will be performed at the elementary level and one at the middle or high school level. Passing grades in internship will only be possible if all sections of the Florida Teacher Certification Exam are taken and passed prior to graduation.

Physical Education Elective Program
Physical Education elective offerings are designed to provide opportunities for all students in the University to acquire knowledge and movement skills related to an active healthy lifestyle. Laboratory experiences in over twenty-five different exercise and sports activities allow students to select and develop proficiency appropriate for leisure pursuit and personal development. Special competency courses provide for in-depth study in such areas as personal wellness, current issues in sports, and first aid.

Advising Information
Students are encouraged to seek advising in Student Academic Services, EDU 106, 813-974-2979. To schedule an appointment visit us at http://www.usf.edu/education/advising/undergraduate/.

PHYSICAL EDUCATION CONCENTRATIONS

EXERCISE SCIENCE (BPW) (CIP = 13.1314 - TRACK 2 OF 2)
TOTAL DEGREE HOURS: 120
http://www.coedu.usf.edu/main/departments/phyped/programs/progEs.html

Exercise Science includes study of the biological and behavioral aspects of exercise, fitness assessment and exercise prescription, behavior modification, and the clinical aspects of exercise. The Exercise Science program integrates classroom study with hands-on practical experiences. The Exercise Science major qualifies students for professional certifications such as ACSM's Certified Health Fitness Specialist, and NSCA's Certified Strength and Conditioning Specialist, and to pursue positions in worksite health promotion, strength and conditioning, clinical rehabilitation, personal fitness training, and sport performance.

Students who successfully complete the undergraduate Exercise Science Major earn a B.S. degree in Physical Education with a Specialization in Exercise Science. This program is offered in the School of Physical Education & Exercise Science in the College of Education. The Exercise Science program prepares students for a variety of entry level positions in the exercise science field. See our website (http://www.coedu.usf.edu/main/departments/phyped/programs/progEs.html) for the types of jobs and job settings available as well as other important information. Successful completion of the program qualifies students for national professional certifications such as ACSM's Certified Health Fitness Specialist (HFS) and the National Strength and Conditioning Association's (NSCA's) Certified Strength and Conditioning Specialist (CSCS).

The course work is offered over a two-year period beginning in the fall semester of the student's junior year as shown below. The summer session (Session C – 10 weeks) between the junior and senior year is mandatory. Students can enter the program during the fall semester only and they progress through the program in a cohort.)

LIMITED ACCESS - THIS CONCENTRATION HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

The exercise science program is a limited access program meaning that enrollment is limited to 30 students each fall semester. Selection of the 30 students is based on the following criteria:
1. An overall GPA of 2.50. This is a College of Education criterion.
2. Completion of all the following “common statewide prerequisites” for exercise science programs by the spring semester prior to fall admission with a C- or higher.
3. Students with the top 30 composite GPAs will be selected for admission into the program. A composite GPA
score will be calculated for each student by adding 30 percent of the overall GPA and 70 percent of the common statewide prerequisite GPA.

**Admission Criteria:**
Students must:
1. Apply to the University of South Florida.
2. Submit a completed application to the Exercise Science program, including official transcripts between June 1st and July 15th for fall admission.
3. Complete the Foundations of Knowledge and Learning Core Curriculum requirements for the University of South Florida or for the Florida public college or university in which the student took his or her Foundations of Knowledge and Learning Core Curriculum requirements.

**STATE MANDATED COMMON COURSE PREREQUISITES**
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

</table>
The exercise science program is a full-time program. Students must be available for classes from 8:00 am – 5:00 pm, Monday through Thursday each semester. Additional time commitments may be necessary for course work such as PET 3940 (Practicum) and PET 4941 (Internship).

The following are "recommended" prerequisite courses and the grades in these courses will not be used to calculate the "common statewide prerequisite" GPA for admission.

1. PEM 2131 Weight Training (2)
2. HLP 2081 Personal Wellness (3)

NOTE: Though no computer course is recommended, students need to possess excellent computer skills, e.g., MS applications.

Requirements after Admission:

By August 1st, students will be informed if they have been accepted into the program. Students accepted into the program must inform the College of Education advising office by August 15th that they will or will not be enrolling in fall classes. Once admitted, students will need to meet the following requirements:

1. Complete an online College of Education Orientation and attend an Exercise Science Orientation on Wednesday morning of the week prior to the beginning of the fall semester.
2. Sign an agreement to abide by the standards set forth in the School of Physical Education & Exercise Science Student Handbook on Professional Behavior and Ethical Conduct.
3. Pay for costs in addition to tuition, fees, and books such as:
   - Material and supply fee for PET 3384
   - Student membership for the Exercise Science student organization
   - Professional liability insurance
   - Student membership in at least one professional organization
   - Transportation to and from field experiences required in courses including the practicum and internship
   - Possible requirements of practicum/internship sites such as health/medical exam, immunizations/vaccines, criminal background check, finger printing, drug/alcohol screening, personal health insurance, uniforms, and parking
   - Possible costs associated with obtaining physician clearance (e.g., medical exam and/or tests) prior to participation in physical activity/exercise. Students complete a Pre-Activity Screening Questionnaire (PASQ) based on American College of Sports Medicine guidelines to determine if physician clearance is needed.
   - Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, etc.)
4. Receive a grade of C- or higher in all required courses and maintain a 2.5 GPA (overall and in major) in order to progress to the next semester.
5. Complete 10 hours of volunteer community service for a non-profit health care organization.

GPA Requirements

Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework.

Course Grade Requirement
Students must earn a C- or higher in every upper-level course in the major.

Foundations of Knowledge and Learning (FKL) Requirement
Foundations of Knowledge and Learning Core Curriculum courses (General Education) will be determined by the Florida College System institution or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution’s existing catalog. (For USF, see “Academic Policies and Procedures - Foundations of Knowledge and Learning Core Curriculum Requirements” section of the catalog.)

Internship Opportunities
Students will enroll in an internship experience as part of their major coursework.

Other Information
Physical Education Elective Program
Physical Education elective offerings are designed to provide opportunities for all students in the University to acquire knowledge and movement skills related to an active healthy lifestyle. Laboratory experiences in over twenty-five different exercise and sports activities allow students to select and develop proficiency appropriate for leisure pursuit and personal development. Special competency courses provide for in-depth study in such areas as personal wellness, current issues in sports, and first aid.

Advising Information
Students are encouraged to seek advising in Student Academic Services, EDU 106, 813-974-2979. To schedule an appointment visit us at http://www.usf.edu/education/advising/undergraduate/.

PHYSICAL EDUCATION FACULTY
Interim Chairperson: D. Thompson; Professors: F.N. Faucette, S. Sanders, M.J. Stewart; Associate Professor: H.B. Sun; Assistant Professors: S. Flory, L. Witherspoon.

• B.A. OR B.S. - SCIENCE EDUCATION (SCE) (CIP = 13.1316)
TOTAL DEGREE HOURS: 120
Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching science education. The objective is to prepare reflective and caring educators. Prepares students for a career in middle and high schools.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.
EDF X005 Introduction to the Teaching Profession (3)

Other state mandated program prerequisites:

For Biology Teacher Education
Biology I and II with Labs:
BSC X010/X010L and BSC X011/X011L or BSC X010C and BSC X011C (8)
Chemistry with Lab or Physics with Lab:
CHM X045/X045L or PHY X048/X048L or PHY X053/X053L or CHM X045C or PHY X048C or CHM X046/X046L or PHY X049/X049L or PHY X054/X054L or CHM X046C or PHY X049C (8)
Calculus I:
MAC X311 Calculus I or MAC X241 (4)

For Chemistry Teacher Education
Chemistry with Lab:
CHM X045/X045L and CHM X046/X046L (8)

Physics with Lab:
PHY X048/X048L and PHY X049/X049L or PHY X053/X053L and PHY X054/X054L or PHY X048C and PHY X049C or PHY X053C and PHY X054C (8)

Calculus I:
MAC X311 Calculus I (4)

For Physics Teacher Education

Physics with Lab:
PHY X048/X048L and PHY X049/X049L or PHY X048C (8)

Chemistry with Lab:
CHM X045/X045L and CHM X046/X046L or CHM X045C and CHM X046C (8)

Calculus:
MAC X311, MAC X312, MAC X313 (4)

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the community college or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

REQUIREMENTS FOR THE MAJOR IN SCIENCE EDUCATION

TOTAL MAJOR HOURS: 32

Major requirements for the B.A. or B.S. Degree:

Major Core (32 hours)

Professional Education Core for all Science Education Concentrations
EDF 3214 Human Development and Learning
EDF 3604 Schools and Society (WRIN)
EDF 4430 Measurement for Teachers
EEX 4070 Integrating Exceptional Students in the Regular Classroom
ESE 4322 Classroom Management for Diverse Schools and Society
SCE 4936 Senior Seminar in Science Education (CPST)
SCE 4940 Internship: Science Education
SCE 4945 Practicum in Secondary Science Education
TSL 4324 ESOL Competencies and Strategies

In addition to the courses listed, students must complete "Preliminary Requirements for Students Entering Teacher Education Programs."

GPA Requirements

Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major including Core and Specialization courses.

Course Grade Requirement

Students must earn a C- or higher in all upper-level courses in the major.

Foundations of Knowledge and Learning (FKL) Requirement

Foundations of Knowledge and Learning (FKL) Core Curriculum courses (General Education) will be determined by the Florida College System institution or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution’s existing catalog or in the Counseling Manual. (For USF, see "Academic Policies and Procedures – Foundations of Knowledge and Learning Core Curriculum" section of the catalog.)

Foundations of Knowledge and Learning (FKL) Exit Requirement

- SCE 4936 Senior Seminar in Science Education (Capstone)
- EDF 3604 Schools and Society (Writing Intensive)

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.
Internship Opportunities
All students will enroll in multiple clinical experiences throughout the program which will provide them with the opportunity to engage in the practice of teaching.

Advising Information
Students are encouraged to seek advising in Student Academic Services, EDU 106, 813-974-2979. To schedule an appointment visit us at http://www.usf.edu/education/advising/undergraduate/.

SCIENCE EDUCATION CONCENTRATIONS
MIDDLE SCHOOL SCIENCE EDUCATION (BDS)
http://www.coedu.usf.edu/main/departments/seced/seced.html
This is a joint program with the Departments of Biology, Chemistry and Physics. Upper level curriculum is a combination of upper level Education courses as well as upper lever Biology, Chemistry and Physics courses depending on which subject area is chosen.

This concentration is accepting no new admits.

BIOLOGY EDUCATION (BSB) (CIP = 13.1316 - TRACK 1 OF 5)
REQUIREMENTS FOR THE CONCENTRATION IN BIOLOGY EDUCATION
TOTAL CONCENTRATION HOURS: 58

Required Supporting Courses for the Concentration (16 credit hours)
The following courses are prerequisites and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.
- BSC 2010 and BSC 2010L Cellular Processes and Laboratory
- BSC 2011 and BSC 2011L Biodiversity and Laboratory
- CHM 2045 and CHM 2045L General Chemistry I and Laboratory or PHY 2048 and PHY 2048L General Physics I - Calculus Based and Laboratory or PHY 2053/PHY 2053L
- Calculus I: MAC 2241 or MAC 2311 or MAC 2281

Students must receive a C- or better to meet the major requirements.

Concentration Core (26 hours)
Specialization Courses (14 credit hours):
- PCB 3023 Cell Biology
- PCB 3023L Cell Biology Laboratory
- PCB 3043 Principles of Ecology
- PCB 3043L Principles of Ecology Laboratory
- PCB 3063 General Genetics
- PCB 4674 Organic Evolution

Teaching Method Courses (12 credit hours):
- SCE 4305 Communication Skills in the Science Classroom
- SCE 4320 Teaching Methods in Middle Grades Science I
- SCE 4330 Methods of Secondary Science Education
- SCE 4863 Science, Technology, Society Interaction

Admission Requirements
Admission to an educator preparation program is contingent upon meeting the following Department of Education's Teacher Educator Certification requirements:
1. Earn a 2.5 overall GPA;
2. Complete all general education and state mandated common prerequisite courses with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at http://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx;
4. Submit an application to Student Academic Services, EDU 106, 813-974-2979.
Applications can be found at http://www.usf.edu/education/advising/undergraduate/coedu-applications.aspx.
**Eight Semester Plan**

The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

## CHEMISTRY EDUCATION (BSC) (CIP = 13.1316 - TRACK 2 OF 5)

### REQUIREMENTS FOR THE CONCENTRATION IN CHEMISTRY EDUCATION

**TOTAL CONCENTRATION HOURS: 60**

**Required Supporting Courses for the Concentration (28 credit hours)**

The following courses are prerequisites and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

- BSC 2010 and BSC 2010L Cellular Processes and Laboratory
- BSC 2011 and BSC 2011L Biodiversity and Laboratory
- CHM 2045 and CHM 2045L General Chemistry I and Laboratory
- CHM 2046 and CHM 2046L General Chemistry II and Laboratory
- PHY 2048 and PHY 2048L General Physics I - Calculus Based and Laboratory
- PHY 2049 and PHY 2049L General Physics II - Calculus Based and Laboratory
- Calculus I: MAC 2241 or MAC 2311 or MAC 2281

Students must receive a C- or better to meet the major requirements.

**Concentration Core (28 hours)**

**Specialization Courses (16 credit hours):**

- CHM 2210 Organic Chemistry I
- CHM 2210L Organic Chemistry I Laboratory
- CHM 3120C Elementary Analytical Chemistry
- CHM 3610 Intermediate Inorganic Chemistry
- CHM 3610L Intermediate Inorganic Chemistry Laboratory
- CHM 4070 Historical Perspectives in Chemistry

**Teaching Methods Courses (12 credit hours):**

- SCE 4320 Teaching Methods in Middle Grades Science I
- SCE 4330 Methods of Secondary Science Education
- SCE 4305 Communication Skills in the Science Classroom
- SCE 4863 Science, Technology, Science Interaction

**Admission Requirements**
Admission to an educator preparation program is contingent upon meeting the following Department of Education's Teacher Educator Certification requirements:
1. Earn a 2.5 overall GPA;
2. Complete all general education and state mandated common prerequisite courses with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at http://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx;
4. Submit an application to Student Academic Services, EDU 106, 813-974-2979. Applications can be found at http://www.usf.edu/education/advising/undergraduate/coedu-applications.aspx.

**PHYSICS EDUCATION (BSY) (CIP = 13.1316 - TRACK 4 OF 5)**

**REQUIREMENTS FOR THE CONCENTRATION IN PHYSICS EDUCATION**

**TOTAL CONCENTRATION HOURS: 60**

**Required Supporting Courses for the Concentration (28 credit hours)**

The following courses are prerequisites and supporting courses for this major. They are required for the major, but are not counted in the total hours for this major. The degree will not be awarded if these courses have not been taken by the end of the student’s final semester.

- CHM 2045 and CHM 2045L General Chemistry I and Laboratory
- CHM 2046 and CHM 2046L General Chemistry II and Laboratory
- PHY 2048 and PHY 2048L General Physics I - Calculus Based and Laboratory
- PHY 2049 and PHY 2049L General Physics II - Calculus Based and Laboratory
- Calculus I: MAC 2241 or MAC 2311 or MAC 2281
- Calculus II: MAC 2242 or MAC 2312 or MAC 2282
- Calculus III: MAC 2313 or MAC 2283

Students must receive a C- or better to meet the major requirements.

**Concentration Core (28 hours)**

**Specialization (16 credit hours):**

- PHY 2020 Conceptual Physics
- PHY 3101 Modern Physics
- PHY 3220 Classical Mechanics
- PHY 3323 Electricity and Magnetism I
PHZ 3113 Mathematical Methods in Physics
*May be part of Foundations of Knowledge and Learning Core Curriculum Requirements

**Teaching Methods Courses (12 credit hours):**
- SCE 4320 Teaching Methods in Middle Grades Science I
- SCE 4330 Methods of Secondary Science Education
- SCE 4305 Communication Skills in the Science Classroom
- SCE 4863 Science, Technology, Society Interaction

**Admission Requirements**
Admission to an educator preparation program is contingent upon meeting the following Department of Education’s Teacher Educator Certification requirements:
1. Earn a 2.5 overall GPA;
2. Complete all general education and state mandated common prerequisite courses with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at http://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx;
4. Submit an application to Student Academic Services, EDU 106, 813-974-2979. Applications can be found at http://www.usf.edu/education/advising/undergraduate/coedu-applications.aspx.

**Eight Semester Plan**
The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

### SCIENCE EDUCATION FACULTY

- **B.S. - SOCIAL SCIENCE EDUCATION (BSS) (CIP = 13.1317)**

**TOTAL DEGREE HOURS: 120**

http://www.coedu.usf.edu/main/departments/seced/SSE/SSE_BacCurrent.html

Social Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching social science education. The objective is to prepare reflective and caring educators. Prepares students for a career in middle and high schools.

### STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.
If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

**EDF X005 Introduction to the Teaching Profession (3)**

**Other program prerequisites**: AMH X010 (3), AMH X020 (3), POS X041 (3), ECO XXXX or SOC XXXX or ANT XXXX or PSY XXXX or GEA XXXX (3)

A minimum of 6 semester hours with an international or diversity focus is required. Eligible courses will be determined by the Florida College System institution or university where the student is currently earning the Associate in Arts or baccalaureate degree. Foreign language courses may be used to meet this requirement.

**Courses specified in this category may apply to Foundations of Knowledge and Learning (FKL) Core Curriculum coursework.**

**REQUIREMENTS FOR THE MAJOR IN SOCIAL SCIENCE EDUCATION**

**TOTAL MAJOR HOURS: 87**

**Major requirements for the B.S. Degree:**

**Major Core (87 hours)**

**Professional Education Core:**
- EDF 3214 Human Development and Learning
- EDF 3604 Schools and Society (WRIN)
- EDF 4430 Measurement for Teachers
- EEX 4070 Integrating Exceptional Students in the Regular Classroom
- TSL 4324 ESOL Competencies and Strategies
- ESE 4322 Classroom Management for Diverse School and Society

**Social Sciences Specialization:**
- AMH 2010 American History I
- AMH 2020 American History II
- AMH 3421 Early Florida
- AMH 3423 Modern Florida
- GEA 2000 World Regional Geography
- HUM 2210 Studies in Culture: Classical through Medieval
- HUM 2230 Studies in Culture: Renaissance through the 20th Century
- INR 3018 World Ideologies
- POS 2112 State and Local Government and Politics

**One of the following:**
- ANT 2000 Introduction to Anthropology
- ANT 2410 Cultural Anthropology
- Upper-level Social Science course

**One of the following:**
- ECO 1000 Basic Economics
- ECO 2013 Macroeconomics

**One of the following:**
- SYG 2000 Introduction to Sociology
- SYG 2010 Contemporary Social Problems

**One of the following:**
- POS 2041 American National Government
- POS 2080 The American Political Tradition

**Social Science Education:**
- SSE 4333 Teaching Middle Grades Social Science
- SSE 4334 Teaching Secondary Grades Social Science
- SSE 4335 Teaching Social Science Themes*
## Eight Semester Plan

</table>
**Admission Requirements**

Students seeking admission to this program must meet the following Department of Education's Teacher Educator Certification requirements:

1. Earn a 2.5 overall GPA;
2. Complete all general education and state mandated common prerequisite courses with a C- or higher in each;
3. Pass all sections of the General Knowledge Test. Information can be found at [http://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx](http://www.usf.edu/education/academics/teacher-certification/general-knowledge-test.aspx);
4. Submit an application to Student Academic Services, EDU 106, 813-974-2979.

Applications can be found at [http://www.usf.edu/education/advising/undergraduate/coedu-applications.aspx](http://www.usf.edu/education/advising/undergraduate/coedu-applications.aspx).

**GPA Requirements**

Once admitted, students must maintain a 2.5 overall GPA and earn a 2.5 in all upper-level coursework in the major including Core and Specialization courses.

**Course Grade Requirement**

Students must earn a C- or higher in all upper-level courses in the major.

**Foundations of Knowledge and Learning (FKL) Requirement**

Foundations of Knowledge and Learning Core Curriculum courses (General Education) will be determined by the Florida College System institution or university where the student currently is earning the Associate in Arts or baccalaureate degree, and will be published in the institution’s existing catalog or in the Counseling Manual. (For USF, see "Academic Policies and Procedures – Foundations of Knowledge and Learning Core Curriculum” section of the catalog.)

**Foundations of Knowledge and Learning (FKL) Exit Requirement**

- EDF 3604 Schools and Society (WRIN)
- SSE 4936 Senior Seminar in Social Sciences Education (CPST)

**Research Opportunities**

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.
Internship Opportunities
- SSE 4334 - Student observations take place in assigned schools, Criminal Background Clearance not required
- SSE 4335 - Students teach on multiple occasions in assigned Middle or High School, Current Criminal Background Clearance required
- SSE 4940 - Students teach full-time in assigned middle or high school, Current Criminal Background Clearance required

Accreditation Information
NCATE & State of Florida Approved Program

Advising Information
Students are encouraged to seek advising in Student Academic Services, EDU 106, 813-974-2979. To schedule an appointment visit us at http://www.usf.edu/education/advising/undergraduate/.

SOCIAL SCIENCE EDUCATION FACULTY
Interim Chairperson: D. Thompson; Program Coordinator: S.J. Thornton; Professors: M. Berson, B.C. Cruz, J.A. Duplass; Emeritus Professors: H. Johnston, D.J. Puglisi.

MINOR IN EDUCATIONAL FOUNDATIONS AND RESEARCH (EFR)
TOTAL MINOR HOURS: 18

REQUIREMENTS FOR THE MINOR IN EDUCATIONAL FOUNDATIONS AND RESEARCH

Minor Core (9 hours)
- EDF 3514 History of Education in the United States
- EEX 4742 Narrative Perspectives on Exceptionality: Cultural and Ethical Issues
- EDF 4490 Studies in Research Design

Minor Electives (9 hours)
- EDF 3604 Schools and Society or SYO 4250 Sociology of Education
- DEP 4053 Developmental Psychology or DEP 3103 Child Psychology
- EDF 3122 Learning and the Developing Child or EDF 3214 Human Development and Learning or EDF 4124 Child Growth and Learning

Students seeking to substitute a course they have taken or are planning to take for one of the electives listed below should consult with an academic advisor in Student Academic Services, EDU 106, 813-974-2979.

GPA Requirements
Student must earn an overall GPA of 2.0.

Course Grade Requirement
Students must earn a C- or higher in all courses.

Other Requirements
Students seeking to substitute a course they have taken or are planning to take for one of the elective courses should consult with an academic advisor in Student Academic Services, EDU 106, 813-974-2979.

Advising Information
Students are encouraged to seek advising in Student Academic Services, EDU 106, 813-974-2979. To schedule an appointment visit us at http://www.usf.edu/education/advising/undergraduate/.

MINOR IN FOREIGN LANGUAGE EDUCATION (FLE)
TOTAL MINOR HOURS: 12

This undergraduate minor in Foreign Language Education may be of interest to students who are getting a bachelor’s degree in another field and may be interested in teaching a foreign language in the future. This minor would give the student a foundation in methods of teaching a foreign or second language. Please note that the minor in Foreign Language Education does not result in Florida teaching certification.
REQUIREMENTS FOR THE MINOR IN FOREIGN LANGUAGE EDUCATION

Minor Core (12 hours)
- TSL 4324 ESOL Competencies and Strategies
- FLE 4314 Methods of Teaching Foreign Language and ESOL in the Elementary School
- FLE 4333 Methods of Teaching Foreign Language and ESOL in the Secondary School
- FLE 4290 Technology in Foreign and Second Language Classroom

GPA Requirements
Students must earn an overall GPA of 2.0.

Grading Requirement
Students must earn a C- or higher in all courses in the minor.

Advising Information
Students are encouraged to seek advising in Student Academic Services, EDU 106, 813-974-2979. To schedule an appointment visit us at http://www.usf.edu/education/advising/undergraduate/.

MINOR IN SCIENCE OF PHYSICAL ACTIVITY (SPED)
TOTAL MINOR HOURS: 11-12

Students who successfully complete the minor in the Science of Physical Activity will have a background in basic physical activity knowledge which may assist individuals interested in coaching and working with adults and children in physical activity settings.

REQUIREMENTS FOR THE MINOR IN SCIENCE OF PHYSICAL ACTIVITY

The minor in the Science of Physical Activity is 11-12 hours. Students must have completed 45 hours of undergraduate coursework, be considered at the junior level, have an overall GPA of 2.5, and have a major in a program other than Physical Education.

Minor Core (9 hours)
- PET 3031 Motor Behavior
- PET 4380 Applied Exercise Science
- PET 4510 Measurement and Evaluation in Physical Education

Minor Electives (2-3 hours)
Students must choose one of the following courses:
- PET 4820 Sport Skill Proficiency
- SPM 3012 Issues in Sport

GPA Requirements
Students must earn an overall GPA of 2.0

Course Grade Requirement
Students must earn a C- or higher in each course.

Advising Information
Students are encouraged to seek advising in Student Academic Services, EDU 106, 813-974-2979. To schedule an appointment visit us at http://www.usf.edu/education/advising/undergraduate/.

OUR MISSION
To profoundly shape and impact lives through the steadfast pursuit of world-class engineering research, education, and innovation.

OUR VISION
We aspire to be at the forefront of engineering research and education, cultivating knowledgeable, passionate engineers who are dedicated to need-based, solutions-oriented engineering.

OUR VALUES
We share a culture of excellence, characterized by an emphasis on students, research, innovation, partnership, inclusivity, agility, and the future.

DEPARTMENTS AND PROGRAMS
The College of Engineering offers undergraduate and graduate programs to prepare students for a broad spectrum of professional careers in engineering. Laboratory experiences, as well as real-world participation in technological problem solving, are key aspects of a professional engineer's education. The laboratory and research facilities of the College of Engineering, close collaboration with engineering professional societies and the many industries in the metropolitan Tampa Bay area provide a wide range of experiential learning opportunities for engineering students at the University of South Florida. The College of Engineering offers undergraduate degrees in Biomedical Engineering, Chemical Engineering, Civil Engineering, Computer Engineering, Computer Science, Electrical Engineering, Industrial Engineering, Information Technology, and Mechanical Engineering. In addition, the College offers minors in Biomedical Engineering, Computer Science, and Information Technology. The engineering programs of the College have been developed with an emphasis on three broad aspects of engineering activity: design, research, and the operation of complex technological systems. The undergraduate degree programs provide a strong, broad-based, fundamental engineering education as preparation for careers in industry and government, or as preparation for advanced studies in professional schools of engineering, science, law, business, and medicine.

At the graduate level, students work in close collaboration with faculty, pursuing advanced topics within their disciplines which will result in advancements in their fields and society at large. Students who are interested in advanced design or research should pursue a traditional or accelerated (5-Year) program leading to a Master of Science degree in the designated discipline. The supervision of the academic programs is the function of the administrative departments together with several coordinators. Each department is responsible for specific professional programs, faculty, laboratories, and student advising.

The Departments and Programs section that follows contains descriptions of the baccalaureate degrees offered by the College. Students interested in particular programs offered by the College of Engineering should direct their inquiries to the College of Engineering's Office of Student Services. Information is also available on the College's website: http://www.usf.edu/engineering/.

Accreditation
The USF Bachelor of Science degree programs in Chemical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Industrial Engineering, and Mechanical Engineering are accredited by the Engineering Accreditation Commission of ABET. The Bachelor of Science degree program in Computer Science is accredited by the Computing Accreditation Commission of ABET www.abet.org.

Admission Requirements
Admission Requirements for First Time in College Students for All Engineering Majors and for the Computer Science Major
(Excludes Admission Requirements for the Information Technology Major – see below)
First time in college students and lower division students with 30 credits or less, who meet the criteria below, are granted direct entry into the College of Engineering:
1. Admitted to the University of South Florida as a degree seeking student;
2. Test Scores:
   o SATM-a minimum quantitative score of 550 or
   o ACTM-a minimum score of 24 or
   o Completed College Algebra with a grade of C or better (not C-) or
   o Take College Algebra at USF before the first fall semester and get a grade of C or better (not C-).

Those students who do not meet the above criteria can be admitted to the College after satisfactorily completing Calculus I and II and Physics I with lab, all with a minimum grade of C or better (no C-) in no more than two (2) attempts per course while at USF. Two attempts includes withdrawal from a course.

Additional requirements must be met prior to admission to specific degree programs.

Admission Requirements for Transfer Students for All Engineering Majors and for the Computer Science Major
Admission Requirements for First Time in College Students applying to the Information Technology Major

Admitted to the University of South Florida as a degree-seeking student. Please note: These admission requirements do not apply to any other College of Engineering undergraduate major.

Transfer Admission Requirements for the Information Technology Major

For the specific state mandated common prerequisite courses for the Information Technology major, please see the section entitled, "State Mandated Common Prerequisites" located in each department's section of the catalog.

3. Florida College System transfer students who have met the minimum criteria above and have completed the prerequisites required for their major with the minimum grades and GPA required by the academic department are accepted directly into the College of Engineering and into the specific program/major.

The USF College of Engineering will accept transfer credit from non-Florida Statewide Common Course Numbering System courses when appropriate if the transferred course has been passed with a grade of C or better and it is determined to be equivalent in both content and quality. In some cases credit for a course may be granted, but the hours accepted may be less than the hours earned at another school. In general, engineering and technology courses taken at technical schools, or as part of professional or military training, are not applicable to the degree programs of the College of Engineering. Transfer students should be prepared to submit detailed course syllabi from the previous institution if requested.

While credit work from other institutions may be granted subject to the conditions of the previous paragraph, at least 30 credit hours including a minimum number of semester hours of engineering coursework, specified by the degree-granting department, must be taken at USF to receive the baccalaureate degree. Prospective transfer students may contact the College's Office of Student Services at (813) 974-2684 to request an assessment.

Admission Requirements for First Time in College Students applying to the Information Technology Major

Admitted to the University of South Florida as a degree-seeking student. Please note: These admission requirements do not apply to any other College of Engineering undergraduate major.

Transfer Admission Requirements for the Information Technology Major

For the specific state mandated common prerequisite courses for the Information Technology major, please see the section entitled, "State Mandated Common Prerequisites" located in the Information Technology major.

College-Level Requirements

GENERAL INFORMATION

Engineering Today and Tomorrow

The College of Engineering recognizes that modern engineering solutions draw on knowledge of several branches of engineering. It also recognizes that future technological and societal developments will lead to shifting the relative emphasis on various branches of engineering, triggered by new needs or a reassessment of national goals. For this reason, the College's programs include a strong engineering foundation, designed to equip the graduating engineer with a broad base of fundamental technical knowledge and specialization course work in sufficient depth to embark upon a successful professional career.

The Bachelor of Science degrees offered in the various engineering disciplines provide the student a broad education with sufficient technical background to contribute effectively in many phases of engineering not requiring the depth of knowledge needed for advanced design or research. The baccalaureate degree is considered the minimum educational credential in the engineering profession. Students interested in design and in research are strongly encouraged to pursue advanced work beyond the baccalaureate at this or other institutions. Today's engineering and technology professionals value and participate in post baccalaureate study to obtain the information and training necessary to effectively meet tomorrow's technological challenges. In order to keep abreast of evolving technologies continuing education is available through formal graduate study, seminars, special institutes, memberships in professional organizations and other structured educational opportunities.

Preliminary Coursework for Engineering Students

The Engineering Bachelor of Science programs are founded on a set of coursework that is designed to give each student a thorough foundation of knowledge on which specialization studies and a professional career can be based. Emphasis is placed on three key elements: development of communication skills, familiarity with the social sciences and humanities and a solid base in science and mathematics. Students selecting an Engineering major should be aware of specific requirements. Students may consult the College's Advising Office for detailed information.
Professional Registration
  Students who have attained senior status, and are in good academic standing in an ABET accredited engineering program, are eligible to register for examinations leading to licensure as a professional engineer. The first examination, called the Fundamentals of Engineering (FE) Exam, is offered by the Florida Board of Professional Engineers and is usually taken the semester prior to graduation. In addition to the knowledge acquired through the engineering curriculum, many students take advantage of review courses offered in the College of Engineering to prepare for the Fundamentals of Engineering Examination. Registering for the FE exam during the senior year is strongly encouraged.

Engineering Students in the University Honors College
  Engineering students participating in the University Honors Program are able to complete their Engineering Bachelor's degree in four years. Students who qualify for the Honors Program at USF should contact the Honors College or Engineering Student Services to learn about the benefits of this prestigious program.

Army, Air Force and Naval R.O.T.C. for Students
  The academic and technological knowledge an engineering degree provides a distinct advantage to individuals interested in a military appointment or career. This is especially true for those participating in one of the ROTC programs at USF.

Disruption of Academic Process and Academic Dishonesty
  The College of Engineering will maintain an environment that encourages all to study and conduct engineering research free from undue disruption. Disruption of the Academic Process is a matter the College is obliged to report to Student Judicial Services. Academic dishonesty, in any form, is taken very seriously by the College of Engineering and will result in sanctions. The most serious penalty is dismissal from the University. (See University policies - Academic Integrity of Students.)

Student Academic Grievance Procedure
  Students should make themselves fully aware of the University's grievance procedures. (See University policies regarding student academic grievance procedures.)

Preparation for Engineering
  The high school student anticipating a career in engineering should present a strong academic record including four years of advanced high school mathematics and science including chemistry and physics. Prospective students who lack sufficient preparation in high school may need additional preparatory coursework at the University of South Florida.

Accelerated Bachelor's and Master's Program
  Well-qualified students who, at the beginning of their senior year, are clearly interested in graduate study are invited to apply to the individual accelerated academic programs offered by various departments within the College of Engineering.

Minimum Performance and Graduation Requirements
Minimum Requirements
  All undergraduate students with a student classification of engineering and students who have been admitted to any academic program in the College of Engineering must maintain a minimum cumulative GPA of 2.0 in each of the following categories:
  1. Overall Undergraduate GPA
  2. USF GPA
  3. Math and Science courses (best attempt)
  4. Engineering Courses
  5. Prerequisite courses for the major
  6. Courses within the major
  Note: In no case will the minimum GPA for a category be less than 2.0.
  Students who do not meet the required minimum GPA in each category are ineligible for further registration in the College unless individually designed academic plans to correct their GPA deficiencies are recommended by their academic advisor. Approved plans must include a strategy to eliminate the deficiency in two semesters or less by meeting specific goals. Students who are afforded this opportunity will be closely monitored. Those who, for any reason, fail to meet the terms of their academic plans will be ineligible to declare or continue to declare a major, or intended major, in the College of Engineering and will be ineligible to register for courses that are restricted to College of Engineering students. All undergraduate students admitted to the College of Engineering must earn the required grade in math, science, and engineering courses in no more than two (2) registered attempts. Grades of W, I, IF, U, R, and M are considered attempts. Those who, for any reason, fail to meet this requirement will be ineligible to declare or
continue to declare a major, or intended major, in the College of Engineering and will be ineligible to register for courses that are restricted to college students. However, for the purpose of continuation in the in the Computer Science and Computer Engineering programs, attempts in CDA 3103 and COP 3514 are limited to two.

Students who are ineligible for further registration in the College of Engineering will be provided with a wide range of services to assist them in selecting a new career path. Students who have been academically dismissed from the University of South Florida, or leave on probation, may choose to attend another institution of higher learning and reapply to USF after improving their overall GPA. These returning students will be considered for readmission to the College if they meet the minimum College of Engineering admission requirements for transfer students and the program entrance requirements for their intended major as published in the University of South Florida Undergraduate Catalog in effect during the term of return.

Years to Degree
The College of Engineering requires that a student complete the baccalaureate degree within five years after beginning engineering specialization courses. Specialization courses taken more than five years prior to graduation will not be counted toward the degree. Exceptions may be granted by the academic department.

University, College and Program Requirements
The College requirements described in the section above are in addition to requirements set forth in the University policy and procedures section and the departmental sections of this catalog. It is the student's responsibility to complete all university, college, program and curricular requirements prior to graduation.

Student Laptop Computer Requirement
All students entering the College of Engineering are required to have a laptop computer that they can use in their engineering classes and labs. The laptop computer must be capable of connecting to the Internet via wireless. The minimum computer requirements can be found on the College of Engineering website. Students in the Information Technology program may not need a laptop, a desktop computer may be sufficient.

Graduation Application Procedures and Deadlines
Each College of Engineering student is required to complete an application for graduation and graduation checklist. Students should meet with their program advisor to review graduation qualifications and obtain approval well in advance of the College graduation application deadline. The graduation application deadline for the college is set prior to the university deadline and is posted on the College of Engineering Student Services website.

Note: Applications are generally due before the beginning of the graduating term. Individual academic departments may have a graduation application deadline that precedes the college one.

Grading Requirements
Grading Policies
1. S/U Grading Policy
Students pursuing College of Engineering degree programs are expected to take their courses on a graded basis. Please refer to the grading system in the Academic Policies and Procedures section of this catalog. S/U grading option must be requested during the first week of classes. Courses taken on an S/U basis are not applicable to the College's degree programs. Exceptions require written approval of the department advisor prior to registration.

2. I Grade Policy
The criteria for requesting and time limit for completing a grade of "I" (incomplete) are detailed in the Academic Policies and Procedures portion of this Catalog. A written agreement detailing the specific requirements and time limit for completion is required.

Full tuition must be paid and an audit form must be submitted to the Registrar's Office by the end of the first week of classes if a student wishes to attend the course again to review the material. If a student registers for the course but does not request to audit the course, a grade will be submitted for the subsequent registration and an I grade will remain on the transcript.

3. Minimum Acceptable Grade in Required Courses
The minimum acceptable grade in math and science prerequisites is a C (C- is insufficient). The minimum acceptable grade in courses is determined by the academic department. Students are strongly encouraged to familiarize themselves with the math/science GPA required for admission to the intended department as well as the minimum grade required in engineering courses. Grades higher than the minimum of C may be indicated.

Following are the undergraduate academic programs offered by the College of Engineering:
Bachelor of Science in Biomedical Engineering (B.S.B.E.)
Biomedical Engineering (EBC)
Bachelor of Science in Chemical Engineering (B.S.C.H.)
Chemical Engineering (ECH)
Bachelor of Science in Civil Engineering (B.S.C.E.)
Civil Engineering (ECE)
Bachelor of Science in Computer Engineering (B.S.C.P.)
Computer Engineering (ECP)
Bachelor of Science in Computer Science (B.S.C.S.)
Computer Science (BCS)
Bachelor of Science in Electrical Engineering (B.S.E.E.)
Electrical Engineering (EEL)
Bachelor of Science in Industrial Engineering (B.S.I.E.)
Industrial Engineering (EIE)
Bachelor of Science in Information Technology (B.S.I.T.)
Information Technology (ITC)
Bachelor of Science in Mechanical Engineering (B.S.M.E.)
Mechanical Engineering (EME)

Accelerated Programs
B.S.C.H. in Chemical Engineering/M.S.B.E. in Biomedical Engineering
B.S.C.H. in Chemical Engineering/M.S.C.H. in Chemical Engineering
B.S.C.H. in Chemical Engineering/M.S.E.M. in Engineering Management
B.S.C.H. in Chemical Engineering/M.S.M.S.E. in Materials Science and Engineering
B.S.C.P. in Computer Engineering/M.S.C.P. in Computer Engineering
B.S.C.P. in Computer Engineering/M.S.C.S. in Computer Science
B.S.C.P. in Computer Engineering/M.S.I.T. in Information Technology
B.S.I.E. in Industrial Engineering/M.S.B.E. in Biomedical Engineering
B.S.I.E. in Industrial Engineering/M.S.E.M. in Engineering Management
B.S.M.E. in Mechanical Engineering/M.S.B.E. in Biomedical Engineering
B.S.M.E. in Mechanical Engineering/M.S.M.E. in Materials Science and Engineering
B.S.M.E. in Mechanical Engineering/M.S.M.S.E. in Materials Science and Engineering

Minors
Biomedical Engineering (EBI)
Computer Science (BCS)
Information Technology (ITC) (formerly IT General Minor)

Certificates
Foundations of Cyber Security

The following minor is accepting no new admission because it was discontinued effective Fall 2017:
IT Technical Minor

Undergraduate Advising Information
Student Advising
Effective pursuit of engineering and engineering related studies requires careful attention to both the sequence and the type of courses taken. The engineering curriculum differs in key respects from the study plans of other majors even in the first year. Professional advisors in the College of Engineering provide individualized academic planning and guidance. New students must attend the University’s Orientation program. They will be introduced to the Engineering advisors during this program and receive advisement for their first semester. The student and advisors jointly work out a plan of study that meets both the student’s career objectives and the College of Engineering’s degree requirements. While the College provides advising services to assist students with academic planning, the student is responsible for knowing and meeting all performance standards and graduation requirements.

All Engineering majors are advised by the Office of Engineering Student Services. Please visit http://www.usf.edu/engineering/student-services/academic-advising/ for a list of advisors and their contact information.

• B.S.B.E. - BIOMEDICAL ENGINEERING (EBC) (CIP = 14.0701) TOTAL DEGREE HOURS: 131
  http://www.usf.edu/engineering/undergraduate/majors.aspx

Mission Statement
The academic mission of the Department of Medical Engineering is to prepare graduates with fundamental knowledge and contemporary skills for the development, economic design, and safe operation of biomedical and biological systems, processes, products, drugs and methods in a manner compatible with societal healthcare values.

Entrance Requirements for the Biomedical Engineering Program
College of Engineering students who have fully met the below admission requirements and are in good academic standing, may declare a major in Biomedical Engineering. Prior to being admitted to a department, a student may be permitted to take no more than two departmental engineering courses. Once admitted, the department may have continuation requirements which specify minimum performance standards in core engineering courses which must be met before further registration in the department is granted.

Minimum Admission Requirements for the Biomedical Engineering Department

1. Completion of:
   o Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282) and Calculus III (MAC 2313 or MAC 2283)
   o Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
   o Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
   o General Chemistry I with Lab (CHM 2045 and CHM 2045L)
2. A minimum grade of C in each course and a 2.75 GPA (based on best attempt) in these courses.
3. A minimum overall GPA of 2.5.
4. A minimum USF GPA of 2.5.

Departmental Policies
In addition to the College’s graduation requirements, the department has the following policies:
1. Mandatory academic advising of students for each term.
2. Exit interviews as a graduation requirement.

GPA and Grade Requirement
Many courses required for the BSBE degree in Biomedical Engineering have other prerequisite courses. Prerequisite courses must be completed with a C or better before the student is allowed to take the course. This applies to prerequisite courses taken in other departments as well.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.
If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

The following are transferable courses from the Florida College System Institution that will be accepted in the Math/Science/Engineering areas:

**Mathematics:**

**REQUIREMENTS FOR THE MAJOR IN BIOMEDICAL ENGINEERING**

**TOTAL MAJOR HOURS: 103**

**Major requirements for the B.S.B.E. Degree:**

**Major Core (91 hours)**

**Math and Science (44 credit hours)**

MAC 2281 Engineering Calculus I or MAC 2311 Calculus I
MAC 2282 Engineering Calculus II or MAC 2312 Calculus II
MAC 2283 Engineering Calculus III or MAC 2313 Calculus III
EGN 3433 Modeling and Analysis of Engineering Systems or MAP 2302 Differential Equations
(EGN 3433 may be taken by FTIC students and transfer students are accepted with MAP 2302)
BSC 2010 Cellular Processes
BSC 2010L Cellular Processes Laboratory
BSC 2011 Biodiversity
BSC 2011L Biodiversity Laboratory
CHM 2045 General Chemistry I
CHM 2045L General Chemistry I Laboratory
CHM 2046 General Chemistry II
CHM 2046L General Chemistry II Laboratory
CHM 2210 Organic Chemistry I
CHM 2210L Organic Chemistry I Laboratory
PHY 2048 General Physics I
PHY 2048L General Physics I Laboratory
PHY 2049 General Physics II
PHY 2049L General Physics II Laboratory

**Basic Engineering (13 credit hours)**

EGN 3000 Foundations of Engineering
EGN 3000L Foundations of Engineering Laboratory
EGN 3311 Statics
EGN 3343 Thermodynamics I
EGN 3373 Introduction to Electrical Systems I
EGN 3443 Probability and Statistics for Engineers

**Specialization (31 credit hours)**
- BME 3032 Biomedical Transport Process
- BME 3053 Computer Programming for Biomedical Engineers
- BME 3312 Molecular and Cellular Engineering
- BME 4056C Biomedical Engineering Lab I
- BME 4057C Biomedical Engineering Lab II
- BME 4100 Biomedical Engineering
- BME 4409 Engineering Physiology (PR: ECH 4846, EGN 3433)
- BME 4503 Biomedical Instrumentation
- BME 4508 Biomedical Signals and Systems Analysis
- BME 4882 Biomedical Engineering Design I
- BME 4883 Biomedical Engineering Design II

**Technical Writing (3 credit hours)**
ENC 3246 Communications for Engineers (WRIN)

**Major Electives (12 hours)**
- 6 hours of BME Upper-Level Electives
- 6 hours of STEM Upper-Level Electives (Students pursuing Medical School will take CHM 2211 Organic Chemistry II/L for five credit hours and a one-credit hour elective)

**Departmental Policies**
In addition to the College’s graduation requirements, the department has the following policies:
1. Mandatory academic advising of students for each term.
2. Exit interviews as a graduation requirement.

**GPA Requirements**
Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

**Residency Requirement**
Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic Engineering courses are not considered specialization courses. The University residency requirement must also be met.
A co-degree (concurrent) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

**Foundations of Knowledge and Learning (FKL) Requirement**
The Math and Science courses required for this major fully meet the Math and Science requirements of the Foundations of Knowledge and Learning Core Curriculum.

**Research Opportunities**
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

**Advising Information**
All incoming freshman and transfer students must meet with one of the college advisors in the Engineering Student Services (ESS).

**Engineering Student Services**
Office: Engineering Building III (ENC) 1302

Website
• B.S.C.H. - CHEMICAL ENGINEERING (ECH) (CIP = 14.0701)
TOTAL DEGREE HOURS: 131

http://www.usf.edu/engineering/undergraduate/majors.aspx

Students pursuing the Bachelor of Science in Chemical Engineering take coursework in advanced chemistry, thermodynamics, fluids, heat, and mass transfer, numerical methods, separation processes, reacting systems, instrumentation, control, and plant design. Students must also satisfactorily complete a design project as part of their program. Chemical and Biomedical engineering students must maintain a GPA of 2.0 in required departmental courses. Therefore, it is imperative that the students retain close contact with their advisor.

Students completing this program normally initiate their careers in manufacturing, environmental, and biological enterprises. Chemical engineers are found in administrative, technical, and research positions in these industries. Main products of these industries are petrochemicals, polymers, fibers, natural and synthetic fuels, electronic materials, fertilizers, pharmaceuticals, bio-materials, etc.

Mission Statement
The mission of the Department of Chemical & Biomedical Engineering is to prepare graduates with fundamental knowledge and contemporary skills for the development, economic design, and safe operation of chemical and biological systems, processes, products, and methods in a manner compatible with societal values.

Program Educational Objectives
The overall objective of the bachelor’s degree program in chemical engineering at the University of South Florida is to prepare graduates for successful careers in the chemical engineering and related professions. Accordingly, graduates of this program who have chosen to pursue a career in engineering shall achieve the following within a few years after graduation:

1. Demonstrate professional engineering competence by holding positions of increasing responsibility in industry, business, government and/or educational institutions
2. Publish papers, reports, patents and/or technical presentations at local, national, international meetings or within the professional organization/company that they are affiliated with.
3. Continue to improve their technical skills, knowledge and understanding through continuing education, pursuit of advanced degrees, and/or pursuit of professional license in their chosen profession.

Please refer to the mission statement on the department website for additional information.

Entrance Requirements for the Chemical Engineering Program
College of Engineering students who have fully met the below admission requirements and are in good academic standing, may declare a major in Chemical Engineering. Prior to being admitted to a department, a student may be permitted to take no more than two departmental engineering courses. Once admitted, the department may have continuation requirements which specify minimum performance standards in core engineering courses which must be met before further registration in the department is granted.

Minimum Admission Requirements for the Chemical Engineering Department
1. Completion of:
   o Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282) and Calculus III (MAC 2313 or MAC 2283)
   o Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
   o Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
   o General Chemistry I with Lab (CHM 2045 and CHM 2045L)
2. A minimum grade of C in each course and a 2.75 GPA (based on best attempt) in these courses.
3. A minimum overall GPA of 2.0.
4. A minimum USF GPA of 2.0.

Departmental Policies
In addition to the College’s graduation requirements, the department has the following policies:
1. Mandatory academic advising of students for each term.
2. Exit interviews as a graduation requirement.
GPA and Grade Requirement

Many courses required for the BS degree in Chemical Engineering have other prerequisite courses. Prerequisite courses must be completed with a C- or better before the student is allowed to take the course. This applies to prerequisite courses taken in other departments as well. The only exceptions are the Admissions Requirements courses, which must be passed with a grade of C or better. Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

Consult with the department undergraduate advisor for additional departmental electives and special topics courses that may be available.

Entrance Requirements for the Chemical Engineering Program  
College of Engineering students who have fully met the below admission requirements and are in good academic standing, may declare a major in Chemical Engineering. Prior to being admitted to a department, a student may be permitted to take no more than two departmental engineering courses. Once admitted, the department may have continuation requirements which specify minimum performance standards in core engineering courses which must be met before further registration in the department is granted.

Minimum Admission Requirements for the Chemical Engineering Department  
1. Completion of:  
   o Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282) and Calculus III (MAC 2313 or MAC 2283)  
   o Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)  
   o Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)  
   o General Chemistry I with Lab (CHM 2045 and CHM 2045L)  
2. A minimum grade of C in each course and a 2.75 GPA (based on best attempt) in these courses.  
3. A minimum overall GPA of 2.0.  
4. A minimum USF GPA of 2.0.

Departmental Policies  
In addition to the College’s graduation requirements, the department has the following policies:  
1. Mandatory academic advising of students for each term.  
2. Exit interviews as a graduation requirement.
GPA Requirements
Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

Grading Requirement
Many courses required for the BS degree in Chemical Engineering have other prerequisite courses. Prerequisite courses must be completed with a C- or better before the student is allowed to take the course. This applies to prerequisite courses taken in other departments as well. The only exceptions are the Admissions Requirements courses, which must be passed with a grade of C or better (C- is insufficient).

Residency Requirement
Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A co-degree (concurrent) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

State Communication and Computation Requirement (formerly Gordon Rule)
The State Communication Requirement (formerly known as Gordon Rule Communication) and State Computation Requirement (formerly known as Gordon Rule Computation) is fully met through the mathematics courses above, ENC 1101, ENC 1102, ENC 3246 and by selecting one technical or Foundation of Knowledge and Learning General Education course that is a State Communication Requirement (formerly known as Gordon Rule Communication) and State Computation Requirement (formerly known as Gordon Rule Computation) course or by completing an AA degree at a Florida College System institution.

Foundations of Knowledge and Learning (FKL) Requirement
The math and science courses required for this major fully meet the math and science requirements of the Foundations of Knowledge and Learning core curriculum.
Students in the College of Engineering may substitute a second "Physical Science" course for the required "Life Science" course. The credits earned for chemistry required by this major may count toward the FKL science requirement.

Foundations of Knowledge and Learning (FKL) Exit Requirement
- ENC 3246 Communication for Engineers (WRIN)
- ECH 4615 Product and Process Design (CPST)

Research Opportunities
The Research Experiences for Undergraduate Students program in the College of Engineering offers undergraduate students an opportunity to directly participate in state-of-the-art research. Graduate students and professors serve as research partners and mentors as undergraduate research assistants participate in the scientific process and gain relevant experience.
There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience.

Internship Opportunities
The College of Engineering and USF’s Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years.

Chemical Engineering Accelerated Programs
Students majoring in Chemical Engineering have the option to pursue one of the following accelerated programs:
- B.S.C.H. in Chemical Engineering and M.S.B.E. in Biomedical Engineering
COLLEGE OF ENGINEERING

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

- B.S.C.H. in Chemical Engineering and M.S.C.H. in Chemical Engineering
- B.S.C.H. in Chemical Engineering and M.S.E.M. in Engineering Management
- B.S.C.H. in Chemical Engineering and M.S.M.S.E. in Materials Science and Engineering

Accreditation Information
The Bachelor of Science degree program in Chemical Engineering is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

Advising Information
For questions about college and departmental admission, transferring from another institution or registration for prerequisite courses: http://www.usf.edu/engineering/student-services/academic-advising/index.aspx
For questions specific to Chemical Engineering courses and curriculum: http://www.usf.edu/engineering/chbme/undergraduate/index.aspx

CHEMICAL ENGINEERING FACULTY

• B.S.C.E. - CIVIL ENGINEERING (ECE) (CIP = 14.0801)
TOTAL DEGREE HOURS: 131
http://www.usf.edu/engineering/undergraduate/majors.aspx

Civil engineers will be entrusted by society to create a sustainable world and enhance the global quality of life. Civil engineers will serve as master planners, designers, constructors, and operators of society’s economic and social engine, the built environment (i.e., infrastructure); innovators and integrators of ideas and technology across the public, private, and academic sectors; managers of risk and uncertainty caused by natural events, accidents, and other threats; stewards of the natural environment and its resources; and, leaders in discussions and decisions shaping public environmental and infrastructure policy.

Mission Statement
The Civil Engineering Program of the Department of Civil and Environmental Engineering at the University of South Florida will provide undergraduate students with strong, broad-based, engineering education which gives them the basic intellectual and organization skills that allow them to work with complex systems with technological, social and environmental components.

As many of the Program's graduates begin work upon graduation in industry or with governmental organizations, the curriculum is designed to prepare students for these roles by requiring a number of courses in the various fields of civil engineering and by providing limited specialization in one given area. The curriculum is designed to encourage lifelong learning and to prepare students for undertaking advanced studies in engineering or in other professional areas.

Program Educational Objectives
The Civil Engineering Program and curriculum of the Department of Civil and Environmental Engineering are designed to meet the needs of all students within the context of the Program's Mission Statement. The Program Educational Objectives associated with the Program's Mission Statement are:
1. Graduates, within 3-6 years after graduation, can obtain positions in both public and private organizations.
2. Graduates, within 3 to 6 years after graduation, are continuing their professional development by extending their professional knowledge through independent learning, continuing education courses, conferences, workshops, short courses, graduate study and involvement in professional societies.
3. Graduates, within 3 to 6 years after graduation, who are working in public or private organizations which encourage professional registration, will have made appropriate progress towards achieving that registration.

Please refer to the mission statement on the department website for additional information.

Entrance and Continuation Requirements for the Civil Engineering Department
College of Engineering students who have fully met the below admission requirements and are in good academic standing, may declare a major in Civil Engineering. Prior to being admitted to a department, a student may be permitted to take no more than two departmental engineering courses. Once admitted, the Department may have continuation
requirements which specify minimum performance standards in core engineering courses which must be met before further registration in the Department is granted.

Minimum Admission Requirements for the Civil Engineering Department
1. Completion of:
   - Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282) and Calculus III (MAC 2313 or MAC 2283)
   - Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
   - Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
   - General Chemistry I with Lab (CHM 2045 and CHM 2045L) or (CHS 2440 and CHS 2440L)
   with a minimum grade of a C in each course and a 3.0 GPA (based on best attempt) in these prerequisites
2. A minimum overall GPA of 2.0
3. A minimum USF GPA of 2.0

Minimum Continuation Requirements for the Civil Engineering Department
Continuation requires a minimum grade of C- as well as a 2.5 GPA (based on best attempt) for the following courses:
- EGN 3311 Statics
- EGN 3331 Mechanics of Materials
- EGN 3353 Basic Fluid Mechanics
- EGN 3365 Materials

GPA and Grade Requirements
Unless otherwise stated, the minimum acceptable grade in all BSCE required math, science, engineering, and specialization courses is a C- or higher. Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

Tracks
In addition to designated common coursework in engineering mechanics, civil, and environmental engineering, students undertake a concentration of 15 hours of coursework plus a 3-hour capstone design course and a 1 hour Professional and Ethical Issues in Engineering.

Departmental Policies
In addition to the College's graduation requirements, the department has the following policies:
- All students must participate in mandatory advising prior to each term.
- All students must participate in department assessment activities and successfully complete an exit interview before graduating.
- All students must consider the advice of the Department to complete and pass the Fundamentals of Engineering Exam (F.E. Exam).
- All students must periodically provide writing samples as part of the department's writing assessment program.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to their intended department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUSS) and meet all of the other admissions requirements of the University and College.

The following are transferable courses from a Florida College System institution that will be accepted in the Math/Science/Engineering areas:

Mathematics:
Courses at USF  
MAC 2281 Engineering Calculus I  
Courses at a Florida College System Institution  
MAC X311 or MAC X281
MAC 2282 Engineering Calculus II  MAC X312 or MAC X282
MAC 2283 Engineering Calculus III  MAC X313 or MAC X283
MAP 2302 Differential Equations  MAP X302 or MAP X305

Natural Sciences:
Courses at USF
CHM 2045/CHM 2045L General Chemistry I with Lab
CHS 2440/CHS 2440L General Chemistry for Engineers with Lab
PHY 2048/PHY 2048L General Physics I - Calculus Based with Lab
PHY 2049/PHY 2049L General Physics II - Calculus Based with Lab

Courses at a Florida College System Institution
CHM X045/X045L or CHM X045C
CHS X440/X440L
PHY X048/X048L or PHY X048C or PHY X043/X048L
PHY X049/X049L or PHY X049C or PHY X044/X049L

REQUIREMENTS FOR THE MAJOR IN CIVIL ENGINEERING
TOTAL MAJOR HOURS: 110

Major requirements for the B.S.C.E. Degree:
Major Core (110 hours)
Math and Science (27 credit hours)
MAC 2281 Engineering Calculus I or MAC 2311 Calculus I
MAC 2282 Engineering Calculus II or MAC 2312 Calculus II
MAC 2283 Engineering Calculus III or MAC 2313 Calculus III
MAP 2302 Differential Equations or EGN 3433 Modeling and Analysis of Engineering Systems
CHS 2440 General Chemistry for Engineers or CHM 2045 General Chemistry I
CHS 2440L General Chemistry for Engineers Laboratory or CHM 2045L General Chemistry I Laboratory
PHY 2048 General Physics I
PHY 2048L General Physics I Laboratory
PHY 2049 General Physics II
PHY 2049L General Physics II Laboratory
Basic Engineering (26 credit hours)
EGN 3000 Foundations of Engineering
EGN 3000L Foundations of Engineering lab
GLY 3850 Geology for Engineers
EGN 1113 Introduction to Design Graphics
EGN 3321 Dynamics
EGN 4453 Numerical and Computer Tools I in Civil & Environmental Engineering
EGN 3331L Mechanics of Materials Laboratory
EGN 3343 Thermodynamics
EGN 3443 Probability and Statistics for Engineers
EGN 3615 Engineering Economics with Social and Global Implications
EGN 3373 Introduction to Electrical Systems I
Continuation Courses (12 credit hours)
EGN 3311 Statics
EGN 3365 Materials Engineering
EGN 3331 Mechanics of Materials
EGN 3353 Basic Fluid Mechanics
Specialization (21 credit hours)
EGN 4454 Numerical and Computer Tools II in Civil & Environmental Engineering
ENV 4001 Environmental Systems Engineering
TTE 4004 Transportation Engineering I
CES 3102 Structures I
CWR 4202 Hydraulics
ENV 4004L Environmental/Hydraulics Engineering Lab
CEG 4011 Geotechnical Engineering I
CEG 4011L Geotechnical/Transportation Laboratory
CGN 4122 Professional and Ethical Issues in Engineering
Technical Writing (3 credit hours)
ENC 3246 Communications for Engineers (WRIN)
Capstone Design (3 credit hours)
Civil Engineering Track and Capstone Design Requirements (part of the Specialization course)
Civil Engineering students choose one of the three tracks listed below:

**Structures/Materials/Geotechnical Track**
- CES 4702 Concepts of Concrete Design
- CES 4605 Concepts of Steel Design
- CGN 4851 Concrete Construction Materials
- CEG 4012 Geotechnical Engineering II or TTE 4005 Transportation Engineering II
- Technical Elective (three credit hours total, from the approved list of courses)
- CES 4750 Capstone Structural/Geotechnical/Material Design

**Geotechnical/Transportation Track**
- CGN 4851 Concrete Construction Materials
- CEG 4012 Geotechnical Engineering II
- TTE 4005 Transportation Engineering II
- Technical Elective (six credit hours total, from the approved list of courses)
- CEG 4850 Capstone Geotechnical/Transportation Design

**Environmental/Water Resources Track**
- ENV 4417 Water Quality and Treatment
- CWR 4540 Water Resources Engineering I
- CEG 4012 Geotechnical Engineering II or TTE 4005 Transportation Engineering II
- Technical Elective (six credit hours total, from the approved list of courses)
- CWR 4812 Capstone Water Resources/Environmental Design

Entrance Requirements for the Civil Engineering Department
College of Engineering students who have fully met the below admission requirements and are in good academic standing, may declare a major in Civil Engineering. Prior to being admitted to a department, a student may be permitted to take no more than two departmental engineering courses. Once admitted, the Department may have continuation requirements which specify minimum performance standards in core engineering courses which must be met before further registration in the Department is granted.

**Minimum Admission Requirements for the Civil Engineering Department**
1. Completion of:
   - Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282) and Calculus III (MAC 2313 or MAC 2283)
   - Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
   - Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
   - General Chemistry I with Lab (CHM 2045 and CHM 2045L) or (CHS 2440 and CHS 2440L)
   - with a minimum grade of a C in each course and a 3.0 GPA (based on best attempt) in these prerequisites
2. A minimum overall GPA of 2.0
3. A minimum USF GPA of 2.0

**Minimum Continuation Requirements for the Civil Engineering Department**
Continuation requires a minimum grade of C- as well as a 2.5 GPA (based on best attempt) for the following courses:
- EGN 3311 Statics
- EGN 3331 Mechanics of Materials
- EGN 3353 Basic Fluid Mechanics
- EGN 3365 Materials

Tracks
In addition to designated common coursework in engineering mechanics, civil, and environmental engineering, students undertake a concentration of 15 hours of coursework plus a 3-hour capstone design course and a 1 hour Professional and Ethical Issues in Engineering.

Departmental Policies
In addition to the College’s graduation requirements, the department has the following policies:
- All students must participate in mandatory advising prior to each term.
- All students must participate in department assessment activities and successfully complete an exit interview before graduating.
- All students must consider the advice of the College to complete and pass the Fundamentals of Engineering Exam (F.E. Exam).
GPA Requirements
Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

Grading Requirement
Unless otherwise stated, the minimum acceptable grade in all BSCE required math, science, engineering, and specialization courses is a C- or higher.

Residency Requirement
Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A co-degree (concurrent) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

State Communication and Computation Requirement (formerly Gordon Rule)
The State Communication Requirement (formerly known as Gordon Rule Communication) and State Computation Requirement (formerly known as Gordon Rule Computation) is fully met through the mathematics courses required for the major, ENC 1101, ENC 1102, ENC 3246 and by selecting one technical or Foundation of Knowledge and Learning General Education course that is an approved State Communication Requirement (formerly known as Gordon Rule Communication) and State Computation Requirement (formerly known as Gordon Rule Computation) course or by completing an AA degree at a Florida College System institution.

Foundations of Knowledge and Learning (FKL) Requirement
The math and science courses required for this major fully meet the math and science requirements of the Foundations of Knowledge and Learning core curriculum.

Students in the College of Engineering may substitute a second "Physical Science" course for the required "Life Science" course. The credits earned for chemistry required by this major may count toward the FKL science requirement.

Foundations of Knowledge and Learning (FKL) Exit Requirement
- ENC 3246 Communication for Engineers (WRIN)
- CES 4750 Capstone Structural/Geotechnical/Material Design (CPST) or CEG 4850 Capstone Geotechnical/Transportation Design (CPST) or CWR 4812 Capstone Water Resources/Environmental Design (CPST).

Research Opportunities
The Research Experiences for Undergraduate Students program in the USF College of Engineering offers undergraduate students an opportunity to directly participate in state-of-the-art research. Graduate students and professors serve as research partners and mentors as undergraduate research assistants participate in the scientific process and gain relevant experience.

There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience.

Internship Opportunities
The College of Engineering and USF’s Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years.
ACCREDITATION INFORMATION

The Bachelor of Science degree program in Civil Engineering is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

ADVISING INFORMATION

All incoming freshman and transfer students must meet with one of the college advisors in the Engineering Student Services (ESS).

Engineering Student Services
Office: Engineering Building III (ENC) 1302
Phone: (813) 974-2684
Email: eng-advisingmail@usf.edu

CIVIL ENGINEERING FACULTY

• B.S.C.P. - COMPUTER ENGINEERING (ECP)
  (CIP = 14.0901 - TRACK 1 OF 3)
  TOTAL DEGREE HOURS: 128

http://www.usf.edu/engineering/undergraduate/majors.aspx

The Computer Engineering program emphasizes the application of engineering principles to the design of computer hardware and software, and devotes additional time to computer architecture and advanced topics in hardware design, including extensive laboratory work. Students in this program also acquire a background in engineering topics through related coursework in the College.

MISSION STATEMENT

In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:

1. Lead the advancement of computer science, computer engineering, and information technology through internationally recognized research and graduate education, as well as technology transfer to regional industries.
2. Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.
3. Educate students in the best practices of the field as well as integrate the latest research into the curriculum.
4. Foster the development of problem solving and communication skills as an integral component of the profession.
5. Provide quality learning experiences through small classes, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

OBJECTIVES

The Department of Computer Science and Engineering has established the following program educational objectives for computer engineering graduates of the Department.

1. Our computer engineering graduates will apply their knowledge and skills to succeed in their career and/or obtain an advanced degree.
2. Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and our society.
3. Our graduates will successfully function in multi-disciplinary teams.
4. Our graduates will apply basic principles and practices of computing grounded in mathematics and science to successfully complete hardware and/or software related engineering projects to meet customer business objectives and/or productively engage in research.
Entrance and Continuation Requirements for the Computer Engineering Program

College of Engineering students who have fully met the below admission requirements and are in good academic standing, may declare a major in Computer Engineering. Prior to being admitted to a program, a student may take no more than two Departmental courses.

Minimum Admission Requirements for the Computer Engineering Program

1. Completion of:
   - English Composition I (ENC 1101) and English Composition II (ENC 1102)
   - Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282)
   - Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
   - Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)

   All students must complete the equivalent of USF Composition I & II, Engineering Calculus I & II and Calculus-based General Physics I & II (with Labs) with minimum grades of C in each course (grades of C- are insufficient). The minimum overall average GPA in these six courses required for admission to the Department is between 3.0 and 3.5 for any given year. The minimum acceptable average GPA will be posted on the Department’s website one year prior to the Fall Semester that the revised GPA is applicable. The computed GPA is based on the best attempts in these courses.

2. Completion of COP 2510 with a minimum grade of B (grade of B- is insufficient) or another introductory programming course covering a modern programming language, with an emphasis on programming concepts and design methodology with a minimum grade of B (grade of B- is insufficient).

3. A minimum overall GPA of 2.0
4. A minimum USF GPA of 2.0

Minimum Continuation Requirements for the Computer Engineering Program

Students meeting the above requirements may be admitted to either of the Computer Engineering or Computer Science degree tracks; however, continuation in the program will be allowed only for students who complete CDA 3103 and COP 3514 with minimum grades of B, based on best attempts in each course (grades of B- are insufficient). These requirements must be met with a maximum of two attempts allowed for each course.

GPA and Grade Requirements

Unless otherwise stated, the minimum acceptable grade in all BSCP required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in specialization courses is a C-, except as stated in the program admission and continuation requirements. Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

Departmental Policies

In addition to the College’s graduation requirements, the Department has the following policies:

1. Mandatory academic advising and/or mentoring of students.
2. Exit interview and/or survey as a graduation requirement

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the Department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

### Natural Sciences:

**Courses at USF**
- CHM 2045/CHM 2045L General Chemistry I with Lab
- CHS 2440/CHS 2440L General Chemistry for Engineers with Lab
- PHY 2048/PHY 2048L General Physics I - Calculus Based with Lab
- PHY 2049/PHY 2049L General Physics II - Calculus Based with Lab
- COP XXXX Introduction Programming in C, C++, JAVA or equivalent language

**Courses at a Florida College System Institution**
- CHM X045/X045L or CHM X045C or CHS X440/X440L
- PHY X048/X048L or PHY X048C
- PHY X049/X049L or PHY X049C
- COP XXXX Introduction Programming in C, C++, JAVA or equivalent language

### REQUIREMENTS FOR THE MAJOR IN COMPUTER ENGINEERING

**TOTAL MAJOR HOURS: 107**

**Major requirements for the B.S.C.P. Degree:**

**Major Core (95 hours)**

**Math and Science (27 credit hours)**
- MAC 2281 Engineering Calculus I or MAC 2311 Calculus I
- MAC 2282 Engineering Calculus II or MAC 2312 Calculus II
- MAC 2283 Engineering Calculus III or MAC 2313 Calculus III
- MAP 2302 Differential Equations or EGN 3433 Modeling and Analysis of Engineering Systems
- CHM 2045 General Chemistry I or CHS 2440 Chemistry for Engineers
- CHM 2045L General Chemistry I Laboratory or CHS 2440L Chemistry for Engineers Lab
- PHY 2048 General Physics I
- PHY 2048L General Physics I Laboratory
- PHY 2049 General Physics II
- PHY 2049L General Physics II Laboratory

**Basic Engineering (15 credit hours)**
- EGN 3000 Foundations of Engineering
- EGN 3000L Foundations of Engineering Lab
- EGN 3373 Introduction to Electrical Systems I
- EGN 3443 Probability and Statistics for Engineers
- EGN 3615 Engineering Economics with Social and Global Implications
- EGN 4450 Introduction to Linear Systems
- EEE 3394 Electronic Materials

**Specialization (44 credit hours)**
- COP 2510 Programming Concepts
- COP 3514 Program Design
- COP 3331 Object-Oriented Software Design
- COP 4530 Data Structures
- COP 4600 Operating Systems
- CDA 3103 Computer Organization
- CDA 3201 Computer Logic and Design
- CDA 3201L Computer Logic and Design Lab
- CDA 4203 Computer System Design
- CDA 4203L Computer System Design Lab
- CDA 4205 Computer Architecture
- CDA 4213 CMOS-VLSI Design
- CDA 4213L CMOS-VLSI Design Lab
- COT 3100 Introduction to Discrete Structures
- COT 4400 Analysis of Algorithms
- CIS 4250 Ethical Issues and Professional Conduct (CPST)
- CIS 4910 Computer Science Project

**Composition and Technical Writing (9 credit hours)**
- ENC 1101 Composition I
- ENC 1102 Composition II
- ENC 3246 Communication for Engineers (WRIN)
Major Electives (12 hours)

Departmental upper-level technical electives are classified as “software”, “hardware”, and “theory”. Computer Engineering students must choose 6 hours of hardware electives and an additional, non-overlapping 6 hours of electives in the Department. A maximum of six (6) hours combined of CIS 4900 and/or any other supervised individual study (that is, CIS 4915 and CIS 4940) are allowed as Departmental upper-level technical electives.

Software Electives:
- CAP 4034 Computer Animation Fundamentals
- CAP 4063 Web Application Design
- CAP 4401 Image Processing Fundamentals
- CAP 4410 Computer Vision
- CAP 4662 Introduction to Robotics
- CAP 4800 Systems Simulation
- CEN 4020 Software Engineering
- CEN 4072 Software Testing
- CEN 4721 User Interface Design
- CIS 4364 Cryptology and Information Security
- CNT 4004 Computer Networks I
- CNT 4411 Computing and Network Security
- CNT 4504 Computer Networks II
- COP 3257 JAVA Experienced Programmers
- COP 4020 Programming Languages
- COP 4365 Software Systems Development
- COP 4620 Compilers
- COP 4656 Software Development for Mobile Devices
- COP 4710 Database Design

Hardware Electives:
- CDA 4253 FPGA Design and Analysis
- CDA 4621 Control of Mobile Robots

Theory Electives:
- COT 4115 Advanced Discrete Structures with Cryptology
- COT 4210 Automata Theory and Formal Languages
- COT 4521 Computational Geometry

Other Courses
- CIS 4900 Independent Study
- CIS 4915 Supervised Research
- CIS 4940 Industry Internship

The Department website undergraduate section contains the most up to date list of Departmental upper-level technical electives. The prerequisite for most (but not all) Departmental upper-level technical electives is CDA 3201 Computer Logic and Design and COP 4530 Data Structures. Consult with the Department Undergraduate Advisor to learn more about available electives and which courses will and will not count towards the degree. Additional electives may be available with a special topics course number (typically, CIS 4930).

GPA Requirements

Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

Course Grade Requirement

Continuation in the major requires successful completion of CDA 3103 and COP 3514 with minimum grades of B, based on best attempts in each course. Grades of B- are insufficient. These requirements must be met with a maximum of two attempts allowed for each course.

Grading Requirement

Unless otherwise stated, the minimum acceptable grade in all BSCP required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in specialization courses is a C-, except as stated in the program admission and continuation requirements.

Residency Requirement

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.
A co-degree (concurrent) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

State Communication and Computation Requirement (formerly Gordon Rule)
The State Communication Requirement (formerly known as Gordon Rule Communication) and State Computation Requirement (formerly known as Gordon Rule Computation) is fully met through the mathematics courses above, ENC 1101, ENC 1102, ENC 3246, and CIS 4250 or by completing an A.A. degree at a Florida College System institution.

Foundations of Knowledge and Learning (FKL) Requirement
The math courses required for this major fully meet the math requirements of the Foundations of Knowledge and Learning core curriculum.

Students in the College of Engineering may substitute a second "Physical Science" course for the required "Life Science" course.

Foundations of Knowledge and Learning (FKL) Exit Requirement
- ENC 3246 Communication for Engineers (WRIN)
- CIS 4250 Ethical Issues and Professional Conduct (CPST)

Research Opportunities
The Research Experiences for Undergraduate Students program in the USF College of Engineering offers undergraduate students an opportunity to directly participate in state-of-the-art research. Professors and graduate students serve as research partners and mentors as undergraduate research assistants participate in the scientific process and gain relevant experience.

There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912 or IDS 4914 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience.

Internship Opportunities
The College of Engineering and USF’s Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years. See the Department undergraduate advisor for more information on earning academic credit for internships.

Computer Engineering Accelerated Programs
Students majoring in Computer Engineering have the option to pursue one of the following accelerated programs:
- B.S.C.P. in Computer Engineering and M.S.C.P. in Computer Engineering
- B.S.C.P. in Computer Engineering and M.S.C.S. in Computer Science
- B.S.C.P. in Computer Engineering and M.S.I.T. in Information Technology

Accreditation Information
The Bachelor of Science degree program in Computer Engineering is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

Advising Information
Department Undergraduate Advisor: http://www.usf.edu/engineering/cse/undergraduate/contacts.aspx

COMPUTER ENGINEERING FACULTY
The Computer Science program focuses on the design, development, and application of software systems. Additional course work in algorithms, discrete structures, object oriented design, data structures, operating systems, digital logic design, computer architecture, and a wide range of advanced electives extend and supplement the core.

Mission Statement
In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:
1. Lead the advancement of computer science, computer engineering, and information technology through internationally recognized research and graduate education, as well as technology transfer to regional industries.
2. Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.
3. Educate students in the best practices of the field as well as integrate the latest research into the curriculum.
4. Foster the development of problem solving and communication skills as an integral component of the profession.
5. Provide quality learning experiences through small classes, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

Objectives
The Department of Computer Science and Engineering has established the following program educational objectives for the computer science graduates of the Department.
1. Our computer science graduates will apply their knowledge and skills to succeed in their career and/or obtain an advanced degree.
2. Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and our society.
3. Our graduates will successfully function in multi-disciplinary teams.
4. Our graduates will apply basic principles and practices of computing grounded in mathematics and science to successfully complete software related projects to meet customer business objectives and/or productively engage in research.

Entrance and Continuation Requirements for the Computer Science Program
College of Engineering students who have fully met the below admission requirements and are in good academic standing, may declare a major in Computer Science. Prior to being admitted to a program, a student may take no more than two Departmental courses.

Minimum Admission Requirements for the Computer Science Program
1. Completion of:
   - English Composition I (ENC 1101) and English Composition II (ENC 1102)
   - Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282)
   - Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
   - Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
   - Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
All students must complete the equivalent of USF Composition I & II, Engineering Calculus I & II and Calculus-based General Physics I & II (with labs) with minimum grades of C in each course (grades of C- are insufficient). The minimum overall average GPA in these six courses required for admission to the Department is between 3.0 and 3.5 for any given year. The minimum acceptable average GPA will be posted on the Department's website one year prior to the Fall Semester that the revised GPA is applicable. The computed GPA is based on the best attempts in these courses.
2. Completion of COP 2510 with a minimum grade of B (grade of B- is insufficient) or another introductory programming course covering a modern programming language, with an emphasis on programming concepts and design methodology with a minimum grade of B (grade of B- is insufficient).
3. A minimum overall GPA of 2.0
4. A minimum USF GPA of 2.0

Minimum Continuation Requirements for the Computer Science Program
Students meeting the above requirements may be admitted to either of the Computer Science or Computer Engineering degree tracks; however, continuation in the program will be allowed only for students who complete CDA 3103 and COP 3514 with minimum grades of B, based on best attempts in each course (grades of B- are insufficient). These requirements must be met with a maximum of two attempts allowed for each course.
GPA and Grade Requirements

Unless otherwise stated, the minimum acceptable grade in all BSCS required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in specialization courses is a C-, except as stated in the program admission and continuation requirements. Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

Departmental Policies

In addition to the College’s graduation requirements, the Department has the following policies:

1. Mandatory academic advising and/or mentoring of students.
2. Exit interview and/or survey as a graduation requirement.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the Department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

COP XXXX Introductory Programming in C, C++, Java, or equivalent language
MAC X311 Calculus I or MAC X281
MAC X312 Calculus II or MAC X282
PHY X048/X048L General Physics I with Lab or PHY X048C
PHY X049/X049L General Physics II with Lab or PHY X049C
XXX XXXX Six credit hours of science courses for science majors

REQUIREMENTS FOR THE MAJOR IN COMPUTER SCIENCE

TOTAL MAJOR HOURS: 96

Major requirements for the B.S.C.S. Degree:

Math and Science (20 credit hours)

MAC 2281 Engineering Calculus I or MAC 2311 Calculus I
MAC 2282 Engineering Calculus II or MAC 2312 Calculus II
MAC 2283 Engineering Calculus III or MAC 2313 Calculus III
PHY 2048 General Physics I
PHY 2048L General Physics I Laboratory
PHY 2049 General Physics II
PHY 2049L General Physics II Laboratory

Basic Engineering (6 credit hours)

EGN 3000 Foundations of Engineering
EGN 3000L Foundations of Engineering Lab
EGN 3443 Probability and Statistics for Engineers
EGN 4450 Introduction to Linear Systems

Specialization (37 credit hours)

COP 2510 Programming Concepts
COP 3514 Program Design
COP 3331 Object-Oriented Software Design
COP 4530 Data Structures
COP 4800 Operating Systems
CDA 3103 Computer Organization
### Composition and Technical Writing (9 credit hours)
- ENC 1101 Composition I
- ENC 1102 Composition II
- ENC 3246 Communication for Engineers (WRIN)

### Major Electives (24 hours)
Departmental upper-level technical electives are classified as “software”, “hardware”, and “theory”. Computer Science students must choose 6 hours of software electives, 3 hours of theory electives, and an additional, non-overlapping 15 hours of electives in the Department. A maximum of six (6) hours combined of CIS 4900 and/or any other supervised individual study (that is, CIS 4915 and CIS 4940) are allowed as Departmental upper-level technical electives.

**Software Electives:**
- CAP 4034 Computer Animation Fundamentals
- CAP 4083 Web Application Design
- CAP 4401 Image Processing Fundamentals
- CAP 4410 Computer Vision
- CAP 4662 Introduction to Robotics
- CAP 4800 Systems Simulation
- CEN 4020 Software Engineering
- CEN 4072 Software Testing
- CEN 4721 User Interface Design
- CIS 4364 Cryptology and Information Security
- CNT 4004 Computer Networks I
- CNT 4411 Computing and Network Security
- CNT 4504 Computer Networks II
- COP 3257 JAVA Experienced Programmers
- COP 4020 Programming Languages
- COP 4365 Software Systems Development
- COP 4620 Compilers
- COP 4656 Software Development for Mobile Devices
- COP 4710 Database Design

**Hardware Electives:**
- CDA 4203/CDA 4203L Computer System Design & Lab
- CDA 4213/CDA 4213L CMOS-VLSI Design & Lab
- CDA 4253 FPGA Design and Analysis
- CDA 4621 Control of Mobile Robots

**Theory Electives:**
- COT 4115 Advanced Discrete Structures with Cryptology
- COT 4210 Automata Theory and Formal Languages
- COT 4521 Computational Geometry

**Other Courses:**
- CIS 4900 Independent Study
- CIS 4910 Senior Project
- CIS 4915 Supervised Research
- CIS 4940 Industry Internship

The Department website undergraduate section contains the most up to date list of Departmental upper-level technical electives. The prerequisite for most (but not all) Departmental upper-level technical electives is CDA 3201 Computer Logic and Design and COP 4530 Data Structures. Consult with the Department Undergraduate Advisor to learn more about available electives and which courses will and will not count towards the degree. Additional electives may be available with a special topics course number (typically, CIS 4930).

### GPA Requirements
Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.
Course Grade Requirement
Continuation in the major requires successful completion of CDA 3103 and COP 3514 with minimum grades of B, based on best attempts in each course. Grades of B- are insufficient. These requirements must be met with a maximum of two attempts allowed for each course.

Grading Requirement
Unless otherwise stated, the minimum acceptable grade in all BSCS required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in specialization courses is a C-, except as stated in the program admission and continuation requirements.

Residency Requirement
Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A co-degree (concurrent) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

State Communication and Computation Requirement (formerly Gordon Rule)
The State Communication Requirement (formerly known as Gordon Rule Communication) and State Computation Requirement (formerly known as Gordon Rule Computation) is fully met through the mathematics courses above, ENC 1101, ENC 1102, ENC 3246 and CIS 4250 or by completing an A.A. degree at a Florida College System institution.

Foundations of Knowledge and Learning (FKL) Requirement
The math courses required for this major fully meet the math requirements of the Foundations of Knowledge and Learning core curriculum.

Students in the College of Engineering may substitute a second "Physical Science" course for the required "Life Science" course.

Foundations of Knowledge and Learning (FKL) Exit Requirement
- ENC 3246 Communication for Engineers (WRIN)
- CIS 4250 Ethical Issues and Professional Conduct (CPST)

Research Opportunities
The Research Experiences for Undergraduate Students program in the USF College of Engineering offers undergraduate students an opportunity to directly participate in state-of-the-art research. Professors and graduate students serve as research partners and mentors as undergraduate research assistants participate in the scientific process and gain relevant experience.

There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912 or IDS 4914 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience.

Internship Opportunities
The College of Engineering and USF’s Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years. See the Department undergraduate advisor for more information on earning academic credit for internships.

Accreditation Information
The Bachelor of Science degree program in Computer Science is accredited by the Computing Accreditation Commission of ABET, http://www.abet.org.

Advising Information
Department Undergraduate Advisor: http://www.usf.edu/engineering/cse/undergraduate/contacts.aspx

**MISSION STATEMENT**

The mission of the Electrical Engineering Department in the College of Engineering at the University of South Florida is to provide a high quality education in electrical engineering for our students and practicing professionals; create new knowledge and solve real world problems via innovative research, and disseminate this information for the benefit of society; and to engage in effective regional, national and international service and outreach.

**PROGRAM EDUCATIONAL OBJECTIVES**

The Electrical Engineering Department in the College of Engineering at the University of South Florida is committed to graduating electrical engineers who shall within a few years of graduation:

- Demonstrate a progression in technical competence and increasing responsibility in the practice of engineering.
- Engage in written and oral professional communication within and beyond the engineering community.
- Continue to develop professionally through life-long learning, advanced education, and other creative pursuits in science and technology.

Please refer to the mission statement on the department website for additional information.

**ENTRANCE AND CONTINUATION REQUIREMENTS FOR THE ELECTRICAL ENGINEERING DEPARTMENT**

College of Engineering students who have fully met the below admission requirements and are in good academic standing, may declare a major in Electrical Engineering. Prior to being admitted to a department, a student may be permitted to take no more than two departmental engineering courses.

**Minimum Admission Requirement for the Electrical Engineering Department**

- Completion of:
  - Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282) and Calculus III (MAC 2313 or MAC 2283)
  - Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
  - General Chemistry I with Lab (CHM 2045 and CHM 2045L) or (CHS 2440 and CHS 2440L)
- A minimum grade of C in each course and a 2.75 GPA based upon the best attempt in these courses for guaranteed admission to the department, OR a 2.5 GPA based upon the best attempt in these courses for a conditional admission to the department pending review of complete transcript.
- A minimum overall GPA of 2.0
- A minimum USF GPA of 2.0

**Minimum Continuation Requirement for the Electrical Engineering Department**

Continuation in the major requires successful completion of Differential Equations with a grade of B (not B-) or higher (best attempt).

**GPA and Grade Requirement**

Unless otherwise stated, the minimum acceptable grade in BSEE required math, science, engineering and specialization courses is a C or higher (C- is insufficient). Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.
In addition to the College’s graduation requirement, the department has the following policies:

1. Students must consult with an academic advisor for the development of their individual academic study plan, and selection and approval of their Electrical Engineering Technical Electives.
2. Students must complete Exit interviews as a graduation requirement.

**STATE MANDATED COMMON COURSE PREREQUISITES**

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

**REQUIREMENTS FOR THE MAJOR IN ELECTRICAL ENGINEERING**

**TOTAL MAJOR HOURS: 107**

Major requirements for the B.S.E.E. Degree:

**Major Core (107 hours)**

**Math and Science (27 credit hours)**

| MAC 2281 Engineering Calculus I or MAC 2311 Calculus I |
| MAC 2282 Engineering Calculus II or MAC 2312 Calculus II |
| MAC 2283 Engineering Calculus III or MAC 2313 Calculus III |
| MAP 2302 Differential Equations or EGN 3433 Modeling and Analysis of Engineering Systems |
| CHM 2045 General Chemistry I or CHS 2440 Chemistry for Engineers |
| CHM 2045L General Chemistry I Laboratory or CHS 2440L Chemistry for Engineers Lab |
| PHY 2048 General Physics I |
| PHY 2048L General Physics I Laboratory |
| EEL 3472C Electrical Engineering Science II - Electromagnetics or PHY 2049 General Physics II and PHY 2049L General Physics II Laboratory |

*Note: EEL 3472C is strongly recommended but PHY 2049/L is accepted.*

**Basic Engineering (7 credit hours)**

| EGN 3000 Foundations of Engineering |
Program Core (37 credit hours)
Required Core (25 credit hours)
  EEE 3394 Electrical Engineering Science I - Electronic Materials
  EEL 2161 Programming with C
  EEL 3115L Laboratory I
  EEL 3163C Computer Tool Laboratory
  EEL 3705 Fundamentals of Digital Circuits
  EEL 3705L Fundamentals of Digital Circuits Laboratory
  EEL 4102 Signals and Systems
  EGN 3373 Introduction to Electrical Systems I
  EGN 3374 Introduction to Electrical Systems II
  EGN 3420 Engineering Analysis

Elective Core (12 credit hours)
Students must choose four (4) out of the six (6) courses listed below. Each course serves as a "gateway" to the Technical Tracks (see technical tracks and technical electives lists below).
  EEE 3302 Electronics I (Gateway Course for Technical Track #1)
  EEL 4512C Introduction to Communication Systems (Gateway Course for Technical Track #2)
  EGN 3375 Electromechanical systems (Gateway Course for Technical Track #3)
  EEL 4657 Linear Control Systems (Gateway Course for Technical Track #4)
  EEL 4423C Wireless Circuits & Systems Design Laboratory (Gateway Course for Technical Track #5)
  EEE 4351C Semiconductor Devices (Gateway Course for Technical Track #6)

Program Specialization (14 credit hours)
Students must choose a minimum of two (2) technical tracks as areas of specialization and select at least two (2) 3-credit hour courses and one (1) 1-credit hour laboratory from courses listed under each track. Courses cannot be double counted across tracks.

Track 1: Bioelectrical Systems
  EEE 4260C Bioelectricity
  EEE 4410 System on a Chip
  EEE 4506 Biomedical Image Processing
  EEL 3116L Laboratory II
  EEL 4271 Bioelectronics

Track 2: Communication Systems
  EEE 4305 Communications Electronics
  EEE 4595 Mobile and Personal Communication
  EEL 4727C Digital Signal Processing with Field Programmable
  EEL 4756 Digital Signal Processing
  EEL 4936 Wireless Communications Lab

Track 3: Energy, Power, and Sustainability
  EEL 4212 Energy Delivery Systems
  EEL 4214 Electric (Utility) Distribution Systems
  EEL 4224 Electric Machines and Drives
  EEL 4241 Power Electronics
  EEL 4251 Power System Analysis
  EEL 4252 Power Systems II
  EEL 4271 Power System Protection
  EEL 4283 Sustainable Energy
  EEL 4295 Power Quality
  EEL XXXX Laboratory

Track 4: Mechatronics, Robotics, and Embedded Systems
  EEE 3100 Network Analysis and Design
  EEL 3924 Makecourse-Art: Leonardo in the New Millennium
  EEL 4657L Linear Control Systems Laboratory
  EEL 4740 Embedded Systems
  EEL 4743L Microprocessor Laboratory
  EEL 4744 Microprocessor Principles and Applications
  EGN 3060 Mechatronics for Innovation
Track 5: Wireless Circuits and Systems
- EEL 4420 RF & Microwave Measurements
- EEL 4421 RF/Microwave Circuits I
- EEL 4422 RF/Microwave Circuits II
- EEL 4461 Antenna Theory

Track 6: Micro and Nano-scale Systems
- EEE 3302 Electronics I
- EEE 4274 MEMS I: Chemical/Biomedical Sensors and Microfabrication
- EEE 4301 Electronics II
- EEE 4359 Analog CMOS/VLSI Design
- EEL 3116L Laboratory II
- EEL 4567 Electro-Optics
- EEL XXXX Laboratory

Program Electives (13 credit hours)
Select 13 credit hours of course and laboratory work from any of the Electrical Engineering upper-level (3000- or 4000-level) courses listed in the Undergraduate Catalog. Students may choose more coursework under the two specialization tracks, or choose breadth over depth by choosing courses in other Electrical Engineering areas.

One 3-credit hour course may be taken outside of the Electrical Engineering department, with prior department approval.

Capstone Design Sequence (6 credit hours)
- EEL 4906 EE Design I
- EEL 4914 EE Design II (CPST)

Technical Writing (3 credit hours)
- ENC 3246 Communication for Engineers (WRIN)

Entrance Requirements for the Electrical Engineering Program
College of Engineering students who have fully met the below admission requirements and are in good academic standing, may declare a major in Electrical Engineering. Prior to being admitted to a department, a student may be permitted to take no more than two departmental engineering courses.

Minimum Admission Requirements for the Electrical Engineering Department
- Completion of:
  - Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282) and Calculus III (MAC 2313 or MAC 2283)
  - Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
  - General Chemistry I with Lab (CHM 2045 and CHM 2045L) or (CHS 2440 and CHS 2440L)
- A minimum grade of C in each course and a 2.75 GPA based upon the best attempt in these courses for guaranteed admission to the department, OR a 2.5 GPA based upon the best attempt in these courses for a conditional admission to the department pending review of complete transcript.
- A minimum overall GPA of 2.0
- A minimum USF GPA of 2.0

Minimum Continuation Requirements for the Electrical Engineering Department
Continuation in the major requires successful completion of Differential Equations with a grade of B (not B-) or higher (best attempt).

Departmental Policies
In addition to the College’s graduation requirement, the department has the following policies:
1. Students must consult with an academic advisor/mentor for the development of their individual academic study plan, and selection and approval of their Electrical Engineering Technical Electives. To schedule an appointment send an email to: ENG-EEAdvising@usf.edu
2. Students must complete Exit interviews as a graduation requirement.

GPA Requirements
Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

Course Grade Requirement
Continuation in the major requires successful completion of Differential Equations with grades of B (not B-) or higher (best attempt).
Grading Requirement
Unless otherwise stated, the minimum acceptable grade in BSEE required math, science, engineering and specialization courses is a C or higher (C- is insufficient).

Residency Requirement
Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A co-degree (concurrent) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

State Communication and Computation Requirement (formerly Gordon Rule)
The State Communication Requirement (formerly known as Gordon Rule Communication) and State Computation Requirement (formerly known as Gordon Rule Computation) is fully met through the mathematics courses above, ENC 1101, ENC 1102, ENC 3246 and by selecting one technical or Foundation of Knowledge and Learning elective that is an approved State Communication Requirement (formerly known as Gordon Rule Communication) and State Computation Requirement (formerly known as Gordon Rule Computation) course or by completing an AA degree at a Florida College System institution.

Foundations of Knowledge and Learning (FKL) Requirement
The math and science courses required for this major fully meet the math and science requirements of the Foundations of Knowledge and Learning core curriculum.

Students in the College of Engineering may substitute a second "Physical Science" course for the required "Life Science" course. The credits earned for chemistry required by this major may count toward the FKL science requirement.

Foundations of Knowledge and Learning (FKL) Exit Requirement
- ENC 3246 Communication for Engineers (WRIN)
- EEL 4914 EE Design II (CPST)

Research Opportunities
The Research Experiences for Undergraduate Students program in the USF College of Engineering offers undergraduate students an opportunity to directly participate in state-of-the-art research. Graduate students and professors serve as research partners and mentors as undergraduate research assistants participate in the scientific process and gain relevant experience.

There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience.

Internship Opportunities
The College of Engineering and USF’s Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years.

Accreditation Information
The Bachelor of Science degree program in Electrical Engineering is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

Advising Information
All incoming freshman and transfer students must meet with one of the college advisors in the Engineering Student Services (ESS).

Engineering Student Services
Office: Engineering Building III (ENC) 1302
ELECTRICAL ENGINEERING FACULTY

**B.S.I.E. - INDUSTRIAL ENGINEERING (EIE) (CIP = 14.3501)**

Total Degree Hours: 128

http://www.usf.edu/engineering/undergraduate/majors.aspx

Industrial engineering (IE) is a field of study intended for individuals who are interested in formulating mathematical, statistical, and computer simulation models of complex systems in manufacturing, logistics, information, healthcare, transportation, financial, utilities, entertainment, and service. IEs connect big data sets and models to make engineering decisions for improving system performance and developing public policies. Unlike traditional disciplines in engineering, the scope of the industrial engineering field is very broad.

**Mission Statement**

The mission of the IMSE Department is to:

- Assure student success through a high quality education which integrates the latest research and practices of the field;
- Pursue excellence in interdisciplinary research and innovation;
- Engage with the profession and the community.

**Program Educational Objectives**

Our graduates are expected to:

- Have applied industrial engineering effectively and creatively
- Have demonstrated effective communication and teamwork
- Have engaged in community service and leadership
- Have continued to pursue life-long learning

Please see the mission statement on the department website for additional information.

**Entrance Requirements for the Industrial Engineering Department**

College of Engineering students who have fully met the below admission requirements and are in good academic standing, may declare a major in Industrial Engineering. Prior to being admitted to a department, a student may be permitted to take no more than two departmental Engineering courses.

**Minimum Admission Requirements for the Industrial Engineering Department**

1. Completion of:
   - Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282) and Calculus III (MAC 2313 or MAC 2283)
   - Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
   - Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
   - General Chemistry I with Lab (CHM 2045 and CHM 2045L) or (CHS 2440 and CHS 2440L)

   A minimum grade of C in each course and a 2.4 GPA based upon the best attempt in these courses.

2. A minimum overall GPA of 2.0

3. A minimum USF GPA of 2.0

**GPA and Grade Requirement**

Unless otherwise stated, the minimum acceptable grade in all BSIE required math, science, engineering, and specialization courses is a C or higher (C- is insufficient). Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.
STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

Mathematics:

Courses at USF | Courses at a Florida College System Institution
--- | ---
MAC 2281 Engineering Calculus I | MAC X311 or MAC X281
MAC 2282 Engineering Calculus II | MAC X312 or MAC X282
MAC 2283 Engineering Calculus III | MAC X313 or MAC X283
MAP 2302 Differential Equations | MAP X302 or MAP X305

Natural Sciences:

Courses at USF | Courses at a Florida College System Institution
--- | ---
CHM 2045/CHM 2045L General Chemistry I with Lab | CHM X045/X045L or CHM X045C or CHS X440/X440L
CHS 2440/CHS 2440L General Chemistry for Engineers with Lab | PHY X048/X048L or PHY X048C or PHY X043/X048L
PHY 2048/PHY 2048L General Physics I - Calculus Based with Lab | PHY X049/X049L or PHY X049C or PHY X044/X049L
PHY 2049/PHY 2049L General Physics II - Calculus Based with Lab

REQUIREMENTS FOR THE MAJOR IN INDUSTRIAL ENGINEERING
TOTAL MAJOR HOURS: 107

Major requirements for the B.S.I.E. Degree:

Major Core (102 hours)

Math and Science (27 credit hours)

MAC 2281 Engineering Calculus I or MAC 2311 Calculus I
MAC 2282 Engineering Calculus II or MAC 2312 Calculus II
MAC 2283 Engineering Calculus III or MAC 2313 Calculus III
MAC 2302 Differential Equations or EGN 3433 Modeling and Analysis of Engineering Systems
CHS 2440 General Chemistry for Engineers or CHM 2045 General Chemistry I
CHS 2440L General Chemistry for Engineers Laboratory or CHM 2045L General Chemistry I Lab
PHY 2048 General Physics I
PHY 2048L General Physics I Laboratory
PHY 2049 General Physics II
PHY 2049L General Physics II Laboratory
EGN 3000 Foundations of Engineering
EGN 3000L Foundations of Engineering Lab
EGN 3443 Probability & Statistics for Engineering
EGN 4450 Introduction to Linear Systems
EGN 1113 Introduction to Design Graphics
EGN 3311 Statics
EGN 3373 Introduction to Electrical Systems I
EGN 3365 Materials Engineering I
EGN 3343 Thermodynamics I
Specialization (48 credit hours)
- EGN 3615 Engineering Economics with Social and Global Implications (required FKL Social and Behavioral Elective)
- ESI 4007 Engineering Programming
- EIN 4312C Work Analysis
- EIN 4621 Manufacturing Processes
- ESI 4312 Deterministic O.R.
- EIN 4333 Production Control
- ESI 4221 Statistical Quality Control
- ESI 4313 Probabilistic O.R.
- ESI 4620 Design of Industrial Information Systems
- ESI 4606 Engineering Analytics I
- EIN 4364 Facilities Design and Cost Analysis
- ESI 4244 Design of Experiments
- ESI 4523 Systems Simulation
- EIN 4243C Human Factors
- EIN 4601C Automation and Robotics
- EIN 4891 Capstone Design (CPST)
- ESI 4607 Engineering Analytics II

Technical Writing (3 credit hours)
- ENC 3246 Communication for Engineers (WRIN)

Major Electives (5 hours)
- Five (5) credit hours of Departmental Upper-Level Electives (Industrial Engineering Technical Elective)
- EIN 4142 Project Management
- EIN 4172 ISO 9000/14000
- EIN 4173 Quality Systems Management
- EIN 4180 Principles of Engineering Management
- EIN 4200 Creativity in Technology
- EIN 4213 Engineering Systems Safety
- EIN 4214 Occupational Safety Engineering
- EIN 4385 Management of Technical Change
- EIN 4453 Advanced Lean Six Sigma
- EIN 4933 Special Topics in Industrial Engineering
- EIN 5182 Principles of Engineering Management
- EIN 5275 Work Physiology and Biomechanics
- EIN 5510 Manufacturing Systems Analysis
- ESI 4326 Engineering the Supply Chain
- ESI 5236 Reliability Engineering
- ESI 5522 Computer Simulation

Entrance Requirements for the Industrial Engineering Department
College of Engineering students who have fully met the below admission requirements and are in good academic standing, may declare a major in Industrial Engineering. Prior to being admitted to a department, a student may be permitted to take no more than two departmental Engineering courses.

Admission Requirements for the Industrial Engineering Department
1. Completion of:
   - Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282) and Calculus III (MAC 2313 or MAC 2283)
   - Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
   - Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
   - General Chemistry I with Lab (CHM 2045 and CHM 2045L) or (CHS 2440 and 2440L)
   A minimum grade of C in each course and a 2.4 GPA based upon the best attempt in these courses.

2. A minimum overall GPA of 2.0
3. A minimum USF GPA of 2.0

GPA Requirements
Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

Grading Requirement
The minimum acceptable grade in all BSIE required math, science, engineering, and specialization courses is a C or higher (C- is insufficient).

**Residency Requirement**
Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A co-degree (concurrent) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

**State Communication and Computation Requirement (formerly Gordon Rule)**
The State Communication Requirement (formerly known as Gordon Rule Communication) and State Computation Requirement (formerly known as Gordon Rule Computation) is fully met through the mathematics courses above, ENC 1101, ENC 1102, ENC 3246, and EIN 4243C or by completing an AA degree at a Florida College System institution.

**Foundations of Knowledge and Learning (FKL) Requirement**
The math and science courses required for this major fully meet the math and science requirements of the Foundations of Knowledge and Learning core curriculum.

Students in the College of Engineering may substitute a second "Physical Science" course for the required "Life Science" course. The credits earned for chemistry required by this major may count toward the FKL science requirement.

**Foundations of Knowledge and Learning (FKL) Exit Requirement**
- ENC 3246 Communication for Engineers (WRIN)
- EIN 4891 Capstone Design (CPST)

**Other Requirements**
The Department has the following policies:
- Mandatory academic advising of students for each term,
- Exit interviews as a graduation requirement,
- Students are encouraged to take the FE Exam.

**Research Opportunities**
The Research Experiences for Undergraduate (REU) Students program in the USF College of Engineering offers undergraduate students an opportunity to directly participate in state-of-the-art research. Graduate students and professors serve as research partners and mentors as undergraduate research assistants participate in the scientific process and gain relevant experience. Contact Dr. Grisselle Centeno at gcenteno@usf.edu for further information on REU opportunities in Industrial Engineering.

**Internship Opportunities**
The College of Engineering and USF’s Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years. The IMSE department strongly encourages all BSIE students to pursue internship opportunities, and provides continual information to students as new opportunities become available.

**Industrial Engineering Accelerated Programs**
Students majoring in Industrial Engineering have the option to pursue one of the following accelerated programs:
- B.S.I.E. in Industrial Engineering and M.S.B.E. in Biomedical Engineering
- B.S.I.E. in Industrial Engineering and M.S.E.M. in Engineering Management

**Accreditation Information**
The Bachelor of Science degree program in Industrial Engineering is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.
Advising Information

Students who wish to declare Industrial Engineering as their major must apply to be admitted into the department. A department application and an IE flowchart with courses completed must be obtained from Engineering Student Services in Engineering Building III (ENC) 1302 prior to an initial advising appointment request in the department. This should be done when the four core prerequisites of EGN 1113 Introduction to Engineering Graphics, EGN 3443 Probability and Statistics for Engineers, EGN 4450 Linear Systems, and EGN 3615 Engineering Economics with Social and Global Implications have been satisfactorily completed, and the 2.4 GPA Math/Science entrance requirement is met. The first departmental advising session will be scheduled with the Undergraduate Director, Dr. Kingsley Reeves. Subsequently, the student will be assigned to an IE faculty as their permanent advisor for the remainder of their semesters until completion of their degree.

INDUSTRIAL ENGINEERING FACULTY

Chairperson and Professor: T.K. Das; Professors: O.G. Okogbaa, J. Zayas-Castro; Associate Professors: G. Centeno, C. Kwon, S. Lai-Yuen, K. Reeves, A. Savachkin, M.X. Weng, A. Yalcin; Assistant Professor: M. Li; Instructors: S. Acharya, P. Anzalone, P. Schnitzler.

• B.S.I.T. - INFORMATION TECHNOLOGY (ITC)  
(CIP = 11.0103 (TRACK 1 OF 4))

TOTAL DEGREE HOURS: 120

http://www.usf.edu/engineering/undergraduate/majors.aspx

The Information Technology major focuses on programming, databases, networking, human-computer interaction, web systems, and cybersecurity to meet the technology requirements of business, government, healthcare, education, and other organizations. Students in this major acquire the right combination of fundamental knowledge and practical expertise to solve computing technology problems and meet user needs. Currently, all Information Technology courses are online.

Mission Statement

In keeping with the mission of the College of Engineering, the Department of Computer Science and Engineering strives for excellence in teaching, research, and public service. Specifically, the Department aspires to:

1. Lead the advancement of computer science, computer engineering, and information technology through internationally recognized research and graduate education, as well as technology transfer to regional industries.
2. Prepare students for full and ethical participation in a diverse society and encourage lifelong learning.
3. Educate students in the best practices of the field as well as integrate the latest research into the curriculum.
4. Foster the development of problem solving and communication skills as an integral component of the profession.
5. Provide quality learning experiences through small classes, active learning styles of teaching, and opportunities for meaningful interactions between students and faculty.

Objectives

The Department of Computer Science and Engineering has established the following program educational objectives for information technology graduates of the Department.

1. Our information technology graduates will apply their knowledge and skills to succeed in their career and/or obtain an advanced degree.
2. Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in our profession and our society.
3. Our graduates will successfully function in multi-disciplinary teams.
4. Our graduates will apply principles and practices of information technology to identify, implement, and maintain cost-effective technologies and apply fundamental computing knowledge to solve information technology problems.

Entrance and Continuation Requirements for the Information Technology Program

Students in good standing who have fully met the below admission requirements may declare a major in Information Technology. Prior to being admitted to a major, a student may be permitted to take no more than two departmental courses.

Minimum Admission Requirements for the Information Technology Program

1. Completion of:
   - MAD 2104 Discrete Math
All students must complete the equivalent of USF Discrete Math (MAD 2104), Introduction to Databases for Information Technology (CGS 1540), Programming Fundamentals for IT (COP 2512), and Object Oriented Programming for IT (COP 2513) with minimum grades of C in each course (grades of C- are insufficient). The minimum overall average GPA in these four courses required for admission to the department is between 2.0 and 3.5 for any given year. The minimum acceptable average GPA will be posted on the department's website one year prior to the fall semester that the revised GPA is applicable. The computed GPA is based on the best attempts in these courses.

1. A minimum overall GPA of 2.0
2. A minimum USF GPA of 2.0

GPA and Grade Requirements

Unless otherwise stated, the minimum acceptable grade in all BSIT required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in state mandated prerequisite courses is a C or higher (C- is insufficient). The minimum acceptable grade in specialization courses is a C-, except as stated in the major admissions and continuation requirements. Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

Departmental Policies

In addition to the College’s graduation requirements, the department has the following policies:

1. Mandatory academic advising and/or mentoring of students.
2. Exit interview and/or survey as a graduation requirement.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

The minimum acceptable grade in state mandated prerequisite courses is a C or higher (C- is insufficient).

- PSY XXXX Any Psychology course
- STA X023 Introductory Statistics I or STA X122
- ECO X013 Principles of Economics (Macroeconomics)
- CGS XXXX Any Database course
- COP XXXX Any Computer Programming course
- MAC XXXX Any Pre-Calculus course
- PHY XXXX Any Physics course
- XXXX XXXX Any Discrete Math course
- COP XXXX Any Object-Oriented Computer Programming course

Requirements for the Major in Information Technology

Total Major Hours: 102

Major requirements for the B.S.I.T. Degree:

Major Core (84 hours)

Math and Science (16 credit hours)

- STA 2023 Introductory Statistics I
- MAC 1147 Precalculus Algebra and Trigonometry
- MAD 2104 Discrete Math
- PHY 2020 Conceptual Physics
- FKL Core Curriculum Natural Sciences Elective (CANL)

Breadth (9 credit hours)
PSY 2012 Introduction to Psychological Science
ECO 2013 Economics Principles (Macroeconomics)
INR 3033 International Political Cultures

**Basic Engineering (1 credit hour)**
- EGN 3000 Foundations of Engineering
- EGN 3000L Foundations of Engineering Lab

**Specialization (49 credit hours)**
- CEN 3722 Human Computer Interfaces for Information Technology
- CGS 1540 Introduction to Databases for Information Technology
- CGS 3303 Information Technology Concepts
- CGS 3853 Web Systems for Information Technology
- CIS 3213 Foundations of Cyber Security
- CIS 3433 System Architecture and Integration for Information Technology
- CIS 4083 Cloud Computing for Information Technology
- CIS 4253 Ethics for Information Technology
- CIS 4935 Senior Project in Information Technology (CPST)
- CNT 4104 Computer Information Networks for Information Technology
- CNT 4104L Computer Information Networks Laboratory for Information Technology
- CNT 4603 System Administration and Maintenance for Information Technology
- COP 2512 Programming Fundamentals for Information Technology
- COP 2513 Object Oriented Programming for Information Technology
- COP 3515 Advanced Program Design for Information Technology
- COP 4538 Data Structures and Algorithms for Information Technology
- COP 4703 Advanced Database Systems for Information Technology

**Composition and Technical Writing (9 credit hours)**
- ENC 1101 Composition I
- ENC 1102 Composition II
- ENC 3246 Communication for Engineers (WRIN)

**Major Electives (18 hours)**
- Students choose 18 credit hours of approved IT departmental electives from the following list:
  - CEN 4360 Mobile Applications Development for IT
  - CGS 3845 Electronic Commerce
  - CIS 4204 Ethical Hacking
  - CIS 4361 Information Assurance and Security Management for IT
  - CIS 4442 Resource Management for IT
  - CIS 4947 Industry Internship for IT
  - CNT 4403 Network Security and Firewalls
  - COP 3353 User-level introduction to Linux for IT
  - COP 4564 Application Maintenance and Debugging for IT
  - COP 4883 Java Programming for IT
  - CTS 4337 Linux Workstations System Administration for IT

The Department [website undergraduate section](https://www.engineering.usf.edu/) contains the most up-to-date list of Departmental Electives. These posted lists also describe the required pre-requisites for the electives. Additional electives may be available with a special topics course number (typically, COP 4931). Consult with the Department Undergraduate Advisor to learn more about available electives. Students may earn up to 9 hours of CIS 4947 Industry Internship for Information Technology credit, no more than 3 hours in any one given company.

**GPA Requirements**
- Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

**Grading Requirement**
- Unless otherwise stated, the minimum acceptable grade in all BSIT required math, science, and engineering courses is a C or higher (C- is insufficient). The minimum acceptable grade in state mandated prerequisite courses is a C or higher (C- is insufficient). The minimum acceptable grade in a specialization course is a C-, expect as stated in the program admission and continuation requirements.

**Residency Requirement**
- Transfer students must complete a minimum number of approved major core courses in the major at USF. The minimum number of USF major core credit hours required is established by the respective academic department. In no
case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A co-degree (concurrent) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

State Communication and Computation Requirement (formerly Gordon Rule)

The State Communication Requirement (formerly known as Gordon Rule Communication) and State Computation Requirement (formerly known as Gordon Rule Computation) is fully met through the mathematics courses above, ENC 1101, ENC 1102, ENC 3246, and CIS 4253 or by completing an A.A. degree at a Florida College System institution.

Foundations of Knowledge and Learning (FKL) Requirement

The math courses required for this major fully meet the math requirements of the Foundations of Knowledge and Learning core curriculum.

Students in the College of Engineering may substitute a second "Physical Science" course for the required "Life Science" course.

Foundations of Knowledge and Learning (FKL) Exit Requirement

- ENC 3246 Communication for Engineers (WRIN)
- CIS 4935 Senior Project in Information Technology (CPST)

Other Requirements

All Departmental courses for the Information Technology major are offered online; this may change in the future.

Research Opportunities

The Research Experiences for Undergraduate Students program in the USF College of Engineering offers undergraduate students an opportunity to directly participate in state-of-the-art research. Professors and graduate students serve as research partners and mentors as undergraduate research assistants participate in the scientific process and gain relevant experience.

There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912 or IDS 4914 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience.

Internship Opportunities

The College of Engineering and USF’s Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years. See the department undergraduate advisor for more information on earning academic credit for internships.

INFORMATION TECHNOLOGY FACULTY

• B.S.M.E. - MECHANICAL ENGINEERING (EME) (CIP = 14.1901)
TOTAL DEGREE HOURS: 128
http://www.usf.edu/engineering/undergraduate/majors.aspx

Students pursuing the Bachelor of Science in Mechanical Engineering program take coursework in thermodynamics, heat transfer, instrumentation, measurements, solid and fluid mechanics, dynamics, machine analysis and design,
mechanical design, manufacturing processes, vibrations and controls. This is supplemented by elective coursework in such areas as sustainability, internal combustion engines, refrigeration and air conditioning, mechanical design, robotics, propulsion, computer-aided design, manufacturing, bio-engineering, alternative energy, thermal design, composite materials, and tribology. Laboratories are available for basic instrumentation, thermal and fluid sciences, solid mechanics, data acquisition, controls, CAD/CAE, and vibrations.

Graduates of this program are employed in design, manufacturing, contracting, operations, marketing, and management in virtually all segments of industry and government, including, but not limited to: aeronautics, aerospace and propulsion; automotive, internal combustion engines, fuel cells and transportation; propulsion systems; power generation; heating, ventilation and air conditioning; structures and machinery design; mining and oil exploration; paper, textile, food, and petrochemical industries/processing/manufacturing; micro and nano materials and semiconductors; and biomaterials and bioengineering. There are abundant career opportunities in a wide range of industries because mechanical equipment is required in every aspect of modern industry.

Mission Statement
The Mission of the Department of Mechanical Engineering in the College of Engineering at the University of South Florida is to provide a quality undergraduate and graduate education for students entering the mechanical engineering profession or seeking careers in related fields: to advance scientific knowledge through basic and applied research; to disseminate technical information through scholarly publications, conferences and continuing education; to advance the profession through service within the associated societies, and to promote activities which serve global development.

