The curricular, co-curricular, and extracurricular programs of the University are designed to achieve this end and are presented to offer USF students a wide variety of beliefs, opinions and ideas in an atmosphere of openness where all views may be aired. The programs and activities developed and implemented by the Student Affairs staff at USF are intended to improve the quality of life at the University and to meet the University's goal of total student development. The programs of the University are presented according to the guidelines established by the Florida Board of Regents (Section 6-C, Administrative Code of Florida).

Students who attend the University of South Florida are admitted to the University under guidelines as well as policies and procedures of the University. University officials, and in particular Office of the Vice President for Student Affairs is charged with interpreting the policies of the Board of Regents to students, their families, and others in the University community.

## Division of Student Affairs

The Division of Student Affairs is composed of the areas of **Enrollment Planning and Management, Academic Support and Achievement, and Student Life and Wellness.** The Division is committed to creating a student-focused learning community distinguished by shared purpose, collaboration, open and timely communication, mutual respect, trust and inclusiveness. Student Affairs will provide leadership for a diverse University community, inspire the pursuit of academic excellence through collaborative learning and foster a caring environment that encourages the personal and professional development of students and those who serve them. In partnership with University faculty and staff and the community, the staff will reach beyond individual perspectives to develop life-long learners who are broadly educated, ethical, open to differences, capable of critical thinking, and who share responsibility for enhancing the human condition. The achievement of this vision will contribute to making the University of South Florida the university of first choice.

Student Affairs staff provide new students and prospective students assistance in gaining information about the University before they arrive on campus during the admissions process. The staff also offers services to the students to help them cope more effectively with the many facets of college life that can affect students' academic work: financial aid, health service, individual and/or group counseling, alcohol/drug education, career planning, placement, procedures for redressing grievances, standards for students' conduct, due process in the event of disciplinary action, and advice and/or assistance in time of trouble. A variety of programs and services are offered by the Student Affairs staff to provide students opportunities to become involved in college life outside the classroom: orientation for new students, residence halls, student organizations and Phyllis P. Marshall Center programs and activities, student government, student publication, intramural and recreational sports, student health education/wellness programs, and events of special interest.

## Division of Student Affairs Diversity Statement

The Division will develop a system that will create a learning community where each individual's primary identity is as a person whose worth and value are inherent. Individuals from diverse ethnic, racial, religious and social backgrounds will willingly interact frequently displaying attitudes and behaviors of respect, shared purpose, commitment to common welfare, mutual cooperation and support. In this community all persons will be judged on the content of their character and all individuals will have a voice.

## ACADEMIC SUPPORT AND ACHIEVEMENT

Academic Support and Achievement operates under the auspices of the Division of Student Affairs and is responsible for providing academic and personal support to students. The units within Academic Support and Achievement focus on addressing the needs of first-time-in-college students and other students who are undecided about a major or who seek admission to limited access programs. Responsibilities also include the coordination of the University Experience course for freshmen as well as the development and monitoring of support programs and strategies to enhance the academic success of target populations, including students with disabilities, student athletes, students admitted under alternative admissions criteria, and other underrepresented groups.

## Center for Academic Advising

The Center for Academic Advising is dedicated to promoting the successful achievement of students' academic goals through comprehensive advising services. The Center's primary responsibility is to provide academic advising to undergraduate students, with a special emphasis on the needs of students entering a university for the first time.

The following services are provided to these undergraduate students: advisement regarding academic policies and programs, assistance in the selection of a major, administration of special programs for at risk or underprepared student populations, and special advisement for minority students. The staff prepares students for entrance into all limited access majors (e.g. Education, Engineering, Business, Nursing, and Mass Communications), and evaluates and certifies all students seeking Associate of Arts certificates.

## Student Disability Services

The Student Disability Services Office provides assistance to eligible university students to allow full participation in all academic courses and activities. Services such as readers and notetakers and adaptive equipment are provided through this office. Students are encouraged to contact the office prior to registering for classes to make arrangements for the planning of services.

USF has facilities for persons with disabilities and encourages their enrollment in the University. Due to the mild climate, relatively flat terrain, modern architecture, and recent modifications, many persons with significant disabilities have been able to function independently and successfully in the University environment. (See page 11 for further information.)

All academic programs, campus organizations and activities are open to students who are disabled. The University attempts to integrate students who are disabled into the University as completely as possible.

