- Program of Study at a Florida Community/Junior College or SUS School for Students Planning to Transfer to USF
  (State Mandated Common Prerequisites)
  Students wishing to transfer to USF should complete the A.A. degree at the community college. Some courses required for the major may also
  meet General Education Requirements thereby transferring maximum hours to the university. A minimum of 60 semester hours must be completed
  at the university unless prior approval is secured. If students transfer without an A.A. degree and have fewer than 60 semester hours of acceptable
  credit, the students must meet the university’s entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.
  The transfer student should also be aware of the immunization, foreign language, and continuous enrollment policies of the university.
  Students should complete the following prerequisite courses listed below at the lower level prior to entering the University. If these courses
  are not taken at the community college, they must be completed before the degree is granted. Unless stated otherwise, a grade of “C” is the
  minimum acceptable grade.

  PSY X012 Introduction to Psychology or Any other lower level Psychology course
  STA XXXX Any level Statistics course
  BSC XXXX Any level Biology course or Any lower level Zoology course