Undergraduate Program Educational Objectives
Our Graduates, within 3-5 years of graduation, will successfully:

1. Apply concepts of science, mathematics, computation, and engineering in their chosen profession.
2. Apply knowledge and skills essential to engineering processes, such as design, analysis, synthesis, fabrication and experimental techniques.
3. Demonstrate skills for professional interaction and leadership including multi-disciplinary collaboration, and effective oral and written communication.
4. Demonstrate continued career development as well as professional and ethical responsibility within the global, societal and economic context.

Entrance and Continuation Requirements for the Mechanical Engineering Department
College of Engineering students who have fully met the below admission requirements and are in good academic standing, may declare a major in Mechanical Engineering. Prior to being admitted to a department, a student may be permitted to take no more than two departmental engineering courses.

Minimum Admission Requirements for Department of Mechanical Engineering
1. Completion of the following courses with a cumulative 3.0 GPA based on best attempt and a minimum grade of C in each course:
   - Calculus I (MAC 2311 or MAC 2281)
   - Calculus II (MAC 2312 or MAC 2282)
   - Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
2. A minimum overall GPA of 2.0
3. A minimum USF GPA of 2.0

Minimum Continuation Requirements for Department of Mechanical Engineering
Completion of EML 3500 Mechanics of Solids and EGN 3343 Thermodynamics I with a minimum grade of C in each course (C- is insufficient).

GPA and Grading Requirement
The minimum acceptable grade in all BSME required math and science courses is a C or higher (C- is insufficient). The minimum acceptable grade in engineering and specialization courses which are prerequisites to other degree required courses is a C-, excepted as stated in the Department Continuation Requirements. The passing grade for terminal engineering and specialization courses is a D-. Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.
If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students qualify for direct entry to the department if they have completed the following courses at a Florida College System institution or University in the Florida State University System (SUS) and meet all other admissions requirements of the University and College.

**REQUIREMENTS FOR THE MAJOR IN MECHANICAL ENGINEERING**

**TOTAL MAJOR HOURS: 107**

**Major requirements for the B.S.M.E. Degree:**

**Major Core (95 hours)**

Note: Department prefers students take EGN 3615 to fulfill one of the FKL Social and Behavioral Sciences Elective requirement, otherwise it will fulfill one of the Upper-Level (Technical/Design) Departmental Electives.

**Math and Science (27 credit hours)**

| MAC 2281 Engineering Calculus I or MAC 2311 Calculus I | MAC X311 or MAC X281 |
| MAC 2282 Engineering Calculus II or MAC 2312 Calculus II | MAC X312 or MAC X282 |
| MAC 2283 Engineering Calculus III or MAC 2313 Calculus III | MAC X313 or MAC X283 |
| MAP 2302 Differential Equations | MAP X302 or MAP X305 |
| CHS 2440 General Chemistry for Engineers or CHM 2045 General Chemistry I | CHM X045/X045L or CHM X045C or CHM X440/L |
| CHS 2440L General Chemistry for Engineers Laboratory or CHM 2045 General Chemistry I Laboratory | CHM X440/X440L |
| PHY 2048 General Physics I | PHY X048/X048L or PHY X048C or PHY X043/X048L |
| PHY 2048L General Physics I Laboratory | PHY X048L/X048L or PHY X048C or PHY X043/X048L |
| PHY 2049 General Physics II | PHY X049/X049L or PHY X049C or PHY X044/X049L |
| PHY 2049L General Physics II Laboratory | PHY X049L/X049L or PHY X049C or PHY X044/X049L |

**Basic Engineering (22 credit hours)**

| EGN 3000 Foundations of Engineering | EGN 3000L Foundations of Engineering Laboratory |
| EGN 3311 Statics | EGN 3311 Statics |
| EGN 3321 Dynamics | EGN 3321 Dynamics |
| EGN 3615 Engineering Economics with Social and Global Implications | EGN 3615 Engineering Economics with Social and Global Implications |
| EGN 3365 Materials Engineering I | EGN 3365 Materials Engineering I |
| EGN 3373 Introduction to Electrical Systems I | EGN 3373 Introduction to Electrical Systems I |
| EGN 3343 Thermodynamics I | EGN 3343 Thermodynamics I |
| EGN 3443 Probability & Statistics for Engineers | EGN 3443 Probability & Statistics for Engineers |

**Specialization (43 credit hours)**

| EML 3035 Programming Concepts for Mechanical Engineers | EML 3035 Programming Concepts for Mechanical Engineers |
| EML 3500 Mechanics of Solids | EML 3500 Mechanics of Solids |
Major Electives (12 hours)
12 hours of Upper-Level Departmental Electives (Technical Design Elective) from the list below:
- BME 4332 Cell and Tissue Engineering
- BME 4440 Introduction to Bioastronautics
- EAS 4121 Hydro and Aerodynamics
- EGN 4366 Materials Engineering II
- EML 4141 Thermal Management of Electronic Systems
- EML 4230 Introduction to Composite Materials
- EML 4246 Tribology
- EML 4310 Microcontrollers
- EML 4326 Advanced Materials Processing
- EML 4414 Power Plant Engineering
- EML 4419 Propulsion I
- EML 4421 Internal Combustion Engines
- EML 4450 Alternative & Renewable Energy
- EML 4503 Sustainable Design and Materials
- EML 4552 Senior Mechanical Design
- EML 4575 Principles of Fracture Mechanics
- EML 4593 Haptics
- EML 4601 Air Conditioning Design
- EML 4702 Fluid Dynamics II
- EML 4703 Mechanics of Compressible Fluids
- EML 4905 Independent Study
- EML 4930 Special Topics in Mechanical Engineering
- OSE 4601 Optical Product Technology

Entrance and Continuation Requirements for the Mechanical Engineering Department
College of Engineering students who have fully met the below admission requirements and are in good academic standing, may declare a major in Mechanical Engineering. Prior to being admitted to a department, a student may be permitted to take no more than two departmental engineering courses.

Minimum Admission Requirements for Department of Mechanical Engineering
1. Completion of the following courses with a cumulative 3.0 GPA based on best attempt and a minimum grade of C in each course:
   - Calculus I (MAC 2311 or MAC 2281)
   - Calculus II (MAC 2312 or MAC 2282)
   - Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
2. A minimum overall GPA of 2.0
3. A minimum USF GPA of 2.0

Minimum Continuation Requirements for Department of Mechanical Engineering
Completion of EML 3500 Mechanics of Solids and EGN 3343 Thermodynamics I with a minimum grade of C in each course (C- is insufficient).

GPA and Grade Requirements
The minimum acceptable grade in all BSME required math and science courses is a C or higher (C- is insufficient). The minimum acceptable grade in engineering and specialization courses which are prerequisites to other
degree required courses is a C-, excepted as stated in the Department Continuation Requirements. The passing grade for terminal engineering and specialization courses is a D-. Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

GPA Requirements
Students must have and maintain a minimum 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 Overall GPA.

Course Grade Requirement
Continuation requires completion of EML 3500 Mechanics of Solids and EGN 3343 Thermodynamics I with a minimum grade of C in each course (C- is insufficient).

Grading Requirement
The minimum acceptable grade in all BSME required math and science courses is a C or higher (C- is insufficient). The minimum acceptable grade in engineering and specialization courses which are prerequisites to other degree required courses is a C-, except as stated in the Department Continuation Requirements. The passing grade for terminal engineering and specialization courses is a D-.

Residency Requirement
Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A co-degree (concurrent) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

State Communication and Computation Requirement (formerly Gordon Rule)
The State Communication Requirement (formerly known as Gordon Rule Communication) and State Computation Requirement (formerly known as Gordon Rule Computation) is fully met through the mathematics courses above, ENC 1101, ENC 1102, ENC 3246 and by selecting one Foundation of Knowledge and Learning elective that is a State Communication Requirement (formerly known as Gordon Rule Communication) and State Computation Requirement (formerly known as Gordon Rule Computation) course or by completing an AA degree at a Florida College System institution.

Foundations of Knowledge and Learning (FKL) Requirement
The math and science courses required for this major fully meet the math and science requirements of the Foundations of Knowledge and Learning core curriculum.
Students in the College of Engineering may substitute a second "Physical Science" course for the required "Life Science" course. The credits earned for chemistry required by this major may count toward the FKL science requirement.

Foundations of Knowledge and Learning (FKL) Exit Requirement
- EML 4551 Capstone Design (CPST)
- ENC 3246 Communication for Engineers (WRIN)

Research Opportunities
The Research Experiences for Undergraduate Students program in the USF College of Engineering offers undergraduate students an opportunity to directly participate in state-of-the-art research. Graduate students and professors serve as research partners and mentors as undergraduate research assistants participate in the scientific process and gain relevant experience.
There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912 or IDS 4914 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience.

Internship Opportunities
The College of Engineering and USF’s Career Services Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain
valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years.

Mechanical Engineering Accelerated Programs
Students majoring in Mechanical Engineering have the option to pursue one of the following accelerated programs:
- B.S.M.E. in Mechanical Engineering and M.S.B.E. in Biomedical Engineering
- B.S.M.E. in Mechanical Engineering and M.M.E. in Mechanical Engineering
- B.S.M.E. in Mechanical Engineering and M.S.M.E. in Mechanical Engineering
- B.S.M.E. in Mechanical Engineering and M.S.M.E. in Engineering Management
- B.S.M.E. in Mechanical Engineering and M.S.M.E. in Materials Science and Engineering

Accreditation Information
The Bachelor of Science degree program in Mechanical Engineering is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

Advising Information
Dr. D. Hess, Professor & Undergraduate Advisor, 813-974-2280, Engineering Building III (ENC) 2205.

MECHANICAL ENGINEERING FACULTY

MINOR IN BIOMEDICAL ENGINEERING (EBI)
TOTAL MINOR HOURS: 15
http://www.usf.edu/engineering/undergraduate/minors.aspx

The Biomedical Engineering minor is open to all Engineering majors and other students who meet the prerequisites listed below. For Engineering majors, at least nine (9) credit hours beyond the B.S. in any Engineering discipline must be completed for the Biomedical Engineering minor.

Student must register with the Department of Chemical & Biomedical Engineering's undergraduate advisor prior to starting this minor.

REQUIREMENTS FOR THE MINOR IN BIOMEDICAL ENGINEERING
This Biomedical Engineering minor is a 15-credit hour program that is open to all Engineering majors and other students who meet the prerequisites listed under additional minor requirements.

Minor Core (6 hours)
BME 4100 Biomedical Engineering
BME 4406 Engineering of Biological Systems

Minor Electives (9 hours)
The remaining 9 credit hours can be taken from the following list:
- BCH 3023 Introductory Biochemistry or BCH 3053 General Biochemistry
- BME 4332 Cell and Tissue Engineering
- BME 4440 Introduction to Bioastronautics
- BME 4409 Engineering Physiology
- BME 4571 Nanomedicine
- BME 4931 Selected Topics in Biomedical Engineering**
- BME 5040 Pharmaceutical Engineering
- BME 5320 Theory and Design of Bioprocesses
- BME 5937 Selected Topics in Biomedical Engineering**
- ECH 4931 Special Topics in Chemical Engineering*
- ECH 5748 Selected Topics in Biomedical Engineering**
- EEE 4274 Chemical/Bio Sensors & Microfabrication
- EEE 4506 Biomedical Image Processing
- EIN 4243C Human Factors
- PHZ 4702 Applications of Physics to Biology & Medicine I
PHZ 4703 Applications of Physics to Biology & Medicine II
*The list of approved special topics courses is below.
ECH 4931 Bioseparations
ECH 4931 Modern Biomedical Technologies
ECH 4931 Research Design Methods & Interpretations
ECH 4931 or EEL 4936 Bioelectricity
**Please see academic advisor for selected topics courses.

Prerequisite courses:
1. Biology I: BSC 2010
2. Calculus II: MAC 2282, MAC 2242, or MAC 2312
3. Physics II: PHY 2049 or PHY 2054
4. General Chemistry II: CHM 2046

Other Requirements
Student must register with the Department of Chemical & Biomedical Engineering undergraduate advisor prior to starting this minor program.

Advising Information
Scott W. Campbell (campbell@usf.edu)

MINOR IN COMPUTER SCIENCE (BCS)
TOTAL MINOR HOURS: 18
http://www.usf.edu/engineering/undergraduate/minors.aspx

The Computer Science minor covers key topics in the discipline and is an 18 credit hour program that is expected to be attractive to students in other Engineering departments and to students in Mathematics and the Sciences (including Physics, Chemistry, and Biology).

REQUIREMENTS FOR THE MINOR IN COMPUTER SCIENCE
The Computer Science minor is open to all students, except for students majoring in Computer Science, Computer Engineering, and Information Technology, who meet the prerequisites listed under Additional Minor Requirements.

Minor Core (12 hours)
COP 3514 Program Design
CDA 3103 Computer Organization
COP 3331 Object-Oriented Software Design
COP 4530 Data Structures

Minor Electives (6 hours)
The remaining six credit hours can be taken from electives offered by the Department of Computer Science and Engineering.

Students must register with the Department Undergraduate Advisor prior to starting this minor program. Consultation with the Department Undergraduate Advisor will ensure that students are informed of all offered courses. All catalog prerequisites and registration requirements must be met for enrollment in any of the courses required for the minor.

All students desiring to pursue the minor must meet the same entry and continuation requirements as a Departmental major.

Prerequisite courses (28 hours):
1. English Composition I and II (ENC 1101 and ENC 1102)
2. Calculus I (MAC 2311 or MAC 2281) and Calculus II (MAC 2312 or MAC 2282)
3. Calculus-based Physics I with Lab (PHY 2048 and PHY 2048L)
4. Calculus-based Physics II with Lab (PHY 2049 and PHY 2049L)
5. Programming Concepts (COP 2510) with a minimum grade of B (grade of B- is insufficient) or another introductory program course covering a modern programming language, with an emphasis on programming concepts and design methodology with a minimum grade of B (grade of B- is insufficient)
6. Introduction to Discrete Structures (COT 3100 or equivalent) is required

GPA Requirements
Successful completion of the minor requires a minimum 2.0 GPA in the above listed courses.
Course Grade Requirement
Continuation in the minor requires successful completion of CDA 3103 and COP 3514 with minimum grades of B, based on best attempts in each course. Grades of B- are insufficient. These requirements must be met with a maximum of two attempts allowed for each course.

Other Information
Specially tracks in hardware, software, theory, and many other areas can be defined in consultation with the Department Undergraduate Advisor. A specific pre-graduate school track (requiring a total of 21 hours) intended for students planning to seek admission into the Department graduate program has been defined as follows:

- COT 4400 Analysis of Algorithms
- COP 4600 Operating Systems
- CDA 4205 Computer Architecture

Advising Information
Department Undergraduate Advisor: http://www.usf.edu/engineering/cse/undergraduate/contacts.aspx

MINOR IN INFORMATION TECHNOLOGY (ITC)
TOTAL MINOR HOURS: 21
http://www.usf.edu/engineering/undergraduate/minors.aspx

The Information Technology minor covers key topics in the discipline and is a 21 credit hour program that is expected to be attractive to students in other Engineering departments and to students in Mathematics and the Sciences (including Physics, Chemistry, and Biology) who have no background in software development.

The Information Technology minor is open to all students, except for students majoring in Computer Science, Computer Engineering and Information Technology, who meet the prerequisites as listed below.

REQUIREMENTS FOR THE MINOR IN INFORMATION TECHNOLOGY

Minor Core (15 hours)
- CGS 1540 Introduction to Databases for Information Technology
- CGS 3303 IT Concepts
- COP 2512 Programming Fundamentals for Information Technology
- COP 2513 Object Oriented Programming for Information Technology
- COP 3515 Advanced Program Design for Information Technology

Minor Electives (6 hours)
Two Departmental electives of student’s choice (in consultation with advisor) for which prerequisites have been met.

Students must register with the department undergraduate advisor prior to starting this minor program. Consultation with the department undergraduate advisor will insure that students are informed of all offered courses. All catalog prerequisites and registration requirements must be met for enrollment in any of the courses required for the minor. All students desiring to pursue the minor must meet the same entry and continuation requirements as a departmental major.

Students must register with the Department Undergraduate Advisor prior to starting this minor program. Consultation with the Department Undergraduate Advisor will ensure that students are informed of all offered courses. All catalog prerequisites and registration requirements must be met for enrollment in any of the courses required for the minor. All students desiring to pursue the minor must meet the same entry and continuation requirements as a Departmental major.

Prerequisite for Required Course (3 credit hours):
Discrete Mathematics (MAD 2104 or equivalent) is required for Advanced Program Design (COP 3515)

GPA Requirements
Successful completion of the minor requires a minimum 2.0 GPA in the above listed courses.

Advising Information
CERTIFICATE IN FOUNDATIONS OF CYBER SECURITY
TOTAL CERTIFICATE HOURS: 12
http://www.usf.edu/engineering/cse/index.aspx

This certificate covers a broad range of topics in Information Technology (IT) and Cybersecurity with a focus on practical tools for analyzing and protecting IT systems. Students completing the certificate will understand threats to IT systems and how to mitigate these threats. This certificate program is open to students from all majors except Department of Computer Science and Engineering majors (BSCS, BSCpE, and BSIT) – there are no prerequisite requirements to enter the certificate program.

REQUIREMENTS FOR THE CERTIFICATE IN FOUNDATIONS OF CYBER SECURITY

This certificate requires successful completion of four core courses - there are no elective courses. The four courses come from the BSIT program in the Department of Computer Science and Engineering. In rare cases, substitutions may be possible. Contact the Department Undergraduate Advisor for more information.

Certificate Core (12 hours)
- CGS 1540 Introduction to Databases for Information Technology
- CGS 3303 IT Concepts
- CIS 3213 Foundations of Cyber Security
- COP 2512 Programming Fundamentals for Information Technology

Note that the prerequisite for CGS 3303 is CGS 1540 (CGS 1540 has no prerequisite) and the prerequisite for CIS 3213 is COP 2512 (COP 2512 has no prerequisite). The certificate can typically be completed in one academic year.

GPA Requirements
A cumulative GPA of 2.0 in the certificate coursework is required.

Course Grade Requirement
A minimum grade of "C-" is required in each course in the certificate program.

Advising Information
Advising for this certificate program is from the undergraduate advisor in the Department of Computer Science and Engineering. See here: http://www.usf.edu/engineering/cse/people/advisor.aspx.

About the College

Mission
Transforming Healthcare, transforming lives. Creating the nursing leaders of tomorrow and the research that improves health.

Vision
USF College of Nursing will be nationally recognized for cutting-edge educational programs and innovative research in partnership with communities and interprofessional colleagues.

Values
Respect, Integrity, Diversity, Excellence, Innovation, Partnership.

Accreditation
The baccalaureate program at the University of South Florida is accredited by the Commission on Collegiate Nursing Education, One Dupont Circle, NW, Suite 530, Washington DC 20036, 202-887-6791. The program is approved by the Florida State Board of Nursing. Graduates of the Upper Division and Accelerated Second Bachelor’s Degree sequences are eligible to sit for the National Council Licensure Examination (NCLEX) Registered Nurse qualifying exam. Graduates may apply for licensure in Florida or other states. Successful undergraduates have the educational background necessary for graduate study in nursing.

Admission Requirements
In addition to University admission requirements (please see catalog for admission requirements to the University), the College of Nursing has additional admission requirements for each sequence. Please review admission requirements for the specific sequence to which you are applying.

College-Level Requirements
The College of Nursing is a limited access college and uses selective criteria for the admission of students. Any student who applies to the undergraduate program in the College of Nursing is initially coded as “pre-nursing” prior to official acceptance to the College of Nursing. Final admission to all Nursing programs is conditional upon passing a Level 2 background check.

Background Checks, Fingerprinting, Drug Testing and Immunizations
All students who are admitted to the College of Nursing are required to complete a Background Check, Immunization Verification, and Drug Screening for the College of Nursing via CertifiedProfile.com.

- The requirements are as follows: MMR, Varicella, Hepatitis B, Documentation of a Tdap booster, TB skin test, CPR certification from the American Heart Association, and a flu shot.
- All requirements must be completed by the first week of class.
- The CertifiedProfile account must be created with a USF Health email address, which is only available to students who have been admitted to the College of Nursing.
- Final admission to all Nursing sequences is conditional upon passing a Level 2 background check. Students who do not pass the level 2 background check will not be refunded the cost by either the college or CertifiedProfile.

For CertifiedProfile.com questions please contact the CertifiedProfile Service Desk at (888) 914-7279 or cpservicedesk@certifiedprofile.com.

Grading & Progression Policy
In addition to the University’s policies on progression, The College of Nursing holds a progression policy for all students within the nursing undergraduate program. Students admitted to all nursing sequences at The College of Nursing are required to earn a minimum grade of C in didactic courses and an S in lab/clinical courses. Progression in the sequences is based on GPA, course content and overall performance in lab/clinical. Failure to meet the grade minimum may result in dismissal from the College.

For further information on progression and grading policies, please visit the College of Nursing Handbook: http://health.usf.edu/nocms/nursing/pdfs/Baccalaureate_Handbook.pdf.

Following are the undergraduate academic programs offered by the College of Nursing:

Bachelor of Science (B.S.)
- Nursing: Accelerated Second Bachelor’s Degree Sequence (SBN)
- Nursing: RN to Bachelor’s Sequence (NRN)
- Nursing: Upper Division Sequence (NUR)
- Nursing: VCARe (VCA)
COLLEGE OF NURSING

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Undergraduate Advising Information

Advising for the College of Nursing is available for Pre-Nursing and admitted nursing students at the USF Health Wellness, Engagement, Leadership & Learning (W.E.L.L.) building (MDA) located at 12901 Bruce B. Downs Blvd, MDC 22, Tampa, FL 33612-4766. The College of Nursing Student Affairs Office is open from 8:00 AM to 5:00 PM weekdays and closed on University holidays. You may schedule an appointment to meet with an advisor by scheduling online via http://usfweb3.usf.edu/appointments/StudentSignon.asp or by contacting The Student Affairs Office at (813) 974-2191. During peak registration times walk-in advising may be offered, check with your advisor for availability of walk-in advising.

• B.S. - NURSING: ACCELERATED SECOND BACHELOR'S DEGREE SEQUENCE (SBN) (CIP = 51.3801)

TOTAL DEGREE HOURS: 62

http://health.usf.edu/nursing/academics/second-degree/admissions.html

The Accelerated Second Bachelor's Degree (SBN) sequence is for students who have a baccalaureate degree in another field and a minimum undergraduate GPA of 3.00. Students with an awarded bachelor's degree and who have completed all the Nursing prerequisite courses may be considered for admission into the Second Bachelor's Degree sequence; upon completion, students will earn a second bachelor's degree.

LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

This is a full-time, limited access program, as mandated by the State, and is structured sequentially. Admission is competitive. Any student who applies to the undergraduate program in the College of Nursing is initially coded as "Pre-Nursing" prior to official acceptance to the College of Nursing.

Admissions Requirements:
• Admission to the University of South Florida (Tampa Campus).
• Completion of the first bachelor's degree from a regionally accredited institution by the published application deadline for the intended term of entry.
• Minimum 3.0 cumulative GPA on all undergraduate work
• Completion of seven of the eight Nursing prerequisite courses by the published application deadline for the intended term of entry.
  o Note: Any outstanding Nursing prerequisite courses must be completed by the program start date, with a minimum grade of C or better, while maintaining a cumulative GPA greater than or equal to 3.0.
• If selected, an interview with College of Nursing faculty.
Students have the option to take NUR 3125 Pathophysiology in either the summer or spring semester prior to admission. Students must have all prerequisite courses completed prior to taking NUR 3125.

If a student receives a grade less than a C in any two prerequisite courses while declared as Pre-Nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply to the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA requirement to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida.

STATE MANDATED COMMON COURSE PREREQUISITES

The University's Foundations of Knowledge and Learning Core Curriculum (General Education) requirements and College of Nursing's prerequisite/support courses may be completed through the A.A. degree from a Florida College System institution. If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The A.A. degree satisfies admission requirements only if courses are carefully selected and include the required major prerequisite/support courses.

The College of Nursing requires certain courses within the Foundations of Knowledge and Learning Core Curriculum (General Education) requirement for the natural, social and behavioral sciences, and mathematics. Students must complete the prerequisite courses listed below prior to being admitted to the Second Bachelor's Degree sequence except those students in the C.A.R.E. program. All prerequisite courses must be completed with a grade of "C" or higher.

All courses not approved by the Florida State Course Numbering System (includes all Florida public colleges, universities, and College System institutions) used to satisfy these prerequisite requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

- BSC X085C Human Anatomy & Physiology I or any Human Anatomy & Physiology I course, 4 semester hours
- BSC X086C Human Anatomy & Physiology II or any Human Anatomy & Physiology II course, 4 semester hours
- CHM, BSC, PHY, PCB, BCH XXXX Any Chemistry, Biology, Physics, or Biochemistry course, 3 semester hours
- DEP X004 Human Growth & Development or any Human Growth & Development course, 3 semester hours
- HUN X201 Human Nutrition or any Human Nutrition course OR NUR 1192, 3 semester hours
- MCB X010C Microbiology or Any Microbiology course, 4 semester hours
- PSY, SYG, or SOP XXXX Any Psychology, Sociology, or Social Psychology course, 3 semester hours
- STA X014 Statistics or any Statistics course, 3 semester hours

REQUIREMENTS FOR THE MAJOR IN NURSING: ACCELERATED SECOND BACHELOR'S DEGREE SEQUENCE

TOTAL MAJOR HOURS: 62

Major requirements for the B.S. Degree:

Major Core (62 hours)

- NUR 3026 Patient Centered Care: Essentials of the Nursing Practice
- NUR 3026L Patient Centered Care: Essentials of the Nursing Practice Clinical
- NUR 3027L Patient Centered Care: Essentials of the Nursing Practice Lab
- NUR 3066 Health Assessment, Wellness, and Prevention Across the Life Span

Apply for Graduation

Semester Hours: 14

GPA Requirements

Minimum 3.0 cumulative GPA on all undergraduate work.
COLLEGE OF NURSING

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Course Grade Requirement

All Nursing courses must be passed with a C or better in didactic and an S in clinical.

Grading Requirement

All Nursing courses must be passed with a C or better in didactic and an S in clinical.
Please refer to the USF College of Nursing Student Handbook for grade and progression requirements.

Accelerated second bachelor's sequence students who receive a grade below a C in didactic or an S in clinical of any required nursing course will not be permitted to continue in the accelerated sequence. If allowed to continue in the program, the student must progress through the upper-division sequence, providing space and appropriate clinical placement is available.

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

• B.S. - NURSING: RN TO BACHELOR'S SEQUENCE (NRN)
  (CIP = 51.3801)
  TOTAL DEGREE HOURS: 120
  http://health.usf.edu/nursing/academics/rnbs/

The RN to BS (NRN) sequence is for students currently licensed to practice as a Registered Nurse. The RN to BS option allows an RN with a diploma or an associate's degree in nursing from a regionally accredited school to earn a Bachelor of Science degree with a major in Nursing.

LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

The College of Nursing is a limited access program. Any student who applies to the undergraduate program in the College of Nursing is initially coded as "pre-nursing" prior to official acceptance to the College of Nursing.

Admissions Requirements:

- Admission to the University of South Florida (Tampa Campus).
- Associate degree in Nursing from a regionally accredited institution. Nursing diplomas from a School of Nursing will be evaluated on a case-by-case basis.
- An overall GPA of 2.50 or higher on all undergraduate work (excluding Associate of Science Nursing courses).
- Must reside in the state of Florida with evidence of current Florida RN licensure in good standing. (Exemption: Those who reside in the state of Pennsylvania.)
- The College of Nursing requires completion of the following courses prior to application:
  - ENC 1101 English Composition I
  - ENC 1102 English Composition II
- RN Credit Validation – Per the state articulation agreement, Nursing course credit hours earned for the ASN will be validated for credit based on successful competency demonstration upon enrollment.

STATE MANDATED COMMON COURSE PREREQUISITES

The University's Foundations of Knowledge and Learning Core Curriculum (General Education) requirements and College of Nursing's prerequisite/support courses may be completed through the A.A. degree from a Florida College System institution. If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The A.A. degree satisfies admission requirements only if courses are carefully selected and include the required major prerequisite/support courses.

The College of Nursing requires certain courses within the Foundations of Knowledge and Learning Core Curriculum (General Education) requirement for the natural, social and behavioral sciences, and mathematics. Students must complete the prerequisite courses listed below prior to being admitted to the RN to Bachelor's sequence except those students in the C.A.R.E. program. All prerequisite courses must be completed with a grade of "C" or higher.

All courses not approved by the Florida State Course Numbering System (includes all Florida public colleges, universities, and College System institutions) used to satisfy these prerequisite requirements will be evaluated.
individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

REQUIREMENTS FOR THE MAJOR IN NURSING: RN TO BACHELOR'S SEQUENCE

TOTAL MAJOR HOURS: 30

Major requirements for the B.S. Degree:

Major Core (15 hours)
- NUR 3805 Nursing as a Profession
- NUR 3078 Information Technology Skills for Nurses
- NUR 4895 Educational Role of the Nurse in Healthcare
- NUR 4828C Foundations of Nursing Healthcare Leadership & Management
- NUR 4169C Evidence-Based Practice for Baccalaureate Prepared Nurse
- NUR 4634C Population Health

Major Electives (15 hours)
Students select one of three clusters during the second semester. The three clusters are Clinical Practice, Education, and Leadership. Students must complete at least two courses from the selected cluster. Remaining credits may be selected from any cluster. Please contact an academic advisor in Nursing for required cluster courses.
Cluster/Elective course availability will vary semester to semester and may include, and are not limited to:
- NSP 3147 Web-Based Education for Staff Development
- NSP 3640 Introduction to Military & Veteran Healthcare
- NSP 3880 Foundations of Healthcare QI & Patient Safety
- NSP 4148 Simulation for Nursing Practice
- NSP 4485 An Interdisciplinary Perspective on HIV
- NSP 4545 Substance Abuse Across the Lifespan
- NSP 4614 Preventative Cardiology for Healthcare Professionals
- NSP 4855 Skills for Nursing Staff Development Educator
- NSP 4881 Healthcare Human Resources Systems & Strategies
- NSP 4886 Team Strategies for Improving Healthcare and Patient Safety
- NUR 3678 Nursing Healthcare for Vulnerable Populations
- NUR 3826 Ethical/Legal Aspects of Nursing & Health Care
- NUR 4069 Health Assessment for Registered Nurses
- NUR 4128 Pathophysiology/Pharmacology
- NUR 4795 Cancer Symptom Management
- NUR 4850 Fundamentals of Healthcare Finance for RNs

These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

• B.S. - NURSING: UPPER DIVISION SEQUENCE (NUR) (CIP = 51.3801) TOTAL DEGREE HOURS: 120

http://health.usf.edu/nursing/academics/upper-division/admissions.html

The Upper Division (NUR) sequence is for students who have completed all nursing prerequisite courses and have a minimum GPA of 3.20.

Notice: This curriculum is for all students admitted into the Upper Division Sequence starting in Fall 2017. Students admitted prior to Fall 2017 will follow the appropriate admission year plan.

LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

This is a full-time limited access program, as mandated by the state, and is structured sequentially. Admission is competitive. Any student who applies to the undergraduate program at the College of Nursing is initially coded as "Pre-Nursing" prior to official acceptance to the College of Nursing.

C.A.R.E. (Creating Access to RN Education) sequence is a special program developed for the first time in college (FTIC) students. Requirements for consideration are a minimum 3.8 cumulative weighted high school grade point average and a combined score of at least 1360 on the SAT or a composite score of at least a 29 on the ACT. To maintain C.A.R.E. status pre-nursing students must maintain a 3.60 GPA and a minimum grade of C (3.0 GPA) in all state mandated prerequisite courses

Admissions Requirements:
• Admission to the University of South Florida (Tampa Campus).
• Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
• Minimum 3.20 cumulative GPA on all undergraduate work.
• Completion of seven of the eight Nursing prerequisite courses by the published application deadline for the
intended term of entry.

- Note: Any outstanding Nursing prerequisite courses must be completed by the program start date, with a minimum grade of C or better, while maintaining a cumulative GPA greater than or equal to 3.0.

- Completion of English Composition I, English Composition II, and the State Computation Requirement (formerly known as Gordon Rule Math) by the published application deadline.

- Completion of the University's Foreign Language Entrance Requirement (FLENT) and University Foundations of Knowledge and Learning (FKL) Core Curriculum (General Education) requirements by the intended term of entry.

If a student receives a grade less than a C in any two prerequisite courses while declared as Pre-Nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply to the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA requirement to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida.

STATE MANDATED COMMON COURSE PREREQUISITES

The state-mandated nursing common pre-requisites are required to be completed before the published application deadline for the intended term of entry. A grade of 'C' or better is required.

The University's Foundations of Knowledge and Learning Core Curriculum (General Education) requirements and College of Nursing's prerequisite/support courses may be completed through the A.A. degree from a Florida College System institution. If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The A.A. degree satisfies admission requirements only if courses are carefully selected and include the required major prerequisite/support courses.

The College of Nursing requires certain courses within the Foundations of Knowledge and Learning Core Curriculum (General Education) requirement for the natural, social and behavioral sciences, and mathematics. Students must complete the prerequisite courses listed below prior to being admitted to the Upper Division sequence except those students in the C.A.R.E. program. All prerequisite courses must be completed with a grade of "C" or higher.

All courses not approved by the Florida State Course Numbering System (includes all Florida public colleges, universities, and College System institutions) used to satisfy these prerequisite requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

### GPA Requirements
Minimum 3.20 cumulative GPA on all undergraduate work. Required prerequisite course grades may be weighted.

### Course Grade Requirement
All Nursing courses must be passed with a C or better in didactic and an S in clinical.

### Grading Requirement
Please refer to the USF College of Nursing Student Handbook for grade and progression requirements.

### Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.
• B.S. - NURSING: V CARE (VCA) (CIP = 51.3801)
TOTAL DEGREE HOURS: 120

http://health.usf.edu/nursing/academics/vcare/

The VCARE sequence is for students who have U.S. Army Medic, U.S. Air Force Medic, or U.S. Navy Corpsman training and experience and minimum cumulative GPA of 3.00.

LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

This is a full-time limited access program, as mandated by the state, and is structured sequentially. Admission is competitive.

Admission Requirements
• Admission to the University of South Florida (Tampa Campus).
• Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
• Applicants must have U.S. Army Medic, U.S. Air Force Medic, or U.S. Navy Corpsman training and experience to be a candidate for the V-CARE sequence.
• Minimum 3.0 cumulative GPA on all undergraduate work.
• Completion of the Nursing prerequisite courses by the published application deadline for the intended term of entry.
  o Students who do not have all prerequisite courses completed by the Fall admission cycle may be eligible for conditional admission.
  o Note: Any outstanding Nursing prerequisite courses must be completed by the program start date, with a minimum grade of C or better, while maintaining a cumulative GPA greater than or equal to 3.0.
• Completion of English Composition I, English Composition II, and the State Computation Requirement (formerly known as Gordon Rule Math) by the published application deadline.
• If selected, an interview with College of Nursing faculty.
• Completion of the University's Foreign Language Entrance Requirement (FLENT) and University Foundations of Knowledge and Learning (FKL) Core Curriculum (General Education) requirements by the intended term of entry.

STATE MANDATED COMMON COURSE PREREQUISITES

The state-mandated nursing common pre-requisites are required to be completed before the published application deadline for the intended term of entry. A grade of 'C' or better is required while maintaining a cumulative GPA equal to or greater than 3.0.

The University's Foundations of Knowledge and Learning Core Curriculum (General Education) requirements and College of Nursing's prerequisite/support courses may be completed through the A.A. degree from a Florida College System institution. If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The A.A. degree satisfies admission requirements only if courses are carefully selected and include the required major prerequisite/support courses.

The College of Nursing requires certain courses within the Foundations of Knowledge and Learning Core Curriculum (General Education) requirement for the natural, social and behavioral sciences, and mathematics. Students must complete the prerequisite courses listed below prior to being admitted to the VCARE sequence except those students in the C.A.R.E. program. All prerequisite courses must be completed with a grade of "C" or higher.

All courses not approved by the Florida State Course Numbering System (includes all Florida public colleges, universities, and College System institutions) used to satisfy these prerequisite requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

BSC X085C Human Anatomy & Physiology I or any Human Anatomy & Physiology I course, 4 semester hours
BSC X086C Human Anatomy & Physiology II or any Human Anatomy & Physiology II course, 4 semester hours
CHM, BSC, PHY, PCB, BCH XXXX Any Chemistry, Biology, Physics, or Biochemistry course, 3 semester hours
DEP X004 Human Growth & Development or any Human Growth & Development course, 3 semester hours
HUN X201 Human Nutrition or any Human Nutrition course OR NUR 1192, 3 semester hours
MCB X010C Microbiology or Any Microbiology course, 4 semester hours
PSY, SYG, or SOP XXXX Any Psychology, Sociology, or Social Psychology course, 3 semester hours
STA X014 Statistics or any Statistics course, 3 semester hours
REQUIREMENTS FOR THE MAJOR IN NURSING: VCARE
TOTAL MAJOR HOURS: 56

Major requirements for the B.S. Degree:
Major Core (56 hours)
- NUR 3066L Health Assessment, Wellness, and Prevention Across the Life Span Lab
- NUR 3081 Bridge to Professional Nursing
- NUR 3081L Bridge to Professional Nursing Practice
- NUR 3125 Pathophysiology for Nursing Practice

About the College
In today's society, public health issues loom large and are at the forefront of the world’s concerns. Population pressures, environmental problems, maternal and child healthcare, disaster management, new emerging diseases, behavioral challenges, healthcare management and cost containment demand solutions from the public health professional. To meet these challenges, the mission of the College of Public Health is to promote public health through research, education and services. The USF College of Public Health is one of 49 public health colleges in the nation and is fully accredited by the Council on Education for Public Health. The College has five departments: Community and Family Health, Epidemiology and Biostatistics, Environmental and Occupational Health, Health Policy and Management, and Global Health.

The purpose of the undergraduate curriculum offered in the College is to promote student-centered learning so the students may articulate the role of public health in disease prevention and health promotion locally, statewide, nationally, and globally. Moreover, students will be able to analyze public health issues related to a particular concentration area, become knowledgeable about dynamic career paths in public health and develop an understanding of public health that serves as a foundation for the pursuit of graduate public health degrees.

Accreditation
The College of Public Health is fully accredited by the Council on Education in Public Health (CEPH). CEPH (1010 Wayne Avenue, Suite 220, Silver Spring, MD 20910) is an independent agency that is recognized by the US Department of Education to accredit schools of public health. The College received notice dated October 20, 2011 that it has been reaccredited for seven years, through December 31, 2018; this is the maximum possible number of years attainable in a reaccreditation cycle.

Admission Requirements
Admission to the College of Public Health is open to students who have been accepted into the University of South Florida and have declared a major in public health. Undergraduate students must submit a formal application for admission into the College of Public Health during orientation and advising for new students.

Graduation Requirements
- Complete at least 120 accepted semester hours with a minimum USF cumulative GPA and overall GPA of 2.0.
- Complete the Foreign Language Entrance Requirement.
- Students must satisfy State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math). Transfer students who enter the University of South Florida with 60 or more semester hours from a regionally accredited institution are considered to have met the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math).
- Complete the General Education Core and Foundations of Knowledge and Learning General Education requirements of 36 hours.
- Complete the FKL Exit requirement of six hours.
- Complete all major course requirements.
- None of the coursework taken for the major may be taken as an S/U grade, unless S/U is the only grading option available.
- The Audit option is available only during the first five (5) days of classes.
- Complete a minimum of 42 hours of upper-level courses (numbered 3000 or above).
- Thirty (30) of the last 60 semester hours must be completed at USF to fulfill the residency requirement.

Following are the undergraduate academic programs offered by the College of Public Health:

**Bachelor of Science** (B.S.)
- Public Health (PUB)

**Accelerated Degree Program**
- Public Health

**Minors**
- Community Engaged Homeland Security & Emergency Management (HSE)
- Environmental Health (EVH)
- Health Education (HEAL)
- Infection Control (IFC)
- Nutrition (NUT)
- Public Health (GPH)
**COLLEGE OF PUBLIC HEALTH**

**Undergraduate Advising Information**
Undergraduate students seeking careers in public health are invited to refer to the College website: [http://publichealth.usf.edu/undergrad](http://publichealth.usf.edu/undergrad) or contact the College advisors:
UG-PublicHealthAdvising@health.usf.edu, (813) 974-4633

In order to schedule a meeting with an advisor in this college, please use escheduler.

**Other Information**
Undergraduate college courses are offered through traditional classroom methods and online.

**B.S. - PUBLIC HEALTH (PUB) (CIP = 51.2201)**

**TOTAL DEGREE HOURS: 120**

[http://health.usf.edu/publichealth/undergrad/academic-programs.htm](http://health.usf.edu/publichealth/undergrad/academic-programs.htm)

USF offers the first Bachelor's in Public Health housed in its accredited College of Public Health in Florida. The Bachelor of Science in Public Health provides the student-centered courses required for entry-level public health jobs found in government agencies, health corporations, community non-profit organizations and healthcare facilities.

**STATE MANDATED COMMON COURSE PREREQUISITES**
Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for this program.

**REQUIREMENTS FOR THE MAJOR IN PUBLIC HEALTH**

**TOTAL MAJOR HOURS: 54**

**Major requirements for the B.S. Degree:**

**Major Core (30 hours)**
- HSC 4211 Health, Behavior and Society
- HSC 4551 Survey of Human Diseases
- HSC 4624 Foundations of Global Health
- HSC 4630 Understanding U.S. Health Care
- PHC 3302 Introduction to Environmental & Occupational Health
- PHC 4030 Introduction to Epidemiology
- PHC 4069 Biostatistics in Society
- PHC 4101 Overview of Public Health Programs and Policies
- PHC 4117 Workforce & Leadership Development
- PHC 4464 Introduction to Health Disparities & Social Determ

**Major Electives (24 hours)**

Skills Courses (12 credit hours)
- HSC 4631 Critical Issues in Public Health* (CPST and 6ACT)
- PHC 4720 Foundation to Professional Writing in Public Health (WRIN and 6ACT)
- PHC 4755 Foundations of Evaluation and Research

Pick one course:
- PHC 4140 Introduction to Public Health Geographic Information Systems
- PHC 4931 Health Care Ethics
- PHC 4942 Public Health Field Seminar

Specialization Electives (12 credit hours)
Students may choose but are not required) an area of specialization and take 12 credit hours from that chosen area:
- NUTRITION
COLLEGE OF PUBLIC HEALTH

HSC 4573 Foundations of Food Safety
HUN 3126 Food and Culture
HUN 3272 Sports Nutrition
HUN 3296 Nutrition and Disease

INFECTION CONTROL
HSC 4504 Foundations of Public Health Immunology
HSC 4573 Foundations of Food Safety
PHC 4031 Emerging Infectious Diseases
PHC 4032 Foundations of Infection Control

HEALTH EDUCATION
PHC 4141 Intervention Program Planning and Management
PHC 4501 Health Education Theory and Behavior
PHC 4582 Health Education Methods and Strategies
Select one course from the following list:
   HSC 4172 Women's Health: A Public Health Perspective
   HSC 4579 Foundations of Maternal and Child Health

ENVIRONMENTAL AND OCCUPATIONAL HEALTH
HSC 3503 Principles of Toxicology
HSC 4213 Environmental and Occupational Risk Analysis
HSC 4430 Occupational Health and Safety
PHC 3320 Environmental Health Science

GLOBAL HEALTH
PHC 4188 Public Health Emergencies in Large Populations
PHC 4234 Public and Private Continuity Planning for Emergencies
PHC 4375 Community Participation in Homeland Security
PHC 4376 Disaster by Design: Exercise Development for Homeland Security Professionals

Lower-Level Public Health Electives (Choose up to 2 courses)
The following lower-level courses are not required for the major, but may be taken and applied toward the total degree hours requirement (120 hours).
   HSC 2017 Careers in Public Health
   HSC 2100 Contemporary Health Science
   HSC 2130 Sex, Health and Decision Making
   HSC 2933 Selected Topics in Public Health
   HUN 2201 Nutrition
   PHC 2100 Introduction to Public Health

### GPA Requirements

Maintain a major GPA of 2.0 in USF coursework.

### Grading Requirement

None of the coursework taken in the student's major may be taken as an S/U grade, unless S/U is the only grading option. Coursework fulfilling the State Communication Requirement (formerly known as Gordon Rule Writing) and State
Computation Requirement (formerly known as Gordon Rule Math) and General Education requirements may not be taken as S/U.
The Audit option is available only during the first 5 days of classes.
Grades of D+ or lower are not acceptable in the major.

Residency Requirement
Thirty (30) of the last 60 semester hours must be completed at USF to fulfill the residency requirement.

Research Opportunities
Undergraduate public health students are encouraged to participate in research ranging from laboratory studies to participatory community-based research with a focus on the culturally competent aspects of healthy community development including the social, economic, educational components. This research provides entry-level student employment opportunities on a variety of specific public health projects while learning basic research skills including data collection, data entry and technical report writing.

Accelerated Bachelor’s and Master’s Degree in Public Health
Undergraduate students who are seeking a career in public health can select to major in a broad range of Bachelor degree programs including engineering, business, social sciences, biological sciences, nursing, social work, pre-medicine, other allied health specialties or interdisciplinary degrees in order to be prepared for graduate work in the College. Pre-medical students seeking admission to medical school may want to consider completing a Master’s degree in public health prior to application or admission to medical schools or as an alternative to clinical degrees. The College offers several programs that allow students to complete their undergraduate and Master’s degrees in an accelerated format including the Undergraduate Accelerated Entry Program for Master’s Degree in Public Health Education, Fast Track for Honors BMS, ISS and INS Students, and (4 + 1) Environmental and Occupational Health.

Other Information
Students completing the B.S. in Public Health will be able to:
1. Identify and articulate the core functions of public health.
   a. Explain the basic principles of epidemiology.
   b. Assess social and behavioral interventions to improve health of populations.
   c. Identify the impact of the environment and communicable diseases on health.
   d. Explain the role that public health plays in disaster prevention and management and evaluate public policy issues with respect to access, quality and cost when understanding health disparities within vulnerable populations.
2. Exhibit critical thinking and analytical abilities, including the capacities to engage in inductive and deductive thinking and quantitative reason, and to construct sound arguments.
   a. Identify topics pertaining to public health research.
   b. Generate research questions, analyze and present data, and interpret and discuss findings.
   c. Demonstrate awareness about current public health topics including an analysis of the societal attitudes that generate differences on current public health topics.
3. Communicate using effective oral skills.
   a. Demonstrate an ability to contribute effectively to group discussions and presentations.
   b. Apply effective public speaking skills during classroom presentations.
4. Develop effective written presentations.
   a. Demonstrate the use of information literacy skills such as locating and evaluating pertinent public health information.
   b. Demonstrate the ability to use library resources and scientific databases.
   c. Exhibit proper referencing secondary materials in APA format.

Office Hours: 8am - 5pm, Monday through Friday
Contact Email: UG-PublicHealthAdvising@health.usf.edu
Web Address: http://health.usf.edu/publichealth/academicaffairs/registration/undergraduate.html
Declaration of Major
http://health.usf.edu/publichealth/undergrad/continuing-students.htm

PUBLIC HEALTH FACULTY
MINOR IN COMMUNITY ENGAGED HOMELAND SECURITY & EMERGENCY MANAGEMENT (HSE)
TOTAL MINOR HOURS: 15
http://health.usf.edu/publichealth/undergrad/academic-programs.htm

The Community Engaged Homeland Security and Emergency Management minor provides a broad foundation of homeland security and emergency management coursework for individuals interested in pursuing a career in local, state, or national government and military careers.

REQUIREMENTS FOR THE MINOR IN COMMUNITY ENGAGED HOMELAND SECURITY & EMERGENCY MANAGEMENT

Minor Core (15 hours)
- PHC 4188 Public Health Emergencies in Large Populations
- PHC 4234 Public and Private Continuity Planning for Emergencies
- PHC 4241 Psychology of Fear and Mental Health Issues Related to Disasters
- PHC 4375 Community Participation in Homeland Security
- PHC 4376 Disaster by Design: Exercise Development for Homeland Security Professionals

No courses may be applied toward both a major and a minor.

GPA Requirements
A minimum average 2.0 GPA is required in all of the required courses for the minor.

Grading Requirement
A minimum grade of C- for all required courses.

Other Information
Declaration of Minor: http://health.usf.edu/publichealth/undergrad/continuing-students.htm

Advising Information
It is highly recommended that students meet with an advisor in the College of Public Health early to verify coursework for the minor.
For additional information about the minor, please contact:
- Email: UG-PublicHealthAdvising@health.usf.edu, Phone: (813) 974-4633

MINOR IN ENVIRONMENTAL HEALTH (EVH)
TOTAL MINOR HOURS: 15
http://health.usf.edu/publichealth/undergrad/academic-programs.htm

The minor provides students with a broad range of courses necessary to pursue an advanced degree in the field of Environmental and Occupational Health and Safety or to seek entry-level employment in a related field and is preparatory for careers in: environmental science, industrial hygiene, toxicology, risk assessment, and related health sciences careers.

REQUIREMENTS FOR THE MINOR IN ENVIRONMENTAL HEALTH

It is recommended students follow the sequence of courses listed below. These courses will give students a broad overview of environmental and occupational health concepts.

Minor Core (15 hours)
- HSC 3503 Principles of Toxicology
- HSC 4213 Environmental and Occupational Risk Analysis
- HSC 4430 Occupational Health and Safety
- PHC 3302 Introduction to Environmental and Occupational Health
- PHC 3320 Environmental Health Science

No courses may be applied toward both a major and a minor.

GPA Requirements
A minimum average 2.0 GPA is required for all courses required for the minor.
MINOR IN HEALTH EDUCATION (HEAL)
TOTAL MINOR HOURS: 15
http://health.usf.edu/publichealth/undergrad/academic-programs.htm

The goal of the Health Education minor in the Department of Community and Family Health is for students to develop basic skills in the development, implementation, and evaluation of theory-based public health education and health promotion programs for diverse audiences. The minor will also help prepare students for graduate coursework focused in these areas. By completing an additional 10 semester hours along with the minor, students should be eligible to sit for the Certified Health Education Specialist (CHES) national exam.

Upon completion of the Health Education minor coursework, a student will be able to:
1. Articulate major public health theories and models focused on behavior change.
2. Develop health education programs for diverse audiences based on sound planning theory, tested frameworks and research design.
3. Communicate health education messages based on effective health communication strategies.
4. Develop skills in working with the media and health promotion advocacy

The Health Education minor consists of 15 credit hours. It is recommended that students follow the sequence of courses below. Electives may be chosen from a broad array of courses in consultation with Public Health undergraduate advisors in the Department of Community and Family Health.

REQUIREMENTS FOR THE MINOR IN HEALTH EDUCATION

Minor Core (15 hours)
PHC 4141 Intervention Program Planning and Management
PHC 4464 Introduction to Health Disparities and Social Determinants
PHC 4501 Health Education Theory and Behavior
PHC 4582 Health Education Methods and Strategies
PHC 4755 Foundations of Evaluation and Research in Public Health

Other Information
The Certified Health Education Specialist Exam (CHES):

This Minor will prepare students to take the Certified Health Education Specialist (CHES) exam that requires 25 semester hours meeting the areas below:

Seven Areas of Responsibility:
Area I: Assess Needs, Assets and Capacity for Health Education
Area II: Plan Health Education
Area III: Implement Health Education
Area IV: Conduct Evaluation and Research Related to Health Education
Area V: Administer and Manage Health Education
Area VI: Serve as a Health Education Resource Person
Area VII: Communicate and Advocate for Health and Health Education

Students Not Pursuing the BS in Public Health:

For those students who are not pursuing the BS in Public Health but another undergraduate degree, it is important to check with your advisor to determine those courses that could qualify for the 10 additional semester hours to sit for the CHES exam. The courses listed above as electives on the previous page are possibilities. Please also consult with Dr. Wright in the College of Public Health (lwrigh10@health.usf.edu) for more information.

Additional Information about the CHES from the website: https://www.nchec.org/ches-exam-eligibility.

CHES Exam Eligibility
Eligibility to take the CHES examination is based exclusively on academic qualifications. An individual is eligible to take the examination if he/she has:
A bachelor’s, masters or doctoral degree from an accredited institution of higher education; AND one of the following:

- An official transcript (including course titles) that clearly shows a major in health education, e.g., Health Education, Community Health Education, Public Health Education, School Health Education, etc. Degree/major must explicitly be in a discipline of “Health Education.”

OR

- An official transcript that reflects at least 25 semester hours or 37 quarter hours of coursework with specific preparation addressing the Seven Areas of Responsibility and Competency for Health Educator.

Nondiscrimination

The National Commission for Health Education Credentialing, Inc. (NCHEC) does not discriminate against any individual on the basis of religion, gender, ethnic background or physical disability.

90-Day Eligibility Option

The 90-day option is offered to students scheduled to graduate within 90 days of an exam date. To qualify for this option, a student must be enrolled in an accredited institution of higher education, and must submit an official transcript showing a minimum of 25 semester hours relating to the Area of Responsibility along with written verification from his/her faculty advisor assuring the student will complete all degree requirements within 90 days of the exam date.

Prescreening Service (optional)

This is a separate optional service offered to individuals and should ONLY be used if you are not sure you meet the requirements for the CHES exam. Upon receipt of the prescreen request form, fee and the applicant’s official academic transcripts, NCHEC will review an applicant’s credentials to determine eligibility. Deficiencies, if any, will be identified and guidance for exam qualification will be provided. This service is particularly useful to applicants whose academic preparation does not include a degree in health education, but who may have accumulated sufficient health education course work to qualify for the CHES examination. The prescreen request form requires a nonrefundable fee of $25.00. If eligible, the fee is applied toward the exam registration fee.

Prescreen Schedule:

- April Cycle: November 1 - February 1
- October Cycle: May 1 - August 1

Appeal of Denial of Eligibility:

1. If NCHEC does not approve an application for educational and/or disciplinary reasons, the applicant can initiate an appeal. Appeals must be made in writing to the Executive Director of NCHEC, including any supportive documents. The applicant is responsible for demonstrating that the appeal should be granted.
2. Appeals will be forwarded to the appropriate Division Board staff for review. The applicant will be notified in writing via USPS mail of the subsequent decision.

Requests for Special Testing Accommodations

Applicants requesting special arrangements and other special needs due to disabilities or religious restrictions must indicate this information on the application. Supporting documentation is required such as a letter from a religious leader indicating necessity to take for the exam on Sunday if choosing a Sabbath site. All requests must be received by application final deadline.

Advising Information

For more information regarding the minor contact:
- Email: UG-PublicHealthAdvising@health.usf.edu, Phone: (813) 974-4633
- Declaration of Minor: http://health.usf.edu/publichealth/undergrad/continuing-students.htm

MINOR IN INFECTION CONTROL (IFC)

http://health.usf.edu/publichealth/undergrad/academic-programs.htm

The Infection Control minor is based on the competencies in the National Board Certification Exam for infection control. The minor provides a foundation of infection prevention and control principles for individuals interested in pursuing a career in infection prevention and control at a healthcare facility or alternate setting; or those who need this knowledge base to pursue opportunities at a local, state or national public health department; a governmental agency; an academic and/or research institution; or any other applicable arena.

REQUIREMENTS FOR THE MINOR IN INFECTION CONTROL

Minor Core (15 hours)
- HSC 4430 Occupational Health and Safety
- HSC 4504 Foundations of Public Health Immunology
- HSC 4573 Foundations of Food Safety
- PHC 4031 Emerging Infectious Diseases
- PHC 4032 Foundations of Infection Control
No courses may be applied toward both a major and a minor.

GPA Requirements
A minimum average 2.0 GPA is required in the 15 credits that are required for obtaining this minor.

Grading Requirement
A minimum grade of C- for all required courses.

Other Information
Declaration of Minor: http://health.usf.edu/publichealth/undergrad/continuing-students.htm

Advising Information
It is highly recommended that students meet with an advisor in the College of Public Health early to verify coursework for the minor.
For additional information about the minor, please contact:
Email: UG-PublicHealthAdvising@health.usf.edu, Phone: (813) 974-4633

MINOR IN NUTRITION (NUT)
TOTAL MINOR HOURS: 15
http://health.usf.edu/publichealth/undergrad/academic-programs.htm

Nutrition science is both personally and professionally relevant, emphasizing health promotion, optimal human performance, disease prevention, quality of life and longevity. Career opportunities that are complemented by a nutrition minor include public health, health sciences, food technology, psychology, gerontology, social work, health promotion and communication, with potential employment in the public and/or private sector.

REQUIREMENTS FOR THE MINOR IN NUTRITION

Minor Core (15 hours)
HSC 4573 Foundations of Food Safety
HUN 2201 Nutrition
HUN 3126 Food and Culture
HUN 3272 Sports Nutrition
HUN 3296 Nutrition and Disease

GPA Requirements
A minimum average 2.0 GPA in the 15 credits are required for obtaining this minor.

Grading Requirement
A minimum grade of C- for all required courses.

Other Information
Declaration of Minor:
http://health.usf.edu/publichealth/undergrad/continuing-students.htm

Advising Information
It is highly recommended that students meet with an advisor in the College of Public Health early to verify coursework for the minor.
For additional information about the minor, please contact:
Email: UG-PublicHealthAdvising@health.usf.edu, Phone: (813) 974-4633.

MINOR IN PUBLIC HEALTH (GPH)
TOTAL MINOR HOURS: 15
http://health.usf.edu/publichealth/undergrad/academic-programs.htm

The goal of the general Public Health minor is to develop in a broad range of students an understanding and appreciation of the field of Public Health.

REQUIREMENTS FOR THE MINOR IN PUBLIC HEALTH
It is recommended students follow the sequence of courses listed below. These courses will give students a broad overview of public health concepts.
Minor Core (15 hours)
- HSC 4551 Survey of Human Diseases
- PHC 4030 Introduction to Epidemiology
- PHC 4101 Overview of Public Health Programs and Policies
- PHC 4464 Introduction to Health Disparities and Social Determinants

Select one of the following courses:
- HSC 4211 Health, Behavior, and Society
- HSC 4624 Foundations of Global Health
- PHC 3302 Introduction to Environmental and Occupational Health
- PHC 4069 Biostatistics in Society

There may be no overlap between coursework in a major and coursework in a minor.

GPA Requirements
USF coursework for a minor must have a minimum GPA of at least 2.0.

Residency Requirement
The minor requires 15 credit hours of Public Health coursework and at least 8 credit hours used to satisfy the requirements must be from USF-Tampa courses.

Other Information
- Declaration of Minor: [http://health.usf.edu/publichealth/undergrad/continuing-students.htm](http://health.usf.edu/publichealth/undergrad/continuing-students.htm)

Advising Information
It is highly recommended students meet with an advisor in the College of Public Health early to verify coursework for the minor.
- For additional information about the minor, please contact:
  - Email: UG-PublicHealthAdvising@health.usf.edu
  - Phone: (813) 974-4633

About the College
The College of The Arts exists in the context of a dynamic, contemporary, urban, research university setting, characterized by its cultural diversity. The College provides opportunities for students to develop their interests and talents to the fullest whether they wish to pursue a creative or performing career, a research career, a teaching career, or life-long artistic enrichment.

Mission
The mission of the USF College of The Arts is to conduct scholarly and creative research and to challenge and inspire students to make significant contributions in the arts.

The College provides a learning environment that is engaged locally and nationally in contemporary issues and initiatives.

Vision
The USF College of The Arts aspires to achieve national and international recognition as a distinguished center for study, creation, and research in the arts.

The College will provide an innovative and exciting environment to prepare the next generation of artists, architects, designers, educators, scholars, and audiences.

The College will support and promote creative research, performance, and production in the visual and performing arts.

The College will engage in advancing the cultural vitality of the Tampa Bay region.

The College of The Arts is a unique entity housing the School of Architecture and Community Design, School of Art and Art History, the School of Music, and the School of Theatre and Dance. The Institute for Research in Art includes the Contemporary Art Museum, Graphicstudio, and the program for Public Art. All serve multiple academic purposes within the College of The Arts as well as enrich the cultural environment within the university community. More information about each program is available on the College website at http://www.arts.usf.edu/.

Baccalaureate-Level Degree Programs
The College of The Arts offers four undergraduate degrees:

- Bachelor of Arts (B.A.) in Art History, Dance, Music Studies, Studio Art, and Theatre
- Bachelor of Music (B.M.) in Music Performance
- Bachelor of Fine Arts (B.F.A.) in Dance, and Studio Art
- Bachelor of Science (B.S.) in Music Education

Minors
The College of The Arts offers minors in Art, Dance, and Theatre. Majors in the College of The Arts may pursue a minor in any certified minor at USF except within the same arts discipline as the major.

Certificates
The College of The Arts offers the following undergraduate certificates: Advanced Dance Studies; Art History; Business and Art; Electrical Engineering, Digital Design, and The Arts; and Visualization and Design.

Accreditation
School of Art & Art History
The School of Art & Art History is accredited by the National Association of Schools of Art and Design (NASAD).

School of Music
The School of Music is accredited by the National Association of Schools of Music (NASM).

The School of Theatre & Dance
The Theatre program is accredited by the National Association of Schools of Theatre (NAST), and the Dance program is accredited by the National Association of Schools of Dance (NASD).

Contemporary Art Museum
The Contemporary Art Museum is accredited by American Alliance of Museums (AAM).

Admission Requirements
Undergraduate Admission to the College of The Arts
Admission to the College of The Arts is contingent on acceptance into the university through the USF Office of Admissions. Additionally, students who wish to major or minor in Art History, Dance, or Theatre should contact the respective School. Admission is open for Theatre majors. Auditions are required for admission to the Dance program and the School of Music and must occur on specific dates as posted by those programs. The School of Art & Art History does not require a portfolio review of all candidates seeking admission to the B.A. in Studio Art or the B.F.A. The B.A. in Art History does not require a portfolio review. Please note, however, that Art History majors may take only those
College of the Arts

Studio courses mandated by the state for their degree program. All prospective students in the College of The Arts must complete the necessary forms in the Office of Student Services and Advising in FAH 120 in order to be on file as majors or minors.

Although the Theatre program is an open admission program, transfer students and current USF students who request admission to this program must be placed according to their abilities. Theatre students wishing to concentrate in performance or design must audition or have a portfolio review for acceptance into the upper-division concentration courses. Dance and music students must complete successful auditions prior to orientation and registration for their home unit's core courses. Art students must successfully complete a scheduled portfolio review prior to orientation and registration.

Students with previously earned college credit, who request admission to the College of The Arts, are required to provide copies of their transcripts to their advisors for the purpose of deciding which credits can apply to their degree program at USF. Copies of catalog pages with course descriptions from previous institutions are needed for each course being transferred for degree requirements. A minimum grade of C- (C for Theatre, Dance and the School of Art and Art History) is usually necessary for courses in the concentration.

College-Level Requirements

General Requirements for Bachelor Degree Programs within the College of The Arts

1. All Bachelor degree programs require 120 credit hours with the exception of the Bachelor of Science degree in Music Education, which requires 134 credit hours.
2. Students admitted to the College of The Arts with transfer credits, or former students returning with credits dating ten or more years prior to admission (or readmission), will have those credits reviewed by the College and department/school and may be required to take specified competency tests in their major area.
3. A maximum number of ROTC credits totaling no more than the maximum allowed in the Free Elective Area for each major may be counted toward all degrees.
4. A maximum of four credit hours of elective Physical Education credits taken at USF may be counted as general elective credit.
5. Students must satisfactorily meet the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math).
6. Students applying for a B.A. degree must demonstrate competency in a foreign language as described under Foreign Language Competency Policy of this catalog.
7. For degree programs, see requirements listed under each School.
8. Beginning Fall semester 2012, students must successfully complete a minimum of 50 percent of the courses required for their major on their specific home campus within the USF System. A student must also earn 30 of the last 60 hours of credits in residence at USF. However, any course work to be taken and any credits to be earned outside of the university must have prior approval from the appropriate school and the college in order to apply these credits toward graduation.
9. Waiver of prerequisite coursework totaling no more than 12 credit hours in the major or College requirements is possible by demonstration of competence. Unless credit is awarded by approved official tests, i.e., AP, CLEP, the credit hours must be made up according to school or college recommendations. A faculty committee conducts waiver reviews. Specific questions concerning program requirements for all degrees in the College or other related problems should be directed to the College of The Arts.

College Policy for Academic Progress

The following criteria will serve as the bases for disenrollment from a major in the College of The Arts:

1. Grade point average below 2.0 in the major.
2. Recommendation by major applied (studio) art, dance, music or theatre faculty with approval of respective school director.
3. The school may recommend probationary status (rather than disenrollment) for one semester when academic progress is not maintained.

Directed Studies Contracts

All Directed Studies and other variable credit courses in the College of The Arts require contracts between students and instructors describing the work to be undertaken by the student and specifying the credit hours. These contracts are to be completed in quadruplicate and appropriately signed. It is the student's responsibility to obtain the necessary signatures and make the required distribution of all copies. Important: the student must have his/her signed copy of a contract at the time of registration.

Permission Procedures

Admission into some courses is possible only by consent of instructor (CI), consent of chairperson (CC), consent of advisor, or by audition or portfolio review. When such special permission is required, it will be the student's responsibility to obtain any required permission prior to registration.
Grading Requirements
S/U Grade Contracts
The College of The Arts requires that any S/U grading agreement entered into between student and instructor be formalized by a contract in quadruplicate signed by the student and the instructor and distributed according to instructions.

"I" Grade Contracts
Incompletes must be contracted for by mutual agreement between student and instructor, with the contract describing specifically the amount and nature of the work to be completed for the removal of the incomplete grade. This contract additionally clearly specifies the date that the work will be due (within legal limits) for grading. Both the student and the instructor must sign this contract and the four copies must be distributed according to instructions. A student must not register for a course again to remove an "I" grade.

S/U Grading in the College
1. Non-majors enrolled in courses in the College of The Arts may undertake such courses on an S/U basis with instructor approval. See Contracts and Permission Procedures for information concerning S/U Grade Contracts.
2. Credits earned by a non-major student with an "S" grade will not count toward the student's minimum major course graduation requirement should that student ultimately decide to become a major student in one of the four arts disciplines in the College. Instead, such credits earned with an "S" grade will be assigned to the student's Free Elective category (with the exception of music, which will become non-countable).
3. Although College of The Arts majors may take coursework in their major as Free Electives, they are not entitled to the S/U grading option for these courses taken in their major subject area, even when specifically used or intended to be used as Free Electives.
4. In the College of The Arts, the only S/U graded courses available to a major student in his/her major subject area are those curriculum allowable courses designated S/U (that is, S/U only).
5. A maximum of 9 credit hours of S/U credits in non-major courses may apply towards a degree in the College of The Arts.

Following are the undergraduate academic programs offered by the College of The Arts:

Bachelor of Arts (B.A.)

Art History (AHM)
Dance (DAN)
  Dance Studies (DAS)
Music Studies (MSU)
Studio Art (SBA)

Bachelor of Fine Arts (B.F.A.)
Dance (DAN)
  Ballet (DAB)
  Modern Dance (DAM)
Studio Art (SBA)

Bachelor of Music (B.M.)
Music Performance (MUS)
  Acoustic & Electronic Composition (MUC)
  Jazz Studies (MJP)
  Performance (MPF)

Bachelor of Science (B.S.)
Music Education (MUE)

Honors Program
Theatre

Minors
Art (ART)
Dance (DAN)
Theatre (TAR)
Certificates
Advanced Dance Studies
Art History
Business and Art
Electrical Engineering, Digital Design, and The Arts
Visualization and Design

Interdisciplinary Study
There is no formal interdisciplinary arts degree offered in the College of The Arts. However, it is possible for a student to pursue such a program of study in the College by utilizing general electives allowed in the major program. A student may also choose a double undergraduate major in two units or arts disciplines within the College of The Arts as a means of interdisciplinary study. See the major advisor in the programs of particular interest.

• B.A. • ART HISTORY (AHM) (CIP = 50.0703)
TOTAL DEGREE HOURS: 120
http://art.arts.usf.edu/content/templates/?a=1102&z=163

The curriculum in art history reflects the belief that a traditional liberal arts program, supplemented by travel, is the best preparation for students who wish to teach the history of art at the college level or work in museums and galleries. Students will not specialize in a particular area such as Renaissance or Modern, but will acquire a general knowledge of the history of art. All Art History majors are required to take at least one 4000-level non-Western Art History course. Courses in areas such as history, philosophy, and literature are recommended as electives, both as supplement to undergraduate courses in art history and as a background for future graduate work. Art history majors are required to take courses in studio art as a means of better understanding what is involved in the art making process. It is important that students make every effort to travel to major museums in this country and, if possible, abroad.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- ART X201 or ART X202 or ART X203 or ART X205
- ART X300 or ART X301 or ART X310
- ART X050 Art History Survey I
- ART X051 Art History Survey II
requirements for the major in art history

total major hours: 41

major requirements for the b.a. degree:

major core (41 hours)

art preparation (12 credit hours):

arh 2050 history of visual arts i*
arh 2051 history of visual arts ii*
ar 2201c concepts and practices i
art 2301c beginning drawing

*history of visual arts i and ii must be used to satisfy the general education historical perspectives requirement if the student is to remain within 120 hours for the degree.

art history survey (18 credit hours):

arh 4170 greek and roman art
arh 4200 medieval art
arh 4301 renaissance art
arh 4310 early italian renaissance
arh 4312 late italian renaissance
arh 4333 northern renaissance art
arh 4350 baroque and rococo art
arh 4430 19th century art
arh 4450 20th century art
arh 4475c contemporary issues in art
arh 4520 african art
arh 4530 asian art
arh 4571 themes in islamic art and architecture
arh 4930 art history: selected topics*

*arh 4930 art history selected topics may be taken for degree credit only by approval of the academic advisor for the school of art and art history.

art history critical studies or directed reading (9 credit hours):**

arh 4800 critical studies in art history and/or
art 4900 directed reading

**students may substitute 3 hours of arh 4800 critical studies for 3 hours of 4000-level art history survey by permission of the instructor.

plus (2 credit hours):

extended studies: required of all majors - london middlesex program, paris program, public art, museum internships, community art, artists internship/apprenticeships, art history apprenticeships)

eight semester plan

the schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. note: items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

**Semester Hours:** 12

---

All Students earning a BA degree in Art History must complete the Foreign Language Exit Requirement. Students are encouraged to take additional credits in Art History critical studies courses and Art History survey courses.

**Grading Requirement**

All coursework in The School of Art & Art History must have a grade of "C" or better to satisfy program requirements.

**Residency Requirement**

In accordance with the policies of the University of South Florida, a minimum of 50 percent of a candidate's credits in the major must be completed with the School of Art and Art History on the Tampa campus.
Foundations of Knowledge and Learning (FKL) Requirement

FKL "Humanities" will be satisfied by ARH 2050, History of Visual Arts I and ARH 2051, History of Visual Arts II, and FKL "Fine Arts" will be satisfied by ART 2201C Concepts and Practices I.

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

ART HISTORY FACULTY

Director: W. Wilson; Professors: E. Fraser, L. Marcus; Associate Professors: W. Babcox, N. Bender, J. Byrd, E. Condon, G. Green, R. Lawrence, R. Marchi, B. Shanks, H. Szepe, J. Weitz; Assistant Professors: C. Cornejo, A. Ekberg, N. Mason, A. Moore, A. Pollack, Instructor: M. Fournier; Assistant in Student Advising: R. Olinger; Distinguished Professor-Dean Emeritus: D.J. Saff; Dean Emeritus-Professor Emeritus: H.W. Covington; Chair Emeritus-Professor Emeritus: G. Pappas; Professor Emeriti: E. Cox, A. Eaker, C. Fager, J. Kronsoble, M. Larsen, C. Lyman, B. Marsh; Associate Professor Emeritus: D. Wright, T. Wujcik.

• B.A. - DANCE (DAN) (CIP = 50.0301 - TRACK 1 OF 2)
TOTAL DEGREE HOURS: 120
http://theatreanddancearts.usf.edu/content/templates/?z=11&a=98

The focus of this degree is to enable the student to combine dance with another area of interest and encourage the development of an individualized program of study through the selection of general education requirements as well as a focused selection of elective courses. The selection of electives should be designed to provide each student with the maximum value of a liberal arts education within a focused area of study. A student with additional interest in another field (e.g., African Studies, Anthropology, Communications, Education, History, Psychology, Religious Studies, Theatre, Women’s Studies, etc.) should complete focused study in that area along with the core of study in dance. Each student is required to develop a final independent project incorporating dance with his or her focused study. Dance students must continue to take at least one technique course each semester. At the end of the third semester, the faculty will determine if appropriate progression has been made for continuation in the B.A. Dance major.

LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

The B.A. in Dance is a limited access program and is designed to provide students with a comprehensive core of study in Studio Technique, Choreographic Studies, and Dance Theory.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Although credit or elective credit toward the major will be given for these courses, placement in upper-level technique classes will continue to be based on individual proficiency. Other technique courses in other styles of dance may be accepted toward the major on a case-by-case basis at the discretion of the university. Transfer dance credits must be evaluated by faculty and dance advisor at time of entrance.

DAN X603 or DAN X610 (2 credit hours)
TPA X200 or TPA X223 or TPA X232 (3 credit hours)
REQUIREMENTS FOR THE MAJOR IN DANCE

Major requirements for the B.A. Degree:

Critiques
1. All students will be evaluated periodically by the faculty and critiqued each semester and will participate in progress conferences with the faculty.
2. If a student evidences deficiency in some area or in continuing progress toward the degree, the student may be placed on probation within the Dance program.
3. Failure to make satisfactory progress after being placed on probation shall constitute grounds for program recommendation to drop and discontinue the major.

Additional Standards
In addition to meeting the specific requirements and standards discussed above, the student and advisor will periodically evaluate the student's general progress. Students are required to meet with the Academic Advisor in Dance each semester. An unsatisfactory rating in one or more of the following areas could place the student on probation. A student on probation is given a specific amount of time to achieve a satisfactory rating before being dropped from the major program. The criteria include:

   1. Appropriate academic progress.
   2. Adequate technical skills and adaptability.
   3. B average in major studio classes.
   4. Physical conditioning that includes: nutrition, flexibility, strength, and healthful weight management necessary to facilitate safe technical and artistic expression.
   5. Class probation and program probation require review, i.e., reinstatement in good standing or recommendation to drop major.

Course Grade Requirement
A student must receive a C grade or better in required prerequisite courses and major course for Dance majors. Should a student fail to do so, the course(s) in which the student receives D or F grades must be repeated and a C grade or better earned.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

REQUIREMENTS FOR THE DANCE STUDIES (DAS) CONCENTRATION

TOTAL CONCENTRATION HOURS: 64-72

Concentration Core (49-57 hours)

Studio Technique (19-27 semester hours)
DAA 2204 Ballet I
DAA 2104 Modern Dance I
DAA 3108 Modern Dance II
DAA 3214 Ballet II
DAA 3109 Modern Dance III or DAA 3209 Ballet III
DAA 3395 World Dance Topics

Creative Studio (13 semester hours)
DAA 3624 Dance Improvisation
DAA 3614 Choreography I
DAA 3615 Choreography II
DAA 4616 Choreography III
DAA 4617 Choreography IV
DAA 3686 Junior Performance Project
DAA 4687 Performance
DAN 4906 Directed Study: Independent Research Project
Dance Studies (17 semester hours)
DAN 2160 Entry Seminar
DAN 3584 Technical Theatre in Dance
DAN 3714 Dance Kinesiology
DAN 4134 Ballet History (FKL WRIN course)
DAN 4135 20th Century Dance History (FKL Capstone course)
DAN 4162 Research in Dance
DAN 4180 Dance Senior Seminar

Concentration Electives (15 hours)
Students choose 15 credits hours of focused electives in the other area of interest in consultation with the advisor.

Eight Semester Plan
The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with an "!" and are included in the plan for a student to stay on track.

### Grading Requirement

A student must receive a C grade or better in required courses for Dance majors. Should a student fail to do so, the course(s) in which the student receives D or F grades must be repeated and a C grade or better earned.

### DANCE FACULTY

*Director:* M. Powers;  
*Professors:* P. Finelli, B.W. Lee, J. Moy;  
*Associate Professors:* M. Foley, F. Green, G.B. Stephens, J. Travers;  
*Assistant Professors:* A. Carroll, D. Arreola, Y. Chen, B. Kohlmyer, A. Scott, Y. Zhu;  
*Instructors:* C.D. Frankel, L. Bennett, M. Bertch, J. Parks;  
*Academic Advisor/Instructor:* M.L. Morris;  

**• B.F.A. - DANCE (DAN) (CIP = 50.0301 TRACK 2 OF 2)**

**TOTAL DEGREE HOURS: 120**

[http://theatreanddance.arts.usf.edu/content/templates/?z=11&a=92](http://theatreanddance.arts.usf.edu/content/templates/?z=11&a=92)

The B.F.A. in Dance (Ballet or Modern concentrations) offers professional preparation, which includes extensive study in Studio Technique, Choreographic Studies, and Dance Studies. The focus of this degree is the development of dancers who will enter the professional world of dance/arts as performers and choreographers. Beyond the expectations for continuing opportunities for performance, students selecting the B.F.A. will develop and present solo and group senior choreographic projects.

### LIMITED ACCESS - THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

The B.F.A. is a limited access program. Students must participate in a selective admissions procedure. At the end of their third semester, students will be assessed by Dance faculty to determine eligibility. Dancers must continue to take technique courses throughout their degree program.

### STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.
If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Although credit or elective credit toward the major will be given for these courses, placement in upper-level technique classes will continue to be based on individual proficiency. Other technique courses in other styles of dance may be accepted toward the major on a case-by-case basis, at the discretion of the University. Transfer dance credits must be evaluated by faculty and the Dance advisor at time of entrance.

Any 24 credit hours from the following 30 hours will be accepted toward the major:

- DAN X610 or DAN X600 (3 credit hours)
- DAN X611 or DAN X601 (3 credit hours)
- DAA X610 (2 credit hours)
- DAA X611 (2 credit hours)
- DAA X680 (2 credit hours)

  or any lower level Repertory course in the X400-X400 series up to 4 credit hours
- DAA X681 (2 credit hours)

  or any lower level Repertory course in the X400-X400 series up to 4 credit hours
- DAA X200-X209 (8 credit hours)
  up to 8 credit hours of any lower-level Ballet Technique courses within the X200-X209 taxonomy
- DAA X100-X109 (8 credit hours)
  up to 8 credit hours of any lower-level Modern Technique courses within the X100-X109 taxonomy

REQUIREMENTS FOR THE MAJOR IN DANCE

Major requirements for the B.F.A. Degree:

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

DANCE FACULTY

• B.S. - MUSIC EDUCATION (MUE) (CIP = 13.1312)
TOTAL DEGREE HOURS: 134
http://music.arts.usf.edu/content/go/music-education/

The Bachelor of Science (B.S.) in music education is designed to prepare students as practitioners in the field. Practical experience is the underlying value in all courses and field experiences. Students receive direct experience with music education philosophies, theories, and practices through course work and laboratory settings, as well as the K-12 schools at all stages in the program. Students’ progress towards a robust, semester-long, student-teaching experience and participate in experimental and professional opportunities offered by formal and informal undergraduate and graduate symposia and contemporary consortia. This degree program challenges and prepares students to not only embrace the traditions of music education in the schools, but also to incorporate new potentials for the future.

STATE MANDATED COMMON COURSE PREREQUISITES

Transfer students should complete the following prerequisite courses listed below at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Unless stated otherwise, a grade of "C-" is the minimum acceptable grade. If students are coming to the university from a Florida College System institution, the following prerequisite courses will be accepted as meeting lower level requirements.

Electives: Music credits beyond those required may be used as program electives.
This is an official state teacher education program. All music education students must demonstrate teaching proficiency upon completion of MUE 2090 in order to continue in the program. Students remain coded as pre-music education (MPE) until all degree admission requirements have been met.

In order to take advanced coursework in the music education program, students must present evidence that they have attained an average of B for three aural theory courses (MUT 1241, 1242, 2246, 2247) and have maintained an overall USF GPA of 3.0. These standards are prerequisites for MUE 3424, 3425, 4311, 4331, 4332, 4936, and 4940. Evidence can be in the form of either an updated USF transcript or a current degree audit report. This information must be presented to the academic advisor before the end of the drop/add week in order to enroll in any of these seven music education courses.

Note: The following prerequisites are required for all education majors. Students should consult their intended majors (listed under "Departments and Programs," below) for a list of other specific course prerequisites and requirements beyond these listed below:

EDF X005 Introduction to the Teaching Profession (3)
MUT x111 Music Theory or MUT x121
MUT x112 Music Theory or MUT x122
MUT x116 Music Theory or MUT x126
MUT x117 Music Theory or MUT x127
MUT x241 Aural Theory or MUT x221, x222, x226, and x227 or MUT x261, x262, x266, and x267 or MUT x271, x272, x276, and x277
MUT x242 Aural Theory or MUT x221, x222, x226, and x227 or MUT x261, x262, x266, and x267 or MUT x271, x272, x276, and x277
MUT x246 Advanced Aural Theory or MUT x221, x222, x226, and x227 or MUT x261, x262, x266, and x267 or MUT x271, x272, x276, and x277
MUT x247 Advanced Aural Theory or MUT x221, x222, x226, 2227, 1261, 1261, 2266, 2267, 1271, 1272, 2276, or x277
MUN XXXX 4 semester hours
MVx X1X1 Secondary Applied Music Courses, 2-4 semester hours
MVx X2X2 Secondary Applied Music Courses, 2-4 semester hours
Secondary Piano Proficiency by Examination or MVK x111, x112, x121 and x122 or MVK x111r, x112r, x121r or MVK x211 and x221 or MUE 1111 and MUE 1121

Requirements for the Major in Music Education
Total Major Hours: 92

Major requirements for the B.S. Degree:
Major Core (85 hours)
Music Courses (47 credit hours)

Music Theory (9 credit hours)
MUT 1111, MUT 1112, MUT 2116
(MUT 1112 is the prerequisite for MUG 3104 and MUH 3300)

Aural Theory (3 credit hours)
MUT 1241, MUT 1242, MUT 2246

Keyboard Skills (0-8 credit hours)
MUE 1111 Keyboard Skills for Music Educators I
MUE 1121 Keyboard Skills for Music Educators II
or MVK 1111, MVK 1125, MVK 2121, MVK 2122 - Proficiency required by testing or course(s)

Conducting (4 credit hours)
MUG 3104 Basic Conducting
MUG 3108 Advanced Conducting

Music History (11 credit hours)
MUH 2020 The History of Blues and Rock or MUH 2051 Folk and Traditional Music of World Cultures (CAFA)
MUH 3300 Music History/Medieval and Renaissance (PR for MUH 3301 and MUH 3302)
MUH 3301 Music History/Baroque and Classic
MUH 3302 Music History/Romantic and 20th Century

Applied Principal (Studio) (2 terms each level) (12 credit hours)

MVx 131X, 232X, 333X (culminating in junior recital)
MV 3XXX Major Ensemble (concurrent registration with studio) (6 credit hours)
Upper division voice principals may take up to one semester of opera as a major ensemble.

MUS 2010 Recital Attendance (attendance at minimum seven (7) programs per semester for five semesters. Must be registered each semester.)

Professional Education Courses (6 credit hours)
Music Education (32 credit hours)
- MUE 2090 Foundations of Music Education or EDF 2005
- MUE 3421 Choral Techniques
- MUE 3422 Wind Techniques (taken in Fall and Spring)
- MUE 3423 String Techniques
- MUE 3475 Percussions Techniques or MUN 3443 Percussion Ensemble
- MUE 3414 Creative Performance Chamber Ensemble (CR: MUE 3424 or MUE 3425)
- MUE 3424 Progressive Music Education Methods 1 (CR: MUE 3414)
- MUE 3425 Progressive Music Education Methods 2 (CR: MUE 3415)
- MUE 4311 General Music Methods (includes pre-internship)
- MUE 4331 Choral Methods or MUE 4332 Instrumental Methods (includes pre-internship)
- MUE 4936 Senior Seminar in Music (taken with Internship)
- MUE 4940 Internship: Music Education [Register for 6 credit hours. 3 hours apply to EXIT Capstone]

Methods courses include:
1. curriculum and instruction
2. human development and learning,
3. classroom management,
4. assessment through measurements,
5. teaching exceptional students with varied learning styles and achievement levels.

Major Electives (7 hours)
Seven (7) credit hours of music electives.

The FTCE (Florida Teacher Certification Exam), which includes the GKT (General Knowledge Test), the PEd (Professional Education Exam), and the SAE (Subject Area Examination in Music) must be taken before entering the internship and successfully completed for the degree and for Florida teacher certification. A copy of the GKT results must be given by the student to the Music Advisor immediately upon receipt.

Eight Semester Plan
The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

The Florida Teacher Certification Exam (FTCE)
The exam includes the General Knowledge Test (GKT), the Professional Education Exam (PEd), and the Subject Area Exam (SAE in Music). The GKT is taken separately. However, the PEd and the SAE can be taken together. Observe deadline notes below!

- **If you are interning in the Fall semester**, you must submit all passing scores of the required General Knowledge Test to the Music Advisor no later than 5:00 pm on the Friday after the preceding Spring commencement date in order to be guaranteed certification for degree completion.
- **If you are interning in the Spring semester**, you must submit all passing scores of the required General Knowledge Test to the Music Advisor no later than 5:00 pm on the Friday after the preceding Summer commencement date in order to be guaranteed certification for degree completion.
- **Warning**: Failure to adhere to the guidelines above will result in your inability to intern during the semester for which you have applied.
- **Copies of passing scores** of the Professional Education Exam and the Subject Area Exam must be submitted to the Music Advisor. These scores must be submitted no later than 5:00 pm on the Friday following the graduation ceremony during the semester in which you are interning.

**JUNIOR RECITAL FOR BS DEGREE IN MUSIC EDUCATION**: A public recital will be given during the student's last year of applied music study. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music. A recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital. Exceptions may be made by the Director of the School of Music when deemed appropriate.

A **RECITAL APPROVAL FORM MUST BE COMPLETED FOLLOWING ALL RECITALS AND PLACED IN EACH MUSIC STUDENT'S ADVISING FOLDER IN ORDER FOR DEGREE CERTIFICATION PROCEDURES TO BE COMPLETED.**

**GPA Requirements**
The GPA in both specialization courses (music) and professional education courses (music education and education) must be 2.5 in order to graduate.

**Grading Requirement**
The minimum acceptable grade for music, music education, education, and State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) courses is "C-;" Aural theory courses must have an average grade of "B;" All music education courses must be completed with a C- or better. No "S" grades.

**State Communication and Computation Requirement (formerly Gordon Rule)**
The State Communication Requirement (formerly known as Gordon Rule Writing) requires 12 credit hours of ENC 1101, ENC 1102, and two other Communication courses. The State Computation Requirement (formerly known as Gordon Rule Math) requires 6 credit hours of Mathematics coursework and is satisfied through FKL courses.

**Foundations of Knowledge and Learning (FKL) Requirement**
MUH 2020 or MUH 2051 should be taken to satisfy both FKL Fine Arts and the Music History requirement for American Roots or Non-Western music.

**Foundations of Knowledge and Learning (FKL) Exit Requirement**
The following courses are approved FKL Capstone Learning Experience courses:
- MUE 4936 Senior Seminar in Music Education (WRIN)
- MUE 4940 Internship: Music Education (CPTS)

**Other Requirements**
An application to change from pre-Music Education (MPE) to Music Education (MUE) is necessary for the major to be official. This is available through the Music Advisor's [website](#) and should be submitted to him when MUE 2090, the General Knowledge Test (GKT), and the Aural Theory courses have been completed.

**Research Opportunities**
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the
of official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Advising Information
Dr. William Hayden, Academic Advisor: wphayden@usf.edu or FAH 120

MUSIC EDUCATION FACULTY

- B.M. - MUSIC PERFORMANCE (MUS) (CIP = 50.0903)
TOTAL DEGREE HOURS: 120
http://music.arts.usf.edu/content/go/jazz/

The Music degree is a professional degree for students who wish to pursue a career in music. Students interested in a B.M. degree may choose between concentrations in: Performance, Composition, Jazz Studies and Acoustic and Electronic Music. This degree program requires 120 credit hours of study that include private study on the student's principle instrument and participation in ensembles. Additionally, students complete music theory, history and literature sequences, and take additional coursework in their chosen concentration. Graduates from BM programs at USF find themselves in very competitive positions for graduate study and musical careers. Admission into the BM in music degree requires an audition on your major instrument.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

MUT 1111 Music Theory  
or MUT 1121, 1122, 2126, or 2127
MUT 1112 Music Theory  
or MUT 1121, 1122, 2126, or 2127
MUT 2116 Music Theory  
or MUT 1121, 1122, 2126, or 2127
MUT 2117 Music Theory  
or MUT 1121, 1122, 2126, or 2127
MUT 1241 Aural Theory  
or MUT 1221, 1222, 2226, 2227, 1261, 1261, 2266, 2267, 1271, 1272, 2276, or 2277
MUT 1242 Aural Theory  
or MUT 1221, 1222, 2226, 2227, 1261, 1261, 2266, 2267, 1271, 1272, 2276, or 2277
MUT 2246 Advanced Aural Theory
or MUT 1221, 1222, 2226, 2227, 1261, 1261, 2266, 2267, 1271, 1272, 2276, or 2277
MUT 2247 Advanced Aural Theory
or MUT 1221, 1222, 2226, 2227, 1261, 1261, 2266, 2267, 1271, 1272, 2276, or 2277
MUN XXXX Chamber Music Ensemble, 4 semester hours
MVX 1X1X Secondary Applied Music Courses
2-4 semester hours
MVX 2X2X Secondary Applied Music Courses
2-4 semester hours
Secondary Piano Proficiency by Examination
or MVK 1111, 1112, and 2122
or MVK 1111r, 1112r, 2121r, and 2121r
or MVK 1211 and 2221

REQUIREMENTS FOR THE MAJOR IN MUSIC PERFORMANCE

Major requirements for the B.M. Degree:

JUNIOR RECITAL FOR BA AND BM DEGREES: A public recital (must be shared with another junior recital) will be given during the student's junior year. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music, which would normally occur during a student's third year of study. Credit may be granted to transfer students for junior recitals completed at other institutions. This recital should have been completed during the student's junior year at that institution and a request for recognition of that recital should be made in writing to the applied division coordinator. No studio teacher is under any obligation to accept these transfer recitals.

SENIOR RECITAL FOR BM DEGREE: A public recital will be given during a student's senior year. The student should have achieved senior classification as defined by the university and should be enrolled at the 4000 level in applied music, which would normally occur during a student's fourth year of study. A senior recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital unless written permission to deviate from this policy is obtained from the School of Music Director.

A RECITAL APPROVAL FORM MUST BE COMPLETED FOLLOWING ALL RECITALS AND PLACED IN EACH MUSIC STUDENT’S ADVISING FOLDER IN ORDER FOR DEGREE CERTIFICATION PROCEDURES TO BE COMPLETED.

Grading Requirement

All music majors and minors must earn at least a C- in every music course required for their degree program. Music education students must earn at least C- in all required music, music education, and education courses. Music courses resulting in grades of D or F must be repeated with subsequent registrations. Sequel courses may not be taken until prerequisites are satisfied with appropriate grades or waivers.

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

MUSIC PERFORMANCE CONCENTRATIONS

JAZZ STUDIES (MJP)

REQUIREMENTS FOR THE CONCENTRATION IN JAZZ STUDIES

TOTAL CONCENTRATION HOURS: 78

Concentration Core (76 hours)

Music Theory (16 credit hours):
MUT 1111 Music Theory I
MUT 1112 Music Theory II
MUT 1241 Aural Theory I
MUT 1242 Aural Theory II
MUT 2116 Music Theory III
MUT 2117 Music Theory IV
MUT 2246 Aural Theory III
MUT 2247 Aural Theory IV

**Music History** (11 credit hours):
- MUH 3300 Music History/Medieval and Renaissance
- MUH 3301 Music History/Baroque and Classical
- MUH 3302 Music History/Romantic and 20th Century
- MUH 4801 History of Jazz

**Conducting** (2 credit hours):
- MUG 3104 Basic Conducting

**Senior Seminar** (1 credit hours):
- MUS 4935 Music Senior Seminar

**Recital Attendance** (0 credit hours):
- MUS 2010 Recital Attendance

**Ensemble** (minimum 8 credit hours):
- Performance - All students enrolled in Applied Music for two (2) or three (3) credit hours are required to enroll in a Major Ensemble appropriate for their performing medium. A list of approved major ensembles is provided on the Music advising website.

**Jazz Studies Concentration** (minimum 38 credit hours):
- Applied music (studio major) through the 4000 level (24 credit hours)
- MUT 2641 Jazz Theory and Improvisation I
- MUT 2642 Jazz Theory and Improvisation II
- MUT 3663 Advanced Jazz Improvisation I
- MUT 3664 Advanced Jazz Improvisation I and II
- MUT 3353 Jazz Composition and Arranging I
- MUT 3354 Jazz Composition and Arranging II

**Concentration Electives** (2 hours)
- MVJ 2110 Jazz Keyboard Skills (2 credit hours). May be satisfied by proficiency test or by course.

### Eight Semester Plan

The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

REQUIREMENTS FOR THE CONCENTRATION IN PERFORMANCE
TOTAL CONCENTRATION HOURS: 48-61

Concentration Core (45 hours)

Music Theory (22 credit hours):
MUT 1111 Music Theory I
MUT 1112 Music Theory II
MUT 1241 Aural Theory I
MUT 1242 Aural Theory II
MUT 2116 Music Theory III
MUT 2117 Music Theory IV
MUT 2246 Aural Theory III
MUT 2247 Aural Theory IV
MUT 4421 Eighteenth Century Practice
MUT 4571 Twentieth Century Practice

Music History (8 credit hours):
MUH 3300 Music History/Medieval and Renaissance
MUH 3301 Music History/Baroque and Classical
MUH 3302 Music History/Romantic and 20th Century

Conducting (2 credit hours):
MUG 3104 Basic Conducting

Senior Seminar (1 credit hour):
MUS 4935 Music Senior Seminar

Recital Attendance (0 credit hours):
MUS 2010 Recital Attendance

Major Ensemble (12 credit hours):
Performance Majors – 8 credit hours
Composition – 4 credit hours
All students enrolled in Applied Music for three (3) or two (2) credit hours are required to enroll in a Major Ensemble appropriate to their performing medium. A list of approved major ensembles is provided on the Music advising website.

Concentration Electives (3-16 hours)
0-13 credit hours of music electives.
Music History Elective (3 credit hours):
Choose One:
MUH 4058 Intercultural Music in the Twentieth Century
MUH 4372 Representing the United States in Music
MUH 4801 History of Jazz

Eight Semester Plan
The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

Semester Hours: 12

Performance Concentration
- Voice performance majors must enroll in MUS 2201 for a total of 3 credits as part of their Music Electives.
- Voice performance majors are required to be competent at the beginning level of French, German, and Italian languages in addition to taking foreign language diction classes offered in the School of Music. Proficiency tests are administered by the Department of World Language Education. If needed, courses 1120 (4 credit hours) and 1120L (lab for 1 credit hour) in each language may be taken in the College of Arts and Sciences for up to 15 credit hours to meet the foreign language proficiency requirement.
- Upper division BM voice performance majors may take up to two semesters of opera as a major ensemble. Students who elect to take applied music beyond their minimal degree requirements will have the option of enrolling in either choral ensembles or in opera.
- Performance majors in piano are required to enroll in MVK 4640 for 4 credits as a part of the Music Electives.
- The following requirements for the piano pedagogy emphasis are to be taken as a part of the Music Electives:
  - MVK 4640 Piano Pedagogy I
  - MVK 4641 Piano Pedagogy II

Acoustic & Electronic Composition (MUC)
http://music.arts.usf.edu/content/go/composition-electronic-music/

Requirements for the Concentration in Acoustic & Electronic Composition

Total Concentration Hours: 78

Concentration Core (76 hours)

Academic Studies (31 credit hours):
- Music Theory (18 credit hours) [Diagnostic Test administered at first class meeting]
  - MUT 1111, MUT 1112, MUT 2116, MUT 2117, MUT 4421, MUT 4571
- Aural Theory (4 credit hours)
  - MUT 1241, MUT 1242, MUT 2246, MUT 2247
- Music History (8 credit hours)
  - MUH 3300 Music History/Medieval and Renaissance
  - Prerequisite for MUH 3301 and MUH 3302
  - MUH 3301 Music History/Baroque and Classic
  - MUH 3302 Music History/Romantic and 20th Century
  - Elective MUH 2020, MUH 2051, MUH 4058, MUH 4372 (satisfies EXIT-WRIN), MUH 4801* [*0 credit if course taken to satisfy General Education or EXIT]
- Senior Seminar (1 credit hour)
  - MUS 4935 Music Senior Seminar ("S/U" grade only)

Applied Studies (14 credit hours):
- Basic Conducting MUG 3104 [PR: MUT 1112] (2)
- Applied Major (Studio) MV? 131X, 232X [2 terms-each level] (8)
- Major Ensemble MUN 3XXX [concurrent registration with studio is required] (4)
- Recital Attendance MUS 2010 ("S/U" grade only)

Music Composition (31 credit hours):
- Acoustic Music
  - Freshman Composition & Instrumentation MUC 1211, MUC 1212
  - Sophomore Composition & Instrumentation MUC 2221, MUC 2222
  - Junior Composition & Instrumentation MUC 3231, MUC 3232
  - Senior Composition MUC 4241, Senior Recital/Project MUC 4950
- Electronic Music
  - Introduction to Electronic Music MUC 2301 (prerequisite for EM courses and FKL General Education Fine Arts course)
  - Analog Synthesis MUC 3401, MUC 3402
  - Digital Synthesis MUC 3441, MUC 3442
  - Real-Time Performance MUC 4403

Concentration Electives (2 hours)

Music Electives (2 credit hours):
- Keyboard Skills [piano proficiency at Level 4 required by testing or course(s)]

Senior Recital Requirement

The second semester of the senior year is the only semester in the composition sequence that does not require the student to be in a composition class. Instead, students are required to register for Senior Recital (2 credits), which will have a scheduled meeting time (1 hour a week) and syllabus. This meeting time will be student-directed, but one or more composition faculty will be available to help answer questions at the students' request.

The Senior Recital Requirement consists of the following:
1. Portfolio Presentation (30 percent of final grade)
2. Recital (30 percent of final grade)
3. Participation in the Senior Project Concert (15 percent of final grade)
4. Senior Presentation in Composition Seminar (12 percent of final grade)
5. Composers Orchestra composition (13 percent of final grade)
6. Continued participation in Composition Seminar and Notation Emporium

Portfolio

Portfolios must be presented in final form by Monday, 5:00 PM, the last week of classes. Students will consult with faculty throughout the semester on assembling and fine-tuning the material. Faculty will review the portfolio by the time of final jury (final exam week). The portfolio will consist of the following:
1. A digital archive of all of the student's acoustic and electronic projects created over the 8-semester MUC sequence (this can be presented on the web or in physical copy, e.g. DVD, flash drive, etc.)
2. A database of performances, performers, etc. (hard copy)
3. 3 to 5 scores individually bound and professionally presented (at least one of these scores needs to be for both acoustic instruments and electronic media)
4. A curriculum vitae (hard copy)
5. A 300-word artist's statement (hard copy)

Recital

Seniors are responsible for scheduling, preparing for and presenting a 60-minute concert of their music during their final semester. This recital must take place during the semester that the student is registered for Senior Recital, and it is recommended to be before week 15 to allow time for preparing the video for the portfolio. It is expected to be professionally produced in one of the USF SOM halls, most likely in the Barness Recital Hall. The programming must include works for acoustic instruments, electronic media and work that combines the two. The recital will be assessed on quality of preparation, presentation and professional effectiveness (publicity, draw, archiving, etc.).
Senior Project Concert

Senior composition majors who are registered for Senior Recital will collaborate on and present a concert during the same semester. It will feature music and performances by the seniors primarily, but can involve other performers as well. Unlike the solo senior recital concert, it is required that this concert be off campus. Students have a scheduled meeting time that they can use each week for this purpose. This concert will be assessed on quality of preparation, presentation and professional effectiveness (publicity, draw, archiving, etc.).

Senior Presentation in Composition Seminar

Each senior will give 30-50 minute presentation on their music and issues surrounding it. This can be as a preview to their senior recital. Presentations must be scheduled by week 4, and no presentation will be scheduled after week 14. The presentation will be assessed on content as well as professionalism of presentation.

Composers’ Orchestra Composition

Each senior will be required to compose and program a piece written especially for the Composers’ Orchestra, an ad-hoc group of performing composition majors assembled for this purpose. The performance may take place in the Senior Recital or Senior Project concert, but it needs to be performed by week 15 at the latest. This final score and recording will be provided with the portfolio in addition to the 3-5 scores of other work.

Composition Seminar and Notation Emporium

Seniors in their final semester are expected to participate in the weekly seminar and emporium. Attendance is required and excessive absences or late arrivals can affect the Senior Recital final grade. (See attendance policy)

The Recital Approval form (available on music advisor’s door) must be completed and returned to the advisor.

Grading Requirement

C- or better is the minimum grade for all courses; no S grades.

MUSIC PERFORMANCE FACULTY

• B.A. - MUSIC STUDIES (MSU) (CIP = 50.9999)
  TOTAL DEGREE HOURS: 120
  http://music.arts.usf.edu/content/templates/?z=153&a=1072

The B.A. degree in Music Studies is part of the Provost's Scholars Program (PSP). This is a program in which qualified students who enter USF directly from high school with 18 or more credits will be offered the opportunity to complete their undergraduate education in 3 years. Each selected student will be provided preferred registration privileges so that critical courses are not closed when they register. They will be given summer scholarships if they need to take summer classes and will be given scholarships to help them participate in study abroad programs. PSP students will live in the Honors College Living/Learning Community year 1. Students will be offered the assistance of faculty or off campus mentors, depending upon career goals and will be encouraged to use the fourth year for graduate study here at USF. Participants will not need to take larger academic loads and can take advantage of all that USF has to offer.

STATE MANDATED COMMON COURSE PREREQUISITES

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.
Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- MUT X111 Music Theory or MUT X121, X122, X126, or X127
- MUT X112 Music Theory or MUT X121, X122, X126, or X127
- MUT X116 Music Theory or MUT X121, X122, X126, or X127
- MUT X117 Music Theory or MUT X121, X122, X126, or X127
- MUT X241 Aural Theory or MUT X221, X222, X226, X227, X261, X261, X266, X267, X271, X272, X276, or X277
- MUT X242 Aural Theory or MUT X221, X222, X226, X227, X261, X261, X266, X267, X271, X272, X276, or X277
- MUT X246 Advanced Aural Theory or MUT X221, X222, X226, X227, X261, X261, X266, X267, X271, X272, X276, or X277
- MUT X247 Advanced Aural Theory or MUT X221, X222, X226, X227, X261, X261, X266, X267, X271, X272, X276, or X277
- MUN XXXX 4 semester hours
- MVX XX1X Secondary Applied Music Courses, 2-4 semester hours
- MVX XX2X Secondary Applied Music Courses, 2-4 semester hours
- Secondary Piano Proficiency by Examination or MVK X111, X112, and X122 or MVK X111r, X112r, X121r, and X121r or MVK X211 and X221

**REQUIREMENTS FOR THE MAJOR IN MUSIC STUDIES**

**TOTAL MAJOR HOURS: 46**

**Major requirements for the B.A. Degree:**

**Major Core (38 hours)**

**MUSIC CORE**

**ACADEMIC COURSES** (20 credit hours):

- **Music Theory** [Diagnostic Test administered at first class meeting]
  - MUT 1111, MUT 1112, MUT 2116* [Note: MUT 1112 is PR for MUH 3300.]
- **Aural Theory**
  - MUT 1241, MUT 1242, MUT 2246*
- **Jazz Theory**
  - MUT 2641 and MUT 2642 may substitute for MUT 2116 and MUT 2246
- **Music History**
  - MUH 3300 Medieval and Renaissance [PR for MUH 3301 and MUH 3302]

**Choose 2 of the following 3 courses:**

- MUH 3301 Music History/Baroque and Classic
- MUH 3302 Music History/Romantic and 20th Century
- MUH 4801 History of Jazz [recommended for jazz students]

**APPLIED COURSES** (12 credit hours):

- **Applied Major (Studio)**
  - MV? 131X, 232X [2 terms--each level]
- **Major Ensemble**
  - MUN 3XXX [concurrent registration with studio is required]
- **Recital Attendance**
  - MUS 2010 ["S/U" grade only]

**MUSIC EMPHASIS** (6 credit hours):

Choose only one:

**ACADEMIC STUDIES**

[cannot share courses used for Music Electives]

Choose two of the following:

- MUC 2301 Introduction to Electronic Music
- MUH 2020 The History of Blues and Rock
- MUH 2051 Folk and Traditional Music of World Cultures
- MUH 3016 Survey of Jazz
- MUL 3011 Western Art Music in Your Life
- MUH 4058 Intercultural Music in the Twentieth Century
- MUT 2117/MUT 2247 Music Theory IV/Aural Theory IV
- MUT 4421 Eighteenth Century Practice
- MUT 4571 Twentieth Century Practice

**APPLIED STUDIES**

Completion of Junior Level (MV? 333X) & Junior Recital

Two additional terms of major ensemble
Major Electives (8 hours)
Electives: Music credits beyond those required may be used as program electives.

**MUSIC ELECTIVES (8 credit hours):**
- General Education Fine Arts & Exit recommended music courses also apply here.
- Keyboard Skills [piano proficiency at Level 2 required by testing or course(s)]
- Other music courses which are not used for Music Emphasis
- MUT 3353/3354 and MUT 3663/3664 are recommended for jazz students.

**Eight Semester Plan**
The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

**JUNIOR RECITAL FOR BA AND BM DEGREES:** A public recital (must be shared with another junior recital) will be given during the student's junior year. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music, which would normally occur during a student's third year of study. Credit may be granted to transfer students for junior recitals completed at other institutions. This recital should have been completed during the student's junior year at that institution and a request for recognition of that recital should be made in writing to the applied division coordinator. No studio teacher is under any obligation to accept these transfer recitals.

**A RECITAL APPROVAL FORM MUST BE COMPLETED FOLLOWING ALL RECITALS AND PLACED IN EACH MUSIC STUDENT’S ADVISING FOLDER IN ORDER FOR DEGREE CERTIFICATION PROCEDURES TO BE COMPLETED.**

### Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

### Other Information

**Revocation of Awards**

Scholarship awards may be revoked if students

- Fail to maintain full-time status (12 credit hours)
- Fail to maintain required GPA
- Fail to participate in appropriate ensembles (as determined by applied teachers and ensemble directors)
- Switch major area of study outside of music
- Fail to perform satisfactorily in applied lessons or major ensemble(s)
- Fail to maintain satisfactory progress in academic studies in music

Repayment of award will be sought from any student who drops out of school, drops out of ensemble/applied music participation, or fails to maintain 12 credit hours during a semester in which they have received an award.

### MUSIC STUDIES FACULTY

The music faculty is made up of outstanding musicians and scholars whose talents and achievements provide a unique educational resource for all music students. Faculty ensembles such as the Faculty Chamber Players and the Faculty Jazz Combo provide an important musical contribution to campus and Tampa area cultural life, and many music
Faculty perform in professional music ensembles across west central Florida. Faculty scholars are active researchers presenting and publishing their works nationally and internationally.

**B.A. - STUDIO ART (SBA) (CIP = 50.0701)**

**TOTAL DEGREE HOURS: 120**

http://art.arts.usf.edu/content/templates/?z=162&a=1097

This degree is designed to develop the student's consciousness of aesthetic and ideological aspects of art and its relationship to life. The degree also assists students in the realization of personal ideas, art making skills and imagery.

The BA is oriented toward a general and broad immersion in the field. Studio courses are supplemented with studies in art history, foreign language and an abundance of electives both within the School of Art and Art History and throughout the campus. While the BA in Studio Art is not usually the preferred preparation for moving on to the Master of Fine Arts degree, it is quite appropriate for seeking other advanced degrees, especially in the Liberal Arts or other similar programs.

**STATE MANDATED COMMON COURSE PREREQUISITES**

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

**Note:** It is recommended that transfer students complete both Design I and Design II prior to transfer. If a student does not complete Design I and Design II prior to transfer they should wait and enroll in ART 2201C (Concepts and Practices I) and ART 2203C (Concepts and Practices II) at USF.

- ART X201 Design I
- ART X202 Design II or ART X203
- ART X300 Drawing I
- ART X301 Drawing II or ART X330 or ART X205 or ART X310 or ART X305
- ART X050 Art History Survey I
- ART X051 Art History Survey II
- ART XXXX 6 semester hours of ART courses

**NOTE:** All courses except the foreign language coursework require a C or higher.

**REQUIREMENTS FOR THE MAJOR IN STUDIO ART**

**TOTAL MAJOR HOURS: 56**

**Major requirements for the B.A. Degree:**

**Major Core (56 hours)**

**Art Preparation (18 credit hours):**

- ARH 2050 History of Visual Arts I*
- ARH 2051 History of Visual Arts II*
- ART 2201C Concepts and Practices I**
- ART 2203C Concepts and Practices II**
- ART 2301C Beginning Drawing
- ART 3310C Intermediate Drawing

*History of Visual Arts I and II must be used to satisfy the FKL "Humanities" requirement if the student is to remain within 120 hours for the degree.
**Concepts and Practices I or II must be used to satisfy the FKL "Fine Arts" requirement if the student is to remain within 120 hours for the degree.

All studio courses, other than those designated as core or beginning studios, require the completion of the following core courses: ART 2201C or equivalent, ART 2203C or equivalent, ARH 2050 or ARH 2051, and ART 2301C or equivalent and ART 3310C or equivalent.

**Beginning Studio Workshops (12 credit hours):**
- ART 2400C Beginning Printmaking
- ART 2500C Beginning Painting
- ART 2701C Beginning Sculpture
- ART 2750C Beginning Ceramics
- ART 3612C Beginning Video, Animation, and Digital Arts
- PGY 2401C Beginning Photography

These courses may not be repeated. These courses are prerequisites to the intermediate-level Studio Courses. Students must take at least one two-dimensional and one three-dimensional beginning studio course.

**Intermediate Studio Workshops (12 credit hours):**
- 3000-Level Studio

B.A. students may substitute an advanced studio for their final intermediate studio by permission of the instructor of the advanced studio.

**Expanded Context Courses (3 credit hours):**
A minimum of 3 hours of studio work must be from selected expanded context courses. Expanded context courses include ART 4806 Theme Studio, cross-media classes and/or ART 4930 special topics studio classes.

**Art History (9 credit hours):**
- ARH 4170 Greek & Roman Art
- ARH 4200 Medieval Art
- ARH 4301 Renaissance Art
- ARH 4350 Baroque and Rococo Art
- ARH 4430 19th Century Art
- ARH 4450 20th Century Art**
- ARH 4475C Contemporary Issues in Art
- ARH 4520 African Art
- ARH 4530 Asian Art
- ARH 4800 Critical Studies in Art History
- ARH 4930 Selected Topics in Art***

*Three (3) credit hours may be taken in either ARH 4800 Critical Studies in Art History seminar or ART 4900 Directed Readings.

**ARH 4450 is required of all majors.

***ARH 4930 Art History: Selected Topics may be taken for degree credit only by approval of the academic advisor for the School of Art and Art History.

**Additional Requirements (2 credit hours):**
- Extended Studies*

Students are encouraged to take additional credits in the Studio Workshops and Theme Studio Courses to fulfill art electives.

All Students earning a B.A. degree in Studio Art or Art History must complete the Foreign Language Exit Requirement.

**Eight Semester Plan**

The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

### Grading Requirement

All coursework in the School of Art & Art History must have a grade of C or better to satisfy program requirements.

### Residency Requirement

A minimum of 50 percent of the total hours required for a degree from the School of Art and Art History must be completed in The School of Art and Art History Tampa campus.
Foreign Language Requirement
Any student seeking a B.A. in Studio Art must satisfy the Foreign Language Exit requirement (FLEX).

Foundations of Knowledge and Learning (FKL) Requirement
*Please note that 9 hours of FKL requirements are satisfied by the Art School curriculum and that the actual total hours in FKL General Education courses remains 36 as state-mandated.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

STUDIO ART FACULTY
Director: W. Wilson; Professor: E. Fraser, L. Marcus; Associate Professors: W. Babcox, N. Bender, J. Byrd, E. Condon, G. Green, R. Lawrence, R. Marchi, B. Shanks, H. Szepe, J. Weitz; Assistant Professors: C. Cornejo, A. Ekberg, N. Mason, A. Moore, A. Pollack, Instructors: M. Fournier; Assistant in Student Advising: R. Olinger; Distinguished Professor-Dean Emeritus: D.J. Saff; Dean Emeritus-Professor Emeritus: H.W. Covington; Chair Emeritus-Professor Emeritus: G. Pappas; Professor Emeriti: E. Cox, A. Eaker, C. Fager, J. Kronsnoble, M. Larsen, C. Lyman, B. Marsh.; Associate Professor Emeritus: D. Wright, T. Wujcik.

• B.F.A. - STUDIO ART (SBF) (CIP = 50.0702 - TRACK 1 OF 2)
TOTAL DEGREE HOURS: 120
http://art.arts.usf.edu/content/templates/?z=162&a=1100

The B.F.A. program in Studio Art will expose the student to many possibilities in the art-making process. The areas of emphasis in art media on the Tampa campus are painting, drawing, printmaking, photography, sculpture, ceramics, and electronic media/video/performance. These options provide access to a comprehensive program of study in art. Students can develop their conceptual and technical skills in a particular art discipline or decide to investigate a specific subject through the use of numerous media and "mixed" forms of art.

STATE MANDATED COMMON COURSE PREREQUISITES
Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Note: It is recommended that transfer students complete both Design I and Design II prior to transfer. If a student does not complete Design I and Design II prior to transfer they should wait and enroll in ART 2201C (Concepts and Practices I) and ART 2203C (Concepts and Practices II) at USF.