## McNair Scholars Program

The Ronald E. McNair Post-Baccalaureate Scholars Program is designed to prepare economically disadvantaged and underrepresented (Hispanic, African American and Native American) juniors and seniors for doctoral programs at the undergraduate level. Special emphasis is placed on the recruitment of students with majors in math, engineering, science, public health, communications, humanities, medical sciences and English. However, other disciplines such as education, social sciences and fine arts are considered. This program encourages graduate studies by providing opportunities for academically talented junior and senior level undergraduate students to define their career goals, to engage in research and to develop the personal and professional skills and improve student/faculty mentor relationships critical to their success at the doctoral level. Graduate school application assistance is also provided, as well as GRE, GMAT and MLAT test preparation. These students are awarded scholarship

stipends when they participate in the Summer Research Institute and during their research internship in their senior year. Opportunities to attend and present their research at national and regional conferences are also provided. The criteria for this very competitive scholars program are as follows: 2.8 minimum cumulative GPA, declared major, a minimum of 45 earned credit hours, current enrollment at USF at the junior or senior level, US citizenship, and a completed McNair application with faculty recommendations.

### Project Thrust

Project Thrust is a university-wide retention program designed to assist minority undergraduate students at USF in completing their baccalaureate education. Assigned to four of the undergraduate colleges, this retention program specifically aids students who have declared majors. The major role of Project Thrust advisors is to provide students with immediate and long-term assistance necessary to ensure the successful completion of programs within the respective colleges. Throughout the year, Project Thrust provides advising and counseling, tutorial services, and free test preparation workshops.

### Personal Excellence Program

The Personal Excellence Program (PEP) is a freshman retention program for selected first-time-in-college students at the University of South Florida. Throughout the academic year, the program uses strategies and specialized activities to strengthen students' academic skills, improve their ability to function in the campus environment, and enhance their self-esteem. Services provided through PEP include academic and personal counseling, mentoring, tutoring, career development, peer support and study groups, enrichment seminars and other special programming activities.

The Personal Excellence Program also provides a residential summer transition program for students who might not meet all of the University's admissions criteria, but have the potential to succeed in college. In selecting summer program participants, consideration is given to high school grades and courses, test scores, and major choice, among other criteria. The summer program facilitates a smooth transition into university life by acquainting students with college expectations and resources. Participants receive individualized advising, assistance with fall semester scheduling and registration, course credit toward graduation, and strategies for surviving the demands of college life. This intensive summer experience is designed to enhance participants' personal and academic success at the University of South Florida.

### Student Academic Support System

The Student Academic Support System (SASS) is the State University System computer assisted advising system which enhances undergraduate education. The report produced by this system is available to each undergraduate student through the student's advisor, advising office or SUNLINK. It matches the student's academic record against the requirements of the student's degree program. The central SASS office maintains the data and trains appropriate college personnel.

### Student Support Services Program

Student Support Services (SSS) is a federally funded retention program designed to provide academic and personal support to alternatively admitted first generation, low income, and students with disabilities. The program serves a diverse student population and provides an opportunity for students who may not meet all admission criteria but whose high school records and test scores indicate the potential to succeed in college.

Students who participate receive personal, academic, career, financial, and tutorial assistance. Special instruction is provided in the areas of English composition, reading, and study skills.

SSS provides a summer program to ease the transition from high school to college, establish a strong academic foundation during the summer semester, and expose students to university resources and facilities. Students receive a comprehensive summer orientation, individualized academic advising, course credit toward graduation and college survival skills.

Program participants have an opportunity to join the SSS Club which serves as a common unit for students to exchange academic information, plan cultural activities, meet former SSS participants, and conduct fund-raising activities.

### ENROLLMENT PLANNING AND MANAGEMENT

The staff of the division of Enrollment Planning and Management strives to provide convenient and effective services to assist students with admissions to the University, orientation to the campus and semesterly services regarding registration, financial aid, scholarships, student employment and grade reporting. Experimental learning, career planning and job placement are vital services to assist students with their career development, degree progress and future employment.

#### Individual Career Advising

Appointments may be scheduled with career specialists, who provide assistance in resume/cover letter preparation and critiques, interview strategies, skills identification, self directed

job search techniques, networking tips and strategies for tapping into the hidden job market.

### Career Development & Job Search Workshops

Workshops, on such topics as resume writing, skills identification, interview techniques, government employment, job search strategies, networking and participating in on-campus interviews, are conducted by the CRC staff each semester.

### Part-time Student Employment

Part-time employment provides students an opportunity to earn money while developing employability skills. Vacancies, updated daily, include Federal Work Study, on-campus and off-campus part-time jobs and temporary off-campus opportunities.

### Internships

Internship opportunities provide valuable, career related work experience and a chance to affirm the choice of a career field. All majors are eligible for an internship position.

