If a student transfers without an A.A. degree and has fewer than 60 semester hours of acceptable credit, a student must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

The objectives of the baccalaureate degree program in accountancy are to provide students with accounting and business knowledge that will serve as a basis for careers in industry, government, non-profit organizations and public accountancy.

The baccalaureate program also prepares students for entry into the Master of Accountancy (M.Acc.) professional degree program. The State of Florida, like most states, requires a fifth year of education in order to sit for the CPA examination. Any further questions concerning the CPA examination should be directed to the faculty of the School of Accountancy.