REQUIREMENTS FOR THE MAJOR IN STUDIO ART

TOTAL MAJOR HOURS: 82

Major requirements for the B.F.A. Degree:

**Major Core (82 hours)**

**Art Foundations (18 credit hours):**
- ARH 2050 History of Visual Arts I*
- ARH 2051 History of Visual Arts II*
- ART 2201C Concepts and Practices I**
- ART 2203C Concepts and Practices II**
- ART 2301C Beginning Drawing
- ART 3310C Intermediate Drawing

*History of Visual Arts I and II must be used to satisfy the FKL “Humanities” requirement if the student is to remain within 120 hours for the degree.

**Concepts and Practices I or II must be used to satisfy the FKL “Fine Arts” requirement if the student is to remain within 120 hours for the degree.

**2000 Level Studio (12 credit hours):**
- 2000 Level 2-D Studio
- 2000 Level 3-D Studio
- 2000 Level Specialization
- 2000 Level Elective Studio

**3000 Level Studio (18 credit hours):**
- 3000 Level Specialization
- 3000 Level Non-Specialization
- 3000 Level Elective Studio

**4000 Level Studio Specialization* (9 credit hours):**
- 4000 Level Specialization

*Note: Advanced Studios in Specialization must be taken sequentially and may not be completed during the same term.

**Expanded Context Courses (3 credit hours):**
- A minimum of 3 hours of studio work must be from selected expanded context courses. Expanded context courses include ART 4806 Theme Studio, cross-media classes and/or ART 4930 Special Topics in Art studio classes.

**Art History (9 credit hours):**
- ARH 4450 20th Century Art
- ARH 4475C Contemporary Issues in Art*
- 4000 Level Period Art History

*Note: ARH 4450 20th Century Art is a prerequisite for ARH 4475C Contemporary Issues in Art

**Additional Requirements (13 credit hours):**
- ART 3939 Real World
- ART 4940 Extended Studies*
- ART 4970C Senior Thesis**
- ART 3618 Technology Essentials for Artists***

**Must be taken with the second Advanced Studio in the student’s specialization.

***Note: ART 3618 Technology Essentials for Artists is a prerequisite for ART 3939 RealWorld.

All studio courses—other than those designated as core or beginning studios—require the completion of the following core courses: ART 2201C or equivalent, ART 2203C or equivalent, ARH 2050 or ARH 2051, ART 2301C or equivalent, and ART 3310C or equivalent.

**Eight Semester Plan**

The schedule that follows indicates the required courses for this degree program and the recommended sequence of registration for full-time students. Note: Items that are critical are marked with a "!" and are included in the plan for a student to stay on track.

**Course Grade Requirement**

The minimum acceptable grade for major courses in the School of Art and Art History is a "C" grade.

**Residency Requirement**

A minimum of 50 percent of the total hours required for a degree from the School of Art and Art History must be completed in The School of Art and Art History on the Tampa campus.

**Foreign Language Requirement**

If a student has satisfied the FLENT (Foreign Language Entrance) requirement of two years of a single foreign language, there is no further foreign language required for the B.F.A. in Studio Art. If a student has not satisfied the FLENT requirement, he or she must satisfy the FLEX (Foreign Language Exit) requirement of two terms of a single foreign language at the college level or test out of the requirement.

**Foundations of Knowledge and Learning (FKL) Requirement**

Please note that 9 hours of the FKL requirements are satisfied by the Art School curriculum and that the actual total hours in FKL General Education courses remains 36 as state-mandated.

**Research Opportunities**

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

**Other Information**

The USF School of Art & Art History hosts fully equipped studios in all of these disciplines. The B.F.A. program in Graphic Design is a limited access program and offered only at USF St. Petersburg. (Juniors and Seniors only)

Transfer credit from other institutions is accepted on the basis of portfolio and transcript evaluation. The School of Art & Art History accepts transfer credit from all Florida programs that are part of the "common course prerequisites".

**STUDIO ART FACULTY**

Director: W. Wilson; Professor: E. Fraser, L. Marcus; Associate Professors: W. Babcox, N. Bender, J. Byrd, E. Condon, G. Green, R. Lawrence, R. Marchi, B. Shanks, H. Szepe, J. Weitz; Assistant Professors: C. Cornejo, A. Ekberg, N. Mason, A. Moore, A. Pollack, Instructors: M. Fournier; Assistant in Student Advising: R. Olinger; Distinguished Professor-Dean Emeritus: D.J. Saff; Dean Emeritus-Professor Emeritus: H.W. Covington; Chair Emeritus-Professor Emeritus: G. Pappas; Professor Emeriti: E. Cox, A. Eaker, C. Fager, J. Kronsoble, M. Larsen, C. Lyman, B. Marsh.; Associate Professor Emeritus: D. Wright; T. Wujcik.

**B.A. - THEATRE (TAR) (CIP = 50.0501 - TRACK 2 OF 2)**

**TOTAL DEGREE HOURS: 120**

http://theatreanddance.arts.usf.edu/content/templates/?a=84&z=10

Through its curriculum and production program, students have the opportunity to prepare for a professional career in the theatre or to continue their studies at the graduate level. Our exclusively undergraduate program boasts intensive studies in the disciplines of performance, design and theatre arts as well as a close working relationship with our nationally and internationally recognized faculty.

**STATE MANDATED COMMON COURSE PREREQUISITES**

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.
Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Students need not have completed a concentration of courses in theatre in order to consider a Theatre major at USF. However, admission to the upper-level Theatre Performance program is by audition and admission to the upper-level Design sequence is by portfolio review. If the student does not succeed in passing the audition or portfolio review certain Theatre program requirements may have to be repeated until successful completion of the audition or portfolio review can be achieved.

**THE X000** Any introductory course from THE X001-X035 (3 credit hours)
THE X300 or THE X305 (3 credit hours)
THE X925 (1 credit hour)
TPA X290 (1 credit hour)
TPA X200 or TPA X210 (3 credit hours)
TPP X190 or TPP X110 (3 credit hours)
Any combination THE, TPA and TPP course (9 credit hours)

## REQUIREMENTS FOR THE MAJOR IN THEATRE

**TOTAL MAJOR HOURS: 48-57**

### Major requirements for the B.A. Degree:

**Major Core (33 hours)**

Students may choose one of three areas for the B.A. degree: Performance, Design or Theatre Arts. Common to all is the following core, normally taken in the years indicated:

**First Year (14 credit hours):**
- THE 2020 Introduction to Theatre
- TPP 2110 Acting I
- TPA 2200 Introduction to Technical Theatre I
- TPA 2290L Technical Theatre Lab I
- TPA 2211 Introduction to Technical Theatre II or TPA 2220 Introduction to Technical Theatre III
- TPA 2291L Technical Theatre Lab II or TPA 2220L Technical Theatre Lab III

**Second Year (8 credit hours):**
- THE 2305 Script Analysis
- THE 3110 Theatre History I or THE 3111 Theatre History II
- TPA 2292 Production Involvement I
- TPP 2190 Studio Theatre Performance I

**Third Year (8 credit hours):**

Choose two Theatre History/Literature Courses from the following list:
- THE 3110 Theatre History I
- THE 3111 Theatre History II
- THE 4174 New British Theatre and Drama
- THE 4180 Theatre Origins
- THE 4330 Shakespeare for the Theatre
- THE 4401 American Drama
- THE 4434 Caribbean Theatre
- THE 4480 Drama Special Topics
- THE 4574 Sport as Performance

Note: By prior agreement between the director and instructor the Honors sequence in its entirety (THE 4593, 4594, 4595) may substitute for one Theatre History/Literature course requirement.

- TPA 4293 Production Involvement II
- TPP 4193 Studio Theatre Performance II

**Fourth Year (3 credit hours):**
- THE 4562 Contemporary Performance Theory

Audition and Portfolio Review: All students desiring admittance into the upper level acting courses must audition and those entering the upper level design sequence must present a portfolio. This normally occurs after the completion of the sophomore year.
THEATRE CONCENTRATIONS

DESIGN (TAD)

http://theatreanddance.arts.usf.edu/content/templates/?a=85&z=10

REQUIREMENTS FOR THE CONCENTRATION IN DESIGN

TOTAL CONCENTRATION HOURS: 24

Concentration Core (24 hours)
- TPA 3007 Introduction to Design I
- TPA 3008 Introduction to Design II
- TPA 3208 Drafting and CAD I
- TPA 3231 Costume Construction or TPA 3251 Drafting and CAD II
- THE 4283 Architecture and Decoration
- THE 4264 History of Costume
- TPA 4011 Design Studio I
- TPA 4045 Costume Design or TPA 4013 Lighting Design

THEATRE ARTS (TAA)
http://theatreanddance.arts.usf.edu/content/templates/?a=80&z=10

The Theatre Arts Concentration is intended for the student who, in consultation with the Theatre Advisor, wishes to construct his/her own degree program from a broad spectrum of theatre courses. In addition to courses in performance and design, areas of study available are Technical Theatre, Playwriting, Stage Management, Directing, Literature and Criticism, and more.

REQUIREMENTS FOR THE CONCENTRATION IN THEATRE ARTS

TOTAL CONCENTRATION HOURS: 21

Concentration Core (21 hours)
Additional 3 credit hours of TPP Courses
Additional 18 credit hours of THE; TPA; TPP Courses
(9 credit hours must be at the upper level)

Semester Hours: 13

Residency Requirement

A minimum of 20 credit hours in the major must be earned in residence.

Research Opportunities

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Optional Honors Program

The School Honors Program allows small select groups of upper-division students to work on special projects with faculty and guest artists for up to one year. The Honors Program is available to upper level majors who have a 3.5 GPA in the major and a 3.2 overall GPA and who have achieved a comparably high level of artistic or scholarly achievement. A 6-8 credit one-year sequence of courses is offered to students accepted into the Honors Program. The sequence progresses from a reading seminar to a guest artist practicum to a student thesis or project. With approval of director and instructor, the entire Honors sequence may substitute for one of the Theatre History/Literature requirements.

Accreditation Information

USF is fully accredited by the National Association of Schools of Theatre (NAST).

Other Information

The School of Theatre & Dance believes in the ongoing influence of guest artists as choreographers, teachers for master classes, residencies and performers. The programs provide numerous opportunities to enhance the students' artistic awareness of professional possibilities. Recent Artists-in-Residence have included Trisha Brown, Bill T. Jones, Doug Varone, and Jennifer Archibald.

Through its curriculum and production program, Theatre offers seriously interested students the opportunity to prepare within a liberal arts atmosphere for a professional career in the theatre or to continue their studies at the graduate level.
For over 30 years, our exclusively undergraduate program has prepared critically aware and skilled theatre practitioners. The school's mission is to educate students in the art of theatre, to conduct original research, and to present challenging productions to the university and Tampa Bay communities. Students may graduate with a broad-based theatre arts degree, or they may specialize in performance or design.

Special Features
1. The endowed British International Theatre Program (BRIT) brings three or more professional artists from the UK to work with upper level students for up to 6-8 weeks each spring semester. The BRIT Program is available to advanced theatre students by audition. The program consists of master classes and/or production experience with selected guest artists from the U.K.
2. The John W. Holloway Endowed Chair in Dance and Theatre provides funds annually for guest artist residencies. The Holloway Program provides classes and production experiences with internationally renowned artists in design, directing, acting, writing, and musical theatre.
3. USF's Theatre program has a formal student Exchange Program with Middlesex University in London, England.
4. Guest artists have been working professionals from New York, San Francisco, Denver, Los Angeles, Munich, London, Tel Aviv.

Visiting Artists and Artists-in-Residence
The Theatre program at USF actively promotes guest artists on campus. A representative list of artists includes Maria Aitken, Peter Barkworth, Bill Bryden, Daniel Chumley, Russel Craig, Matthew Francis, George Froshcher, Christopher Fry, John and Lisel Gale, Patrick Garland, Ronald Harwood, Jeff Jones, Rachel Kavaunagh, Sam Mendes, Bob Moody, Eric Overmyer, Louise Page, Estelle Parsons, Olga Petrovna, Roni Pinkovitch, Denis Quilley, Gerlind Reinschagen, L. Kenneth Richardson, Lord Brian Rix, James Reese-Evans, Dorothy Tutlin, Robert Wierzel, and Jose Yglesias. These and others have helped the School develop relationships with UMO, London’s West End, The Royal National Theatre, The Royal Shakespeare Company, The Actors’ Studio, Broadway, San Francisco Mime Troupe, Free Theatre of Munich, The Chichester Festival, The Edinburgh Festival, The Spoleto Festival, Yale Repertory Theatre, and Habimah Theatre in Israel.

THEATRE FACULTY

MINOR IN ART (ART)
TOTAL MINOR HOURS: 21-24
The School of Art & Art History offers two concentrations for the Minor in Art: Studio and Art History.

REQUIREMENTS FOR THE MINOR IN ART

Minor Core (21-24 hours)

**Studio Concentration (24 credit hours):**
Art Area Preparation (15 credit hours):
- ARH 2050 History of Visual Arts I
- ARH 2051 History of Visual Arts II
- ART 2201C Concepts and Practices I
- ART 2203C Concepts and Practices II
- ART 2301C Beginning Drawing
Art Studio (9 credit hours):
- Beginning Studio Workshop (two courses)
- Intermediate Studio Workshop or Theme Studio (one course)

**Art History Concentration (21 credit hours):**
Art History Preparation (9 credit hours):
- ARH 2050 History of Visual Arts I
- ARH 2051 History of Visual Arts II
- ART 2201C Concepts and Practices I or ART 2203C Concepts and Practices II
Art History (12 credit hours):
- Art History Survey
Residency Requirement
In order to be awarded a minor in either Studio Art or Art History, the student attempting the minor must complete a minimum of 12 credits of the minor in the School of Art and Art History specifically on the USF Tampa campus.

MINOR IN DANCE (DAN)
TOTAL MINOR HOURS: 24
http://theatreanddance.arts.usf.edu/content/templates/?z=11&a=94
The Dance Minor is designed to provide students with a scope of experiences in dance that include studio technique, creative studio studies and dance theory. The student selecting a Dance Minor should arrange to meet with the academic advisor in dance prior to enrolling for classes.

REQUIREMENTS FOR THE MINOR IN DANCE

Minor Core (20 hours)

Studio Technique (10 credit hours):
Select 10 credits hours from the following list:
- DAA 2204 Ballet I
- DAA 3214 Ballet II
- DAA 3209 Ballet III
- DAA 4211 Ballet IV
- DAA 2104 Modern Dance I
- DAA 3108 Modern Dance II
- DAA 3109 Modern Dance III
- DAA 4110 Modern Dance IV
- DAA 2504 Jazz Dance
- DAA 4930 Dance Studies

Creative Studio Studies (4 credit hours):
Select 4 credits hours from the following list:
- DAA 3624 Dance Improvisation
- DAA 3614 Choreography I
- DAA 3615 Choreography II

Dance Theory (6 credit hours):
Select 6 credits hours from the following list:
- DAN 2100 Introduction to Dance
- DAN 4134 Ballet History
- DAN 4135 20th Century Dance History

Minor Electives (4 hours)
4 credit hours of dance electives.

Grading Requirement
The student choosing a Dance minor must achieve a grade of C or better in all courses applied to the minor in Dance.

Other Information
Students must be at a Level II of technique to take DAA 3614 Choreography I.
To attain the dance minor, students must complete at least one semester at the level II of technique (ballet or modern).

MINOR IN THEATRE (TAR)
TOTAL MINOR HOURS: 23
http://theatreanddance.arts.usf.edu/content/templates/?z=10&a=86
The Theatre minor is structured to give students an overview of drama and theatre, in terms of history, performance, and criticism. The curriculum involves the student in both the practical and theoretical aspects of the theatre process. The minor offers ample opportunities for students to apply their skills onstage and/or backstage.

REQUIREMENTS FOR THE MINOR IN THEATRE

Minor Core (16 hours)
THE 2020 Introduction to Theatre
TPP 2110 Acting I
TPP 2190 Studio Theatre Performance I
TPA 2292 Production Involvement I
TPA 2200 Introduction to Technical Theatre I
TPA 2290L Technical Theatre Lab I
TPA 2211 Introduction to Technical Theatre II or TPA 2220 Introduction to Technical Theatre III
TPA 2291L Technical Theatre Lab II or TPA 2220L Technical Theatre Lab III

Minor Electives (7 hours)
A minimum of seven (7) credits hours chosen from courses with the following prefix: THE; TPP; TPA and with the approval of the advisor.
All audition and portfolio requirements apply.

Residency Requirement
A minimum of 12 credits must be taken in the USF School of Theatre & Dance.

CERTIFICATE IN ADVANCED DANCE STUDIES
TOTAL CERTIFICATE HOURS: 12
http://theatreanddance.arts.usf.edu/content/go/dance/

This certificate is designed for students who possess a strong background in dance technique (ballet/modern). It is meant for individuals who would like to heighten their studies in dance and earn advanced level training.

REQUIREMENTS FOR THE CERTIFICATE IN ADVANCED DANCE STUDIES
Students are required to take 12 credit hours composed of the course options below. At least one semester of either Ballet IV or Modern Dance IV is required.

Certificate Core (3 hours)
DAA 4211 Ballet IV or DAA 4110 Modern Dance IV

Certificate Electives (9 hours)
Students choose nine credit hours of coursework from the following list of courses:
DAA 3109 Modern Dance III
DAA 3209 Ballet III
DAA 3624 Dance Improvisation
DAA 3294 Ballet Variations (PR: DAA 3209 Ballet III)
DAA 4110 Modern Dance IV
DAA 4211 Ballet IV
DAA 4687 Performance
DAA 4930 Dance Studies (approved in advance by the Dance advisor)
Note: Ballet and Modern classes may be repeated.

Course Grade Requirement
A grade of B- or higher in all courses is required.

Residency Requirement
A minimum of six credit hours of coursework taken at USF Tampa is required to meet residency requirements.

Other Requirements
Students must audition for placement through the dance program and place into at least the level III of ballet or modern in order to qualify to pursue the certificate.

Other Information
Any degree-seeking student not currently majoring in Dance B.F.A. or B.A. or any non-degree seeking student may pursue the Advanced Dance Studies certificate.

Advising Information
Intent to pursue the certificate should be discussed with the academic advisor for Dance, Nadine Niforos via email at nniforos@usf.edu or 813-974-1739.
The Certificate in Art History is designed for undergraduate students majoring in another field who also seek a concentration in art history. This certificate constitutes a sequence of five art history courses (15 credit hours) that provides students with a broad introduction to the field of art history.

REQUIREMENTS FOR THE CERTIFICATE IN ART HISTORY

Certificate Core (6 hours)
- ARH 2050 History of Visual Arts I
- ARH 2051 History of Visual Arts II

Certificate Electives (9 hours)
Students choose nine credit hours of coursework from the following list of courses:
- ARH 4170 Greek and Roman Art
- ARH 4200 Medieval Art
- ARH 4301 Renaissance Art
- ARH 4310 Early Italian Renaissance
- ARH 4312 Late Italian Renaissance
- ARH 4333 Northern Renaissance Art
- ARH 4350 Baroque and Rococo Art
- ARH 4430 Nineteenth Century Art
- ARH 4450 Twentieth Century Art
- ARH 4475C Contemporary Issues in Art
- ARH 4520 African Art
- ARH 4530 Asian Art
- ARH 4571 Themes in Islamic Art and Architecture

GPA Requirements
A cumulative GPA of 2.5 in the certificate coursework is required.

Course Grade Requirement
Courses must be taken on a letter-grade basis. The minimum acceptable grade for each course for the certificate is a C.

Other Requirements
Students may substitute their last three hours in the certificate curriculum (their final art history course) for any art history seminar: ARH 4800.

CERTIFICATE IN BUSINESS AND ART
TOTAL CERTIFICATE HOURS: 12

The Certificate in Business and Art provides for the analysis and hands-on implementation of applied, innovative arts projects and business practices for all majors interested in maximizing creative problem solving with the integration of marketing and finance development in order to realize long-term strategies.

A key outcome is the ability for artists and business graduates to effectively communicate and collaborate across disciplines too often considered as opposites. Both creativity and the understanding of fundamental business practices are essential to everyone in the future, regardless of fields of study, work and engagement.

REQUIREMENTS FOR THE CERTIFICATE IN BUSINESS AND ART

Certificate Core (6 hours)
- ENT 3003 Principles of Business in Entrepreneurship
- ART 2201C Concepts and Practices

Certificate Electives (6 hours)
Select one Business course and one Art course from the below list of courses:
Business:
- FIN 2100 Personal Finance
- MAR 3023 Basic Marketing
Art:
- ARH 2000 Art and Culture
GPA Requirements
A cumulative GPA of 2.5 in the certificate coursework is required.

Grading Requirement
Courses must be taken on a letter-grade basis. The minimum acceptable grade for each course for the certificate is a C (not a C-).

Other Requirements
This certificate is only for degree seeking students in any major.

CERTIFICATE IN ELECTRICAL ENGINEERING, DIGITAL DESIGN, AND THE ARTS
TOTAL CERTIFICATE HOURS: 12

The union of arts and engineering has emerged as a significant intellectual, commercial and educational concept and has sparked creative new programs across the planet. The USF Electrical Engineering, Digital Design, and The Arts Certificate is for undergraduate students who are interested in this union, and exploring the overlapping areas of electrical engineering technology and the visual arts. These innovative products and systems are unique and have value because of their form and function – think smartphones and watches, self-guiding vehicles and interactive multimedia. The goal of the four-course EE-Arts Certificate is to provide a path of increasing exposure to and understanding of this powerful combination, with intensive hands-on experience. Professionals skilled in this field have careers in product design, high technology manufacturing, animation/modeling, interactive game design, robotics, package design, and industrial design.

REQUIREMENTS FOR THE CERTIFICATE IN ELECTRICAL ENGINEERING, DIGITAL DESIGN, AND THE ARTS

Certificate Core (12 hours)
ART 2201C Concepts and Practices I
ART 3610C Digital Modeling
EEL 3924 Makecourse-Art: Leonardo in the New Millennium
EGN 3060 Mechatronics for Innovation

GPA Requirements
A cumulative GPA of 2.5 in the certificate coursework is required.

Course Grade Requirement
The minimum acceptable grade for each course for the minor is a C (not a C-).

Grading Requirement
Courses must be taken on a letter-grade basis.

Other Requirements
It is highly recommended that:
• students successfully complete ART 2201C prior to enrolling in ART 3610C.
• students successfully complete EEL 3924 prior to enrolling in EGN 3060.
Students must complete an FKL general education math course prior to enrolling in EEL 3924 and/or EGN 3060. This certificate is offered for degree-seeking students only.

CERTIFICATE IN VISUALIZATION AND DESIGN
TOTAL CERTIFICATE HOURS: 18

The Certificate in Visualization and Design provides theoretical studies and hands-on practice for all majors interested in the creative design of visual communication. Outcomes include building a portfolio from a variety of visual media and prepares those who complete the certificate for fields (depending on course selections) ranging from media designers, to animators, to research and product designers, to graphic/data developers.
REQUIREMENTS FOR THE CERTIFICATE IN VISUALIZATION AND DESIGN

Certificate Core (6 hours)
Required courses (6 credit hours):
- ART 2201C Concepts and Practices I
- VIC 3001 Introduction to Visual Communications

Certificate Electives (12 hours)
Art Electives (select two courses - 6 credit hours)
- ART 2301C Beginning Drawing
- ART 3612C Beginning Video, Animation and Digital Arts
- ART 3613C Live Action Filmmaking
- ART 3616C 2D Animation
- PGY 2401C Beginning Photography
- PGY 3410C Intermediate Photography

Mass Communication Electives (select two courses - 6 credit hours)
- ADV 2214 Graphic Programs in Communication
- ADV 4710 Portfolio Building
- JOU 4212 Magazine Design and Production
- MMC 4936 Selected Topics in Mass Communications Studies*:
  - Graphics in Visual Communication
  - Visualization of Big Data
  - Visual Analytics
- PGY 3610C Photojournalism I
- PUR 4101 Public Relations Design and Production
- VIC 3943 Visual Communication Practicum

*Students must get pre-approval from Kevin Hawley (kevinhawley@usf.edu) for any MMC 4936 topic not listed above that they intend to utilize toward the certificate.

This certificate is offered for degree-seeking students only.

The Office of Undergraduate Studies (UGS) works in partnership with the academic colleges in the development, review and enhancement of the undergraduate programs to assist faculty to provide outstanding undergraduate education for students. The members of the UGS team work with faculty to establish and administer academic policies, assist with undergraduate curriculum development and review, and support proposals for new and revised programs and courses through the various approval processes. In addition to assisting with the academic programs offered by the colleges, Undergraduate Studies offers a number of academic programs, including the Bachelor of Science in Applied Science, Bachelor of General Studies, Leadership Studies minor, ROTC minors and the Army, Air Force, and Naval Reserve Officer Training Corps programs.

Undergraduate Studies provides a strong set of student success programs designed to make it more likely that students will successfully navigate the complexities of the transition to college and the baccalaureate experience. (It integrates academic endeavors with meaningful experiences within a myriad of student development programs.) Together, they aim to provide coordinated opportunities for students to develop their identities and intellectual competencies for successful careers and lifelong learning. Those services include: the Academic Success Center, First-Year and Transfer Student Orientation, the Office of Academic Advocacy, the Academic Foundations course, First Generation Access and Pre-Collegiate Programs, the Office for Undergraduate Research, the Academic Enrichment Center for Student Athletes, the Global Citizens Project, FUSE, and New Student Connections.

Following are the undergraduate academic programs offered by Undergraduate Studies:

### Bachelor of General Studies (B.G.S.)

- **General Studies (BGS)**
  - Aging Sciences (GASC)
  - Behavioral Healthcare (GBH)
  - Business (GBU)
  - Computer Systems Technology (GCST) (formerly Information Technology)
  - Criminal Justice (GCJ)
  - Educational Foundations (GEF)

### Bachelor of Science in Applied Science (B.S.A.S.)

- **Applied Science (APS)**
  - Aging Sciences (AASC)
  - Behavioral Healthcare (ABH)
  - Computer Systems Technology (ACST) (formerly Information Technology)
  - Criminal Justice (ACJ)

### Minors

- Aerospace Studies (AEO)
- Leadership Studies (LDS)
- Military Leadership (MTY)
- Naval Science and Leadership (NSL)

The following concentrations are accepting no new admission because they were discontinued effective Spring 2017:

- B.G.S. General Studies: Leadership Studies
- B.S.A.S. Applied Science: Leadership Studies

</table>
Workforce projections for the 21st Century indicate that there will be an ongoing need for people with specific skills and abilities to fill Florida's growing number of specialized, scientific, industrial and technological positions. Florida's two-year colleges offer many exceptional programs that meet these demands through their Associate in Science (A.S.) degrees. Although these applied and technical degrees provide excellent preparation for students seeking jobs that require specific knowledge, skill and ability, they have not generally transferred very efficiently into four-year Bachelor's degree programs. The Bachelor of Science in Applied Science (B.S.A.S.) has been developed by USF under certain provisions of Florida legislation to remove constraints from the transfer process, recognize past coursework as transferable credit to the university, and afford exciting new opportunities for those with an A.S. degree from a Florida public institution to pursue and acquire a distinctive USF Bachelor's degree.

The BSAS program is a "capstone" degree offering A.S. degree holders an efficient pathway to a Bachelor's degree. It provides Florida Public community and state college A.S. transfer students with a broad educational experience and a unique academic area of concentration. The various concentrations allow students to somewhat tailor their degree to match their academic interests and career ambitions. To achieve this end, BSAS students will plan their program in ongoing consultation with an academic advisor who will help students design their individualized program of study.

<td>Total Credit Hours Required for the Degree:</td>
<td>120</td>
</tr>
</tbody>
</table>

*Elective credit hours may vary slightly, but will not require students to exceed a total of 120 credit hours for completion of the BSAS degree.

Within the 60 credit hours of USF coursework beyond the A.S., BSAS students will complete:

- A minimum of 42 credit hours of upper-level (3000-4999) courses
- Foreign language requirement (can be satisfied by two years of high school foreign language credit or 8 college credit hours in a single foreign language) Note: ASL 2140C Basic American Sign Language and ASL 2150C Intermediate American Sign Language may be substituted to meet this requirement.

Students pursuing a Bachelor of Applied Science degree are restricted from declaring a minor, due to USF's degree progression policy. Students may not pursue the Bachelor of Applied Science as a second major, co-degree (concurrent), or second or post-baccalaureate degree. Baccalaureate degree holders who wish to pursue further education are encouraged to pursue admission into a graduate degree program of study.

STATE MANDATED COMMON COURSE PREREQUISITES

There are no State Mandated Common Prerequisites for this degree program.

Students wishing to transfer to USF must complete an A.S. degree (from a Florida public state or community college) with a minimum overall 2.0 GPA in all college-level courses accepted for transfer credit to USF, with no grade lower than C-. Students should complete at least 16 credit hours of the general education requirements as part of their A.S. degree, which should include the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) courses to fulfill these requirements while at the community or state college. Students must complete ENC 1101 and at least one college-level math course to be admitted into the Applied Science program.

USF will award up to 60 transfer credits from the A.S. degree (applicable only to the BSAS program). Up to 42 hours of technical coursework may be eligible for transfer into the BSAS program. The remaining 18 credit hours of
transferable General Education coursework from the A.S. will be matched against USF requirements to determine which courses remain outstanding for the fulfillment of the University's 36 credit hour General Education requirements.

REQUIREMENTS FOR THE MAJOR IN APPLIED SCIENCE
TOTAL MAJOR HOURS: 24-25

Major requirements for the B.S.A.S. Degree:
Major Core (3 hours)
USF Capstone EXIT Requirement:
IDS 4934 Senior Capstone for BSAS/BGS

Residency Requirement
At least 30 hours of the last 60 credit hours must be taken at USF.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Other Information
The following BSAS Areas of Concentration are offered fully or partially online:
- Computer Systems Technology (fully online)
- Criminal Justice (fully online)
- Environmental Policy (partially online)
- Information Studies: Information Architecture (fully online)
- Public Administration (fully online)
- Public Health (fully online)
- Urban Studies (partially online)

Advising Information
Office of Undergraduate Studies (UGS)
Location/Phone: Student Services Building (SVC) 2002; (813) 974-4051

APPLIED SCIENCE CONCENTRATIONS
AGING SCIENCES (AASC)
http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=APS&deg=BSAS&conc=AASC
Gerontology is the study of the process of human aging in all its many aspects: physical, psychological and social. In the School of Aging Studies, particular emphasis is placed upon applied gerontology, with the goal of educating students who in their professional careers will work to sustain or improve the quality of life in older persons.

REQUIREMENTS FOR THE CONCENTRATION IN AGING SCIENCES
TOTAL CONCENTRATION HOURS: 21

Concentration Core (12 hours)
GEY 2000 Introduction to Aging Sciences
GEY 3601 Physical Changes and Aging
GEY 3625 Sociological Aspects of Aging
GEY 4612 Psychology of Aging

Concentration Electives (9 hours)
Choose nine credit hours from the following list of courses:
GEY 4101 Aging in Special Populations
GEY 4102 Aging in Modern Literature and Film
GEY 4231 Elder Abuse and Neglect
GEY 4322 Care Management for Older Adults
Behavioral Healthcare (ABH)

http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=APS&deg=BSAS&conc=ABH

Behavioral health problems, including mental illness and substance abuse, are among the greatest public health challenges facing our communities. Students enrolling in the BSAS Behavioral Healthcare concentration will be exposed to treatment approaches as well as to issues related to the organization, financing, delivery, and outcomes of behavioral health services. Combining academic and experiential learning, the concentration provides students with information and practical experience in behavioral healthcare services.

Requirements for the Concentration in Behavioral Healthcare

Total Concentration Hours: 21

Concentration Core (18 hours)

Concentration Requirements:
- MHS 3411 Multidisciplinary Behavioral Healthcare Services
- MHS 4002 Behavioral Health Systems Delivery
- MHS 4022 Adult Psychopathology in the Community or MHS 4490 Behavioral Healthcare Issues for Children
- MHS 4408 Exemplary Practices in Behavioral Healthcare Treatment
- MHS 4703 Legal, Ethical and Professional Issues in BHC
- MHS 4723 Professional Seminar in Behavioral Healthcare or MHS 4203 Practical Skills: Children's Behavioral Healthcare

Concentration Electives (3 hours)

Choose three (3) credit hours from the following list of courses:
- MHS 3204 Fundamentals of Applied Behavior Analysis or CLP 4414 Behavior Modification
- MHS 4023 Recovery-Oriented Mental Health Services
- MHS 4074 Child Development and Trauma
- MHS 4425 Field Experience in Behavioral Healthcare
- MHS 4434 Behavioral Health and the Family
- MHS 4452 Co-Occurring Disorders
- MHS 4463 Suicide Issues in Behavioral Health
- MHS 4731 Writing for Research and Publication in Behavioral and Community Sciences
- MHS 4741 Applied Research Methods
- MHS 4931 Selected Topics

Course Grade Requirement

*MHS 3411 should be taken during student's first semester of concentration coursework; a minimum grade of "B-" is required.

Criminal Justice (ACJ)

http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=APS&deg=BSAS&conc=ACJ

The Criminal Justice concentration provides students with an exposure to the criminal justice system including law enforcement, detention, the judiciary, corrections, and probation and parole. The objective of the concentration in Criminal Justice is to develop a sound educational basis either for graduate work or for professional training in one or more of the specialized areas comprising the modern urban criminal justice system.

Requirements for the Concentration in Criminal Justice

Total Concentration Hours: 21

Concentration Core (6 hours)

- CCJ 3117 Theories of Criminal Behavior
- CCJ 3024 Survey of the Criminal Justice System
Concentration Electives (15 hours)
Choose fifteen (15) credit hours of upper-level Criminal Justice courses with the following prefixes: CCJ, CJE, CJC, or CJL.

COMPUTER SYSTEMS TECHNOLOGY (ACST)

The Computer Systems Technology concentration is designed to teach students the fundamentals of computer systems and their application. Emphasis is placed on computer technology, as well as programming and applications, in an era of rapidly changing computer technology. Entrance requirement for concentration: Students must have prior experience and/or coursework in Information Technology, Computer Science, or a closely related field.

Students must take CGS 1540 Introduction to Databases for Information Technology and COP 2512 Programming Fundamentals for Information Technology in their first semester in the concentration, if the courses were not taken prior to transferring to USF. Students must receive a minimum grade of C- in both courses to progress in the Computer Systems Technology concentration. If a student does not receive, enroll, and/or meet the minimum grade requirements for CGS 1540 and COP 2512, he/she will be required to choose another BSAS concentration.

Special Note: It is highly recommended that CGS 1540 Introduction to Databases for Information Technology and COP 2512 Programming Fundamentals for Information Technology (or any equivalent courses) are taken prior to admission to this concentration.

REQUIREMENTS FOR THE CONCENTRATION IN COMPUTER SYSTEMS TECHNOLOGY
TOTAL CONCENTRATION HOURS: 21

Concentration Core (18 hours)
- CGS 1540 Introduction to Databases for Information Technology
- CGS 3303 Information Technology Concepts
- COP 2512 Programming Fundamentals for Information Technology
- COP 2513 Object Oriented Programming for Information Technology
- COP 3515 Advanced Program Design for Information Technology
- MAD 2104 Discrete Math

Concentration Electives (3 hours)
Students choose three (3) credit hours from the following list of courses:
- CEN 3722 Human Computer Interfaces for Information Technology
- CEN 4360 Mobile Applications Development for IT
- CGS 3845 Electronic Commerce
- CIS 3213 Foundations of Cyber Security
- CIS 3433 System Integration and Architecture for Information Technology
- CIS 4204 Ethical Hacking
- CIS 4361 Information Assurance and Security Management for IT
- CIS 4412 Resource Management for Information Technology
- CNT 4104/CNT 4104L Computer Information Networks for Information Technology with Lab
- COP 3353 User-Level Introduction to Linux for IT
- COP 4564 Application Maintenance and Debugging for IT
- CTS 4337 Linux Workstations System Administration for Information Technology

The above electives may not be offered every semester. Additional electives may be possible. Please consult with the Department of Computer Science and Engineering undergraduate academic advisor.

**Entrance Requirement for the Computer Systems Technology concentration:** Students must have completed the A.S. degree with a major in Information Technology, Computer Science, Networking, or a closely related field.

DEAF STUDIES (ADS)

This concentration will introduce students to the history, culture and language of the American Deaf community. The student will be exposed to the full spectrum of Deafness from the cultural view to the pathological view. In addition, students will be able to explore a variety of social and community services and tailor their education to their specific area of interest. Students will be able to apply their knowledge of Deafness and cultural perspective to these social and community services in order to become an advocate within the community.

REQUIREMENTS FOR THE CONCENTRATION IN DEAF STUDIES
TOTAL CONCENTRATION HOURS: 21

Concentration Core (12 hours)
Concentration Electives (9 hours)
Choose nine credit hours from the following list of courses:
- ASL 2140C Basic American Sign Language
- ASL 2150C Intermediate American Sign Language
- ASL 3324 Advanced ASL Discourse
- ASL 4161C Advanced American Sign Language
- MHS 3411 Multidisciplinary Behavioral Healthcare Services
- SPA 3002 Introduction to Disorders of Speech and Language
- SPA 3004 Introduction to Language Development and Disorders
- SPA 3030 Introduction to Hearing Science
- SPA 3112 Applied Phonetics in Communication Disorders
- SPA 3261 Language Science for Comm. Sciences & Disorders
- SPA 3310 Introduction to Disorders of Hearing

ENVIRONMENTAL POLICY (AEP)

This concentration is a unique interdisciplinary program that incorporates courses from various colleges across the University. Although there are courses in the concentration that are offered by the Environmental Science and Policy Division, the degree concentration also offers students the opportunity to take supporting courses in other physical and natural sciences, statistics, policy, and ethics.

REQUIREMENTS FOR THE CONCENTRATION IN ENVIRONMENTAL POLICY
TOTAL CONCENTRATION HOURS: 22

Concentration Core (7 hours)
- EVR 2001 Introduction to Environmental Science
- EVR 2001L Environmental Science Lab
- EVR 2861 Introduction to Environmental Policy

Concentration Electives (15 hours)
Choose 9 credit hours from the following:
- EVR 4027 Wetland Environments
- EVR 4033 Environmental Regulation
- EVR 4104 Karst Environments
- EVR 4114 Climate Change
- GEO 4502 Economic Geography

Choose 6 credits from the following:
- EVR 4807 Sustainable Healthy Environments
- EVR 4930 Selected Topics
- GEO 4340 Natural Hazards
- GEO 4372 Global Conservation
- GEO 4421 Cultural Geography
- GEO 4471 Political Geography
- GEO 4604 Topics in Urban Geography
- GEO 4700 Transportation Geography
- GIS 4043C Geographical Information Systems
- PAD 3003 Introduction to Public Administration
- PAD 4144 Non-Profit Organizations and Public Policy
- PAD 4930 Selected Topics in Public Administration and Public Policy
- POS 3142 Introduction to Urban Politics and Government
- POS 3182 Florida Politics and Government
- URP 4052 Urban and Regional Planning
INFORMATION STUDIES: INFORMATION ARCHITECTURE (AIA)

The Information Architecture concentration provides students with the foundational technical knowledge, information design theory, and best practices supporting designing, organizing, classifying, and improving web sites and other online applications, organization intranets, social networking applications and online communities, and software for a variety of organizations. The Information Architect's career opportunities may be in information architecture, project management, design, analysis, usability testing, planning, user interaction design, universal access design, web database design, customer management, and other information related fields.

REQUIREMENTS FOR THE CONCENTRATION IN INFORMATION STUDIES: INFORMATION ARCHITECTURE

TOTAL CONCENTRATION HOURS: 21

Concentration Core (18 hours)
- LIS 3261 Introduction to Information Science
- LIS 3353 IT Concepts for Information Professionals
- LIS 3783 Information Architecture
- LIS 3361 World Wide Web Page Design and Management
- LIS 3352 Interaction Design
- LIS 4365 Web Design Technologies

Concentration Electives (3 hours)
Choose three credit hours from the following list of courses:
- CEN 3722 Human Computer Interfaces for Information Technology
- CGS 3373 IT Concepts & Data Networking
- CGS 3374 Computer Architecture & Operating Systems
- CGS 3847 Advanced E-Commerce
- CIS 3360 Principles of Information Security
- CIS 3367 Architecting Operating System Security
- CIS 3932 Special Topics for Information Technology
- CIS 4204 Ethical Hacking
- CIS 4253 Ethics for Information Technology
- CIS 4361 Information Technology Security Management
- CIS 4365 Computer Security Policies and Disaster Preparedness
- CIS 4368 Database Security and Audits
- CIS 4412 Information Technology Resource Management
- CIS 4510 IT Project Management
- CIS 4932 Special Topics for Information Technology

PUBLIC HEALTH (APL)

Upon completion of the Public Health concentration coursework, a student will be able to articulate the role of public health in disease prevention and health promotion at the local, state, national and global level, describe public health concepts and issues, discuss and analyze current public health issues, describe career paths in public health, and develop an understanding of public health that can serve as a foundation for graduate coursework in the field.
REQUIREMENTS FOR THE CONCENTRATION IN PUBLIC HEALTH
TOTAL CONCENTRATION HOURS: 21

Concentration Core (9 hours)
- HSC 4551 Survey of Human Diseases
- PHC 4030 Introduction to Epidemiology
- PHC 4101 Overview of Public Health Programs and Policies

Concentration Electives (12 hours)
Choose 12 credit hours from the following list of courses:
- HSC 4172 Women's Health: A Public Health Perspective
- HSC 4211 Health, Behavior and Society
- HSC 4430 Occupational Health and Safety
- HSC 4504 Foundations of Public Health Immunology
- HSC 4573 Foundations of Food Safety
- HSC 4579 Foundations of Maternal and Child Health
- HSC 4624 Foundations of Global Health
- HSC 4630 Understanding U.S. Health Care
- HSC 4631 Critical Issues in Public Health
- HSC 4933 Special Topics in Public Health

PUBLIC ADMINISTRATION (APU)
http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=APS&deg=BSAS&conc=APU
The Public Administration concentration courses will benefit those students preparing for a career in local, state, or federal agencies of government, non-profit organizations, and special service districts and/or graduate work in public administration and related fields.

REQUIREMENTS FOR THE CONCENTRATION IN PUBLIC ADMINISTRATION
TOTAL CONCENTRATION HOURS: 21

Concentration Core (15 hours)
- PAD 3003 Introduction to Public Administration
- PAD 4144 Nonprofit Organizations and Public Policy
- PAD 4204 Public Financial Administration
- PAD 4415 Personnel and Supervision in Today's Diverse Organizations
- PAD 4712 Managing Information Resources in the Public Sector

Concentration Electives (6 hours)
Choose six credit hours from the following list of courses:
- PAD 4930 Selected Topics in Public Administration and Public Policy
- POS 3182 Florida Politics and Government
- PUP 4002 Public Policy
- URP 4050 City Planning and Community Development
- URS 3002 Introduction to Urban Studies

URBAN STUDIES (AUR)
http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=APS&deg=BSAS&conc=AUR
The Urban Studies concentration offers students the opportunity to supplement their education and training with a focus on the problems and potential of the urban world around us. Understanding the economic, social, cultural, political and spatial phenomena of urban areas, and how they came to be, is essential if one is to thrive in today's world.
REQUIREMENTS FOR THE CONCENTRATION IN URBAN STUDIES

TOTAL CONCENTRATION HOURS: 21

Concentration Core (6 hours)

- PAD 3003 Introduction to Public Administration
- URS 3002 Introduction to Urban Studies

Concentration Electives (15 hours)

Choose 6 credit hours from the following:

- URP 4050 City Planning and Community Development
- URP 4052 Urban and Regional Planning
- URP XXXX An approved URP course

Choose 9 credit hours from the following:

- AMH 3500 American Labor History
- AMS 3700 Racism in American Society
- ARC 4784 The City
- CCJ 3014 Crime and Justice in America
- EVR 2861 Introduction to Environmental Policy

- SYD 4410 Urban Sociology
- TTE 4003 Transportation and Society

• B.G.S. - GENERAL STUDIES (BGS) (CIP = 24.0102)

TOTAL DEGREE HOURS: 120

http://www.usf.edu/undergrad/programs/bgs/

USF’s Bachelor of General Studies Degree (BGS) is a customized, interdisciplinary degree completion program that provides students with options to choose an appropriate academic program that fits their educational and professional goals. The BGS major provides mid-career, adult students with the opportunity to integrate completion of the baccalaureate degree into their established lifestyle.

BGS students will take an active role in creating their academic plans. Rather than choosing a traditional major, BGS students can choose from a number of established plans of study or can create their own individualized plan of study. BGS students complete 24-27 credits (core courses and electives) within a selected concentration in addition to their other degree requirements.

Students pursuing a Bachelor of General Studies degree are restricted from declaring a minor, due to USF’s degree progression policy.

Students may not pursue the Bachelor of General Studies as a second major, co-degree (concurrent), or second or post-baccalaureate degree. Baccalaureate degree holders who wish to pursue further education are encouraged to pursue admission into a graduate degree program of study.

STATE MANDATED COMMON COURSE PREREQUISITES

Students desiring to transfer to USF should complete an A.A. degree at a Florida College System institution. If students transfer with fewer than 60 semester hours of acceptable credit, the students must meet the University's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

There are no State Mandated Common Prerequisites for this program.
REQUIREMENTS FOR THE MAJOR IN GENERAL STUDIES
TOTAL MAJOR HOURS: 24-27

Major requirements for the B.G.S. Degree:

Major Core (3 hours)

USF Capstone EXIT Requirement:
IDS 4934 Senior Capstone for BSAS/BGS

Upon acceptance to the BGS major, students will complete the necessary coursework to reach 120 credit hours.
The 120 credit hour requirement includes completing the following:
- USF Foundations of Knowledge and Learning General Education requirements or approved equivalents - unless GE credits were completed at another Florida institution.
- All USF exit requirements
- Foreign Language Entrance Requirement
- One or two disciplinary concentrations selected by the student and approved by the advisor
- A minimum of 42 semester hours of upper-level work (courses numbered 3000 and above)

Residency Requirement
At least 30 hours earned at USF Tampa.

Research Opportunities
All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDH 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office for Undergraduate Research will assist students in understanding the various course options.

Other Information
The following BGS Areas of Concentration are offered fully or partially online:
- Computer Systems Technology (fully online)
- Criminal Justice (fully online)
- Educational Foundations (partially online)
- Environmental Policy (partially online)
- Information Studies: Information Architecture (fully online)
- Public Administration (fully online)
- Public Health (fully online)
- Urban Studies (partially online)

Consult advisor for availability of online course offerings.

Advising Information

GENERAL STUDIES CONCENTRATIONS
AGING SCIENCES (GASC)
http://uqs.usf.edu/catalog/?category=majors&display=detail&maj=BGS&deg=BGS&conc=GASC

Gerontology is the study of the process of human aging in all its many aspects: physical, psychological and social. In the School of Aging Studies, particular emphasis is placed upon applied gerontology, with the goal of educating students who in their professional careers will work to sustain or improve the quality of life in older persons.

REQUIREMENTS FOR THE CONCENTRATION IN AGING SCIENCES
TOTAL CONCENTRATION HOURS: 21

Concentration Core (12 hours)
GEY 2000 Introduction to Aging Sciences
GEY 3601 Physical Changes and Aging
GEY 3625 Sociological Aspects of Aging
GEY 4612 Psychology of Aging

**Concentration Electives (9 hours)**
Choose nine credit hours from the following list of courses:
- GEY 4101 Aging in Special Populations
- GEY 4102 Aging in Modern Literature and Film
- GEY 4231 Elder Abuse and Neglect
- GEY 4322 Care Management for Older Adults
- GEY 4360 Counseling for Older Adults
- GEY 4608 Alzheimer’s Disease Management
- GEY 4628 Health, Ethnicity, and Aging
- GEY 4629 Women and Aging
- GEY 4635 Business Management in an Aging Society
- GEY 4641 Death and Dying
- GEY 4647 Ethical and Legal Issues in Aging
- GEY 4690 Senior Seminar in Aging

**BEHAVIORAL HEALTHCARE (GBH)**

http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=BGS&deg=BGS&conc=GBH

Behavioral health problems, including mental illness and substance abuse, are among the greatest public health challenges facing our communities. Students enrolling in the Behavioral Healthcare concentration will be exposed to treatment approaches as well as to issues related to the organization, financing, delivery, and outcomes of behavioral health services. Combining academic and experiential learning, the concentration provides students with information and practical experience in behavioral healthcare services.

**REQUIREMENTS FOR THE CONCENTRATION IN BEHAVIORAL HEALTHCARE**

**TOTAL CONCENTRATION HOURS: 21**

**Concentration Core (18 hours)**
- MHS 3411 Multidisciplinary Behavioral Healthcare Services
- MHS 4002 Behavioral Health Systems Delivery
- MHS 4022 Adult Psychopathology in the Community or MHS 4490 Behavioral Healthcare Issues for Children
- MHS 4408 Exemplary Practices in Behavioral Healthcare Treatment
- MHS 4703 Legal, Ethical and Professional Issues in BHC
- MHS 4723 Professional Seminar in Behavioral Healthcare or MHS 4203 Practical Skills: Children's Behavioral Healthcare

**Concentration Electives (3 hours)**
Choose three (3) credit hours from the following list of courses:
- MHS 3204 Fundamentals of Applied Behavior Analysis or CLP 4414 Behavior Modification
- MHS 4023 Recovery-Oriented Mental Health Services
- MHS 4074 Child Development and Trauma
- MHS 4425 Field Experience in Behavioral Healthcare
- MHS 4434 Behavioral Health and the Family
- MHS 4452 Co-Occurring Disorders
- MHS 4453 Suicide Issues in Behavioral Health
- MHS 4731 Writing for Research and Publication in Behavioral and Community Sciences
- MHS 4741 Applied Research Methods
- MHS 4931 Selected Topics

**Course Grade Requirement**
*MHS 3411 should be taken during student's first semester of concentration coursework; a minimum grade of "B-" is required.

**BUSINESS (GBU)**

http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=BGS&deg=BGS&conc=GBU

The Business concentration will give students exposure to the basic elements of all business disciplines. The goal of the Business concentration is to provide students the opportunity to pursue a broad-based study of upper-level coursework in business with electives from outside the college to meet career preparation goals.
REQUIREMENTS FOR THE CONCENTRATION IN BUSINESS

TOTAL CONCENTRATION HOURS: 24

Concentration Core (24 hours)
- ACG 2021 Principles of Financial Accounting
- ACG 2071 Principles of Managerial Accounting
- ECO 2013 Economic Principles (Macroeconomics)
- ECO 2023 Economic Principles (Microeconomics)
- FIN 3403 Principles of Finance
- GEB 4890 Strategic Management and Decision Making
- MAN 3025 Principles of Management
- MAR 3023 Basic Marketing

CRIMINAL JUSTICE (GCJ)

http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=BGS&deg=BGS&conc=GCJ

The Criminal Justice concentration provides students with an exposure to the criminal justice system including law enforcement, detention, the judiciary, corrections, and probation and parole. The objective of the concentration in Criminal Justice is to develop a sound educational basis either for graduate work or for professional training in one or more of the specialized areas comprising the modern urban criminal justice system.

REQUIREMENTS FOR THE CONCENTRATION IN CRIMINAL JUSTICE

TOTAL CONCENTRATION HOURS: 21

Concentration Core (6 hours)
- CCJ 3024 Survey of the Criminal Justice System
- CCJ 3117 Theories of Criminal Behavior

Concentration Electives (15 hours)
Choose fifteen (15) credit hours of upper-level Criminal Justice courses with the following prefixes: CCJ, CJE, CJC, or CJL.

COMPUTER SYSTEMS TECHNOLOGY (GCST)

http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=BGS&deg=BGS&conc=GCST

The Computer Systems Technology concentration is designed to teach students the fundamentals of computer systems and their application. Emphasis is placed on computer technology, as well as programming and applications, in an era of rapidly changing computer technology. Entrance requirement for concentration: Students must have prior experience and/or coursework in Information Technology, Computer Science, or a closely related field.

Students must take CGS 1540 Introduction to Databases for Information Technology and COP 2512 Programming Fundamentals for Information Technology in their first semester in the concentration, if the courses were not taken prior to transferring to USF. Students must receive a minimum grade of C- in both courses to progress in the Computer Systems Technology concentration. If a student does not receive, enroll, and/or meet the minimum grade requirements for CGS 1540 and COP 2512, he/she will be required to choose another BGS concentration.

REQUIREMENTS FOR THE CONCENTRATION IN COMPUTER SYSTEMS TECHNOLOGY

TOTAL CONCENTRATION HOURS: 21

Concentration Core (18 hours)
- CGS 1540 Introduction to Databases for Information Technology
- CGS 3303 Information Technology Concepts
- COP 2512 Programming Fundamentals for Information Technology
- COP 2513 Object Oriented Programming for Information Technology
- COP 3515 Advanced Program Design for Information Technology
- MAD 2104 Discrete Math

Concentration Electives (3 hours)
Students choose three (3) credit hours from the following list of courses:
- CEN 3722 Human Computer Interfaces for Information Technology
- CEN 4360 Mobile Applications Development for IT
- CGS 3845 Electronic Commerce
- CIS 3213 Foundations of Cyber Security
- CIS 3433 System Integration and Architecture for Information Technology
CIS 4204 Ethical Hacking
CIS 4361 Information Assurance and Security Management for IT
CIS 4412 Resource Management for Information Technology
CNT 4104/CNT 4104L Computer Information Networks for Information Technology with Lab
COP 3353 User-Level Introduction to Linux for IT
COP 4564 Application Maintenance and Debugging for IT
CTS 4337 Linux Workstations System Administration for Information Technology

The above electives may not be offered every semester. Additional electives may be possible. Please consult with the Department of Computer Science and Engineering undergraduate academic advisor.

Entrance Requirement for the Computer Systems Technology concentration: Students must have prior experience and/or coursework in Information Technology, Computer Science, Networking, or a closely related field.

EDUCATIONAL FOUNDATIONS (GEF)

http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=BGS&deg=BGS&conc=GEF

Students who enroll in Educational Foundations will explore the impact society has had on learning and education. Coursework provides opportunities for students to study the learning process including assessment, perspectives of diverse learners, the organization of schooling, and its links to broader political and historical contexts, the potential of educational systems to bring about social change. The Educational Foundations concentration can be a valuable program addition for students pursuing careers in social and behavioral sciences, law, and youth services among many other career fields. The concentration is appropriate for non-teacher education majors who want to enhance their understanding of educational institutions and the learning process and for those who intend to apply to graduate school in an education program.

REQUIREMENTS FOR THE CONCENTRATION IN EDUCATIONAL FOUNDATIONS

TOTAL CONCENTRATION HOURS: 21

Concentration Core (15 hours)
- EEX 4742 Narrative Perspectives on Exceptionality: Cultural and Ethical Issues or EEX 4070 Integrating Exceptional Students into the Regular Classroom
- EDF 4490 Studies in Research Design or EDF 4430 Measurement for Teachers or any measurement course for teachers
- EDF 3122 Learning and the Developing Child or EDF 3214 Human Development and Learning or EDF 4124 Child Growth and Learning
- Any pre-approved ESOL course offered by USF
- EDF 3604 Schools in Society (WRIN)

Concentration Electives (6 hours)
- Any six (6) credit hours of 3000-4000 level coursework with the following prefixes: EDE, EDF, EDG, EDP, EEC, EVT, FLE, LAE, or TSL.
- Note: Courses restricted to College of Education majors, field experience and/or internship courses will not be approved as electives for the concentration.

ENVIRONMENTAL POLICY (GEM)

http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=BGS&deg=BGS&conc=GEM

This concentration is a unique interdisciplinary program that incorporates courses from various colleges across the University. Although there are courses in the concentration that are offered by Environmental Science and Policy, the concentration also offers students the opportunity to take supporting courses in other physical and natural sciences, statistics, policy, and ethics.

REQUIREMENTS FOR THE CONCENTRATION IN ENVIRONMENTAL POLICY

TOTAL CONCENTRATION HOURS: 22

Concentration Core (7 hours)
- EVR 2001 Introduction to Environmental Science
- EVR 2001L Environmental Science Lab
- EVR 2861 Introduction to Environmental Policy

Concentration Electives (15 hours)
- Choose 9 credits from the following:
  - EVR 4027 Wetland Environments
  - EVR 4033 Environmental Regulation
EVR 4104 Karst Environments
EVR 4114 Climate Change
GEO 4502 Economic Geography

Choose 6 credits from the following:
EVR 4807 Sustainable Healthy Environments
EVR 4930 Selected Topics
GEO 4340 Natural Hazards
GEO 4372 Global Conservation
GEO 4421 Cultural Geography
GEO 4471 Political Geography
GEO 4604 Topics in Urban Geography
GEO 4700 Transportation Geography
GIS 4043C Geographical Information Systems
PAD 3003 Introduction to Public Administration
PAD 4144 Non-Profit Organizations and Public Policy
PAD 4930 Selected Topics in Public Administration and Public Policy
POS 3142 Introduction to Urban Politics and Government
POS 3182 Florida Politics and Government
URP 4052 Urban and Regional Planning

INFORMATION STUDIES: INFORMATION ARCHITECTURE (GFA)
http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=BGS&deg=BGS&conc=GFA

The Information Architecture concentration provides students with the foundational technical knowledge, information design theory, and best practices supporting designing, organizing, classifying, and improving web sites and other online applications, organization intranets, social networking applications and online communities, and software for a variety of organizations. The Information Architect’s career opportunities may be in information architecture, project management, design, analysis, usability testing, planning, user interaction design, universal access design, web database design, customer management, and other information related fields.

REQUIREMENTS FOR THE CONCENTRATION IN INFORMATION STUDIES: INFORMATION ARCHITECTURE
TOTAL CONCENTRATION HOURS: 21

Concentration Core (18 hours)
LIS 3261 Introduction to Information Science
LIS 3353 IT Concepts for Information Professionals
LIS 3783 Information Architecture
LIS 3361 World Wide Web Page Design and Management
LIS 3352 Interaction Design
LIS 4365 Web Design Technologies

Concentration Electives (3 hours)
Choose three credit hours from the following list of courses:
CDA 3101 Computer Organization for Information Technology
CEN 3722 Human Computer Interfaces for Information Technology
CEN 4031 Software Engineering Concepts for Information Technology
CGS 3303 IT Concepts
CGS 3373 IT Concepts & Data Networking
CGS 3374 Computer Architecture & Operating Systems
CGS 3845 Electronic Commerce
CGS 3847 Advanced E-Commerce
CGS 3850 Web Development: JavaScript & jQuery
CGS 3853 IT Web Design
CGS 4855 Intermediate Web Development (jQuery)
CIS 3360 Principles of Information Security
CIS 3362 Cryptography and Information Security
CIS 3367 Architecting Operating System Security
CIS 3932 Special Topics for Information Technology
CIS 4204 Ethical Hacking
CIS 4253 Ethics for Information Technology
CIS 4361 Information Technology Security Management  
CIS 4365 Computer Security Policies and Disaster Preparedness  
CIS 4368 Database Security and Audits  
CIS 4412 Information Technology Resource Management  
CIS 4510 IT Project Management

ETG 3934 Selected Topics in Technology II  
ETG 4930 Special Topics in Information Technology  
LIS XXXX Approved Information Science elective

PUBLIC ADMINISTRATION (GPA)  
http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=BGS&deg=BGS&conc=GPA

The Public Administration concentration courses will benefit those students preparing for a career in local, state, or federal agencies of government, non-profit organizations, and special service districts and/or graduate work in public administration and related fields.

REQUIREMENTS FOR THE CONCENTRATION IN PUBLIC ADMINISTRATION

TOTAL CONCENTRATION HOURS: 21

Concentration Core (15 hours)
- PAD 3003 Introduction to Public Administration  
- PAD 4144 Nonprofit Organizations and Public Policy  
- PAD 4204 Public Financial Administration  
- PAD 4415 Personnel and Supervision in Today’s Diverse Organizations  
- PAD 4712 Managing Information Resources in the Public Sector

Concentration Electives (6 hours)
Choose six credit hours from the following list of courses:
- PAD 4930 Selected Topics in Public Administration and Public Policy  
- POS 3182 Florida Politics and Government  
- PUB 4002 Public Policy  
- URP 4050 City Planning and Community Development  
- URS 3002 Introduction to Urban Studies

PUBLIC HEALTH (GPU)  
http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=BGS&deg=BGS&conc=GPU

Upon completion of the Public Health concentration coursework, a student will be able to articulate the role of public health in disease prevention and health promotion at the local, state, national and global level, describe public health concepts and issues, discuss and analyze current public health issues, describe career paths in public health, and develop an understanding of public health that can serve as a foundation for graduate coursework in the field.
REQUIREMENTS FOR THE CONCENTRATION IN PUBLIC HEALTH
TOTAL CONCENTRATION HOURS: 21

Concentration Core (9 hours)
- HSC 4551 Survey of Human Diseases
- PHC 4030 Introduction to Epidemiology
- PHC 4101 Overview of Public Health Programs and Policies

Concentration Electives (12 hours)
Choose 12 credit hours from the following list of courses:
- HSC 4172 Women’s Health: A Public Health Perspective
- HSC 4211 Health, Behavior and Society
- HSC 4430 Occupational Health and Safety
- HSC 4504 Foundations of Public Health Immunology
- HSC 4573 Foundations of Food Safety
- HSC 4579 Foundations of Maternal and Child Health
- HSC 4624 Foundations of Global Health
- HSC 4630 Understanding U.S. Health Care
- HSC 4631 Critical Issues in Public Health
- HSC 4933 Special Topics in Public Health
- HUN 3126 Food and Culture
- HUN 3272 Sports Nutrition
- HUN 3296 Nutrition and Disease
- PHC 4031 Emerging Infectious Diseases
- PHC 4032 Foundations of Infection Control

WOMEN'S AND GENDER STUDIES (GWS)
http://ugs.usf.edu/catalog/?category=majors&display=detail&maj=BGS&deg=BGS&conc=GWS

The Women's and Gender Studies concentration offers a critical examination of women’s experiences and issues through history, culture, race, ethnicity, class, sexuality, and other important intersections of identity. The program seeks to provide students with a sound educational basis for graduate work or further professional pursuits in health, education, activism, social service, or social justice.

REQUIREMENTS FOR THE CONCENTRATION IN WOMEN'S AND GENDER STUDIES
TOTAL CONCENTRATION HOURS: 21

Concentration Core (6 hours)
- WST 3015 Introduction to Women's Studies
- WST 3311 Issues in Feminism

Concentration Electives (15 hours)
Choose six credit hours from the following list of courses:
- AFA 4335 Black Women in America
- ANT 4302 Gender in Cross-Cultural Perspective
- COM 4030 Women and Communication
- LIT 3383 The Images of Women in Literature
- SYD 4800 Gender and Society
- SYP 3060 Sociology of Sexualities
- WST 2250 Female Experience in America
- WST 2600 Human Sexual Behavior
- WST 3324 Women, Environment, and Gender
- WST 3370 Women and Social Action
- WST 3412 Women in the Developing World
- WST 4002 Feminist Research Methods
- WST 4110 Women and Social Justice
- WST 4262 Literature by Women of Color in the Diaspora
- WST 4310 History of Feminism in the US
- WST 4320 Politics and Issues in Women's Health
- WST 4350 Women and Science
- WST 4522 Classics in Feminist Theory
- WST 4930 Selected Topics

MINOR IN AEROSPACE STUDIES (AEO)
TOTAL MINOR HOURS: 16
http://www.usf.edu/undergrad/programs/minors/aerospace-studies.aspx

The Minor in Aerospace Studies provides students with an understanding of management and leadership concepts as they relate to military officers. Additionally, students analyze the evolution of American defense policy and strategy, with emphasis placed on the development of individual communication skills.

REQUIREMENTS FOR THE MINOR IN AEROSPACE STUDIES

Minor Core (12 hours)
- AFR 3220 Air Force Leadership and Management I
- AFR 3231 Air Force Leadership and Management II
- AFR 4201 National Security Affairs and Preparation for Active Duty I
- AFR 4211 National Security Affairs and Preparation for Active Duty II

Minor Electives (4 hours)
- AFR 1101 Foundation of the United States Air Force Part I
- AFR 1120 Foundation of the United States Air Force Part II
- AFR 2130 The Evolution of USAF Aerospace Power Part I
- AFR 2140 The Evolution of USAF Aerospace Power Part II
GPA Requirements  
A minimum GPA of 2.0 is required in all courses used to satisfy the minor.

Grading Requirement  
Grades less than C (GPA of 2.0) or S grades will not be accepted.

Residency Requirement  
A minimum of 12 of the 16 credit hours required must be earned at USF.

Advising Information  
To declare the Aerospace Studies minor, please complete this form and submit it by email or in person to CWY 408.

MINOR IN LEADERSHIP STUDIES (LDS)  
TOTAL MINOR HOURS: 12

http://ugs.usf.edu/catalog/?category=minors&display=detail&min=LDS&code=7a146f49be4ab2f46a768c57ccf11f1d

The leadership Studies minor is interdisciplinary in nature and is a significant benefit to students in all areas of study. Courses are designed to give students a theoretical and practical grasp of leadership relying upon the basic assumption that leadership can be learned and, therefore, taught. The minor takes a unique approach to leadership education that combines practical application of leadership theories and opportunities for students to study the characteristics of authority, leadership, social dynamics, political processes and the values that orient human behavior.

REQUIREMENTS FOR THE MINOR IN LEADERSHIP STUDIES

Minor Core (12 hours)  
LDR 2010 Fundamentals of Leadership  
LDR 4204 Ethics and Power in Leadership  
LDR 4230 Global Leadership  
LDR 4951 Leadership Capstone Seminar (course to be taken as last course required for the minor)

GPA Requirements  
The minimum GPA required for the minor is 2.0.

Grading Requirement  
A minimum grade of “C” (not C-) or better in each course is required.

Residency Requirement  
At least 8 of the 12 credit hours required for this minor must be taken at USF.

Other Information  
To declare the Leadership Studies minor, please complete this form and submit it by email or in person to the Office of Undergraduate Studies.  
To request that the Leadership Studies minor be removed from your record, please email the UGS Dean's Office at ugs-dean@usf.edu.

Advising Information  
Location/Phone: Student Services Building (SVC 2002); (813) 974-4051

MINOR IN MILITARY LEADERSHIP (MTY)  
TOTAL MINOR HOURS: 18

http://www.usf.edu/undergrad/programs/minors/military-science.aspx

The Military Leadership minor is coordinated through the Department of Military Science and is designed to provide the student with an in-depth understanding of Army leadership doctrine and the fundamental principles by which Army leaders act to accomplish their mission. This minor lays out a leadership framework that allows students to apply leadership concepts learned in the classroom. Additional emphasis is placed on character development, physical and mental fitness and military small unit operations.
REQUIREMENTS FOR THE MINOR IN MILITARY LEADERSHIP

Minor Core (14 hours)
- MSL 3201C Adaptive Team Leadership
- MSL 3202C Leadership in Changing Environments
- MSL 4301C Developing Adaptive Leaders
- MSL 4302C Leadership in a Complex World
- MSL 2900* Army Physical Readiness
  *repeated for two semesters; may be repeated up to four semesters, however only two credits will count toward minor

Minor Electives (4 hours)
Choose four credit hours from the following list of courses:
- MSL 1001C Leadership and Personal Development
- MSL 1002C Introduction to Tactical Leadership
- MSL 2101C Innovative Team Leadership
- MSL 2102C Foundations of Tactical Leadership
- MSL 2901 Basic Leader Training
- MSL 4930 Advanced Directed Study and Research
- AFR 1101 The Foundation of the United States Air Force Part 1
- AFR 1120 The Foundations of the United States Air Force Part 2
- AFR 2130 Evolution of USAF Air and Space Power, Part 1
- AFR 2140 Evolution of USAF Air and Space Power, Part 2
- AFR 3220 Air Force Leadership and Management I
- AFR 3231 Air Force Leadership and Management II
- AFR 4201 National Security Affairs & Preparation for Active Duty I
- AFR 4211 National Security Affairs & Preparation for Active Duty II

GPA Requirements
The student must maintain a 2.0 GPA in the coursework required for minor.

Grading Requirement
A minimum grade of C or better must be maintained in each course. S grades will not be accepted.

Residency Requirement
A minimum of 14 of the 18 hours must be earned at USF.

Advising Information
To declare the Military Leadership minor, please complete this form and submit it by email or in person to CWY 408.

MINOR IN NAVAL SCIENCE AND LEADERSHIP (NSL)
TOTAL MINOR HOURS: 18

The minor in Naval Science and Leadership is coordinated through the Department of Naval Science and is designed to provide the student with an in-depth understanding of Naval leadership doctrine and the fundamental principles by which Navy and Marine Corps leaders act to accomplish their mission. The minor lays out a framework by which the Navy and Marine Corps conduct routine operations and planning and it also provides a foundation in design theory with a practical application to naval platforms and weapon systems.

REQUIREMENTS FOR THE MINOR IN NAVAL SCIENCE AND LEADERSHIP

Minor Core (12 hours)
- NSC 1110 Introduction to Naval Science
- NSC 1140 Sea Power and Maritime Affairs
- NSC 2231 Principles of Naval Management I
- NSC 4232 Principles of Naval Management II

Minor Electives (6 hours)
Choose six credit hours from the following list of courses:
- NSC 2121 Naval Ship Systems I
- NSC 2212C Navigation/Naval Operations I: Navigation
GPA Requirements
The student must maintain a 2.0 GPA in the coursework required for the minor.

Grading Requirement
A minimum grade of "C" or better must be maintained in each course. "S" grades will not be accepted.

Residency Requirement
A minimum of 14 of the 18 credit hours must be earned at USF.

Advising Information
To declare the Naval Science and Leadership minor, please complete this form and submit it by email or in person to CWY 408.
Florida's Statewide Course Numbering System

Courses in this catalog are identified by prefixes and numbers that were assigned by Florida’s Statewide Course Numbering System (SCNS). This numbering system is used by all public postsecondary institutions in Florida and by participating nonpublic institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions. Students and administrators can use the online SCNS to obtain course descriptions and specific information about course transfer between participating Florida institutions. This information is at the SCNS website at http://scns.fldoe.org.

Each participating institution controls the title, credit, and content of its own courses and recommends the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of faculty discipline committees appointed for that purpose by the Florida Department of Education in Tallahassee. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have a meaning in the SCNS. The listing of prefixes and associated courses is referred to as the “SCNS taxonomy.” Descriptions of the content of courses are referred to as “statewide course profiles.”

### Example of Course Identifier

<table>
<thead>
<tr>
<th>Prefix</th>
<th>Level Code (first digit)</th>
<th>Century Digit (second digit)</th>
<th>Decade Digit (third digit)</th>
<th>Unit Digit (fourth digit)</th>
<th>Lab Code</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENC</td>
<td>1</td>
<td>1</td>
<td>0</td>
<td>1</td>
<td>No laboratory component in this course</td>
</tr>
</tbody>
</table>

**English Composition**

- Lower (Freshman) Level at this institution
- Freshman Composition
- Freshman Composition Skills
- Freshman Composition Skills I

General Rules for Course Equivalencies

Equivalent courses at different institutions are identified by the same prefixes and same last three digits of the course number and are guaranteed to be transferable between participating institutions that offer the course, with a few exceptions, as listed below in Exceptions to the General Rule for Equivalency.

For example, a freshman composition skills course is offered by 84 different public and nonpublic postsecondary institutions. Each institution uses “ENC_101” to identify its freshman composition skills course. The level code is the first digit and represents the year in which students normally take the course at a specific institution. In the SCNS taxonomy, “ENC” means “English Composition,” the century digit “1” represents “Freshman Composition,” the decade digit “0” represents “Freshman Composition Skills,” and the unit digit “1” represents “Freshman Composition Skills I.”

In the sciences and certain other areas, a “C” or “L” after the course number is known as a lab indicator. The “C” represents a combined lecture and laboratory course that meets in the same place at the same time. The “L” represents a laboratory course or the laboratory part of a course that has the same prefix and course number but meets at a different time or place.

Transfer of any successfully completed course from one participating institution to another is guaranteed in cases where the course to be transferred is equivalent to one offered by the receiving institution. Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, ENC 1101 is offered at a community college. The same course is offered at a state university as ENC 2101. A student who has successfully completed ENC 1101 at a Florida College System institution is guaranteed to receive transfer credit for ENC 2101 at the state university if the student transfers. The student cannot be required to take ENC 2101 again since ENC 1101 is equivalent to ENC 2101. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed that have not been designated as equivalent. **NOTE:** Credit generated at institutions on the quarter-term system may not transfer the equivalent number of credits to institutions on the semester-term system. For example, 4.0 quarter hours often transfers as 2.67 semester hours.

The Course Prefix

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or subcategory of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix to identify the course.
Authority for Acceptance of Equivalent Courses

Section 1007.24(7), Florida Statutes, states:
Any student who transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the statewide course numbering system shall be awarded credit by the receiving institution for courses satisfactorily completed by the student at the previous institutions. Credit shall be awarded if the courses are judged by the appropriate statewide course numbering system faculty committees representing school districts, public postsecondary educational institutions, and participating nonpublic postsecondary educational institutions to be academically equivalent to courses offered at the receiving institution, including equivalency of faculty credentials, regardless of the public or nonpublic control of the previous institution. The Department of Education shall ensure that credits to be accepted by a receiving institution are generated in courses for which the faculty possess credentials that are comparable to those required by the accrediting association of the receiving institution. The award of credit may be limited to courses that are entered in the statewide course numbering system. Credits awarded pursuant to this subsection shall satisfy institutional requirements on the same basis as credits awarded to native students.

Exceptions to the General Rule for Equivalency

Since the initial implementation of the SCNS, specific disciplines or types of courses have been exempted from the guarantee of transfer for equivalent courses. These include courses that must be evaluated individually or courses in which the student must be evaluated for mastery of skill and technique. The following courses are exceptions to the general rule for course equivalencies and may not transfer. Transferability is at the discretion of the receiving institution.
A. Courses not offered by the receiving institution.
B. For courses at non-regionally accredited institutions, courses offered prior to the established transfer date of the course in question.
C. Courses in the _900-999 series are not automatically transferable, and must be evaluated individually. These include such courses as Special Topics, Internships, Apprenticeships, Practica, Study Abroad, Theses, and Dissertations.
D. Applied academics for adult education courses.
E. Graduate courses.
F. Internships, apprenticeships, practica, clinical experiences, and study abroad courses with numbers other than those ranging from 900-999.
G. Applied courses in the performing arts (Art, Dance, Interior Design, Music, and Theatre) and skills courses in Criminal Justice (accreditation certificated courses) are not guaranteed as transferable. These courses need evidence of achievement (e.g., portfolio, audition, interview, etc.).

Courses at Non-Regionally Accredited Institutions

The SCNS makes available on its home page (http://scns.fldoe.org) a report entitled “Courses at Non-regionally Accredited Institutions” that contains a comprehensive listing of all nonpublic institution courses in the SCNS inventory, as well as each course’s transfer level and transfer effective date. This report is updated monthly.
Questions about the SCNS and appeals regarding course credit transfer decisions should be directed to Cynthia Brown Hernandez, the USF System SCNS contact, located in the USF Student Services Building (SVC), Room 2002, phone: 4-4051 or via email at cynthiab@usf.edu or to the Florida Department of Education, Office of Articulation, 1401 Turlington Building, Tallahassee, Florida 32399-0400. Special reports and technical information may be requested by calling the SCNS office at (850) 245-0427 or at http://scns.fldoe.org.
Courses offered for credit by the University of South Florida are listed on the following pages by alphabetical order by college and subject area. The first line of each description includes the State Common Course prefix and number (see below), title of the course, and number of credits.

Credits separated by commas indicate unified courses offered in different semesters:

- **AMH 2010, 2020 AMERICAN HISTORY I, II (3, 3)**

Credits separated by a hyphen indicate variable credit:

- **HUM 4905 DIRECTED RESEARCH (1-5)**

The following abbreviations are utilized in various course descriptions:

- **PR** Prerequisite
- **CI** With the consent of the instructor
- **CC** With the consent of the chairperson of the department or program
- **CP** Co-prerequisite
- **CR** Co-requisite
- **DPR** Departmental Permit Required
- **S/U** S/U Grade System
- **Lec** Lecture
- **Lab** Laboratory

**SPECIAL INFORMATION COURSE CODES**

- **6ACT** Courses to satisfy the State Communication Requirement (formerly known as Gordon Rule Writing)
- **6AMT** Courses to satisfy the State Computation Requirement (formerly known as Gordon Rule Math)

**GENERAL EDUCATION CORE REQUIREMENTS** – for students graduating under the 2015-2016 and subsequent USF Undergraduate Catalogs:

- **SGEC** General Education Core Communication
- **SGEH** General Education Core Humanities
- **SGEM** General Education Core Mathematics
- **SGEN** General Education Core Natural Sciences
- **SGES** General Education Core Social Sciences

**FOUNDATIONS OF KNOWLEDGE AND LEARNING CORE CURRICULUM REQUIREMENTS**

- **CAEC** English Composition
- **CAFA** Fine Arts
- **CAGC** Human & Cultural Diversity in a Global Context
- **CAHU** Humanities
- **CAMA** Mathematics
- **CANL** Natural Sciences (Life Science)
- **CANP** Natural Sciences (Physical Science)
- **CAQR** Quantitative Reasoning
- **CASB** Social & Behavioral Sciences
- **HHCP** Human Historical Context & Process

**EXIT REQUIREMENTS**

- **CPST** Capstone Learning Experience – 3 credits
- **WRIN** Writing Intensive Capstone – 3 credits

**GLOBAL CITIZENS PROJECT**

- **GCPC** Global Citizens Project Course

**Five-Year Course Deletion Rule**

In compliance with State of Florida Department of Education rule 6A-10.0331, USF undergraduate courses not taught for five years, or fewer if desired, are deleted from the Undergraduate Catalog.

The University reserves the right to substitute, not offer, or add courses that are listed in this catalog.
### COURSE LEVEL DEFINITION

**Lower Level:**
- 1000-1999 Freshman Level
- 2000-2999 Sophomore Level

**Upper Level:**
- 3000-3999 Junior Level
- 4000-4999 Senior Level

**Graduate Level:**
- 5000-5999 Senior/Graduate Level
- 6000-Up Graduate Level

COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

ACG 2021 Principles of Financial Accounting (3) BA ACC
Study of basic accounting principles including the recording and reporting of financial activity. The preparation and interpretation of financial statements.

ACG 2071 Principles of Managerial Accounting (3) BA ACC
PR: ACG 2021 with a grade of C- or better
A study of the accountant's role in assisting management in the planning and controlling of business activities.

ACG 3074 Managerial Accounting for Non-Business Majors (3) BA ACC
The study of the uses of accounting data internally by managers in planning and controlling the affairs of organizations.

ACG 3103 Intermediate Financial Accounting I (3) BA ACC
PR: ACG 2021, with a minimum grade of C and ACG 2071, with a minimum grade of C
CPR: ACG 3401 or ACG 3341 or TAX 4001, with a minimum grade of C
Theory and methodology underlying financial reporting, including the FASB's conceptual framework, the accounting process, financial statements, accounting changes, present value applications, and current assets.

ACG 3113 Intermediate Financial Accounting II (3) BA ACC
PR: ACG 3103 and (ACG 3341 or ACG 3401 or TAX 4001), with a grade of C
Continuation of ACG 3103. Topics covered include property, plant and equipment, intangibles, current liabilities, long-term debt, leases, tax allocation, statement of cash flows.

ACG 3341 Cost Accounting and Control I (3) BA ACC
PR: ACG 2021 and ACG 2071 with a grade of C
CPR: ACG 3103, with a grade of C
Deals with cost accounting systems for different entities, cost behavior patterns, cost-volume-profit analysis, relevant information for decision making, and budgets and standard costs for planning and control.

ACG 3401 Accounting Information Systems (3) BA ACC
PR: ACG 3103 and ACG 3341, with a grade of C
CPR: ACG 3103, with a grade of C
This course provides students with a basic understanding of well-controlled information systems in a variety of technological environments with added emphasis on the collection, processing, and reporting of accounting information.

ACG 4123 Intermediate Financial Accounting III (3) BA ACC
PR: ACG 3113 with a grade of C or better, not C-
Theory and practice underlying stockholders’ equity, dilutive securities and EPS, derivatives, revenue recognition, post-retirement benefits, error analysis, full disclosure, and other current accounting topics.

ACG 4351 Cost Accounting And Control II (3) BA ACC
PR: ACG 3103 and ACG 3341 with a grade of C or better, not C-
Application of the material covered in ACG 3341 with specific emphasis on cost allocations, performance measurements, analysis of current cost accounting systems and accounting in today's environment (giving consideration to the influences of the international environment).

ACG 4632 Auditing I (3) BA ACC
PR: ACG 3113 and ACG 3401
This course provides a sound conceptual foundation of basic auditing process from the perspective of the public accounting profession. Professional standards, ethics, legal responsibilities, and the utilization of technology are addressed.

ACG 4642 Auditing II (3) BA ACC
PR: ACG 4632 with a grade of C or better, not C-
Further development of material covered in ACG 4632, with special emphasis on additional reporting topics and audit techniques not previously addressed.

ACG 4901 Independent Study (1-3) BA ACC
Specialized independent study determined by the students' needs and interests.

ACG 4911 Independent Research (1-4) BA ACC
Individual study contract with instructor and director required. The research project will be mutually determined by the student and instructor.

ACG 4931 Selected Topics in Accounting (1-3) BA ACC
The course content will depend on student demand and instructor's interest.

ACG 4940 Accounting Internship (3) BA ACC
The course consists of two components: an academic component focused on professional development skills and an on-site experiential learning experience comprised of at least 120 hours of on-site experience.

ACG 4970 Accounting Honors Thesis WRIN 6ACT (3) BA ACC
This course is the climax of an undergraduate experience in the College of Business. Thesis development supports critical investigation to develop explanations or solutions to academically interesting business problems or opportunities.

ACG 5007 MBA Essentials: Accounting (0) BA GBA
A survey course related to both financial accounting and managerial accounting. An examination of accounting concepts for presentation of financial information to interested users as well as information generated for internal management.

ACG 5205 Advanced Financial Accounting (3) BAACC
PR: ACG 3113

PR: ACG 3113
CR: ACG 4632
Application of financial and managerial accounting, and auditing, principles and theory to both governmental and not-for-profit entities.

ACG 5675 Internal and Operational Auditing (3) BA ACC
PR: ACG 3113 and ACG 3401
CR: ACG 4632
The objective of Internal and Operational Auditing is to provide students with an opportunity to learn about the theory and practice of internal and operational auditing and to apply relevant audit principles and techniques to selected audit problems.

ACG 5841 Analytics in Accounting (3) BA ACC
PR: ACG 4632, or admission to Muma COB MBA program
This course deals with analytics, understood as the discovery and communication of meaningful patterns. The focus is on accounting applications of analytics, after first understanding statistical techniques and data manipulation processes and tools.

ADE 4384 Working With the Adult Learner (3) ED LCA
An investigation of the needs of the adult learner. Identification of principles of adult learning; physiological, psychological, and social characteristics of adult learners, and corresponding implications are explored.

ADV 2214 Graphic Programs in Mass Communications (3) AS MCM
Introduction to visual communication theory and applications, emphasizing the history, principles, and practices of design in mass media. Students will apply principles to develop and construct media content for global audiences.

ADV 3008 Introduction to Advertising (3) AS MCM
PR: MMC 2100 and MMC 3602
A study of the structures, functions, and persuasive language of advertising in mass media with attention to social, political, economic, and legal aspects.

ADV 3101 Advertising Creativity (3) AS MCM
PR: ADV 3008 and ECO 1000
Study of copywriting and art direction in the creation of advertising messages for alternative media platforms. Restricted to majors only.

ADV 3200 Advertising Design (3) AS MCM
PR: ADV 3008 (for advertising sequence majors) or VIC 3001 (for other Mass Comm majors)
Application of graphic design principles to various areas of advertising. Combining visual and verbal elements effectively.

ADV 3300 Advertising Media Strategy (3) AS MCM
PR: ADV 3008 and ECO 1000
Problems, techniques, strategy of media research, planning, budgeting and effective utilization in advertising.

ADV 3500 Advertising Research (3) AS MCM
PR: ADV 3008
Overview of scientific research methods as used in advertising. Emphasis on the acquisition, analysis, and evaluation of primary and secondary data, and the principles of survey and experimental research.

ADV 4204 Advanced Advertising Creativity (3) AS MCM
PR: ADV 3101, ADV 3300, ADV 3500, ADV 4600, ECO 1000, MAR 3023
Focused on producing advertising messages, the curriculum integrates: ethics, branding, consumer insight, message strategy, concepting, persuasion, copywriting, design, and presentations. Students learn to execute effective advertising messages.

ADV 4301 Advanced Media Strategy (3) AS MCM
PR: ADV 3101, ADV 3300, ADV 3500, ADV 4600, ECO 1000, MAR 3023
Emphasizing decision making and critical thinking, this advanced course prepares students for the complexities of advertising media planning, implementation, and evaluation.

ADV 4310 Digital Media (3) AS MCM
PR: ADV 3101, ADV 3300, ADV 3500, ADV 4600, ECO 1000, MAR 3023
This course focuses on the impact of new communication technologies on consumer behavior and advertising practice. Students will learn the nature of digital media options and how to incorporate them into advertising planning.

ADV 4600 Advertising Management (3) AS MCM
PR: ADV 3008, ADV 3101, ADV 3300
Application of analytical planning concepts to advertising planning and decision-making. Case study method used to explore advertising and promotional programs; media and creative strategies; consumer, retail, industrial, and public service applications.

ADV 4710 Portfolio Building (3) AS MCM
PR: ADV 3101, ADV 3300, ADV 3500, ADV 4600, ECO 1000, MAR 3023
This course goes beyond the basics of copy and layout to develop a broader understanding of the creative advertising process. It stresses creativity and organizational ability in portfolio building, along with technical skills in portfolio production.

ADV 4800 Advertising Campaigns (3) AS MCM
PR: ADV 3101, ADV 3300, ADV 3500, ECO 1000, and MAR 3023
Advanced advertising course requiring planning and production of complete general advertising campaign, including research, production methods, budgeting, and media schedules.

ADV 4940 Advertising Internship (1-3) AS MCM
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

CPR: ADV 3008 with a minimum grade of C
Practical experience outside the classroom where the student works for academic credit under the supervision of a professional practitioner. Periodic written and oral reports to the faculty member coordinating the study.

ADV 5005 Advertising Planning (3) AS MCM
Introduction to the process of developing advertising strategy, emphasizing theory and research methods. Applied research course to bridge research methods with execution of creative messaging strategies that drive business success.

ADV 5508 Return on Advertising Investment (3)
An in-depth analysis of the performance metrics required to determine the success of advertising and marketing in fiscally accountable business practice. Metrics will include both quantitative and qualitative measures of advertising planning.

Students will learn the basic concepts of advertising, public relations, promotion, branding, and direct marketing and their applications for integrated marketing campaigns.

AFA 2000 Introduction to the Black Experience [In Africa and Its Diaspora] CASB 6ACT (3) AS AFA
Fundamental perspectives on the nature and significance of the Black Experience in Africa and black communities in the Americas.

AFA 2380 History and Theory of Genocide CAGC (3) AS AFA
This course examines the concept of genocide; its origins in human history and the evolution of international law aimed at defining and criminalizing genocide.

AFA 4150 Africa and the United States 6ACT (3)
An examination of the historical and current political, economic, and cultural relations between the United States and Africa.

AFA 4335 Black Women in America CPST 6ACT (3)
An interdisciplinary survey of the contemporary experience of black women in America, including the African roots, myths, and realities surrounding that experience.

AFA 4350 African American Community Research (3) AS AFA
This interactive, field experience course introduces students to active and applied research methodologies and the uses of this research in Black urban communities.

AFA 4430 Afro-Diasporic Literature and Political Movements CPST HHCP (3) AS AFA
The course studies the literary and socio-political movements of the Black Diaspora, dating from the 19th to the 20th century. Centered within a diasporic approach, it offers a comparative examination of literary, historical, and theoretical works.

AFA 4500 Slavery in the Americas and the Caribbean (3) AS AFA
This course examines the institution of enslavement in North, South, and Central America, and the Caribbean. It takes an interdisciplinary approach in exploring the social, political, and economic underpinnings of slavery.

AFA 4900 Directed Readings (2-3) AS AFA
Independent readings in a particular area of African and African American Studies, selected by student and instructor.

AFA 4931 Selected Topics in Africana Studies (1-3) AS AFA
Topics offered are selected to reflect student needs and faculty interests. In depth study in such areas as the Black Student and the American Educational Process; the Black Experience in the Americas; European Expansion in Africa to 19th century; Contemporary Economic Problems in Africa.

AFH 3100 African History to 1850 CAHU HHCP (3)
Introductory survey of African history, from the beginning of the continent's recorded history, to 1850. Course teaches skills reflected in the core foundations of knowledge in the General Education Curriculum.

AFH 3200 African History since 1850 CAHU HHCP (3) AS AFA
Introductory survey of the history of Africa since 1850. Course looks at the state of the African continent in 1850 and the local and global factors that have shaped Africa's history since that time.

AFR 1101 The Foundation of the United States Air Force Pt 1 (1) US AFR
Intro Air Force Reserve Officer Training Corps (AFROTC) & US Air Force (USAF) includes lessons in officerhood/professionalism and an intro to communication skills. AFR 2001 Lead Lab augments course providing followership and leadership experiences.

AFR 1120 The Foundations of the United States Air Force Pt 2 (1) US AFR
A study of Air Force installations, Core Values, Leadership, Team Building, and Diversity within Armed Forces. AFR 2001 Lead Lab augments course providing followership and leadership experiences, utilizing leadership and management principles.

AFR 1903 Directed Independent Studies (1-4) US AFR
Directed Independent Study.

AFR 2001 Air Force ROTC Leadership Laboratory (0) US AFR
Leadership Laboratory is required for each of the Aerospace Studies courses. It meets one hour and 45 minutes per week. Instruction is conducted within the framework of an organized cadet corps with a progression of experiences designed to
develop each student's leadership potential. Leadership Laboratory involves a study of Air Force customs and courtesies; drill and ceremonies; career opportunities in the Air Force; and the life and work of an Air Force junior officer. Students develop their leadership potential in a practical laboratory, which typically includes field trips to Air Force installations.

AFR 2130 Evolution of USAF Air and Space Power, Part I (1) US AFR
CR: AFR 2001
A study of air power from balloons and dirigibles through the jet age. Emphasis is on the employment of air power in WWI and WWII and how it affected the evolution of air power concepts and doctrine.

AFR 2140 Evolution of USAF Air and Space Power, Part II (1) US AFR
CR: AFR 2001
A historical review of air power employment in military and nonmilitary operations in support of national objectives. Emphasis is on the period from post WWII to present.

AFR 3220 Air Force Management and Leadership I (3) US AFR
CR: AFR 2001
An integrated management course emphasizing the individual as a manager in an Air Force milieu. The individual motivational and behavioral processes, leadership, communication, and group dynamics are covered to provide a foundation for the development of the junior officer's professional skills as an Air Force officer (officership). The basic managerial processes involving decision making, utilization of analytic aids in planning, organizing, and controlling in a changing environment are emphasized as necessary professional concepts.

AFR 3231 Air Force Management and Leadership II (3) US AFR
CR: AFR 2001
A continuation of the study of Air Force advancement and leadership. Concentration is on organizational and personal values, management of forces in change, organizational power, politics, and managerial strategy and tactics are discussed within the context of the military organization. Actual Air Force cases are used to enhance the learning and communication processes.

CR: AFR 2001
Examines national sec proc, regional studies, adv leadership ethics, AF doctrine with concentration on military as profession, communication/officership/mil justice/civil control of mil/prep for active duty, current issues affecting military professionalism.

AFR 4211 National Security Affairs & Preparation for Active Duty II (3) US AFR
CR: AFR 2001
Cont study national sec proc, reg studies, adv leader ethics,& AF doct. Spec topics include reg stud Europe, Mid East, Russia (former Soviet Republics), perform feedback, effective performance report writing, enl/off eval sys, ops risk mgmt to prep students for active duty.

AFS 2250 Culture and Society in Africa 6ACT (3) AS AFA
Topics include: African religion, value systems, art and the aesthetics, family and life-cycle, impact of Islam and Christianity and conflict of cultures.

AFS 3251 Environmental - Cultural Study in Africa (3) AS AFA
PR: AFS 2250
Study tour. A study of traditional African society and culture, the relationship between life and the environment, and the impact of modernization on the culture and the environment.

AFS 4910 Individual Research (1-3) AS AFA
PR: 2000 level introductory course
Course consists of advanced undergraduate research on Africana Studies topic selected by student and professor. Topics vary. The course allows students to develop research skills and independent work discipline.

AMH 2010 American History I CAHU HHCP (3) AS HTY
This class is an introductory survey of American history from Columbus and "First Contact" to Reconstruction.

AMH 2020 American History II CASB HHCP (3) AS HTY
A history of the United States with attention given to relevant developments in the Western Hemisphere from 1877 to the present.

AMH 3098 Race in America (3) AS HTY
This course explores the histories of race, ethnicity, immigration, racism, and racial formation in the United States. The course will treat race as both a social construction and a category of lived experience that has had very real historical effects.

AMH 3110 American Colonial History to 1750 (3) AS HTY
A study of the evolution of American society from the Age of Reconnaissance to 1750. Attention is given to the transformation from colonies to provinces with emphasis on ethnocultural conflict, religion, labor systems, and political culture.

AMH 3130 The American Revolutionary Era (3) AS HTY
Emphasis on the causes of the American revolution, the nature of Constitution-making, and the establishment of the federal system. Also examines the significance of loyalism, violence, and slavery in American society from 1750-1789.

AMH 3140 The Age of Jefferson (3) AS HTY
A comprehensive study of American society and political culture from 1789-1828. Focuses on demographic trends, party systems,
expansionism, Indian policy, labor, and ethnocultural conflicts.

AMH 3160 The Age of Jackson (3) AS HTY
The United States from 1828-1850, with emphasis on social and political conflict. Consideration of evangelicalism, reform, labor movements, urbanization, and political activity in the antebellum era.

AMH 3170 The Civil War and Reconstruction (3) AS HTY
An examination of political, social, and economic climate of the 1850’s that led to the American Civil War. The course does focus upon the war itself in its military, diplomatic, and political consequences through the end of the Reconstruction (1877).

AMH 3201 The United States, 1877-1914 (3) AS HTY
A study of America from the end of Reconstruction to World War I. Ranging over political, social, and international developments, the course covers industrialization, immigration, unions, reform, feminism, race relations and imperialism.

AMH 3231 The United States, 1914-1945 (3) AS HTY
The United States from World War I to the end of World War II. Covering political, social and international developments, the course examines the lives of Americans, including minorities and women, during war, prosperity, and the Great Depression.

AMH 3270 The United States since 1945 (3) AS HTY
A study of America’s role in the Cold War, in Vietnam, and in the post-Cold War era. Also examines domestic developments, such as the consumer culture, protest movements, and abuses of political power.

AMH 3341 American Food and Drink History (3) AS HTY
Traces the history of American food and beverages from the pre-contact era to the present. Examines the cultural, social, economic, and global aspects of food production and consumption and the intersection between food culture, traditions, and history.

AMH 3342 Globalization and U.S. Culture GCPC (3) AS HTY
This course examines how the U.S. has influenced global culture, food, technology, economic practices, and political ideas, but also how global processes and trends have, in turn, shaped U.S. culture and society. The focus is from 1776-present.

AMH 3390 19th Century America History (3) AS HTY
A comprehensive history of society, culture, and politics in the long nineteenth century, 1783-1914. Focuses on the development of liberalism, capitalism, democracy, imperialism, slavery, and religion.

AMH 3402 Southern History, 1607-1865 (3) AS HTY
The history of the U.S. South from European exploration to the Civil War. Topics covered include: slavery, black culture and resistance, agrarianism, women and gender, honor culture, the pro-slavery argument, sectionalism, and the Civil War.

AMH 3403 The South since 1865 (3) AS HTY
Southern history since the surrender at Appomattox. Topics covered include Reconstruction, the Populist revolt, race relations, demagoguery and disfranchisement, Southern women, and the Civil Rights Movement.

AMH 3421 Early Florida (3) AS HTY
A history of colonial Florida under the Spanish and English. Florida as an area of discovery, colonization, and imperial conflict; the emergence of Florida within the regional setting.

AMH 3423 Modern Florida (3) AS HTY
An historical survey of Florida from the territorial period to the modern era. An examination of the social, political, and economic changes occurring in Florida between 1821 and the 1980s.

AMH 3500 American Labor History (3) AS HTY
A study of American workers from the colonial period to the present. Examines the changing nature of work, its effects on workers (including minorities and women), and their responses as expressed in strikes, unions, and political action.

AMH 3512 U.S. Foreign Relations (3) AS HTY
U.S. relations with the world, 1776-present. Includes diplomatic, economic, cultural, and military relations. The course also examines immigration and other global influences on U.S. domestic history and analyzes changes in internationalist thought.

AMH 3530 Immigration History (3) AS HTY
A study of the composition and character of the "American" people with emphasis on the period from 1840s to the 1920s. Examines old world backgrounds of immigrants and their responses to the new world's social, economic and political conditions.

AMH 3545 War and American Empire (3) AS HTY
The U.S. evolved in 200 years from 13 colonies to the number one power in the world. To achieve this goal we utilized war to achieve empire. This course will examine the link between American War and empire from the Revolution through Vietnam.

AMH 3561 American Women I (3) AS HTY
A study of women in the evolution of American society from European origins to 1877. Women's roles in the family, economy, politics, wars, and reform movements will be examined.

AMH 3562 American Women II (3) AS HTY
A study of women in the evolution of American society from 1877 to the present. Women's roles in the family, economy, politics, immigration, wars, religion and reform movements will be examined.

AMH 3571 African American History to 1865 CAHU HHCP (3) AS AFA

**AML 3413 Historical Perspectives in Early American Literature (3) AS ENG**
Examines American literature from the Colonial Period to the Civil War as a manifestation of geographical, political, social, and intellectual forces. Will not be counted toward the English major.

**AML 3604 African American Literature WRIN 6ACT (3) AS ENG**
A study of black American literature from the nineteenth century to the present, including the works of such writers as W.E.B. DuBois, Jean Toomer, Langston Hughes, Richard Wright, Ralph Ellison, LeRoi Jones, and Nikki Giovanni.

**AML 3630 U.S. Latino/Latina Literature in English (3) AS ENG**
PR: ENC 1101 and ENC 1102
This 3000-level literature course surveys American English literature by Latino/Latina writers (with Spanish American ancestry). Authors may include Piri Thomas, Sandra Cisneros, Esmeralda Santiago, Luis Valdés, Tomás Rivera, Oscar Hijuelos, etc.

**AML 3641 Native American Literature and Film (3) AS ENG**
A survey of Native American literature and films written and produced from the 1960s to the present. It will emphasize the cultural and political contexts out of which these productions emerge by analyzing political cartoons, articles, discourses, etc.

**AML 3674 Asian American Literature and Film (3) AS ENG**
This course is a critical survey of Asian American popular culture, especially literature and film. We will emphasize the social and political contexts out of which these productions emerge by analyzing political cartoons, news articles, and discourses.

**AML 4111 Nineteenth-Century American Novel (3) AS ENG**
A study of the American novel from its beginnings through 1900, including such novelists as Cooper, Hawthorne, Melville, Twain, Crane, and Dreiser, among others.

**AML 4121 Twentieth-Century American Novel (3) AS ENG**
A study of major trends and influences in American prose fiction from 1900 to the present, including works by such writers as Hemingway, London, Wharton, Fitzgerald, Faulkner, West, Mailer, Bellow, Ellison, Donleavy, Updike, Vonnegut, and others.

**AML 4261 Literature of the South (3) AS ENG**
A study of the major writers of the Southern Renaissance, including writers such as Faulkner, Wolfe, Caldwell, Hellman, McCullers, O'Connor, Warren, Styron, Tate, Davidson, and Dickey.

**AML 4300 Selected American Authors (3) AS ENG**
The study of two or three related major authors in American literature. The course may include such writers as Melville and Hawthorne, Hemingway, and Faulkner, James and Twain, Pound and Eliot, Stevens and Lowell, etc. Specific topics will vary. May be taken twice for credit with different topics.

**AML 4624 Black Women Writers 6ACT (3) AS AFA**
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Black women writers focuses on the literature of women of Africa and the African Diaspora. It examines the social, historical, artistic, political, economic, and spiritual lives of Africana women in context of a global community.
AMS 2030 Introduction to American Studies CAHU HHCP (3) AS HCS
An overview of American Studies, the interdisciplinary study of American culture. Analysis of the arts and literature, including music; social issues; popular culture; material culture; cultural diversity; and social change.
AMS 2201 Colonial American Culture (3) AS HCS
An examination of cultural patterns in America as they developed between 1600 and 1780 with an emphasis on the texture of everyday life.
AMS 2270 Twentieth-Century American Culture CAHU HHCP (3) AS HCS
An examination of cultural patterns in America from 1900 to the present with emphasis on the texture of everyday life.
AMS 2363 Issues in American Civilization (1-3) AS HCS
An examination of selected topics such as natural environment and the quality of life, sports and American society, popular music, American communities, vigilante tradition, jazz music, role of the family, American success myth, youth in America. Topic varies.
AMS 3001 American Culture 1880-1915 6ACT (3) AS HCS
Integration of major aspects of American life between the 1880s and World War I.
AMS 3212 Nineteenth-Century American Culture (3) AS HCS
An examination of cultural patterns in America from 1776 to 1900 with an emphasis on the texture of everyday life.
AMS 3230 America During the 1920s and 1930s 6ACT (3) AS HCS
Course provides an interdisciplinary examination of American culture during the turbulent interwar years, 1919 through 1941. Students will examine how the arts, advertising, fashion, and social behavior registered changing cultural values.
AMS 3260 American Culture, 1830-1860 6ACT (3) AS HCS
Examines the patterns of American culture in the years leading up to the Civil War. Topics include religion and social reform, race relations, and the impact of industrialization.
AMS 3302 Architecture and the American Environment (3) AS HCS
By means of slides, lectures and discussion, this course examines 350 years of American architectural history. Architectural styles, aesthetics and the relation between a building and its social environment are stressed.
AMS 3370 Southern Women: Myth and Reality WRIN 6ACT (3) AS HCS
This course will identify the myths surrounding Southern women, discern their sources and purposes, and contrast them with history.
AMS 3601 Material Culture and American Society (3) AS HCS
By means of slides, lectures and student projects, examines connections between artifacts and American cultural attitudes from 17th century to present. Topics include: architecture, furniture, gravestones, toys, and the material subcultures of women, African-Americans and communal societies.
AMS 3605 Working Class Culture in America CPST (3) AS HCS
An interdisciplinary examination of the cultural identity of American working class families from WWII to present.
AMS 3615 Film & American Society WRIN 6ACT (3) AS HCS
This course offers a broad introduction to American cinema history. Exploring the aesthetic and ideological consequences of a variety of genres and modes, it also asks how individual films engage historically specific socioeconomic and cultural context.
AMS 3700 Racism in American Society CASB (3) AS AFA
This course will help students understand the extent and causes of racism, anti-Semitism and prejudice in the U.S. They will learn how prejudice arises, the roots of racism, and its effects on society using lectures and videos.
AMS 3930 Selected Topics in American Studies (1-3) AS HCS
Offerings include Cultural Darwinism in America, America Through Foreign Eyes, and The Female Hero in American Culture.
AMS 4210 Regions of America (3) AS HCS
The pattern of American culture as revealed through an examination of selected writings and other pertinent materials dealing with selected American regions. Topic varies.
AMS 4305 Photography and American Society (3) AS HCS
A survey of photography as an art and a craft in America since the mid-nineteenth century. Attention devoted to technological innovations, leading personalities, major movements, and memorable icons. Open to majors and non-majors.
AMS 4804 Major Ideas in America CPST (3) AS HCS
Investigates the role of one or more influential ideas in American culture, for example: individualism, identity, community, dissent, reform, utopianism, democracy. Emphasizes the critical analysis of a variety of primary texts. Topic varies.
AMS 4910 Individual Research (1-4) AS HCS
The content of the course will be governed by student demand and instructor interest. Instructor approval required prior to registration.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

AMS 4930 Selected Topics in American Studies (1-3) AS HCS
Offerings include the social implications of American painting, Technology in Twentieth Century America, American Environmental Problems, Popular Culture in America, American Military Experience, and Labor in America.

AMS 4932 Topics in American Film (3) AS HCS
Topical course on American film genres and themes. Variable topics such as: series on a region, performer, subject, or period of time.

AMS 4935 Senior Seminar in American Studies CPST (3) AS HCS
PR: HUM 3804, HUM 4331 and AMS 4936
The American Studies Senior Seminar focuses on the writing of a substantial research paper. Topic varies.

AMS 4936 American Studies Pro-Seminar (3) AS HCS
PR: HUM 3804
A course emphasizing the analysis of primary works in relation to cultural contexts, the integration of secondary sources, and the construction of a written argument. Topic varies.

AMS 4940 Internship in American Studies (1-3) AS HCS
A structured, out-of-class learning experience designed to provide first-hand, practical training in careers related to American Studies.

ANG 5395 Visual Anthropology (3) AS ANT
This class will examine the major dimensions of visual anthropology with an emphasis on the visual means of presenting anthropology to the discipline and general public. The course will focus on visual documentation and study of visual images.

ANG 5486 Quantitative Methods in Anthropology (3) AS ANT
This course is an introduction to quantitative methods for the anthropologist covering both classical statistical approaches and exploratory data analysis, using computers with statistical software.

ANG 5901 Directed Reading (1-4) AS ANT
Individual guidance in concentrated reading on a selected topic in Anthropology. Contract required prior to registration.

ANG 5910 Individual Research (2-4) AS ANT
Individual guidance in selected research project.

ANG 5937 Seminar in Anthropology (2-4) AS ANT
Topics to be chosen by students and instructor.

ANT 2000 Introduction to Anthropology CASB (3) AS ANT
The cross-cultural study of the human species in biological and social perspective. Surveys the four major branches of anthropology: physical anthropology, archaeology, linguistic anthropology, and cultural anthropology.

ANT 2410 Cultural Anthropology CAGC (3) AS ANT
Students are exposed to methods and concepts for cross cultural study of the world's peoples. Case studies demonstrate variations in human adaptation and encourage an understanding of and appreciation for diverse cultures and their values.

ANT 2464 Global Health from a Social Science Perspective CAGC (3) AS ANT
Using global health as a lens, this course will introduce students to critical interdisciplinary challenges that will shape the world in the future. It combines classroom and experiential learning while accessing the extraordinary resources of London.

ANT 2511 Biological Anthropology CANL (3) AS ANT
CR: ANT 2511L
This is an overview of biological anthropology. It covers areas such as evolutionary theory and genetics (critical thinking and scientific process), human variation (diversity), and epidemiology (environment). It also has a historical component.

ANT 2511L Biological Anthropology Laboratory (1) AS ANT
CR: ANT 2511
This is a lab companion to an overview of biological anthropology. The students will be doing laboratories which are relevant to the class topics covered in the lecture hall in ANT 2511.

ANT 3005 The Anthropological Perspective (3) AS ANT
This class will examine American culture from an anthropological perspective. Various sources and

ANT 3101 Archaeology CAGC HHCP (3) AS ANT
Focuses on critical thinking about the past, archaeological research. Methods, theory, web resources, and scientific analysis in the study of world prehistory, from human origins to modern times.

ANT 3610 Linguistic Anthropology GCPC (3) AS ANT
This course studies language comparatively in cultural and social contexts and examines the role of language in the interpretation of human experience.

ANT 4012 Fantastic Archaeology (3) AS ANT
Mysteries including the Lost Continent of Atlantis, Ancient Astronauts, Pithdown Man, Psychic Archaeology, Noah's Ark, and the Shroud of Turin will be examined, while emphasizing skills in critical thinking that have much wider practical applications.

ANT 4014 Anthropology of American Culture (3) AS ANT
PR: ANT 2410
This course examines American culture from an anthropological perspective. Various sources and
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

methods will be used in formulating our portraits including readings, films, fieldwork, and personal experiences.

ANT 4034 Theories of Culture (3) AS ANT
The major concepts that form the anthropological view of humanity are viewed in historical perspective. Basic ideas of the western philosophical tradition are analyzed from the Greeks to the 19th century when they became incorporated into the new discipline of anthropology. 20th century anthropological developments on these themes are considered.

ANT 4142 Old World Archaeology (3) AS ANT
PR: ANT 3101
The archaeology of Europe, Asia and Africa, from the earliest humans through the emergence of state-level societies in many parts of the Old World. The course will focus on comparative aspects of economic, social, political, and religious organization in the prehistoric Near East, Egypt, China, the Aegean, Europe and Africa.

ANT 4143 European Archaeology (3) AS ANT
PR: ANT 3101
The archaeology of Europe, from the first Paleolithic inhabitants to the fall of Roman civilization. The course will focus on ancient material culture while emphasizing social and economic questions such as the emergence of modern humans, the adoption of agriculture, the development of complex societies, and the rise of civilization.

ANT 4147 Environmental Archaeology (3) AS ANT
PR: ANT 3101
This course examines environmental constraints on ancient human societies, and how human activities have impacted the environment in the last several thousand years. Presentation of the methods used to reconstruct prehistoric environments will be followed by case studies from Florida, Central and South America, Easter Island, the Mediterranean and the Near East.

ANT 4153 North American Archaeology (3) AS ANT
PR: ANT 3101
An examination of the evidence regarding the human settlement of North America from its beginnings through the development of aboriginal culture to the period of European conquest. Emphasis on the comparative study of material culture at selected sites from all time periods. No field work is involved.

ANT 4158 Florida Archaeology (3) AS ANT
PR: ANT 3101
Culture history and culture process over 10,000 years from the time of the first people in Florida (Paleo-Indians) through the elaborate Weeden Island and Safety Harbor burial and temple mound cultures to the Spanish entrada and consequences of European conquest. Review of temporal and spatial relationships within the entire eastern U.S. and elsewhere. May be part of a summer (or other semester) field school, combined with Field Methods in Archaeology and Laboratory Methods in Archaeology.

ANT 4163 Mesoamerican Archaeology (3) AS ANT
PR: ANT 3101
The chronological sequence from its beginnings through Protohistoric development is described and analyzed. Cultures such as the Maya, Aztec, Mixtec, Zapotec, Olmec, and Toltec are included, with emphasis on the environmental setting and the relationship between cultural ecology and the growth of civilization.

ANT 4165 South American Archaeology (3) AS ANT
PR: ANT 3101
Describes and analyzes the sequence of cultural development in prehistoric South America. Cultures such as the Inca, Chauch, Mochica, Wari, Chimú are included. Emphasis on the environmental setting and the relationship between cultural ecology and the growth of civilization.

ANT 4172 Historical Archaeology 6ACT (3) AS ANT
PR: ANT 3101
A survey and analysis of archaeology focused on the historic period. Laboratory research with data recovered from historic sites in addition to class work.

ANT 4180 Laboratory Methods in Archaeology (3) AS ANT
PR: ANT 3101
Data and materials recovered from archaeological survey and excavation are processed in the laboratory; includes artifact cleaning, cataloguing, identification, and analysis; soil flotation; reconstruction and conservation of artifacts, mapmaking, etc. May be offered as part of a summer (or other semester) field school. May be combined with Florida Archaeology and Field Methods in Archaeology.

ANT 4181 Museum Methods (3) AS ANT
PR: ANT 3101
Design, preparation and installation of exhibits in the Department of Anthropology Teaching Exhibit Gallery. Emphasis on theory, research, design, and construction. Discussion of museum-related issues such as administration and curation.

ANT 4183C Archaeological Science (4) AS ANT
PR: ANT 3101
This course focuses on the application of scientific methods of analysis to archaeological materials including bone, stone, pottery, and metal. Methods include absolute dating, remote sensing, optical and SEM microscopy, elemental and isotope analysis. Laboratory sections provide hands-on experience with a variety of archaeological materials and analytical methods.

ANT 4185 Ancient Diets (3) AS ANT
PR: ANT 3101

Special concerns include ethnic diversity in American society, historical and contemporary diversity in values, experiences, and lifestyles, and an examination of policies and problems affecting ethnic groups in the United States.

Focuses on the history, contemporary values and interpersonal relationships, and patterns of rural and urban life in Mesoamerica. Guatemala and Mexico are emphasized.

Main themes include: the depopulation of the aboriginal population and the resettlement of the area via slavery, indenture, and migration; contemporary ethnic heterogeneity; economic problems of Third World microstates; development of a modern social and political consciousness. Religious diversity, music, the graphic arts, and the literature of the contemporary Caribbean will also be surveyed.

The use of photographic techniques for the cross-cultural recording and analysis of human activities. The study of ethnographic photography as both art and science, and the production of an anthropological study that expresses the goal of "visual literacy." Review and evaluation of the uses of visual techniques and the evidence they provide to the social scientist.

This course will address a variety of challenging issues related to the general topic of cross-cultural diversity in contemporary American life.

Explores cultural, social, political, and economic dimensions of contemporary environmental problems. Emphasis placed on the links between local-level environmental degradation and broader regional and global forces.

The relationship between the individual and society is studied cross-culturally. Main themes include child-rearing practices, psychosomatic illness and curing. Discussion of theories and models of personality development with special reference to their applicability to the emerging field of cross-cultural mental health planning.

The cross-cultural study of urbanization, urbanism and human problems associated with metropolitan environments. Emphasis on the ethnography of...
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

city life and its relationship to the practical applications of urban research.

ANT 4462 Health, Illness, and Culture (3) AS ANT
PR: ANT 2410
The study of health and human behavior in cross-cultural perspective. Main themes include: the impact of disease on the development of human culture; comparative studies of curing practices; medical systems in their relationship to ideology. Emphasis on understanding the role of medicine, and the behavior of both practitioners and patients in modern societies.