### Cooperative Education (Co-op)

Co-op is a planned and supervised program which integrates practical work experience with a student's academic program. Students may choose an Alternating or Parallel work plan. The Alternating Plan permits students to alternate full-time semesters of work with full-time semesters of study. The Parallel Plan allows students to take classes half a day and work half a day. Participation requires a minimum of 2.5 GPA, completion of 60 credit hours, a minimum (or more) of 21-24 hours before graduation and participation in a mandatory orientation.

### On-Campus Interviews

Each semester, local, state and national recruiters, from business, industry, health care, finance, entertainment, government, education and non-profit organizations visit campus to interview USF students for employment. Students from all majors, and within 3 semesters of graduation, may participate in on-campus interviews. Participation requires attendance at an On-Campus Recruitment Orientation and submission of a completed 1st Place Electronic Resume Disk, which may be obtained from CRC.

### Candidate Resume Referral

Throughout the year employers, who do not conduct on-campus interviews for full-time professional employees, contact the CRC to request resumes of USF students. Upon an employer's request, the CRC electronic database is queried and matching resumes are faxed to the employer. Approximately 11,000 organizations receive USF student resumes each year.

### Full-time Professional Employment Vacancies

In addition to the On-Campus Interviews and Candidate Resume Referral, the Career Resource Center also houses local, state and national full-time job vacancies from education, health care, government, business, communication, finance, entertainment, industry, etc. Full-time employment opportunities, updated on a daily basis, are available in Job Vacancy Notebooks, a computerized electronic job database and a telephone JobLine.

CRC's Career/Networking Fairs include: Fall and Spring Career Expo, Graduate and Professional Day, Part-time Job Fair, Teacher Career Fair and a Statewide Career Fair.

The CRC Library maintains current information regarding employer information, in both print and video form. Videos and printed reference materials are also available on resume writing, job search strategies and interview techniques.

### Financial Aid

USF makes every effort to ensure that no qualified student is denied access to an education due to inadequate funds. Many student financial aid programs are administered or coordinated through the USF Office of Financial Aid.

The Office of Financial Aid provides assistance to students by offering a variety of services including literature specific to the application process, program specific brochures, a Web site, a voice response telephone system that allows a student to access his or her own financial aid file, and assigned counselors based on the last four digits of students' social security numbers. Counselors and advisors are available by telephone, by appointment, and students may also e-mail counselors via the Web site ([www.rmit.usf.edu/enroll/finaid/finaid.htm](http://www.rmit.usf.edu/enroll/finaid/finaid.htm)). General questions may be directed to the office-wide e-mail address - [financialaid2@admin.usf.edu](mailto:financialaid2@admin.usf.edu).

FastWeb and ExPAN, nationwide scholarship searches, are available via the Web site (in addition to scholarship information specific to USF). In addition, students may complete their Free Application for Federal Student Aid (FAFSA) electronically via FAFSA Express. FAFSA Express is available for downloading to any computer with a modem from a link to the above-mentioned Web site, or FAFSA Express computers are available in the Office of Financial Aid during business hours.

The Orientation Office is responsible for preparing all new undergraduate students and former USF undergraduate students returning for their academic careers at USF. The Orientation program is designed to provide a general orientation about the policies, procedures and services of USF, to provide academic briefings and advising and to assist these students with registration. All new undergraduate students and former students returning who had to be readmitted must attend an orientation program prior to the semester they enroll.

The Orientation Office provides information tents during the first week of classes for fall semester, daily campus tours and informational and educational programs throughout the first year for new first time in college students. ### Office of the Registrar

Virtually every USF student is a consumer of services provided by the Registrar's Office. Registrar's staff publish and distribute the University **Schedule of Classes**, coordinate registration activities and services and mail grade reports to students every term. When students need transcripts or require certification of enrollment status, the Registrar's Office is the place to go. It is recommended that both doses of measles vaccine be given as a combined measles-mumps-rubella (MMR) vaccine.

The documented date of immunization for both measles and rubella should indicate the day, month, and year. However, only month and year will suffice if the month and year indicate that the immunization was given at least 13 months after the month of birth.

The Residence Hall program is an integral part of the total educational experience offered to USF students. Professional and Graduate staff members and Resident Assistants strive to serve our mission to provide students with intellectual and social experiences in a conveniently located residence hall community supported by a concerned and informed staff...to promote a safe, secure, and healthy living-learning environment where individual differences are appreciated and respected!

Whether considering the convenient location, the availability of resources and amenities, or the student-oriented personnel associated with the Residence Hall program at USF, campus living has a lot to offer! Every enrolled degree-seeking student is eligible to live on-campus. A student desiring to live in the Residence Halls is encouraged to apply for housing immediately upon receiving his/her official acceptance letter from USF. Florida Prepaid College Program participants with a Prepaid Dormitory Contract should note the Prepaid Dormitory Contract

### On-Campus Housing Facilities

Student housing facilities on the Tampa campus are clustered in three centers of community activity - the Argos, Andros, and Village Complexes. Each area provides a core of services for its residents including a central service desk, mail delivery, laundry facilities, snack facilities, and swimming pool. Although the complexes provide the same basic services, they represent distinctly different options in campus living.

The **Argos Complex** offers traditional student residential living. Gamma houses women and Beta houses men. The traditional living arrangement in these halls provides room accommodations designed for both sleeping and studying. 40-50 residents of a double occupancy living unit or 20-25 residents of a single occupancy living unit share common bath facilities which are cleaned on a regular basis by the hall's housekeeping staff. Each hall also offers laundry facilities, kitchens, community rooms, and snack machines.

The **Andros Complex** consists of nine smaller halls with suite arrangements. Delta, Epsilon, Kappa, and the 1st and 2nd floor of Mu (West Wing) house women while Iota, the 1st and 2nd floor of Mu (East Wing), Theta, and Zeta house men. Lambda Hall houses both men and women and is available exclusively to those students who have been accepted into the University Honors Program. Eta Hall houses both men and women and is designated as the Leadership House. Mu Hall is designated as an International Hall. The suites in Delta, Iota, Kappa, Lambda, and Mu are double occupancy designed to accommodate eight residents: two sharing a bedroom, four sharing a study area, and eight sharing bath facilities. The suites in Epsilon, Eta, Zeta, Theta, and Mu 3rd floor are single occupancy accommodating four residents: one per bedroom and four sharing bath facilities. The housekeeping staff cleans study areas and bath facilities on a regular basis. The five suites on each living unit also share a small kitchenette/lounge and laundry facility.

The **Village Complex** consists of 30 individual one story buildings, each containing 10 double occupancy (there are limited single occupancy spaces available) efficiency apartments. These facilities are reserved for students who have attained junior, senior, or graduate class standing or have reached 21 years of age. Each fully carpeted apartment has its own private entry and is furnished with a bed, desk, wardrobe, and bookcase for each resident. A refrigerator, cooking facilities, bathroom facilities, and individually controlled apartment heating and air-conditioning units are also provided. Within the Village Complex, the residents have access to a swimming pool, snack machines, recreation room, multi-purpose/study room, laundromat, and a wooded picnic/barbecue area.

All student housing is air-conditioned. All rooms are carpeted, and all rooms are furnished with a bed, desk, chair, dresser, closet, and bookshelf for each resident. All rooms provide basic telephone service and cable TV with a movie channel. Food service facilities are conveniently located in the Argos Complexes. Nearby swimming pools as well as basketball, tennis and racquetball courts, await students seeking leisure-time recreation. In addition, students have the opportunity to become involved in planning activities for their hall by joining Residence Hall organizations.

### STANDARDS AND STUDENT JUDICIAL PROCEDURES

Just as the University maintains high standards of academic performance, the members of the University community support high standards of individual conduct and human relations. Responsibility for one's own conduct and respect for the rights of others are essential conditions for the academic and personal freedom within the University community.

Self-discipline and sensitivity to the rights and interests of others are the principal elements of the University Student Code of Conduct. The Student Code of Conduct sets forth a foundation of values that represent a standard of expected behavior both inside and outside the classroom.

Student judicial procedures are followed when a student fails to exercise his/her responsibility in an acceptable manner or commits an offense as outlined in the student handbook. The University disciplinary procedures afford students the opportunity to participate in discussions of the matter and to present information in one's own behalf, to seek counsel in one's own best interest, and the right of appeal. Students are entitled to participate in the development of standards of conduct supporting their interests in the purpose of the University. The University Judicial procedures are described in the student handbook.

The University reserves the right to deny admission or refuse enrollment to students whose actions are contrary to the purposes of the University or impair the welfare or freedom of other members of the University community.

Students have often asked for advice on standards of dress and personal appearance. The University does not have a formal dress code but campus attire is expected to be appropriate for the activity in which the individual is engaged.

### Grievance Procedure

In order to assure students the right to redress of grievances, the Office of Student Relations is responsible for a grievance procedure involving non-academic matters. Any student may file a question, complaint, or statement of grievance in the Office of Student Relations, in person or in writing. A course of action or other answer will be given by the Associate Dean for Student Relations, as soon as possible. For academic grievances, the student should see the college dean in which the cause for the grievance occurred.