ANT 4465 The Anthropology of Food (3) AS ANT
PR: ANT 2000 or ANT 2410
Examines the ways that anthropologists write and think about food, beginning with the basic anthropological perspective on food, then looking at food as a part of social rules and the life passage.

ANT 4468 Biocultural Bases of Health and Disease (3) AS ANT
PR: ANT 2511 or BSC 1005
Study of the socio-cultural and evolutionary bases of health and disease, including such factors as evolution, genetics, environment, and socio-economics.

ANT 4472 Work and Migration in the Americas (3) AS ANT
PR: ANT 2410
With a focus on the intersections of class, race, gender, and citizenship, this course examines experiences of work and migration in the Americas to better understand the consequences of globalization.

ANT 4475 Anthropology of Childhood (3) AS ANT
This course is an exploration of the emerging subfield of anthropology and childhood, engaging with literature on children, childhoods, and youth around the globe. Students read a wide variety of perspectives on anthropology and childhood.

ANT 4495 Methods in Cultural Research (3) AS ANT
The stages in the development and execution of ethnological research are discussed and practiced. Literature search, hypothesis formation, selection of data collection techniques, elicitation of information, data analysis, and report presentation are stressed. Research design models from the case literature are studied and supervised research in the local community is designed and carried out.

ANT 4516 Human Variation (3) AS ANT
PR: ANT 2511
An overview of evolution and biological variations of human races. Anatomical, morphological, and physiological patterns are surveyed geographically. Cultural influences on racial biology are explored.

ANT 4520C Forensic Anthropology (4) AS ANT
PR: ANT 2511
This course is designed to familiarize students with forensic anthropology through lectures and lab work. Students will learn human skeletal biology for personal identification and cause of death. This course is restricted to majors and is not repeatable.

ANT 4525 Human Osteology and Osteometry (3) AS ANT
PR: ANT 2511 and ANT 2511L
The identification of human skeletal remains, including: instrumentation and procedures; techniques for determining age at death, sex, and ancestry; and measurement of the human skeleton for comparative purposes.

ANT 4532 Anthropology of Infectious and Contagious Diseases (3) AS ANT
PR: ANT 2410
CR: ANT 2511
This course is on communicable diseases and their transmission, cures, and change with time and technology. We will situate infectious and contagious diseases in their historical and cultural context by looking at the anthropology of these ideas.

ANT 4536 Bioarchaeology (3) AS ANT
PR: ANT 2511 and ANT 2511L
The study of human skeletal remains from archaeological sites, drawing on techniques from archaeology, anatomy, biology, chemistry, pathology, demography, and history to reconstruct individual lives and collective population histories across the globe.

ANT 4586 Prehistoric Human Evolution (3) AS ANT
PR: ANT 2511
A survey of the fossil record from the early primates through the ascent of Homo sapiens sapiens, focusing on the human lineage. Biosocial patterns and cultures of the past are also covered.

ANT 4593 Evolution and Health (3) AS ANT
PR: ANT 2511
Using an evolutionary framework to develop scientific hypotheses, this course inquires into the origins and causes of illness. Students will use a variety of critical methods to track down evolutionary explanations for disease.

ANT 4620 Language and Culture 6ACT (3) AS ANT
PR: ANT 3610
Examines the relationships between language and culture in cross-cultural perspective. Explores the extent to which languages shape the world views of their speakers. Emphasis on the nature and degree of fit between linguistics and other cultural systems of knowledge.

ANT 4701 Applied Anthropology (3) AS ANT
A review of approaches to applying the anthropological perspective to contemporary human problems. Discussion of the historical development of applied anthropology, the ethics of applied research, and careers in applied settings.
### COURSE DESCRIPTIONS

**ANT 4750 Language and Social Interaction 6ACT** (3) AS ANT  
PR: ANT 3610  
Examines the role of language and other modes of communication in the social settings of speech communities. Student field projects focus on the cross-cultural description and analysis of patterns of communication in ethnographic contexts.

**ANT 4824 Archaeological Field Methods (4-12) AS ANT**  
PR: ANT 3101  
Offered as all or part of a summer (or other semester) field session. May or may not be combined with Florida Archaeology and Laboratory Methods in Archaeology. Students learn appropriate methods of archaeological survey, excavation, data and materials recovery, recording, and processing.

**ANT 4901 Directed Reading (1-4) AS ANT**  
Individual guidance in concentrated reading on a selected topic in anthropology. Contract required prior to registration.

**ANT 4905 Individual Research (2-4) AS ANT**  
Individual guidance in a selected research project. Contract required prior to registration.

**ANT 4930 Special Topics in Anthropology (1-3) AS ANT**  
Topics to be chosen by students and instructor permitting newly developing subdisciplinary special interests to be explored.

**ANT 4932 Honors Seminar (3) AS ANT**  
Seminar designed to provide the honors student with an opportunity to present, discuss and defend his/her own research and to explore in-depth topics in several areas of anthropology.

**ANT 4935 Rethinking Anthropology 6ACT (3) AS ANT**  
This course is the senior seminar in anthropology. The objectives are to reflect upon and integrate major material covered in previous courses, to reflect upon the status on the discipline of anthropology, and to allow students to determine where they see themselves within the discipline. We will reflect upon the four fields of anthropology and ethics, as well as key issues such as evolution, race, and culture, and students are encouraged to integrate their knowledge from previous classes.

**ANT 4940 Directed Internship Including Practicum (2-4) AS ANT**  
Individual guidance in a selected internship. Contract required prior to registration. Majors and non-majors. May be repeated for credit; max 6 total hours.

**ANT 4970 Honors Thesis (3) AS ANT**  
PR: ANT 4932  
The student under the supervision of a faculty member will formalize, conduct, analyze, and report in writing a research project in anthropology.

**APK 3110 Exercise Physiology I (3) MD ATH**  
Techniques in conducting health-fitness test and exercise prescription for adults. Includes cardiovascular strength, flexibility, body composition, health risk testing, exercise prescribing, and monitoring. Justification required prior to registration.

**ARA 1120 Modern Arabic I (4) AS WLE**  
An intensive study of basic skills: pronunciation, listening comprehension, speaking and some composition.

**ARA 1121 Modern Arabic II (4) AS WLE**  
PR: ARA 1120 or its equivalent  
A continuation of ARA 1120. More sophisticated oral/aural skills are attained. Basic reading skills are acquired.

**ARA 2220 Modern Arabic III (4) AS WLE**  
PR: ARA 1121 or the equivalent  
For language students who intend to attain basic proficiency.

**ARA 2221 Modern Arabic IV (4) AS WLE**  
PR: ARA2220 or the equivalent  
Practice of writing, speaking and listening skills for language students who intend to attain basic proficiency.

**ARA 4905 Directed Study (1-5) AS WLE**  
Permits study options in Arabic not available in regularly scheduled curriculum at departmental discretion.

**ARA 4930 Selected Topics (1-3) AS WLE**  
Course permits classes in Arabic not available in the regularly scheduled curriculum at departmental discretion.

**ARC 2112L Architectural Freehand Drawing Methods (4) FA ARC**  
This course provides an introduction to basic freehand drawing with an emphasis on observational drawing, mapping, gesture, and drawing as a means of orientation. The student is introduced to a wide range of drawing methods, media and concepts.

**ARC 2131C Introduction to Architectural Design and Graphics (4) FA ARC**
An introduction to fundamental "critical thinking" and graphic communication skills in architecture.

ARC 2135C Introduction to Architectural Design & Graphics II (4) FA ARC
PR: ARC 2131.
This course explores fundamental issues of space-making and perception of space, scale and habitation. In addition, this course builds on the skills and knowledge developed in the first introductory course through analysis and interpretation of specific works.

ARC 2180 Introduction to Digital Architecture (3) FA ARC
The Introduction to Digital Architecture course introduces students to various software utilized by Architects in the field such as, AutoCad, Sketch-up, StudioMax, Photoshop, etc.

ARC 2211 Introduction to Architecture CAHU HHCP (3) FA ARC
An introduction to the analysis and interpretation of the architecture and urban design of various cultures.

ARC 2701 Architectural History I (3) FA ARC
Overview of the built environment from prehistory through the Middle Ages. Buildings and cities in their geographical, topographical, political, aesthetic, social, technological and economic context.

ARC 2702 Architectural History II (3) FA ARC
Overview of the built environment from the Middle Ages to the present. Buildings and cities in their geographical, topographical, political, aesthetic, social, technological and economic context.

ARC 2931 Selected Topics (1-3) FA ARC
Variable topics will be offered for pre-professional studies for students in the Liberal Studies Major/ALA Degree Program and as electives for other undergraduates.

ARC 4376 Architecture for Real Estate & Development (3) FA ARC
The course introduces the basic processes necessary for large scale projects and developments. Numerous professions are explained from varying points of view to allow participants to better understand how buildings get built and land developed.

ARC 4541 Physics for Architects (3) FA ARC
PR: MAC 1105
Physics for Architects is a study of physical concepts / problems applicable to current and future graduate architecture student, creating a foundation for technical issues of structures, environmental technology & construction methods.

ARC 4757 Made in Italy: Italian Design and Interdisciplinary Coherence WRIN 6ACT (3) FA ARC
This course explores Italian design as a way to understand the coherence among differing fields of study. By discovering shared cross-disciplinary themes found in Italian design, students will gain new insights which will enlighten their own studies.

ARC 4784 The City 6ACT (3) FA ARC
This course examines the history of the city, as both idea and reality, with a particular focus on Western cities, and the 20th century. The course is open to undergraduates and students in the Graduate Architecture Program.

ARC 4884 Sustainable Neighborhood Development (3) FA ARC
This course will focus on understanding and evaluating sustainable neighborhood development strategies, using multiple concepts, practices and approaches.

ARC 4931 Selected Topics in Architecture and Community Design (1-3) FA ARC
Variable topics will be offered for pre-professional studies for students in the Liberal Studies Major/ALA Degree Program and as electives for other undergraduates.

ARC 5175 Computer Technology (3) FA ARC
Introduction to the application of computer technology in current architectural practice. The exploration of available software, programs, and computer services for word processing, information handling, specification writing, feasibility analysis, cost estimating, economic performance and life cycle cost analysis, project management (network programming and analysis), computer graphics, computer aided design and drafting.

ARC 5216 The Building Arts (3) FA ARC
Introduction to the man-made environment. The study and profession of architecture. The various facets of the process of shaping the built environment as it manifests itself in the different roles and specialization of the experts involved the process, and in the various academic courses that prepare the architect for practice.

ARC 5256 Design Theory (3) FA ARC
Survey of major schools of thought in design theory, methods of design and problem-solving, and design research. The nature of the design activity and its recurring difficulties. The nature and different types of problems. Traditional approaches to problem-solving and design in architecture; recent systematic as well as intuitive approaches to problem-solving based on developments in other fields. Scientific method; the systems approach and design.

ARC 5361 Core Design I (3) FA ARC
First of two semester Design Fundamentals/Design Graphics sequence focusing on design abstractions and analysis of the factors influencing conceptual design. Emphasis is placed on ordering principles, pattern recognition and utilization, and figure-ground relationships. Development of craftsmanship, drawing as a means to design, and perceptual acuity are stressed.

ARC 5362 Core Design II (9) FA ARC
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

ARC 5361 Second of a two semester Design Fundamentals/Design Graphics sequence focusing on synthesis of design concepts and application of ordering principles in architectural design. Emphasis is placed on developing an understanding and awareness of architectural elements and compositions. Students examine the work of significant architects and use it as a basis for design exploration. Graphic documentation, diagramming, and model studies are stressed.

ARC 5362, ARC 5467, ARC 5587, ARC 5731 CR: ARC 5689 Study of the various phases of the building delivery and design process, and of different approaches to ordering that process in a systematic fashion. The student will use one such systematic approach in the investigation and development of design solutions for a project of moderate scale and complexity. Studies of built form ordering principles, mass/void relationships, scale and proportion, color, texture, contextual relationships, meaning/imagery, and building technology (awareness of structural organization, services networks, construction processes and materials). Aspects of human behavior as design determinants.

ARC 5363 Core Design III (6) FA ARC PR: ARC 5362, ARC 5467, ARC 5587, ARC 5731 Study of the various phases of the building delivery and design process, and of different approaches to ordering that process in a systematic fashion. The student will use one such systematic approach in the investigation and development of design solutions for a project of moderate scale and complexity. Studies of built form ordering principles, mass/void relationships, scale and proportion, color, texture, contextual relationships, meaning/imagery, and building technology (awareness of structural organization, services networks, construction processes and materials). Aspects of human behavior as design determinants.

ARC 5364 Advanced Design A (6) FA ARC PR: ARC 5363. CPR: ARC 5588, ARC 5467 Application of orderly design processes to building projects of moderate complexity and scale. Continued investigation of the relationship between human behavior and the environment. Analysis and integration of site relationships into the development of design solutions. Legal aspects of zoning, building codes, and regulations regarding access for accessibility, fire escape, etc.

ARC 5365 Advanced Design B (6) FA ARC PR: ARC 5363 CPR: ARC 5588, ARC 5467. Investigation of the interaction between user requirements, environmental determinants, site and urban context conditions, technological factors, and design intentions in the development of design solutions for projects of medium scale and complexity. The analysis, design, and coordination of the various resulting systems, including structural, circulation, service networks, space zoning and use, environmental control systems at the interface between interior and exterior of a building. Representation of these relationships and systems in diagrams and models, and their manifestation in design and construction details.

ARC 5366 Advanced Design C (6) FA ARC PR: ARC 5363 CPR: ARC 5588, ARC 5467. Design of multi-purpose buildings of medium to large scale and complexity. Issues of community and neighborhood design as they relate to the design of buildings. Restoration and adaptive re-use of existing historic buildings. Focus on thinking through as well as documenting the complete building system and process.

ARC 5467 Materials and Methods of Construction (3) FA ARC PR: ARC 5470 Overview of properties of primary construction materials and systems that make up building structures and enclosures. Emphasis on elements and assemblies relative to various climates, technologies, costs, building codes, and craftsmanship.

ARC 5470 Introduction to Technology (3) FA ARC Introduction to architectural technology, including structures, materials and methods of construction, and environmental controls. Overview of building systems and components and their integration into architectural design projects.

ARC 5587 Structures I (3) FA ARC PR: Calculus, Physics, and ARC 5470 Review of static and mechanical principles of material. Analysis and evaluation for appropriate selection of structural systems and elements. Analysis and design of timber and steel structures, based on moment, shear, and deflection. Fundamentals of wind and seismic design as they apply to wood and steel construction. Truss analysis, beam and column behavior.

ARC 5588 Structures II (3) FA ARC PR: ARC 5587 Introduction to the concepts and theories of structural analysis and design of reinforced concrete systems and elements, including practical application in building construction. Prestressing, post-tensioning, hybrid assemblies. Fundamentals of wind and seismic design. Formwork, placement, and assembly techniques.

ARC 5689 Environmental Technology (3) FA ARC PR: ARC 5467 and ARC 5470 Comprehensive overview of mechanical systems for buildings including: water and waste: fire protection and suppression; heating, cooling and controls; electric power distribution and illumination; communications; transportation systems, and acoustics.

ARC 5731 Architectural History I (3) FA ARC Overview of the built environment from prehistory through the Middle Ages. Buildings and cities in their geographical, topographical, political, aesthetic, social, technological and economic context. Varieties of methodological approaches to the analysis of historical architecture. The focus will be on the built environment of Europe and the Mediterranean basin.

ARC 5732 Architectural History II (3) FA ARC Overview of the built environment from the Renaissance to the present. Buildings and cities in their geographical, topographical, political, aesthetic, social, technological, and economic
context. Study of various methodological approaches to the analysis of historic architecture, and development of student's own approach. Emphasis will be on the built environment of Europe and America.

ARC 5789 Modern Architecture History (3) FA ARC
Exploration of the philosophic, economic, aesthetic, social, historical and moral imperatives used by modern architects and historians in their attempt to design the appropriate physical environment for a new social order. The course will investigate the writings and works of the proponents of the modern style of architecture and study the "New Architecture" as defined by those who broke tradition and expressed the new era using modern construction materials and techniques.

ARC 5793 History Abroad (3) FA ARC
Summer study abroad. Location and description varies from year to year.

ARC 5794 Florida Architectural History (3) FA ARC
An examination of the environmental, sociological, technological, political, economic, cultural, and other factors that influenced the discovery, growth, and urbanization of Florida as manifested by its architecture.

ARC 5920 Architectural Design Studio Abroad (5) FA ARC
Summer study abroad. Location and description varies from year to year.

ARC 5931 Special Studies in Architecture (1-5) FA ARC
Variable titles offered on topics of special interest.

ARE 4341 Art Teaching Strategies II (3) FA ART
Media and the learning process will be explored through photographic arts, cinematography and video systems. Teaching strategies and media criticism for application at elementary and secondary levels.

ARH 2050 History of Visual Arts I CAHU HHCP (3) FA ART
Survey of World Art to AD 1300. Introduction to problems of analyzing and interpreting the art of various cultures without making the Western perspective a privileged one.

ARH 2051 History of Visual Arts II CAHU HHCP (3) FA ART
Survey of World Art since 1300. Introduction to problems of analyzing and interpreting the art of various cultures without making the Western perspective a privileged one.

ARH 3001 Introduction To Art CAFA HHCP (3) FA ART
This online course investigates the histories of art, asking a range of questions about periods, cultures, styles of art making. We explore the experience of viewing art, inquiring into its many forms and definitions, historically and in the present.

ARH 4115 Ancient Egyptian and Near Eastern Art (3) FA ART
A study of the art and cultures of ancient Egypt and the Near East, from the prehistoric period through the conquests of Alexander the Great.

ARH 4130 Greek Art (3) FA ART
A comprehensive study of ancient Greek sculpture, painting, architecture, and other artistic media from the Bronze Age through the Hellenistic period.

ARH 4151 Roman Art (3) FA ART
A comprehensive study of ancient Roman sculpture, painting, architecture, and other artistic media from the founding of Rome through the reign of Constantine.

ARH 4170 Greek and Roman Art (3) FA ART
A comprehensive study of Aegean, Mycenaean, Etruscan, Greek and Roman painting, sculpture and architecture.

ARH 4200 Medieval Art (3) FA ART
A comprehensive study of early Christian, Byzantine and Medieval painting, sculpture, architecture and manuscript illumination.

ARH 4301 Renaissance Art (3) FA ART
A comprehensive study of Renaissance and Mannerist painting, sculpture and architecture in Italy and Northern Europe.

ARH 4310 Early Italian Renaissance (3) FA ART
PR: ARH 2050 or ARH 2051
History of the visual arts in Italy from ca. 1220 to 1493, in the era commonly called the early Renaissance.

ARH 4312 Late Italian Renaissance (3) FA ART
PR: ARH 2050 or ARH 2051
This course focuses on the visual arts of Italy of the later Renaissance, from c. 1490 to 1576, with some reference to the broader context of art in the rest of Europe and the world.

ARH 4318 Venetian Art (3) FA ART
Major monuments of Venetian art are examined to elucidate the importance of Venice as the crossroads of cultural exchange between Islam, Byzantium, and the West, and the importance of Venetian art to the history of art and art criticism.

ARH 4333 Northern Renaissance Art (3) FA ART
PR: ARH 2050 or ARH 2051
Introduction to the history of Northern Renaissance Art, that is, art from northern Europe, esp. the Netherlands, Germany and France, from the late Middle Ages to the early modern era (14th through 16th centuries).

ARH 4350 Baroque and Rococo Art (3) FA ART
A comprehensive study of the painting, sculpture and architecture in France, Italy, Spain and the Netherlands in the seventeenth and early eighteenth centuries.

ARH 4430 Nineteenth Century Art (3) FA ART
A comprehensive study of nineteenth century painting, sculpture and architecture in America and Europe. Gender/multicultural issues and
methodologies in 19th century art are emphasized.

ARH 4450 Twentieth Century Art (3) FA ART
A comprehensive study of painting, sculpture and architecture from Cezanne to the present in Europe and the United States. Required of all art majors.

ARH 4455 Modern Political Iconography (3) FA ART
The course explores art in which political themes are considered to be the source and determinant of aesthetic decisions. The dominant iconographic theme is the iconography of revolution, rebellion, and other forms of political struggle in 20th Century art and film.

ARH 4475C Contemporary Issues in Art (3) FA ART
PR: ARH 4450
A study of the principles and techniques of educational measurement as applied to the teaching of physical education; study of the functions and techniques of measurement in the evaluation of student progress toward the objectives of physical education.

ARH 4520 African Art (3) FA ART
A combination of survey, comparative study and in-depth analysis of African sculpture, mainly from West and Central Africa. Emphasis on diversity of forms and contexts, functions, symbolism and meanings.

ARH 4530 Asian Art (3) FA ART
An introduction to concepts of the arts of China, Japan and other Far Eastern countries.

ARH 4557 Chinese Art (3) FA ART
Chinese Art proceeds chronologically, from the Neolithic era up to the contemporary art world. The course considers cultural, linguistic, technical, philosophic, political and religious influences on the art works produced by this ancient society.

ARH 4710 History of Photography WRIN HHCP 6ACT (3) FA ART
PR: ARH 2051
Comprehensive overview of the history of photography from its inception to the present day with an emphasis on the relationship of photography to the visual arts and popular culture.

ARH 4721C History of Printmaking 6ACT (3) FA ART
The history of Western printmaking from the Middle Ages to contemporary times, with an emphasis on artmaking technology and research, cultural perspectives and theoretical/critical analytical capabilities. The course is open to majors and non-majors. It is not repeatable for credit.

ARH 4744 Selected Topics in the History of Film (3) FA ART
In-depth investigation of a selected period, development, or school in the history of film as art.

ARH 4800 Critical Studies in Art History 6ACT (3) FA ART
PR: Two advanced Art Histories
Specialized intensive studies in art history. Specific subject matter varies. To be announced at each course offering.

ARH 4890 Paris Art History (3) FA ART
PR: Minimum 8 hours of art history at the undergraduate level or equivalent.
This course will explore issues central to the history and criticism of art through the rich visual culture of Paris. Themes will include art and national identity, orientalism, the avant-garde and the role of the museum in the evolution of modern art.

ARH 4930 Art History: Selected Topics (1-3) FA ART
Lecture/discussion course designed to offer areas of expertise of visiting scholars or specific interests of resident faculty.

ARH 5813 Methods of Art History (4) FA ART
This course introduces students to various methods which art historians have used to analyze the form and content of individual works of art, and to various modes of historical explanation.

ARH 5836 Collection and Exhibition Management (3) FA ART
This class will introduce students to the basic principles of collections care and management and to the intellectual and practical tasks of preparing an exhibition. Sessions will include art handling, registration and condition reporting, preparing works of art for transit, environmental standards for collections storage and exhibition, and the professional responsibilities of the curator.

ART 2201C Concepts and Practices I CAFA (3) FA ART
Introduce students to diverse art studio practices and concepts where topics include forms of communication, sourcing inspiration, and critical theory. Studio projects are augmented by lecture, discussion, reading, writing and critical analysis.

ART 2203C Concepts and Practices II CAFA (3) FA ART
PR: ART 2201C
Continuation of ART 2201 building on diverse art studio practice and concepts including crafting an artistic self, measuring success, and examining the artists role. Art projects are augmented by lecture, discussion, reading, writing and critiques.

ART 2301C Beginning Drawing (3) FA ART
Projects exploring the methods, media, and concepts of drawing.

ART 2400C Beginning Printmaking (3) FA ART
This course is designed as an introduction to the medium of printmaking. It concentrates on the technical production of various print media including: intaglio, relief, monoprint and serigraphy (screen printing).

ART 2500C Beginning Painting (3) FA ART
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

ART 2701C Beginning Sculpture (3) FA ART
Projects in sculpture with emphasis on contemporary theory and issues, the development of individual concepts and the exploration of materials, tools and processes.

ART 2750C Beginning Ceramics (3) FA ART
An introduction to the use of ceramic materials as a means of self expression and critical exploration.

ART 2930 Selected Topics In Art (1-3) FA ART
The content of this course will be determined by student demand and instructor interest. Open University offerings under this number may not be counted for degree credit for art majors.

ART 3200C Intermediate Drawing (3) FA ART
PR: ART 2301C
An extension of the skills and concepts introduced in Beginning Drawing with an emphasis on individual experimentation and the development of advanced critical and technical skills in the discipline. Repeatable up to 15 hours.

ART 3230C Selected Topics in Drawing (3) FA ART
PR: ART2203C, ARH 2050, ARH 2051, ART 2301C, ART 3310C
Selected Topics in Drawing is an intermediate course providing focused exploration of content specific to the discipline. It furthers the development of skills and critical discourse in the field. Majors only. Repeatable up to 15 hours.

ART 3300C Intermediate Printmaking (3) FA ART
This course concentrates on developing intermediate skills in printmaking with particular emphasis on conceptual topics. The course is intended for majors. Repeatable up to 15 hours.

ART 3310C Intermediate Drawing (3) FA ART
PR: ART 2301C
An extension of the skills and concepts introduced in Beginning Drawing with an emphasis on individual experimentation and the development of advanced critical and technical skills in the discipline. Repeatable up to 15 hours.

ART 3310C Intermediate Printmaking (3) FA ART
Selected Topics in Printmaking is an intermediate course providing focused exploration of content specific to the discipline. It furthers the development of skills and critical discourse in the field. Majors only. Repeatable up to 15 hours.

ART 3360C Intermediate Sculpture (3) FA ART
Selected Topics in Sculpture is an intermediate course providing focused exploration of content specific to the discipline. It furthers the development of skills and critical discourse in the field. Majors only. Repeatable up to 15 hours.

ART 3380C Selected Topics in Drawing (3) FA ART
PR: ART2203C, ARH 2050, ARH 2051, ART 2301C, ART 3310C
Selected Topics in Drawing is an intermediate course providing focused exploration of content specific to the discipline. It furthers the development of skills and critical discourse in the field. Majors only. Repeatable up to 15 hours.

ART 3460C Selected Topics in Printmaking (3) FA ART
PR: ART 3612C or ART 2400C
An investigation of printmaking using the computer as a design interface between electronic and traditional printmaking processes. Repeatable up to 9 hours.

ART 3465 Digital Printmaking (3) FA ART
PR: ART 2201C, ART 2203C, ART 2301C, ART 2500C, ART 3310C, ARH 2050, ARH 2051
An extension of the skills and concepts introduced in Beginning Painting with an emphasis on individual experimentation and the development of advanced critical and technical skills in the discipline. Repeatable up to 15 hours.

ART 3530C Intermediate Painting (3) FA ART
PR: ART 2201C, ART 2203C, ART 2301C, ART 2500C, ART 3310C, ARH 2050, ARH 2051
An extension of the skills and concepts introduced in Beginning Painting with an emphasis on individual experimentation and the development of advanced critical and technical skills in the discipline. Repeatable up to 15 hours.

ART 3610C Digital Modeling (3) FA ART

ART 3612C Beginning Video, Animation and Digital Arts (3) FA ART
An introductory exploration of the use of video, animation, and digital art as media for making contemporary art. Emphasis is on all levels of production, concept development, and the history and theory of media, moving image, sound, and animation.

ART 3612C Intermediate Video, Animation and Digital Arts (3) FA ART
PR: ART 3612C.
Students develop a comprehensive understanding of Independent Cinema by producing short film projects. Topics include scriptwriting, professional production tools and practices, and exhibition. Non-repeatable. For majors and non-majors with prerequisite.

ART 3616C Computer Animation (3) FA ART
PR: ART 3612C
Hands-on exploration of issues, principles, and practices involved in the creation of 2D animation. Traditional methods are combined with animation and imaging software. Focus is on individual creative growth.

ART 3635 Selected Topics in Video, Animation & Digital Arts (3) FA ART
Selected Topics in VADA is an intermediate course providing focused exploration on content specific to the discipline. It furthers the development of skills and critical discourse in the field. Majors only. Repeatable up to 15 hours.

ART 3640 The Art of Video Games (3) FA ART
The Art of Video Games investigates the emerging role that fine art plays within the video game medium. Students research connections between contemporary art practice and the commercial video game industry and create their own video game.

ART 3700C Intermediate Sculpture (3) FA ART
This course expands upon the principles and processes introduced in Beginning Sculpture, developing a higher level of technical competence and critical sophistication. Repeatable up to 15 hours.

ART 3712C Multiples, Molds, and Bronzecasting (3) FA ART
PR: ART 2701C and ART 3704C
Continued studies and projects in sculpture with an emphasis on the nature of multiples explored through advanced mold making and bronzecasting. This course may not be repeated for credit. The conceptual implications of the multiple will be taught through reading, lecture, discussion and demonstration.

ART 3735 Selected Topics in Sculpture (3) FA ART
PR: ART 2201C, ART 2203C, ART 2301C, ART 3310C, ART 2701C, ART 3704C.
Selected Topics in Sculpture is an intermediate course providing focused exploration of content specific to the discipline. It furthers the development of skills and critical discourse in the field. Repeatable up to 15 hours.

ART 3761C Intermediate Ceramics (3) FA ART
Intermediate problems in ceramics and emphasis on the exploration of methods and media and the development of individual concepts. Repeatable up to 15 hours.

ART 3781C Selected Topics in Ceramics (3) FA ART
PR: ART2203C, ARH 2050, ARH 2051, ART 2301C, ART 3310C, ART 2701C, ART 3704C.
Selected Topics in Ceramics is an intermediate course providing focused exploration of content specific to the discipline. It furthers the development of skills and critical discourse in the field. Majors only. Repeatable up to 15 hours.

ART 3843C Site, Installation, and Performance (3) FA ART
PR: ART 2701C and ART 3704C.
Continued studies and projects in sculpture with an emphasis on site-specific sculpture, installation and performance. A critical and cultural awareness of contemporary issues and media in sculpture will be developed through studio projects assigned readings, discussions, critiques and demonstrations. The course may not be repeated for credit.

ART 3939 RealWorld (3) FA ART
PR: ART 3618
Offers studio students the opportunity to analyze their experiences as art majors and explore options available to visual artists upon completion of their degree.

ART 4320C Advanced Drawing (3) FA ART
PR: ART 3939, ARH 4450, ARH 4475C
Continued projects in drawing.

ART 4402C Advanced Printmaking (3) FA ART
PR: ART 3939, ARH 4450, ARH 4475C
This course is designed as an advanced printmaking studio and emphasizes content and meaning in visual imagery. The student is encouraged to work in a specific printmaking medium (intaglio, relief, lithography or screen printing) and develop a cohesive series of images.

ART 4520C Advanced Painting (3) FA ART
PR: ART 3939, ARH 4450, ARH 4475C
Advanced exploration of issues and practices in the creation of experimental computer art. Continues an interdisciplinary approach to video, animation, 3D modeling and electronic arts with a focus on individual and group projects.

ART 4634C Visual Design for the Internet (3) FA ART
PR: All preparation courses plus course in Studio Workshop I.
This upper level course builds upon the concepts encountered in the introductory level graphic design courses and focuses upon web content creation and animation techniques.

ART 4642 Digital Fabrications for Artists (3) FA ART
PR: ART 3939, ARH 4450, ARH 4475C
Study and use of digital imaging and modeling software (CAD, CAM) for creation of physical artworks using CNC (digital fabrications) equipment; Grounded in contemporary and historical practices.

ART 4710C Advanced Sculpture (3) FA ART
PR: ART 3939, ARH 4450, ARH 4475C
Continued problems in sculpture. Repeatable.

ART 4782C Advanced Ceramics (3) FA ART
PR: ART 3939, ARH 4450, ARH 4475C
Continued problems in ceramics.

ART 4806 Theme Studio (3) FA ART
PR: All preparation courses plus course in Studio Workshop I.

ART 4814 Paris Art Studio (3) FA ART
PR: ART 2201C or equivalent.
This course will explore contemporary and historic Paris as a subject and source for artmaking, drawing upon a range of concepts and strategies that emphasize imaginative encounters with its space, streets, museums, architecture and people.

ART 4900 Directed Reading (1-4) FA ART
A course of reading and study in an area of special concern governed by student demand, instructor interest and/or department requirements. Registration is by contract only. Repeatable.

ART 4905 Directed Study (1-4) FA ART
Independent studies in the various areas of Visual Arts. Course of study and credits must be assigned prior to registration. Repeatable.

ART 4925 Media Workshop: Design Production (3) FA ART
This upper level technology course will develop in-depth understanding of graphic software and print production techniques. Students will review software programs, file preparation requirements, and print production standards. **ART 4930 Selected Topics In Art (1-3) FA ART** The content of this course will be determined by student demand and instructor interest. Open University offerings under this number may not be counted for degree credit for art majors. Repeatable.

**ART 4940 Extended Studies (1-4) FA ART** Extended Studies requires students to engage in art-related activities that expand upon their traditional academic experience. It is by contract and may involve internship and/or foreign studies. The course is restricted to majors. Not repeatable.

**ART 4970C Senior Thesis (4) FA ART** The creation of a coherent body of advanced level artwork that is supported by a written document describing processes working procedures, research, context and content of the artwork itself.

**ART 5448C Intaglio (4) FA ART** Investigations into more complex intaglio processes including photoengraving and color printing procedures. Emphasis on personal conceptual development in graphic media.

**ART 5580C Painting (4) FA ART** Research in painting. A continuation of the study of American Sign Language (ASL) at the advanced level. It provides added emphasis on idioms, body language, and facial expression as an integral part of ASL. An additional opportunity for skill development in ASL is provided.

**ART 5740C Sculpture (4) FA ART** PR: ART 2701C
Advanced problems in the various techniques of sculpture. Emphasis on individual creative expression. Repeatable.

**ART 5750C Ceramics (4) FA ART** PR: ART 2750C
Advanced problems in the various ceramic techniques, including throwing and glaze calculation. Repeatable.

**ART 5910 Research (1-4) FA ART**

**ASH 2270 Southeast Asian History CAHU HHCP (3) AS HTY**
This course examines the origins and development of Southeast Asian history over the past two millennia. Southeast Asia is comprised of Burma, Thailand, Laos, Cambodia, Vietnam, Malaysia, Singapore, Brunei, Indonesia, the Philippines, and East Timor.

**ASH 3404 Modern China (3) AS HTY**
Political, economic, and social history of China from the time of the first major Western contacts (17th-18th Centuries) through the consolidation of socialism in the late 1950's, and the Great Leap Forward.

**ASL 2140C Basic American Sign Language (4) BC CSD**
Introduction to American Sign Language (ASL) as used in the deaf community. General discussion of ASL structure and introduction to various manual communication systems and philosophies. Emphasis on building a basic vocabulary. One hour of laboratory course work is included. Open to all majors.

**ASL 2150C Intermediate American Sign Language (4) BC CSD**
PR: ASL 2140C
A continuation of the basic course which expands the student's signing skills and introduces American Sign Language (ASL) idioms. Provides a greater opportunity for skill development in ASL structure and idiomatic usage. One hour of laboratory course work is included.

**ASL 3324 Advanced ASL Discourse (3) BC CSD**
PR: ASL 2140C, ASL 2150C, ASL 4161C, ASL 4201C, ASL 4301C
This course will focus solely on developing language skills within ASL, which are preliminary steps for interpretation, and will also address the development of student’s ability to segment information and perform various cognitive tasks intralingually.

**ASL 3514 Deaf Culture WRIN 6ACT GCPC (3) BC CSD**
Introduction to Deaf culture and Deaf community as a linguistic and cultural group. Students will study cultural norms, values, and rules behavior of the Deaf community, and minority dynamics and cross-cultural interactions.

**ASL 4161C Advanced American Sign Language (3) BC CSD**
PR: ASL 2140C
A continuation of the study of American Sign Language (ASL) at the advanced skill level. Added emphasis on idioms, body language, and facial expression as an integral part of ASL. An hour of laboratory course work is included.

**ASL 4201C American Sign Language 4 (3) BC CSD**
PR: ASL 4161C
This course is a continuation of the study of American Sign Language (ASL) at the highly advanced level. It provides added emphasis on skill development of the language, including storytelling and poetry. One-hour laboratory course work is included.

**ASL 4301C Structure of Sign Language (3) BC CSD**
PR: ASL 4161C
This course is a basic introduction of semiotic and linguistic consideration of American Sign Language (ASL). It includes aspects of phonology, morphology, syntax, semantics, and discourse of ASL. A one-hour laboratory is incorporated into the coursework.

**ASL 4405 Sign Language Codes (3) BC CSD**

</table>

A review of the sign systems (SEE I, SEE II, LOVE, and Signed English) used to code messages through the use of sign. The student will have the opportunity to practice one of the sign systems.

**AST 4435 Fundamentals of Fingerspelling (2) BC**

A concentrated study of technique in fingerspelling emphasizing clarity and rhythm in expression as well as receptive understanding.

**ASN 4414 Introduction to East Asian Cultures (3)**

This course will explore the role of ASL literature (such as visual-spatial stories, plays, poetry, etc.) used and created by culturally Deaf individuals so as to understand its purpose and importance within the Deaf community.

**ASN 3012 Japan Today (3) AS GIA**

Area study courses are multi-disciplinary in nature and deal with one or more countries of a region. Each course combines some measure of political, economic, historical, religious, geographic, anthropological, and sociological analysis in dealing with salient features and current problems.

**ASN 3014 China Today (3) AS GIA**

Area study courses are multi-disciplinary in nature and deal with one or more countries of a region. Each course combines some measure of political, economic, historical, religious, geographic, anthropological, and sociological analysis in dealing with salient features and current problems.

**ASN 3030 The Middle East (3) AS GIA**

Area study courses are multi-disciplinary in nature and deal with one or more countries of a region. Each course combines some measure of political, economic, historical, religious, geographic, anthropological, and sociological analysis in dealing with salient features and current problems.

**AST 2002 Descriptive Astronomy CANP (3) AS PHY**

An introductory and overview of astronomy course. It is designed to introduce a broad range of topics in astronomy that will be discussed in greater detail in more advanced classes.

**AST 2004 Stellar Astronomy and Cosmology CANP (3) AS PHY**

AST2004 is an introduction and overview of the Stellar astronomy and Cosmology. It is designed to complement AST2003 to give a comprehensive overview of the science of Astronomy.

**AST 3033 Contemporary Thinking in Astronomy (3) AS PHY**

Seminar designed to assist the layman, with no scientific background, in comprehending contemporary developments in Astronomy. Necessary background material is provided by the instructor and a text. Topics covered in recent years include the space program, pulsars, x-ray astronomy, black holes, extra-terrestrial life, interacting galaxies, cosmology.

**AST 3044 Archaeoastronomy (3) AS PHY**

Astronomical concepts and observational techniques used by prehistoric/ancient peoples for detecting change of seasons, constructing calendars, predicting eclipses, etc. Particular attention is given to Stonehenge, and to works of N.A. Indians, the Maya and Aztecs, and the Egyptians. Lec.-Lab.

**AST 3652 Navigation (3) AS PHY**

PR: Some knowledge of geometry, algebra, and trigonometry.

Timekeeping, use of sextant, constellations, celestial navigation with minimum equipment, spherical astronomy.

**AST 3930 Selected Topics in Astronomy (1-3) AS PHY**

Course content will depend upon the interest of the faculty member and student demand.

**ATR 1000 Introduction to Athletic Training (3) MD ATH**

The purpose of this course is to familiarize students with the field of athletic training and the preparation necessary to become an athletic trainer.

**ATR 2010C Care and Prevention of Physical Injuries (3) ED TAL**

Principles and techniques of conditioning athletes for competition; prevention and care of injuries in physical education and athletic activities.

**ATR 3102C Athletic Training Techniques (3) MD ATH**

Overview course including basic components of the athletic training profession including the prevention, recognition and evaluation and immediate care of athletic injuries. Medical terminology, emergency procedures, and taping procedures will be covered.

**ATR 3123 Foundations of Athletic Training (3) MD ATH**

PR: ATR 3213C, ATR 3102C.

Foundational topics in athletic training including anatomy review as it relates to diagnosis and treatment of athletic injuries. Other topic areas to include pharmacology, environmental issues and other current topics in athletic training. AT Majors only.

**ATR 3132 Kinesiology and Pathomechanics (3) MD ATH**
COURSE DESCRIPTIONS

A study of the structure and function of the skeletal and muscular systems and of mechanical principles related to psycho-motor performance. Open to non-majors.

ATR 3202 Measurement and Evaluation in Athletic Training (3) MD ATH
This course is an introduction to the study and practice of measurement and evaluation techniques used in the assessment and rehabilitation of orthopaedic injuries. AT majors only. Credit not repeatable.

ATR 3212C Upper Extremity Assessment (3) MD ATH
The study and practice of techniques used when assessing athletic injuries to the upper extremity, head and spine.

ATR 3213C Lower Extremity Assessment (3) MD ATH
The study and practice of techniques used when assessing injuries to the lower extremity, hip, pelvis, low back and gait.

ATR 3512 Athletic Training Administration and Policy (3) MD ATH
Analysis and application of organizational skills and administrative structure of the athletic training profession, including current theory about budget management, medical record keeping, drug testing, facility design and maintenance, legal aspects of sports medicine, athletic physical examinations, medical ethics, current educational concepts, and administrative policy.

ATR 3513 Documentation in Athletic Training (1) MD ATH
CR: PET 3202
Designed to prepare athletic training students with an introduction to the foundation of appropriate terminology, documentation, and communication methods as they relate to athletic training and sports medicine. Majors only.

ATR 3812L Clinical Experience in Athletic Training I (3) MD ATH
PR: ATR 3822L
Performance of basic athletic training skills under the supervision of a clinical instructor at various sites. Students develop competence in introductory mid-level athletic training skills.
Weekly seminar also required.

ATR 3822L Clinical Experience in Athletic Training II (3) MD ATH
PR: ATR 3102C
Performance of basic athletic training skills under the supervision of a clinical instructor at various sites. Students develop competence in introductory athletic training skills. A weekly seminar is also required.

ATR 4223 Advanced Athletic Training (3) MD ATH
PR: ATR 3212C and ATR 3213C
Advanced techniques in athletic training including orthopedic assessment, casting and bracing and imaging techniques.

ATR 4302C Therapeutic Modalities (3) MD ATH
This course provides an introduction to the theoretical and practical applications of modalities for the prevention, management and rehabilitation of physically active individuals. Concepts pertaining to the use of pharmacology, thermotherapy, cryotherapy, electrical stimulation, hydrotherapy, fluidotherapy, ultrasound, biofeedback and manual techniques will be emphasized.

ATR 4314C Therapeutic Rehabilitation (3) MD ATH
Theories and applications methods of comprehensive therapeutic treatment and rehabilitation programs for injuries commonly sustained by the physically active.

ATR 4432 General Medical Conditions in the Athlete (3) MD ATH
PR: ATR 3212C and ATR 3213C
Advanced theory of pathology in injury, management of tissue and bone healing environments, disease, internal illness and injury and other general medical conditions. Issues related to radiology and pharmacology are also discussed.

ATR 4504 Seminar in Sports Medicine WRIN 6ACT (3) MD ATH
PR: ATR 4432.
The advanced study, writing, reflection and discussion of current athletic training issues. Emphasis is on professional preparation, scientific inquiry, credentialing, governance, employment practices, ethics, and scope of practice issues.

ATR 4832L Clinical Experience in Athletic Training III (3) MD ATH
PR: ATR 3822L
Performance of mid-level athletic training skills under the supervision of a clinical instructor at various sites. Students develop competence in mid-level and advanced athletic training skills. Weekly seminar also required.

ATR 4842L Clinical Experience in Athletic Training IV (3) MD ATH
PR: ATR 4832L
Continuation of clinical experience utilizing new skills under the direction of an NATABOC certified/state licensed athletic trainer accompanied by a one-hour seminar each week. This course provides students with the opportunity to develop competence in a variety of mid-level and advanced athletic training skills. Students may be assigned to a USF athletic team and/or one or more off-campus clinical affiliations. Students at this level will develop instruction skills by acting as peer-supervisors for level I, II and III students.

ATR 4902 Independent Study in Sports Medicine (1-3) MD ATH
S/U Only. Specialized independent study determined by the student's needs and interests. Repeatable 1 time.

ATR 5105C Athletic Training Techniques (3) MD ATH

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

577
Overview course including basic components of the athletic training profession including the prevention, recognition and evaluation and immediate care of athletic injuries.

**ATR 5125 Anatomical Basis of Clinical Practice in Sports Medicine (3) MD ATH**
By way of laboratory prospection of cadavers, this class will provide an opportunity for students to gain an in-depth understanding of human anatomy. This course examines anatomy of the extremities, back, thorax, abdomen, pelvis and perineum.

**ATR 5217C Physical Examination I (4) MD ATH**
The study and practice of skills and techniques essential for the evaluation of orthopaedic injuries. Students will learn to formulate an impression of the injury/condition in order to provide the basis for an initial treatment plan and medical referral.

**ATR 5218C Physical Examination II (4) MD ATH**
The study and practice of skills and techniques essential for the evaluation of orthopaedic injuries. Students will learn to formulate an impression of the injury/condition in order to provide the basis for an initial treatment plan and medical referral.

**ATR 5306C Therapeutic Interventions I (4) MD ATH**
Theoretical and clinical bases for the use of therapeutic modalities, pharmacology in the rehabilitation setting, including basic physics, physiological effects, indications, contraindications, and applications of therapeutic modalities in rehab.

**ATR 5307C Therapeutic Interventions II (4) MD ATH**
Theory and application methods of comprehensive therapeutic treatment and rehabilitation programs for injuries commonly sustained by the physically active.

**ATR 5308C Therapeutic Interventions III (1) MD ATH**
This course will provide an overview of manual therapy techniques, including myofascial release, joint mobilization, and traction as they are incorporated into a therapeutic rehabilitation program.

**ATR 5319 Rehabilitation Considerations for Children (3) MD ATH**
Addresses the principles of rehabilitation for children. This course will entail advanced anatomical, physiological and psychological aspects of sports injury in the youth population.

**ATR 5346C Health and Wellness Promotion Across the Lifespan I (3) MD ATH**
Integrates physiological, psychological, and social understanding of humans in relationship to physical activity as a lifelong pursuit. Includes physical fitness, nutrition, stress reduction, socialization, and individual differences in human behavior.

**ATR 5347C Health and Wellness Promotion Across the Lifespan II (1) MD ATH**
Techniques in conducting health fitness tests and exercise prescription including cardiorespiratory fitness, flexibility, weight control and nutrition as it relates to a healthy lifestyle.

**ATR 5348C Health and Wellness Promotion Across the Lifespan III (1) MD ATH**
This course will introduce concepts of neuromuscular system training, specifically addressing sport specific strength training, exercise selection, and physiological needs analysis.

**ATR 5435 Medical Conditions (3) MD ATH**
Pathology, physical examination, referral and treatment related to non-orthopedic conditions in the active population. Specific diagnostic tests and physical examination procedures will also be addressed.

**ATR 5508 Contemporary Issues in Athletic Training (3) MD ATH**
Takes a unique look at the current issues facing the profession of athletic training. Historical perspectives, current implications, and futuristic opportunities and threats are discussed.

**ATR 5515 Administration of Injury Prevention Programs (3) MD ATH**
Discusses the development and implementation of injury prevention programs for youth sports. Issues such as research, budgeting, marketing, and measuring effectiveness are identified.

**ATR 5534 Documentation in Athletic Training (1) MD ATH**
CR: ATR 3202
Documentation in Athletic Training is designed to prepare athletic training students with an introduction to the foundation of appropriate terminology, documentation, and communication methods as they relate athletic training and sports medicine.

**ATR 5605 Youth Injury Epidemiology (3) MD ATH**
Key issues in epidemiology, injury etiology, risk factors related to both internal and external variables, and the efficacy and effectiveness of preventive measures in regard to youth sport injury will be analyzed and discussed.

**ATR 5612 Evidence Based Medicine in Athletic Training (2) MD ATH**
This class will introduce the concept of evidence-based medicine and provide the student with information on how evidence-based medicine can affect the clinical practice of athletic training and enhance the care given to patients.

**ATR 5815 Clinical Experience in Athletic Training - I (3) MD ATH**
Performance of basic athletic training skills under the supervision of a clinical instructor at various sites. Students develop competence in introductory athletic training skills. Focus on equipment intensive sports. A weekly seminar also required.

**ATR 5825 Clinical Experience in Athletic Training - II (3) MD ATH**
Performance of basic athletic training skills under the supervision of a clinical instructor at various sites. Students develop competence in introductory and mid-level athletic training skills. Weekly seminar is also required.

**BCH 3023L Basic Biochemistry Laboratory (2) AS CHM**
CPR: BCH 3053 with a minimum grade of C or BCH 4033 with a minimum grade of C
Practical work in determination and characterization of important biomolecules. Lec.-lab.

**BCH 3053 General Biochemistry (3) AS CHM**
PR: CHM 2210 and BSC 2010
This course is a one-semester, introductory course in Biochemistry. This course is open to all majors and strongly recommended for Biomedical Science majors. This course is not repeatable for credit.

**BCH 4033 Advanced Biochemistry I (3) AS CHM**
PR: BCH 4033 with a minimum grade of C
An advanced undergraduate course emphasizing such topics as metabolic regulation, DNA and RNA structure and function, receptors, channels, antibodies, and contraction.

**BCH 5045 Biochemistry Core Course (3) AS CHM**
PR: Either CHM 2211, CHM 2211L, and CHM 3400 or CHM 4410
A one-semester survey course in biochemistry for graduate students in chemistry, biology, and other appropriate fields and for particularly well-qualified undergraduates.

**BCH 5105 Biochemistry Laboratory Rotations (1-3) AS CHM**
A course in which first year graduate students rotate through selected professor’s laboratories to learn techniques, become familiar with ongoing research in the Department and facilitate the selection of a mentor.

**BME 3032 Biomedical Transport Process (3) EN ECH**
PR: EGN 3343 with a minimum grade of C, EGN 3433 with a minimum grade of C or MAP 2302 with a minimum grade of C
Introduce principles of momentum, mass and heat transport. Mathematical modeling of transport in one dimension and obtain solutions for fluxes and profiles. To utilize them to obtain engineering quantities.

**BME 3053 Computer Programming for Biomedical Engineers (3) EN ECH**
PR: EGN 3433 with a minimum grade of C or MAP 2302 with a minimum grade of C
Basic programming skills in MATLAB. Use of computer methods to solve biomedical engineering problems. Solution of linear and nonlinear algebraic and differential equations that arise in biomedical engineering. Optimization methods.

**BME 3312 Molecular and Cellular Engineering (3) EN ECH**
PR: CHM 2210 with a minimum grade of C, CHM 2210L with a minimum grade of C
This course is designed to convey the basics of biological systems and the roles that engineers play in industrial biology to engineering students (primarily) and to students that are majoring in other sciences.

**BME 4056C Biomedical Engineering Lab I (2) EN ECH**
PR: BME 4503 with a minimum grade of C, BME 4508 with a minimum grade of C
Design, implementation and analysis of biomedical experiments, including biomechanics, tissue mechanics, fluid transport, cardiovascular hemodynamics and materials for artificial organs and implants.

**BME 4057C Biomedical Engineering Lab II (2) EN ECH**
PR: BME 4503 with a minimum grade of C, BME 4508 with a minimum grade of C
Design, implementation and analysis of biomedical experiments, including bio-signal data acquisition, processing and analysis, and medical image processing and interpretation.

**BME 4100 Biomedical Engineering (3) EN ECH**
CR: Calculus 1
CPR: Chemistry 1
An overview of biomedical engineering, including material and energy balances on human subjects, biomechanics, biomaterials, cellular and tissue engineering, bioemical imaging, neuroengineering, cardiovascular systems, engineering ethics and product dev.

**BME 4332 Cell and Tissue Engineering (3) EN EGR**
PR: EGN 3343 and EGN 3365 or EMA 4003
Engineering principles and molecular cell biology are applied to develop a fundamental understanding of property-function relationships in cells and tissues and exploit them in the rational design of tissue replacements.

**BME 4406 Engineering of Biological Systems (3) EN ECH**
PR: CHM 2210
This course is designed to convey the basics of biological systems and the roles that engineers play in industrial biology to engineering students (primarily) and to students that are majoring in other sciences. Not repeatable for credit. For majors and non-majors.

**BME 4409 Engineering Physiology (3) EN ECH**
PR: EGN 3433, PHY 2048, PHY 2409, ECH 4846, or equivalents
General physiology of nerve, muscle, heart, and lung tissue, along with quantitative models of physiological processes at cell, tissue, and/or system level.

<th>Course Code</th>
<th>Course Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>BME 4440</td>
<td>Introduction to Bioastronautics (3) EN EGR</td>
<td>PR: EGN 3343 This course will discuss the space environment, impacts of microgravity on human physiology, countermeasures, human factors in spacesuit and spacecraft design, astronaut training, life support systems, mission planning, and private space flight.</td>
</tr>
<tr>
<td>BME 4503</td>
<td>Biomedical Instrumentation (3) EN ECH</td>
<td>CPR: EGN 3373 with a minimum grade of C Engineering and medical bases of application, measurement and processing of signals to and from living systems. Biomedical transducers for measurements of movement, biopotentials, pressure, flow, concentrations, and temperature are discussed.</td>
</tr>
<tr>
<td>BME 4508</td>
<td>Biomedical Signals and Systems Analysis (3) EN ECH</td>
<td>PR: EGN 3433 with a minimum grade of C or MAP 2302 with a minimum grade of C CPR: EGN 3373 with a minimum grade of C Application of analytical methods and computational modelling to the analysis of biochemical, bioelectrical, and biomechanical processes.</td>
</tr>
<tr>
<td>BME 4571</td>
<td>Nanomedicine (3) EN ECH</td>
<td>This course will provide a basic knowledge of the principles, technology and applications of nanotechnology in medicine with special emphasis on recombinant DNA technology, protein engineering, drug delivery, biomaterials, MEMs &amp; tissue engineering.</td>
</tr>
<tr>
<td>BME 4882</td>
<td>Biomedical Engineering Design I (3) EN ECH</td>
<td>CPR: BME 4056C with a minimum grade of C or BME 4057C with a minimum grade of C Teams work with a client in the development of projects that incorporate various aspects of Biomedical Engineering. Emphasizes formal engineering design principles; engineering ethics, risk analysis, safety in design and FDA regulations are reviewed.</td>
</tr>
<tr>
<td>BME 4883</td>
<td>Biomedical Engineering Design II (3) EN ECH</td>
<td>PR: BME 4882 with a minimum grade of C Teams work with a client in the development of projects that incorporate various aspects of Biomedical Engineering. Emphasizes formal engineering design principles; engineering ethics, risk analysis, safety in design and FDA regulations are reviewed.</td>
</tr>
<tr>
<td>BME 4931</td>
<td>Selected Topics in Biomedical Engineering (1-3) EN</td>
<td>Selected topics in biomedical engineering, which can include biomechanics, biomedical instrumentation and sensors, tissue and cellular engineering, and clinical engineering and health systems.</td>
</tr>
<tr>
<td>BME 5040</td>
<td>Pharmaceutical Engineering (2) EN ECH</td>
<td>Introduction to pharmaceutical engineering, including dosage forms (tablets, capsules, powders, liquids, topical forms, and aerosols), excipients, regulatory issues, clinical studies, and good manufacturing practices.</td>
</tr>
<tr>
<td>BME 5105</td>
<td>Introduction to Biomedical Engineering (3) EN ECH</td>
<td>PR: CHM 2045, and MAC 2311 or MAC 2281 or MAC 2241 This course is designed to introduce students from engineering and other disciplines to a range of topics in biomedical engineering. The course will cover engineering tools and techniques applied to medicine and biology.</td>
</tr>
<tr>
<td>BME 5320</td>
<td>Theory and Design of Bioprocesses (3) EN ECH</td>
<td>Introduction to biotechnology, including applied microbiology, enzyme technology, biomass production, bioreactor design, and transport processes in biosystems.</td>
</tr>
<tr>
<td>BME 5910</td>
<td>Directed Research in Bioengineering (1-3) EN ECH</td>
<td>Directed research in an area of biomedical engineering or biotechnology.</td>
</tr>
<tr>
<td>BME 5937</td>
<td>Selected Topics in Biomedical Engineering (1-3) EN</td>
<td>Selected topics in biomedical engineering, including biomedical engineering, biomedical materials, biodynamics of circulation, separation processes in biomedical systems, and artificial organ systems. May be taken by non-engineering students with CI. Repeatable as subjects vary.</td>
</tr>
<tr>
<td>BMS 5005</td>
<td>Professions of Medicine: Foundations of Doctoring (1-19) MD MSG</td>
<td>This three-week course placed at the beginning of the medical school curriculum will introduce the students to principles that will be used through the entire medical school education and beyond. Basic scientists and clinicians present information in an integrated approach. Topical areas include: use of information resources (library/computer), the medical article, intro to evidence based medicine, effective study techniques, intro to the physical exam, cultural diversity, ethics and professionalism, and state of the art presentation. The course will use both large and small group learning techniques and students will demonstrate achievement of knowledge.</td>
</tr>
<tr>
<td>BMS 5015</td>
<td>Clinical Diagnosis and Reasoning (var.) MD MSG</td>
<td>This course aims to provide the student with the opportunity to &quot;think like a physician.&quot; It will provide the venue to integrate clin diagnosis/reasoning strategies with complementary aspects of clin problem solving/phys diagnosis/evidence based medicine.</td>
</tr>
<tr>
<td>BOT 3152C</td>
<td>Field Botany (3) AS BIN</td>
<td>PR: BSC 2010, BSC 2010L, BSC 2011, BSC 2011L &amp; CHM 2045, CHM 2046 &amp; MAC 1105 or higher-level MAC course or STA 2023.</td>
</tr>
</tbody>
</table>
A comprehensive introduction to living systems, including the scientific basis of biology, cell structure and function, genetic mechanisms, human anatomy and physiology, and ecological and evolutionary processes.

BSC 1005 Biological Principles for Non Majors CANL (3) AS BIN
This non-science majors course deals with the principles and applications of human biology. Topics include: scientific literacy, cell structure and function, anatomy and physiology, genetics, infectious diseases, and biotechnology.

BSC 2010 Cellular Processes CANL (3) AS BCM
This course deals with biological systems at the cellular and subcellular levels. Topics include an introduction to biochemistry, cell structure and function, enzymes, respiration, mitosis and meiosis, genetics and gene expression.

BSC 2010L Cellular Processes Laboratory (1) AS BCM
CR: BSC 2010L.
Laboratory portion of Biology I Cellular Processes relating to cellular and subcellular structure and function. Mitosis, meiosis, and Mendelian genetics will be stressed.

BSC 2011 Biodiversity CANL (3) AS BIN
CR: BSC 2011L
Biodiversity is an analysis of biological systems at the organismal level: evolution, speciation, history of life, and ecology.

BSC 2011L Biodiversity Laboratory (1) AS BIN
Laboratory portion of Biology II Diversity relating to organismal structure and function. Microscopy, as well as, plant and animal development will be stressed.

BSC 2025 Food: Personal and Global Perspectives (3) AS BIN
The application of basic biological principles to human nutritional problems; to learn how various cultures achieve adequate nutrition and how environmental changes impact both personal and global nutrition.

BSC 2035 Sex and Today's World (3) AS BIN
The application of basic biological principles to female and male sexual behavior and reproduction; current social problems are treated from a biological perspective. May be taken by majors for free elective credit.

BSC 2050 Environment CANL (3) AS BIN
A comprehensive introduction to the environment, including the scientific basis of ecology, population growth, community and ecosystem ecology, biodiversity, resource use and availability, energy production water, air and land pollution.

BSC 2085 Anatomy and Physiology I for Health Professionals CANL (3) NR NUR
CR: BSC 2085L.
Introduction to the normal structure, function and selected pathological conditions for physiologic systems. Focus on understanding how the body functions in preparing for careers in nursing or health-related professions.

BSC 2085L Anatomy and Physiology Lab I for Nursing and other Healthcare Professionals (1) NR NUR
CR: BSC 2085.
Laboratory exercises and virtual dissections linked to the basic content of Anatomy & Physiology I for Health Professionals.

BSC 2086 Anatomy and Physiology II for Nursing and other Healthcare Professionals CANL (3) NR NUR
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

BSC 3022 Biology of Aging (3) AS BCM
CR: BSC 2093C.
An overview of cellular and molecular aspects of the aging process in human systems will be explored through lecture, discussion and virtual formats. For non-majors.

BSC 3312 Marine Biology (3) AS BIN
PR: BSC 2010, BSC 2010L, BSC 2011, BSC 2011L & CHM 2045, CHM 2046 & MAC 1105 or higher-level MAC course, or STA 2023. A survey of the marine environment, the types of organisms found inhabiting a variety of marine habitats, and the adaptations of the organisms to those habitats. Emphasis is placed on shallow water Florida environments. Lecture only.

BSC 3813 Life Science Fundamentals for Teachers (4) AS BIN
PR: Six hours of science to include three hours of physical science and three hours of life science. This course is designed to further develop science teachers' understanding of the life sciences commonly found in 6-9 school curricula, with a focus on effective research based life sciences pedagogy.

BSC 4057 Environmental Issues (3) AS BIN
Study of biological, economic, ethical, legal, political and social issues relating to current environmental problems.

BSC 4313C Advanced Marine Biology (4) AS BIN
PR: BSC 3312C A detailed analysis of marine environment in the Tampa Bay or surrounding area. Field and laboratory work will provide direct experience with the system.

BSC 4333 Ecology Of Aquatic Vascular Plants (3) AS BIN
PR: BSC 2010/C- OR BSC 2011/C- OR BOT 3015C/C-
A study of aquatic vascular plants, biological adaptations to aquatic environments, factors influencing community composition, how they influence and are influenced by their habitats; includes a survey of key vascular plant in a wide range of communities.

BSC 4434 Bioinformatics (3) AS BCM
PR: PCB 3023 with a minimum grade of C-, PCB 3063 with a minimum grade of C-, MAC 2241 with a minimum grade of C- or MAC 2281 with a minimum grade of C- or MAC 2311 with a minimum grade of C- or Calculus AB with a minimum score of 3 or Calculus AB Subscore with a minimum score of 3 or Calculus BC with a minimum score of 3.
This lecture-based, nonrestrictive course covers basics of molecular bioscience data management/analysis. Focus is on general computational methods, their bio-basis, and how to evaluate analysis results. Qualitative algorithm descriptions are included.

BSC 4444L Genomics Laboratory (1) AS BIN
COURSE DESCRIPTIONS

University of South Florida 2017-2018 Undergraduate Catalog

Laboratory exercises linked to the Genomics lecture course.

BSC 4452 Computational Biology (3) AS BCM
PR: CHM 2046 with a minimum grade of C-, MAC 2242 with a minimum grade of C- or MAC 2282 with a minimum grade of C- or MAC 2312 with a minimum grade of C-, STA 2023 with a minimum grade of C-, PHY 2049 with a minimum grade of C- or PHY 2054 with a minimum grade of C-
This course provides a general overview of the data-analytical and theoretical methods, mathematical modeling and computational simulation techniques available to study biological and social systems.

BSC 4905 Independent Study (1-3) AS BIN
Specialized independent study determined by the student's needs and interests. The written contract required by the Department of Biology specifies the regulations governing independent study.

BSC 4910 Undergraduate Research (1-4) AS BIN
PR: CHM 2210 and MAC 1105 or higher MAC course or STA 2023
CPR: PCB 3023 or PCB 3043 or PCB 3063 or PCB 3712 and CHM 2211.
S/U only. Junior standing and 3.0 GPA required. Individual investigation with faculty supervision. Written contract by Department is necessary prior to registration.

BSC 4932 Honors Seminar IV (1) AS BIO
PR: BSC 2934 and BSC 4910 or MCB 4910; CPR: CHM 2211.
The course serves as a formal introduction to the presentation of scientific research. It is taken in the semester prior to completion of a student's own research project and the writing of the Biology Honors Thesis.

BSC 4933 Selected Topics in Biology (1-4) AS BIN
The course content will depend on student demand and instructor's interest.

BSC 4935 Seminar in Cell and Molecular Biology (1) AS BCM
PR: PCB 3023, PCB 3063, MCB 3410
This seminar course provides opportunity for students to attend and critique departmental seminars and to read, interpret, and critique research papers from the primary literature. These will be done orally and in written assignments.

BSC 4937 Seminar in Marine Biology (2) AS BIN
PR: BSC 3312C and CHM 2210 and MAC 1105 or higher-level MAC course or STA 2023.
CPR: PCB 3023 or PCB 3043 or PCB 3063 or PCB 3712 and CHM 2211.
Course focuses on developing the student's understanding of contemporary research in the field of Marine. Background information presented and assigned reading will vary according to instructor.

BSC 4940 Biology Internship (3) AS BIN
PR: BSC 2010/C- OR BSC 2011/C-
A course to oversee and guide students internship experience. Internship will be coordinated with a mentor external to the course. Students will meet to discuss internship experiences and progress, and present results.

BSC 4970 Biology Honors Thesis (1-3) AS BIN
PR: BSC 2934 and either BSC 4931 or BSC 4932.
A thesis based on independent research carried out by the student.

BSC 5425 Genetic Engineering and Recombinant DNA Technology (3) AS BCM
PR: PCB3023, PCB3063, either PCB3023L or PCB3063L
This lecture-based course will use a problem solving approach, provide fundamental knowledge of scientific concepts and principles that form the basis of experimental methodologies in genetic engineering and recombinant DNA technology.
For majors/nonmajors.

BSC 5931 Selected Topics in Biology (1-4) AS BIN

BUL 3320 Law And Business I (3) BA ACC
This course covers the nature of legal and societal institutions and environments, and major aspects of public, private, UCC and related business law.

BUL 3321 Law And Business II (3) BA ACC
PR: BUL 3320.
Legal problems in marketing of goods, nature of property, sales of personal property, securing of credit granted, nature and use of negotiable instruments.

BUL 5332 Law and the Accountant (3) BA GBA
PR: BUL 3320.
A comprehensive study of commercial law as it affects the practice of accounting.

BUL 5842 Risk Management and Legal Compliance (3) BA GBA
This course is designed for non-accounting students who need to understand, monitor and control risks. The content of this course spans corporate governance, risk strategy and legal/regulatory compliance including analysis of significant laws/regulations.

CAP 4034 Computer Animation Fundamentals (3) EN ESB
PR: COP 3331
CPR: COP 4530
An introductory course to computer animation. Topics include storyboarding, camera control, hierarchical character modeling, inverse kinematics, keyframing, motion capture, dynamic simulation, and facial animation.

CAP 4063 Web Application Design (3) EN ESB
PR: COP 4530.
Analysis, design, and development of software that operates on web servers and web browsers, supporting multiple concurrent users.

CAP 4401 Image Processing Fundamentals (3) EN ESB
PR: COP 4530.
Practical introduction to a range of fundamental image processing algorithms. Extensive programming, with emphasis on image analysis.
and transformation techniques. Image transformation and manipulation.

**CAP 4410 Computer Vision (3) EN ESB**
PR: COP 4530.
Introduction to topics such as image formation, segmentation, feature extraction, matching, shape recovery, texture analysis, object recognition, and dynamic scene analysis.

**CAP 4662 Introduction to Robotics (3) EN ESB**
PR: COP 4530, EGN 4450
An introduction to the fundamentals of robotics. Students will learn the fundamentals of robotics including kinematics, inverse kinematics, Jacobian, velocity, configuration space, motion planning, and path planning algorithms.

**CAP 4800 Systems Simulation (3) EN ESB**
PR: COP 3331
CPR: COP 4530
An introduction to discrete-event simulation for performance modeling of computer systems. Topics include performance metrics, random number generation, workload generation, queueing theory, simulation languages, model design, and output analysis.

**CAP 5400 Digital Image Processing (3) EN ESB**
PR: COP 4530.
Image formation, sources of image degradation, image enhancement techniques, edge detection operators and threshold selection, low-level processing algorithms for vision, image data compression.

**CAP 5625 Introduction to Artificial Intelligence (3) EN ESB**
PR: COP 4530.
Basic concepts, tools, and techniques used to produce and study intelligent behavior. Organizing knowledge, exploiting constraints, searching spaces, understanding natural languages, and problem solving strategies.

**CAP 5771 Data Mining (3) EN ESB**
PR: Undergraduate Statistics.
An introductory course to mining information from data. Scalable supervised and unsupervised machine learning methods are discussed. Methods to visualize and extract heuristic rules from large databases with minimal supervision is discussed.

**CBH 4004 Comparative Psychology (3) AS PSY**
PR: PSY 3213 with a grade of C or better
The study of the evolution of behavior, similarities, and differences in capacities for environmental adjustment and for behavioral organization among important types of living beings.

**CCE 4031 Construction Management (3) EN EGX**
PR: EGN 3613C.
Fundamentals of construction management. Topics include: general definitions, organizational roles, types of contracts, analysis of labor and equipment, cost estimating, contractor cash flow analysis, planning and scheduling, project control, construction administration, quality and safety management, and use of computer software in construction management.

**CCE 5035 Construction Management & Planning (3) EN EGX**
PR: EGN 3613C.
Fundamentals of construction management. Topics include: general definitions, organizational roles, types of contracts, analysis of labor and equipment, cost estimating, contractor cash flow analysis, planning and scheduling, project control, construction administration, quality and safety management, and use of computer software in construction management.

**CCJ 3014 Crime and Justice in America CASB (3) BC CJP**
This course is a non-technical survey of the nature of crime in the United States and the ways in which our society seeks to deal with juvenile and adult offenders and victims of crime.

**CCJ 3024 Survey of the Criminal Justice System (3) BC CJP**
An introduction to the structure and operation of law enforcement, prosecution, the courts, and corrections. Also includes brief coverage of major reported crimes.

**CCJ 3117 Theories of Criminal Behavior (3) BC CJP**
PR: CCJ 3024
Provides a basic understanding of the complex factors related to crime, with concentration on principal theoretical approaches to the explanation of crime.

**CCJ 3621 Patterns of Criminal Behavior (3) BC CJP**
Reviews the nature and extent of the crime problem. The course will concentrate on major patterns of offender behavior including crimes against the person, property crimes, violent crimes, economic/white collar offense, syndicated (organized) crimes, consensual crimes, female crime, political crime, and will examine criminal career data.

**CCJ 3701 Research Methods in Criminal Justice I (3) BC CJP**
PR: a grade of C or better (a grade of C- is not acceptable) in CCJ 3117
Introduces the student to some of the fundamentals of knowledge-generating processes in criminal justice.

**CCJ 4224 Miscarriages of Justice (3) BC CJP**
To provide a critical examination of the current functioning of the American criminal justice system and to discuss how procedures used by police, prosecutors, defense attorneys, judges, and corrections agents potentially produce miscarriages of justice.

**CCJ 4361 Death Penalty (3) BC CJP**
The primary purpose of this class is to provide a critical examination of capital punishment in the United States. It will also delve into the key dimensions of the death penalty debate and
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

justifications for the death penalty and arguments for abolition.

CCJ 4450 Criminal Justice Administration (3) BC CJP
PR: CJE 4114 or CJT 4100
This course is designed to provide an in-depth examination of both the practical and theoretical aspects of the administration of criminal justice agencies. The major focus will be on law enforcement and correctional agencies.

CCJ 4604 Abnormal Behavior and Criminality (3) BC CJP
PR: CCJ 3117
A systematic introduction to the relationship between mental illness and criminality, with focus on psychiatric labeling of deviant behavior and its implications for the handling of the criminal offender.

CCJ 4613 Forensic Psychology (3) BC CJP
An upper-level course designed to provide students with an overview of the interdisciplinary field of psychology and law. The course explores how the disciplines of psychology and law can benefit from an exchange of ideas, and thus improve both fields.

CCJ 4651 Drugs and Crime (3) BC CJP
The objective of this course is to provide the student a comprehensive understanding of the dynamics of drug use in American society.

CCJ 4662 Race and Crime (3) BC CJP
The course focuses on race (racial bias, racial inferiority, cultural norms and adaptations) and social class (structural deficiencies, economic deprivation, economic exploitation, social capital) as they relate to one another, crime and life in general.

CCJ 4681 Domestic Violence (3) BC CJP
This course is designed to examine the criminal justice systems response to domestic violence by focusing on the interactions between battered persons and the individual components of the criminal justice system.

CCJ 4690 Sex Offenders (3) BC CJP
This course is designed to cultivate a psychological, criminological, and legal understanding of sex crimes and sex offenders. This course will provide an overview of current theoretical and clinical issues related to sexual offenders and sexual offenses.

CCJ 4700 Statistical Research Methods in Criminal Justice II (3) BC CJP
PR: CCJ 3024 or CCJ 3117
Beginning with the scientific method, the tools commonly used to analyze criminal justice data will be emphasized. Recommended for students who intend to continue their education beyond the B.A. Required of students attending the MA program in CCJ at USF.

CCJ 4900 Directed Readings (1-3) BC CJP
PR: CCJ 3024, CCJ 3117, CCJ 3621
(a) Students wishing to enroll must make arrangements with a faculty member during the semester prior to actually taking the course. (b) A minimum of four 4 CCJ courses must have been completed satisfactorily prior to enrollment. (c) First consideration will be given to Criminology majors. (d) Individual faculty members may add additional requirements at their discretion. No more than six hours of CCJ 4900, CCJ 4910 or any combination of the two will be accepted toward the minimum number of hours required for the major. This course is specifically designed to enable advanced students the opportunity to do in-depth independent work in the area of criminal justice. Each student will be under the close supervision of a faculty member of the program.

CCJ 4910 Directed Research (1-3) BC CJP
PR: CCJ 3024, CCJ 3117, CCJ 3621
(a) Students wishing to enroll must make arrangements with a faculty member during the semester prior to actually taking the course. (b) A minimum of four 4 CCJ courses must have been completed satisfactorily prior to enrollment. (c) First consideration will be given to Criminology majors. (d) Individual faculty members may add additional requirements at their discretion. No more than six hours of CCJ 4900, CCJ 4910 or any combination of the two will be accepted toward the minimum number of hours required for the major. This course is designed to provide students with a research experience in which they will work closely with faculty on the development and implementation of research projects in the area of criminal justice.

CCJ 4930 Critical Issues in Policing (3) BC CJP
PR: CCJ 3024 or CJE 4114
Focuses on some of the most critical issues in law enforcement today including: understanding and controlling police use of deadly force; police deviance; police prejudice and discrimination; violence-prone police officers; substance abuse by police officers; and administrative review of alleged police brutality.

CCJ 4933 Selected Topics in Criminology (3) BC CJP
PR: CCJ 3024, CCJ 3117, CCJ 3621
Lecture course. Topic varies and is designed to address a wide variety of issues in criminology and criminal justice. Open to non-majors with CI.

CCJ 4934 Seminar in Criminology CPST 6ACT (3) BC CJP
PR: a grade of C or better (a grade of C- is not acceptable) in CCJ 3701. These variable topic seminars are used for the in-depth study and discussion of the relationships among culture, gender, ethics, age, society, and criminal behavior. Such examinations may include the options the criminal justice does (or does not) have to deal with these interactions, and the ethics and efficacy of the system's response. Open to non-majors with CI.
### COURSE DESCRIPTIONS

**CCJ 4940 Internship for Criminal Justice Majors (3) BC CJP**
PR: CCJ 3024, CCJ 3117, CCJ 3621.
The internship will consist of placement with one or more of the agencies comprising the criminal justice system. This course will enable the students to gain meaningful field experience related to their future careers. The three-hour block of credit will require a minimum of ten hours of work per week during a fall or spring term, fifteen hours per week in summer, within the host agencies in addition to any written work or reading assignments. See requirements for the B.A. degree in Criminology for the number of hours required.

**CCJ 4970 Honors Thesis (3) BC CJP**
PR: CCJ 4934 (honors section), CCJ 4910
The student, under the direction of a faculty member, will formalize, conduct, analyze, and report in writing a research project in the Department of Criminology. The course is not repeatable. Majors only.

**CDA 3101 Computer Organization for Information Technology (3) EN ESB**
PR: CGS 3303
Elements of a computer are discussed in terms of the physical and conceptual design of memory, processors, busses, and I/O. Applications to IT are emphasized.

**CDA 3103 Computer Organization (3) EN ESB**
PR: COP 2510 and PHY 2049
Introduction to computer hardware, logic elements and Boolean algebra, computer arithmetic, the central processing unit, assembly language programming, input/output, and memory.

**CDA 3201 Computer Logic and Design (3) EN ESB**
PR: CDA 3103 (grade of B or better) and COP 3514 (grade of B or better)
CR: CDA 3201L
CSE and EE majors. Others by special permission. Advanced coverage of Boolean Algebra, introduction to minimization of combinational logic circuits, analysis and synthesis of sequential circuits, testing of logic circuits and programmable logic devices.

**CDA 3201L Computer Logic and Design Lab (1) EN ESB**
CR: CDA 3201
Laboratory component of the Computer Logic and Design class.

**CDA 4203 Computer System Design (3) EN ESB**
PR: CDA 3201, CDA 3201L
Design Methods, Top-Down design, Building Blocks, instruction and addressing models, minicomputer design, interfacing.

**CDA 4203L Computer System Design Lab (1) EN ESB**
CR: CDA 4203.
This lab introduces the student to the concept of system design. Several projects are given including building timing circuits, memory-based and communication circuits, and microcomputer-based designs.

**CDA 4205 Computer Architecture (3) EN ESB**
PR: CDA 3201, CDA 3201L.
Principles of the design of computer systems, processors, memories, and switches. Consideration of the register transfer representation of a computer, ALU's and their implementation, control units, memory and I/O, and the hardware support of operation systems.

**CDA 4213 CMOS-VLSI Design (3) EN ESB**
PR: CDA 3201, CDA 3201L.
Covers analysis and design of CMOS processing technology, CMOS logic and circuit design, layout timing and delay, and power and thermal issues. CMOS transistor theory. VLSI system design, case studies and rapid prototype chip design.

**CDA 4213L CMOS-VLSI Design Lab (1) EN ESB**
PR: CDA 3201, CDA 3201L
CR: CDA 4213.
Scalable CMOS layout design, circuit extraction, transistor-level and lay-out level simulation, SPICE parameters/modeling, transistor sizing, standard and macro-cell based layout, static/dynamic CMOS, combinational/sequential block layout, memory I/O design.

**CDA 4253 Field Programmable Gate Array System Design and Analysis (3) EN ESB**
PR: CDA 3201, CDA 3201L.
Covers analysis and design of digital systems using VHDL simulation. Provides experience with field programmable logic gates and gate arrays. Introduces the requirements for field programmable systems; testing of circuitry, and analysis of system design.

**CDA 4621 Control of Mobile Robots (3) EN ESB**
PR: CDA 3201.
Mobile Robotic Control Systems design and implementation. Includes microcontroller, sensor, and actuator control processes for localization and navigation. Team project development of software interface for robot control.

**CDA 4622 Introduction to Mobile Robotics for Information Technology (3) EN ESB**
PR: COP 2512
Introduction to mobile robot systems covering aspects that include robot architectures, sensors, actuators, control and behavior. Students will learn and experience mobile robot systems using either Physical Robots or Simulated Robots.

**CDA 4623 Advanced Mobile Robotics for Information Technology (3) EN ESB**
PR: CDA 4622.
The course gives an overview of advanced mobile robotic systems covering aspects that include path planning and collision avoidance. Additional themes may vary such as collaboration and competition in multiple Physical or Simulated robots.

**CDA 5416 Computer System Verification (3) EN ESB**
PR: CDA 3201, COT 3100, COT 4400, COP 4530.
This course introduces basic concepts of formal verification. Topics include formal specification, algorithms, and methodologies for scalable verification. It is only for CSE majors or non-majors with permission from the instructor, not repeatable.

CEG 4011 Geotechnical Engineering I (3) EN EGX
PR: EGN 3353, EGN 3331.
Fundamental and experimental concepts in soil mechanics with emphasis on soil properties, soil moisture, soil structure, and shearing strength.

CEG 4011L Geotechnical/Transportation Laboratory (1) EN EGX
CR: CEG 4011.
Demonstrates and experiments verifying theoretical bases of Geotechnical and Transportation Engineering. One hour lecture and two laboratory hours per week.

CEG 4012 Geotechnical Engineering II (3) EN EGX
PR: CEG 4011.
Design of retaining walls, earth slopes, foundations to control settlement, soil stabilization and foundations subjected to dynamic loads. Computer applications to soil mechanics will be covered.

CEG 4850 Capstone Geotechnical/Transportation Design CPST (3) EN EGX
PR: CEG 4011, TTE 4004. CR: CEG 4012, CGN 4851, TTE 4005.
A capstone geotechnical/transportation design experience for seniors in Civil and Environmental Engineering. Design of embankment and pavement bases. Comprehensive surface streets, open highway intersection and site design, plan preparation.

CEG 5115 Foundation Engineering (3) EN EGX
PR: CEG 4011.
Design of shallow foundations, cantilevered and anchored retaining walls, piling, drilled piers and special foundations. Computer applications to geotechnical engineering are covered.

CEG 5205 Laboratory Testing for Geotechnical Engineers (3) EN EGX
PR: CEG 4011.
Both routine and advanced forms of soil testing are covered. Emphasis is placed on procedures and application of results to design.

CEN 3722 Human Computer Interfaces for Information Technology (3) EN ESB
PR: COP 3515 and (COP 2513 or COP 2250).
Human-Computer Interface is the study of people, computer technology and the ways these influence each other. The basic foundations of HCI in terms of psychology, computer systems and their integration into design practice are discussed in the course.

CEN 4020 Software Engineering (3) EN ESB
PR: COP 4530.
An overview of software engineering techniques for producing high quality software. Student will participate in a software development team.

CEN 4031 Software Engineering Concepts for Information Technology (3) EN ESB
PR: COP 4538.
Concepts to produce high-quality software through software-engineering techniques are covered. The software life cycle is covered, as are common software vulnerabilities. Students are required to participate in a software-development team project.

CEN 4072 Software Testing (3) EN ESB
PR: COP 2510, COP 4530.
The course provides the fundamental principles and tools for testing and validating large-scale software systems. The course is open to majors as well as non-majors.

CEN 4360 Mobile Applications Development for IT (3) EN ESB
PR: COP 3515.
The development architecture for mobile apps is presented as are a number of development tools. Students design and implement mobile apps of varying complexity with a focus on the project development process.

CEN 4721 User Interface Design (3) EN ESB
PR: COP 4530.
An examination of factors influencing the usability of a computer system. Topics include input and output devices, graphic and multi-media interfaces, formats for interaction/communication between computer and user, and the evaluation of usability.

CES 3102 Structures I (3) EN EGX
PR: EGN 3331.
Analysis of simple structural systems, both determinate and indeterminate. Moment area theorems; influence lines; introduction to steel design.

CES 4141 Finite Element Analysis I (3) EN EGX
PR: CES 3102.

CES 4605 Concepts of Steel Design (3) EN EGX
PR: CES 3102.
Introduction to steel design and AISC Manual of Steel Construction: Design of tension members;

COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

A study of the use and impact of computers in all areas of business organizations. Course includes hands-on experience and the use of software packages for business analysis.

CGS 2935 Special Topics in General Computer Studies (1-3) EN ESB
Courses are one-time topics in general computer studies, applicable to all students. Specific course titles will be specified when the course is posted on the schedule.

CGS 3303 IT Concepts (3) EN ESB
PR: CGS 1540
Elements of computers are discussed. Core areas of IT are introduced: human computer interaction, information management, networking, system administration and maintenance, system integration and architecture, and web systems and technologies.

CGS 3343 Health Information Systems for Information Technology (3) EN ESB
PR: CGS 1540
Overview of information systems used in health care industry; processes used in the acquisition, application and evaluation of software and hardware systems along with effective use and capturing of data as well as the related HIPAA and security issues.

CGS 3845 Electronic Commerce (3) EN ESB
PR: COP 3515
The technical issues of how e-commerce is conducted and managed, including its major opportunities, issues, and risks are presented. Security issues specific to e-commerce are covered.

CGS 3853 Web Systems for IT (3) EN ESB
PR: CEN 3722
Examines how web sites are developed. Focus on client-side and server-side scripting including HTML, JavaScript, and CSS. A substantial project requiring the design and implementation of an online web site is required.

CHI 1120 Modern Chinese I (4) AS WLE
Mandarin. An intensive study of basic skills: pronunciation, listening, comprehension, speaking, and some composition.

CHI 1121 Modern Chinese II (4) AS WLE
PR: CHI 1120 or equivalent.
A continuation of CHI 1120. More sophisticated oral/aural skills are attained. Basic reading skills are acquired.

CHI 1955 Overseas Study in China (1-6) AS WLE
PR: CHI 1121, CHI 1121
Intensive study of Chinese language in China involving classroom instruction and cultural excursions conducted in Chinese. Must be enrolled in Tier I of the USF Chinese Learning in the Culture program in Qingdao. Students from other institutions eligible.

CHI 2220 Modern Chinese III (4) AS WLE
PR: CHI 1121 or the equivalent.

For language students who intend to attain basic proficiency.

CHI 2221 Modern Chinese IV (4) AS WLE
PR: CHI 2220 or the equivalent.
Practice of writing, speaking and listening skills for language students who intend to attain basic proficiency.

CHI 3241 Advanced Chinese Conversation I (3) AS WLE
PR: CHI 2221
This is the first of a two-course sequence in advanced spoken Mandarin Chinese at the third-year level. Particular emphasis is placed on student performance in commonly encountered contexts in Chinese culture, both formal and informal.

CHI 3242 Advanced Chinese Conversation II (3) AS WLE
PR: CHI 3241.
This is the second of a two-course sequence in advanced spoken Mandarin Chinese at the third-year level. Particular emphasis is placed on student performance in commonly encountered contexts in Chinese culture, both formal and informal.

CHI 4443 Networking in China and America (3) AS WLE
PR: CHI 2221
Intensive study of Chinese language and culture at the upper division. Focus on interaction skills necessary to interact in business and professional settings.

CHI 4905 Directed Study (1-5) AS WLE
Permits study options in Modern Chinese not available in the regularly scheduled curriculum at departmental discretion.

CHI 4930 Special Topics (1-3) AS WLE
Varied topics.

CHM 2023 Chemistry for Today (3) AS CHM
PR: High school chemistry and mathematics including algebra are recommended.
An introduction to the principles and applications of modern chemistry including the properties of matter, structural view of matter and reactions, quantitative relations in chemical reactions, technological aspects and societal impact.

CHM 2032 Introduction to General, Organic, and Biochemistry I CANP (3) AS CHM
Fundamental concepts of general, organic, and biological chemistry.

CHM 2045 General Chemistry I CANP (3) AS CHM
PR: 550 SAT Quantitative score or completion of MAC 1105 College Algebra with a C or better AND one year of high school chemistry or completion of CHM 2023 with a grade of C or better.
Principles and applications of chemistry including properties of substances and reactions, thermochemistry, atomic-molecular structure and bonding, periodic properties of elements and compounds.

COURSE DESCRIPTIONS
UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

CR: CHS 2440.
Laboratory portion of General Chemistry for Engineers. Introduction to laboratory techniques, study of properties of elements, synthesis and analysis of natural and commercial materials.

CHS 4300 Fundamentals of Clinical Chemistry (3) AS CHM
PR: BCH 3023.
Theoretical and practical aspects of the analysis of various body fluids, with emphasis on the medical significance.

CHS 4301L Clinical Laboratory (2) AS CHM
PR: BCH 3023 and CHM 3120C
Laboratory experience in some of the most important clinical determinations. Lec.-Lab.

CHT 3110 Traditional Chinese Literature in Translation (3) AS WLE
This course is a general survey of traditional Chinese literature from the beginnings to the Qing Dynasty (1911). Major genres including philosophical texts, poetry, fiction, drama, and prose are explored in English translation.

CHT 3124 Modern Chinese Literature in Translation (3) AS WLE
An introductory survey of modern Chinese literature in translation. The course begins with the end of the Qing Dynasty (1844-1911) and extends into contemporary China. Taught in English and open to all majors. The course is not repeatable.

CHT 3500 Introduction to Chinese Culture (3) AS WLE
An introductory survey of Chinese cultural traditions with an emphasis on themes important to successful interaction in contemporary Chinese society. The language of instruction is English.

CHT 3512 Contemporary Chinese Language and Society (3) AS WLE
An introductory survey of modern Chinese language and society taught in English and open to all majors. Course activities revolve around developing an understanding of Chinese language and society in the Reform Era (1976-present).

CHT 3520 Chinese Film (3) AS WLE
A survey of Chinese film taught in English and open to all majors. This course traces the development of Chinese film and the Chinese film industry from its beginnings in the early 1900s through the contemporary period.

CIS 3213 Foundations of Cyber Security (3) EN ESB
PR: COP 2512
The fundamentals of cyber security are introduced. Students learn to identify attack phases, understand the adversary’s motivations, the resources and techniques they use, and the intended end-game. Techniques for mitigating threats are described.

CIS 3360 Principles of Information Security (3) AS LIS
Board review of Information Security and related elements. Includes terminology, history of the discipline, overview of information security program management. Suitable for IS, criminal justice, political science, accounting information systems students

CIS 3362 Cryptography and Information Security (3) AS LIS
PR: MAD 2104
This course examines classical cryptography, entropy, stream and block ciphers, public key versus symmetric cryptography, one-way and trap-door functions, plus other specific tools and techniques in popular use.

CIS 3367 Architecting Operating System Security (3) AS LIS
PR: CIS 3360
This course examines tools and techniques for securing Windows and Linux operating systems. Students will acquire knowledge and skills to perform audit assessments and implement enterprise-wide operating system security.

CIS 3433 System Integration and Architecture for IT (3) EN ESB
PR: CGS 3303
Role of systems architecture in systems integration, performance, and effectiveness. Principles and concepts of "devops" (development operations) interplay between IT applications rollout and related organizational processes.

CIS 3932 Special Topics for Information Technology (1-3) EN ESB
Topics to be chosen by students and instructor permitting newly developing subdisciplinary special interests to be explored.

CIS 4083 Cloud Computing for IT (3) EN ESB
PR: COP 3515 with a minimum grade of C-
This is a hands-on class in the methods and technologies of cloud computing. Upon completion of this course students will be able to create, configure, build, deploy, and manage a variety of cloud based solutions.

CIS 4250 Ethical Issues and Professional Conduct CPST 6ACT (3) EN ESB
A capstone course for Department majors only, this course introduces students to ethical issues arising in the computer sciences, through written analysis and oral presentations of technical situations which involve ethical conflicts.

CIS 4253 Ethics for Information Technology 6ACT (3) EN ESB
This course will cover the professional code of ethics and a survey of ethical issues in computing such as intellectual property, security, privacy, and copyright. Class discussions cover ethical responsibilities of IT professionals and issues that are shaping our society.

CIS 4361 Information Assurance and Security Management for IT (3) EN ESB
PR: COP 3515
The CIANA model, information security management techniques, and security concerns are presented. Topics include access control
systems, network security, security management practices, cryptography, disaster recovery planning, and others.

**CIS 4364 Cryptology and Information Security (3)**
EN ESB  
PR: COP 4530  
PR: COP 4600.  
Covers the fundamentals of computer security.  
The following topics are addressed: Network Security, Cryptography, Access Control, Security Architecture and Models, Applications and Systems Development, Vulnerability Assessment.

**CIS 4365 Computer Security Policies and Disaster Preparedness (3)**
EN ESB  
PR: CIS 3360.  
When an organization’s functioning is interrupted by disasters, accidents, or natural events, a loss of data and/or productivity may occur. The impact on the organization is determined by how prepared it is for dealing with these disruptions.

**CIS 4412 Resource Management for IT (3)**
EN ESB  
PR: COP 3515  
An overview of the information resource management function, with emphasis on information systems management, is covered.  
Topics include planning, organizing and controlling user services, managing information system development process, and the fundamentals of EDP auditing.

**CIS 4510 IT Project Management (3)**
AS LIS  
This course covers the general aspects of project management and emphasizes the important, special considerations which apply to information technology projects. Supporting software is used extensively.

**CIS 4900 Independent Study in Computer Science (1-5)**
EN ESB  
PR: COP 4530 and CDA 3201  
Specialized independent study determined by the needs and interests of the student.

**CIS 4910 Computer Science Project (2)**
EN ESB  
PR: COP 4530  
Offers a focused team-based design experience incorporating appropriate engineering standards and multiple realistic constraints. Projects are proposed by industry and/or other partners and are completed within a defined development process.

**CIS 4915 Supervised Research in Computer Science (1-5)**
EN ESB  
PR: COP 4530 and CDA 3201  
Supervised research determined by the needs and interests of the student.

**CIS 4930 Special Topics in Computer Science I (1-3)**
EN ESB  
PR: COP 4530 and CDA 3201  
Special topics in computer science and computer engineering.

**CIS 4932 Special Topics for Information Technology (1-3)**
EN ESB  
Topics to be chosen by students and instructor permitting newly developing subdisciplinary special interests to be explored.

**CIS 4935 Senior Project in Information Technology CPST (3-5)**
EN ESB  
This course is the capstone project for IT majors. Students are required to design, implement, and deliver a complete IT solution to a problem leveraging discipline-specific, critical thinking, and communication skills acquired in this major.

**CIS 4940 Industry Internship (0-6)**
EN ESB  
PR: COP 4530 and CDA 3201  
Individual study as practical computer science and/or computer engineering work under industrial supervision with a faculty approved outline and end-of-semester report.

**CIS 4947 Industry Internship for IT (3)**
EN ESB  
PR: COP 4530 and CDA 3201  
Practical information technology work under industrial supervision with a faculty-approved outline and end-of-semester report.

**CJC 4010 American Correctional Systems (3)**
BC CJP  
PR: CCJ 3024 or CCJ 3117  
Analysis of the different treatment philosophies and techniques currently in use in the field, with special attention to experimental and demonstration programs.

**CJC 4166 Alternatives to Incarceration (3)**
BC CJP  
PR: CCJ 3024 or CCJ 3117  
This course explores a variety of alternatives to imprisoning the offender, including probation, parole, diversion, and other community-based intervention and treatment approaches.

**CJE 3444 Crime Prevention 6ACT (3)**
BC CJP  
PR: CCJ 3024, CCJ 3117  
The aim of this course is to introduce students to the theories and constructs of crime prevention and reduction, as well as techniques and policies used currently worldwide that would enhance US response to crime and justice. No restriction, not repeatable.

**CJE 4010 Juvenile Justice System (3)**
BC CJP  
PR: CCJ 3024 or CCJ 3117  
Provides coverage of the juvenile and family courts, their clientele, and the complex of human services agencies and facilities that contribute to efforts at juvenile correctional intervention.

**CJE 4114 American Law Enforcement Systems (3)**
BC CJP  
PR: CCJ 3024 or CCJ 3117  
This course provides a comprehensive examination of the American law enforcement system at the federal, state and local levels and an assessment of career opportunities within the community.

**CJE 4610 Criminal Investigation (3)**
BC CJP  
PR: CCJ 3024 or CCJ 3117  
Covers the major components of criminal investigation, with special attention to the scientific aspects of criminal investigation and the management of major cases.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

CJL 3110 Substantive Criminal Law (3) BC CJP
PR: CCJ 3024, CCJ 3117
Examines the historical basis of the American criminal law system, the substantive elements of the crime, and court procedures.

CJL 4115 Environmental Law and Crime (3) BC CJP
PR: CCJ 3024
The course provides students with an introduction to issues in the area of environmental crime and environmental law.

CJL 4410 Criminal Rights and Procedures (3) BC CJP
PR: CCJ 3024
Emphasizes the Constitutional issues and rules that are applied and enforced by the courts while processing criminal cases.

CLA 3103 Daily Life in Ancient Greece CAHU 6ACT (3) AS WLE
This course surveys the major social, political, and cultural aspects of the ancient Greek world, examined both topically and chronologically across the centuries of the Ancient Greece, c. 1400 to 146 BCE.

CLA 3124 Daily Life in Ancient Rome CAHU (3) AS WLE
This course surveys the major social, political, and cultural aspects of the ancient Roman world, topically and chronologically, from 753 B.C.E to 476 CE, through the literary, historical, and artistic records of the Romans.

CLA 3435 The Hellenistic World (3) AS WLE
A comprehensive look at the Greek-speaking world after Alexander the Great, from Italy to India. Emphasis is on the social, intellectual and aesthetic changes brought about by colliding cultures.

CLA 3503 Ancient Medicine: Quacks, Doctors, and Magicians (3) AS WLE
This course will investigate the historical importance of Greek and Roman medicine and cover its main developments from its beginnings around 1000 BCE until the dethronement of Hippocratic/Galenic theories around the 17th c. CE.

CLA 3930 Selected Topics (3) AS WLE
An examination of various aspects of Greek and Roman Culture, based on ancient sources, literary and archaeological. Repeatable as topics vary.

CLA 4501 Women in Antiquity 6ACT (3) AS WLE
Women in Antiquity surveys the social, political, and cultural life of women in the ancient Mediterranean world, historically and thematically, through lecture, reading, video, and slide presentations.

CLP 2001 Psychology of Adjustment (3) AS PSY
Genetic, organic, and learned factors involved in the processes of personal adjustment; applications of mental health principles to everyday living.

CLP 4134 Abnormal Child Psychology (3) AS PSY
PR: PSY 3213
This course provides an integration of theory, etiology, research, treatment, and prevention of maladaptive behavior from infancy through adolescence.

CLP 4143 Abnormal Psychology (3) AS PSY
PR: PSY 3213 with a grade of C or better
Descriptions, theoretical explanations, research evidence, and treatment of maladaptive behavior.

CLP 4302 Introduction to Clinical Psychology (3) AS PSY
PR: PSY 3213, CLP 4143
This course provides an introduction to clinical psychology, including coverage of theories of behavior change and research designs. Evidence-based practices and mental health careers will be covered.

CLP 4414 Behavior Modification (3) AS PSY
PR: PSY 3213 with a grade of C or better
Introduction to behavior analysis, and application of learning principles, behavioral measurement, research designs, and interventions in treatment settings.

CLP 4433 Psychological Tests and Measurement (3) AS PSY
PR: PSY 3213 with a grade of C or better
A consideration of the instruments for intellectual and personality assessment including their applications, development, and potential abuses.

CLT 2044 Wordpower from Latin and Greek (3) AS WLE
Study of Greek/Latin elements as a means of building English vocabulary. Examination of Greek/Latin-based terminology from various scientific fields, its adoption into English and current usage. Attention given to Greek/Latin stems, prefixes, suffixes.

CLT 3040 Scientific and Medical Terminology (3) AS WLE
A course in the Greek and Latin word elements used in science and technology.

CLT 3103 Epic Battles and Dramatic Reversals in Greek Thought WRIN 6ACT (3) AS WLE
This class investigates the most important texts of the Archaic and Classical Greek world, which are analyzed in both a chronological sequence (c. 700 to 399 BCE) and by genre (epic poetry, philosophy, lyric, history, and drama).

CLT 3123 Voyages and Metamorphoses in Roman Imagination WRIN 6ACT (3) AS WLE
This course surveys the major literary texts of the ancient Roman world, examined through both the chronological order of their production (from the 3rd century B.C.E to the 2nd century C.E) and their classification into various literary genres.

CLT 3370 Gods, Heroes, and Monsters in the Ancient World CAHU (3) AS WLE
Classical Mythology surveys the myths, legends, and sagas of the Greeks and Romans chronologically (c. 1200 BCE to 17 CE) and thematically, through literature (prose and poetry),
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

iconography (art and architecture), and film (documentary and dramatic.)

CLT 3511 Fictional Rome in American Film (3) AS WLE
Fictional Rome surveys filmic representations of ancient Rome in Hollywood, to illustrate the imaginative power of cinema to shape our perceptions of the Roman past, and exploitation of them in the context of contemporary American history and culture.

CLT 3521 American Greece, American Rome (3) AS WLE
This course investigates the intellectual influence of Classical antiquity in the United States from the first colonies to the aftermath of 9/11. Students will contextualize and evaluate Greek and Roman models in American "formal" and "popular" culture.

CNT 4004 Computer Networks I (3) EN ESB
PR: COP 3331
CPR: COP 4530
An introduction to the design and analysis of computer communication networks. Topics include application layer protocols, Internet protocols, network interfaces, local and wide area networks, wireless networks, bridging and routing, and current topics.

CNT 4104 Computer Information Networks for Information Technology (3) EN ESB
PR: COP 3515
CR: CNT 4104L
Presents the design and analysis of computer networks. The emphasis is on application- and Internet-layer protocols. Network interfaces, Internet protocols, wireless networks, routing, and security issues are introduced.

CNT 4104L Computer Information Networks Laboratory for Information Technology (1) EN ESB
PR: COP 3515
CR: CNT 4104
This lab provides a hands-on introduction to computer networking and the protocols used to coordinate and control communications on them.

CNT 4403 Network Security and Firewalls (3) EN ESB
PR: CNT 4004
This course surveys network security standards and emphasizes applications that are widely used on the Internet and for corporate networks. This course also examines Firewalls and related tools used to provide both network and perimeter security.

CNT 4411 Computing and Network Security (3) EN ESB
PR: CNT 4004
The course is a study of fundamental concepts and principles of computing and network security. The course covers basic security topics, including symmetric and public key cryptography, digital signatures, hash functions, and network security protocols.

CNT 4504 Computer Networks II (3) EN ESB
PR: CNT 4004
CPR: COP 4530
Networking skills, hands-on experience in Internet technologies. Topics: Operation, Analysis and Evaluation of distributed systems, communication hardware/software, network monitoring and performance tools.

CNT 4603 System Administration and Maintenance for Information Technology (3)
EN ESB
PR: CNT 4104 with a minimum grade of C- Examines the activities related to the selection, installation and management of computer systems. Covers concepts essential to the administration of OS, networks, and services. Covers system documentation, policies and procedures.

COM 2000 Introduction to Communication GCPC (3) AS SPE
Introduction to the roles, contexts, and issues in contemporary human communication. Required of Communication majors.

COM 3014 Communication, Gender and Identity (3) AS SPE
Examines the communicative origins and implications of gender roles.

COM 3051 Analyzing Culture and Media (3) AS SPE
Applies theories of media and media industries to analysis of media texts to investigate relationships among culture, media, representation, and democracy. Majors only; non-majors by permit only. May not be repeated for credit.

COM 3052 Cultural Studies and Communication (3) AS SPE
Application of theories and methods of Cultural Studies to communication research. Emphasis on critical analysis of processes by which culture is produced, circulated, and negotiated.

COM 3110 Communication For Business and the Professions (3) AS SPE
Identification of communication situations specific to business and the professions. Analysis of variables related to communication objectives and preparation of oral presentations in the form of informational reports, conference management, persuasive communications, interviews, and public hearings.

COM 3120 Organizational Communication (3) AS SPE
A survey of communication concepts which impact upon organizational effectiveness.

COM 3122 Interview Communication (3) AS SPE
A study of communication theory relative to persuasive interviewing with an emphasis on career interview situations.

COM 3413 Communication and Visual Culture (3) AS SPE
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

COM 4016 Public Memory (3) AS SPE
Examination of collective memory as public communication. Examines public memory as created and communicated in memorials, museums, mediated history, nostalgia, and story.

COM 4020 Communicating Illness, Grief, and Loss 6ACT (3) AS SPE
PR: COM 2000 with C- above
Focus on stories of illness, grief, and loss to make sense of these experiences; to understand the cultural and rhetorical influences on how stories are told; and to explore the context of everyday life, romantic relationship, families, institutions, and culture in which they occur.

COM 4021 Family Communication and the End of Life (3) AS SPE
Explores theories and practices of family communication at end-of-life through language, relationships, bioethics, and case analysis techniques.

COM 4022 Health Communication (3) AS SPE
Application of communication theory and research to the health context including provider-patient communication, health information campaigns, and health beliefs and behavior. Special attention to the value issues in health communication.

COM 4030 Women and Communication 6ACT (3) AS SPE
Examines women's patterns of communication in a variety of contexts. Also offered under Women's Studies.

COM 4050 Globalization and Democratic Discourse (3) AS SPE
Examines rhetoric of globalization and democracy from communication perspectives, especially the discourses of war, terrorism, nationalism, and security.

COM 4104 Communication, Tourism, and Travel (3) AS SPE
Focuses on cultural, experiential, and performative practices and meanings of travel and tourism as sites of communication inquiry.

COM 4124 Communication and Organizational Change (3) AS SPE
An advanced course covering current issues in organizational transformation (e.g., organizational dialogue, learning organizations, reengineering, work teams), and the role communication processes play in such changes.

COM 4128 Integrated Organizational Communication (3) AS SPE
Explores theories, practices, and functions of integrated communications strategies and tactics in organizational contexts. For Communication majors; non-majors by permit only. May not be repeated for credit.

COM 4151 Communication and Working Life in Cont Orgs (3) AS SPE
Examines the nature and practices of seeing as fundamental to communication with special emphasis on cultural and rhetorical implications of visual practices in aesthetic, political, and social arenas.

COM 4225 Global & Cultural Issues in Health Communication (3) AS SPE
Explores issues in global health, culture, and communication in health care initiatives.

COM 4414 Race and Gender in Popular Film and Television (3) AS SPE
PR: SPC 3544 or COM 3051
Explores representations of race and gender in contemporary TV and film and utilizes feminist and critical race theories to interrogate social inequalities. Majors only. Non-majors by permit only. May not be repeated for credit.

COM 4490 Communication and Love (3) AS SPE
Examines concepts, philosophy, and theories of love in connection with communication skills.

COM 4530 Influencing Public Opinion (3) AS SPE
Explores foundations, history, measurement techniques, and persuasive strategies of public opinion research and practice from rhetorical perspectives.

COM 4702 Communication, Language, and Mental Illness (3) AS SPE
Explores intersection of mental illness and communication as language, talk-in-interaction, and discourse as social practice.

COM 4710 Writing Lives 6ACT (3) AS SPE
Emphasizes writing stories about our lives and the lives of others as a way to understand, cope with and communicate social experiences.

COM 4931 Special Topics in Media Analysis (3) AS SPE
Selects contemporary topics in media, media genres, and forms to examine how social issues are reflected and changed. Majors only; non-majors by permit only. May be repeated for credit as topics change for 9 total credits.

COM 4942 Communication Intern Seminar (3) AS SPE
Seminar provides students with an opportunity to put into practice concepts and skills acquired in their study of communication. Weekly seminar sessions augment intern experience. Application for seminar must be submitted one semester prior to seminar offering.

COM 4958 Communication Senior Capstone CPST (3) AS SPE
PR: COM 2000, SPC 3301, ORI 3004, SPC 2541
This capstone course for the Communication major features projects linking theory to practice, real world communication situations, and critical analysis of audiences and issues. Senior standing. For majors only.

COM 5930 Topics in Communication Studies (3) AS SPE
Topical issues in communication.
COP 1930 Special Topics for Information Technology (1-3) EN ESB
Special topics course.

COP 2270 Programming in C for Engineers (3) EN ESB
PR: MAC 2281, MAC 2311 or MAC 2241.
This class prepares students to use the C programming language and the MATLAB environment to develop solutions to small scale scientific and engineering problems.

COP 2510 Programming Concepts (3) EN ESB
PR: MAC 2281 or equivalent.
An examination of a modern programming language emphasizing programming concepts and design methodology.

COP 2512 Programming Fundamentals for Information Technology (3) EN ESB
An introduction to computer programming using a modern high-level language with IT applications. Topics include variables, types, expressions, and assignment, control structures, I/O, functions, and structured decomposition.

COP 2513 Object Oriented Programming for Information Technology (3) EN ESB
PR: COP 2512
An introduction to object oriented programming emphasizing an objects first approach with applications to IT. Objects, methods, and classes are studied in detail. Students design and implement object-oriented programs to solve IT problems.

COP 2930 Special Topics for Information Technology (1-3) EN ESB
Special topics course.

COP 2931 Special Topics for Information Technology (1-3) EN ESB
Special topics course.

COP 3257 JAVA for Experienced Programmers (3) EN ESB
PR: COP 3514 or equivalent.
Program design and development using the JAVA programming language. Comparison of program design in a procedural language (C recommended) versus design in the JAVA language. Application development using advanced programming techniques.

COP 3331 Object Oriented Software Design (3) EN ESB
PR: COP 3514
CPR: CDA 3103
Design of a computer program using an Object-Oriented programming language. Extension of programming knowledge from a procedural language to an object-oriented language. Analysis of program requirements.

COP 3353 User-Level Introduction to Linux for IT (3) EN ESB
PR: COP 2512
Description Introduction to a modern Linux distribution: installation in a desktop-friendly virtualized environment, users and software packages management, usage of the shell for navigation, and text processing command line tools.

COP 3514 Program Design (3) EN ESB
PR: COP 2510 or comparable introductory programming course.
The class extends students' programming knowledge by systematically considering the concepts involved in program design and creation. Students will also build upon their previous programming experience by learning to use the C programming language in a networked environment.

COP 3515 Advanced Program Design for Information Technology (3) EN ESB
PR: MAD 2104 and (COP 2513 or COP 2250)
Covers problem solving with an emphasis on the creation of programs to be developed and maintained in a variety of environments from small to large IT organizations. Concepts relating to program efficiency are studied.

COP 3931 Special Topics for Information Technology (1-3) EN ESB
Topics to be chosen by students and instructor permitting newly developing subdisciplinary special interests to be explored.

COP 4020 Programming Languages (3) EN ESB
PR: COP 4530.
An introduction to the specification, design, and analysis of programming languages. Topics include syntax, operational semantics, type systems, type safety, lambda calculus, functional programming, polymorphism, side effects, and objects.

COP 4313 Symbolic Computations in Mathematics 6AMT (3) AS MTH
PR: MAS 3105 and MAP 2302.
Students will write programs to solve problems in various areas of mathematics including calculus and linear algebra with symbolic programming systems such as Maple, Mathematical, or Macsyma.

COP 4365 Software System Development (3) EN ESB
PR: COP 4530.
Analysis, design, and development of software systems using objective methodology with object oriented programming and advanced software development tools (such as integrated development environments).

COP 4530 Data Structures (3) EN ESB
PR: COT 3100 and COP 3331 and CDA 3103
Understand and implement fundamentals of concise data structure and organization for program efficiency, clarity and simplification. Implementation of different data types and structures. Understanding of current data structures. Functional programming concepts will be covered.

COP 4538 Data Structures and Algorithms for Information Technology (3) EN ESB
COURSE DESCRIPTIONS

<th>Course Code</th>
<th>Course Title</th>
<th>Department</th>
<th>Prerequisite(s)</th>
<th>Course Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>COP 4564</td>
<td>Application Maintenance &amp; Debugging for IT (3)</td>
<td>EN ESB</td>
<td>COP 3515</td>
<td>Addresses the software-development cycle and code maintenance, as well as software correctness. Various code testing strategies and debugging methods are presented along with tools for software maintenance and debugging.</td>
</tr>
<tr>
<td>COP 4600</td>
<td>Operating Systems (3)</td>
<td>EN ESB</td>
<td>COP 4530</td>
<td>Introduction to systems programming. Design of operating systems. Concurrent processing, synchronization, and storage management policies.</td>
</tr>
<tr>
<td>COP 4610</td>
<td>Operating Systems for Information Technology (3)</td>
<td>EN ESB</td>
<td>COP 4538</td>
<td>This course is an introduction to operating systems using an algorithmic approach. Topics include processes, parallelism, memory management, resource allocation, file systems, remote file systems, virtual machines, and virtualization.</td>
</tr>
<tr>
<td>COP 4610L</td>
<td>Operating Systems Laboratory for Information Technology (1)</td>
<td>EN ESB</td>
<td>EEL 4854</td>
<td>Implementation and evaluation of models discussed in the lecture part of the course. Students implement operating system algorithms in stand-alone mode, and modify real operating system code. Students implement and test algorithms in a lab environment.</td>
</tr>
<tr>
<td>COP 4620</td>
<td>Compilers (3)</td>
<td>EN ESB</td>
<td>COP 4530</td>
<td>Introduction to techniques for compiling software; lexical, syntactic, and semantic analyses; abstract syntax trees; symbol tables; code generation and optimization.</td>
</tr>
<tr>
<td>COP 4656</td>
<td>Software Development for Mobile Devices (3)</td>
<td>EN ESB</td>
<td>COP 4530</td>
<td>This course covers software development for mobile devices, mainly cellular phones. The primary goal of the course is to teach students how to design, develop, and deploy complete market-ready applications for mobile devices.</td>
</tr>
<tr>
<td>COP 4703</td>
<td>Database Systems for Information Technology (3)</td>
<td>EN ESB</td>
<td>COP 4538</td>
<td>Database management systems are presented, covering relational, CODASYL, network, hierarchical, and object-oriented models. Backups and database server admin are covered. Best practices for information management are covered.</td>

COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

combinatorics, as applied to computer systems.
Theoretical application of mathematic concepts to
coding theory and cryptology.

COT 4210 Automata Theory and Formal
Languages (3) EN ESB
PR: COT 3100, COP 4530.
Introduction to the theory and application of
various types of computing devices and the
languages they recognize.

COT 4400 Analysis of Algorithms (3) EN ESB
PR: COT 3100, COP 4530.
Design principles and analysis techniques
applicable to various classes of computer
algorithms frequently used in practice.

COT 4521 Computational Geometry (3) EN ESB
PR: COP 4530, COT 4400.
Computational geometry is the study of efficient
algorithms to solve geometric problems. Topics
covered include Polygonal Triangulations,
Polygon Partitioning, Convex Hulls, Voronoi
Diagrams, Arrangements, Search and
Intersection, and Motion Planning.

CPO 2002 Introduction to Comparative Politics (3)
AS GIA
Comparison and analysis of representative
European and non-Western political systems.

CPO 4034 Politics of the Developing Areas GCPC
(3) AS GIA
An analysis of the ideologies, governmental
structures, and political processes of selected
nations of the non-Western world.

CPO 4930 Comparative Government and Politics
of Select Areas (3) AS GIA
Studies political systems with common elements.
Structure, process, domestic and foreign politics,
and regional roles are considered.

CPO 5934 Selected Topics in Comparative Politics
(3) AS GIA
Studies specific substantive areas in Comparative
Politics, such as political economy or the politics of
specific countries or regions.

CRW 2100 Narration and Description 6ACT (3) AS ENG
A study of narrative and descriptive techniques in
prose. By making the student sensitive to
language usage, the course is designed to bridge
the gap between expository writing and
imaginative writing.

CRW 3111 Form and Technique of Fiction 6ACT
(3) AS ENG
A study of short narrative forms such as the
anecdote, tale, character sketch, incident,
monologue, epistolary story, and short story as
they have been used in the development of fiction
and as they exist today. Will not count toward the
English major.

CRW 3112 Fiction I 6ACT (3) AS ENG
PR: CRW 2100 or CRW 3111.
An introduction to fiction writing, beginning with a
practical study of the various elements of fiction
and proceeding through the many processes of
revision to arrive at a completed work of art.

CRW 3121 Fiction II 6ACT (3) AS ENG
PR: CRW 2100 or CRW 3111, CRW 3112.
A fiction workshop which provides individual and
peer guidance for the student's writing and which
encourages the development of critical skills.

CRW 3311 Form and Technique of Poetry (3) AS ENG
An examination of the techniques employed in
fixed forms from the couplet through the sonnet to
such various forms as the rondel, ballad, villanelle,
sestina, etc. Principles in the narrative, dramatic,
and lyric modes are also explored.

CRW 3312 Poetry I (3) AS ENG
PR: CRW 3311.
An introduction to poetry writing utilizing writing
exercises employing poetic language and devices;
the exercises progress to the writing of both
rhymed and unrhymed metrical and non-metrical
forms.

CRW 3321 Poetry II (3) AS ENG
PR: CRW 3311, CRW 3312.
A poetry workshop which provides individual and
peer guidance for the student's writing and which
encourages the development of critical skills.

CRW 4120 Fiction III (3) AS ENG
PR: CRW 2100 or CRW 3111, CRW 3112, CRW
3121.
An advanced fiction workshop in which works may
be carried over from CRW 3121 or longer forms
such as the novel may be begun.

CRW 4320 Poetry III (3) AS ENG
PR: CRW 3311, CRW 3312, CRW 3321.
An advanced poetry workshop in which students
are expected to create works exhibiting a firm
knowledge of the principles explored in the
preceding courses.

CRW 4930 Selected Topics in Creative Writing (1-
3) AS ENG
PR: 12 hours of CRW courses
The focus of the course will be governed by
student demand and instructor interest. Topics to
be covered may include writing the literary essay,
writing in mixed genres, and utilizing popular
conventions in serious works. May be taken twice
for credit with different topics.

CTS 4337 Linux Workstations System
Administration for IT (3) EN ESB
PR: COP 3353
Students learn to install, configure, tune, and
administer a Linux system. Administration focuses
on managing user accounts, file systems, and
processes. System commands are presented and
students learn to write basic scripts.

CTS 4805 Web Development Tools (3) EN ESB
This course builds on web design concepts and
extends them to build and maintain complete Web
Sites using the current de facto industry-standard
integrated web site development
environment/applications.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

CWR 4202 Hydraulics (3) EN EGX
PR: EGN 3353.
Fundamental and applied aspects of pipe flow, free surface flow, and unsteady flow for hydraulic systems.

CWR 4540 Water Resources Engineering I (3) EN EGX
PR: CWR 4202.
A study of the engineering principles involved in sustaining and managing the quantity and quality of water available for human activities with particular emphasis on surface water and ground water hydrology.

CWR 4541 Water Resources Engineering II (3) EN EGX
PR: EGN 3353, CWR 4202.
The course is intended to be a technical elective for students specializing in water resources or environmental engineering. Material in the course covers subsurface hydrology including both soil vadose zone processes and the ground water flow.

CWR 4812 Capstone Water Resources/Environmental Design CPST (3) EN EGX
PR: ENV 4001, CWR 4540
CR: ENV 4417, CEG 4012 or TTE 4005.
A capstone water resources design experience for seniors in Civil and Environmental Engineering. A design-oriented course to design both industrial and domestic water treatment and water transport systems and hydraulic systems.

DAA 2100 Fundamentals Of Modern Dance (2) FA DAN
A studio class for students with a serious interest in concert modern dance. Emphasis upon correct alignment, development of strength, rhythmic and dynamic activity, as well as spatial and locomotor patterns. May be repeated up to six credit hours.

DAA 2104 Modern Dance I (2) FA DAN
A studio class for students with a serious interest in concert modern dance. Further emphasis on correct alignment, development of strength, rhythmic and dynamic activity as well as spatial and locomotor patterns. May be repeated up to 8 credit hours.

DAA 2200 Fundamentals Of Ballet (2) FA DAN
A studio class for students with a serious interest in Ballet. Emphasis on correct alignment of the body and a progressive development of positions and barre exercises as well as the application of combinations in center work using classical Ballet vocabulary (French terms). May be repeated.

DAA 2204 Ballet I (2) FA DAN
A studio class for students with a serious interest in Ballet. Further emphasis on correct alignment of the body and a progressive development of positions and barre exercises as well as the application of combinations in center work using classical Ballet vocabulary (French terms). May be repeated.

DAA 2500 Fundamentals Of Jazz Dance (2) FA DAN
A basic movement course in Jazz Dance involving dance vocabulary, alignment, styles and simple rhythmic patterns. May be repeated up to 6 credits.

DAA 2504 Jazz Dance (2) FA DAN
PR: DAA 2500
A technique class for the intermediate level dancer to become acquainted with the dance styles and forms of musical theatre and concert jazz dance. Emphasis is on highly stylized movement with a strong rhythmic base. May be repeated.

DAA 2570 Jazz Theatre Dance (3) FA DAN
PR: DAA 2504
Further emphasis on projection, phrasing, rhythmic patterns and dynamics. Solo and ensemble studies leading to performance. May be repeated up to 6 credits.

DAA 3018 Modern Dance II (1-3) FA DAN
Study of principles of modern dance technique. Practical work in exercises and movement phrases, utilizing changing rhythms and dynamics. Concert and performance attendance required. May be repeated.

DAA 3108 Modern Dance II (1-3) FA DAN
Continuation of DAA 3108. Further emphasis on style and phrasing. Work on projecting mood and quality by dancing and rehearsing in more advanced choreography, leading to performance. May be repeated.

DAA 3209 Ballet III (1-3) FA DAN
Continuation of DAA 3208. Intensification of barre exercises for the development of strength and form. Application of phrasing and movement. Material covered as practical work in class for concerts and performances. May be repeated.

DAA 3214 Ballet II (1-3) FA DAN
Positions and barre exercises. Emphasis on correct alignment of the body and the application of simple step combinations in centre work. The use of ballet vocabulary (French terms). Material is covered almost totally as practical work in class with a few outside projects. Concert and performance attendance required. May be repeated.

DAA 3294 Ballet Variations (1) FA DAN
PR: DAA 3209
This course provides instruction in various forms of ballet. Semester courses include: Pointe technique, Men’s Class, Character Dance, Spanish Dance and Partnering. BFA Ballet concentration students are required to complete two semester hours. May be repeated.

DAA 3395 World Dance Topics (1) FA DAN
Students will experience fundamental knowledge of dance representing various world cultures. In addition to a dance/movement component, a connection will be made to historical, spiritual/religious, ethnological and environmental
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

indigenous aspects of people involved in dance as a cultural experience. May be repeated.
DAA 3614 Choreography I (2) FA DAN
CR: DAA 3108 or DAA 3214
Focus is upon movement invention and concepts of time, space and force. Integration of basic musical foundations and compositional structures, i.e. ABA and Canon, theme/variations. Research of various musical genres, rhythms and styles.
DAA 3615 Choreography II (2) FA DAN
PR: DAA 3614
This course focuses on the use of choreographic devices/tools for movement inspiration, improvisation for generating movement, creating meaning, and music and its relation to the art form of dance (i.e. meter, tempo, rhythm, and style).
DAA 3624 Dance Improvisation (2) FA DAN
For majors and non-majors. Exploring various methods of spontaneously creating dance movement in individual and group situations. Structured and unstructured approaches will be explored. May be repeated.
DAA 3654 Repertory I (1) FA DAN
The development and performance of solo and/or group dances.
DAA 3684 Repertory II (1) FA DAN
The development and performance of solo and/or group dances.
DAA 3686 Junior Performance Project (1) FA DAN
Required for junior dance majors. Involves rehearsal and performance of work presented by a junior dance major in the dance program. Open to all university students proficient in dance techniques and concurrently enrolled in technique courses. Repeatable.
DAA 4110 Modern Dance IV (1-4) FA DAN
Intense work on the growth of personal performance styles. Equal emphasis will be given to training the body in the development of technical excellence. May be repeated.
DAA 4211 Ballet IV (1-3) FA DAN
Perfecting the execution of barre work. Intensification of centre work. More stress on aesthetic quality of movement and phrasing. Students expected to be proficient in pointe work. Outside projects, concerts, and performances are required. May be repeated.
DAA 4616 Choreography III (2) FA DAN
PR: DAA 3615
CR: DAA 3109 or above, or DAA 3209 or above
Course emphasis is primarily on group choreography, along with a final project where students work with incorporating text and movement. Continuation of the study of meter, tempo, rhythm, and style in music, as well as dynamics and phrasing.
DAA 4617 Choreography IV (2) FA DAN
PR: DAA 3616
The focus of this course is taking choreography beyond the stage, structured around two main projects: creating a site-specific work, and filming/editing a dance video project, including creating an audio score. Introduction to music editing.
DAA 4687 Performance (1-2) FA DAN
Open to all university students proficient in dance techniques and concurrently enrolled in Technique. Involves rehearsal and performance of works presented by the department. May be repeated.
DAA 4694 Senior Choreography Project (1-5) FA DAN
The creation of an original group work and solo within the senior's major concentration-ballet or modern. To be performed and presented with the concurrence of a faculty advisor.
DAA 4930 Dance Studies (1-3) FA DAN
Dance Major status. Individual study to extended competency in technique and performance of Dance through participation in special workshops.
DAE 4340 Dance Pedagogy: Secondary Curriculum (3) FA
This course is designed to meet the needs of students in Dance Education to understand the scope and sequence of dance curriculum design and teaching methods appropriate to the secondary student.
DAE 4394 Senior Seminar In Dance Education (2) FA DAN
CR: DAE 4940
This course represents a synthesis of the teacher candidates courses and is required concurrently with the internship.
DAN 2100 Introduction To Dance 6ACT (3) FA DAN
For majors and non-dance majors, a study of the art and language of dance through lectures, discussions, concert attendance, and studio practice. Designed to develop awareness and insight of this art form through discussion, observation, writing, and movement experience.
DAN 2160 Entry Seminar (2) FA DAN
This is a study of dance-related career opportunities through lectures, assigned reading and video viewing. This course will aid majors in understanding dance as an aesthetic art form through discussion and critical evaluation.
DAN 3584 Technical Theatre in Dance (2) FA DAN
An introductory course in technical production including lighting, sound, scenic, stage management/production and front of house. Requires load-in hours/crew assignments during USF Fall and Spring Dance Concerts.
DAN 3614 Music For Dance (2) FA DAN
Development of musical skills in movement studies. Continued study of the inter-relationship of music and dance through movement experiences, observations, video, and writing.
DAN 3615 Music For Dance II (2) FA DAN
PR: DAN 3614
Development of practical music skills in relation to dance. Continued problems in rhythmic materials
## COURSE DESCRIPTIONS

**DEP 3103 Child Psychology (3) AS PSY**

An examination of individuals and the physical, cognitive, personality, and social changes which occur throughout the entire life span.

**DEP 4053 Developmental Psychology (3) AS PSY**

Survey of methods, empirical findings, and theoretical interpretations in the study of human development.

**DEP 4220 Autism Spectrum Disorders (3) AS PSY**

Overview of research; information about causes of disorder; historical and philosophical views; biological & psychological research; efforts to help individuals live productive & independent lives; recent controversies; integrative approach to treatment.

**DAN 3714 Dance Kinesiology (3) FA DAN**

This course will give the student an understanding of basic human anatomy and how it functions in relation to movement, injury prevention, teaching and performance. Individual structural differences and how these affect movement potential will also be studied. There will be an emphasis on the kinesiological analysis of movement with the goal of increased efficiency, enhanced performance and injury prevention.

**DAN 4134 Ballet History WRIN 6ACT (3) FA DAN**

This is a lecture course in dance history stemming from its roots in Renaissance court dance through the mid-20th century focusing primarily on the history of ballet as an art form.

**DAN 4135 20th Century Dance History CPST HHCP (3) FA DAN**

Designed for majors and non-majors, this course will trace the development of dance as an art form in the 20th Century. It is designed to develop awareness and insight through lecture, discussion, video, observation and writing. Students will be required to attend at least two dance performances.

**DAN 4162 Research in Dance (2) FA DAN**

Course will introduce basic research methodologies for conducting research in the dance genre, and will serve the student in preparing for future research based study in the field of dance. Students will conduct library, internet, and field research.

**DAN 4180 Dance Senior Seminar (2) FA DAN**

A study of career opportunities in performance, teaching, research, design, and choreography. To aid majors in self-appraisal as artists and develop methods to further their potential in the professional world. Discussion, critical evaluation and projects.

**DAN 4434 Laban Movement Analysis (3) FA DAN**

Specialized study in movement theories, body alignment, and movement patterns focusing on the scientific and analytical basis of movement in dance with consideration for developmental processes, technique, creative expression, and performance.

**DAN 4906 Directed Study (1-5) FA DAN**

Independent studies in the various areas of Dance. Must receive approval prior to registration. May be repeated.

**DAN 4930 Selected Topics In Dance (1-3) FA DAN**

The content of the course will be governed by student and instructor interest. May be repeated by majors.

**DEP 2004 The Life Cycle (3) BC GEY**

An examination of individuals and the physical, cognitive, personality, and social changes which occur throughout the entire life span.

**DEP 3103 Child Psychology (3) AS PSY**

Developmental and psychosocial aspects of childhood, including hereditary, maturational, psychological, and social determinants of child behavior.

**DIG 2111C Digital Drawing (3) FA ART**

Hands-on exploration of digital vector and raster based illustration and design. Students synthesize traditional drawing and painting skills with digital tools. Includes study of digital imaging, drawing systems, color theory, and idea generation.

**DIG 2430 Visual Storytelling (3) FA ART**

This is an introductory course in digital visual storytelling for animation and film. Students explore story development, storyboarding, and the creation of animations. Includes study of preproduction and conventions of cinematography.

**DIG 3306C 3D Animation (3) FA ART**

**DIG 3323C Digital Sculpture (3) FA ART**

Hands-on exploration of high-polygon digital sculpting for art and design. Students digitally sculpt figures and organic forms for 2D images, animation, 3D environments, and digital fabrication. Includes study of history, theory, and practices.

**EAB 4715 Supervised Practicum and Field Experience in Applied Behavior Analysis (1-6) AS PSY**

Field experience in Behavior Analysis in applied settings. Under the supervision, involves the design, implementation and evaluation of behavior analysis methods in applied settings. Includes
EAP 1600 Listening & Speaking for International Students (3) AS WLE
PR: English language proficiency test score of 5.0
IELTS score with no sub-scores lower than 4.5 or the equivalent 50 iBT TOEFL score; OR
successful completion of Academic English Level 3 in the English Language Program at USF.
The goal of this course is to help international students develop their English language abilities
in speaking, listening, pronunciation and presentations for academic studies.

EAP 1660 Grammar for International Students (3) AS WLE
PR: English language proficiency test score of 5.0
IELTS score with no sub-scores lower than 4.5 or the equivalent 50 iBT TOEFL score; OR
successful completion of Academic English Level 3 in the English Language Program at USF.
The goal of this course is to help international students learn to use grammatical structures in
spoken and written academic contexts.

EAP 1680 Essential Academic English Skills (6) AS WLE
PR: English language proficiency test score of 5.0
IELTS score with no sub-scores lower than 4.5 or the equivalent 50 iBT TOEFL score; OR
successful completion of Academic English Level 3 in the English Language Program at USF.
The goal of this course is to help international students develop reading, writing, lecture-listening and note-taking skills needed for university study while learning about events in American history and their impact on American culture.

EAP 1650 English for International Students I (6) AS WLE
This course supports the development of academic English for international students, with
an emphasis on processing, analyzing, and integrating information from academic texts and
lectures, and applying pragmatic skills in university interactions.

EAP 1651 English for International Students II (6) AS WLE
This course supports the development of academic English for international students, with
an emphasis on researching and producing papers and presentations in a variety of academic
genres with appropriate academic language use.

EAS 4121 Hydro and Aerodynamics (3) EN EGR
PR: EML 3701, MAP 2302.
Advanced fluid dynamics, ideal and viscous flows, applications to flow around immersed bodies.

EBC 4011 Introduction to Behavior Disorders (3) ED TAL
PR: EEX 4012, or equivalent
Survey of emotional, behavioral and social disorders in children and youth. History of the
field, definitions, classifications, theoretical approaches, intervention techniques, classroom
management, service delivery models, trends and issues.

EBC 4909 Directed Study: Behavior Disorders (1-3) ED TAL
To extend competency in teaching field.

EBC 4941 Undergraduate Supervised Practicum in Behavior Disorders (1-6) ED TAL
PR: EEX 4012
Supervised field experience in assessment, classroom management, and clinical teaching with
children who have emotional and behavioral disabilities.

ECH 3002 Introduction to Chemical & Biomedical Engineering (3) EN ECH
PR: PHY 2048, CHM 2046, MAC 2282 OR MAC 2312
Introduce chemical and biomedical engineering careers through discussion, videos, industrial/academic speakers, problems by virtual experiments to gather data for modeling and analysis with software tools.

ECH 3023 Material and Energy Balances (3) EN ECH
PR: PHY 2049, MAC 2283, CHM 2046, ECH 3002, ECH 3854
CPR: EGN 3343
Integration of previous knowledge into the definition of reactors and separation processes, through the hierarchical use of material balance, phenomenological and energy balance equations. Representation of streams as arrows and processes as black boxes in Box Flow Diagrams, BFD. Application of degree of freedom analysis.

ECH 3240L Chemical Engineering Laboratory I (3) EN ECH
CPR: ECH 4418 and ECH 4267
Laboratory experiments in mass and energy balances, transport phenomena and chemical engineering thermodynamics. Accompanied by lectures on safety, data analysis, obtaining information, practice of chemical engineering and professional preparation.

ECH 3266 Transport Phenomena I (3) EN ECH
PR: EGN 3343, ECH 3023, MAP 2302 OR EGN 3433
Introduce principles of momentum, mass and heat transport. Mathematical modeling of transport in one dimension and obtain solutions for fluxes and profiles. To utilize them to obtain engineering quantities.

ECH 3702 Instrument Systems I (3) EN ECH
PR: MAP 2302 or EGN 3433, EGN 3343 and ECH 3023
Basic concepts of electric circuits and their applications. Resistors, capacitors, inductors, logic operations, junction devices, Programmable Logic controllers, ladder diagrams.

ECH 3854 Chemical & Biomedical Engineering Computations (3) EN ECH
PR: PHY 2048, CHM 2046, MAC 2282 OR MAC 2312

</table>

Integration of chemical equilibrium and kinetics, heat transfer and fluid mechanics into the hierarchical description of reacting systems. Analysis and selection of operating conditions and contacting models. Sizing. Restricted to department majors.

Design of stage-wise and continuous separation processes for gas absorption, distillation, adsorption, liquid-liquid extraction, membrane separations. Utilization of process simulators and design case studies.

The course introduces design of commercial chemical reactors, emphasizing synthesis of chemical kinetics and transport phenomena.

Synthesis and analysis of economically feasible and environmentally acceptable chemical processing routes; Design of safe chemical production and treatment facilities; Chemical product design; Computer Aided-Design; Case studies and Design Project.

Design, sizing, selection and preparation of equipment specifications for the process industry in accordance with process safety management guidelines and OSHA requirements.

Computer usage in chemical engineering. Use of computer methods to solve chemical engineering problems. Solution of linear and nonlinear algebraic and differential equations that arise in chemical engineering. Optimization methods.

Specialized independent study determined by the student's needs and interests. Students must have contract with instructor.
COURSE DESCRIPTIONS

ECH 4931 Special Topics in Chemical Engineering II (1-3) EN ECH

ECH 4936 Undergraduate Seminar (1) EN ECH
PR: ECH 3023

ECH 4944 Industry Internship (1-6) EN ECH
PR: ECH 3023
Individual study as practical chemical and biomedical engineering related work under industrial supervision with a faculty approved outline and end-of-semester report.

ECH 5320 Chemical Process Engineering I (4) EN ECH
The course presents the principles of mass balances, classical thermodynamics, phase equilibria, energy balances, and psychrometrics. The student will learn by doing many case studies. Computer software will be used to obtain solutions to many problems.

ECH 5321 Chemical Process Engineering II (4) EN ECH
Basic concepts of fluid mechanics, including viscous fluids, pipe flow with minor losses, simple fluid machinery, momentum and external flow. Steady state conductive and convective heat transfer. Not available for chemical engineering students.

ECH 5322 Chemical Process Engineering III (4) EN ECH
Basic concepts of fluid phase equilibrium, chemical equilibrium, separation processes, and chemical reactors. Not available for chemical engineering students.

ECH 5324 Automatic Process Control II (3) EN ECH
PR: ECH 4323C
The course covers the root locus and frequency response methods to study stability of control loops. The techniques of ratio, cascade, feed forward, selective, override, and multi-variable control techniques are discussed in detail and shown how to utilize to design control systems, z-transforms and discrete controllers including PID, Dahlin and deadline compensation.

ECH 5327 Chemical Process Control (4) EN ECH
Basic concepts of feedback control, process dynamics, process controllers (PID) including tuning, control loop stability, cascade, ratio, selective, override, feedforward, and multivariable control. Not available for chemical engineering students.

ECH 5740 Theory and Design of Bioprocesses (3) EN ECH
Introduction to biotechnology, including applied microbiology, enzyme technology, biomass production, bioreactor design, and transport processes in biosystems.

ECH 5747C Selected Topics in Chemical Engineering Biotechnology (1-3) EN ECH
Selected topics in engineering in biotechnology, including cell separation technology, immobilized enzymes and cells, food engineering, biohazardous waste, and bioseparations.

ECH 5748 Selected Topics in Biomedical Engineering (1-3) EN ECH
Selected topics in biomedical engineering, including biomedical engineering, biomedical materials, biodynamics of circulation, separation processes in biomedical systems, and artificial organ systems.

ECH 5785 Sustaining the Earth: An Engineering Approach (3) EN ECH
An approach of global perspective on ecological principles revealing how all the world’s life is connected and sustained within the biosphere and how engineering provides the tools to design solutions engaging materials science & environmental ethics.

ECH 5786 Green Engineering (3) EN ECH
Synthesis and design of green chemical, biological and energy conversion processes and products. Environmental impact analysis; green chemistry and materials; life cycle analysis; industrial ecology; systematic methods and real-life examples.

ECH 5930 Special Topics III (1-4) EN ECH

ECH 5931 Special Topics IV (1-4) EN ECH

ECH 5945 Chemical Engineering Industrial Internship (1-6) EN ECH
Individual study as practical engineering work at an industrial facility or laboratory under the supervision of a faculty member interacting with the sponsoring industrial facility or laboratory.

ECO 1000 Basic Economics CASB (3) AS ECN
Survey of economic principles and issues. Scarcity, choice, markets, prices, the monetary system, unemployment, inflation, international trade and finance.

ECO 2013 Economic Principles (Macroeconomics) CASB (3) AS ECO
ECO 2013 introduces students to basic economic terminology, definitions and measurements of macroeconomic data, simple macroeconomic models, fiscal and monetary policy, and international macroeconomic linkages.

ECO 2023 Economic Principles (Microeconomics) (3) AS ECO
Introduction to the theory of price determination. How an economy decides what to produce, how to produce, and how to distribute goods and services.

ECO 2052 Analytical Tools for Economists (3) AS ECO
Mathematical tools required for the study of undergraduate economics. Topics include algebra, graphing, and basic differential and integral calculus required for students to succeed in undergraduate economics courses.

ECO 2935 Selected Topics In Economics (1-3) AS ECN
Topics selected by department. May be repeated if topics vary.

ECO 3101 Intermediate Price Theory (3) AS ECN
PR: ECO 2023 and MAC 2233 or MAC 2311 or equivalent.
The price system and allocation of scarce resources between competing uses. May not receive credit for both ECP 3703 and ECO 3101.

ECO 3203 Intermediate Macroeconomics (3) AS ECN
PR: ECO 2013 and ECO 3101 or ECP 3703 with a grade of D.
Determination of income, employment, prices, and interest rates. Aggregate demand and aggregate supply.

ECO 3622 American Economic History (3) AS ECN
Growth and evolution of American economic institutions from Colonial times to the present.

ECO 3703 International Economics (3) AS ECN
Role of international trade in the U.S. economy. Gains from trade, balance of payments, exchange rate determination, balance of payments stability, and international commercial policy.

ECO 4105 Advanced Price Theory (3) AS ECN
PR: ECO 3101 or ECP 3703 with a grade of B or better
An advanced survey of special topics in microeconomics: borrowing and saving, decision making under uncertainty, markets for capital and labor, game theory, production and exchange efficiency, social welfare, and efficiency consequences of market and non-market allocation.

ECO 4201 Advanced Macroeconomic Theory (3) AS ECN
PR: ECO 3203 with a grade of B or better
An advanced analysis of a particular topic or topics in macroeconomics. Areas of study include the theories of money, growth, and business cycles. Discussions of how such theories accord with the data are also presented.

ECO 4270 Economic Growth (3) AS ECN
PR: ECO 3101 or ECP 3703.
This course provides an introduction to the theory of economic growth, the process whereby the level of real output per capita increases over time. Emphasis is on the role of factor accumulation and productivity growth and their underlying fundamentals.

ECO 4303 History of Economic Thought (3) AS ECN

ECO 4323 Radical Political Economy (3) AS ECN
PR: ECO 1000 or ECO 2013 or ECO 2023
The radical (left) and Marxist schools of thought in economics. Application of radical theory to problems of advanced capitalist and socialist societies.

ECO 4400 Game Theory and Economic Applications (3) AS ECN
PR: ECO 2013 and ECO 2023
This course is an introduction to game theory, the study of strategic behavior among parties having opposed, mixed or similar interests.

ECO 4401 Introduction to Mathematical Economics (3) AS ECN
PR: ECO 2013 and ECO 2023, and MAC 2241 or MAC 2233
Mathematical models of optimizing behavior and economic equilibrium.

ECO 4421 Introduction to Econometrics (3) AS ECN
PR: ECO 3101 or ECP 3703 with a minimum grade of C-.
Survey of basic econometric techniques. Regression analysis employed to estimate consumption, investment, demand, cost, and production functions. Examines problems of autocorrelation, heteroscedasticity, multicollinearity, and specification errors.

ECO 4504 Public Finance (3) AS ECN
PR: ECO 3101 or ECP 3703 with a grade of B or better

ECO 4704 International Trade and Policy (3) AS ECN
PR: ECO 3101 or ECP 3703 with a grade of C or better
Advanced analysis of international trade theory and commercial policy, international economic integration, multinational enterprise.

ECO 4713 International Macroeconomics (3) AS ECN
PR: ECO 3101 or ECP 3703 with a grade of C or better
Advanced analysis of international macroeconomic relationships. Foreign exchange market, international monetary system balance of payments.

ECO 4905 Independent Study (1-3) AS ECN
Specialized independent study determined by the student's needs and interests. May be repeated up to 6 hours.

ECO 4914 Independent Research (1-3) AS ECN
Individual study contract with instructor and department chairperson required. The research
project will be mutually determined by the student and instructor. May be repeated up to 6 hours.

ECO 4935 Selected Topics in Economics (1-3) AS ECN
Topics to be selected by the instructor or instructors on pertinent economic issues.

ECO 4970 Economics Honors Thesis (3) AS ECN
This course is the climax of an undergraduate experience in the College of Business. Thesis development supports critical investigation to develop explanations or solutions to academically interesting business problems or opportunities.

ECP 3125 Economics of Inequality (3) AS ECN
PR: ECO 1000 or ECO 2013 or ECO 2023 or equivalent
Economic facts, theories and policies concerning income inequality, poverty and discrimination in the U.S. economy and elsewhere in the world.

ECP 3201 Economics of Women and Work (3) AS ECN
PR: ECO 1000 or ECO 2013 or ECO 2023
A survey of research on women, men and work in the labor market and the household. Focuses on the economic status of women. Includes historical perspective, examination of the family as an economic unit, changing work roles, and gender differences in occupation and earnings.

ECP 3203 Labor Economics (3) AS ECN
PR: ECO 3101 or ECP 3703 with a grade of C or better
Determinants of wage and employment levels; occupational, industrial and geographical wage differentials; union and public policy effects on labor markets; the economics of discrimination; inflation, and unemployment.

ECP 3302 Environmental Economics (3) AS ECN
PR: ECO 2023
An economic analysis of environmental issues. The economics of resource use and pollution control are examined using the concepts of externalities, cost-benefit analysis, public goods, and property rights.

ECP 3403 Industrial Organization (3) AS ECN
PR: ECO 3101 or ECP 3703
Behavior of firms and market structure when the standard assumption of perfect competition in the market is violated. Existence of market power, how firms create and maintain it, implications of market power, and related public policy issues.

ECP 3413 Economics of Regulation and Antitrust (3) AS ECN
PR: ECO 2013 and ECO 2023
Economic analysis of the rationale and performance of government regulation and antitrust policy. Examination of antitrust issues such as price fixing, mergers, and monopolization, and issues regulating electric utilities, airlines, trucking, consumer product safety, product quality, and the environment.

ECP 3530 Economics of Health (3) AS ECN
PR: ECO 3101 or ECP 3703 with a grade of C- or better
Application of economic methods to health care topics such as demand for medical care, public and private health insurance, physician and hospital supply of medical care, government regulations, and national healthcare systems.

ECP 3613 Urban Economics (3) AS ECN
PR: ECO 3101 or ECP 3703
The role of space in understanding urban areas and their problems. Economic forces determining where people and firms locate within urban areas.
Urban economic growth and development, land-use regulation, urban sprawl, transportation, urban government.

ECP 3623 Regional Economics (3) AS ECN
PR: ECO 3101 or equivalent
Survey of regional economics covers theories of location and land use of households and firms; central place theory; spatial structure of urban economy; regional income determination; interregional migration; and urban and regional policy analysis.

ECP 3703 Managerial Economics (3) AS ECN
PR: ECO 2023
Application of microeconomic theory to problems in business decision making with a special focus on price determination. May not receive credit for both ECP 3703 and ECO 3101. Formerly ECO 3100.

ECP 4006 Economics of Sports (3) AS ECN
PR: ECO 3101 or ECP 3703
This course teaches economics using sports as a backdrop. Topics covered include the economics of labor markets, exploitation, discrimination, monopoly, monopsony, game theory, bargaining, and cartels. No particular knowledge of sports is required.

ECP 4451 Law and Economics (3) AS ECN
PR: ECO 2013 and ECO 2023
Advanced analysis of the economic impact of tort, criminal, property, and contract law as well as in the formation and adjudication of law.

ECP 4505 Economics of Crime (3) AS ECN
PR: ECO 2013 and ECO 2023
Application of economic theory to the analyses of criminal behavior, crime prevention, law enforcement, sanctions, and corrections.

ECP 4510 Economics of Education (3) AS ECN
PR: ECO 3101, or ECO 2023 and ECO 2013 with B or better
Economic analysis of the goals of education in American society. Topics include theories of human capital and signaling, private returns to schooling, social welfare benefits and role of the public sector, and factors affecting educational productivity.

ECP 4704 Economics of Business Strategy (3) AS ECN
PR: ECO 3101 or ECP 3703
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

This course examines strategies businesses can employ to improve their abilities to compete profitably. Employs game theory to examine horizontal and vertical boundaries of firm, strategic diversification, pricing, and entry deterrence.

**ECS 3013 Economic Development (3) AS ECN**  
PR: ECO 2013 and ECO 2023  
Economic development in emerging nations.

**ECS 4003 Comparative Economic Systems (3) AS ECN**  
PR: ECO 1000 or ECO 2013 or ECO 2023  
The major economic systems: traditional, capitalism, democratic socialism, communism and fascism.

**ECS 4430 Economics of Latin America (3) AS ECN**  
PR: ECO 1000, or BOTH ECO 2013 and ECO 2023  
The course examines key aspects of economic reform efforts in Latin America and the Caribbean and the challenges facing the region at the beginning of the 21st century.

**ECT 4905 Independent Study: Industrial-Technical Education (1-4) ED LCA**  
Specialized independent study determined by the student's needs and interests.

**ECT 4909 Directed Study: Industrial-Technical Education (1-3) ED LCA**  
To extend competency in teaching field.

**ECT 4936 Senior Seminar in Industrial-Technical Education (2) ED LCA**  
CR: EVT 4940.  
Synthesis of teacher candidate's courses in complete college program.

**ECT 5386 Preparation and Development for Teaching (4) ED LCA**  
The development of selected instructional materials, use of new educational media, performance evaluation instruments, and counseling techniques.

**ECW 5315 Program Management: Diversified Cooperative Training (3) ED LCA**  
Organization, coordination, and budgeting of adult, cooperative, and special programs.

**EDE 4223 Creative Experiences for the Child (3) ED TAL**  
Provides students with critical understanding of visual arts, music, movement, and drama in K-6 curriculum. Students will develop knowledge and strategies to incorporate creative expression into integrated curriculum. Restricted to majors. Not repeatable.

**EDE 4301 Instructional Planning for Diverse Learners (3) ED TAL**  
This course examines the legal issues affecting classroom/school management, school safety, professional ethics and elementary school methods. The course explores the current knowledge of best practices of a variety of teaching and management strategies and methods deemed appropriate for a diverse elementary classroom setting including ESOL students and other exceptionalities.

**EDE 4504 Creating and Differentiating Learning Environments (3) ED TAL**  
Approaches to managing the elementary instructional environment and specific strategies for maintaining a safe, positive classroom climate are examined as well as current knowledge of innovative best practices in differentiated instruction.

**EDE 4802 The Teacher as Researcher WRIN 6ACT (3) ED TAL**  
CR: EDE 4940  
This course prepares teacher candidates to conduct teacher research within their classrooms. This research is presented as a paper which is revised across the semester that summarizes the classroom research.

**EDE 4905 Independent Study: Elementary Education (1-4) ED TAL**  
Specialized independent study determined by the student's needs and interests.

**EDE 4909 Directed Study: Elementary Education (1-3) ED TAL**  
To extend competency in teaching field.

**EDE 4940 Internship: Elementary Education CPST (3-12) ED TAL**  
PR: EDE 4941 and EDE 4942  
CR: EDE 4802  
Teacher candidate required to demonstrate professional competencies during full day internship in a public or private elementary school.

**EDE 4941 Childhood Education Internship Level I (3) ED TAL**  
CR: RED 4310, EDG 4620  
Students spend six hours per week in a supervised in-school experience and attend weekly seminar.

**EDE 4942 Childhood Education Internship Level II (3-6) ED TAL**  
PR: EDE 4941, RED 4310, EDG 4620, EDF 3122, LAE 4314, EDE 4301, MAE 4310, SCE 4310, LAE 4414, SSE 4313, EME 2040.  
Students spend two days per week in a supervised internship experience in classroom settings and attend a weekly seminar. Course is restricted to Elementary Education majors. Course is repeatable for credit, for a total of 6 credit hours.

**EDE 4943 Alternative Setting Field Experience (3) ED TAL**  
PR: EDE 4942.  
This alternative setting field experience course provides Undergraduate Teacher Candidates with opportunities to work with children in non-traditional, diverse settings and integrate course and field experiences to facilitate learning.

**EDE 4944 Childhood Education Internship Level III (3) ED TAL**  
PR: EDE 4942.  
This internship experience complements foundational coursework expected in the

opportunities, and develop problem and place-based learning activities.

EDC 4212 Child Development within a School Context (1) ED EAP
An introductory course designed to acquaint students with cognitive developmental theories and research that can be applied within a school context. Emphasis on the elementary school years. Restricted to Elementary or Special Education major.

EDC 4212 Learning within a School Context (1) ED
An introductory course designed to acquaint students with brain development and learning that can be applied within a school context. Emphasis on the elementary school years. Restricted to Elementary or Special Education majors.

EDC 4213 Learning and Development within the School Context (3) ED EAP
An introductory course designed to acquaint students with developmental theories and research that can be applied within a school context. This course is required and restricted for the undergraduate elementary education program.

EDC 4275 Enhancing Children's Learning and Development within a School Context (1) ED EAP
A course that helps students to design instruction while considering individual differences & theories and research in child development and learning. Emphasis on the Elementary School years. Restricted to elementary or Special Education majors.

EDC 4008 Teaching Literature and Writing in Early Childhood WRIN 6ACT (3) ED TAL
This course is designed to provide pre-service teachers with the skills necessary to implement a coordinated literature program and an integrated writing curriculum.

EDC 4203 Programs for Young Children (3) ED TAL
Develops students' understanding of historical and social foundations of early childhood education, establishing professional beliefs regarding teaching young children, and developing an appropriate learning environment.

EDC 4211 Science for Young Children (3) ED TAL
The purpose of this course is for pre-service teachers to apply research-based learning theories to plan and teach science effectively in the Early Childhood classroom. Enrollment is restricted to majors.

EDC 4212 Integrated Curriculum: Social Sciences/Humanities & Art (3) ED TAL
Develops an understanding of appropriate curriculum experiences in social science, humanities, and arts for kindergarten and primary grades with an emphasis on integrated experiences, and sociological influences such as culture, ethnicity, language and gender impact understandings, values, and learning.

EDC 4303 Creative and Affective Experiences for Young Children (3) ED TAL
Develops students' understandings of young children's creative expression through art, music, movement, play and drama. Emphasizes how to plan, implement, and evaluate appropriate learning experiences as well as selection of appropriate instructional materials.

EDC 4307 Cognitive Experiences for Young Children (3) ED TAL
PR: EDF 4124
Emphasizes theoretical and practical aspects of cognitive development for children ages 3 through 6 with focus on planning integrated experiences and content in science, mathematics, and social sciences.

EDC 4321 Mathematics for Young Children (3) ED TAL
The purpose of this course is for pre-service teachers in the Early Childhood Program to apply research-based learning theories to plan and teach math effectively in the Early Childhood classroom.

EDC 4408 Child, Family & Teacher Relations (3) ED TAL
PR: EDF 4124
Focuses on developing an understanding of traditional and non-traditional families, structural and life style variations and parenting in diverse cultures and at-risk families. Implications from these understandings will guide development of a parent involvement plan that includes effective ways to communicate with parents, conference with parents, and plan parent meetings and home visits.

EDC 4604 Classroom Management and Guidance of Young Children (3) ED TAL
CR: LAE 4414, EEC 4408, RED 4310.
This course for early childhood education majors explores the current knowledge of guidance procedures and techniques for managing classrooms for children ages 3 to 8 years old.

EDC 4613 Assessment and Evaluation of Young Children (3) ED TAL
This course focuses on assessment and evaluation procedures when working with young children ages 3-8. It examines appropriate ways of observing and documenting children, and ways of implementing, interpreting, and utilizing multiple assessment data.

EDC 4614 Current Trends and Issues in Early Childhood Education (3) ED TAL
This course focuses on the current trends and issues in the field of early childhood education. It examines how the political and societal underpinnings of the early education system are influencing schools, teachers, young children, and their families.
## COURSE DESCRIPTIONS

**EEC 4909 Field Experience I (3) ED TAL**
- Provides knowledge of language development and emerging literacy for typical and atypical development in children from birth to third grade, including ESOL children.

**EEC 4905 Independent Study: Early Childhood Education (1-4) ED TAL**
- Specialized independent study determined by the student's needs and interests.

**EEC 4909 Directed Study: Early Childhood Education (1-3) ED TAL**
- To extend knowledge in teaching field.

**EEC 4936 Senior Seminar in Early Childhood Education CPST (3) ED TAL**
- This course focuses on helping the student synthesize university coursework and experiences in a full-time Pre-K and primary teaching placement. Emphasis is placed on planning and implementing developmentally appropriate teaching-learning experiences.

**EEC 4940 Internship: Early Childhood (9) ED TAL**
- Teacher candidate is required to demonstrate professional competences during one semester of full-time final internship teaching young children ages 3 through 8.

**EEC 4941 Field Experience I (3) ED TAL**
- Field placement with three and four year olds where teacher candidates have opportunities to apply knowledge and skills in authentic situations and become objective observers of young children's development. Weekly seminars are conducted in conjunction with the field experience which provide teacher candidates an opportunity for reflection on their understandings.

**EEC 4942 Field Experience II (3) ED TAL**
- Field placement in kindergarten or primary grade where teacher candidates have opportunities to apply knowledge and skills in authentic situations. Emphasis on developing deeper understanding of children's development and implications of development for program planning for both typical and atypical children.

**EEC 4943 Field Experience III (3) ED TAL**
- Field placement in kindergarten or primary grade where teacher candidates have opportunities to apply knowledge and skills in authentic situations. Focus on developing deeper understanding of growth and development and relationship to curriculum planning with an emphasis on self-evaluation of knowledge, skills, and dispositions essential for teaching.

**EEE 3302 Electronics I (3) EN EGE**
- A course in the physical principles of electronic devices with emphasis on semi-conductor electronics. Includes the analysis and design of amplifiers and switching circuits.

**ERE 4271 Bioelectricity (3) EN EGE**
- This is the second course in the series covering bioelectrical phenomena and systems. In this course the focus is electronics for biomedical applications, and the objective is to discuss electrical systems pertaining to the human body.

**EEE 4301 Electronics II (3) EN EGE**
- Provides further study in electronic circuits. Includes feedback and frequency response techniques in amplifier design.

**EEE 4305 Communications Electronics (3) EN EGE**
- Provides the basic principles of RF communications circuits including oscillators, mixers, high frequency amplifiers, etc. Requires the design and implementation of a short range communications link including a transmitter and a superheterodyne receiver.

**EEE 4351C Semiconductor Devices (3) EN EGE**
- An introduction to the fundamentals of semiconductor materials and semiconductor device operation.

**EEE 4359 Analog CMOS/VLSI Design (3) EN EGE**
- This course covers Analog CMOS/VLSI design with topics ranging from devices to circuits and
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

their simulations, and basics of layout design and their simulations.

EEE 4410 System on a Chip (3) EN EGE
PR: EGN 3373
This course addresses the newly emerging area of "system on a chip", which is envisioned as the next revolution beyond integrated circuits. Students will learn the principles and techniques that are expected to apply to this future technology.

EEE 4506 Biomedical Image Processing (3) EN EGE
2D signal processing; image enhancement; edge detection and image segmentation. Medical imaging: 3D computerized tomography, magnetic resonance imaging; single photon emission computed tomography; positron emission tomography; radiographs.

EEE 5344C Digital CMOS/VLSI Design (3) EN EGE
PR: EEL 4705
Design, layout, simulation, and test of custom digital CMOS/VLSI chips, using a CMOS cell library and state-of-the-art CAD tools. Digital CMOS static and dynamic gates, flip flops, CMOS array structures commonly used in digital systems. Top down design example of a bit slice processor.

EEE 5356 Integrated Circuit Technology (3) EN EGE
PR: EEL 4351
Physics and Chemistry of integrated circuit and discrete device fabrication, materials limitations, processing schemes, failure and yield analysis. A laboratory is integral to the course.

EEE 5382 Physical Basis Of Microelectronics (3) EN EGE
PR: EEL 4471
Quantum mechanics with emphasis on electronic properties in atoms, molecules, and crystals; quantum statistics; energy band theory; crystal structures; defect chemistry; semiconductor properties.

EEL 2161 Programming with C (3) EN EGE
An introductory course to provide the fundamentals of computer language for electrical engineering students. Skills on syntax, functions, data, input and output, algorithm, and creating solutions for engineering problems using C.

EEL 3100 Network Analysis and Design (3) EN EGE
PR: EGN 3420 with a minimum grade of C and EGN 3374 with a minimum grade of B.
A third course in linear circuit analysis and design. Transient and steady-state responses of passive RLC networks to various functions.

EEL 3115L Laboratory I (1) EN EGE
PR: EGN 3373 with a minimum grade of B.
Basic circuit theory applications; computer-aided design tools, electrical measurement techniques.

EEL 3116L Laboratory II (1) EN EGE
PR: EEL 3115L and EEE 3302.
This laboratory is designed to introduce electrical engineering students to the design, building and testing of active electronic networks. Computer Aided Design tools and computer data acquisition strategies are examined in greater detail.

EEL 3163C Computer Tool Lab (1) EN EGE
PR: EEL 2161 with a minimum grade of C
An introductory course to provide the knowledge on using Matlab and Simulink for solving wide range of problems in the field of electrical engineering - differential equation, convolution, Fourier Series and Transform, Laplace Transform, DSP, and etc.

EEL 3472C Electrical Engineering Science II - Electromagnetics (4) EN EGE
PR: EGN 3420 with a minimum grade of C, EEE 3394 with a minimum grade of C
Electromagnetic field theory, including charge distributions, static and dynamic electromagnetic fields, transmission lines and dynamic electromagnetic fields, transmission lines and optics.

EEL 3705 Fundamentals of Digital Circuits (3) EN EGE
Binary number systems; truth functions; Boolean algebra; canonical forms; minimization of combinational logic circuits; synchronous and Asynchronous logic circuits. HDL’s introduction.

EEL 3705L Fundamentals of Digital Circuits Laboratory (1) EN EGE
PR: EEL 3705
Develop designs and demonstrate logic concepts. Schematic capture for design implementation, simulation and design verification.

EEL 3924 Makecourse-Art: Leonardo in the New Millennium (3) EN EGE
This course aims to introduce students to the design of products with functional and aesthetic beauty. All students will design a device combining the engineering design process with artistic methodology.

EEL 4030 Electrical Systems Environments (3) EN EGE
PR: MAP 2302 and PHY 2049
Dynamics, vibration, thermodynamics, and heat transfer in electrical, electronic, and electromechanical systems and their environments.

EEL 4102 Signals and Systems (3) EN EGE
PR: EGN 3420 with a minimum grade of C, EGN 3374 with a minimum grade of C
Provides further study in the analysis of signals and linear systems. Includes time and frequency domain points of view such as Laplace and Fourier analysis as well as convolution.

EEL 4212 Energy Delivery Systems (3) EN EGE
PR: EEL 4241 with a minimum grade of C
The course provides the students the fundamentals and analysis of the electric power delivery system to facilitate the integration of distributed energy resources, e.g. solar energy.
EEL 4213 Industrial Power Distribution 1 (3) EN EGE
Pr: EGN 3375 with a minimum grade of C
Prepares the student to design electrical power systems for industrial applications. Source configurations, transformer connections, symmetrical and asymmetrical fault calculations, protective device sizing, arc flash calculations.

EEL 4214 Electric (Utility) Distribution Systems (3) EN EGE
Pr: EGN 3375 with a minimum grade of C, EEL 4213 with a minimum grade of C
Familiarizes the student with electric utility power distribution systems. Modeling loads; distribution transformers; subtransmission lines, substations, and distribution primary and secondary; power system calcs, voltage regulation, protection methods.

EEL 4224 Electric Machines and Drives (3) EN EGE
Pr: EGN 3375 with a minimum grade of C, EEL 4241 with a minimum grade of C
This course examines power electronic for motor control. AC motor control objectives and realization through power electronic converters will be discussed and validated through Matlab/SimPowersystems based circuit simulation.

EEL 4241 Power Electronics (3) EN EGE
Pr: EGN 3373 with a minimum grade of B or EGN 3374 with a minimum grade of B
This course covers circuit topologies used to convert electricity from one form to another. The course will emphasize switch mode building blocks, variety of converters based on the building block, Pulse Width Modulation based control, and applications.

EEL 4243 Switching Power Supply Design (3) EN EGE
Pr: EEE 4301
Provides the basic principles of switching power supply circuits: magnetic circuits, power semiconductors, Buck, Boost, and Flyback configurations, dc to dc converters, dc to ac inverters. Requires the design and construction of a switching power supply.

EEL 4251 Power System Analysis (3) EN EGE
Pr: EGN 3374 with a minimum grade of B, EGN 3375 with a minimum grade of C
This course will introduce analysis and operation of power systems. The topics covered in this course include per unit system, load flow analysis, voltage stability, economic dispatch, state estimation and power system economics.

EEL 4252 Power Systems II (3) EN EGE
Pr: EGN 3375 with a minimum grade of C, EEL 4102 with a minimum grade of C
Power system control and stability will be covered in this course. The two main controls in power system are voltage control and frequency control.

EEL 4258 Industrial Power Distribution 2 (3) EN EGE
Pr: EEL 4213 with a minimum grade of C
Prepares the student to design electrical power systems for industrial applications. Raceway design, switchgear and motor control centers, ladder logic, motor application, lighting systems.

EEL 4271 Power System Protection (3) EN EGE
Pr: EGN 3375 with a minimum grade of C, EEL 4213 with a minimum grade of C
Protection philosophy; electromechanical and microprocessor relays; device coordination; instrument transformers; distance and differential relays; non-radial line, transformer, and generator/motor protection.

EEL 4283 Sustainable Energy (3) EN EGE
This course aims to introduce students to concepts of sustainable energy conversion. Solar, wind, hydroelectricity, hydrogen, biomass and geothermal energy conversion methods as well as main storage technologies will be discussed.

EEL 4295 Power Quality (3) EN EGE
Pr: EGN 3375 with a minimum grade of C
Basic power quality concepts including interruptions, voltage sags and swells, transient overvoltages, and harmonics. Emphasis on identifying and designing means of mitigation for commonly-encountered power quality problems.

EEL 4420 RF & Microwave Measurements (2-3) EN EGE
Pr: EEL 4423L
This course introduces students to the theory and applications of modern radio frequency and microwave measurements. Topics to be included are network analyzer, spectrum analyzer, noise, power, and non-linear distortion measurements. Modern trends also treated are the use of on-wafer measurements for transistor characterization and the evaluation of monolithic microwave integrated circuits.

EEL 4421 RF/Microwave Circuits I (3) EN EGE
Pr: EEL 3100, EEL 4471.
Introduction to passive microwave circuit design. Investigate the characteristics of transmission lines used in modern microwave systems, the tools used for analysis, and some common circuit topologies for matching, filtering and power distribution. Part one of a two-part sequence. EE majors only. Not available on an S/U basis.

EEL 4422 RF/Microwave Circuits II (3) EN EGE
Pr: EEL 4421.
Introduction to active RF/Microwave circuit design. Investigate the characteristics of amplifiers and oscillators used in modern microwave systems, the tools used for analysis, and some common circuit topologies for biasing and matching. Substantial coverage of stability analysis, constant gain methods and noise figure. Part two of a two-
COURSE DESCRIPTIONS

EEL 4727C Digital Signal Processing with Field Programmable (3) EN EGE
PR: EEL 4102 and EEL 4512C
Development of real-time digital signal processing systems from algorithm to hardware using DSP, FPGA and hybrid DSP/FPGA rapid prototyping platforms. The course has both lecture and laboratory components.

EEL 4740 Embedded Systems (3) EN EGE
PR: EEL 4744 with a minimum grade of C
This course covers the principles of hardware and software design for higher-end embedded systems inherent in many hardware platforms and applications being developed for engineering and science.

EEL 4743L Microprocessor Laboratory (1) EN EGE
CR: EEL 4744.
Application of microprocessors and microcontrollers for data entry, processing, display and real time signal input/output and control.

EEL 4744 Microprocessor Principles and Applications (3) EN EGE
PR: EEL 4705.

EEL 4756 Digital Signal Processing (3) EN EGE
PR: EEL 4102
Sampling and quantization of signals; frequency-domain representations, transforms; digital filtering filter stuctures; DFT, FFT; multi-rate processing, Special analysis.

EEL 4781C Distributed Process & Computer Networks (3) EN EGE
PR: EEL 4851C.
Design and analysis of distributed processing systems. Covers communication hardware and software, network operating systems, and reliability enhancement techniques.

EEL 4852C Data Base Systems (3) EN EGE
PR: EEL 4851C.
Fundamentals of data base management systems. Codasyl, network, hierarchical, and relational data base systems are analyzed, and typical applications are presented.

EEL 4905 Independent Study (1-5) EN EGE
Specialized independent study determined by the students’ needs and interests.

EEL 4906 EE Design 1 (3) EN EGE
CR: EEE 4301, EEL 4512C, EEL 4657, EEL 4744.
An introduction of engineering design with applications specific to practical engineering problems. Included are discussion of real-world issues as economics, safety, ethics and the environment.

EEL 4914 EE Design 2 CPST (3) EN EGE
PR: EEL 4906
Students apply the knowledge acquired in the classroom to design a system which meets a predetermined set of specifications. Students work individually or in small groups with a faculty member (project director) in their area of interest. (Majors only.)
### Course Descriptions

**EEL 4935 Special Electrical Engineering Topics I**  
(1-3) EN EGE  
**EEL 4936 Special Electrical Engineering Topics II**  
(1-3) EN EGE  
**EEL 4937 Special Electrical Engineering Topics III**  
(1-3) EN EGE  
**EEL 5250 Power System Analysis**  
(3) EN EGE  
**EEL 5462 Antenna Theory**  
(3) EN EGE  
**EEL 5594L Wireless Circuits and Systems Laboratory**  
(3) EN EGE  
**EEL 5771 Introduction to Computer Graphics I**  
(3) EN ESB  
**EEL 5935 Special Electrical Engineering Topics I**  
(1-3) EN EGE  
**EEL 5936 Special Electrical Engineering Topics II**  
(1-3) EN EGE  
**EEL 5937 Special Electrical Engineering Topics III**  
(1-3) EN EGE  
**EEX 4012 Foundations of Special Education**  
(3) ED TAL  
**EEX 4070 Integrating Exceptional Students in the Regular Classroom**  
(2-3) ED TAL  
**EEX 4202 Context and Foundations**  
(6) ED TAL  
**EEX 4211 Educational Assessment of Exceptional Students**  
(3) ED TAL  
**EEX 4240 Beginning to Teach**  
(6) ED TAL  
**EEX 4241 Creating Effective Learning Environments**  
(3) ED TAL  
**EEX 4242 Enhancing Expertise in Teaching and Instructional Decision Making**  
(6) ED TAL  
**EEX 4243 Education of Exceptional Adolescents and Adults**  
(3) ED TAL  
**EEX 4244 Becoming a Special Education Teacher**  
WRIN 6ACT (3) ED TAL

---

**EEL 5250 Power System Analysis**  
PR: EGN 3375.  
Analysis and design technique for AC power systems.

**EEL 5462 Antenna Theory**  
PR: EEL 4471  
Antenna theory beginning with fundamental parameter definitions and continuing with mathematical concepts, elemental antennas and arrays.

**EEL 5594L Wireless Circuits and Systems Laboratory**  
An extensive hands-on introduction to wireless radio frequency and microwave circuits and systems, involving modern measurements, fabrication and computer-aided design experiences at both component and sub-system levels.

**EEL 5771 Introduction to Computer Graphics I**  
PR: COP 4530  
An introduction to the evolution of computer graphics including point-plotting, line drawing, two-dimensional transformations and graphics software packages.

---

**EEX 4012 Foundations of Special Education**  
ED TAL  
Characteristics and needs of children who have learning disabilities, emotional disabilities, hearing impairments, mental retardation, physical handicaps, speech impairments, visual limitations, and who are gifted and talented.

**EEX 4045 Perspectives on Learning and Behavioral Differences**  
(3) ED TAL  
PR: EEX 4012  
The purpose of this course is to introduce students to the historical and theoretical perspectives on educating students with learning and behavioral differences, develop a critical understanding of current practices in service delivery systems, and examine professional issues and trends that impact the future of the field.
EEX 4942 Practicum in Exceptional Teacher Education (1-4) ED TAL
PR: EEX 4202, EEX 4942, EEX 4240, EEX 4241.
Each practicum is linked to a specific course and provides opportunities for teacher candidates to apply what they are learning in the field. Practicum is restricted to majors.

EEX 4944 Final Internship (1-12) ED TAL
PR: EEX 4942
CR: EEX 4244
The course fulfills the Florida Department of Education, teacher certification requirement for a full-time internship in a K-12 accredited school for Exceptional Student Education Majors only. It is not repeatable.

EEX 5705 Seminar in Preschool Handicapped (2) ED TAL
Intended to familiarize the education student with the wide range of needs and services of the preschool children with disabilities and their families and how they coordinate with educational services.

EEX 5752 Working With Families: A Pluralistic Perspective (3) ED TAL
PR: Introductory course in special education
The impact of the socio-cultural environment on the education of at-risk children and children with disabilities; family systems theory, principles of multi-cultural education, strategies for working effectively with families of school-age children, diverse cultures and family structures represented in school populations today.

EGI 5051 Nature and Needs of the Gifted (3) ED TAL
This survey course examines the characteristics and educational needs of children and youth who are gifted, including those from special populations. Emphasis is on giftedness as defined historically, nationally and locally. The course also explores changing views of intelligence and talent development related to policy and practice in gifted education as well as the processes of identification and programming.

EGI 5307 Theory and Development of Creativity (3) ED TAL
Exploration of the concept of creativity, its factors, measurement, and application to education. Opportunities are given to work with children in a laboratory setting and to prepare materials to be used with small groups of children.

EGN 1113 Introduction to Design Graphics (3) EN EGB
The student learns how to graphically represent technical designs using sketches, traditional drawing tools, and AutoCAD. The lab features twenty Pentium II computers running AutoCAD R14.

EGN 2080 Light and the Arts: A Quantitative Approach (3) EN EGB

EGN 2081 Circuit Mathematics and Physics (2) EN EGB
Remedial work on the mathematical and physical concepts that are necessary for EGN 3373.

COURSE DESCRIPTIONS

EGN 3615 Engineering Economics with Social and Global Implications (CASB) (3) EN EGB
   Presents basic economic models used to evaluate engineering activities and an understanding of the social and ethical implications of financial decisions in a multicultural environment through lectures, case studies and current readings.

EGN 3940 Professional Engineering Internship (0) EN EGB
   Professional or interdisciplinary work period in engineering or career-related field. Enrollment limited to one semester and/or one summer per academic year. Offered on a S/U basis only. Restricted to engineering majors.

EGN 4366 Materials Engineering II (3) EN EGB
   Applications and structure property relationships of commonly used engineering materials. Steel, nonferrous alloys and their welding, heat treatment and processing. Introduction to ceramic and polymeric materials.

EGN 4450 Introduction to Linear Systems (2) EN EGB
   PR: MAC 2282.
   Study and application of matrix algebra, differential equations and calculus of finite differences.

EGN 4453 Numerical & Computer Tools I in Civil & Env Eng (3) EN EGB
   PR: MAC 2281, PHY 2048
   EXCEL spreadsheet operations, computer basics, computer programming operations, flow charts, developing simple computer programs, vector and matrix algebra, equation solving techniques.

EGN 4454 Numerical & Computer Tools II in Civil & Env Eng (3) EN EGB
   PR: EGN 4453
   CPR: MAP 2302
   Numerical Methods including numerical integration, root finding, numerical differentiation and integration, eigen-values, and eigen-vectors, data modeling. Development of computer programs to perform these operations.

EGN 4905 Independent Study (1-5) EN EGB
   Specialized independent study determined by the students' needs and interests.

EGN 4930 Special Topics in Engineering (0-3) EN EGB
   New technical topics of interest to engineering students.

EGN 5421 Engineering Applications for Vector Analysis (3) EN EGB
   Vector methods in electromagnetism and fluid mechanics. Vector operators, line and flux integrals, potential and transport theorems, applications.

EGN 5422 Engineering Applications of Partial Differential Equations (3) EN EGB

EGN 5423 Neural Networks and Mathematics for Communication (3) EN EGB
   Advanced matrix algorithms: LU and QR factorizations, least-squares, pseudoinverse. Techniques for optimization.

EGN 5424 Engineering Applications of Complex Analysis (3) EN EGB
   Analytic functions, conformal mapping, residue theory, Laurent series, transforms. Applications to various problems in engineering and physics.

EGN 5940 Professional Engineering Internship (0-6) EN EGB
   Professional or interdisciplinary work period in engineering or career-related field.

EGS 2040 History of Technology (3) EN EGB
   Covers the evolution of technology and its influence on society from pre-historic man to the modern day. Topics include: seven technological ages of man, methods of producing power, materials, transportation, communication and calculation, and technology and society.

EGS 3720 Globalization and Technology CAGC HHCP (3) EN EGB
   In this course the student will learn to apply financial analyses to engineering projects. In addition the student will learn the effects (ramifications) of the changing global economy. He/she will apply the tools to business and personal situations.

EIN 3241 Ergonomics I (3) EN ESB
   Using the fundamentals of the design process, this course demonstrates the critical importance of ergonomic tools and underlying physical human capacities.

EIN 4142 Project Management (3) EN EGX
   PR: EGN 3443
   Provide principles and techniques for planning, scheduling and managing projects in engineering and related environments. Applies analytical tools and techniques including software to solve project management problems. Not restricted. Non-repeatable.

EIN 4172 ISO 9000/14000 (3) EN EGX
   This course covers analysis of ISO 9000 and ISO 14000 publications with a view towards understanding the documentation process, auditing for registration purposes, and the relationship to the quality systems and programs.

EIN 4173 Quality Management Systems (3) EN EGX
   This course presents the functions and responsibilities of the quality organization. Quality Management Systems concepts and tools for continuous improvement. include Baldrige Criteria, ISO 9000, and 6-Sigma, are analyzed for sequence of use and application.

EIN 4180 Principles of Engineering Management (3) EN EGX
COURSE DESCRIPTIONS

Emphasis is placed on management practice in an engineering-intensive context. Topics include management theory, planning and control, strategic management, organizing, ethics, leadership, innovation and change, and communication skills.

EIN 4200 Creativity in Technology (3) EN EGS
This course is designed to aid in re-opening the creativity within ourselves so that each life can be a work of art. Exploration and discovery of the individual’s higher SELF helps to develop their complete potential and creativity in all parts of life.

EIN 4213 Engineering Systems Safety (3) EN EGS
PR: EGN 3615
This course presents the theory and practical implications of concepts of system safety related to the life cycle of a product/system, analysis of the fundamental concepts, design implications, and specifications of safety in a human machine environment.

EIN 4214 Occupational Safety Engineering (3) EN EGS
Introduction to the principles of designing, maintaining, and managing a free-hazard workplace, including mechanical, fall/lifting, climate/environmental, electrical, fire, explosive and pressure. Covers design issues, warnings, and personal protective equipment.

EIN 4242 Ergonomics II (3) EN ESB
PR: EIN 3241
This course applies the concepts of work design and measurements within the ergonomic arena to achieve work design that is ergonomically feasible and effective.

EIN 4243C Human Factors 6ACT (3) EN EGS
Design of man-machine systems, by taking into consideration both human and machine capabilities and limitations.

EIN 4312C Work Analysis (3) EN EGS
PR: EGN 3613C or EGN 3615, EGN 3443.
Operation analysis and workspace design, work measurement, standard data, ergonomics, and labor costing.

EIN 4333 Production Control (3) EN EGS
PR: ESI 4312.
Planning and control of production systems. Includes: forecasting and inventory control models, scheduling and sequencing, MRP, CPM/PERT, and resource requirements.

EIN 4352 Engineering Cost Analysis (3) EN EGS
PR: EGN 3615.
This is a non-repeatable course restricted to Industrial Engineering majors. It provides students with the principles and techniques for the cost analysis, estimation and evaluation of engineering design in service and manufacturing organizations.

EIN 4364 Facilities Design and Cost Analysis (3) EN EGS
PR: EIN 4312C
CPR: EIN 4333, ESI 4221
Principles and techniques for the design, modification, cost analysis, and evaluation of service and industrial production facilities.

EIN 4385 Management of Technical Change (3) EN EGS
In this course we explore how technology changes can impact business, how employees accept changes to benefit the company, and how to gain optimal results from such changes. This course focuses on the tools to achieve successful change.

EIN 4451 Lean Six Sigma (3) EN EGS
A presentation of lean six sigma, what it is, details of the tools and methodology that comprise it, and how it relates to the business process improvements.

EIN 4453 Advanced Lean Six Sigma (3) EN EGS
PR: EIN 4451
Advanced Lean Six Sigma expands upon initial exposure to lean six sigma knowledge of available statistical tools and techniques. It carries the service learning designation and includes a compulsory project where learned concepts are applied.

EIN 4621 Manufacturing Processes (3) EN EGS
PR: EGS 1113.
The study of basic manufacturing processes and precision assembly. CAD/CAM including NC programming.

EIN 4891 Capstone Design CPST (3) EN EGS
PR: EIN 4364.
Teams of students work on the design of a product/service company and performed tasks that range from product/service definition (and assessment of market needs) to production and evaluation of economic/financial feasibility. The product/service design will use existing prototype(s) that need revisions, improvements and enhancements considering design, usability, productivity/manufacturability, and delivery.

EIN 4933 Special Topics in Industrial Engineering (1-3) EN EGS
Special topics related to economic analysis, optimization, human factors, manufacturing and automation aspect of industrial systems. Repeatable up to 5 credit hours.

EIN 5174 Total Quality Management Concepts (3) EN EGS
This course will examine the methodology and procedures that companies use to improve quality and its operational benefits, including the management transformation (paradigm shift) that is evolving. Unrestricted. Nonrepeatable for credit.

EIN 5182 Principles of Engineering Management (3) EN EGS
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Introduction to the fundamentals of planning, organizing and leadership as needed by engineers, scientists, and other professionals considering managerial positions.

EIN 5201 Creativity in Technology (3) EN EGS
Designed to aid engineers, and others, re-open the creativity within themselves. It is focused on the student and his/her interests in technology and innovation. Graduate students and senior undergraduates.

EIN 5275 Work Physiology and Biomechanics (3) EN EGS
Human physiological limitations encountered in design, analysis and evaluation of man-machine systems.

EIN 5350 Technology and Finance (3) EN EGS
A course for technical managers that focuses on how financial and economic principles are utilized to make technical investments and manage technical enterprises.

EIN 5452 Engineering a Lean Enterprise (3) EN EGS
Engineering the Lean Enterprise introduces you to one of the most successful strategies in operations: lean manufacturing, as seen at Toyota and other companies. Lean manufacturing is a philosophy that applies both on and off the factory floor.

EIN 5510 Manufacturing Systems Analysis (3) EN EGS
The study of systems of manufacturing entities such as machine tools, robots, and materials handlers. Emphasis is on mathematical description of integrated systems and system optimization.

EMA 4003 Introduction to Materials Science (3) EN ECH
PR: ECH 3023 or CI
Introduction to the main families of materials and principles behind their design, selection, development, and behavior. Relationship of properties to structure and processing of materials.

EMA 4324 Corrosion of Engineering Materials I (3) EN EGX
Principles of electrochemical corrosion and the representation of corrosion processes by polarization diagrams. Origin and prevention of the localized forms of corrosion and approaches to corrosion control.

EMA 5326 Corrosion Control (3) EN EGX
PR: EGN 3365.
Provide understanding of corrosion fundamentals. Introduce design for corrosion detection, protection, and control. Acquire research project experience.

EMA 2040 Introduction to Technology for Educators (3) ED EAP
Designed as an introduction to computer technology and its role in teaching and learning processes. Topics include educational software, ethical and social issues, hardware, interactive multimedia, models for integrating technology into instruction, productivity tools and telecommunications.

EME 5317 Technology Leadership in Education (3) ED EAP
Selecting, organizing, and using major types of instructional technology and equipment in various school curricula and educational programs. Explores the transformational power of emerging technologies in schools.

EME 5403 Computers in Education (3) ED EAP
A survey course designed to introduce practicing teachers to microcomputer technology and its function in the classroom to augment the teaching and learning processes. Objectives include the use and evaluation of educational software, classroom use of computers, instructional computing research, generic applications software (word processors, database managers, etc.), programming, disk operating systems, and microcomputer hardware.

EML 3022 Computer Aided Design and Engineering (3) EN EGR
This course is intended for developing graphics design concepts in undergraduate students. Learning engineering drawing fundamentals, design views, design and analysis of mechanical engineering power transmission components using computer aided software.

EML 3035 Programming Concepts for Mechanical Engineers (1) EN EGR
PR: MAC 2281, PHY 2048
Solution of engineering and science problems using programming language such as Visual Basic or Maple. Topics include fundamentals of programming, controlling program flow and arrays. Restricted to majors; not repeatable for credit.

EML 3041 Computational Methods (3) EN EGR
PR: MAP 2302 with a minimum grade of C- or EGN 3433 with a minimum grade of C- or EML 3035 with a minimum grade of C- and EGN 3343 and EML 3500 with a minimum grade of C
Techniques to solving engineering problems using numerical methods. Topics include roots of equations, matrix algebra, simultaneous linear equations, numerical integration and differentiation, and curve fitting.

EML 3262 Kinematics and Dynamics of Machinery (3) EN EGR
PR: EGN 3321, EML 3022, both courses with a minimum grade of C- and EGN 3343, EML 3500, both courses with a minimum grade of C
Kinematics of machines and mechanisms; position, velocity, and acceleration analysis of mechanisms; cams; gear trains; inertia forces in mechanisms; flywheels; balancing of rotating masses.

EML 3303 Mechanical Engineering Lab I (3) EN EGR
## COURSE DESCRIPTIONS

**PR: EGN 3443**
CR: EML 3701, EML 3500

**EML 3500 Mechanics of Solids (3) EN EGR**
PR: EGN 3311
Stress and deflection analysis of machine parts, variable loads, endurance limits, fasteners, bearings, power transmission, code consideration of pressure and vacuum vessels, elements of design.

**EML 3701 Fluid Systems (3) EN EGR**
PR: EGN 3343 (with a minimum grade of C), EGN 3321 (with a minimum grade of C-)
Principles of fluid flow; piping and duct systems; fluid machinery; metering of compressible and incompressible flow; boundary layer theory; dimensional analysis; introduction to aerodynamics.

**EML 4106C Thermal Systems and Economics (3) EN EGR**
PR: EGN 3343 and EML 3500, both courses with a minimum grade of C
Power and refrigeration cycles; fuels and combustion; internal combustion engine cycles; co-generation; nuclear energy; methods of economic analysis.

**EML 4123 Heat Transfer (3) EN EGR**
PR: EML 3701, EML 3041
Conduction, convection and radiant heat transfer; thermal properties of materials; role of fluid flow in convective heat transfer; design and selection of heat exchangers.

**EML 4141 Thermal Management of Electronic Systems (3) EN EGR**
PR: EML 4123
Introduction to principles of thermal management for controlling heat dissipation in electronics systems. Passive & active thermal management techniques for electronic systems & components are considered with regard to fundamental heat transfer modes.

**EML 4220 Vibrations (3) EN EGR**
PR: EML 3262, EML 3041 (Grade of C- required)

**EML 4230 Introduction to Composite Materials (3) EN EGR**
PR: EML 3500 and EML 3041
The course introduces manufacturing types and applications of advanced composites. Students study micromechanical and macromechanical behavior of a lamina and analyze and design a laminated structure made of advanced composite materials.

**EML 4246 Tribology (3) EN EGR**
PR: EML 3500, EML 3701 and EML 4501
Introduction to friction, lubrication and wear. Contact of real surfaces, mechanics of friction, surface failures, boundary lubrication fluid properties, thin film lubrication, thick film lubrication, bearing and lubricant selection.

**EML 4284 Compliant Mechanisms (3) EN EGR**
PR: EML 3262
This course presents methods for the design of compliant mechanisms, mechanisms that gain some or all of their motion from the deflection of flexible members. The course treats mechanism analysis, synthesis, and design applications.

**EML 4302 Mechanical Engineering Laboratory II (3) EN EGR**
PR: EML 3303.
Continuation of EML 3303 with emphasis on material and energy balances, stress analysis and vibrations. Lec.-lab. The Team-Project-Time Approach.

**EML 4310 Microcontrollers (3) EN EGR**
CR: EML 4312.
To introduce students to microcontroller technology, and to provide them with an understanding of the concepts and principles used to interface input and output devices to microcontrollers, program microcontrollers, and to develop applications.

**EML 4312 Mechanical Controls (3) EN EGR**
PR: EGN 3321, EGN 3373.

**EML 4325 Mechanical Manufacturing Processes (3) EN EGR**
PR: EGN 3365 with a minimum grade of C- and EGN 3343 and EML 3500 both with a minimum grade of C
Description of mechanical material cutting, forming and fabrication methods, as used in modern industrial manufacturing processes.

**EML 4326 Advanced Materials Processing (3) EN EGR**
PR: EML 3500 and EML 4325.
Advanced materials processing focuses on the fundamental principles of solidification, deformation, additive and subtractive processes. Integrated process modeling will lead to optimized performance through processing - structure - property relationships.

**EML 4395 Motor Selection and Control (3) EN EGR**
PR: ENG 3373
**COURSE DESCRIPTIONS**

**UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG**

Standard electrical voltages; power wiring in industrial plants; NEMA motor designs and their uses; techniques for estimating motor starting times and temperature rise; motor selection, starting, and operating safety interlocks; conventional starting and control systems; programmable controllers; electrical code requirements for conductors and protective devices.

**EML 4414 Power Plant Engineering (3) EN EGR**
PR: EML 4106C.
The study of large scale thermo-electric power conversion for utility systems. Combustion of hydrocarbon fuels, furnace, steam generated auxiliary system design. Topics include control of our emissions, design and performance of combined power facilities.

**EML 4419 Propulsion I (3) EN EGR**
PR: EML 3701, EML 3500
Introduction to the design of propulsion systems. Basic analysis of internal combustion, jet and rocket engines. Application to ground and air transportation. Advanced propulsion concepts. Special topics for class discussion.

**EML 4450 Alternative & Renewable Energy (3) EN EGR**
PR: EML 3500 and EGN 3343
An overview of energy conversion for electrical power generation and transportation, both conventional and sustainable. The course is aimed at mechanical engineering seniors and includes hands-on design projects.

**EML 4501 Machine Design (3) EN EGR**
PR: EML 3500 with a minimum grade of C and EML 3022 and EML 3262 both with a minimum grade of C-
Designed to teach students to apply the principles of engineering mechanics, materials and manufacturing to the design/analysis of machine elements and mechanical systems. Emphasis is given toward good design practice as well as pitfalls that can result in a catastrophic failure.

**EML 4503 Sustainable Design and Materials (3) EN EGR**
PR: EML 4501
This course integrates sustainability into the design of engineered products. Topics include materials selection and function performance, design for the 4 Rs, end-of-life concerns and product life cycle assessment methods.

**EML 4551 Capstone Design CPST (3) EN EGR**
PR: EML 4501 (minimum grade: C-), and EML 4106C (minimum grade: C-), and EML 3701 (minimum grade: C-)
Comprehensive design or feasibility project requiring application of previously acquired engineering knowledge; use of ANSYS, CAD AND Pro/E.

**EML 4552 Senior Mechanical Design (3) EN EGR**
Comprehensive design or feasibility study project. In some cases may be a continuation of EML 4551.

**EML 4575 Principles of Fracture Mechanics (3) EN EGR**
PR: EML 3500, EGN 3343
Introduction to failure and fracture of linear and nonlinear engineering materials, as well as designing against fracture in modern materials.

**EML 4593 Haptics (3) EN EGR**
PR: EML 3041; EML 4312
Course covers the theory and implementation of haptic interfaces and rendering, teleoperation, modeling, control and stability of feedback for robotic systems and virtual environments, and the related human haptic sensing capabilities.

**EML 4601 Air Conditioning Design (3) EN EGR**
PR: EGN 3343 and EML 3500, both courses with a minimum grade of C
Application of thermodynamics, heat transfer, and fluid flow to sizing of HVAC systems. Heating and cooling calculations, air requirements, equipment sizing. Energy Code requirements. Design project.

**EML 4702 Fluid Dynamics II (3) EN EGR**
PR: EGN 3343, EGN 3321 and EML 3701
The Fluid Dynamics II course is a senior level technical elective for Mechanical Engineering Students. The goal of the course is develop an advanced understanding of fluid dynamics applied to mechanical engineering as well as to other related fields.

**EML 4703 Mechanics of Compressible Fluids (3) EN EGR**
PR: EML 3701, EGN 3343
Introduction to kinetic theory of gases, compressible flow equations, isentropic flow, flow with friction and heat transfer, compression and expansion in supersonic flow, normal and oblique shock waves and Prandtl-Meyer expansions.

**EML 4905 Independent Study (1-4) EN EGR**
Specialized independent study determined by the student's needs and interests.

**EML 4930 Special Topics in Mechanical Engineering (1-3) EN EGR**

**EMR 4011 Mental Retardation and Developmental Disabilities (3) ED TAL**
PR: EEX 4012 or equivalent.
This course is designed to provide students with a broad introduction to the area of mental retardation and developmental disabilities with particular emphasis on the educational aspects. This course is required by the State for certification in mental retardation.

**ENC 1101 Composition I CAEC HHCP 6ACT (3) AS ENG**
This course helps prepare students for academic work by emphasizing expository writing, the basics of library research, and the conventions of academic discourse.

**ENC 1102 Composition II CAEC 6ACT (3) AS ENG**
PR: ENC 1101 (or the equivalent, i.e. passing the CLEP exam).
This course emphasizes argument, research, and style. As students engage in creative and critical thinking, they learn to support assertions based on audience and purpose; students apply library research, strategies for revision, and peer response.

ENC 1130 Improving College-Level Writing (3) US
This class approaches writing as a process and utilizes prewriting, drafting, revising, and editing. Through intensive reading and writing practice, the curriculum will address grammar, mechanics, punctuation, word usage, and essay structure.

ENC 2210 Technical Writing 6ACT (3) AS ENG
PR: ENC 1101 and ENC 1102 or ENC 1121 and ENC 1122.
Effective presentation of technical and semi-technical information. Will not count toward the English major.

ENC 3242 Technical Communication for Majors (3) AS ENG
PR: ENC 1101 & 1102 or ENC 1121 & 1122.
The study of the range of possible careers for technical communicators with special emphasis on the issues that professional writers face in various workplace contexts and on the skills needed in word processing.

ENC 3246 Communication for Engineers WRIN 6ACT (3) AS ENG
Focuses on writing concerns of engineers. Deals with the content, organization, format, and style of specific types of engineering documents. Provides opportunity to improve oral presentations.

ENC 3249 Communication for IT Professionals WRIN 6ACT (3) AS ENG
PR: ENC 1101 and ENC 1102 or Honors English.
This course is devoted to the written and oral communication concerns of the 21st Century information technology professional. Students will be engaged individual and team development of professional and technical documents relevant to the IT field.

ENC 3250 Professional Writing WRIN 6ACT (3) AS ENG
PR: ENC 1101 and ENC 1102 or ENC 1121 and ENC 1122.
The course is an introduction to the techniques and types of professional writing, including correspondence and reports. It is designed to help strengthen skills of effective business and professional communication in both oral and written modes.

ENC 3310 Expository Writing WRIN 6ACT (3) AS ENG
PR: ENC 1101 and ENC 1102 or ENC 1121 and ENC 1122.
This is a course that teaches the techniques for writing effective prose, (excluding fiction), in which student essays are extensively criticized, edited, and discussed in individual sessions with the instructor and with peers.

ENC 3371 Rhetorical Theory for Technical Communication (3) AS ENG
This course provides undergraduates exposure to key rhetorical theorists and concepts, placing special emphasis on the relationships between rhetor, audience, context, and medium. This course is open to all students and is not restricted or repeatable.

ENC 3416 New Media for Technical Communication (3) AS ENG
PR: ENC 1101 and ENC 1102 or ENC 1121 and ENC 1122.
The study and production of digital media with special emphasis on emergent and evolving applications.

ENC 3435 Rhetoric and Gaming (3) AS ENG
This course applies different theoretical lenses to broaden students’ understandings of videogames. Students familiarize themselves with the major genres of writing predominant in the videogame industry. Students work together to design and implement a game.

ENC 4218 Visual Rhetoric for Technical Communication (3) AS ENG
PR: ENC 1101 and ENC 1102 or ENC 1121 and ENC 1122.
The study and production of visual rhetoric with special emphasis on print and digital document design and technical graphics.

ENC 4260 Advanced Technical Writing (3) AS ENG
PR: ENC 2210, or ENC 3310
Advanced Technical Writing is a course designed to develop writing skills of a high order: technical exposition; technical narration, description, and argumentation; graphics; proposals; progress reports; physical research reports; and feasibility reports.

ENC 4311 Advanced Composition (3) AS ENG
PR: ENC 3310
Instruction and practice in writing effective, lucid, and compelling prose, with special emphasis on style, logical argumentation, and critical thinking.

ENC 4931 Selected Topics in Professional and Technical Writing (3) AS ENG
PR: ENC 3250, ENC 2210, or ENC 3310
Focus of the course will be determined by student demand and instructor interest. Topics to be covered may include legal writing, the conventions of business writing, writing in the medical fields, and writing for the social sciences. May be taken twice for credit with different topics.

ENC 4940 Professional/Technical Communications Internship (3) AS ENG
Supervised work-and-learning experience in professional and technical communications under the direction of a University faculty member and an employee of a participating firm. Repeatable one time for 3 credit hours.

</table>
and intellectual milieu of the period; as well as issues of class, race, and gender. Will not count toward English major.

ENL 4112 Eighteenth-Century British Novel (3) AS ENG
This course studies exemplary British novels from the eighteenth century, the distinctive literary features of the novel in this formative period, and the critical questions surrounding the emergence of this genre.

ENL 4122 19th Century British Novel (3) AS ENG
Study of the 19th-century British novel, including works by novelists such as Thackeray, Dickens, Eliot, Hardy, Trollope, and others. Analysis of the characteristics of the novels and their historical, social, cultural, and political contexts.

ENL 4132 British Novel: Conrad to the Present (3) AS ENG
A critical study of British fiction from 1900 to the present, with emphasis on such writers as Conrad, Lawrence, Joyce, Woolf, Huxley, Orwell, Burgess, Murdoch, Golding, and others.

ENL 4203 Introduction to Old English (3) AS ENG
This course will give students a reading knowledge of the Old English language and introduce them to its literature.

ENL 4303 Selected British Authors (3) AS ENG
The study of two or three major figures in British Literature. The course may include such writers as Fielding and Austen, Keats and Yeats, Joyce and Woolf. Specific topics will vary. May be taken twice for credit with different topics.

ENL 4311 Chaucer (3) AS ENG
An intensive study of The Canterbury Tales and major critical concerns.

ENL 4338 Advanced Studies in Shakespeare (3) AS ENG
PR: ENL 3331 or ENL 3332
Intensive study of selected plays of Shakespeare, with special attention to significant critical issues and to the Elizabethan and Jacobean cultural setting.

ENL 4341 Milton (3) AS ENG
Study of the poetry and major prose of John Milton, with special emphasis on Paradise Lost.

ENL 4501 Studies in Medieval and Early Modern Literature (3) AS ENG
This course will examine specific eras, genres, and authors within medieval and early modern literature.

ENT 3003 Principles of Business in Entrepreneurship (3) BA MKT
Introduction to business principles in entrepreneurship for non-business and non-industrial engineering students. Provides basic foundation in entrepreneurship, finance and accounting. Helps students to understand the role of entrepreneurship in society.

ENT 4014 New Venture Formation (3) BA MKT
PR: ENT 3003 or (MAN 3025 and ACG 2021)
Course for Business and Industrial Engineering students. Integrates business principles with entrepreneurship and venture creation. Synthesizes theoretical and practical aspects of entrepreneurial new business creation.

ENT 4024 Small Business Management - Entrepreneurship (3) BA MAN
Study the factors involved in starting and managing a small to medium sized company. Emphasis on conduct of pre-business feasibility, start-up of business, successful management of firm, and options for succession or termination.

ENV 4244 Fundamentals of Venture Capital and Private Equity (3) BA MKT
PR: ENT 4014.
Elective course for business and industrial engineering students. Integrates basic principles of venture financing through an examination of both venture capital and private equity in entrepreneurial new business creation and growth.

ENV 2073 Global Warming: Science and Politics of a Contemporary Issue CANP (3) EN EGX
Non-technical introduction to the greenhouse effect and how human activities purportedly affect the global climate. Investigation of the relationship between science and the political process. Proposed policies to address global warming.

ENV 4001 Environmental Systems Engineering (3) EN EGX
CR: EGN 3353.
An introduction to various aspects of environmental problems faced by today's society. Topics covered are: air pollution, water pollution, noise pollution, solid waste management, ionizing radiation, disease transmission, and food protection.

ENV 4004L Environmental/Hydraulics Engineering Lab (1) EN EGX
PR: EGN 3353
CR: ENV 4001
Laboratory experience in the measuring of environmental and hydraulic parameters.

ENV 4351 Solid Waste Engineering (2) EN EGX
Introduction to the principles of integrated municipal solid waste management; waste minimization, recycle and disposal options. Design of landfill disposal systems. Course restricted to Civil and Environmental Engineering majors.

ENV 4417 Water Quality and Treatment (3) EN EGX
PR: EGN 3353
An introduction to municipal water supply and waste water treatment. Topics include water requirements and waste volumes, water quality, physical and chemical treatment processes, and advanced wastewater treatment processes.

ENV 4552C Environmental Unit Operations and Processes (3) EN EGX
PR: ENV 4001, ENV 4417
Theory, experimental investigation, and modeling of operations and processes in engineered and natural systems. Laboratory evaluation of unit operations and processes used in water and wastewater treatment including chlorination, activated carbon absorption, biological treatment, gas/liquid mass transfer, filtration, coagulation, flocculation, and settling. Application of experimental data to process analysis and design. Field monitoring of surface water quality; simulation of transport and transformation of pollutants in surface waters.

ENV 5103 Air Pollution Control (3) EN EGX
PR: EGN 3353.
Behavior and effects of atmospheric contaminants and the principles of making measurements in the air environment. Basic concepts of meteorology and control technology are discussed. Regulatory aspects and air pollution standards are covered.

ENV 5344 Hazardous Waste Management and Remedial Action (3) EN EGX
PR: ENV 5345 and one of the following: ENV 6347, ENV 6519, ENV 6558;
Introduction to hazardous waste management and remediation: RCRA regulatory concepts, definitions, aspects of hazardous waste management from within the plant to final disposal. History of hazardous waste cleanup leading to CERCLA and its amendments, site investigations; site control; those aspects of treatment that are unique to remedial action.

ENV 5345 Solid Waste Control (3) EN EGX
Introduction to solid waste management, including its definition as an umbrella for hazardous waste: regulatory concepts; waste types, quantities, and characterization; collection and recycling; facility siting; disposal; thermal treatment.

ENV 5504C Environmental Engineering Processes (3) EN EGX
PR: ENV 4001, ENV 4004L, ENV 4417
Theory, experimental investigation, and modeling of operations and processes in engineered and natural systems. Laboratory evaluation of unit operations and process used in water and wastewater treatment including chlorination, activated carbon adsorption, biological treatment, gas/liquid mass transfer, filtration, coagulation, flocculation, and settling. This course is restricted to majors, has no external laboratory section associated with the course, is not available on an S/U basis only, is not cross-listed with another department or college.

ENY 3004C Introduction to Entomology (4) AS BIN
PR: BSC 2010, BSC 2010L, BSC 211, BSC 201L & CHM 2045, CHM 2046 & MAC 1105 or higher-level MAC course, or STA 2023.
An introduction to general aspects of insect morphology, development, and classification. The identification of local forms will be emphasized. Fieldwork required. Lecture and Laboratory.

ENY 5505C Aquatic Entomology (4) AS BIN
PR: ENY 3004C and CHM 2210 and MAC 1105 or higher-level MAC course
CPR: PCB 3023 or PCB 3043 or PCB 3063 or PCB 3712 and CHM 2211.
Taxonomy, development, and ecology of aquatic insects with emphasis on local forms. Fieldwork required. Lecture and Laboratory.

EPD 5051 Advanced Theories in Motor and Physical Disabilities (3) ED TAL
PR: EEX 4012
Biological and functional aspects of motor and physical health disabilities, including dysfunctions in central nervous system covering motor, sensory, language and psychological disorders.

EPD 5321 Educational Strategies for Physically and Multi-handicapped Students (3) ED TAL
PR: EPD 5051.
Educational management of students with cerebral palsy, motor disabilities and multihandicapped conditions including rehabilitation and other community services.

ESC 2000 Introduction to Earth Science CANP (3) AS SGS
An introductory course in the Earth Sciences. Topics covered include geology, weather, climate change, ocean dynamics, and the history of the Earth, the solar system and beyond.

ESC 3210 Earth and Space Science Fundamentals (4) AS SGS
This course is designed to further develop science teachers’ understanding of the earth and space sciences commonly found in 6-9 school curricula, with a focus on effective earth and space sciences pedagogy and instructional practice.

ESC 4705 Geology and Development of Modern Africa (3) AS SGS
An in-depth look at how geology has affected the politics, history and culture of Africa. Units include the Nile and hydropolitics, deserts and climate, rifting and hominid evolution, and mining and politics.

ESE 4322 Classroom Management for Diverse School and Society (3) ED TAL
Focuses on classroom management in secondary schools including classroom climate, specific strategies to address management issues, school safety, violence, diversity, ethics, and educational law.

ESE 5342 Teaching the Adolescent Learner (3) ED TAL
Emphasis is placed on adolescent developmental and learning needs linking them to practices in the classroom appropriate to the diverse secondary education population (ESOL, special education, multicultural, at-risk, etc.) in preparation for planning responsive standards-based instruction.

ESE 5344 Classroom Management for a Diverse School and Society (3) ED TAL
This course covers practical, theoretical, philosophical and ethical aspects of school and society, the education profession, and secondary
COURSE DESCRIPTIONS

ESI 4007 Engineering Programming (3) EN EGS
PR: MAC 2281, with a minimum grade of C (C- not accepted).
A problem based approach to describing computer simulation models using Visual Basic for Applications and MS Excel.

ESI 4221 Statistical Quality Control (3) EN EGS
PR: EGN 3443.
This course will present the theory and methods of quality monitoring including process capability, control charts, acceptance sampling, quality engineering, and quality design.

ESI 4244 Design of Experiments (3) EN EGS
PR: EGN 3443.
Activity forecasting models and control. Design and use of inventory control models, both designs applicable to engineering analyses. Analysis of variance and regression.

ESI 4312 Deterministic O.R. (3) EN EGS
PR: COP 2510, EGN 4450.
An introduction to operations research techniques with particular emphasis on deterministic models. Linear programming, dynamic programming, goal programming, integer programming, and PERT/CPM networks are considered.

ESI 4313 Probabilistic O.R. (3) EN EGS
PR: COP 2510, EGN 3443.
Probabilistic models in Operations Research. Discrete and continuous time processes, queuing models, inventory models, simulation models, Markovian decision process and decision analysis.

ESI 4326 Engineering the Supply Chain (3) EN EGS
Students learn tools to design supply chain networks considering all drivers including: facilities, transportation, inventory, information, sourcing and pricing, as well as techniques to support design, planning and operational decisions in the supply chain.

ESI 4523 Systems Simulation (3) EN EGS
PR: ESI 4313.
A study of the development and analysis of computer simulation models: Monte Carlo, time-slice, and next-event. Introduction to special purpose simulation languages.

ESI 4606 Engineering Analytics I (3) EN EGS
PR: EGN 3443, ESI 4312.
Engineering Analytics I covers the leading techniques that help to identify and manage key data from business processes. Topics covered include techniques for understanding the meaning of data; cleaning up data; transforming data into information.

ESI 4607 Engineering Analytics II (3) EN EGS
PR: ESI 4606.
Engineering Analytics II covers important techniques that help to identify and manage key data from industrial engineering processes. Topics covered include data exploration; date visualization; and large-scale engineering system decomposition.

ESI 4620 Design of Industrial Information Systems (3) EN EGS
PR: EGN 3443 and ESI 2009 or COP 2510, or equivalent.
The objective of this course is to introduce students to the design and implementation of information systems, with special emphasis on the integration of information flows and databases with the control of manufacturing and service type systems.

ESI 4905 Independent Study (1-5) EN EGS
Specialized independent study determined by the student's needs and interests.

ESI 5219 Statistical Methods For Engineering Managers (3) EN EGS
Study of statistical methods applied to engineering management problems involving estimation and prediction under conditions of uncertainty.

ESI 5236 Reliability Engineering (3) EN EGS
PR: ESI 5219 or equiv., EGN 3443 or equivalent.

ESI 5306 Operations Research For Engineering Management (3) EN EGS
PR: ESI 5219 or equiv.
Linear programming, non-linear programming, queuing, inventory, network analysis.

ESI 5522 Computer Simulation (3) EN EGS
PR: ESI 4521 or equiv.
Design of discrete and continuous simulation models. Model validation and verification. Statistical analysis of simulation model output.

ETG 3612 Operations Management (3) EN ESB
PR: MAC 1105
CR: STA 2023
This course examines global strategies, project management, forecasting, location, scheduling, human resources, quality and math models as applied to the design and management of industrial operations.

ETG 3931 Special Topics in Information Technology (1-3) EN ESB
Topics to be chosen by students and instructor permitting newly developing subdisciplinary special interests to be explored.

ETG 3933 Selected Topics in Technology (1-3) EN ESB
Selected Topics in Technology I is repeatable for 12 credit hours.

ETG 3934 Selected Topics in Technology II (1-3) EN ESB
Selected Topics in Technology II is repeatable for 12 credit hours.

ETG 4930 Special Topics in Information Technology (1-3) EN ESB
EUH 3129 Medieval Warfare (3) AS HTY
A survey of medieval warfare in Europe and Western Eurasia from 500-1500. This course examines major issues in medieval political, social, and economic history through the lens of conflict.

EUH 3142 Renaissance and Reformation (3) AS HTY
A history of Europe from the Renaissance to the Thirty Years' War (1400-1618). The cultural, social, and economic characteristics will provide the framework for artistic, philosophical, religious, and political developments.

EUH 3181 Medieval Culture (3) AS HTY
A survey of thought, culture, and art in the Middle Ages. Medieval attitudes as manifested in literature, art, philosophy, education, and religion; with emphasis upon Medieval man's changing perception of himself and his world.

EUH 3185 Viking History (3) AS HTY
The role of the Vikings in the shaping of Western history. A comprehensive survey of their institutions, outlook and daily life. Viking expansion into Europe and North America.

EUH 3188 Medieval Society (3) AS HTY
A study of the daily life and attitudes of the medieval nobleman, peasant, townsmen, and the agrarian-urban economy and society which affected their lives.

EUH 3189 Medieval Politics (3) AS HTY
An inquiry into the nature, distribution, and use of political power during the Middle Ages, in such institutions as feudalism, monarchy, cities, and the church.

EUH 3202 History of 17th and 18th Century Europe (3) AS HTY
A history of Europe from the beginning of the Thirty Years' War to the outbreak of the French Revolution. Political and intellectual developments will be assessed in the light of society and the economy.

EUH 3205 History of Nineteenth Century Europe (3) AS HTY
A comparative study of economic, political, social, and intellectual developments in nineteenth century Europe.

EUH 3206 History of Twentieth Century Europe (3) AS HTY
A comparative study of economic, political, social, and intellectual developments in twentieth century Europe.

EUH 3401 Classical Greece (3) AS HTY
A study of ancient Greece focusing on the brilliant period following the Persian Wars, but embracing as well the formative Bronze, Middle and Archaic ages, and the decline culminating in the conquest of Greece by Philip II of Macedon in 338 B.C.

EUH 3402 Age of Alexander (3) AS HTY
A study focusing on the career of Alexander the Great and on the Greek and Macedonian conquest of Imperial Persia. Also treated are the great hellenistic kingdoms prior to Rome's conquest of the eastern Mediterranean.

EUH 3412 Roman Republic (3) AS HTY
A study of the Roman Republic from 509 B.C. to the assassination of Julius Caesar in 44 B.C., with a prelude treating Rome's early development.

under royal rule. Political growth and change provide the framework for the treatment.

EUH 3413 Roman Empire (3) AS HTY
A study of Imperial Roman from the assassination of Julius Caesar in 44 B.C. to the death of the emperor Constantine in A.D. 337. Emphasized is Rome's government of a vast Mediterranean empire including much of the near East and Europe.

EUH 3451 Modern France and its Empire (3) AS HTY
This course is a survey of the history of France and its empire from the eighteenth-century Age of Revolutions until the present.

EUH 3462 German History 1870 to the Present (3) AS HTY
A political, social, and cultural approach to the history of the German Empire from 1870 through the 1970's. The nation's two attempts to try for world power status are highlighted, as well as the Weimar Republic, prototype of the embattled democracy.

EUH 3501 British History to 1688 (3) AS HTY
A study of major developments in British history from the 15th century to 1688.

EUH 3502 British History 1688 to Present (3) AS HTY
A study of the major themes of British history since the Glorious Revolution, including social, political, and economic developments leading to the creation of the modern demographic welfare state.

EUH 3533 Celtic History (3) AS HTY
This course will cover the history of the Celtic peoples in the Iron Age, the Roman period, and the early histories of Ireland, Scotland, and Wales in the medieval period.

EUH 3575 History of Imperial Russia, 1689-1917 (3) AS HTY
A survey of social, political, economic, and cultural development in the Russian Empire from Peter the Great to Nicholas II. Topics include the expansion and modernization of the Empire, the culture of the Imperial court, peasant rebellions, social and legal reforms, the role of the West, and the collapse of the Romanov dynasty.

EUH 3576 History of the Soviet Union, 1917-1991 (3) AS HTY
A study of Soviet society under communism from the Revolution to the collapse of the USSR. Topics include the origins and development of revolutionary socialism, the Bolshevik seizure of power, Stalinism and the Great Terror, popular dissent and resistance, the treatment and experience of ethnic minorities, Gorbachev and the dissolution of the Soviet Union.

EUH 3413 Roman Empire (3) AS HTY
Area study courses are multi-disciplinary in nature and deal with one or more countries of a region. Each course combines some measure of political, economic, historical, religious, geographic, anthropological, and sociological analysis in dealing with salient features and current problems.

EUH 3501 British History to 1688 (3) AS HTY
Area study courses are multi-disciplinary in nature and deal with one or more countries of a region. Each course combines some measure of political, economic, historical, religious, geographic, anthropological, and sociological analysis in dealing with salient features and current problems.

EVR 2001L Environmental Science Lab (1) AS SGS
A laboratory course linking the human and physical/biological world. The lab will develop an understanding of population and resource interactions and complement the lecture course.

EVR 2217 Energy, Environment and Sustainability (3) EN ECH
PR: MAC 1105
A critical analysis of energy sources, distribution and consumption using scientific methodology. Attributes of commonly used energy sources including environmental impact. Social, political and economic implications from a global perspective.

EVR 2861 Introduction to Environmental Policy (3) AS SGS
An introduction to environmental policy using class lectures, student projects, and independent readings. Emphasis will be placed on understanding basic policy mechanisms and major policy actions relating to environmental issues at the local, national and international level.

EVR 4027 Wetland Environments CPST (3) AS SGS
Study of the general properties and ecology of wetlands, examination of the distribution and functions of wetlands, and consideration of wetland conservation and policies.

EVR 4033 Environmental Regulation (3) AS SGS
PR: EVR 2861
An in-depth review of the federal environmental regulatory structure of the United States, governing air and water quality, waste disposal, safety, and natural resource use and conservation.

EVR 4051 Environmental Field Methods (3) AS SGS
PR: STA 2023 or QMB 2100
This course will provide an overview of aspects of conducting environmental research, field experience, the critical analysis of environmental data, and learning the fundamentals of producing a scientifically sound report.
EVR 4104 Karst Environments (3) AS SGS
PR: EVR 2001
The objective is to provide an understanding of the scientific principles pertaining to karst environments in Florida and around the world. Both physical processes and human interactions/impacts will be examined. Not restricted to majors and not repeatable.

EVR 4114 Climate Change CPST (3) AS SGS
PR: EVR 2001
The objective is to provide an understanding of the scientific principles pertaining to global and regional climate change. Both mechanisms causing the change and human impacts on climate will be examined. Not restricted to majors and not repeatable.

EVR 4163 Forest Ecology and Management (3) AS SGS
PR: EVR 2001 or BSC 2010 or BSC 2011
This course provides instruction on the theories and techniques of forest ecology and management. Topics include: forest ecology, silviculture, forest health, dendrology, and forest measurements.

EVR 4218 Research Methods in Wildlife Ecology (3) AS SGS
Research Methods in Wildlife Ecology will review the ways in which data are collected, analyzed, and reported, so that informed decisions about wildlife management and conservation can be made. The course will have both classroom and field components.

EVR 4807 Sustainable Healthy Environments (3) AS SGS
This course examines the human health impacts of our daily activities in a modern world, with a focus on more sustainable options for improving human health.

EVR 4900 Directed Readings (1-6) AS SGS
To provide advanced students with interdisciplinary research experience in areas of specific interest.

EVR 4905 Independent Study (1-6) AS SGS
To provide advanced students with the opportunity for independent study in areas of specific interest.

EVR 4910 Environmental Science and Policy Project (3-12) AS SGS
Environmental science project consisting of research in a field related to environmental science/environmental policy. Supervised by a faculty member. Contract and report required.

EVR 4921 Environmental Science and Policy Seminar (1) AS SGS
A topical reading and discussion seminar focusing on the interdisciplinary nature of environmental science and environmental policy.

EVR 4930 Selected Topics (1-3) AS SGS
Each topic is a course under the direction of a faculty member with the content depending on the interests of the students and faculty involved. All areas of Environmental Science, Policy, Ethics and Law included.

EVR 4940 Environmental Science Internship (3-12) AS SGS
The purpose of this course is to promote the student's understanding and application of environmental science and policy within a practical organizational context. Contract and report required.

EVT 4651 Equity in Schools and the Workplace CPST 6ACT (3) ED LCA
Examine equity issues related to gender, race, culture, economics in schools/workplaces. Explore legal, ethical, psychological, social perspectives including stereotyping, prejudice and discrimination for personal implications and systems change.

EVT 4940 Internship: Industrial-Technical Education (1-12) ED LCA
CR: EVT 4936
One full semester of internship in a public or private school. In special programs where the intern experience is distributed over two or more semesters, students will be registered for credit which accumulates from 9-12 semester hours.

EVT 4946 Supervised Field Experience: Industrial-Technical Education (1-6) ED LCA
Planned supervised functions in the area of specialization and coordinated with selected schools, government, offices, social agencies, businesses and industries on site.

EXP 4104 Sensory Processes (3) AS PSY
PR: PSY 3213 with a grade of C or better
Available to both majors and non-majors. Psychophysical and neurophysiological data and theory underlying sensory processes. Visual, auditory, chemical, and somatosensory systems, with particular emphasis on visual processes.

EXP 4204C Perception (3) AS PSY
PR: PSY 3213 with a grade of C or better
Topics include sensory and physiological bases of perception and how people process relevant information in their environments.

EXP 4304 Motivation (3) AS PSY
PR: PSY 3213 with a grade of C or better
A survey of motivational processes and mechanisms from physiological and psychological viewpoints.

EXP 4404 Psychology of Learning (3) AS PSY
PR: PSY 3213 with a grade of C or better
Survey of methods, empirical findings, and theoretical interpretations in conditioning and instrumental learning.

EXP 4640 Psychology of Language (3) AS PSY
PR: PSY 3213
Historical survey of relations between psychology and linguistics leading to the emergence of psycholinguistics as a field of study. The current status of theory and research in the field will be covered.

EXP 4680C Cognitive Psychology (3) AS PSY
### COURSE DESCRIPTIONS

**FIN 3005 Fundamentals of Business Finance (3) BA FIN**  
PR: ACG 3074 or (ACG 2021 and ACG 2071), with a grade of C  
This course is a major capstone class that examines professional issues in financial planning, including: ethical considerations; regulation and certification requirements; written and oral communication skills; and professional responsibility.  
FIN 4132 Estate Planning (3) BA FIN  
PR: TAX 4001 with a minimum grade of C, FIN 4135 with a minimum grade of C  
This course is an overview of the problems and techniques that are required to make informed decisions about how the funds generated by a firm are used.  
FIN 4128 Personal Financial Planning Process and Development (3) BA FIN  
PR: FIN 4504 with a minimum grade of C, RMI 4135 with a minimum grade of C  
This course focuses on the fundamentals of estate planning, including the social and family implications of federal/state taxation of transfers of
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

FIN 4303 Financial Institutions and Markets (3) BA FIN
PR: FIN 3403, with a grade of C
A study of financial institutions and their roles in the capital markets; includes the savings allocation, investment, and financial decision making processes.

FIN 4324 Bank Management (3) BA FIN
PR: FIN 3403, with a grade of C
Application of traditional finance concepts to the management of commercial banks with emphasis on decision making and problem-solving techniques to major problem areas in banking.

FIN 4412 Working Capital Management (3) BA FIN
PR: FIN 3403, with a grade of C
An examination of short-term financial management - that is, policies and decisions related to managing the current operations of a firm. Topics to be covered include cash management, credit and collection policy, inventory decisions, and sources of short-term financing.

FIN 4414 Advanced Corporation Finance (3) BA FIN
PR: FIN 3403, with a grade of C
An examination of the financial policies of corporations, with special reference to dividend policy, financial structure, capital expenditures, acquisitions, mergers, and reorganizations.

FIN 4443 Financial Policies and Strategies (3) BA FIN
PR: FIN 4414 or FIN 4504, with a grade of C-
A senior seminar for majors in Finance. Primarily a case course examining financial policies and the application of financial analysis to alternative strategies.

FIN 4461 Financial Statement Analysis (3) BA FIN
PR: FIN 3403, with a grade of C
Provides an understanding of the relationship between financial statements produced in accordance with GAAP and the informational content such statements provide. After completing the course, the student should have a better understanding of the usefulness of published financial statements to various users in a variety of circumstances.

FIN 4504 Principles of Investments (3) BA FIN
PR: FIN 3403, with a grade of C
Survey of the risks and returns of investment media in relation to the investment objectives of individual and institutional investors. Includes an examination of the capital markets, information flows, and analytical techniques in terms of their impact on the valuation process.

FIN 4514 Advanced Investment Analysis and Management (3) BA FIN
PR: FIN 4504.
A comprehensive study of security analysis and portfolio management. The course will utilize a quantitative approach to investment selection and management.

FIN 4533 Financial Option & Futures (3) BA FIN
PR: FIN 4504.
This course covers financial futures and options markets, the fundamental properties and pricing principles of these instruments, as well as hedging and risk management strategies using such instruments. The course is not repeatable for credit.

FIN 4560 Applied Securities Analysis (3) BA FIN
PR: FIN 4504.
In this course students manage a portfolio of real money, which provides them hands-on experiences in stock analyses, decision making, and effective communication. Students also network with investment professionals. Repeatable for up to 6 credit hours.

FIN 4905 Independent Study (1-3) BA FIN
Specialized independent study determined by the student's needs and interests.

FIN 4915 Independent Research (1-3) BA FIN
The research project will be mutually determined by the student and instructor.

FIN 4934 Selected Topics in Finance (1-3) BA FIN
Topics to be selected by instructor and department chairperson on pertinent finance issues.

FIN 4940 Finance Internship (3) BA FIN
This course consists of two components: an academic component focused on professional development skills and an on-site experiential learning experience comprised of at least 120 hours of on-site experience.

FIN 4970 Finance Honors Thesis WRIN 6ACT (3) BA FIN
This course is the climax of an undergraduate experience in the College of Business. Thesis development supports critical investigation to develop explanations or solutions to academically interesting business problems or opportunities.

FLE 4290 Technology in the Foreign and Second Language Classroom (3) ED TAL
This course prepares pre-service and in-service teachers to infuse technology into foreign language and ESOL instruction. Students will develop technology skills and knowledge based on sound pedagogical principles that reflect research and theory in Second Language Acquisition and will apply this practical and theoretical knowledge to K-16 Foreign Language/ESOL instructional situations.

FLE 4314 Methods of Teaching Foreign Languages and ESOL in the Elementary School (3) ED TAL
CPR: EDG 4620
Methods of planning and teaching foreign languages in the elementary school. The
emphasizes the role of teaching communicatively and integrating culture in the K-6 classroom.

**FLE 4316 Language Principles and Acquisition (1-3) ED TAL**
PR: FLE 4317.
Overview of applied Second Language Acquisition theory and the components of language, linking them to methods and techniques of providing comprehensible instruction and supporting the development of oral proficiency and literacy skills for (LEP) children.

**FLE 4317 Teaching Students with Limited English Proficiency (3) ED TAL**
This course is designed to prepare preprofessional teachers to provide linguistically and culturally appropriate instruction, assessment, and learning opportunities for students with Limited English Proficiency.

**FLE 4333 Methods of Teaching Foreign Languages and ESOL in the Secondary School (3) ED TAL**
PR: FLE 4314
Methods of teaching foreign languages within a communicative framework. Includes examination and practice of current instructional techniques in listening, speaking, reading and writing, testing, error correction, and computer assisted language instruction. The emphasis is on teaching foreign languages and teaching for cultural understanding at the secondary level 7-12.

**FLE 4370 Practicum in Foreign Language Teaching in the Secondary School (3) ED TAL**
CR: FLE 4314 or FLE 4333
Pre-internship field experience in a K-12 environment. Will include observation and practice in a K-12 classroom as well as class meetings.

**FLE 4390 Teaching Foreign/Second Languages (3) AS WLE**
Comprehensive review of teaching foreign and second languages. Practical overview of methods to teach reading, writing, speaking, and listening. The course is open to non-majors.

**FLE 4936 Senior Seminar in Foreign Language Education CPST (3) ED TAL**
Synthesis of teacher candidate's courses in complete college program.

**FLE 4940 Internship: Foreign Language Education (1-12) ED TAL**
One full semester of internship in a public or private school.

**FLE 5145 Language Principles, Acquisition and Teaching (3) ED TAL**
PR: FLE 5345
Restricted to Education majors and not repeatable for credit. Overview of applied SLA theory and components of language. Methods & techniques of comprehensible instruction and the development of oral proficiency and literacy skills for LEP children.

**FLE 5291 Technology in the Foreign Language Classroom (3) ED TAL**
PR: FLE 5313 and FLE 5331.
This course is intended to prepare foreign/second language teachers to provide pedagogically sound and technologically enhanced instruction for foreign language and second language students in the K-16 realm. Basic computer literacy is recommended.

**FLE 5313 Methods of Teaching Foreign Language and ESOL in the Elementary School (3) ED TAL**
This course is designed to provide training in the theory and methods of teaching foreign languages and ESOL in the elementary school (FLES) to both pre- and in-service teachers.

**FLE 5331 Methods of Teaching Foreign Language and ESOL in the Secondary School (3) ED TAL**
PR: FLE 5313
This course provides for the development of knowledge and skills necessary to prepare students to assume roles as foreign language (FL) and ESOL teachers at the secondary school level. It represents the second part of a sequence of methods courses.

**FLE 5345 Teaching English Language Learners K-12 (3) ED TAL**
This course is restricted to Education majors and is not repeatable for credit. It is designed to prepare preprofessional teachers to provide linguistically and culturally appropriate instruction, assessment, and learning opportunities for LEP students.

**FLE 5366 ESOL Education in Content Areas (3) ED TAL**
Enables participants to meet the special linguistic & cultural educational needs of limited English proficient (LEP) students in content area classes. Provides a theoretical & practical foundation for ESOL competencies in courses include ESOL infusion.

**FLE 5895 Dual Language Education (3) ED TAL**
This course is for teachers who are interested in bilingual education. The aim is to deconstruct the philosophical, theoretical, political, social and educational underpinning of instruction (K-16) when it is delivered through two languages.

**FLE 5946 Practicum in Foreign Language/ESOL Teaching (3) ED TAL**
PR: FLE 5313
CR: FLE 5331
This course prepares students for their internship by providing a structured pre-internship experience while meeting regularly in a university class. Opportunity to see teachers in action.

**FOL 2100 General Foreign Language I (1-4) AS WLE**
A general purpose course that may be used for transfer of credit, credit by examination, and similar matters; may also be used for formal courses in less commonly taught languages or in professional translation.

**FOL 4102 General Foreign Language II (1-3) AS WLE**
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

FRE 2241 Spoken French in Cultural Context (3) AS WLE
A general purpose course that may be used for transfer of credit, credit by examination, and similar matters; may also be used for formal courses in less commonly taught languages or for workshops in professional interpreting.

FOL 4905 Directed Study (1-3) AS WLE
Departmental approval required.

FOL 5906 Directed Study (1-3) AS WLE
PR: FOL 4101 or equivalent.

FOS 4041 Food Quality and Composition (3) PH CFH
PR: HUN 2201
Introduction to food quality; the chemical, physical, qualitative changes with storage, preservation, processing, and production; techniques and instrumentation used to determine composition of foods; and importance of food safety. Course is not restricted to majors and is not repeatable for credit.

FOT 4131 Understanding World Cultures (3) AS WLE
In "Understanding World Cultures" students will encounter and explore the characteristics and features of historical and contemporary cultures of the world through the critical analysis of aesthet production.

FRE 1120 Beginning French I (4) AS WLE
The first course in the study of elementary French. Emphasis on the development of basic skills in comprehension, speaking and reading.

FRE 1121 Beginning French II (4) AS WLE
PR: FRE 1120 or equivalent.
A continuation of FRE 1120.

FRE 1170 Overseas Study-Elem. French (4) AS WLE
Elementary-level French taught in France. In lieu of FRE 1120 and FRE 1121.

FRE 2200 French III (3) AS WLE
PR: FRE 1121 or equivalent.
A review of the basic structure of French.

FRE 2201 French IV (3) AS WLE
PR: FRE 2200 or equivalent.
Readings in French on the intermediate level.

FRE 2240 Intermediate Spoken French in Cultural Context (3) AS WLE
PR: FRE 2241 or equivalent
Continuing development of intermediate conversational skills through a comparative cultural approach. Students build vocabulary, oral syntax, and enhance fluency while examining socio-cultural realities in France and Francophone countries.

FRE 2241 Spoken French in Cultural Context (3) AS WLE
PR: FRE 1121
Development of basic conversational skills in French through a wide variety of cultural context. Students build vocabulary, enhance listening comprehension and fluency in French as they examine socio-cultural realities and issues.

FRE 2270 Overseas Study-Intro. French (1-6) AS WLE
PR: Two semesters of university-level French

FRE 3234 Reading in French Literature and Culture (3) AS WLE
PR: FRE 2201 or equivalent.
This course is designed to build reading skills in French while giving students a broad background in French culture.

FRE 3420 Written French in Cultural Context (3) AS WLE
PR: FRE 2200 and/or FRE 2201
Development of writing skills in French through a wide variety of cultural context. Students analyze texts relating to descriptions of persons, places and events, films and fiction, publicity, and argumentation. Workshops facilitate their writing.

FRE 3440 French For Business (3) AS WLE
PR: FRE 2200 or equivalent.
An introduction to the French language in ordinary business transactions.

FRE 3470 Overseas Study (1-6) AS WLE
An intensive study-travel project in France.

FRE 3500 French Civilization CPST (3) AS WLE
Readings and discussion on the cultural history of France.

FRE 3502 The Francophone World: A Global Culture (3) AS WLE
Offers an overview of the main French speaking cultures throughout the world outside France: French Canada, the Caribbean, Belgium, Switzerland, the Maghreb, Sub-Saharan Africa, the Indian Ocean, the Middle East, Southeast Asia, Louisiana.

FRE 4392 African Images in Francophone Film (3) AS WLE
This is a film based course and technologically enhanced course which will look at cultural, socio-economic, political and gender issues in French speaking Africa. Course materials will be available in English and French.

FRE 4421 Advanced Written French in Cultural Context (3) AS WLE
Development of various styles of writing in cultural context relating to art, social science and science. Analysis of descriptive, narrative, expository and argumentative writing. Refinement of written French including vocabulary, structure and style.

FRE 4471 Advanced Overseas Study (1-6) AS WLE
PR: FRE 3470
Intensive language study in France.

FRE 4700 French Linguistics (3) AS WLE
PR: LIN 3010 and FRE 2201 or equivalent.
An introduction to the phonological, morphological and syntactic structure of French.

FRE 4905 Directed Study (1-3) AS WLE

FRE 4930 Selected Topics (1-3) AS WLE
Study of an author, movement or theme.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

FRE 5425 Advanced Written Expression (3) AS WLE
PR: FRE 4421, or equivalent.
Course is designed to give advanced training in free composition in French.

FRE 5566 Contemporary France (3) AS WLE
PR: FRE 3500 or equivalent
An advanced course in French civilization and culture including a study of recent social, artistic and political trends as well as various current intellectual movements. Text and discussions in French.

FRT 3001 Great French Love Stories in Translation WRIN 6ACT (3) AS WLE
PR: ENC 1101 and 1102 or their equivalent.
A survey of the great love stories that French literature gave to the world from the Middle Ages to the 21st century and that contributed to the evolution of love, influencing not only other literatures but also other cultures throughout history.

FRT 3140 French Literary Masterpieces in English Translation WRIN 6ACT (3) AS WLE
PR: ENC 1101 and 1102 or their equivalent.
A survey of the major literary works of France, tracing not only literary but also intellectual and cultural history from the Middle Ages to the present.

FRW 4100 The French Novel (3) AS WLE
PR: FRE 3234, FRE 3420
Study of the most representative novels from the 17th - 20th centuries in France, examining literary movements, ideas, and techniques. Course taught in French.

FRW 4101 Introduction to French Drama and Poetry (3) AS WLE
PR: FRE 3234.
A study of the history of drama and poetry. Will include medieval drama, Racine, Corneille, Moliere, Anouilh, Sartre, Ionesco and others. Will also include Villon, Ronsard, DuBellay, Lamartine, Hugo, Vigny, Musset, Baudelaire, Mallarme, Rimbaud, Valery, Peguy, Eliard, Apollinaire, Char, and others. Course content may vary from year to year. Course taught in French.

FRW 5222 Classical Prose and Poetry (3) AS WLE
PR: FRW 4101.
Emphasis on Malherbe, Descartes, Pascal, La Fontaine, and Boileau.

FRW 5226 20th Century Poetry and Theatre (3) AS WLE
PR: FRW 4101.
Valery, Claudel, Anouilh, Motherland, Sartre, Ionesco.

FRW 5286 The 20th Century Novel (3) AS WLE
PR: FRW 4100.
Proust, Gide, Mauriac, Malraux, Camus, Robbe-Grillet.

FRW 5314 Classical Drama (3) AS WLE
PR: FRW 4101.
Corneille, Moliere, and Racine.

FRW 5415 Literature of the Middle Ages (3) AS WLE
PR: FRW 4100 or FRW 4101.
Major genres, including epics, Arthurian romances, drama and lyric poetry. Reading in modern French translation.

FRW 5425 Literature of the Renaissance (3) AS WLE
PR: FRW 4100 or FRW 4101.
A study of Renaissance French humanism including Rabelais, Montaigne, and Pleiade poets.

FRW 5445 18th Century Literature (3) AS WLE
PR: FRW 4100.
The classical tradition and the new currents of thought in the Age of Enlightenment.

FRW 5535 Romanticism and Early Realism (3) AS WLE
PR: FRW 4101.
A study of the romantic and early realistic movements with emphasis on Lamartine, Vigny, Musset, Hugo, and Balzac.

FRW 5556 Naturalism and Realism (3) AS WLE
PR: FRW 4100 or FRW 4101.
A detailed study of realism and naturalism with emphasis on Flaubert, Zola, les Goncourt, Maupassant, and Daudet.

FRW 5745 French Literature of Quebec (3) AS WLE
Overview of the main representative literary works in French from Quebec in all genres (poetry, drama, novel, short story) as well as a survey of the main traits of Quebec history & culture. Open to non-majors. Not repeatable for credit. Taught in French.

FRW 5755 African and Caribbean Literature (3) AS WLE
An overview of the main representative literary works in French from North and SubSahara Africa as well as the Caribbean. Open to non-majors and not repeatable for credit. Course taught in French.

FRW 5829 An Introduction to Modern French Literary Criticism (3) AS WLE
A graduate elective 3 credit course entirely taught in French, which offers a survey of the main trends and methods in 20th Century literary criticism, the French having been at the avant-garde of the field.

FRW 5934 Selected Topics (1-3) AS WLE
Study of an author, movement or theme.

GEA 2000 World Regional Geography CAGC (3) AS SGS
Comparison and analysis of representative regions of the world, with emphasis on cultural, political, economic, environmental, and physical diversity.

GEA 3194 Regional Geography (3) AS SGS
Variable title course to systematically study and compare special regions identified by the instructor.

GEA 3405 Geography of Latin America 6ACT (3) AS SGS

635
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Systematic geographic analysis of the Latin American world region, with emphasis on its cultural, political, economic, environmental, and physical diversity.

GEA 3500 Geography of Europe 6ACT (3) AS SGS
Systematic geographic analysis of the European world region, with emphasis on its cultural, political, economic, environmental, and physical diversity.

GEA 3703 Geography of Asia (3) AS SGS
Systematic geographic analysis of the Asian world region, with emphasis on its cultural, political, economic, environmental, and physical diversity.

GEB 2098 Business Honors Professional Development I (1) BA QMB
Students are provided the opportunity to come together and learn more about the university and college programs, understand the various business disciplines and develop professional skills necessary in their career.

GEB 2099 Business Honors Professional Development II (1) BA QMB
PR: GEB 2098
This course is designed to provide students in the Business Honors Program (BHP) with the opportunity to learn the distinct features of professional development and critical analysis of business development through discussion of Harvard Business articles.

GEB 2350 Doing Business Around the World (3) BA GBA
This course introduces the student to: 1) the nature of international business; 2) the framework of international organizations and the monetary system within which international business functions; 3) forces affecting international business, and 4) management responses to problems caused by international environments.

GEB 2935 Selected Topics in Business (1-3) BA GBA
Topics to be selected by department chairs.

GEB 3033 Business Workplace Skills and Best Practices (3) BA GBA
PR: ENC 1102 with a minimum grade of C-
This course prepares students for success in the business world. It addresses the most frequently cited set of skills employers seek when hiring employees.

GEB 4094 Professional Development: Career Transition (2) BA GBA
This course will help prepare students for summer jobs, internships, and their future careers. The topics covered will be useful in gaining employment and include: resume building, cover letter writing, interviewing tips, networking skills.

GEB 4097 Professional Development: Interpersonal Communication (2) BA GBA
This course will provide students the opportunity to learn the distinct features of professional development focusing on interpersonal communication. Such topics as: negotiations, conflict resolution, basic money mastery skills will be addressed.

GEB 4890 Strategic Management and Decision Making CPST (3) BA GBA
PR: FIN 3403, MAN 3025, MAR 3023.
This capstone course focuses on helping students develop a top-level executive perspective on managing a business, and requires students to integrate the theoretical and functional area concepts, principles, and skills learned in previous coursework.

GEB 4905 Independent Study (1-3) BA GBA
Specialized independent study determined by the student's needs and interests.

GEB 4915 Independent Research (1-4) BA GBA
Individual study contract with instructor and department chairperson required. The research project will be mutually determined by the student and instructor.

GEB 4935 Selected Topics in Business Administration (1-3) BA GBA
The content and organization of this course will vary according to the current interests of the faculty and needs of students.

GEB 4970 General Business Honors Thesis WRIN 6ACT (3) BA GBA
This course is the climax of an undergraduate experience in the College of Business. Thesis development supports critical investigation to develop explanations or solutions to academically interesting business problems or opportunities.

GEO 1930 Geography of Current Events (3) AS SGS
Application of basic geographic principles to the analysis of contemporary events in various parts of the world.

GEO 2200 Introduction to Physical Geography CANP (3) AS SGS
This course explores the principles of physical geography; maps; earth sun relationships; meteorological, hydrological, pedagogical, aeolian, and glacial processes, and resulting landforms.

GEO 2200L Introduction to Physical Geography Lab (1) AS SGS
CR: GEO 2200.
Laboratory portion of Introduction to Physical Geography (GEO 2200).

GEO 2400 Human Geography CAGC (3) AS SGS
Human geography encompasses those branches in geography which focus primarily upon the relationships between humans and the environments they construct. This course will examine the object of study of human geography, as well as explore many of the components of human geography, including economic geography, geopolitics, cultural geography, urban geography, population geography, and the relationships between geography and globalization.

GEO 2931 Special Topics (1-3) AS SGS
Topics are at the discretion of the instructor. This course will offer lower level topics to attract new majors.

GEO 4114C Geographic Techniques and Methodology (3) AS SGS
PR: GIS 3006 and GEO 3164C
Selected topics in various geographic techniques and methodologies and their application.

GEO 4204C Topics in Physical Geography (3) AS SGS
PR: GEO 2200
Intensive study of a topic selected from physical geography.

GEO 4210 Process Geomorphology (3) AS SGS
PR: GEO 2200 or GLY 2010
Origin, evolution, and distribution of the landforms of North America.

GEO 4244 Tropical Meteorology (3) AS SGS
PR: GEO 2200, one approved Calculus course
This course examines the tropical atmosphere, its interaction with land and ocean, as well as weather and climate phenomena that are unique to the topics. Students will take an in-depth look at hurricane climatology, the El Nino and Southern Oscillation phenomenon, thunderstorms and lightning, satellite remote sensing, monsoons, sea-breeze convergence and Florida climatology, surface energy exchange, land use change and its impact on tropical climates.

GEO 4265 Soil Genesis and Classification (3) AS SGS
PR: GEO 2200 or GLY 2010 or CI
A systematic study of soil genesis and classification with a focus on North American and Florida soils.

GEO 4284 Water Resources Management (3) AS SGS
Geographic perspectives on water resources management at the global, national and local scale, including political, socio-economic, technical and scientific aspects.

GEO 4300 Biogeography (3) AS SGS
PR: GEO 2200 and GEO 3164C,
Analysis of the present and past distribution of species at an intermediate to large spatial scale.

GEO 4340 Natural Hazards GCPC (3) AS SGS
Examination of the physical, social, economic, political and cultural forces that create the phenomena of natural hazards. Case studies from around the world will include floods, droughts, tornadoes, hurricanes, freezes, heat waves, wild fires, earthquakes, tsunami, and volcanoes.

GEO 4372 Global Conservation 6ACT (3) AS SGS
The distribution, exploitation, and conservation of physical and human resources, ecology.

GEO 4379 Geographic Perspectives on Environment (3) AS SGS
PR: GEA 2000C
This course examines human ideas about the natural environment and the fundamental character of the human-nature relationship across space and time through a survey of literature (geography, environmental history, ethics) on environmental perspectives.

GEO 4421 Cultural Geography (3) AS SGS
PR: GEO 2400
The interrelationships of culture and nature, from ancient times to the present.

GEO 4471 Political Geography (3) AS SGS
PR: GEO 2400
The geographic factors underlying political decisions and influencing their outcome; the geographic consequences of these decisions; geopolitics.

GEO 4502 Economic Geography (3) AS SGS
PR: GEO 2400
The spatial organization of economic production, consumption, and exchange systems.

GEO 4604 Topics in Urban Geography (3) AS SGS
PR: GEO 3602
Intensive examination of issues such as economic restructuring and inner-city decline, ghetto formation, gentrification, transportation, and policy-making.

GEO 4700 Transportation Geography (3) AS SGS
PR: GEO 2400 and GEO 3164C
General concepts related to the movement of goods and people, with particular emphasis on spatial principles and urban transportation problems and planning.

GEO 4900 Directed Reading (1-4) AS SGS

GEO 4910 Individual Research (1-4) AS SGS

GEO 4930 Selected Topics (1-3) AS SGS
Topics are at the discretion of the instructor. This course will offer upper level, advanced topics in all aspects of Geography. Course can be repeated for credit as long as the title is different, for up to 8 credits.

GEO 4933 Geography Colloquium (1) AS SGS
Weekly topical lectures by faculty and outside speakers. Students will develop a plan for their professional or graduate careers.

COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

exploring diverse perspectives on German culture and society. Course taught in German. Not repeatable.

GEW 4101 Survey of German Literature II (3) AS WLE
Course will examine a variety of texts from the 19th century to the present, exposing significant moments in German literature and thought and exploring diverse perspectives on German culture and society. Course taught in German. Course not repeatable.

GEW 4750 Women in Contemporary German Literature and Film (3) AS WLE
PR: GER 2200 or above
This course serves as an introduction to contemporary literary works and films by women writers and directors from German speaking countries. It will examine the works based on feminist literary and cultural theory.

GEW 4900 Directed Study (1-3) AS WLE

GEW 4930 Selected Topics (1-3) AS WLE
Study of an author, movement or theme.

GEW 5606 Faust (3) AS WLE
Sources, form, content, and literary significance of Urfaust and Faust.

GEW 5934 Selected Topics (1-3) AS WLE
Study of an author, movement or theme.

GEY 2000 Introduction to Aging Sciences CASB (3) BC GEY
This course is designed to be an introduction to the study of aging. The aging process is viewed from a multi-disciplinary perspective including the biological, psychological, and sociological aspects of aging.

GEY 3323 Community Resources for the Older Adult (3) BC GEY
This class is designed to introduce students to services available to older adults and to careers in the field of Aging Services. Content includes theoretical and practical issues, as well as exposure to opportunities for service and employment.

GEY 3601 Physical Changes and Aging (3) BC GEY
A survey of normal and pathological physical changes occurring from middle age through older age. Course emphasis will be on basic age-related changes and their implications for behavior in older age.

GEY 3625 Sociological Aspects of Aging CASB (3) BC GEY
Consideration of human aging in a broad sociocultural context. Course emphasis will be on historical, philosophical, and demographic aspects of aging, theories of social gerontology, attitudes toward aging and the aged, and cross-cultural perspectives.

GEY 4101 Aging in Special Populations (3) BC GEY
This course explores how special populations (centenarians; the severely mental ill, homeless older adults; LGBT older adults; older adults with HIV/AIDS; and older offenders) age differently with specific attention paid to their health care needs.

GEY 4102 Aging in Modern Literature and Film WRIN 6ACT (3) BC GEY
This class focuses on late 20th century and early 21st century literature and film to explore gender, ethnicity, creativity, social class, caregiving, and many other critical aging issues. Not restricted to majors.

GEY 4104 Healthy Global Aging GCPC (3) BC GEY
This course challenges students to understand health and wellness for older adults in a global context at a time when the global population is aging.

GEY 4231 Elder Abuse and Neglect (3) BC GEY
The purpose of this class is to provide students with a basic understanding of the problem of elder abuse and neglect found within the community and in congregate facilities. Interdisciplinary approaches to intervention are emphasized.

GEY 4322 Care Management for Older Adults (3) BC GEY
This course examines the role and function of care management in meeting the needs of older adults. All aspects of care management practice are covered, including the elements of the case management process as well as ethical and legal issues.

GEY 4360 Counseling for Older Adults (3) BC GEY
An introduction to the study of the major mental health problems of older adults. Current approaches to counseling older adults in community and institutional settings are discussed.

GEY 4401 Research Methods in Aging (3) BC GEY
PR: STA 2122 or equivalent with a grade of C or better.
Methods and techniques of social research in gerontology. Design of gerontological studies, collection and analysis of data, interpretation of results, and preparation of reports.

GEY 4475 Program Evaluation in an Aging Society (3) BC GEY
Students develop knowledge of the purposes of evaluation research and the approaches and methodologies necessary to evaluate aging services programs and organizations.

GEY 4507 Understanding Policies and Practices of Long Term Care CPST (3) BC GEY
PR: GEY 2000
This course provides principles for managing disability in a variety of settings. Topics include historical context, experience of disability, and challenges of providing care for disabled persons. Course is repeatable and not restricted to GEY majors.

GEY 4508 Health Care Operations (3) BC GEY
## COURSE DESCRIPTIONS

<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>GEY 4507</td>
<td>Business Management in an Aging Society CPST (3) BC GEY</td>
<td></td>
<td>PR: GEY 4507, ACG 2021, each with a grade of C or better. This course addresses the health care operations of long-term care facilities. This course is for students in the BS in long-term care administration, but not limited to GEY majors. The course is repeatable for credit.</td>
</tr>
<tr>
<td>GEY 4509</td>
<td>Regulatory and Clinical Operations (3) BC GEY</td>
<td>PR: GEY 4508, ACG 2021, each with a grade of C or better. This course will familiarize the student with the basic aspects of nursing home administration through the practical application of management theory and concepts. The course is not repeatable and not restricted to GEY majors.</td>
<td></td>
</tr>
<tr>
<td>GEY 4520</td>
<td>Legal Aspects of Health Care Administration (3) BC GEY</td>
<td></td>
<td>This web-based course presents an overview of the legal issues facing the health care industry and provides special emphasis on long-term care settings. It provides students with a basic working knowledge of legal system and court processes.</td>
</tr>
<tr>
<td>GEY 4606</td>
<td>Alzheimer's Disease Management (3) BC GEY</td>
<td>PR: GEY 2000 or GEY 3326. This course will provide instruction on effective approaches for providing care to persons with Alzheimer's Disease and related disorders in residential and home care settings. The major dementing disorders and typical behaviors presented by patients are presented along with strategies for successful behavior management. Building a dementia program and building dementia care teams are also covered.</td>
<td></td>
</tr>
<tr>
<td>GEY 4612</td>
<td>Psychology of Aging CASB (3) BC GEY</td>
<td></td>
<td>A comprehensive overview of psychological aspects of aging. Topics will include age-related changes in sensation/perception, cognition, and personality, as well as application to late-life psychopathology.</td>
</tr>
<tr>
<td>GEY 4628</td>
<td>Health, Ethnicity, and Aging (3) BC GEY</td>
<td></td>
<td>This course addresses how people of different ethnic backgrounds age, in the physical, psychological, and social context, with an emphasis on health.</td>
</tr>
<tr>
<td>GEY 4629</td>
<td>Women and Aging (3) BC GEY</td>
<td></td>
<td>Because of longer life expectancy and other factors, women make up a disproportionate share of older adults in the United States. This course examines older women from a feminist perspective, is open to all majors, and is not repeatable for credit.</td>
</tr>
<tr>
<td>GEY 4632</td>
<td>Economics of Aging (3) BC GEY</td>
<td></td>
<td>This course provides the foundations of economic reasoning necessary to understand the economic implications of key issues in aging.</td>
</tr>
<tr>
<td>GEY 4635</td>
<td>Business Management in an Aging Society CPST (3) BC GEY</td>
<td></td>
<td>This course provides students with an interdisciplinary perspective that addresses both business management and the impact of our aging society on business.</td>
</tr>
<tr>
<td>GEY 4641</td>
<td>Death and Dying CASB (3) BC GEY</td>
<td></td>
<td>A broad overview of the basic concepts and psychosocial issues relating to the meaning of loss and death, the process of death, and the experience of grieving. Health care practices are considered along with community resources.</td>
</tr>
<tr>
<td>GEY 4647</td>
<td>Ethical and Legal Issues in Aging CPST (3) BC GEY</td>
<td></td>
<td>A consideration of the major ethical and legal issues in aging and their implications for policies, priorities, and services.</td>
</tr>
<tr>
<td>GEY 4690</td>
<td>Senior Seminar in Aging (3) BC GEY</td>
<td></td>
<td>In this senior level capstone course, students discuss important professional issues in aging, integrate knowledge from prior courses, and practice professional skills.</td>
</tr>
<tr>
<td>GEY 4900</td>
<td>Directed Readings in Aging (1-3) BC GEY</td>
<td></td>
<td>A reading program with topics in aging conducted under the supervision of a faculty member.</td>
</tr>
<tr>
<td>GEY 4917</td>
<td>Directed Research in Aging (1-4) BC GEY</td>
<td></td>
<td>This course will provide Undergraduate Students with an opportunity to engage in an agreed upon research project under the supervision of a professor. The course is open to any major and is repeatable for credit.</td>
</tr>
<tr>
<td>GEY 4935</td>
<td>Special Topics in Gerontology (3) BC GEY</td>
<td></td>
<td>Courses on topics such as preretirement, mental health, human services organization, nursing home administration, the older woman, and elder abuse will be offered.</td>
</tr>
<tr>
<td>GEY 4945</td>
<td>Internship (1-9) BC GEY</td>
<td></td>
<td>A full-time internship assignment to an agency or organization if in the Aging Science program (3-6 hours) or to a nursing home if in the Long Term Care Administration program (9 hours).</td>
</tr>
<tr>
<td>GEY 5476</td>
<td>Program Evaluation in an Aging Society (3) BC GEY</td>

<td>Health Care Operations in Long Term Care (3) BC GEY</td>
<td></td>
<td>Addresses the health care operations of long term care facilities with a special emphasis on nursing homes and assisted living facilities. Specifics include leadership management of people resources physical plant and quality improvement.</td>
</tr>
<tr>
<td>GEY 5620</td>
<td>Sociological Aspects Of Aging (3) BC GEY</td>
<td></td>
<td>Examines, within a sociological frame of reference, the interrelationships between the aged (or aging) and the structure and function of the social system and its major institutionalized subsystems.</td>
</tr>
<tr>
<td>GEY 5630</td>
<td>Economics and Aging (3) BC GEY</td>
<td></td>
<td>This course provides students with an interdisciplinary perspective that addresses both business management and the impact of our aging society on business.</td>
</tr>
</tbody>
</table>
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Examines basic economic systems as they impact the aged. Emphasis is on applied aspects of economic planning, pensions, insurance, social security and other support systems.

GEY 5642 Perspectives on Death and Dying (3) BC GEY
Study of the various psychological, medical, legal, and religious problems caused by dying and death, and how individuals and groups have responded in the past and present.

GIS 2010C Map Interpretation (3) AS SGS
Analysis and synthesis of various types of maps and map projections.

GIS 3006 Computer Cartography (3) AS SGS
An introduction to the concepts underlying modern, computer-based mapping and to the collection and storage of digital spatial data.

GIS 4035C Remote Sensing of the Environment (3) AS SGS
PR: GIS 3006 and GEO 3164C
Analysis of satellite images and aerial photographs for studies of the environment.

GIS 4043C Geographic Information Systems (3) AS SGS
PR: GIS 3006 and GEO 3164C
An introduction to the concepts underlying Geographical Information Systems, with an emphasis on analytical capabilities of such systems in both raster and vector domains.

GIS 4302C GIS for Sustainability (4) AS SGS
PR: GIS 3006, with a minimum grade of C or better
Focus on the application of GIS for sustainable planning and development; policymakers & planning agencies increasingly use spatial data/methods to aid in their decisions; this course is relevant to anyone interested in issues for sustainable development.

GIS 5049 GIS for Non-Majors (3) AS SGS
An introduction to the concepts underlying digital thematic mapping and geographical information systems (GIS) for non-geography majors and non-geography graduate students.

GIS 5075 Global Positioning Systems (3) AS SGS
PR: GIS 5049
Examination of the theory, operation and application of Global Positioning Systems (GPS).

GLY 2000 Earth and Environmental Systems (3) AS SGS
This course examines the geology of the earth and the environment, using an earth systems approach that looks at interactions between the lithosphere, hydrosphere, atmosphere, and biosphere. Students will learn general principles of geology, travel world-wide on the internet, and participate in discussions on topics ranging from the scientific method to the latest geologic discoveries. Open University course; taught via internet and TV.

GLY 2000L Essentials of Geology Laboratory (1) AS SGS
Fundamental concepts and skills of modern geology, including rock and mineral identification, analysis of geologic maps, field analysis, and applications of computers in Geology.

GLY 2010 Dynamic Earth: Introduction to Physical Geology CANP (3) AS SGS
A first course in geology emphasizing the Earth's composition, structure, and dynamics. Lectures/activities include but are not limited to plate tectonics, earthquakes, volcanism, glaciation, global warming, shorelines, and natural resources.

GLY 2030 Hazards of the Earth's Surface: Environmental Geology CANP (3) AS SGS
A first course in geology emphasizing catastrophic events that cause damage to humans and their possessions. Lectures and recitation activities on geologic hazards, tools geologists use to study them, and measures that can be taken to minimize them.

GLY 2051 Origins: From the Big Bang to the Ice Age (3) AS SGS
The history of the cosmos, origin of the universe, galaxies, the solar system, and earth, evolution of life, great extinction's including the dinosaurs, evolution of the primates, and the environmental future of the planet. (For both non-science and science majors.)

GLY 2073 Global Climate Change: A Geoscience Perspective CANP (3) AS SGS
A geoscience perspective on global climate change science. Examination of the geophysics of climate, geologic history of climate change, physical factors that influence climate, and global climate modeling. Open to all students.

GLY 2100 History of Life CANL (3) AS SGS
This course has several objectives. It is an introduction not only to basic scientific concepts in geology and evolutionary theory but, perhaps more importantly, to science as a way of understanding the world around you and finding answers to big question.

GLY 2100L History of Life Laboratory (1) AS SGS
Laboratory study of the history of life.

GLY 2160 Geology of the National Parks CANP (3) AS SGS
This course introduces the nature of geologic processes including plate tectonics, earthquakes, volcanism, and glaciation drawing on examples from our nation’s parks.

GLY 2930 Selected Topics in Geology (1-3) AS SGS
Topical courses in geology of general interest.

GLY 3104C Stratigraphy and Paleontology (4) AS SGS
PR: GLY 2000L, GLY 3552C, GLY 2100
The study of “deep time”, including how it is measured, how it is correlated over the Earth's surface, and how important physical, biologic, and chemical geologic processes have varied with time. Lec.-Lab.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

GLY 3311C Mineralogy, Petrology, Geochemistry (4) AS SGS
PR: GLY 2000L, CHM 2045

GLY 3402C Structural Geology and Tectonics (4) AS SGS
PR: GLY 2000L
Plate tectonic theory and its implication re: the formation of structural features on outcrop and regional scales. Field and geophysical tools for structural analysis. Required field trip. Lec-Lab.

GLY 3552C Sedimentary Rocks and Processes (4) AS SGS
PR: GLY 2010, GLY 2000L, CHM 2045, GLY 3311C
A lecture and laboratory class that discusses sedimentary processes, formation and classification of sedimentary rock, and the sedimentary rock record. Examination of the rock record to solve problems in sedimentary geology.

GLY 3850 Geology For Engineers (3) AS SGS
An examination of geologic materials and processes designed for engineering students; classification and properties of earth materials, surface processes, site investigation techniques, applications of geology to the solution of engineering problems.

GLY 3866 Computational Geology (3) AS SGS
PR: MAC 2281 or MAC 2311

GLY 4045 Moons, Planets, and Meteors: An Introduction to Planetary Science (3) AS SGS
Solar System exploration, from Aristotle to NASA. Modern views on the origins of meteorites, the Moon, Mars, Venus, and other planetary bodies, and the methods of planetary study. Meteor impacts, their effects, future hazard. Space science as a tool in the study of the Earth. Field trips, lectures, Internet exercises.

GLY 4053 Theories and Arguments about the Earth (3) AS SGS
PR: 2000 level geology course.
History of thinking about the Earth: context - geologic controversies; emphasis - geologic reasoning.

GLY 4310 Petrology (3) AS SGS
The formation of igneous and metamorphic rocks in varying tectonic environments. Emphasis is placed on the identification of igneous and metamorphic rocks in hand specimens and thin sections.

GLY 4324C Physical Volcanology (4) AS SGS
PR: GLY 3311C, MAC 2241 or MAC 2311 or MAC 2281.
Physical volcanology explores the nature of volcanism on Earth and nearby planets. Topics in magma production and ascent, eruption dynamics, volcanic hazards, and volcano monitoring will be covered in lecture, laboratory, and independent exercises.

GLY 4462 Geomechanics (3) AS SGS
PR: GLY 2010 or equivalent, PHY 2048 and 2049 or equivalent.
CPR: GLY 3402C (or an equivalent structural geology course).
Overview of the mechanical behavior of earth materials including general theory, an introduction to soil mechanics, and introduction to rock mechanics. Includes two field trips to observe geomechanical issues in Florida and modern methods of rock testing.

GLY 4480 Seismology (4) AS SGS
PR: GLY 2010, PHY 2048 or PHY 2053, MAC 2281 or MAC 2311
Comprehensive introduction to theoretical and observational seismology, use of seismic waves and earthquake patterns to study earth structure, seismic hazard and risk mitigation, earthquake prediction, and techniques for the analysis of seismic data.

GLY 4554C Sedimentary Environments (4) AS SGS
PR: At least one course in Geology with lab.
A lecture lab course on principles of weathering, production, erosion, transport, and deposition on the earth's surface, and the resulting sedimentary environments. Morphologic and sedimentologic characteristics of major earth sedimentary environments are discussed, along with several field trips.

GLY 4720C Aqueous and Environmental Geochemistry (4) AS SGS
PR: GLY 2000L, CHM 2045
CR: CHM 2046
Physical, chemical and biological processes affecting fluids of the lithosphere, oceans and atmosphere. Water as a geologic medium and global entity. A systems approach. Lecture/Lab.

GLY 4734 Beaches and Coastal Environments (3) AS SGS
A comprehensive introduction to the nature of all coastal environments including beaches, dunes, tidal inlets, estuaries, reefs, and river deltas. Emphasis will be on the natural state of these environments and how human activities have and will impact them. Consideration of coastal management policies involving economics, ethics, policy, and environmental law.

GLY 4780 Geological Field Studies (1-3) AS SGS
PR: 1 geology course.
Lectures and field trip to study modern geologic systems and/or geologic origins of specific regions. Mapping and field description techniques.

COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

GRE 1121 Beginning Classical Greek II (4) AS WLE
PR: GRE 1120 or equivalent.
An introductory course in classical Greek grammar with appropriate readings.

GRE 2140 New Testament Greek I (3) AS REL

GRE 2141 New Testament Greek II (3) AS REL
PR: GRE 2140.

GRE 2220 Intermediate Classical Greek (4) AS WLE
PR: GRE 1121 or equivalent.
Readings in Greek at an intermediate level.

GRK 1120 Beginning Modern Greek I (4) AS WLE
An intensive study of basic skills; pronunciation, listening comprehension, speaking and some composition.

GRK 1121 Modern Greek II (4) AS WLE
PR: GRK 1120 or its equivalent
A continuation of GRK 1120. An intensive study of basic skills; pronunciation, listening comprehension, speaking and some composition.

GRK 2220 Modern Greek III (4) AS WLE
PR: GRK 1121 or the equivalent.
For language students who intend to attain basic proficiency.

GRK 2221 Modern Greek IV (4) AS WLE
PR: GRK 2220 or its equivalent.
Continuation of GRK 2200. Practice of writing, speaking and listening skills for language students who intend to attain basic proficiency.

GRK 4905 Directed Study (1-5) AS WLE
Permits study options in Modern Greek not available in the regularly scheduled curriculum at departmental discretion.

HIS 2931 Special Topics (3) AS HTY
This course emphasizes a selected historical problem or issue. A variety of instructional approaches will be taken, and topics may vary.

HIS 3308 War and Society (3) AS HTY
An examination of the ways in which societies have organized themselves for war and how societies are changed by war. Also explores gendered expectations in war, and the changing conduct of war.

HIS 3930 Special Topics (3) AS HTY
This course emphasizes a selected historical problem or issue that is meaningful and challenging to the student. A variety of instructional approaches will be taken to the material. Topics will be changed each semester.

HIS 3938 Major Issues in History CPST HHCP (3) AS HTY
This course is an interdisciplinary examination of the historical relationship between (broadly) Asia and the West. It offers non-historians the opportunity to understand the dynamic between past and its interpretation.

HIS 4104 Theory and Methods of History WRIN 6ACT (3) AS HTY
Introduces history majors to the theories, methods, approaches, and key debates that are central to the modern historical profession. Develops skills in historical research, reading, writing, and oral communication. Restricted to majors.

HIS 4900 Directed Reading (1-4) AS HTY
Arrangement with instructor prior to registration. Readings in special topics.

HIS 4920 Colloquium in History (2-4) AS HTY
Reading and discussion of selected topics in the various fields of history. The subject and scope of inquiry will be determined by the instructor for each section.

HIS 4936 Pro-Seminar in History CPST HHCP 6ACT (3) AS HTY
PR: HIS 4104
Advanced topics in the various fields of history. Emphasis on discussion of assigned readings and on research and writing of a major paper.

HIS 4940 Internship in History (1-4) AS HTY
Supervised field experience in a research and writing-related position that relates to the History
HSC 2933 Selected Topics in Public Health (1-3) PH PHC
Overview of major public health and health related issues of interest to undergraduates. Course explores a variety of health topics that are related to improving the health and health behaviors of individuals, groups and communities. Specific topics may vary each semester. No prerequisites.

HSC 3301 Health, Safety, Nutrition and Motor Skills for the Young Child (3) ED TAL
Provides students with the knowledge to teach developmentally appropriate motor activities; to provide continuous health services; create and maintain a healthy learning environment; and sequence appropriate health instruction for Pre-K through 3rd grade students.

HSC 3503 Principles of Toxicology (3) PH EOH
Covers basic principles of toxicology, including molecular/cellular sites of action of toxicants, physiological effects of toxicants on individual organ systems. Envi tox is also covered.

HSC 3541 Human Structure and Function (3) PH CFH
Course covers the fundamental relationship of the bases for adopting a healthy lifestyle with a major emphasis on diet, weight management, physical fitness, stress management, and substance-abuse management.

HSC 3542 Comparative Health Care Systems (3) PH HPM
Course covers the core questions of access, cost, quality, and values by a comparative approach to international health care systems.

HSC 2000 Introduction to Health Professions (3) AS SPF
This course will introduce students to the US healthcare system and provide an overview of the various careers available within that system.

HSC 2017 Careers in Public Health (3) PH PHC
Course provides an overview of public health occupations. After students complete self-assessments tools, the information is applied to personal interests and career goals. Guest speakers offer advice related to employment availability.

HSC 2100 Contemporary Health Science CASB (3) PH PHC
A comprehensive approach is used to educate students on how to critically research, understand, evaluate, and apply information and data related to the basic principles of emotional, intellectual, physical, social, occupational and spiritual health.

HSC 2130 Sex, Health, and Decision-Making CASB (3) PH CFH
This course explores the fundamental relationship between sexuality, decision making and health outcomes from a public health perspective. Students explore sexuality issues and learn tools that promote sexual health and healthy relationships.

HSC 2400 First Aid (2) ED TAL
Meets the American Red Cross certification requirements in standard and advanced first aid.

HSC 2440 Health Promotion CASB (3) PH PHC
Course covers the core concepts of health promotion and disease prevention. Students will explore the multidimensional and multidisciplinary dimensions of health, wellness, and disease. The course will emphasize health promotion, disease prevention, and overall well-being.

HSC 2411 Health, Behavior and Society (3) PH PHC
This course focuses on an ecological perspective of the determinants of health including biology, individual behavior, social relationships, social stratification, institutions, neighborhoods and communities, environment, policies and globalization.

HSC 4213 Environmental and Occupational Risk Analysis (3) PH EOH
This course provides an introduction of risk analysis for environmental and occupational health. Students will gain knowledge of the various regulations and scientific methods for the evaluation of health risk in environmental and occupational settings.

HSC 4430 Occupational Health and Safety (3) PH EOH
This course provides a review of occupational health and safety. Regulatory guidance and compliance, and the underlying science that drives occupational safety regulations are covered. The roles of various health and safety professionals are explored.

HSC 4504 Foundations of Public Health Immunology (3) PH PHC

COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

technology, and politics. Students will combine critical listening with history and cultural analysis.
HUM 2593 Science in Cultural Context CAHU (3) AS HCS
This course is an introduction to science studies, where students will engage with scientific texts and consider their production from a variety of historical, philosophical, and cultural views.
HUM 2930 Selected Topics (1-3) AS HCS
An introductory course dealing with a recurrent theme in the arts or focusing on a particular artistic center (a nation or city at a particular time).
HUM 3231 The Renaissance (3) AS HCS
An examination of the arts of the Renaissance, focusing on primary texts and images. Themes include humanism, the revival of antiquity, the concept of the individual, the Reformation and Counter-Reformation, and the impact of New World explorations.
HUM 3237 The Seventeenth Century (3) AS HCS
An examination of the development of the art and culture of the Baroque Period, roughly the 17th Century, focusing on primary texts and images. Themes will include mysticism, sensuality, rationalism, science, absolutism, and liberty.
HUM 3240 The Early Middle Ages: Early Christian Cultures (3) AS HCS
This course examines early Christianity as a religious, social and cultural phenomenon. Topics include new literary and artistic forms; religious conversion; and Christian ideals of martyrdom, virginity, monasticism, and sainthood.
HUM 3241 Central Medieval and Gothic Europe (3) AS HCS
By studying texts and artifacts, this course examines the diverse cultures of Europe from the eleventh to fourteenth centuries. A central issue covered will be the efforts of the church to create an all-encompassing Christian culture.
HUM 3242 The Enlightenment (3) AS HCS
By studying late seventeenth and eighteenth century literature, music, visual art, and philosophy, this course examines phenomena such as rationalism, classification systems, the influence of science, utilitarianism, reform, and secularism.
HUM 3244 Nineteenth Century European Culture (3) AS HCS
By studying 19th century literature, music, and visual art, this course examines phenomena such as the rise of capitalism, colonial expansion, nationalism, urbanism, and the redefinition of public and political life during this period of extreme change.
HUM 3309 Introduction to Food Studies GCPC (3) AS HCS
An experiential course addressing historical and contemporary relationships between people and the food they produce/consume, focusing on the impact of industrialization through examination of visual arts, literature, and popular culture texts.
HUM 3407 Ancient Near East Cultures (3) AS HCS
Material and intellectual culture of ancient Mesopotamia (Iraq) & Persia (Iran) from the fourth millennium BCE until the coming of Islam. Topics include the Sumerian and the Assyrian in Mesopotamia; and the Achaemenid, Parthian, and Sasanian in Persia.
HUM 3457 Nineteenth Century American Arts and Letters (3) AS HCS
This course explores American art, literature, and cultural life from the early republic through the Gilded Age. Works are studied in their historical context in order to understand how they transmitted important information about American identity.
HUM 3458 Twentieth-Century American Culture (3) AS HCS
A historical survey of American culture since 1900. Literature, music, visual art, film, and intellectual movements are analyzed, to understand how they have reflected and shaped cultural values and responded to changing conditions of American society.
HUM 3459 Latin American Civilization I: Pre-Columbian & Colonial (3) AS HCS
PR: HUM 2210 or HUM 2230.
An overview of Pre-Columbian and Colonial Latin American Culture through 1700. Topics include literature, music, and art; ethnic diversity; political and religious tension; "high" versus "low" culture; and the clash of European and American cultures.
HUM 3804 Introduction to Cultural Studies (3) AS HCS
PR: AMS 2030 or AMS 2270 or FIL 1002 or HUM 2210 or HUM 2230 or HUM 2250 or HUM 2273 or HUM 2522
An introduction to the ideas and skills needed for doing scholarly work in interdisciplinary cultural studies. An overview of central critical discussions including gender studies, postcolonialism, class and power relationships, and technology and media.
HUM 3930 Selected Topics in Humanities (1-3) AS HCS
Courses offered under this number will always be interdisciplinary, treating more than one art media and relating them historically or in some other way. The interdisciplinary emphasis on literature and the arts, placing them in some larger context of culture or ideas, distinguished HUM courses from related courses offered in other departments of the university. Topics will vary; course may be repeated for credit with change of content.
HUM 4261 Cultural Periods and Styles (3) AS HCS
Focuses on the relationships between a particular historical period and the cultural forms characteristic of it. An interdisciplinary examination of cultural texts as responding to social and political issues of the day. Topic varies. Repeatable to 6 cr.

</tbody>
</table>
A program of independent research or study in areas of specific interest working under the supervision of a faculty mentor. Restricted to Honors College students.

IDS 4970 Honors Thesis WRIN 6ACT (3) HC HON
The development and public presentation of a senior thesis under the direction of a mentor. Course is taken for 2 semesters.

IDS 5956 Honors Project (3) HC HON
Advanced Honors Project. Repeatable up to 12 hours.

IDS 5975 Honors Thesis (3) HC HON
Advanced Honors Thesis. Repeatable up to 12 hours.

IDS 1505 Introduction to Research in Beh. & Com. Sciences (1) BC MHL
Overview of research problems in behavioral & community sciences, research ethics, and the responsible conduct of research. Restricted to students with a major or minor in College of Behavioral & Community Sciences.

IDS 2130 Biology For Learning Communities (3) AS IAS
This course is an introduction to major concepts of biology, focusing on evolution as the unifying concept in the field. Non-majors only.

IDS 2600 Applications of Research in Community Settings (1) BC MHL
Research in Community Settings introduces students to the principles of community-based participatory research and provides opportunities for students to observe and analyze the application of evidence-based practices in community settings.

IDS 2664 Social Science Perspectives I (3) AS IAS
Provides an overview of the evolution and global expansion of Western Civilization. Examines global problems of economic growth and development; geopolitical relations among nations and states, food supply and hunger, and environmental change.

IDS 2665 Social Science Perspectives II (3) AS IAS
Approaches the study of human behavior and society using the lens of various institutions. The course addresses issues of social stratification, economics, education, religion and social status. The course is not restricted to any major, has no lab section, and is not cross-listed.

IDS 2666 Historical Perspectives I (3) AS IAS
Approaches the study of human history through a series of specific case-studies that focus on historical processes. The primary focus of the course is to understand the variety of ways that the past can be emplotted in histories, rather than a comprehensive survey of a limited time or place. With this understanding, students will produce several of their own histories.

IDS 2912 Undergraduate Research Experience (0-4) US DEA
Learning objectives determined by faculty and aligned with students career aspirations and/or academic program. May be repeated a maximum of four times. This course is open to all majors.

IDS 2931 Selected Topics (1-3) AS IAS
Selected topics in liberal arts and sciences. A basic introduction to the substance and theory of contemporary topics in humanities, social science or natural science.

IDS 3115 Values and Choices 6ACT (3) ED EAP
An in-depth examination of values and their relationship to choices in contemporary society using historical perspective and inquiry of moral/ethical dilemmas. Available to majors or non-majors.

IDS 3186 Scientific and Ethical Dimensions of Human Disease (3) AS IAS
An interdisciplinary perspective of the biological basis of human disease combined with critical thinking and medical ethics. Basic concepts of human disease are integrated with bioethical dimensions of patient choice, physician responsibility and current health care issues.

IDS 3662 Arts Connections (3) FA FAI
This is an interdisciplinary course to the arts disciplines of music, dance, theatre, and art. Artists from the four disciplines will provide weekly presentations centered around issues and ideas that have formed the basis of their creative research. Influences of diversity, new technologies and community and public arts will be explored. This course will introduce students to the role the arts play in shaping their perceptions of the world as well as reflecting the underlying values and paradigms that form our culture(s).

IDS 3668 Images of Contemporary Urban Culture 6ACT (3) AS IAS
Offers multiple perspectives on the vision, theories, and practices of contemporary urban culture through the use of various literary genres. Examines the cultural realities of contemporary urban life, such as social stratification, discontinuity, anonymity and poverty; as well as its many potentials such as creative energy, diversity, and relational networks. Must have enough credit hours required for exit course admittance.

IDS 3947 Cooperative Internship (0-6) US DEA
Learning objectives determined by faculty and aligned with experiences in the workplace setting related to student's career aspiration and/or academic program. May be repeated for a maximum of 6 credit hours. The internship course is open to all majors.

IDS 3949 Cooperative Education, Parallel (0-2) US DEA
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

IDS 4239 Introduction to Global Sustainability
GCPC (3) CS DEA
The course presents theory and practice of sustainability and discusses its three components: environment, society and economy.

IDS 4910 Community Research (1-4) AS CEL
To provide students with a community related research experience.

IDS 4914 Advanced Undergraduate Research Experience (0-4) US DEA
Learning objectives determined by faculty and aligned with students career aspirations and/or academic program. May be repeated a maximum of four times. This course is open to all majors.

IDS 4930 Selected Topics (1-3) AS IAS
Course content determined by students' and instructor’s interests and needs.

IDS 4934 Senior Capstone for BSAS/BGS CPST
WRIN 6ACT (3) US DEA
This course affords students the opportunity to synthesize knowledge they have gained throughout their previous undergraduate coursework and identify how their integrated program of study provides real-world applicability and utility.

IDS 4942 Community Internship (1-4) AS CEL
To provide students with a community internship experience.

IDS 4949 Cooperative Education, Alternating (0-3)
US DEA
Full-time (40 hrs/wk) paid or for credit, career-related work experience. This course may be repeated up to 6 credit hours. Prerequisite: 45+ hours of credit, GPA 2.5+, a declared major and be accepted in Cooperative Education Program. S/U Only.

IDS 4950 Teaching Assistant Training (0) GS GRS
Instruction in course design, including delivery, methodology, policies, and teaching strategies and methods.

IDS 4955 International Community Research (1-4)
AS CEL
To provide students with an international community research experience.

IDS 4956 International Community Internship (1-4)
AS CEL
To provide students with an international community internship experience. Repeatable up to 8 credits.

IDS 5177 The Atelier, Its Management and History
(3) FA ART
This class will consider the history of printmaking and other forms of collaborative art production through the prism of the atelier and its management.

IDS 5178 Problems in Museum Studies (3) FA ART
This class is designed as both an academic and theoretical course to introduce students to the museum profession and develop critical thinking skills required to solve problems in the rapidly changing typography of museums. Students will develop managerial and administrative skills as they meet with and discuss the job descriptions of curators, educators, collection managers, marketing professionals, exhibit designers, registrars, and fundraisers.

IDS 5921 Teaching Assistant Training (0) GS GRS
Instruction in course design, including delivery, methodology, policies, and teaching strategies and methods.

IDS 5922 Preparing for College Teaching (0) GS GRS
The focus is on teaching college classes, and doing it well. Best practices in a number of topics related to course design and delivery will be examined. The goal is to prepare you for college teaching.

INP 2101 Applied Psychology (3) AS PSY
The application of psychological principles and the functions of psychologist in education, government, industry, and clinical practice.

INP 4004 Industrial Psychology (3) AS PSY
PR: PSY 3213 with a grade of C or better
Applications of psychological principles to industry. Topics include: selection, training, motivation, job satisfaction, supervision, decision-making.

INR 1015 World Perspective (3) AS GIA
An interdisciplinary study of the international system, major world regions and problems.

INR 2002 Introduction to International Relations
(3) AS GIA
Concepts and analytical tools applied to events such as politics among nations, control of foreign policies, types of actors, war and peace.

INR 3011 Globalization (3) AS GIA
Influence of globalization on political-economic and social systems around the world. International organizations involved with globalization processes are studied along with nations benefiting and suffering from the consequences of globalization.

INR 3018 World Ideologies (3) AS GIA
A course which details and examines the ideologies of today's independent countries; analyzing them in their political, social, cultural and historical context.

INR 3033 International Political Cultures (3) AS GIA
This course will explore ways in which culture influences the nature of government, economic success or failure, and constructive and destructive modes of self and social identification.

INR 3038 International Wealth and Power (3) AS GIA
Introduction to the relationship between politics and economics, emphasizing the analysis of government policies in response to both domestic and international economic problems.

INR 3081 International Issues and Actors (3) AS GIA
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

An examination of the most important issues in international affairs. The course analyzes the behavior of major foreign policy actors in the international arena, including nation states, non-governmental and international organizations.

INR 4502 International Terrorism (3) AS GIA
A study of contemporary international terrorism and its causes, ranging from national liberation movements to networks of philosophical anarchists.

INR 3102 American Foreign Policy (3) AS GIA
Analysis of the development and scope of United States foreign policy, emphasizing goals and objectives, policy formulation and implementation, themes and issues.

INR 3141 Global Security Policy (3) AS GIA
A study of security issues, regional and global (such as proliferation, arms control, arms transfer) as they relate to contemporary international politics.

INR 3202 International Human Rights (3) AS GIA
This course explores the evolution of international rights from the Greeks to the present. It examines human rights issues in major regions of the world.

INR 3336 Intelligence and U.S. Foreign Policy (3) AS GIA
An examination of the role of intelligence and the intelligence community in U.S. foreign policy, with emphasis on the period since World War II.

INR 3955 Overseas Study (1-6) AS GIA
A program of individual or group research in a foreign country.

INR 4035 International Political Economy (3) AS GIA
Analysis of the development and politics of the international economic system, focusing on questions of cooperation and conflict in trade, aid, and investment relationships.

INR 4083 Conflict in the World (3) AS GIA
An interdisciplinary course examining theories of conflict, conflict resolution processes and strategies, theories and peacemaking strategies, and the concept of Early Warning Systems related to the outbreak of conflict.

INR 4254 Africa in World Affairs (3) AS GIA
An examination of Africa’s place and role in world affairs, including an analysis of the impact of external forces, international relations in post-colonial Africa, the relations of African states with the major world powers, the U.N. and its agencies.

INR 4403 International Law (3) AS GIA
Examines essential components of the international legal system; recognition; succession; sea, air and space law, treaties, diplomats, International Court of Justice; laws of war, etc. Introduces the student to legal reasoning as employed in the international context.

INR 4502 International Organizations (3) AS GIA
Study of the operations and structure of international organizations and effects on world politics; background and achievement of the UN; regional organizations and multi-national corporations.

INR 4900 Directed Readings (1-3) AS GIA
A supervised program of intensive reading of interdisciplinary materials in areas of specific interest.

INR 4910 Directed Research (1-3) AS GIA
A supervised program of interdisciplinary research in areas of specific interest.

INR 4931 Selected Topics (1-3) AS GIA
Interdisciplinary studies with course content dependent on student demand and instructor’s interest.

INR 4936 Senior Seminar (3) AS GIA
A variable topics seminar integrating concepts and analyses relating to the academic background of INT majors. Should be taken in the student's final semester.

INR 4943 Internship in International Studies (3-6) AS GIA
The purpose of the course is to promote the student’s understanding of global international issues within a local and practical context.

INR 5012 Globalization (3) AS GIA
Examination of globalization's impact on international relations, including literature from political science, anthropology, geography, sociology, and economics that impacts the study of the nation-state system and power. Open to majors and non-majors.

INR 5086 Issues in International Relations (3) AS GIA
Explores specific topics and provides the student with an opportunity for in-depth study of historical and contemporary problems in international politics.

INT 3004 Fundamentals of Interpreting (3) BC CSD
This is a course of intralingual language exercises that introduces students to and provides practice in techniques of rephrasing and restructuring meaning in ASL and English. Students translate texts between English, ASL and English based sign language.

INT 3110 Language and Cognitive Processing Skills in English (3) BC CSD
PR: ASL 4201C
CR: INT 3111.
Students develop the cognitive processing and language skills within English that are preliminary steps for interpretation. It will develop student's ability to segment information to perform various cognitive tasks intralingually. For Majors only.

INT 3111 Language and Cognitive Skills in ASL (3) BC CSD
PR: INT 3270, INT 3112, ASL 3324
Students acquire cognitive processing and language development within ASL that are preliminary steps for performing simultaneous interpretation. This course also includes a service
COURSE DESCRIPTIONS

INT 3112 Translation from English and from ASL (3) BC CSD
PR: ASL 2140C, ASL 2150C, ASL 4161C, ASL 4201C, ASL 4301C
This is a course of intralingual language exercises that introduces students to and provides practice in techniques of rephrasing and restructuring meaning in ASL and English. Students translate texts between English, ASL and English based sign language.

INT 3205 Interpreting I (3) BC CSD
PR: INT 3112, ASL 3324, INT 3270
This course reinforces ASL and English skill development and the expressive and receptive skills of beginning interpreting through drill, practice and role play activities and focuses on translation and consecutive interpretation.

INT 3270 Interpreting Process and Skill Development (3) BC CSD
PR: ASL 2140C, ASL 2150C, ASL 4161C, ASL 4201C, ASL 4301C
Process-oriented approach for applying essential cognitive strategies to interpretation. Strategies include organizing and manipulating visual and spoken images, analyzing messages for meaning, and self-monitoring for message accuracy.

INT 3403 Issues in Educational Interpreting (3) BC CSD
This course explores the role of the interpreter in the educational setting. Issues related to institutional policies, potential role conflicts, interpreter/faculty collaboration, and support service provision will be emphasized.

INT 3481 Specialized Terminology (3) BC CSD
PR: INT 3270, INT 3112, ASL 3324
Students will build on conversational skills from previous ASL courses. The focus will be the settings interpreters work and sign vocabulary related to these specialized settings. Topics include K-12 and Post-secondary Education, Medical, Mental Health.

INT 3945 Interpreting Practicum 1 (3) BC CSD
PR: INT 3270, INT 3112, INT 3004, ASL 3324
Students will observe professional interpreters working in a variety of settings. They will learn specialized vocabulary, discuss ethical issues, develop rapport with Deaf consumers, and determine language usage in a variety of settings.

INT 4190 Senior Seminar in Interpreter Training (3) BC CSD
PR: INT 3004
Students expand upon previously learned topics and discuss factors that will affect their profession. Topics include: professional organization, certification, ethics and discuss best practices and will produce a professional portfolio. For majors only.

INT 4206 Interpreting II (3) BC CSD
PR: INT 3205.
This course provides advanced, in-depth discussion and application of techniques and principles as well as expanded concentration on intermediate expressive and receptive manual communication skills.

INT 4208 Interpreting III (3) BC CSD
PR: INT 4206.
This course develops advanced competency in interpretation in complex settings. Hands-on practice using advanced interpreting skills, techniques and in-depth exploration of advanced ASL features such as non-manual markers, classifiers, and fingerspelling.

INT 4211 Transliteration (3) BC CSD
PR: INT 4206.
Introduction to the transliteration process and development of expressive transliterating skills through presentation and class participation. Topics include types of consumers who use transliterating and issues that influence the transliteration process.

INT 4235 Advanced Receptive Voicing (3) BC CSD
PR: INT 4206.
Advanced level students will strengthen interpreting skills from a signed message to a voiced English translation. Strategies and techniques include working from ASL to English interpretation, with a focus on fingerspelling and numbering.

INT 4250 Simultaneous Interpretation Monologic (3) BC CSD
PR: INT 3004, INT 3112.
Students simultaneously interpret monologic talk from ASL and from English with target language beginning before the conclusion of the source utterance and continuing as the student listens to the continuing source utterance. For majors only.

INT 4251 Simultaneous Interpretation Dialogic (3) BC CSD
PR: INT 4250.
Students interpret dialogues from ASL to English and from English to ASL with the target language production beginning before the conclusion of the source utterance and continuing as the student listens to the continuing source utterance. For majors only.

INT 4260 ASL to English Consecutive Interpretation (2) BC CSD
PR: INT 3004, INT 3112
CR: INT 4261
Students consecutively interpret conversational discourse of planned and unplanned conversational language samples from ASL to English with delays of a few seconds after the source utterance is finished. For majors only.

INT 4261 English to ASL Consecutive Interpretation (2) BC CSD
PR: INT 3004, INT 3112
CR: INT 4260.
Students consecutively interpret conversational discourse from English to ASL with delays from
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

conversational language samples of various lengths ranging from single utterances to discourse units of several minutes duration. For majors only.

ISM 3403C Physical Science Fundamentals for Teachers (4) AS CHM
This course is develops future science teachers’ knowledge of the physical (chemistry, and physics) sciences commonly found in 5-9 school curricula, with a focus on effective research based physical sciences pedagogy.

ISM 3011 Information Systems in Organizations (3) BA QMB
PR: CGS 2100 or equivalent.
An introduction to the language, concepts, structures and processes involved in the management of information systems including fundamentals of computer-based technology and the use of business-based software for support of managerial decisions.

ISM 3113 Systems Analysis and Design (3) BA QMB
PR: ISM 3011 with a grade of C
CPR: ISM 3232, with a grade of C
The course presents concepts, procedures, and tools needed to build computer-based information systems. The objective is to develop project management, data collection, analysis, design, testing and documentation skills.

ISM 3232 Business Application Development (3) BA QMB
CPR: ISM 3011 with a grade of "C" or better (not C-).
Presentation of business application development using an object-oriented programming language. Good program design techniques are emphasized. Business applications are developed.

ISM 3431 Operations and Supply Chain Processes (3) BA QMB
PR: QMB 2100 or ACG 2071 or STA 2122 or STA 2323, with a grade of C-
This course will provide a contemporary overview of operations management with special emphasis on supply chains and services. Both concepts for successful managers and common tools used to build, manage, and improve systems will be covered.

ISM 4041 Global Cyber Ethics (3) BA QMB
PR: ISM 3011 with a grade of C
This course provides students an in-depth look at the social costs and moral problems that have arisen by the expanded use of the Internet, and offers up-to-date legal and philosophical perspectives on the global scale for the business community.

ISM 4141 Java Programming (3) BA QMB
PR: ISM 3232 with a minimum grade of B
Utilizes Java to provide hands-on experience in working with object-oriented programming concepts and techniques. Covers a variety of application features including GUIs, database connectivity, client-server computing, and web applications.

ISM 4153 Enterprise Resource Planning Systems (3) BA QMB
PR: ISM 3011, with a grade of C
An introduction to the use, configuration and implementation of enterprise resource planning systems, and their application to key business processes. This course is restricted to business majors only.
COURSE DESCRIPTIONS

ISM 4212 Database Design and Administration (3) BA QMB
PR: ISM 3113 with a grade of "C" or better (not C-).
An introduction to the concepts and principles of database management. Provides potential designers, users and managers of database systems with an understanding of physical vs. logical representations, data modeling, implementation, and data management.
ISM 4213 Advanced Database Administration (3) BA QMB
PR: ISM 3113, ISM 4212, with grades of "C" or better (not C-).
Essential concepts of database administration in a business environment are covered in order to prepare students to understand and deal with database administration issues and concepts. Students gain hands-on experience by administering a database environment and completing assignments that involve resource management, data administration, security, backup, recovery and database tuning issues.
ISM 4220 Business Data Communications (3) BA QMB
PR: ISM 3011 with a grade of "C" or better (not C-).
Fundamentals of data communication, including network architectures, communication protocols, transmission standards, and internetworking. Basic concepts in distributed computing will also be covered.
ISM 4233 Information System Interface Design (3) BA QMB
PR: ISM 3232 with a grade of "C" or better (not C-).
An introduction to theories of human-computer interaction and the principles and practices of information system interface design, evaluation, and integration. Students develop programs utilizing various user interface design techniques.
ISM 4234 Object-Oriented Design and Development (3) BA QMB
PR: ISM 3232 with a grade of "B" or better.
This course presents an object-oriented approach to software development of business information systems. Students will learn to create object models of the business world and to develop information system designs based on these objects.
ISM 4252 Mainframe Technologies (3) BA QMB
PR: ISM 3232 or equivalent Mainframe Technologies is an introduction to mainframe and operating environments for business programming and design. Students will apply problem solving using programming in a Mainframe development environment.
ISM 4300 Managing Information Resources (3) BA QMB
PR: ISM 4212 and (ISM 4220 or ISM 4402), with grades of C
Current issues in information systems management focusing on managing computer resources and social issues such as ethics, privacy, and legal issues including intellectual property.
ISM 4314 Project Management (3) BA QMB
PR: ISM 3113, with a grade of C
This course in project management covers the basic principles, processes, and tools of modern project management. Principles and areas of the Project Management Body of Knowledge (PMBOK) are covered utilizing information technology examples.
ISM 4323 Information Security and IT Risk Management (3) BA QMB
PR: ISM 3011 with a grade of C
Senior standing, all majors. Introduction to information security and IT risk management in organizations. Covers essential IT general controls and frameworks to assess IT risk in a business environment.
ISM 4381 Information Systems for Healthcare Analytics (3) BA QMB
PR: ISM 3011 with a grade of "C" or better (not C-).
Role of information technology in global business organizations and challenges in building information systems to enable global operations.
ISM 4400 Decision Support Systems (3) BA QMB
PR: QMB 3200, with a grade of C
An overview of the application and analytics applied to the various information systems used in today's health care industry. Students will examine the processes used in the acquisition, application, analysis, and evaluation of Health Information Systems.
ISM 4402 Business Intelligence (3) BA QMB
PR: ISM 3011 with a grade of "C" or better (not C-).
For undergraduate information systems students, as well as other interested business students. The course covers the rapidly emerging business intelligence and data mining technologies that are likely to play a strategic role in business organizations.
ISM 4402 Business Intelligence (3) BA QMB
PR: ISM 4212, with a grade of C or better
For undergraduate information systems students, as well as other interested business students. The course covers the rapidly emerging business intelligence and data mining technologies that are likely to play a strategic role in business organizations.
ISM 4432 Software Testing (3) BA QMB
PR: ISM 3113
The quality assurance of software systems requires rigorous methods for the verification of requirements, design, and implementation. This course surveys the best practices of software testing and explores the latest research ideas.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

ISM 4480 Electronic Commerce Systems (3) BA QMB
PR: ISM 3011 with a grade of "C" or better (not C-)
Familiarize students with the opportunities and challenges associated with e-commerce and its business models, to explore the underlying technologies used in implementing e-commerce systems, and to develop the skills needed to manage effective Web sites.

ISM 4542 Statistical Programming for Business Analytics (3) BA QMB
PR: QMB 3200, with a grade of C-
This course introduces SAS for statistical programming as a business analytics tool to explore data for managerial purposes such as maintaining or improving day-to-day operations or identifying new opportunities.

ISM 4543 Applied Data Science (3) BA QMB
PR: ISM 3232 with a minimum grade of C, QMB 3200 with a minimum grade of C-
Applied Data Science is a hands-on course using projects, providing in-depth understanding and application of programming, machine learning, and cognitive computing.

ISM 4547 Excel with SQL for Business Analytics (3) BA QMB
PR: CGS 2100 with a minimum grade of C
This project-based course provides students with an opportunity to explore business analytics using advanced Excel techniques, incorporating SQL.

ISM 4571 Cybersecurity Cases (3) BA QMB
PR: ISM 3011 with a grade of C
A discussion course that uses case studies to enhance the students' judgment in complex situations involving cybersecurity and a substantial individual project to enhance their ability to apply these skills.

ISM 4905 Independent Study (1-6) BA QMB
Independent study as directed by designated faculty.

ISM 4930 Selected Topics in MIS (1-3) BA QMB
Selected topics in MIS.

ISM 4940 Business Analytics & Information Systems Internship (3) BA QMB
The course focuses on professional development skills and an experiential learning experience. The on-site experience averages 10 hrs/week for a total of 120 hours and provides industry experience and the ability to apply knowledge of business practices.

ISM 4950 Independent Research (1-6) BA QMB
Individual study contract with instructor and department chairperson required. The research project will be mutually determined by the student and instructor.

ISM 4970 Information Systems Honors Thesis WRIN 6ACT (3) BA QMB
This course is the climax of an undergraduate experience in the College of Business. Thesis development supports critical investigation to develop explanations or solutions to academically interesting business problems or opportunities.

ISS 1101 Knowledge and Society (3) AS ISS
Course introduces students to issues concerning the relationship between knowledge and society. Among the issues addressed are competing accounts of knowledge and the relationship between knowledge and other forms of human experience and different aspects of social life such as religion, morality, aesthetics, politics, and gender.

ISS 1102 Self and Society (3) AS ISS
This course considers the history of the intellectual and social underpinnings of individualism. Why do we consider ourselves “selves,” independent of social forces which we so readily recognize in others?

ISS 1103 Nature and Culture (3) AS ISS
This course examines competing ideas and theories concerning the relationship between nature and culture. Among the issues and questions examined are the relationship between nature and our awareness of it, to what extent is nature transformable; should “nature” dictate the shape of social institutions; how does technology affect our society and environment.

ISS 3010 Introduction to the Social Sciences GCPC (3) AS ISS
Integrates the range of social science fields into a global interdisciplinary perspective. Views social institutions and issues from perspectives of changing paradigms.

ISS 3930 Selected Topics in the Social Sciences (1-3) AS ISS
Interdisciplinary studies of varying topics, with course content dependent on student demand and instructor's interest.

ISS 4151 Native American Women (3) AS ISS
An interdisciplinary examination of lives of Native American Women, past and present, Topics include history, education, politics, family, etc.

ISS 4900 Directed Readings (1-3) AS ISS
A supervised program of intensive reading of interdisciplinary materials in areas of specific interest.

ISS 4910 Directed Research (1-3) AS ISS
A supervised program of interdisciplinary research in areas of specific interest.

ISS 4935 Seminar in the Social Sciences CPST GCPC (3) AS ISS
PR: ISS 3010
The seminar which caps the interdisciplinary major. Weds personal curiosity with the application of theoretical models to research on salient social issues.

ITA 1120 Beginning Italian I (4) AS WLE
The first course in the study of elementary Italian. Emphasis is on the development of basic skills in comprehension, speaking, and reading.

ITA 1121 Beginning Italian II (4) AS WLE
COURSE DESCRIPTIONS

The second course in the study of elementary Italian. Emphasis is on the development of basic skills in comprehension, speaking and reading.

**ITA 2200 Italian III (3) AS WLE**
PR: ITA 1121 or equivalent.
Readings in Italian on the elementary level. A review of the basic structure of spoken and written Italian.

**ITA 2201 Italian IV (3) AS WLE**
PR: ITA 2200.
This course marks the fourth level in the acquisition of Italian language. It continues to encourage students to speak, listen, read and write in the target language through frequent communicative activities.

**ITA 2240 Italian Conversation (3) AS WLE**
PR: ITA 2200
This advanced-level Italian course belongs to the third level of modules leading to proficiency. It aims at consolidating student’s knowledge of Italian grammar and vocabulary with the ultimate goal of fostering accuracy in Italian conversation.

**ITA 2241 Italian Conversation II (3) AS WLE**
PR: ITA 2241
This advanced-level Italian course belongs to the third level of modules leading to proficiency. It aims at consolidating student’s knowledge of Italian grammar and vocabulary with the ultimate goal of fostering accuracy in Italian conversation.

**ITA 3234 Reading and Writing in Italian (3) AS WLE**
PR: Beginning Italian I & II; & two of ITAIII, ITAIV, ITA 2240, ITA 2241, or ITA 3420
This course marks an advanced level in the acquisition of Italian language. It continues to encourage students to speak, listen, read, and write in the target language through intensive reading.

**ITA 3420 Composition (3) AS WLE**
A fundamental composition course for students who have completed ITA 2200.

**ITA 3470 Overseas Study (1-6) AS WLE**
An intensive study-travel project in Italy.

**ITA 4930 Special Topics (1-3) AS WLE**
This course focuses on any area of special interest of students or faculty in Italian studies. The topics and hours may vary by semester, and may be taught in either English or Italian.

**ITT 3504 Italian Culture Through Film (3) AS WLE**
An overview of Italian culture from the Unification to the present. It aims at tracing the ways in which the concept of Italian culture has been defined according to different social, historical, and political perspectives. Taught in English.

**ITT 4505 Italy & the Italian-American Experience (3) AS WLE**
The focus of this course is on the representation of Southern Italy in a selection of novels, films, memoir writing, and music and on the history of the Italian diaspora – mainly made of Southerners migrated to the United States.

**ITT 4531 Italian Food in Film GCPC (3) AS WLE**
This course explores Italian food represented in different cinematic texts and its connection to culture, economics, and politics in Italy and beyond.

**ITW 4100 Survey of Italian Literature I (3) AS WLE**
The course aims at providing an introduction to the study of Italian Medieval and Renaissance literature and civilization. The course may be taught as a survey course or it may focus on any author, period, genre, or cultural theme.

**ITW 4101 Survey of Italian Literature II (3) AS WLE**
The course aims at providing an introduction to the study of Italian Modern and Contemporary literature and civilization. The course may be taught as a survey course or it may focus on any author, period, genre, or cultural theme.

**ITW 4905 Directed Study (1-3) AS WLE**
Selected topics in Italian literature.

**JOU 2100 Beginning Reporting (3) AS MCM**
PR: MMC 2100 and MMC 3602.
Basic instruction in news judgment, sources of news, newsgathering, and newswriting techniques for various media. Typing ability is required.

**JOU 3101 Advanced Reporting (3) AS MCM**
PR: JOU 2100 or RTV 3301 (RTV majors only), PHI 1103 and POS 2041.
CPR: JOU 4201
Reporting and writing the more complex and specialized story. Techniques of investigative and analytical reporting, including ethical and legal considerations.

**JOU 3302 Critical Writing: Editorials, Reviews, Columns (3) AS MCM**
PR: JOU 3101 and JOU 4201.
Interpretive and opinion writing for the mass media. Analysis and discussion of current events as a basis for critical thinking and editorial writing. Evaluation of editorial pages of leading newspapers. Study of journalistic techniques involved in writing reviews and personal columns.

**JOU 3308 Magazine Article and Feature Writing (3) AS MCM**
PR: CRW 2100 and JOU 2100.
Planning, researching, writing, and marketing articles for general and special interest magazines and newspaper supplements. Experiences in developing article ideas and analysis of magazine articles.

**JOU 3940 Reporting Practicum (1) AS MCM**
PR: JOU 3101
Practical experience outside the classroom where the student works for academic credit under the supervision of a professional practitioner. Periodic written and oral reports to the faculty member coordinating the study.

**JOU 4181 Public Affairs Reporting (3) AS MCM**
PR: JOU 3101 or RTV 3301 (RTV majors only), POS 2041 and POS 2112 or POS 3142.
Covering city council meetings, courthouse, city hall, courts, society, and other special...
JOU 4201 News Editing I (3) AS MCM
PR: ECO 1000, JOU 2100, and SYG 2010.
Evaluating news and its display. Editing and rewriting copy for the mass media including new media, with emphasis on the daily newspaper. News judgment, headlines and makeup. Ethical problems. Introduction to theories of design and graphics.

JOU 4212 Magazine Design and Production (3) AS MCM
PR: JOU 4201.
Theoretical and practical application of design principles for magazines. Design software. Study of visual design, page architecture, typography, color and illustrations. Integration of design elements in the design of magazine covers. Design elements specific to magazine and production preparation.

JOU 4213 Newspaper and News Publication Design (3) AS MCM
PR: JOU 4201.
Theoretical and practical applications of newspaper and news publication design, including typography, graphics, graphics software and electronic picture editing. Exercises in design for newspapers and news publications in both print and electronic formats.

JOU 4941 Editing Practicum (1) AS MCM
PR: JOU 4201.
Practical experience outside the classroom where the student works for academic credit under the supervision of a professional practitioner. Periodic written and oral reports to the faculty member coordinating the study.

JOU 4944 Magazine Practicum (1) AS MCM
Practical experience outside the classroom where the student works for academic credit under the supervision of a professional practitioner. Periodic written and oral reports to the faculty member coordinating the study.

JOU 5105 Newswriting and Editing (3) AS MCM
Introduction to the basics of gathering, writing, and editing the news, with an emphasis on practical assignments done under professional conditions and standards. Discussions, readings emphasize the larger context and implications of news.

JOU 5344 Multimedia Journalism (3) AS MCM
The course is designed to bring components of print, web and broadcast writing together to develop skills for and understanding of the multimedia environment. It is restricted to majors and not repeatable for credit.

JPN 1120 Modern Japanese I (4) AS WLE
An intensive study of basic skills: pronunciation, listening comprehension, speaking, and some composition.

JPN 1121 Modern Japanese II (4) AS WLE
PR: JPN 1120 or equivalent.
A continuation of JPN 1120. More sophisticated oral/aural skills are attained. Basic reading skills are acquired.

JPN 2220 Modern Japanese III (4) AS WLE
PR: JPN 1121 or equivalent.
Continuing study to attain basic proficiency in Japanese.

JPN 2221 Modern Japanese IV (4) AS WLE
PR: JPN 2220 or equivalent.
Continuation of JPN 2220.

JPN 3400 Japanese V (3) AS WLE
PR: JPN 2221 with a minimum grade of C
This course is the fifth course in the Japanese language sequence and is designed to integrate all the language skills. It is also intended to develop communication strategies, cultural awareness and connections.

JPN 3401 Japanese VI (3) AS WLE
PR: JPN 3400 with a minimum grade of C
This course is the sixth course in the Japanese language sequence and designed to guide your Japanese from a low intermediate level to a high intermediate level by integrating all the language skills.

JPN 4905 Directed Study (1-5) AS WLE
Permits study options in Japanese not available in regularly scheduled curriculum at departmental discretion.

JPN 4930 Selected Topics (1-3) AS WLE
Course permits study options in Japanese not available in the regularly scheduled curriculum at departmental discretion.

LA 311 Teaching Print and Multimodal Texts in Elementary Education (3) ED TAL
PR: LA 4424.
The purpose of this course is to understand children’s writing processes and effective instructional strategies for supporting composition.

LA 314 Teaching Writing in the Elementary School, Grades K-6 (3) ED TAL
The purpose of this course is for students to understand children’s writing development and to design and implement instructional strategies for teaching composition in an integrated Language Arts curriculum.

LA 323 Methods of Teaching English: Middle School (3) ED TAL
Whole language methods of integrating reading, writing, speaking, listening, viewing, and critical thinking activities into a literature-based program for middle school students.

LA 332 Traditional English Grammar for Teachers (3) ED TAL
Prepares teachers to teach secondary English with an interactive approach to grammar instruction in which students learn, not only the basic elements of English grammar, but also pertinent and engaging classroom activities for teaching grammar.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

LAE 4335 Methods of Teaching English: High School (3) ED TAL
CR: LAE 4464.
Whole language methods of integrating reading, writing, speaking, listening, viewing, and critical thinking activities into a literature-based program for high school students.

LAE 4414 Children's and Young Adult Literature: Trends and Issues WRIN 6ACT (3) ED TAL
Students will develop an appreciation of children's literature as a literary and visual art form and develop strategies for critically evaluating texts created for children and youth.

LAE 4424 Teaching Children's Literature (3) ED TAL
Building on an appreciation for children's literature, this class is for undergraduate teacher candidates to learn how to select quality literature for children and to demonstrate instructional strategies for developing children's engagement.

LAE 4464 Adolescent Literature for Middle and Secondary Students 6ACT (3) ED TAL
A study of the types of literature read by adolescents with an emphasis upon the criteria for the choice of good books and knowledge of available books and teaching materials.

LAE 4469 Teaching World Literature to Middle and Secondary Students (3) ED TAL
World literature encompasses more than Western European literature. This course is designed to emphasize, but is not limited to, the study of Eastern literature. This course fulfills the world literature course requirement for teacher certification in English.

LAE 4530 Methods of Teaching English: Practicum (3) ED TAL
This course provides students an opportunity to demonstrate their ability to plan, deliver instruction, and reflect upon the effectiveness of their teaching in secondary school English/Language Arts classrooms. Course is restricted to majors.

LAE 4936 Senior Seminar in English Education CPST (3) ED TAL
Synthesis of teacher candidate’s courses in complete college program.

LAE 4940 Internship: English Education (1-12) ED TAL
One full semester of internship in a public or private school. Intern takes Senior Seminar in English Education concurrently. In special programs where the intern experience is distributed over two or more semesters, student will be registered for credit which accumulates from 9 to 12 semester hours.

LAE 5462 Young Adult and World Literature for New Teachers (3) ED TAL
A study of the types of literature read by adolescents, including literature representative of other cultures, with emphasis upon the criteria for the choice of good books and knowledge of available books and teaching materials.

LAE 5862 Classroom Communication in English Education (3) ED TAL
Identifies characteristics of classroom communication environment; offers insights, info, instructional strategies designed to help you become effective classroom communication managers. Emphasis on role of media & non-print texts in students’ lives.

LAE 5932 Selected Topics in the Teaching of English (3) ED TAL
Investigation of topics which are of special interest to the student and are related to the teaching of English in the secondary school. Topics will be selected by the student in accordance with his particular goals and will be approved by the student's graduate advisor.

LAH 2020 Latin American Civilization CAGC HHCP (3) AS HTY
This course introduces the principle historical events, trends, conflicts and outcomes that have shaped the Spanish and Portuguese Americas from the Pre-Columbian period (prior to 1492) to the present.

LAH 2733 Latin American History in Film (3) AS HTY
Through the use of films and readings, the course introduces the broad sweep of Latin American history from the pre-Columbian period to today. Emphasis is placed on the social-cultural context to understand the peoples and events that have shaped Latin America.

LAH 3130 Colonial Latin America (3) AS HTY
A study of the Spanish and Portuguese Colonial empires in the New World from 1492-1830.

LAH 3200 Modern Latin America (3) AS HTY
A study of the emergence of the Latin American states. The course will examine developments in Latin America during the nineteenth and twentieth centuries. Special attention is given to the Third World character of the region.

LAH 3430 History of Mexico (3) AS HTY
Mexican history from pre-Columbian cultures to the twentieth century. Emphasis falls on the colonial political economy, social development, the wars of independence, development of the 19th century Mexican state and the Mexican revolution.

LAH 3470 History of the Caribbean (3) AS HTY
A thematic study of the circum-Caribbean from pre-Columbian cultures to the twentieth century, emphasizing the development of the Caribbean political economy with emphasis on monoculture, plantation society, and colonial/neo-colonial relationships.

LAH 3480 History of Cuba (3) AS HTY
Cuban history from pre-Columbian cultures to the Cuban Revolution. Emphasis on colonization, the sugar economy, the struggles for independence,
**COURSE DESCRIPTIONS**

**UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG**

the political economy of the Republic, and the 20th century revolutionary process.

**LAH 3630 Modern Brazil (3) AS HTY**
Political, economic and cultural history of Brazil from colonization to the present with emphasis on the twentieth century. Topics include colonization, slavery, independence, nation building, economic development, the Cold War, race, class and gender.

**LAH 3743 Spanish America in the Age of Revolution (3) AS HTY**
This course investigates the Age of Revolution in Spain's American colonies from 1750-1848 that followed a wave of revolutionary activity in Europe and the forced resignation of the Spanish monarch by Napoleon Bonaparte.

**LAS 3002 Latin America (3) AS GIA**
Area study courses are multi-disciplinary in nature and deal with one or more countries of a region. Each course combines some measure of political, economic, historical, religious, geographic, anthropological, and sociological analysis in dealing with salient features and current problems.

**LAS 3116 Latin America Through Film (3) AS GIA**
This course will use film, video, selected readings, and lectures to teach the interested student about Latin America.

**LAS 4023 African Diaspora in Latin American and the Caribbean CAGC HHCP (3) AS AFA**
The class examines the development and history of the African Diaspora in Latin America and the Caribbean from colonization through the modern era. While primarily a history course, anthropological and sociological perspectives are also incorporated.

**LAS 4934 Selected Topics: Latin American Studies (1-3) AS GIA**
Latin America region will be analyzed through different specific topics to provide students analytical tools to understand hemispheric relations and the relevance of this complex region for the USA. Open to non-majors, repeatable up to 09 credits.

**LAS 4940 Internship in Latin American and the Caribbean (1-9) AS GIA**
Designed to complement other instruction focused on Latin America and the Caribbean. Open to all majors and is repeatable up to 9 hours.

**LAT 1120 Beginning Latin I (4) AS WLE**
An introductory course in Latin grammar with appropriate readings.

**LAT 1121 Beginning Latin II (4) AS WLE**
PR: LAT 1120 or equivalent. An introductory course in Latin grammar with appropriate readings.

**LAT 2220 Intermediate Latin (4) AS WLE**
PR: LAT 1121 or equivalent. Readings in Latin at an intermediate level.

**LAT 2221 Intermediate Latin II (4) AS WLE**
PR: LAT 2220. This class will introduce students to their first Latin author, and to the techniques and skills of intermediate work in Latin. It will also provide a comprehensive review of Latin Grammar. It is not restricted to majors, and not repeatable for credit.

**LDR 2010 Leadership Fundamentals (3) US LDR**
Covers a broad range of leadership topics from self-development and understanding of self, to group behavior, organizational design, ethics and teamwork. The potential of every individual to develop effective leadership skills is examined.

**LDR 3115 Contemporary Issues In Leadership (3) US LDR**
This course offers students interested in the dynamics of contemporary leadership the opportunity to explore relevant leadership trends and examine contemporary leadership theories.

**LDR 3214 Leadership in the Fraternal Movement (3) US LDR**
Leadership course designed for Greek Life board members, chairpersons of chapters, governing councils and auxiliary organizations. Study of group processes and applications for building and leading organizations from corporate and non-profit perspectives.

**LDR 3216 Leadership and Social Change (3) US LDR**
This course explores the role of leadership in movements of social change. Grand feats to small initiatives and even failed attempts will be analyzed in order to consider the common practices of those who seek to improve society.

**LDR 3263 Community Leadership Practicum (3) US LDR**
PR: LDR 2010 or LDR 3331, with a minimum grade of C-. This course involves the transference of leadership theories into practice. It provides a practical forum for students to examine and develop personal leadership skills.

**LDR 3280 Leadership in the Political Context (3) US LDR**
This course offers students the dynamics of political leadership, exploring relevant leadership trends and examines leadership theory using articles, film/documentaries, short fiction, experiential activities, and role playing as the learning medium.

**LDR 3301 Strategic Leadership in the Public Sector (3) AS SPF**
This course explores leadership principles and effective practices in the public and non-profit sectors. Course content will focus on strategic management, planning, and evaluation in the public services.

**LDR 3331 Leading in the Workplace (3) US LDR**
Explores the complex challenges of leadership through the examination of leaders and workforce situations. Designed to view leadership as a process focusing on the leader, the followers, and...
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

real-world workplace situations. Appropriate for working adults.

LDR 3930 Selected Topics in Leadership (0-3) US LDR
Course content will depend upon the interest of the faculty member and student demand. Repeatable up to 15 credits.

LDR 4104 Theories of Leadership (3) US LDR
PR: LDR 2010 or LDR 3331, with a minimum grade of C-.
Focuses on historical and modern views of leadership. It is designed to assist students analyzing and understanding the historical, social, political aspects of leadership theories and styles as well as the application of leadership theories in settings.

LDR 4114 Survey of Leadership Readings (3) US LDR
Survey of historical and contemporary writings on leadership skills and practices. Examines the contextual manner in which the leader functions.

LDR 4164 Organizational Theories and Processes (3) US LDR
PR: LDR 2010 or LDR 3331, with a minimum grade of C-.
Participants will delve into the nature of organizational dynamics, they will utilize concepts, generalizations, theories, and frames of reference to analyze organizations and leadership to understand and improve their function.

LDR 4204 Ethics and Power in Leadership (3) US LDR
Course reviews arguments for ethics in leadership as proposed by both contemporary and ancient leadership theories. It also examines theories of power and authority, and seeks answers to the apparent dilemmas through applied moral theory and psychology.

LDR 4230 Global Leadership (3) US LDR
A focus on historical and contemporary issues concerning the role, responsibilities and processes for leaders in the global environment. Addresses leadership concerns relating to social, cultural, ethical, political, economical, and environmental issues.

LDR 4564 Images of Leadership in the Media (3) US LDR
This course examines the historical development of leadership theory through contemporary times. Surveys literature and other media relevant to role of the leader and to the development and application of leadership skills.

LDR 4951 Leadership Capstone Seminar (3) US LDR
PR: LDR 4104
This is the culminating course/experience for the Leadership minor assisting students in the integration of their study of leadership. Students will analyze and synthesize the concept of leadership using cultural, ethical, sociological, political, economic and historical perspectives addressed in prior Leadership courses.

LIN 2002 Language, Culture & Film CAHU (3) AS WLE
Offers initial exposure to foreign languages and cultures. Through lecture, demonstration, discussion, and the viewing of full-length feature films, students are introduced to a variety of prominent modern and ancient languages and cultures.

LIN 2670 English Grammar and Usage (3) AS ENG
A course in the basics of traditional English grammar designed as a complement to our composition and creative writing courses, as a review for those students who will take preprofessional exams, and as a basic course for students interested in improving their knowledge of English. Will not count toward the English major.

LIN 3003 Language Matters GCPC (3) AS WLE
This course aims to encompass issues regarding language, culture, and myths, including the facts about language learning, cultural dynamics in relation to the use of language, and current cross-cultural issues in the aspect of language as a medium.

LIN 3010 Introduction to Linguistics (3) AS WLE
Introduction to the basic principles of linguistic science; phonological and grammatical analysis and description; language change and genetic relationships.

LIN 3801 Language and Meaning 6ACT (3) AS WLE
A survey introduction for non-specialists to the basic principles of semantics and the way language conveys ideas. This course is also available on WUSF/TV Channel 16 by the O.U. Program.

LIN 4350 Sound Systems in American English (3) AS WLE
A comprehensive overview of the phonology and phonetics of the English language with a focus on both research and pedagogy. Theoretical and practical introduction to pronunciation teaching.

LIN 4671 Traditional English Grammar (3) AS ENG
A course primarily using the sentence diagram to present a detailed analysis of the parts of speech, verb tenses, sentence functions, and other basic grammatical classifications of traditional English grammar.

LIN 4680 Structure of American English (3) AS ENG
An introductory survey of traditional, structural, and generative transformational grammars and their techniques for the analysis and description of linguistic structure in general, and contemporary American English, in particular.

LIN 4701 Psycholinguistics (3) AS WLE
General introduction to the theory and methodology of psycholinguistics at the undergraduate level.
COURSE DESCRIPTIONS

LIS 4414 Information Policy and Ethics (3) AS LIS
Covers design, organization, implementation, and maintenance of digital information spaces for human access, navigation, and use. Examines core concepts and dominating technologies in IA. Majors only or permission of instructor.

LIS 4029 Professional & Technical Comm. for Analysts (3) AS LIS
Professional and Technical Communication for Analysts introduces students to how they can critically think about risks, threats, and uncertainties, to write and brief effectively and to work productively on individual and group projects.

LIS 4204 Information Behaviors (3) AS LIS
PR: LIS 3261
Theories and issues surrounding various information behaviors, such as information needs, seeking, and use, and understanding the practices of information professionals and design of information systems. Majors only or permission of instructor.

LIS 4273 Advanced Statistics and Analytics (3) AS LIS
PR: STA 2023 or STA 2122
Building on elementary statistics, this course focuses on the assumptions, mechanisms, and data science applications for advanced statistical topics, such as logistic regression, maximum likelihood, bootstrapping, nonparametrics, & Bayesian methods.

LIS 4317 Introduction to Visual Analytics (3) AS LIS
PR: LIS 4800 with minimum grade of C-
This course introduces the science of analytical reasoning facilitated by combining statistical analysis with visualizations methods and techniques to promote effective understanding, reasoning and decision-making involving data.

LIS 4365 Web Design Technologies (3) AS LIS
PR: LIS 3361
Exploration of advanced applications of key Web Technologies. Majors only or permission of instructor.

LIS 4370 R Programming for Data Science (3) AS LIS
PR: LIS 4800, LIS 4273
This course teaches the use of R, a programming language and software environment for statistical computing and graphics, in applied Data Science. According to InfoWorld, R is the preferred statistical application among data scientists.

LIS 4380 Information and Social Media (3) AS LIS
Focusing on social media immersion this course explores the roles of people, information, technology and social structures to discover new ways information can contribute to personal goals, an organization's success, and societal inclusion in general.

LIS 4414 Information Policy and Ethics (3) AS LIS
COURSE DESCRIPTIONS

Examine topics related to information use in today’s society. Topics include governmental regulations and policies, information literacy, digital divide, information ethics, and intellectual property issues. Majors only or permission of instructor.

**LIS 4477 Clinical Decision Support (3) AS LIS**

This course examines how to take advantage of the ever increasing amounts of data available to healthcare professionals and utilize systems for knowledge discovery and clinical decision support.

**LIS 4482 Networks and Communication (3) AS LIS**

PR: LIS 3353. This course is designed to provide a solid foundation in data communication and networking. Topics include local area networks (LANs), wide area networks (WANs), protocols used to implement networks & management issues of IT professionals. Majors or PI.

**LIS 4671 Introduction to Intelligence Studies (3) AS LIS**

This course will introduce the students to the field of intelligence studies and to the U.S. intelligence community and its processes and practices.

**LIS 4672 Critical Thinking & Methods for Intel Analysis (3) AS LIS**

This course will introduce students to critical thinking and sensemaking as it applies to intelligence analysis, providing connections between the study of intelligence analysis and human judgment and decision-making.

**LIS 4673 Open Source Intelligence (OSINT) (3) AS LIS**

This course introduces students to the collection and integration of publicly available information and its uses in addressing specific information or intelligence requirements.

**LIS 4761 Introduction to Data & Text Mining (3) AS LIS**

PR: LIS 4800, LIS 4273. Introduction to the Data Mining provides an in-depth study of what data mining is, how it is used, and how it has evolved, including different data types and applications of new technologies.

**LIS 4762 Geographic Information Systems for Data Science (3) AS LIS**

PR: LIS 4800. This course introduces the basic principles and techniques of Geographic Information Systems (GIS) with their applications to Data Science, and provides hands on experience with GIS analysis.

**LIS 4776 Health Information Technology (3) AS LIS**

The course focuses on students applying the IT knowledge to address real-life problems in the health community. Students address various topics with emerging technical solutions that can help improve health service, and health decision making.

**LIS 4779 Health Information Security (3) AS LIS**

Examine soft and technological threats to protected health information and methods for reducing these threats with a focus on HIPAA compliance.

**LIS 4785 Introduction to Health Informatics (3) AS LIS**

Introduction to core concepts and practices in the interdisciplinary field of Health Informatics.

**LIS 4800 Introduction to Data Science (3) AS LIS**

Introduction to Data Science will provide an overview of an up-and-coming field in the information sciences working with large amounts of data as it pertains to the collection, organization, analysis, visualization and preservation of that data.

**LIS 4805 Predictive Analytics (3) AS LIS**

PR: LIS 4800 with a minimum grade of C-, LIS 4273 with a minimum grade of C-, LIS 4317 with a minimum grade of C-. This course will introduce the students to predictive analytics and analysis of probabilities and future trends using statistical algorithms and machine-learning tools.

**LIS 4930 Selected Topics in Information Studies (3) AS LIS**

Covers a variety of topics in the field of library/information science such as emerging technologies, administration and service, and current professional issues.

**LIS 5020 Foundations of Library and Information Science (3) AS LIS**

Introduction to the study of library and information science, history; organization; specialized literature; outstanding leaders; current trends, issues, and problems; the place of the information agency in society with its contributions to that society.

**LIS 5268 Microcomputer Applications Library and Information Centers (3) AS LIS**

Microcomputer hardware and software for libraries and their application in library/information settings. Projects using major applications for budgets, databases, and telecommunications are undertaken.

**LIS 5315 Instructional Graphics (3) AS LIS**

Theoretical aspects, planning and production of instructional graphic material. The theory of graphic communications. Interpreting needs for instructional materials appropriate for given behavioral objectives.

**LIS 5333 TV in Schools and Libraries (3) AS LIS**

Small format video tape recordings and the utilization of open and closed broadcasts in schools and libraries.

**LIS 5418 Health Informatics for Medical Librarians (3) AS LIS**

PR: LIS 5020 or LIS 6620. CR: LIS 6475. Introduction to the interdisciplinary field of medical informatics highlighting the underlying theories,
and methods related to health information technology in support of decision-making, problem-solving, and other health information problems.

LIS 5566 Multicultural Literature for Children and Young Adults (3) AS LIS
Students will select and evaluate multicultural and special population materials for effective use in youth services and programs in public and school libraries.

LIS 5631 Health Information Sources (3) AS LIS
PR: LIS 6603
Introduction to printed and electronic sources of health information. Course material is intended for those interested in medical, public, or academic libraries where clients need health-related information.

LIS 5802 Information Analytics (3) AS LIS
PR: STA 2023 or STA 2122 or QMB 2100
This course teaches the basics of data science, visualization, and the use of R, a programming language and software environment for statistical computing and graphics.

LIS 5937 Selected Topics in Library Studies (1-4) AS LIS
Covers a variety of topics in such areas as collection development, reference services, technical services, and administration.

LIT 2000 Introduction to Literature CAHU 6ACT (3) AS ENG
This course will introduce students to the three major literary forms of prose, poetry and drama as well as to various "schools" of literary criticism. Will not count toward the English major.

LIT 2010 Introduction to Fiction CAHU 6ACT (3) AS ENG
A study of the short story and novel as literary forms; approached from an historical perspective though not restricted to any historical period. Will not count toward the English major.

LIT 2020 Introduction to the Short Story CAHU HHCP 6ACT (3) AS ENG
Introduction to the formal elements of the short story, analysis and interpretation, application of major types of literary criticism, the history of the genre and its interaction with its social context. Will not count toward the English major.

LIT 2030 Introduction to Poetry CAHU 6ACT (3) AS ENG
A study of the poem as literary form; approached from an historical perspective though not restricted to any historical period. Will not count toward the English major.

LIT 2040 Introduction to Drama CAHU 6ACT (3) AS ENG
This course will introduce students to the literary form of drama as well as to the various "schools" of literary criticism. Will not count toward the English major.

LIT 3022 Modern Short Prose (3) AS ENG
PR: ENC 1101 and ENC 1102.

This course for English majors and minors explores modern short prose in World, British, and American literatures; genres include the short story, the long short story, the short novel, and the essay. Not repeatable.

LIT 3031 Survey of Poetry (3) AS ENG
A chronological sampling of the major poems written in English from the Middle Ages to the present. Recommended as the first literature course in the CRW (Poetry emphasis) Option.

LIT 3043 Modern Drama (3) AS ENG
A study of such modern and contemporary dramatists as Ibsen, Strindberg, Chekhov, Pirandello, Shaw, O'Neill, Pinter, Stoppard, Brecht, Beckett, and Ionesco.

LIT 3093 Contemporary Literature (3) AS ENG
An introduction to the fiction, poetry, and drama written since 1945--American, British, Continental, or Multicultural. Focus may be on one, two, or all three genres or on works from any combination of nationalities.

LIT 3101 Literature of the Western World Through the Renaissance (3) AS ENG
A study in English of the great works of Western Literature from its beginnings through the Renaissance, including the Bible, Homer, Sophocles, Plato, Euripides, Virgil, Cicero, Dante, Petrarch, Machiavelli, and Rabelais, among others.

LIT 3102 Literature of the Western World Since the Renaissance (3) AS ENG
A study in English of the great works of Western Literature from the Neoclassic to the Modern Period, including such writers as Moliere, Racine, Voltaire, Dostoevsky, Chekhov, Ibsen, Kafka, Gide, Sartre, and Camus, among others.

LIT 3103 Great Literature of the World WRIN 6ACT (3) AS ENG
A survey of world literature including samples from the ancient and modern era, Western and Eastern traditions, male and female writers, and various ethnic cultures. Focus on values/ethics, race, ethnicity and gender; thinking and writing skills. Will not count toward the English major.

LIT 3144 Modern European Novel 6ACT (3) AS ENG
A study of the Modern European novel in translation as it developed from the nineteenth century to the present, including such writers as Dostoevsky, Flaubert, Kafka, Hesse, Camus, and Solzhenitsyn.

LIT 3155 Twentieth-Century Literature WRIN 6ACT (3) AS ENG
Examines major literary works of the 20th Century written in English and explores ways authors have expressed the age, its great issues and conflicts, in order to gain an historical perspective that will help relate the present to the recent past. Will not count toward the English major.

### COURSE DESCRIPTIONS

**MAC 1105 College Algebra CAMA 6AMT (3) AS MTH**  
PR: C (2.0) or better in MAT 1033, or 490 or better SAT Math score, or 21 or better ACT Math score, or 90 or better Elementary Algebra CPT score, or 40 or better College-Level Math CPT score.  
This is an accelerated combination of MAC 1114 and MAC 1140; this course is best for students who have already seen some trigonometry. See the descriptions of MAC 1140 and MAC 1114.  

**MAC 1114 Precalculus Trigonometry CAMA 6AMT (2) AS MTH**  
PR: C (2.0) or better in MAC 1105, or 550 or better SAT Math Score, or 24 or better ACT Math Score.  
CPR: MAC 1110.  
Angles, trigonometric functions, properties and graphs of trigonometric functions, right triangles, laws of sines and cosines, polar coordinates.  

**MAC 1140 Precalculus Algebra 6AMT (3) AS MTH**  
PR: C (2.0) or better in MAC 1105, or 550 or better SAT Math Score, or 24 or better ACT Math Score.  
CPR: MAC 1114.  
Review of functions and graphs. Analytic geometry including conic sections and rotation of axes, systems of equations including matrix algebra and determinants, sequences and series including Binomial Theorem.  

**MAC 1147 Precalculus Algebra and Trigonometry CAMA 6AMT (4) AS MTH**  
PR: C (2.0) or better in MAC 1105, or 550 or better SAT Math Score, or 24 or better ACT Math Score, or 60 or better College-Level Math CPT score.  
This is an accelerated combination of MAC 1140 and MAC 1114; this course is best for students who have already seen some trigonometry. See the descriptions of MAC 1140 and MAC 1114.  

**MAC 2233 Business Calculus CAMA 6AMT (3) AS MTH**  
PR: C (2.0) or better in MAC 1105, or C (2.0) or better in MAC 1140, or C (2.0) or better in MAC 1147, or 590 or better SAT Math score, or 26 or better ACT Math score, or 78 or better College-Level Math CPT score.  
Linear equations and functions, mathematics of finance, differentiation and integration of algebraic, exponential and logarithmic functions with applications to business, finance and economics.  

**MAC 2234 Business Calculus II CAMA 6AMT (3) AS MTH**  
PR: C (2.0) or better in MAC 1140, or C (2.0) or better in MAC 1147, or 650 or better SAT Math score, or 29 or better ACT Math score, or 90 or better College-Level Math CPT score.  
No credit for math majors. Differentiation and integration of algebraic, trigonometric, exponential, and logarithmic functions with applications to life sciences.  

**MAC 2242 Life Sciences Calculus I CAMA 6AMT (3) AS MTH**  
PR: C (2.0) or better in MAC 2241.  
Techniques of integration, differential equations, functions of several variables, series and Taylor polynomials.  

**MAC 2281 Engineering Calculus I CAMA 6AMT (4) AS MTH**  
PR: C (2.0) or better in MAC 1114 and C (2.0) or better in MAC 1140, or C (2.0) or better in MAC 1147, or 650 or better SAT Math score, or 29 or better ACT Math score, or 90 or better College-Level Math CPT score.  
Differentiation, limits, differentials, extremes, indefinite integral. No credit for mathematics majors.  

**MAC 2282 Engineering Calculus II CAMA 6AMT (4) AS MTH**  
PR: C (2.0) or better in MAC 2281.  
Definite integral, trigonometric functions, log, exponential, series, applications.  

**MAC 2283 Engineering Calculus III CAMA 6AMT (4) AS MTH**  
PR: C (2.0) or better in MAC 2282.  
Techniques of integration, numerical methods, analytic geometry, polar coordinates, Vector algebra, applications.  

**MAC 2311 Calculus I CAMA 6AMT (4) AS MTH**  
PR: C (2.0) or better in MAC 1114 and C (2.0) or better in MAC 1140, or C (2.0) or better in MAC 1147, or 650 or better SAT Math score, or 29 or better ACT Math score, or 90 or better College-Level Math CPT score.  
Differentiation, limits, differentials, extremes, indefinite integral.  

**MAC 2312 Calculus II CAMA 6AMT (4) AS MTH**  
PR: C (2.0) or better in MAC 2311.  
Antiderivatives, the definite integral, applications, series, log, exponential and trig functions.  

**MAC 2313 Calculus III CAMA 6AMT (4) AS MTH**  
PR: C (2.0) or better in MAC 2312.  
Integration, polar coordinates, conic sections, vectors, indeterminate forms and proper integrals.  

**MAD 3107 Discrete Mathematics CAMA 6AMT (3) AS MTH**  
PR: MAC 2281 or MAC 2311.  
An introduction to some of the aspects of discrete mathematics that are fundamental to digital computing. Topics include sets, numbers, algorithms, Boolean algebra, computer arithmetic, elementary combinatorics and an introduction to graph theory.  

**MAD 4203 Introduction to Combinatorics CAMA 6AMT (3) AS MTH**  
PR: MGF 3301.  
Fundamental principles of counting. Topics include bijective proofs, arrangements and permutations, sets and multisets, the Principle of

Inclusion-Exclusion, partitions, generating functions, recurrence relations, and the Polya theory of counting.

This course provides prospective middle school teachers with initial skills to develop an inquiry-based learning environment that facilitates high academic achievement for all students, focusing on curriculum and learning at the task and lesson level.

The candidate will spend six hours a week in an assigned school, becoming acquainted with the middle grades classroom, and providing supervised one-on-one, small group and whole group instruction and will attend university seminars.

Candidates will spend nine hours a week in an assigned school, in a grade level or subject area other than the one completed in Practicum I, providing supervised one-on-one, small group, and whole group instruction, and will attend university seminars.

This course provides prospective middle school teachers the opportunity to develop concepts, skills, and pedagogical procedures for effective teaching of mathematics in grades 5-9.

Methods for teaching informal geometry, measurement, probability, statistics, and algebraic thinking for elementary school (K – 6) classrooms.

This course is designed to prepare the student for a successful internship experience as well as an induction to teaching mathematics in the high schools of today. The experiences help bridge the perceived gap between theory and practice.

This course provides an opportunity to develop concepts, skills and procedures for effective communication (reading, writing, listening and

COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

MAN 4402 Employment Laws (3) BA QMB
PR: MAN 3025, with a grade of C
This course covers Federal and state laws and regulations such as wage and hour laws; EEO; affirmative action programs; employee benefits; insurance; workers' compensation, safety, health, employee's personal rights and collective bargaining.

MAN 4430 Seminar in Negotiations and Administration of Labor Agreements (3) BA QMB
PR: MAN 3025, with a grade of C
Case studies in contract negotiation, administration, grievance settlement, and arbitration. Assumes familiarity with industrial relations system.

MAN 4441 Negotiation and Conflict Resolution (3) BA QMB
PR: MAN 3025 and MAN 3240, with a grade of C
Examines what conflict is, how it occurs, and how it can be managed through negotiation, particularly in the workplace.

MAN 4504 Operations Management: A Systems Approach (3) BA QMB
PR: QMB 2100 or STA 2023 or STA 2122, with a grade of C-
Studies the problems of "operations" in all types of enterprises in both the public and private sectors. Emphasis is placed on the application of various decision science methodologies to problem situations.

MAN 4505 Healthcare Operations Management (3) BA QMB
PR: QMB 2100, with a grade of C or better
This course provides an overview of methodologies and approaches used in the healthcare operations, including performance improvement tools, project management and scheduling.

MAN 4600 International Management (3) BA QMB
PR: MAN 3025, with a grade of C
Examines the effects of international cultural differences on business practices within and outside the United States and provides methods to build synergies and establish/enhance competitive advantage via those differences.

MAN 4631 Global Perspectives and Management Choices (3) BA QMB

MAN 4702 Disaster Recovery and Business Continuity Planning (3) AS LIS
When organizations are interrupted by disasters, accidents, or natural events, a loss of money, data, and/or productivity occurs. The extent to which the loss affects the organization's health depends on its ability to deal with these disruptions.

MAN 4737 Integrated Management Applications (3) BA QMB
PR: MAN 3240, MAN 3301, MAN 4282
This capstone course integrates the major topics of management. Students will acquire a broad view of organizations, learning to analyze organizational strengths and weaknesses, and to recommend appropriate actions for improvement.

MAN 4802 Entrepreneurship and Small Business Management (3) BA MKT
PR: ACG 2021, ACG 2071, MAR 3023
Study of the factors involved in starting and managing a small- to medium-sized business. Emphasis on conduct of pre-business feasibility study, start-up of business, successful management of the firm, and options for succession or termination.

MAN 4804 Small Business Management Counseling (3) BA MKT
PR: MAN 4802
Field application in small business settings by (a) analyzing an on-going small business and developing recommendations for making improvements; or (b) conducting a feasibility study for a new enterprise and developing a strategy for implementation if favorable.

MAN 4905 Independent Study (1-3) BA QMB
Specialized independent study determined by the students needs and interests.

MAN 4930 Selected Topics in Management (1-3) BA QMB
Topics to be selected by instructor and department chairperson for pertinent Management issues.

MAN 4931 Independent Research (1-4) BA QMB
Individual study contract with instructor and department chairperson required. The research project will be mutually determined by the student and instructor.

MAN 4940 Management Internship (3) BA QMB
This course consists of two components: an academic component focused on professional development skills and an on-site experiential learning experience comprised of at least 120 hours of on-site experience.

MAN 4970 Management Honors Thesis WRIN 6ACT (3) BA QMB
This course is the climax of an undergraduate experience in the College of Business. Thesis development supports critical investigation to develop explanations or solutions to academically interesting business problems or opportunities.

MAP 2302 Differential Equations 6AMT (3) AS MTH
PR: MAC 2283 or MAC 2313.

COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

decision-making skills required of the sales manager in the modern market-oriented company.

MAR 4453 Business to Business Marketing (3) BA MKT
PR: MAR 3023
A study of the marketing of goods and services to the industrial and institutional sectors. Includes characteristics of the markets and channels of distribution, sales, management, research and promotional practices, marketing policies and strategies.

MAR 4503 Buyer Behavior (3) BA MKT
PR: MAR 3023
A study of the basic concepts of buyer behavior, including pre- and post-purchase attitudes and behavior patterns, information processing relating to the functional areas of marketing and the buyer's decision-making process. Managerial applications to marketing are emphasized.

MAR 4824 Marketing Management Problems (3) BA MKT
PR: MAR 3613 and MAR 3823, with a grade of C-
The integration of marketing knowledge applied to decision roles in managing the total marketing effort of firms, and coordination with other major functional areas on specific problems. Restricted to Marketing majors.

MAR 4903 Independent Research (1-3) BA MKT
Individual study contract with instructor and department chairperson required. The research project will be mutually determined by the student and instructor.

MAR 4905 Independent Study (1-3) BA MKT
Specialized independent study determined by the students' needs and interests.

MAR 4933 Selected Topics in Marketing (1-3) BA MKT
Topics to be selected by instructor and department chairperson.

MAR 4940 Marketing Internship/Practicum (3) BA MKT
This course consists of two components: an academic component focused on professional development skills and an on-site experiential learning experience comprised of at least 120 hours of on-site experience.

MAR 4970 Marketing Honors Thesis WRIN 6ACT (3) BA MKT
This course is the climax of an undergraduate experience in the College of Business. Thesis development supports critical investigation to develop explanations or solutions to academically interesting business problems or opportunities.

MAS 3105 Linear Algebra 6AMT (3) AS MTH
CPR: MGF 3301 and either MAC 2283 or MAC 2313.
Linear systems, matrix algebra, vector spaces, linear independence, inner product spaces, Gram-Schmidt algorithm, linear transformations and matrix representations, determinants, eigenvalues, diagonalization, quadratic forms.

MAS 3108 Algebra Connections (3) AS MTH
PR: MAC 2233 or MAC 2241 or MAC 2281 or MAC 2311
This course will provide prospective teachers with experiences that will help them develop the specialized content knowledge needed to support the teaching of mathematics in middle level education.

MAS 3156 Vector Calculus 6AMT (3) AS MTH
PR: MAC 2313 or MAC 2283
Implicit function and inverse function theorems, parameterized surfaces, submanifolds on Euclidean space, exterior calculus of differential forms, differentiation of vector fields, line and surface integrals, Stokes' Theorem, elementary continuous groups.

MAS 3205 Number Concepts Connections (3) AS MTH
PR: MAC 2233 or MAC 2241 or MAC 2281 or MAC 2311
This course will provide prospective teachers with experiences in number theory that will help them develop the specialized content knowledge needed to support the teaching of mathematics in middle level education.

MAS 4214 Elementary Number Theory 6AMT (3) AS MTH
PR: MAC 2312.
Divisibility, prime numbers, Fundamental Theorem of Arithmetic, Diophantine equations, the algebra of congruencies, number functions and other selected topics.

MAS 4301 Elementary Abstract Algebra 6AMT (3) AS MTH
PR: MAS 3105.
An introduction to the basic algebraic structures; groups, rings, integral domains, and fields; homeomorphisms and isomorphisms.

MAS 4302 Elementary Abstract Algebra II (3) AS MTH
PR: MAS 4301
This course is a continuation of Elementary Abstract Algebra, where advanced topics in abstract algebra, including ring theory and field theory; introduction to Galois theory are taught.

MAS 5145 Advanced Linear Algebra (3) AS MTH
PR: MAS 3105 and MAS 4301
CPR: MAS 5311.
Finite-dimensional vector spaces over arbitrary fields, dual spaces, canonical forms for linear transformations, inner product spaces, orthogonal, unitary, and self-adjoint operators and quadratic forms.

MAS 5215 Number Theory (3) AS MTH
PR: MAS 3105 and MAS 4301
Fundamental theorem of arithmetic, modular arithmetic, Chinese remainder theorem, Mersenne primes, perfect numbers, Euler-Fermat theorem, pseudo primes, primitive roots, law of quadratic reciprocity, factorization and primality testing algorithms.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

MAS 5311 Algebra I (3) AS MTH
PR: MAS 3105 and MAS 4301
Group theory: Sylow theorems; classification of groups of small order. Ring theory: ideals, quotient rings, polynomial rings, Euclidean domains, principal ideal domains and unique factorization.

MAS 5312 Algebra II (3) AS MTH
PR: MAS 5311
Continuation of MAS 5311. Finite generated modules over a principal ideal domain, basic field theory, finite fields, Galois theory.

MAT 1033 Intermediate Algebra (3) ED TAL
PR: MAT 0024 with a grade of "C" or better or appropriate score on the Scholastic Aptitude Test, Mathematics (SATM)
This course provides students with an opportunity to develop algebraic knowledge needed for further study in several fields such as engineering, business, science, computer technology, and mathematics.

MAT 1033L Intermediate Algebra Laboratory (1) ED TAL
PR: MAT 0024 with a grade of "C" or better or appropriate score on the Scholastic Aptitude Test, Mathematics (SATM)
CR: MAT 1033.
This course provides students with an opportunity to develop algebraic knowledge needed for further study in several fields such as engineering, business, science, computer technology, and mathematics.

MAT 4906 Independent Study 6AMT (1-4) AS MTH
Specialized independent study determined by the student's needs and interests. The written contract required by the College of Arts and Sciences specifies the regulations governing independent study.

MAT 4930 Selected Topics in Mathematics 6AMT (1-3) AS MTH
The course content will depend on the interest of faculty members and student demand.

MAT 4937 Mathematics Majors Seminar 6AMT (1) AS MTH
PR: MAS 4301.

MAT 4970 Mathematics Senior Thesis 6AMT (3) AS MTH
Course restricted to mathematics majors.

MAT 5932 Selected Topics (1-4) AS MTH
Each course covers a single topic outside the usual curriculum.

MCB 2000 Microbiology for Nursing and other Healthcare Professionals (3) NR NUR
Basics of microbiology for health professionals. Focus on disease states and the role of bacterial, viruses, fungi, rickettsiae and other pathogenic organisms.

MCB 2000L Microbiology Lab for Nursing and other Healthcare Professionals (1) NR NUR

MCB 3020 General Microbiology (3) AS BCM
PR: BSC 2010, BSC 2010L, BSC 2111, BSC 2111L, and CHM 2210 and MAC 1105 or higher-level MAC course or STA 2023.
CR: PCB 3023 or PCB 3043 or PCB 3063 or PCB 3712.
Structure and function of bacteria, archaea, viruses, and eukaryotic microbes.

MCB 3020L General Microbiology Laboratory (1) AS BCM
CR: MCB 3020
The laboratory involves preparation of culture media, staining, pure culture methodology, isolation of microbes from nature, enumeration techniques, resistance to infectious disease.

MCB 3410 Cell Metabolism (3) AS BCM
PR: , MCB 3020 or PCB 3043
The ecology of pathogenic microorganisms. Topics include host-parasite interactions, microbial survival strategies, microbial virulence, and environmental influences on the maintenance and spread of disease.

MCB 4115 Determinative Bacteriology (3) AS BCM
PR: MCB 3020, MCB 3020L
Survey of bacterial classification; detailed examinations of bacteria important to man in agriculture, in industry and as pathogens.

MCB 4115L Determinative Bacteriology Laboratory (2) AS BCM
CR: MCB 4115
Laboratory associated with Determinative Bacteriology.

MCB 4202 Ecology of Infectious Diseases (3) AS BIN
PR: MCB 3020 or PCB 3043
The ecology of pathogenic microorganisms. Topics include host-parasite interactions, microbial survival strategies, microbial virulence, and environmental influences on the maintenance and spread of disease.

MCB 4223 Food Microbiology (3) AS BCM
PR: MCB 3020 and MCB 3020L
Food Microbiology is a comprehensive course designed for students interested in microbiology. This course provides an introductory knowledge of food composition and food processing methods essential in the control of microbial growth and food contamination.

MCB 4313 Industrial Microbiology and Biotechnology (3) AS BCM
PR: MCB 3020
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

This course focuses on advanced principles of industrial microbiology/biotechnology. It will expose student to the many applications of industrial microbiology in daily life and through this exposure visualize future entrepreneurial opportunities.

MCB 4320 Molecular Microbiology (3) AS BCM
PR: MCB 3020 with a minimum grade of C, MCB 3020L with a minimum grade of C, PCB 3023 with a minimum grade of C, PCB 3063 with a minimum grade of C-
Lecture based course building on principles from general microbiology to explore advanced topics in molecular microbiology. Emphasis is on: molecular genetics of bacteria and bacteriophages and genetic regulation of responses to the natural environment.

MCB 4404 Microbial Physiology and Genetics (3) AS BIN
PR: MCB 3020, CHM 2210, PHY 2053
Physiological, metabolic, and genetic phenomena pertinent to understanding the growth, development, ecology, regulation, and reproduction of microorganisms. Emphasizes the interdependence of physiological and genetic approaches. Lecture only.

MCB 4404L Microbial Physiology and Genetics Laboratory (1) AS BIN
CPR: MCB 4404
Laboratory portion of Microbial Physiology and Genetics relating to biochemical characteristics and metabolic capabilities of bacteria. Laboratory only.

MCB 4503 Virology (3) AS BCM
PR: MCB 3020, MCB 3020L
The biology of viruses associated with plants, animals, and bacteria will be considered; the nature of viruses, mechanisms of viral pathogenesis, and interactions with host cells.

MCB 4905 Microbiology Undergraduate Research (1-4) AS BCM
PR: CHM 2210 & MAC 1105 or higher-level MAC course or STA 2023 and CI. CP: PCB 3023 or PCB 3043 or PCB 3063 or PCB 3714 & CHM 2211.
S/U only. Junior standing and 3.0 GPA required. Individual investigation with faculty supervision. Written contract by Department is necessary prior to registration.

MCB 4933 Selected Topics in Microbiology (1-3) AS BCM
This course covers various topics in microbiology. The content varies depending on student demand and instructor interest.

MCB 4934 Seminar in Microbiology (1) AS BCM

MCB 5206 Public Health and Pathogenic Microbiology (3) AS BCM
PR: MCB 3020
A comprehensive survey of pathogenic microbes responsible for disease in man and other animals and the impact of these infectious agents on the public health. These pathogens will be studied with respect to their morphology, cultivation, mechanisms of pathogenicity, laboratory diagnosis, and epidemiology.

MCB 5208 Cellular Microbiology (3) AS BCM
PR: PCB 3023; MCB 3033
Cellular Microbiology is a lecture-based and literature-based course on the interactions between mammalian cells and microbial pathogens and/or their toxins, with a special emphasis on bacteria.

MCB 5655 Applied and Environmental Microbiology (3) AS BCM
PR: MCB 3020
A Study of the applications of microbiology to the food/beverage industry, agriculture, public health and bioremediation. This course is a microbiology elective and has a mandatory field trip.

MCB 5815 Medical Mycology (3) AS BCM
PR: MCB 3020
A modern biological survey of the medically important fungi (yeasts and molds) important to microbiologists and environmental scientists.

MET 201C Weather Studies (4) AS SGS
Weather Studies covers the structure, composition, and physical basis of the atmosphere. Topics include atmospheric composition and structure, energy and moisture flows, observations, cloud and precipitation development, circulations and weather systems. This course includes several integrated lab investigations.

MET 400C Climatology (4) AS SGS
PR: GEO 2200
An introductory survey of climatology. A qualitative study of the dynamics and general circulation of the atmosphere. Surface and upper level atmosphere linkages in the mid latitudes will be examined. Discussion of the regional climatic patterns and anomalies throughout the world. This course includes several integrated lab investigations.

MET 401C Climate Studies (4) AS SGS
PR: GEO 2200 or MET 401C or MET 201C
Information will be provided on the climate system, the scientific principles that govern climate, its variability and change with implications for society and risk management strategies aimed at countering negative impacts of global climate change. This course includes several integrated lab investigations.

MGF 1106 Finite Mathematics CAMA 6AMT (3) AS MTH

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>MHS 3062 Behavioral Healthcare Services for Older Adults (3) BC MHL</td>
<td></td>
<td>This course provides an overview of behavioral health disorders, service sectors, service utilization, and evidence-based service delivery models for older adults with behavioral health issues.</td>
</tr>
<tr>
<td>MHS 3204 Fundamentals of Applied Behavior Analysis (3) BC CFS</td>
<td></td>
<td>The Fundamentals of Applied Behavior Analysis (ABA) course provides the student with information in the form of lectures, demonstrations, and practical exercises on the basic principles and procedures of the field of ABA.</td>
</tr>
<tr>
<td>MHS 3411 Multidisciplinary Behavioral Healthcare Services (3) BC MHL</td>
<td></td>
<td>Working in behavioral healthcare requires the application of specific knowledge and skills. This open enrollment course offers a practical multidisciplinary look at service delivery. Students will examine their career and educational goals in context.</td>
</tr>
<tr>
<td>MHS 4002 Behavioral Health Systems Delivery (3) BC MHL</td>
<td></td>
<td>This course is designed to provide students with an understanding of the significant issues and trends in behavioral health delivery systems in America. Four major areas will be emphasized: 1) history and legislation; 2) systems delivery; 3) programs and policies; 4) selected at-risk populations. This course is not repeatable for credit and is open to non-minors in behavioral healthcare.</td>
</tr>
<tr>
<td>MHS 4022 Adult Psychopathology in the Community (3) BC MHL</td>
<td></td>
<td>This course will review the experience of persons with mental illness in public service settings. Justice involvement, co-occurring disorders, funding streams, and evidence based practice will be discussed. Not restricted to majors; not repeatable.</td>
</tr>
<tr>
<td>MHS 4023 Recovery Oriented Mental Health Services (3) BC MHL</td>
<td></td>
<td>This course describes the principles and practices of services that promote recovery and rehabilitation for individuals with severe mental illnesses, with special focus on integration of mental health consumers into meaningful community roles.</td>
</tr>
<tr>
<td>MHS 4052 Human Relations Skills in Counseling (3) ED EAP</td>
<td></td>
<td>Introduction to the theory of human relations dynamics and development of skills required for effective interpersonal relations. Lecture sessions and experiential training.</td>
</tr>
<tr>
<td>MHS 4074 Child Development and Trauma (3) BC MHL</td>
<td></td>
<td>Students will acquire a thorough knowledge of normal development and the impact of trauma from the prenatal period through adolescence, in addition to screening, differential diagnosis and</td>

<tr>
<th>COURSE</th>
<th>TITLE</th>
<th>CO-COURSE PR</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>MHS 4202</td>
<td>Behavioral Assessment and Intervention Planning (3) BC CFS</td>
<td>PR: MSH 4202</td>
<td>A course on how to identify functions of behavior; collect and analyze data; identify and conduct approaches for functional assessment; identify, select, and implement functional interventions; and identify monitoring procedures and ethical considerations.</td>
</tr>
<tr>
<td>MHS 4203</td>
<td>Practical Skills-Children's Behavioral Healthcare (3) BC CFS</td>
<td>PR: MHS 4490</td>
<td>Students will apply system of care values and principles to children's behavioral health services in the assessment of family needs and strengths, working with teams to achieve goals, and development, implementation and evaluation of support plans.</td>
</tr>
<tr>
<td>MHS 4206</td>
<td>Applied Behavioral Analysis in Autism and Development Disabilities (3) BC CFS</td>
<td>PR: MSH 4202</td>
<td>ABA in Autism and Developmental Disabilities covers the history of autism and developmental disabilities, developmental milestones, skills assessment, developing programs, verbal behavior, and programming for generalization and maintenance.</td>
</tr>
<tr>
<td>MHS 4408</td>
<td>Exemplary Practices in Behavioral Healthcare Treatment (3) BC MHL</td>
<td>PR: MHS 3411</td>
<td>This course explores exemplary clinical practices in public behavioral health service delivery. Best or exemplary practices are defined as those that have both a track record and their efficacy has been empirically validated. Modules may begin with a historical perspective of the treatment of a specific population or a treatment strategy but will primarily focus on emerging methodologies.</td>
</tr>
<tr>
<td>MHS 4412</td>
<td>Research Methods and Ethical Issues in Behavior Analysis (3) BC CFS</td>
<td>PR: MHS 4202</td>
<td>How to identify ethical principles and practices in behavior analysis as well as how to implement various single subject research and group designs; write literature reviews and research proposals; and complete the IRB process.</td>
</tr>
<tr>
<td>MHS 4413</td>
<td>Applied Data Analysis for Behavioral Health Research (3) BC MHL</td>
<td>PR: STA 2122 and (PSY 3213 or CCJ 3701 or GEY 4401 or SOW 3401)</td>
<td>Students will obtain the analytic skills necessary to conduct basic quantitative using SPSS and qualitative analyses using NVivo through a practical and applied introduction to the analysis and interpretation of both forms of data.</td>
</tr>
<tr>
<td>MHS 4425</td>
<td>Field Experience in Behavioral Healthcare CPST (3) BC MHL</td>
<td>PR: MHS 3411, MHS 4002, MHS 4408</td>
<td>This experiential class allows the student to observe and participate with multidisciplinary staff of a provider agency. The student will attend team meetings, observe individual, group, and case management services. Assignments will be made to maximize the student's time investment in the field. Observations and experiences will be discussed in biweekly class meetings. Students are required to spend 120 hours (an average of 8 hours per week for 15 weeks) in an agency. Advisor approval required two months in advance of semester.</td>
</tr>
<tr>
<td>MHS 4434</td>
<td>Behavioral Health and the Family</td>
<td>GCPC (3) BC REH</td>
<td>This course covers ways that illness/injury affect the family of a person who is ill or injured; how family relations/behavioral patterns affect healing and return to good health; and how MH professionals serve families struggling with an ailing loved one.</td>
</tr>
<tr>
<td>MHS 4452</td>
<td>Co-Occurring Disorders (3) BC MHL</td>
<td></td>
<td>This unrestricted course is designed to introduce the topic of co-occurring disorders, impart their knowledge and understanding, and teach skills needed to apply for and obtain employment in behavioral healthcare. It is not repeatable for credit.</td>
</tr>
<tr>
<td>MHS 4453</td>
<td>Applied Psychopharmacology in Drug Abuse and Dependency (3) BC MHL</td>
<td></td>
<td>This survey course will cover a range of topics pertinent to the observation and recognition of drug use and abuse behavior, focusing on a knowledge base useful in applied (treatment) settings, and public and non-profit drug-policy institutions.</td>
</tr>
<tr>
<td>MHS 4454</td>
<td>Alcohol Drugs and Crime (3) BC MHL</td>
<td></td>
<td>This course will provide an overview of research and clinical techniques related to the assessment, diagnosis and treatment of alcohol/drug use and the intersection with criminal behavior and the criminal justice system.</td>
</tr>
<tr>
<td>MHS 4455</td>
<td>Drug Abuse Prevention and Treatment (3) BC MHL</td>
<td></td>
<td>This course will provide students with an orientation to drug abuse in the U.S., and introduce them to the most commonly used prevention and treatment techniques. The impact of important drug legislation will also be discussed.</td>
</tr>
<tr>
<td>MHS 4463</td>
<td>Suicide Issues in Behavioral Health (3) BC CFS</td>
<td></td>
<td>Students explore the psychological and social factors contributing to suicide-related behaviors. Lectures, group activities, and guest speakers help students better understand the dynamics of suicide and the processes of assessment and interventions.</td>
</tr>
</tbody>
</table>
Lectures, group activities, & guest speakers help examine children's mental health treatment, service delivery, case management, & wraparound processes.

**MHS 4703 Legal, Ethical and Professional Issues in BHC (3) BC MHL**
Behavioral healthcare professionals are expected to adhere to professional codes and respect legal rights of clients. Course investigates legal and ethical issues that influence the practice and helps students develop skills in ethical decision-making.

**MHS 4723 Professional Seminar in Behavioral Healthcare (3) BC MHL**
PR: MHS 3411
This course provides (1) an overview of skills and processes needed to prepare for field work and (2) professional development opportunities related to behavioral healthcare.

**MHS 4731 Writing for Research and Publication in Behavioral and Community Sciences WRIN 6ACT (3) BC MHL**
This course is a writing intensive exit course that fulfills the Gordon rule requirement. Students will develop a research problem statement, complete a literature review, and learn to prepare manuscripts for publication.

**MHS 4741 Applied Research Methods (3) BC MHL**
This course provides students with the opportunity to apply knowledge gained in research methods classes to contemporary problems in the behavioral sciences using quantitative and qualitative methods.

**MHS 4905 Independent Study: Guidance and Counseling Education (1-4) ED EAP**
Specialized independent study determined by the student's needs and interests.

**MHS 4906 Directed Study (1-4) BC MHL**
Directed study. Student must have a contract with an instructor.

**MHS 4912 Independent Research in Behavioral Health (1-4) BC MHL**
PR: 1 course in statistics; 1 course in research methods. Students will conduct an independent research project in behavioral health (mental health and/or substance abuse) under the guidance of a faculty mentor. May be repeated for maximum of 8 credits.

**MHS 4931 Selected Topics (1-3) BC MHL**
The course content will depend on student demand and instructor's interest. The course may be repeated for different topics up to 9 hours.

**MHS 4943 Practicum Seminar in Applied Behavior (3) BC CFS**
CPR: MHS 4202 and Intervention Planning in ABA.
How to find a quality placement in the community in order to become certified as an Assistant Behavior Analyst, navigate the Behavior Analyst Certification Board process, and receive training on current ABA technologies.

**MHS 5020 Foundations of Mental Health Counseling (3) BC REH**
A skill-building course on the utilization of one's self in mental health counseling relationships. Includes study of the origin, history, professional functions and current issues in the discipline of mental health counseling.

**MHS 5480 Human Growth and Development (3) BC REH**
Human development theory as applied in psychotherapy and case management rehabilitation, mental health, and addiction settings.

**MHS 5721 BRIDGE Proseminar I (2) BC MHL**
This course is designed to provide students with the necessary skills for successfully applying for and transitioning into a graduate training program in the social and behavioral sciences.

**MHS 5722 BRIDGE Pro Seminar II (2) BC MHL**
Provide students with the skills for successfully transitioning to a graduate program in behavioral and social sciences. It will also provide knowledge that can be applied to the mentored research project being conducted as part of the BRIDGE certificate.

**MHS 5745 Applied Qualitative Research Methods (3) BC MHL**
This course is designed to provide students with an understanding of applied qualitative research methods and to assist them where appropriate in applying these methods to their mentored research projects being conducted as part of the BRIDGE certification.

**MHS 5746 Applied Quantitative Research Methods (3) BC MHL**
Reviews quantitative research methods while focusing on the application of such concepts in real research contexts preparing students to understand the nature assumptions processes and ethical application of quantitative methodology.

**MHS 5889 BRIDGE Community Field Experience (2) BC MHL**
Provide students with the skills for successfully transitioning to a graduate program in behavioral and social sciences. It will also provide knowledge that can be applied to the mentored research project being conducted as part of the BRIDGE certificate.

**MHS 5905 Directed Studies (1-4) ED EAP**
Independent studies on a selected topic.

**MLS 4038 Introduction to Medical Technology (1-2) AS CHM**
A hospital clinical course on principles and methods of medical technology, including professional ethics, safety regulations, quality control, phlebotomy, medical terminology, labor.

**MLS 4860 Clinical Urinalysis and Body Fluids (2) AS CHM**
A hospital clinical course on laboratory methodology and diagnosis using urine and other
**COURSE DESCRIPTIONS**

**UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG**

- **MLS 4861 Clinical Immunology (2) AS CHM**
  A hospital clinical course on the tissues, cells, and molecules of the human immune system, emphasizing the detection of serum antibodies and disease states.

- **MLS 4862 Clinical Hematology (6) AS CHM**
  A hospital clinical course on cellular components of the blood as related to laboratory diagnosis and disease, including blood coagulation and morphological and biochemical aspects of blood cells.

- **MLS 4863 Clinical Microbiology (6) AS CHM**
  A hospital clinical course emphasizing pathogens responsible for diseases in man, including morphology, physiology, and laboratory diagnosis of bacteria, fungi, parasites, and viruses.

- **MLS 4864 Clinical Chemistry (6) AS CHM**
  A hospital clinical course on the analysis of chemical substances found in the body as related to the diagnosis of human disease, including topics such as instrumentation, electrophoresis, therapeutic drug-monitoring assays, tumor markers, and toxicology.

- **MLS 4865 Clinical Immunohematology (6) AS CHM**
  A hospital clinical course on blood and tissue typing, including blood group systems, transfusion associated diseases, HLA testing, and preparation of blood and blood components for transfusion therapy.

- **MLS 4866 Clinical Laboratory Management and Education (1) AS CHM**
  A hospital clinical course on concepts of laboratory management, including personnel staffing, reimbursements, quality assurance, and regulatory issues, and educational techniques, including writing, lecture presentation, and evaluation.

- **MMC 2100 Writing for the Mass Media (3) AS MCM**
  PR: grade of "C" in ENC 1101, ENC 1102
  An introduction to the basic skills of writing for the mass media with practice in library research, persuasive writing, and informational writing.

- **MMC 3140 Web Publishing (3) AS MCM**
  PR: JOU 2100, MMC 2100, MMC 3602, VIC 3001.
  Course is intended for those with little previous Web design/publishing experience. Course will introduce students to the basic topics, nomenclature, pragmatics, and mechanics involved in Web publishing. Restricted to majors; not repeatable for credit.

- **MMC 3602 Mass Communications and Society CASB HHCP (3) AS MCM**
  A survey of the history, theory, processes, and philosophy of mass communications and the mass media in the United States, and their relationship to the other major institutions of American society.

- **MMC 4200 History and Principles of Communications Law (3) AS MCM**
  PR: MMC 2100 and MMC 3602.

- **MMC 4203 Communication Ethics (3) AS MCM**
  PR: MMC 2100 and MMC 3602.
  A study of the fundamental principles and philosophical approaches to ethics and their application to the decision-making process in the various professions of mass communications.

- **MMC 4208 Media Law and Ethics (3) AS MCM**
  A study of the fundamental principles and philosophical approaches to law and ethics and their application to various professions of mass communications.

- **MMC 4420 Research Methods in Mass Communications (3) AS MCM**
  PR: MMC 2100 and MMC 3602.
  An introduction to the theory and practice of quantitative and historical research methods as applicable to the study of media and mass communications. Emphasis on survey research, data analysis, and report writing.

- **MMC 4900 Directed Reading in Mass Communications (1-3) AS MCM**
  Reading and directed study in special topics.

- **MMC 4910 Individual Research in Mass Communications (1-3) AS MCM**
  The course provides means for a student to do independent study in an area not covered by a numbered course.

- **MMC 4936 Selected Topics in Mass Communications Studies (1-3) AS MCM**
  PR: MMC 2100, MMC 3602.
  Courses designed to meet current or specific topics of interest to instructors and students.

- **MMC 4945 Internship (1-3) AS MCM**
  Students work for an employer within the field of mass communication to practice skills and apply knowledge.

- **MSL 1001C Leadership and Personal Development (2) US MIS**
  Presents leadership basics (eg: setting direction, problem-solving, listening, briefs, giving feedback & use of effective writing skills); explores dimensions of leadership values, attributes, skills & actions in context of practical hands-on exercises.

- **MSL 2101C Innovative Team Leadership (2) US MIS**
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Explores creative & innovative tactical leadership strategies & styles. Develops knowledge of leadership values & attributes by understanding Army rank, structure, & duties. Broadens knowledge of land navigation & squad-tactics.

MSL 2102C Foundations of Tactical Leadership (2) US MIS
Examines challenges of leading tactical teams in complex current operating environment; highlights dimensions of terrain analysis, patrolling & operation orders; develops greater self-awareness, communication & team building skills.

MSL 2900 Army Physical Readiness (1) US MIS
This course will train students in the unique role of Army physical readiness in sustaining military operations. It will also prepare students to plan, prepare, and conduct military fitness training. Repeatable for 8 semesters, but only 4 credit hours will be counted toward the program.

MSL 2901 Basic Leader Training (4) US MIS
A 35 day internship at Fort Knox, Kentucky that incorporates a wide range of military subjects designed to develop/evaluate leadership and officer potential. The course is intentionally stressful and designed to build individual confidence through the accomplishment of tough and demanding training. Students completing the course may qualify for entry into the ROTC Advanced Course.

MSL 3201C Adaptive Team Leadership (3) US MIS
Challenges to study, practice, & evaluate adaptive team leadership skills as demands of the ROTC LDAC are presented. Uses challenging scenarios to develop self-awareness & critical thinking skills. Provides specific feedback on leadership abilities.

MSL 3202C Leadership in Changing Environments (3) US MIS
Challenges to study, practice, & evaluate adaptive leadership skills as demands of ROTC Leader Development Assessment Course are presented. Develops self-awareness & critical thinking skills with challenging scenarios. Provides feedback on leader skills.

MSL 4301C Developing Adaptive Leaders (3) US MIS
Develops ability to plan, & assess complex operations, functioning as member of a staff; provides performance feedback to subordinates; gives opportunities to assess risk, make ethical decisions, & lead fellow cadets; prepares in becoming Army officer.

MSL 4302C Leadership in a Complex World (3) US MIS
Explores dynamics of leadership in complex situations of current military operations in current operating environment; examines differences in courtesies, military law, principles of war & rules of engagement in face of international terror & more.

MSL 4930 Advanced Directed Study and Research (1-3) US MIS
Intensive individual study in a particular aspect of military science that is not covered in regular course offerings. Request for enrollment must be made prior to registration in the form of a written proposal.

MTG 3207 Geometry Connections (3) AS MTH
PR: MTG 5316 or MAC 2233 or MAC 2243 or MAC 2281 or MAC 2311
This course will provide prospective teachers with experiences in geometry that will help them develop the specialized content knowledge needed to support the teaching of mathematics in middle level education.

MTG 3212 Geometry 6AMT (3) AS MTH
PR: MAC 2311
Emphasis on axiomatics, advanced Euclidean geometry, elements of projective geometry, non-Euclidean geometry.

MTG 4214 Modern Geometry 6AMT (3) AS MTH
CPR: MAS 4301
Topics will be selected from modern plane geometry. Mobius geometry, elliptic and hyperbolic geometry.

MTG 4254 Differential Geometry (3) AS MTH
PR: MAC 2313 (or MAC 2283), MAP 2302 and MAS 3105
The intrinsic geometry of curves and surfaces will be explored using fundamental concepts and techniques from classical differential geometry.

MTG 4302 Introduction to Topology 6AMT (3) AS MTH
PR: MAC 2313 and MAS 3105.

MTG 5256 Differential Geometry (3) AS MTH
PR: MAA 4211, MAS 3105.
Exterior calculus, differentiable manifolds, integration of differential forms, surfaces in 3-space, covariant derivative, curvature, matrix groups.

MTG 5316 Topology I (3) AS MTH
PR: MAA 4211.

MTG 5317 Topology II (3) AS MTH
PR: MTG 5316.
The fundamental group; elements of homotopy theory and homology theory.

MUC 1211 Freshman Composition and Instrumentation 1 (2) FA MUS
Introduction to Composition is a skill-building course designed for freshman music composition majors. Students will study techniques to ideate, compose, orchestrate, notate and obtain documented performances of their music. (Majors only—not repeatable).

MUC 1212 Freshman Composition and Instrumentation 2 (2) FA MUS
### COURSE DESCRIPTIONS

keyboard and to develop skills for using the keyboard in teaching and learning situations.

**MUE 1121 Keyboard Skills for Music Educators II (2) FA MUS**
PR: MUE 1111
This course is designed to help students continue development of musicianship skills through the use of a music keyboard and to continue development of skills for using the keyboard in teaching and learning situations.

**MUE 2090 Foundations of Music Education GCPC (3) FA MUS**
The course is designed to investigate music education practices in the schools. Through the experience and information offered in this course a student will be able to determine his/her commitment to professional music education.

**MUE 3414 Creative Performance Chamber Ensemble (1) FA MUS**
PR: MUE 2090.
CR: MUE 3424
This course will provide students opportunities to apply concepts of informal learning, gained through various course work, in a non-traditional, student directed, music education performance setting. The course is repeatable for a total of four credits.

**MUE 3415 Creative Performance Chamber Ensemble II (1) FA MUS**
PR: MUE 3414
CR: MUE 3425
This course will provide students opportunities to apply concepts of informal learning, gained through various course work, in a non-traditional, student directed, music education performance setting.

**MUE 3421 Choral Techniques (1) FA MUS**
A study of choral materials in a laboratory setting appropriate to elementary and secondary school music programs. Course content will change each semester.

**MUE 3422 Wind Techniques (1) FA MUS**
PR: MUG 3104
A two-semester sequence intended to equip music education students with basic performance, pedagogical, and rehearsal techniques, applicable to brass and woodwind instruments and ensembles.

**MUE 3423 String Techniques (1) FA MUS**
A study of orchestra materials, in a laboratory setting, appropriate to elementary and secondary school music programs. Course content will change each semester.

**MUE 3424 Progressive Music Education Methods I (3) FA MUS**
PR: MUE 2090
CR: MUE 3414
This course will provide students a grounding in methods for music education settings outside the traditional general, band, choir and string programs.

**MUE 3425 Progressive Music Education Methods II (3) FA MUS**
PR: MUE 3424.
CR: MUE 3415
This course will provide students a further grounding in methods for music education settings outside the traditional general, band, choir and string programs.

**MUE 3475 Percussion Techniques (1) FA MUS**
Introduction to percussion pedagogy for the music educator.

**MUE 3691 Introduction to Technology for Music Educators (3) FA MUS**
This course is designed as an introduction to computer technology and its role in teaching and learning processes. Topics include educational software and applications, ethical and social issues and models for integrating technology into instruction.

**MUE 3930 Music Education Forum (1) FA MUS**
Discuss MusEd professional organizations (MENC, CMENC, ISME, etc.). Students join CMENC and attend the FMEA conference. Add'l topics: classroom management, school safety, professional ethics, education law, and MusEd for special students. Required for MusEd majors 4 semesters @ 1 credit hour per term.

**MUE 4311 General Music Methods GCPC (3) FA MUS**
PR: MUE 2090
This course will consist of theoretical and practical information in teaching General Music PreK-12. It will include approaches and methodologies from the USA and internationally.

**MUE 4331 Choral Methods (3) FA MUS**
Development and implementation of methods techniques for teaching secondary school choral music.

**MUE 4332 Instrumental Methods (3) FA MUS**
PR: MUE 2450, MUE 2460, MVP 1211.
Development and implementation of methods techniques for teaching secondary school instrumental music.

**MUE 4480 Special Ensemble Methods (2) FA MUS**
This course is restricted to majors and is repeatable for up to 6 credits.

**MUE 4936 Senior Seminar in Music Education WRIN 6ACT (3) FA MUS**
CR: MUE 4940
Synthesis of teacher candidate's courses in complete college program. Required concurrently with internship.

**MUE 4940 Internship: Music Education CPST (6-10) FA MUS**
CR: MUE 4936
One full semester of internship in public or private elementary and secondary schools. Restricted to majors. May not be repeated for credit.

**MUE 4941 Global Awareness Music Education Internship (3-6) FA MUS**
PR: MUE 3424 and MUE 3425
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

The Global Awareness Music Education Internship will be a four-week intensive summer experience where music education students are assigned to work with one Musical Futures teacher in a k-12 school setting.

MUG 3104 Basic Conducting (2) FA MUS
The study and practical application of basic conducting techniques. Development of skills related to the conducting of musical scores.

MUG 3108 Advanced Conducting (2) FA MUS
PR: MUG 3104. Provides USF music education majors with a competency-based lab experience in conducting while placing an emphasis on developing advanced skills necessary to lead an ensemble in rehearsal and performance. Restricted to Music Education Majors.

MUG 4302 Instrumental Conducting (2) FA MUS
PR: MUG 3404. A study of those techniques of conducting unique to instrumental music ensembles: baton technique, score reading, terminology, rehearsal management.

MUH 2020 The History of Blues and Rock CAFA HHCP (3) FA MUS
A study of the history of rock music: its roots, regions and countries of origin, evolution, styles, influences, social/cultural context, etc. Blues and rock are particularly American forms of music, but they reflect ancient practice as well.

MUH 2051 Folk and Traditional Music of World Cultures CAFA (3) FA MUS
A comparative survey of the stylistic traits and functions of folk and traditional music, both sacred and secular, of diverse Western and non-Western cultures. For non-majors and music education majors; may be taken by applied music majors.

MUH 2632 Music In The United States (3) FA MUS
Designed for majors and non-majors, this course will use live performances, videotapes, and recordings to illustrate music as practiced in America from Colonial to present times. Included in the course will be study of the contributions of various ethnic/minority groups, and discussions of the relevant social issues connected with these contributions.

MUH 3016 Survey of Jazz CAFA (3) FA MUS
This course introduces undergraduate students to Jazz music. Students will study historical, cultural and social issues associated with the evolution of jazz music and learn to hear and discern specific musical traits found in jazz music.

MUH 3300 Music History/Medieval and Renaissance (2) FA MUS
Required of music majors; a study of the historical development of musical styles of the Medieval and Renaissance periods and of the music of those periods.

MUH 3301 Music History/Baroque and Classic (3) FA MUS
PR: MUL 2111. A study of the historical development of musical styles of the Baroque and Classic periods and of the music of those periods.

MUH 3302 Music History/Romantic and 20th Century (3) FA MUS
PR: MUL 2111. A study of the historical development of musical styles of the Romantic and Twentieth Century eras and of the music of those periods.

MUH 4058 Intercultural Music in the Twentieth Century (3) FA MUS
PR: MUL 2111 or MUL 2051. An in-depth investigation of composers born after c. 1880, from all parts of the world, who have attempted to integrate elements from two or more cultures into their compositions.

MUH 4372 Representing the United States in Music WRIN 6ACT (3) FA MUS
This course explores works by twentieth-century composers that define aspects of American life. We will examine a diverse selection of pieces and genres ranging from traditional European art music forms to jazz, rock, and hip hop.

MUH 4801 History of Jazz (3) FA MUS
PR: MUL 1112. An in-depth study of the historical development of Jazz, including the representative musical literature and sociological implications.

MUL 2111 Introduction To Music Literature 6ACT (3) FA MUS
PR: MUL 1112. A survey of representative music exemplars of the past and present with emphasis on the study of styles and form. Required for music majors.

MUL 3001 Issues In Music (3) FA MUS
Lectures and live performances by artist faculty of significant works from the literature for the piano; analysis and illustration in performance of the abstract and aesthetic elements in music which vitally concern the artist-performer.

MUL 3011 Western Art Music in Your Life CAFA (3) FA MUS
A study in the art of music and its materials, designed to develop an understanding of basic principles of music and a technique for listening to music.

MUL 3600 Vocal Literature - Undergraduate (2) FA MUS
PR: Four terms of studio grade. Open to all USF undergraduate vocal performance majors that have completed four terms of vocal study with a passing grade. Other students may petition to enroll with the approval of the instructor. Provides a survey of standard vocal literature.

MUN 1100 University Pep Band and Winter Guard (1-3) FA MUS
Auditions for Pep Band are required for students who did not march in the Fall. Auditions for Winter Guard are required for all members.

MUN 1110 University Marching Band (1-3) FA MUS

This course provides performance experiences with the Marching Band. The course is open to any major area.

**MUN 1120 Concert Band (1) FA MUS**
The concert band provides music majors and non-major enthusiasts the opportunity to rehearse and perform quality wind band literature under the direction of multiple conductors. The course can be taken multiple years for one credit each time.

**MUN 1439 Tuba-Euphonium Ensemble (1) FA MUS**
Course is a vital/required performance outlet for all USF tuba/euphonium majors. Repertoire & class size provide for personalized instruction/dynamic musical growth. Non-majors may enroll. Course is repeatable for credit- total 8 credits

**MUN 3113 Marching Ensemble for Experienced Members (0) FA MUS**
PR: 2 semesters of MUN 1110
Participation in the USF Marching Band. Performances at all home football games, select away football games and various exhibitions and community performances throughout the semester.

**MUN 3133 Symphonic Band (1) FA MUS**
The Symphonic Band fosters the highest performance standards of wind and percussion literature. Although made up primarily of music majors, the course is open to all university students by comprehensive auditions. It is repeatable for up to 8 credits.

**MUN 3143 Wind Ensemble (1) FA MUS**
Open to all university students with the necessary proficiency in their performing media; study and performance of music for large combinations of voices, string, woodwind, brass, or percussion instruments.

**MUN 3213 University Orchestra (1) FA MUS**
Open to all university students with the necessary proficiency in their performing media; study and performance of music for large combinations of voices, string, woodwind, brass, or percussion instruments.

**MUN 3313 University Singers (1) FA MUS**
Open to all university students with the necessary proficiency in their performing media; study and performance of music for small combinations of voices, string, woodwind, brass, or percussion instruments.

**MUN 3323 Bel Canto Women's Choir (1) FA MUS**
Open to all university students with the necessary proficiency in their performing media (singing); study and performance of treble-voice music and treble-voice music in combination with, string, woodwind, brass, or percussion instruments.

**MUN 3333 Singing Stampede (1) FA MUS**
Open to all university students with the necessary proficiency in their performing media (singing); study and performance of male-chorus music and male-chorus music in combination with, string, woodwind, brass, or percussion instruments.

**MUN 3343 Chamber Singers (1) FA MUS**
Open to all university students with the necessary proficiency in their performance media; study and performance of music for small combinations of voices, string, woodwind, brass, or percussion instruments, and piano.

**MUN 3383 University-Community Chorus (1) FA MUS**
Open to all university students with the necessary proficiency in their performing media; study and performance of music for large combinations of voices, string, woodwind, brass, or percussion instruments.

**MUN 3411 String Quartet (1) FA MUS**
Open to all university students with the necessary proficiency in their performance media; study and performance of music for small combinations of voices, string, woodwind, brass, or percussion instruments, and piano.

**MUN 3424 Woodwind Quintet (1) FA MUS**
Open to all university students with the necessary proficiency in their performance media; study and performance of music for small combinations of voices, string, woodwind, brass, or percussion instruments, and piano.

**MUN 3427 Flute Choir (1) FA MUS**
Flute Choir will rehearse and perform new and standard repertoire for flute ensemble. Students will learn to perform on all members of the flute family including piccolo, C flute, alto and bass flute.

**MUN 3431 Brass Quintet (1) FA MUS**
Open to all university students with the necessary proficiency in their performance media; study and performance of music for small combinations of voices, string, woodwind, brass, or percussion instruments, and piano.

**MUN 3433 Brass Choir (1) FA MUS**
Open to all university students with the necessary proficiency in their performance media; study and performance of music for small combinations of voices, string, woodwind, brass, or percussion instruments, and piano.

**MUN 3443 Percussion Ensemble (1) FA MUS**
Open to all university students with the necessary proficiency in their performance media; study and performance of music for small combinations of voices, string, woodwind, brass, or percussion instruments, and piano.

**MUN 3444 Marimba Ensemble (1) FA MUS**
Open to all university students with the necessary proficiency in their performance media; study and performance of music for small combinations of voices, string, woodwind, brass, or percussion instruments, and piano.

**MUN 3453 Piano Ensemble (1) FA MUS**
Open to all university students with the necessary proficiency in their performing media; study and performance of music for large combinations of voices, string, woodwind, brass, or percussion instruments.

**MUN 3474 Collegium Musicum (1) FA MUS**
Open to all university students with the necessary proficiency in their performance media; study and performance of music for small combinations of voices, string, woodwind, brass, or percussion instruments, and piano.

**MUS 3713 Jazz Ensemble (1)**
Open to all university students with the necessary proficiency in their performance media; study and performance of music for small combinations of voices, string, woodwind, brass, or percussion instruments, and piano.

**MUT 2246**
This course designed to continue training in aural recognition and vocal realization of materials used in music composition. Includes rhythmic, melodic and harmonic dictation, and sight singing.

**MUT 1111**
Required of music majors; development of skills in perceiving and writing music through the use of aural and visual analysis and examples from all historical periods of music literature.

**MUT 1241**
Course designed to begin training in aural recognition and vocal realization of materials used in music composition. Includes rhythmic, melodic and harmonic dictation, and sight singing.

**MUT 2116**
Required of music majors, continuation of MUT 1111 and 1112.

**MUT 2246**
Course designed to continue training in aural recognition and vocal realization of materials used in music composition. Includes rhythmic, melodic and harmonic dictation, and sight singing.

**MUT 2117**
Required of music majors, continuation of MUT 1111, 1112, and 2116.

**MUT 2641**
A study of jazz improvisational techniques and related jazz theory.

**MUT 2642**
A study of jazz improvisational techniques and related jazz theory.
MUT 3353 Jazz Composition and Arranging I (3)  
FA MUS  
PR: MUT 1112  
Course designed to develop arranging and/or compositional skills in the jazz idiom through the study of jazz orchestration, harmonic, and melodic practices.

MUT 3354 Jazz Composition And Arranging II (3)  
FA MUS  
PR: MUT 3353  
Course designed to develop arranging and/or compositional skills in the jazz idiom through the study of jazz orchestration, harmonic and melodic practices.

MUT 3663 Advanced Jazz Improvisation I (2)  
FA MUS  
PR: MUT 2642  
A studio course study of the improvised solos of the major innovators in jazz. Oriented toward the continuing development of students' soloing ability. Students are required to enroll in Jazz Chamber Ensemble as a lab. Open to majors and non-majors.

MUT 3664 Advanced Jazz Improvisation II (2)  
FA MUS  
PR: MUT 3663  
A continuation of Jazz Styles and Analysis I with the emphasis on contemporary jazz artists. Students are required to enroll in Jazz Chamber Ensemble as a lab. Open to majors and non-majors.

MUT 4310 Orchestration I (2)  
FA MUS  
PR: MUT 4310  
Intensive study and practice in scoring music for various combinations of instruments, including symphony orchestra, band, and smaller ensembles of string, woodwind, brass, and percussion instruments.

MUT 4311 Orchestration II (2)  
FA MUS  
PR: MUT 4310  
Intensive study and practice in scoring music for various combinations of instruments, including symphony orchestra, band, and smaller ensembles of string, woodwind, brass, and percussion instruments.

MUT 4421 Eighteenth Century Practice (3)  
FA MUS  
PR: MUT 2117  
An intensive study of the contrapuntal practice of the 18th century; development of skills in perceiving and writing music in the style of the period through the use of aural and visual analysis.

MUT 4571 Twentieth Century Practice (3)  
FA MUS  
PR: MUT 2117  
A study of 20th century theoretical concepts; development of skills in perceiving and writing music in contemporary styles through the use of aural and visual analysis.

MUT 4611 Form and Analysis (3)  
FA MUS  
PR: MUT 1111, MUT 1112, MUT 1241, MUT 1242, MUT 2116, MUT 2117, MUT 2246, MUT 2247  
This course teaches students to think critically, speak, and write fluently about music, music analysis, and how these processes relate to the work done in rehearsals or studios via various inquiry-based learning strategies.

MVB 1211 Applied Trumpet (1)  
FA MUS  
One half-hour private lesson or one hour class per week for music students wishing to gain proficiency in an area other than their applied performance major and for a limited number of nonmusic majors who have had prior musical training.

MVB 1212 Applied French Horn (1)  
FA MUS  
One half-hour private lesson or one hour class per week for music students wishing to gain proficiency in an area other than their applied performance major and for a limited number of nonmusic majors who have had prior musical training.

MVB 1213 Applied Trombone (1)  
FA MUS  
One half-hour private lesson or one hour class per week for music students wishing to gain proficiency in an area other than their applied performance major and for a limited number of nonmusic majors who have had prior musical training.

MVB 1214 Applied Euphonium (1)  
FA MUS  
One half-hour private lesson or one hour class per week for music students wishing to gain proficiency in an area other than their applied performance major and for a limited number of nonmusic majors who have had prior musical training.

MVB 1215 Applied Tuba (1)  
FA MUS  
One half-hour private lesson or one hour class per week for music students wishing to gain proficiency in an area other than their applied performance major and for a limited number of nonmusic majors who have had prior musical training.

MVB 1311 Trumpet Principal (2)  
Private and class instruction.

MVB 1312 French Horn Principal (2)  
FA MUS  
Private and class instruction.

MVB 1313 Trombone Principal (2)  
FA MUS  
Private and class instruction.

MVB 1314 Euphonium Principal (2)  
FA MUS  
Private and class instruction.

MVB 1315 Tuba Principal (2)  
FA MUS  
Private and class instruction.

MVB 1411 Trumpet Major (3)  
FA MUS  
Private and class instruction.

MVB 1412 French Horn Major (3)  
FA MUS  
Private and class instruction.

MVB 1413 Trombone Major (3)  
FA MUS  
Private and class instruction.

MVB 1414 Euphonium Major (3)  
FA MUS  
Private and class instruction.

MVB 1415 Tuba Major (3)  
FA MUS  
Private and class instruction.

MVB 2321 Trumpet Principal (2)  
FA MUS
Private and class instruction.
MVB 2322 French Horn Principal (2) FA MUS
Private and class instruction.
MVB 2323 Trombone Principal (2) FA MUS
Private and class instruction.
MVB 2324 Euphonium Principal (2) FA MUS
Private and class instruction.
MVB 2325 Tuba Principal (2) FA MUS
Private and class instruction.
MVB 2421 Trumpet Major (3) FA MUS
Private and class instruction.
MVB 2422 French Horn Major (3) FA MUS
Private and class instruction.
MVB 2423 Trombone Major (3) FA MUS
Private and class instruction.
MVB 2424 Euphonium Major (3) FA MUS
Private and class instruction.
MVB 2425 Tuba Major (3) FA MUS
Private and class instruction.
MVB 3331 Trumpet Principal (2) FA MUS
Private and class instruction.
MVB 3332 French Horn Principal (2) FA MUS
Private and class instruction.
MVB 3333 Trombone Principal (2) FA MUS
Private and class instruction.
MVB 3334 Euphonium Principal (2) FA MUS
Private and class instruction.
MVB 3335 Tuba Principal (2) FA MUS
Private and class instruction.
MVB 3431 Trumpet Major (3) FA MUS
Private and class instruction.
MVB 3432 French Horn Major (3) FA MUS
Private and class instruction.
MVB 3433 Trombone Major (3) FA MUS
Private and class instruction.
MVB 3434 Euphonium Major (3) FA MUS
Private and class instruction.
MVB 3435 Tuba Major (3) FA MUS
Private and class instruction.
MVJ 1210 Applied Jazz Piano (1) FA MUS
One half-hour private lesson or one hour class per week for music students wishing to gain proficiency in an area other than their applied performance major and for a limited number of nonmusic majors who have had prior musical training.
MVJ 1213 Applied Jazz Guitar (1) FA MUS
One half-hour private lesson or one hour class per week for music students wishing to gain proficiency in an area other than their applied performance major and for a limited number of nonmusic majors who have had prior musical training.
MVJ 1214 Applied Jazz Bass (1) FA MUS
One half-hour private lesson or one hour class per week for music students wishing to gain proficiency in an area other than their applied performance major and for a limited number of nonmusic majors who have had prior musical training.
MVJ 1219 Jazz Percussion (1) FA MUS
One half-hour private lesson or one hour class per week for music students wishing to gain proficiency in an area other than their applied performance major and for a limited number of nonmusic majors who have had prior musical training.
MVJ 1310 Applied Jazz Piano Principal (2) FA MUS
Private and class instruction.
MVJ 1313 Jazz Guitar Principal (2) FA MUS
Private and class instruction.
MVJ 1314 Jazz Bass Principal (2) FA MUS
Private and class instruction.
MVJ 1319 Applied Jazz Percussion Principal (2) FA MUS
Private and class instruction.
MVJ 1410 Applied Jazz Piano Major (3) FA MUS
Private and class instruction.
MVJ 1413 Jazz Guitar Major (3) FA MUS
Private and class instruction.
MVJ 1414 Jazz Bass Major (3) FA MUS
Private and class instruction.
For jazz studies majors (non pianists). Students will learn jazz chord voicings, comping rhythms, and develop appropriate piano technique to be able perform simple melodies and bass lines.

**MVJ 2320 Applied Jazz Piano Principal (2) FA MUS**
Private and class instruction.

**MVJ 2323 Jazz Guitar Principal (2) FA MUS**
Private and class instruction.

**MVJ 2324 Jazz Bass Principal (2) FA MUS**
Private and class instruction.

**MVJ 2329 Applied Jazz Percussion Principal (2) FA MUS**
Private and class instruction.

**MVJ 2420 Applied Jazz Piano Major (3) FA MUS**
Private and class instruction.

**MVJ 2423 Jazz Guitar Major (3) FA MUS**
Private and class instruction.

**MVJ 2424 Jazz Bass Major (3) FA MUS**
Private and class instruction.

**MVJ 2425 Jazz Percussion Major (3) FA MUS**
Applied instruction for Jazz Percussion Majors, Freshman level Restricted to Majors Repeatable, (9 credits total) Applied Jazz Lessons are specialized performance studies designed to improve student instrumental, stylistic and improvisational skills.

**MVJ 3330 Applied Jazz Piano Principal (2) FA MUS**
Private and class instruction.

**MVJ 3333 Jazz Guitar Principal (2) FA MUS**
Private and class instruction.

**MVJ 3334 Jazz Bass Principal (2) FA MUS**
Private and class instruction.

**MVJ 3339 Applied Jazz Percussion Principal (2) FA MUS**
Private and class instruction.

**MVJ 3430 Applied Jazz Piano Major (3) FA MUS**
Private and class instruction.

**MVJ 3433 Jazz Guitar Major (3) FA MUS**
Private and class instruction.

**MVJ 3434 Jazz Bass Major (3) FA MUS**
Private and class instruction.

**MVJ 3439 Applied Jazz Percussion (3) FA MUS**
Private and class instruction.

**MVJ 4950 Applied Jazz Performance (3) FA MUS**
PR: MUT 2642
Necessary competency at junior level determined by faculty jury examination. Private and class instruction.

**MVJ 5250 Applied Jazz Piano Secondary (2) FA MUS**
Private and class instruction.

**MVJ 5253 Applied Jazz Guitar Secondary (2) FA MUS**
Private and class instruction.

**MVJ 5254 Applied Jazz Bass Secondary (2) FA MUS**
Private and class instruction.

**MVJ 5259 Applied Jazz Percussion Secondary (2) FA MUS**
Private and class instruction.

**MVJ 5951 Applied Jazz Performance (2) FA MUS**
Private and class instruction.

**MVK 1111 Keyboard Skills I (2) FA MUS**
Class is elementary piano and music fundamentals designed for students with limited keyboard experience. Primary emphasis is placed on sight-reading, accompanying, transposition, harmonization, basic technique, and appropriate literature.

**MVK 1125 Keyboard Skills II (2) FA MUS**
PR: MVK 1111
Class is elementary piano and music fundamentals designed for students with limited keyboard experience. Primary emphasis is placed on sight-reading, accompanying, transposition, harmonization, basic technique, and appropriate literature.

**MVK 1211 Applied Piano (1) FA MUS**
One half-hour private lesson or one hour class per week for music students wishing to gain proficiency in an area other than their applied performance major and for a limited number of nonmusic majors who have had prior musical training.

**MVK 1311 Piano Principal (2) FA MUS**
Private and class instruction.

**MVK 1411 Piano Major (3) FA MUS**
Private and class instruction.

**MVK 1811 Beginning Piano I (2) FA MUS**
Class is elementary piano and music fundamentals designed for students with limited keyboard experience. Primary emphasis is placed on sight-reading, accompanying, transposition, harmonization, basic technique, and appropriate literature.

**MVK 2121 Keyboard Skills III (2) FA MUS**
Class is elementary piano and music fundamentals designed for students with limited keyboard experience. Primary emphasis is placed on sight-reading, accompanying, transposition, harmonization, basic technique, and appropriate literature.

**MVK 2122 Keyboard Skills IV (2) FA MUS**

NSC 2220 Evolution of Warfare (3) US NVY
A survey of military history emphasizing principles of warfare, strategy and tactics, and significant military leaders and organizations.

NSC 2231 Principles of Naval Management I (3) US NVY
Theory and principles of management, focusing on the officer-manager as an organizational decision maker. Includes interpersonal skills, behavior factors, and group dynamics.

NSC 2931 Directed Study in Naval ROTC (1-3) US NVY
Intensive individualized study in particular aspects of Naval Science that are not covered in regular course offerings. Enrollment is recommended for NROTC students who are anticipating attending the Naval Science Institute in Newport, RI, during sophomore/junior summer. Course content and title may vary from term to term.

NSC 3123 Naval Ships Systems II (3) US NVY
PR: NSC 2121. Capabilities and limitations of fire control systems and weapons, radar and underwater sound for target acquisition, threat analysis, tracking, weapons selection, delivery, and guidance. Various aspects of explosives, fusing and Naval ordnance.

NSC 3214C Navigation/Naval Operations II: Seamanship and Ship Operations (3) US NVY
PR: NSC 2212C. International and inland rules of the road; relative motion-vector analysis; ship handling, employment, and tactics, afloat communications; and operations analysis. Laboratory required.

NSC 3225 Fundamentals of Maneuver Warfare (3) US NVY
This course analyzes the United States Marine Corps as the overarching case study for the advent of maneuver warfare.

NSC 4224 Amphibious Warfare (3) US NVY
History of amphibious warfare emphasizing doctrine and techniques as well as an understanding of the interrelations of political, strategic, operational, tactical, and technical levels of war from the past.

NSC 4232 Principles of Naval Management II (Leadership and Ethics) (3) US NVY
PR: NSC 2231. Integration of professional competencies and qualities of effective leadership with emphasis on moral and ethical responsibilities, accountability, communications and military law for the junior officer.

NSP 3147 Web-Based Education for Staff Development (3) NR NUR
This course provides the learner with the knowledge and skills to facilitate the development of web-based educational materials for nursing and healthcare staff.

NSP 3640 Introduction to Military and Veteran Healthcare (3) NR NUR
This course will provide an introduction to the military/veteran culture and the healthcare needs and concerns related to this unique population.

NSP 3880 Foundations of Healthcare QI & Patient Safety (3) NR NUR
PR: NUR 3078, NUR 3805, NUR 4895C. Provides foundational principles, concepts and methods for promoting and improving healthcare quality and patient safety at the micro-, meso-, and macro-system levels with a focus on application at the micro-system level.

NSP 4095 Registered Nurse First Assistant Course (3) NR NUR
This course will provide a foundation of knowledge and technical skills necessary for the experienced preoperative registered nurse to function in the role of registered nurse first assistant (RNFA).

NSP 4148 Simulation for Nursing Practice (3) NR NUR
This course is designed to explore the knowledge, skills, and competencies needed to develop, implement and evaluate the integration of simulation into nursing curriculum. It examines the educational theories and simulation framework.

NSP 4485 An Interdisciplinary Perspective in HIV Disease 6ACT (3) NR NUR
Provides an interdisciplinary perspective on HIV disease. Topics include the etiology, spectrum, and treatment of HIV disease; international perspectives; issues of race, gender, and ethnicity; values, ethics, and their influences on responses to HIV; and how the media has shaped the epidemic.

NSP 4545 Substance Abuse Across the Lifespan 6ACT (3) NR NUR
Introduction to concepts of substance abuse and theories of addiction. The applicability of theories and concepts of substance use/abuse to clinical assessment, diagnosis and intervention with client populations across the lifespan is explored.

NSP 4614 Preventative Cardiology for Healthcare Professionals (3) NR NUR
This course focuses on knowledge and evidence-based guidelines for prevention and management of modifiable risk factors for atherosclerotic cardiovascular disease and is appropriate for individuals with knowledge of pathophysiology and pharmacology.

NSP 4655 Skills for Nursing Staff Development Educator (3) NR NUR
This course provides the learner with theoretical foundations and skill to function in a nursing professional development position. Principles of adult education, communication skills and educational technological advances will be explored.

NSP 4881 Healthcare Human Resources Systems and Strategies (3) NR NUR
This course will provide students with an understanding of systems and strategies necessary to effectively manage human resources.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

in healthcare settings. Quality clinical care is dependent on effectively recruiting, retaining and developing staff.

NSP 4886 Team Strategies for Improving HC & Patient Safety (3) NR NUR
This course covers strategies and tools for improving healthcare quality and safety using the TeamSTEPPS® framework. Strategies for enhancing team performance are emphasized. TeamSTEPPS Master Trainer certification is awarded upon successful completion.

NUR 3026 Patient Centered Care: Essentials of Nursing Practice (3) NR NUR
CR: NUR 3026L
The focus will be on professional nursing techniques for patients of various cultures. Concepts will include the nursing process, safety, quality care, intraprofessional education, therapeutic communication, and health promotion.

NUR 3026L Patient Centered Care: Essentials of Nursing Practice Clinical (2) NR NUR
CR: NUR 3026
Focus is to provide the student with experience in the promotion of wellness and prevention of illness in the clinical arena. Students will provide safe clinical care and therapeutic communication with clients in selected settings.

NUR 3027L Patient Centered Care: Essentials of Nursing Practice Lab (1) NR NUR
CR: NUR 3026, NUR 3026L
Focuses on preparing students for clinical experiences by developing foundational nursing skill techniques in the laboratory that will be used to provide safe and effective patient-centered care to patients from all cultures.

NUR 3066 Health Assessment, Wellness, and Prevention Across the Life Span (2) NR NUR
CR: NUR 3066L
Focus is on physical assessment and health promotion of individuals across the lifespan. Included are the use of techniques and instruments necessary for the examination, as well as wellness promotion initiatives.

NUR 3066L Health Assessment, Wellness, and Prevention Across the Life Span Lab (1) NR NUR
CR: NUR 3066
Physical application of the techniques and instruments necessary for the examination of infants, children and adults. Included are models of wellness and health promotion of individuals across the lifespan.

NUR 3078 Information Technology Skills for Nurses (1) NR NUR
CR: NUR 3805
Introduction to information technology in order to enhance efforts and improve communication in the classroom and workplace environment. Focuses on developing technical skills and knowledge.

NUR 3081 Bridge to Professional Nursing (4) NR NUR
This course assists in transitioning military medic/corpsmen to professional registered nursing practice. Addresses clinical reasoning and communication skills when applying concepts of health to nursing needs of individuals/families across the lifespan.

NUR 3081L Bridge to Professional Nursing Practice (2) NR NUR
Facilitates transition from military medic/corpsman to clinical nursing practice using nursing process. Provides opportunities to apply clinical reasoning and therapeutic communication skills in meeting nursing needs of individuals and families.

NUR 3125 Pathophysiology for Nursing Practice (3) NR NUR
This course will provide students with a basic understanding of pathophysiological concepts and the clinical presentation in humans across the lifespan including genetic, and sociocultural and environmental influences on the expression of disease and injury.

NUR 3145 Pharmacology in Nursing Practice (3) NR NUR
Focuses on the concepts of pharmacology essential to generalist nursing practice. Emphasizes quality and safety in preventing, monitoring, and managing the effects of pharmacotherapeutic agents.

NUR 3215 Medical Surgical Nursing I (3) NR NUR
PR: NUR 3026, NUR 3026L, NUR 3066, NUR 3125, NUR 3145
CR: NUR 3215 or NUR 5580L
Focuses on nursing assessment, prevention, and management of selected health care problems in adults of all age. Critical thinking is used to analyze the effects of changes in health status and impact of nursing intervention for: patients with alteration in Fluid and Electrolyte Balance, Hematologic System, Integumentary and Immunologic System, Cardiovascular System, Pulmonary System, Musculoskeletal, Sensory System (Visual/Auditory). Patient teaching is incorporated for each topic.

NUR 3215L Medical Surgical Nursing Clinical I (3) NR NUR
PR: NUR 3026, NUR 3026L, NUR 3066, NUR 3125, NUR 3145
CR: NUR 3215 or NUR 5580L

NUR 3355 Psychiatric/Mental Health Nursing (3) NR NUR
PR: NUR 3026, NUR 3026L, NUR 3066, NUR 3125, NUR 3145
CR: NUR 3535L.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

NUR 3875 Telehealth in Healthcare (1) NR NUR
This online course prepares health care professionals on the use of telehealth in health care.

NUR 4069 Health Assessment for Registered Nurses (3) NR NUR
PR: NUR 4634C, NUR 3805.
This course builds on the RN’s previous knowledge and clinical expertise in developing health and physical assessment skills. The emphasis is on the analysis and synthesis of health assessment data as a basis for patient teaching.

NUR 4128 Pathophysiology/Pharmacology (3) NR NUR
PR: NUR 4634C.
Updates pathophysiological and pharmacological concepts critical to clinical decision making in nursing. Focuses on commonly occurring disease processes.

NUR 4165 Evidence-Based Practice WRIN 6ACT (3) NR NUR
This course provides the foundations of clinical inquiry, research methodology and critical appraisal in the synthesis of research findings for application in evidence-based nursing practice.

NUR 4169C Evidence-Based Practice for Bacc Prepared Nurse WRIN 6ACT (3) NR NUR
PR: NUR 3078, NUR 3805, NUR 4895
This course provides the foundations of clinical inquiry, research methodology and critical appraisal in the synthesis of research findings for application in evidence-based nursing practice.

NUR 4216 Medical Surgical Nursing II (4) NR NUR
PR: NUR 3026, NUR 3026L, NUR 3066, NUR 3125, NUR 3145, NUR 3215, NUR 3215L
CR: NUR 4216L or NGR 5580L.

NUR 4216L Medical Surgical Nursing Clinical II (4-5) NR NUR
PR: NUR 3215, NUR 3215L, NUR 3125, NUR 3145
CR: NUR 4216

NUR 4285 Healthy Aging: Nursing Care of Older Adults (2) NR NUR
This course focuses on the development & mastery of gerontology core competencies as identified as essential components of baccalaureate nursing ed necessary to provide holistic, evidence-based, & patient-centered care to the older adult population.

NUR 3535L Psychiatric/Mental Health Nursing Clinical (2-3) NR NUR
Focus is applying critical thinking skills specific to problem solving in professional nursing. The focus is developing critical thinking skills specific to problem solving in professional nursing.

NUR 3845 Problem Solving and Critical Thinking in Professional Nursing II (1) NR NUR
Focus is on transition to the nursing professional role. Use of self-reflection through personal and professional experiences. Exploration of patient-centered care through quality health care. Concept of life-long learning is explored.

NUR 3825 Introduction to the Profession of Nursing (2) NR NUR
Focus is on initial knowledge needed for the professional nurse to be an effective member of the healthcare team. These include the history of nursing, definition of nursing, ethics, values, professionalism and healthcare in the United States.

NUR 3826 Ethical Legal Aspects in Nursing and Health Care (2) NR NUR
Introduction to contemporary bioethical and legal issues confronting health care providers in a variety of settings. Focuses on identification of legal and ethical principles underlying the decision-making process in nursing and health care.

NUR 3843 Problem Solving and Critical Thinking in Professional Nursing I (1) NR NUR
The course introduces the theoretical component of problem solving & critical thinking in professional nursing. The focus is developing critical thinking skills specific to problem solving in professional nursing.

NUR 3844 Problem Solving and Critical Thinking in Professional Nursing II (1) NR NUR
PR: NUR 3843.
This course provides the opportunity for students to demonstrate achievement in problem solving and critical thinking in the nursing curriculum. The focus is applying critical thinking skills specific to problem solving in professional nursing.

NUR 3875 Telehealth in Healthcare (1) NR NUR
Explores mind, body, and spirit alterations in functional health patterns experienced by patients with acute and chronic mental illness. Examines psychopathology, psychopharmacologic therapies and community resources and the role of the nurse in psychiatry.

NUR 3678 Nursing Healthcare for Vulnerable Populations (3) NR NUR
The course focuses on the cultural aspects of providing health-related care through experiential analysis of a selected program designed to serve a vulnerable population either here or abroad.

NUR 3805 Nursing as a Profession (2) NR NUR
CR: NUR 3078 and NUR 4895
Focus is on transition to the nursing professional role. Use of self-reflection through personal and professional experiences. Exploration of patient-centered care through quality health care. Concept of life-long learning is explored.

NUR 4165 Evidence-Based Practice WRIN 6ACT (3) NR NUR
This course provides the foundations of clinical inquiry, research methodology and critical appraisal in the synthesis of research findings for application in evidence-based nursing practice.

NUR 4169C Evidence-Based Practice for Bacc Prepared Nurse WRIN 6ACT (3) NR NUR
PR: NUR 3078, NUR 3805, NUR 4895
This course provides the foundations of clinical inquiry, research methodology and critical appraisal in the synthesis of research findings for application in evidence-based nursing practice.

NUR 4216 Medical Surgical Nursing II (4) NR NUR
PR: NUR 3026, NUR 3026L, NUR 3066, NUR 3125, NUR 3145, NUR 3215, NUR 3215L
CR: NUR 4216L or NGR 5580L.

NUR 4216L Medical Surgical Nursing Clinical II (4-5) NR NUR
PR: NUR 3215, NUR 3215L, NUR 3125, NUR 3145
CR: NUR 4216

NUR 4285 Healthy Aging: Nursing Care of Older Adults (2) NR NUR
This course focuses on the development & mastery of gerontology core competencies as identified as essential components of baccalaureate nursing ed necessary to provide holistic, evidence-based, & patient-centered care to the older adult population.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

NUR 4355 Child and Adolescent Health Nursing (3) NR NUR
PR: NUR 3215, NUR 3525 or NUR 3535, NUR 4216 and NUR 3215L, NUR 4216L and NUR 3525L or NUR 3535L or NGR 5580L.
CR: NUR 4455, NUR 4635L or NGR 5680L
CPR: NUR 4636.
This course will explore the nursing care of children and adolescents within the context of the family. Focus on health promotion, risk factor identification, disease prevention, and health restoration in children and adolescents.

NUR 4455 Women's Health Nursing (2) NR NUR
PR: NUR 3215, NUR 3525 or NUR 3535, NUR 4216 and NUR 3215L, NUR 4216L and NUR 3525/NUR 3535L or NGR 5580L.
CR: NUR 4355; CP: NUR 4635L or NGR 5680L, NUR 4636.
Focuses on the physiologic and psychosocial needs of women, newborns and families related to fertility and infertility, pregnancy and birth.

NUR 4467 Nursing Care of Women, Children, and Families (4) NR NUR
PR: NUR 3026 with a minimum grade of C, NUR 3026L with a minimum grade of S
CR: NUR 4467L
Students will learn about the care of the family during the childbearing, parenting, and child developmental phases. The nursing care of the childbearing family will be explored within the social, cultural and community context.

NUR 4467L Maternal and Pediatric Nursing Care Clinical (2-4) NR NUR
PR: NUR 4216, NUR 4216L
CR: NUR 4355, NUR 4455
Provides clinical experiences in diverse settings. Focuses on nursing care designed to prevent and reduce risk of disease and injury, promote health, and treat illness and injury in childbearing women, infants, children, adolescents and families.

NUR 4634C Population Health CPST GCPC (3) NR NUR
PR: NUR 4169C, NUR 4128
A synthesis of theory and epidemiology enabling students to promote health and wellness in populations. Current practices, policies, and laws will be explored in relation to environment, infectious disease, vulnerable populations and chronic illness.

NUR 4635L Integrated Nursing Clinical: Community/Public Health, Children and Adolescent Health, and Women’s Health (3-7) NR NUR
PR: NUR 4216, NUR 4216L.
CR: NUR 4455, NUR 4636, NUR 4355.
Provides clinical learning experiences in diverse community and hospital settings. Focuses on nursing care designed to prevent and/or reduce risk of disease and injury, promote health and wellness, and treat illness and injury in children, adolescents, adults and families, and diverse community populations across the age spectrum.

NUR 4636 Community/Public Health: Population-Focused Nursing CPST (3) NR NUR
PR: NUR 3215, NUR 3525 or NUR 3535, NUR 4216 and NUR 3215L, NUR 4216L and NUR 3525L or NUR 3535L or NGR 5580L.
An introduction to community health nursing with an emphasis on employing the nursing process utilizing the community as client. Focuses on community health nursing issues, health management, health promotion and prevention within the community.

NUR 4636L Community/Public Health Nursing Clinical (3) NR NUR
PR: NUR 3215, NUR 3525 or NUR 3535, NUR 4216 and NUR 3215L, NUR 4216L and NUR 3525L or NUR 3535L
CR: NUR 4636; CPR: NUR 4636 or NUR 4286.
The course provides clinical learning experiences in community-based sites in both urban and rural settings. Focuses on nursing care designed to prevent and/or reduce risk of disease and injury, promote health and wellness, and to diverse populations across the age spectrum.

NUR 4795 Cancer Symptom Management (3) NR NUR
Students taking this course will learn about nursing management of common side effects of cancer and cancer treatments.

NUR 4807C Leadership & Education Transitions for RNs (3) NR NUR
Professional practice and principles of leadership and management for licensed RNs. Focuses on decision making and managing nursing care using multiple learning strategies for academic success. Clinical experiences build upon a practice background.

NUR 4827C Leadership and Management in Professional Nursing Practice (3) NR NUR
PR: NUR 4216, NUR 4216L, NUR 4636, NUR 4636L
Principles of nursing leadership and management with an emphasis on decision-making, priority-setting, delegating, and managing nursing care. Focus on the preparation of the professional nurse to work collaboratively in the interdisciplinary healthcare environment. There will be in depth examination of process improvement with a focus on the quality indicator process. Clinical experiences for registered nurse students will be designed to build upon a practice background.

NUR 4828C Foundations of Healthcare Leadership & Management (3) NR NUR
PR: NUR 3078, NUR 3805, NUR 4895.
Provides an overview of leadership and organizational theories and strategies required in complex, patient-centered healthcare environments, including communication,
NUR 4850 Fundamentals of Healthcare Finance for RNs (3) NR NUR
PR: NUR 3078, NUR 3805, NUR 4895C.
This course provides the learner with fundamental knowledge and tools to promote fiscal accountability and effectiveness when providing services as a direct care giver or nurse leader/manager.

NUR 4888 Coordination of Care in Nursing (2) NR NUR
Complexity of patient care requires multiple providers across settings. Effective coordination of care and transition management improves outcomes and contributes to high value care. Focus is on care coordination emphasizing collaboration and teamwork.

NUR 4895 Educational Role of the Nurse in Healthcare (3) NR NUR
CR: NUR 3805, NUR 3078.
Provides the learner with an opportunity to gain knowledge and skills to facilitate the teaching role of the nurse in educating patients and their families as well as nursing and health care staff.

NUR 4905C Independent Study (1-5) NR NUR
Individual or group investigation of problems relevant to the health of individuals or groups. Project requirements individually planned with faculty preceptor.

NUR 4935 Selected Topics In Nursing (1-3) NR NUR
Content will depend upon student demand and faculty interest and may focus on any area relevant to nursing practice. May involve class, seminar, and/or clinical laboratory.

NUR 4937 Nursing Seminar (3) NR NUR
This is a variable topics course. Therefore the particular course objectives and outcomes vary from course to course. But in all cases course objectives and outcomes will meet the CON program outcomes. Examples: PERI OP/ER-Critical Care/Ambulatory Nurse.

NUR 4948L Preceptorship (5-6) NR NUR
PR: NUR 4216, NUR 4216L, NUR 4355, NUR 4455, NUR 4467L
Individually contracted 150 hours of clinical practice collaboratively planned by students, faculty, and agency personnel. Opportunity to synthesize theory and clinical practice for professional Nursing.

OCE 2001 Introduction to Oceanography CANP (3) MS MSC
This is a class in basic oceanography covering chemical (what is the sea made of), physical (tides, currents, waves), geological (ocean floor and coasts) and biological (all life in the oceans) aspects, and their interactions.

OCE 4930 Selected Topics in Marine Science (1-3) MS MSC
Selected topics in marine science including marine biology, marine chemistry, marine geology and geophysics, physical oceanography, and interdisciplinary topics relating to marine environments.

ORI 3004 Communication as Performance (3) AS SPE
Designed to develop an understanding of performance as a communicative process and as a method through which to study communication. This course emphasizes the ways performance communicates social, cultural, and political perspectives and identities.

ORI 3950 Communication As Performance Laboratory (1-3) AS SPE
The study, rehearsal, and performance of literature for Readers Theatre and Chamber Theatre productions.

ORI 4019 Performing Identity and Culture GCPC (3) AS SPE
Focuses on theory and practice of identity and culture as performed in ritual, community, and aesthetic contexts.

ORI 4120 Performance of Poetry (3) AS SPE
Critical appreciation of lyric and narrative poetry and communication of that appreciation to audience. Study of poetic theory and prosodic techniques.

ORI 4150 Performing Nonfiction (3) AS SPE
Explores the genre of nonfiction, including diaries, memoirs, travelogues, new journalism, personal essays, and weblogs, through performance.

ORI 4220 Performing Young Adult Literature (3) AS SPE
Performance of literature written for young adults with an emphasis on cultural values and beliefs.

ORI 4310 Group Performance of Literature (3) AS SPE
PR: ORI 3004, with a grade of C or above
Designed to introduce the student to and give experience in various forms of group approaches to performance.

ORI 4320 Writing for Performance (3) AS SPE
Explores the intersection of writing and performance as aesthetic and communicative practices.

ORI 4410 Performance Art (3) AS SPE
Explores history, criticism, and practice of performance art as a genre of performance.

ORI 4460 Performing Relationships (3) AS SPE
Explores interpersonal, organizational, and intercultural theories of human relationships as realized in literary texts through performance.

ORI 4931 Performance and Video (3) AS SPE
This course features adaptation, direction, and performance of literature for video productions.

ORI 5930 Topics in Performance Genres (3) AS SPE
Variable topics course.

OSE 4601 Optical Product Technology (3) EN EGR
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

PAD 5044 Environment of Public Administration (3) AS SPF
Examination of the legal, political, and ethical environment in which public managers work.

PAD 5035 Issues in Public Administration and Public Policy (3) AS SPF
Selected issues and topics in Public Administration and Public Policy with course content based on student demand and instructor's interest. May be repeated for up to 6 credits as topics vary.

PAD 4930 Selected Topics in Public Administration and Public Policy (3) AS SPF
Selected topics vary. May be repeated for up to 6 credits as topics vary.

PAD 4712 Managing Information Resources in the Public Sector (3) AS SPF
Introduces students to the fundamental concepts, theories, principles and practices in public information management. Internet access is required.

PAD 4415 Personnel & Supervision in Today's Diverse Organizations (3) AS SPF
Introduces students to concepts, principles and practices of personnel management and supervision that influence the attainment of desired performance goals in today's public and not-for profit organizations. Course participants will explore issues that influence the successful management of human resources in dynamic employment settings.

PAD 4204 Public Financial Administration (3) AS SPF
Analysis of problems in the growth and development of public budgetary theory and Federal budgetary innovations.

PAD 4144 Nonprofit Organizations and Public Policy 6ACT (3) AS SPF
Role and importance of third sector (voluntary) organizations in American society; focus on public policy through service in a voluntary organization.

PAD 4043 Principles of Ecology (3) AS BIN
An introduction to the basic principles and concepts of ecology at the ecosystem, community, and population level of organization. Lecture only.

PAD 4857 Urban and Local Government Administration (3) AS SPF
Analysis of the role of the administrator at the municipal level, the division of functions, policy formation, alternative governmental structures, effects on the administrative process.

PAD 4700 Research Methods in Public Administration (3) AS SPF
Research design; skills in public agencies. Must be prepared to demonstrate proficiency in EXCEL, Access, and other relevant software programs.

PAD 4701 Economic Environments of Public Administration (3) AS SPF
Focuses on economic environments that influence public management, with particular attention to the role of social forces and political processes within the economic environment.

PAD 4662 Administrative Law and Regulation (3) AS SPF
Introduces students to the development and legal, policy, and ethical bases of administrative law. Emphasis on the legal and constitutional bases of administrative power, administrative adjudication, rule-making, and the judicial review of administrative acts.

PAD 4650 Administrative Law and Policy (3) AS SPF
An examination of the constitutional and statutory base and limitations of the administrative process, administrative adjudication, rule-making, and the judicial review of such actions. An examination of the Constitutional and statutory base and limitations of the administrative process, administrative adjudication, rule-making, and the judicial review of such actions. Attention is also directed to regulatory commissions, their functions, powers, management and relationship with other branches of government.

PAD 4510 Public Personnel Administration (3) AS SPF
Focuses on personnel management in public agencies. Designed for management and personnel services staff.

PAD 4470 Financial Management in the Public Sector (3) AS SPF
Introduces students to the fundamentals of financial management in the public sector, including specific accounting and budgeting procedures, financial analysis, and the application of computer software to financial management.

PAD 4450 Management of Human Resources in Dynamic Employment Settings (3) AS SPF
Introduces students to the fundamental concepts, principles and practices in public human resources management, with particular emphasis on the management of human resources in dynamic employment settings.

PAD 4444 Nonprofit Organizations and Public Policy (3) AS SPF
Role and importance of third sector (voluntary) organizations in American society; focus on public policy through service in a voluntary organization.

PAD 3003 Introduction to Public Administration (3) AS SPF
Examination of organizational behavior and change, policy process, public management, financial administration, and personnel management from the perspective of public and social delivery.

PAD 3004 Principles of Information Management (3) AS SPF
Introduces students to the fundamental concepts, principles and practices in public information management. Internet access is required.

PAD 3003 Introduction to Public Administration (3) AS SPF
Examination of organizational behavior and change, policy process, public management, financial administration, and personnel management from the perspective of public and social delivery.

PAD 2055 Social and Economic Environments of Public Administration (3) AS SPF
Focuses on the role of social forces and political processes within the economic environment. Emphasis on the legal and constitutional bases of administrative power, administrative adjudication, rule-making, and the judicial review of administrative acts.

PAD 2054 Administrative Law and Policy (3) AS SPF
An examination of the constitutional and statutory base and limitations of the administrative process, administrative adjudication, rule-making, and the judicial review of such actions. Attention is also directed to regulatory commissions, their functions, powers, management and relationship with other branches of government.

PAD 2044 Environment of Public Administration (3) AS SPF
Examination of the legal, political, and ethical environment in which public managers work.

PAD 2035 Issues in Public Administration and Public Policy (3) AS SPF
Selected issues and topics in Public Administration and Public Policy with course content based on student demand and instructor's interest. May be repeated for up to 6 credits as topics vary.

PAD 2024 Public Financial Administration (3) AS SPF
Analysis of problems in the growth and development of public budgetary theory and Federal budgetary innovations.

PAD 2014 Nonprofit Organizations and Public Policy 6ACT (3) AS SPF
Role and importance of third sector (voluntary) organizations in American society; focus on public policy through service in a voluntary organization.

PAD 2004 Principles of Information Management (3) AS SPF
Introduces students to the fundamental concepts, principles and practices in public information management. Internet access is required.

PAD 2003 Introduction to Public Administration (3) AS SPF
Examination of organizational behavior and change, policy process, public management, financial administration, and personnel management from the perspective of public and social delivery.

PAD 1054 Administrative Law and Management (3) AS SPF
An examination of the constitutional and statutory base and limitations of the administrative process, administrative adjudication, rule-making, and the judicial review of such actions.

PAD 1053 Issues in Public Administration and Public Policy (3) AS SPF
Selected issues and topics in Public Administration and Public Policy with course content based on student demand and instructor's interest. May be repeated for up to 6 credits as topics vary.

PAD 1044 Environment of Public Administration (3) AS SPF
Examination of the legal, political, and ethical environment in which public managers work.

PAD 1035 Issues in Public Administration and Public Policy (3) AS SPF
Selected issues and topics in Public Administration and Public Policy with course content based on student demand and instructor's interest. May be repeated for up to 6 credits as topics vary.

695
### COURSE DESCRIPTIONS

**UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG**

#### PCB 3712 General Physiology (3) AS BIN
- **PR:** BSC 2010, BSC 2010L, BSC 2011, BSC 2011L and CHM 2045, CHM 2046 and MAC 1105 or higher-level MAC course or STA 2023.
- Comparative analysis of animal structure and function: organ systems and activities of body tissue and organs. Functional responses of plants to both internal and environmental signals lecture only.

**PCB 3713L General Physiology Laboratory (1) AS BIN**
- **CPR:** PCB 3712
- Laboratory portion of General Physiology.

**PCB 4024 Molecular Biology of the Cell (3) AS BCM**
- **PR:** PCB 3023, PCB 3063, MCB 3410
- This lecture-based course will focus on advanced principles of molecular cell biology with emphasis on protein structure and function in key cellular pathways. The course is suitable for majors/non-majors.

**PCB 4026 Molecular Biology of the Gene (3) AS BCM**
- **PR:** PCB 3023, PCB 3063, MCB 3410
- This lecture-based course will provide fundamental knowledge of scientific concepts and principles of the molecular aspects of DNA metabolism in pro- and eukaryotes for majors/non-majors.

**PCB 4109 Cancer Biology (3) AS BCM**
- **PR:** MCB 3410, PCB 3023, PCB 3063
- This course will provide a background in basic cancer biology, including genetics, cellular physiology and metabolism associated with cancer development. Aspects of drug therapy and discovery will be considered.

**PCB 4234 Principles of Immunology (3) AS BCM**
- **PR:** PCB 3023
- Emphasis is on organization and functions of vertebrate immune system. Basic cellular and molecular mechanisms of immune responses in health and disease are addressed as well as the principles and applications of immunological methods. Lecture only.

**PCB 4522C Experimental Genetics and Cell Biology (3) AS BCM**
- **PR:** PCB 3023, PCB 3063 and PCB 3023L or PCB 3063L
- This course will teach students how to utilize and integrate concepts from genetics and cell biology in a research laboratory environment using current scientific literature, model organisms and molecular techniques.

**PCB 4663 Human Genetics (3) AS BCM**
- **PR:** PCB3023, PCB3063
- A lecture-based course building upon principles introduced in Cell Biology and Genetics to explore advanced topics applied to human heredity and inherited disorders. Instruction includes problem solving, group activities, internet and individual projects.

**PCB 4671 Molecular Evolution (3) AS BCM**
- **PR:** PCB 3063.
- The study of evolution at the molecular level and how it is applied to cell and molecular biology.

**PCB 4674 Organic Evolution (3) AS BIN**
- **PR:** PCB 3063.
- An introduction to modern evolutionary theory. Lecture on population genetics, adaptations, speciation theory, phylogeny, human evolution and related areas. Lec.-dis.

**PCB 4723 Animal Physiology (3) AS BIN**
- **PR:** PCB 3712, CHM 2210, PHY 2053 and MAC 1105 or higher-level MAC course or STA 2023.
- **CPR:** CHM 2211
- Advanced presentation of mechanisms employed by animals to interact with their environment and to maintain their organization. Lecture only.

**PCB 4723L Animal Physiology Laboratory (1) AS BIN**
- **CR:** PCB 4723.
- Laboratory portion of Animal Physiology.

**PCB 4744 Biomedical Physiology (3) AS BCM**
- **PR:** PCB 3023
- Detailed examination of mammalian physiology focusing on the cellular and molecular mechanisms that underlie and regulate physiological function.

**PCB 4843 Principles of Neuroscience (3) AS BCM**
- **PR:** PCB 4723 and CHM 2210 and MAC 1105 or higher-level MAC course or STA 2023 and PHY 2053.
- **CPR:** CHM 2211
- Study of the mammalian brain's structure and function, with an emphasis on human neuroanatomy, neuropharmacology, and neurophysiology. Topics include brain imaging, dementia, mechanisms of learning/memory, and neuropathological processes. Lecture only.

**PCB 5256 Developmental Mechanisms (3) AS BCM**
- **PR:** ZOO 4695.
- Topics in modern developmental biology to be covered in lecture and through readings so as to gain a detailed understanding of cellular and molecular mechanisms of differentiation and pattern formation in various eukaryotic species for majors/non-majors.

**PCB 5307 Limnology (3) AS BIN**
- **PR:** PCB 3043 and CHM 2210 and MAC 1105 or higher-level MAC course or STA 2023 and PHY 2053.
- **CPR:** CHM 2211
- An introduction to the physical, chemical, and biological nature of fresh-water environments. Lecture only.

**PCB 5307L Limnology Laboratory (1) AS BIN**
- **CPR:** PCB 5307.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Laboratory portion of Limnology. Laboratory and field experience in the area of aquatic ecology.

PCB 5616 Molecular Phylogenetics (3) AS BCM
PR: PCB 3063.
Provides a theoretical (lecture) and practical (computer lab) framework to allow students to carry out phylogenetic analysis using molecular data. Majors or nonmajors.

PET 1121 Golf I (2) ED TAL
Introductory experience in the sport of golf. Fundamental skills, information, strategy, and participation.

PET 1341 Tennis I (2) ED TAL
Introductory experiences in the sport of tennis. Basic skills, playing strategies, lecture, demonstration, and participation.

PET 2122 Golf II (2) ED TAL
Continuation of PET 1121. Emphasis on course play and refinement of strokes.

PET 2342 Tennis II (2) ED TAL
Continuation of PET 1341L. Refinement of basic skills, supplementary strokes, greater emphasis on tactics and playing strategies.

PET 2441 Racquetball (2) ED TAL
Development and refinement of the skills and strategies of racquetball with opportunity for competition and tournament play.

PEM 2131 Weight Training (2) ED TAL
Knowledge and techniques necessary for increasing muscle function. Assessment of status and development of a personal program.

PEM 2441 Karate (2) ED TAL
Introductory experiences in the sport of Karate. Fundamental skills, strategy, information, and participation.

PEM 2930 Selected Topics (1-2) ED TAL
Activities offered are selected to reflect student need and faculty interest.

PET 1121 Swimming I (2) ED TAL
Development and refinement of the essential skills and information necessary for enjoying swimming. Emphasis on personal safety.

PET 2136 Skin & Scuba Diving (2) ED TAL
PR: PEN 1121 or equivalent.
Development of the essential skills and knowledge necessary for enjoying the sport of Skin & Scuba Diving. Correct utilization and care of equipment; emphasis on personal safety.

PET 3031 Motor Behavior (3) ED TAL
Study of the assessment, evaluation and motor development performance of children and adolescents and application of principles of motor skills acquisition in physical education instruction. Open to non-majors.

PET 3076 Fitness Across the Lifespan (3) ED TAL
This course will focus on the physiological changes of physical activity in children, adolescents and the elderly. Clinical rotations are part of the course. Restricted to majors. Cannot be repeated.

PET 3211 Stress Management (2) ED TAL
This course will focus on the health and psycho physiological aspects of stress. A variety of topics will be addressed for self-regulating stress such as changing perceptions, time management, communication, biofeedback, exercise, and muscle relaxation.

PET 3312 Biomechanics (3) ED TAL
This course will focus on the structure and function of the skeletal and muscular systems as well as the mechanical principles related to motor performance.

PET 3314 Professional Development Seminar (1) ED TAL
This course will introduce the student to the exercise science field. Focus will be on professional conduct, job opportunities, organizations, certifications, and trends/issues. Students will develop skills to critique fitness/wellness information.

PET 3361 Nutrition for Fitness and Sport (3) ED TAL
This course will address weight management/weight loss, common diets, dietary supplements, ergogenic aids, and eating disorders. Content will focus on nutrition and weight management guidelines established by the American College of Sports Medicine.

PET 3364 Physical Activity Epidemiology (3) ED TAL
A presentation of the background and main concepts of epidemiology and discussion and summary of original research. Major topics include coronary artery disease, cerebrovascular disease, peripheral vascular disease, diabetes, arthritis, and COPD.

PET 3384 Exercise Testing and Prescription (3) ED TAL
In this course students will become proficient in performing a variety of exercise tests and prescribe appropriate exercises for aerobic capacity, muscular strength and endurance, body composition, flexibility and other parameters of physical fitness.

PET 3404 Emergency Response and Planning (3) ED TAL
Students will develop emergency response knowledge and skills through ARC first aid emergency response, CPR/AED certifications and will proactively assess, develop and implement a plan of response for emergency situations in fitness/wellness centers.

PET 3421 Curriculum and Instruction in Physical Education (3) ED TAL
Development of knowledge and skills related to the instruction process of physical education. Preparation of materials and planning instruction.

PET 3441 Instructional Design and Content: Middle School Physical Education (3) ED TAL
The development of physical education content and instructional practices for middle school students. The focus is upon matching appropriate
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

PET 4402 Planning and Evaluating Fitness/Wellness Programs (3) ED TAL
This course will focus on the design of high quality fitness/wellness programs in worksite and other settings. Students will learn and apply the major components of program planning – needs assessment, development, implementation, and evaluation.

PET 4413 Administration of Fitness/Wellness Centers (3) ED TAL
This course will examine management issues in the areas of human resources, budgeting, marketing, legal liability, and risk management. Students will develop skills to manage safe/effective programs and services in various fitness/wellness settings.

PET 4432 Instructional Design & Content: Physical Education Elementary I (3) ED TAL
This is the first in a two-course sequence in which students study movement forms and instructional processes suitable for elementary age students. Majors only.

PET 4433 Instructional Design & Content: Physical Education Elementary II (3) ED TAL
This course prepares students to select, plan and conduct complex movement experiences for K-6 students.

PET 4442 Instructional Design and Content: Physical Education Secondary (3) ED TAL
Development of knowledge and skills related to the teaching of selected movement activities such as team sports, gymnastics, and physical fitness. Focus is on understanding mechanical principles utilized within those activities as well as on instructional progression and the preparation of materials for instruction at the secondary school level.

PET 4510 Measurement and Evaluation in Physical Education (3) ED TAL
A study of the principles and techniques of educational measurement as applied to the teaching of physical education; study of the functions and techniques of measurement in the evaluation of student progress toward the objectives of physical education.

PET 4550 Clinical Exercise Testing and Prescription (3) ED TAL
A presentation of concepts related to the clinical aspects of fitness assessment and exercise programming. Clinical conditions that will be considered include: cardiovascular disease, pulmonary disease, metabolic disease, arthritis, and geriatrics.

PET 4742 Secondary Physical Education Methods: Physical Act (3) ED TAL
The course will prepare students to plan and conduct PE programs which meet National and State Content Standards related to physical activity, fitness, nutrition, and healthy living concepts. PE majors only. Not repeatable for credit.

PET 4765 Scientific Principles of Athletic Coaching (3) ED TAL
The application of principles from philosophy, psychology, sociology, and physiology to competitive athletics and coaching.

PET 4820 Sport Skill Proficiency (2) ED TAL
This course is designed to assist students in becoming proficient in and acquiring a foundation of the fundamental physical skills necessary to participate in and teach a variety of individual and team sports. Course restricted to PE majors.

PET 4905 Independent Study: Professional Physical Education (1-4) ED TAL
Specialized independent study determined by the student's needs and interests.

PET 4929 Senior Seminar in Physical Education CPST (3) ED TAL
CR: PET 4946 and PET 4947
Students engage in self-reflection and synthesis of university coursework and K-12 physical education final internship experiences.

PET 4941 Internship in Fitness/Wellness (9) ED TAL
This course will provide the final field experience in a community fitness/wellness center serving both general and special populations. Practical experiences will focus on all aspects of program development, delivery, and management.

PET 4942 Physical Education Pre-Internship: Elementary (3) ED TAL
A part-time internship in elementary school physical education. Focus on the nature of the total elementary school curriculum, characteristics of students, and application of appropriate content and instructional competencies.

PET 4944 Physical Education Pre-Internship: Secondary (3) ED TAL
A part-time internship in middle or high school level physical education with focus on the relationship of physical education to the needs of the adolescent and the implementation of appropriate content and methodology.

PET 4946 Internship in Physical Education: Elementary (6) ED TAL
A full-time internship in the elementary school in which the student undertakes the full range of teaching responsibilities in elementary physical education.

PET 4947 Internship in Physical Education: Secondary (6) ED TAL
CR: PET 4946 and PET 4929
A full-day internship in middle, junior or senior high school physical education programs with focus on the implementation of appropriate content and methodology to meet the needs of secondary students.

PGY 2401C Beginning Photography (3) FA ART
Introduction to the expressive possibilities of photographic media. Projects and assignments will introduce students to both traditional and experimental ways of working with light-sensitive materials with an emphasis on the interdependence of form, technique, and concept. The course will also provide an overview of significant trends and directions in contemporary art photography.

PGY 3410C Intermediate Photography (3) FA ART
A mid level course expanding the student's visual and technical skills while establishing the beginning of a personal artistic direction.

PGY 3610C Photojournalism I (3) AS MCM
PR: MMC 2100 and MMC 3602. Laboratory required.
Fundamentals of news and feature photography. Camera operation, picture composition, darkroom techniques, editing in digital format with introduction to software applications. History, ethics and law of photojournalism.

PGY 3620 Photojournalism II (3) AS MCM
PR: PGY 3610C. Laboratory required.
Advanced process and practice of photography for publication.

PGY 3820C Digital Media I (3) FA ART
This course builds upon the concepts introduced in Introduction to Multimedia Systems and focuses upon digital photographic creation and editing.

PGY 3930C Special Topics: Photography (3) FA ART
PR: ART 2201C, ART 2203C, ARH 2050, ARH 2051, ART 2301C, ART 3310C, PGY 2401C, PGY 3410C.
A mid-level course expanding the student's visual and technical skills while establishing the beginning of a personal artistic direction by exposing the student to new ideas, technical skills and genres, including, but not limited to: color photography, digital photography, non-silver and documentary photography. Repeatable up to 9 hours.

PGY 4420C Advanced Photography (3) FA ART
PR: ART 2201C, ART 2203C, ARH 2050, ARH 2051, ART 2301C, ART 3310C, PGY 2401C, PGY 3410C (3 cr.), PGY 3930C (9 cr.) and a 3.25 major GPA.
Continued problems in photography.

PGY 4822C Digital Media II (3) FA ART
This course builds upon the concepts introduced in Digital Media I and focuses upon digital photographic, web and digital video creation.

PHC 2100 Introduction to Public Health (3) PH PHC
A course serving as primer to study of public health. Provides overview of core disciplines of public health, and platform for future undergraduate study in public health.

PHC 3302 Introduction to Environmental & Occupational Health (3) PH EOH
Introduces the principles of environmental health from a public health perspective. This course is designed for students with an interest in the environment, assessment of risk, human health issues, and control strategies to reduce health risks.

PHC 3320 Environmental Health Science (3) PH EOH
PHC 4101 Overview of Public Health Programs and Policies GCPC (3) PH PHC
A survey of policies and programs in public/community health with emphasis on specific needs and problems of Florida.

PHC 4109 Public Health Biology (3) PH PHC
This course offers a biological perspective on public health issues related to chronic and infectious diseases. This course provides an overview of basic biological concepts, molecular biology, and infectious and chronic diseases of public health concern.

PHC 4117 Workforce & Leadership Development (3) PH PHC
This course will provide students with an overview of the skills that are necessary to find and obtain employment in the field of public health. It will also cover leadership styles & skills so that students can succeed as public health professionals.

PHC 4140 Introduction to Public Health Geographic Information Systems (3) PH PHC
This course covers the theory and application of geographic information systems (GIS) for public health and includes an overview of the principles of GIS and its use.

PHC 4141 Intervention Program Planning and Management (3) PH CFH
The purpose of this course is for students to describe and implement the basic principles of health education intervention planning, management, and evaluation. Students will present their program to fellow class members.

PHC 4188 Public Health Emergencies in Large Populations (3) PH PHC
This course is designed to develop or improve the skills of persons interested in providing emergency health services in global humanitarian emergencies for refugees and displaced populations.

PHC 4234 Public and Private Continuity Planning for Emergencies (3) PH PHC
This course identifies, examines and integrates the diverse emergency management, crisis management, contingency planning, and organizational continuity, recovery and restoration issues facing public and private sector organizations.

PHC 4241 Psychology of Fear & Mental Health Issues Related to Disasters (3) PH PHC
This course covers how emergency management better meets the needs of children, families, and communities after a disaster through well-timed targeted/response and interventions.

PHC 4250 Disaster Management: Ensuring Success & Avoiding Failure (3) PH GLO
This course will analyze disasters and the types of lessons resulting from them. Students will explore the root causes of domestic and international disaster successes and failures. Students will also identify possible solutions to these failures.

PHC 4252 Int'l Post-disaster Recovery: Peacekeeping (3) PH GLO
Examining post-disaster recovery and the effects of natural & man-made disasters on the population. This course looks at global programs and tactics aimed toward peacekeeping & peacebuilding to reduce future hostilities and improve living conditions.

PHC 4253 Int'l Humanitarian Crisis: Gender and Health (3) PH GLO
Men/boys and women/girls experience the impact of a Humanitarian Crisis differently. This course examines key issues, principles and practices aimed toward understanding how individuals play a role in preventing, mitigating and responding to crisis.

PHC 4375 Community Participation in Homeland Security (3) PH PHC
This course is intended as an introduction to the role of volunteers in emergency management.
PHC 4376 Disaster by Design: Exercise Development for Homeland Security Professionals (3) PH PHC
This course is an introduction to the Homeland Security Exercise and Evaluation Program and will discuss the role of planning, training, and exercises in the context of organizational preparedness for emergency management related activities.

PHC 4406 Pop Culture, Vices and Epidemiology (3) PH EPB
Encourages students to think how everyday things affect the public's health and safety. Topics in this class include: Alcohol, Sex, Coffee, Chocolate, Sleep and Tobacco. This class will cover health benefits and consequences of these things and more.

PHC 4431 Economic Rationale of Health Policy (3) PH HPM
PR: PHC 2100, HSC 4630
This course introduces the economic rationale for policies that regulate health care markets, focusing on the market failures that triggered policy changes and the successes and failures of those policies.

PHC 4464 Introduction to Health Disparities & Social Determinants (3) PH PHC
This course provides an overview of health disparities. We will examine social and cultural determinants of health, including race/ethnicity, geography, SES, gender, sexual orientation, disability status, migration status, age, religion and spirituality.

PHC 4501 Health Education Theory and Behavior (3) PH CFH
Development of a basic understanding of the major theories and models focused on the development, implementation, and evaluation of health education interventions.

PHC 4542 Stress, Health and College Life (3) PH CFH
The purpose of this course is to examine the relationship between stress, as a multi-casual concept, health and disease. Focus areas include: the historical evolution and current theories of stress as they relate to types of stressors, physiological reactions and predisposition to disease, and techniques related to the recognition and prevention of an unhealthy level of stress.

PHC 4582 Health Education Methods and Strategies (3) PH CFH
The purpose of this course is for students to describe and develop those health education methods, communication, and advocacy strategies to enhance the public's health.

PHC 4592 Public Health Genetics (3) PH PHC
PR: BSC 1005 or BSC 1020.
This course will introduce the fundamental principles of genetics to the field of public health by discussing basic concepts and how advances in human genetics, genomics and molecular biotechnology are to improve public health and prevent diseases.

PHC 4720 Foundation to Professional Writing in Public Health WRIN 6ACT (3) PH EPB
This course provides students the opportunity to learn about all aspects of professional writing techniques including grammar and spelling errors, writing styles, authorship, reference and citation systems, and guidance for scientific communication.

PHC 4755 Foundations of Evaluation and Research in Public Health GCPC (3) PH PHC
Course covers evaluation and research including literature reviews; ethical issues; differences between evaluation and research; define quantitative and qualitative, use of spreadsheet for budgets and data analysis, and communication of results.

PHC 4931 Health Care Ethics (3) PH EOH
This course provides the student with a broad overview of health care ethics. Will cover ethical issues that concern a wide variety of health professionals who are interested in clinical situations, as well as public health professionals and researchers.

PHC 4942 Public Health Field Seminar (2-3) PH EPB
PR: PHC 4101.
This course provides students with an overview of field experiences in public health. Representatives from public health organizations will speak about worksites. Students will observe public health professionals in their practice environment. Repeatable for a maximum of 12 credit hours.

PHC 5933 Special Topics (1-3) PH PHC
Provides students the opportunity to learn about the multiple ways to view controversial topics in public health. It covers current public health topics including biomedical issues, social and behavioral factors, and environmental issues.

PHH 3062 History of Western Philosophy: Ancient Philosophy (3) AS PHI
A survey of Western philosophy from the Pre-Socratics to Late Antiquity.

PHH 3280 Medieval and Renaissance Philosophy (3) AS PHI
This course is a survey of medieval and early Renaissance philosophy in the Latin West, focusing on the thought of Augustine, Anselm, Peter Abelard, Thomas Aquinas, John Duns Scotus, and William Ockham.

PHH 3400 History Of Philosophy - Modern (3) AS PHI
A survey of western philosophy from the end of the middle ages to the nineteenth century.

PHH 3420 Early Modern Philosophy (3) AS PHI
A survey of Western Philosophy from the end of the Renaissance to the beginnings of the Enlightenment.

PHH 3442 Late Modern Philosophy (3) AS PHI
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

A survey of Western Philosophy during the Enlightenment.

PHI 4440 Continental Philosophy WRIN 6ACT (3) AS PHI
A study of developments in post-Kantian European philosophy.

PHI 4600 Contemporary Philosophy 6ACT (3) AS PHI
Selected schools of twentieth century thought such as idealism, positivism, pragmatism, realism, and existentialism.

PHI 4700 American Philosophy 6ACT (3) AS PHI
Major traditions in American thought, Puritanism, the Enlightenment, Transcendentalism, Idealism, Pragmatism, and Analytic Philosophy in relation to American culture.

PHI 4820 Chinese Philosophy (3) AS PHI
A survey of Confucianism, Taoism and other aspects of Chinese thought. The course is available to both majors and non-majors and does not have laboratory sections associated with it.

PHI 1103 Critical Thinking CASB 6ACT (3) AS PHI
Critical thinking is the mind’s faculty for catching its own (potential or actual) mistakes, and correcting its own misapprehensions. We will hone this faculty by practicing the critical evaluation of real-world decisions.

PHI 1401 Science and Society CANP (3) AS PHI
As consumers of scientific information, it is our social obligation to understand how scientific knowledge comes about. This course is about the process of scientific inquiry, and about scientific knowledge as the product of such inquiry.

PHI 1600 Introduction to Ethics CAHU HHCP (3) AS PHI
In order to promote reflection concerning how we should act and what kinds of people we should be, this course introduces students to ethical theories, concepts, problems, and methods.

PHI 2010 Introduction to Philosophy CAHU 6ACT (3) AS PHI
An introduction to several major themes in philosophy, as well as central philosophical concepts, texts, and methods.

PHI 2101 Introduction to Formal Logic CAQR 6AMT (3) AS PHI
This course is an introduction to the basic terms, concepts, and methods of formal logic.

PHI 2630 Contemporary Moral Issues (3) AS PHI
Open to all students. A study of contemporary moral issues concerning racism, sex, sexism, abortion, poverty, crime, war, suicide, and human rights in general.

PHI 2631 Ethics and Business (3) AS PHI
An application of traditional ethical theories to contemporary problems in business.

PHI 3130 Formal Logic CAQR 6AMT (3) AS PHI
A survey of predicate calculus, predicate calculus with identity, formal semantics, and elementary metalogic. Strongly recommended for philosophy majors.

PHI 3404 Philosophy of Science (3) AS PHI
How is science different from other methods of inquiry about the world? What distinguishes science from pseudoscience? From religion? How do we test scientific theories? What are the factors that lead scientists to accept a theory?

PHI 3633 Biomedical Ethics (3) AS PHI
This course will focus on the ethical issues arising from advances in medical practice, delivery of health care, and scientific research.

PHI 3636 Professional Ethics (3) AS PHI
An examination of the ethical problems that professionals will face in the complex, global society of the next few decades: confidentiality, divided loyalty, racism/sexism, etc.

PHI 3640 Environmental Ethics (3) AS PHI
A study of alternative theories of environmental ethics, including the application of these theories to contemporary environmental problems, such as pollution, resource depletion, species extinction, and land use.

PHI 3700 Philosophy of Religion 6ACT (3) AS PHI
Analysis of religious experience and activity and examination of principal religious ideas in light of modern philosophy.

PHI 3930 Selected Topics (1-3) AS PHI
Selected topics according to the needs of the student.

PHI 4073 African Philosophy (3) AS PHI
A descriptive and analytical study of African philosophical thought, featuring reflective comparisons of African and Western categories of thought.

PHI 4300 Theory of Knowledge 6ACT (3) AS PHI
An examination of human knowledge; its scope and limits, and an evaluation of evidence, criteria of truth, the nature of belief, conditions for meaningfulness, theories of perception, and a study of memory and sense perception in the four major fields of nature, history, personal experience, and the a priori.

PHI 4320 Philosophy of Mind WRIN 6ACT (3) AS PHI
A study of historical and current issues in philosophy of mind, including the nature and status of mind, mind/body dualism, the relationship of mind and body, the problems of other minds, the physical basis for intelligence.

PHI 4632 Feminist Ethics (3) AS PHI
A study of the varied approaches to moral reasoning taken by feminist ethical writers such as Wollstonecraft, Mill, Gilligan, Daly, Hoagland and others.

PHI 4670 Contemporary Ethical Theory (3) AS PHI
A survey of contemporary ethical theory, focusing both on the literature about the status of ethical theorizing—moral skepticism, moral nihilism, narrative ethics--and on specific types of theories--
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

PHI 4800 Aesthetics 6ACT (3) AS PHI
A study of traditional and contemporary aesthetic theories with emphasis on creative process, the nature of the art work, the aesthetic response, expressiveness, form and content, as well as art and morality.

PHI 4905 Directed Study (1-4) AS PHI
Individual study directed by a faculty member.

PHI 4930 Selected Topics (1-3) AS PHI
Selected topics according to the needs of the senior students.

PHI 4938 Philosophy Capstone Seminar CPST 6ACT (3) AS PHI
Exit course for philosophy majors. Topics will vary at instructor's discretion, but are expected to span conventional boundaries between the branches of philosophical inquiry.

PHI 5135 Symbolic Logic (3) AS PHI
PR: PHI 2101
Study of topics such as the following: Metatheory of propositional and predicate logic, related metatheoretic results, alternative logic.

PHI 5225 Philosophy of Language (3) AS PHI
PR: Eight hours of philosophy
An examination of semantically, syntactical, and functional theories of language with special attention given to the problems of meaning, linguistic reference, syntactical form, and the relations between scientific languages and ordinary linguistic usage. Seminar format.

PHI 5913 Research (1-4) AS PHI
Individual research supervised by a faculty member.

PHI 5934 Selected Topics (1-3) AS PHI
Selected topics according to the needs of the student.

PHM 3020 Philosophies of Love and Sex (3) AS PHI
Discussion of Philosophies of Love/Sex of Plato, Aristotle, Epicurus, Aquinas, Hume, Kant, Schopenhauer, Russell, Sartre, Marx, etc.

PHM 3100 Social Philosophy 6ACT (3) AS PHI
An analysis of rival theories of social order and their philosophical foundations.

PHM 3400 Introduction to Philosophy of Law (3) AS PHI
A study of the fundamental concepts of law from a philosophical standpoint including crime, justice, punishment, free speech, insanity.

PHM 4120 Major Black Thinkers (3) AS AFA
Survey of major themes and issues in African/African-American intellectual and political thought with an emphasis on theories of nationalism. Works of individuals such as Martin Delany, Booker T. Washington, W. E. B. DuBois, Marcus Garvey, Malcolm X, and Angela Davis are considered.

PHM 4331 Modern Political Philosophy WRIN 6ACT (3) AS PHI
A survey of political philosophy from 1600 A.D. until 1900 A.D., including an examination of the ethical, metaphysical, and epistemological bases of these philosophies.

PHM 4340 Contemporary Political Philosophy 6ACT (3) AS PHI
A survey of political philosophy in the twentieth century, including an examination of the ethical, metaphysical and epistemological bases of these philosophies.

PHM 5126 Social Issues in Biomedical Ethics (3) AS PHI
An examination of the social and political issues arising from rapid changes in medicine and technology. Topics covered may include social issues related to the just distribution of healthcare, reproductive technologies, HIV and AIDS, eugenics, genetic testing, and maternal-fetal relations.

PHP 3786 Existentialism 6ACT (3) AS PHI
A study of the religious and atheistic existentialists and the bearing of their views on religion, ethics, metaphysics, and theory of knowledge.

PHP 4000 Plato 6ACT (3) AS PHI
The examination of Plato will include the dialogues Protagoras, Georgias, Meno, Republic.

PHP 4010 Aristotle 6ACT (3) AS PHI
Study of Aristotle's philosophy.

PHP 4410 Kant (3) AS PHI
Lecture and discussion of Kant's philosophy, especially the Critique of Pure Reason.

PHP 4784 Analytical Philosophy 6ACT (3) AS PHI
A study of the method devoted to clarifying philosophical problems through analysis of the language in which these problems are stated.

PHP 4788 Philosophy of Marxism 6ACT (3) AS PHI
A critical survey of Marxist philosophy from Marx and Engels to Mao Tse-Tung and Herbert Marcuse. Hegelian foundations of Marxist philosophy analyzed in detail.

PHY 2020 Conceptual Physics CANP (3) AS PHY
A qualitative investigation of physics concepts. Emphasis is placed on using physics to describe how common things work. No previous physics knowledge required.

PHY 2048 General Physics I - Calculus Based CANP (3) AS PHY
PR: MAC 2281 or MAC 2311
First semester of a two-semester sequence of calculus-based General Physics which includes a study of mechanics, wave motion, sound, thermodynamics, geometrical and physical optics, electricity and magnetism for students majoring in Physics, Chemistry and Engineering. General physics which includes a study of mechanics, heat, and fluids.
First semester of a two-semester sequence of general physics (mechanics, wave motion, sound, thermodynamics, geometrical and physical optics, electricity, and magnetism) and laboratory for physics majors and engineering students.

**PHY 2049 General Physics II - Calculus Based**

CANP (3) AS PHY

PR: MAC 2282 or MAC 2312, PHY 2048, PHY 2048L

Second semester of calculus based general physics. Topics studied include wave mechanics, electricity and magnetism, and optics.

**PHY 2049L General Physics II Laboratory (1) AS PHY**

PR: MAC 2282 or MAC 2312, PHY 2048, PHY 2048L.

CPR: PHY 2049

Second semester of general physics and laboratory for physics majors and engineering students.

**PHY 2053 General Physics I CANP (3) AS PHY**

PR: MAC 1140 and MAC 1114, or MAC 1147.

CR: PHY 2053L

First semester of a two semester sequence of non-calculus-based general physics (mechanics, heat, wave motion, sound, electricity, magnetism, optics, modern physics) for science students.

**PHY 2053L General Physics I Laboratory (1) AS PHY**

CR: PHY 2053

First semester of a two semester sequence of general physics (mechanics, heat, wave motion, sound, electricity, magnetism, optics, modern physics) laboratory for science students.

**PHY 2054 General Physics II CANP (3) AS PHY**

PR: PHY 2053, PHY 2053L.

CR: PHY 2054L

Second semester of non-calculus based general physics. Topics studied include electricity and magnetism, optics and modern physics.

**PHY 2054L General Physics II Laboratory (1) AS PHY**

PR: PHY 2053, PHY 2053L.

CR: PHY 2054

Second semester of general physics lab for science students.

**PHY 2060 Enriched General Physics I with Calculus CANP (3) AS PHY**

PR: MAC 2311 or MAC 2281 with minimum grade of 'A'

CR: PHY 2048L

First semester of an enriched sequence of calculus based general physics designed for physics majors and other students seeking a deeper understanding of mechanics, kinematics, conservation laws, central forces, harmonic motion, and mechanical waves.

**PHY 2061 Enriched General Physics II with Calculus (3) AS PHY**

PR: MAC 2312 or MAC 2282 and PHY 2060 or PHY 2048 with a minimum grade of B CR: PHY 2049L

Second semester of an enriched sequence of calculus based general physics designed for physics majors and other students seeking a deeper understanding of thermodynamics, electricity, magnetism, electromagnetic fields and waves, circuits, and optics.

**PHY 3101 Modern Physics (3) AS PHY**

PR: PHY 2049, MAC 2283 or MAC 2313.

**PHY 3220 Classical Mechanics (4) AS PHY**

PR: PHY 3101 and PHZ 3113.

Topics covered: Newtonian mechanics, oscillatory motion, gravitation, Lagrangian and Hamiltonian Dynamics, Central-Force Motion, Dynamics of a System of Particles, Dynamics of Rigid Bodies, and Non-linear and coupled oscillations.

**PHY 3221 Mechanics I (3) AS PHY**

PR: PHY 3101 and PHZ 3113.

First semester of a two-semester sequence. Review of vector algebra and vector calculus. Dynamics of single particles and systems of particles; central forces; rotation about an axis; statics; and virtual work.

**PHY 3323 Electricity and Magnetism I (3) AS PHY**

PR: PHY 3101 and PHZ 3113.

Electrostatic fields and potentials, dielectrics, classical conductivity, RC circuits, Fourier and finite element methods. First semester of sequence PHY 3323, PHY 4324.

**PHY 3822L Intermediate Laboratory (3) AS PHY**

CPR: PHY 3101.

Experiments in modern physics, including the areas of atomic, nuclear, solid state and wave phenomena.

**PHY 4031 Great Themes in Physics 6ACT (3) AS PHY**

**PHY 4151 Computational Physics (3) AS PHY**

PR: PHY 3101

**PHY 4222 Mechanics II (3) AS PHY**

PR: PHY 3221.

Continuation of PHY 3221. Coupled oscillators and normal modes; moving coordinate systems; Lagrange's and Hamilton's equations; inertia tensor; general rotation of rigid bodies.

**PHY 4324 Electricity and Magnetism II (3) AS PHY**

PR: PHY 3323.
Introduction to special relativity, magnetic fields and potentials, magnetic materials, RL and RLC circuits, Maxwell’s equations and applications.

PHY 4424 Optics (3) AS PHY
PR: PHY 3101
Reflection, refraction, dispersion, interference, diffraction and polarization.

PHY 4523 Statistical Physics (3) AS PHY
PR: PHY 3221 or PHY 3323 of PHY 4604.
Statistical approach to thermodynamics and kinetic theory and introduction to statistical mechanics.

PHY 4604 Introduction to Quantum Mechanics (3) AS PHY
PR: PHY 3101 and PHY 3113.
Basic concepts of quantum mechanics with applications in atomic, nuclear, and condensed matter Physics.

PHY 4605 Quantum Mechanics II (3) AS PHY
PR: PHY 4604.
Second semester of a two-semester sequence in quantum mechanics. Focus given to applications of Schrodinger equation.

PHY 4744C Introduction to Electronics and Test Instrumentation (3) AS PHY
PR: PHY 3822L
Introduces the fundamentals of analog and digital electronics used in measurements and instrumentation. Weekly labs give hands-on experience in breadboarding electronic circuits and using test instrumentation (oscilloscopes, digital multimeters, etc.)

PHY 4823L Advanced Laboratory (3) AS PHY
PR: PHY 3822L.
Experimental work primarily related to modern physics. Emphasis on experimental techniques used in current research.

PHY 4905 Independent Study (1-3) AS PHY
Specialized, independent study determined by the student's need and interest. The written contract required by the College of Arts and Sciences specifies the regulations governing independent study.

PHY 4910 Undergraduate Research (1-4) AS PHY
An individual investigation in the laboratory or library or both, under the supervision of the instructor. Credit hours and other contractual terms, are to be determined by student/instructor agreement.

PHY 4930 Undergraduate Seminar (1) AS PHY
All undergraduate physics majors must enroll in this course at least once. Regular attendance is required. This course introduces students to the research areas in the Physics Department.

PHY 4935 Selected Topics in Physics (1-3) AS PHY
Each topic is a course in directed study and under the supervision of a faculty member.

PHY 5720C Electronics for Research (3) AS PHY
A rigorous introduction to the fundamentals of analog and digital electronics. Theoretical circuit analysis and weekly labs introduce practical use of diodes, transistors, analog and digital lcs, breadboarding techniques and electronics test instrumentation. Spring Semester.

PHY 5937 Selected Topics in Physics (1-4) AS PHY
Each topic is a course in directed study under the supervision of a faculty member.

PHZ 2102 Problems in General Physics I (1) AS PHY
CR: PHY 2048 or PHY 2053.
First semester of a two-semester sequence on solving problems in General Physics I. A course designed to be taken with the lecture course and to help students with developing problem-solving skills.

PHZ 2103 Problems in General Physics II (1) AS PHY
CR: PHY 2049 or PHY 2054.
Second semester of a two-semester sequence on solving problems in General Physics II. A course designed to be taken with the lecture course and to help students with developing problem-solving skills.

PHZ 3113 Mathematical Methods in Physics (3) AS PHY
PR: PHY 2049
CPR: MAC 2283 or MAC 2313.
The course is designed to develop the basic mathematical skills required in subsequent courses in physics, as well as form the basis for a fundamental understanding of the mathematics needed for the study of physics.

PHZ 4151C Computational Physics (3) AS PHY
Introduction to computer applications in physics. Emphasis on numerical modeling and simulation of physics problems using linear algebra, differential equations and Monte Carlo methods. No prior programming experience required.

PHZ 4434 Materials Physics (3) AS PHY
PR: PHY 2048, PHY 2049, PHY 3101.
The physics and physical properties of materials. Strong emphasis is on the underlying physics of materials. Particular topics covered include crystal structure, phase, and electrical, thermal, optical, and magnetic properties of materials.

PHZ 4702 Applications of Physics to Biology and Medicine I (4) AS PHY
PR: PHY 2054, PHY 2054L or PHY 2049, PHY 2049L.
The first semester of a two-semester sequence, to discuss the applications of the physical concepts introduced in the General Physics sequence to biological systems and for medical applications. Restricted to non-majors.

PHZ 4703 Applications of Physics to Biology and Medicine II (4) AS PHY
PR: PHY 2054, PHY 2054L or PHY 2049, PHY 2049L; PHY 2053.
The second semester of a two-semester sequence, to discuss the applications of the
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

PHZ 5115 Methods of Theoretical Physics I (3) AS PHY
PR: MAP 2302 or PHZ 3113
Applications of mathematical techniques to classical and modern physics. Vector spaces including Hilbert space, orthogonal functions, generalized functions, Fourier analysis, transform calculus, and variational calculus.

PHZ 5116 Methods of Theoretical Physics II (3) AS PHY
PR: PHZ 5115
Applications of mathematical techniques to classical and modern physics. Selected topics in complex analysis, differential and integral equations, numerical methods, and probability theory.

PHZ 5154C Introduction to Computational Physics (3) AS PHY
Introduction to the use of computers for solving problems in physics. No programming experience required.

PHZ 5156C Computational Physics I (3) AS PHY
PR: COP 5016, PHZ 5154, PHZ 4151, or CI C or Fortran programming applied to science and engineering problems. Data analysis, numerical algorithms, modeling, parallel computation. Subjects: neurobiology, quantum magnetism, chaos, etc. Familiarity with programming in a compiled language assumed.

PHZ 5405 Solid State Physics I (3) AS PHY
PR: PHY 4605 or PHY 6645
Crystal structure, x-ray and electron diffraction, mechanical and thermal properties of solids, electrical and magnetic properties of metals, band theory of metals, insulators, and semiconductors. First semester of sequence PHZ 5405, PHZ 6426.

PHZ 5430 Introductory Physics of Materials (3) AS PHY
Phenomenological introduction to the structural, thermal, electrical, magnetic, mechanical, and optical properties of materials.

POR 1120 Beginning Portuguese I (4) AS WLE
Development of basic skills in listening and reading comprehension, speaking and writing of Brazilian Portuguese.

POR 1121 Beginning Portuguese II (4) AS WLE
PR: POR 1120 or equivalent
Continued development of basic skills in listening and reading comprehension, speaking and writing of Brazilian Portuguese.

POR 2200 Intermediate Portuguese I (3) AS WLE
POR 2200 builds upon the four language skills (speaking, comprehension, reading, and writing) introduced in POR 1120 and POR 1121.

POR 2201 Intermediate Portuguese II (3) AS WLE
For language students who intend to attain basic proficiency.

POR 3010 Accelerated Portuguese (4) AS WLE
Accelerated Portuguese course (structure and vocabulary as spoken in Brazil) for speakers of Spanish or other Romance languages. Exposes students to some aspects of Portuguese speaking cultures.

POR 4905 Directed Study (1-5) AS WLE
Course permits study options in Portuguese not available in the regularly scheduled curriculum at departmental discretion. May be repeated up to 10 hours. S/U Only. Departmental approval required.

POR 4930 Selected Topics (1-3) AS WLE
Course permits study options in Portuguese not available in the regularly scheduled curriculum at departmental discretion. May be repeated up to 10 credit hours. Departmental approval required.

POS 2041 American National Government CASB HHCP (3) AS GIA
This course is intended to introduce students to the theory, institutions, and processes of American government and politics. In addition to learning fundamental information about the American political system, this course is designed to help students think critically about American government and politics.

POS 2080 The American Political Tradition (3) AS GIA
This course is an introductory survey of the historical developments and changes in American political institutions, processes, and thought.

POS 2112 State and Local Government and Politics (3) AS GIA
Analysis of the structure and function of state and local governments, of the social and political influences that shape them, and of the dynamics of their administrative processes.

POS 3142 Introduction to Urban Politics and Government (3) AS GIA
Governmental and political structures and processes as they function in urban areas, with special focus on municipalities and locally based public services.

POS 3173 Southern Politics (3) AS GIA
Examines changes in electoral politics in the South, and the role of interest groups and the state and federal government in facilitating change.

POS 3182 Florida Politics and Government (3) AS GIA
A study of Florida political culture, political parties and elections, the legislative, executive, and judicial systems, and policy patterns.

POS 3273 Practical Politics (3) AS GIA
Coordinated scholarly and practical activity through class lecture and supervised field work in local political parties and election campaigns.

POS 3283 Judicial Process and Politics (3) AS GIA
The organization, development, and functioning of American court systems and the causes and consequences of judicial behavior from an empirical perspective.

recent contributions and understanding contemporary political problems and solutions.

**POT 4936 Selected Topics in Political Theory (3)**
AS GIA
Selected topics or thinkers in political theory.

**PPE 4003 Personality (3)** AS PSY
PR: PSY 3213 with a grade of C or better
Methods and findings of personality theories and an evaluation of constitutional, biosocial, and psychological determinants of personality.

**PSB 3444 Drugs and Behavior (3)** AS PSY
This is a basic introduction to drugs and their effects on society and behavior. Specifically, drug regulations and laws will be covered as well as how drugs interact with the brain to alter consciousness.

**PSB 4004C Physiological Psychology (3)** AS PSY
PR: PSY 3213 with a grade of C or better
Gross neural and physiological components of behavior. Structure and function of the central nervous system and theory of brain functions.

**PSC 2515 Energy and Humanity CANP (3)** AS PHY
Exploring energy use and its environmental impacts, including climate change. Energy resources, including alternatives to fossil fuels, are discussed. Basic science concepts as well as contemporary technologies are covered.

**PSY 2012 Introduction to Psychological Science CASB (3)** AS PSY
This course is an introduction to psychology for majors and nonmajors. It presents psychological theory and methods in a survey of various areas of psychology including clinical, cognitive, developmental, health, industrial, social, and biopsychology.

**PSY 3017 Psychological Science II (3)** AS PSY
PR: PSY 2012
Designed as an in-depth examination of the basic principles and concepts of psychological science. Extensive coverage will be given to the areas of learning, perception, physiological psychology, and cognition.

**PSY 3204 Psychological Statistics CAQR 6AMT (3)** AS PSY
PR: PSY 2012.
Introduction to analyzing psychological data, in the context of behavioral research. Covers basic research design, descriptive statistics, analysis procedures, use of computer analysis packages, interpretation of outputs, and implications for research.

**PSY 3213 Research Methods in Psychology (4)** AS PSY
PR: PSY 3204 or STA 2023 or STA 2122 or QMB 2100, with a grade of C or better.
This course considers the logic of experimental design, concept of control and the analysis of experimentally obtained data. The laboratory section provides experience applying the concepts discussed in lecture. Two lectures plus two-hour lab.

**PSY 4205 Experimental Design and Analysis (3)** AS PSY
PR: PSY 3213 with a grade of C or better
Detailed coverage of those research designs and statistical techniques having the greatest utility for research problems in psychology. Emphasis on topics from analysis of variance.

**PSY 4215 Discovering Research in Psychology CPST (3)** AS PSY
PR: PSY 3213 (with grade of C+ or better)
This course involves advanced study of approaches to research in psychology and development of various research skills as preparation for conducting independent research.

**PSY 4604 History and Systems of Psychology (3)** AS PSY
PR: PSY 3213 with a grade of C or better
The historical roots of modern psychological theories, investigation of the various schools of psychology such as behaviorism, Gestalt psychology, psychoanalysis, and phenomenological psychology.

**PSY 4913 Directed Study (1-3)** AS PSY
PR: PSY 3213.
The student plans and conducts an individual research project or program of directed readings under the supervision of a faculty member. S/U only.

**PSY 4931 Selected Topics: Seminar (3)** AS PSY
PR: PSY 3213 with a grade of C or better
Graduate-type seminar designed to provide the advanced undergraduate student with an in-depth understanding of a selected sub-area within psychology.

**PSY 4932 Honors Seminar CPST (3)** AS PSY
PR: PSY 3213 with a grade of C or better
The student, under supervision of a faculty member, will complete a thesis project.

**PSY 4933 Advanced Topics in Applied Behavior Analysis (3)** AS PSY
PR: EXP 4404 and CLP 4414.
Advanced seminar in the effective and ethical application of behavior analysis to human problems. Includes theoretical and conceptual issues; assessment and treatment procedures; legal, ethical and socio-cultural issues.

**PSY 4970 Honors Thesis (1-3)** AS PSY
PR: PSY 3213 with a grade of C or better
The student, under supervision of a faculty member, will complete a thesis project.

**PSY 4974 Honors Seminar in Psychology - Second Semester WRIN 6ACT (3)** AS PSY
PR: PSY 4932
Honors Seminar in Psychology (Second Semester) provides students who successfully complete the first semester of Honors Seminar in Psychology the opportunity to conduct, analyze, write up and defend their thesis.

**PUP 4002 Public Policy (3)** AS GIA
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Examines the formation and implementation of public policy in areas such as the economy, health, etc.
PUP 4203 Environmental Politics and Policy (3) AS GIA
Examines the politics of environmental issues, formation and implementation of environmental policy.
PUP 4323 Women and Politics 6ACT (3) AS WST
An analysis of the impact of gender on power and influence in American society, and women's changing role in the political process.
PUP 5607 Public Policy and Health Care (3) AS GIA
The study of health care policy as it relates to the policy process in the American setting.

PUR 3000 Principles of Public Relations (3) AS MCM
PR: MMC 2100 and MMC 3602. The underlying theory and professional practice of public relations within corporate and institutional structures and its vital role in society; ethical standards of practice, and relationships of the practice to the public media; public relations problem-solving process.
PUR 3500 Public Relations Research (3) AS MCM
PR: PUR 3000 and LIS 2005. The theory and practice of quantitative and qualitative research methods as applicable to the study of public relations and public relations campaigns. Emphasis is on the scope of research methods available to public relations practitioners, evaluation of data and report writing.

PUR 4100 Writing For Public Relations (3) AS MCM
PR: JOU 2100 and PUR 3000. Techniques for creating effective written public relations communications to achieve organizational goals, including news releases, proposal letters, broadcast scripts, and memos. Exercises based on case study scenarios.
PUR 4101 Public Relations Design and Production (3) AS MCM
PR: PUR 3000. Theoretical and practical applications of design for public relations publications. Design software. Study of visual design, page architecture, typography, color and illustrations. Integration of design elements in the design of different types of public relations publications.
PUR 4401 Public Relations: Issues, Practices and Problems GCPC (3) AS MCM
PR: PUR 3000. The theory of public relations practice and its application in the real world. The role of the public relations practitioner in business, government, and social institutions, and the nature of specialized areas of the practice. Identification of public issues, analysis of potential impact on organizations and development of strategies to deal with them successfully and responsibly. Communication techniques and trends.

PUR 4700 Public Relations Practicum (1) AS MCM
Practical experience outside the classroom where the student works for academic credit under the supervision of a professional practitioner. Periodic written and oral reports to the faculty member coordinating the study.
PUR 4801 Advanced Public Relations (3) AS MCM
PR: PUR 3500, PUR 4100 and PUR 4401. As final course in Public Relations sequence, it involves intensive study of counseling and problem-solving techniques used in professional practice. Analysis of case studies and preparation of complete Public Relations program. Extensive reading in the literature of contemporary practice.
PUR 5505 Introduction to Strategic Communication Theory and Practice (3) AS MCM
The course is designed to act as a "bridge" between undergraduate and graduate public relations and advertising education, and between professional communication practices and strategic communication scholarship.

QMB 2100 Business and Economic Statistics I CAQR 6AMT (3) BA QMB
PR: MAC 1105. Data description; exploratory data analysis; introduction to probability; binomial and normal distributions; sampling distributions; estimation with confidence intervals; tests of hypotheses; control charts for quality improvement.

QMB 3200 Business and Economic Statistics II (3) BA QMB
PR: MAC 2233 or MAC 2241, QMB 2100. Simple linear regression and correlation; multiple regression and model building; forecasting models; analysis of variance; chi-square tests; nonparametric methods.

QMB 3253 Business Honors Advanced Statistics CAQR 6AMT (3) BA QMB
Comprehensive course in statistics for Business Honors students. Includes the application of statistical concepts to business problems.

QMB 3701 Computational Methods in Business (3) BA QMB
PR: QMB 3253, with a grade of C or (QMB 2100 and QMB 3200, with a grade of C). Introduces Algorithms and Computational Thinking, Linear Programming, Data Analytics, and Game theory used in business decision making; extensive computer-based methods and analysis employed. Restricted to Business Honors students, not repeatable.

RCS 4033 Overview of Rehab & MH Counseling Professions (3) BC REH
This course introduces students to the human services and multiple counseling professions, including, rehabilitation and mental health counseling, career/vocational counseling, forensic
counseling, behavioral health and marriage and family therapy.

RCS 4931 Selected Topics in Counseling Professions (3) BC REH
Provides an overview of counseling professions including current issues, standards of practice, and future trends. Will cover legal and ethical and professional issues.

RCS 5035 Rehabilitation Counseling: Concepts and Applications (3) BC REH
Introduction to the profession of Rehabilitation Counseling and current issues in the field. Coverage includes rehabilitation history, legislation, case management and related services for Americans with disabilities.

RCS 5080 Medical Aspects of Disability (3) BC REH
PR: RCS 5780
A survey of medical conditions and disabilities encountered by rehabilitation and mental health counselors. Examines the relationship of client handicaps, physical and mental, to rehabilitation and mental health programming.

RCS 5450 Fundamentals of Substance Abuse Counseling (3) BC REH

RCS 5780 Legal, Ethical, Professional Standards and Issues in Counseling (3) BC REH
An overview of all aspects of professional functioning including history, roles, organizational structures, ethics, standards and credentialing. Contemporary and developing issues in the field of professional counseling will also be addressed.

RCS 5905 Directed Studies (1-4) BC REH
Supervised rehabilitation studies under the direction of a faculty member.

REA 1205 Advanced Reading (3) US RLS
This course focuses on a broad array of reading strategies to help students enhance comprehension skills as well as develop the fundamentals of critical analysis through the application of a strategic-reflective reading model.

REA 1305 Reading Lab (1-3) US RLS
The focus is on the development of a systematic approach for improving reading comprehension, rate, and expanding vocabulary as well as adjusting rate and technique to adapt to a variety of materials and purposes. Open to all students.

REA 1605 Advanced Learning Systems (2) US RLS
To explore the most recent advances in learning theory systems and then learn to apply that knowledge to understanding individual learning preferences, analyzing task demands, and intentionally selecting effective strategies for each learning challenge.

REA 2105 Critical Reading and Writing 6ACT (3) US RLS
This course helps students develop the fundamentals of reflective and critical reading and on effective analytical writing utilizing multiple sources from various disciplines. The course meets the criteria for Gordon Rule writing requirements.

REA 2505 Vocabulary (3) AS ENG
A practical course in rapid vocabulary improvement for students in all areas. Stress is on words in context. Will not count toward the English major.

REA 2604 Strategic Learning (1) US RLS
For students in academic difficulty, this course introduces students to advanced learning system used to understand individual learning preferences, analyze task demands, and then intentionally select effective strategies for each learning challenge.

REA 2930 Selected Topics (1-3) US RLS
Topics will vary to meet the needs of students. Will not be counted toward the English major.

RED 4310 Reading and Learning to Read (3) ED TAL
This course will prepare pre-service teachers to understand the foundations of reading and the inherent learning principles to produce successful readers. The course focuses on appropriate instructional strategies to enhance reading development and reading across the curriculum.

RED 4312 Emergent Literacy Strategies and Assessment (3) ED TAL
The purpose of this course is to create an understanding of developmentally appropriate, research-based theories and practices that support young children's emergent literacy and language learning.

RED 4335 Teaching Reading in Secondary English Curriculum (3) ED TAL
Analysis of the reading process; introduction to diagnosis of reading abilities; reading and study skill strategies to increase student achievement in reading.

RED 4511 Linking Literacy Assessment to Instruction (3) ED TAL
PR: RED 4310.
This course will prepare pre-service teachers to use multiple assessment measures to assess and diagnose students' strengths and needs in literacy learning. Based on individual student profiles, teachers will design instruction to enhance literacy development.

RED 4724 Intermediate Literacy Strategies and Assessment I (3) ED TAL
PR: RED 4312.
The purpose of this course is to create an understanding of developmentally appropriate, research-based theories and practices that support children's literacy learning in the intermediate grade levels.

REE 3043 Real Estate Decision Making (3) BA FIN
PR: FIN 3403, with a grade of C

Acquaints students with the range of knowledge required to engage in real estate decision-making in the United States. Integrates the institutional framework with which decisions are made, the elements of financial analysis, deal structuring and marketing, and the pricing, financing, and allocation of real property in the real estate markets.

**REL 2166 Introduction to Religion and Ecology**
CAHU HHCP (3) AS REL

This course introduces students to the academic study of religion with a focus on the relationship between religion and ecology, and the developing subfield of Religious Studies concerned with this relationship.

**REL 2210 Hebrew Bible/Old Testament** (3) AS REL
An introduction to the critical study of the Hebrew Scriptures against the background of the ancient Near East, with attention to the history and religion of the Hebrew people.

**REL 2240 Introduction to the New Testament** (3) AS REL
An introduction to the critical study of the New Testament in the context of Christian beginnings in the first century C.E. This will include readings from the Apocrypha, other Gospels, and letters.

**REL 2300 Introduction to World Religions** CAGC HHCP (3) AS REL
Introduction to World Religions is designed to give students a broad and general overview of the major religious traditions of the world. Students will be exposed to the history, primary beliefs, and information necessary for a primary understanding of each of the religions studied in the course.

**REL 2306 Contemporary World Religions** (3) AS REL
This course will explore the unity and diversity of religious traditions in our contemporary global context in order to understand the mutual interactions between religions and cultures. Emphasis will be placed on the role of religions in shaping human values which can either create or resolve social conflicts, and the impact these values can have on issues of race, ethnicity and religious diversity in a multicultural world.

**REL 3040 Introduction to Religious Studies** (3) AS REL
This course introduces students to the academic study of religion. Religious thought and behavior are examined from a variety of methodological perspectives. Restricted to majors and minors. Required for the major and the minor in Religious Studies.

**REL 3043 Introduction to Major Religious Texts** (3) AS REL
The course provides an introduction to the study of some of the foundational texts of selected religious traditions by focusing on reading and interpretative strategies in order to understand the central beliefs and practices presented in these texts.

**REL 3101 Religion and Popular Culture** (3) AS REL
An exploration and analysis of the relationship between religion and popular culture, which will include inquiry into the definition and meaning of both religion and popular culture, the impact of secularization on traditional religious systems, and the widely diverse expressions of religion in contemporary popular culture.

**REL 3111 The Religious Quest in Contemporary Films** CAHU 6ACT (3) AS REL
This course uses contemporary films such as Gandhi, Malcolm X, The Long Walk Home, The Chosen, and Grand Canyon to explore the personal and social aspects of religion in modern secular societies, pinpointing issues of racism, sexism, liberation, etc.

**REL 3114 Comedy, Tragedy, and Religion** 6ACT (3) AS REL
Examines the visions of life in comedy and tragedy, and relates both to Judaism, Christianity, and Zen Buddhism.

**REL 3116 Religion and Contemporary American Holidays** (3) AS REL
Introduces students to the academic study of religion through an exploration of issues and questions related to the character and function of holidays in contemporary America. Open to majors and non-majors.

**REL 3117 Religion and Contemporary American Sports** (3) AS REL
This course explores the function of sports in America. It covers the history of sports; the status of American sports; and sports as religious events. The course is open to majors and non-majors and is not repeatable for credit.

**REL 3120 Religion in America** (3) AS REL
To examine the movement from state church to pluralism in American religious institutions, the religious results of non-Protestant immigration; the Jewish factor; the effect of home missions and social concern programs upon American life; political entanglements and the concept of church/state separation.

**REL 3131 New Religions in America** CAGC HHCP (3) AS REL
This course entitled New Religions in America is designed to give students an overview of the rich religious history of America particularly in regard to the unique cultivation of new religious movements in America spanning from 1850 – the present.

**REL 3132 Witchcraft and Paganism in America** (3) AS REL
A study of contemporary witchcraft and paganism, including theories, methods, history, myths and symbols, beliefs, rituals and practices, believers, recruitment, socialization, and organizations.

**REL 3140 Religion, Culture, and Society** (3) AS REL
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Introductory scholarly survey of religion in its complex relationship to culture and society, including definitions and theories of religion, research methods, becoming religious, social organization, and interconnections with other social institutions. Open to non majors.

REL 3145 In Search of the Goddess (3) AS REL
This course explores Goddess religion/sacred Feminine, from prehistory, to the pagan Near East and Mediterranean, Western monotheistic religions, pluralistic religions of the East, and revivals of Goddess spirituality in contemporary Europe/N. America.

REL 3146 Women and Religion 6ACT (3) AS REL
Analysis of the status and roles of women as compared to men in the Judeo-Christian tradition. Contemporary issues of feminist theology, and the controversies surrounding them.

REL 3170 Religion, Ethics and Society Through Film 6ACT (3) AS REL
An ethical analysis of contemporary social issues through contemporary films such as Wall Street and Crimes and Misdemeanors, drawing on religious narrative traditions from Eastern and Western cultures which have contributed to the development of an ethic of human dignity, human rights and human liberation after Auschwitz and Hiroshima.

REL 3191 Life After Death (3) AS REL
An exploration of ideas about life after death and its relations to this life in Judaism, Christianity, Islam, Hinduism, and Buddhism.

REL 3280 Biblical Archaeology (3) AS REL
An in depth examination of the archaeological data relating to the background and content of the Bible, including ancient customs, Biblical sites and cities, Biblical history, and material culture of the Biblical period. Special attention will also be given to excavation methods and interpretation of archaeological evidence.

REL 3303 Comparative Religion: Judaism and Islam (3) AS REL
This course is framed within the academic study of religion, and it does not concern itself with contemporary political difference in the Middle East. It treats as Islam the normative statements of the Quaran and related traditions, and as Judaism the authoritative statements of the Torah, oral and written.

REL 3308 World Religions 6ACT GCPC (3) AS REL
World Religions gives students an overview of the major religions of the world from their origins through the modern period. Special attention is given to the analysis of myths, rituals, history, and other features of the religions.

REL 3318 Introduction to Chinese Religion (3) AS REL
The course is for majors and nonmajors, and may not be repeated for credit. The course introduces the history and present state of the religious thoughts and practices in mainland China and the geographical areas in which the Chinese language is spoken.

REL 3330 Religions of South Asia (3) AS REL
All religions of the world came to India and all became Indian. What is this "Indianness" which stems from Hinduism, Buddhism, Jainism and Sikhism, but extended itself to include Judaism, Christianity, Islam, Zoroastrianism and Baha'i. Readings from classical texts and modern literature.

REL 3335 Gods and Goddesses of India (3) AS REL
This course explores the ways Hindus see, speak about, and encounter the Divine through an examination of the multitude of stories about the gods and goddesses and their various physical manifestations in the sacred geography of India.

REL 3340 Buddhism Truths and Paths (3) AS REL
This course provides an historical survey of Buddhist religion from its inception through today by focusing on the life and teachings of the historical Buddha, doctrinal development, the various denominations, and canon formation.

REL 3363 Introduction to Islam (3) AS REL
This course introduces the basic elements of Islamic belief and practice, placing the rise of Islam in its historical context in the Middle East, and stressing issues of diversity (including ethnicity and gender).

REL 3367 Islam in the Modern World 6ACT (3) AS REL
Examines the major developments in Islamic thought since the 13th century, with emphasis on the 19th and 20th century Islamic resurgence. Issues of diversity, gender, and social values will be stressed.

REL 3375 Issues in Caribbean Religions CPST (3)
AS REL
The course examines major social, political, economic, and cultural issues in Caribbean religions mainly in Jamaica, Cuba, Haiti, and Trinidad. Issues reflected in African diasporan religions and encounters with Western and Eastern ones are studied.

REL 3380 Native American Religions (3) AS REL
Introduction to and survey of Native American Religions. A variety of multiplicity of perspectives, including anthropological, historical, social psychological, sociological, and philosophical.

REL 3420 Contemporary Religious Thought (3) AS REL
An examination of the central ideas of recent religious thinkers; such as Gandhi, Martin Luther King, Jr., Elie Wiesel, Thich Nhat Hanh, Dorothy Day, Dorothee Soelle, Howard Thurman, Thomas Merton and others.

REL 3444 Womanist Vision in Religion (3) AS REL
This course examines the works of Black Womanist writers in religion for their contributions to and insights into the phenomena of religion in America and the world.
REL 3465 Religion and the Meaning of Life 6ACT (3) AS REL
What is the meaning of life? An exploration of answers to this question in Eastern and Western religions, and in humanistic philosophies of life.

REL 3500 History of Christianity 6ACT GCPC (3) AS REL
Historical development of Western Christianity, its ideas and institutions, from the first century to the rise of religious modernism in the 19th century.

REL 3505 Introduction to Christianity (3) AS REL
Introduction to fundamental elements of Christianity, including: foundational texts and core beliefs; the background and historical development of Christian thought; the expression of the religion throughout culture; Christianity as a global religion.

REL 3561 Roman Catholicism 6ACT (3) AS REL
An examination of the history, doctrine, and ethics of the Roman Catholic Church.

REL 3602 Classics of Judaism 6ACT (3) AS REL
PR: One course in Religious Studies.
How to read the principal documents of Judaism beyond the Hebrew Bible, including the Mishnah, Talmud, Midrash, and classics of philosophy, mysticism, and theology through the modern period.

REL 3611 History of Judaism (3) AS REL
A study of the evolution of the religion of ancient Israel from the Second Temple period to the end of the second century C.E., seen against the background of its historical, geographical, political, social and spiritual setting.

REL 3613 Modern Judaism 6ACT (3) AS REL
A study of modern Jewish life and thought in the West, including the study of beliefs, practices, institutions, major thinkers, and intellectual trends.

REL 3900 Directed Readings (1-4) AS REL
Individual guidance in concentrated reading on a selected topic.

REL 3936 Selected Topics (1-3) AS REL
Course contents depend on students’ needs.

REL 4108 Religion and Food GCPC (3) AS REL
Course applies categories in the academic study of religion (symbol, ritual, the divine, the sacred/profane, ethics, etc.) to food and religion. Explores how religion relates to food—in its production, distribution and consumption dimensions.

REL 4113 The Hero and Religion 6ACT (3) AS REL
A study of the way in which embedded religious models help to fashion the representation of an heroic protagonist. The focus of the course will be on the relationship between the hero and the

REL 4133 Mormonism in America (3) AS REL
A study of Mormonism in America as an example of a new religion. Includes the study of history, myths and symbols, texts, beliefs, rituals and practices, believers, recruitment, socialization, and organizations.

REL 4171 Contemporary Christian Ethics 6ACT (3) AS REL
A survey of representative approaches to contemporary Christian ethics and their application to a number of ethical issues peculiar to personal and social life in contemporary society, with an emphasis on issues of race and gender and of violence and non-violence.

REL 4177 Comparative Religious Ethics 6ACT (3) AS REL
A comparative study of religious ethics emphasizing how 20th century social activists, such as Ghandi and M. L. King Jr. and eco-feminists such as Rosemary Ruether and Joanna Macy, have drawn upon and transformed traditional religious stories and spiritual practices in order to create a cross-cultural and inter-religious ethic for a multi-cultural world.

REL 4188 Religion and Ecology Seminar (3) AS REL
Course applies categories in the academic study of religion (symbol, myth, ethics, community, ultimate power, and so on) to ecology. Considers how religion and ecology relate and have related historically.

REL 4193 Comparative Mysticism (3) AS REL
A course designed to acquaint the student with the nature of mystical experience, and some of the varieties of mystical experience recorded in the writings of the mystics, East and West.

REL 4213 Early Jewish Literature CPST 6ACT (3) AS REL
This course undertakes close readings of a wide range of early Jewish texts to better understand the role of scripture in the ancient world and to gain insight into the cultural and religious world from which rabbinic Judaism and Christianity emerged.

REL 4215 Ancient Israel and the Development of the Hebrew Bible 6ACT (3) AS REL
An exploration of the formation and composition of the Hebrew Bible in light of the religious, social, political, and historical developments in antiquity.

REL 4216 Who Wrote the Bible (Genesis-Kings) 6ACT (3) AS REL
A critical examination of Genesis through 2 Kings. This course focuses on the history of the formation of the text and the development of the religious traditions represented therein. Special attention will be paid to Israelite Law, Covenant Theology, and the history of the religion(s) of the Children of Israel in their Ancient Near Eastern context.
COURSE DESCRIPTIONS

REL 4245 New Testament I: Gospels, Acts (3) AS REL
An exploration of the Gospels and Acts, including their backgrounds in Judaism and Greco-Roman religion, literary and form criticism, historical Jesus research, and the social history of earliest Christianity.

REL 4250 Jesus' Life and Teachings (3) AS REL
An examination of the various historical studies made in the quest of identifying Jesus as an historical figure. The concern is to make a reasonable assessment of who Jesus was and what he was saying to the Jews in Palestine at the beginning of the common era.

REL 4252 New Testament II: Pauline Letters (3) AS REL

REL 4291 Women and the Bible 6ACT (3) AS REL
How the redactors of Genesis through 2 Kings viewed women; the role women played in the society of the time in which they are portrayed and in that of the redactors; and, an attempt to find the "women's voices," however muted, within the biblical text.

REL 4333 Hindu Texts and Contexts (3) AS REL
PR: REL 3330 or similar course focusing on Hinduism
An in-depth of the classical texts of the Hindu Tradition. We will examine religious, philosophical, ethical, ritual, and mythological themes presented in these texts in order to gain a deeper understanding to the larger tradition we call "Hinduism".

REL 4499 Classics of Christian Thought WRIN 6ACT (3) AS REL
This course is designed to introduce students to some of the "greatest hits" of Christian thought from the fourth century through the nineteenth. Students will be exposed to formative works from the patristic, medieval, Reformation and modern era.

REL 4566 Old Order Anabaptists (3) AS REL
Explores and compares the sectarian character of Old Order Anabaptists, focusing on Hutterites, Amish, Mennonites, and Brethren.

REL 4910 Undergraduate Research (1-4) AS REL
Individual investigations with faculty supervision.

REL 4911 Undergraduate Research (1-4) AS REL
Individual investigations with faculty supervision.

REL 4931 Seminar in Religion WRIN 6ACT (3) AS REL
PR: REL 3003 and REL 3014
A course required for Religious Studies majors and minors, whose prior religious studies have prepared them for a cooperative creative and/or research effort in the area of religion.

REL 4936 Selected Topics (1-3) AS REL
Individual investigations with faculty supervision.

REL 4937 Selected Topics: Fall Honors Seminar (3) AS REL
The course content will depend upon student demand and instructor's interest.

REL 4938 Selected Topics: Spring Honors Seminar (2) AS REL
The course content will depend upon student demand and instructor's interest.

REL 4939 The Development of Religious Studies (3) AS REL
Course designed for senior majors and minors in religious studies. Discussion of key figures and methodological advances in the development of the field from the 18th century to present, with readings of classics in the development.

RMI 4135 Retirement Planning and Employee Benefits (3) BA FIN
PR: FIN 3144 with a minimum grade of C, TAX 4001 with a minimum grade of C
An introduction to the retirement planning process, qualified and non-qualified retirement plans, social security and cafeteria plans.

RTV 2100 Writing For Radio and TV (3) AS MCM
PR: MMC 2100 and MMC 3602
This course is designed to teach how to write scripts for radio, television and new media with exposure to non-broadcast media writing. This course will teach standard formats and techniques used by professional scriptwriters.

RTV 3001 Introduction to Telecommunications (3) AS MCM
PR: MMC 2100 and MMC 3602.
A survey of the organization, structure, and function of the broadcasting industry.

RTV 3301 Broadcast News (3) AS MCM
PR: MMC 2100 and MMC 3602.
Methods in gathering, writing, and editing newscasts for radio and television.

RTV 3941 Radio Practicum (1) AS MCM
PR: RTV 3001
Practical experience outside the classroom where the student works for academic credit under the supervision of a professional practitioner. Periodic written and oral reports to the faculty member coordinating the study.

RTV 4304 TV News (3) AS MCM
PR: RTV 4321
Advanced television reporting, integrating broadcast news writing, ENG production and television performance.

RTV 4321 Electronic Field Production (3) AS MCM
PR: RTV 3001 and RTV 3301.
Advanced producing, scripting, lighting, camera, and editing for video and news production. Introduction to computer editing and graphics.

RTV 4500 Telecommunications Programming and Management (3) AS MCM
PR: RTV 3001.
Program and management concepts, resources, costs, selection, and scheduling. Analysis of
### COURSE DESCRIPTIONS

**RUT 3110 Nineteenth Century Russian Literature in English** CPST WRIN 6ACT (3) AS WLE
Masterpieces of 19th Century Russian Literature in English. Works by Pushkin, Gogol, Lermontov, Turgenev, Dostoevsky, Tolstoy, Chekhov.

**RUT 3111 Twentieth-Century Russian Literature in English** CPST WRIN 6ACT (3) AS WLE
Survey of the major authors of 20th Century Russian literature in English. Major works of Babel, Bulgakov, Olesha, Pasternak, Solzhenitsyn, and Zamyatin.

**SCE 3941 Practicum I: Middle School Science Education** (1-3) ED TAL
1. The candidate will spend six hours a week in an assigned school, becoming acquainted with the middle grades classroom, and providing supervised one-on-one, small group and whole group instruction and will attend university seminars.

**SCE 3942 Practicum II: Middle School Science Education** (1-3) ED TAL
Candidates will spend nine hours a week in an assigned school, in a grade level or subject area other than the one completed in Practicum I, providing supervised one-on-one, small group, and whole group instruction, and will attend university seminars.

**SCE 4305 Communication Skills in the Science Classroom** (3) ED TAL
Reading and communication skills important in understanding scientific and science education literature and communicating findings to others.

**SCE 4310 Teaching Elementary School Science** (3) ED TAL
Techniques and materials for teaching science in the elementary school.

**SCE 4320 Teaching Methods in Middle Grade Science** I (3) ED TAL
CR: EDM 3403, SCE 3941 and SCE 3942
The purpose of this course for education majors is to develop pedagogical content knowledge as it pertains to the teaching and learning of science, concentrating on skills and strategies necessary to teach science at the middle school level.

**SCE 4330 Methods of Secondary Science Education** (3) ED TAL
The purpose of this course for science education majors is to develop pedagogical content knowledge as it pertains to the teaching and learning of science in grades 6-12.

**SCE 4863 Science, Technology, Society Interaction** 6ACT GCPC (3) ED TAL
Achieve an historical and philosophical understanding of (1) the nature of the scientific enterprise: interaction of science, technology, and society (STS), (2) how to teach STS including the use of computers and related technologies, and (3) intricacies of sample STS topics.

**SCE 4936 Senior Seminar in Science Education** CPST (3) ED TAL
CR: SCE 4940.
Synthesis of teacher candidate's courses in complete college program.

**SCE 4940 Internship: Science Education** (1-12) ED TAL
CR: SCE 4936.
One full semester of internship in a public or private school.
SCE 4941 Internship I: Middle School Science Education (1-12) ED TAL
1. Candidates will spend each day of the semester in an assigned school implementing acquired knowledge from Practicum I and II, with increased responsibility for planning instruction and assessing student learning, and will attend internship seminars.
SCE 4942 Internship II: Middle School Science Education (1-12) ED TAL
Internship II is a continuation of Internship I. Candidates will spend each day of the semester co-teaching in the same school, with responsibility for planning instruction and assessing impact on student learning, and will attend internship seminars.
SCE 4945 Practicum in Secondary Science Education (3) ED TAL
CR: SCE 4320.
This practicum provides students majoring in biology, chemistry or physics education with structured field experiences in science classrooms at the secondary school level. Restricted to majors and non-repeatable for credit.
SCE 5325 Methods of Middle Grades Science Education (3) ED TAL
Prepare 5-9 sci teachers to tch sci skills, content; interrelationship, applications of sci as a human endeavor; nature of sci; instructional methods; nature scientific inquiry; development of sci process skills; integration of subj areas; & assessment.
SCE 5337 Methods of Secondary Science Education (3) ED TAL
Course concentrates on goals, subject matter teaching strategies for high school curricula; assessment and using data to improve student achievement; and development pedagogical content knowledge as it pertains to the teaching and learning of science.
SCE 5564 Reading and Communication in Science Education (3) ED TAL
This course prepares secondary science teachers to teach literacy practices in science. It includes methods for selecting appropriate reading and language approaches. Communication in science and functional aspects of scientific literacy are examined.
SCE 5937 Selected Topics in Science Education (1-4) ED TAL
SDS 3341 Career Development for Student Athletes (2-3) ED EAP
This course will prepare student athletes for transition to life after college. Students will identify career options based on interests, values and skills, research occupations, make effective decisions & learn job search techniques.
SCE 5325 Methods of Middle Grades Science Education (3) ED TAL
This course prepares secondary science teachers to teach literacy practices in science. It includes methods for selecting appropriate reading and language approaches. Communication in science and functional aspects of scientific literacy are examined.
SCE 5937 Selected Topics in Science Education (1-4) ED TAL
SDS 4942 Practicum in Career Development for Student-Athletes (0-2) ED EAP
This course was designed to ensure undergraduates have practical experience engaging in a mentor relationship with professionals in our community in order to lay a foundation toward a sustainable support system for post-collegiate success.
SLS 1101 The University Experience (1-3) US DEA
An extended introduction to USF. Topics include purposes of higher education, structure and function of USF, career planning, selecting a major, study skills, managing time, academic advising, computer resources, and decision-making.
SLS 2401 Career Development for Today (1-3) US DEA
Students will study vocational choice theories and participate in career decision processes. Development of self-awareness and knowledge of career opportunities and requirements necessary for decision making. Available to lower level majors or non-majors.
SLS 2901 Academic Foundations Seminar (1-3) US DEA
This course offers an introduction to students' first years at USF that is designed to prepare them for a successful college experience. The course provides the necessary knowledge and experiences for students to be successful personally and academically.
SLS 3113 Critical Thought for Academic Transitions (1-3) US DEA
This course is designed to facilitate transfer students' academic integration into a research university. Students will gain an understanding of the academic standards and expectations at a research university and discover how to be successful.
SLS 3275 Student Leadership on Campus (0-3) US DEA
This course promotes leadership and university knowledge among student leadership candidates. Students will learn about communication, customer service, team dynamics, student transition issues, academic support and issues of diversity, among many other topics.
SLS 3308 Job Search (1-3) US DEA
Students will prepare for a smooth transition to the ever-evolving workplace by becoming aware of current job seeking trends and skills that will promote success in the job search process.
SLS 3407 Strategies for Veteran Success (3) US DEA
This course facilitates the transition from military service to college with the goal of promoting student Veteran retention, graduation and job placement. It seeks to assist military veteran students in their integration into life outside the military.
SLS 3717 Peer Tutor Training (0) US DEA
The purpose of this course is to provide training in theory and strategies for individual and group peer tutoring. This course will analyze such topics through discussion, group work, lecture, supplemental reading, and the exploration of learning patterns.

**SOP 3742 Psychology of Women (3) AS WST**
An examination of theories of female personality in historical perspective. Current research on sex differences, socialization, sexuality, psychology of reproduction. Emerging roles of women as related to social change and developmental tasks of the life cycle.

**SOP 4004 Social Psychology (3) AS PSY**
PR: PSY 3213 with a grade of C or better
Survey of methods, empirical findings, and theoretical interpretations in the study of an individual's behavior as it is affected by others.

**SOP 4330 Social Psychology of HIV/AIDS (3) AS PSY**
PR: PSY 2012, PSY 3017, PSY 3213
Students study social psychology theory and research while working at an AIDS service organization. They use the research as a framework for understanding, and developing solutions to, problems confronting the organization's staff and clients.

**SOP 4514 The Holocaust, Social Prejudice, and Morality (3) AS PSY**
PR: PSY 2012.
Examines the Holocaust from social, psychological, and communication/language perspectives. Reviews root causes of prejudice, the manifestations of hatred in language, relationships, and the ultimate impacts on victims and survivors and rescuers.

**SOP 4702 Psychology of Gender (3) AS PSY**
This course is designed to introduce students to the psychological study of gender, from developmental, biological, social, and cultural perspectives.

**SOP 4714C Environmental Psychology (3) AS PSY**
PR: PSY 3213 with a grade of C or better
Explores the influences of environment on behavior. Topics considered include crowding, privacy, territorial behavior, environmental design, and pollution effects. Designed for both psychology majors and non-majors.

**SOW 3101 Human Behavior and the Social Environment I (3) BC SOK**
An integrating human behavior-social environment course emphasizing dynamics of behavior and environmental factors as they relate to social work practice with individuals, and families.

**SOW 3102 Human Behavior and the Social Environment II (3) BC SOK**
PR: SOW 3101, SOW 4341, SOW 4522.
An integrating course emphasizing dynamics of behavior and environmental factors as they relate to social work practice with families, groups, organizations and communities.

**SOW 3203 Introduction to Social Work (3) BC SOK**
An introductory course tracing the development of social work as a profession including an examination of the knowledge, skill and attitudinal base of the profession and professional roles and functions.

**SOW 3210 The American Social Welfare System (3) BC SOK**
A general education introductory course which provides students with a framework for understanding the historical development of American social welfare, its value base, and its response to minorities, women, children, the elderly, and the disabled.

**SOW 3401 Research and Statistics For Social Work (3) BC SOK**
PR: SOW 3101, SOW 4343, SOW 4522
The purpose of this course is two-fold: to familiarize the student with research as it is practiced in the profession of Social Work; and to equip the student with those theoretical understandings necessary to be a critical consumer of social work research.

**SOW 4233 Social Welfare: Policy & Program (3) BC SOK**
PR: SOW 3101, SOW 3401, SOW 4341, SOW 4522, SOW 3102, SOW 4343
CR: SOW 4510, SOW 4510L
An advanced policy course taking an analytical approach to contemporary social welfare policy issues and current social welfare programs.

**SOW 4315 Social Work Case Management with Special Populations (3) BC SOK**
PR: SOW 4341
This course is designed to develop student knowledge, skills, and values for providing effective case management services in a variety of setting. Students become aware of evidence-based case management practices with at risk populations.

**SOW 4341 Multi-Methods of Social Work Practice I: Micro-System Intervention (3) BC SOK**
CPR: SOW 3101; SOW 4522
First practice course emphasizing development of skills and interventional methods with individuals, families and small groups. Course includes both didactic and experiential learning components.

**SOW 4343 Multi-Methods of Social Work Practice II: Macro-System Intervention (3) BC SOK**
PR: SOW 3101, SOW 4522, SOW 4341
CR: SOW 3401, and SOW 3102
Second practice course emphasizing intervention at the community and organizational level. Builds upon theoretical and practical content of SOW 4341. Course includes both didactic and experiential learning components.

**SOW 4414 Social Work Data Management (2) BC SOK**
PR: SOW 3401
The purpose of this course is to introduce students to quantitative tools used to
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

describe/interpret data used in social work practice, research and policy formation. Students learn to plan and conduct analyses guided by understanding of social work.

SOW 4510 Integrative Seminar (9) BC SOK
PR: SOW 3210, SOW 3301, SOW 3101, SOW 3102, SOW 3401, SOW 4341, SOW 4343, SOW 4522
The field seminar course is designed to offer a structured environment in which to integrate academic coursework with a structured field placement. Restricted to majors,repeatable for full credit.

SOW 4522 Multicultural America in a Global Society GCPC (3) BC SOK
This course is an introduction to the study of diverse cultures, abilities, and norms which comprise our global society. The content centers on the diverse client systems that practitioners will be called upon to interface with in their different roles.

SOW 4602 Social Work Practice in Mental Health and Health Care (3) BC SOK
PR: SOW 4343
The purpose of this course is to introduce students to social work practice in mental health and health care settings. Students will be introduced to a variety of mental health and health assessments and interventions.

SOW 4900 Directed Readings (1-9) BC SOK
Content dependent upon student interest and ability. A contract will be jointly developed by student and instructor specifying nature of work to be completed.

SOW 4910 Directed Research (1-6) BC SOK
PR: Completion of four social work courses including SOW 3401
Directed Research is intended to provide students with research experience in areas of specific interest in social work. A contract will be developed between student and instructor specifying nature of work to be completed.

SOW 4930 Variable Topics in Social Work (1-3) BC SOK
Variable title courses to expand on the four sequence areas in the Social Work core curriculum. Allows focus on areas relevant to student's educational interest.

SPA 3002 Introduction to Communication Sciences and Disorders (3) BC CSD
This course involves an introduction to the field of study of Communication Sciences and Disorders. Access will be provided to the most current theories, research and practices through rich examples, videos, expert speakers and anecdotes.

SPA 3004 Introduction to Language Development and Disorders (3) BC CSD
This course introduces theoretical concepts and research findings concerning the normal developmental process of language learning as a basis for differentiating developmental delay or disorder of language.

SPA 3011 Introduction to Speech Science (3) BC CSD
PR: SPA 3030, SPA 3112.
Concentrated study of the acoustic, physiological and perceptual aspects of sound as related to normal and pathological speech communication. Introduction to instrumentation and measurement procedures.

SPA 3030 Introduction to Hearing Science (3) BC CSD
Introduction to the field of hearing including: physics of sound, auditory anatomy and physiology, and psychophysics of hearing.

SPA 3101 Anatomy and Physiology of the Speech and Hearing Mechanism (3) BC CSD
The neurological and anatomical basis of communication disorders. Comparisons of normal and pathological organic structures and their functional dynamics.

SPA 3112 Applied Phonetics in Communication Disorders (3) BC CSD
CR: SPA 3112L
Introduction to phonetic analysis of normal and disordered speech, including training in phonetic transcription of normal and disordered speech using the International Phonetic Alphabet.

SPA 3112L Applied Phonetics Laboratory (1) BC CSD
CR: SPA 3112
Laboratory experience offering extensive practice in phonetic transcription of normal and disordered speech using the International Phonetic Alphabet.

SPA 3261 Language Science for Comm. Sciences & Disorders (3) BC CSD
This course will present a focused introduction to linguistics and psycholinguistics from the perspective of CSD. Students will learn the fundamentals of language structure, basic facts about language processing, and how they relate to CSD.

SPA 3310 Introduction to Disorders of Hearing (3) BC CSD
PR: SPA 3030
The etiology, pathology, and management of disorders of the outer ear, middle ear, inner ear, retrocochlear, and central auditory systems.

SPA 3470 Culture and Diversity in CSD CPST GCPC (3) BC CSD
An in-depth exploration of diversity issues within CSD. Consideration of groups and cultures of various groups highly represented in the US. Application of concepts to scenarios which affect ASL interpreters, speech pathologists, and audiologists.

SPA 3653 Overview of Language Learning in Deaf Children (3) BC CSD
CR: SPA 3653L
Overview of language development of deaf children from infancy through young adulthood,
including various theories of language development in the deaf and
communication/language of the deaf assessment techniques, and interpreting skills relating to
learning processes.
SPA 3653L Overview of Language Learning in Deaf Children Lab (1) BC CSD
CR: SPA 3653
An exploration and overview of communication modes and language used in public school
settings by deaf children. Includes a study of how systems overlap and a development of flexibility in
using different modes and languages, and the implications for interpreters.
SPA 3673 Introduction to Auditory Functions (3) BC CSD
An overview of hearing science and speech science relating to the educational environment.
This course orients the student to the variables extent in oral-aural communication among
children who have hearing impairment. It addresses techniques and methods of hearing measurement and amplification of sound as well
as the interpreter’s role in audiological evaluation and speech language therapy.
SPA 4050 Introduction to the Clinical Process CPST (3) BC CSD
PR: SPA 3004 and SPA 3310.
Observation and participation in speech-language pathology and audiology services provided at
USF - CSD clinical laboratory. Professional and ethical issues, oral and written communication
skills are stressed through clinical and practical projects.
SPA 4104 Neuroanatomy for Speech, Language and Hearing (3) BC CSD
PR: SPA 3101 (highly recommended).
Students will learn neuroanatomical & neurophysiological principles, structures, and
functions that subserve speech, hearing, language and cognition. A case-based approach will enable
understanding of behavioral manifestations of neuropathologies.
SPA 4201 Phonological Development and Disorders (3) BC CSD
PR: SPA 3004, SPA 3011.
An examination of normal and deviant articulatory and phonological acquisition and behavior.
Presentation of major theoretical orientations and the therapeutic principles based upon them.
SPA 4210 Vocal Disorders (3) BC CSD
PR: SPA 3011 and SPA 3310.
A comprehensive study of the medical and physical aspects of voice disorders. Differential
diagnosis, principles of therapeutic intervention, and procedures for children and adults will be
stressed.
SPA 4222 Fluency Disorders (3) BC CSD
PR: SPA 4201.
A comprehensive study of disfluent speech behavior. Differential diagnosis, principles of
therapeutic intervention, and procedures for children and adults will be studied. Major theories
and models of the development and origin of stuttering are also presented.
SPA 4250 Introduction to Speech Disorders (3) BC CSD
PR: SPA 3101.
This course will provide an overview of the mechanisms involved in speech production, and
will review the nature and impact of speech sound disorders, fluency disorders, voice and resonance
disorders, and organic speech disorders.
SPA 4257 Adult Communication Disorders (3) BC CSD
PR: SPA 4104
This course provides an overview of communication disorders seen in adult
populations & prepares students for clinical encounters with this population. The disorders
include those involving language, cognitive-communication, & speech & motor control.
SPA 4321 Introduction to Audiolingual Rehabilitation (3) BC CSD
PR: SPA 3310
Assessment and management of individuals with hearing loss. Topics include: effects of hearing
loss; assessment and intervention, including: a) amplification and cochlear implants; b)
speechreading and auditory training; c) communication intervention.
SPA 4510 Intro. to Clinical Methods and Counseling in CSD (3) BC CSD
PR: SPA 3011 and SPA 3101.
This course introduces the student to fundamental skills and knowledge needed prior to beginning
clinical work in speech-language pathology/audiology. Professional/ethical issues, principles of assessment/intervention, &
interviewing skills are included.
SPA 4555 Counseling of Communicatively Handicapped and Family (3) BC CSD
PR: SPA 3011 and SPA 3310.
Discussion of role of counseling in the treatment of communication disorders. Based on exploration
of theoretical constructs, this course demonstrates application of therapeutic methodologies to
reduction of communication handicaps.
SPA 4632 Nature and Needs of the Deaf and Hard of Hearing (3) BC CSD
PR: SPA 3011 and SPA 3310.
A study of the effects of auditory disorders upon the organization and expression of behavioral patterns as they relate to motivation, adjustment
and personality.
SPA 4901 Research Methods in Communication Sciences and Disorders (3) BC CSD
This course introduces students to principles of research in CSD & provides an introduction to advanced areas of study in the field. Students are
presented with the basic tools of research & will learn about the breadth of research conducted in the field.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

SPA 4906 Independent Study (1-10) BC CSD
Indep. Study will allow UG students to work independently under the supervision of Faculty members in the pursuit of content gained independently. The course is repeatable for a total of 10 credits. Majors only.

SPA 4910 Directed Research (1-10) BC CSD
Directed Research will allow the Ug student to obtain supervised research experience under the direction of a Faculty member. The course is repeatable for a total of 10 credits. Majors only.

SPA 4930 Selected Topics (1-3) BC CSD
Intensive study of topics in Speech-Langauge Pathology, Audiology, and/or Aural Rehabilitation conducted under the supervision of a faculty member.

SPA 4962 Undergraduate Comprehensive Examination (1) BC CSD
PR: INT 4206, INT 3004
This purpose of this course is to ensure that graduates from ITT are thoroughly prepared for entry into the job market. For majors only and repeatable if necessary. It consists of 2 parts: individual meetings with an advisor and a comprehensive exam.

SPA 4970 Honors Thesis (1-10) BC CSD
The student, under the supervision of a Faculty member will formalize, conduct, analyze and report in writing a research project in the Department of Communication Sciences and Disorders. The course is repeatable for a total of 10 credits. Majors only.

SPA 5120 Psychoacoustics (3) BC CSD

SPA 5132 Audiology Instrumentation (3) BC CSD
PR: SPA 5120, SPA 6930, SPA 5506.
Instruction in the use of clinical and laboratory instrumentation. Emphasis placed on electronic circuitry, signal generation, filtering, and calibration. Hands-on experience with equipment typically used in clinical auditory research will be provided.

SPA 5133C Speech Science Instrumentation (3) BC CSD
PR: SPA 3011 or equivalent.
Underlying principles and laboratory exercises in the use of audio recording, acoustic analysis, and clinical instrumentation.

SPA 5153 Quantitative Problem Solving in Speech Pathology and Audiology (3) BC CSD
Covers fundamental mathematical and statistical concepts underlying the field of Communication Sciences and Disorders and application of these concepts to practical and clinical problems. Not restricted to majors or repeatable for credit.

SPA 5204 Advanced Clinical Phonology (3) BC CSD
The principles of generative phonology will be applied to the assessment and treatment of phonological disorders. Emphasis is placed on making a child’s phonology more functional for communication purposes.

SPA 5303 Auditory Anatomy and Physiology (3) BC CSD
Provide a comprehensive understanding of the physiological acoustics of the auditory periphery, neuroanatomy and electrophysiology of the central auditory system, and psychoacoustic principles as they relate to clinical auidoogic measurement paradigms.

SPA 5328 Rehabilitative Audiology for Adults (3) BC CSD

SPA 5403 Language-Learning in the School-Age Years (3) BC CSD
Metalinguistic and metacognitive development are linked to the interactional demands of classroom and clinical discourse; observational tools are applied to evaluation and intervention planning.

SPA 5506 Speech-Language Pathology and Audiology Practicum (1-8) BC CSD
Participation in speech-language pathology and audiology practicum in the University Communication Disorders Center and selected field settings.

SPA 5552 Diagnostic Principles and Practices (3) BC CSD
The administration, evaluation, and reporting of diagnostic tests and procedures used in assessment of speech and language disorders.

SPB 4712 Sport Marketing (3) BA MKT
PR: MAR 3023
CR: MAR 3823
This course provides undergraduate students with an overview of the rapidly developing sport and entertainment industry from a strategic marketing perspective.

SPB 4717 Social Media in Sport Marketing (3) BA MKT
PR: MAR 3023
CR: MAR 3823
Examines the role of social media in sport marketing to build and enhance relationships with customers, fans, employees, and businesses. Explores opportunities and challenges to leverage social media.

SPC 2608 Public Speaking CAHU (3) AS SPE
The nature and basic principles of human communication; emphasis on improving speaking and listening skills common to all forms of oral communication through a variety of experiences in public discourse.

SPC 3212 Communication Theory (3) AS SPE
### COURSE DESCRIPTIONS

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>SPC 3230</td>
<td>Rhetorical Theory (3) AS SPE</td>
<td>This course surveys the foundations and historical evolution of major concepts, issues, theorists, and approaches to the study of rhetoric from Plato to recent contemporary theorists.</td>
</tr>
<tr>
<td>SPC 3301</td>
<td>Interpersonal Communication CASB (3) AS SPE</td>
<td>A study of interpersonal communication in informally structured settings with emphasis on the understanding, description, and analysis of human communication.</td>
</tr>
<tr>
<td>SPC 3425</td>
<td>Group Communication 6ACT (3) AS SPE</td>
<td>A survey of theory and research in group communication. Group discussions and communication exercises to increase awareness of the dynamics of human communication in small group settings.</td>
</tr>
<tr>
<td>SPC 3513</td>
<td>Argumentation and Debate (3) AS SPE</td>
<td>Study of principles of argumentation as applied in oral discourse, analysis of evidence and modes of reasoning. Practice in debate preparation and delivery.</td>
</tr>
<tr>
<td>SPC 3544</td>
<td>Persuasion and Media (3) AS SPE</td>
<td>This course develops critical awareness of the persuasive messages encountered in an information-rich society. Introduces key concepts and theories of persuasion, with emphasis on the role of socio-technical systems and mediated communication.</td>
</tr>
<tr>
<td>SPC 3602</td>
<td>Advanced Public Speaking (3) AS SPE</td>
<td>Study of principles of argumentation as applied in oral discourse, analysis of evidence and modes of reasoning. Practice in debate preparation and delivery.</td>
</tr>
<tr>
<td>SPC 3653</td>
<td>Popular Forms of Public Communication (3) AS SPE</td>
<td>Analysis of public communication with emphasis on various presentational forms.</td>
</tr>
<tr>
<td>SPC 3680</td>
<td>Rhetorical Analysis (3) AS SPE</td>
<td>This course introduces students to fundamentals of message analysis. Student examines persuasive strategies and language in oral and written discourse.</td>
</tr>
<tr>
<td>SPC 3710</td>
<td>Communication and Cultural Diversity CAGC HHCP (3) AS SPE</td>
<td>Examination of communication and cultural diversity within the United States. Cultural groups include gender, racial and ethnic (e.g., African American, Latino American, Asian American), social class, age and generation, religious (e.g., Jewish) and physical ability.</td>
</tr>
<tr>
<td>SPC 4201</td>
<td>Oral Tradition (3) AS SPE</td>
<td>Study of orality, its forms, functions, and transformations, in traditional and literate societies from folkloric and psychological traditions and from contemporary communication and cultural studies perspectives.</td>
</tr>
<tr>
<td>SPC 4305</td>
<td>Communicating Emotions 6ACT (3) AS SPE</td>
<td>Study of emotional experience, what emotions mean to us, how we talk about them, and the ways group and cultural membership influence them. Focus on attachment and loss in romantic, family and group relationships.</td>
</tr>
<tr>
<td>SPC 4307</td>
<td>Talk in Relationships (3) AS SPE</td>
<td>Explores talk as practical action through observation, transcription, and analysis.</td>
</tr>
<tr>
<td>SPC 4310</td>
<td>Relationships on Film (3) AS SPE</td>
<td>Examination of the ways in which cinema inscribes conceptions and meanings of romance, love, intimacy and sexuality. Focus on systems of interpretation fostered by cinema representations of intimacy, sexuality, emotion, subjectivity, and betrayal.</td>
</tr>
<tr>
<td>SPC 4321</td>
<td>Communication and Aging (3) AS SPE</td>
<td>Examines theories of aging through intergenerational and interpersonal communication, explores aging in the media, and considers contexts of communication in older adulthood.</td>
</tr>
<tr>
<td>SPC 4431</td>
<td>Family Communication (3) AS SPE</td>
<td>Examines the processes and functions of communication in family relationships. Examination of scholarly and popular literature on family structure, family systems, family development, and family stories. Analysis of families in fiction and cinema.</td>
</tr>
<tr>
<td>SPC 4632</td>
<td>Rhetoric and Social Change 6ACT (3) AS SPE</td>
<td>This course examines how social change is symbolized and motivated in the rhetorics of institutions, campaigns, social movements and individuals.</td>
</tr>
<tr>
<td>SPC 4683</td>
<td>Rhetorical Analysis of Mass Media (3) AS SPE</td>
<td>An introduction to the criticism of media forms and effects. Contemporary perspectives on the aesthetic and persuasive dimensions of mass media are examined. Students will engage in critical study of media artifacts.</td>
</tr>
<tr>
<td>SPC 4701</td>
<td>Intercultural Communication (3) AS SPE</td>
<td>Explores issues of culture, power, and politics inherent in the ways we practice intercultural communication.</td>
</tr>
<tr>
<td>SPC 4714</td>
<td>Communication, Culture and Community (3) AS SPE</td>
<td>Examines the relationships among culture, communication, institutions, and public and private life. Students explore the possibilities and problems of contemporary forms of community through service in a volunteer organization.</td>
</tr>
<tr>
<td>SPC 4900</td>
<td>Directed Readings (1-3) AS SPE</td>
<td></td>
</tr>
</tbody>
</table>
PR: COM 2000
Individualized reading with professor to complement undergraduate research projects.

SPC 4903 Honors Readings (3) AS SPE
PR: COM 2000 with grade of C or better
Focused readings directed toward preparation of a proposal for an undergraduate honors thesis.

SPC 4905 Undergraduate Research (1-3) AS SPE
PR: COM 2000
Individual investigations with faculty supervision.

SPC 4930 Selected Topics (1-3) AS SPE
Variable topics.

SPC 4932 Senior Seminar in Communication (3) AS SPE
PR: COM 2000
Exploration of selected topics of current significance to the several areas of communication through group discussion and research.

SPC 4970 Honors Thesis (3) AS SPE
Involves individual research and preparation of an undergraduate honors thesis.

SPM 3012 Issues in Sport (3) ED TAL
A study of organized sport as a pervasive part of contemporary society. By increasing understanding of some of the issues and controversies based on the structure of sport and society, individuals will be able to understand and improve sport experiences for themselves and others.

SPM 3256 Sport in Society: Contemporary Issues (3) ED TAL
A study of organized sport in society. Individuals will be able to understand issues such as race, social class, gender, politics, religion, economics, media, physical disabilities, sexual orientation, and ethics as they relate to sports.

SPN 1120 Beginning Spanish I (4) AS WLE
Development of basic skills in listening and reading comprehension, speaking and writing of Spanish.

SPN 1121 Beginning Spanish II (4) AS WLE
PR: SPN 1120 or equivalent
Continued development of basic skills in listening and reading comprehension, speaking and writing of Spanish.

SPN 2200 Spanish III (3) AS WLE
PR: SPN 1121 or equivalent.
Continued development of basic skills in listening and reading comprehension, speaking and writing of Spanish.

SPN 2201 Spanish IV (3) AS WLE
PR: SPN 2200 or equivalent.
Continued development of basic skills in listening and reading comprehension, speaking and writing of Spanish.

SPN 2240 Conversation I (3) AS WLE
PR: SPN 2201.
For development of basic conversational skills.

SPN 2241 Conversation II (3) AS WLE
PR: SPN 2240 or equivalent.
To improve fluency in spoken Spanish.

SPN 2270 Overseas Study (1-6) AS WLE
PR: SPN 1121.
An intensive study-travel program in a Spanish-speaking country.

SPN 2340 Advanced Spanish for Native Speakers I (3) AS WLE
Course for native and near-native speakers of Spanish due to home environment and/or residence in a Spanish speaking country, but without formal training in the language. Emphasis on cultural exploration and the grammatical problems of such speakers.

SPN 2341 Advanced Spanish for Native Speakers II (3) AS WLE
PR: SPN 2340
Continuation of SPN 3340. Course for native and near-native speakers of Spanish due to home environment and/or residence in a Spanish speaking country, but with limited or no training in the language. Emphasis on grammar problems affecting such speakers.

SPN 3300 Advanced Spanish Grammar and Composition (3) AS WLE
PR: SPN 2201 or equivalent.
A study of syntax, grammar and writing.

SPN 3440 Spanish for Business and International Trade I (3) AS WLE
PR: SPN 2201 or equivalent.
A study of vocabulary and business practices of the Spanish speaking world. Overview of cultural differences within the Spanish speaking world, with emphasis on their impact on business and international trade.

SPN 3441 Spanish for Business and International Trade II (3) AS WLE
PR: SPN 3440 or equivalent.
Continuation of SPN 3440. A study of vocabulary and business practices of the Spanish speaking world. Overview of cultural differences within the Spanish speaking world, with emphasis on their impact on business and international trade.

SPN 3500 Spanish Civilization (3) AS WLE
PR: SPN 2201 or equivalent.
The culture and civilization of Spain. For majors and non-majors.

SPN 3514 The Three Cultures of Medieval Spain (3) AS WLE
In this course students will have the opportunity to explore the history and traditions of three of the world’s leading religions in the context of the Iberian Peninsula and its Jewish, Christian, and Arabic past.

SPN 3520 Spanish-American Civilization (3) AS WLE
PR: SPN 2201 or equivalent.
Readings and discussions on the culture and civilization of Spanish America. For majors and non-majors.
SPN 3564 Spain Today: Culture and Politics in the Media (3) AS WLE
This course teaches contemporary culture in Spain through a variety of media and cultural authentic materials. Course primarily discussion-based with short introductions of historical and cultural contexts.

SPN 4301 Expository Writing (3) AS WLE
PR: SPN 3300 or SPN 2340.
Practical training in contemporary Spanish structure, usage and stylistic devices.

SPN 4410 Advanced Conversation (3) AS WLE
PR: SPN 2241 or equivalent.
Intensive practice in the formulation and expression of ideas in standard Spanish.

SPN 4470 Advanced Overseas Study (1-6) AS WLE
PR: SPN 2270.
Intensive language study in Spain.

SPN 4700 Spanish Linguistics (3) AS WLE
PR: LIN 3010 or equivalent and SPN 2201 or equivalent.
An introduction to Hispanic linguistics: Phonology, morphology, syntax, and lexicography.

SPN 5525 Modern Spanish American Civilization (3) AS WLE
PR: SPN 3520 or equivalent
Advanced readings and discussions dealing with Spanish American civilization and culture, including a study of social, artistic and political trends. Text and discussion in Spanish.

SPN 5567 Modern Spanish Civilization (3) AS WLE
PR: SPN 3500 or equivalent
Advanced readings and discussions dealing with contemporary Spanish civilization and culture, including a study of recent social, artistic and political trends. Texts and discussions in Spanish.

SPT 3100 Masterpieces of Hispanic Literature (3) AS WLE
This course analyzes major literary works from Spain and Latin America. Through a selection of works from the medieval period to the present students will view the intellectual and cultural history of the Spanish speaking world.

SPW 3030 Introduction to Hispanic Literary Studies (3) AS WLE
PR: SPN 3300 or SPN 2340.
Prose fiction, drama, poetry, and essay; techniques of literary analysis.

SPW 3393 Spanish Culture through Literature and Film (3) AS WLE
This course teaches modern Spanish culture, history, and thought through a variety of interdisciplinary expressions, such as poetry, narrative, essay, visual arts, and film. The scope of the course spans from the early nineteenth century up to now.

SPW 4100 Survey of Spanish Literature I (3) AS WLE
PR: SPW 3030 or equivalent.
A study of Spanish literature from its origins through the 17th century.

SPW 4101 Survey of Spanish Literature II (3) AS WLE
PR: SPW 3030 or equivalent.
A study of the later periods of Spanish literature.

SPW 4130 Survey of Spanish-American Literature I (3) AS WLE
PR: SPW 3030 or equivalent.
Introduction to the study of Spanish American literature from the Discovery to the Romantic period. Emphasis will be on foundational writers of history, descriptive and lyric poetry, theater, fiction and essay.

SPW 4131 Survey of Spanish-American Literature II (3) AS WLE
PR: SPW 3030 or equivalent.
An introduction to the study of Spanish-American literature from the Modernism period to the present. Emphasis on modern writers since Dario.

SPW 4145 Sex and Subversion in Spanish Art, Lit, and Film (3) AS WLE
This course teaches Spanish culture and thought through a variety of artistic expressions related to the theme of sex and subversion, such as surrealism (art, film, poetry, theatre, essays) and the "new wave" of the 1980s (visual art, film), among others.

SPW 4311 The Creative Genius of the Golden Age (3) AS WLE
In this course we will explore the works of art produced by master painters (Velázquez, etc.), the music of renowned musicians (Encina, etc.), and the literary works of some of the worlds most renowned writers.

SPW 4900 Directed Study (1-3) AS WLE

SPW 4930 Selected Topics (1-3) AS WLE
Study of an author, movement or theme.

SPW 5135 Colonial Spanish American Literature (3) AS WLE
PR: SPW 4131.
Introduction to Colonial Spanish American Literature from the discovery through the Romantic Period.

SPW 5339 Golden Age Drama (3) AS WLE
PR: SPW 4100.
Lope de Vega, Alarcon, Tirso, Calderon, and others.

SPW 5375 Latin American Short Story (3) AS WLE
The course examines the state of the Spanish American short story in the 20th Century through reading, analysis and discussion of primary and secondary texts.

SPW 5387 Spanish American Prose (3) AS WLE
PR: SPW 4131.
Emphasis on the gaucho theme and contemporary prose fiction.

SPW 5405 Medieval Literature (3) AS WLE
PR: SPW 4100 or equiv.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

Course gives an in-depth study of principal works and authors of the period such as El Poema de Mio Cid, Libro de Buen Amor, and La Celestina.

SPW 5465 19th Century Literature (3) AS WLE

SPW 5597 Latin American Culture in Fantastic Literature and Film (3) AS WLE
A panoramic view of Spanish American fantastic and science fiction literature and film in order to analyze their relationship to historical, philosophical and cultural trends from the end of the 19th century to the beginning of the 21st century.

SPW 5605 Cervantes (3) AS WLE
Cervantes' masterpiece Don Quijote de la Mancha.

SPW 5725 Generation of 1898 (3) AS WLE
PR: SPW 4101. The major figures of the period and their main followers.

SPW 5934 Selected Topics (3) AS WLE
Study of an author, movement, or theme.

SSE 4313 Teaching Elementary (K-6) Social Studies (3) ED TAL
This course is designed to study techniques and strategies employed by K-6 social studies teachers that are effective in motivating elementary school aged youth to acquire the information, skills, and modes of reasoning unique to the social sciences.

SSE 4333 Teaching Middle Grades Social Science (3) ED TAL
This course is designed to study techniques and strategies employed by social sciences teachers that are effective in motivating teenage youth to acquire the information, skills, and modes of reasoning unique to the social sciences. Students are expected to plan and present instructional plan(s) demonstrating use of various methods, techniques, and material that achieve concrete outcomes. Theoretical foundations of social studies are also studied. Field work is required.

SSE 4334 Teaching Secondary Grades Social Science (3) ED TAL
PR: SSE 4333. This course is a continuation of SSE 4333 with further development of the instructional techniques and strategies and the information, skills, and modes of reasoning unique to the social sciences with an emphasis on the secondary school environment. The teaching profession, school settings, legal, and classroom management issues are also studied. Fieldwork in a high school is required.

SSE 4335 Teaching Social Science Themes (3) ED TAL
PR: SSE 4333 for Undergraduate Students; SSE 5331 for Graduate Students;

The course is a laboratory-based, capstone course in which knowledge, skills, and dispositions are demonstrated by students teaching social studies content using the thematic approaches adopted by the National and State accrediting bodies.

SSE 4380 Global And Multicultural Perspectives in Education GCPC (3) ED TAL
PR: EDG 3604 and EDG 4620 Examination of the major issues surrounding global and multicultural perspectives in education. Available to non-Education majors.

SSE 4600 Reading and Basic Skills in the Social Studies Class (3) ED TAL
Reading skills and other basic skills as applied to the social studies are examined. Students plan and present instruction appropriate to the social studies classroom. Fieldwork in middle or senior high schools is required. Restricted to majors.

SSE 4936 Senior Seminar in Social Science Education CPST (3) ED TAL

SSE 4940 Internship: Social Science Education (1-12) ED TAL
CR: SSE 4936 One full semester of internship in a public or private school. In special programs where the intern experience is distributed over two or more semesters, students will be registered for credit which accumulates from 9 to 12 Semester hours.

SSE 5331 Foundations, Curriculum & Instruction of Social Science Education (3) ED TAL
Social studies curriculum, methods of instruction and social, philosophical and psychological foundations are examined. Students are expected to plan and present instructional plan(s) appropriate to middle and secondary school levels demonstrating command of the course content.

SSE 5332 Methods & Strategies in Social Science Education (3) ED TAL
Social studies methods and strategies are examined with an emphasis on the secondary school environment. The teaching profession, school settings, and current issues are examined. Students are expected to plan and present instructional plan(s) appropriate to senior high school demonstrating command of the course content.

SSE 5641 Reading and Basic Skills in the Content Area (3) ED TAL
Reading skills and the other basic skills as applied to the social studies are examined. Students are expected to plan and present instructional plan(s) appropriate to the social studies classroom demonstrating command of the course content. Fieldwork in a middle school is required.

SSE 5946 Practicum in Social Science Education (3) ED TAL
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

STA 4322 Introduction to Mathematical Statistics II (3) AS MTH
PR: MAC 2311, MAC 2312, and MAC 2313 (or MAC 2281, MAC 2282, and MAC 2283), and STA 4321
This course follows the course STA 4321 "Introduction to Mathematical Statistics I". STA 4322 is based on the second half of the textbook used in STA 4321. The proposed course is a permanent version of STA 4930 "Advanced Essentials of Statistics".

STA 4442 Introduction to Probability 6AMT (3) AS MTH
PR: MAC 2313.
Introduction to probability theory using calculus. Basic ideas of probability and random variables, discrete probability functions, continuous probability densities, joint distributions, transformations of random variables, moments and generating functions of random variables, limit theorems.

STA 4502 Nonparametric Statistical Methods (3) AS MTH
PR: STA 4321. This course covers the fundamental concepts, and provides examples, of nonparametric statistical methods. Topics to be covered include sample testing, estimation methods, layout models, correlation and regression models, and goodness of fit tests.

STA 4504 Categorical Data Analysis (3) AS MTH
PR: STA 4321.
Fundamental concepts and examples of categorical data analysis. Topics include description and inference using proportions and odd ratios, multi-way contingency tables, logistic regression and other generalized linear models, and log linear models.

STA 4702 Multivariate Statistical Methods (3) AS MTH
PR: STA 4321.
This course covers the fundamental concepts of multivariate analysis. Topics to be covered include Matrix theory and distributions (normal, t, chi-squared, F), inference about multivariate means and inference about covariance structure.

STA 4852 Applied Time Series (3) AS MTH
PR: STA 4321 and STA 4442.
This course covers the fundamental concepts, estimations, and hypothesis testing of discrete time series models. The models will be developed using the autoregressive and moving average processes. Numerous examples will be provided.

STA 4930 Selected Topics (1-3) AS MTH
Rotating topics designed to meet the need and interests of students.

STA 5166 Statistical Methods I (3) AS MTH
PR: STA 4321
Statistical analysis of data by means of statistics package programs. Regression, ANOVA, discriminant analysis, and analysis of categorical
data. Emphasis is on inter-relation between statistical theory, numerical methods, and analysis of real life data.

**STA 5326 Mathematical Statistics I (3) AS MTH**
PR: STA 5446.
Sample distribution theory, point & interval estimation, optimality theory, statistical decision theory, and hypothesis testing.

**STA 5446 Probability Theory I (3) AS MTH**
PR: STA 4442 and MAA 4212
Axioms of probability, random variables in Euclidean spaces, moments and moment generating functions, modes of convergence, limit theory for sums of independent random variables.

**STA 5526 Non-Parametric Statistics (3) AS MTH**
PR: STA 5326
Theory and methods of non-parametric statistics, order statistics, tolerance regions, and their applications.

**SUR 2101C Engineering Land Surveying (3) EN EGX**
Principles of land surveying for engineering practice. Traverses, levels, boundary surveys, route surveys, coordinate geometry, and mapping.

**SYA 3110 Classical Theory (3) AS SOC**
PR: SYG 2000
The analysis of the philosophical foundations, central principles, and historical development of Sociological theory. Required for Sociology majors and minors.

**SYA 3120 Contemporary Theory (3) AS SOC**
PR: SYA 3110 and SYG 2000
An examination of recent trends in sociological theory. Emphasis is on theories examining symbolic interactions, lived experience, popular culture, and social structures.

**SYA 3300 Research Methods (3) AS SOC**
PR: STA 2122 or equivalent.
Introduction to the scientific method and its application to social science research. Research design, sampling techniques, and critical evaluation of social research. Required for Sociology majors.

**SYA 3310 Qualitative Inquiry 6ACT (3) AS SOC**
PR: SYG 2000
Exploration of human relationships and behaviors, organizations, and the larger culture through research techniques such as interviews, participant observation, life histories, and narratives.

**SYA 4121 Queer Theory (3) AS SOC**
PR: Any one of the following: SYG 2000, SYG 2010; WST 2600; WST 3015, WST 2250; WST 3311.
Examines queer theory's radical deconstruction of categories for understanding the possibility of theorizing "women's" and "men's" lives. The primary goal of this course is to introduce students to queer theory and feminist theories of sexuality.

**SYA 4304 Sociological Research Experience (1-3) AS SOC**
PR: SYG 2000
A flexible-unit course for advanced undergraduate students interested in participating in an ongoing faculty research project. Students will complete selected research tasks (background research, data collection and data analysis) with faculty supervision.

**SYA 4910 Individual Research (1-3) AS SOC**
PR: Four courses in sociology, including SYA 3300
Content depends on the interest of the student. A contract between the student and the sponsoring faculty member must be signed before class registration.

**SYA 4930 Topics in Sociology (3) AS SOC**
Selected specialized topics in Sociology. Topics such as AIDS in society, drugs in society, problems in education, sociology of childhood, public life, socio-biology. Content will vary by semester and by section. See class schedule for specific contents each semester. This course, in different content areas, may be repeated for credit.

**SYA 4935 Senior Seminar CPST GCPC (3) AS SOC**
PR: SYG 2000, SYA 3110, SYA 3300 plus 6 hours of Sociology electives.
The opportunity for senior sociology majors to apply sociological theory and methods to topics of relevance in today's society.

**SYA 4949 Sociological Internship (1-6) AS SOC**
Supervised placement in community organization or agency for a minimum of 10 hours of volunteer work per week, and a weekly seminar on applying sociological skills and methods in the placement setting.

**SYD 3700 Racial and Ethnic Relations CASB (3) AS SOC**
This course introduces students to a sociological understanding of race and ethnic relations. Students will analyze sociological theories on race and stratification through readings, lectures, discussion, multimedia, and group research projects.

**SYD 4238 Immigrants to America (3) AS SOC**
Examines major sociological debates in the field of immigration with an emphasis on recent immigrants to the United States.

**SYD 4410 Urban Sociology (3) AS SOC**
The social structure of the community in modern industrial societies. Analysis of community change.

**SYD 4411 Urban Life CPST (3) AS SOC**
This exit course introduces students to the theory and practice of urban and community research. Students will conduct supervised individual and group research on a Tampa Bay neighborhood of their choice.

**SYD 4512 Sustainable Consumption (3) AS SOC**
1. This course examines the relationship between the current environmental crisis and the consumer lifestyle shared by most Americans that is spreading globally.

**SYO 4572 Hidden Structures of Social Life (3) AS SOC**
PR: SYG 2000 or SYG 2010

This course examines the hidden structures of social life and how they affect daily lives. It covers the spread of the current environmental crisis and the consumer lifestyle shared by most Americans that is spreading globally.

**SYO 3200 Sociology of Religion (3) AS SOC**
PR: SYG 2000

An examination of the meanings of religion lived in experiences in the contemporary United States. Includes the construction and maintenance of religious meanings and communities, the impact of those meanings and communities on daily lives, use and impact of religious discourse in daily lives, social movements motivated by religious beliefs.

**SYO 3460 Sociology of the Media (3) AS SOC**
PR: SYG 2000 or SYG 2010

Imparts a familiarity with and working knowledge of the main theories, research, and findings in the sociology of the media. Fosters critical thinking abilities by applying this sociological knowledge to the deconstruction of media images.

**SYO 3530 Social Inequalities in a Global Society (3) AS SOC**

Introduction to the major concepts and theories used to explain inequality. The topics of race, gender, and sexual orientation will be treated in relation to class, rather than as a parallel dimension of stratification.

**SYO 4204 Religion and Immigration (3) AS SOC**
PR: SYG 2000

This course examines: 1) how immigrant communities have been, and are currently, influenced by religion; and 2) how immigrant communities have transformed, and are currently transforming, the religious landscape of the U.S.

**SYO 4250 Sociology of Education (3) AS SOC**
PR: SYG 2000

Application of sociological theory to the social institution of education. Primary attention directed toward the social organization of educational systems.

**SYO 4400 Medical Sociology (3) AS SOC**
PR: SYG 2000

The study of disease and the sick person including the analysis of health practices, beliefs, and practitioners, the hospital as an organization, the cost, financing, and politics of health care.

**SYO 4430 Disability and Society WRIN 6ACT (3) AS SOC**
PR: SYG 2000

Examination of the applicability of sociological concepts to the experience of disability, and of disability as a means to a better understanding of the nature of social experience.

**SYO 4534 Poverty and Society (3) AS SOC**
PR: SYG 2000 or SYG 2010

Explores poverty by looking at the United States and selected less developed countries around the world. Utilizing sociological theories of poverty, different aspects of poverty will be explored.

**SYO 4536 Inequalities and Social Justice (3) AS SOC**
PR: SYG 2000 or SYG 2010

This course draws on the insights of the social sciences and the humanities to understand social inequalities in our global age and to formulate "socially just" responses to those inequalities.

**SYO 4572 Hidden Structures of Social Life (3) AS SOC**
PR: SYG 2000 or SYG 2010

Communication networks and the social structures that emerge in them constitute the subject matter for this course: structures of interation in informal

<td>SYP 4675 Animals &amp; Society GCPC (3) AS SOC</td>
<td></td>
<td>Explores the complex role of non-human animals in human society by exploring how we, as humans, socially construct animals.</td>
</tr>
<tr>
<td>SYP 4763 Sociology of Childhood and Youth (3) AS SOC</td>
<td></td>
<td>Examines a variety of issues including: child-rearing; invention of adolescence; child abuse; children's schooling; juvenile delinquency; dating; children in the movies; children as consumers; youth culture and rebellion; transition into adulthood.</td>
</tr>
<tr>
<td>SYP 4429 Consumer Culture WRIN 6ACT (3) AS SOC</td>
<td></td>
<td></td>
</tr>
<tr>
<td>SYP 3004 Constructing Social Problems (3) AS SOC</td>
<td></td>
<td>Examination of how activists, media, politicians, and scientists construct public images of social problems; analysis of the process of forming social policy and how public images of social problems shape the characteristics of social service agencies.</td>
</tr>
<tr>
<td>SYP 3000 Social Psychology CASB (3) AS SOC</td>
<td></td>
<td>Course explores social forces shaping individual perceptions/behaviors/personality/identity.</td>
</tr>
<tr>
<td>SYP 3060 Sociology of Sexualities (3) AS SOC</td>
<td></td>
<td>Explores the interactions, among and between people, and people and institutions that form the boundaries through which sexualities are understood in the United States. Addresses interactions with and within medical and religious institutions, racial/ethnic cultures, families and popular culture.</td>
</tr>
<tr>
<td>SYP 3562 Family Violence (3) AS SOC</td>
<td></td>
<td>An exploration of the complexity of the causes and consequences of physical and emotional violence among family members. Topics include the meanings and behaviors of violence, the process of help-seeking, and social interventions for offenders and victims. Open to nonmajors.</td>
</tr>
<tr>
<td>SYP 4012 Emotions in Society (3) AS SOC</td>
<td></td>
<td>Examines the theories, concepts, and larger social contexts of emotions, and investigates sociological research on feelings such as anger and fear; pride and shame; love, friendship and sympathy; sadness and depression; grief and loss.</td>
</tr>
<tr>
<td>SYP 4111 Identity and Community (3) AS SOC</td>
<td></td>
<td>This course is a sociological examination of the meanings of identity in the post-modern era. Topics will include the characteristics of identity at the levels of individuals, institutions, culture, and the processes of identity construction and change.</td>
</tr>
<tr>
<td>SYP 4420 Consumer Culture WRIN 6ACT (3) AS SOC</td>
<td></td>
<td>The exploration of how Americans' purchasing behavior connects to larger historical shifts in our economy, including disenchantment, alienation, inequality, and the rise of the credit card society.</td>
</tr>

</table>
### COURSE DESCRIPTIONS

**THE 4264 History of Costume (3) FA TAR**
A survey of clothing and dress from Ancient Egypt to the 20th Century with an emphasis on cultural and social influences. (A requirement in the design track/costume.)

**THE 4320 Architecture And Decoration (3) FA TAR**
A survey of architecture and furniture from ancient Egypt to the 20th Century. (A requirement in the design track/scenic.)

**THE 4330 Shakespeare for the Theatre WRIN HHCP 6ACT (3) FA TAR**
Study of select Shakespeare plays through current and past performance. Examination of texts, filmed rehearsals, scholarly sources, and commercial movies. Performance required in face to face sections.

**THE 4401 American Drama WRIN HHCP 6ACT (3) FA TAR**
The 4401 examines seminal American plays and high quality film adaptions derived from them. Each play is examined as a script for performance and as an object in an aesthetic, social and historic context.

**THE 4434 Caribbean Theatre CPST 6ACT (3) FA TAR**
A study of plays and popular theatrical forms of the Caribbean including carnival and calypso. The student will investigate the social and political forces that shape the culture of the Caribbean.

**THE 4480 Drama-Special Topics (3) FA TAR**
PR: THE 3110 or THE 3111.
A study of a significant playwright or grouping of playwrights, e.g. Moliere, Brecht, recent American dramatists.

**THE 4562 Contemporary Performance Theory CPST HHCP 6ACT GCPC (3) FA TAR**
A seminar for advanced students focusing on theatrical and dramatic theory in relation to actual stage practice.

**THE 4574 Sport as Performance CPST (3) FA TAR**
Students will use contemporary theory to critique and analyze the interconnected elements of athletic and stage performance, including the athlete/artist, stadium/stage and audience/spectator. Spanning topics from the body to the arena, team mascots, professional wrestling and social media, the course will inform and expand our knowledge in both disciplines.

**THE 4593 Honors Seminar (2) FA TAR**
Readings in the literature, history and theory of the stage in preparation for Theatre Honors Practicum. Past topics have included New German Theatre, Popular Theatre, New American Theatre, Jacobean Theatre.

**THE 4594 Honors Practicum (3) FA TAR**
PR: THE 4593.
Honors Practicum grows out of the Honors Seminar and engages students in workshops or production with guest artists. Past artists have included the Free Theatre of Munich, the San Francisco Mime Troupe, and the San Francisco Mime Troupe.

---

**TAX 5015 Federal Taxation of Business Entities (3) BA ACC**
PR: TAX 4001 with a grade of C or better, not C-.
Tax issues encountered by small businesses. Includes tax planning, capital formation and preservation, tax compliance and tax alternatives.

**THE 2020 Introduction to Theatre (3) FA TAR**
An introduction to the art of theatre as part of the larger context of the nature of art itself. The approach will be both chronological and multi-cultural. Required of all theatre majors.

**THE 2252 Great Performances on Film CAFA HHCP (3) FA TAR**
This class traces the evolution of acting styles as evidenced through 100 years of cinema, and explores how movies and actors have mirrored or influenced cultural, political, and social change.

**THE 2305 Script Analysis (3) FA TAR**
This course teaches theatre students the techniques of close reading of dramatic texts.

**THE 3110 Theatre History I CPST HHCP (3) FA TAR**
The study of theatrical production in its cultural context, including theatre architecture, scenography, acting and directing from Greek antiquity to the Elizabethan era. Normally fifteen plays will be read.

**THE 3111 Theatre History II CPST HHCP (3) FA TAR**
A study of theatrical production in its cultural context including theatre architecture, scenography, acting and directing from Shakespeare to the contemporary stage. Normally fifteen plays will be read.

**THE 3111 Theatre History II CPST HHCP (3) FA TAR**
A study of theatrical production in its cultural context including theatre architecture, scenography, acting and directing from Shakespeare to the contemporary stage. Normally fifteen plays will be read.

**THE 3111 Theatre History II CPST HHCP (3) FA TAR**
A study of theatrical production in its cultural context including theatre architecture, scenography, acting and directing from Shakespeare to the contemporary stage. Normally fifteen plays will be read.

**THE 3111 Theatre History II CPST HHCP (3) FA TAR**
A study of theatrical production in its cultural context including theatre architecture, scenography, acting and directing from Shakespeare to the contemporary stage. Normally fifteen plays will be read.

**THE 3111 Theatre History II CPST HHCP (3) FA TAR**
A study of theatrical production in its cultural context including theatre architecture, scenography, acting and directing from Shakespeare to the contemporary stage. Normally fifteen plays will be read.

**THE 4180 Theatre Origins 6ACT (3) FA TAR**
An analysis of the development of theatre out of myth, ritual, and liturgy. Emphasis placed on what attempts to understand the resulting phenomena (e.g. Aristotle’s Poetics) can teach us about the nature of our art. Either THE 4180 or THE 4562 is required of all theatre majors.

**THE 4283 Architecture And Decoration (3) FA TAR**
A survey of architecture and furniture from ancient Egypt to the 20th Century. (A requirement in the design track/scenic.)
COURSE DESCRIPTIONS

THE 4595 Honors Thesis (1-3) FA TAR
CR: THE 4594.
A practical or written thesis related to the seminar and practicum and approved by the departmental honors committee.

THE 4905 Directed Studies (1-4) FA TAR
Independent studies in the various areas of Theatre. Course of study and credits must be assigned prior to registration.

THE 4930 Selected Topics In Theatre (1-3) FA TAR
The content of the course will be governed by student demand and instructor interest. May be lecture or class discussion or studio format.

THE 5909 Directed Studies (1-6) FA TAR
Independent studies in the various areas of Theatre. Course of study and credits must be assigned prior to registration.

THE 5931 Selected Topics In Theatre (1-8) FA TAR
The content of the course will be governed by the student demand and instructor interest. May be lecture or class discussion or studio format.

TPA 2200 Introduction to Technical Theatre I (3) FA TAR
CR: TPA 2290L
An introductory course in technical production including coursework in the areas of scenic construction, theatre production/organization, and sound. Required for Theatre majors. Requires sequential semester enrollment with TPA 2211 and TPA 2291L. Open to non-majors.

TPA 2211 Introduction to Technical Theatre II (3) FA TAR
CR: TPA 2291L
An introductory course in technical production including stage lighting, costume construction, and sound. Required for Theatre majors. Requires sequential semester enrollment with TPA 2200 and TPA 2290L. Open to non-majors.

TPA 2220 Introduction to Technical Theatre III (3) FA TAR
CR: TPA 2220L
An introductory course designed to acquaint students with a working knowledge of the basic skills, equipment and terminology in stage lighting production. Open to non-majors.

TPA 2220L Technical Theatre Lab III (1) FA TAR
CR: TPA 2220
A practical laboratory providing an understanding of the duties associated with lighting crews through hands on production experiences. Open to non-majors.

TPA 2248 Workshop In Stage Makeup (1) FA TAR
Beginning theory and practice in make-up for the stage. Open to non-majors. Theatre majors given preference. A studio course.

TPA 2290L Technical Theatre Lab I (1) FA TAR
CR: TPA 2200
A practical laboratory involving the pre-performance preparation of all technical aspects of a major production such as: painting, sewing, lighting, and sound. Students are assigned two areas of study per semester. Required of all Theatre majors. Open to non-majors.

TPA 2291L Technical Theatre Lab II (1) FA TAR
CR: TPA 2211
A practical laboratory involving the pre-performance preparation of all technical aspects of a major production such as: painting, sewing, lighting, and sound. Students are assigned two areas of study per semester. Required of all Theatre majors. Open to non-majors.

TPA 2292 Production Involvement I (1) FA TAR
PR: TPA 2200, TPA 2290L, TPA 2211, TPA 2291L
The rehearsal, construction, and performance of major theatrical works. Assignments are made by a faculty committee following the students completion of a PI request form, available in the Theatre Office, and enrollment in this course.

TPA 3007 Introduction to Design I (3) FA TAR
PR: TPA 2200, TPA 2211, TPA 2290L, and TPA 2291L.
This course will include lectures, demonstrations, individual student presentations, and studio activities. The course work will provide an introduction to the various aspects of design including: two and three dimensional design, basic presentation and visual communication skills, research, and project analysis/organization.

TPA 3008 Introduction to Design II (3) FA TAR
PR: TPA 3007.
This course will include lectures, demonstrations, individual student presentations, and studio activities. The course work will provide an introduction to the various aspects of design including: two and three dimensional design, basic presentation and visual communication skills, research, and project analysis/organization. Open to non-majors.

TPA 3208 Drafting and CAD I (3) FA TAR
PR: TPA 2200, TPA 2211, TPA 2290L and TPA 2291L.
The course will include lectures, demonstrations, individual student presentations, and studio activities. The course work will provide an opportunity to develop skills and techniques in the visual presentation of various design and technical draftings. Open to non-majors.

TPA 3223 Lighting: Theory And Practice (3) FA TAR
Intermediate lighting design course concerned with graphic presentations, color theory, design concepts, and practical experience with computer lighting systems. A requirement in the design track/lighting.

TPA 3231 Costume Construction (3) FA TAR
PR: TPA 3208
A practical course in the drafting of patterns for costuming the actor. Materials, skills, and techniques for construction of costumes and
COURSE DESCRIPTIONS

TPA 3251 Drafting and CAD II (3) FA TAR
PR: TPA 3208
Continuation of TPA 3208. The course will include lectures, demonstrations, field trip(s), individual student presentations, and studio activities. The course work will provide an opportunity to develop your skills and techniques in the visual presentation of various design and technical draftings. Open to non-majors.

TPA 3265 Sound For The Stage (3) FA TAR
PR: TPA 2200, TPA 2290L, TPA 2211, and TPA 2291L.
Basic study of audio components, fundamental properties of sound, multiple channel recording, editing, reproduction and reinforcement. Methods and techniques used in theatre to create sound effects.

TPA 3296 Design Practicum (2) FA TAR
PR: TPA 3008.
This is a studio/laboratory course in the practical aspects of production. The course is intended to provide realized production experience to the advanced theatre design student in such areas as costume, lighting, and scenic design; stage properties design; technical direction; and theatrical production craft/skill areas. The student will be individually mentored by a faculty member through the process of developing and realizing a production design/craft/skill.

TPA 3601 Stage Management (2) FA TAR
PR: TPA 2200, TPA 2290L, TPA 2211, and TPA 2291L.
A practical course in the working organizational function of the stage manager in theatre, dance, opera, and other live performance situations.

TPA 4011 Design Studio I (3) FA TAR
PR: TPA 3008 and TPA 3208 plus two of TPA 3231, TPA 3221, or TPA 3251.
TPA 4011 will include studio design project activities in the areas of costume, lighting, and scenic design. The course work will stress the nature of collaborative work and the various stages and processes involved with the development of a design from the first meeting to the final paper/model design. Required of all Theatre majors. Open to non-majors.

TPA 4013 Lighting Design (3) FA TAR
PR: TPA 3008 and TPA 3208
A lighting design course concerned with graphic presentations, color theory, design concepts, and practical experience with computer lighting systems, stressing collaborative work and the various stages and processes in lighting design development.

TPA 4045 Costume Design (3) FA TAR
PR: TPA 3008 and THE 4264
This course will include studio design project activities in the areas of costume, lighting, and scenic design. The course work will stress the nature of collaborative work and the various stages and processes involved with the development of a design from the first meeting to the final paper/model design. Evaluation of the project will emphasize the process followed in the development of the design including thumbnail/idea sketching, research, and production concept. The course will include seminar (production) discussions, lectures, demonstrations, individual and group work, and individual student presentations.

TPA 4077 Scene Painting (2) FA TAR
PR: TPA 3007
A practical course in the painting of stage scenery: media and application.

TPA 4273 Stage Properties: Techniques And Materials Studio (2) FA TAR
PR: TPA 3007
Demonstration of and experience with materials used in construction of stage properties. Modeling of prototypes and basic casting techniques. Organization of shop.

TPA 4293 Production Involvement II (1) FA TAR
PR: TPA 2292
The rehearsal, construction, and performance of major theatrical works. Assignments are made by a faculty committee following the student’s completion of a PI request form, available in the Theatre Office, and enrollment in this course.

TPA 4298 Advanced Design Practicum (3) FA TAR
PR: TPA 4011.
This is a studio/laboratory course in the practical aspects of production. The course is intended to provide realized production experience to the advanced theatre design student in such areas as costume, lighting, and scenic design; stage properties design; technical direction; and theatrical production craft/skill areas. The student will be individually mentored by a faculty member through the process of developing and realizing a production design/craft/skill.

TPA 4299 Production Involvement II (1) FA TAR
The rehearsal, construction, and performance of major theatrical works. Assignments are made by a faculty committee following the students completion of a pi request form, available in the theatre office, and enrollment in this course.

TPP 2110 Acting I (3) FA TAR
Exploring the elements basic to acting skills, a participation course. Required of all theatre majors. Open to non-majors.

TPP 2190 Studio Theatre Performance I (1) FA TAR
A practical laboratory involving the rehearsal and performance of a major production. Activities may include acting, directing, stage management, and the activities of the performance production crews. Placement by audition. If cast in production student must accept role. Required of all Theatre
TPP 2500 Movement for Actors (3) FA TAR
PR: TPP 2110
A laboratory course in various disciplines or systems and understanding the body's motive powers, with focus on their use for the stage performer.

TPP 3121 Improvisation I (3) FA TAR
PR: TPP 2110.
An intensive study in improvisation as an enhancement of the actor’s skill. Exercises and theatre games as flexible forms which accommodate improvisation and physical invention are examined and used to develop group creativity.

TPP 3155 Acting II (3) FA TAR
Identify and investigate the fundamental elements of acting as applied to scene exploration, rehearsal, and presentation.

TPP 3230 Laboratory Workshop In Performance (3) FA TAR
PR: TPP 2110
The content of the course will be governed by student demand and instructor interest.

TPP 3580 Special Skills in Movement (3) FA TAR
PR: TPP 2110
Stage combat, circus and acrobatic techniques, and other special techniques of movement.

TPP 3790 Voice for Actors (3) FA TAR
PR: TPP 2110
A concentrated laboratory on freeing the breathing function, developing body and oral resonance, and strengthening muscles used on the formation of speech sounds.

TPP 4140 Styles of Acting (3) FA TAR
PR: TPP 4180
Examination of the actor's craft and skills needed to fulfill the demands of classical theatre forms.

TPP 4180 Acting III (3) FA TAR
PR: TPP 3155
An acting workshop focusing on application of character development and rehearsal techniques over a sustained period leading toward a project showing at semester’s end.

TPP 4193 Studio Theatre Performance II (1) FA TAR
PR: TPP 2190.
A practical laboratory involving the rehearsal and performance of a major production. Activities may include acting, directing, stage management, and the activities of the performance production crews. Placement by audition. If cast in production student must accept role. Required of all Theatre majors. May be repeated. Open to non-majors with CI.

TPP 4221 Audition Workshop for Actors (3) FA TAR
PR: TPP 3155 or TPP 3921.
Preparation for professional audition; discussion of professional objectives.

TPP 4310 Directing I (3) FA TAR
PR: TPP 3155 or TPP 3230.
An elective sequence in directing. A workshop course in which the student first encounters the basic tasks of the director by preparing and directing one or two scenes and then progresses to more complex scene work in a variety of styles and finally proceeds to the short play or theatre pieces.

TPP 4311 Directing II (3) FA TAR
PR: TPP 4310
An elective sequence in directing. A workshop course in which the student first encounters the basic tasks of the director by preparing and directing one or two scenes and then progresses to more complex scene work in a variety of styles and finally proceeds to the short play or theatre pieces.

TPP 4600 Writing For The Theatre (3) FA TAR
PR: TPP 3110 or THE 3111.
An elective sequence in writing, in which the student first encounters the problems unique to dramatic language and situation, then progresses to complexities of character, plot, and stage dynamics. Normally the aim would be to complete several performance-worthy self-contained scenes.

TPP 4920 Senior Workshop For Actors (3) FA TAR
PR: TPP 2500, TPP 3790, TPP 3155, or TPP 3921.
A workshop in advanced vocal and movement techniques.

TPP 4923 Music Theatre Workshop (3) FA TAR
PR: TPP 2110
Exploration of Musical Theatre materials and performance techniques for the performer. Individual and ensemble work.

TSL 4080 ESOL 1 - Curriculum and Pedagogy of ESOL (3) ED TAL
This course is designed to prepare pre-professional (pre-service) teachers to provide linguistically and culturally appropriate instruction, learning opportunities and assessment for English Language Learners (ELLs) in grades K-12.

TSL 4081 ESOL 2 - Literacy Development in English Language Learners (3) ED TAL
PR: TSL 4080 or FLE 4317.
This course is designed to provide students with a critical understanding of instructional delivery which caters to the linguistic and literacy needs of minority/heritage communities. Providing students with a sociocultural-critical theoretical framework.

TSL 4251 ESOL 3 - Applying Linguistics to ESOL Teaching and Testing (3) ED TAL
PR: TSL 4080 and TSL 4081.
This course provides an overview of the components of language, linking them to methods and techniques of providing comprehensible instruction to English Language Learners (ELLs) and supports the development of professional literacy skills.
COURSE DESCRIPTIONS

UNIVERSITY OF SOUTH FLORIDA 2017-2018 UNDERGRADUATE CATALOG

TSL 4324 ESOL Competencies and Strategies (1-3) ED TAL
Designed to enable participants to meet the special limitations and cultural educational needs of LEP students in content area classes. Designed to provide a theoretical and practical foundation for ESOL competencies and strategies.

TSL 4362 Methodology of Teaching English Overseas (3) AS WLE
Designed to introduce and prepare the enrollee in the various facets of teaching English as a foreign language in the overseas setting. It will include aspects of teaching verbal skills and comprehension as well as writing. It involves a practicum at the English Language Institute on campus.

TSL 5085 ESOL I - Theory and Practice of Teaching English Language Learners (3) ED TAL
This course is for undergraduate degree holding, preprofessional (preservice) teachers to learn about appropriate instruction, assessment and learning opportunities for Limited English Proficient (LEP) students in the content areas.

TSL 5086 ESOL II-Secondary Language & Literacy Acquisition in Children & Adolescents (3) ED TAL
PR: TSL 5085.
This course is designed to provide students with a critical understanding of instructional delivery which caters for the linguistic and literacy needs of minority / heritage communities.

TSL 5242 ESOL III-Language Principles, Acquisition & Assessment for English Language Learners (3) ED TAL
PR: TSL 5086.
This course provides an overview of the components of language, linking them to methods and techniques of providing comprehensible instruction to LEP students.

TSL 5325 ESOL Strategies for Content Area Teachers (3) ED TAL
Course designed for public school teachers working with limited English Proficient (foreign) students in the classroom. The new ESOL requirements specify that this course be offered to content area teachers and to ESOL teachers.

TSL 5326 L2 Reading for ESOL Students across Content Areas (3) ED TAL
This ESOL course will provide students with understanding of the linguistic and literacy needs of minority/heritage students, and will negotiate issues of second language learning, language varieties, as well as critical literacy and reading.

TSL 5371 Methods of Teaching English As A Second Language (3) AS WLE
Analysis of the methods of teaching English pronunciation and structure to speakers of other languages.

TSL 5372 ESOL Curriculum and Instruction (3) AS WLE
Analysis of the methods of teaching English pronunciation and structure to speakers of other languages.

TSL 5440 Language Testing (3) AS WLE
PR: TSL 5371.
Lecture course on testing English as a second/foreign language.

TSL 5525 Cross-Cultural Issues in ESL (3) AS WLE
PR: LIN 5700.
Lecture course on cultural issues in Teaching English as a Second/Foreign language.

TSL 5940 ESOL Practicum (1-3) ED TAL
PR: FLE 5345 and FLE 5145.
This course is restricted to Education majors and will not be repeatable for credit. A structured field experience with Limited English Proficient students.

TTE 4003 Transportation and Society (3) EN EGX
This course provides a multidisciplinary introduction to transportation and its impacts on society. It explores how transportation interacts with the economy, the environment and the social and political nature of society.

TTE 4004 Transportation Engineering I (3) EN EGX
PR: EGN 3321.
Principles of surface transportation system development, design, and operations; administration, modal characteristics, capacities, and functional classifications; vehicle kinematics, human factors and minimum design standards; traffic flow theory and queuing, capacity and signalization; transportation planning and economics.

TTE 4005 Transportation Engineering II (3) EN EGX
PR: TTE 4004.
Techniques for the geometric route design of surface transportation systems; horizontal and vertical alignments. Spiral curves, superelevations and earthwork analysis; drainage, soils, and a rigid and flexible pavement design; right-of-way acquisition and Environmental Impacts; site layout & design, and operation of alternate models including bus, air, rail, water, and pipeline facilities and terminals.

TTE 5205 Traffic Systems Engineering (3) EN EGX
PR: TTE 4004 or equivalent.
Traffic models, intersection analysis, capacity analysis, data methods collection, parking studies, volume and speed studies, freeway management, and advanced technologies.

TTE 5305 Infrastructure System Management (3) EN EGX
PR: EGN 3443
This course introduces analytical methods for the management of infrastructure systems over their life, focusing on pavement. Topics covered include data measurement and sampling, performance modeling, and maintenance strategies.
### COURSE DESCRIPTIONS

**TTE 5501 Transportation Planning and Economics**  
(3) EN EGX  
PR: College Algebra  
Fundamentals of urban transportation planning: trip generation, trip distribution, modal split, traffic assignment. Introduction to environmental impact analysis, evaluation an choice of transportation alternatives.

**TTE 5620 Air Transportation**  
(3) EN EGX  
This is a course for graduate students in the College of Engineering who are interested in air transportation. It covers topics such as, airport management, air traffic flow management, air transport economics, and etc. No registration restrictions.

**URP 4050 City Planning and Community Development**  
(3) AS SPF  
An introduction to the development, role, and components of city planning, and the political and actual policies of government in attempting to regulate or control urbanization.

**URP 4052 Urban and Regional Planning**  
(3) AS SPF  
Examination of current urban planning and policy issues and debates, such as metropolitan organization and governance, economic development and growth management, edge cities, planning for environmental sustainability.

**URS 3002 Introduction to Urban Studies**  
(3) AS SPF  
An interdisciplinary introduction to the process of urbanization and the diverse communities it has created. Urban areas in the United States, as well as global cities, will be examined.

**URS 4930 Special Topics in Urban Studies**  
(3) AS SPF  
Selected issues and topics in Urban Studies with course content based on student demand and instructor's interest. May be repeated as topics vary.

**VIC 3001 Introduction to Visual Communications**  
(3) AS MCM  
PR: MMC 2100 and MMC 3602.  
Survey of visual communication theory, techniques and contemporary application in the visual media. Critical examination of visual communication in newspapers, magazines, television, motion pictures and new media.

**VIC 3943 Visual Communication Practicum**  
(1) AS MCM  
Practical experience outside the classroom where the student works for academic credit under the supervision of a professional practitioner. Periodic written and oral reports to the faculty member coordinating the study.

**WOH 2022 Global History since 1750**  
(3) AS HTY  
This course offers an introduction to the major themes and events in modern global history from 1750 to the present.

**WOH 3209 Terrorism in World History**  
(3) AS HTY  
This course examines the history of terrorism from the first century A.D. to the present and explores the historical context and consequences of terrorist movements in their historical milieu.

**WOH 3245 History of Sports from National to Global Contexts**  
(3) AS HTY  
This class will analyze the development of modern sports (soccer, baseball, basketball, netball, tennis) in the Americas. Students will discuss the meaning of sports in modern culture, from the end of the nineteenth century to globalization.

**WOH 3293 Islam in World History**  
(3) AS HTY  
This course examines the origins, spread, and development of Islam within the context of the main global historical processes and events of the past 1500 years.

**WST 2250 Female Experience in America**  
(3) AS WST  
This course explores the lives and experiences of women and girls in America from 1870 to the present, examining how issues of gender, race, class, ethnicity, and sexuality shaped both their experiences and our historical understanding of their lives.

**WST 2600 Human Sexual Behavior**  
(3) AS WST  
The dynamics of human sexuality: biological, constitutional, cultural, and psychological aspects. The range of sexual behavior across groups. Sources of beliefs and attitudes about sex, including sex roles and especially human sexuality.

**WST 3015 Introduction to Women's Studies**  
(3) AS WST  
This course introduces the interdisciplinary field of Women's Studies through a critical examination of the way gender, race, class, and sexuality are socially constructed and demonstrates how activism is inherent in Women's Studies discourse.

**WST 3210 European Feminist History: Pre-18th Century**  
(6) ACT (3) AS WST  
Survey of European feminist history prior to the 18th century (focusing primarily on Western Europe). Examines women's lives, roles and ideas, as well as origins of Western attitudes toward relation of power to gender, race and class. No prerequisites.

**WST 3220 European Feminist History: Enlightenment to the Present**  
(3) AS WST  
A survey of European feminist history from the 18th century through the 20th century (focusing primarily on Western Europe). Examining women's lives, roles and ideas, as well as the dominant attitudes toward women over this time period.

**WST 3311 Issues in Feminism**  
(3) AS WST  
Survey of major issues relevant to the female experience: marriage and the family, sexuality, work, creativity.

734
### COURSE DESCRIPTIONS

**WST 3324 Women, Environment and Gender**  
CANL (3) AS WST  
PR: BSC 1005 or BSC 2010, any Introductory science course from biology, chemistry, physics, public health or WST 4320.  
Investigation of intersection of women's studies, gender and environment with focus on women's health. Exploration of hypothesis formulation and testing, current issues.

**WST 3370 Women and Social Action (3) AS WST**  
Course focuses on ordinary women working collectively in diverse social settings to empower themselves and others to challenge gender stereotypes; to reduce harassment, poverty, violence and homelessness; to enhance health-care and family life and to confront barriers in education, the media and the criminal justice system.

**WST 3412 Women in the Developing World (3) AS WST**  
Survey of status of women in Asia, Africa, Latin and Caribbean America, compared to that in USA, Canada, West Europe, Marxist-Leninist countries. (May also be taken for credit in Government and International Affairs.)

**WST 3620 Men and Sexism (3) AS WST**  
Ways in which sex role conditioning affects the lives of men. Factors in this conditioning and alternatives to masculine sex role models.

**WST 4002 Feminist Research Methods (3) AS WST**  
PR: WST 3015.  
The survey, design, and practice of qualitative and quantitative methods in feminist research.  
Restricted to majors; non-majors by permission of instructor.

**WST 4110 Women and Social Justice (3) AS WST**  
PR: WST 3015  
This course examines the complexities of transnational social justice for women by investigating health, violence, reproduction and work within the context of international human rights law, nationalist policies, and global capitalism.

**WST 4262 Literature by Women of Color in the Diaspora WRIN 6ACT (3) AS WST**  
An introduction to contemporary women writers of color in the U.S.: Native Americans, African Americans, Asian Americans, and Chicanas/U.S. Latinas. Readings will include literature and contextual articles on historical and cultural issues.

**WST 4310 History of Feminism in the U.S. 6ACT (3) AS WST**  
A study of feminist critiques of American women's experiences and status, and their implications for women's lives, by 19th- and 20th-century theorists, and how adequately these various critiques address the intersections of gender, class, ethnicity, and race.

**WST 4320 Politics and Issues in Women's Health CASB (3) AS WST**  
This course will focus on celebrating women's health and wholeness: mental, physical, emotional, spiritual, social, economic, and understanding the potential negative effects of institutional and interpersonal oppression on health and wellness.

**WST 4335 Women and Film (3) AS WST**  
A study of representation of women in films and the responses of feminist film theorists and filmmakers.

**WST 4350 Women and Science (3) AS WST**  
An examination of selected issues related to women and the natural and physical sciences including: historical participation of women in science, current status of women in science, and feminist critiques of science as a discipline.

**WST 4410 Postcolonial Women Writers (3) AS WST**  
Introduces the literature of women from various Angophone countries in Africa, the Caribbean, and South Asia; some U.S. writers will be included to represent a third world diasporic consciousness.

**WST 4522 Classics in Feminist Theory CAHU (3) AS WST**  
Introduces students to first and second wave feminist theories, which explain the pervasiveness of sexist, racist, classist, heterosexist bias in our everyday lives.

**WST 4561 Contemporary Feminist Theory (3) AS WST**  
PR: one upper division Women's Studies course.  
An exposure to and an exploration of a wide range of current feminist theories and debates, as well as an examination of the possible political and practical implications for various theoretical positions.

**WST 4900 Directed Readings (1-3) AS WST**  
To provide advanced students with interdisciplinary research experience in areas of specific interest.

**WST 4910 Directed Research (1-3) AS WST**  
To provide advanced students with interdisciplinary research experience in areas of specific interest.

**WST 4930 Selected Topics (1-3) AS WST**  
Study in special areas such as Women and Work, Reproductive Law, Women and Health.

**WST 4935 Capstone/Senior Project CPST (3) AS WST**  
PR: 24 credit hours in Women's Studies.  
Recognizing the interplay between personal connections and intellectual experience, this capstone course is designed to focus on topical areas related to women's studies and facilitate linking student learning experience to future plans.

**WST 4940 Internship in Women's & Gender Studies (1-3) AS WST**  
PR: 12 credits of Women's Studies courses.  
Supervised work-and-learning experience in women's and gender studies under the direction of
## COURSE DESCRIPTIONS

</table>

### WST 5308 Feminist Spirituality (3) AS WST
Open to non-majors. Focuses on the many voices of contemporary feminist spirituality, emerging from women's experiences in diverse religious, ethnic and cultural traditions, and representing a range of theoretical perspectives from biblical feminism to goddess worship and wicca.

### WST 5940 Internship in Women's Studies (3-6) AS WST
Student placement in an approved intern setting for a minimum of 240 hours of supervised experience. S/U only.

### ZOO 2303 Vertebrate Zoology (3) AS BIN
PR: BSC 2010, BSC 2010L, BSC 2011, BSC 2011L. The origin, diversity, and adaptations of the vertebrates. Phylogenetic systematics (cladistics) will be used as the basis for determining evolutionary relationships of organisms. Monophyletic groupings provide a framework for examining behavior, physiology, and ecology in an explicit evolutionary context. Vertebrates common to Florida and the southeastern United States will be emphasized.

### ZOO 2710C Anatomy of Chordates (4) AS BIN

### ZOO 3205C Advanced Invertebrate Zoology (4) AS BIN

### ZOO 3407 Biology of Sharks and Rays (3) AS BIN
PR: BSC 2010, BSC 2010L, BSC 2011, BSC 2011L, CHM 2045, CHM 2046 OR CALCULUS (MAC 2241, MAC 2281, MAC 2311) OR STA 2023. The course explores the diversity, taxonomy, anatomy, behavior, ecology, physiology, reproductive biology, growth, life history, and habitat use of sharks/rays, providing students with an in-depth view of the biology of sharks and their relatives.
mechanisms underlying patterns of embryonic development for majors/nonmajors

ZOO 4753 Human Histology & Molecular Pathology of Disease (3) AS BCM
PR: PCB 3023, PCB 3063, CHM 2210
The study of cellular and molecular mechanisms underlying various disease states of the human body present in the context of traditional pathology.

ZOO 4753L Human Histology & Molecular Pathology of Disease Laboratory (1) AS BCM
CR: ZOO 4753
Laboratory associated with Human Histology and Molecular Pathology of Disease.

ZOO 5456L Ichthyology Lab (1) AS BIN
CPR: ZOO 5456
Laboratory portion of Ichthyology relating to evolution, systematics, structure, behavior, physiology and ecology of fishes.

ZOO 5463C Herpetology (4) AS BIN
Major aspects of amphibian and reptilian biology emphasizing fossil history, evolutionary morphology, sensory physiology, life history and reproductive behavior. Lec.-lab. Field trip.

ZOO 5555C Marine Animal Ecology (4) AS BIN
PR: PCB 3043
Investigation of energy flow, biogeochemical cycles, and community structure in marine environments. Lec.-lab.
